Water To Be Cut Off Sunday Morning

Thursday morning, October 15th at 8:30 a. m. the City will cut off the water supply in order to cut and repair one of the water mains. We are giving you this advance notice in order that you might be prepared by storing up enough water to take care of your needs during this repair.

When this is done each water customer is requested to check their hydrants and open them just enough to allow the air that has collected in the lines to escape. This will help us restore the water supply to your premises sooner.

VIENNA REDS PROTEST

VIENNA, AUSTRIA—A crowd of 12,000 communists demonstrated against the governments seizure of Marshall Plan funds for production instead of food, resulting in a 30 percent rise in the prices of food, fuel and carfare, with no accompanying wage raise.

Bronchos Journey To Canyon Friday Nite

THREE LOCALS MAKING GOOD AT NTSC

Three local boys have been making good with the North Texas State College Freshman team at Denton this year but we understand this number has been decreased to two since last Thursday night, at which time Gene Bulman received a neck injury and a broken finger in the game with the Decatur Indians.

Jimmy Jenkins and Gene White are the other two making the first string line-up. Jenkins is quarterback; White is playing a guard position and Bulman played as a defensive halfback and offensive alternate at fullback.

The probable starting line-up for the locals starting at left end will be Hearn, Risenhoover, Christie, Tatum, Jones, Pittman and Robertson. Hall Trussell, Carille and Thompson will probably make up the backfield.

MCLEAN MAN DIES IN AUTO ACCIDENT

Funeral services have been set for this afternoon at the McLean Church of Christ for Charlie Cash who was fatally injured in an auto crash near Amarillo Tuesday evening.

MOTHERS CLUB

Members and guests of the Mothers Club met Tuesday afternoon at the club house. Hostesses were Mesdames Lee Bell, B. C. Antrobus, Bill Weatherly and Herschel Heath. In the absence of Mrs. Heath, Mrs. Dale Hill assisted.

Miss Marjorie Harlan presented the program on flower arrangement, the theme, "Autumnal Tribute to Mother Nature." A number of unusual and beautiful arrangements were on display featuring containers of copper, pottery, crystal and small, blue, imported, crystal tea pot. Stress was given as to the importance of line, structure, fundamental use of frogs and wire, also harmony in container and choice of flower.

Among the outstanding arrangements, was one for the buffet which combined Jerusalem berries and yellow mums around a Japanese figurine on a square base, also a piano and mantel arrangement using crystal and metal containers and a wicker basket. Flowers used were white and purple Cosmos and pon pon dahlias of pale pink shading to darker rose. Other arrangements featured Nasturtiums, Zinnas, Marigolds, Silver Sage, Jimson burs and cotton hulls.

The table was covered with a white linen cloth and centered with a bouquet of lemon, bronze and white dahlias combined with Magnolia leaves. Mrs. Bill Weatherly poured punch from a crystal bowl. She was assisted in serving by the other hostesses.

Thanks go to Miss Harlan for a delightful program. Approximately twenty guests and sixteen members attended.

Mr. and Mrs. Wayne Ewing of Phillips spent the week end with relative here.

BEAUX ARTS CLUB

The Beaux Arts Club met at the Patching Club Friday with the president, Mrs. Laird calling the meeting to order.

The course of study this year is Building & Decorating a Home. Mrs. Emmett Simmons gave the advantages of having an architect and their five functions. She also gave a discussion on the Scientific Climate Control for this section of the country. The hot sun in the summer can be controlled by overhanging roofs and the use of large glass windows and walls on the southeast side can heat the house in the winter. The wind can be controlled by the shape of the house and placing the garage, garden walls, hedges, shelter belts of trees on the northwest side of the house.

Mrs. Ruth Kennedy discussed landscaping a home and making an attractive entrance to the house. How the evergreens should be placed along the foundation of the house with tall evergreens at the corners of the house. She stressed the use of evergreens that are well adapted to this part of the country. Then she gave ways of making a private outdoor garden which can be used for out-door-living rooms.

Mrs. J. R. Ross was hostess.

REBEKAH LODGE 149

The Rebekah Lodge met Tuesday night, October 10th with twenty four members present. Lodge was held in due form, after which a Stanley Party was held in the hall. All members and guests enjoyed the demonstration held by the Stanley representative. This party was held for the purpose of raising money for the Lodge.

Sandwiches and coffee were served to 24 members and guests. —Reporter.

