CLARENDON, DONLEY COUNTY, TEXAS, AUGUST 2, 1945

A Common Paper for Common People

Mrs. Nell Jones Buried Here Wednesday

Funeral services were held Wednesday afternoon at the Presbyterian Church for Mrs. Nell Cook Jones with Rev. John Ellis officiating.

Mrs. Jones passed away at a local hospital Sunday morning about 2:30 a. m. after taking suddenly ill late Saturday afternoon.

Mrs. Jones, age 25, was born and reared in Donley county. She moved to Clarendon with her parents 16 years ago from Lelia Lake.

She attended the Clarendon public schools and was a graduate of Clarendon Jr. College and also attended W.T.S.C. at Canyon. She taught school at Goldston and also at Dalhart. She was married to Wilson Durwood Jones March 4, 1941. She was a member and an active worker in the Presbyterian church here.

She is survived by her husband Master Sgt. Wilson Durwood Jones who is now with a B-29 bomber group on Tenian Island; one son, Wilson Durwood Jr.; her parents, Mr. and Mrs. Melvin Cook and one sister, Mrs. Nova Mears, all of this city.

Palbearers were six service men from Amarillo Army Air Field.

Burial was in Citizens Cemetery with funeral arrangements under the direction of Womack Funeral Home.

REVIVAL MEETING AT CHURCH OF CHRIST

M. F. Manchester, local minister, announced this week that a gospel meeting would begin Friday evening August 3rd and continue through August 12th at the local Church of Christ.

Mack Kercheville of El Paso will do the preaching. The services will be held twice daily: 10 a. m. and 9 p. m.

The public is extended a warm welcome to attend all services.

PVT. ALBERT WHITSELL RECEIVES DISCHARGE AND IS AT HOME

Pvt. Albert Whitsell, son of Mrs. A. L. Whitsell, arrived here Saturday morning after spending 20 months over seas with an infantry division in Germany during which time he was wounded. He has received a medical discharge and plans to go to work for the Civil Service within the near future.

Rev. and Mrs. E. D. Landreth visited in Amarillo Tuesday.

President Receives Trophy

A statue modeled after the famed photograph of the Mt. Suribachi (Two Jims) flag raising taken by Joe Rosenthal of the Associated Press, is presented to President Harry S. Truman. At the ceremony, left to right: The President; Felix de Weidon, Navy painter, second class; Joe Rosenthal, AP photographer; Ted R. Gamble, National Director, War Finance Division, U. S. Treasury, and Marine Lieut. Col. E. R. Hagenah. Our flag must still be raised on many more bitterly contested battlefields. Your purchase of more and bigger War Bonds is needed to help further advances.

Former Clarendon Resident Kills 3 Japs On Cebu In First Combat

With the American Infantry Division in the Philippines, Pvt. Curtis A. Jones former Clarendon resident, killed three Japs on Cebu and had his first taste of combat during 32 consecutive days of fighting with the American Division's veteran 132nd Infantry Regiment.

His front-line stilt company made a leap-frog combat jump to the northern tip of Cebu, cutting off retreating enemy. "Near the small town of Danao I killed my first Jap," said Jones. "We were on a patrol when we ran into a large group of them. I saw the Nip about 50 yards away, hiding in the brush. He looked scared, but he didn't have anything on me. I fired my automatic rifle and he fell over in a heap."

Jones killed two additional Japs when his company attacked strong enemy positions in the hills. A honeycomb of caves and tunnels made it necessary for the doughboys to blast the Japs with demolition charges and burn their emplacements with flame throwers.

He is the husband of the former Miss Leona Peabody and son of Mrs. C. A. Jones. He was employ-

PVT. WILLIAM GRIMSLEY SELECTED TO ATTEND RADIO SCHOOL

Fort Sill, Okla.—Pvt. William E. Grimsley of Rt. 1, Hedley, Texas, has been selected to attend the Enlisted Radio Repairman course of the Field Artillery School at this post.

