1878 A COUNTY - WIDE PUBLICATION, SERVING DONLEY COUNTY and ITS TRADE TERRITORY 1949
 New Series—Volume 20 Number 22 CLARENDON, DONLEY COUNTY, TEXAS, JULY 14, 1949 A Common Paper for Common People

Local Constables Department Nabs Big Time Bootleggers Saturday

Constable C. Huffman, working in conjunction with the State Highway Patrol, nabbed two young men in a sopped up late model Chrysler Saturday evening loaded with what is said to be the largest bootlegging load of whiskey and beer in the county's history. These two young men, Paul Warren of Amarillo and Eben Eyre of Dalhart, have been eluding or outrunning Panhandle officers for several months.

The case started late Saturday afternoon when patrolman Bain jumped the car near Claude. He gave chase but lost sight of the sopped up vehicle between Goodnight and Ashtola. He came on to Clarendon where he met constable Huffman and deputy Tom Roberts. Since they had not seen the car, he continued on down Highway 287 in hopes of spotting the car again. Huffman thought there might be a possibility that the car turned off on a country road to miss Clarendon, so he placed Roberts at the road intersection leading from the Adair hospital and the Brice Highway and then drove on out to where the lane leading from Walter Lowe's intersects with the Brice highway. He parked his car sideways in the road and only had about a 15 minute wait until the Chrysler appeared driving without lights. Huffman stated that the car tried to pass him but he pulled forward and stuck his gun in the driver's face and told them to halt, which they did.

Upon inspection of the late model Chrysler it was found that it was rigged up with overload springs, dual carburetor and other gadgets to make it run plenty fast. The loot consisted of 50 cases of canned beer, 192 pints and 36 fifths of whiskey.

The two men were charged with transporting and possession of intoxicants for sale. Monday afternoon they were fined \$650 dollars on the joint charge and the loot which was valued at \$883.50 was confiscated, costing the two men a total of \$1,533.50.

The law has set its foot down on another big time deal, revealing the fact that sooner or later the law will come out winner, and it was through the fine cooperation of the Highway patrol and the local officers that made this arrest possible and make these men more leary of trodding on Donley county soil.

SINGING SCHOOL AT CHURCH OF CHRIST

There will be a Singing School at the Church of Christ beginning with a Singing Sunday afternoon July 17 at 3:00 P. M. The School will be taught by Ira Y. Rice Sr. with two classes daily at 9:00 AM and 8:00 PM, continuing until July 21.

County School Consolidations Made Under New Gilmer-Aiken Bill

The county school board met last Wednesday in an effort to follow up the instructions received in regard to the new Gilmer-Aiken bill which went into effect July 1st.

The following school district consolidations were made: Bairfield, Hudgins, part of Sunnyview, Midway, Antelope and Heckman in Briscoe County, all consolidated with the Clarendon district. Part of Windy Valley, part of Fairview and part of Sunnyview with Lelia Lake; Part of Windy Valley, Giles, Smith, part of Fairview and part of Watkins with Hedley district; Part of Watkins and Skillet and Pleasant Mount to McLean; Whitefish and Glenwood to Alanreed; Jericho to Goldston; Ashtola, Goldston and Martin will remain in operation as common school districts unless voted otherwise.

Make Your Plans For That Farm Bureau Chicken Barbecue

The time draws close for the big Donley County Farm Bureau chicken barbecue. Mr. Holly Wood, president of the Donley County organization says that the Twenty-ninth of July at four P. M. at the Lelia Lake School house will be the time.

Every one is urged to come regardless of whether you are a Farm Bureau member or not. This barbecue is for every one, and all you have to do is leave a half chicken per person in your party at the Clarendon Lockers or at Ray Moreman's Lockers at Hedley.

"We feel that this gathering once a year is very important to give us all a chance to renew acquaintances and have a big time and a big feed," stated Mr. Wood. "Make plans now to bring the entire family and have those chickens at the designated places above by the twenty-eighth at least, so that the committee handling the barbecuing will have time to get the chickens and not be rushed on the morning of the gathering."

Notes from --- CITY HALL

During the fire at the elevator Monday morning we had two parties we caught running over the fire hose. They have paid fines, so let this be a reminder that when a fire occurs, please park away from the fire and save yourself some money.

Note to parents who have children, who are riding bikes on main streets. You will be held responsible for your children's traffic violations. We are having too much reckless riding and in order to prevent a death we are asking you to cooperate with us in teaching your children to be careful.

We are asking that all of you obey the speed limits as we are trying to curb some of this reckless speeding, especially on the hi-way. Your Mayor made a traffic violation and has paid his fine, so please be as observant of traffic rules as he intends to be in the future.

NEW MASONIC OFFICERS TO BE INSTALLED FRIDAY NIGHT

Clarendon Chapter No. 216 R.A.M. will install officers for the ensuing Masonic year this Friday evening, July 15th. All members are urged to attend.

The many friends of Mrs. Cap Lane will be glad to hear she is improving nicely. Mrs. Lane had an operation Friday at the Baylor Hospital at Dallas.

BROUGH WINS TITLE FOR AMERICA'S FOURTH VICTORY LONDON - American Louise Brough grimaces as she goes cross court to make a shot in a match at Wimbledon. The blonde Californian went on to the finals to defeat Mrs. Margaret Osborne DuPont, 10-8, 1-6, 10-8, to take the women's singles title for the second consecutive year. Her victory marked the fourth year in a row the title was won by an American.

Loss Set at \$30,000 In Elevator Fire

Fire of undetermined origin which broke out in the Clarendon Grain Company elevator early Tuesday morning, quickly consumed the major part of the structure to erase one of Clarendon's earlier landmarks along the Ft. Worth & Denver. The loss, estimated by the owners, was set at \$30,000. The loss was partially covered by insurance. The owners of the business are Frank O'Dell who manages the firm here and Leonard Doss of Pampa. Mr. Doss stated Tuesday morning that the elevator would be rebuilt and their sights at the present time were on a modern structure to better serve their customers.

The elevator fire was reported about 2 a. m. Tuesday morning and was said to be well engulfed by the flame at that time. The heat was so intense and the structure being built of wood covered with sheet metal, made it difficult for the volunteer fire force to do very much with the flame. Sparks from the towering flame scattered across business houses for more than a block, and there was a possibility of some of these structures being set off until a heavy downpour of rain started about 2:30 keeping them well under control.

According to what information we could learn, the Clarendon Grain Co. elevator was erected around 1904. It was purchased by C. W. Bennett and John Sims in 1911 and was operated under this partnership until 1940.

Services Friday For Pfc. A. G. Martin Jr.

Funeral services have been set for 3 p. m. tomorrow afternoon at the Murphy-Spicer Funeral Chapel for Pfc. Albert G. Martin Jr. with Rev. L. A. Sartain officiating. Pfc. Martin's body arrived by rail this morning for reburial in the States.

Pfc. Martin, age 19 years, was born and raised here in Donley county and attended the Clarendon public schools prior to entering the service in 1944. He was employed at the M-System Grocery for several months. He left the States for Italy January 1, 1945 and died in a Military hospital in Italy April 21, 1945 from wounds received while in action.

Survivors include his parents, Mr. and Mrs. A. G. Martin Sr.; one sister, Mrs. Margaret McCrary of Clarendon; six brothers, Raymond of Clarendon, Mann and Hubert of Dalhart, Allen of Raisin City, Calif., Henry of Geyserville, Calif. and Cleo Martin of Ft. Worth.

The local V.F.W. and American Legion will be in charge of the Military services.

