USS Hancock Carries On

A bomb from an Avenger plane explodes suddenly over the USS Hancock, spreading death and destruction. A first aid and a fire crew quickly restore order. Note the twisted propeller, blown forward on the flight deck by the force of the blast. Repair costs are heavy in the Pacific when ships are far from Navy bases. Your heavier purchases of War Bonds will help keep these ships in the fight.

FORMER CLARENDON GIRL CHOSEN PIN-UP BEAUTY

Wanda Craft Smith, formerly of Clarendon, who is now residing in Shreveport, La. with her husband Sgt. Daniel G. Smith of Barksdale Field, has been selected as one of the Pin-up beauties to represent the Louisiana Army Air Base in a contest with the Fort Worth Army Air Base. Mrs. Smith's picture appeared in the Barksdale Bark paper and she has been offered a position as a model in the art building at the field.

The five chosen beauties from both Louisiana and Texas will be sent to the famous pulchritude critic, John Robert Powers to determine the winner of the Louisiana-Texas Pin-up feud.

SGT ROBERT SUMMERS VISITING MOTHER

Sgt. Robert Summers, who was wounded in Germany and later sent to a hospital at San Antonio, is home on a 20-day furlough visiting his mother, Mrs. R. A. Summers. He is to report back to the hospital at San Antonio August 2nd.

H. W. HANKS, JR. UNDERGOES OPERATION AT LUBBOCK

H. W. Hanks, Jr., son of Rev. and Mrs. H. W. Hanks of Clarendon, underwent a hernia operation at the Lubbock General Hospital last Saturday morning, July 21. He is reported to be doing as well as could be expected considering the affliction. It is the second operation he has undergone for the same cause within the past two years.

Will Chamberlain Makes Bond

A Donley County grand jury formally indicted Will Chamberlain Monday for murder in connection with the fatal shooting of John Naylor Wednesday week ago. Chamberlain, who has been held in jail without bail since the time of the murder, was released after posting a bond of \$20,000. Up until the present time, Chamberlain has refused to make any statement concerning the killing. He will go on trial here August 20th.

Both Chamberlain and Naylor were friends of long standing, having been neighbors for many years. Chamberlain is a former postal clerk and one time Donley County Commissioner.

Word has been received that Mrs. Arlie Wood is seriously ill in the St. Anthony Hospital in Amarillo. No details were stated.

FORMER DONLEY COUNTY YOUTH RECOVERING FROM WOUNDS

Army Hdqs., Midpac, Ft. Shafter, T. H.—Pinned down by Jap mortar and machinegun fire, a 19-year-old Texan and three other 96th Division infantrymen spent three days and three nights fighting for their lives in an Okinawa foxhole during the siege of Shuri Castle.

Pfc. Howard R. Shafer, of Route 1, Morton, Texas, recovering from wounds received in the action May 27, reported the group killed 30 Japs. He is in an Army general hospital on Oahu, T. H.

Pfc. Shafer, son of Mr. and Mrs. H. M. Shafer, Route 1, Morton, came overseas last February. He was born in Memphis, Texas, and attended the Clarendon high school. The Shafers formerly lived in the Martin community.

Top O' Texas Rodeo Scheduled At Pampa August 17, 18, and 19th

Pampa is making elaborate plans for entertaining thousands of visitors for the Top O' Texas Rodeo and Quarter Horse Show, scheduled for August 17, 18, 19th. Two thousand dollars in prizes will be awarded in the major rodeo events, including calf roping, wild-cow milking, bull riding, bull-dogging, bronc riding, cutting horse contest, and cowgirl sponsors' event.

Cities, towns, communities, and ranches are extended a special invitation to send sponsors to participate in the three day events.

1st Prize—Will be a pair of beautiful shop made cowgirl boots.

2nd Prize—Will be a silver belt buckle set, inlaid with rubies.

3rd Prize—Will be a pair of engraved silver-plated spurs.

Shows will be held Friday night, Saturday afternoon, Saturday night, and Sunday afternoon, with two complete go-rounds in all events.

A special made saddle will be first prize in the cutting horse contest. Several entries have already been received.

The Quarter Horse Show will be held Friday afternoon, July 17, at 1 p. m. Entries for Quarter horses should be sent to J. P. Smith, Pampa, Texas, who is superintendent of the Quarter Horse Show.

ARRIVES FROM OVERSEAS

Sgt. J. C. McBrayer, son of Mr. and Mrs. W. M. McBrayer, has arrived home after completing his missions overseas. Sgt. McBrayer has been in England with the 8th Air Force.

Local Nine To Meet Memphis Here Sunday

There will be a baseball game here Sunday, July 29th, at 3:30 p. m. between Memphis and the Clarendon club. This will be a real game as the boys say they are going to whip Memphis this time, so be sure and come out and see the boys in action.

The local nine went to Quail last Sunday and won 10-3. Bill Meadows was the hero on the mound, allowing only 4 hits and accounted for 2 safe hits and one walk for himself. He also struck out nine men.

Come out Sunday and see a good game. The local nine will entertain Quail here Sunday week.