T/4 HENRY B. DAVIS HOME AFTER 38 MONTHS IN ITALY

Miami, Fla.—It would be the unusual of Air Transport Command's Miami Army Air Field if at least a few Texans were not flown into this ATC Caribbean Division hub from overseas on any single day.

Today was no exception—they were clearing ATC's Miami Army Air Field for Camp Blanding, Fla. From there they will be sent

T/4 HENRY B. DAVIS

to reception centers nearer home for separation from the service or furloughs prior to reassignment under the Army's redeployment plan.

Included among the latest Texas arrivals were T/4 Henry B. Davis, 28, Rt. 1, 1st Armored Division, 38 months Italy.

Since this article was set, Henry has arrived in Clarendon and is most happy to be back home again, especially after spending over three years on the battlefield.

BETTY JOHN GOLDSTON SELECTED BY A.A.A.F. AS PIN-UP GIRL

Betty John Goldston of Clarendon, who is now working in the Military personnel office at Amarillo Army Air Field was recently selected as pin-up girl of the A.A.A.F. Her picture appeared in the Amarillo Mecha News, also in the newspaper which is sent to those in service overseas.

Betty John is a daughter of Mrs. John Goldston of the Midway community.

CORRECTION

In naming the executive committee of the American Legion last week, an error was made which we wish to correct. Milton L. Todd was named as one of the executive committee and it should have been Dexter Todd. Milton Todd is 3rd vice president.

PENTECOSTAL MEETING IN PROGRESS

The revival meeting of the Pentecostal Church which began Monday July 30 has been very successful to date. It will continue through August 8th. There have been approximately 135 visitors from over the state and about 20 ministers from this state as well as surrounding ones.

The Church wishes to express its appreciation to the Shamburger Lumber Co. through which the lumber for the tabernacle was obtained, and also to Smith Bros. Gin Co. for lending the covering. Everyone is cordially invited to attend the morning and evening services.

Local Nine Take Memphis 7 to 6

The local baseball team defeated the Memphis team here last Sunday by a score of 7-6 in a hotly contested game which lasted 10 innings.

Jack Eddings was the star of the game when he was brought in as a pinch hitter in the 10th. He hit the second ball pitched for a home run which ended the game. All the players played a very good game, for it was a close run all the way through.

Ables and Davis pitched for Memphis and Meadows and Pruett for Clarendon.

There will be a double header here next Sunday as Quzil plays the regular team and the Hedley school team will play the school team here. All the Juniors are asked to get together and get organized and be out for the game and ready to play by 1:30 so there won't be any delay.

This will be an exciting afternoon for baseball fans, and a large number is expected out to witness both games.

INFANT SON OF PVT. AND MRS. MELVIN VICK BURIED HERE MONDAY

Graveside services were held here Monday afternoon at 5 p. m. for Johnny Gale Vick, infant son of Pvt. and Mrs. Melvin Vick, with Rev. Hal Upchurch officiating.

Surviving besides the parents are the grandparents, Mr. and Mrs. Carl Naylor of this city and Mr. and Mrs. Jesse Vick of Memphis.

The child's father is serving with the armed forces in the Philippines and was unable to be present for the services.

Burial was in Citizens Cemetery under the direction of Womack Funeral Home.

OLD TIMER VISITS CLARENDON

Archie Pool and wife, now of Abilene, Texas, who resided here along about 1910, where Mr. Pool worked as a carpenter, visited J. A. Warren and family last Thursday. They went from here to Amarillo where they had also resided for some time, to visit old friends there.

Mr. Pool served for a time as city commissioner in Abilene, but of late years has been in ill health and conducts a small, individual finance loan business. He is a brother of the late Sam Pool, who for many years watered Clarendon's dirt streets, when we were all poor folks.

BIG CROWD ATTENDS SINGING AT PAMPA

A large number of singers from Donley County were included in the 705 who attended the 4-county singing convention in Pampa Sunday.

This was the annual event. The next gathering will be in Clarendon on the 5th Sunday in September. Besides Donley, the other counties included are Hutchinson, Potter and Gray counties.