Honorary pallbearers will be Richard Vallance, Lee Leek, Wade Roach, Carl Bennett Jr., Sid Endsley, Odos Caraway, Oscar Wilkinson, Carl Saye, and Wesley McCrary.

Burial will be in Citizens Cemetery under the direction of Murphy-Spicer Funeral Home.

Californians Fined For Killing Collie Dog Near Here

A pair of Californians have learned the hard way that Texans don't take lightly the shooting of a pet dog.

Amarillo police yesterday morning arrested a Los Angeles couple for Sheriff Guy Wright after the sheriff had requested the pick-up in a long distance phone call. Sheriff Wright said the two Californians had pulled their car to the side of the road in front of the R. C. Wakefield farm about 4 miles west of town for a short nap. The sheriff reported that Wakefield's big white collie, 5-year old Laddie, was in the yard when the woman in the car took a shot at him. Mr. Wakefield said he saw Laddie stagger to the porch and fall dead. He and his son jumped in their car and followed the California car far enough to get the license number.

After the arrest, by Amarillo police who were waiting on the outskirts of Amarillo, Sheriff Wright and Mr. Wakefield went to Amarillo where the woman admitted shooting the dog with the explanation that she thought it was a coyote.

After an all day argument between Mr. Wakefield and the Californians, the latter parties finally decided it would be wiser to pay their fine for shooting from the high-way and pay for the dog rather than be brought back to Clarendon where Mr. Wakefield was ready to file charges.

Even though the Californians paid for the dog, they could not restore the place he filled in the hearts of Mr. Wakefield's children who had been constant companions of the dog for the past five years.

Second Polio Case Reported Here

Donley County has counted its second polio victim of the year with the admittance of Billy (Spud) Edens to the Polio Clinic at Plainview last Thursday. Spud is 10 years of age and the son of Mr. and Mrs. Bill Edens of the Martin community.

Dr. Paul C. Laird received the confirmation from the Polio center Tuesday. It was reported that Spud had the same type of polio that Don Thornberry was stricken with—the non-paralytic type.

Don Thornberry, son of Mr. and Mrs. Bill Thornberry, is reported doing very well at the present time although a slight set-back prevented him from being brought home Tuesday. It was believed that he would be released from the center by the end of this week.

Mr. and Mrs. William Green and children Billy Mack and Carolyn of Trinidad visited last week with their parents, Mr. and Mrs. Geo. Green. They returned to their home Tuesday.

Dusting Demonstration For Control Of Cotton Flea Hoppers To Be Held Saturday Morning at 10 O'clock

MRS. MARY COURTWRIGHT DIES AT BRICE

Funeral services were held Monday afternoon at Sulphur, Okla. for Mrs. Mary Alice Courtwright who died at the home of her son, Ed Courtwright of Brice, last Friday. Mrs. Courtwright, age 80 years, had made her home with the son for the past several months, moving from Sulphur.

Surviving relatives include five sons, A. D. of Walters, Okla.; Luther of Norman, Leon of San Diego and Leonard and Ed of Brice. Three daughters, Mrs. Alma Henry Norman, Mrs. Nora Collier of Brice and Mrs. Della Fairchild of San Diego.

Funeral arrangements were under the direction of Murphy-Spicer Funeral Home.

Lions Club To Sponsor Repair of Football Field

It was voted at the Tuesday luncheon of the Lions Club to sponsor, with the cooperation of the school board, the rebuilding of the portion of rock wall that has crumbled around the football field. About 100 feet of the wall crumbled over a year ago when a heavy rain filled in the drainage duct and softened the foundation. The club felt something should be done about rebuilding the wall before more of it fell.

Cleo Woods was appointed to head the committee to raise money for the work. Others on the committee are Odos Caraway, J. T. Patman and Carl Allmond.

This committee has already started working on the project and plan to have a full report on the ways and means of doing the job in next week's Leader. They are looking forward to full cooperation of the entire citizenship of this area to help put this job over before the football season starts which is not long away.

Permanent Celebration Organization Formed Here Wednesday Night

Pampa Boosters To Visit Here July 28

The Pampa Boosters will say, "Howdy! Friends and Neighbors"—when they visit Clarendon at 8:45 A. M. on Thursday, July 28th to extend invitations and make everyone welcome to attend the Fifth Annual Top of Texas Rodeo and Horse Show to be held in Pampa, August 2-3-4-5 and 6th.

Lieb Langston, Booster Trip Chairman, said "hitch your horses, park your buggies, throw your hat in the corner and let's all have a good ol' western get-together", when the Pampa Boosters arrive in special buses with plenty of entertainment, including the Pampa Harvester Band, the Top of Texas Four, barber-shop quartet; and the Top of Texas Square Dance Team with their own western band to add rhythm and color to the occasion.

The Pampa Rotary Club, sponsoring the trip, will be on hand for a friendly and informal visit and would like to see a "good crowd out to meet them."

Lieb Langston, master of ceremonies, will give highlights on the show and promises to have souvenirs for all of the ladies and children.

Pampa says that they are going to put on a bang up show just for the folks in Clarendon.

In the past week cotton flea hoppers have become a serious menace to our cotton crop. County agent H. M. Breedlove says that farmers have been in his office reporting that the cotton is not putting on squares as it should. Breedlove made a survey of the cotton fields in the county and found heavy infestations of cotton flea hoppers.

A dusting demonstration for the control of cotton flea hoppers will be held this Saturday morning at ten o'clock on the Harold Phelps farm, one mile north of Clarendon on the Jericho road. The field to be dusted is located one half mile past the over pass on the right of the road. The demonstration will start promptly at ten o'clock and every one is invited and urged to be present. Breedlove has contacted chemical companies on prices of large shipments of dusting sulphur and DDT mixtures and will give you information at the demonstration.

The DuLaney Farm Supply is furnishing the cotton duster for the demonstration so that farmers might see the exact operation of applying dust on cotton for cotton flea hopper control.

The flea hopper is the small insect that steals your cotton crop and we must start to work at once in order to get maximum production, Breedlove stated. The county agent also stated that the flea hopper worked better in damp weather and we have ideal conditions for an infestation. If weather conditions are favorable one application should clear a field of the flea hopper; however, in some cases it takes two applications.

Breedlove urges every one to attend the demonstration this Saturday morning.

H. L. Williams and daughter, Helen were down Friday from Dumas visiting his parents, Mr. and Mrs. Dave Williams. Billy James returned home with them after a 2 weeks visit.

GERMANY TO DIRECT HER OWN ECONOMY - McCLOY BERLIN, GERMANY - U. S. Military Governor and High Commissioner designate, John J. McCloy (left) chats with Brigadier General Frank L. Howley, U.S. Commandant of Berlin during reception held at the General's home. Mr. McCloy was quoted as having said that "the more rapidly Germany assumes direction of her own economy, the better, assuming that the objectives of security are maintained."

E. J. Wise left Tuesday for Albuquerque on business.

Van Allen Kent of Amarillo visited his mother and brother Ernest Kent this week. Mrs. Betty Blanch Baldwin of Iowa Park is visiting Mrs. Maude Nichols.

Forth Worth's "Fiesta-Cade," July 16-23rd

FORT WORTH—Being on the gridiron will be nothing new to at least one of the actors when "Fiesta-cade," Fort Worth's centennial celebration, is given July 16-23 in Farrington Field, the high school stadium.

K. Aldrich of football fame has the role of the teacher in Fort Worth's first school, one of the episodes in the immense outdoor spectacle. As a football player at Texas Christian University some 10 years ago, Ki won all-American honors, and later played professional football with the Cardinals and the Redskins. He now is superintendent of the Lena Pope Home here for children, so he is used to dealing with kids and the role of the teacher is easy for him.

