### Bronchos To Play Perryton Rangers Friday Night

The Clarendon Bronchos will journey to the top of the Panhandle this Friday night to tangle with the Perryton Rangers in their third non-conference tilt this season. The game is scheduled to start at 8 p. m., so if you plan to go along and give our boys the support they deserve, you should start plenty early as the distance is 140 miles.

The Bronchos are in fine shape for the game but Coach Clinton has been preparing the boys to meet a stronger team than any they have encountered so far. The Rangers are a dangerous foe and all indications point to a tight struggle all the way through Friday night.

Christie will probably see very little action Friday due to his bad ankle and Jenkins has been suffering from an attack of flu but probably will be ok by Friday night. It will be a toss-up between Jones and Pittman as to who takes Christie's place in the guard position.

The probable starting line-up for Clarendon, starting at left end: Trussell, Tatum, Travis Mulanax, Gene White, Pittman or Jones, Whitaker, Leon Mulanax, Carlile, Jenkins, LaGrone and Bradford in the backfield.

The distance may be a little bit far but those Bronchos will appreciate having just as many of their homefolks rooting for them on the sideline as possible so make an effort to go along with them if you can. It has been our understanding that the Clarendon Band will make the trip to help pep things up as much as they can.

#### THIRD GRADE TO SPONSOR GET ACQUAINTED PARTY

Mrs. Fred Mulkey's third grade is holding a get-acquainted party in the Elizabeth Stevens Ward Gym this Friday night. Games of 42 and other games will be played and coffee, pies and cookies will be for sale. They are inviting the public in general and are urging everyone to bring their entire families.

Both sections of the Third Grade will sponsor a cake walk on October 1st and further announcement in this regard will be made next week.

Mrs. John Potter, Mrs. Harlan and Miss Marjorie Harlan visited Mr. and Mrs. John Grady at their ranch home Sunday.

ROCKY GRAZIANO ON THE COMEBACK TRAIL  
NEW YORK, N. Y. - Charlie Fusari staggers back and looks like he is ready to call it quits in the 3rd round after taking a hard right to the jaw thrown by former Middleweight Champion Rocky Graziano. Fusari (left) after putting up a terrific battle, was finally TKO'd in the tenth round.

#### Teen - Canteen Is Sponsoring Cake Sale September 24th

The Teen-Canteen is sponsoring a Cake Sale September 24th, next door to Hudson & Taylor Paint store. Those of you who are interested in helping this organization may help by coming to the cake sale and take your pick of these delicious home-made cakes for week-end desserts.

If you have a preference--place your order with Mrs. Cap Morris and every effort will be made to fulfill this order.

If you are a canteen mother it would be a big help if you would call Mrs. Morris and volunteer to bring a cake to the sale. All cakes should be brought to this building by 10 o'clock Saturday morning.

#### REBEKAH LODGE SETS DATE FOR MEXICAN DINNER

The Clarendon Rebekah Lodge will hold its annual Mexican dinner at the Clarendon Hotel Saturday night, November 5, 1949. Tickets for this dinner will be sold at a date to be announced later.

Abe Cole of Claude was a Clarendon visitor Wednesday.

#### Tickets to Go On Sale Next Week For Amateur Show

Tickets will go on sale next week for the Amateur Show, sponsored by the Youth Center. This show will be held in the College Auditorium Thursday night, Sept. 29th. Tickets will be 35c for adults and 25c for students.

If you are interested in entering this contest contact Mrs. Jack Brooks or Mrs. Olin Bain before Wednesday noon, Sept. 28th as that is the deadline for entries. There will be one rehearsal--Wednesday night at 7:30 in the College auditorium.

Three prizes are offered for the three best entries--\$10 for first, \$7.50 for second and \$5.00 for third.

Rev. Warria Fry will be master of ceremonies.

If you can play a fiddle, musical saw or just plain sing a western ballad, you had better get in this contest. Young and old are invited to enter.

Proceeds from this show will help our young people on the upkeep of their youth center.

We have one of the finest Youth Centers in the state and the finest young people in any state, so when you are called on to buy a ticket remember that, and help these young people by buying tickets for all the family. Remember the date and place--Thursday night, Sept. 29th at the College Auditorium.

#### Former Resident Dies In California

Phillip E. Engel, former resident of Clarendon and Donley County, died at his home in Oroville, Calif. Tuesday, Sept. 20th. Funeral services will be held here at the Murphy-Spicer Funeral Chapel at 4 p. m. Sunday, September 25th.

Mr. Engel will be remembered by his many friends here as the driller of the first oil well drilled in Donley County. His wife is the former Annie Mary Taylor, daughter of the late, Mr. and Mrs. H. W. Taylor.

Mr. Engel with his family have resided in California for the past four years.

He is survived by his wife, one son, Edward Engel and one daughter, Emily Engel, all of Oroville, Calif.

Burial will be in Citizens Cemetery with funeral arrangements under the direction of the Murphy-Spicer Funeral Home.

Mr. and Mrs. Fred Reid visited relatives in Clarendon Sunday.

Pete Bromley, 5 ft. 10 in., 215-pound right guard has one year remaining to play with Frank Kimbrough's West Texas Buffaloes. With two letters to his credit, Bromley will return after a years absence because of a knee injury. He is expected to be a candidate for all-conference honors. Bromley is the son of Mr. and Mrs. Bill Bromley of Clarendon.

#### Polio Fund Drive Extended Thru This Week

The current emergency Polio drive will be extended through this week because of the desperate need for funds.

