TITO AT ARMY MANEUVERS GREETS HIS MILITARY CHIEF BELGRADE, YUGOSLAVIA—Yugoslavia's Marshal Tito (right) shakes hands with Colonel-General Kocho Popovic, Chief of the General Staff, during recent Yugoslav military maneuvers. Yugoslavia has made demands that Albania cease provoking border incidents and this army activity serves to underline Tito's warnings.

Colts Victorious Over Shamrock

Coach English's young Jr. High Colts took another victory last night over the Junior Irishmen from Shamrock, defeating them 54 to 7, and the score would have been even higher if the coach had chosen to leave his first team in the ball game all the time.

The young Irish were unable to get past the 50 yard line until late in the game when coach English sent in his smaller substitutes and the Irishmen made their only score and plunged over for the extra.

The Colts' scoring spree started at the first of the game. They netted 20 points in the first quarter, 13 points in the second quarter and 21 points in the third quarter. They were in scoring position when the game ended.

Jimmy Thompson accounted for four of the tallies, Cotton Hall got three and Joe Ballew rung up one.

The boys in the backfield didn't do it all either, for the Colt line was in there all the way, doing some of the swellest blocking that would make some college teams ashamed.

If you haven't seen the Colts play, you should make your plans to do so. It has been our understanding that they will play Lefors at Lefors next Thursday night, October 27th. If you can make the trip, those youngsters will certainly appreciate your support.

World Community Day, Nov. 4th

World Community Day, Nov. 4, is fast approaching. Have you collected your pieces for Peace? Goods of any kind can be used but preferably new goods. Cottons, woolens, prints, yarn, floss, crochet cotton trimmings, curtain material, patch pieces for quilts, etc. Any kind except rayon that is in good, clean condition is acceptable. If you have an extra pair of scissors, include them. Thimbles, needles, thread and pins will be gratefully received.

Take a piece of cardboard 15 x 24 inches in size and use as a base to build your pile of material or clothing. Good garments are not excluded but the drive is for 60% new material.

Wrap your bundle in a yard and a half of blue denim, tie securely and bring to the Methodist church. The dedication program will follow the 1 o'clock covered dish luncheon. In case you do not have an entire packet, bring what you have and it will be added to other contributions. Start collecting now for this worthy project.

Donley Farmers And Ranchers To Stage War On Coyotes

They couldn't go to the State Fair, but the children at the Texas Scottish Rite Hospital for Crippled Children in Dallas were treated to one of the Fair's attractions by the Joie Chitwood show, featuring clowns and auto daredevil stunts. Funnymen Happy and Slappy Roberts are displaying the stunt antics of their dogs for the children, while their partner, Whitey Harris, in policeman's garb, cracks a joke for the kids.

Farmers and ranchers in Donley County have decided to stage a war against coyotes this winter. H. M. Breedlove, county agent, says that farmers have been coming to his office requesting that he organize communities to fight coyotes. Breedlove has secured the service of R. E. Callender, Extension Service wild life specialist to have demonstrations on the use of traps and cyanide guns to kill coyotes; this of course will need all the necessary precautions of warning signs where the guns are used.

A conservative estimate of the amount of damage done by coyotes in Donley county each year is around thirty five thousand dollars; this is loss of poultry, swine and damage to livestock.

It is planned to give prizes for the person or persons catching the most coyotes in the county. The Clarendon Lions Club and the Hedley Lions Club have their committees working on the prizes to be given.

Breedlove will hold four meetings in the county to explain the program and for Mr. Callender to demonstrate the use of different methods of coyote eradication. The meetings are as follows:

Clarendon—Fair grounds on Brice Highway, Wednesday, 26th at 9:30 a. m.

Skillet—School house, Wednesday, 26th at 2:30 p. m.

Bray—School house, Thursday, 27th at 9:30 a. m.

Hedley—Veterans school building, Thursday at 2:30 p. m.

Bronchos Lose First Non-Conference Tilt of Season

The Canyon Eagles are said to be the tallest team in this area and Clarendon fans vouched for that statement last Friday night when the non-conference visitors downed the Broncos 19-0 in a one-sided affair.

The Broncos' strength was reduced early in the game when LaGrone was knocked unconscious and later taken to a Memphis hospital where his injuries were found not to be serious. The locals moved into scoring position late in the game when Bradford returned a kick-off to the Eagles 25 yard line. The Eagles held and took over the ball on downs.