With a cast of 2,000, a 300-foot stage and authentic costumes and properties, "Fiesta-cade" will bring back to life the dramatic, exciting and entertaining highlights of the past century in Fort Worth and this region. Some of the 20 episodes are life in an Indian village, founding of Fort Worth as an Army post in 1849, cattle trail days when Fort Worth became known as the "Friendly City," coming of the first train, the "Gay Nineties," the fire at the Spring Palace in 1890, a scene from Casa Manana, and World War II days. A big fire-works display each night will conclude the show.

EAST COAST CHALLENGES

NEW YORK, N. Y. — The east coast flings a challenge into the teeth of the west coast in the form of Linda Lombard, the "T" girl. Linda was selected from more than 2,500 girls who competed in the contest to challenge Holly-wood's sweater girl.

Mail orders for tickets are being received at the Central Ticket Agency, Hotel Texas. Seats are \$2.40 and \$1.80 in the reserved sections.

Donley County Leader \$2.50 yr. in County.

SOCIAL SECURITY NEWS

"Social security is the first life insurance that most school boys and girls pay for out of their own earnings by summer employment," J. R. Sanderson, manager of the Amarillo Social Security Administration field office in the Post Office Building, said today. "Very few of them, and few of their parents realize they are acquiring insurance, because the social security card is still usually associated in the public mind with old age."

"The fact is that eligibility provisions in the Social Security Act favor young people. Until a person is twenty-four and a half years old, earnings of as little as \$50 in as few as six different calendar quarters are sufficient credits in a social security account, to give the equivalent of \$60.00 life insurance, minimum. The six calendar quarters do not need to be consecutive. And no matter how young a person may be when the sixth quarter is earned, the insurance remains in force until attainment of 24 and a half years of age, even if the boy or girl never does any more work in covered employment after the six

necessary quarters are completed. "The \$60 minimum insurance protection under social security is a small sum in terms of life insurance, but it is only a beginning, and will increase to substantial amounts as employment becomes regular at larger wages, and when the boy or girl takes on the support of dependents."

Beauty by Chrysler

Beauty In Appearance! Every clean, lovely line has purpose and meaning. Beauty that is useful is the Chrysler idea. A striking line of chrome along the fenders may please your eye, but it's there to act as a rub rail. Behind each detail of Chrysler design there's a story of common sense and imagination in engineering.

Beauty In Comfort! A chair at home is beautiful if fine design gives it grace and comfort. Chrysler chair-height seats have this kind of beauty, too. Perfectly proportioned for comfort, they seat you at the proper height to see the road and to enjoy your drive. Comfort that has beauty through fine design—that's the secret of Chrysler engineering and the relaxing pleasure of driving a Chrysler.

Beauty In Performance! You know what we mean the moment you feel the smooth response of the great Spitfire High Compression engine. With Prestomatic Fluid Drive Transmission, driving is wonderfully easy. Start in third, a slight lift of your toe takes you into cruising range. You rarely touch the gear shift lever. A few minutes in this car gives you pleasure it would take a book to describe. Phone for a demonstration today.

GOLDSTON QUILTING CLUB

Our club met the 7th with Billie Ashcraft at the school house. Members present were Etta Reynolds, Mazie Eichelberger, Flossie Reynolds, Charlene Reynolds, Ruth Littlefield, Mrs. Simmons and the hostess Billie Ashcraft. Only one quilt was up and it wasn't finished due to the hot weather and lack of members present. Next quilting is pending. —Reporter.

JOHNSON—LOWRY

At 8 o'clock on Friday evening, July 8th, the Clarendon Methodist Church was the scene of the marriage of Bobby Johnson and Sam Lowry. The former Miss Johnson is the daughter of Mr. and Mrs. J. C. Johnson of Brice, and the groom is the son of Mr. and Mrs. Chas. M. Lowry of Clarendon.

The pastor, Rev. John A. English, read the double ring ceremony. Baskets of shell pink asters and Shasta daisies, flanked by candelabra and palms, decorated the altar.

For her wedding the bride chose a pink lace dress with white accessories. The bridal bouquet was of white gladioli and baby's breath. For something borrowed the bride used her mother's wedding band for the ceremony.

Guests present were the bride's family, Mr. and Mrs. J. C. Johnson, and Max and Judy; her grandparents, Mr. and Mrs. A. C. Hartzog; the groom's parents, and his grandmother, Mrs. J. W. Story.

Following the wedding the arid party went to the Lowry home for a reception. Cake and punch were served from a table decorated with a lace cloth, and having a center piece of daisies.

Mr. and Mrs. Lowry will make their home in Clarendon, and Sam will continue his connection with the staff of the Mulkey and Pastime theatres, where he has been employed for a number of years.

WIGINTON—HINTON

Mrs. Lee Wiginton, daughter of Mr. and Mrs. J. L. Wood of Clarendon became the bride of James E. Hinton, son of Mr. and Mrs. Claude Hinton of McLean, July 3rd at Clovis, N. M.

After a short honeymoon the couple will be at home in McLean.

Mrs. Hinton, prior to her marriage, was employed as a nurse at the Groom hospital.

CLARENDON H. D. CLUB

The Clarendon Home Demonstration Club picnic has been postponed from July 15th to Friday, July 22nd, which will be at the City Park.

Dr. J. D. Swift Jr. of Jacksonville, Florida is visiting his parents, Mr. and Mrs. J. D. Swift Sr. He flew from Jacksonville to Amarillo where he was met by his patents.

Mrs. Mary Dollarhide of Dallas visited her sister, Mrs. Monica Harvey and her niece Joyce Smith the week end.

J. J. Harvey of Phillips came Tuesday morning after his mother, Mrs. Monica Harvey and his aunt, Mrs. Dollarhide and took them to his home for a few days visit. They will go to visit their sister, Mr. and Mrs. A. F. Bennett at Des Moines, N. M. from there.

Mr. and Mrs. S. H. Condon and daughter Marilyn of Canyon spent Sunday visiting his sister, Mr. and Mrs. Frank Bourland.

Mr. and Mrs. Wilson Bruce and small daughter Lynda Suzanne of Monterey, Calif. and Mrs. Hazel Humphrey of Amarillo visited her grandmother, Mrs. Eva Humphrey Wednesday. Mrs. Wilson, before her marriage was Mildred Humphrey.

Mr. and Mrs. Joe Lee Humphrey and baby Lynda Lou of Borger visited his uncle and aunt, Mr. and Mrs. Geo. McKee and family the weekend.

Mrs. Rysinger and baby returned to their home at Happy Saturday after a visit here with her mother, Mrs. Fronsbarger who accompanied her home for a visit.

Mark, an 8 lb. baby boy was born June 30th to Mr. and Mrs. Courtney Brook at Lubbock. Mrs. Brook's mother, Mrs. Bess Stricklin, is visiting with them.

Johnnie Loraine Johnson spent the week end with her aunt, Mrs. Russell Clark.

Mr. and Mrs. Rex Sitton and children Linda, Gerry and Marie of Raymondville are visiting relatives in Amarillo. Mrs. Sitton is a niece of Mrs. Robt. Allison, formerly of Clarendon.

Vera Dana Boston of Amarillo is visiting her grandparents, Mr. and Mrs. Eugene Noland while the Boston's are attending the Piggy Wiggly convention at Havana, Cuba.

Mrs. Charles Condon and daughter Patricia left for their home in Burbank, Calif. last Friday after spending three weeks with her parents, Mr. and Mrs. R. T. Brown.

Mrs. Thelma Veach of Childress returned home Friday after a visit with Mrs. F. A. White.

Mr. and Mrs. Hayse Robbins were in town Monday visiting old friends. They live in White Face west of Lubbock.

