War Bond Quota Exceeded In Final Tabulation

J. R. Porter, chairman for the Seventh War Loan Drive in Donley County, announced yesterday that according to final tabulations at the Dallas office Donley County went over the top on the overall quota and also the Series E Bond quota.

The over-all total was \$654,035.00 and the Series E Bond total was \$145,997.50. This was nearly a thousand dollars over on the E Bonds and \$334,035.00 over the over-all quota.

The people of this county are to be commended for the way they have come through on this drive and the chairman and workers are to be commended also, for this was a much harder amount to raise than any other time due to the time of year that it was put on.

Anyhow, our men on the fighting fronts can see from the figures above that their folks at home are still behind them and are happy to do what little they can to make the going a little easier for them over there.

Although the Seventh War Loan Drive has ended, don't stop buying, for a steady stream of money is needed to keep everything going, and above all, since you have bought these bonds, keep them—don't cash them in.

MRS. HAL UPCHURCH SERIOUSLY ILL

Rev. Hal Upchurch stated at noon today (Thursday) that Mrs. Upchurch was seriously ill, but that she had rested a little better last night. She has been ill for some two weeks but only grew worse the last few days. She is in a Memphis hospital at this time.

The many friends of this good family are wishing for her a speedy recovery and that she will soon be able to return home.

FOUR BOY CAMPERS HAVE GET TOGETHER

Life in Boot Camp is not so bad when boys from the same town can get together now and then.

Mrs. Bill Bromley received a letter from her son Billy M. (Pete) Bromley today stating that he and three other Clarendon boys now in Boot Camp at San Diego, Calif. got together Sunday for a little celebration.

Others joining Pete in the good time were Jim Lovell of Ashtola, Joe Herrod, and J. R. Morgan of Clarendon.

Two Beville Brothers Find Work In Germany Very Interesting

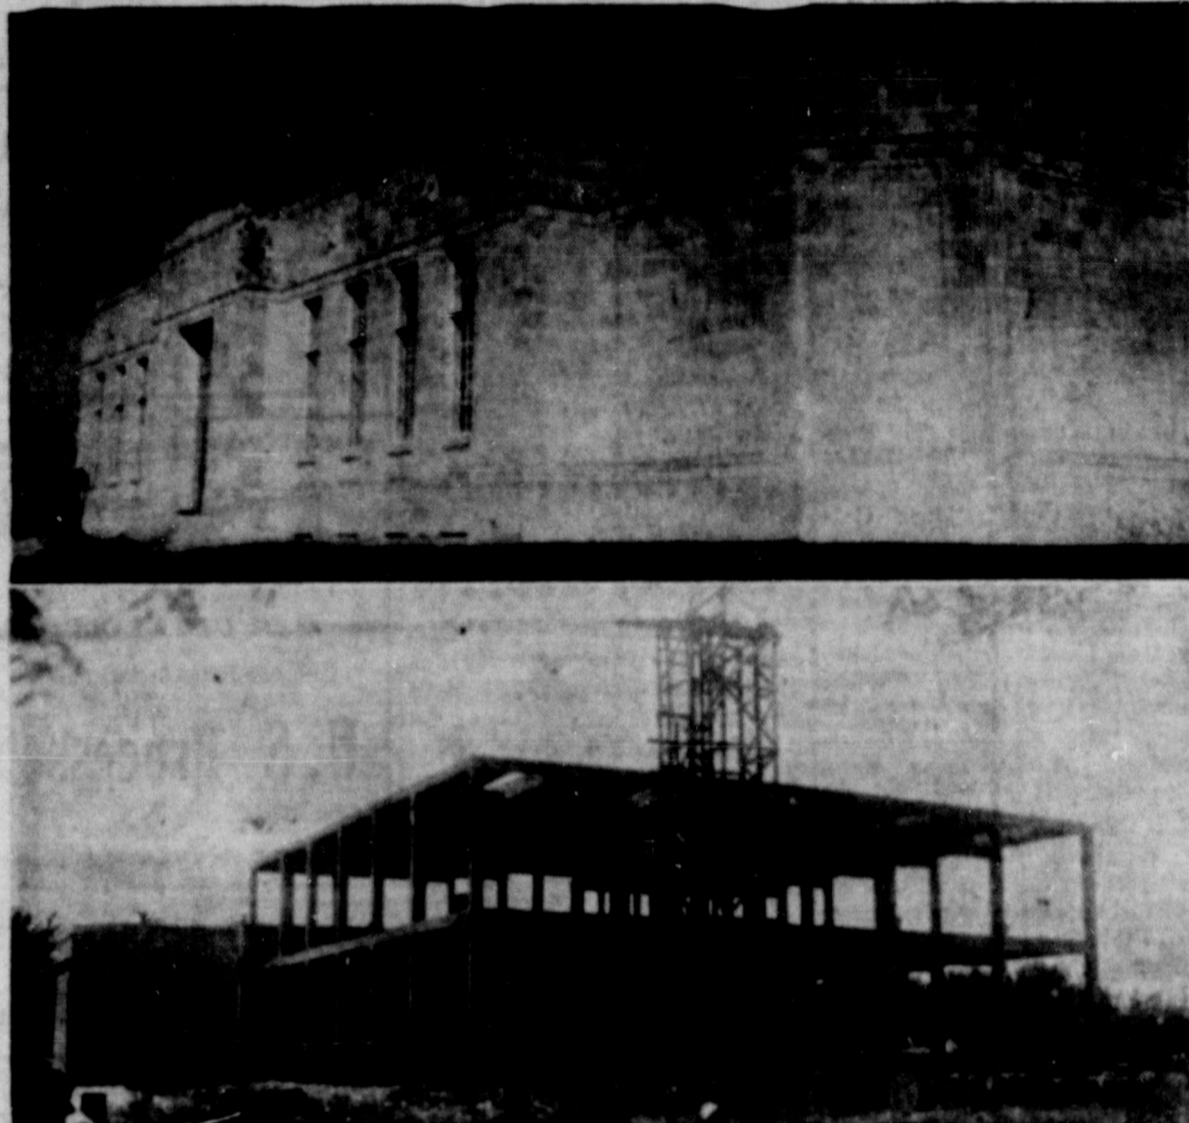

According to information received by the Leader this week, two sons of Mr. and Mrs. Harwood Beville of Amarillo are playing a part in the post war set-up in Germany. They are Johnnie and Pat and are both Clarendon raised boys.

Pat is with the Inspector General's Department and part of a recent letter written by him from Krefeld, Germany is as follows:

"I've spent the entire day going to and thru all the cities of the Rhur (valley). On passing thru Mulheim I noticed about 6 graves in the center of the town, with the inscription 'Unknown Russe' (Unknown Russians), and immediately behind the graves was a big sign—'These Russians murdered by—' and then gave the names of the German Gestapo agents, also showed pictures of the many atrocities. Every German in town was required to go there and see it."

