CLARENDON, DONLEY COUNTY, TEXAS, THURSDAY, JULY 31, 1941

Established In 1878.

New Series, Vol. 52. No. 31

## \$20,000 Cotton Stamp Program Starts in Donley County Friday

First stamps on the new cotton stamp program, which is expected to add \$20,000 to the purchasing power of Donley County farmers this year, will be distributed tomorrow, August 1, it was announced this week by County Agent H. M. Breedlove and ACA Secretary Walter J. Flynt.

Issuance of the stamps has been waiting for land measuring crews to get in their work, and that work, had reached a stage late this week where a definite date could be set for the first stamps to be issued.

Since the basis on which cotton stamps are issued to farmers is set by the reduction of their cotton crop from their regular allotment, only those farmers whose land has been measured this year will be able to obtain stamps at first. About 40 percent of croplands in the county have been measured so far, and as the measuring job progresses, other farmers will be eligible to receive their stamps.

Like the blue and orange surplus Food Stamps, Cotton Purchase order stamps are issued in 25 cent denominations, and may be used only in the purchase of certain specified goods. These goods include cotton materials or cotton garments, provided they are 100 percent cotton with the exception of buttons, buckles, etc., and are of 100 percent American manufacture.

In order that there may be as little confusion as possible in the handling of stamps by county merchants, a representative of the surplus Marketing Administration will be in Clarendon and other county towns Friday, to explain to individual merchants their responsibility in connection with the cotton stamp plan.

Cotton farmers will be eligible to receive 10 cents in stamps for each pound of lint in the normal yield set for the acreage they have reduced below the 1941 acreage allotment. Since many farmers have involuntarily reduced their acreage through abandonment of washed-out crops, it is likely that a number of them will be eligible for the maximum stamp allotment, which is \$25 worth for each farm, with a maximum of \$50 to any individual, regardless of the number of farms he owns or has an interest in. Where a landlord-tenant relationship exists, the stamps are shared on the same basis as are the crops.

In its initial weeks, the cotton stamp program probably will place in circulation at least \$5000 worth of stamps. That amount is on hand for immediate distribution, and more stamps will be available as the demand justifies.

## HIGHWAY OFFICE TRANSFERRED TO CHILDRESS

Conclusion of state-financed road construction for the time being in the Donley County area was marked this week by the State Highway Department, which transferred its local construction office and operating crew to Childress.

Under supervision first of G. K. Reading, then more recently of J. E. West, senior and junior resident engineers, the local office in the Goldston building had been the directing point for new highway construction on Highway 18 south of Clarendon. This project has been completed recently, and the Department followed its usual policy in moving the local office away. It is thought that new contracts for road work in this immediate vicinity will bring about re-establishment of an office here from which the work would be directed.

Junior resident engineer West and his family were transferred to Childress, reports said.

## O. C. WATSON IS LIONS CLUB SPEAKER

O. C. Watson, local hardware dealer and civic worker, was the speaker for the day, Tuesday at the Clarendon Hotel when the Lions Club met in weekly luncheon. Vice-president L. E. Thompson was in the chair, since President Lane has not yet returned from his trip to New Orleans, where the International convention met last week.

Lion Patman, program chairman, introduced Watson, who is a former president of the local club, and who for years has been regarded as one of the foremost speakers of this section on the ethics and ideals of Lionism. Mr. Watson chose for his subject, "The Objects of Lionism," and brought a clear, forceful and inspiring message on the objects to which Lions Clubs are dedicated, along the line of good government and good citizenship. The address drew the applause of the membership, many of whom agreed that it was the best address brought to the local club in many months.

Summer vacations had the attendance somewhat below normal, as is common this season of the year.

Clarence Allensworth, who has been attending school at S. M. U. spent the weekend here with her parents, Mr. and Mrs. M. R. Allensworth before leaving for California where she will visit her sister, Mrs. Tony Watson.

## Texas Man Is Elected President Of Lions International, America's Strongest Civic Organization

George R. Jordan of Dallas, Texas, was unanimously elected president of the International Association of Lions Clubs at its 25th annual convention in New Orleans, Louisiana, which closed July 25. Jordan succeeds retiring president Karl M. Sorrick of Springport, Michigan.

According to the report made by Melvin Jones, founder and secretary-general of the association, the convention in New Orleans concluded one of the most successful years in the history of Lions International. He reported the establishment of 453 new Lions Clubs and the addition of 9,680 members for the fiscal year beginning July 1,

## CLARENDON AREA REVIVAL DATES ANNOUNCED

Dates and evangelists for a number of revivals scheduled soon in rural communities in the Clarendon circuit were announced this week by Rev. A. S. Forch, pastor in charge of the circuit.

With Rev. Frank Story of Lakeview preaching, a revival started at McKnight Wednesday of this week. Other revivals to come were announced as follows: August 3: Goldston, with Rev. I. E. Biggs of Hedley conducting. August 10: Ring, with Rev. Forch conducting.

August 24: Lella Lake, with Rev. Bill Jones of Sunset conducting.

September 7: Bray, with Rev. Forch conducting. Dates for the revival at Ash-tola have not been set, but it has been decided that Rev. Ollie Apple of Jayton will be in charge of the services. Ash-tola residents are asked to keep this coming revival in mind, and to look for the date in a future issue of this newspaper, Rev. Forch said.

## COUNTY SCHOOL BOARD TO MEET SATURDAY

Members of the County School Board are asked to meet Saturday, August 2nd, at 1:30 o'clock in the County Superintendent's office, Miss Ruth Richardson announced today. As all transfers are to be approved, it is imperative that each member attend.

These Lions accept with optimism the challenge for leadership in their respective cities and communities during these perilous times. In outlining the policy of the Lions association, Jordan said that it would be to continue its expansion program, stress the Objects of Lionism which are to promote the theory and the practice of the principles of good citizenship, and to take an active interest in the civic, commercial, social, and moral welfare of each community, courageously facing the future, knowing that inevitably peace, liberty and justice will prevail.

The new president of the International Travelers Assurance Company. He is a member of the Dallas, Texas, Lions Club, Past Potentate of his Shrine Temple, director of the Texas Scottish Aite Hospital for Crippled Children, and a member of the Dallas Country Club.

Jordan was born in Kemp, Texas, and received his public school education and college training in his home state. He is married and has two sons. One of his chief interests is his farm, where he grows cotton and corn.

Jordan's first official appearance before Lions International was as chairman of the resolution committee at the International Convention held in Los Angeles in 1932. Since that time he has served a number of times as sergeant-at-arms at International Conventions.

During the 1933-34 fiscal year, Jordan served as district governor of the Lions of district 2-X, Texas, previously having served as deputy district governor. He joined the Lions association first as a charter member of the Forney, Texas, Lions Club in 1925, being elevated to the presidency of that club in 1929. He transferred to the Dallas club in 1933.

Jordan spoke to a Clarendon Lions club banquet, here several years ago, and is well-known among Panhandle Lions.

## PLANS ANNOUNCED FOR DONLEY OLD SETTLERS DAY

Tentative plans announced this week promise that the Donley County Old Settlers Reunion, annual Celebration of old-time residents of the County, will be one of the most interesting and entertaining ever, when it opens the morning of August 15 at Tate Grove near Hedley.

A well-balanced program of music of all kinds interspersed with speeches by prominent Donley Countians has been arranged to fill practically the entire Celebration day. Musical program numbers will be rendered by the Clarendon Band, a girl's quartet from McKnight, the Hedley Children's Chorus, and several string bands. Speeches will begin before noon, with J. C. Estlack, local newspaper publisher, acting as master of ceremonies, and will include short talks by Mr. Estlack, Judge R. Y. King of Clarendon, Judge Moss of Childress, and a number of others. Memorial services will be conducted by Rev. Patterson, and a benediction by Rev. J. Perry King will close the forenoon's program.

Basket dinner in the old-time style will furnish nourishment and pleasure during the noon hour, and the afternoon will be filled with musical numbers by the Clarendon Band and other instrumental and vocal groups. The musical program is still incomplete, by the way, and any musical organization which wishes to appear can secure a place on the program by contacting J. N. Riley of Clarendon or Mrs. Clyde Bridges of Hedley.

During the day, of course, old-time Donley residents will be busy renewing old acquaintances and reminiscing about old times. In fulfillment of the primary purpose of the event, a day for reunions of all Donley County's old citizens. Visitors will be registered, as in past years, with Mesdames Malcolm Glass, Claude Hill, Walter Deford, and John Dixon in charge of the registry.

Plenty of good coffee and iced tea will be furnished by the Reunion sponsors, but visitors are expected to bring their own overflowing baskets for the noon meal.

A business-session of the Donley County Old Settlers Association will be held during the day, and election of officers and other business will be considered. Membership in the association is open to any resident of the county for more than 20 years. Complete program plans for the event, and further particulars about this important day will be announced in next week's issue of the News.

## MRS. W. J. GREENE IS CRITICALLY ILL IN AMARILLO HOSPITAL

The condition of Mrs. W. J. Greene of Clarendon, who was operated on at Northwest Texas Hospital in Amarillo Monday was reported as serious today. Mrs. Greene was stricken with acute appendicitis last week, and was rushed to the hospital for an emergency. She was recovering satisfactorily until early today, when her condition became more critical. Her husband and son, Bill, are at the bedside.

Mr. and Mrs. M. M. Miller and Louise will leave Monday for Shreveport, La. While there Mr. Miller will hold a meeting and then will visit with friends in North Louisiana and will visit Mrs. Miller's parents, Mr. and Mrs. W. G. Weeks, in New Iberia. They plan to be gone three weeks. June Miller, who has been visiting here for the past several weeks with her sister, will return home with them.

## LOCAL BOARDS OF EQUALIZATION FINISH WORK

Returns which were in this week from equalization boards of all three local tax agencies, the city, county, and school district, showed some changes in local property valuations for next year, tax collectors for the three agencies reported.

Last of the equalization boards to report was that of the Clarendon Independent School District, which made its returns Wednesday. Property valuations were increased about \$70,000 overall, tax collector Chase said. He pointed out, however, that this increase was made without substantially raising valuations of last year on most of the property in the district. Very few property owners whose valuations were raised appeared before the board to file a protest, he said.

City and county valuations have been completed for some time, and the sum effect of new valuations here was very slight, both city tax-collector Mae Shaver and county tax-collector Guy Wright said.

Tax rates for the year have not been fixed as yet by any of the three taxing agencies.

## More Paving On Highway 18 Is Plea Of Donley And Neighbor Counties Before Highway Commission Today

## SCHOOL BUILDING PROGRAM BEING ACCELERATED

Work of remodeling and repairs on the Clarendon College properties on College Hill took on a new spurt of activity today, when a large demolition crew moved in on the College dormitory building and started work of stripping away the third floor of the structure.