Guy Alden Wright who has been visiting at Dimmitt, returned home Wednesday.

CHIEF PETTY OFFICER DARRELL BAILEY BACK IN STATES AFTER 38 MONTHS

Mrs. W. A. (Jack) Bailey of Compton, Calif. and former Donley County resident, received a telegram July 22nd from her son stating that he had arrived in San

Francisco and that he would be home in a few days.

Darrell was raised in Donley County. He entered the service and left the states after training on May 5th, 1942. This is his first trip home since that time and has attained the rank of Chief Petty officer in the Navy since that time.

BELL BROTHERS MEMBERS OF VETERAN AIR SERVICE GROUP

With a Fighter Bomber Air Service Group in the European Assembly Area — Cpl. Kenneth Bell and Cpl. James E. Bell, sons of Mr. and Mrs. S. C. Bell of Clarendon, are being processed at Camp Detroit in the Assembly Area Command as members of a veteran fighter bomber Air Service Group being redeployed directly to the Pacific.

This Air Service Group was one of the first of its kind to land in battle-torn Normandy a year ago last June. They aided in the victorious drive for Brest and again at St. Lo.

Toward the end of the Normandy campaign, they were offering close fighter bomber support to General George S. Patton's Third U. S. Army. In the months that followed the Group's P-47 Thunderbolts, always in close support of the famous and fast-moving Third Army strafed and bombed their way across France and were stationed far east of the Rhine when the war in Europe ended.

The organization recently was awarded the Meritorious Unit Citation and its veteran members now wear four bronze battle stars.

Mrs. J. A. Warren visited in Amarillo first part of the week, returning home Wednesday.

In viewing the main street of Clarendon, one sees more construction work going on right now than they have seen in many years. The work on the new Cozy Theatre is progressing as to plan and at the present time they are running foundation forms and a portion of the flooring. Lee Bell, manager of the theatre, is quite pleased with the progress.

The crew working on the Parker-Perkins store in the second block have shown much improvement this week. They are completing the work on the front and also preparing the outside for finishing work. They are also completing the inside ceiling and it has been stated that the present crew will finish with their part of the construction within the near future but there will still be a lot of finishing work to be done.

Moving on to the upper block of main street, Lon Rundell is putting up a new 50 foot building next door to the City Gas office. The construction crew have part of the brick laid on the front of the building at the present time.

With the present construction, past remodeling and the contemplated remodeling, Clarendon will have a very nice looking main street before too long in the future. Let's keep the building bug growing.

Besides the construction, a number of business firms have installed air-conditioners the past week or so. This is a very fine thing for both the shoppers and the workers, especially since the weather has turned to the hot side.

CEILING PRICE SET FOR FARM SLAUGHTER

A ceiling price has been established for the grading of beef, veal, lamb or mutton by commercial freezer or locker plants for farm slaughterers. OPA announced, the ceiling, effective July 30, 1945 is 12½ cents per hundred pounds of meat graded, computed to the next highest multiple of five cents.

For example, a farm slaughterer requests a locker plant to grade a 150 pound cut of meat. The ceiling price for grading this meat would actually figure out at 18¾ cents. Adjusted to the next highest five cent multiple, however, the final ceiling price would be 20 cents on this particular operation.

Advance on Okinawa

American infantrymen surge inland from the beach at Okinawa as smoke rises from distant hills where the big guns of battleships off shore have found their mark. You also can bring big guns into play by purchasing more and more War Bonds.

Strike Jap Air Plant

Smoke pours from buildings of the Yokosuka airplane plant where Naka Jims fighter planes "were" built. The plant, 45 miles northwest of Tokyo, was hit by U. S. Navy carrier-based planes. Press the attack in the watchword in the Pacific and the sale of War Bonds is the objective at home. Your heavier purchases of these Bonds will achieve this objective.

