Other plans for the carnival are in full swing. All concessions in the Ward school will close at 8:45 p. m. and the crowning of the Queen and King promptly at 9 p. m. in the College Gym under supervision of Mrs. Jolly Johnson.

The association would also like to announce that there will be watchmen on duty to watch the cars during the carnival again this year.

Time to Treat Peach Trees for Borers, Says County Agent

Now is the time to treat those peach trees for borers and county agent H. M. Breedlove recommends Ethylene dichloride emulsion. This is a quick and effective way to control peach tree borers at this season of the year.

Clear away trash from the base of the tree, make a small trench in the soil about two inches away from the trunk and apply the following doses:

Trees one year old, use 1/4 pint; trees 2 years old, use 1/2 pint; trees 3 years and over, use 1 pint. After the emulsion is poured in the trench around the tree then cover it up and forget about it and the fumes will do the job.

Remember that now is the time to do the job so if your trees have borers around the base of the tree just under the ground now is the time to get rid of them.

A DATE BECOMES COLLATERAL FOR A LOAN

NOBLESVILLE, IND. - Being broke is no reason for passing up a date at the Noblesville, Ind. High School. The student council decided something constructive ought to be done for temporarily embarrassed students and set up a loan fund. In session here considering applications are (l. to r. seated): Nancy Hull, Dan Scott, Pat Kitterman, Raymond Marcum, Pat Souders, Jim Johns, Brooks Bray, Sue Stephens, Linda Stephens, Barbara Hopkins; (standing) Donald Brown (left) and Max Lees.

Baby Show Date Set For Oct. 25

Room mothers of the Sixth Grade are sponsoring a Baby Show, Tuesday night, October 25, at 7:30 at the College Gym. All children from the age of one year through four years are invited to enter the show. Prizes will be awarded to the King and Queen of Babyland, winners being picked by a group of impartial judges.

There will be no charge connected with entering your child. All you need do is call Mrs. C. L. Benson, phone 351R, Mrs. Willard Skelton, phone 470R or Mrs. Howard Stewart; also leave a picture of your baby at Estlack Machinery Company.

An entertaining program in connection with the show will be presented. Tickets will be sold for 35 and 15 cents and may be purchased from students of the sixth grade or at the door. Watch your Leader next week for further particulars about the program and plan to attend.

Notes from - - - CITY HALL

The announcement is a week overdue but here it is. Mr. Charles Speed the street commissioner, who after doing a very creditable job for a year and a half, resigned Oct. 1st. We, your remaining City Government, appointed Mr. Claude Moore as new Street Commissioner. Your consideration and help will be greatly appreciated by him.

This week, Oct. 9 to Oct. 15, is National Fire Prevention Week. So let's check our premises for those things that cause a fire, and clean them up.

You people around Koogle, Allen and Sims streets between Eighth and Fifth, that are interested in getting some gravel on your streets—We the City cannot haul any gravel at present, but if you act in the near future, it can be arranged for you to get your blocks graveled at a cost of approximately \$15.00 a lot or perhaps a little less, by a local contractor. The City will do the grading and rolling of the gravel for free. We are trying to get ready for winter, still lowering water lines and changing dead meters.

SENIOR GRADE TO SECOND GRADE PARTY

Miss Strawn's second grade class will sponsor a 42 party Thursday night, October 20th at 7:30 in the Lions Club Hall. The money derived from the party will go in support of the second grade contestant in the Halloween Queen contest. Everyone is invited.

FIRE PREVENTION WEEK OBSERVED HERE

Clarendon residents, especially the school students have been fully reminded of the importance of fire prevention this week in observance of the State-wide Fire Prevention Week.

Mayor Joe Jones made talks to each of the schools Wednesday and was accompanied to the building by part of the fire department and fire truck. In a fire drill at Jr. High the building was emptied in two minutes. The senior high evacuated their building in less than two minutes which was considered very good.

The fire insurance key rate for Clarendon is 27 which is very good in comparison with other towns. During 1948 there was a paid insurance loss of \$1,755. During the past five years this total was \$49,043.

In an effort to improve in every way, the local volunteer fire department has been having a fire drill twice each month on each 2nd and 4th Tuesday.

Mr. and Mrs. D. C. Williams and son Jim, and Mr. and Mrs. Wendell Bullington visited in Dumas the first part of the week.

OLDEST CATHOLIC CHURCH IN THE PANHANDLE PROPOSED AS SHRINE TO EARLY PIONEERS

While it is not definitely known to be the oldest, all records point to that fact in checking the establishment of a Catholic church in Clarendon. It is believed to have been built here some time during 1889.

Information of a definite nature is wanted from any authentic source. Is there some pioneer who knows when the local Catholic church was built?

The church bell was taken to St. Lucien's chapel at Price College in Amarillo some time during 1936.

St. Marys, the name given the local church, has a long, eventful career. Often when a priest could not minister to the faithful here on Sunday, Saturdays were made to suffice. At present, Father Richard Vaughan, chaplain of St. Francis convent of Amarillo will offer mass at the local church for the present on the second and fourth Sundays at 9:30 a. m.

Contributions from the faithful and those who wish to help, will be appreciated. It is estimated that some two thousand dollars will be required to repair the church before it can be dedicated as a shrine.

HORSE RACES AT AIRPORT THIS SATURDAY

Joe Jones announced yesterday that horse races, sponsored by the airport, would be held at the Clarendon Municipal Airport this Saturday afternoon. A number of good horses locally and from away will be on hand and some mighty good races are in prospect, he added.

Bronchos Lose Close Game To Skyrockets

The Clarendon Bronchos played one of the best games of the season last Friday night with the Skyrockets at Wellington, losing the game as the last quarter was fading out when Norman intercepted a pass and raced 80 yards for the touchdown that broke the tie. The final score was 21 to 14.

The Rockets were unable to do much with the Broncho line and took to the air which kept them on the top side of the ledger all the way through the game. Wellington scored in the first, third and fourth quarters. The Bronchos remained scoreless until early in the fourth quarter when Bradford took a blocked punt on the Rocket 45 and went all the way for the first score. Adams put the pigskin through the uprights for the extra. The next time the Bronchos got the ball Jenkins flipped a pass to LaGrone who eluded a host of tacklers by twisting and turning and went 54 yards for the second counter. Adams' conversion was good again which tied the score 14-14. The Bronchos were on the move again and late in the fourth they had driven to the Rocket 20 yard line making a last effort to score again before the game ended. A Bronco pass was intercepted by Norman at this point and he took it all the way back up the field to give the Skyrockets their winning touchdown. Just before the half, the Bronchos barely missed a counter when they lost the ball on the Rocket goal line.

The entire Bronco squad outplayed the Rockets from start to finish, outside of the passing attack of the Rockets in the last three quarters of the game.