LT. LINWOOD BETTS HOME ON FURLOUGH

Mrs. C. A. Burton had word Wednesday that her nephew Lt. Linwood Betts, who is a co-pilot on a B-29 and has been on Saipan several months, had landed at San Francisco last Sunday. He has finished his 30 missions and is home on a furlough. He will meet his wife, Mrs. Betts, at Houston before coming on to visit Mrs. Burton.

CPL. BILLY THORNBERRY WILL SOON BE GIVEN FURLOUGH IN U. S.

15th AAF IN ITALY — After long service in Italy with the 15th Air Force, Cpl. Billy G. Thornberry of Clarendon will soon return to the U. S. with the veteran 456th Bomb Group.

Cpl. Thornberry will report to the Reception Station at Bliss, Texas for processing after which he will be given a furlough before reassignment. He is a son of Mr. and Mrs. Bill Thornberry of Clarendon.

VISIT PARENTS HERE

Dr. Knox Dunlap and wife and small daughter are visiting her parents, Mr. and Mrs. Paul Shelton. Mrs. Dunlap met her husband at San Antonio where he has been in the hospital recovering from wounds received overseas. Edith Shelton of Amarillo also spent the week end at home.

McALLEN SERGEANT WINS BRONZE STAR

With Sixth Infantry Division, on Luzon—S/Sgt. Harold B. Harris, son of Mr. and Mrs. Sid Harris of 401 South 12th Street, McAllen, Tex., has been awarded the Bronze Star medal by the commanding general of the 6th Infantry Division for "meritorious achievement in connection with military operations against the Japanese" on Luzon, P. I., from Jan. 9 to 18.

Harris is a mess sergeant in a front-line rifle company of the 20th Infantry Regiment of the 6th Infantry Division, which holds the record for continuous combat in the Southwest Pacific.

Mr. and Mrs. Sid Harris are former residents of Donley Co.

BROTHERS AND COUSIN HOLD REUNION AT PEARL HARBOR

Mr. and Mrs. O. L. Usrey of Lelia Lake received word from their son, Clovis Usrey, who is stationed in Pearl Harbor doing Naval Construction work, that he and another brother, Pvt. Darman E. Usrey, had met in Pearl Harbor and to their joy and surprise met a cousin, Ed Usrey, Phm. 1/c, son of Mr. and Mrs. Burt Usrey of Hedley.

They celebrated by talking of home until early in the morning. Clovis writes that he considers himself lucky in that during his sixteen months in Pearl Harbor he has previously seen a younger brother also, Harold Usrey, S 1/c.

SERVICEMEN'S READJUSTMENT ALLOWANCES

A number of recently honorably discharged servicemen are eligible, under the G. I. Bill, to Servicemen's Readjustment Compensation.

The Veterans Employment Office, located in the City Hall, Clarendon, processes these applications and Glenn Allen, the local office manager, states he is available at all times to assist in preparing these applications.

H. M. LANE TO HEAD WHITE DEER SCHOOLS

H. M. Lane, one time principal of the Clarendon Junior High School, has accepted the position of superintendent of the White Deer schools, succeeding Chester Strickland, who is now superintendent at Hereford.

Mr. Lane was principal of the White Deer High School last year and of the grade school the previous year. Before going to White Deer, he had been principal of the South Ward and Junior High schools here in Clarendon for 15 years.

He received a B.S. degree from West Texas State College and a M.A. degree from the University of Colorado, majoring in educational administration, and has done further work at the University of Washington.

Mrs. Lane, also a former teacher here, will continue to teach language arts in the White Deer grade school.

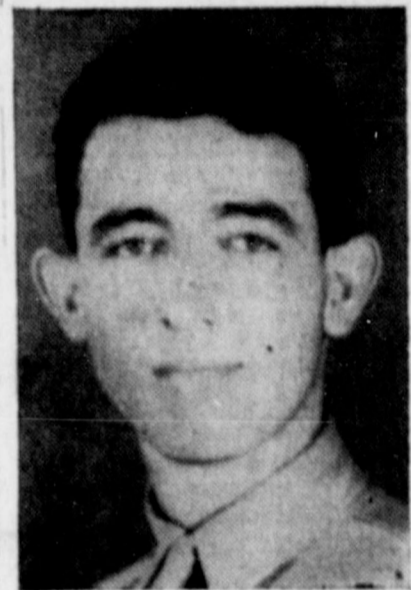

QUINTON HENSLEY JR. RECOVERING FROM RATTLESNAKE BITE

Quinton Hensley Jr., son of Mr. and Mrs. Quinton Hensley of Ashalto, was taken home from the local hospital yesterday morning after almost complete recovery from a rattlesnake bite which he received last Friday.

The six year old boy had been playing with a frog when it jumped into a hole in which the rattlesnake lay in readiness to grasp the boy's hand when it went in for the frog. The snake had nine rattlers on its tail. The child was in a very critical condition by the time the parents got him to the hospital as they had administered no first aid. He didn't overcome the effects of the venomous snake's bite until Monday.

The fifteenth annual gathering of the Donley County Old Settlers Association will be held at Tate's Grove, 5 miles northeast of Hedley on the Wellington Highway Friday, August 17th, according to Unele Bill Rains, president of the Association.