LIBRARY NOTES

By Mrs. C. A. Burton

The special editions department of Random House is working on two important projects for 1946. One is a new and unabridged edition of "Mother Goose" with illustrations in full color by Arthur Szyk. The other is a "Treasury of the Songs of Stephen Foster" with illustrations by William Sharp, historical notes by John Tasker Howard and an introduction by Deems Taylor. Production history was made in April with Pocket Books' production of "Franklin Delano Roosevelt—A Memorial." Plans for the 250 page book in regular 25c pocket edition were completed on April 13, the day after the death of President Roosevelt. The editorial work was completed over the weekend, type was set on Monday, lockup and making of the plates on Tuesday and Wednesday, printing started on

Thursday, binding and shipping on Friday. The first printing, carrying the date of April 18, 1945, is being distributed in all parts of the country as well as overseas.

When M.G.M. bought the film rights to Sinclair Lewis' new novel, "Cass Timberlane," for \$150,000, his agents insisted on a bonus clause for \$50,000 more if it became a selection of the Book-of-the-Month Club—which it did. So Mr. Lewis has already received about \$400,000.

The name of Quentin Reynolds' new book, scheduled for early publication is "Officially Dead." It is the story of the pilot of a river steamer in China, whose exploits after Pearl Harbor read something like Dumas or Sabatini.

"Green Dolphin Street" is the 13th book written by Elizabeth Goudge. Even though 13 is considered unlucky, between eight and nine thousand copies have been sold.

150,000 copies of Bill Mauldin's

"Up Front" were sold two weeks after publication, and Holts ran out of paper. They sold it to World Publishing Co. who will continue it—till their paper gives out.

Pfc. C. F. Garman Writes Letter From Manila

The following insertion consists of excerpts from the first letters of Pfc. C. F. Garman after he reached Manila from Australia a few weeks ago to his wife who lives in Clarendon. Upon his arrival, he wrote:

"I'm just fine and hope this finds you the same. No mail was waiting for us here; I guess it won't be long tho'. We have a nice, dry place to stay, and are eating with a Co. already set up here; use their shower, and everything. It looks pretty good to me after a siege of New Guinea. Manila is torn up just like the news said it was, and the bay is nearly full of sunken ships, with their masts sticking out. I hope they are all Japanese - - - They are rebuilding feverishly. They have roads here, paved highways, and railroads, houses and in short, civilization, which was sadly lacking in Finshhafen. - - -

(A few days later) I went into Manila last night. Things are high in town; half fried chicken is \$3.50, a sandwich is \$1, soda waters are 50c. The lights aren't on yet, except in Army Installations, so it is dark on the streets, and easy to get lost. The stores are little hole in the wall places, all of them. There are no big stores like we know no plate-glass windows even in the little damaged section. I think just little booths is all they ever had. Some few families seem to live out in the street with just an awning for a

METHODIST CHURCH

H. W. Hanks, Pastor

We will have our regular services Sunday. Sunday school at 9:45. Preaching at 10:50. Then preaching at 8:30. We wish to say we have arranged for chairs to be brought in, if it is necessary. So don't let anyone stay away thinking they might not get a seat. We are reasonably sure that there will be ample room for all and a seat for everyone. So come one, come all.

I will preach at Goldston at 12 and at 9:30, closing our revival meeting there at the evening hour.

RATIONING AT A GLANCE

By Peppy Blocker

I hope all of you listened to the radio Monday night when Clinton Anderson, the new Secretary of Agriculture, gave his first report on our food supplies. He made it very clear that, while the end of our food problems was nowhere in sight, every effort is being made to alleviate shortages as soon as possible. Here are some of the things he said:

"I can report to you that we are taking positive steps to deal with the problems of food shortages. Our first objective is to increase production to the limit of our ability in order to meet the needs that confront us as a nation. This goal, however, cannot be reached overnight. It takes time and the blessing of good weather to produce more food. And with confidence among our farmers and a determination to back them up, we can have more food in this country."

