Reorganization Plan In State Department

WASHINGTON, D. C.—The State Department's reorganization plan gained impetus with the swearing in of two assistant secretaries of State and a legal adviser. The trio are shown being congratulated by Secy. of State Dean Acheson. Left to right are George C. McGhee, Waco, Texas, Asst. Secy. for Near Eastern and African Affairs; Adrian S. Fisher, Memphis, Tenn., new legal adviser; Acheson; and Edward G. Miller, Jr., Washington, D. C., Asst. Secy. for American Republic Affairs.

All Visitors Welcome At Movie Shooting In Palo Duro Park

Shooting location on the technical movie "Thunder in the Dust" will move to Palo Duro Canyon State Park Saturday for several days, according to Harry Templeton, assistant director of the film which stars Cathy Downs, Robert Preston, Robert Sterling, and John Barrymore, Jr.

Location for the battle scenes will be the Lighthouse cliffs in Little Sunday Canyon. Palo Duro Park employees have opened a new road to the Lighthouse vicinity for convenience of those wishing to watch the filming of "Thunder in the Dust." It has been requested that the audience be cooperative while observing. Several hundred dollars can be lost because a noise not scheduled appears on the sound track.

"We are thrilled with the natural sounds our sound track has picked up," Templeton said. "In a highly dramatic scene, our camera got not only the tenseness portrayed by the actors but also the sounds of the windmill turning, locust, and a mocking bird singing. It all adds up to natural drama."

Also in Palo Duro Canyon State Park this week are Mr. and Mrs. James M. Davis of Hollywood, California, sent here on their honeymoon by the radio program "Bride and Groom." The couple, married July 5, are occupying one of the stone and cedar Rim Cabins throughout their stay.

All persons interested in watching the filming of "Thunder in the Dust" will be welcome. No charge—other than the regular gate fees—will be made. Since filming will be made in Little Sunday Canyon—a newly opened section of the Park—it is advisable to bring sandwiches and a thermos of water.

Senators Discuss Taft's New Labor Bill

WASHINGTON, D. C.—Discussing Senate action on the new labor bill are left to right: Sen. Scott Lucas (D. Ill.), Majority Leader; Sen. Elbert D. Thomas (D. Utah) and Sen. Robert A. Taft (R. Ohio). The Senate passed the Taft bill continuing major provisions of the Taft-Hartley law by a vote of 51 to 42.

Donley Farm Bureau Chicken Barbecue To Be July 29th

Mr. Holly Wood, president of the Donley County Farm Bureau announced this morning that the annual chicken barbecue of the Donley County Farm Bureau would be held at Lelia Lake on July 29th at 4 o'clock in the afternoon.

Every one in Donley county is invited. All you have to do is leave a half chicken per person in your party at the Clarendon Frozen Lockers or at Moreman's lockers at Hedley. They will be picked up on the morning of the barbecue. H. M. Breedlove, county agent, will do the barbecuing for the occasion.

Mr. Wood wants to remind every one that you do not have to be a member to attend this barbecue—just leave a half of chicken per person for all in your party, then load in all the family and be at Lelia Lake school house on the date above.

Mr. Wood stated that this year they expect better than five hundred to attend the barbecue. "A good short program is planned after the feed," Mr. Wood said. "It is planned at this time to have two of our senators from Austin at the barbecue to give us a little information on happenings in Austin."

Remember the date and make plans to come to this barbecue and have a big time and meet old friends.

4-H Club Boys To Attend Encampment

H. M. Breedlove, county agent, announced this morning that five 4-H Club Boys would go with him to the district 4-H Club Encampment to be held at the Perkins Scout Camp at Wichita Falls on August 8, 9 and 10th. The encampment is held under the supervision of the Texas A&M College Extension Service.

The five boys to attend the camp will be selected according to the past work they have done in 4-H Club demonstrations. A committee will help the county agent to select the boys. Specialists from the Extension Service will attend the camp and lecture on improved methods of agriculture, wildlife, chemicals, and farming in the future. Recreation will include swimming, baseball, boxing and fishing. Each county will have a rifle team to compete for prizes at the camp. Breedlove says that it is well worth while for the boys and gives them good information as well as a good time.