The Eagles scored in each of the first 3 quarters, converting only one extra point. Barratt, Slack and Samples did the scoring.

Local 4-H Club Holds Meeting

The Clarendon 4-H club met at the fair grounds buildings Monday night with eighteen members in attendance. Regular meeting nights were set for the club, being every third Tuesday. The next meeting of the club will be November 1st which is three weeks from this past Tuesday. H. M. Breedlove, county agent and in charge of 4-H club work in the county presided at this meeting.

Officers were elected for the remainder of this year and 1950. Elected president of the club was Don Thornberry; vice president, Jack Clifford and secretary and treasurer was Chauncey Hommel.

The regular meeting time of the club is 7:30 and will meet all winter at the fair grounds buildings. Breedlove stated that any boys wanting to join the 4-H clubs and are not members, are invited to the meetings, and projects will be worked out for them.

42 PARTY CANCELED

The second grade 42 party which was scheduled for tonight at the Lions Club Hall, has been postponed until a later date which will be announced.

OPEN FORUM

At last the people of Texas realize that their big problem is the water problem. Already industrial and municipal demands have forced the problem upon farmers and residents of small towns.

Big cities and industries are hogging all of the available supply. One big industrial plant near the Gulf consumes more water than either Dallas or Houston, and another such plant is moving in.

In the upper Trinity area, Dallas and Ft. Worth are claiming all the water from that river, leaving nothing to the smaller towns and cities except to dam some of the creeks and sloughs of the area.

Three Western states have the water problem locked in a court battle to stop California from robbing Arizona and Colorado of their life blood. A billion dollars has already been spent, largely by the Federal government, to supply California cities with water. The taxpayers pay the bill!

In Texas the fabulous cost of conservation is paid by the taxpayer while one New York corporation uses as much water as the state's largest city, for which the corporation pays not one penny to the state.

When will the people of Texas come to their senses and assess the cost of water against those who use it? Instead of draining the taxpayers for water service, a royalty should be charged for it against the large cities and industries on a gallonage basis. Even a small royalty charge would produce millions of dollars to meet the cost of conservation and service, and help finance the ever bankrupt state government.

When will we wake up and stop giving away our most priceless

natural resource, and use common sense with it, as we use with other natural resources, oil, gas and sulphur? The legislature should do something about the water problem when it meets in January.

Wallace, Jenkins, Farmer, Box 919, Pemberton Hill Road, Dallas, Texas.

Mr. and Mrs. W. E. Bray and Mr. and Mrs. G. R. Grant visited awhile Thursday night with Mr. and Mrs. Clyde Hudson of Goodnight.

THE TEMPLE OF TRUTH

By the Apostle

HOT ZICKITY!

Good nature is the oil that makes the day's work go on without squeaking.

DROUGHTY.

The driver is safer when the roadbed is dry. The roadbed is safer when the driver is dry.

HUMANITY PLUS.

Happiness is a state of mind induced by the conclusion that you can't remake people and the world.

ILLUSTRATION.

Clothes make the man and the lack of them makes the pin-up gal, says Hastoon Yazzie, mayor of Hog Jaw, and he ought to know.

CRANK CUSS.

Man is a contrary cuss. It is almost impossible to get him to go to the rear of a bus, or to the front of a church.

DISCOVERY.

A very venerated old grandma tells me that babies are born on the change of the moon. What do you know about that?

INFORMATION.

My good friend Mr. W. J. Mathis informed me last spring, after listening to my tale of woe over a swarm of bugs, that squash planted on the 22nd of June never were pestered with the infamous squash bug. Some were planted early this season by my nearest neighbor. The bugs got them. Mine were planted June 22nd and never had a bug to bother them. The crop was not so great, but that could be charged up to extremely dry weather and hot winds. Try it.

SIGHT SEEING.

Two motorists, not quite as sober as they might have been, were driving along the highway that paralleled a railroad track. Suddenly a diesel-powered passenger train roared past going in the opposite direction. "Say," said the driver of the car, "did you notice how that village was all lit

up? The other fellow whirled around on the seat and explained, "Yeah, and did you notice that the first house was on fire?"

WHAT'S THIS?

A famous doctor announces that cancer and other ills are the product of using artificial or manufactured chemical fertilizer. He says that compost is much safer as the new fad causes the plants to lack vitamin B and minerals which is not according to nature. He may have something there.