He said that in the months ahead, we can expect short supplies of meats, fats, oils, sugar, condensed and evaporated milk, canned fruits and vegetables. Rice and dry bean supplies will get shorter. Transportation difficulties may make it impossible for consumers to get all of our fruit and fresh vegetables. And except for wheat, potatoes and most fresh vegetables, the 1945 crops will not be adequate for all of the demands being put on the food production of this country for our armed forces, our allies, liberated people abroad, and those of us here at home.

As Mr. Anderson said, "This is not an optimistic picture, and yet it is not much different from what the people of this country have been experiencing during recent months. True, the measures we are taking to improve distribution and choke off Black Markets will bring some relief from shortages, but they cannot increase the total volume of food that will be available for the rest of this year. This can only be done through increased production as long as the present high demand for food continues."

But with it all, he pointed out that all of us will be eating at least as well as we did in recent months. I was particularly pleased to hear him say that with the help of the consuming public, we will get more equitable sharing of scarce foods. And the fact some important foods will still be unavailable in the amounts that we would like means that our meals will have to be somewhat different than they have been.

"Yet," as Mr. Anderson said, "with all this outpouring of food for our military needs, to relief feeding, to suffering people in the wake of battle and to those allies whose cause is common with our own, the people of America find themselves reasonably well-fed and know that their sacrifices of food have not been greater than they counted on nor more than they could bear. Knowing that, we can face our future in food without alarm."

Mr. and Mrs. C. T. McMurtry visited his mother, Mrs. McMurtry near Archer City Monday and Tuesday.

VISIT IN WARREN HOME

Visitors in the J. A. Warren home Sunday were their daughters, Mrs. Roscoe Crafton, Mrs. Paul Hollingsworth and husband, and friends, Mr. and Mrs. Ira Dearen and daughter, Miss Ear-

nestine, Mrs. LaVelle Lutts, Sgt. Browning and Cpl. Keagan all of Amarillo. Also Mrs. D. Ray Warren and her daughter, Mrs. Bob McFaddyn, of Las Vegas, Nevada, and Mrs. W. E. Whitfield of Amarillo.

R-2 TIRE CERTIFICATES INVALID AFTER AUG. 15

Motorists who hold certificates to purchase tires should be careful to check them to see if they are the "R-2" type, since all outstanding R-2 tire certificates become invalid for consumer use after August 15, the District OPA Rationing Division has announced.

For dealers, the invalidation date is August 31. Dealers may also during the month of September exchange R-2 certificates on hand September 1 at OPA District Office in Lubbock. "However, consumers may not exchange their R-2 certificates if they have not been used before August 16—they will become invalid and useless," officials pointed out.

Purpose of the invalidation is to get out of circulation the easily-counterfeited old R-2 certificates. R-2A and R-2B certificates are not affected, since they are printed on government safety paper which cannot be easily counterfeited.

WILL VISIT IN ARKANSAS

Sheriff and Mrs. Guy Wright and children and Catherine Thompson will leave Friday for Bentonville, Ark. for a 10-day vacation. They will be joined by Mrs. Wright's sister and husband, Mr. and Mrs. James T. Martin from Washington, D. C. for a visit while there.

WOMAN OF WONDERS

By Ross Springer

"Hats off" to Mrs. Van Knox who has successfully grown nice red tomatoes on potato vines. She is also raising cats with hairless tails. She says now she is trying to swallow her face. I think she will succeed in this also, as she has the end of her nose in her mouth already.

FLOATING WARSHIP DRYDOCKS

Floating drydocks, whose electrical equipment is supplied by General Electric, make it possible for the Navy to make emergency repairs of warships far from their most advanced permanent bases and as near the fighting zone as desired.

Mr. and Mrs. Lee Mears from Lubbock spent Monday and Tuesday visiting relatives and friends here.

Mr. and Mrs. Will Johnson and daughter, Mrs. Ben Daniels left Thursday (today) for Hot Springs, N. Mex. for medical treatment.

Dr. and Mrs. L. M. Ellison and son Geo. Hubbard from Denton will be weekend guests at the Clarendon Hotel.