"The Rhur is nothing but a bunch of twisted steel and wrecked buildings; if you can imagine Pittsburgh and all the plants and industries in that section of the country completely destroyed, you can get an idea of what the amount of destruction has been to German industry. The Air Corps can be complimented for a fine

Campaign To Raise \$60,000 For Completion of Museum

The campaign is on to raise \$60,000 for the completion of the second unit of the Panhandle-Plains Historical Society's Museum, which is located on the campus of West Texas State College, Canyon.

Quotas of \$1,000 have been assigned to the various counties of the Panhandle by the finance committee, of which H. C. Pipkin of Amarillo is the chairman. Many counties have already raised their quotas and will continue the campaign to double the amount requested.

The above picture shows the first unit of the Museum, which was completed in 1932. This unit was made possible by an appropriation of \$25,000 by the Texas legislature, provided that the people would raise an equal amount. Because of the great interest in the Museum, the pioneers contributed \$40,000 for the first unit and for equipment to open the Museum.

The basement for the second unit was completed in 1937 with

additional funds raised by Panhandle citizens, who are interested in preserving the unique history of this region, and a federal grant through WPA. The steel and concrete frame for the second and third stories of the second unit had been erected when the war stopped construction. A large part of the materials to complete the second unit is on the ground. The large part of the \$60,000 now being raised is required for labor for the second unit and for display cases after the unit is completed.

The Museum is considered by historical authorities throughout the nation to be one of the most complete regional Museums in the world. More than 375,000 citizens from every state in the union have registered as visitors since the opening of the Museum. School children from every part of the Panhandle come to study history of the pioneer days as revealed in the Museum.

Thousands of articles in possession of the Historical Society are not on display due to the lack of space. Two of the largest collections—the J. D. Hamlin Art Collection and the O. T. Nicholson Gun Collection—are not in the Museum because of the lack of storage and display cases. The completion of the second unit will provide this needed space.

New officers of the Panhandle-Plains Historical Society are: Newton Harrell of Claude, president; Hamlin Overstreet of Farwell, 1st vice president; Harold Bugbee of Clarendon, 2nd vice president; Dr. L. F. Sheffy of Canyon, secretary; W. L. Vaughan of Canyon, treasurer. The executive committee is Mr. Harrell, Mr. Overstreet, Mr. Bugbee, Mr. Sheffy, and H. C. Pipkin of Amarillo, J. Evetts Haley of Spearman, Earl Vandale of Amarillo, O. H. Finch of Dalhart, S. B. Whittenburg of Amarillo.

Directors from Donley County are: Harold D. Bugbee, W. H. Patrick, and J. C. Estlack.

Will Chamberlain Charged With Murder of John Naylor

DONLEY SOLDIERS' OUTFIT FOUND CACHE OF ART TREASURES IN ITALY

With the Fifth Army, Italy—Pfc. Jiggs Land, brother of Miss Millie Land, Cook's Helper of Hedley and Pfc. Gwan H. Wilkinson, husband of Alice Wilkinson, Gunner of Clarendon, are members of the 3rd Battalion of the 339th "Polar Bear" Regiment, which discovered a vast collection of priceless art treasures that had been taken by the Germans from all over Italy and hidden in a 15th Century castle in Italy.

The 339th, part of the 85th "Custer" Division, fought as a unit of the Fifth Army.

Tank-mounted troops of the battalion entered the castle and found a number of large, sealed crates with German lettering on them.

Inspection of the crates revealed that they contained 350 pieces of art—paintings, sculptures, carvings, antiques—all properly tagged and in good condition.

There were works by Rembrandt, Rubens, Raphael, Michaelangelo, Botticelli, Holbein and Velasquez.

SGT. ROSCOE CRAFTON INJURED IN SERVICE

Word has recently been received of the injury of Sgt. Crafton in the Air Corps, somewhere in the Southwest Pacific Area, supposedly in the New Guinea vicinity, by the crashing of a Transport Plane on which he was a crew member. He is supposed to have recovered sufficiently at this time to be again in limited service.

Report of this injury was not received through the War Department, but from his brother, who was wounded in Germany at about the same time, and who is now in the United States for hospitalization, who reported the facts here. They kept in contact with each other while both were in hospitals.

Sgt. Crafton is the husband of Mrs. Letha Warren Crafton of Amarillo, daughter of Mr. and Mrs. J. A. Warren of this city. He was sent to his present base from Amarillo Flying Field about one year ago.

According to a statement by Sheriff Guy Wright, Will Chamberlain, prominent farmer and former Post Office employee, was charged with the murder of John Naylor, another prominent farmer of the Naylor community, late Wednesday afternoon.

It is said that the incident occurred about 6:30 p. m. Wednesday afternoon in the front yard of the Chamberlain home and that two charges from a 12-gauge shotgun struck Naylor in the body.

Mr. Chamberlain is being held in the county jail.

The Sheriff stated that Mr. Chamberlain had made no statements, or given any cause for the incident.

A coroner's inquest was held by Justice of the Peace R. C. Weatherly, Dr. Cox of Hedley and Sheriff Guy Wright before the body was removed to the Blackburn-Shaw Funeral Home.

The two men involved were both raised within a few miles of each other and have had many friendly connections in the past, the sheriff added.

Mr. Naylor is survived by three daughters: Sara, Jon and Lavada of Clarendon; one brother, Carl Naylor of this city and one sister, Mrs. G. B. Kettle of Wichita Falls, Texas.

Funeral services have been set for 4 p. m. Friday afternoon July 20th at the First Baptist Church with Rev. J. Perry King officiating, assisted by Rev. Hal Upchurch.

Funeral arrangements are under the direction of Blackburn-Shaw-Buntin Funeral Home. Burial will be in Citizens Cemetery.

PFC. SILAS B. ESTES HOME ON FURLOUGH

Pfc. Silas B. Estes, whose sister Mrs. Hubert C. Heatherly lives at Clarendon, is now home on furlough. While fighting with the Timberwolf Division he participated in the Holland and German campaigns, and was awarded the Combat Infantry Badge.

LIEUT. OTIS C. ROLLS
Marine First Lieutenant Otis C. Rolls, of Clarendon, is shown in front of a former Jap barracks on Okinawa. During 18 months overseas, Rolls has participated in the Guam and Okinawa campaigns. His wife lives here in Clarendon. Rolls was formerly employed by the Phillips Petroleum Company of Corpus Christi, Tex.

LELIA LAKE SOLDIER IS CREW MEMBER OF BOMBED NAVY TRANSPORT

Their shop smashed and burning after a Japanese suicide attack off Okinawa, crewmen and medical staff members of the USS Pinkney, a Navy transport for wounded, rescued most of their patients and brought their ship safely into port. It is now being repaired at Oakland, Calif. Crew members include Samuel G. Moore, motor machinist's mate second class, Lelia Lake, Texas.

