### WEATHER STATION OPENED AT AIRPORT

The official weather information equipment was re-installed at the airport last week and now we have official weather reporting again. Mrs. Edna Smith, operator of the airport, received further instruction along this line last week and took over the official weather reading position September 1st.

### United Charities Needs Help

The Leader was informed this week that the United Charities organization was out of funds and was in need of monetary support at the present time in order that the organization may take care of some needy cases that need immediate attention. This is the first direct call the organization has made in several years as voluntary offerings have kept everything going.

At the present time two underprivileged children need medical and surgical help and the local organization is hoping to raise enough money this week end so these youngsters will not be neglected further.

You may leave your cash contribution at any of the three local banks or with Mrs. Allen Jeffries. Your local United Charities organization renders help when all other organizations are unable or can not help. Don't forget to give generously right away.

### School Enrollment Numbers 737

Enrollment in the Clarendon Public Schools has held its own compared with a year ago. The total in all departments including the college is 737. O. D. Lowry reported that there were approximately 475 students at the last count in the two lower grade buildings which is a slight decrease due to the fact that the 9th grade was moved to Senior High. 294 enrolled in Elizabeth Stevens Ward and 181 in Jr. Hi. Mr. Drennan announced a total of 182 in High School which is an increase of around sixty students. He also reported about the same enrollment in the Jr. College with eighty students taking advantage of the higher education being offered here. We have students enrolled in the Junior College from Lakeview, Childress, Memphis and Lelia Lake, he added.

One point Mr. Drennan emphasized upon was the fact that all college students have been permitted to ride the regular school buses and other students are permitted to ride the college bus if necessary. A prior ruling on this point was that no college student would be allowed to ride the same bus with grade or high school students. Since this has been changed there is a good possibility that our college enrollment will increase some more, Mr. Drennan added.

### SERVICES HELD TUES. FOR MRS. AVIE RILLA JONES

Funeral services were held Tuesday afternoon at the First Baptist Church for Mrs. Avie Rilla Jones with Rev. Jeff Moore officiating, assisted by Rev. L. A. Sartain.

Mrs. Jones, age 70 years, died at a Groom hospital Monday. She had been a resident of Donley County the past 40 years. She was a member of the Baptist Church. Survivors include six daughters, Mrs. H. E. Parker and Mrs. Luther Hall, Clarendon; Miss Opal Jones, Groom; Mrs. R. C. Thurman, Borger; Mrs. K. S. Erwin, Amarillo; Miss Lucille Jones, Abilene; four sons, O. D. of Borger, C. P. of Phillips, E. R. and Curtis Jones of Amarillo; 21 grand children and 10 great grand children.

Pallbearers were Jr. Spier, Noel Hewett, John White, L. P. White, U. Z. Patterson and Guy Sibley.

### YOUTH CENTER TO SPONSOR MEXICAN SUPPER, SEPT. 30

The Youth Center is sponsoring a Mexican supper for the public Sept. 30, beginning at 6 p. m. at the Youth Center. Buy your ticket early and help them get out of debt.

Donley County Leader \$2.50 yr. in County

### Tuberculosis Is Highly Infectious

Tuberculosis is a highly infectious disease—by this is meant it is caused by a germ—the tubercule bacillus. Many people, even in 1950 still feel that the disease is hereditary, which is entirely wrong. Every case must come from another by the infectiousness of the tubercule bacillus. This is known as contact, and contact truly is the keynote to the complete control of the disease. The above is the main reason why the State Health Department is taking free chest X-rays for the public in an effort to discover the carriers of the germ and protect those who might otherwise come in contact with that person and contract the dreaded TB disease.

Statistics show that the death rate among females is higher than males and more girls die between the ages of 15 and 19 than any other age groups due to TB or any other disease.

Weak, sickly or undernourished people are more susceptible to TB than others and should certainly be checked often in order to detect TB in the early stages while they can be helped.

The State Health Department and local authorities are urging everyone to plan to have their chest X-ray made when the State mobil unit comes here Sept. 26, 27, and 28th. The service will be absolutely free. The X-ray equipment will be set up at the Estlack Machinery Co. and will be in operation from 9 a. m. until 5:30 each of the above days mentioned.

### ANGLIN INFANT BURIED AT GROOM

Graveside services were held Tuesday afternoon at Groom for infant Stephen Ray Anglin with Rev. C. M. Ryan officiating.

Survivors include the parents, Mr. and Mrs. Donald Anglin of Groom, grandparents Mr. and Mrs. Irwin Anglin, Groom and grandmother, Mrs. Tate Brown, Evansville, Ind.

Burial was in the Groom Cemetery with the Murphy-Spicer Funeral Home in charge of arrangements.

### GOLDSTON BAPTIST CHURCH TO HOLD REVIVAL

A revival meeting at the Goldston Baptist Church will start Friday, Sept. 8th and continue through the 17th. Rev. Joe Spradlin of Arkansas, son of Mr. and Mrs. Sam Spradlin of Clarendon, will do the preaching. The services will be held at the school house at 11 a. m. and 8 p. m. each day. Everyone is cordially invited to attend and bring your friends with you.

### THREE LOCAL YOUTHS REPORT FOR TRAINING AT NTSC AT DENTON

Gene White, Gene Bulman and Jimmy Jenkins, three outstanding players for the Bronchos in past years, reported at NTSC at Denton last Friday to start football training for the fall season. All three boys have good prospects with the club and it has been understood that Gene White had a very good chance of playing with the varsity squad this year.

### Surface Casing Set On New Wildcat Well

The Leader office has been informed that drilling operations on the new wildcat well on the C. T. McMurtry ranch north of town, was started Sunday night and that 500 feet had been attained Tuesday at which time the surface casing was being set. Drilling operations should progress quite rapidly for the next few days. The drilling contractor is George Cree of Pampa and the well is being drilled for Tom Doswell and Associates.

Donley County Leader, \$2.50 year

## Donley County Fair & Races To Highlight Week-End, September 15 & 16th

### SERVICES TODAY FOR W. H. JAMES SR.

Funeral services will be held at 3 o'clock this afternoon at the Church of Christ in Claude for W. H. James Sr. with M. F. Manchester officiating.

Mr. James, 74 years old, died Monday morning at his home in Amarillo. He was a pioneer resident of Donley and Armstrong counties, having moved to Donley County in 1893 where he worked on the JA Ranch for a number of years before beginning operation of his own farming and ranching interests.

He is survived by three daughters, Mrs. Green Clark, Pampa, Mrs. C. A. Case, Lubbock and Mrs. Hardy Harris, Adrian; four sons, Herman H., Wilson and Leon James, Jr., Adrian; three sisters and two brothers.

Burial will be in the Claude Cemetery with the Murphy-Spicer Funeral Home in charge of arrangements.

### FORMER HEDLEY RESIDENT DIES AT CLAUDE

Funeral services were held last Friday at the Claude Baptist Church for Mrs. Francis Elizabeth Jamar with Rev. J. D. McDaniel and Rev. Barr officiating.

Mrs. Jamar, age 73 years, died at her home in Claude last Thursday. She moved to Hedley in 1906 and lived there until 10 years ago at which time she moved to Claude.

Survivors include 3 daughters, Mrs. George Goin of Claude, Mrs. Odessa Gunn and Mrs. Byron McPherson of McLean; also two sisters, 11 grand children and 5 great grandchildren.

Burial was in Rowe Cemetery, Hedley with the Burns-Bain Funeral Home in charge of arrangements.

### Roberson Decreases Rattlesnake Population

Roy (Pat) Roberson was in town Tuesday afternoon displaying 10 rattlesnakes which he had killed on his place 12 miles north of town Tuesday morning. Pat encountered the snakes while hoeing in a corn patch. There were two old snakes which had five and six rattlers and eight young snakes about 12 inches long. Part of the young snakes crawled into a rat hole and Pat dug them out one at a time and killed them. He reported that he had already killed six other rattlers this year and was proud to add the 10 additional to his collection.

The Donley County Fair, Horse Show and Races will be held in Clarendon on the 15th and 16th of September at the fair grounds in Clarendon.