Doherty Has Fine Peaches Again

W. P. (Red) Doherty, who has a mighty fine peach orchard 7 miles northeast of Hedley, has been going day and night for the past few weeks disposing of his fourth bumper peach crop in eight years.

Mr. Doherty has 2,500 trees, some of the early variety and some of a later variety. He stated that the early crop was about finished but another crop would be coming on later.

We can verify the quality of Red's peach, for he brought us in a big box full last week and those peach cobbler have been delicious.

Visit Friends Here

Drs. Horace and Florence Wood, and their son Thurston Wood of Rutgers University in Newark, New Jersey spent Tuesday and Wednesday with their Clarendon friends, Mr. and Mrs. Jerome D. Stocking and Mr. and Mrs. Will Chamberlain. Dr. Wood instructed the French patriots in World War II in American methods of warfare stationed in Birmingham, Ala., and their present trip thru the west is to gather material with colored photos for a new book on geology that Dr. Woods is writing.

Baptist Revival Creating Interest

The revival meeting at the First Baptist Church, conducted by Dr. E. T. Miller of El Paso, is having good response. The people are attending well and are hearing good gospel messages.

"The revival spirit has already begun to be felt in the hearts of many, not only of our own church but other Christians are joining with us and we are very grateful for their presence and prayers in the meeting," stated Rev. L. A. Sartain, local pastor.

"The attendance goal for Sunday School next Sunday July 10 is 281. We extend a cordial invitation to all who do not attend elsewhere to be in our Sunday School next Sunday."

Dr. Miller is being assisted by Mr. Raymond Bowlin who leads the singing and is doing a fine job. Come and hear him sing.

Sermon subjects announced by Dr. Miller for the next week are: Sunday A. M.—"Living the Blessed Life."

Sunday P. M.—"When Jesus Comes."

Monday A. M.—"It Is Time To Be Serious."

Monday P. M.—"Eternity."

Tuesday A. M.—"God Shows His Heart."

Tuesday P. M.—"The World's Biggest Blackout."

Wednesday A. M.—"The Fine Art of Christian Living."

Wednesday P. M.—"Christ's Wedding Invitation."

Thursday A. M.—"The Christian's Present Possessions."

Thursday P. M.—"Christ's Picture of a Penitent Sinner."

Friday A. M.—"God Reigns."

Friday P. M.—"God's Bid for a Soul."

Saturday P. M.—"Turned Back at Heaven's Door."

Sunday Morning—"Heaven."

Sunday Evening—"Judgment Horses."

Notes from - - - CITY HALL

The City Commission met with the Assistant Superintendent of the Ft. Worth & Denver here Tuesday. The results revealed a promise of a new RR water tank, railroad grade crossings fixed up, right of way cleared, drainage ditch leveled so no stagnant pools of water will stand in the ditch. The only deadlock encountered was no satisfaction in slowing down the trains.

Due to Sunday and the Fourth, our trash and garbage collection got off to a slow start but with continued good cooperation of you merchants and good citizens we hope to be caught up by the end of this week and to have established routes inaugurated by the end of next week. If we have missed your garbage or trash please call the City Hall and we will be glad to pick it up. We are continuing mowing weeds, so those of you who desire this service please call the city hall.

We would like to have the opinion of everyone in regard to the spraying of the City last week. We have had comment from both angles and since this is a new endeavor for us we would like to have the public's opinion so we will know what to do in the future.

CLARENDON YOUTH ON HONOR LIST

William E. Patman, son of Mr. and Mrs. W. M. Patman of Clarendon, and a graduate of Clarendon high school, has been placed on the honor list for high scholastic achievement during the second semester of the 1948-49 school year at the Colorado School of Mines, Golden, Colo. To be eligible for the honor roll, a student must have an average of ninety percent or more.

Patman, a freshman student of geological engineering, is a veteran of thirty-three months in the United States Army Air Corps.