BAPTIST CHURCH TO BEGIN COURSE OF STUDY FOR THE SUNDAY SCHOOL

The First Baptist Church will begin a course of study for the Sunday School, Monday night with Mr. R. H. Dilday of Wichita Falls as the lecturer, and continue through Thursday night. The study will be from the book, "The Place of the Sunday School in Evangelism", and will be of interest to all members.

Mr. Dilday is a widely known Sunday School worker among Baptists. At the present time he is the assistant pastor and educational head of the First Baptist Church of Wichita Falls. Formerly he was with the First Baptist Church of Port Arthur in the same capacity.

"We encourage all the officers, teachers, and members of our Sunday School to avail themselves of this opportunity and attend all of the four services, for I am sure that they will be helped greatly," said L. A. Sartain, pastor.

Mrs. U. G. Pittman Buried Here Sunday

Funeral services were held Sunday afternoon at the First Baptist Church for Mrs. Cora Pittman with Rev. L. A. Sartain officiating, assisted by Rev. R. C. Bolton.

Mrs. Pittman, age 72 years, passed away last Friday at the local hospital following a heart attack. She had been a resident of Donley County 21 years, moving here from Duncan, Okla.

Survivors include her husband, U. G. Pittman, three daughters, Mrs. L. A. Rainey, Simsboro, La.; Mrs. Cleo Davidson, Hynes, Calif.; and Mrs. Jack Eddings, Clarendon; four sons, Roy Pittman, Big Springs; Clyde Pittman, Stratford; Carl and L. R. Pittman, both of Clarendon. Two brothers, 23 grandchildren and 4 great grandchildren.

Pallbearers were Richard Cannon, Walter Morrow, F. C. Crofford, W. D. Higgins, J. C. Gibbs, Guy Sibley, W. L. Jordan and George Bulman. Honorary pallbearers were Joe Bownds, Lee Holland, Clyde Wilson, Eddie Forrest, Luther Hall, Lee Herron, W. O. Butler, Jess Davis, Ernest Kent, Charlie Hearn, George Terrell, Guy Wright and Bert Smith.

Burial was in Citizens Cemetery with the Murphy-Spicer Funeral Home in charge of arrangements.

LAST RITES HELD SUNDAY AFTERNOON FOR OSBURN INFANT

Graveside services were conducted at 5 o'clock Sunday afternoon for Gary Lynn Osburn, infant son of Mr. and Mrs. Odell Osburn. Rev. L. A. Sartain, pastor of the First Baptist Church officiated.

Survivors, besides the parents, are the grandparents, Mr. and Mrs. W. G. Tims, Clarendon, and Mr. and Mrs. B. B. Osburn, Earth, Texas.

Burial was in Citizens Cemetery with the Murphy-Spicer Funeral Home in charge of arrangements.

MOTHER PROUDLY PINS PILOT'S WINGS ON SON

BARKSDALE FIELD, LA. - As Mrs. Terrell Braly of Oklahoma City, Okla., pins shiny new pilot wings on her newly graduated son Alfred, her other two sons, 1st Lt. Joseph and James, also pilots, look on approvingly. The Bralys are a unique family in the Air Force, for Mrs. Braly has seen four sons commissioned as pilots. The fourth son, Terrell, Jr., was killed in a B-17 during the war.

Four Latin-Americans Charged In Robbery Here Last Week

Four Latin-Americans are being held in the county jail charged with the burglary here of the Goldston-Brumley Jewelry and the DuLaney Farm Supply early last Friday morning. Their bonds have been set at \$1,500 each.

The burglary of the jewelry store was noticed about 5 o'clock Friday morning by two local paper boys, Guy Alden Wright and Jimmy Dick Lowry. Young Wright called his father, Sheriff Guy Wright and reported that the plate glass window had been broken and the window display burglarized.

Sheriff Wright got a lead on four Latin-Americans who had been seen on the streets during the night and picked them up at the H. S. Mahaffey farm at Ash-tola. Two of them readily admitted the robberies. The DuLaney building was entered through a rear window. \$62 in cash was missing from their cash drawer. The loot taken from the jewelry store, consisting of electric razor, cigarette lighters and Ingersoll watches was valued at approximately \$80.

The Sheriff stated that Arthur Martinez admitted the DuLaney robbery and Manuel Remos admitted breaking the Goldston & Brumley window and the robbery there. Manuel Martinez and Ed Chavez were both charged with receiving and concealing stolen property, the Sheriff added. He also reported that the Mexicans pulled their unlawful acts around 1 a. m. Friday morning. All four of them were between 17 and 20 years of age and two of them had previous police records.

WEATHER GOES RAMPANT OVER WEEK END

Donley County was on the tail end of the Gulf Storm this past week end receiving quite freakish weather for this time of the year. Some sections of the county reported extra heavy rain, some hail and strong winds. Some damage was reported in the Midway community and southward across the county toward Brice. The official weather station at the airport reported only .14 inches of moisture for both Saturday and Sunday, indicating that the moisture was much heavier to the east.

SOCIAL SECURITY NEWS

Q—Is a person automatically eligible for Old-age Insurance under the Social Security Act when he reaches 65 years of age?

A—No, he must also meet the requirement of having worked the minimum amount of time prescribed in the law, be no longer working in employment covered by the Social Security Act and have filed application.

Q—How long must a person have worked to be eligible for these payments?

A—The answer to this question depends on the worker's age. If he is just now becoming 65 years of age, any time in the last 6 months of this year, he must have been paid at least \$50 in wages in at least 25 different calendar quarters since January, 1937.

Q—What if I am a worker, just now becoming 65 years of age, and I have only worked in 20 calendar quarters, or 5 years?

A—Before you can become entitled to Old-Age Insurance you must work in at least 5 more cal-

OPEN FORUM

Should Texas' rivers and streams be made into recreation grounds, as are the shores of artificial lakes, at a cost of millions of dollars?

Some seem to think not. Big city politicians are for spending taxpayers' money to build dams and lakes, and to beautify the shores of those lakes for public playgrounds, while they deliberately destroy the rivers and streams of the state.

The Trinity River development project is to receive 100 million dollars or more from the Federal government, primarily for the benefit of Ft. Worth and Dallas, while those two cities empty their sewers into the river, and destroy all life within it for 100 miles below Dallas.

Raw sewage from Ft. Worth and waste from meat packing plants is emptied into the river, and the same is repeated at Dal-

las, making the Trinity River the state's greatest open sewer, a menace to man and animal alike, where it once was a clean and beautiful stream, and a joy to all living creatures.

The legislature evidently plans to do something about this outrage. The last session enacted 48 laws on water conservation and use, and set up a commission of 21 to study all water rights and laws of the state. It is expected that the special session to be held in January will enact suitable laws for the protection of farmers and property owners along the Trinity and other rivers and streams of Texas.

This water problem concerns every citizen of Texas in one way or another, and each should keep himself informed on it, and let

his lawmakers know his will in the matter, so they will know what to do when the legislature meets. I would welcome correspondence with readers on this vital problem.

Wallace Jenkins, Farmer, Box 919, Pemberton Hill Road, Dallas, Texas.