Harold White of Ft. Worth spent two days here last week visiting his parents, Mr. and Mrs. F. A. White.

Mrs. O. D. Liesburg returned home last week from Tucumcari after a months stay with her daughter, Mrs. Bob Lynch. Mr. Lynch is recuperating from a serious operation.

CARD OF THANKS

We wish to thank our many friends for their sympathy and many kindnesses during our recent bereavement in the loss of our son and brother. May God's richest blessings be with each of you.

After spending the weekend with her mother, Mrs. W. D. Marth, Mrs. Griswold returned to her home Monday at Shamrock.

Mr. and Mrs. W. A. Bennink of Pampa were supper guests of Mr. and Mrs. A. O. Hefner Sunday night.

Adell Williams who underwent a major operation Tuesday in the Groom Hospital is reported to be doing only fairly well.

Mr. and Mrs. J. O. Martin and son Jimmy returned to their home in Gasville, Ark. after visiting 10 days with his mother and family, Mrs. W. D. Martin.

THE EAGER CANNIBAL

During the war years, the advertising was devoted to a program of encouraging all-out production and support for war-time civilian activities.

In 1948, United began publicizing advantages of various individual action of the Gulf South, including West Texas. This year, United will go even further by actually mentioning the names of towns it serves at retail or supplies at wholesale in various sections, including Clarendon. More than 350 cities and towns in the five-state area obtain their gas directly or indirectly from United.

The July 11 ad features the communities United serves in the "Evangeline country" of South Louisiana. It also will appear July 19 in Wall Street Journal and in the August issue of Manufacturers Record.

In addition to the national advertising program, United Gas has maintained institutional and merchandising programs in hundreds of daily and weekly newspapers located in communities served by the company, including the Donley County Leader.

Mrs. Claude Darden spent the week end with her daughter, Miss Chloe Darden at Pampa.

Mrs. Bill Reed of Amarillo was a visitor in the Roy Maberry home Tuesday.

Mr. and Mrs. Leck Goldston left Sunday to visit her mother at Dallas and their daughter and family, Mr. and Mrs. Frank Frey at Houston.

Mr. and Mrs. C. E. Bairfield had as their guests Sunday, her cousin, Mr. and Mrs. Howard Spahle and sons of Tacoma, Wash.

Cotton Flea Hoppers Now Showing Up

In some sections of Donley County cotton flea hoppers have begun to show up in cotton. County agent H. M. Breedlove says that the flea hopper is worse in years when there is plenty of moisture and vegetation than in dry years. The flea hopper is a very small green insect and usually is found in the bud of a cotton stalk or in the very small squares. He stings the small squares and causes them to shed off the plant.

Farmers in the Hedley community have started a dusting program to control the cotton flea hopper. Breedlove stated that 4,200 pounds of dusting sulphur would arrive in Hedley on the twelfth of July. Some of the farmers in the Hedley community who plan to dust their cotton are J. H. Koeninger, Clyde Bridges and Alva Simmons.

Breedlove will assist in getting the dusting program started and explain the operation to all farmers present. It is hoped to have the dusting machine ready to go by Wednesday afternoon. The dusting machine is owned by several farmers in the Hedley community and has been there for six or seven years. Mr. Clyde Bridges is operating the machine for the dusting program.

Breedlove says that ten pounds of sulphur per acre should give good results, and the best results will be obtained by putting five pounds of DDT to each 100 pounds of sulphur. Any farmers interested and who believe they have flea hoppers in their cotton should contact the county agent.

Mr. and Mrs. L. L. Wood visited Miss Della Wood Monday morning.

Rev. and Mrs. J. L. Ratcliff of Claude visited their niece Miss Della Wood Tuesday.

United Gas Observes 10th Anniversary In Area Advertising

A two-color page advertisement July 11 in Time magazine marked the 10th Anniversary of the United Gas national advertising program designed to stimulate the industrial development of the Gulf South area, which includes Clarendon and Donley County.

Beginning the program in July, 1939, United pioneered the field of publicizing industrial advantages of this territory by an individual company. Heads of industry throughout the nation have been made aware of the industrial opportunities of the Gulf South through such publications as Time, Manufacturers Record, Wall Street Journal and Business Week.

Company officials at the beginning of the program copyrighted the name, "Gulf South", because it most nearly describes the portions of Texas, Louisiana, Mississippi, Florida and Alabama in which United operates.

For the first several years of the program, individual ads pointed out various raw materials, transportation facilities, labor supply, all-year working climate, adequate natural gas fuel and other advantages awaiting industry.

Hospital Bills—Medical Expense of Doctors—Special Nurse—Ambulance Service—Transportation Cost by Aircraft or Railroad—Medicine—Iron Lung—Hospital Treatments—Braces—Crutches.

Poliomyelitis affects both adults and children. Over 1800 cases have been reported in one week alone.

WEEDS AND PESTS TAKE A LICKING WHEN YOU USE A MASSEY-HARRIS NO. 2 SPRAYER

... and the result is clean, high yielding fields... crops that produce better because they're stronger, healthier. In the new Massey-Harris No. 2 low gallonage sprayer you have a front-mounted tool custom designed to reduce weed, insect and cultivating expense.

The pump on the No. 2 is P.T.O. driven... small, compact, out of the way. Made of bronze it resists corrosion, lasts longer. You control pump and boom pressure right from your place on the tractor seat. Booms are specially toughened aluminum, 20 or 30 feet long, with nozzles spaced 20 inches apart. Nozzles are of all brass with removable tips and screens... the bases remain in the boom. Ample filtering capacity means reduced clogging, fewer stops in the field.

Stop in soon for complete details. Let's talk over this new method of applying 2, 4-D and D.D.T.

Special 5/8" hose with reversible nozzle adaptors are available for spraying row crops with 2, 4-D or D.D.T.

CHURCH OF CHRIST
Doyle Williams, Minister
Bible School—10:00 a. m.
Preaching—11 a. m. & 7:45 p. m.
Communion at 11:45 a. m. and 8 p. m.
Ladies Bible study Wednesday at 3:00 p. m.
Mid-week Bible study, Wednesday at 8:00 p. m.
You are welcome to every service.

FIRST CHRISTIAN CHURCH
Thomas A. Gray, Minister
9:45—Bible school for everybody. The teaching arm of the church should have the wholehearted support of all the church members.
11:00—Morning Worship and Communion. You will be strengthened spiritually by observing the Lord's Supper and feeding on the Word of God.
6:45—Christian Endeavor meetings.
8:00—Evening service features a son of one of the former pastors

preaching straight-from-the-Bible, straight-from-the-shoulder, and straight-from-the-heart. Come as you are.
You are always welcome at the church with the chimes.

FIRST PRESBYTERIAN CHURCH

J. J. Wester, Pastor
The pastor is out of town this week, attending a meeting of Dallas Presbytery, but will return the latter part of the week.
The installation of the new pastor, J. J. Wester, is to take place on July 24th at 11 A. M. Dr. Cecil H. Lang, Executive Secretary of Dallas Presbytery, will be in charge of that interesting program.

One of the features of this service which is of great interest to all, will be the presence and participation of one of the beloved pastors of the congregation in the years gone, Rev. Robert McKee, now pastor of the Presbyterian Church at Irving, Texas. Many of the good friends of this beloved minister will be happy to see and to greet him again.
We hope to have with us also a son of one of the former pastors

of this congregation, Rev. Wm. H. Foster, Jr., now assistant pastor of the First Presbyterian Church, of Houston, Texas. Dr. Wm. H. Foster, the former pastor, is now Director of Religious Education in El Paso Presbytery. He is one of the Lord's anointed in the service of the King.
Further announcement will be made next week.