At noon Wednesday, Donley County had eight patients in the polio clinic at Plainview. Seven of these patients are looking to the Donley County Chapter for all or a part of their expense. According to a report from the Chapter Chairman, more money has been requested from national headquarters to supplement the rapidly diminishing funds on hand.

This is the second time Donley County has had to ask for national headquarters help this year. If you have not yet made your contribution to the emergency drive, do so at once by leaving your check or cash at one of the banks or mailing to Mrs. Johnnie Blocker - - or contribute to the "Volunteer in Polio" who calls on you at your home or business.

#### Four New Polio Cases Reported In County This Week

Up until recent weeks, Donley County has had a pretty clean record in regard to polio. This record has been broken with the total count of 8 cases of polio recorded at this time. Four new cases showed up this week and one of them has been diagnosed as the bulbar type.

To make it still a greater tragedy, these four new cases are all in one family. They are the children of Mr. and Mrs. John Dillard Kennedy, a farm family living in the McKnight community. The children are: John Lloyd age 7, Joyce Ann age 11, Norman age 12 and Donald age 14. Joyce Ann is said to have the bulbar type which is the most serious type.

The other cases which have been reported previous to these four are either out of the clinic or reported improving at this time.

#### HEDLEY DEFEATS MEMPHIS IN BASEBALL GAME

The Hedley Lions closed out their baseball season last Sunday at Hedley with a 7 to 2 win over Memphis. Eddie Reynolds, Goldston left hander did the twirling for Hedley and held the Memphis boys to one fluke hit. He deserved a shut out but errors coupled with the hit gave them two runs.

Ruehl, pitching for Memphis, allowed the Hedley boys 8 hits, which with errors and fast base running the Lions turned into 7 runs.

Mr. and Mrs. Fred Reid visited relatives in Clarendon Sunday.

#### MIGRATORY BIRD STAMPS NOW ON SALE HERE

Postmaster J. C. Estlack reports that the migratory bird hunting stamps have arrived after a long delay. The price of such stamps this season will be \$2 each, he stated, and may be obtained from either clerk at the post office.

#### FATHER OF LOCAL LADY DIES IN AMARILLO

Mrs. Ray Moore, wife of the assistant Coach here, received word late last night that her father, Solon C. Byrd of Amarillo died last night after returning home from a ball game. No other particulars could be learned at press time.

Mr. and Mrs. E. J. Chenault returned home Wednesday from a two week's outing in the Northwest. They report a splendid trip.

#### M. E. Lane Buried Here Tuesday

Funeral services were held Tuesday afternoon at the First Methodist Church for Martin Elmo Lane with Rev. John English officiating.

Mr. Lane, age 66, died at his home here Sunday after a quite lengthy illness. He had been a resident of Donley County the past 35 years. He was a member of the Methodist Church.

Surviving relatives include the widow, Mrs. Jessie Lane, Clarendon; two sons, John C. Lane, McAllen, and H. L. Lane, Clarendon; two daughters, Mrs. Mary Durant, Long Beach, Cal., and Mrs. Jo Alice Wallinsky, Wilmington, Cal.; and two brothers, Van Lane, Estancia, N. M., and Roy Lane, Jacksboro.

Pallbearers were: John Wood, Olace Hicks, W. W. Taylor, Chester Gregory, Jack Walker, Sid Endsley. Honorary pallbearers were Sam Tankersley, Joe Rackley, J. R. Brandon, Harve Smith, Dick Chunn, Howard Stewart, Bub Anderson, Lee Holland, Joe Hall and Barney Horton.

Burial was in Citizens Cemetery with the Murphy-Spicer Funeral Home in charge of arrangements.

Mr. and Mrs. G. A. Anderson had as their guest over the week end Mrs. Anderson's aunt, Mrs. Williams of Marlow, Okla.

#### SOUTH-BOUND BRAHMA (Yankee View)

Savage stock and reckless riders combine to make the Texas Prison Rodeo, the fastest, wildest show in the world. Now in its 18th year, those who have attended say, "There's nothing like it in the whole wide world." It will be held every Sunday during October in Prison Stadium, Huntsville, Texas.

FROM INCUBATOR TO BOXING GLOVES IN A YEAR  
HOUSTON, TEX. - You wouldn't believe that these two tough-looking guys were incubator babies a year ago. They are twins, Garland Urquhart (left) and his brother, Edward and they weighed just four pounds, nine ounces at birth. Now each weighs 22 1/2 pounds. They look ferocious with those big gloves on, but actually they're the best of pals.

MEMBERS OF

Texas & Panhandle Press Associations

Winners from district One in the Farm Bureau Queen Contest are Ann Beth Grigsby of Armstrong County and from just a little east in Donley County the other winner is Naomi Mooring. They will have to compete against each other in Dallas, this November at the State convention for the right to represent the Panhandle at the same convention. They are wonderful girls and more and more power to them. Both counties have a right to be proud and the whole of our District One will be proud of the

one that wins, and of the one that loses. Speaking of the Farm Bureau Mr. Hammond has been given a large part of the credit for breaking the back of the storage problem this summer in the wheat situation. The Texas Farm Bureau under the leadership of J. Walter Hammond of Waco led the nation wide Farm fight to see that the farmer was given storage for his wheat even if it had to be on the ground. Anyway, best wishes to the Farm Bureau and to these Farm Queens who are helping to acquaint folks over the state with the organization - - - Best wishes Ann Beth and Naomi.