HISTORICAL.

Then there was the beauty parlor girl who married a dentist and now they fight tooth and nail.

WARNING.

Well if you fell for that cheap racket and sent \$35 to Canada, when after careful reading of the advertisement you could readily see that they never promised a thing in exchange for the money, you have enough to worry over without fussing with the home folks. Men with plenty of money to throw away, are always eager to explore new oil territory if it is worth trying.

I'LL BE DOGGONED.

The members of the legislature of Texas want us to vote them a raise of 43% in salary the 8th of next month. They want \$7200 a year instead of the present \$5000, and meet every year. When they last met down at Austin, they spent over a million dollars on hand and went in debt forty million more. Just think what they would do if they met every year.

Mrs. W. C. McDonald of Plainview is here visiting her mother, Mrs. J. D. Jeffries and her brother, Mr. and Mrs. A. T. Jeffries.

GARDEN CLUB

The Garden Club held its final meeting of the year with a guest day on Tuesday, October 11th, in the home of Mrs. J. L. McMurtry. The theme of the display was "How to make your own Merry Christmas". Mr. Snowman and his wife (fashioned by Mrs. Jno. Goldston) greeted the guests in the hall. The arch into the living room was covered with cedar and berries. Wreaths for doors, coffee table decorations, centerpieces for tables, beautifully wrapped packages, favors and many other decorations proclaimed the Christmas season. In the music room, the picture window decorations by Mrs. Barcus Antrobus and Miss Harlan were most attractive. Christmas balls hung from ribbons of various lengths and an oblong box covered in metallic paper and heaped with greenery and vari-colored bells was placed on the sill.

Mrs. Frank Phelan, Jr., with Mrs. McMurtry at the piano entertained the members and their guests with three vocal numbers: "Thank God for a Garden," "To a Hilltop," and "Philosophy". Sandwiches in fancy shapes and small 'cheese' pumpkins were served from a lace covered table lighted by tall yellow tapers and centered with pyracantha and marigold. Mrs. Lee Holland presided at the coffee service the first hour and Mrs. J. H. Howze, the second hour.

Approximately a hundred guests and members attended.

FEED BAG CLOTHES, AND CHANTICLEER CROWS

There's more than one way to dress a fowl! Feed sack fashions have put the chic in chickens, and Virginia Kirehdorfer of Memphis has given a real cock-of-the-walk strut to her rooster by making him a tax complete with top hat. Virginia, too, is clad in a sack outfit.
 It all started, the National Cotton Council says, in a feedbag-sewing contest dreamed up by the Poultry and Egg National Board to find the ten "best-dressed" fowls in the nation. Winners will be selected in Kansas City in February with an automobile as the grand prize. Any poultry fancier may enter his chick, duck, or turkey by writing for an entry blank to the Fowl Fashion Show, Poultry and Egg National Board, 308 W. Washington St., Chicago 6, Illinois.

Houston Fat Stock Show To Begin February 1st

HOUSTON—Livestock exhibitors in every county of Texas and in every state of the nation this week were receiving the 1950 livestock premium list for the 18th annual Houston Fat Stock Show and Livestock Exposition. Premiums totaling more than \$45,000 are being offered in the cattle, sheep and hog divisions of the show which will get underway for 12 days on February 1st in Sam Houston Coliseum.

Premiums in the horse, poultry and rabbit divisions will bring the total well past the \$50,000-mark, said W. O. Cox, show general manager. Separate premium lists for these divisions are being prepared.

Deadline for entries in the cattle, sheep and hog divisions is December 15. The premium lists were placed in the mails early so that potential exhibitors may make their selections now.

Because of the banner number of entries expected—more than 10,000—show officials urged exhibitors to make their entries immediately. Total number of entries for the 1949 show was 9,292.

At the same time, Show President W. A. Lee announced that Roy Rogers and his World's Championship Rodeo would be the featured attraction in the

CROP Sunday To Be Observed In Churches November 6th

TAYLOR, Texas—CROP Sunday in the churches of Texas is to be observed November 6, it has been announced by state chairman Dan C. Russell.

At that time the churches are being asked to bring the meaning of the Christian Rural Overseas Program to their congregation and to arrange participation in the program where this has not already been done.