Bricks and materials removed and salvaged by the demolition crew will be used, according to present plans of the school board, in rebuilding and enlarging the auditorium section of the College main building. Definite plans cannot be made for this work until it is seen how much materials are made available from the dormitory building, but the board is in hopes that a substantial enlarging and remodeling of the auditorium can be effected. Already, demolition crews have removed the roof and balcony from the auditorium, and expansion of the room will be made at the end formerly occupied by the stage properties. Plans are to move the stage forward to allow room for a number of additional rows of seats in the auditorium proper.

Other work on the main building is proceeding according to schedule. Most of the building except the auditorium has been re-roofed and windows have been installed, so that water damage will not result in case any summer showers come along in the next few days. Remodeling of the facade lines at the front of the building is practically completed, and its more modern appearance is already noticeable.

## MRS. W. J. GREENE IS CRITICALLY ILL IN AMARILLO HOSPITAL

The condition of Mrs. W. J. Greene of Clarendon, who was operated on at Northwest Texas Hospital in Amarillo Monday was reported as serious today. Mrs. Greene was stricken with acute appendicitis last week, and was rushed to the hospital for an emergency. She was recovering satisfactorily until early today, when her condition became more critical. Her husband and son, Bill, are at the bedside.

Mr. and Mrs. M. M. Miller and Louise will leave Monday for Shreveport, La. While there Mr. Miller will hold a meeting and then will visit with friends in North Louisiana and will visit Mrs. Miller's parents, Mr. and Mrs. W. G. Weeks, in New Iberia. They plan to be gone three weeks. June Miller, who has been visiting here for the past several weeks with her sister, will return home with them.

## CHURCH OF CHRIST GOSPEL MEETING STARTS SUNDAY

An invitation gospel meeting will start Sunday at the local Church of Christ, J. L. Moyer, evangelist of the church announced this week.

The meeting will be conducted by W. L. Wharton, Jr., Plainview evangelist, and will continue daily through August 13, evangelist Moyer said.

Services will be held twice daily, with morning services at 10 o'clock and evening services at 8:30 o'clock. Special song services will be presented at each service, under home talent direction.

Evangelist Moyer, who only recently moved to Clarendon to assume charge of the local church has extended a cordial invitation on behalf of the church to Clarendon and Donley County residents to attend all services during the meeting.

## BAPTIST CHURCH PLANS REVIVAL AUGUST 3 TO 17

A two-week revival meeting will start at the First Baptist Church in Clarendon August 3, continuing through August 17, Rev. J. Perry King, pastor of the church, announced this week. In announcing the meeting, Rev. King stated its purpose in the following words: "We are happy to announce a season of continued services for the deepening of the spiritual life of Christians and the winning of the lost to a knowledge of Christ as their Savior. We feel that this is exactly the time for people to turn away from themselves and seek the guidance of one who knows the way and how to prepare us for what is going to happen tomorrow. We most earnestly invite and urge our citizenship to avail themselves of this opportunity to fortify their faith now and for the future. Make this your meeting and feel at home, whoever you are and whatever your church relationship. You are welcome. We shall be disappointed and even hurt if you are not helped by coming."

Leading services during the meeting will be Rev. W. H. Hughes, pastor of Peterburg, who will do the preaching, and J. T. Sismore, educational director at the Buchanan Street Baptist Church in Amarillo, who will lead song services. Rev. Hughes will be present for the first service in the series Sunday morning, and Mr. Sismore will begin leading song services with the morning service Monday.

It was originally planned, Rev. King said, for George Stokes, well-known gospel singer and director, to lead song services. However, and was forced to give up plans to be here during the two-week meeting.

Morning and evening services will be held each day during the meeting, Rev. King said. The times for each of these will be announced at the morning service Sunday.

## Three-Point Defense Drive Still Holds Interest Of Donley County And U. S. Citizens

A three-point drive in the interest of various phases of the national defense effort still commands interest in Donley County as it does over the nation, it was revealed this week by a check-up of progress of county drives for aluminum, the USO cause, and Defense Savings Bonds.

Of the three points in the campaign, the drive for scrap aluminum for use in armament construction is showing the most life in Donley County at the moment. This drive had its start over the nation only a short while ago, and results in this county are typical of the interest shown all over the nation.

Here, a showing stack of miscellaneous aluminum ware in the window of the County Agent's office testifies to the feeling of Donley County people about national defense. The aluminum heap has almost doubled in size within a week, and it threatens now to overflow its bounds. Additions this week included cream separator bowls, pieces of an airplane which crashed near Jericho a year or so ago, and washing machine parts, in addition to numbers of pots and pans all of sizes, shapes, and conditions. When the pile grows out of the window, county agent Breedlove plans to put another window in the building in service, and at some later date the collection will be moved to Amarillo, the concentration point for aluminum for this district. Arrangements have been made with aluminum smelters to handle the scrap contributed over the nation and turn it over to factories for armament production without any profit to any firm or individual.

Second of the worthwhile defense drives, the USO campaign, is pointed at improved morale among the county's armed forces

and defense workers through establishment of recreational facilities and improved housing. For all its worth, this drive is making little concrete progress in Donley County, though considerable interest has been shown, according to drive chairman Buddy Knorrp.

Mr. Knorrp repeated his appeal that USO donations be made as soon as possible, through any county bank. Other counties in the Panhandle area which have reported already to district headquarters have oversubscribed their quotas, and district drive officials are anxious to turn in a complete report showing full quotas from every county. Mr. Knorrp said. The Donley County quota is \$500, of which only a small part has been subscribed.

Last of the three defense drives and perhaps most important in a nation-wide sense is the campaign for sales of United States Defense Bonds and Stamps. Started in Donley County some weeks ago, this campaign has made consistent progress every week, and promises to continue to interest investors for as long as the bonds and stamps are on sale. Defense bond sales by the three local banks have amounted to \$13,869 to date, figures released by the banks at the middle of this week showed.

On the whole, and with the exception of the USO drive up to the present, there is every indication of a growing spirit of cooperation and support for the nation's defense among Donley County citizens. Support given to other cooperative welfare enterprises has always been good in the county, and there is reason to believe that the USO campaign will take its place in the success columns, once the ball starts rolling.

GEORGE R. JORDAN

1940, and ending June 30, 1941, which raised the total number of clubs to 4,082 and the membership to 147,407.

In accepting the presidency Jordan said that 4,082 well-organized and functioning clubs in eight countries, comprising 147,407 representative business and professional men, would meet, with precision and a definitely outlined course, their responsibilities as good citizens and Lions during the year ahead. He stated

### "U" AND "I" IN BUSINESS

If you will look at the word "business" you will find "U" and "I" are in it. In fact, if "U" and "I" were left out it wouldn't be "business."

Therefore, if there is to be any such a thing as "business" we must keep "U" and "I" in it.

Furthermore, "U" comes before "I" which might be interpreted to mean that each must think of the other. If that is done "business" should become harmonious and mutually profitable.—Selected.

### THE BEST COSMETIC

It is estimated that the women and girls of America spent last year not less than \$500,000,000 for rouge, face powder, and other so-called aids to beauty. There is a recipe for beauty that is far better than any of these, but it begins on the inside and works out.

"Every pleasing thing you do makes you a bit more attractive," said a teacher to her class of girls. That teacher had found the secret of real beauty. There must be a beautiful soul within if the countenance is to be beautiful. Every act of kindness, every expression of love leaves its impression upon the face, softening the hard lines and smoothing out the wrinkles in a way that no outward application of cosmetics can possibly do. And best of all, it is permanent.—Onward.

### JUST LUCK

A modern wise man was asked if he believed in Luck. His reply was, "I should say I do. I have watched careers of too many lucky men to doubt its efficacy. You see one fellow reach out and grab an opportunity that other fellows had failed to realize was there. He uses his vision and sees the possibilities of the situation, has the ambition to desire them, the courage to tackle them. He intensifies his strong points, bolsters his weak ones, cultivates personal qualities which cause other men to trust and cooperate with him. He gives freely of what he has both spiritual and physical. He thinks a little straighter; works a little harder and longer; travels on his nerve and enthusiasm. He keeps his head cool—his mind busy. Trifles do not worry him. He plans his work ahead, and sticks to it, rain or shine. He talks and acts like a winner; he knows in time he'll be one. And then Luck does all the rest."—Lions Lines.

### TESTAMENT OF AN EDITOR

We like people who give us news items.

We adore club reporters who get their news in the day after instead of the week after the club meeting.

We are fond of folks who know typewritten copy should be double spaced, and of correspondents whose handwriting requires no special decoding.

We appreciate readers who realize that no conclave is held in the newspaper office each press day to decide which small item will appear on the front page and which inside. While we do plan to give front-page space to the several most important stories each week, there is, in our minds, an equality of importance between the Smiths' "company" on page one and the Joneses' dinner guests on page seven.

### KEEP HIM THAT WAY!

### JUST HUMANS

By GENE CARR

"Go On, Willie, Give th' Lady a Lick of Your Lolly-Pop!"

We are grateful for fellow citizens who do not make a gleeful practice of pointing out typographical mistakes that get into the paper. We invariably find them ourselves the moment the paper is off the press, and seldom think them funny.

And we greatly esteem those fine souls who take the trouble to compliment us when they have enjoyed "a piece" in the paper.

There are, indeed, some very nice people in the world.—Pleasant Hill (Mo.) Times.

### SINCERITY

Sincerity is the foundation stone of true friendliness. It is also a human trait that is hard to counterfeit, as the sincere friendly impulse comes from the heart of a man and not from the calculating mind. Think kindly and friendly thoughts. If you have a heart and a soul why be ashamed of them? Bring them into the shop, the office and your daily life. The hand may be cunning and the head may contain the brain that can conceive the most brilliant thoughts, but every good and worthy impulse comes from the heart. Strengthen your faith in men, think kindly of them, believe that they are your friends and in the long run they will be.—Lions Roar.

### Economic Highlights

Happenings That Affected the Dinner Pails, Dividend Checks and Tax Bills of Every Individual. National and International Problems Inseparable From Local Welfare.

The government's present tax policy has two distinct phases. First and most obvious phase is the necessity of raising more revenue. Second phase is to reduce consumer purchasing power, as one means of fighting inflation. War priorities will result in a considerable reduction in the amount of goods available for consumers. War spending, on the other hand, will result in a great increase in payrolls and income. That situation, unless corrected, must almost inevitably result in price inflation. And one means of correcting it is heavy taxation.

Few authorities oppose these purposes. But a good many authorities are extremely dubious of the wisdom and justice of the new tax bill as tentatively approved by the House of Representatives committee. Their opposition is based on varied grounds.

The new tax bill places its heaviest burdens on the middle-income groups—present rates of taxation on big-income groups make it impossible to substantially increase revenue from them. Persons and families earning from \$4,000 to \$12,000 per year will be forced to pay the bulk of the increases in taxes. Writing in the New York Times, Godfrey N. Nelson says that, if the proposed bill passes in its current form, less than 4 per cent of the population will have to make returns, and nearly one-half of these will not be required to pay a tax because of their exemption credits. In other words, the tax does not reach down into the smaller bracket incomes. Mr. Nelson, like other economists, suggests that it is advisable to reach these lower income groups either by reducing amounts of exemptions, or by levying a flat tax, payable at the source, on all incomes. "It seems reasonable to assume," he says "that if the national debt is ever to be paid, all earnings should be made to contribute to the liquidation."