Information About Texas Oil Industry

As of September 17, Texas wells were producing 1,983,350 barrels of crude oil per day. During December, 1948, Texas production averaged 2,552,800 barrels a day.

During 1948, Texas crude oil production reached an all-time peak of 903,318,000 barrels, according to the U. S. Bureau of Mines. This amounted to 44.8% of the nation's production.

Since 1896, the date first commercial production was reported in the state, Texas has produced a total of 12,147,981,000 barrels (32.7% of U. S. total).

1948 Texas production was 10.1% greater than 1947.

1948 production came from 179 of the state's 254 counties. There are 40 Texas counties which to date have produced more than 100,000,000 barrels of oil each. Six counties hit the 100,000,000 mark during 1948. They are Wood, Andrews, Jackson, Jim Wells, Hockley, and Young.

Over 3,000 producing companies were involved in the state's 1948 crude production. Royalty owners number in the hundreds of thousands.

During 1948, Texas refineries processed 599,496,000 barrels of crude. This amounts to 66.4% of total Texas production.

There are 89 refineries in Texas with a capacity of 1,928,900 barrels of crude daily.

These refineries employ 45,000 Texas workers, who received \$185 million in wages and salaries during 1948.

Investment in the Texas refining industry is estimated to exceed a billion dollars.

Preliminary figures indicate that Texas royalty owners were paid about \$354 million by oil and gas operators during 1948. Add another \$80 million for lease rentals and bonuses, and the total paid to Texas landowners amounts to \$434 million.

The heaviest end of the tax load for local and state government and education in Texas is being carried by a single industry—the petroleum producers and processors.

The degree to which oil and gas operators are discharging their financial obligations of citizenship is shown here:

During the 1948 fiscal year, the Texas petroleum industry paid \$111,676,043 to Texas' state government. This made up 61.2% of all the business and property taxes.

The largest single item in the petroleum industry's tax bill is the production tax, levied on the producers of oil and gas. During the state's 1948 tax year, oil and gas producers paid a total of \$94,751,886. This is a 55% increase over the previous year, and is over 5 times the amount producers were taxed in 1941.

Some of the principal recipients of the petroleum industry's 1948 state tax bill were: public schools - \$17,686,000; blind assistance - \$584,000; needy children - \$1,753,000; teachers retirement - \$4,536,000; unemployment compensation fund - \$3,257,441; general revenue fund - \$45,440,000. Petroleum payments to the general fund made up 47.3% of all receipts during fiscal 1948.

In addition to those taxes paid directly by the industry, the motor fuel tax - levied on the petroleum industry's principal product - netted another \$71,636,017 to the State Treasury during the 1948 fiscal year. One-fourth of this went to Texas' public schools and the balance to state highway funds.

Local taxes (ad valorem) paid by the oil and gas industry add up to another \$25 million.

LEST YOU FORGET

Now is the time to get your chickens on Egg Mash and push them; for egg prices are going up and usually get higher until Thanksgiving and Christmas. In order to get best results, feed the best, the best is cheapest in the long run.

Your chickens do fine on Chic-O-Line. We have sold Chic-O-Line twelve years, but when we learn of a better feed, for the money, we will sell and push it. Don't forget, we have a feed for every need.

We will buy your Kaffir or Milo at Market price. See us for your feed requirements.

NEW MASSEY-HARRIS "26" AND "27" SELF-PROPELLED ARE THE EASIEST COMBINES TO OPERATE

★ Ease of operation, simplicity, convenience are just natural results of the common sense construction of the 12 foot "26" and 16 foot "27."

You finish a tough day of harvesting feeling relaxed and satisfied when you own a new Massey-Harris combine. You combine faster, easier... everything is right there before you—oil controls at your fingertips. Gas tank is low for easy filling... Grain tank unloads in a jiffy... Inspection panels provide fast adjustment and lubrication... extra large wheels take the jars and jolts out of rough fields and give sure footed traction.

See the new "26" and "27" today... get the best for your farm. Don't forget to ask about the new combine principle—Balanced Separation.

CARD OF THANKS

We are taking this means of expressing our deep gratitude to the many friends and neighbors for the acts of kindness and expressions of sympathy in the recent loss of our loved one. Also for the beautiful floral offerings.

The Pittman family.
Mr. and Mrs. Hugh Jordon and family are visiting his sister, Mr. and Mrs. Clyde Butler.

Sorority Sleepers

Let campus winds howl and frost lace your window—these flannellette dorm fashions will warm you like an Alma Mater sing. In policeman blue or fireman red—the pajamas for about \$5, the night-shirt about \$4—you'll want the whole team, and wear the nightie over pajamas during those "wee sma' hour gabfests." Good House-keeping editors especially like the Tyrolean influence of their cotton braid trim.

Church Council To Collect Piece Goods

The project this year initiated by the United Council of Church women is "Pieces for Peace." A project to provide cloth for the women of Europe and Asia so that they can make with their own hands the clothing necessities for themselves and for their families.

Gather your pieces now to keep. Goods of any kind, except rayon, is precious to women who have nothing, but yard goods of cotton, woolens and prints are most needed.

Yarn, floss, crochet cotton, trimmings, all this can be used; curtain material, pieces for patchwork quilts. Be sure that the material is clean, in good shape, ready for use. So search your house, collect all material possible.

Include needles, thread, tape, shears if possible, such things bring new hope to women.

Christianity is not only being challenged by opposing forces but Christians are being challenged in their attitude towards their religion.

Too long, have too many Christians preached and not practiced their religion, and now the future welfare of the church hangs in the balance and only by realizing that each and everyone of us can

and must do our bit, no matter how by or little it may be, can we find a world harmony which is indeed vital to our very existence.

World community day is Nov. 4th, set apart where all men and women can and should realize the Fatherhood of God in regard to the Brotherhood of man.

Let us realize how necessary it is to forget our prejudices and biased opinions and come as one great body in the name of the Christ and not only talk peace but be instruments of peace and goodwill.

Specific rules as regards the packing will be given later. At present begin collecting your pieces for Peace and make plans for attending the World Community Day program Nov. 4th.

Those to spend the weekend in the home of D. C. Williams were Mr. and Mrs. Wendell Bullington and daughter of Richmond, Calif., Mr. and Mrs. H. R. Fricks and children and Mr. and Mrs. H. L. Williams and children all of Dumas.

Allen Bryan is on duty this week in Federal Court in Amarillo.

4-H Club To Meet Monday Night

The Clarendon 4-H Club will meet on Monday night the 17th of October at 7 p. m. at the Clarendon Fair grounds on the Brice highway. Breedlove, county agent is asking that all 4-H Club boys including Lelia Lake to Ashtola to be present; this also includes Windy Valley and Hudgins. Officers will be elected for this year and regular meeting dates will be set for the club.