Mr. and Mrs. Johnny Johnson and daughter Johnnie Lorraine are spending their vacation in the Colorado mountains.

RANGE AND LIVESTOCK CONDITIONS

Texas range cattle held up well during June, according to the monthly survey of conditions by the Bureau of Agricultural Economics at Austin. Range feed conditions declined slightly with continuing lack of moisture in the northwestern districts. However, rain in early July relieved the critical situation in the Trans-Pecos area; but rainfall of lasting value still was lacking in parts of the Edwards Plateau, south Texas, the low rolling plains and most of the northwestern high plains.

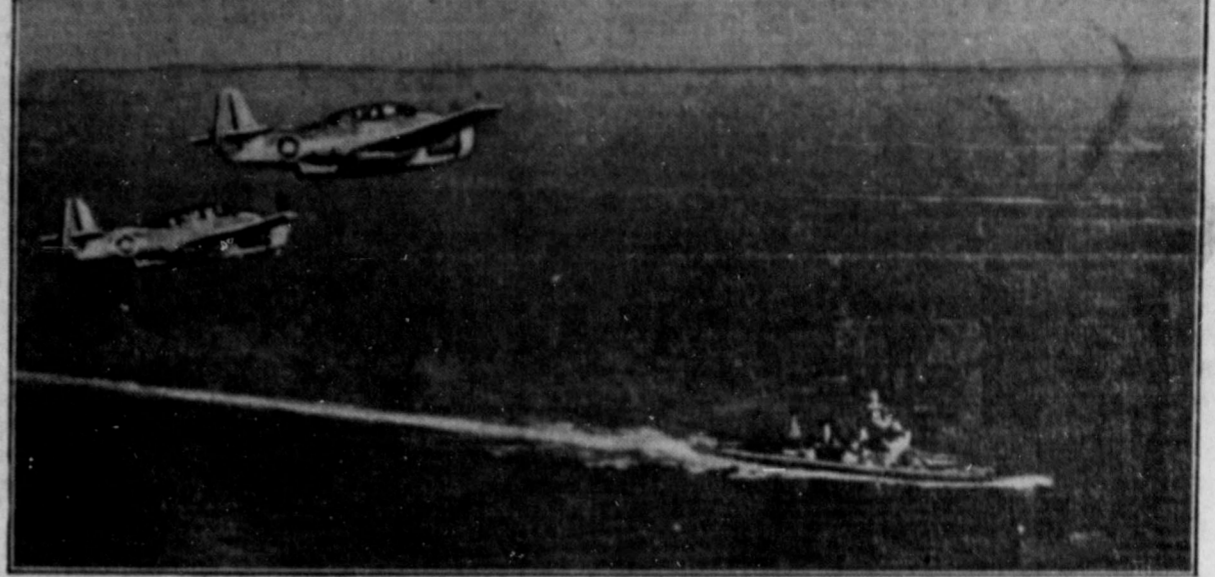

No distress sales of cattle were in evidence, the BAE reported, and ranchmen were not inclined to become excited as long as they were able to maintain their cattle in fairly good condition. Old grass still was furnishing some grazing in the dry areas, but the eastern half of the state generally was in very good condition. The improvement in the eastern half of the state almost offset the decline in range feed conditions over the western areas. Indicating this, the overall condition of ranges on July 1 was reported at 81 per cent, or only one point below the reported condition on June 1.

Marketings of cattle during June were orderly, and no heavy distress movement was expected unless there was not sufficient rainfall within the next thirty or sixty days to furnish sufficient moisture. The condition of cattle on July 1 was reported at eighty four per cent, which was only one point below the reported condition on the same date one year ago.

The BAE survey revealed that sheep were beginning to show the effects of the dry, hot weather, and had commenced to register a decline in condition on July 1. But rains after July 1 in the Trans-Pecos and some of the Edwards' Plateau counties were expected to relieve the situation considerably in the favored counties. The condition of sheep on July 1 was reported at eighty two per cent, compared with eighty five per cent on July 1.