Furthermore, it is clear that the middle-income groups—which are composed largely of salaried people—will share the least in war spending. Wages for workers are going up far faster than salaries for white-collar help. On these grounds alone, the new bill seems definitely inequitable. Some are convinced that the burden the new bill will place on industry is dangerously high. No one wants "war profiteering." But it is clearly necessary for

industry to earn sufficient profits for expansion and to attract new capital, if it is to continue as a healthy, progressive factor in our national life. For this reason the soundness of the excess profits tax provisions of the bill is gravely doubted in many quarters.

Still another provision of the bill is now coming in for severe criticism. That is the provision which would force husbands and wives to lump their income in one return, even though each earned separate incomes which were in no way connected. Government experts estimate that provision would provide some \$340,000,000 of additional revenue. Commenting on this, F. L. Lipman, outstanding Western banker, said: "Such an important amount as \$340,000,000 must not be superficially dealt with, but one would scarcely argue that the size of the amount determines the justice or propriety of the tax." Bishop William T. Manning assailed the provision on other grounds when he said: "If Congress retains this provision, those who have been divorced—or who live in immoral sexual relationships—will be called on to pay far less to the government than the married couples." And David Lawrence points out that "the Supreme Court has even gone so far as to hold that, even where a husband and wife receive a joint income from a single source, they have the legal right to file separate returns for tax purposes."

Still another general criticism of government fiscal policy is that almost nothing has as yet been done to reduce non-defense Federal spending. Various authorities, including Treasury experts, have estimated that \$1,000,000,000 to \$2,000,000,000 could be saved by pruning unnecessary and avoidable items from the budget.

Summing up, the feeling is almost universal that all of us, without exception, must pay greatly increased taxes, and make all necessary sacrifices for defense. But many economist regard the new tax bill as a helterskelter affair, unsound, and in some cases confiscatory, which need a thorough overhauling.

We have barely begun to feel the pinch that the defense effort will produce. Next year, many a consumer who goes shopping for items that have been produced in abundance in the past will come home empty handed. Evidence of the way the wind

### WARNING ISSUED BY STATE DOCTOR

Austin, Texas, July 31—"The lives of thousands of Texas babies are being saved this summer by intelligent parental care during hot weather. However, many more infant deaths could be avoided if parents would have a keen realization of the value of simple common sense precaution," states Dr. George W. Cox, State Health Officer.

Records of the State Health Department's Bureau of Vital Statistics show that 2,506 babies died of diarrhea and dysentery during 1940, many of them occurring during hot weather. The infant death rate for diarrhea and dysentery in Texas is too high, as can be seen from the above mortality figures. Public health officials cannot solve the problem alone; parental cooperation is the real key to its solution.

The following suggestions, if followed by parents of infants, would go far in further reducing deaths from diarrhea and dysentery:

1. Whenever possible, infants should be breast-fed for the first 6 or 8 months. When bottle milk is used it should be boiled or pasteurized.
2. Drinking water for the baby always should be boiled.
3. Personal cleanliness should be the rule for every member of the household. Those handling milk or food should be particularly careful.
4. Any member of the family or visitors showing symptoms of disease, no matter how slight, should be kept away from the baby. They should not be allowed to handle any of the food intended for him.
5. The house should be screened to protect not only the baby, but all household food, from flies.
6. Every home should be provided with a sanitary or fly-proof toilet or sewage disposal facilities.
7. Every home should have a safe water supply.

While most of the above suggestions are applicable at all seasons of the year, the following precautions are important in hot weather.

1. The baby should be kept as cool as possible; 2. He should be kept clean; 3. Clothing should be reduced to the simplest essentials; 4. He should be protected against insects; 5. He should not be overhanded; 6. He should be kept in the open as much as possible; 7. Water should be increased internally and externally; 8. He should not be overfed; and finally, if there are signs of illness the family physician should be consulted promptly.

### C. T. McLENNY'S MOVE BACK FROM MEDINA VALLEY

Mr. and Mrs. C. T. McLenny, who moved from Clarendon to the irrigated section of the Medina Valley near San Antonio, some years ago, have sold their property there and moved back to Clarendon.

Mr. McLenny has bought the Bill Ray home and will occupy it in a few days.

The many friends of the McLennys are glad to welcome them home again.

### The Low Down FROM HICKORY GROVE

Experts—that is my subject today. Brothers and Sisters, I am allergic to experts. Early each fall they tell us which football team has no chance, and then on New Year's day, in the Rose Bowl is the outfit they said was a weak sister. Last spring they said the Yankees were too strong and should be broken up to give the others a chance. And in Cincinnati, in the fall, you see Detroit—not the Yankees.

And down in our bulging Bib Buildings on the Potomac, our Experts expound and tell us they have it fixed so by next year we will be in clover. But next year keeps on being next year.

And Gallahadion in the Derby a year ago, had no chance, but if you put 2 dollars on him you took down 60. The experts sneaked home in a barrel. This year they improved some—but not much.

What this country needs most is not fewer grandmas in seersucker pants and lavender toenails, like most people think, it is fewer experts. Yours with the low down, J. SERRA

## DO YOU KNOW TEXAS?

By Garland Adair

A reader of this newspaper can get the answer to any question of fact about Texas by writing A. Garland Adair, Curator of Patriotic Exhibits, Texas Memorial Museum, Austin, Texas.

MEMORIAL PASSAGE:—"The people of Texas ought not let it be ruthlessly said that the people of the original thirteen States are better acquainted with the history of their own States than Texans are with Texas history, nor that the people of any State have a prouder or nobler heritage than that which belongs to Texans."—Ben B. Hunt in Knowledge and Patriotism in Texas.

Q. What is "A Cavalcade of Texas?"  
A. It is a feature length picture in technicolor recording the historic and industrial highlights of Texas. It was produced under the supervision of Karl Hoblitzelle by James A. Fitzpatrick, famous "Voice of the Globe" travelog producer.

FREE FOR THE ASKING:—"A Cavalcade of Texas" was shown to capacity audiences at both the New York World's Fair and the San Francisco Golden Gate Exposition during the 1940 season. Karl Hoblitzelle, Dallas theatre head and vice-chairman of the Texas World's Fair Commission, and Col. Paul Wakefield, executive secretary, have made the film and projection machine available to the public through the Texas Centennial of Statehood Commission. A letter to A. Garland Adair, Austin, will secure the picture for your community. Thanks to Mr. Hoblitzelle and Col. Wakefield, it is free.

Q. What is the latest bit of O. Henryana brought to light in the General Land Office?

A. Bascom Giles, Commissioner of the General Land Office where O. Henry (W. S. Porter) used to work as a draftsman, answers this question. A map of Burnet county drawn 33 years before O. Henry went to work in the land office bears a sketch of two fighting monkeys with the notation, "Porter vs. Herman." Commissioner Giles has

## Charles Goodnight, Pioneer, Among Men Honored In Advertising Series

Tribute to Col. Charles Goodnight, pioneer ranchman and farmer of the Panhandle, was paid this month in a full-page institutional advertisement in "Acco Press", a monthly magazine for the cotton farmer published by Anderson, Clayton & Company, Houston cotton merchants.

One of a series of twelve tributes to great Americans who were also great farmers, the advertisement carries the following tribute, beneath a wash drawing of the rangeland which the pioneer Panhandle rancher knew best:

"Charles Goodnight lived an epic life of adventure and achievement that may well symbolize the best in pioneering. Even the simplest facts of his life read like a fantasy of daring.

"When only nine years old, he rode bareback from Illinois to Texas; he hunted with the Caddo Indians beyond the frontier

definitely identified the lettering as O. Henry's and believes the sketch was also done by O. Henry, possibly when O. Henry and a fellow-draftsman had a disagreement over some detail of the map.

EDITORIAL THOUGHT:—"Sudden deaths and crippling injuries on our highways are the concern of everyone of us."—James S. Kemper.

Q. Are wages paid an employee in Texas subject to garnishment for a debt?  
A. No. Texas protects her labor from garnishment of hourly wages, weekly, monthly, or yearly wages. Contract wages are subject to garnishment, however.

THE SHOWWINDOW OF THE SOUTHWEST:—The Texas Memorial Museum on the campus of the University of Texas and of which Dr. E. H. Sellards is the director has been frequently referred to since its opening in 1938 as the showwindow of history in the Southwest. Its pioneer hall, mission room, and memorial hall tell the patriotic story of Texas under six flags, while three other floors are devoted to natural history.

A study of 629 negro families in one Northwest Texas town had home gardens. Twenty-eight recently revealed that only eight were home owners.

## LIBRARY NOTES

By MRS. C. A. BURTON

Summer reading continues popular though not all of it is light. The world situation is causing a good many to delve into the "why" to it all. But on the whole, light, pleasant stories are what people are seeking for these hot days. So many of the popular pictures of the day are based on stories by authors both known and unknown. Scheduled for late summer release in technicolor is Harold Bell Wright's 1900 drama, "The Shepherd of the Hills". It is a Paramount Production.

Erich Morla Remorque's "All Quiet on the Western Front" brought him instant fame and his "The Road Back" was equally popular. Now his late book "Flotsam" is being filmed under the title, "So Ends Our Night." A recent announcement says the filming of "The Yearling" has been postponed indefinitely by M. G. M. Some of the background scenes of the Marjorie Kinnan Rawlings' novel, which was to have starred Spencer Tracy, had already been filmed in Florida and there is considerable mystery about why it is not being completed.

Ellen Glasgow's new best-seller, "In This Our Life", has already been purchased by Warner Brothers. The screen rights to Edna Feber's "Cimarron" have been purchased by M. G. M. from R. K. O. who originally produced it. It will be remembered as one of the early talkies—and this probably means it is to come back. Thorne Smith's famous "Topper" is revived in "Topper Returns".

Lists of books for children grow more fascinating—and makes us long for more money—and more room.

Edgar Rice Burroughs of "Tarzan" fame seems running true to form. Actress Florence Gilbert, his wife since 1934, is suing him for a divorce, charging mental cruelty—her "mentality" seems to have been injured to the extent of \$1,000 a month. She is 36, a native of Chicago. Burroughs, now 67, is in Honolulu, working on a motion picture script and stories.

The report says that only thirteen plays are left on Broadway through the hot summer, and the second oldest of these is "Life With Father", which continues with unabated popularity. Those who have enjoyed the story from our shelves will not be surprised.

Our neighbor library at Amarillo is rejoicing over what will be known as "The William Henry Bush Collection of Books on the Southwest" which is being presented to the library by Mrs. Ruth Gentry Bush. This collection was made by her husband and she is giving it to the Public Library to commemorate his pioneer work and his faith in the future of this Panhandle country. The collection will be opened for the public next Friday.

Another of our neighbor libraries has lately had a lovely gift. The Canyon Lions Club staged a minstrel and raised \$500 as a gift for the library.