H. M. Breedlove, county agent and secretary of the fair says that fifteen communities have signed to have community agriculture exhibits. The exhibits of all departments will be set up on the 14th of September, the day preceding the first day of the fair.

The fair this year will have 10 departments, the Horse Show, races, poultry show, boys swine show, flower show, community agriculture exhibits, dairy show, merchants department, Home economics department and boys beef calf and sheep department.

The board of directors, headed by president C. L. Lewis, have worked out all the departments of the show and this 1950 Donley County Fair promises to be one of the biggest ever held in Clarendon.

Fifteen hundred copies of the catalog are now being circulated among the people of the county, and this catalog was made possible by the merchants and individuals who bought ads in the fair catalog. Everyone in Donley County and surrounding territory is invited to attend this county fair.

Make your plans now to attend your county fair.

The following men and women, together with other able workers, will do their utmost to see that Donley County has one of its best fairs in history.

#### Officials of the Fair:

C. L. Lewis, president; H. M. Breedlove, secretary and manager; Curtis Mears, treasurer.

#### Board of Directors:

Forrest Sawyer, Joe McMurtry, Pat Slavin, R. E. Drennan, Harry Brumley, E. V. Quattlebaum, John Gillham, J. W. Noel, Frank White, Jr., C. T. McMurtry, F. C. Crofford, E. S. Ballew, J. D. Gouldy, Bob Head, Tom Seay, Johnny Leathers, D. E. Leathers, John Blocker, William A. Davis, H. Wood. Honorary members are J. R. Bulls, Richard Cannon, Geo. Preston, Frank Murray, all county commissioners.

#### Agriculture Committee:

J. Gouldy, H. M. Breedlove, William A. Davis.

#### Merchants Committee:

R. E. Drennan.

#### Poultry Committee:

E. V. Quattlebaum, Tom Seay, W. A. Davis.

#### Home Economics Committee:

Ruth Richerson.

#### Flower Committee:

Mesdames C. C. Powell, W. W. Taylor, J. W. Evans, Loyd Benson, Carl Allmond, J. D. Swift,

Pete Kunz and Miss Mary Howren.

#### Horse Show Committee:

Harry Brumley, Joe McMurtry, Fontayne Elmore.

#### Dairy Show Committee:

John Gillham, F. C. Crofford, G. W. Bradshaw, R. Cannon.

#### Swine Committee:

E. S. Ballew, Tom Seay.

#### Boys Beef Calves and Sheep Committee:

E. S. Ballew, W. A. Davis, Tom Seay.

#### Horse Race Committee:

Pat Slavin, Bob Head, Forrest Sawyer, Joe McMurtry, Harry Brumley, Fontayne Elmore.

### Donley County To Exhibit At Tri-State Fair

Donley County will be represented at the Tri-State Fair in Amarillo on September 18th with an agriculture exhibit. H. M. Breedlove, county agent, will set up the exhibit for Donley County and is asking that any one in the county who has farm products that they would like to put on the county display to contact him. There are only certain items that will qualify on the county exhibit but the county agent will need all of your help in gathering farm products.

Breedlove also stated that many farm products that go in the county exhibit at Amarillo will be taken from the Donley County fair exhibits held in Clarendon on September 15-16th.

### Farmers Wage War Against Cotton Leaf Worm

Farmers in Donley County have really been waging a war against the cotton leaf worm says county agent H. M. Breedlove who has been in charge of the campaign.

Over one hundred thousand pounds of calcium arsenate and 3-5-40 have been used to this time and another forty thousand pounds of calcium arsenate is being unloaded at the West Texas gin at Hedley for farmers in the county. Reports from farms show good kills in most cases, and Breedlove warns that only good kills can be obtained when the poison is put on at the right time. Eight pounds of calcium arsenate per acre as a dust is the right amount and should be applied when there is dew and the wind velocity not over five miles per hour.

Breedlove advises that plenty of poison is available and that any one who needs additional information to contact his office.

## Bronchos Preparing For First Game Here Friday Night, Sept. 15th

Coaches Tom Harrell and Ray Moore have been putting the Bronchos through the paces the past two weeks, hardening their 29 prospects up for the battles that lie ahead for them this fall. Their first assignment will be against the Claude Mustangs here at the local stadium Friday, September 15th, and from what vague information we have been able to muster, it won't be a push over by any means as the local squad is on the light weight side this year; in fact, the average Bronc will be around 15 lbs. lighter than their average opponent this entire season.

Coach Tom Harrell, the new Broncho mentor, has had plenty of experience to pass on to his boys, but whether very much can be done in one season will be determined as the various games pass into history. He won football fame at 7 different colleges, mostly during the war, and was named to the All-Southwest conference team and given honorable mention on the United Press All-America selection. Harrell is 26 years old and has one year of coaching behind him. He won six of 10 last season and is looking

forward to a much better total this fall.

Even though the Bronchos are light, they have just as much chance of going far in the district as any of their opponents. A small player, conditioned as he should be, can be dynamite anywhere he chooses, and this is Harrell's and Moore's main suit. If everything works as it should, the Clarendon Bronchos will win some ball games.

The probable starting line-up for the game with Claude will find Carlile, Trussell, Mooring and Leffew in the backfield and Tatum, Christie, McBrayer, Jones Pittman, Robertson and Murf in the line. This line-up could change by next week as the younger and still even lighter boys are pouring on the coal to take some other Broncho's spot on the regular squad.

Don't forget, the Broncho football season tickets are now on sale and if you shouldn't be contacted within the next few days, you can call Beaty Hillman at the Donley County State Bank and he will see that you get your season tickets right away.

### Local Gin Yard Is Fishing Scene

"A fellow could fish right off the sidewalk" was a common phrase here Monday morning when the rain water was flowing down the gutters on main street several inches deep. At the same time this phrase was making truth down on the Bert Smith Gin yard, for the water had backed up to the office building and was about a foot deep on the level in the gin yard when truthful John Swinney shouted that fish were swimming "out there." He and Bert Smith got into a pickup and pulled out into the roadway which was the main stream at that time and John reached out and plucked a nine inch catfish out of the ripples. He hasn't attempted to eat the fish as he left it in a pool of water in the gin yard for proof of his story. The only place the fish could have come from was the city lake as the draw running by the gin only drains the west part of Clarendon proper and as far as John knows, no one has a dam stashed away in their back yard.

AMERICAN TANKS MOVE INTO FIRING POSITION—Korean highways are crooked and rocky and thread through hills and steep knobs. In terrain such as this Communist guerillas infiltrated behind the American lines.

Mrs. Ina Mae Walters of Dallas was a guest of Miss Anna Moores the week end.

Mrs. G. W. Bradshaw, Mrs. Delton Koen, Biffie Blair and Shirley Barker were Amarillo visitors Saturday.

Gabie Betts Burton Library Notes

By May L. Prewitt

The Library has been a very quiet place this week as the membership cards of the children were for 3 mos. and most of them have expired. We are preparing for the student patron age and mending as many books as can be made useful again.

Betty MacDonald's "Anybody Can Do Anything" is ready for you to read. It is just as gay as her other books with its humorous discussions of a warm-hearted affectionate picture of a family circle in which every reader will feel delightfully at home. "The Story of Ernie Pyle" by Lee G. Miller. "This story is not only a book for the present generation of Americans who remember their beloved friend, but an American legend of almost classic proportions in which there are those qualities of warmth, integrity, modesty, and courage that lifted the hearts of the men and women of Ernie's own time."

Frank Yerby's new edition—"Flood Tide" has just been received. This is a Big book that probes deeply into the forbidden emotions and ideas that lurk in the hidden depths of the human psyche. It is the story of a man's victory over fate; for in winning his way back from the fall into lust, brutality and despair, our hero found again the woman who was meant for him and gained a new world, and his own soul. The setting of this novel was the period of 1850.

Only one child's book has been listed this week—"When You Were A Baby"—It is a Golden Book edition.

MIDWAY

Mrs. John Goldston

Mr. and Mrs. A. B. Stephens returned Mrs. Longan home Sunday after a visit at Plainview with them. Mr. and Mrs. Bill Moreland of

Wichita Falls spent the weekend with his parents, Mr. and Mrs. Loyd Moreland.