For 90 gruelling minutes after the enemy plane and its bomb crashed into the Pinkney, medical corpsmen worked frantically to rescue all but 19 of the more than 100 patients aboard; damage control parties fought fires which raged through the ship and the surgical staff completed an appendectomy which was underway when the attack came.

NEW SHOE RATION STAMP TO BECOME VALID AUGUST FIRST

The new shoe ration stamp to become valid August 1, 1945, will be Airplane Stamp No. 4 in War Ration Book No. 3, the District Office of Price Administration announced today. Stamps Nos. 1, 2 and 3 are good indefinitely, OPA added.

Mrs. J. A. Moreman was a Hedley visitor Monday.

D. M. FITZGERALD'S HAVE ALL CHILDREN HOME THIS PAST WEEK

Mr. and Mrs. D. M. Fitzgerald had the pleasure of having all ten of their children visiting their home last week. It was the first time in sixteen years that they have all been together.

Those present were Dan Fitzgerald of San Diego, Calif.; Mrs. Dale McLaugh of Richmond, Calif.; Mrs. Clarence Cobbs and Mrs. J. F. Minyard of Littlefield; Fladger Fitzgerald of Tullis; Wayland Fitzgerald of Silverton; Mrs. Arby Mulder of South Plains; Phillip Fitzgerald and Mrs. Ed McDaniel of Dallas, and Mrs. Pete Land of Clarendon.

Pharmaceutical Journal Pays Tribute To Stocking's Drug Store On Sixtieth Anniversary

The current issue of the Southern Pharmaceutical Journal published the following in its July issue regarding the Stocking's Drug Store:

"Headquarters for Cattle Supplies Since 1885" has long been the slogan for Stocking's Drug Store at Clarendon, Texas, which, it seems, would prove that drug stores are not novices in the handling of veterinary products. Reputed to be the oldest business firm in the Texas Panhandle, Stocking's Drug Store was founded by the late Dr. J. D. Stocking at Old Clarendon in 1885, thereby celebrating its 60th birthday on June 5, 1945. With the building of the Forth Worth and Denver railroad in 1887, the store was moved and has remained in that location to the present date. J. D. Stocking, Jr., is the present owner and operator of the store."

LEROY NAPIER PROMOTED TO PRIVATE FIRST CLASS

1st Base Air Depot, Warrington, England—The promotion of Leroy Napier from Private to Private First Class was announced today in England by Brigadier General J. H. Houghton, Commanding General of the Base Air Depot Area, Air Service Command.

Pfc. Napier is serving as a Motor Cycle Courier with the Air Service Command, the organization that backed the air war in Europe by furnishing the supplies, engines and aircraft for the final aerial offensive that brought Germany to her knees.

He is the son of Jesse Franklin Napier of Mountain View, Calif., and the husband of Alice Marie Napier of Naylor Route, Clarendon.

Moreman's Grocery & Market To Hold Opening At Hedley Saturday

Ray Moreman, prominent Hedley business man, announced this week that he had set the opening date for his new Grocery & Locker Plant for Saturday, July 21st.

Mr. Moreman has separated the grocery from his hardware business and has combined it with his new cold storage locker system. The store has been completely remodeled with all new fixtures. The locker plant consists of 350 lockers which are in a separate compartment from his curing, ageing, cooling and quick freezing departments. One of the most needed items in this section is the Curing Plant which is capable of curing your pork and other meats just like the large packers.

The locker has the new Airblast system which is the newest thing in refrigeration, using no coils and makes defrosting much simpler than old types. The store is air conditioned and has fluorescent lighting throughout. He has installed all new market equipment and a new 15 foot refrigerated vegetable rack. It is said that the entire set up is classed with the very best of this type in the entire Panhandle.

Mr. Moreman stated that it has taken 16 months to complete the new store, but that he was now in position to offer his customers a full life of groceries, meats and vegetables along with the complete locker and curing plants.

Read his advertisement on page four of this issue of the Leader for more complete information.

CPL. ROBERT ALLISON TO RADIO SCHOOL

Cpl. Robert R. Allison, 20, son of Mr. and Mrs. Robert C. Allison of Clarendon, has been enrolled in the AAF Training Command's aircraft radio mechanics school at Truax Field, Madison, Wisconsin, it was announced today by the post commander.

He will take an extensive course in servicing radio equipment, post officials said, and also will be trained in aircraft identification, defense against chemical warfare, and related AAF subjects designed to fit him for combat duty.

Your Congressman Says - - -

The death of the late President Roosevelt occasioned genuine and almost universal sorrow. Our convoy was four days out on the Atlantic when the news of the President's death was picked up by short wave radio. Immediately a deep gloom pervaded the entire ship, from the highest ranking officer aboard to the lowest. One soldier was heard to remark, "Roosevelt dies but fellows like Hitler live." This, of course, was

before the battle of Berlin, where Hitler was supposed to have perished leading his men in defense of the German capital.

Memorial services for FDR were held aboard ship during some of the roughest weather old timers said they had ever seen. Every ship in the convoy was rolling and pitching with many decks washed by high smashing waves. Such weather reminded us of the grim realities and extreme urgency of the economic and political waves through which the American ship of state is passing and must pass.

All flags of the Allied nations were at half mast in London. From taxi driver to the Prime Minister ample evidence of sor-

row and concern was written on all faces. The French people reflected the same sense of personal loss and the same was true of most of the Italians. And in Greece and Palestine, Roosevelt's death was mourned. But I saw no trace of concern, one way or the other, in Germany.

On everyone's lips was the query "Who is this fellow Truman?" "What is his background?" "Will he see the world problems as Roosevelt did and will he follow the same policies?"

Needless to say, there was deep concern for several weeks after Truman assumed the killing duties of the highest office in the United States -- and even the world for that matter. However, after Truman's first address to Congress this feeling of fear and uncertainty began to diminish. His subsequent quick and positive acts in endorsing the San Francisco Peace Parley, the Reciprocal Trade Agreement, Bretton Woods, his unconditional surrender insistence, and other positive positions on world wide questions had completely eliminated the "What-does-this-fellow-Truman-stand-for?" wonder of many nations in the world. And has definitely added to the stature and prestige of the United States. The next test of Truman as an individual and as President of one of the greatest powers history has ever known, comes at his conference with Stalin and Churchill.

Most everyone in Washington believes the former farm boy from the "Show-me" State, who has surrounded himself with sound, learned and practical men, will emerge from the conference with increased prestige and added respect.

NOTE -- On July 11 there was born to Congressman Worley and Mrs. Worley a baby girl who weighed nearly seven pounds. Both mother and child are doing fine, and the father says he would be passing out cigars if he could find any cigars to pass out.