The program, committees and type of entertainment will be announced later. The main purpose of the meeting is that everyone have a general get together in good old neighborly fashion—that a mingling of old friends will bring forth a new hope and a stronger faith for the future.

Many service boys will be back this year—the first time in several years. You will want to be there to greet them and welcome them back.

Make your preparations now to be there with a well-filled basket. Ask some old timer to share your car with you. Tell your neighbors that you will meet them at the old stomping ground around ten o'clock on the morning of August 17th. Many happy days have been spent there, and your presence will lend a great deal to the enjoyment of the day.

If you have lived in Donley County twenty years or longer, you are an old timer and an eligible member of the Ass'n.

Officers of the Association are: Uncle Bill Rains, president; Red Doherty, vice president; Mrs. Thava Crawford, secretary-treas.; Winfield Mosley, assistant secretary-treas.

XIT Roundup At Dalhart Aug. 6-7th

Plans are rapidly shaping up for the 9th Annual XIT Roundup in Dalhart Monday and Tuesday, August 6-7th.

As in all the other XIT celebrations since Pearl Harbor, this year's show will be a streamlined wartime version, geared especially to meet recreation needs of the Dalhart Air Base and the immediate area.

Emphasis will be on two professional rodeos, big-time costume dances and colorful parades. The XIT show is a member of the National Rodeo Association.

The two rodeos, with guaranteed purses of \$1000 plus entrance fees, will be presented each evening at 6:30 in the big stadium on the shores of Rita Blanca lake. Competition will be open to anyone except cowboys blacklisted by the Rodeo Cowboys Association, according to Allyn D. Finch, rodeo director.

PFC. RALPH TOLBERT AT ARMY SERVICE FORCES REDISTRIBUTION CENTER

Reporting to the Army Ground and Service Forces Redistribution Station at Hot Springs, Ark., Pfc. Ralph Tolbert, Clarendon, is enjoying a vacation in resort surroundings while meeting appointments which will determine his next assignment.

Pfc. Tolbert served seven months overseas in Europe returning to the United States last month. He was on a 30-day furlough before reporting to the Redistribution Station.

PRESIDENTIAL CITATION AWARDED NEPHEW OF LOCAL LADIES

Albert S. Graves, nephew of Mrs. J. T. Patman and Miss Mantie Graves, recently received the Presidential Citation and another Battle Star for the battles in the Marianas with the 4th Marine Division. Mr. Graves received his discharge in June after having served eight months overseas in the invasions of the Marshalls and the Marianas, and is again working as engineer for the Cities Service Co. at Pampa.

Dr. B. L. Jenkins is visiting at Ft. Worth and Dallas.

TEXAN'S SHARE
in the
WAR

USO also has expanded another service to the wounded, thru USO recreation centers established at all military and naval hospitals.

The Pacific war is a shipping war. Thousands of merchant ships and increasing numbers of merchant seamen, carry the munitions, equipment and men required for the war against the Japs. Still others continue to serve the European front, carrying supplies and transporting troops home or to new battle areas.

United Seamen's Service follows the ships to all ports of the world, to provide off-duty recreation for the millions of seamen at the end of their voyages through battle zones. Submarines, bombs and suicide planes are forgotten, at least for a few hours, as the heroic seamen relax in facilities provided by this great National War Fund agency.

In the Pacific, the needs of relief agencies are constantly increasing, as new islands and new lands are liberated. The people of the Philippines, who fought the Japanese throughout the years of occupation, are in pitiful condition, as are Chinese in areas newly liberated from the invader. Thousands of children and helplessly aged people must be fed and clothed—and quickly.

The people of the Philippines are loyal Americans. China suffered more and fought longer against the Japs than any other United Nation. Both deserve and must have continued and expanded assistance from the people of America.

For years the people of Europe

suffered under the heel of the Nazis—and for years we were unable to help them. Now we can get in and give them a helping hand—lift them to new hope and eventual self-sufficiency—save them from starvation and despair.

For the first time in months, representatives of War Prisoners Aid are being permitted to visit prisoner-of-war camps in Japanese territory, to serve American and allied prisoners. While the end of the European war permitted a 40 per cent cut in the budget of this great agency, there can be no thought of curtailment of service to our men held by the Japanese as long as a single man remains behind enemy barbed wire.

In simple terms, national, state and local quotas remain the same as last year because the NEED remains the same. No funds are being wasted. Every dollar given in the war fund drive is a dollar that will help our fighting men and helpless war victims.

More than 61 per cent of all funds raised by the National War Fund is used for services to our own fighting forces. Slightly more than 30 per cent goes for United Nations and refugee relief. About six per cent is held in an emergency fund, to meet unexpected demands during the year, and only approximately ONE PER CENT is spent for administration and campaign costs.

LIBRARY NOTES

By Mrs. C. A. Burton

It is with books as with other things now—you take what you can get and where you can get it. A few new books keep straggling in from our orders. The last to arrive were "Yesterday's Glory" by Dorothy Quentin, "Nurse Merton on the Russian Front" by Louise Logan. In addition to these Ladelle and Inell Cox brought us an armful which had been enjoyed by them in earlier years and which they were now passing on to others might enjoy them.