DALE CLAIMS FIRST BLOOMING COTTON

J. S. Dale, prominent Goldston farmer, is claiming some pretty early blooming cotton. He states that he was lucky in getting the patch in early and has fifteen acres that is above knee high and blooming right along. It looks like someone will have to hurry to beat Mr. Dale to that first bale of cotton this fall.

The Murphy-Spicer Funeral Home received a telegram yesterday stating that the body of Pfc. Albert G. Martin Jr. would arrive here Thursday July 14 at 11:10 A. M. for reburial.

Albert, a son of Mr. and Mrs. A. G. Martin of Clarendon, died in the invasion of Italy. Funeral arrangements are pending.

Steve Eden is in the Veterans Hospital at Amarillo.

Electrical Storm Zigzags Over The Rockies

DENVER, COLO.—A heavy electrical storm following a day of high temperatures set up this impressive display of pyrotechnics over this city, as the Rocky Mountains echoed back the crashes of thunder.

Bind Weed Spraying Doing a Good Job

Results from spring sprayings on bind weed are very good and where a concentrated spraying program has been carried out by the farmer, good results are now showing up. H. M. Breedlove, county agent, has been directing the war against bind weed and there is almost one thousand acres in the county if it was all in one patch.

Nothing will grow on ground infested with bind weed. Several farms are completely rid of the weed but it takes several years of spraying and good weather conditions to get the job done. The seed will lie on the ground for a year or two sometimes if the weather is not favorable before they start to germinate.

You can rid your farm of bind weed if you start spraying them early in the spring and then repeat the operation in the fall and do this for at least two years. Breedlove urges not to let the patches of bind weed spread because they will take the entire farm in time.

Duane Pittman of Stratford visited the last 2 weeks in the home of his grandparents, Mr. and Mrs.

W. D. Higgins.

Mrs. Berry and children Loyde and Linda of Pampa visited last week in the home of her parents.

Some Clarendon folks are peculiar. They buy their wares in Amarillo, Kansas City and Dallas; their insurance over the radio or from some non-comp passing thru the country, then when some Clarendon citizen gives a job to some "Ferriner" these folks just can't see the justice in it.

Lee Ann and Judy Green left Sunday for their home at Munday after visiting with their grandparents, Mr. and Mrs. G. L. Green.

Saw one of the charter members of the Ain't Smoking Right Now Society smoking the other day - - Couldn't believe my eyes. Reckon this is the first one to break over.

Newest member to join the Club is Rollo M. Smith of Wamego, Kans. - - Glad to have him. He is a brother to our good friend Fred Smith of Claude. Anyway, best wishes to both you Mr. Smiths.

Speaking of the Smiths; we were so glad to hear from the Sam Smiths. They were visiting in Visalia, Calif. Best wishes to all the Smiths over and over

again.
Received such a nice letter from Tom Henry Miller this week even though we just live a few blocks apart. He is so happy answering all the mail that he received after we wrote the little article. Anyway, he sends me a list of the towns that he has received letters from: far away in New Mexico and nearby in Clarendon, nineteen towns in all. Thanks Tom Henry for making me feel better, and thanks to all you nice people for taking time to write him and make all of us just a little bit happier. He also sends me a clipping for my ASRNS Scrap Book. Quoting: "I am not much of a mathematician," said the Cigarette, "but I can add to a boy's nervous troubles, I can subtract from his physical energy, I can multiply his aches and pains, I can divide his mental powers, I can take interest from his work, and discount his chance for success."

Paul Payne sends me a copy of Texas Topsoil, with a note made

by the poem written by W. H. Darrow on Johnson Grass. I hereby use the poem and dedicate it to that Johnson grass expert Gov. Nordyke.

