# Donley Fair, Horse Show And Races Promises To Be Best Ever Held Here

Show and Races to be held in Donley County on Sept. 30th and October 1st., promise to be the biggest ever held in Donley County. H. M. Breedlove, county agent and manager of shows in the county, stated that the show board met in his office this past Saturday and worked out most of the details and premiums for the coming show.

The agriculture community exhibits will offer strong competition throughout the county and will be judged by an agriculture expert from out of the county. The list of commodities for display on the community exhibits are now being prepared and will be ready for the committees in each community next week. The premium on the community agriculture exhibits will be forty dollars for first place, thirty dollars for second place, twenty dollars for third place and then ten dollars for all other exhibits.

The poultry show to be handled by Curtis Mears and E. V. Quat- ry Brumley. The races to be run tlebaum will have single exhibits are follows and a ten dollar entry of both young and old birds and fee will be charged for each prize money running in three horses entered will be those to field in a non-conference tilt.

Held in the local jail here are Robert Roy Honeycutt, 34, of Amarillo and Roy V. Shelton, 32, of Dumas.

These men are believed to be the same parties who shot at a city policeman at Dalhart last week, also suspected of robbing an Amarillo residence, robbing the service station of Mrs. K. C. Reed on Highway 66 last week at which time \$100 in cash, \$36 in checks and \$20 in traveler checks were taken and several other petty crimes.

They are being held here for questioning in connection with the reported planned robbery of a Golden Light Coffee salesman and various other charges.

Sheriff Wright received three different reports Thursday night of men shooting from a car near polio clinic at Plainview Sunday man. He told the sheriff they had night. Honeycutt was reported to be a former salesman for the Golden Light Coffee company and was supposedly familiar with the alesman's route and the amount of money he would be carrying at the time.

Dalton Swinney reported that shots were fired as he rode near the car on his horse. The horse was frightened and fell to the pavement and just as soon as the horse was quieted down, Swinney took off up an alley.

The youth that was with the two men claimed that he had been forced to accompany them on their crime spree and gave officers information that assisted in recovering much of the loot taken in the previous robberies.

LIBRARY NOTES\* By May L. Prewitt

This is the shifting period at the Library, and for a few weeks very few books will be issued. The little people who have read all summer are, checking in to "make ready for school." Severla books for adult readers have been ordered, but none have arrived. It is not cool enough evenings for a book to be very tempting, so the Librarian will get busy at the mending table.

The summer months have not produced many worth while publications. "Tomorrow We Reap' by James Street & James Childress has been extensively advertised, yet the theme is no favorite topic of my readers, and the women characters are ruthless, and not enjoyable reading to the adult readers. It is risappointing to purchase a \$3.50 book and discover it has run as a serial in one of the most popular magazines. Taylor Caldwell's "Let Love Come Last" was chosen by some book of the month club for August or Sept. members, so I ordered it, but find its last installment as a serial was in a magazine some body discard-

School begins this month... days are getting shorter

OCHOOL age is a wonderful period ... when life is an unending voyage of discovery. But a dangerous age, because young eyes must keep up with inquisitive young minds, and three-fourths of all a child learns must come to him through his eyes!

Many children do their lessons reluctantly partly because of the difficulty of trying to study under poor lights. See that your children study under properly placed, glareless, shadowless light . . . use bulbs of the proper size . . . ask West Texas Utilities Lighting Advisors for advice on better light for better sight.