Members of the Texas CROP Committee at their College Station meeting set the period of November 6 to 13 as CROP Week in Texas.

Counties and communities which have not already held their commodity collection drives are being asked to conduct them during this time along with receiving cash for commodities from those who do not have commodities or prefer to give cash.

Commodities being stressed in Texas include: cotton lint and products from cottonseed, wheat, rice, peanuts, dried peas and beans, dried powdered milk, etc.
 The Christian Rural Overseas Program (CROP) is a program through which commodities and cash for commodities are collected and turned over to established church relief agencies.

The distribution overseas by these church agencies is made to orphanages, institutions for the aged and ill, refugees and the hungry, irrespective of race or creed.

CROP is a church sponsored program and in Texas is endorsed by all the churches, one in cooperation with the other.

CROP Sunday was moved up to November 6 from the 13th to allow an earlier start on the assembling of commodities for Christian Carloads for the Texas Friendship Food and Fiber Train, Elmore R. Torn, State CROP Director, explained.

Mr. and Mrs. Robert Green and children Lee Ann, Judy and Steve of Munday, Texas spent the weekend with his parents, Mr. and Mrs. Geo. Green.

The many friends of Mrs. A. L. Chase will be glad to know that she was able to be brought home Tuesday. She is doing fine and able to be up and about.

Mrs. Lena Antrobus is at home from a visit at Ft. Worth with her granddaughter, Mrs. Williamson and family. She also visited with Mrs. T. H. Peebles who is very ill. She returned by Okla. City where she was met by her daughter, Florence and husband and they brought her home on their way to their home at Lubbock.

Mrs. Kibler and Mrs. Harland of McLean visited Mrs. Laura Taylor Sunday afternoon.

Mrs. Clyde Butler returned home from a visit with her sister Mrs. Fay Hearn at Ft. Worth Monday.

Ben Saied and son Louis of Memphis had business in Clarendon Wednesday.

Mrs. Frank Mace, sister of J. A. Warren and Mrs. C. J. Talley, who has been seriously ill in an Amarillo hospital for the last few weeks, was taken to her home Saturday, where she is slowly recovering. Their home is at 1000 Lamar St., Amarillo.

Mr. and Mrs. Wendell Smith and children have moved to Amarillo to make their home. Mr. Smith is employed by the Amarillo Hardware Co.

Mr. and Mrs. Jolly Johnson visited their son and family at Austin the latter part of last week. Their daughter, Jane, accompanied them home for a week end visit.

SERVING the Gulf South

... by building for the FUTURE

Every business man who hopes to stay in business knows that he must plan for the future. More customers and greater demands for his products or services make it continually necessary for him to expand and improve his facilities. That's why United Gas, in an effort to meet a constantly increasing demand for natural gas service, is investing 30 million dollars this year in construction and development of its facilities. More than half of this money is being invested in Texas. A large part of the money spent for expansion moves immediately into the channels of trade in the Gulf South, which is another example of the way the American Business System works to bring better living to your community.

Cancer Information Center Opened In Dallas

HOUSTON—A cancer information center, one of eleven such centers in Texas, was opened in Dallas this week, J. Louis Neff, executive Director of the American Cancer Society—Texas Division, has announced.
 The center is located at 1705 Pacific Avenue in the heart of downtown Dallas. Mrs. Clarence F. Engelhart is executive secretary. The center will be open from 9:00 to 5:00 each day, Monday through Saturday. Anyone seeking information about cancer—where to go for examination or treatment—what the danger signals of cancer are—and any other knowledge, may go to the center for a private interview with Mrs. Engelhart or one of the Dallas county cancer control workers, Mr. Neff said.

"The opening of the Dallas cancer information center is a major step forward in our fight against the nation's Number Two disease," Mr. Neff added. "We have been wanting to establish such a Dallas center for a long time."
 Other cancer information centers are located at El Paso, San Antonio, Fort Worth, San Angelo, Texarkana, Houston, Galveston, and Amarillo. These are full-time centers.

Purpose of the centers is to spread information about cancer through literature, interviews, educational movies, doctor talks,

and all other means available. Each center is sponsored by the local county unit of the American Cancer Society.

World War II veterans with service-connected disabilities were reminded by Veterans Administration today of an important deadline in connection with their entitlement to National Service Life Insurance.