We all find ourselves interested in everything pertaining to

## LOCAL HAPPENINGS

Mrs. H. A. Blanton left Monday for West Virginia to spend two months visiting with friends and relatives. West Virginia is Mrs. Blanton's old home.

Mrs. Newton Bentley and daughter, Mary Helen of Dallas are visiting Mrs. Bentley's parents, Mr. and Mrs. George Green.

Mrs. O. C. Watson spent the first of the week in Pampa visiting with Mr. and Mrs. O. C. Watson, Jr.

Helen Louise Green of Claude spent the weekend here with her parents, Mr. and Mrs. George Green.

Madelyn Taylor, Dorothy McCormick, and June Taylor made a business trip to Farwell Monday.

Mr. and Mrs. Rolle Brumley and family of McCamey are visiting here this week with Mr. and Mrs. Harry Brumley and Mr. and Mrs. Joe Goldston.

Mr. and Mrs. Earl Alderson and son will leave Sunday on a vacation trip which will take them to Colorado. They plan a two-week's stay, with one week to be spent at Denver's fall Gift Market, where they will purchase new gift lines for their local business.

Cleo Woods returned here Friday from Marlin. His parents Mr. and Mrs. Nat Woods will remain there for sometime.

A. L. Chase returned Saturday from Temple where he went through the clinic.

## THE POCKETBOOK OF KNOWLEDGE

MANY U.S. COMPANIES, IN ANSWER TO THE NATION'S NEED FOR DEFENSE EQUIPMENT, BEGAN MAKING NEW KINDS OF PRODUCTS ALTHOUGH THEY WERE USED ONLY TO PEACETIME MANUFACTURE—

FOR EXAMPLE:

AN INSECTICIDE SPRAY GUN COMPANY MAKES PARTS FOR BIG BOMBERS

AN ANIMAL TRAP MAKER IS NOW TURNING OUT CANVAS ARMY COATS

AN ASHTRAY PLANT STAMPS OUT AIRPLANE PARTS FROM ALUMINUM

AND THERE'S EVEN A BABY BASSINET FIRM THAT'S WEAVING REED "BUMPER" FOR BATTLESHIPS!

TOY TRAIN COMPANY MAKES SHIPS' COMPASSES

## THIS BUSINESS OF Living

BY SUSAN THAYER

## Why Women and Industry Are Partners

"I think after all the American way of life means more to us home making women than it does to any other group of people," said the woman.

"No more than it does to the men and women in industry," answered the man, fully aware of the importance of our kind of democracy to the free functioning of Industry.

"But it gives us a chance to realize all our basic aspirations," the woman went on.

"And what are these aspirations?" he asked.

"There are five of them: We want:—

- to create happy, comfortable homes.
- to bring up children who will be able to build for themselves in freedom a still better world tomorrow.
- to contribute to community and social betterment through individual action and group participation.
- to defend, particularly in these dark days, the cherished traditions of the American way of life, and
- to insure a life of freedom for ourselves and our families."

"Now let me see if I can sum up Industry's ambitions which can only be realized in a country

like this.

"First of all, at all time Industry's objective is:—

- to build swiftly the sinews of national defense so that our institutions of freedom may be preserved.
- After that its objectives are:—
- to build an ever higher standard of living for Americans
- to keep open the door of opportunity and through science and research, to create ever wider horizons
- to provide more jobs with higher purchasing power."

By this time the woman had put down her knitting and was leaning forward eagerly. "But don't you see," she asked, "that it's the same thing we're after? In the long run what we both want is the welfare of the individual. That is the real reason you are seeking for a higher standard of living, and the real reason we want to build happier homes."

"I see," he nodded. "So after all, shall we say that we are partners—you women at home and we people in industry?"

"Yes," said the woman, "with preservation of the American way of life—which means everything to the individual—our one objective!"

authorship by Texas writers, and particularly when they are from our own part of the state—hence the interest in the statement that two Panhandle women had been given recognition in a prize contest sponsored by the Exposition Press of New York City. Jessie Morehead Young of Amarillo and Ella E. Roffey of Canyon had each had two poems accepted in this contest. Both have had worthwhile recognition by magazines and other publications during the past few years.

News Notes. The official publication of the Texas Library Association comes with quite a few interesting items as the result of the meeting of the State Association in Galveston in April—News Notes is published quarterly, hence this is the first publication since the meeting.

The Denison Public Library has grown so in the past year that it became necessary to add a children's room. A regular column in the Sunday Denison Herald has been written by the librarian since last November—short book reviews and any interesting library news. This was rather interesting since we have had such a column for so many years that the librarian's memory fails to record the number.

The Rosenberg Library in Galveston is giving six weeks vacation with pay to three of their librarians that they may attend library schools.

The Fort Worth Public Library placed 100 books from the library in the United Service Organization room in Hotel Texas, and invited the Service men to use them—as well as to use the library proper. The library has recently been notified by the chairman of the A. L. A. Public Relations Committee that it was selected as one of the libraries to be included in the Library Pub-

Mr. and Mrs. O. L. Jacobs and Mrs. D. H. Perdue and Gene of Dumas called in the O. L. Christie home in Martin Saturday morning.

Mr. and Mrs. Jack Foster and children of Ashtola, Mr. and Mrs. L. M. Putman and children of Martin, and Mr. and Mrs. Estil Goodjohn and George Goodjohn of Floydada attended singing here Sunday night.

Uncle Walt Raney of Dallas is visiting the Raney's of this community at this writing.

Mrs. S. M. Harp and Sidney spent Saturday night with her parents, Mr. and Mrs. O. L. Jacobs.

Miss Audrey Perdue called in the Putman home in Martin Sunday afternoon.

Mr. and Mrs. L. C. Tims entertained company from Hedley Sunday afternoon.

Mr. and Mrs. John Fowkes and children called in the O. L. Jacobs home Sunday afternoon.

Dane Perdue spent Sunday with Dan Tims.

Mr. and Mrs. John Perdue and Mary Nell spent Sunday afternoon with Mr. and Mrs. Jack Foster of Ashtola.

Mr. Ewing's brother of Throckmorton is visiting him at this writing.

### MARTIN

By Mrs. J. H. Helton

Mr. and Mrs. Ross Jones and son and Mr. and Mrs. Alred spent Saturday night with their sister and family, Mr. and Mrs. Luther Hall.

Mr. and Mrs. Earl Newman and children of Los Angeles, California visited in the Walter Hutchins home Sunday night.

Mr. and Mrs. Luther Hall spent Sunday at Quail with her sister and family, Mr. and Mrs. Horace Parker.

Mr. and Mrs. T. H. Green and daughter, Mary Ruth, of Lynnwood, California are visiting in the homes of their cousins, Mr. and Mrs. Janick Bailey, and Mr. and Mrs. Guy Jones.

Carl Fulton and family, Van Foster and family of Amarillo visited in the J. C. Gibbs home Sunday.

Mr. and Mrs. George Bain visited in the home of W. E. Hodges. Mr. Bain was called to the bedside of his mother who passed away Sunday morning.

Mr. and Mrs. Guy Jones visited in the Jack Bailey home Monday night.

Helen Jo Buman visited Billie Rae and Laverne Marshall Sunday.

The community gave Mr. and Mrs. Wayne Morrow and Mr. and Mrs. Tick Earbee a bridal shower Tuesday night. Many lovely presents were received. Cookies and lemonade were served to a large crowd.

Mr. and Mrs. Burk Deborn visited in the L. M. Marshall home Sunday.

### MIDWAY

By Betty John Goldston

Mr. and Mrs. A. B. Stevens and Mr. and Mrs. Charles Longan visited Mr. and Mrs. J. C. Longan at Hedley Sunday.

Miss Patsy Helfner of Amarillo spent the week with her grandparents while her parents,

Robert Young and Laraine Day, the two youthful Hollywood stars above, join in presenting a new screen version of one of the most gripping courtroom dramas, "The Trial of Mary Dugan" on the Pastime Theatre screen this weekend, starting Saturday midnight.

### BOWEN LINES ADD NEW SERVICE FOR LOCAL TRAVELERS

Bowen officials announced this week that effective August 1st a new schedule will be added through Clarendon, making a total of 6 departures each way daily. The new schedule will leave this city at 7:27 A. M. southbound for Memphis, Childress, Vernon, Wichita Falls, Ft. Worth and Dallas. This schedule will arrive Wichita Falls at 11:59 A. M., Fort Worth at 2:30 P. M. and Dallas at 4:30 P. M., connecting at Dallas for Houston and points south.

Northbound, the new schedule will leave Clarendon at 1:05 A. M. and arrive in Amarillo at 2:30 A. M., connecting there direct for California and Colorado points.

Complete information on other Bowen schedules may be obtained from the local bus terminal in the Antro Hotel.

### McMURRY COLLEGE PRESIDENT TO DELIVER SERVICES AT METHODIST CHURCH

Rev. J. O. Quattebaum, Jr. announced today that Dr. Frank L. Turner, President of McMurry College at Abilene, will deliver the regular Sunday morning service Sunday morning at 11:00 o'clock at the Methodist Church. Dr. Turner is a well known speaker of the Southwest and his success as a college president has gained him recognition throughout this section of the country.

### MUSEUM BRICK APPEAL GETS RESPONSE FROM WASHINGTON CLARENDONITE

W. H. Patrick's recent appeal through the News for bricks or cash for the new unit of the Panhandle-Plains Museum at Canyon brought a quick response from Joe Romeo, Washington, D. C., Clarendonite. Mr. Patrick reported last week.

A resident of Clarendon many years ago, Romeo still regards Clarendon as his home town and official residence, and his contribution of \$5 to the museum cause was typical of the civic spirit he has manifested during the years he has been a Clarendon citizen. With the contribution came the following remarks:

"I read in the News about your appeal to all Donley County citizens on behalf of the Panhandle-Plains Historical Society for bricks and donations. I admire your appeal for such a good cause and although I have not lived in Clarendon for so many years, I consider myself as one of Clarendon's citizens, so please accept this small donation and any time that any similar plea for a good cause and welfare of Donley County, I shall be glad to repond in what way I can."

Mr. and Mrs. Ray Helfner were away on a vacation.

Mr. and Mrs. Hugo Reimer and Irene visited Mr. and Mrs. John Chamberlain Sunday.

Mr. and Mrs. Huggins of Amarillo, Mr. and Mrs. Roy Davis, Mr. and Mrs. Loyce Davis, Mr. and Mrs. J. T. Lamberson, and Mr. and Mrs. J. C. Longan visited in the Longan home Sunday evening.

Mrs. Edith Longan and Mrs. J. C. Longan and daughter visited in the Neise Robinson home Saturday.

Johnnie Chamberlain of Memphis is visiting her grandparents, Mr. and Mrs. John Chamberlain this week.

### FHA INSPECTION GIVEN CAMERON "TEXAN" HOME

The Cameron-Built "Texan" home under construction at 400 Taylor Street here received its first FHA inspection Monday, and passed with flying colors. Roy C. Wyatt, local manager of Wm. Cameron & Co. building materials store, said.