Irving Stone is working with a collaborator on the adaptation of the screen of his novel, "Immortal Wife," counted one of the finest novels of 194. Meanwhile he is continuing work on his biography of Eugene V. Debs, and has added

a chapter on Dewey to his book of defeated presidential candidates, "They Also Ran."

James Hilton, who is waiting for proofs of his new novel, which is to be published in August, is not sure that he will sell it for the screen. "Liberty Street" by I. V. Morris, which was a Literary Guild selection on for March is being screened.

Rosamond Lehman's Book-of-the-month book, "The Ballad and the Source," was sold to the independent producer, Walter Wanger, for \$175,000.

"Stallion Road," a novel of Western horse breeding by Stephen Lognstreet is also being filmed, as is "Cry Wolf" by Marjorie Catelet, a mystery story.

The Bible remains the best seller of the world. Parts of it have been translated into more than a thousand languages, and the whole of it into 184.

In an effort to increase the national literacy, Brazil through its National Book Institute, annually distributes books to nearly 3,000 libraries in its twenty states, five territories, and federal districts. The Institute, established in 1939, has distributed nearly half a million books.

Gwethalyn Graham's "Earth and High Heaven" has won not only the Anisfield-Wolf award for the best novel on race relations published in 1944, but the Governor General of Canada's 1944 award for the best novel by a Canadian writer.

RED CROSS VOLUNTEER SERVICE

HOME SERVICE

The Gripsholm is expected to arrive at Jersey City, N. J. on or about July 31, carrying about 1500 civilians. Of this number, 1132 are coming from Bombay, India. For the most part these persons are missionaries and their families, and students, who were formerly stationed in China, but due to the war were forced to leave. They went to India, but have not been able to obtain transportation to the U. S.

The balance of the passengers on the Gripsholm, approximately 375 persons, will board the ship at Piraeus, Greece.

Due to the present congestion in travel as well as in hotel accommodations, relatives are urged not to meet returning repatriates. The Red Cross will deliver to them on their arrival any funds sent them.

TOWN AND FARM WOMEN BEATING CITY FOLKS AT FAT SAVING

Our government knows that city women have done an outstanding job saving used fats—but, now that you town and farm women have rolled up your sleeves, you are providing more used fats per kitchen than any other group in the U. S. Keep it up! 100,000,000 more pounds of used fats are needed this year to help make vital war supplies. Without your record savings, we'll never make that quota. Save every drop! Remember, it's the small amounts that fill the salvage can faster. Drippings, skimmings, scrapings, and fat scraps melted down. Your butcher will give you 2 red points and up to 6¢ a pound. If you have any difficulty, call your Home Demonstration or County Agent. Approved by WFA and OPA. Paid for by Industry.

All mail, including books, sent to prisoners of war in Europe, is being returned to the senders. As everyone has known through the years, the sending or getting mail from prisoners of war in Japan has been difficult. At present somewhat better conditions exist as the result of the continued efforts of the International Red Cross. But still no book packages may be sent to Japan. However, the War Prisoners Aid of the Y. M. C. A. has made three shipments of books to camps in Japan and Japanese occupied territory. The second shipment was 30,000 volumes, and information has been received that these were widely distributed. The last books and other supplies provided by the War Prisoners Aid were only recently started on their way from a West Coast port.

The National Catholic Welfare Conference has also sent literature of all kinds, including religious books, to prisoners of war in Japan.

NATIONAL FARM SAFETY WEEK, 1945

By the President of the U. S. A. A PROCLAMATION

Whereas the Nation recognizes that the skill and labor of its farmers is a vital factor in winning the peace and

Whereas the inevitable decrease in available farm labor this year creates an especially urgent need for conserving farm manpower to meet production goals in 1945; and

Whereas the accidents which cause some fourteen hundred farm residents to lose their lives each month, and one hundred and twenty-five thousand others to suffer injuries, constitute an unnecessary waste of human life as well as of time and material:

Now, therefore, I, Harry S. Truman, President of the United States of America, do hereby call upon the Nation to observe the week commencing July 22, 1945, as National Farm Safety Week. And I request all persons and or-

ganizations concerned with agriculture and farm life to do everything in their power to educate farm people in the proper precautions by which they may eliminate farm hazards, and to stimulate a Nation-wide determination to stop the needless waste of irreplaceable farm manpower and property. And I further urge that farm people everywhere observe National Farm Safety Week by making a safety check in their homes and on their farms.

In witness whereof, I have hereunto set my hand and caused the seal of the United States of America to be affixed. Done at the City of Washington this 9th day of May, in the year of our Lord nineteen hundred and forty-five, and of the Independence of the United States of America the one hundred and sixty-ninth.

MELBA LEE PIPES HONORED IN MUSIC

Last Friday evening Melba Lee was honored in music, when she was presented in a musical recital by Mrs. Page Harmon in her home.

A group of selections were played by Melba Lee, showing the progress in her music study. Other pupils of Mrs. Harmon assisted on the program.

Mrs. Fran's White gave a very beautiful poem, "I Am Music."

A lovely little miniature piano with the bench was presented to Melba Lee as her reward. Other gifts were also received.