Prior to January 1, 1950, such disabilities actually incurred in Service between October 8, 1940, and September 2, 1945, if less than total in degree, are disregarded in determining eligibility under the health requirements for National Service Life Insurance purposes.

This means that veterans who might not otherwise qualify for life insurance for health reasons may reinstate lapsed National Service Life Insurance or buy new or additional insurance up to the \$10,000 maximum if they apply before the end of the year.

A physical examination is required, however, for all insurance applied for under this special provision. Such examinations are made by Veterans Administration without cost to the veteran.

GRAIN SORGHUM LOANS:

This office is ready to make loans on your grain sorghum. The loan rate for farm stored grain sorghum is \$2.03 per hundred lbs. There will be a service fee of 1c per hundred or three dollars, whichever is the larger. If you have found warehouse storage, just bring your warehouse receipts to the office and we will make the loan for you. The loan rate on warehouse grain is \$2.03 per hundred less 20 1/2c, per hundred lbs., storage charges. This would make the net loan rate \$1.82 1/2. The loans will be made on all types of grain sorghum. The moisture content for farm stored grain must not be over 13%. The moisture content for warehouse stored grain must not be over 14%.

COTTON SEED LOANS:

If you have storage space available for your cotton seed, take it home with you and put it in a loan. This office is qualified to make cotton seed loans on seed testing not more than 11% moisture. The loan rate is \$49.50 per ton. A service fee of \$3.00 is charged or 35c per ton, whichever is the larger, making the loan rate \$46.50. If you are interested, please come by the office. The loans mature April 30, 1950.

EMERGENCY COTTON SEED PURCHASE PROGRAM:

Besides the Cotton Seed Loan Program, we now are authorized to buy your cotton seed under the Emergency Cottonseed Purchase Program. Mrs. Ritter has been out in the county all week getting everything ready to start buying the farmers' cottonseed. Truckers will be at each gin at Lelia Lake, and Hedley to pick up seed for the farmers and haul them to the lots where they will be stored under the emergency program. Clark Cook will have charge of the lot at Lelia Lake, and Charley Barnett at Hedley. At this time, arrangements are not quite complete for Clarendon. However, the seed will be stored on the lot behind the fair buildings out on the Brice Highway. Mr. Dee Green, one of our State Office Supervisors, was in the office this week to help Mrs. Ritter set up our cotton seed purchasing program. We also had a visit from Jim Lumpkin, who is now Administrative Officer of the Silverton PMA office, and R. H. Alexander, who is Administrative Officer at the Paducah PMA office. We also had Mr. Allen Saunders, another State Office Supervisor.

WHEAT LOANS:

We have had three producers in the county who paid off their loans on wheat and sold it on the open market. They are: Nolie Simmons, Horace Green, and G. E. Allen.

PRIOR APPROVALS:

We are issuing prior approvals for leaving stalks and stubble on the land in case you are interested. The payment for these is 25c per acre, and it doesn't take much effort to come by the office and ask for one. We want you to take advantage of this program, as it is your program. We want to caution you about carrying out practices before you come to the office to get your approval. If the producers keep on coming to the office asking for approvals after they have carried out the practice, we are going to have to say "no." As we have said before, it is not in compliance with PMS policy to do this. Also, all producers who get notices from this office to make a report on a practice that they have an approval for, please do so immediately. If

you do not report after the second notice, the approval is cancelled and the producer loses his money.

ELECTIONS:

Now is the time to begin thinking about who you want for your County and Community Committeemen. Elections are coming up pretty soon and we want the whole county to have a part in them. These men are elected by you to serve for you. We want every producer and his wife in the county to vote, so tell your neighbors and friends about the coming election, and get ready to vote.

COTTON GINNING REPORT

According to W. M. Patman, Special Agent, the Census report shows that 318 bales of cotton were ginned in Donley County from the crop of 1949 prior to October 1st, as compared with 1,508 bales for the crop of 1948.

The Lions Club held its regular meeting in the club hall Tuesday, Oct. 18. There were seven guests and visitors present for this meeting. Eighty-four per cent of the club members were present.

Lion Odos Caraway presented Lion Mike McCully with a master key. This key is awarded for securing twelve new members. Congratulations Lion McCully. Lion George Schollenbarger was the lucky Lion at this meeting, since Lion Ray Burns was absent.

The program consisted of a reading by Tommy Lane and a musical skit by Jackie Estlack and Iva Jean McAnear. Thanks to these young people for this nice program.