Did you notice the new cover on the Farmer-Stockman? To say nothing about pretty girl picking apples, the whole appearance was new and different and better looking. Thanks Mr. Deering for a better Farm paper and for letting us have a part in it. There is just one thing that I would like to call to Mr. Deering's attention; please look in the Table of Contents and see where Plowin' Out The Corners is listed. If Uncle Jay reads that I will never be able to look the world in the face again, especially him. Anyway, look for yourself if you are interested.

The Ain't Smoking Right Now Society is just about a year old this week. And how it has grown from one member to a total of probably five hundred. People from a dozen different states; from all over Texas and Okla-

homa. Only two people have "stumped their toe" in that whole year - - - What a record, what a record.

I think it was Peter that walked upon the water until his faith weakened, until he doubted and then he began to sink and was afraid; so it is with us that we can walk unafraid over the troubled waters of life, if we will keep our faith unshaken in the Master of our destinies - - -

Today, Tomorrow, and Yesterday

Today and tomorrow; the days to come, And all of the days that are gone; Are but only links in the chain of life

That goes eternally on and on. On the yesterdays we build for today, And today we are tested and tried; To see that our house is built on a stone; That will stand thru the rising tide. And with each day of life we add a link; Like children holding hand to hand. With each day, like a stone, we build a step On toward our promised land.

It is always nice to be helped by someone. It makes us feel so cozy to have friends help us; to have them talk to us and visit with us. However, even though I was taught it all my life, I didn't realize for too long how much more wonderful it was to help someone else. How it makes us feel better for so much longer if we can bring ourselves around to doing a purely unselfish deed for a friend; neither hoping nor wanting anything in return. If there is one thing I hope for in this life it is to bring myself around to the place of enjoying this blessing more often.

The other day someone met Mama for the first time, and they said, "My, I thought you were an old woman" - - - Now, she blames me and Uncle Zeb for peoples thoughts.

The young son of one of my friends was staying all night with some of his young friends not long ago. These folks did not have all the modern conveniences that this young fellow had been used to, so as they were visiting after supper he said, "My, but this is "Old Timey"; coal oil lights, and outdoor privileges." Anyway, if my friend knew this he would be so embarrassed. If there is anybody in the world that can get us into more deep water it is our young sons. Bless their little hearts - - -

From the opening of the kingdom on Pentecost, to the final amen of the Apocalypse, there is not an intimation of a single instance in which any sincere person was sent away seeking, or in which the preacher had to see the person the second time to show the way of salvation. In every in-

stance, a sincere person, honestly desiring to become a Christian, was told what to do at once. The protracted seeking, and the numerous failures to find, of our time, are wholly unknown to the Scriptures.

In contrast with this, how stands the matter in modern times? A protracted meeting commences, or, more popularly a revival. Preaching, praying, and singing are all brought to bear. The Lord created man with religious faculties. In such revivals these religious faculties become aroused, and the persons rush forward as "seekers" "inquirers," or "mourners." They cry out, "What shall we do?" The apostolic answer is entirely ignored. Not a word is said about it. The sinner is encouraged, by telling him, "They that seek shall find," and "they that mourn shall be comforted." He is exhorted to pray, to give up his whole heart, to keep back nothing. In the prayers the Lord is intreated to "Come now, to come with converting power," etc. The honest seeker to the best of his ability, unites in these prayers, and is expecting an immediate power from God to perform a miraculous change in him, and make him a Christian.

All the preaching, praying, and singing lead him to expect this. It may be that some persons less sedate, thoughtful, and considerate, but more frivolous, wild, and thoughtless, rise and speak of having "experienced a change," and "received a hope." The others, more solid, grave, and sober minded, looked for the Lord to come, but knew nothing of his coming; looked for a miraculous change, but none came; tried to get a hope, but got none. They "experienced" nothing but a sad disappointment.

The preacher is now fully out at sea. He goes not to his Bible, but proceeds to encourage them, by telling how long he, or some one else, was a seeker; that the Lord has his own good time in doing his work; that they are probably keeping back something; that they have not given up the whole heart, or, in other words, that they have not been honest in the matter. They know that they are sincere in the matter, and willing to humble themselves, or do any thing to please God, and return the next night. Similar prayers are offered, and the exercises much the same as before.

Thus thousands of persons, as sincere as the world contains, have been kept going and going, seeking and seeking, mourning and grieving, night after night, and week after week, and, in some instances, year after year, and found nothing. They have been disappointed and deceived

in that which was dearer to them than all things besides! Who is to blame for all this? Not the Gospel, for it has its definite, clear, simple, and intelligible directions to the sinner, or conditions on which the Lord promises pardon. No uncertain sound in it. Not these sincere, inquiring persons, for they heard the preacher, and did every thing he told them to do. Who, then, is to blame for this wonderful failure? The preachers, who had the New Testament lying before them, and the apostolic directions to sinners, and would not follow these directions. These are the men who are responsible and will be held responsible in the day of judgment. An awful responsibility it will be, too. It is difficult to conceive how a man can incur a greater responsibility than to misguide the sincere, candid, and honest; deceive them and utterly disappoint them in their efforts to find the way to God. What a responsibility has been incurred in this matter. (Continued)

**CITY-COUNTY LIBRARY NOTES**  
By May L. Prewitt

The children have concentrated on school work, so it is now our purpose to entice adults to our reading shelves.