Mrs. Lawson and Charline Corder spent Sunday in the Longan home.

Mrs. Tige Hill is in Wichita Falls Clinic for a checkup.

Mr. and Mrs. W. K. Hardin and baby visited Mr. and Mrs. Marvin Jones Sunday.

Mrs. Ben Andis and Mrs. Matherson of Amarillo visited with the Longans Sunday.

Mr. and Mrs. Ben Chamberlain and children are vacationing at

Tresritros, N. M. this week.

Mr. and Mrs. Joe Bosch and children, Michael and Patricia have returned to their home in Los Angeles, Calif. after visiting her parents, Mr. and Mrs. U. T. Fowler.

**KAPPA NEWS**

The Kappa Sub-Debs and Rushees enjoyed Rush Week August 27 through Sept. 2. Sunday morning the members and rushees met and went to the Episcopal Church and enjoyed a very impressive service. Monday afternoon in the home of Carroll Knorrp was a mother-daughter tea enjoyed by all. Refreshments of ice cream and cookies were served. Miniature corsages were given to the guests. Monday night at the canteen an all girl dance was held.

Tuesday morning a come-as-you-are breakfast was held at the home of John Heathington. A delicious breakfast was served at a very early hour.

Tuesday night the rushees were treated to a basket-burger and show by their big sisters.

Wednesday afternoon at the Country Club a swimming party was enjoyed.

Wednesday night at Fontayne Elmore's there was a slumber party followed by a delicious breakfast.

Thursday night a backward picnic and swimming party was held at the Country Club. The girls and their dates attending were Patsy Emmons, Cotton Hall, Shirley Wilson, Bill Porter, Glenda Sue Davis, Haskel Hay, Mary Ann Landers, Vernon Goldston, Doris Crawford, Jerry English, Sandra Shelton, Guy Lynn Tatum, Jo Ann Montgomery, Tuffy Moore, Annette Thomas, Carol Butler, Shirley Ann Morris, Arlis Mooring, Betty Jane Thompson, Odell LaGrone, Patsy Estlack, Jo Lynn Ballew, Norma Lee Lewis, Jackie Brooks, Inelle Cox, Don Thornberry, Mary Lou Barker, Royce Morris, June Star Allred, Drew Christie, Dorris Smith, Tommy Morris, Sandra Bownds, Mike Murff, RaNelle Nichols, Redtop Simms, Nell Bentley, Douglas Wadsworth, Mary Edna Elmore, Bumpy Word, Alice McCrary, Billy Carl

Pittman, Nellie Jon Heathington and Ralph Hill.

Friday night a dance at the airport was enjoyed.

Saturday afternoon a meeting was held in the home of Mary Edna Elmore. Delicious refreshments of Cokes and cookies were served. The rushees started pledging. The Pledges for 1950 are Jo Ann Hermesmyer, Patsy Emmons, Shirley Wilson, Shirley Barker, Glenda Sue Davis, Mary Ann Landers, Doris Crawford, Sandra Shelton, JoAnn Montgomery, Annette Thomas, Shirley Ann Morris, Betty Jane Thompson, Patsy Estlack, Noma Lee Lewis and Inelle Cox.

**CLUB HOUSE BOARD**

The Club House Board met at Patching Club House Monday, Sept. 4 at 4 p. m. with the president, Mrs. Emmett Simmons presiding.

In attendance was a majority of the incoming presidents and vice-presidents of the various clubs in Clarendon as well as some of the out-going ones.

During the business session it was decided that a summary of the progress made during the past year of work on the Club House be published in the near future.

The following officers were elected for the ensuing year: Pres. Mrs. Pete Kunz; vice Pres. Mrs. Barcus Antrobus; Sec., Mrs. Frank Phelan, Jr.; Treas., Mrs. Bill Weatherly; Reporter, Mrs. J. H. Howze.

Those present were Mesdames Billy Green, Frank Phelan, Jr., M. C. Rumpy, Bill Weatherly, Barcus Antrobus, J. H. Spier, Walter Clifford, Alvin Landers, Bob Head, Emmett Simmons, J. H. Howze.

—Reporter

Mrs. J. W. Meeker and son Mike of Palestine spent a few days last week in the C. B. Morris home.

**LES BEAUX ARTS CLUB**

Les Beaux Arts Club had its initial meeting in the form of a breakfast, Friday morning, September 1st. The breakfast was served buffet style from a very attractive table. Table decorations consisted of a large watermelon shaped as a basket. The handle of the basket was decorated with yellow asters. The basket was filled and overflowing on a silver tray with luscious grapes, plums, orange slices and melon balls.

All the rooms were decorated with lovely arrangements of dahlias, asters, and roses.

A business meeting was held and Mrs. Emmett Simmons introduced Mrs. Paul Laird as the new president. Mrs. Ruth Kennedy was elected secretary.

Mrs. C. C. Powell reported plans being made for the Flower Show at the Fair on September 15 and 16th. Natural containers are to be emphasized. Everyone is invited to enter arrangements. Children are encouraged to exhibit their arrangements.

Those present were Mesdames John Blocker, Bill Greene, Jr., W. K. Hardin, Ruth Kennedy, Pete Kunz, Paul Laird, W. Lewis, Jr., C. T. McMurtry, Frank Phelan, Jr., J. R. Ross, J. D. Swift, Frank White, Jr., Homer Glascoe, and the hostesses, Mesdames Emmett Simmons, J. W. Evans, Frank Bourland, Lloyd Benson, C. C. Powell and Miss Anna Moores.

**BAND PARENTS MEET**

Members of the Band Parents organization met in the Junior High School Cafeteria Monday night. In the business meeting, Mrs. J. G. McAnear was elected president to replace Mrs. Gordon Bain, who felt it necessary to resign. Mrs. L. M. Smith was elected secretary to replace Dale Hill who also resigned.

The matter of dues was brought up. For those who were unable to attend, dues are \$2 for the first child in the family taking part in the band and .50 for each additional member of the band, from that family.

Not only does the organization pay a part on the bandmasters salary but there are expenses to be paid when the band is taken to our football games for example.

The next meeting will be the third Monday night of the month and all parents who have children in the band are invited to attend.

**HOW TO CUT AND CARE FOR GARDEN FLOWERS**

There is more to cutting and keeping flowers for house or show than one would think. The blossoms do mighty well to live at all after being severed from the plant.

Flooding the beds the day before the flowers are to be cut is a help.

Very early in the morning before the dew is gone or better still after sundown is the best time to cut.

It is wise to carry a bucket of water with you when cutting, placing the newly cut stems at once in deep water prolongs the life of the flower. Do not crowd many flowers into one bucket, or you will find it impossible to remove them with out tearing or bruising them. Carry the flowers to cool dark cellar or room; place the flowers in deep jars of water to harden for several hours or better over night.

In cutting use a sharp knife or razor blade. Cut each stem on an angle so it will not adhere closely to container thus preventing water from being absorbed.

Never use scissors which crush the stems in cutting reducing the intake of water. If flowers should become wilted place in very warm water; let stay in dark place till cool.

When garden lillies are to feature in a bouquet remove stamens as soon as blossoms are cut.

Temperature and humidity play an important part in keeping qualities of flowers and keep them out of drafts.

Bloom life and floral life are the best preservative.

Keep containers clean; wash with warm soda water, strip off all foliage that might get in the water.

Add a lump of charcoal to keep the water sweet.

All children are invited to enter their exhibits in the Flower Show. The exhibits may be in miniature or in regular size arrangements.

Guests in the home of Mrs. J. R. Hillman for the week end were her brother and sister, Mr. and Mrs. W. W. Beaty of Corpus Christi, and Mrs. H. E. Watson of Stephenville.

**WALLACE-SKELTON**

Miss Martha Ellen Wallace became the bride of Bob Skelton, son of Mr. and Mrs. L. H. Skelton, September 2 at Clovis, N. Mex. in a single ring ceremony at the Methodist parsonage there.

The couple was attended by Mr. and Mrs. Chester Gunter of Amarillo. Mrs. Skelton is a dental assistant in the offices of Dr. Landers. Bob is the owner and operator of the Capitol Hotel Drug Store.