A Common Paper for Common People

PLOWIN' Out the CORNERS

by Uncle Zeb

One of our "Used to be neighbors" was a very devout Christian, and when the church and himself would get unconcerned and draggy he would almost always say: "I just don't have the nerve to invite folks into the church, cold as it is; I am about to freeze to death in it myself."

I was talking with some friends the other night and they remarked that: "The trouble with most of our religion was, that it didn't show". Somehow, I think they are right; we keep our name on the church rolls, and sometimes we invite others to come in with us, but, I wonder sometimes if they don't look at us and our lives and ask themselves what we could have that they don't have.

If we had a good business proposition or, some real good safe bonds to sell, folks would be begging us to share it with them. If we had on a real good suit of clothes, one that was all wool and beautiful and well tailored, and right up to the last rinktum all the way around, people would want one like it, or at least similar - - But our religion, our church life or maybe I should say our contact with God, we keep it all hidden; covered up with selfishness and the things of this world so that it actually does not show. I don't mean that we do not have our fellowship with Christ; that we have our moments when we share in the blessings of being joint heirs with Christ but if some way we could show people what the fellowship of each other in the church, and with God, could be worth to them personally; as an investment in a better spiritual life; we could not keep them out of the churches. The churches would have to be built larger and more of them - - Rather than a better medicine, or a stronger bomb, the world needs to see the light that Christian folks have hidden under a bushel of little selfish and unimportant worldly

things. Instead, we go out once or twice a year and beg people to join the church, or do this or that; to come in and have fellowship with us, when from living by us the rest of the year they are doubtful whether they want to or not. Anyway, I am just talking about myself, anyhow - - -

I have an Uncle, down at Glen Rose, Texas, that edits The Primitive Baptist Light; a comparatively new little church paper. Anyway, in his editorial column he gives the Ain't Smoking Right Now Society a little boost, and Thanks Uncle. Thanks. He is starting a "Bridle Our Tongue Society" (everybody running me competition). If you would like to join this club, send your membership to the above address. Anyway, he says as the cigarette poisons the body, evil words and an unruly tongue is a deadly poison in the world. I quote from his column and from the Bible: "And the tongue is a fire, a word of iniquity, so is the tongue among our members, and it defileth the whole body, and setteth on fire the course of nature, and it is set on fire of hell."

"Victory of Principle Over Pressure" Says Sen. Lyndon Johnson

Washington, D.C.—Texas Senator Lyndon B. Johnson hailed defeat of the nomination of Leland Olds to the Federal Power Commission as a "victory of principle over pressure."

Olds' nomination — which had been made a party-line issue by the chairman of the Democratic Party—was defeated overwhelmingly, 53 to 15, after Senator Johnson served as floor leader for a five-hour fight against the confirmation.

"I do not relish disagreeing with my President and being unable to comply with the request of the Chairman of my Party," the Texas Senator told his colleagues in a 55-minute speech, "but I can find no comfort in failing to do what I know, in my own mind, is right."

Senator Johnson pointed out that Olds, by his own admission, voted for Hoover in 1928, joined the leftist New York American Labor Party in 1938, and "forgot" to vote for the Democratic Party in 1948.

"If 'disloyalty' to Leland Olds is a political sin, then I must plead guilty," Senator Johnson said, "but I will now or at any time match my loyalty to my party, the Democratic Party, against his."

Telling the Senate that he considered Olds "unfit and unqualified" to regulate this country's free enterprise, Senator Johnson added:

"In the Twenties, Leland Olds scoffed at private property as 'just another myth'; in the Thirties, he said our Democracy has been made a sham; in the Forties, he has intimidated his staff, discredited his fellow Commissioners, fostered a smear of Congress, and taken the law into his own hands to substitute irresponsible confiscation for responsible regulation."

The clear-cut issue, Senator Johnson said, is, "Shall Congress write the law, or shall Leland Olds write the law? Shall we have a Commissioner or a Commissioner?"

Senator Johnson hit sharply at Olds' claim that the power and gas lobby was fighting his confirmation. The Texas Senator, who was elected last year, said:

"Through eight elections, in twelve years of public life, I have been opposed by the power and gas lobby of my State and of the Congressional district I represented. I know their methods, I know their manner, and I know I have not seen their handwork here. If the power lobby is now seeking to kill off Mr. Olds, I can only conclude that they are trying to kill him with kindness."