METHODIST CHURCH

Rev. John English, Pastor
Rev. Uel D. Crosly, conference executive Secretary of the Northwest Texas Annual conference will be the speaker at the 11 o'clock hour next Sunday.
There will be no evening worship service as we will dismiss for the closing of the Baptist Revival.

LELIA LAKE

FIRST BAPTIST CHURCH

Texas Rural Roads Association Observes First Birthday

Celebrating its first Birthday with a Board of Directors meeting in Dallas, last week, the Texas Rural Roads Association revealed plans to consolidate present Legislative gains and continue its campaign to establish a system of low-cost, all-weather rural roads in Texas.

Dr. George Shadid DENTIST

Located in Goldston Bldg. Room 208
Office Phone 328 Res. 173-J

TOKYO ROSE ON TRIAL FOR TREASON
SAN FRANCISCO - Mrs. Iva Foguri D'Aquino (Tokyo Rose) is escorted to her cell by Deputy Marshall Herbert R. Cole at the conclusion of the third day of her treason trial. As an aid to her defense attorney, Mrs. D'Aquino has been taking notes on the trial and jotting them down on the large pad she holds in her hand.

The Directors adopted a resolution recommending that any increase in the tax revenues from natural resources be used only to finance permanent improvements, such as rural roads, soil conservation, permanent buildings for Eleemosynary and other State Institutions not otherwise provided for.

"We intend to continue to press for the adoption of a 10-year plan, supplying 40 million each year, which is necessary to adequately serve the farms and ranches of Texas with low cost all-weather rural roads," said Jim Cantrell, Collin County banker and President of the Texas Rural Roads Association.

He added, "We firmly believe that our natural resources are our most valuable capital asset and that any additional tax revenues derived from this source, should be placed back into a capital investment to be expended only upon permanent improvements, such as rural roads, soil conservation and public and institutional buildings."

"The rural people of Texas are grateful to the Legislature for the 15 Million Dollar per year appropriation, which will enable the Texas Highway Department to carry on the present Farm-to-Market road program, but we must bear in mind this appropriation is only for the next biennium and is not adequate for the purposes we have in mind," Cantrell said.

"Regardless of our present

abundant supply of natural resources, Texas is basically an agriculture State. When these irreplaceable resources are exhausted, we will realize the value of farming to our economy. The rural population of the important farming areas is constantly decreasing," Mr. Cantrell continued,

"and the principal reason for this decrease is the deplorable condition of our country rural roads."

Mrs. J. W. Kent returned to her home at Phillips Tuesday after a two weeks visit with her son and wife, Mr. and Mrs. Ernest Kent.

GETS FULL CONTROL OVER ARMY, NAVY, AIR FORCE
 WASHINGTON, D. C. - The House Armed Services Committee agreed tentatively to give Defense Secretary Louis Johnson full "direction, authority and control" over the Army, Navy and Air Force. Action came after Johnson, right, testified before the committee, and conferred with its chairman, Rep. Carl Vinson, left.

War On 'Hoppers' Very Satisfactory

Good results have been reported by farmers in the grasshopper control program with both the use of Toxaphene and poison bran.

"We still have poison bran on hand," county agent H. M. Breedlove said this morning, "and want the farmers to come and get it if the hoppers are giving them trouble."

Breedlove asks that every one wanting bran to try to get it at eight o'clock in the morning or after five in the evening—that will eliminate the expense of a plant foreman. The county agent is handling the poison himself. Breedlove thinks that the re-

cent rain will green up the vegetation so that the hoppers will start feeding on the native grass and then is the time to spray with toxaphene. When the weather is dry and hot is the time to use the poison bran. "It will be useless to put out the bran in wet weather," Breedlove advised.

Any one having grasshopper troubles are advised to call on the county agent and the matter can be discussed as to whether to use bran or toxaphene.

L. C. Youree is back home after a sojourn in the Veterans' Hospital in Amarillo.

Frank White III returned from boys camp at Montazuma, N. M. last week after a months vacation.

Rains Bring Brighter Row Crop Prospects

Several nice showers that have dropped in on us since last Thursday have certainly bolstered the row crop and range land prospects over the previous week when the mercury was getting up around the 100 degree mark and crops were beginning to need a good watering.

The rains have been general over the entire Panhandle area giving us greater benefit than if the showers were only local. Some sections of Donley County received as much as four and five inches during the same period that the local weather station registered 1.45 inches at the airport.

The farmers with the sandy land state that they could get along just fine for quite some time without any more moisture. Ranchers and stock farmers say they are enjoying every drop of the wonderful stuff as their pastures are coming along beautifully.

All we need now is just to put in an order for a nice gentle rain every two weeks for the next month or so and then take time out to worry about how the bumper crop will be gathered. Everything looks mighty good and it will help everyone's feelings and pocket book too, to make an exceptional crop while prices are still good.

The total rainfall for the year registered at the airport now stands at 18.24 inches which comes close to the yearly average, though we still have nearly a half year to go.

Bill Word, J. A. Ranch manager, was in town Monday attending business matters.

Donley County ACA Farm News

POTATOES: We still have potatoes for sale. So far only two producers have ordered potatoes from this office. They are: Royce Hall, who ordered two cars, and Fontayne Elmore, who ordered one car. We don't know how long they will be available, but you should take advantage of this opportunity to get some good livestock feed. Just come to see us and we will fix you up.

PEACHES: Did we tell you that we made a trip to Red Doherty's Fruit Farm? It is worth the time it takes to go down to Hedley just to see all those trees loaded with ripe peaches. The orchard made one of the prettiest pictures we have seen in a long time. The office force really appreciated the peaches that Mr. Doherty gave us. We ate so many peaches we nearly got "Peach-itis."

WHEAT LOANS: We got some of our grain tests back from the Amarillo Grain Exchange, and this Farm Stored Wheat is turning out fine. The samples we sent in met Commodity Credit Corporation Specifications, and the loans are now in the completion stage. If you are still uncertain about what you want to do with your wheat, please come to the office and let us tell you about a loan for your wheat. To date, we have completed over \$200,000.00 in Loans at this office.

COMPLIMENTS: We want to thank Mr. Patrick for his letters to us about our news articles and letters that we send out from this office. Every time we send out a special letter, he takes time to write and tell us how much he enjoys them. Things like this make us feel that our efforts to acquaint you with our Program are not in vain. Uncle Jay also gave us a good plug of his early morning radio program, along with Zeke Brown in his Amarillo Times Article, "Zeke Says."

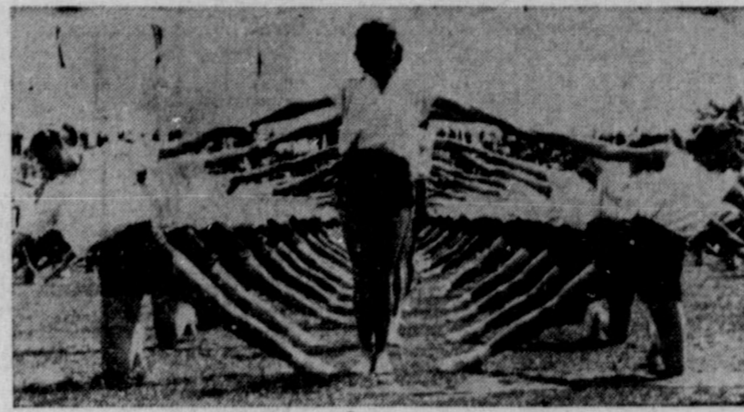

VISITORS: Mr. Ward Taylor, our District Field Supervisor, and Mr. Wesley Stevens, State Engineer, visited us in the office last week. **TERRACING:** If you are planning to do some terracing, please come to the office for your approval before you begin the work. We have added a few more producers to our records since our last article. They are: Ellis R. Harrison, Melvin G. Helton, Sam W. Lowe, J. H. Morris, and Fred J. Watt. These producers are doing a fine thing by terracing their land. They are taking advantage of the assistance that is offered them, and that is something you should do.