Refreshments of ice cream and cake were served to about fifty guests.

WOMAN'S SOCIETY OF CHRISTIAN SERVICE

Circle No. 1 of the Methodist Church Missionary Society met with Mrs. J. H. Hurn Wednesday afternoon. The lesson was on advancing and understanding. Miss Inell Cox was the leader of the program and gave the devotional. There were 14 members present and one visitor.

The hostess, assisted by her granddaughter, Inell Cox, served lovely refreshments.

Circle No. 2 met in the home of Mrs. U. J. Boston. Thirteen members were present. Miss Emma Sheffield gave the devotional. Mrs. Clyde Hudson was leader. Lovely refreshments were served during the social hour.

EXTRA GAS RATIONS FOR SERVICE MEN

Additional gasoline rations may now be obtained by service men having furloughs of more than 30 days. OPA Administrator Chester Bowles announced. "Furlough gasoline will still be issued at the rate of a gallon a day," Mr. Bowles explained. "but the 30-gallon limit is being removed for the benefit of released American prisoners of war who get leave or temporary duty assignments for sixty days in this country, and for those members of our armed forces who return from overseas and get more than 30 days leave."

"Service men applying for furlough gasoline rations should follow these three easy rules—1. Apply at any local war price and rationing board; 2. Bring along the mileage rationing record for the car to be used; and 3. Be ready to show furlough papers."

NO MORE RATIONING OF NEW 1942 CARS

Removal of the remaining small supply of new 1942 cars from all rationing restrictions was announced by OPA. "Beginning July 18, 1945, dealers who still have new 1942 cars in stock may sell them to any buyer without rationing restrictions," Max McCullough, Deputy Administrator for Ration, said.

Billy Ralph Andis visited friends in Clarendon Tuesday night where he left to spend Wednesday with his parents in Amarillo before leaving for Camp Ft. Leonard Wood, Mo. Wednesday night.

S 1/c C. M. Peabody left Monday night after spending some 30 days with his parents. Mr. and Mrs. Clarence Peabody. He reported back to his base on the west coast.

The many friends of Mr. C. M. Peabody will be glad to know he is some better at this time.

Bob Brock Writes From Okinawa

The following letter is from Bob Brock, son of Mr. and Mrs. C. H. Brock of the Goldston community, and a cousin to the Brock triplets.

Okinawa
June 25, 1945

Hello Folks,

Will drop you a few lines today. How is everyone by now? I'm just fine except too darn lazy to move. I should write a bunch of letters but just can't get started. I've been sitting around all day thinking "Well, I'll start writing in a few minutes." It is now 5:30 and this is the first letter.

I was put in for a Bronze Star today for meritorious service. I don't know if it will go through or not. I'll also be sending a Purple Heart home before long. I was going to wait until I got it and just send it home but decided that I had better write and tell you as the medics might send a telegram that I was wounded and you would be worried. It was nothing serious, just a small shrapnel wound.

I went to church services yesterday. We really have a nice Chaplain.

I don't know when I'll get a clearance on my flag. I'll send it as soon as I do.

Well, that is about all for this time.

Love,
Bob

MAXIMUM SUGAR FOR CANNING IS 15 POUNDS

Fifteen pounds of sugar is the maximum to be allowed to any one person for home canning. OPA emphasized, correcting a misunderstanding by housewives concerning home canning sugar allotment. Only housewives planning to can enough foods to require this amount of sugar are eligible to receive this much and they will receive it only where local sugar quotas permit such allocation, OPA said. In order to secure this amount, the housewife must establish to the satisfaction of her local ration board, that she actually is going to do this much canning.

In other words, local ration boards are empowered to allot only the amount of sugar to each individual (up to 15 pounds) required for her actual canning needs.

NO LUMBER PERMIT NEEDED FOR REPAIRS

Home owners need no longer apply to the Federal Housing Administration of the National Housing Agency for authorization to purchase lumber needed for emergency repair, WPB and NHA announced. The home owner may now certify his own purchase order and buy the lumber directly from a distributor.

Mrs. Jay Boles visited her sister, Arline Dozier, at Amarillo Tuesday.

Mrs. John Oaks and Mrs. Geo. Simpson of Amarillo visited Mrs. Frank White Jr. Wednesday.

Mr. and Mrs. Forest Sawyer, Mr. and Mrs. Pete Kunz, and C. T. McMurtry attended the horse show at Amarillo Wed. night.

After a short visit in the home of Mr. and Mrs. Cal Merchant, Mr. and Mrs. B. B. Cossey returned to their home in Dallas Friday. Her daughter, Scharlotte, returned home with them.

Mrs. R. Bartlett and sister, Mrs. Frank Dickey of Childress, visited Mrs. G. Ingram at Panhandle over the weekend.

AMM 1st Class Joe Tom Smith of San Diego, Calif. visited his sister, Joyce Smith and grandmother, Mrs. Monica Harvey, Friday night.

Mr. Joe Harvey and baby of Phillips visited Sunday night and Monday with his grandmother, Mrs. Monica Harvey.