They will reside at 1901 Tyler, Amarillo.

**PATHFINDER CLUB**

The Pathfinder Club will have its opening meeting Friday, Sept. 8th at 7 o'clock at the Patching Club House.

**1926 BOOK CLUB**

The 1926 Book Club held their opening meeting of the club year Tuesday, Sept. 5th at Patching house.

Mrs. James R. Ross charmingly reviewed the book "The Bright Coin" by Elizabeth Seifert. Delicious refreshments were served to 23 members and 1 guest by the hostesses Mrs. C. E. Bairfield and Mrs. J. G. Stewart.

Mrs. Carl Morris and Carl Morris III spent last week in the C. B. Morris home. Carl came Saturday and they and Nancy Morris, who had spent a month with her grandparents, accompanied him back to their home at Wichita Falls Monday.

**McANEAR FAMILIES ENJOY BARBECUE**

Members of the McAnear families met in the home of Mr. and Mrs. Durwood Ray Sunday for a chicken barbecue. In addition to the family reunion, eight birthdays were celebrated.

Those present to enjoy the noonday meal were Mr. and Mrs. A. S. McAnear and family of Goodnight, Mr. and Mrs. James McAnear and family, Mr. and Mrs. T. W. McAnear and family and Sammy McAnear of Brice. Mr. and Mrs. Bill Buskin and daughter, and Mr. and Mrs. Fed McAnear and family of Amarillo. Mrs. Virgie McAnear and Mary, Plainview, Mr. and Mrs. J. G. McAnear and family of Clarendon. Aunts present were Idell Hughes, Plainview, and Mrs. Ned Scaff of Clarendon, also a cousin, Mrs. Clarence Stalcup and family of Plainview.

All report a most enjoyable day.

**REBECCA LODGE 149**

The Clarendon Rebecca Lodge met in regular session Tuesday night with a nice crowd in attendance. The regular meeting was held in due form and then a social hour was enjoyed by every one. Lovely refreshments were served by Mrs. G. W. Bradshaw and Mrs. Thomas. We'd like to see all members out for drill practice Thursday night at 7:30 and next meeting night, as we have urgent business to attend to.

**DISCUSS MILITARY EXPENDITURES**

WASHINGTON, D. C.—Shown above, left to right, are Secretary of Defense Louis Johnson, Chairman Kenneth McKellar (D), Tenn., of the Senate appropriations committee, and Secretary of State Dean Acheson conferring at the Capitol as administration leaders met with the committee in executive session to consider the 16.7 billion dollar military appropriations bill.

Mr. and Mrs. H. B. Eubanks of Denison visited in the home of his nephew, Mr. and Mrs. Lee Muse over the week end.

Mrs. R. O. Bass and daughter Linda of El Paso visited the C. B. and L. O. Morris families from Saturday until Wednesday.

Bob McGowan left Wednesday for Phoenix, Arizona, for an extended visit with his daughter, Mr. and Mrs. Geo. Reoder.

Raymond Adams left Saturday after spending 30 days leave at home with his parents. He went to Camp Pendleton, Calif.

Study these prices and you'll learn how to reduce your food bills in one easy lesson! You'll see at a glance that it's no problem at all to feed your children plenty of the nutritious, delicious foods that help so much in keeping youngsters alert and healthy. We've plenty of everything — and our quality, variety and low prices all add up to a high mark in savings for you.

**NOW IS THE TIME TO BUY THE BEST!**

**GOODYEAR**

**TIRES are the best!**

In times like these, far-sighted people naturally buy the best. And when it comes to tires, they buy the best tires. That's why more car owners today are turning to Goodyear tires.

That's why we're having a hard time keeping Goodyear tires in stock — despite the fact that Goodyear makes more tires than any other manufacturer in the world. Even if we are temporarily out of your tire size, it will pay you to place your order now for earliest possible delivery.

**Trade new miles for old**

90% of all tire trouble occurs in the last 10% of tire life. Why take chances with worn, smooth tires? We'll trade new Goodyear miles for the remaining unsafe mileage in your present tires. Get out of the "danger zone" — go Goodyear. And for safer driving, get LifeGuard Safety Tubes.

Remember, if we don't have your tire size today, it will pay you to wait for new Goodyears — the best!

Come in... let's talk tires, tubes, terms

LAKE SUCCESS, N. Y.—U. S. Chief delegate Warren Austin, left, and Yugoslav delegate Ales Bibler, center, listen as Nationalist China delegate Tsiang, right, speaks against consideration of Red China's charges of "American aggression" in Formosa. UN voted to consider the matter, after first settling the Korean question.

**The Lion's Roar**

By Jack Gray

The Lion's Club held its regular meeting, Tuesday, September 5, 1950. Lion Bill Patman applied for reinstatement into the club and we wish to take this opportunity to "Welcome him back home."

Lion Frank Phelan arranged a very nice program for this meeting. The Rev. Clarence E. Dodge of Amarillo gave a splendid talk which was enjoyed by everyone.

Lion Bill Lowe announced that commencing at the next meeting, we will have another thirty-two week contest like the one we had last year with the winner receiving an expense paid trip to the International Lions Convention next year. So we take this means to urge all members to be present at our next meeting.

Being no further business, the

club faced the Flag and sang one verse of "America" and adjourned.

**YEARLY MOISTURE TOTAL KEEPS GROWING**

Gulf storms stirred up the weather again this week and caused our moisture total to grow almost to the 20 inch mark for the year. Rain of almost cloudburst proportions cut loose Monday morning and had the entire area looking like lakes and rivers. The official figure for Sunday and Monday, according to Mrs. Edna Smith at the Airport, was 2.40 inches and then we received another .29 inch Tuesday to bring the years total to 19.58 inches. The rain was of a soaking nature and caused considerable trouble for vehicles having to travel dirt roads.

Mr. and Mrs. Geo. L. Green were called to Dallas Friday night due to the death of their cousin, Rolin Green, of Ferris, Texas. They returned home Sunday night.

Mrs. C. L. Wilson and boys and Mrs. J. H. Green, all of Silverton visited Saturday through Monday in the home of Mr. and Mrs. J. I. Spurgeon.

Mr. and Mrs. John Hutson and Mr. and Mrs. Bill Butler and children spent the weekend in Dallas.

Mr. and Mrs. Geo. McKee and Jim visited in Amarillo Sunday.

Mr. and Mrs. Carroll Lewis attended a wedding at the Triangle Ranch at Mosquero, N. Mex. the latter part of last week.

Mr. and Mrs. Jack Lewis and Douglas Shelton took part in the roping contests at Happy Sunday.

Mr. and Mrs. Bill Sullivan and family of Amarillo and Bobby Sue Blundell from Delta County were week end guests in the home of Mr. and Mrs. W. E. Hodges.

Dinner guests in the home of Mr. and Mrs. W. E. Hodges Monday were Mr. and Mrs. Bill Sullivan and family of Amarillo, Bobby Sue Blundell from Delta County and Mrs. Sherry Flowers and baby, of Clarendon.

Mr. and Mrs. W. E. Hodges attended a family reunion at Cooper, Texas Sunday of last week. They also visited in Brownwood while down in that part of the country. They report much rain and Boll weevils eating up the cotton.

Mr. and Mrs. D. M. Wiley and children of Santa Maria, Calif. visited Friday and Saturday in the home of his brother, Mr. and Mrs. T. G. Wiley and children.

Mr. and Mrs. Weldon Avery and son, Morton, Texas visited in the T. G. Wiley home the first of the week.

Mr. and Mrs. T. G. Wiley and boys attended a family picnic in the park at Memphis Sunday.

Leo Underdown of the U. S. Navy is at home to be with his father, C. E. Underdown, who is seriously ill.

Mr. and Mrs. Lewis Underdown and son of Amarillo were week end visitors in Clarendon.

Visitors in the home of Mr. and Mrs. C. C. LaGrone last week and the week end were Mr. and Mrs. Horace Dunlap and Tommy, Woodson, Texas; Mr. and Mrs. Wayne Ewing, Sadie and Mary Ann, Borger, Texas; Mrs. Billy Reid and boys, Amarillo; and Mrs. Laura Lynn and Gentry, Victoria, Texas.