Built by Cameron for possible sale under the FHA plan, the new home will be inspected from time to time to check it for compliance with FHA requirements. Mr. Wyatt said. Plans are to have the structure completed and ready for public inspection during the week of August 24.

Monday's inspection was made by Chas. A. Wolflin of Amarillo, architectural inspector for FHA. Inspector Wolflin checked foundation footings to see that the concrete had been laid deep enough to avoid any possible future difficulty, and that the footings were of correct height and width and had been reinforced according to FHA specifications.

The material workmanship, and other important construction details were checked also, receiving full approval of the inspector. Another inspection will be made a later date, when construction is sufficiently far advanced to allow inspection of plumbing and wiring, as well as other advanced construction features.

The local house is one of 36 "Texan" homes now under construction by Cameron in Texas, under a building program designed to stimulate and encourage interest in ownership of modern, well-built homes in low-price brackets. All of these homes were planned by Cameron's own Home Planning Department, and FHA financing will make it possible to purchase any of them for as little as one dollar per day.

Quality materials are being used throughout, including Minnesota Brand paint, Cameron's 1941 "Smash Hit" wall papers, Ideal built-in woodwork and standard stock millwork.

### RETAIL SALES DUE TO HIT NEW HIGH IS PREDICTION

AUSTIN, July 31.—Forecast of autumn retail sales zooming to the highest peak in the history of this state was made this week by a University of Texas statistician in surveying flourishing Texas business.

While Texas business reveals less spectacular gains than in the country at large, the coming months hold a bright prospect for Texans, Dr. F. A. Buechel, associate director of the University's Bureau of Business Research, predicted.

He warned, however, of rising costs of living, following curtailed production of certain types of consumer's goods.

Wide margins of gains for June last year were cited in almost all the bureau's indexes of Texas business—the component index made up of six major business factors climbing to 114.9 or 16.5 points above June, 1940.

Employment—up 11.9 per cent over June, 1940.

Payrolls—up 26.6 per cent.

Department store sales—up 19.7 per cent.

Electric power consumption—up 9.5 per cent.

Postal receipts—up 13.9 per cent.

Lumber production—up 10.4 per cent; shipments—up 15.8 per cent; unfilled orders at the end of the month—up 180.9 per cent.

Building permits—up 46 per cent.

Commercial failures—down 16.7 per cent in number, down 44.5 per cent in liabilities.

Mrs. R. S. Slatt of Ft. Worth is visiting here this week with Mr. and Mrs. Clyde Douglas.

man with some fruit trüdges by on his way to market. There are little towns every few miles on the mountain slope and you think of life being lived with such a hamlet as the center and with many perhaps never venturing more than 25 miles away. And so late in the afternoon into Valles to spend the night.

Two men were talking. One was a Primitive Baptist. The other said, "Your church doesn't have many members." To which the first one replied, "No; we turn our members out for lying and your church wouldn't have many members either, if you did that."

### Garden Glances

Presented weekly by the Garden Club

"America the beautiful lies in the hands of the gardeners"

In wonder-workings or bush aflame

Men look for God, and fancy Him concealed;

But in earth's common things He stands revealed.

While grass and stars and flowers spell out his name.

—Minot J. Savage

The residence is made very attractive because of the huge sweet-scented honeysuckle draped over the entire porch.

Although this is the first year to have been planted the lawns of the Allensworth's and Blocker's are growing nicely, adding another attraction to each side of town. The Blocker's home boasts a new coat of paint also.

A bright spot is created by the zinnias that bloom so profusely in the yard of James Trent.

Mrs. L. S. Bagby's lawn and flowers and shrubs are looking pretty again in spite of the dam-

age done by the storm. The flowers at the city park give a bright splash of color to the rick covered ledges, and lend their beauty to the lovely grass park below.

Many residents have had the weeds cut on vacant lots of the town but still a great many weeds remain to mar the town as a whole. One very attractive lot is the one near the J. T. Patman home. It is covered with grass centered by an enormous flower bed of cannas and petunias. All together this is a very noticeable and unique lot.

Very tall and graceful phlox of purple and white enhance the grounds of Roy Claton's. The lawn also is carefully trimmed giving the passing motorist a good impression of the town.

The W. J. Lewis home presents a lovely lawn and the most beautiful bed of daisies that I have noted this season.

Dorothea Watson and Mrs. B. C. Antrobus visited with Mr. and Mrs. O. C. Watson, Jr., in Pampa today. Mrs. Watson, Sr., who has been visiting there the past week returned home with them.

Jay Bruce of Memphis was here on business Saturday.

# SOCIETY

MISS VIVIAN TAYLOR

## LULA BLAINE IS BRIDE OF JACK MORRISON

Miss Lula Blaine, daughter of Mr. John Blaine of Claude, became the bride of Jack Morrison at eight o'clock Monday evening. The wedding took place at the First Christian Church with the Rev. C. E. Harvey officiating. The bridegroom is the son of Mrs. M. E. Morrison of this city.

The bride wore a two-piece blue suit with navy and white accessories and carried a corsage of forget-me-nots. Attending the wedding were Mrs. Morrison, Roy Morrison, brother of the groom, and Mrs. C. E. Harvey.

Mrs. Morrison is a native of Claude having graduated from the high school there. She was associated with the Claude telephone system before being transferred here sometime ago. Mr. Morrison attended the Berger schools and has been employed here for the past several months with Mellinger and Rosenwasser.

## KILL KARE CLUB MEMBERS ENJOY THEATER PARTY

Members and guests of the Kill Kare Needle Klub enjoyed a varied and unusual meeting Thursday afternoon, July 24th, when they were theater guests of Mrs. Homer Mulkey at the local theater. After seeing the movie, they were served an ice course at one of the local refreshment centers.

Special guest for the afternoon was Mrs. Sam M. Braswell. Others attending included Mesdames Buel Sanford, Frank White, Sr., W. B. Sims, Eva Draffin, R. R. Dawkins, W. A. Massey, W. A. Land, Eugene Noland, Harry Brumley, S. W. Lowe, J. Perry King, and Misses Ida and Eta Harned.

## CHRISTIAN YOUNG PEOPLE TO MEET HERE FRIDAY

Young people of the First Christian, West Amarillo Christian, Pleasant Valley Churches and the Mexican Mission of Amarillo and the Christian Churches of Claude, Hereford and Canyon will attend an outdoor zone meeting here Friday night. The program includes a picnic supper at the city park after which they will adjourn to the

church for a short worship service and the closing friendship circle. Calvin Hill of Amarillo, a ministerial student at Texas Christian University, will be in charge of the worship service.

## LIEUT. FRANK FREY AND WIFE MOVE TO FT. BROWN

Lieut. Frank Frey arrived here Saturday night from Abilene, where as a reserve officer he had been ordered to report for medical examination. Lieut. Frey has been with the highway department at Perryton, and came here to join Mrs. Frey who has been visiting the past week with her parents, Mr. and Mrs. F. L. Goldston.

## CLARENDON BAND STUDENTS TO ATTEND SUMMER BAND SCHOOL AT CANYON

With director Ray Robbins, six band students from the Clarendon school band will leave Monday to attend the summer band school sponsored each year by West Texas State Teachers College at Canyon.

During the two weeks it will hold classes, the school will offer students instruction from leading conductors and private teachers of the Panhandle and from other states, and their attendance should prove a valuable experience to the local students and to director Robbins.

Students who planned this week to attend the school included John Buron King, Clyde Benton Douglas, Margaret Faye Wadsworth, Annie Ree Porter, Pat Grady, and Nelda Sue Burton.

## T. H. STEWART TO WORK WITH NEW YORK CHEMIST

T. H. Stewart, former head of the chemical department in the college here and who has been associated since February with the Union Potash and Chemical Co. of Carlsbad, left here; the 22nd for New York where he will be associated with a prominent chemist at Columbia University.

Mr. Stewart expects to be gone only a month, but it is possible that the work will not be completed by that time and that he will remain there longer, perhaps from three to six months. Recommended along with two other men from that company, Stewart received his appointment from the Chicago office.

## LOCAL HAPPENINGS

Mrs. Dalton Ford and children, Nancy and Charles, of Groom spent Sunday here with her parents, Mr. and Mrs. A. G. Lane. Nancy Ford remained here for a visit with her grandparents.

Carroll Hudson of Canyon spent the weekend here with his parents, Mr. and Mrs. Major Hudson.

# TEXAS OUT-O'-DOORS

## Fish Cost Only Half Cent

Austin, Texas, July 29.—Fourteen years ago the cost of every fingerling fish distributed from the hatcheries of the Texas Game, Fish and Oyster Commission was 47 cents. This year the cost of each fish raised will be approximately a half cent, it was announced by the executive secretary of the commission after he had examined reports from the hatchery division of the Department.

Improved methods of fertilization, feeding and handling of fish have made it possible for the Texas Department to cut the cost of fish and it is going down each year. In 1939 the cost of fish was one and a half cents. Last year there was a sharp drop in production cost to 5 mills and with the hatcheries expecting to plant at least 12,000,000 fish in the lakes and streams of the state the cost will be 5 1-2 mills. That will make the cost of fish distributed this season approximately one-ninth of that fourteen years ago. Anglers benefit by the additional number of fish planted. Unless methods had been devised to raise more fish with the hatchery pace and personnel available, more fish could not be planted due to the limit-

ed amount of money the Department has available for fish production.

### Strange Friendship

The mountains of west Texas about six miles from Van Horn are the scene of a rather strange friendship. A seven-point deer and a young ewe bighorn mountain sheep have been seen together several times. Not long ago a biologist of the Game Department came upon the strange pair bedded down together under a bluff on the side of the Beach Mountains. They sprang up together and the buck bounded off up the mountain, closely followed by the sheep.

### Sanctuaries Serve Purpose

Fish sanctuaries established by the Texas Game Department on some lakes and streams do not always meet the approval of the public, but they serve their purpose, that of protecting fish in their favorite spawning areas and ultimately give the anglers much more sport than of the sanctuaries were not set up by the Department.

Sanctuaries are established upon order of the Game Department and the board of county commissioners in the various counties when it is believed that by not allowing fishing or seining in a specific area that many more fish will be produced in a lake or stream.

The sanctuaries are abandoned when they have served their purpose, as is attested by the recent action of taking off the sanctuaries from several areas in Roy Inks Lake, one of the four lakes formed by dams on

## QUIZZ DEFENSE BOND

Q. What is the reason for buying a Defense Bond?

A. To keep America free. To show your faith and pride in your country. To warn foreign dictators that the United States is the strongest country in the world.

Q. But if I do not have enough money to buy a Defense Bond, what can I do?

A. Buy Defense Postal Stamps on sale almost everywhere. Your post office, bank, department store or druggist has them, or can get them for you, at 10 cents upward. Save enough Stamps to exchange for a Defense Bond.

the Colorado River above Austin.

### Find 4 Timber Wolf Pups

Despite efforts of several state departments, including the Game Department to eradicate timber wolves, there are still a few of the huge beasts in Texas. Four were dug out of a den near Crockett, in East Texas, recently, after the mother had been caught in a trap. Two of them were killed by dogs, but the other pair are now in the zoo at Beaumont.