LIBRARY NOTES

By Mrs. C. A. Burton

One of the most popular writers to be found in most libraries is Grace Livingston Hill. Our collection of her books had become terribly "dog eared" from such constant use, so the last purchase is largely of her books--some replacements, some new--as follows: "Ariel Custer," "Blue Ruin," "Brentwood," "Crimson Roses," "Crimson Mountain," "By Way of the Silverthorns," "Daphne Dean," "The Honor Girl," "Margold," "Patricia," "Rose Galbraith," "Tomorrow About This Time," "The City of Fire," "Lo Michael," and "Marcia Schuyler."

Then besides the Grace Livingston Hills are these: "Story of Dr. Wassell," James Hilton; "When Hearts Are Light Again," Emilie Loring; "Mrs. Parkington," Louis Bromfield; "Betty Zane," Zane Grey; "Crazy Dog," Ware.

Beginning with "See Here, Private Hargrove," which everybody read, humorous books written by soldiers have been very popular. One of these which was chosen as a Book-of-the-Month book and which we have lately placed on our shelves, is "5. Postmaster" by Sgt. Thomas R. St. George. It has sold more than half a million copies--testimony to the fact that it is hilariously funny. Sgt. St. George has lately written another book, "Proceed Without Delay"

which he did all the way from Sydney to Leyte--but he returned to the mainland to have malaria and to be there to welcome the first contingent of WACs and to find a wife among them.

Edna Ferber's "Great Son" immediately became a best seller. She says it will be her last book in the field of historical fiction, that she has been absorbed in certain phases of the development of America, but that now she wants to "live in today."

Dutton and Co. have announced two projected series of Americana--one on the cities of the United States and the other about American Colleges and Universities. In the first series, Struthers Burt is writing "Philadelphians," and Rebecca Yancy Williams is writing "Virginians."

The war correspondent, Quentin Reynolds, is in the Pacific getting firsthand information for his new book, "The Grand Finale," to follow "The Curtain Rises."

Gertrude Atherton wrote the story of northern California, "Golden Gate Country," at the age of 87, and immediately began a new book.

RED CROSS

VOLUNTEER SERVICE

HOME SERVICE
Mrs. C. A. Burton

"They say"—have you heard them? Someone told someone else who had been told by someone who knew someone who had that experience, so it is bound to be true. The amount of home made law which is circulating about the army and the Government would fill volumes, and often people are more willing to believe these reports than to believe the facts as given by Government statements and through the Red Cross. So eager are we all for news that we grasp at every straw—because a large number of us still have loved ones in the conflict.

Recently two men who have been German prisoners have said to me, "The Red Cross saved our lives. We were cold and hungry most of the time, but the Red Cross packages of food and their blankets saved us." This rejoices all our hearts, because all of us helped to make this possible with our contributions.

Already some are asking about the plan for mailing Christmas packages overseas. A recent Red Cross release states that the time will be the same as last year—Sept. 15 through Oct. 15, during which time no requests from the addressee will be required. Only one parcel may be mailed from or on behalf of the same person or concern to or from the same ad-

dresser during any one week.

The War Production Board has approved the manufacture of boxes to be used for overseas parcels. These boxes, 10 by 6 by 4 inches will be of greater strength and will permit more compact packing within the 5 lb. limit than those previously used. Other boxes, meeting requirements as to size and weight, however may be used.

Men in the Navy, Coast Guard, and Marine Corps may receive packages at any time without making request.

The Board of War Communications has relaxed its prohibition on domestic telegrams of congratulations and felicitations to permit the sending of such messages to or by members of the armed forces stationed in the U. S.

Public Law 54, approved May 9, 1945, amends the Selective Training and Service Act of 1940. The date for induction has been extended from May 15, 1945 to May 15, 1946, or the date of the termination of hostilities. The act also provides that men under the age of 19 are not to be ordered into actual combat service until they have received at least six months training.

Public Law 457, 78th Congress authorizes a preference for veterans in the purchase of government surplus property—with certain restrictions and provisions.

A general order also provides a preference for war veteran operators of trucks used in transporting property for commercial purposes, in the 48 states and the District of Columbia—this, too,

with certain restrictions.

The Serviceman's Readjustment Act provides for unemployment allowances for veterans of World War II, limited to 52 weeks within two years—and this, too, with certain provisions and restrictions.

Visitors in the J. A. Warren home Sunday were Mrs. C. J. Talley of Martin, Mr. and Mrs. Frank Mace, Mrs. Clifton Mace and little daughter, Madge; Mrs. Ed Burke and son, W. O. and Mrs. Paul Hollingsworth, Barbara and James Moore, all of Amarillo.

Mrs. Gertrude Youree is spending the week in Clovis, visiting a sister, Mrs. Middleton and family.

PSST— THAT'S YOU!

Were you ever startled by a fleeting glimpse of a face in a public mirror? . . . Then you looked again and sheepishly recognized your own reflection! It was the unfamiliar setting that fooled you.

Same way, you may not recognize yourself at first as having a financial stake in this company. But you probably do—directly or indirectly.

Directly if you hold some of our stock, like many other folks around the state—folks from all walks of life. Sixty per cent of all our stockholders reside in Texas.

Indirectly if you have a savings bank account or life insurance policy as most Americans do. Banks and insurance companies like to reinvest your savings in sound, business-managed electric companies. Some of your money is almost surely working for you here.

You'll be even more pleased with this new view of yourself as a part owner as well as a customer when you remember that your electric company has fought a winning fight throughout the war—to keep the price of your service down and the quality of your service up.

KIDD-NAYLOR

In an impressive ceremony performed Tuesday evening at the Baptist parsonage, Miss Margaret Sue Kidd, daughter of Mr. and Mrs. W. D. Kidd of this city, became the bride of Mr. Elbon E. Naylor, also of this city.

Rev. Hal Upchurch, pastor of the First Baptist Church, read the vows for the ceremony. Only members of the immediate family were present. The couple stood before an improvised altar of assorted pink and white garden flowers.

The bride was attractive in a street length dress of chaste sheen and black accessories. Her shoulder corsage was a single orchid.

Mrs. Naylor is a graduate of the Henrietta High School and also of the St. Paul School of Nursing at Dallas. For the past 2 1/2 years, she has been superintendent of the Adair hospital here.

Mr. Naylor is a graduate of Clarendon High School and Clarendon Junior College. He is employed at the Surface Burial Vault Co.

After a brief honeymoon to points in New Mexico and Old Mexico, the couple will be at home in the Baker Apartment on East First Street. While on their honeymoon they plan to visit her sister Billy Kidd who is stationed at Wm. Beaumont hospital at El Paso.

WESLEYAN GUILD

Mrs. Homer Estlack was hostess to members of the Wesleyan Guild of the Methodist Church Wednesday night week.