Breedlove says that the buildings are heated and will be comfortable for meetings during the winter months. 4-H Club boys are being notified by mail and personal contact of the meeting and all boys who are not 4-H Club boys and wish to join are invited to attend the meeting. The meeting will start promptly on time and will be over early. The boys are invited to bring their fathers with them.

Burlington Lines To Sponsor 1949 Soil Conservation Tour

Arrangements are being completed rapidly for a 1949 soil conservation tour, the fourth such tour to be sponsored by Burlington Lines in cooperation with the Second National Bank of Houston, Texas A&M Extension Service, and the U. S. Soil Conservation Service. Meetings are to be held in selected towns in the West Texas territory served by Fort Worth and Denver City and The Wichita Valley Railways, November 14th to 18th, inclusive.

The first meeting of the soil conservation group will be in Shamrock on November 14th, to be followed by meetings in Childress on November 15th; Quanah, November 16th; Henrietta, November 17th; and Spur during the afternoon and Stamford during the evening of November 18th.

Large gatherings in which local bankers and business men, Soil Conservation Service representatives, county agricultural agents, Chamber of Commerce representatives, and others interested in conservation all will have a part, are being planned at each of these towns where the special tour party will stop.

The tour group is to be comprised of executive, traffic, and operating officers of Burlington Lines, top men from the Bank's agricultural and public relations departments, and district and area supervisors of the U. S. Soil Conservation Service and Texas A&M Extension Service, with a battery of news writers to tell the story of conservation work being done throughout the areas visited.

As the arrangements are completed and local programs are worked out, the time and place of the meeting at each town will be announced, so that all interested may take advantage of the discussions and demonstrations on conservation and range management.

The Lion's Roar

By O. D. Lowry
The Lions Club held its regular meeting October 11 in the Club Hall. There were five guests and visitors present for this meeting. Percentage of attendance was 88. The minutes of the Board of Directors were read and approved.

The Boss Lion announced committee chairmen for the "Talk of the Town" program to be sponsored by the club at a later date.

The membership committee will meet Wednesday at 7 o'clock and any Lion may make up an absence at this meeting.

Lion J. C. Estlack was the lucky Lion at this meeting.

The program consisted of a talk on the Soil Conservation Service as given by Quinton Williams of Pampa. Thanks to Lion Cramen Rhode for arranging this fine program.

Lions, our Charter and Ladies Night is to be held November 8th with District Governor Cryer of Borger as the main speaker. Make your plans to attend this meeting.

Mr. and Mrs. Wendell Smith and children moved from Clarendon to Amarillo Saturday, where Mr. Smith is employed by the Amarillo Hardware Company of that city. Their home is at 803 South Lincoln Street.

Mr. and Mrs. Ellis Chenault and son of Lelia Lake were visitors in the E. J. Chenault home Sunday.

Expert On Deafness Here

Mr. F. W. ADKINS
Will Conduct
A FREE CLINIC
for the
Hard of Hearing at
Donley Hotel
CLARENDON, TEXAS
Friday, October 21
10 A. M. to 5 P. M.

He will answer such questions as; Can you hear people talking but not always understand them? Can the strain and discomfort of head noises be eliminated? Which is your better ear? Why does hearing loss become progressively worse? How does the strain of even partial deafness affect the nervous system? How many physical ailments can be traced to impaired hearing? What are the imminent physical and emotional dangers that can easily develop from faulty hearing? Is it true that poor hearing can lead to total deafness unless the proper preventive steps are taken? The startling answers to these and many other vital questions about your health and your hearing will be answered expertly for you in this clinic. Mr. Adkins takes a personal interest in your individual hearing problems, and will demonstrate for you how normal hearing can again be attained. Simply attend at the time mentioned above. An evening appointment for a demonstration in your own home may be arranged. This is a regular part of Acousticon's public service program, without cost or obligation. Acousticon, since 1902, world's first electrical hearing aid.

\$100 Deductible Clause Due For Test

In 1946 the Board of Insurance Commissioners of Texas granted insurance companies the privilege to deduct the first \$100 in hail stone or wind damage loss. That means that if the damage to your home is less than \$100, you pay all of the loss.

District Judge Jack Roberts has ruled that the insurance commissioners do not have the right to permit the insurance companies to deduct \$100 on a loss.

Paul H. Brown of the Commission stated Tuesday that the state would appeal the decision. Citizens of North Dakota some years ago tired of exorbitant

rates of this kind and deductions until they voted for the state to take over the insurance business. Last year the state cleared over 27 million dollars on the insurance business according to Senator Langer. Will Texas be forced to go into the insurance business, too?

Clyde Butler, after being out of business for some two years, has opened a watch repair and jewelry business in Room 212, Goldston building.

Mrs. John Jones is improving nicely after a major operation at the Adair Hospital Saturday.

Mrs. Alice Culberhouse of Amarillo visited Mrs. Lola Barns last week.

BROADWAY SUCCESS TO BE SHOWN AT MEMPHIS

"The Hasty Heart," John Patrick's Broadway success, will be featured as the first program under the auspices of the Hall County Concert Association, Miss Helen Boswell, secretary-treasurer, announced this week.

The date has been set for Saturday, November 5, and the performance will be given at the high school auditorium.

Mr. S. A. Pierce has returned home from Lubbock where he has spent the past month with his daughter, Mrs. Sled Allen. He also received medical treatment for 8 days in a hospital. Mr. Pierce reports that he is feeling good.

State-Wide Committee On Constitutional Amendments

A PROPOSED AMENDMENT TO THE CONSTITUTION OF TEXAS

(To be voted upon—Nov. 8, 1949)
This Constitutional Amendment will appear upon the ballot as follows:
"For the Constitutional Amendment relative to sessions of the Legislature and to compensation of its members."

"Against the Constitutional Amendment relative to sessions of the Legislature and to compensation of its members."

The purposes of the Amendment are as completely hidden as it is possible to hide purposes by cunning verbiage. This fact, and putting two distinctly different issues in one Constitutional Amendment throws a cloud of illegality over the entire matter.

Here is a Brief Analysis of The Amendment Itself:

First—That the members of the Senate and House of Representatives shall be paid an annual salary of \$3,600.

Second—That the Legislature shall meet in January of each year instead of every other year as at present.

Third—That Appropriations shall be made for one year instead of two years as at present.

Fourth—That the Sessions falling in the even numbered years shall deal only with proposed Constitutional Amendments, appropriations, and such other matters as four-fifths of the members of the Senate and House may determine shall be considered.

Fifth—That, if ratified by the people, this Amendment shall become effective January 1, 1940.

THIS AMENDMENT MUST BE DEFEATED—The present tendency of every unit of government is to Legislate too much, Tax too much, and spend too much. Unless this practice is checked, Bankruptcy seems inevitable.

No better illustration could be found than in the actions of our Legislature in its Billion Dollar 1949 Session just concluded. At the beginning of the session the State had a surplus of approximately \$100,000,000.00 — At the close of the session the Legislature had not only appropriated this huge surplus, but \$75,000,000.00 in excess of the entire estimated income of the State for the next two years. This made it necessary for Governor Jester to veto the appropriations for the eleemosynary institutions for the second year, and created the necessity of calling a Special Session of the Legislature to raise money by levying additional taxes.