JOHNSON GRASS
By W. H. Darrow
Some years ago it came to pass—
—A bright guy sowed some Johnson grass. Great claims were made for this new hay—"Twould make our Southern farmin' pay". Today when neighbors cuss and shout—It's Johnson grass they rave about. It seems a shame to so defame—A grass that's lived up to its claim. It's easy spread and easy sowed—It's easy grazed and easy mowed; It's only fault, most folks agree—Is running on eternally. The praise this honest grass once got—Has turned to epithets that's hot. Our editors to educate, — Head columns up; "Eradicate"—fell from grace—It seems to me quite out of place—
To dam a grass that sez I don't mean to harm—It just runs loafers off the farm. The best of farmers cuss and shout—But after all they clean it out. It holds the topsoil in firm embrace—Until a real man gets the place. A crop of hay as smart as that—Just makes me bow and lift my hat.
Thanks Poul, for thinking about us - - -

stand, in the search light of God's truths is false. If a man cannot read what he is practicing in matters of religion, it is time to take warning by the Lord's measuring stick, the Bible.

Now let us use the Bible again as the measuring reed for worshippers. They should strive to walk in the steps of Christ. I Pet 2:21. They should practice the Christian life every day. The Christian should be an example to those around about him. Matt 5: 26. As the moon reflects the glory and splendor of the sun, so each Christian reflects the glory and beauty of the life of Christ. Are you measuring up to the standard?

Cancer's Death Toll Is Mounting

HOUSTON — In Texas, as in every other state, cancer's death toll is mounting, while that of most other diseases is falling off, J. Louis Neff, Executive Director, said today.

"Last year 6,913 Texans died of cancer," Mr. Neff said. "This was 413 more than in 1947."

"Several reasons have been given for this rise. Statisticians point out that, with improved health conditions generally, more people are living longer. They are living to the period in life when cancer takes its heaviest toll.

"However, it may be that this increase reflects simply the increase in the number of cases discovered and reported on death

certificates.
"Whatever the new statistics imply, they do clearly point out that the educational, service, and research work of the American Cancer Society must continue unabated," the cancer control leader said. "We cannot conduct our fight against cancer in this state without the funds contributed by the people of Texas. We are still \$100,000 short of our minimum fund-raising goal of \$450,000."

"Mr. Neff urged all Texans to send contributions to the Texas cancer control fight. Address your donations to: Cancer, Care of Postmaster, to your local postoffice. Postmasters are instructed to forward such contributions to the American Cancer Society for its fight against the disease.

God commands his children to sing in Col. 3: 16. They are commanded to teach the word of God 2 Tim 4:2. There is the command to pray I Thess 5: 17. Christians must give that the Lord's work may prosper I Cor 16: 1, 2. The Lord's supper must be taken on the first day of the week Acts 20: 7. "And he that goeth onward and abideth not in the teaching of Christ, hath not God 2 Jno 9. This is God's standard. Does your worship measure up to it? Some one possibly is saying, "I think." Just remember what you and I think does not matter in the least; where God has spoken; We will not be judged by what we think, but by the word of God.
Here is the true standard: "Every scripture inspired of God is profitable for teaching, for reproof, for correction, for instruction in righteousness; that the man of God may be complete, furnished completely unto every good work." 2 Tim 3:16, 17. (American revised version)
The man that will not allow himself and his religious activities to be measured by the word of God—the only true standard—is not submitting to the will of God. Any religion that will not

A NEW 2-PLOW TRACTOR...!
A NEW HYDRAULIC CONTROL
Massey Harris Model "22"
WITH **Depth-o-matic System**

Yes, it's a sparkling new Massey-Harris 2-plow tractor... with a bigger, huskier engine... light-touch, quick-responding brakes... new grille styling, smarter appearance, and... Depth-o-matic System for faster, easier, more accurate field work.

Depth-o-matic System is a new kind of efficiency in a hydraulic control fast operating... easy to control... small, compact unit, dependable, positive in action, so powerful that either mounted or pull-behind tools operate at the depth you select anywhere on your field... tough spots, low spots, high spots, all uniformly worked for better seed beds, more accurate planting, clean cultivation.