Mrs. Mildred Ritter presented the lesson, a study of Paul's Letters to the Ephesians. After the lesson, refreshments were served to 16 guests and a social hour was enjoyed.

BAIN-LACKEY

Miss Pauline Bain, daughter of W. V. Bain of Lelia Lake, and Jack T. Lackey, son of Mrs. Maurine Lackey of Clarendon, were married July 9th in Las Vegas, New Mex., where they spent several days.

The single ring ceremony was performed by Rev. John J. Cole, brother-in-law of the bride and pastor of the First Baptist Church of Las Vegas.

The bride was dressed in white with black accessories. Her corsage was of red roses centered with a white gardenia. The bridesister, Mrs. John J. Cole, was matron of honor. The groom was dressed in his Navy blues.

Quartermaster J. T. Lackey has recently returned from seventeen months duty in the South Pacific. The bride who is employed in the McLean public school, has attended W.T.S.C. at Canyon.

PRESBYTERIAN CIRCLE MEETS

Mrs. J. H. Howze was hostess to members of Circle No. 1 in her home Wednesday afternoon. Mrs. Ed Dishman was leader of the lesson. Eight members were present.

Circle No. 2 met in the home of Mrs. Durwood Jones with Mrs. Howard Stewart leader of the lesson. Eight members were present.

After the lesson both groups adjourned to the church where refreshments were served and a social hour enjoyed.

Miss Billie Jo La Grone is in the Northwest Texas Hospital in Amarillo, where she underwent an appendectomy Saturday afternoon. She is reported doing nicely at this time. She is a daughter of Mr. and Mrs. Jake La Grone of Clarendon.

MRS. ROBERT A. ALLEN HONORED WITH SHOWER

Mrs. Walter Clifford and Mrs. W. E. Ray entertained with a shower in honor of Mrs. Robert A. Allen Friday night in the home of Mrs. Clifford.

Miss Katherine May sang "Let Me Call You Sweetheart," "Always," and "Sweetheart of All My Dreams," and Mrs. Ray read a short skit. Jackie Estlack, dressed as a little gardener, presented a wheel-barrow laden with gifts.

After the gifts had been opened and admired, Miss Hazel Bingham poured punch. She was assisted in serving by Misses Lois Underdown and Katherine May.

Those present were Mesdames T. M. Shadle, R. C. Bingham, J. M. Ray, J. A. Moreman, G. W. Estlack, Walter Lowe, Kirk Doshier, Clyde Wilson, J. D. Swift, J. R. Porter, Paul Shelton, W. B. Armstrong, B. C. Antrobus and Misses Anna Moores, Anna Moores Swift, Lois McCrary, Athalee Dodson, Lois Underdown, Katherine May, Jackie Estlack, Hazel Bingham and the hostesses, Mrs. Walter Clifford and Mrs. W. E. Ray.

Performance Reports

All soil building practices that have been carried out on farms in Donley County between January 1, 1945 and August 1, 1945, should be reported by producers on or before August 15, 1945. Every producer in the county should contact his community committeeman and make his performance report to him. Meetings are being held in every community for the purpose of taking these reports.

A successful administration of the over-all AAA Program for this year in Donley County depends greatly on the performance work being reported accurately and on time.

Every farmer or rancher should attend the meeting that is being held in his community and give his report to his committeeman. No payment will be made to the farmers or ranchers until the performance reports have been properly reviewed by the community committeemen, for these committeemen are actually, in one sense of the word, the certifying officers with respect to performance for the farms in their communities.

The community committeeman is the duly elected representative of the producers, and as such, it is his responsibility to approve or disapprove practices reported for payment.

Notices are being mailed from the county office to every producer in the county giving the dates set by the committeemen for meetings in the various communities. In most of the communities there will be three days of meetings with representatives from the county office in attendance on the first day to assist in any way that is possible.

August 15th is the closing date for reporting any practice that has been carried out on the farms or ranches in Donley County between January 1, 1945 and August 1, 1945.

HERMETICALLY SEALED INSTRUMENTS

To meet the urgent demand of the armed services, General Electric has developed a method for hermetically sealing electric instruments against humidity, water, dust, fungus, discoloration and other adverse conditions. In tests these instruments have been submerged in 60 feet of water for several days, have been suddenly transferred from a temperature of 67 degrees below zero to one of 185 degrees above, subjected to dust storms, all without inflicting any change in their performance.

FRED L. ROW PROMOTED TO SERGEANT ON OKINAWA

With the 27th (Tokyo Express) Infantry Division Mopping up on Okinawa—The battlefield promotion on Okinawa of Fred L. Row of Clarendon from Private to Sergeant was recently announced by Lt. Colonel Joseph T. Hart, commanding officer of the 27th Infantry Division's "Fighting Irish" regiment.

Row last saw action against the Japs in the Ryukyus when he landed on the western beaches of Okinawa with Major General Geo. W. Griner's famed 27th Division. The "Fighting Irish" were committed to the southern front north of Naha. Fighting under the handicaps of rugged terrain and the heaviest Jap artillery fire yet encountered in the Pacific, they played a leading role in the capture of vital Machinato Airfield.

Row has been overseas nine months. He wears the Combat Infantryman Badge for exemplary conduct in battle.

Row's home address is Route One, Clarendon, Texas where his father Joe S. Row and sister, Eunice C. Ashcraft reside.

Mr. and Mrs. Liston Dunaway and Mrs. Ruth Gist-Palmer of Amarillo visited in the J. D. Swift home over the week end.

ASHTOLA

Mrs. Van S. Knox

Mrs. Watt Hardin had her happiest surprise early Sunday morning when her son, Cpl. W. K. Hardin, who had been in Europe for the past three years, walked in at her front door and said, "Hello, Mom!" Mrs. Hardin was under the impression W. K. had been transferred to the Army of Occupation and wouldn't be home for some time.

More surprises were in store for others in the community the past week. Sgt. John Harp, son of Mr. and Mrs. Chas. Harp, called his parents Saturday morning from Columbus, Ohio, saying he would be home soon. John has been in Europe for some time.

Also Floy Dell Dewey Lisle who was visiting a friend in Dallas last week received a call from her husband stating he would be heading for Astola soon. He is Cpl. Leslie Lisle.

Another lady to get a surprise was Marie Morris Higdon when Sgt. Eulan Higdon of the Ferry Command walked in for the night Thursday. Eulan is ferrying

planes from the East coast to the West coast.

Mr. and Mrs. John Morris and family of Claude, visited his brother, Mr. and Mrs. L. O. Morris Sunday.

Mr. and Mrs. Carl Barker and girls visited Mr. and Mrs. Doyl Graham Sunday.

Mrs. Coleman Shields and sons visited her parents, Mr. and Mrs. J. D. May at Memphis over the weekend.

Mr. and Mrs. E. C. Dewey were in Dallas last week. Mrs. Dewey went for medical care and will remain in Dallas for some time.