Among many sound and valid objections to the Adoption of this Amendment are the following:

(1) Annual Sessions of the Legislature will mean that the Legislature will be in session

from six to nine months each and every year from now on.

(2) That the additional cost of the annual sessions will amount to at least \$2,500,000.00 for the two years.

(3) We must check the present fixed course of government units to legislate too much, spend too much and tax too much — this amendment would speed up our march to bankruptcy.

(4) If members of the Legislature are permitted to stay in Austin six to nine months each year, it follows as the night the day that there will be passed a law providing for a Legislative Office Building, costing five or six million dollars, so that members may have the facilities of a private office, have private secretaries the year round, and such other help as the members may deem desirable. Then stay in Austin, Legislate, tax and spend—tax, spend and legislate the year round, with little or no restraint. Do you know that the House, in its session just ended, actually passed such a bill?

(5) A great number of informed people in Texas have for years advocated a reduction in the membership of our State Legislature. If this amendment is adopted, such a program would die aborning. We would never be able

to get two-thirds, or any considerable number of the members of the Legislature to ever vote themselves out of a job paying \$3,600 per year and enabling them to live in Austin and keep the Legislature in session continuously, if it met their whims.

(6) The final reason herein expressed against the adoption of this amendment is vital and fundamental. No amendment to our organic law ever should be adopted unless the widest publicity possible has been given it, and until the people have been made familiar with its full import and effect.

Seated with President Truman is Madame Pandit, Indian Ambassador to the United States.

Local Polio Chapter Receives Nice Check From National Headquarters

Donley County Chapter of the National Foundation for Infantile Paralysis received from national headquarters of the March of Dimes organization yesterday a check for \$5,360.00 to assist in payment of local polio patients' medical care, it was announced today by Chapter treasurer, Mr. Charles D. Murphy.

The money was requested from the emergency epidemic aid fund because the local Chapter, which retains 50% of March of Dimes

proceeds each year for financial assistance to polio patients, whose families can not pay full costs unaided, has run out of funds.

So far this year national headquarters has advanced \$7,006,823.56 to Chapters as a result of increased incidence of infantile paralysis plus a heavy carry over of cases from 1948, year of highest incidence since 1916, Mr. Murphy said.

Donley County Chapter is presently providing funds for the care, in whole or in part of seven patients stricken this year and also is continuing to pay costs of care for one patient stricken in former years.

Jr. High Colts Down Boys Ranch, 33-19

The Clarendon Jr. High Colts finally shifted over into high gear during the third quarter and pushed ahead of Boys Ranch and held the lead from then on, winning 33-19, here last night.

The game was exciting from start to finish with the scoring battle laying between Baker of Boys Ranch and little Jimmy Thompson, sparkplug in the Colt backfield, and quarterback Cotton Hall.

Baker scored early in the first quarter and their conversion failed; Thompson intercepted a pass and tied up the score. A pass from Hall to Murff netted the extra point, score 7-6. The second quarter was scoreless but the fireworks really opened up in the third with Hall going over for 6 points, extra no good; Baker returned the kickoff 80 yards for 6 points, extra good. After the next kickoff, Baker intercepted a Colt pass and raced 65 yards for another counter bringing the score to 19-13. This put the Colts behind, so Thompson took off around left end for 6 points. A pass from Hall to Murff was good for the extra—score 20-19 in favor of the Colts. A few minutes later Thompson went around left end and again for 16 yards and another 6 points. He repeated again in the fourth and the extra was good bringing the final score to 33-19 in favor of the Colts.

The Colt line was in there hustling all the way, opening up holes for the backfield to move through.

Wednesday night of last week the Colts had a regular field day when they trampled over a big junior squad from Wellington, 61-0. Boys Ranch was the first

real competition the Colts have had this year. The Colts were also playing without their coach last night as Rev. John English, their very capable instructor, was out of town due to the death of Mrs. English's mother. O. D. Lowry and Bill Porter substituted in this respect for Rev. English.

Next Wednesday night the Colts will meet the Shamrock juniors on the local field, so don't fail to see the game if you want to see some real action and nifty ball handling.

Donley County ACA Farm News

STALKS AND STUBBLE:

We are just a little bit disappointed over the response of the producers to our stalk and stubble practices this year. In comparison to last year, the number of producers signing up are very few. Twenty-five cents an acre doesn't sound like much, as a payment, but it really adds up. Drop by the office and let us issue you an approval.

LOANS:

If you are interested in a cotton seed or a grain sorghum loan, come by the office and get your information. The loan rate on cotton seed is \$49.50 per ton; and on grain sorghum, it is \$2.03 per hundred for farm storage, and \$2.03 per hundred less 20 1/2 cents storage fee, which would make the loan rate \$1.82 1/2 cents, for a warehouse loan. We have all the other specifications here at the office.

VISITORS:

Allan R. Saunders, one of our district performance supervisors, was in the office the last of this past week. We also had a visit from Charlie Minick. Mr. Minick used to farm down at Hedley, but he is now living in Arkansas.

WINTER LEGUMES:

From the "feel" of the weather we have been having the last few days winter weather is just around the corner. You will soon put aside your farming implements, and stay inside by the fire. But what about your land? You can't bring it in by the fire, but you can give it a protective cover by planting Winter Legumes such as Austrian Winter Peas, Hairy Vetch, and Dixie Wonder Peas. The payment on Austrian Winter Peas is \$5.80 per 100 pounds, for Hairy Vetch, it is \$15.40 per 100 pounds, and for Dixie Wonder Peas, it is the same as Austrian Winter Peas. We also pay \$1.02 per 100 pounds for 20% Superphosphate to apply to your winter legumes.

PUBLIC LAW 272, 81st Congress:

We have had several fellows in the office who wanted to know about how cotton allotments were going to be set. We tell them that to the best of our knowledge, and according to P. L. 272, it will be set on a basis of cropland and Not Cotton Crop History. If this is changed, it will have to be by an act of Congress, so you may feel safe that it will be set on a per cent of cropland. We have a summary of this law and amendments here at the office. If you are interested, you may come by the office and read it.

DID YOU KNOW—

That almost half of all the money American consumers spend for goods and services goes for products that originate on farms.

That one dollar in four of the revenue of the Nation's railroads is derived from the transportation of agricultural products.

That a 51% increase in the production in 1948 over the average for 1923-32 period may make it necessary to adjust production of some farm crops.