WHEAT FARMERS: If you want to earn a payment that is applicable to your land, come to the office and get an approval for Managing Crop Residues on your Wheat Land. This practice is good for your land, and the payment is 30 cents an acre. Walter Fraser, Margie Emery, Willard McAdams, Berry James, and Stanley E. Latta have approvals for this practice. **GOOD ADVICE:** If someone were to offer to pay 50 to 60 per-cent of the cost of a new home or a new automobile for you, would you take it? I'm sure you would be amazed if someone made you an offer of this kind; yet, in principle your County ACA is making you the same type offer which will assist you to build up and maintain the productive capacity of your soil from which the funds must come that you use to buy automobiles or other necessities of life.

FORMER RESIDENTS PICNIC IN AMARILLO

A number of former Clarendon residents and relatives gathered in Elwood Park in Amarillo for a picnic and family get-together Sunday. They were Mr. and Mrs. Verlin Martin, Verlayne and James Larry, Mr. and Mrs. Rex Sitton, Linda, Garry and Marie, Mr. and Mrs. Brit Melton, Billie Earl, Beth and LaJuan, Mr. and Mrs. Willard Chansler, Sharron and Harrold, Mr. and Mrs. Robt. Allison, Lila, Mary and Miss Donna Rogers.

Mrs. W. D. Martin had for dinner guests Sunday her children, Mrs. Fannie Griswold from Shamrock, Mr. and Mrs. J. O. Martin and Jimmy from Gasville, Ark., Mr. and Mrs. Clint Martin and children, Mr. and Mrs. Clyde Martin and daughter and Mr. Chester Martin of Clarendon; also Mr. and Mrs. Lois Davis and daughter Elaine of Amarillo.

MUSCLE BUILDING FOR THE GIRLS OF POLAND
 WARSAW - Polish girls indulge in carefree play at the First National Sports Tournament of school youth recently held at the Stadium of the Polish army. Four thousand boys and girls took part in the mass gymnastic exercises that were an important part of the festivities.

Hospital Notes - - -

Medical patients - K. Lynn Watters, Roy McKee, N. A. Sims, A. L. Sandridge, Mrs. F. A. Hardy.

Surgical - Sally Mason, Floyd Parker.

Dismissals - Mrs. N. J. Watters, Lary Rawson, Mrs. Travis Akin and daughter, Mrs. Tom R. Moss, Kenneth Evans, Glenn Roberson, Buster McCampbell, Mrs. Munrow Humphrey and daughter, Joe Lee Walker, Mrs. C. L. Moss, Virgil Lee Hook, Mrs. Ivan Moore.

We are happy to announce the purchase of new equipment for the hospital which will allow us to give our patients better service than ever. It is classified as follows:

Lab equipment - Electrocardiograph machine for heart tests. Reconditioned Basal Metabolism machine, New microscope, new calorimeter, facilities for complete laboratory service.

Surgical equipment - New surgical lamp and suction machine. Those wishing to have their blood typed may obtain this service free of charge by coming out to the hospital.

Baseball Games At Hedley and McLean This Sunday

St. Francis will play Hedley at Hedley next Sunday afternoon at 3 p. m. St. Francis is in fifth place in league standing and Hedley has dropped back to third place by virtue of losing to league leading Washurn last Sunday 5 to 2.

Goldston will play McLean at McLean Sunday and hope to stay in the win column after beating Claude last Sunday 11 to 5. In other league games, Groom defeated St. Francis 7 to 4, and Panhandle nosed out McLean 9 to 7.

Visitors Pouring Into Palo Duro Canyon

An average of 1,000 more visitors each week than a year ago are visiting colorful Palo Duro Canyon State Park this summer. The increase in a large measure is attributed to the quest for the goldline coins of the fabulous 1949 Treasure Hunt. Some 10,000 numbered coins were dropped into the Canyon May 28 from a plane. Those ending in seven are good for 1,000 valuable prizes and all others are eligible for costly supplemental and grand prizes. The prize list totals more than \$20,000 in value.

Sponsored by the Palo Duro Boosters club with heavy membership in Amarillo, Canyon and Hereford, the prize hunt gets in high for the remainder of the summer.

On July 17 at 4 o'clock a \$250 diamond ring will be given by the Mission Jewelry Company. Then the prizes will be awarded in the following order:

One year old sorrel quarter-horse filly Casey's Billy Red Fox given by Glen L. Casey, Amarillo, on August 7.

A Crosley nine-foot Shelvador

Refrigerator given by Domestic Appliance Distributors, Bryce O'Keefe, President, Amarillo, on August 14.

An Estate deluxe Gas Range given by Amarillo Hardware Company on August 21. A registered and bred two-year-old quarterhorse Casey's Beauty given by Glen L. Casey of Amarillo at 4 o'clock on September 4. This horse is valued at \$500.

A 14-day expense paid vacation trip to Rio de Janeiro via Baniff to be given by Palo Duro Boosters Club at 4 o'clock Labor Day, September 5.

The final grand prize and perhaps scores of others will be awarded at 4 o'clock September 11. That prize is a Chevrolet Fleetline two-door sedan given by the Plains Chevrolet Co., of Amarillo. All number seven coins will be voided on September 5 and un-awarded prizes will be awarded when the grand prize is given.

As a result of the Treasure hunt the park has received unprecedented publicity this year. Millions heard of it for a week on the Queen for a Day radio program which sent a queen to attend opening festivities. The Bride and Groom couple selected on that

radio program in Hollywood on July 5 will spend their honeymoon in Palo Duro Canyon. In addition the Nuyes Theatre Corporation will film its technicolor picture "Tunder in the Dust" in Palo Duro Canyon State park and an adjoining ranch during July. A ten-day shooting sequence in the state park will begin July 10. The picture introduces for the first time under his own name, John Barrymore Jr., and has in its cast Robert Preston, Chill Wills and other western stars.

Borger, Dumas, Plainview, Hereford and Tulia are vying for attendance honors at the park when Canyon and Amarillo, closest cities, are eliminated. Prize winners have included visitors from as far away as Missouri and approximately 750 of the prize seven coins remain to be found.

Mr. and Mrs. H. T. Burton returned home Sunday from Waco where Mrs. Burton has been attending a summer session at Baylor University. Mr. Burton went down there last Wednesday.

Mr. and Mrs. Bowen DuLaney and children and Ira Jean Estlack were in Amarillo Monday.

E. S. Ballew On Swine Registry Committee

All phases of the swine industry will be represented on the official type Committee when the national Hampshire breeders gather for their eleventh annual National Hampshire Type Conference August 1st and 2nd at Omaha, Nebraska.

Sponsored by Hampshire Swine Registry, the organization for officially recording all Hampshire hogs, these conferences are aimed toward keeping the Hampshire a middle-of-the-road - meat-type hog that will efficiently produce the kind of pork that the consuming public demands.

Guy McReynolds, a Hampshire breeder and nationally recognized swine judge from Ashland, Nebraska, will serve as chairman of

the committee for making official placings for the type discussions. Other breeders on the committee are: Virgil Binford, Lafayette, Indiana; William Allen Wright, Paris, Illinois; E. S. Ballew, Clarendon, Texas; and Lester Jordan, Jr., Richwood, Ohio.