And here is another note which attests to the fact that Texas still has a variety of wildlife, although some of it is not desirable. A game warden in the Panhandle reported recently that he had killed nine huge rattlesnake within a period of six weeks. The largest was 6 feet, 2 inches in length and had a circumference of twelve inches. Four other rattlers each measured more than five feet in length.

### Texas Bird In East

Chachalaca, native to the United States only in Texas, strangely enough are thriving on the Blackbeard Island, national wildlife refuge off the coast of Georgia, according to a report received by the Texas Game Department from the U. S. Fish and Wildlife Service. They were introduced on that island and upon Sapelo, nearby, about fifteen years ago. At least twenty-five are known to be on Blackbeard Island.

A gallinaceous bird, the chachalaca is related to pheasants, quail and turkey. An adult bird is about half the size of a Leghorn hen and is dusky olive in coloration. The birds are extremely noisy and their common name is an imitation of their unusual cry. They are found in the southwest portion of Texas.

## COTTON ON THE OFFENSIVE

The cotton industry prepares for the third year of its nationwide campaign to increase the consumption of American cotton through advertising, scientific research, and resistance to discriminatory legislation. Through its three-fold attack the industry expects to attain the goal of parity consumption and parity income as well as parity price.

## WORK EXPERIENCE PROVIDED BY NYA FOR 10,000 YOUTHS

Ten thousand youths between the ages of 16 and 24 received work experience through National Youth Administration projects in Area 1 in the fiscal year July 1, 1940, to June 30, 1941, Harold V. Hamilton, Amarillo Area Director, announced.

Throughout the area, which includes 26 Panhandle counties, a monthly average of youth worker was maintained at 650. However, a fifty percent turnover in employees, due to youths receiving private employment, accounted for the large total employed during the year.

Project activities in the Area include the boys' resident center in Canyon which is sponsored by West Texas State College. Boys working on this project have an opportunity to learn all phases of construction work and to attend related training classes in aviation mechanics, sheet metal work, cooking, auto mechanics, and welding conducted by the State Board of Vocational Education.

In Clarendon a part-time restaurant. Girls on this project live at the home two weeks each month, and receive experience in all phases of homemaking, such as planning menus and canning fruits and vegetables.

NYA construction jobs at Canyon. Estelline, Childress, Samnorwood, and Wellington have either been completed or are now under way. Some of the buildings constructed on the projects include civic and community centers and school buildings.

Other projects include an experimental farm near Childress, girls' production centers at Childress, Memphis and Wellington, mechanical work at the United States Department of Agriculture garage in Amarillo, wood-working shops at Amarillo and Childress.

## RODEO HEADLINERS WILL PERFORM AT XIT REUNION

Dalhart, Texas, July 31.—Clyde Burke of Comanche, Okla., world's champion calf roper in 1936 and again in 1938, will probably be among top-flight Rodeo Association of America and Southwest Rodeo Association stars who will attend the Sixth Annual XIT Ranch Reunion in Dalhart August 4-5. The XIT rodeos, held each afternoon, will offer more than \$1,400 in prizes.

Allyn D. Finch, Dalhart rancher who heads the XIT Rodeo committee, recalled that two years ago Burke roped the calf on which Ab Blocker, 85, ran an XIT ranch brand. Blocker, still hale and hearty and riding his saddle horse daily, lives at Freer, Texas.

As a Tom Green county, Texas trail driver, Blocker in July 18-85 delivered the first cattle to the 3,000,000-acre XIT ranch at its No. 1 division headquarters at Buffalo Spring, 40 miles north of where Dalhart now stands. There, in the dust of the corrals at the request of B. H. (Barbecue) Campbell, the ranch's first general manager, he originated the XIT brand.

Campbell said the brand had to be one that could be run with a straight iron and that rustlers couldn't burn over. Blocker marked out an "XIT" with his boot heel and then ran the first "XIT" on a cow critter.

"Burke's brothers, Jiggs and Dee assure me they will be here," Finch said.

A little from you... means a lot to her.

### HEADACHE or NO HEADACHE I MUST GET DINNER

## MEN WANTED FOR AVIATION CADET APPOINTMENTS

Sergeant Harvey M. Gist, U. S. Army Recruiting Officer, Pampa, Texas, still is looking for applicants for Aviation Cadet appointment, he said today as he urged young men of Clarendon, who believe they may be eligible to contact him at their earliest opportunity.

"The Army needs pilots," he said, "which means the country needs pilots. Before they're pilots they're just good men. The Air Corps is going all-out in its expansion program — everyone knows that. It's getting a lot of planes, but the planes are no good unless there are pilot to fly them."

"I've no doubt," he continued, "that there are a lot of eligible young men who don't realize what opportunities there are for aviation cadets. Or maybe they don't know whether they are eligible or not."

"How else can a young man learn to become an expert airplane pilot, with a high-paid job waiting for him, and get paid while he is doing it? Only Aviation Cadets get a break like this."

The requirements are simple. Applicants must be over twenty and not over twenty-seven, unmarried, in good physical condition and with at least a high school education and capable of proving proficiency in certain subjects. If they have had two years of college, so much the better.

"If any young men are in doubt about their qualifications, let them come to see me, or drop me a post card. I'll be glad to tell them whether they can become Aviation Cadets or not. Sergeant Gist said that there was still lots of desirable vacancies for young men with less education, who want to get in on the ground floor of aviation, and are willing to spend a little time learning a good trade. Whether they stay in the military service or not there is going to be a big demand for Army trained technicians, both in military and civil aviation.

Vegetables best for drying are sweet corn, mature beans and peas, and sweet potatoes.

## HELPING HANDS DO FARM WORK FOR HEDLEY FARMER

This is an old story in Donley County, and it happened some weeks ago, but the helping hand of neighbors is never too old or too unimportant to be worthy of mention.

Last month, Henry Gunn had to leave his farm near Hedley and take up residence in Adair Hospital in Clarendon while recovering from an illness. Part of his crop for this year was in, but the rest of it stood to be lost before he could get back to work. To save the crop, Mr. Gunn's neighbors moved in one day with eighteen tractors and put his crop in, making short work of planting 200 acres.

Neighbors and friends who helped out were Loyd Laggett, Tho. Swinney, John Koeninger, Toots Matlock, Sam Owens, James Reed, Otis Owens, Bill Cowe, Winfield Mosley, Brownie Quisenberry, R. D. Proffitt, George Proffitt, Ned Grimsley, Bob Farris, Jack Farris, Raymond Everett, Kenneth Langford, T. B. Ursey, Earl Ursey, Alford Ivey, Earl Fortenberry, Euell Winn, Wesley Bannister, John Dickson, Ed Todd, and Bill Scales.

## DON'T BE BOSSED

BY YOUR LAXATIVE—RELIEVE CONSTIPATION THIS MODERN WAY

When you feel gassy, headachy, lousy due to clogged-up bowels, do as millions do—take Feen-A-Mint at bedtime. Next morning—through, comfortable relief, helping you start the day full of your normal energy and pep, feeling like a million! Feen-A-Mint doesn't disturb your night's rest or interfere with work the next day. Try Feen-A-Mint, the chewing gum laxative, yourself. It tastes good, it's handy and economical... a family supply costs only

## 10¢ FEEN-A-MINT

## Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste

Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.

Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

## DOAN'S PILLS

## A Dab a Day keeps P.O.\* away!

(\*Underarm Perspiration Odor)

## YODORA DEODORANT CREAM

—Isn't stiff or sticky! Soft—it spreads like face cream.  
—is actually soothing! Use right after shaving—will not irritate.  
—has light, pleasant scent. No sticky smell to cling to fingers or clothing.  
—will not spoil delicate fabrics.

Yet tests in the tropics—made by nurses—prove that Yodora protects under trying conditions. In tubes or jars, 10c, 25c, 40c. McKesson & Robbins, Inc., Bridgeport, Conn.

Olivia de HAVILLAND  
star of the Warner Bros. picture, "Sawberry Blossom," recommends Calox Tooth Powder for teeth that shine.

**CALOX TOOTH POWDER**

## INDIGESTION

may affect the Heart

Gas trapped in the stomach or gullet may set like a hair-trigger on the heart. At the first sign of distress smart men and women depend on Bell's Colic Tablets to get gas free. No laxative but made of the fastest-acting medicines known for acid indigestion. If the FIRST DOSE doesn't give relief—return bottle to us and receive DOUBLE MONEY BACK.

## "MIDDLE-AGE" WOMEN

(38 to 52 Years Old)

## HEED THIS ADVICE!

Are you going thru these "trying years"? Are you blue, cranky, NERVOUS, suffer hot flashes, weakness, dizziness, and distress of irregular periods—caused by this period in a woman's life? THEN—

Take famous Lydia E. Pinkham's Vegetable Compound. For over 60 years Pinkham's Compound has helped hundreds of thousands of grateful women to help calm unstrung nerves and to lessen annoying distress due to this functional disturbance.

Lydia Pinkham's Compound is one medicine you can buy today made especially for women. Telephone your druggist right now for a bottle. WORTH TRYING!!

## Side Glances On Texas History

By CHARLES O. HUCKER  
University of Texas Library

### How The Comanches Got Their Revenge

Early in August, 1840, began one of the most terrifying and most memorably dramatic episodes in the history of early Texas—when, after five months of preparation, the Comanche Indians swept down from the northwestern plains to wreak their vengeance on the white man for the "peace conference" at San Antonio's Council House, which cost them the lives of several high-ranking chiefs.

Dramatic as was that bloody conference, chronicled briefly in this column last week, its aftermath was equally long-remembered, and for a better reason. For the story of the aftermath, also culled from the Texas Collection of the University of Texas Library, is the story of a terror unknown in Texas since Santa Anna's doomed march to San Jacinto.

In 1840, when the heart of the Republic was still somewhere in the east, South Texas was a wilderness. There were growing settlements at San Antonio and Gonzales, but few more. It was enough of a wilderness so that, early in August, an army of one thousand Comanche braves could beat a war path through it undiscovered.

### They Sack Two Towns

On the afternoon of August 6 the Comanches fell unheralded on Victoria. Two days later, so early in the morning as to catch half of the inhabitants still in bed, they struck at Linnville, to the south. And each town—unwarned, unprepared and completely paralyzed by surprise—fell in a few confused, terrifying moments. At each place the death toll, unrecorded in history, must have been tremendous; and the thriving coastal town of Linnville was burned to the ground.

Yet, gratifying as all that must have been, the Comanches satiated their revenge even further with loot from the two towns—between three and four thousand head of horses and mules and a fortune in merchandise from Linnville, which had been unusually well stocked. And with some of the goods taken—top hats and tail coats, for instance—they bedecked themselves and their horses gleefully for a triumphant return to the north.