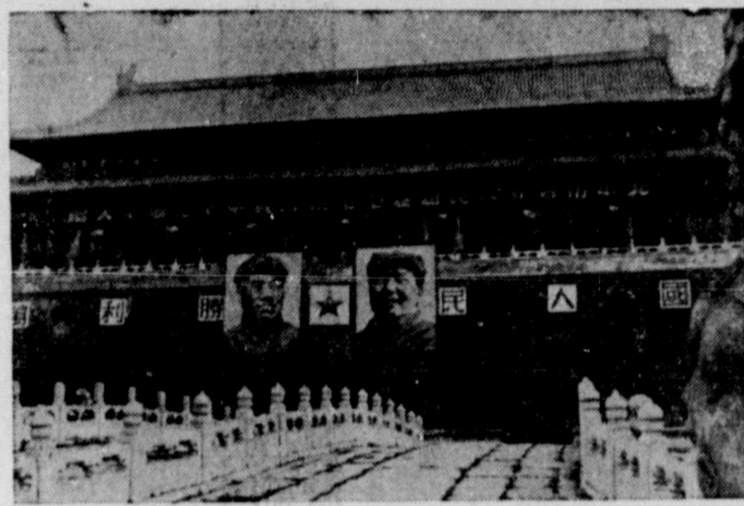

That there is a very close relationship between food and peace; between food and justice; between food and human happiness.

WE ARE IN THE NEWS AGAIN:

Last Saturday Mrs. Ritter, our Administrative Officer, and W. M. Pickering went to Woodward, Oklahoma to attend the field day that the experiment station there put on. In Tuesday's issue of the Amarillo Times there is a picture, and a short article under it, of Mrs. Ritter, Mr. Pickering, and Dave Savage, head of the experiment station at Woodward.

Mrs. W. A. Land returned home Saturday from a 2 weeks visit with her grandson, Mr. and Mrs. Billy Land and family at Roswell, N. M. She also visited her son and family, Mr. and Mrs. Marvin Land at Tucumcari, N. M.

Delene Blair and Sybil Head who are attending SMU at Dallas visited homefolks the weekend.

PLOWIN' Out the CORNERS by Uncle Zeb

Noticed in the Groom News; in the column "Facts and Otherwise", that the editor argues the point with me about women taking jobs such as jury service more seriously than men. He says "I ought to listen to some of the men trying to get off jury service, if I don't think they take it serious. Anyway, glad to have the comment, and I guess all the women, except Mama, want to sit on the jury and want the new law passed as I didn't hear any one speak up against it - - -"

Newest members to the Ain't Smoking Society are; Charlie Leip, who ain't smoked since last spring, and Dale Smith, who ain't never smoked. Glad, so glad

to have you fellows. I know it took a lot of courage for Charlie to lay away that old pipe after all these years, and it takes a lot of courage for a young fellow like Dale to say; "No, I ain't smoking." Thanks to both of you for Jining Up.

Mrs. Geo. Crowell sends me a copy of her "Old Hometown Paper", from down New Orleans way, and calls my attention to some of the interesting things in it. Glad to hear from you and I sure enjoyed the paper. Some of the quotes from a column called "Bright Talk" are as follows: "A young bride was asked what she thought of married life. "Not much difference," she replied. "I used to sit up half the night waiting for Harold to go home, now I sit up half the night waiting for him to come home." - - Another one: "Do you say your prayers every night little girl?" "Oh no, Mummy says them for me." "Indeed, and what does she say?" "Thank goodness, you're in bed."

Mrs. Crowell also includes some clippings about the Cheer

Leaders Club in New Orleans, with the request that after I read them I send them on to Tom Henry Miller. It is an organization of "Shut-ins" and tells how they meet and enjoy each other. Anyway, if Tom Henry lived there they would sure want him for a member. No one is any more cheerful than he is. Best wishes to this organization and thanks for sending us the clippings.

If we say something good about someone it makes them feel better, and makes their friends feel better, and makes their enemies, if they have any, think that they must try harder to see something good in them, seeing as how there is some good in them, and it surely makes us feel better. If we say something bad about someone it makes them mad and makes them feel worse; it makes their friends feel worse; it makes their enemies feel worse; makes them say "Just what I thought, there is no good in him", and above all else it makes us feel worse and awful and terrible - - -

Lester Parker was back thru Claude, and we enjoyed our visit

with him. On top of preaching for the Lord he is in the Fish business around Winslow, Ariz. and he promised if we would come to see him he would see that we had all the fish we could eat even if he had to drain one of the big lakes. He is also the Papa of the two "Little Red-heads" that used to live down the street and that was always cheering up my day by waving at me and saying "There goes Uncle Zeb", and when I would talk to them they would cheer me up by quoting me a few chapters of scripture - - Best wishes to these fine folks, and I may come up that way, sometime.

Was talking to someone the other day about Prayer, and they said that unless our prayers were founded on the principle of "Thy Will Be Done" that they would not go any higher than the top of our heads. Anyway, I think he is right.

Young Missionaries On Way To Korea

EDITORS NOTE—The following letter was written by Mr. and Mrs. Millard Miller Jr. from aboard ship bound for Korea. Young Miller is a son of Rev. Miller, who some years ago was pastor of the local Presbyterian Church. The many friends of the family will be interested in the letter which follows:

In the Pacific Aboard the SS "James McKay" September 21, 1949

Dear Friends: We're on our way to Korea! As you see by the heading, we are passengers aboard the freighter "James McKay," and while we've been aboard for two weeks, still we have a long way to go! Her average speed is fifteen knots (about 17 miles per hour), so she's slow, but sure. Writing this brings special pleasure to us since it will be sent out from the Mission Board's Nashville office to you who are much in our thoughts and dear to our hearts. We want you to feel that this is a message

to YOU personally.

With thirty-seven other young men and women, we were Commissioned by the Church at Montreat, North Carolina, in an impressive service on August 10. Having sent our worldly goods ahead of us, we came to New Orleans, our port of embarkation. While we made preparations to sail September 3, my father and mother cared for Genie and Michael not far away at Biloxi, Mississippi. The shopping we did in New Orleans will, we hope, take care of our needs for the next five years! We are having to take our furniture with us after all, together with a six to eight months' supply of food, and items from the Drug and Five and Ten Cent Stores. Korea has neither grocery stores nor the kinds mentioned above.

Our ship has space for only twelve passengers and nine of us aboard are missionaries going to Korea. We have enjoyed the fellowship of these and other newly made friends on the ship. Our devotional periods each morning and Sunday preaching services in the ship's dining room have meant much to all of us. Our voyage from New Orleans took us by way of Houston, Texas, and while there we were guests for the entire day of Dr. James Bullock and members of the Second Presbyterian Church. We will long remember their kindness. Leaving Houston, we sailed through the Gulf into the Caribbean to the Atlantic entrance of the Panama Canal. It was fascinating to watch from the highest deck of the ship every operation that opened and closed the three great locks of the Canal, filling them with water and taking us to beautiful Lake Gatun, 87 feet above the ocean. The Canal is 50 miles long, and as we approached Panama City on the Pacific side, three locks lowered us to the level of the ocean again. The crossing of the Isthmus took seven hours and we could not have had a more beautiful day for seeing it. We were all impressed with the vivid color of the landscape and the great beauty of that tropical country. The United States has a ninety-nine year lease on the Canal Zone, consisting of the territory

fourteen miles on either side of the Canal. The ship's captain told us that it costs \$8,000 to send her through the Canal one way!