Representing the college livestock specialists will be Professor L. A. Weaver of the University of Missouri College of Agriculture. Allen Nash of Wilson and Company, Cedar Rapids, Iowa, will represent the meat packing industry.

Bob McGowan left Tuesday on a trip which will take him to Abilene, Tyler, Henderson and Waco, at which places he will visit friends and relatives. Bob stated that he will be gone some three weeks before returning to cooler places.

 Guests of Mrs. A. L. Allen the week end were Mr. and Mrs. E. L. Hunsucker of Pantex and a granddaughter and family of Alanreed.
 Kin folks visiting the Harold Grahams and James Tolberts this week are Mr. and Mrs. Jess Sutton and family of Elnouch, Texas, Mr. and Mrs. Ira Sutton and sons of Vernon and Mrs. J. C. Sutton and sons of Martin.

Swimming Meet For Boy Scouts Aug. 5th At Wellington

The Southern District, Adobe Walls Area Council, Boy Scouts of America, will hold its First Annual District Swimming Meet at Wellington, Texas, August 5th. Sandy K. Parsons, Jr., Scoutmaster of "host" Troop 32, announced this week. Troops from all four of the Southern District Counties of Collingsworth, Donley, Hall, and Wheeler are expected to be represented.
 The Scouts will camp at Wellington for the night of August 4, and the day of August 5th, with the Swimming Meet to be held that afternoon. The public is invited to witness the Meet at the Wellington Municipal Pool.
 Events will be held in two divisions, Junior, for Scouts 12 and 13 years old, and Senior, for those 14 to 18. Swimming contests will be held in: 40 yard Backstroke, sidestroke, breaststroke, and freestyle. There will be two relays, 160 yd. Medley Relay, and a Stunt Relay of 80 yards. Diving events

will be held in three types, front dive, swan dive, and jackknife. Awards will be made for first, second, and third places in all events.
 Troops that will be represented are: Troop 24, Kelton, W. H. Willoughby, Scoutmaster; Troop 32, Wellington, Sandy K. Parsons, Jr., Scoutmaster; Troop 35, Memphis, Ted Myers, Scoutmaster; Troop 36, Hedley, C. L. Johnson, Scoutmaster; Troop 37, Clarendon, Rev. W. Warrin Fry, Scoutmaster; Troop 44, Mobeetic, Boyd Beck, Scoutmaster; Troop 70, Kellerville, Ollie McPherson, Scoutmaster; Troop 72, Wheeler, Winfred Meek, Scoutmaster; Troop 76, Shamrock, J. Byron Brown, Scoutmaster.
 Mr. John Lee, Wellington Pool Manager, and Donald Briggs, assistant, will be among the judges for the Swimming Meet.

Cottonseed Production

AUSTIN—Cottonseed received at Texas mills during April gained 1 per cent over April, 1948 though falling 6 per cent below the March level, the University of Texas Bureau of Business Research reported.
 During April cottonseed crush-

ings dropped 37 per cent from a year earlier and 46 per cent below March, the total tons tumbling from the April, 1948 mark of 70,473 to 44,640 in April this year.

End-of-month stocks of cottonseed at Texas mills slumped 41 per cent from April a year ago and 38 per cent from March.
 The Bureau's index of cottonseed crushings, adjusted for sea-

sonal variation, was 107 per cent of the 1935-39 base in April as compared to 117 in March and 169 in April 1948.

Loaves of MANN'S Malted Milk BREAD

THE TEMPLE OF TRUTH
By the Apostle

One reason some folks do not get along too well is that they display their pest manners.

Son, said the Art Yowell philosopher, if you spend too much time looking for an opening, you will land in a hole.

Some men spend four or five years working for their M.A., and a lifetime working for their MRS.

In grandma's day most of the folks had shuck mattresses and slept soundly upon them if they had their debts paid and their conscience was reasonably clean.

Uncle Silas, a small business man sold out lock, stock and barrel and bought a skunk farm. When asked why he made such

a change, the old man explained that "now maybe the government will keep its nose out of my business."

A little flattery now and then makes husbands out of single men.

"You make a small payment and then no more for six months" stated the one armed peddler as the lady came to the door. "Who in thunder has been telling you all about us," raved the lady of the house.

An auto dealer wanted to purchase a top jersey milk cow and wrote a farmer friend to that effect. The farmer "went modern" for once and replied as follows: "One 1946 model you will appreciate for \$125; one dehorn ensemble \$4.75; one deluxe tail with special brush attachment, \$5.75; one milk unit, \$25; extra for four faucets at \$3.39 each, \$13.56; four non-slip hooves at \$5.50 each, \$22; one txara deluxe mohair cover \$32.50; Total \$239.93, plus federal, state, excise, nuisance and luxury taxes."

FACTS ABOUT FLY CONTROL

By Dr. D. H. LeGear

In recent months everyone is in a furor about fly control. DDT was doing a good job against flies and suddenly the Government says, "No more DDT on dairy animals". This naturally put everyone in an uproar.

The farmers ask, "What can we use now?" "Will the DDT we have been using poison our stock?" "Is DDT as harmful to

FIVE POLIO PRECAUTIONS ARE LISTED FOR PARENTS

Warning that the 1949 polio season is "just around the corner," the National Foundation for Infantile Paralysis today issued a list of precautionary measures to be observed by those in charge of children during the epidemic danger period which usually runs from May through October, reaching its peak during the hot, mid-summer months.

The five easy-to-follow health rules for children are:

1. Avoid crowds and places where close contact with other persons is likely.
2. Avoid over-fatigue caused by too active play or exercise, or irregular hours.
3. Avoid swimming in polluted water. Use only beaches or public pools declared safe by local health authorities.
4. Avoid sudden chilling. Remove wet shoes and clothing at once and keep extra blankets and heavier clothing handy for sudden weather changes.
5. Observe the golden rule of personal cleanliness. Keep food

CUT OUT AND KEEP FOR REFERENCE

beef cattle, horses, mules, swine, etc. as it is to dairy cows?" "Will our milk supply be outlawed if we use DDT anywhere on the farm?"

Whoa! Back up there. Let's go over the government's statement on DDT again.

"Do not use DDT and similar chemicals on dairy cattle and in milk barns."

Notice that there is no recommendation for use against DDT on other animals or on buildings around the farm other than those

tightly covered and safe from flies or other insects. Garbage should be tightly covered and, if other disposal facilities are lacking, it should be buried or burned.

The National Foundation also listed the following symptoms of infantile paralysis: headache, nausea or upset stomach, muscle soreness or stiffness, and unexplained fever. Should polio strike in your family, call a doctor immediately. Early diagnosis and prompt treatment by qualified medical personnel often prevent serious crippling. The National Foundation pointed out.

The organization emphasized that fear and anxiety should be held to a minimum. A calm, confident attitude is conducive to health and recovery. Parents, it said, should remember that of all those stricken, 50 per cent or more recover completely, while another 25 per cent are left with only slight after effects.

If polio is actually diagnosed, contact the chapter of the National Foundation for Infantile Paralysis serving your community. The chapter will pay that part of the cost of care and treatment which patient or family cannot meet.

and as such the law says it must not be contaminated by any substance that might possibly be harmful to humans. Therefore, DDT should not be used on dairy cows since it can be passed through the milk and it might sometime prove to be a harmful contaminant.

DDT is still "Tops" for use on beef cattle, horses, mules, sheep, swine, barns (other than dairy barns), poultry houses, and farm buildings in general. Its residual action and ease of application, coupled with its economy, still make it the insecticide of choice for most of the farm.

Now—"What to do about dairy cattle, milk barns, etc.?"