And when you mount Depth-o-matic on the new Model "22" you really have the right combination for dependable work. That big 4 cylinder, 140 cubic inch engine develops the extra power you need to whip tough conditions. It's a high compression power plant for more power, more dollars-and-cents fuel economy, more smooth, effortless field performance. The kind of reliable power that gets things done on time.

Come in soon... see the new Massey-Harris Model "22" with Depth-o-matic System... you'll agree it's the faster, easier, more profitable combination for the family-size farm.

VALENTINE'S DAY

VALENTINE FESTIVAL IN ANCIENT TIMES WAS A DAY OF FUN DEDICATED TO ST. VALENTINE, WHO DEFIED EMPEROR CLAUDIUS OF ROME BY MARRYING LOVERS AGAINST THE EMPEROR'S WISHES

IN THE MIDDLE AGES IT WAS AN ENGLISH CUSTOM FOR YOUNG PEOPLE TO ASSEMBLE ON VALENTINE'S EVE AND DRAW NAMES. THE NAME EACH DREW WAS THE HOLDER'S SWEETHEART FOR THE YEAR

LATER THE APPROACH OF VALENTINE'S DAY CAME TO BE HERALDED BY THE EXCHANGE OF PRETTY SENTIMENTS WRITTEN WITH FLOURISHES ON SCENTED PAPER, THE FORE-RUNNER OF SENDING CARDS AND NOTES.

THE CUSTOM HAS GROWN INTO SENDING GIFTS OF LONG-REMEMBRANCE TO SWEETHEARTS YOUNG AND OLD

West Texas Utilities Advertising Awarded First Place In Contest

ABILENE—The Donley County Leader was advised today that a series of advertisements which appeared in this paper had been awarded first place in a national advertising contest.

A series of West Texas Utilities Company advertisements promoting the use of electric service was selected the best in Class A competition in "The Annual Better Copy Contest" sponsored by the Public Utilities Advertising Association, a Department of the Advertising Federation of America.

"The Better Copy Contest" is conducted for the purpose of stimulating finer advertising and to recognize work well done. This year more than 1,500 entries in twenty classifications were judged by nationally recognized authorities.

A certificate of award "for the best public utility advertising during the preceding year" was presented to the West Texas Utilities Company at the Annual P.U.A.A. Convention in Cincinnati, Ohio last week. Robert E. Kennedy, WTUCo advertising manager, accepted the award for the company.

All copy and layouts for the winning series of advertisements were written and prepared by the WTU advertising department.

Hemphill County Contributes First New Wheat To CROP

CANADIAN, Texas—The first carload of new wheat in the nation to be contributed to the Christian Rural Overseas Program for 1949 was shipped from here over the week-end.

It was given by seventeen growers and was donated for overseas relief work of the church relief agencies which distribute the commodities collected for them by CROP.

Elmore R. Torn, CROP state director, praised the timely work of the Hemphill County CROP committee headed by Frank J. Shaller and expressed the hope that other wheat producing counties of Texas would give of their wheat now to help alleviate suffering wherever in the world that it existed.

CITY-COUNTY LIBRARY NOTES
By May L. Prewitt

The Library has been a very busy place as so many little people who recently completed the first grade are desirous of developing their reading skill. We search diligently for some simple story that these little people can read without too much coaching.

The following list has been acquired by gift and purchase recently:

The Choo-Choo-Train, Slick Chick, Bunny Rabbit, Woolly Lamb, Grimm's Fairy Tales, Story Land, Little Billy, The Deer Stalker—Zane Grey, Steel Making In America, Connie Carl at Rainbow Ranch, Five Little Martins and the Martin House, Honey Bunch Her First Summer On An Island, Barbara Benton, Editor by Olds, "Guard of Honor" by Cozzens—Pulitzer prize novel for 1948. This is a masculine novel of 3 tense Sept. days at the air base in Ocanara, Florida in 1943. One commentator states: Every page of it gives the impression of a writer at the very top of his powers, setting out to accomplish nothing less than his master work. Well, Cozzens has succeeded in doing just that.