The offering this week is excellent—Some gifts — "The Snare" by Sabatini which will fascinate several, and "The Last Days of Hitler" by Roper. Then our purchased arrivals are fascinating. First is "Rest & Be Thankful" by Helen MacInness. The name is selected for a green island, sheltering between the forks of Crazy Creek, high in the hills of Wyoming. Here in the early summer of 1948, came two friends, having wondered off the state highway they had intended to follow to California. They brought with them their habit of fostering young literary hopefuls. They share their island with various ar-

rivals. It is a book that is discussed in several periodicals, and appeals to a vast number of readers. "Green Boundry" by Boris Ilyin is primarily a love story—the leading characters are Paul Radonov, Major in the U. S. Army, and first-generation White Russia who loves Darya Lubinova, a pretty Red army interpreter—school to the Party Line. This story is filled with desperate high tension of the Berlin front and develops into one of the fastest-paced adventure stories to come out of the cold war. Last of our new books is "Hunter's Horn" by Harriet Arrow. She is rated among the best authors of our time and this book ranks in the line up for 1949 Pulitzer prize winner. The world of Hunter's Horn is situated in the hills of Kentucky, where the scrub pine and sumac are taking over the worn out fields, and the people—no matter how ragged and hungry at times—live with a zest and a dramatic sense of both joy and sorrow unknown in more sophisticated places.

Another Library patron gave us "They Dare Not Go a Hunting" by Dorothea Cornwell. This is a penetrating psychological story of one girl who is typical of many. "Winds Blow Gently" by Ronald Kirkbride. This is the story of a Quaker family, who leave Pennsylvania to travel to South Carolina. The writer throws open the doors and windows to a faith and a fellowship little known and seldom portrayed in modern fiction.

Life Magazine interviewed Clarence Edward Mulford and in a recent issue stated "Hopalong Cassidy" who is one of the youngsters heroes recently made a tour of some of the city department stores to advertise cowboy clothing—his popularity almost caused wreckage. Mulford wrote "Westerns" for seventeen years before he journeyed west from New York City to see the wide open spaces he had been writing about. Aside from the 54 Hopalong horse operas, there are 20 television stations ready to unreal them, and he is becoming a national hero all over again.

Congressman Eugene Worley sent us the 1940 and 1942 year books of agriculture and will send 1949 soon.

**Jack Ballew Studying For Masters Degree At A & M College**

Jack Ballew of Clarendon, Texas, and a former 4-H Club boy is making an excellent record in his college work says county agent H. M. Breedlove. Jack was a 4-H club member for six years and during that time he fed Hampshire hogs. He fed champions at the county shows and champions at the regional shows, but never did reach his goal until 1948, when he fed the grand champion barrow and the grand champion pen of three barrows at the State Fair of Texas. This is just about as high a feeding award as any boy can get, in 4-H club work.

Jack is a graduate of Clarendon High School, New Mexico Military Institute, and got his degree from West Texas State in general agriculture. Jack's grades at West Texas were outstanding and he was given a Graduateship at Texas A&M College by Dr. Trotter, former director of Extension and now director of personnel

and dean of the graduate school. Jack Ballew got his graduateship in the Department of Animal Husbandry and was assigned as assistant to Mr. Fred Hale, swine husbandman for the A&M College. Jack is taking work on his masters degree and is assistant to Mr. Hale in his department and is actually on the faculty of A&M College of Texas in the department of animal husbandry. Jack is the son of Mr. and Mrs. E. S. Ballew of Clarendon, where Mr. Ballew is a well-known registered Hampshire swine breeder.

Mr. and Mrs. Ralph Kerbow of Lubbock visited his mother, Mrs. H. C. Kerbow over the weekend.

**WHY THE MISSOURI PACIFIC RAILROAD STRIKE?**

Over twenty years ago, the Congress of the United States passed the Railway Labor Act. It was hailed by union leaders as a model for the settlement of labor disputes.

THE LEADERS of the Brotherhood of Locomotive Engineers, Brotherhood of Locomotive Firemen and Enginemen, Order of Railway Conductors, and the Brotherhood of Railroad Trainmen on the Missouri Pacific Railroad have refused to avail themselves of the peaceful means provided by this Act for settling their disputes. They insist that they be the sole umpire of their own disputes over the meaning of contracts.

**There is no Need for Strikes**

With all of the available methods for the interpretation of contracts, there is no need for a strike or even a threat of a strike, but the leaders of these railroad unions have ignored the ordinary procedure established by law and insist upon imposing their own interpretations of their contracts by means of a strike.

The wheels have stopped rolling on the Missouri Pacific. They may stop rolling on other railroads at any time. Recently the Wabash Railroad was forced to discontinue operation for several days under similar circumstances.

**What are These Strikes About?**

These strikes and strike threats are not about wage rates or hours. They result from disputes over the meaning of existing contracts. They cover claims for a full day's pay for less than a day's work, or for payments for services performed by other who were fully paid for the work done.

**President Truman's Board Condemns Strike**

There is an established legal method for handling disputes involving existing written contracts—just as there is such a method of settling any contract dispute which you may have in your daily life.

The President of the United States appointed a Fact Finding Board to investigate and adjust the Missouri Pacific dispute. This Board reported, in part, as follows:

"... it is with a deep sense of regret that we are obliged to report the failure of our mission. It seems inconceivable to us that a coercive strike should occur on one of the nation's major transportation systems, with all of the losses and hardships that would follow, in view of the fact that the Railway Labor Act provides an orderly, efficient and complete remedy for the fair and just settlement of the matters in dispute. Grievances of the character here under discussion are so numerous and of such frequent occurrence on all railroads that the general adoption of the policy pursued by the organizations in this case would soon result in the complete nullification of the Railway Labor Act..."