Mr. and Mrs. D. T. Smallwood of Brice, Mr. and Mrs. N. L. McBrayer of Ft. Worth, and Mr. and Mrs. Joe McBrayer and family of Childress visited Mr. and Mrs. C. C. LaGrone and other relatives last week and also attended the revival at Chamberlain.

Mrs. Eddie McQueen, Clovis, N. Mexico, visited in the home of her sister-in-law, Mr. and Mrs. Lewis Youree the week end.

Mrs. Lewis Youree joined her brothers and sisters in Lubbock last week for a family reunion.

Mrs. D. E. Millikin and daughter, Mrs. Loretta Stephenson of Dallas are visiting in the home of Mr. and Mrs. Mathis.

Three local youths had quite a thrill Sunday when they caught a 10 lb. catfish while fishing in a surface tank near Clarendon. The youths were Rodney and Leon Youree and John Wesley Crawford.

**CARD OF THANKS**  
I wish to take this means of thanking all my friends for the nice cards and flowers that I received while in the hospital and since I came home. May God richly bless each and everyone of you.

Mrs. Bill Adams

Mr. and Mrs. L. P. Moore and Terry moved Friday to LaJunta, Colo. where they will make their home.

Mr. Eulan Barker and Wilson Barker, Cleburne, Texas visited the week end with his brother, Mr. and Mrs. W. F. Barker.

Mrs. Joan Barrett of Dallas visited in Clarendon Tuesday on her way to Pampa to attend the funeral of James Wesley Harrah who died from Polio in Dallas the first of the week.

Mrs. Mary Walker of Chickasha, Okla. is visiting her sister, Mr. and Mrs. L. L. Cornelius.

Mr. and Mrs. Lowell Heckman and son Rickey, of Sundown visited their parents, Mr. and Mrs. Lee Muse and Sydney, and Mr. and Mrs. Geo. Heckman here the past week end.

Mrs. J. R. Morris of El Paso is visiting C. B. Morris and other relatives in Clarendon.

Mr. and Mrs. Raymond Dyess of Blackwell, Texas visited her mother, Mrs. A. P. Todd Thursday and Friday.

Mrs. Della Ayers visited her daughter, Mr. and Mrs. Felix Jones in McLean last week.

Mr. and Mrs. Bost of Skellytown were guests in the home of their sister, Mr. and Mrs. M. L. Pittman Friday.

Mr. and Mrs. Tom Smallwood and boys of McLean visited relatives here Sunday.

Mr. and Mrs. Dewey Hendrix and son visited friends at Lakeview Sunday.

Mrs. Parks Mitcham of Memphis is visiting in the home of her daughter, Mrs. Ermine Blair.

Mrs. Ethel Moss and son, Floyd of Borger visited her mother, Mrs. W. D. Martin Monday.

Mr. and Mrs. A. L. Vaughn and Aubrey of Lubbock visited their parents, Mr. and Mrs. W. F. Barker and other relatives here last week.

Mrs. John Goldston and Mrs. Park Chamberlain visited Thursday with Mrs. Gene Chamberlain who is ill in a Memphis hospital.

Mr. and Mrs. Lee Bell shopped in Memphis Wednesday.

Sybil Head who has been attending school at S.M.U. is at home between semesters of school.

Mrs. A. H. Moore and granddaughter Brenda have returned from Floydada. Brenda will visit here while her mother, Mrs. Doyle Wells recovers from an operation.

Mr. and Mrs. Glen Hoggatt and children spent the holiday week end with relatives here.

**Screwworm Nips State Deer Herd**

AUSTIN—The Executive Secretary of the Game, Fish and Oyster Commission reported Saturday that some summer losses to the state's deer population have been caused by screwworms.

He said that while the death rate of the animals from the infestation is "abnormally high", that the situation is not alarming from the overall viewpoint. However, some South Texas counties have been hard hit, including Lavaca County.

The Executive Secretary said little can be done to help curb the threat to the whitetail herd. "Nature causes it and nature will find a way to check the outbreak," he explained. "About all we can hope for, so far as the deer are concerned, is to have dry weather since moist weather enhances the danger."

The Director of the Commission's Wildlife Restoration Division said that the past mild winter apparently caused the present infestation. Normal winter weather usually kills the screwworm fly, except in lower South and Southwest Texas. This year, however, flies survived in such numbers as to bring on an early and heavy outbreak of worm infestations.

The screwworm attack begins when the flies infest wounds, some of which are caused by tick bites and barbed wire fences. The flies lay their eggs on the edges or on a dry portion of the area attacked. The eggs hatch within less than a day and the young whit' h worms burrow into the flesh.

The victim sometimes is so weakened by the parasites that it dies. Deer are so wild that ranchers and others seeking to aid infected animals, seldom can seize them until they are in the last stages of a fatal attack.

Mr. and Mrs. Nelson Anderson attended the wedding in Amarillo Saturday evening of Miss Leota Carlile, daughter of Mr. and Mrs. Les Carlile, of Amarillo, and W. D. Jones of Childress.

Margaret Hillman of Dahlgren, Virginia, is visiting in the home of her mother, Mrs. J. R. Hillman this week.

**United Council of Church Women**

By Council Reporter  
The Clarendon Council of Church Women, organized to unite church women in their allegiance to their Lord and Saviour, Jesus Christ, through a program looking to their integration in the total life and work of the church, and to the building of a World Christian Community, met in regular session August 30 at the Methodist Church. Sessions are held on fifth Wednesdays and special observances are World Day of Prayer in February, May Fellowship in May and World Community Day in November.

An informative program was given by Mesdames Carl Bennett, C. C. Fowell and Ed Dishman. Mrs. J. H. Howze led the group in singing "Onward Christian Soldiers," and "My God and I," accompanied by Mrs. J. L. McMurry at the piano. Mrs. Howze read a letter from Rev. Millard Miller, Presbyterian missionary to Korea. Rev. and Mrs. Miller and two small children had gone to Korea planning to stay forty years. When the Red advance into South Korea began, the Millers were given twenty minutes to pack their belongings and leave.

Mrs. J. R. Bulls, who had Mrs. Endre Nemeth as her guest, told of the package, "Pack-a-towel" she sent through the council two years ago on World Community Day and thereby contacted Mr. and Mrs. Nemeth. The Nemeths (natives of Budapest) and their ten months old baby girl, Helen, were brought to Clarendon by the First Methodist Church some two months ago. Mr. Nemeth is employed by Mr. Gillham at his dairy west of Clarendon.

On our World Community Day,

November 3rd, this year, the council is hoping to send many packages of knitted garments of wool for older people. It is hoped every member of the council will knit something—a shawl, a cap, mittens, socks, etc. For those who feel they cannot knit a garment, Mrs. C. B. Morris, chairman for the knitting project, asks that you knit (plain knitting) five inch squares in any color or colors you prefer and hand to her. These squares will be sewn together to make an afghan or a shawl. The theme for this World Community Day is "Love thy Neighbor." Won't you express your love for your 'neighbors' by knitting something to keep them warm this winter? Your package will go to some person or persons such as the Nemeths who through no fault of their own lost their home and possessions. Your gifts will be sent in the name of our Lord. Send start on your offering soon as the time is short.

**Youth Center News**

By Reporter

The Youth Center has spoken for and have hopes of the concession at the Donley County Fair building Sept. 15 and 16th. Come out and see the exhibits and let us serve you sandwiches and drinks.

Host and hostesses for the Youth Center for this week Thursday (tonight), Mr. and Mrs. Lloyd Benson; Saturday night, Mr. and Mrs. Henry Wilson; Tuesday night, Mr. and Mrs. Jack Brooks.

Any and all parents or adults who are interested in this organization for the youth of Donley County are invited to visit at any

**BRITISH ARRIVE AT PUSAN**

PUSAN, KOREA—British officers are shown posed beside a U. S. air force plane upon their arrival at Pusan airstrip. They were the first troops to reach here by air from Hong keng, part of the British forces sent to aid UN war against North Korean Reds.