The friends and patrons of the Library continue to be thoughtful about giving us current magazines and useful books. Several little children have been generous with their books and magazines. These can be used to a great advantage for the younger children are such frequent seekers of something they can use. We are delighted to receive this wonderful cooperation of the reading patrons.

Mr. and Mrs. George McCleskey and family of Lubbock visited his parents, Mr. and Mrs. Geo. H. McCleskey here the Fourth.

Mr. and Mrs. Tommie Saye are in Winona Lake, Indiana where he is attending a summer school in photography.

Mrs. Cal Merchant had for week end guests and the Fourth holidays her nephews and nieces, Mr. and Mrs. Glen Martin of Los Angeles, Calif. Mr. and Mrs. Bill Ayers of Ft. Worth and Mr. and Mrs. Calvin Merchant and son Richard of Hereford, Texas.

Mr. and Mrs. L. N. Cox and daughters Mary Ladelle and Inelle left for a two weeks vacation trip to Yellowstone Park.

Mr. and Mrs. Odis Martin and son Jimmy of Gassville, Ark. are visiting his mother, Mrs. W. D. Martin and families.

Miss Lois Williams was over from Borger Sunday, visiting with friends.

Mr. and Mrs. Edd Todd of Amarillo visited his mother, Mrs. A. P. Todd Sunday.

Billy Williams of Pampa spent the 4th with his parents, Mr. and Mrs. D. C. Williams.

Patrol Cars To Be About More Often

By Ray Osborne
 Austin Bureau of The News
 AUSTIN—Your chances of seeing a black and white state highway patrol car, when you want to or do not want to, are much better now.

The patrol is at its full strength for the first time in its nineteen years of existence, Homer Garrison, director of the Department of Public Safety, said last week.

The last Legislature increased the number of patrolmen from 240 to 450. The patrol was increased gradually because the department insists on putting its candidates through a rigorous training course of several months' duration in small groups. Many candidates fail to make the grade. Funds were appropriated on a gradually increasing scale during the last two years. Garrison kept his training program on schedule and finally brought the patrol to full strength.

Nor will the patrol be cut if a conference committee report is adopted by the Legislature. It provides for 450 patrolmen and the 41 officers.

The bill also provides for about the same amount of money for operating costs for the patrol.

At times in the past, the department has not had enough funds to put as many patrolmen on the highways as were available.

The highway patrol was organized in 1930. The Legislature provided for fifty patrolmen and five lieutenants. Since that time, the total amount of state highways has increased from 18,523 miles to 31,075. Too, there are now nearly a million more motor vehicles registered in Texas than there were in 1930. Then there were 1,443,112 motor vehicles of all kinds. Now there are 2,425,476 registered.

Frank Clark, FW&DC agent at Claude was here on business Sat.

We Want Electricity

Not a Battle

D. E. LEATHERS

In 1935 only one American farmer out of ten was getting electricity—literally the worst service among leading countries. Even when the Government offered to lend the utilities money to build lines, they refused it on the grounds that all farmers who could afford service were already getting electricity.

WHAT HAPPENED

We rural people chose the only alternative to no electricity. We formed electric cooperatives financed with loans from the Rural Electrification Administration—the same dollars on the same terms that the utilities had refused.

We weren't picking a fight—and still aren't. We are operating efficient, community-building, tax-paying electric systems to give us service we could get no other way.

Thousands of people are getting this electricity in our area. We are all paying our own way—not costing the Government a nickel. Rates are set as low as possible but high enough to keep the system on a self-supporting basis and pay back REA loans with interest.

WHAT NEXT

We intend to continue building a sound system which will make it possible to give the most isolated farm electricity at reasonable cost. We intend to continue bettering the service to our members, always paying our own way. We intend to continue to be member-owned and member-controlled in the finest tradition of free American capitalistic democracy.

THE TEMPLE OF TRUTH By the Apostle

JUST STATIC. Reasons that sound good are not always good sound reasons.

PAIRED. Hard work and good luck are twins.

EXPLANATION. Speaking of the popular "lay-away" plan, it may be possible that the idea was originated by a mortician.