Obviously the railroads cannot be run

efficiently or economically if the leaders of the unions ignore agreements or laws.

**Provisions of the Law which are Disregarded**

There are five ways under the Railway Labor Act to settle disputes over the meaning of contracts:

- 1—Decision by National Railroad Adjustment Board.
- 2—Decision by System Adjustment Board for the specific railroad.
- 3—Decision by arbitration.
- 4—Decision by neutral referee.
- 5—Decision by courts.

The Missouri Pacific Railroad has been and is entirely willing to have these disputes settled in accordance with the requirements of the Railway Labor Act. Regardless of this fact, the union leaders have shut down that railroad.

**Innocent bystanders Suffer Losses and Hardships**

There are about 5,000 engineers, firemen, conductors and trainmen on the Missouri Pacific. They are known as "operating" employees, and are the most highly paid of all employees on the nation's railroads, but their strike action has resulted in the loss of work to 22,500 other employees of the Missouri Pacific. In addition, they have imposed great inconvenience and hardship upon the public and the communities served by that railroad.

The Railway Labor Act was designed to protect the public against just such interruptions of commerce.

If these men will not comply with the provisions of the law for the settlement of such disputes, then all thinking Americans must face the question, "What is the next step?"

The Greenbelt Electric Cooperative, Inc., of Wellington will feature a display on the home study center, Sept. 30-Oct. 1 in Clarendon.

This exhibit is for the purpose of assisting parents, teachers and students in becoming acquainted with the essentials that should be included in such a center; in order that good posture may be maintained, as well as, attentiveness to study and also give the individual utmost eyesight protection. The day of hit-and-miss study location and lighting for it is past—or should and can be. The hours spent on home study assignments; the character of the

According to Mary Webber, Lighting Specialist with General Electric; many studies have been made of existing poor conditions under which students are now studying. As a result of these existing conditions, there is an increase in eyesight defectiveness; in the early school grades there is 10 percent, with an increase up to 30 percent at college graduation. The survey also shows the prevalent use of low-voltage bulbs, that cannot possibly supply the amount of light needed for long periods of study. Very few desk lamps in use are suited to appropriate study lighting. There are few available sources where one may purchase satisfactory study lamps.

To supplement the home study center exhibit, a film slide on the "Science of Seeing," will be shown at the REA booth at regular intervals throughout the two day period of the Fair.

**LELIA LAKE**

**SCHOOL NEWS**

The first party for the 1949-50 school year was given Tuesday night, Sept. 13, by the Freshmen class for all high school students. Mr. and Mrs. Craig Johnson were the chaperones. Games were played and refreshments served.

One hundred and sixty-eight students have enrolled in the Lelia Lake Independent School this year. This is twenty-three less than the School had last year. The seventh grade has the largest class with a total of twenty-five and the senior class has the smallest with a total of six.

The first grade was so large that a new row of desks had to be installed.

Five members of the J. E. White family are attending school. This represents the largest

family in school.

Friday, September 16, the Lelia Lake High School organized a press club. The Donley County Leader has offered to furnish the space for this paper.

Staff members will not be elected until it is decided who are the most dependable workers. The purpose of this organization is to teach the pupils the principles of journalism.

This organization was started by Mrs. Helen Lowe, the high school English teacher.

Extensive repairs were made on the Lelia Lake Public School during the summer of 1949. Approximately \$1000 worth of work was done.

Some painting was done on every room in the building. The halls and gymnasium were repainted. A finish was put on the gymnasium floor.

Repair work was done on the stairs, porch, bleachers, and school yard equipment. A new

closet was built under the stairs, and the lunchroom has a new linoleum. Plans are being made for future repairs.

Keith Reed was elected president of the Lelia Lake junior class of 1950, in a class meeting held Friday, Sept. 16th. Other officers elected were: Ralph Ayers, vice president; Shirley Aten, treasurer; Bobbie Seago, secretary and reporter.

Senior rings have been ordered by the class, and delivery is expected within six weeks.

Seven teachers compose the teaching staff of the Lelia Lake Independent School system. There are two new additions to the teachers staff to replace last year's teachers.

Craig Johnson of Lelia Lake has started his second year as superintendent. Mr. Johnson is also coaching the boys and girls basketball teams. Mrs. Craig Johnson is starting her third year teaching in the Lelia Lake school,

as one of the high school teachers. Frank Duncan, a new teacher from Marshall, Texas, is teaching the social sciences in high school.

Mrs. Bill Lowe of Clarendon, a new teacher, is teaching all English in high school and junior high. Mrs. Nelson Seago is starting her seventh year in Lelia Lake. For two years she has been teaching the fifth and sixth grades. Formerly she taught the seventh and eighth grades for six years. Mrs. Lester Myers is starting her sixth year, teaching the third and fourth grades. Mrs. Wilma Batson of Lelia Lake, is starting her eleventh year teaching the first and second grades in the Lelia Lake school.

Our teachers have been outstanding in the grades and subjects they are teaching.

Over \$2,000 of equipment has been purchased by Lelia Lake Independent School during the school year 1949-1950.

Perhaps the most important thing to the school is the sound projector and moving picture screen. They are being used as a supplement in classes. Seventeen films are being received a week to be shown in the classrooms.

The wire recorder is one of the most outstanding in the equipment. It is used for speech and English corrections, dramatics,

and musical programs. The microphone is used in speech, English, and reading classes.

A mix-master and other new equipment has been added in the home economic department.