British Fleet in Pacific Attacks

(United Nations Photo)
ADMIRAL CHESTER W. NIMITZ, over-all Pacific Commander under whom the British Pacific Fleet operates, the other day told the British sailors that they had performed a valuable service guarding the left flank of the American Okinawa campaign. "You kept the Japs off our necks," said the American Admiral. This is one of the first pictures showing this powerful British fleet in action. The flagship—the modern battleship "King George V"—is in the foreground, supported by other units, as planes from the British carriers set out to attack the Jap bases.

SOCIAL SECURITY INFORMATION

There is no possibility of loss of benefits under the old-age and survivors insurance program, said James L. Farmer, manager of the Amarillo, Texas office of the Social Security Board, if the wage earner in covered employment will report to the Social Security Board field office immediately after he attains the age of 65. This, he emphasized, is of great importance to the wage earner because he needs to know the requirements necessary in filing a

claim for insurance payments. This also applies to the widow of a deceased wage earner: she, too, is requested to contact the nearest Social Security Board field office and ask the manager or some member of the staff to give her information regarding the filing of claims.

It was pointed out that the Board is anxious to cooperate with claimants in every way possible to expedite the filing of claims. The claimant should notify the office as soon as possible after reaching age 65.

Texan Mans Big Navy Camera

W. H. Shugart, photographer's mate, third class, USNR, of De Leon, Texas, is shown at a pair of converted Navy aerial cameras which are his tools in a crew known as the most shot-at man in the world.

IN THE FORWARD PACIFIC
—W. H. Shugart, 20, photographer's mate, third class, USNR, who attended 218 different schools in Texas and then enlisted in the Navy before getting a diploma, is still living an unusual life, for he is one of a group of Navy men known as the "most shot-at crew in the world."

Shugart, who calls De Leon, Texas, his home, followed the footsteps of his father, L. A. Shugart, during his 'teen years, putting on magic shows throughout the Lone Star State. As a re-

sult, he picked up his education as he went, thus racking up what he believes to be the record for schools attended.

He enlisted in April, 1944, and became a member of the Navy's advanced fleet camera party which long ago became accustomed to having high-calibre shells hurled their way. In fact, they no longer wear life jackets and helmets.

Object of the Camera party is to photograph actual shell bursts fired at a floating target by warships. The target is towed astern

a fast, converted destroyer upon whose fantail Shugart and his colleagues mount their photographic equipment. Although the towline is more than a half-mile long, ships which pepper the target from a distance of up to ten miles have been known to make a miscalculation and come closer to the towship than to the target. Shrapnel from bursting shells has cluttered around the photographers as they worked.

Narrowest escape for the camera party, since it arrived in the forward area over a year ago, came when a miscalculation on the part of a fast-firing cruiser sent the photographers flat on the deck as six-inch shells rained in the water around the towship. A quick radio message requested the cruiser to "cease fire" and to make correction in its calculations. Minutes later the cruiser advised it was ready to resume fire. The photographers returned to their cameras, but again the cruiser was confused, and again the cameramen flattened themselves on the deck amid mumbled prayers and curses. Radiating a "sorry", the cruiser withheld its fire and then open up a third time—this time pouring salvo after salvo squarely on the target.

"It would be foolish to kid ourselves into believing our Navy guns never miss their targets," Sugart declared, "and that's why our little job is important at their practice sessions. Our photographs help them to determine the cause of their errors. And practice makes perfect."

The Texas photographer's parents, Mr. and Mrs. L. A. Shugart, live on Route 1, De Leon. A brother, L. A. Shugart, Jr., is in the Army stationed in the States.