The Texas Senator, who was made chairman of the special sub-committee to investigate the nomination, pointed out that no power lobbyists appeared to oppose Olds, and one did testify in support of the man.

It was brought out during the hearings that Olds, at the age of 39, had been writing for radical publications, attacking the church as a "hand-maiden of the capitalist system," laughing at the Fourth of July, praising Russia, and suggesting elimination of private capitalism.

"Leland Olds did not repudiate these writings," Senator Johnson explained to the Senate, "He merely said he would give them a little different slant if he were writing them today."

Mr. and Mrs. E. A. Hardin of Albuquerque, N. M. visited Friday and Friday night with her parents, Mr. and Mrs. W. O. Butler.

New Hearing Device Has No Receiver Button in Ear

Chicago, Ill.—Deafened people are hailing a new device that gives them clear hearing without making them wear a receiver button in the ear. They now enjoy songs, sermons, friendly companionship and business success with no self-conscious feeling that people are looking at any button hanging on their ear. With the new invisible Phantomold you may free yourself not only from deafness, but from even the appearance of deafness. Clarendon F. F. A. Jersey Bull Named Superior Sire

COLUMBUS, Ohio — National honors have been awarded the Clarendon F.F.A. of Clarendon, Texas for an outstanding Jersey bull that they own. The bull, Impatine Golden Lad, has been named a Superior Sire by The American Jersey Cattle Club, which has its national headquarters in Columbus, O.

The Superior Sire rating indicates that a bull has the ability to pass on both high production and good breed type to his daughters. Impatine Golden Lad has ten daughters tested for production. They have averaged 11,375 lbs. of milk and 611 lbs. of butterfat in ten months on twice daily milking, mature equivalent basis. The bull also has 13 daughters classified for breed type with an average rating of 82.5 points. The breed's score card gives 100 points for a perfect animal.

Impatine Golden Lad was bred by John Chester Elliff of Tullia and purchased as a calf by Clarendon F.F.A. in 1939.

The records which qualified Impatine Golden Lad for his national recognition were made under programs sponsored by The American Jersey Cattle Club for continuous improvement of the Jersey breed.

CITY-COUNTY LIBRARY NOTES

By May L. Prewitt

There is a number of biographies on the market at present.

Among these is "Stalin: A Political Biography" by Isaac Deutscher; "Maupassant" by Stugmuller; "Thomas Hardy" by Geurard; "W. C. Fields" by Taylor; "Will Rogers" by Donald Day; "F. D. R., My Boss" by Grace Fuely—this last is not a biography, but his secretary's contacts for seventeen years.

Scholem Asch has concluded his trilogy—This story of "Mary" is of one who is interesting simply as the mother of greatness. You recall "The Nazarene" which was the story of Jesus, recreated with memorable effect as a world figure in his own right—next was the "Apostle", now "Mary." We have not purchased this book, but likely shall about holiday time. The fall season is so crowded with work and attractions for recreation, that our mature readers have other interests. Therefore, these books that require thoughtful attention will be reserved for winter reading lists. Books continue to increase in price. In the past 6 months all popular books have increased either 50c or \$1.00 per book. This decreases our purchasing "power."

You recall that our "The Adventures of Tom Sawyer" was reported in a greatly depleted stage. Fred Clifford gave us a lovely copy that is profusely illustrated—some colored plates and others black and white. We are very happy to receive this gift. He frequently donates interesting books, but if it were not for thoughtful friends of this type we would not possess half the books that are here for your use.

Mr. and Mrs. W. O. Butler spent Friday with Mr. and Mrs. Haney at Pampa.

Mr. M. C. Rumpy visited the Dallas fair last week. She returned home Sunday.

OLD PATHS

By **DOYLE WILLIAMS**
Minister
Church
of Christ

What did the preacher do to the candidate? Paul says, Colossians 2: 12, "you are buried with him in baptism." This is a plain transaction. Any man learned, or unlearned, can tell when that is done. Romans 6: 4, he says, "We are buried with him by baptism."