Other new purchases are the slide film projector which is helpful as a supplement in all classes; the Crosley radio-record player; new library books; and automatic clock and bell for the whole school.

New stoves for the gymnasium have been added in the last year. Lockers for the dressing rooms are in progress.

Misses Shirley Aten and Joanne Christal accompanied Mr. and Mrs. Quinn Aten to Lockney for a week-end visit with Mr. and Mrs. C. L. Mooney and baby daughter, Dianne.

Misses Bobbie Nell Seago and Marilyn Butler accompanied by Mrs. Luther Butler and Mrs. Carrol Lewis went to Amarillo Saturday.

Mr. and Mrs. A. M. Moss, son, Donald Joe, and daughter, Patsy, had business in Amarillo Saturday.

Mr. and Mrs. Marvin McBee of Memphis spent Sunday with Mr. and Mrs. E. W. Chenault.

Mrs. Adrian McLroy and daughter of Petersburg spent last week with Mr. and Mrs. Will Mace.

Mr. and Mrs. Carl Jackson and children of Happy visited friends here Sunday.

Ray Roberts of Amarillo spent Sunday with Mr. and Mrs. Sam Roberts.

Sam Roberts was able to be

moved home from a Clarendon hospital last Thursday.

Mrs. Richard Finch, Edna Beth and Roger spent last weekend in Plainview as guests of Mrs. Finch's sister.

Monty Ray Wolford left for Dallas Wednesday evening after a short visit with his dad and grandparents.

Mr. and Mrs. Tom Corder of Amarillo spent Sunday with Mr. and Mrs. Don Tomlinson. Mrs. Tomlinson was quite ill with pneumonia last week, but is better.

Mrs. Fannie Terrell of Roanoke and Mrs. Susie Terrell of Grapevine spent the weekend with Mr. and Mrs. Frank Wolford.

Mr. and Mrs. Quinn Aten and Shirley and Joanne Christal spent Saturday night and Sunday in Lockney with Mr. and Mrs. Mike Mooney and their new daughter.

Mr. and Mrs. Wiley Reynolds, Mrs. J. P. Reynolds and Charlie, all of Clovis, N. Mex. spent the weekend here with relatives and friends.

## Brogdon - Elliott

Jack Brogdon and Imogene Elliott were united in marriage August 27th at Memphis, Texas by Rev. B. L. Peacock, pastor of the First Presbyterian Church. Mrs. Brogdon is the daughter of Mr. and Mrs. W. O. Elliott of Clarendon and is a graduate of Clarendon High School. Mr. Brogdon is the son of Mr. and Mrs. Albert Brogdon of Mineral Wells, Texas.

The bride wore a royal blue dress with corsage of white carnations.

Those attending the wedding were Mr. and Mrs. Billy Phillips and Mr. and Mrs. A. D. Phillips, all of Clarendon.

The couple will make their home near Mineral Wells where Mr. Brogdon is an employee of the Acme Brick Co.

## ANNOUNCEMENT

Mr. and Mrs. Vadie Carpenter announce the approaching marriage of their daughter, Juanita, to Bobby Beard, son of Mr. and Mrs. Johnny Beard. The wedding will be Wednesday evening, September 28th at the Carpenter home.

Miss Stella Hinkle is visiting this week with a brother and family at McLean.

## GARDEN CLUB

The Garden Club met in the home of Mrs. Frank Phelan, Sr. Tuesday afternoon with Mrs. Will Johnson co-hostess.

Mrs. Lee Holland, president, held a short business session during which a vote was taken to accept the Patching home for a club house. This matter is to be presented to each of the clubs. Mrs. W. W. Taylor announced plans for the flower show to be held in conjunction with the county fair September 30 and October 1st.

Mrs. Joe Goldston read a poem "Roses at The Door."

Mrs. J. L. McMurtry gave an interesting article on "Flowering Shrubs." She named many of the ones that grow well in Clarendon; their care and culture and time of blooming. With a little forethought in planning a shrubby border one can have blooms over a period of many months. The jasmine being the first one to bloom; there are three of the spirea family that give a succession of bloom, then the japonica or flowering quince, the flowering peaches and crabs, redbud, Pycnantha, which is our county shrub; wisteria, syringa, Forsythia, and many others; the latest blooming shrub being the crepe myrtle and many beautiful ones are still to be seen in bloom—though the pycnantha with its

beautiful yellow berries are stealing the show now. Mrs. Joe Goldston showed colored slides of flower scenes down state—the bluebonnets and oleanders being of special interest; and scenes from the several gardens around Clarendon. The iris and daylily pictures, perhaps were the outstanding ones. Also some beautiful poppies were shown as they grew in Mrs. Van Eaton's yard last spring. Iris films from Mrs. Harry Brunley's and Mrs. Blanche Davis' yards were very lovely. A corner picture of Mrs. McMurtry's yard showing the phlox growing in profusion was a nice one also.

The next meeting will be the second Tuesday in October at Mrs. J. L. McMurtry's and will feature Christmas decorations. A delicious refreshment plate was served to 23 members and three guests, Mrs. Basil Smith, Miss Monette Neville and Mrs. Witt.

Next meeting October 6th. —The Reporter

CLARENDON H. D. CLUB  
Mrs. Austin Rhoades entertained the Club with an all day covered dish dinner and quilt piecing.

## ASHTOLA NEEDLE CLUB

Ashtola Needle Club met Sept. 15th in Club room with the assistant president in the chair. House was called to order and prayer by Sue Rhoades. Roll call and minutes read by secretary Delene Beverly.