Christi is now a guard watching the Nazis in Berlin. 1st Lt. Howard (Buddy) Clark, Goliad scrapper, has been awarded his fifth Oak Leaf Cluster for his Air Medal. S/Sgt. Rudolph Perkins of Abilene, veteran of many Pacific battles, helped capture Luzon and now is teaching Filipinos to say "Welcome" in the good old Texas way—and now the Texas twang is heard on all sides, from native lips. Incidentally, the hardy people of the Philippines, who never gave up the fight against the Japs, now are receiving clothing, medicine and other relief supplies from Texans, through their gifts to the National War Fund last year. This relief is one of the most important factors in the job of reestablishing the people of these loyal American islands.

Other National War Fund supplies, made possible by annual war chest drives in every county,

are going to our own fighting men and their allies all over the world.

Mr. and Mrs. H. T. Burton and Mr. and Mrs. L. E. Thompson returned home Friday from a two-weeks vacation trip at Gunnison, Colo. They visited in the home of Mr. and Mrs. Keith Stegall while there.

J. A. Warren was out of his office last week, attending to business matters and visiting his daughters and other relatives in Amarillo.

News flashes from a dozen war theaters show Texans everywhere still in the thick of the fight, and still racking up new records:

Lt. T. F. Pierce of Taylor, a graduate of Bartlett High School and of the University of Texas, piloted his Navy Privateer plane over Korea recently to help wreck a gasoline dump, two Jap ships and a Nip bomber factory. Chief Yeoman Robert Carrell of Martindale has been cited by the Battle of Leyte Gulf. Col. Sam Myers of Marfa, hero of Adm. Halsey for heroism during fighting in Europe, has been awarded the Distinguished Service Medal.

Smoke and bursting bombs cover installations at Miyasaki airfield, Kyushu Island, as Pacific fleet carrier-based planes smother it with bombs. You can help in building the ever-increasing power needed to blast the Japs out of the war with continued purchases of War Bonds.

PFC. WILLIAM D. PERDUE FINDS FRIENDS IN PHILIPPINES

Pfc. William D. Perdue has found friends in the Philippines, and they not only do his laundry, they write his letters for him, too. His parents, Mr. and Mrs. T. E. Perdue, 409 North Roberts, Amarillo, have received a long letter from their son, written in precise English by a Filipino friend who was studying to be a lawyer when war invaded his homeland. Perdue, with the aid of his native friend, describes the various tribes which inhabit the Philippines—the Ilocanos, the Pangasinans, the Visoyans, Tagologs, Igorotos, Kiangans, all speaking different languages with many dialects, with different costumes, actions and traditions. The boy, Mariano Gallen, who wrote the letter, hopes to continue his college work in the United States after the war. He is now working under the military police at a stockade where Perdue is a guard. Mr. and Mrs. T. E. Perdue are former resident of Donley County, living for many years in the Hudgins Community.

NEW WAR RATION BOOK TO APPEAR IN DECEMBER

War Ration Book Five, "smaller than a dollar bill" and containing just half as many stamps as the last book issued, will be distributed through the public schools in December, Chester Bowles, Administrator of OPA announced. At the same time, the new "A" Gasoline Ration Book will be issued. Distribution will take place at school houses or other public buildings throughout the nation from December 3 through December 15. OPA district offices will fix the exact time for each local area. The new "A" Gasoline Books will go into use December 22, and War Ration Book Five will be used soon after the first of the year for food rationing and for rationing shoes.

Mrs. John Rhodes and daughters, Irene and Bettie Jo and Mrs. J. F. Jones were Amarillo visitors Tuesday.

Mrs. W. C. Jones has her sister, Mrs. Wood from California visiting her.

QUOTAS OF CIVILIAN TIRES SET FOR AUGUST

August quotas of 2,500,000 passenger car tires and 386,862 small truck tires for civilian motorists, exactly the same as for July, and a reduced quota of large truck tires were announced by WPB and OPA. The quota of truck tires size 8.25 and larger was cut from 234,308 in July to 200,000 for August.

Mr. and Mrs. Jack SoRelle from Berger and Mrs. Jimmy Rawlings from Dimmitt were at the home of their mother, Mrs. Carrie SoRelle. Mrs. SoRelle accompanied Mrs. Rawlings to her home.