That's easy. Authorities now strongly recommend the old time-tested "daddy of all insecticides"

Pyrethrum, with its activity stepped up with Piperonyl Butoxide. This chemical increases the action of Pyrethrins many times, making an insecticide that is more effective, longer lasting and very economical.

Pyrethrins I and II, activated with Piperonyl Butoxide, are readily available to all farmers in a new Fly Spray especially recommended for use on milk cows and in dairy barns. This product kills and protects against stable flies, horn flies, horse flies, deer flies, mosquitoes and gnats and will in no way be a milk contaminant. So it is now easy for farmers and dairymen to use a sure, safe fly killer without any fear of contamination or any chance of a reduction of their milk check.

White sidewall tires, as illustrated, available at extra cost.

Good Buy - all around

FRIENDS gather, look over that long bonnet and wish they had as much Fireball life as you have here.

They size up the broad windshield and narrow corner posts—and don't have to be told how these things step up "see-power."

They appraise the smart styling, the roomy interiors, the usability of luggage space—and agree you've made a buy.

But don't stop, please, with letting them look. Invite them in and introduce them to some of the special pleasures you'll know as a Buick owner.

Show them, for instance, how completely different Dynaflo Drive is, with every mile cushioned by flowing oil and none of the rigid harshness of direct-drive cars.

Let them sample the matchless Buick ride, with all four wheels cradled on soft, coil springs and low-pressure tires made still easier-riding by extra-wide rims.

†Standard on ROADMASTER, optional at extra cost on SUPER models.

Point out how solid this Buick feels. That's what you get from husky frames, low-sprung weight, and power delivered through a torque-tube instead of the rear springs.

For the truth is, this Buick's a bargain on much, much more than you can see.

It's a big buy on the solid goodness a demonstration quickly makes plain. On increasingly favorable delivery dates. On attractive price. On the kind of "deal" your Buick dealer makes.

That's why we keep saying "Better see your Buick dealer—and get that order in promptly!"

BUICK alone has all these features

- Silk-smooth DYNAFLOW DRIVE • FULL-VIEW VISION from enlarged glass area • SWING-EASY DOORS and easy access • "LIVING SPACE" INTERIORS with Deep-Cradle cushions • Buoyant-riding QUADRIFLEX COIL SPRING • Lively FIREBALL STRAIGHT-EIGHT POWER with SELF-SETTING VALVE LIFTERS plus HI-POISED ENGINE MOUNTINGS
- Low-pressure tires on SAFETY-RIDE RIMS • Cruiser-Line VENTIPORTS • DUREX BEARINGS, main and connecting rods • BODY BY FISHER

*Standard on ROADMASTER, optional at extra cost on SUPER models.

When better automobiles are built BUICK will build them

MORE CLEARLY THAN EVER

From where I sit... by Joe Marsh

Windy Sure "Stopped The Show!"

The other night a bunch of us were over at Judge Cunningham's watching a swell vaudeville program on his new television set. It came in fine, but just once, the screen got a little streaky.

Before the Judge could touch the knob to bring it into focus, old Windy Taylor starts fooling around with the antenna connection. "I can fix that!" he says.

Windy fixed it all right. He "stopped the show" for us, and Buzz Ellis had to come over and do a \$20 repair job. I understand

Windy feels so bad, that he's paying the bill and has apologized to the Judge for acting so smart.

From where I sit, it pays to practice a little restraint whenever we get the urge to meddle. Whether it's television or a person's right to enjoy a temperate glass of sparkling beer now and then—let's get a good clear "picture" of the real situation before we cause more harm than good

Joe Marsh

OLD PATHS
By DOYLE WILLIAMS
Minister Church of Christ

A belief in God's word is more than just verbally asserting such; or being found on Sunday morning at some church building, without even knowing the purpose that brought you there. There are many things that will

lead men and women to do things besides faith, but with such God is not well pleased; neither will He accept any ones person in such matters. The gospel of Jesus Christ is a system of faith. The means of such system consists of two major parts; namely, human, and divine, the devine has to do with God's part of the plan, and the human, man's part of the plan. Man cannot take over God's part of the plan, neither does God do any part of man's works in the plan; he must do that for himself. This plan originated in the mind of God, and not in the mind of man. Any plan that does not

find its origin in the mind of God, is not the plan that will save the families of men from a just destruction. The plan must come from God. It must come the way God purposed it to come, and it must contain the means that God placed in it, or it is of no value to us today. This truth is not only taught in God's holy volume, but is also confirmed in those who would intreat others to allow God to have his way in saving them. Paul says "Having made known unto us the mystery of his will, according to his good pleasure which he hath purposed in himself:" Eph 1:9. When did he do the purposing? "According as he hath chosen us in him before the foundation of the world." Eph 1:4. Paul here clearly states who did the purposing and when it was done. To confirm this Paul writes to Titus and says, "In hope of eternal life which God, that cannot lie, promised before the world began:" Titus 1:2.

At a time when the human family was without strength or hope to save themselves, God purposed a plan that would save them. Paul says "For when we were yet without strength, in due time Christ died for the ungodly." Rom 5:6. Had it been left up to the strength of men they would have been lost forever; they could have never found a way to save themselves.

This plan was not brought about by something that man had done, it was not purposed in the mind of God because of the merits of man. God's side of the plan was never prompted by the works of men, but by the mercies of God. "Not by works of righteousness which we have done, but according to his mercy he saved us," Tit 3:5. All the works of men from the time of Adam till now, would never have moved God to formulate a plan to save us; had it not been for the wonderful mercies of God. We will continue a study of this wonderful plan next week, and we hope you will continue with us.

being so kind. Uh, huh, wrapping paper had been used before. From a Negro's prayer; "Thou blessed Jesus, who has met wid dy chillun so many times befo', come dis way jus one mo' time—jes one mo time - - Pull away de cuhtains ob dy majesty, and fol back de doahs ob dy great glory, and come down dis way, jus one time mo'—jus one time mo'."—Me too, and me too - - Better never trouble Trouble Until Trouble troubles you; For you only make your trouble Double-trouble when you do; And the trouble-like a bubble—That you're troubling about, May be nothing but a cipher With its rim rubbed out. —Trouble by Keppel

I do not pray; Keep me, my God, from stain of sin Just for today.—Wilberforce. The highest and most loity trees have the most reason to dread the thunder—Chas. Rollin. In Clarendon the other day, I had a cup of coffee with the Tyler Bros., and Brother Williams, who also dabbles a bit in writing. Anyway, I made a cup of coffee, even if I did lost the discussion. I enjoyed the visit, anyhow - - Excuse me for copying so much this week but I just didn't feel like working. Maybe it sounded better at that - - O God, our help in ages past, Our hopes in years to come, Our shelter from the stormy blast, And our eternal home. —Isaac Watts. A. D. Come In And See How Much You Save On The New SERVELS

HERE'S WHY THE GAS REFRIGERATOR IS THE CHOICE OF FAMILIES WITH EXPERIENCE

ONLY SERVEL STAYS SILENT LASTS LONGER

... because only Servel freezes with no moving parts

All over the country, folks are discovering that there is one different, simpler refrigerator. Its freezing system has no moving parts at all. So—it stays silent, lasts longer. It's the Servel Gas Refrigerator—choice of families who've had experience.

Only Servel has no machinery to cause noise, no motor to wear, break down or need fixing. That's because a tiny gas flame does the work. And many thousands of Servel's almost 3,000,000 owners have enjoyed silent, dependable performance for 18 and 20 years!

You'll say the new models are beauties! Latest conveniences include a big frozen food compartment, plenty of ice cubes, dew-action fresheners for vegetables. Come in today and see the new Gas Refrigerator models.