Tomorrow, eight days after entering the Pacific, the ship will refuel at San Pedro, California, and take on new stores of food. This will be mailed there, and it will be good to set foot on land again. We sail tomorrow night for Yokohama and then on to Fusan, Korea, expecting to arrive there about the middle of October. Our home will be at the Presbyterian Mission Station of Kwangju, a city of about 75,000 people and located about 30 miles inland. We will have much to tell you after we are settled in our new home among new friends. We are eager to be there and to begin the year of language study still ahead of us before our work can really commence. Pray for us as we witness for Christ in Korea! We want to hear from you soon and need the assurance of your continuing interest and prayers. Genie and Michael join us in good wishes to you.

Sincerely yours, Ginny and Mike Miller

OLD PATHS
By DOYLE WILLIAMS
Minister of Christ

We would like to continue our study of the simplicity of the Gospel. Since we have studied in our last article about repentance, let us now examine baptism. It is objected that one preacher says immersion is baptism; another, sprinkling; another, pouring; and they resort to lexicons, translations, historians, Greek, Latin, and Hebrew; and in the midst of

all this, says a man, "I can not determine what is baptism." At first sight this has the appearance of considerable perplexity; but there is an easy way of righting all this, to which we will now resort. Dismiss from your mind all new translations; trouble your self no more about lexicons; turn your ear, for the present, away from all histories, except the Bible; nor shall you be troubled with one word from Greek, Latin, or Hebrew. Now will you hear the common version of King James? "I will," says a reader. All right. To the common version, then, we go. Where, then, do we read in the common version, of sprinkling for baptism? There is no sprinkling for baptism in the common version, nor any other. Where, then, do we find pouring for bap-

tism in the common version? You can find sprinkling and pouring in the common version, but that is not baptizing, nor is either word used in the sense of that institution, nor for baptism. Now, be careful and note down what you do find in the common version. What was the element used in baptizing? When the Lord was baptized, he "Went up straightway out of the water." Mt 3: 16. This points to water as the element. "John was baptizing in Enon, near Salem, because there was much water there." Jno 3: 23. This also points to water as the element. Philip "came to a certain water." Acts 8: 36. The officer said, "See, here is water" and "they both went down into the water" (Verse 38), and "came up out of the water" (Verse 39). Peter said, "Can any man forbid water, that these should not be baptized?" Acts 10: 47. These all point to the same element—water. This much then is settled. What is the next thing to inquire about? The quantity of the element used. Is there any thing about this? Why was John baptizing in Enon, near Salem? Because there was "much" water there.

Is there any thing in the common version about where they found the water? Is there any thing about bringing water to baptize? Nothing. Is there any thing said about having water in a bowl or any similar vessel? Not a word. They were baptized in Jordan, "in the river Jordan." As Philip and the officer went on their way, "they came unto a certain water." This shows where they found the water. They found it in its native place. It was not brought to them; they went to it. As all surroundings throw some light on the subject, it will be proper to inquire what they did just previous to baptizing. Philip and the eunuch "came unto a certain water." See Acts 8: 36. Where did that place them? Certainly, at it. What next? "they both went down in to the water" (verse 38). But our preacher explains "into" there to mean at or near by. You have forgotten that we are to stand by the common version; and not some preachers version. It says "they came unto a certain water;" that is, to it, or at it. They then, "went down into the water," both Philip and the eunuch. Down into the water means more than at it. Down into the water gets the person in the right element and place, ready for baptizing; "and he baptized him." How was that done? What did the preacher do to the candidate? (Con-)

several hundred thousand copies have been sold. Hailed by readers of all faiths—everywhere true to the four gospels—this volume is perhaps the most accurate telling out side the Bible itself. "Call It Treason" the \$15,000 Christopher's prize novel by George Howe, is 300 pages of the most suspenseful writing in current literature—states Sterling North, N. York World Telegram. There are so many worthwhile recent books that you should read with us. Our "mystery book Library friend" donated eight murder editions all dressed in their "arrival jackets". They are book club editions that will fascinate those who read "the murder books" as the children say. They are quite attractively bound and are greatly appreciated. These generous donations of cash and books keep up a great part of our circulating material. We received another gift package that contained a Bible Story book edition—"Aunt Charlotte's

Stories of Bible History," and "Eisenhower, Man and Soldier" by Francis T. Miller. The most difficult problem is books for teen age boys, especially those who do not read dog stories. All books for this age are about \$2.50. Quite a few of these readers select a western story and are apparently satisfied. The magazine collection is worth your attention as some of the best magazines are for your use—such as Holiday, Better Homes & Gardens, House Beautiful, House & Garden, Flower Grower, Collectors, Good House Keeping, and

several others. McCall's is left with us each month too. Then there are westerns of every description, even to the Cattleman magazine. Mr. and Mrs. J. C. Estlack enjoyed a glad surprise Sunday evening when their childhood friend, Mrs. Emma Curtis of Mangum, Okla. visited them. Mrs. Estlack had not seen Mrs. Curtis for 44 years. Her son and family, Mr. and Mrs. Thad Curtis and small daughter of Dumas accompanied her.

YOUR KEY TO GREATER VALUE

ONLY one make of car in all the land can give you the sweet 'n' easy luxury of Dynaflo Drive—and that's Buick.

But look how much territory that takes in—how many different-sized budgets can now afford the only drive with neither a clutch pedal nor gears that shift.

You can have Dynaflo as optional equipment on the tidy, sparkling new Buick SPECIAL, with its traffic-handly size, stepped-up roominess, and bold new front-end treatment.

You can have it, again as optional equipment, on the neat and nimble SUPER, with its sleek lines, 110 or 120 horsepower Fireball power plant, and triple Ventiports.

And of course Dynaflo is standard equipment on that best buy among fine cars, the magnificent ROADMASTER. There it combines, with matchless ride, the stirring lift of 150 Fireball horsepower and truly regal size and bearing.

So look at the SPECIAL, the SUPER and ROADMASTER, three Buicks that match almost any price range you have in mind—and remember that all of them offer the added enjoyment of Dynaflo Drive.

†Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models. *Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

On every one it is the same silky, sweet-handling delight. On every one it cuts driving effort to the minimum, takes tension out of traffic, brings you to the end of day-long drives with surprising freshness and relaxation.

Sooner or later we predict that you'll join the army of car owners who wouldn't think of passing up what Dynaflo has to offer.

Why be among the late-comers? Your Buick dealer will be tickled to show you how quickly and how easily you can have Dynaflo to enjoy—right now!

BUICK alone has all these features

- Silk-smooth DYNARLOW DRIVE*

Bobbie Seago, Benny Darnell, Ralph Ayers, Shirley Aten and Mr. and Mrs. Pete Darnell and Barbara attended the Tri-State Fair in Amarillo Friday night.