Mrs. Ada Harris, who has spent the past several weeks in the L. P. White home returned to her home in Flagstaff, Arizona Saturday. Mr. and Mrs. John White accompanied Mrs. Harris to Amarillo.

A. J. Garland visited his uncle and aunt, Mr. and Mrs. Watson Duffie of Eldorado, Okla. Sunday.

Mr. and Mrs. Edd Lovell and family of Carrollton, Tex. are visiting Mrs. Myrtle Reed and other relatives this week.

Mrs. Grady Henson accompanied her daughter Wilma, and Shirley Smith and June Gibbs to Stinnett Friday on business. The three girls will teach there this coming term.

Grady Henson, Herb Davis, and Drew Smith were in Amarillo Sat. on business.

Charles Smith of the U. S. Army met his father in Amarillo and came home with him for a few days with home folks.

C. L. Taylor of Hedley visited in the Ralph Davis home Sunday.

Guests in the S. G. Evans home Sunday were Major Evans of Amarillo and Mr. and Mrs. John White.

Gwynith Davis of Amarillo was home this weekend.

Mrs. Robert Graham and children are visiting Mr. and Mrs. J. M. Graham. Robert, who is in the Pacific, has two purple hearts to his credit, but he wrote Mrs. Graham he would soon be back at the front.

Mr. and Mrs. Ed Mahaffey of Plainview visited with Mr. and Mrs. H. S. Mahaffey Saturday.

Mrs. Mary Clayton and Sazmie Norman of Amarillo are visiting her daughter, Mrs. Laura Mahaffey this week.

Mrs. Marie Miller visited relatives at Goodnight over the week end.

Mrs. Homer Miller of Phillips, visited in the Bob Watkins home Sunday.

Mrs. Elmer Hunsucker and her niece and nephew of Amarillo visited Mrs. Allen over the week end. Also Mr. and Mrs. Alvin Kidd of Lelia Lake were guests of Mrs. Allen Sunday.

Russell Morris, who is home on a thirty day leave went to Fort Worth Friday to visit relatives and friends for a few days.

Mr. and Mrs. Henry Moore visited his parents, Mr. and Mrs. P. E. Moore at Newland Sunday. Miss Fay Parnell of Van Hugo, Calif. came home with them.

Mrs. Jap Goodman, daughter of Mrs. Mary Swinburn, and children of New Mexico came to visit her mother and while here they went on to Anson to visit her sister, Mrs. Thell Drennan. While there, Mrs. Goodman became seriously ill and was in a hospital there a few days, but has now recovered to the extent that she can return to her mother's soon.

Friends will be sorry to learn that Clarence Peabody is very ill at his home at this time.

Mrs. Everet Johnson and son Bobby left Wednesday to visit her husband at Camp Wolters.

GOVERNMENT LOAN PLAN MAY SATISFY VETERANS WHO WANT TO BUY FARMS

Servicemen of Donley County returning from military duty and interested in establishing themselves on family-type farms may apply at the Farm Security Administration office for a government loan covering full cost of land and improvements, according to Clifford L. Davis, FSA Supervisor. A limited number of such loans may be made in this county as a result of a new \$25,000,000 appropriation Congress has voted for a farm ownership program for veterans.

For 1945-46 Congress voted FSA more than three times as much money as it did in the last fiscal year for loans to farmers under provision of the Bankhead-Jones Tenant Purchase Act. The agency will have \$50,000,000 as against \$15,000,000 for last year. One-half of this has been set up as a program specifically for ex-soldiers.

Veterans will have the same terms as other farmers. Loans may run for 40 years and bear three per cent interest. Only those who are unable to obtain adequate financing through other sources are eligible for an FSA loan.

Applicants are invited to visit the FSA office at Clarendon after locating the farms they want to buy. Each farm is appraised in line with its actual value based on its long-time earning capacity. The FSA committee of local farmers determines the eligibility of applicants.

"Many veterans will find it desirable to work several years as tenants before becoming landowners," Mr. Davis declared. "Under its rural rehabilitation program FSA is able to make operating loans for purchase of equipment, livestock, feed, fertilizer, seed, and minor improvements."

Veterans also will be eligible to share in the \$25,000,000 appropriated for the regular farm ownership program. To date FSA has assisted more than 3,000 Texas farmers to become landowners. Taking advantage of the variable payment plan which enables the borrower to make large repayments in good years, hundreds of these farmers are three to five years ahead of schedule on repayments.

Miss Arline Dozier and S/Sgt. Carl Arnold of Amarillo visited in the home of her parents, Mr. and Mrs. Charlie Dozier, Sunday.

Milt Mosley was here Tuesday from down Hedley way.

FSA FARM OWNERSHIP LOANS FOR RETURNING SERVICEMEN

Congress has increased the loan authority of the Farm Security Administration by \$25,000,000 to permit loans to returning veterans for the purchase of family sized farms and ranches. The loans are to be made under the provisions of the Bankhead-Jones Farm Tenant Act through which approximately 37,000 loans to tenant farmers have been successfully completed since the program was authorized by Congress in 1937. Loans of a maximum of \$12,000 which can be made under this program will bear interest at 3% and are repayable over a 40 year period.

A committee composed of experienced farmers in each county will assist in the administration of this program by determining (1) eligibility of the applicant with respect to farm background, experience and likelihood of success as a farmer, (2) the adequacy of the farm to provide a living for the family and to pay off the loan, and (3) the soundness of the loan. The functions of the Committee in reviewing the applicant's qualifications and the soundness of the loan is considered extremely important by Farm Security Administration officials in protecting veterans and other eligible families from entering into an unsound operation.

Mr. Clifford L. Davis, local FSA Supervisor with offices at Clarendon, who is now receiving applications from veterans, has warned that due to sharply increased land prices in some localities, veteran applicants may find it impossible to purchase land on

a sound basis. "Under this program", Mr. Davis states, "farms must be purchased within their earning capacity value as determined by long time prices."

TEXAN'S SHARE
in the war

Texas, whose forefathers more than 100 years ago carved tradition with outnumbered swords on the bitter battlefields of San Jacinto and at the Alamo, are writing a new page of bloody history in the war against the Japs.

The gigantic part which Texans are playing in World War II was stressed this week in an official statement issued by the Navy. It said:

"Navy records tend to bear out the Texans' claim that the state has sent, on a percentage-of-population basis, more men and women to the naval forces—the navy, marine corps, and coast

guard—than any other state in the union.

"This is attributable largely to the fact so many thousands of Texans volunteered prior to and early in the war.

"Since Dec. 7, 1941, a total of 134,396 Texans have gone into the navy as enlisted personnel. This figure does not include 11,400 officers, the groups enlisted through V-5, V-7, the V-12, and naval ROTC units and more than 3,000 WAVES, SPARS, and women marines.