**FORMER LOCAL YOUTH KILLED IN KOREA**

Word was received here this week of the death of Cpl. Bobbie Gene Martin. Bobby Gene was killed in action in Korea on August 14th.

He was the son of Mr. and Mrs. Fred Martin of Yucaipa, Calif. He was born in the Goldston community in Donley county December 19, 1929 and had been in the service three years. Grandparents are Mr. and Mrs. H. T. Huffstutler.

Mr. and Mrs. W. F. Barker visited the Gordon family at Groom Monday.

**SHERIFF ISSUES WARNING TO DOVE HUNTERS**

"We have had more complaints this year than any time previous in regard to game hunting violations," Sheriff Guy Wright stated Wednesday. "Hunters had better stop and read the laws and then adhere to all regulations while hunting or suffer the consequences," he added.

Sheriff Wright reported that seven or more violators were filed upon over the week end by State Game officials. The hunter that violates the law never knows just what might be in store for him, so the Sheriff reported just what took place the past week end. Jim Maggard, captain warden for this area held his zone meeting here in Clarendon last Friday night and then all wardens attending worked this en-

tire area Saturday and part of them Sunday. That is one reason why, in and above being a sportsman, it pays to abide by the game laws of your state, the Sheriff added.

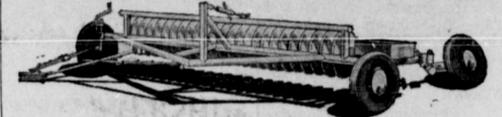

Sheriff Wright pointed out that all land was posted by recent legislation and that every hunter should secure permission before hunting on any property. It is against the law to shoot from any public road.

The Sheriff received com-

plaints of shooting within the city limits and this is forbidden, also, so if you intend to enjoy hunting doves it will pay you to abide with the law to the minute degree.

One violator was seen banging away at some quail and his fine, when assessed will come plenty high. Since there were so many violators in this area the past week, it is more than probable that the area will be heavily patrolled in the future.

**SCHAFFER ONE-WAY PLOWS**

THE EASIEST PULLING PLOWS EVER BUILT!

NOW WITH HYDRAULIC LIFT

**CHECK . . . these FEATURES**

- Timken Roller Bearing throughout. Protected from dirt and dust with permanent seals.
- 26" disc blades, high alloy steel.
- 4" concavity discs.
- Made in the following sizes: 4 ft., 6 ft., 8 ft., 9 ft., 12 ft., 14 ft. and 18 ft.
- No rear or side levers. Raise disc out of ground with a screw system. A 10-year-old child can easily raise a 14 ft. plow.
- All electric welding frame. Made from drill stem . . . strongest pipe for weight there is.
- Can be converted to hydraulic or electric lift in place of screw.
- Easy to set for any cut within plow range.
- Plows any depth from 0" to 10".
- Easily set to plow in all kinds of ground.
- Easily adjustable for road travel.
- Lubricate disc and wheel bearings but once a season.

**FARM NEWS**  
From the County PMA Committee

**WINTER LEGUMES**  
At the present time, we have not received any instructions concerning Winter Legumes. As soon as we receive any information, we will let you farmers know. Watch the mail for a letter about this practice.

**MARKETING CARDS**  
Don't forget that if you are in compliance on your cotton acreage, you may pickup your marketing card at any time. Drop by the office at your earliest convenience, because you must have a marketing card before you can sell your cotton.

**OVERPLANTED COTTON PRODUCERS**

If you are still overplanted on your cotton acreage and intend to plow it up, please come by the office at your earliest convenience and make your deposit. If you do not intend to plow up this excess acreage, remember that you will not be eligible for payments of any practice under the Agricultural Conservation Program. If the grower has already received an ACP advance—such as a purchase order for cover crop seed, lime, or phosphate—a refund of the amount of the advance will be required. A penalty of 15.5c a pound must be paid on the excess acreage if it is not plowed up. Until this is done a lien will be levied on the farm's entire cotton crop and none of the cotton may be marketed penalty-free.

**ACP A PARTNERSHIP**

Farmers who are using the Agricultural Conservation Program are in partnership with all the people of the country in building a stronger and better nation. In this farmer-consumer cooperative effort, the land, upon which the consumer as well as the farmer must depend for a living, is protected against erosion and depletion and reserves of plant food are stored up against future needs. As custodians of the most vital natural resources, farmers have much to do with the future of the Nation. What they do with the land now will have a lot to do with the strength and progress of the Nation and the health, happiness and security of all the people.

Miss Johnnie L. Johnson has resigned her position here and is now a teacher in the Clarendon Public Schools. We want to wish her the best of luck in her new job.

Mrs. Alyne Bain is a new employee of this office. We are certainly glad to have her working with us.

Lamar D. Aten, Jr. who has been in the reserve corps will be leaving us soon to become an army man again.

Mr. and Mrs. A. R. Henson and family, Geraldine Hommel, F. J. Hommel and Alice Hommel of Dallas spent the week end at La-Junta, Colo.

Mr. and Mrs. M. K. Barker, Goodnight and Mrs. Doris Haney, Amarillo visited Saturday night until bed time in the W. F. Barker home.

Mr. and Mrs. Phillip Davis and Shirley Jean of Shreveport, La. visited here Sunday before going on to Amarillo for a few days. Mrs. Davis will be remembered as Miss Marjorie Lott.

## PLOWIN' Out the CORNERS by Uncle Zeb

A lot of folks seem to appreciate the little questionnaires that Mr. Ben Guill is sending out. They seem to think it is about time that the people had a little consideration; I mean the Man On The Street; not the organized lobbies and groups. If nly he belonged to the right Club, my, my,

how he would run. But most of us remember how Grandpa would rare if he could know that we would even think of voting Republican. Some folks say that regardless of how grandpa takes it they are going to take one wee slap at the Democrats anyway. They go on to say that they are sure that a Republican could never be elected but even if he gets a good vote it would express our disgust at the present administration. Once when I was a boy some folks in the town decided to run the town chump for a constable just as a joke, and for a slap at the present officer. They gave him a lot of publicity, introduced him to a lot of people. One poker-playing, cider drink-

ing citizen went all out even to the point of playing like he was his campaign manager. He was a man of influence in the community regardless of his saturated breath so he got a lot of votes for the candidate. The net result was the Ole' John was elected. The only thing about it was Ole' John wasn't joking; he was in dead earnest, and when he got elected he took the job seriously; even to the point of going after the society poker players and the imbibbers. Before anytime he surprised a group of the Saturday night gamblers, as they were tucked away in the back room of some business and he caught them dead to rights, and in the big middle of the bunch was Ole' John's campaign manager. No amount of talking wouldn't convince the constable that he shouldn't bother his friends. The publicity that Ole' John received from this sent his political kite flying high, and he held the office for several terms.

party are singing; both sides sounds like more profits, more war, and more politics. When one party starts up the Band Wagon the other tries to jump aboard. In most cases the future of our country is measured in terms of years as from now until the next election.

(The following is an absolute true experience that happened in a nearby town.)

The other day one of my friends answered his telephone and the following incident took place.

"Hello, this is Bob. Remember the old school days, how about you and the wife jumping in the car and coming down to the Dew-Drop-In Cafe on 66 Highway and have dinner with us. We are just passing through town and have only a minute and we thought we could have a little visit while we eat."

Remembering a certain Bob, my friend agreed, and over the protests of the wife was soon at the appointed meeting place. After a round of handshaking and "You haven't changed a bit" ex-

clamations, Bob's wife says to the wife of my friend:

"And you are Pearl?"

"No, I'm Francis."

With this the truth became known; Bob had made a mistake in looking up the number of his friend and had called the name just above. My friend remembering a class mate named Bob had not been too inquisitive. After the embarrassment died away, and they had all had a good laugh, they proceeded to eat dinner together and became new found friends. They also called Bob's friend who was a friend to both and the six had a well remembered visit together.

## Diamond Garter, New Refreshment Center, At State Fair, Will Offer Entertainment

The Diamond Garter—a new refreshment center for quaffing and chaffing which will offer continuous entertainment—will be a feature of the 1950 State Fair of Texas Mid-Century Exposition, Oct. 7-22.