ANNUAL PICTURES MADE FOR SCHOOL YEARBOOK

Pictures for the 1950 annual were taken Tuesday by Tommy Saye. The pictures are expected to be larger and much better this

year than last. The first annual of the Lelia Lake School was printed last year. Since the school colors are blue and white, the annual was also. Annuals are expected to be published every year in the future.

BLUEBIRDS SCORE 33-32 VICTORY OVER OUTSIDERS

With only one point to spare, the Bluebirds, boys' team, won their first game over the Outsiders, 33-32, Tuesday night October 4, 1949.

The starting line-up was; Billy Hill and Ralph Ayers as guards; T. J. Carter, center; and Billy White and Kenneth Wilkenson as forwards. The high point man was Billy White, who made 12 points.

Starting the last three minutes of the game the scores were 31-31 and Bonnie Mooring made a free shot which gave the Outsiders a 1 point lead. With enthusiastic

support of the bleacher-packed crowd, Wilcey White made two points, which won the game for the Bluebirds.

GIRLS WIN AGAIN OVER OUTSIDERS

The Lelia Lake girls went to a winning victory over the Outsiders Tuesday night, Oct. 4. The scores were 26-36. High point girl was Marilyn Butler of the Bluebirds. She made 21 of the 36 points.

High point girl of the Outsiders was Juandell Brown. She made 12 of the 26. The Bluebirds expect to improve a great percentage by the first conference game, which is scheduled December 6. The opponent team is Quail and the game will be played there, on December 7th, 8th and 9th.

Lelia Lake Bluebirds will be at the tournament at Kirkland, Texas.

SOPHOMORES ENTERTAIN WITH GAME PARTY

The Sophomore class entertained the high school with an informal party Monday, October 3, in the high school gymnasium.

Jaquetta Briggs, Romaine Anderson, Terry Monk, and Woody Vardeman served on the recreation committee. Marilyn Butler, Wilcey White, and James King served on the refreshment committee.

Hot dogs and Cokes were served to thirty-two guests and Mr. and Mrs. Craig Johnson were the sponsors.

SCHOOL TURNS OUT FOR COTTON PICKING

To aid the cotton farmers and to keep a high attendance record, Lelia Lake School turned out Friday, October 7th.

Craig Johnson, superintendent, reports a good attendance record, and extends his gratitude to each parent and pupil for this record.

The period of dismissal is expected to be from four to six weeks.

Mrs. Jane Bownds and Mrs. Essie Putman took her mother, Mrs. C. E. Killough to Mineral Wells last week. Mrs. Killough remained for medical treatment. Mrs. Bownds and Mrs. Putman returned by way of Ft. Worth where they visited.

THE DONLEY COUNTY LEADER

ASHTOLA
Mrs. Doyce Graham

A telegram received Monday stated that Mrs. Clark Russell of Dallas passed away Sunday. She was a niece of H. W. Lovell and L. L. Cornelius, and wife of Rev. Clark Russell.

Mr. and Mrs. Redell Henson and children of Clarendon visited the Grady Hensons Sunday.

Mr. and Mrs. Ray Jones and Donna of Wichita Falls were guests of Mr. and Mrs. Ben Lovell Sunday.

Mrs. Favors of Memphis and her daughter of Amarillo visited Mrs. R. R. Ray Sunday. Don Ray visited with relatives in Amarillo from Thursday until Sunday.

Mr. and Mrs. Everett Miller and Kenneth Butler of Borger and Mr. and Mrs. John Dial of Chaning spent Sunday with Mr. and Mrs. W. A. Poovey.

Mrs. Merle Thompson and Laura Mae Harp of Amarillo spent the week end with Mr. and Mrs. C. B. Harp.

Mr. and Mrs. Bob Word of Lubbock visited the Millard Words Sunday.

Mrs. H. W. Lovell had for her guests last week Mrs. George Denenam, Mrs. Ruby Ann Massey and Charles Riley of Kansas City, Missouri.

Mr. and Mrs. Elmer Hunsucker of Pantex spent the week end with Mrs. A. L. Allen. Mrs. A. L. Allen along with Mr. and Mrs. Sam Nikkel made a trip to Amarillo Saturday.

Billy Lee Ramsey visited the Ben Lovells Monday as he was enroute for a visit with James and Joe Lovell at Dallas.

Mr. and Mrs. James Melton and Mrs. Zellie Swearingen and son of Clarendon spent Sunday with Mr. and Mrs. Weldon Ledford.

Buster Wilson spent the week end in Okla. City visiting Mr. and Mrs. Wayburn Wilson.

Mrs. Loyd Reid received a sprained ankle Saturday in a home accident.

Mrs. Ben Henig has returned to her home after a three weeks visit in Pampa.

Mrs. Ingham returned to her home in Canyon Sunday after a two weeks visit with her daughter, Mrs. Millard Word.

Here is a unique story of a streak of good luck. The Millard Words took a car full of boosters to the ball game Friday night. In the rush to the stadium, one of an extra pair of shoes in the car was knocked out. The loss wasn't discovered until the group was back to Clarendon. Going on a hunch and trusting to luck, Mrs. Word drove back to Wellington Saturday and there, where they had been parked, lay her shoe unharmed.

Mr. and Mrs. Roy Cornelius and Georgia of Lubbock spent the week end with Mr. and Mrs. H. S. Mahaffey and Frank.

Mr. Ray Norman, Mr. W. H. Norman, and Mrs. Mary Clayton of Amarillo visited the H. S. Mahaffays Tuesday.

Mr. Harry Cooper who has been staying in Colorado is here to spend the winter with his sister Mrs. Cal Merchant.

Mr. and Mrs. Billy Johnson and small daughter Carolyn from Lake Jackson came Wednesday to be away from the hurricane storm which was bad where they live. Billy returned home but Mrs. Johnson and daughter remained for a longer visit.

Mr. and Mrs. J. R. Bulls spent the weekend at Guymon, Okla. visiting their son and family, Mr. and Mrs. B. F. Bulls.

From where I sit... by Joe Marsh

But Curly "Knows What The Score Is!"

Was over at Doc Sherman's drug store listening to the World Series on the radio. Curly Lawson wanders in and says: "How about a chocolate malted, Doc?"
"Sorry, Curly," says Doc, "can't make you a malted for a while yet." "What's the idea?" Curly asks. "Well," says Doc, "most of the folks want to hear the game and the mixer makes too much noise." Curly thinks a moment and says, "Okay with me, Doc—I'll take a chocolate soda!"
This shows how tolerant folks can be. Doc showed his respect for

how the majority felt; Curly was big enough not to insist on his malted even though he doesn't happen to be fond of baseball.
From where I sit, willingness to respect the other people's feelings is important in a Democracy. If we're tolerant of a person's like for baseball or a glass of temperate beer, we've come a long way on the right road... the road to a better America, that is!