"Texans in the United States marine corps number 19,570 enlisted men and 322 enlisted women, and a total of 1,960 male officers and 27 women officers.

"In the coast guard, Texas has sent 1,245 enlisted men, 229 enlisted women, 294 male officers and 20 women officers.

"A roster of the marine corps shows that nearly 12 per cent of the entire corps are from Texas.

"Of the marine garrison captured at Peking, China, Dec. 8, 1941, 139 were Texans. Of the 162 marines on Guam at the time of

the Japanese invasion of that island, 15 were Texans. Of the 357 defenders of Wake Island, 36 were Texans. Of all the men who participated in the bloody battle of Tarawa, seven per cent were Texans."

Texans on the home front, too, are "Giving a Texan's Share" to the war against the Japs. In the 1944 campaign on behalf of the National War Fund, people of the Lone Star state contributed approximately 10 per cent more than the state's quota to the great humanitarian agencies serving "Our Own and Our Allies."

They will be called upon again in October to give to their county war chests, to support USO, War Prisoners Aid, Philippine Relief and the other great agencies which back up our fighting men and give new hope to suffering war victims throughout the world. That they will again meet the Texas obligation and surpass it, just as Texas fighting men have always done more than their part in all wars, is to be expected.

Donley county, which contributes generously to the National War Fund each year, is represented in the official family of the United War Chest of Texas, which directs the annual campaigns "for our own and for our allies".

The local civic leader who serves on the board of directors of the state war chest and helps set policies governing the war fund program in Texas is C. M. Lowry of Clarendon.

Visiting in the home of Mrs. Everett Johnson this week are her mother, Mrs. Thompson and sister-in-law, Mrs. Lillian Thompson.

Mrs. Clyde Barker and children left last week to join her husband who is stationed at Ft. Leonard Wood, Mo.

Mrs. Frankie Henson left last week to visit her aunt and uncle, Mr. and Mrs. Chauncey Hommel in Dallas.

Mr. and Mrs. Ollie Hommel and girls of Alanreed were Clarendon visitors Monday.

FREE FISH FOR PONDS

Charles Reed, Donley County Agent, urges ranchers, farmers or individuals with year round supply of water in tanks or lakes to make application for free fish. The Federal Hatchery from which Donley County receives free fish for stocking purposes makes only one delivery per year. Applications must be submitted to County Agents office at Clarendon by July 20 to assure delivery of fish early this fall by the hatchery.

Fertilized ponds produce more plant food for fish to eat. Naturally the more fish eat the faster they grow. In a well managed pond stocked with the correct number and kind of fish, and fertilized annually, fish will reach pan size in one year. An acre of water will produce 400 lbs. of pan size fish per year. An acre of water properly managed and stocked will produce more meat to acre than one acre of land in year.

Fertilizing ponds for fish is not difficult. The recommended practice is scatter 800 to 1000 lbs. of commercial fertilizer from the banks annually. Best results were obtained by scattering 100 lbs. to acre once a month from March to October. Barnyard manure, cottonseed meal, soy bean meal or alfalfa hay can be used.

The initial stock of fish, both kind and number, greatly influences the success of the fish pond. If too many are stocked there will not be sufficient food to make fish reach pan size in one year.

For fertilized ponds—1200 bream and 100 black Bass or 300 catfish.

Ponds not fertilized—400 bream and 25 black bass or 100 catfish.

For additional information see your county agent at Clarendon. If you desire free fish and have not turned in your application, please hand it in prior to July 20.

Mrs. Clyde Butler left Wednesday to visit her sister, Mrs. Fay Hearne and nephew Billy at Fort Worth. She was accompanied by Mrs. Ralph Decker and daughter Betty Jean who will visit Mrs. Decker's mother, Mrs. Dick Wood at Weatherford.

Mrs. Margaret McDivitt and daughter returned to their home in Shawnee, Okla. Sunday after visiting in the home of Mr. and Mrs. Bud Anderson.

Mr. and Mrs. Hollis Neece and children of Corpus Christi are visiting this week in the home of Mr. and Mrs. Bud Anderson.

Mrs. Earl Porter and daughter Patricia are visiting in the home of Mrs. Hoggard at Hedley this week.

Clyde Butler attended to business in Amarillo over the weekend.

Miss Mary Howren attended to business in Amarillo Wednesday.

Our Country Needs Still More Used Fats...And We're the Folks to Save them!

IN between the good news about the war these days, careful readers of the paper will see grave words about a serious national shortage that has a direct bearing on military and civilian production schedules.

Our domestic supplies of fats and oils will be approximately one and one-half billion pounds less than last year. Yet thousands of tons of fats are still needed to help make countless essentials for the battle- and home-fronts.

While country people have been doing an even better job of saving fats than the city folks, we must remember that, because of the meat situation, we are in a better position to save. That's why we can't afford to miss a trick.

So, let's save not only the big amounts from frying and roasting, but also meat trimmings, plate scraps, and scrapings. Melt them down once a week and add the liquid fat to the salvage can. Skim soups and gravies. Scrape every pan. Every drop is important.

When your salvage can is full, take it to your butcher, and get 2 red points and up to 4¢ for each pound. If you have any difficulty, call your County Agent or Home Demonstration Agent.

100,000,000 More Pounds of Used Fats Are Needed This Year!

Approved by WTA and OPA. Paid for by Industry.

A New "House of Magic" for Postwar America

"...one of the strongest guarantees of progress and world peace is continuous scientific preparedness through industrial research."

General Electric has approved plans for a new \$8,000,000 Research Laboratory. This expenditure has tremendous significance. Scientific research has contributed much to our progress as a nation.

"Many things have been discovered during this war, and we can and must develop them into better things for peacetime.

"Today we have 550 research people on our staff. These new facilities will not only give increased outlet for their abilities, but will provide opportunities for new research minds with new talents.