Meanwhile, expressmen were spreading the terror northward and eastward: a thousand Comanche warriors, two sacked towns smouldering in their wake, were loose in the south. And men like Felix Houston, Ed Burleson and Ben McCulloch rose up to urge and begin preparations for a counter-attack, so that early in the morning of August 12, six days after the tragedy at Victoria, two hundred Texans met the invaders for a last-ditch fight at Plum Creek some 27 miles below Austin.

The Battle of Plum Creek, remembered chiefly as a display of savage and wonderful daring on the part of several Comanche chiefs who tried to hold off the better-armed Texans until their long baggage train could be got to safety, lasted for only a few minutes and then turned into a running fight which continued for fifteen miles, ending at last in the escape of the greater part of the dispersed Comanche force.

During the entire morning's fighting the Texans failed to lose a man and had only a few men wounded, whereas the Indian paid for their uprising with the lives of eighty braves and with the loss of several hundred pack horses loaded with loot from Linnville. The battle was one of the most successful pitched battles with Indians ever fought by the Texans, and the menace had been shattered. But the Comanches had got their revenge.

### 100 Years Ago In Texas

"The Cry Is—Still They Come—We rejoice to hear from every section of the Republic the most cheering news in favor of Judge Burnet. The people are rising in their might, and as the period of election draws near, are beginning to evince, by the most unequivocal demonstrations, their determination to sustain the cause of morality, and to vindicate the national honor. The virtuous and intelligent are rallying nobly to the rescue; and even those who were but recently the most luke-warm and indifferent, are becoming warmly excited, in the increasing assurance of success."

News from the West—We learn by a letter from Victoria, dated July 13th, that a party of Mexicans visited Corpus Christi lately and took Mr. Phil. Dimit, a Mr. Sutherland, Graham and some others, with all the goods

## BLUE STAMP FOODS ANNOUNCED FOR AUGUST

The list of foods available during August for purchase with Blue Stamps by families taking part in the Food Stamp Plan in Clarendon, Donley County, Texas, was announced today by Robert M. Moss, local stamp plan Representative. These foods are obtainable in local stores throughout the month of August.

Fresh pears, plums, prunes, apples and enriched wheat flour have been added to the list of foods which will be available nationally during August, while pork and pork lard, obtainable during July in all areas are not included in the August list. Also, vegetable shortening available during July in the Stamp Plan areas of Dallas, Texas and all of Dallas County; Houston, Texas and all of Harris County; Memphis, Tennessee and all of Shelby County; and New Orleans, Louisiana and all of Orleans Parish is not included in the August list.

With these revisions, the complete list of "Blue Stamp Foods" for the period of August 1 through 31 in all Stamp Plan areas, is as follows: Fresh pears, plums, prunes, apples, oranges, and peaches; Fresh vegetables (including potatoes) corn meal, shell eggs; raisins, dried prunes; hominy (corn) grits; dry edible beans; wheat flour; enriched wheat flour; self-rising flour; enriched self-rising flour; and whole wheat (graham) flour.

## GOLDSTON NEWS

By PEGGY STEWART

Bro. Stonestiffer of near Quail held services after Sunday school Sunday morning and Bro. Blasingame preached Sunday night at Goldston.

Mr. and Mrs. Arthur Oden and daughter, Adie, of Leveland visited Mr. and Mrs. Wilson Gray Saturday night and Sunday. Other visitors Sunday were Mr. and Mrs. Leonis Yankee, Mr. and Mrs. L. F. Bones and Mr. and Mrs. Homer Bones of Clarendon.

Mr. and Mrs. Oscar Hay and family, Bibbie Burch, and Mr. Hay's nephew who have been visiting in the Haskell Hay home returned to their home at Willis Point Wednesday.

Mrs. Montie Garrison and daughter, Hulda May of Vernon are visiting Mr. and Mrs. Frank Elmore this week.

Mr. and Mrs. Tucker of Oklahoma who have been visiting their son, Mr. and Mrs. Carl Tucker, returned home last week.

Mrs. W. C. Higdon and Vance Adair visited in Amarillo Sunday.

Mr. and Mrs. Charlie Young and daughters visited in the Carl Tucker home Sunday.

Mrs. Damon Farr and Viki Jo visited in the Eugene Hayden home near Clarendon Sunday.

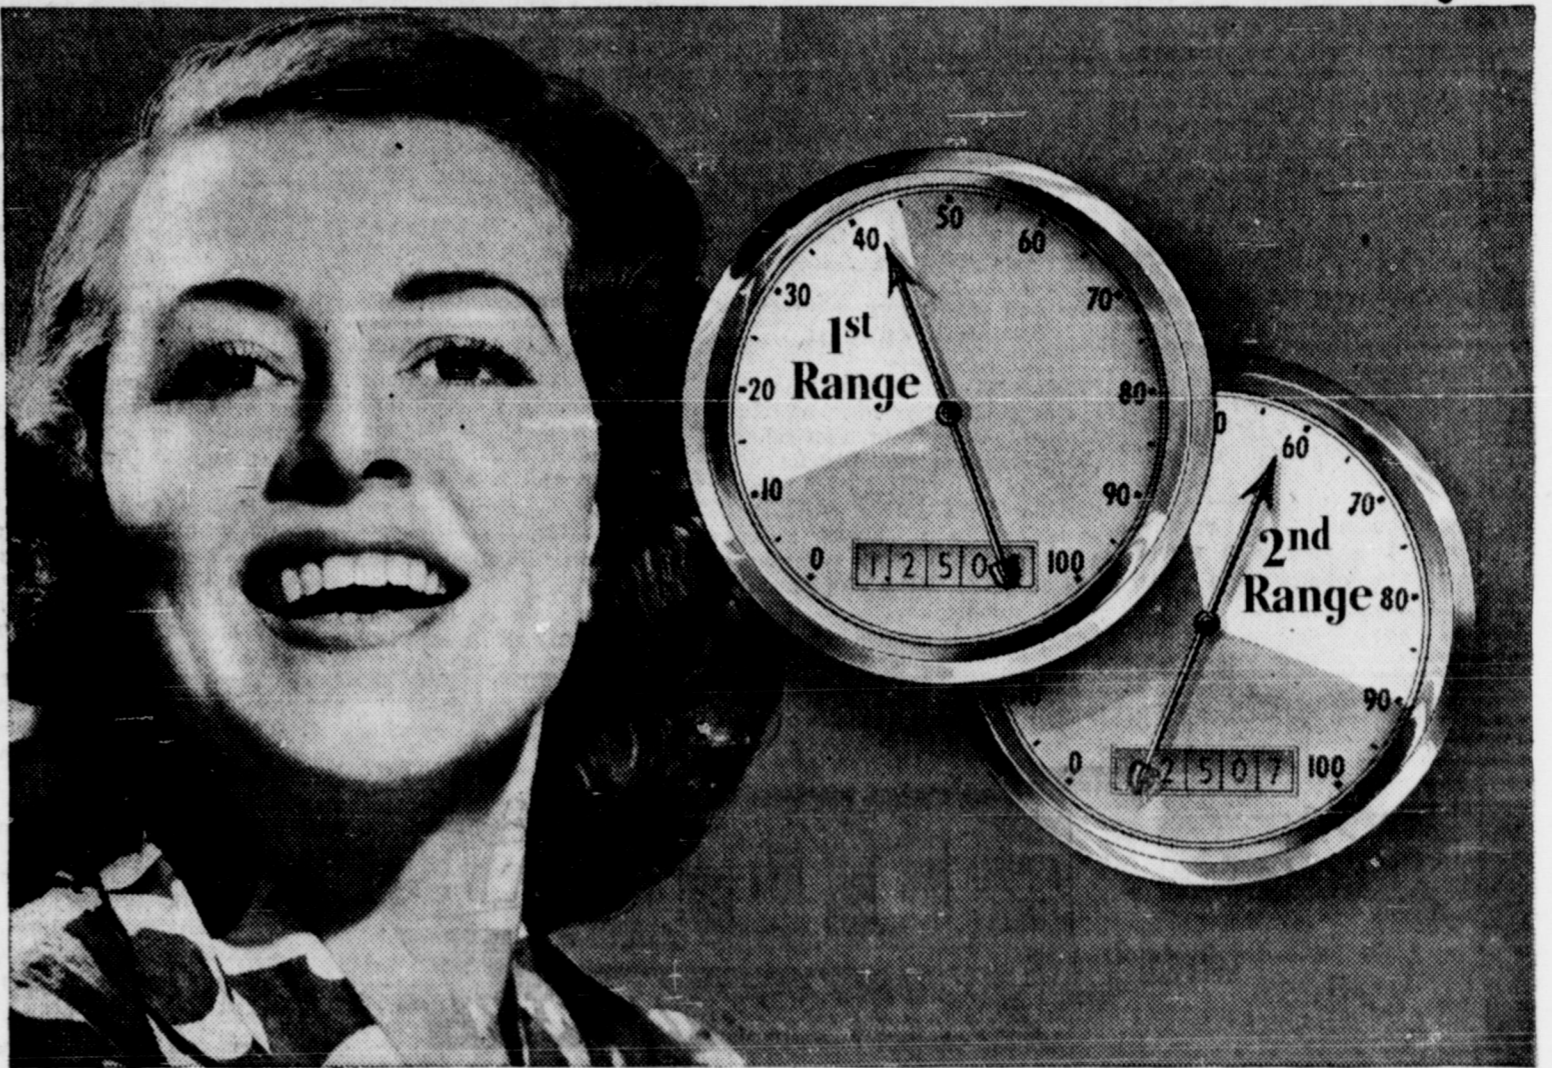

Dwayne Hudson visited Mr. and Mrs. Al Devers in Clarendon Saturday night. Mr. and Mrs. Devers visited in the H. M. Stewart home Sunday and returned Dwayne to his home.

Mrs. Neely Hudson entertained the Card Class with a party at the school house Wednesday afternoon. There were seven pupils and their mothers present.

Mr. and Mrs. Roy Brock and family visited Mr. and Mrs. Murphy Brock and Della Sunday.

they had with them. They have been carried prisoners to Matamoros. Messrs. Aubrey and Kinney were not molested. It is currently reported that they claim protection under the Mexican government.

"Commissioners to Arista.—Messrs. C. Van Ness and J. D. Morris, have gone a commissioner to treat with Arista relative to the suppression of the Western Cow-Boys."—The Telegraph and Texas Register (Houston), July 21, 1841.

# "I get Double Range Anti-Knock!"

Every motorist knows that there are two important ranges of acceleration where highest anti-knock performance is needed. For example, you need knockless power at 10 to 45 miles per hour for acceleration in traffic and 45 to 90 miles per hour for passing other cars and climbing hills. Some gasolines may give high anti-knock in one range but not in the other. But the new Sinclair H-C combines high anti-knock performance in both ranges. With the

Double-Range anti-knock in H-C you also get other remarkable qualities in performance. You get quick starting—rapid pick-up—smooth power—and long mileage.

Try a complete tankful of the new Double-Range H-C in your car today. Your nearby Sinclair dealer sells it at regular price. You will find it adds to the pleasure of driving and helps reduce motoring expense as well! Ask for the new Sinclair H-C.