The business for the afternoon was on the bazaar for next meeting. Let's all bring something and make it a worth while afternoon.

Will have a meeting on Sept. 26th, Tuesday afternoon, to get ready for the fair. Everyone in the community is urged to help make this the best booth, and bring what you have to the Club room. If you can't help bring what you have anyway.

Those present were Johnnie Poovey, Dora Brandon, Delene Beverly, Mary Belle DeBord and hostesses Sue Rhoades and Florene Evans.

Next meeting October 6th. —The Reporter

Club Collect and the members singing "America." Officers for the new year were elected as follows: Mrs. Rumpy, president (re-elected); Mrs. H. B. Hill, vice president; Mrs. Bertha Benson, Sec-treas.; Mrs. O. C. Watson, reporter. Plans were made to have a booth at the fair Sept. 30-Oct. 1.

Those present for the afternoon were Mesdames A. L. Chase, O. C. Watson, Emmett Bryson, Bertha Benson and Cottingham.

## ENTERTAIN WITH CHICKEN BARBECUE

## THE Sad STORY OF TEN LITTLE FREE WORKERS

(It is later than you think... it can happen here!)

THESE ARE THE WORKERS

REDDY DOCTOR RAILROADER MINER STEELWORKER FARMER LAWYER GROCER SALESLER REPORTER

Ten little free workers in this country fine and fair. But if you cherish your freedom—worker have a care! Ten little free workers—Reddy was doing fine Until the socialists got him—then there were nine.

Nine little free workers laughed at Reddy's fate Along came federal medicine—then there were eight.

Eight little free workers thought this country heaven But the government took over the railroads, then there were seven.

Seven little free workers—till the miners got in a fix. Uncle said coal's essential and took over leaving six.

Six little free workers 'till the day did arrive The steel mills too were federalized—then there were five.

Five little free workers—but the farmers are free no more The farms have been collectivized—that leaves only four.

Four little free workers till the government did decree All must have free legal advice—then there were three.

Three little free workers—the number is getting low, But with government groceries selling food—then there were two.

Two little free workers—our story's almost done, With clerks at work in federal stores—that leaves only one.

One little free worker—the reporter son-of-a-gun Mustn't criticize government—so now there are none.

Ten little workers—but they are no longer free They work when and where ordered, and at a fixed rate you see, And it all could have been prevented if they'd only seen fit to agree And work together instead of saying "It never can happen to me!"

Does the fear of punitive action of government bureaucracies prevent your action, in defense of the freedoms for which our forefathers toiled and fought... or is such action just too much personal trouble?

WE HAD BETTER WAKE UP... IT'S LATER THAN YOU THINK!

**Fat By Veins Gives New Life To Patients**

**CHICAGO**—A new grip on life is in store for patients unable to take food by mouth.

Science disclosed today the results of a series of experiments in feeding fat by veins as a means of restoring health to emaciated patients, who responded to the treatment without complications.

In a study sponsored by the National Dairy Council, Chicago, Dr. Frederick Stare of Harvard University reports his success in vein feeding of fat to seven adults and one child. He states all were unable to take food by mouth because of stomach obstruction, cancer or paralysis.

Feeding proteins and carbohydrates by vein has long been a customary practice but the calories administered have been limited in number. By feeding fat intravenously it is possible to give the patient an amount needed by the body for the gradual return to health.

Butterfat, long recognized as an excellent source of energy, now can be used to provide nourishment by vein. Containing two and a quarter times the caloric value of carbohydrates, the fat must be emulsified or broken up into tiny particles to prevent embolism.

Commenting on the new development, Milton Hult, President of NDC, stated: "Since fat

is a concentrated source of energy, the successful development of emulsions of butterfat suitable for intravenous feeding represents an important contribution of nutrition to medicine."

**High Type of Citizens Needed On New State Board of Education Says TSTA President**

AUSTIN—Election of substantial, high caliber lay citizens to the new twenty-one member State Board of Education was urged here today by Joe C. Humphrey of Abilene, President of the Texas State Teachers Association.

The association took an extremely active part in the successful campaign to enact new laws which drastically revise the state-wide school system.

Humphrey urged selection in the twenty-one districts of high type citizens in an announcement of details of filing procedure to be followed by persons interested in running for the board.

Qualified citizens must file for places on the ballot with the secretary of state here between September 9 and 19. Applications will not be accepted prior to September 9, it was said today at the office of the secretary of state. Those reaching his office after 5:00 P. M. September 19 cannot be accepted. There is no filing fee under the new laws.

No person shall be elected a member of the State Board of Education who has not attained the age of 30 years with five years continuous residence in the district prior to his election. One Hundred resident voters may by petition place the name of any qualified person on the ballot as a candidate.

The election will be held November 8. Persons elected will serve until January 1, 1951.

This is the first time Texans have had a chance to elect members of the board. A nine-man board has formerly been appointed by the governor.

The guidance of the public schools of the state must be in very competent hands, especially during the next several crucial years, Humphrey asserted.

"We need substantial high caliber citizens on the board, men who have been successful in their own communities," the Teachers Association president said.

"The important functions of the new board are numerous.

"First, the board must carefully select a commissioner of education of top-ranking ability, who will administer the far-flung school system.

"The board must promote the broad general policies under which the schools will function.

"The selection of proper textbooks upon a fair basis is of paramount importance."

Tremendous advances in education were made possible by enactment of the Gilmer-Aikin laws, but they must be properly administered or the state will slip back, Humphrey, a former leader in the state legislature, asserted.