What followed after baptizing? Philip and the eunuch "came up out of the water." That was a plain affair. Any person will readily see how that was done. What resulted from the baptizing? The body was washed. He-

brews 10:22. In sprinkling or pouring water on a candidate for baptism, the following items are out of place: They do not find the water in the native place. They do not go where there is much water. They do not generally "come unto a certain" but have water brought. They do not go down into the water. They do not come up out of the water. The body is not washed with water. Those who immerse go unto the water, where there is much water, down into the water, bury in baptism, come up out of the water, and the body is washed with water. When this is done, the controversy about the action of baptism in the mind and conduct of the candidate is at an end. The conscience is at rest, and no further doubt remains in regard to it. This is not the case when sprinkling or pouring is used for baptism. Here the mind is continually unsettled, specially if the party reads or hears any thing on immersion. The plainness of the New Testa-

ment on this subject is such that, if any person follows its simple teaching, there will never be any doubt left to harass and make the conscientious person unhappy. This is sufficient for any one honestly striving to do the will of God. If the heart is right in the sight of God, under the power of the faith of Christ, the belief with all the heart that Jesus is the Christ, the Son of the living God, and the repentance strong enough to result in a future good life, when the subject is "buried in baptism, for the remission of sins" there will be no further fears, doubts, or scruples about the action of baptism.

But some one is saying, "Even admitting that the action is plain, the preachers differ about the design, and I know not how to settle the point." That is also settled in the New Testament as clearly as any other thing can be or ever has been. All we have to do is honestly give up to, and be instructed by the inspired Scriptures. Start anew, as if you had never heard one word on the subject, and inquire what the will of the Lord is. Consider the following:

Romans 6: 3, we read of being "baptized in to Christ Jesus, or being baptized into Christ." Gal. 3: 27, we read of being "baptized into Christ." What is baptized into Christ equivalent to? Though nothing but baptism is mentioned here as the act in which persons are transferred into Christ, it is not baptism alone, baptism without its proper antecedents, viz., faith and repentance. Without faith and repentance, no person is a proper subject for baptism or at all fit for the sacred rite. This is what is meant by "the proper antecedents." (Con-)

CROP Meeting To Be Held In Austin October 25th

TAYLOR, Texas—A meeting of county and community chairman and all others interested in the Christian Rural Overseas Program will be held in Austin, Texas, at the Driskill Hotel on Tuesday, October 25.

The purpose of the meeting is to discuss fully the Christian Rural Overseas Program (CROP) drive which is scheduled for November 6 to 13 for all areas which have not already completed their campaigns, it was stated by State CROP Director Elmore R. Torn.

The meeting is an open meeting and everyone having an interest in helping with the program of alleviating suffering overseas is invited. The meeting is scheduled to begin at noon making it convenient for those who drive long distances. It will be concluded by 3:00 o'clock.

Beginning the meeting at noon will also make it convenient for those attending to do without their noon meal if they so chose and give the amount saved to CROP.

Literature and material will be available for distribution to all counties which have not already received it for their drive.

The Christian Rural Overseas Program is a program through which commodities and cash for

commodities are collected and turned over to established church relief agencies.

The distribution overseas by these church agencies is made to orphanages, institutions for the aged and ill, refugees and others in distress, irrespective of race or creed.

CROP is a church sponsored program and in Texas is endorsed by all churches, one in cooperation with the other.

Bonds Must Be Sold Before Veterans Can Make Land Purchases

AUSTIN—Bascum Giles, Commissioner of the General Land Office and Chairman of the newly created Veterans Land Board, said today that it was doubtful if any land purchases for Texas veterans would be completed before December 1st.

"The first bonds will be offered for sale on October 25," stated the Commissioner, "and there is no reason to anticipate that money will be available for our actual use for at least another thirty days."

"The thousands of inquiries we have received," Giles continued, "and other necessary delays are making us later than we had anticipated. We ask veterans and land owners to bear with us until we have secured the money to complete transactions."

Giles also requests veterans considering making applications to "take cognizance of our regulations and policies relative to mineral rights."

The statute creating the Veterans Land Program prohibited purchases unless 50 percent of the mineral rights were conveyed with the land. The Board, which is composed of the Governor, the Attorney General and Commissioner Giles, ruled at its first meeting that a six-month priority would be given applications which included all mineral or not more than a one-sixteenth outstanding royalty reservation made before June 6, 1949.

"We are not approving transactions in which the present owner is seeking to retain mineral interest at the present time," Giles added. "Applications which do not conform to this policy are delaying the program by requiring

the attention which could be used toward completion of conforming applications."

The Washington Monument is 555 feet high.