RED-HOT BOMB DELOUSED ON LABUAN

Men of an RAAF bomb-disposal squad who landed on Labuan Island, Borneo, with the first assault troops found five 550 lb. bombs lashed underneath a wharf. They cut them away, allowing them to fall harmlessly into the sea. The last bomb was red-hot and was expected to explode at any moment. The airmen removed booby traps planted on roads and so enabled the Australian soldiers to advance. When the airdrome was captured they were called in to remove more bombs.

The Big Bend section is providing exas first national park. This single area includes mountains, plains and desert.

We've Had Some Interesting Experiences, Too!

Curtis Helldiver Dive-Bomber in action against the Japanese in the Pacific.

Whether you fly 'em... or make the fuel that flies 'em... you learn something!

The boys who have been filling Tojo's fleet as full of holes as an old tin can will have some interesting stories to tell when they get home.

And Phillips is going to have some interesting things to tell you (and show you) too!

Because a big part of our job the last five years has been to produce the 100-octane Aviation Fuel that has kept the big boys over Berlin and Tokio. And it hasn't always been an easy job.

In some ways it has involved almost as many trials and tribulations as a pilot goes through before he wins his wings. We've built vast new laboratories and staffed them with the wisest and most experienced scientists we could find. We've built new plants and introduced new processes. In short, we've gone "all out"—with every bit of brains and brawn we have—to give our fliers every ounce of precious 100-octane fuel that could be produced!

The result—today Phillips is one of the very biggest producers of 100-octane Aviation Fuel in the country! That's a mighty important fact—and one of which we're very proud.

And it's a significant fact, too—for every man and woman who plans to drive a car after the war. Because you can bet your bottom dollar that all the experience, all the know-how, all the scientific knowledge we've gained in becoming one of the largest producers of 100-octane gasoline—will be packed into the Phillips 66 Gasoline which powers your post-war car!

When you see the Phillips 66 Shield, remember—it stands for fuels for Victory today, and fuels for better driving tomorrow.

Requirements For Persons Who Hold Frozen Food Lockers Outlined

Requirements for persons who hold frozen food lockers were outlined today by the Enforcement Division of the District Office of Price Administration. Sam H. Allred, Enforcement Attorney, pointed out that the basis of the locker-inspection program is the requirement that no rationed meat may be transferred or ac-

quired without surrender of ration points.

Under certain conditions, persons are entitled to have point free meat in their lockers. A livestock producer may have slaughtered any animal he produced or raised without giving up points provided:

1. That he either operates a farm at which he resides more than six months of the year, or actually supervised the raising of the animal and was on the premises on which the animal was raised at least one-third of the life of the animal.
2. That the animal was raised by the owner from birth until time of slaughter, or owned and

fed 60 days preceding slaughter, or long enough for the weight of the animal to increase 35% of its weight when acquired.

3. That the resulting meat is for the owner's own household and that he does not intend to sell or transfer any of the meat.

If the locker plant does custom slaughtering for his locker patrons he is required to give information to the Local Board of the livestock owner and to the District OPA office showing the weight of the live animal, dressed weight, kind of livestock and facts about the offal. If the locker holder was not entitled to meat point free, then he is required to have a slaughterer's license and to have surrendered points for the meat transferred.

A locker operator is required to grade all meat handled or slaughtered by him, whether it belongs to a locker holder or any other person, before breaking, storing or delivering it.

If the locker holder is a farm slaughterer and is entitled to the meat point free for his own consumption, he is required to grade or have graded all of his meat, but if he kills cattle for sale he must grade it or have it graded before the carcass is broken, delivered or stored. He may grade the meat without applying for permission from the Federal Grading Service.

Old Boss Visits Disabled Veteran; Offers Job Back

Schenectady, N. Y. — Servicemen a mite worried about getting their old jobs back will have little need for concern if they had a boss before the war like that of Sgt. Garrett Waldron, this city. In Waldron's case, the mountain went to Mohammed, or more specifically, the boss went to the former employee.

Sgt. Waldron, whose legs were amputated in a German prison camp, recently concluded a convalescent furlough here during which time the home folks' celebration was topped off by a visit from a General Electric personnel man.

What made it still nicer was that the visitor himself was a former GI Joe, who now wears an artificial leg resulting from

wounds received in Italy. Elmer Jebb, the former high school athletic coach turned personnel interviewer, confined his talk to hashing over old time, then popped the \$64 information. "Anytime you're ready for us, Sarge, we'll be ready for you. When the Army decides to release you, we'll have a job for you, if you're interested."

Sgt. Waldron, who has now left to be fitted with artificial limbs following which he will be discharged, was trapped with his

MOOS OF THE MOMENT BY UNCLE BOB of the Kraft Dairy Farm Service

"The mower the merrier," said the dairyman as he started clipping his pastures. Mow the weeds, underwire your milk pail may prove to be utterly empty. (After reading that over the idea is offered that maybe what Uncle Bob needs is a good long rest.)

The sound of the mower in your pastures about this time of year is music to your cows, sure enough. Ragweed, goldenrod, thistles, burdock, dog fennel, bitterweed and other pests are now ripe for another clipping.

Clipping pastures at the right time not only keeps weeds from seeding and therefore spreading, but actually increases the food value to the cows. Tests showed about a 50 per cent increase in the amount of forage when a pasture was clipped.