## New SINCLAIR H-C

For performance, no gasoline at regular price is superior to the new Sinclair H-C.

MARION B. ZACHRY FUNERAL SERVICES HELD WEDNESDAY

Last rites were said here Wednesday afternoon at the Presbyterian Church for Marion H. Zachry, 40, a native of Donley County who died in Levelland Tuesday.

Born in the old Rowe community near Hedley July 4, 1901, Mr. Zachry had been a resident of Borger until two weeks ago, when he left that city to take up employment with a Levelland automotive firm. He was stricken with a heart attack, and died suddenly.

Survivors include his wife, two children, Marilyn, 6, and Daniel Herbert, 3; and one brother, Ralph Zachry, of Ralls, Texas. His mother and father, and another brother, who died some years ago, all were Donley County citizens and are buried in the county.

Funeral services were conducted by Rev. M. M. Miller, assisted by Rev. Herman Coe, Baptist pastor from White Deer. Interment was in Clizens Cemetery, and arrangements were in charge of Buntin Funeral Home.

Pallbearers were Usie Turner, W. T. Lewellen, B. A. Matherson, Jim Reese, Guy Wright, and Fayne Kent.

Crimson clover seed production may reach the high record of 8,360,000 pounds, clean basis, in 1941, compared with approximately 5,230,000 pounds in 1940.

RODEO TO BE HELD ON AUGUST 7 - 8

Celebration fans from all the Panhandle area were extended an invitation this week to attend Claude's Annual American Legion Rodeo and Celebration, eleventh event of its kind in Armstrong County, on August 7 and 8.

Program plans for the event include at least one big parade, fast-riding rodeos each afternoon, street dances each night, and a barbecue dinner on August 8. The annual Armstrong County old settlers reunion will be held in conjunction with the celebration, it was said.

Plans are being considered to bring Chief Baldwin Parker's Comanche Indian show, one of the features of the Clarendon Celebration, to Claude to add to the entertainment offered by the other program features. Harold Gist Post No. 344, American Legion, is sponsor of the complete event, with individual Legionnaires taking responsibility for details of each part of the show.

BISHOP E. C. SEAMAN WILL CONDUCT SERVICES SUNDAY AT EPISCOPAL CHURCH

Bishop E. C. Seaman, who is in charge of the work of the Episcopal Church in Clarendon and throughout the District of North Texas, will preach and administer the Holy Communion Sunday morning, August 3, at 11 o'clock in the Episcopal Church of St. John the Baptist in Clarendon.

The Bishop's sermon topic will

MRS. J. T. BAIN FUNERAL HELD AT HEDLEY SUNDAY

Funeral services were held from the First Methodist Church at Hedley Sunday afternoon for Mrs. Alice Bain, who died at her home in Clarendon Saturday, following a lingering illness. She had resided in Donley County 42 of her 63 years.

Surviving are her husband, J. Tom Bain; her mother, Mrs. Elizabeth Hill of Clarendon; seven sons, Claude and Tommy Bain of Hedley, George Bain of Dumas, Garland Bain, and Kenneth Bain of Pacific, California, and Richard Bain; two daughters, Mrs. A. B. Carnes of Sunray and Mrs. J. R. Hall of Clarendon; one sister, three brothers, and twenty-five grandchildren also are among the survivors.

Last rites were conducted by Rev. J. O. Quattlebaum, Jr., of Clarendon, assisted by Rev. I. E. Riggs of Hedley. Burial was in Rowe Cemetery in Hedley with Womack Funeral Home in charge of arrangements.

Pallbearers were Carl Naylor, Clayton Mann, Otis Owens, Ralph Davis, Arick Wood, and Robert Moffett. Honorary pallbearers were J. S. Hall, T. R. Moreman, Frank Kendall, J. B. Masterson, W. L. Rains, and J. C. Heathington.

All persons are cordially welcomed to attend this service.

Donley County Support Adds Weight To Successful Drive For Plains Museum Brick

Panhandle citizens, with Donley County well represented, turned out by the thousands Sunday at Canyon, to join in a victory celebration marking the successful conclusion of a drive to secure bricks and financial contributions toward the building of a new wing to the Panhandle-Plains Historical Society Museum.

The drive was successful both in terms of bricks and of cash, and the progressive Panhandle citizens who gathered at Canyon Sunday had the pleasure of knowing that enough bricks and funds were in hand to get the museum addition started, if not to finish it to the last detail.

Promoted by John McCarty, Amarillo newspaper man, the drive for museum bricks attained a success unusual in an enterprise affecting such a large territory, partly because of the unusual idea of asking for donations of something so commonplace as a common brick. Back of the spirited support given the movement, however, was the reverence of Panhandle folks for the picturesque tradition of their home area, and the desire to see historical relics of those earlier days preserved for future generations.

In Donley County, the brick drive gained interest during last week, and the local delegation was able to present the museum with cash donations totalling \$70.00 and a quantity of bricks numbering more than 500 Sunday. The bricks were delivered to Canyon in a City of Clarendon truck, while W. H. Patrick, a past president of the Panhandle-Plains Historical Society, presented the cash.

Clarendon contributors included the following: Mr. and Mrs. Chas. Bugbee, \$5; John S. Bugbee, \$5; Mr. and Mrs. H. M. Breedlove, \$1;

Estate of Homer Mulkey, \$5; Mr. and Mrs. Walter Taylor, \$5; Mr. and Mrs. T. M. Shave, \$1; John H. Hunt, \$1; Mr. and Mrs. Harold D. Bugbee, \$5; Mr. and Mrs. Sam Braswell, \$2; Mr. and Mrs. J. T. Patman, \$1; Mr. and Mrs. A. B. Chesshir, \$1; Mr. and Mrs. Jerome D. Stocking, \$1; Mr. and Mrs. W. H. Patrick, \$25; Joe Romeo, \$5; Mr. and Mrs. J. D. Swift, \$5; and Mr. and Mrs. F. E. Chamberlain, \$5. 500 bricks were given by W. E. Davis.

The victory celebration program was featured by a full round of speeches and commemorative events. Senator Grady Hazlewood, a Panhandle product and a West Texas graduate, made the principal address on a program for which John McCarty was master of ceremonies. Other speakers included Mrs. Mary Miller Beard and A. A. Meredith, on behalf of WPA; Dr. L. F. Sheffy and Dr. J. A. Hill of West Texas State; Dr. J. G. Ulmer, president of the board of regents of the college; and R. L. Thomas, a member of the college board of regents.

Clarendon citizens who attended included Mr. and Mrs. W. H. Patrick, Mr. and Mrs. Harold D. Bugbee, Mr. and Mrs. John Burch, Mr. and Mrs. J. H. Howard and family, Mrs. Sam Lowe and son, Billy, Mr. and Mrs. Sam Mayo and family, Mr. and Mrs. Leslie Carlisle and family, and Ray Robbins.

Donations of bricks and cash were still being taken this week by Mr. Patrick, and he said that other contributions of either would be highly appreciated, in view of the fact that funds still will be needed to add finishing touches to the museum addition, even after its outside walls are completed.

BLITZKREIG DUE ON FLEA HOPPERS IN COUNTY CROPS

Appearance of cotton flea hoppers in the Hedley area has forced farmers to lay plans for a dusting campaign to fight the pests. County Agent H. M. Breedlove said this week. The flea hoppers cause cotton plants to shed squares, reducing production materially, wherever they are active.

Clyde Bridges, Alvin Simmons, and Roy Jewell, all of whom operate farms near Hedley, are among farmers who have dusted in past years to obtain greater yields in hopper-infested crops, Breedlove stated. Early action this year will be taken as soon as an initial order of 2,200 pounds of sulphur is received and done by the insects probably will be the damage that might have been greatly reduced.

Hot weather will control the flea hopper menace, Breedlove said, but recent occasional showers and cool nights have encouraged them in some sections of the county to the point where they may become a serious threat to crop production. Sulphur applied at the rate of ten pounds per acre is sufficient to clean out the pests, and since this treatment costs only about 28 cents per acre, most farmers regard it as a cheap means for insuring maximum cotton yield, it was said.

DONLEY AMBULANCES ASSIST AT HIGHWAY 66 ACCIDENT

Ambulances from Clarendon and Hedley were called out late Wednesday afternoon to the scene of a two-car accident on Highway 66 east of Groom which took three lives and injured six people.

The accident was a head-on collision of two California cars, and the effects were so devastating to occupants of both vehicles that passersby summoned ambulances from every town and city within a wide radius. Ambulances from Buntin Funeral Home here and from Womack Funeral Home in Hedley rushed to the scene, as did seven other vehicles of mercy from Amarillo and Pampa, George Work, 35, and his son, Lawrence Work, 10, of Monterey Park, California, and Mrs. W. R. Oldham of Winchester, Kentucky were killed instantly in the crash.

SHERIFF'S DEPARTMENT MARKS UP BUSY WEEK END

Sheriff Guy Wright and deputy Truett Behrens had a busy day of law enforcement Saturday, when thirteen arrests were made of Donley County citizens. Eight men were arrested and charged with gambling; five others were picked up and charged with drunkenness. All the arrests were made Saturday afternoon and night. The defendants spent the night in the county jail, then entered guilty pleas in justice court Sunday morning. All were released on payment of fines.

WASHOUT NORTH OF AMARILLO PLAYS HAVOC WITH F. W. & D. TRAIN SCHEDULES

Fort Worth and Denver trains through Clarendon were operating on an intermittent schedule this week, brought about by forced re-routing of trains between Denver and Amarillo. The change in routing was made necessary late last week, when a 13-inch rain washed out a long track section near Magna, north of old Tascosa on the Amarillo-Denver line. Trains are being routed to Denver over Santa Fe Lines, and the irregular schedules will continue until the washout is repaired, a matter of several days yet, it was said.

WHEAT LOAN APPLICATIONS BEING TAKEN THIS WEEK

County ACA Secretary Walter J. Flynt said this week that his office was prepared to take applications for loans on wheat in storage if any county farmers were planning to put their wheat into loans. Loans are to be taken on wheat stored on the farm or in commercial warehouses, he said.

Also of interest to wheat farmers is an announcement that applications are now being taken for crop insurance on the 1942 wheat crop. Several Donley wheat farmers took government insurance on their crops this year, Mr. Flynt said, and every one of them will receive some indemnity payments for crop damage this year.

COWHANDS REVEALED AS HISTORY'S FIRST SIT-DOWN STRIKERS

Austin, Texas, July 31—The first "sit-down" striker in Texas labor history was not a factory worker but a cowhand!

This fact was discovered by a University of Texas economist, Dr. Ruth Allen, in digging into the history of organized labor in this state.

"The cowboy's life was not all romantic," Dr. Allen points out, citing working conditions which in the '80's provoked the first strike. The wranglers had been working 80 hours a week for an average wage of \$50, so they just sat down in the bunkhouse and stayed there until their grievances were adjusted.

Mrs. Ralph Keys and children, Mrs. Clyde Douglas, and son, Jimmie, and Mrs. R. S. Slatt of Ft. Worth were Amarillo visitors Friday.