"Members of the State Teachers Association, as school people, are confidently looking forward to the citizens of Texas becoming interested in the right candidate in their respective congressional district."

 8:15—Choir Rehearsal.  
 Sunday, Sept. 25 is Promotion Day for our church. Teachers and Officers are working to make it a great day in the life of all the members of the classes and the unions. It is a time when we look with joy to the work we have done the past year and look forward with expectations to the work for the coming year. We are expecting a large attendance for this day. A part of the morning

service will be given to a special program and followed by the message of the pastor.

### Bronchos Take Chillicothe Eagles 19-0

A spirited Broncho squad took over full control of Broncho field last Friday night and pounded the Chillicothe Eagles 19-0. It was a full 60 minutes of action with both teams showing plenty of power.

Clarendon's first score came in the second quarter when Bradford skirted left end for 9 yards and the tally. This first touch-down drive was set up when Jenkins intercepted an Eagle pass on Clarendon's 45 yard line. Adams try for extra point was no

good. The third period was scoreless and the Bronchos came back to really pour it on in the fourth. LaGrone picked up a fumble on the 24 yard line and raced it over for the second tally. Adams' try for extra went true to the mark to bring the score to 13-0. Late in the fourth quarter, Arlie Mooring made the spectacular run of the evening when he went over right tackle and twisted his way for 54 yards and the final counter. This particular drive started on the Clarendon 14 yard line where Clarendon recovered a fumble. The 11 yard line was Chillicothe's farthest advance and this was allowed on a pass interference penalty. It was at this point that Clarendon recovered their fumble

**RESCUE SHIP OVER LAND OR SEA**—With its new wheels prominently displayed, the Air Force's first amphibious helicopter, the H-5H, is shown making a routine over-water flight. The wheel-float combination greatly increases the H-5H's utility as a rescue, search and liaison aircraft, allowing it to land with equal facility on land or water.

The ship is equipped with a hydraulic winch, and when terrain or rough seas make it impossible to land, it can hover motionless over the area and haul survivors up into the cabin.

and brought it back down the field to score.

Couch Clinton's boys are to be complimented on the improvements for the week. The entire squad went out on the field to do all they could to win and it was the opinion that not a single boy shirked his assignment at any time.

### The Lion's Roar

By O. D. Lowry

The Lions Club held its regular meeting Tuesday, September 20th in the club hall. There were five guests and visitors present. Percentage of attendance for this meeting was 83.

Lion Phelan announced that the Shamrock Lions Club would have its charter night Sept. 27. All wishing to attend this meeting should contact Lion Phelan.

The Boys and Girls committee will meet this week and anyone wishing to make up his attend-

ance should contact Lion Allmond.

Lion Seay had charge of the program which consisted of two piano numbers by Gene White, a talk by Vernon Goldston and songs by the boy's quartet, composed of Dewey Foster, Sid Muse, Jimmy Jenkins and Gene White. The quartet was accompanied by Wilma Dee Smith. Thanks to each of these young people for this fine program.

Lion Henry Tatum's presence paid off at this meeting of the club. You may be the fortunate one next week. We are still striving for that 85 percent average.

### Donley County ACA Farm News

**PRACTICE PAYMENTS:**

It is still not too late to get an approval for leaving stalks and stubble on your land. The payment for this practice is 25c per acre. We also pay 25c an acre for contour seeding small grains on the contour. And it is still not too late to seed some grass to establish a permanent pasture or improve your old one. The payment on this practice is made according to the type of seed used.

**OFFICE VISITORS:**

Clyde Neel, who used to be Senior Clerk here in the office, and is now Administrator Officer of the ACA office at Crowell, Texas visited with us this week. It was like "home week" to have Clyde with us. Alan R. Saunders was in the office also. He is one of our District Performance Supervisors. Last, but not least, we had a visit from "Zeke" Brown of the Amarillo Times. He visited the office and went out to Charlie Hearn's farm to get a story and take some pictures.

**WINTER LEGUMES:**

We have plenty of money with which to issue you an approval for Austrian Winter peas, Hairy Vetch, or seeding rye. We also issue approvals to apply 20% Superphosphate to these legumes. If you don't know about these practices, but you are interested in carrying them out, come by the office and let us tell you about them.

**WATERMELONS:**

We are still getting those good watermelons to eat. Our latest donors are Luther Petty, down Hedley way, Red Littlefield from near Jericho, and Tige Hill from the Naylor community. We enjoy eating them a lot and want to express our thanks to all those who have brought us a melon to eat.

**AGRICULTURAL SHORTS:**

"In 1830, it took 320 hours of human labor to produce 100 bushels of wheat. By 1900, it was 108 hours. By 1940, it was 47 hours."

"Three farm people can now produce more than four could produce just before the war."

"It was alarming to discover in the 1930's that more than two-fifths of our farms were operated by tenants and share croppers. To-day, less than one-third of our farms are tenant operated."

**COTTON:**

Don't be surprised if you see several Community Committeemen running around your farm trying to measure your land. It seems that we have had more cotton the last few years than the Bureau of Agricultural Economics says we should have. So we have to adjust our acreage to meet theirs. Your Committeeman will probably call on you this week with your Form 532-C to ask you to take some acres off of what you reported in the Spring, for your cotton acreage. We would appreciate it very much if you will co-operate with them. This is a big job that has to be done in a short while, and we must all work together. Taking some acres off your cotton will not affect your allotment, and we must adjust our cotton figures downward to meet BAE figures, so please don't become alarmed at the thought of reducing your cotton acreage.