Grass gets a healthier growth when weeds are kept down. If you let weeds go you may have to get a posse out to find your cows about this time next year.

How to get more milk and lower cost of production by lengthening the grazing season is the main subject for discussion in the July-August Kraftman, published for Kraft patrons. You surely won't want to miss the articles on fall and spring grazing pastures. If you are not getting the Kraftman regularly, write Uncle Bob at 500 Peshigo, Chicago 96, Ill., and I'll mail you a copy.

It's pretty hard right now to forecast exactly what quantity of grain will be available next fall and winter. So, if you can get an additional ton of hay per cow put away, you may save yourself some worry and some extra cost, too, next winter.

Most of the hay I saw in recent weeks looked pretty good and indications seem to point to a fairly sizeable crop, at least where I've been traveling. I hope you can take advantage of good yields and get a big supply on hand.

Here's a good idea which comes from a squirrel: it buries nuts, for winter food supply, and you can "bury" some silage for your cows' winter food supply.

This is a good time to check your silo, make sure it is sound. And it's a good time also to make space for an additional supply of silage.

If you are not building another silo, there are quite a few types of temporary silos which will hold the extra cow feed you may need next winter.

Trench, box-type, native lumber, slat fence, baled straw and other such temporary structures give very satisfactory results. Remember, if you use one of these, be sure that it is built so as to prevent air from getting into the silage and to keep the right amount of moisture in.

For help on this point and for instructions on how to build this additional storage space, I suggest you write for Circular 346 "Temporary Silos," Extension Service, University of Missouri, Columbia, Mo.; Circular 320, Extension Service, Oklahoma A & M College, Stillwater, Okla., or Bulletin B-84, Texas A & M College, College Station, Texas.

More "hay days" on the farm this summer will mean more "hey-day" for your cows next winter. Weather conditions have been somewhat unsettled and grain prospects are uncertain so I hope you will be sure that your hay supply will be sufficient to take your cows through the winter.

The extension services are generally agreed that a cow needs from one and one-half to two tons of high quality hay per year, when you have sufficient grain, silage and concentrate to round out the animal's diet.

Favors Says All Four Constitutional Amendments Should Pass

State Representative Ennis Favors of Pampa, Texas, declared today that all four Constitutional Amendments submitted to the people in a State wide election on August 25th this year should pass and that he knew of no serious opposition to any of them, but admitted there was very little interest in the election. He said the

FIRST Amendment on the ballot permitted members of the Armed Forces, or, ex-members honorably discharged 18 months or less, to vote in all elections for the duration of the war and 18 months thereafter without the payment of any poll tax; the SECOND provided for a continuous salary of all members of the Legislature

during their term of office; the THIRD provided for a Nine Judge Supreme Court of Texas; and the FOURTH increased pensions for the needy old people from \$30.00 to \$40.00 per month, including both State and Federal funds. Surely he said, only a few people at the outside would object to allowing members, or, ex-members of the Armed Forces vote under the conditions of the First Amendment and that because the Governor vetoed the Statutory Bill, it did not mean that he had any objection to the

Constitutional Amendment. As to continuous pay for members of the Legislature, he said that every body agreed that approximately \$600.00 per year was not enough pay for a member of the Legislature, and that \$3,600.00 per year would attract bigger and better men to offer for the office and result in fewer and more sensible laws. He insisted that we now have a Nine Judge Supreme Court and that only three wrote the opinions, and said this Amendment would permit all Nine Judges to participate in opinions. Favors said naturally it would take more money to pay \$40.00 pensions to the needy old people but that no additional State taxes would be required and that he presumed if this Amendment

should pass, the next Legislature would transfer more money from the Clearance Fund to the Old Age Assistance Fund, and that if the Amendment failed, the next Legislature would not be so liberal with the old people and probably would reduce appropriations for pensions.

SOCIAL SECURITY INFORMATION

While we welcome the opportunity to appear before group meetings of all kinds, both employer and employee organizations, to explain the old-age and survivors insurance program and answer all questions pertaining to it, we find that it is often to the advantage of the individual desiring information to call at the office or write specifically regarding the type of information desired, said James L. Farmer, manager of the Amarillo, Texas field office of the Social Security Board.

In emphasizing his point the Social Security Board representative stated that when a wage earner reaches the age of 65 he should contact the field office promptly for facts concerning his rights to benefits. The same is true, Mr. Farmer said, in case of the death of a worker before age 65, when it is necessary for the widow or other survivors to contact the Social Security Board of-

rice. The reason for this, it was pointed out, is that it is not good policy for any individual who feels that he is entitled to file a claim for old-age and survivors insurance to accept the word of the most intimate friend, owing to technicalities of the law. Such information given in all sincerity by a friend might apply in one instance and would not apply in another.

The Amarillo, Texas office is located at 324 New Post Office Building and is open Monday through Friday from 8:30 a. m. to 5:00 p. m., Saturday from 8:30 a. m. to 12:30 p. m. There is always some one in charge to give out authentic information regarding claims, benefits, etc. This service is free.

HIGHWAY TO VICTORY.