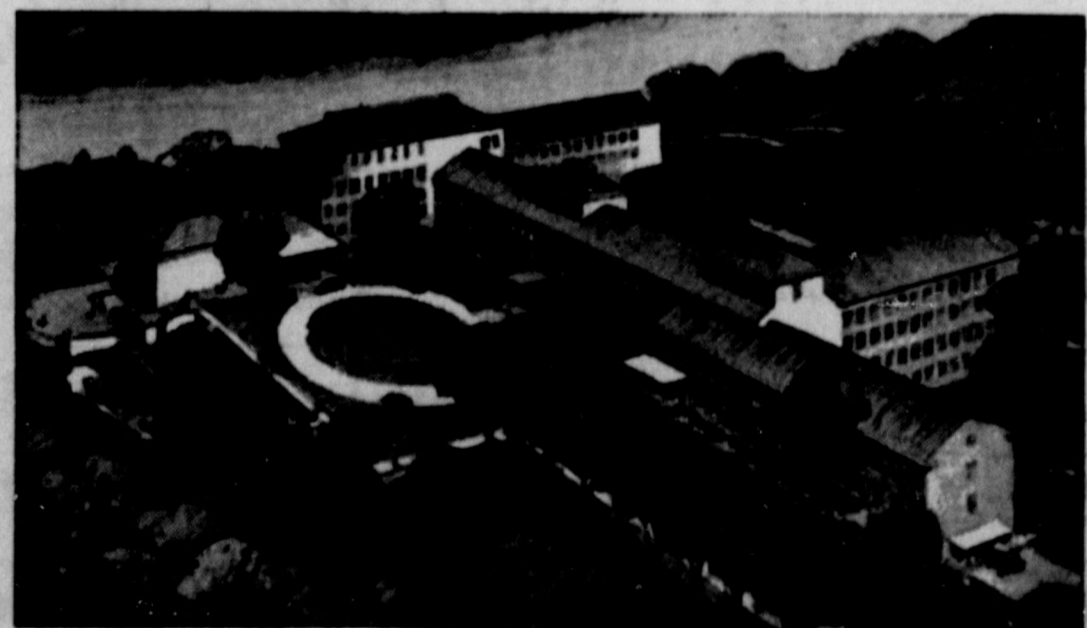

"From this new laboratory we think new achievements will come. In the past, G-E research has contributed much to better living in America—not only through new developments in x-ray,

electricity, metallurgy, electronics and chemistry, but also through reduced cost and increased efficiency, as in the modern incandescent lamp.

"Even more than in the past the laboratory will emphasize research in pure science—continuing and expanding the work begun by Dr. Whitney and the late Dr. Steinmetz forty-five years ago.

"To find new facts of the physical world, to extend the limits of knowledge, is a forward step in creating More Goods for More People at Less Cost."

W. G. Briston
President
GENERAL ELECTRIC COMPANY

New \$8-million-dollar G-E Research Laboratory will be built five miles east of Schenectady, New York, on the Mohawk River. The geographic location offers special advantages for television, high voltage x-ray, and radar research. Buildings with 300,000 square

feet of floor space will accommodate an expanded post-war research staff of about 500. Research rooms will be a scientist's paradise of equipment for experiments in chemistry, physics, mechanics, electronics. It is hoped that construction can start in six months.

WAYS TO SAVE SUGAR

Mrs. Leverenz, Food Preservation Specialist, College Station, states that corn syrup may be substituted in part or full in home canning, or freezing fruits. Brown sugar or brown syrups have a strong flavor and are not recommended. Honey is satisfactory for canning figs or fruit pickles, but do not use on foods intended for lockers. "Never use SACCHARINE in Canning," as heat makes saccharine bitter. Too much saccharine may be harmful when used to sweeten any food, and should be used only after consulting doctor in regards to its use.

"INVERT SUGAR" is excellent for canning. It can be made at home and is sweeter than natural sugar or syrups. To make "INVERT SUGAR", mix 2 cups sugar and 1 cup water; add one fourth teaspoon TARTARIC acid (from any drugstore). Cover the sugar, water, tartaric mixtures, and simmer gently for 30 minutes. Allow to cool. Invert sugar made this way is almost TWICE as sweet as plain syrup of the same weight. For a thin syrup use one fourth cup invert sugar to one cup water. Invert sugar is good to sweeten fruits, cereals, ice cream and drinks.

Canning peaches without sugar is very practical. Sugar helps canned fruit to hold its shape, color and flavor, but is not required to keep fruit from spoiling. To can without sugar, use boiling water

or strained fruit juice made from the softer peaches. Wash, peel, and remove seed from the firm peaches. Complete canning operation by packing the raw peaches in clean jars or cans. Bring fruit juice or water to boil; pour over the packed fruit. Leave 1/4 inch head space. Steam before sealing: Pints, 10 minutes; Quarts, 15 minutes; 1/2 gallons, 20 minutes. Press down, and refill if necessary. Wipe off jar and seal as recommended by manufacturer. Process in water bath after water starts boiling. Pints and quarts, 15 minutes; 1/2 gallons, 25 minutes.

FALSE ALARM GOOD NEWS TO TIMBERWOLF SQUADS

With the 104th Division in Germany — Timberwolves of the 413th Infantry Regiment, rehashing the bitter days of the Siegfried Line battles, now recall with pleasure the "Battle of Ahe." To cross the Erfurt Canal, last water barrier before the Rhine, the village of Ahe had to be taken. Resistance was expected to be heavy, so Company E sent two squads from the first platoon to sound out the strength and location of the enemy.

Previously-observed German positions turned out to be duds. There were no German soldiers in the locality although road blocks had been erected to stop vehicles and bridges were mined. The men moved in, searched the houses, and radioed for the rest of the company to come up.

Then local civilians were rounded up and forced to clear mines and remove roadblocks.

Among the hard fighting Timberwolves who received this pleasant surprise were S/Sgt. Henry A. McLaughlin of Hedley, and Pfc. Clifford Taylor of Clarendon. Pfc. Taylor is now home on furlough.

Joe Williams, son of Mr. and Mrs. Glen Williams, left Wednesday morning to accept a position as instructor in Instruments at the B-29 School in Amarillo. He has recently received a discharge after serving 2 years in the army, six months being overseas.

Mrs. J. T. Story of McLean visited her daughter and family, Mr. and Mrs. Charlie Lowry over the week end.

RATIONING AT A GLANCE

Reports received through ODT of misuse of gasoline allotments by truck operators, today brought a word of caution from the Donley County War Price and Rationing Board.

The Board said truck owners and drivers, who obtain certificates of war necessity from the Office of Defense Transportation and gasoline rations from the Office of Price Administration for any particular use, must restrict motor fuel consumption to that use.

County boards of the OPA will penalize truck operators who obtain gasoline through certificates from ODT and use the gasoline for other than represented purposes. Cooperation of the two agencies has been arranged, the Board said, to prevent misuse of gasoline, tires, equipment and manpower so vitally needed to finish the war.

Truck tires are allotted in various classifications according to the vital need of their operations. Many kinds of trucks are having to go without tires until military needs are supplied. Some operators are having to let trucks stand idle. It therefore is important, they said, to restrict truck operations to the kind for which owners obtain fuel and tires.

The ODT - OPA cooperation is based on a provision in outstanding orders whereby local boards may make reductions of motor fuel allotments established by ODT where there is knowledge of misuse of transport rations.

POST OFFICE RECEIPTS SHOW BIG INCREASE

Post office receipts at the Clarendon office for the fiscal year showed a total of \$22,668.01, according to postmaster J. C. Estlack today, a gain of several hundred dollars over the preceding year.

During the past year 1,193 special delivery parcels and letters were received at the local office. The local office sent out 182 c.o.d. packages, 1,896 registered letters and packages, and 3,152 insured packages.