With the atmosphere of an old-time music hall of the Gay Nineties, the Diamond Garter will present thrice nightly performances of "The Drunkard's Daughter," new but nostalgic comical preaching against sin and gin.

From the time the theater-restaurant opens at 11 a. m. until it closes around midnight, patrons will be entertained by singing waiters and hand-bar mustaches, piano players with a "back-room" touch and top talent doubling as actors in the old-fashioned melodrama and as entertainers.

Located at the "top of the Midway," directly across from the sensational new Sky Wheels thrill ride, the spacious Diamond Garter will contain 400 tables accommodating 1600 patrons. From the 100-foot bar, sandwiches, soft drinks and other beverages will be served at reasonable prices.

The Diamond Garter will be

operated by R. G. McElyea of Amusement Enterprises in Fort Worth, and the show will be produced by Charles R. Meeker, Jr., managing director of the Starlight Operetta and the State Fair Auditorium, in cooperation with McElyea. Decorations for the refreshment center will be designed by Peter Wolf, scenic designer for the Starlight Operetta.

McElyea said that the show to be produced at the Diamond Garter would be of top quality and that entertainers would be the best talent available.

He plans to employ actors for the Melodrama, "The Drunkard's Daughter," who can also sing and otherwise perform, and a brace of good masters of ceremonies will keep things moving at a fast pace continuously.

The Diamond Garter will be the first theater-restaurant of its type to be in operation at the Fair since the Texas Centennial and Pan-American Exposition in 1936-37.

Along with the excellent entertainment to be provided, the Diamond Garter will offer a comfortable place for State Fair visitors to relax and partake of light refreshment while seeing the sights at the 1950 Fair, McElyea pointed out.

On many farms, timber pays the taxes besides supplying all the wood and timber needed for the home and farm upkeep.

## New Government Publication Is Best Seller

The American people are principally interested in children, aviation, and gardening, as disclosed by sales figures of U. S. Government publications, but officials of the Government Printing Office today made ready to add a new best seller to its list as purchasers lined up at the Government Printing Office Book Store in Washington, and mail orders began arriving from all over the country for the new Atomic Energy Commission publication entitled "The Effects of Atomic Weapons."

This publication contains previously unpublished details on atomic explosions and is of primary interest to persons engaged in civilian defense, the building trades, and all others vitally interested in what happens when an atom bomb explodes.

The book, prepared by the Atomic Energy Commission from non-confidential, scientific, and technical information, presents the most informative and authoritative data that can be disclosed and is now for sale to the public by the Superintendent of Documents, Government Printing Office, at \$1.25 a copy.

If the paper shortage continues they are going to have to make our shoes out of leather again.

From where I sit... by Joe Marsh

## Squint's Drumming For Fair Play!

Squint Miller's mighty proud of the lot he owns that fronts on River Road—one of the prettiest spots around here.

He's been in a stew about it lately, though. Seems that trash-dumpers take one look at his property, stop their car or truck, and cut goes a load of rubbish, spilling all over his place and the roadside, too. Wouldn't that make you mad?

Last night Squint dropped by the house. Over a friendly glass of beer, he tells me what he's done. "I put a couple of empty oil drums

out there," he says, "with a big sign reading: 'If you must dump trash—use these—I like to keep my property clean!'"

From where I sit, Squint's sign should make any would-be roadside trash-dumpers pretty darned ashamed of themselves. Now and then some folks just have to be reminded that they ought to have a much regard for their neighbors' rights as they do for their own.

AT YOUR FAVORITE GROCER

## REMEMBER WHEN

## ...you cooled watermelons under the bed

Remember the days before mechanical refrigeration? When perishables "perished" and everything tasted like onions? It's hard to remember those days when you see the smart new gas refrigerators. Natural gas long ago solved your heating problems, and can solve your cooling

problems as well. It's the wonder fuel of the Gulf South, helping you with all the big jobs in the home.

See the modern GAS refrigerators today—wherever gas appliances are sold.

You will be thrilled by their smart appearance, pleased with their silent mechanism

and amazed at the economy of their operation.

Another important point to remember when you buy—there are no moving parts to wear out in the freezing system of your GAS refrigerator

The natural gas industry is one of the fastest growing industries in the nation—and it's helping to bring increasing prosperity to the residents of this gas-producing, gas-consuming area we call the Gulf South. Privately financed and managed, the natural gas companies are plowing millions of dollars in the channels of trade—helping to make business better for everybody.

**UNITED GAS**

## BACK TO SCHOOL

© REDDY KILOWATT Your Electric Servant

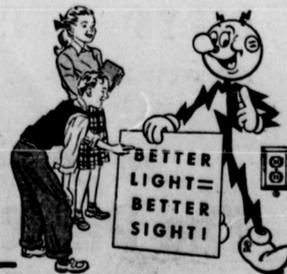

There's a Great Day Coming—

Yes, it's a great day when thousands of West Texas youngsters go back to school. Whether they are beginning their first year in kindergarten or their senior year in college, their education is proof of the American heritage of equal opportunity for all.

Our youths of today are intelligent and ambitious. All they need is the full opportunity to develop their ideas freely and market their talents as each sees fit. We must guard that "full opportunity" so that when the "individual initiative and energy" of American youth fathers an idea, they may call upon the American system of free enterprise to make realities of their ideas and ambitions.

It's a Privilege—

Reddy Kilowatt helps students study faster, easier, and better by providing ample light in class rooms and at home. Make certain the eyes of your children are protected from strain... check their study-lights now!

West Texas Utilities Company

### Business Activity In Texas Ends First Half of 1950 at High Level

AUSTIN—Business activity in Texas ended the first half of 1950 at the highest postwar level, after an almost uninterrupted rise for the past year, the University of Texas Bureau of Business Research reported.

After adjustment for seasonal variation, the Bureau's index of business activity stood at 235 per cent of the 1935-39 base period, or 12 per cent above a year earlier. The average for the first six months of 1950 was 8 per cent above the comparative level of 1949.

In comparison with the first half of 1949, averages for the first six months of 1950 were higher for five of the seven components. Urban building permits, adjusted for price changes, registered a 64-per-cent climb during the first six months of 1950; electric power consumption, 11 per cent; industrial power consumption, 9 per cent; retail sales, adjusted for price change, 6 per cent; and miscellaneous freight car-loadings, 3 per cent.

Crude petroleum production for the first half of 1950 was down 2 per cent from the similar period

of 1949, and crude oil runs to stills averaged 8 per cent below a year earlier.

The first indication that the downward trend in business which had been under way since the fall of 1948 had been reversed was revealed in the data compiled by the Bureau of Business Research for July 1949. According to Dr. Stockton, director of the Bureau, the reversal of the downward trend a year ago was apparently the result of the change in business policy with respect to inventories and the continued demand on the part of consumers for durable goods. Housing and automobiles were outstanding in this latter category, with furniture and household also strong.

The index of sales of durable goods stores for the first six months of 1950 averaged 528, an 18 per cent increase over the 447 averaged during the first half of 1949. On the other hand, the index of sales of nondurable goods stores for the first six months of 1950 averaged 349 as compared with the 358 for the same period of last year.

An even stronger demand for durable goods was indicated in the data on urban construction authorized during the first half of 1950 in comparison with the same period a year ago. The Bu-

reau's index of building permits averaged 839 for the first six months of this year, 66 per cent higher than the average for the same period of 1949. The index for June was 891, almost 9 times as high as the value of construction authorized in the base period.

Industrial production in Texas rose steadily during the first half of 1950, with the Bureau's index of industrial power consumption in June compared with 323 in December. Dr. Stockton said that the first and most obvious effect of the present emergency on the business situation in Texas and all the rest of the country is to insure that there will be no immediate decline from the present high level of business activity.

The new orders for munitions will be added to strong demand already existing and the new demand stimulated by consumers' fears of shortages and rationing to come. This demand has already absorbed the retail stocks of certain commodities and appears to be strong enough to absorb the output of industry at peak levels for an indefinite period to come. It appears likely that some form of allocation of certain scarce materials may be needed even before orders for munitions are placed. If a large scale procurement program is initiated by the services, various controls will be inevitable, and they will very likely result in a reduction in the production of certain types of consumer goods. Since one can only speculate at this time as to the course the war in Korea will take, it is impossible to forecast what will happen to business; the only course the businessman can take is to watch events closely and make his business plans according to the developments as they occur.