Only where Natural Gas is needed for the war effort can pipe lines be built today. And even with all the modern equipment at hand, the job is still one for pioneers. . . . Before the actual laying of pipe, our construction crews must prepare the "highway," better known as the right-of-way, through remote swamps and marshlands, through cultivated fields, and woods, under highways, railroads and streams. In some cases they must dig canals or dynamite out large roots or pieces of rock to clear the way for the actual construction. These men are truly soldiers on the home front. . . . Always the work of these valiant gangs is hard and hazardous but they carry on, day in and day out, doing their part willingly in their country's struggle for victory.

TEXAS COTTON ACREAGE LOW

Texas cotton acreage in cultivation on July 1 of this year was one of the smallest in almost a half century. The Bureau of Agricultural Economics at Austin, quotes the Crop Reporting Board of the U. S. Department of Agriculture that six million four hundred thousand acres were under cultivation on that date. The report said that this represented a decline of thirteen per cent from the acreage planted in 1944.

Historically, the cotton acreage harvested in Texas from 1890 to 1900 averaged from four to seven million, reaching a peak in 1925 when nearly eighteen and one half million acres were planted to cotton. From 1925 through 1937, the cotton acreage in Texas ranged above 10-million acres, but from 1937 onward the yearly planting has been less than 10-million acres.

The 1945 planting season has been one of extremes, the report said. Central and eastern districts were too wet through much of March, April and May, and the western areas were extremely dry beyond the planting date for cotton. In all areas except the north and south high plains the unfavorable season resulted in late plantings. But, the report adds, this did not prevent most farmers from getting in their intended acreage. Some areas, especially the blacklands and some upper coastal counties, diverted some intended corn acreages to cotton.

In the high plains, however, the drought situation prevented the planting of acreage and introduced uncertainty as to the acreage which may be brought to a stand and carried to harvest. With the 1945 planted acreage reduced more than fifty per cent in the high plains area, the report said, the outlook for cotton is not too favorable in the area this year.

In the nation at large the estimated 1945 acreage standing on July 1 was slightly more than

eighteen and one-quarter million, or about two million less than on the corresponding date in 1944, the report said.

HARMON LEE McCLELLAN HELPING SUPPLY AIR FORCES

PEARL HARBOR, T. H. — Nerve center of the far flung aviation supply system in the Pacific area is the Naval Aviation Supply Depot here. This important activity, like a super mail order establishment, serves the wide-spread island bases, aviation supply ships, and mighty carriers.

Engaged in vital task of supplying aviation forces now striking at Japan is Harmon Lee McClellan, storekeeper first class, USNR, of Clarendon, who has been attached to this activity for nine months. His duties here involve the office and clerical work in connection with engine parts and accessories.

McClellan is the son of Mr. and Mrs. Lu McClellan of Ashtola, and husband of Mrs. Harmon McClellan of 2920 Kalmia St., San Diego, Calif. Before entering the naval service in February, 1942, he was assistant manager for the Antro Hotel, Clarendon.

Prior to his transfer here McClellan was stationed at the U. S. Naval Aviation Facility, San Clemente Island, Calif.

HOME FROM GERMANY

Lawrence Whitlock, who saw service in the battle for Germany, is home on furlough visiting his parents, Mr. and Mrs. Frank Whitlock and other relatives and friends.

VISIT SISTERS HERE

Mrs. W. T. Cornelius and daughter, Wanda Lou, Mrs. Lucy Allred and sons Harlon and Curtis of Altus, Okla. spent the week end with their sisters, Mrs. T. Jones and Miss Cora Ferris.

Billy Jo LaGrone of Amarillo, who recently had an appendectomy at Northwest Texas Hospital, is now in the home of her parents here, Mr. and Mrs. Jake LaGrone.

Joyce Lowe of Wellington is visiting this week in Clarendon with relatives.

LT. JAMES F. BARTLETT IS NAVIGATOR WITH FIFTH AIR FORCE

FIFTH AIR FORCE, Philippines—1st Lieut. James F. Bartlett of Clarendon, is now flying as a navigator with the 345th Bombardment Group "Air Apaches," crack B-25 bomber-strafer unit in the Fifth Air Force.

Son of Mr. and Mrs. J. Roy Bartlett of Clarendon, Lieut. Bartlett has logged 13 missions, taking part in long-range strikes against Jap shipping in the South China Sea and enemy supply centers on Formosa. These missions, necessitating flying over vast stretches of the Pacific, place an added responsibility on Air Force navigators.

The Clarendon airmen, husband of Mrs. Vickie G. Bartlett of 5129 Claremont Street, Houston, is a graduate of the University of Texas business administration school. Formerly a public accountant with Ernst and Ernst Company in San Antonio, he entered the Army in January, 1942. He received his wings and commission at Selman Field, La., in December, 1942, and was promoted to First Lieutenant a year later.

Mary Lu Smith of Panhandle spent the week end with her sister, Joyce Smith.

Mrs. Johnny Mansfield returned to her home at Dallas after a week end visit with her sister, Mrs. J. C. Heath, in the home of her daughter, Rev. and Mrs. Hal Upchurch.

Miss Maurice Berry and her niece, Evelyn, of Denton, spent the week end in Clarendon.