CONCEIT. The pro and con of the whole thing, about which you often hear, may be explained in this manner: 'Pro' is your convincing, unanswerable argument, and 'con' is the other fellow's contemptible drivel.

DAY OF GRACE. A former Clarendon man is now doing settlement work in Amarillo. It seems that his creditors down here have found out how much he is making up there, and are collecting old debts.

RARE HEAT STUFF. A clothing merchant burned out down state. It is stated that the fire was caused from friction—the mortgage rubbing against the insurance policy.

DISCOVERY. Science tells us that men are taller in the evening, and then we also learn that they are shorter just before pay day.

DOWN OZARK WAY. This story comes from the Ozark belt of northwest Arkansas, though there has been times when it could have happened in old Jack County, Texas. Our tourist folks stopped at the little roadside eating place in an isolated spot for a snack before making a night drive into Memphis, Tenn. The meal was not at all bad, and when the old boy started to pay for the damage he complimented the hillbilly on his country and especially on his eats, at the same time reached into a sugar bowl for a toothpick only to find it empty. When the bragging Texan started in to prod around the bowl for a toothpick the old man caught on right now and explained, "Oh, that! We used to keep it filled all the time, but when we found out that no one took the trouble to put it back in the bowl, we just don't bother about it any more."

Manufacture Of Dairy Products

AUSTIN—Manufacture of dairy products during May rose 12 per cent over a year earlier and 6 per cent over April to 72,236,000 lbs., milk equivalent, the University of Texas Bureau of Business Research reported.

Over the 12-month period, creamery butter production gained 25 per cent for the greatest increase among Texas dairy products. Creamery butter dipped 7 per cent from April, however.

American cheese showed a 5-per cent climb over a year ago, but slumped 11 per cent from April to May.

Despite a 51-per-cent rise over April, ice cream manufacture in

May was 6 per cent under May of last year.

Electric Power Consumption

AUSTIN—Electric power consumption in Texas increased 5 per cent over May 1948 and 4 per cent over April, the University of Texas Bureau of Business Research reported.

Over the 12-month period residential usage of electric power climbed 12 per cent and 10 per cent for commercial purposes.

Though showing a 1 per cent dip from May 1948, industrial consumption of electric power amounted to more than a third of total kilowatt hours consumed during May.

Gains over April appeared in all lines of electric power consumption during May, with commercial usage rising 8 per cent; industrial, 3 per cent; and residential 1 per cent.

POTATOES: Potatoes are now available for livestock feed. All those producers interested in purchasing some of these potatoes, please come to the office and we will be glad to help you. The price of the potatoes is 35c per hundred pounds and there will be 300 sacks to the car. If you don't have enough livestock to use a whole car, you may get several producers to go in together with you and purchase a car in this manner. From all accounts we have had, this method of feeding livestock has proven very successful, and the producers who have used them say that they like them very much.

Farris, John Gerner, Jess Mitchell, W. D. Brandon, C. L. Cook, C. A. Morgan. If you have any questions about a loan for your wheat, please come to see us. We are always glad to see you come to us for help. More than \$100,000.00 in Loans has already been completed.

ATTENTION WHEAT FARMERS: A good practice for you, now that you have your wheat harvested, is Managing Crop Residues to Protect Soil from Wind Erosion. The payment on this practice is 30c per acre.

NEWS ABOUT YOUR COMMUNITY: We are preparing a special newsletter for each community in the County. This letter will contain facts about your progress in the community and the various practices that are especially good for you. We think that these letters are very interesting, and we would like for you to pay special attention to them. Besides being helpful, they will show you how you stand in comparison to other communities.

Tom Shadle has made application for terraces, and T. L. Roach and Son have made an application for an Earthen Dam. Don't forget, when you want to carry out a practice, come to the office and put in your application. As long as the money lasts, we will be glad to give you assistance in improving your land and saving our soil for future generations. We want you to co-operate with us and our program. It doesn't take too much of your time to come and ask does it? Remember the old saying, "A stitch in time saves nine."