The circumference of the globe is 25,020 miles.

### Convert Counsels Texas Bird Fans

AUSTIN—A sharp increase in the number of bird watchers is reported by Fred D. Thompson of Austin, in the current issue of "Texas Game And Fish."

In an article, "Bird Hunting With Binoculars," Thompson writes in the official Game Department magazine that "it is not an idle coincidence that a pocket-sized handbook for field identification of birds is one of the best sellers in America." He sees "a deep inner force seeking reasons for the harshness and complexities of living at work" and adds that "the search for a sense of unity in Nature was never more intense."

Thompson excitedly reports on a "hunting" trip to "The Cove" on Aransas Bay near Rockport and says this of his "bag" for the day: "For the first time in my life I had seen a Least Tern, a Baird's Sandpiper, a Reddish Egret and a Loggerhead Shrike." Thompson, a veteran newspaper man, describes himself as an expert ornithologist only "on the problems of the beginner." He writes admiringly of "bird authorities" but says that "too often they scare people stiff" and that "they drive perfectly good prospects to golf by rattling off Latin names of birds too early in the game."

Thompson said he departed for a particularly beneficial bird trip with the idea of going "somewhere in a sense other than the physical" and chides game hunters by writing: "Most sportsmen, poor fellows, often travel a couple of hundred of miles to kill quail or ducks without spiritually ever getting beyond their garage doors." He facetiously observes that "the two kinds of hunters most likely will always sniff condescendingly to each other" but

that "there is ample room for both attitudes."

### Hatcheries Shape Freeze Defense

AUSTIN—Superintendents of the twelve state fish hatcheries have worked out new strategy to try to counteract disastrous effects of rare weather extremes, according to the Director of Hatcheries for the Game, Fish and Oyster Commission.

Meeting in game department headquarters in Austin, the officials decided to adjust hatchery water levels when the temperature drops to dangerous depths, so that the spawn will not be destroyed by chilling.

Unseasonable weather last spring hit some hatcheries hard and cut black bass production for the year from an estimated 20,000,000 to an expected 14,000,000. A February warm spell raised the water temperature causing the brood fish to spawn unusually early. Then a cold snap caused water temperatures to drop drastically, wiping out quantities of spawn.

The Hatcheries Director said superintendents will not try to regulate the hatchery water temperature to control the time for

the bass to spawn. Rather, he explained the water in the ponds will be kept at a low level. This will influence the brood bass to build their nests at a lower level. If freezing temperatures threaten the spawn, more water may be run into the ponds. The nests then would be deeper from the water surface and consequently subject to slower temperature change.

Water from the hatchery supply sources also would be warmer than the water in the exposed ponds. Thus the additional emergency flow would help control the pool temperatures. Installing heating systems for the hatcheries was deemed too expensive.

The hatcheries director said the increased water level in the ponds should not be sufficient to drive the bass from their nests.

### Really Duplicating

A Senate Appropriations Committee research report recently disclosed that there are 61 separate Government printing and duplicating plants in Washington, D. C., 23 in San Francisco, 25 in Philadelphia, 16 in Chicago, 6 in Kansas City, 6 in Denver, 16 in New York, and so on.

Because timber is needed now and will be needed in the future, young trees have potential wealth.

On remote farms, where buyers formerly would make no offer because of inaccessibility, good roads and the motor truck have made it possible for the farmer to sell his trees and pulpwood at fair prices.

### Vandals Damage Fish Hatcheries

AUSTIN — Recent gigning of eight brood bass in the Eagle Mountain Hatchery near Fort Worth was the latest of several

depredations against state fish hatcheries.

According to the Director of Hatcheries, Game Department officials have been harrassed over the years by brazn raids on the stock bass which are valued at a

minimum of \$25 each. Superintendent Ben Stone of the Eagle Mountain Hatchery reported that his staff interrupted the marauders but not until they had speared eight fine specimens. They had to leave in such a hurry that the dead bass were left behind.

The Director of Hatcheries explained that the various state fish hatcheries are secluded and thus tempt culprits. One sortie by looters was marked by damaging

a section of high fence. At another place, the isolated hatchery grounds were used as a lovers' rendezvous even though the hatchery was surrounded by an eight-foot steel fence with barbed wire on top. It finally was made raid-proof by charging the wire with electricity.

The Director of Hatcheries said effective protection is now being established through growth of multi-flora rose around the properties. This comprises a dense

growth; about eight feet thick, a veritable barbed wire entanglement.

Apprehended hatchery looters usually are punished severely. A special state law for "protection of hatcheries and reservations" calls for a fine ranging upward to \$200.

In the meantime the general public is reminded that they are always welcome to call at the station and study the research in progress. Advance notice of such visits will be helpful to station personnel in planning their work.

A nine-year progress report of the station's grazing, feeding, and range improvement work will be prepared this fall and distributed to all those who request it. The 600 head of Hereford steers now used in these tests will be replaced with a new herd at the end of the current grazing season on October 16. The new herd, obtained from the Jack Mansfield ranch of Vega, Texas, will be furnished through a cooperative agreement with J. C. Farris of Sentinel, Okla.

The station's new office-laboratory building will be completed and occupied in September from special funds allotted last year. This building provides adequate office space for the station staff and facilities for conducting fundamental studies on plant breeding, physiology, and soil prob-

lems.

Farm forestry in the South is of the utmost importance to future timber production. It is estimated that one-third of the timberland area is owned by farmers and that one-half of the total annual cut of southern pine is obtained from these farm timberland holdings. The lumber industry holds a high position in the economic life of the Southern States, and it is important from this economic standpoint that the farm timberlands be given proper management for future crops of trees.

When a mine is mined continuously, it eventually gives out; it practically ceases to exist as a wealth producer. But when a forest is properly cared for it goes on forever and ever. As a wealth producer, the forest is immortal.

Often as we read the news of the day we feel as insecure as a skinny old maid in a strapless evening gown.

### Small Things Add Up

#### TO COMFORT AND SERENITY FOR YOU IN TIME OF GRIEF

Our complete arrangements free you from all details. These services include secretarial to acknowledge condolences. Thoughtful attentions like these will prove of great comfort in time of need.

### Woodward Station Field Day Canceled

The fourteenth annual range and crop improvement field days, scheduled by the U. S. Southern Great Plains Field Station, Woodward, Okla., for October 6 and 7, 1950, have been cancelled, according to an announcement by D. A. Savage, station superintendent. The field days were cancelled in the interest of war-time economy which is expected to result in a ten percent cut in funds for all non-military Government agencies.

Plans are to hold the next major field day in the fall of 1951.

# Thinking of the Long Pull?

# Better Buy Buick!

If that car of yours has put its best days behind it, there's no time like right now to think about starting out afresh with a taut, new, up-to-the-minute motorcar with all its mileage still in it.

And there's no better place in the world to start than with the beauty pictured here, for a variety of reasons.

For one thing, this Buick SPECIAL is a quick-stepping Fireball valve-in-head straight-eight that's priced lower than some sixes.

For another, it's built with typical Buick ruggedness through and

through — a husky that can take a lot of years without crying "Uncle!"

Then, too—this high-styled beauty is proving to be one of the most economical Buicks ever built—easy on gas, easy on upkeep, easy on you in its soft, floating, light-handling comfort.

It even comes with Dynaflo Drive\* if you like—and Dynaflo means that you will never have to service or replace a clutch, and that rear-end or transmission servicing—even engine upkeep—are cut to a minimum.

\*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

Of course, you can't see all of this in the brief span of a trial drive.

But you can experience the good solid feel of Buick strength beneath you. You can satisfy yourself on the lightness of the controls, the utter smoothness of Dynaflo, the quick surge of Buick's Fireball power.

All such things will tell you that this is a car you'll be glad to live with for a long time to come—and you need only to ask your Buick dealer for a demonstration to see precisely what we mean.

Why not call on him soon to talk about signing up?

Time in HENRY J. TAYLOR, ABC Network, every Monday evening.