HONORED WITH SHOWER

Miss Dorothy Tankersley, bride-elect of Emory Stone, was honored with a shower Tuesday afternoon at 3 p. m. at the home of Mrs. Al Massengale.

The bride-elect's chosen colors of pink and white were carried out with arrangements of fall flowers throughout the house. Many beautiful and useful gifts were presented the honoree.

Twenty-three guests registered and approximately thirty-three guests sent gifts.

Out of town guests were Mrs. Marshall Stone, mother of groom; Mrs. Lois Stout, Mrs. A. B. Harris, Mrs. Willie Johnson, all from Hedley, and Mrs. Albert Bruce and Miss Sudie Waldrop from Amarillo.

Hostesses for the shower were Mrs. Delton Koen, Mrs. Ralph Decker, Mrs. Amel Carter, Mrs. Bill Patman, and Mrs. George Schollenbarger.

KAPPA MEETING

BIRTHDAY PARTY

Mrs. Johnny Blocker entertained with a birthday party in honor of her daughter, Jonna Lee, on her ninth birthday, Thursday night, Oct. 5.

Bingo was played until the entire group had bingoed. Prizes were given. A color scheme of red and white was carried out in decoration.

After the gifts had been opened, refreshments of cake and chocolate were served to Mesdames Homer Mulkey, J. F. Blocker, Ernest Kent and 17 of Jonna Lee's classmates.

GARDEN CLUB

The Clarendon Garden Club met Monday, October 9 in the Patching Club House for their last meeting of the year. Mrs. Pete Kunz and Mrs. C. D. McDowell were hostesses.

Each member was asked to bring her favorite flower and there was a beautiful flower display of dahlias, zinnias, roses, snapdragons, cocks comb, chrysanthemums, marigolds, petunias and tuberous begonias.

Mrs. H. T. Warner, as leader of the program, told of a number of things to do in the garden at this time of year including planting of bulbs and watering shrubs to prevent damage from freezing weather.

"Flowering Trees", discussed by Mrs. W. W. Taylor, included the beauty, growth and other values of these ornamental trees and shrubs.

Mrs. Edwin Eanes presented an attractive display of Just weeds, stressing the fact that simple things can be used to make interesting decorations by the addition of a little paint and imagination.

Hostesses served delicious refreshments to guests, Mesdames W. M. Pickering, Woody and Sandifer, Mrs. W. R. Frazer and Mrs. W. Emery of Groom; members, Mesdames Lena Antrobus, J. F. Blocker, H. C. Brumley, A. L. Chase, Edwin Eanes, Joe Goldston, John Goldston, Lee Holland, J. H. Howze, J. L. McMurtry, F. Phelan Jr., F. Phelan Sr., Rayburn Smith, W. W. Taylor, H. T. Warner, Frank White Jr.

T. E. L. SUNDAY SCHOOL CLASS

The T. E. L. Sunday School Class of the First Baptist Church met Tuesday in the home of Mrs. W. J. Williams. The day was spent quilting and visiting. Two quilts were quilted.

Those enjoying a lovely covered dish luncheon were: Mrs. Crockett Taylor, visitor, and the following members: Mesdames Land, Todd, Eddings, Owens, Rappy, Cook, Simpson, Butler, Bingham and the hostess, Mrs. Williams.

Mesdames Naylor, Ray, Allison and Darden came in the afternoon. The next meeting will be November 14.

CHAMBERLAIN CLUB

The Chamberlain Club met Thursday, October 5, in the home of Mrs. John Heathington. The afternoon was spent in quilting and visiting. The next meeting will be November 2, with Mrs. June Dolman.

Delicious refreshments were served to one guest, Mrs. Shields and to members, Ola Williams, Laura Ivey, Mary Myers, Ruby Blackman, Maggie Ivey, Gertrude Reid, Willie Hott, June Dolman, Klyda Blackman, Mary Mann, Corrine Harrison, and Janie Ivey, Montie Blackman, Mick Webb, Susie, Paula, and Ronnie Dolman and hostess, Mrs. John Heathington. There will be a 42 party at the school house October 19. Come and enjoy yourself.

BAND PARENTS TO MEET

Members of the Band Parents organization will meet Monday night, Oct. 17, at 7:30 in the band room located in the building across from the high school. Anyone having children who are working with the Band, is invited to attend.

A nice group was present at our last meeting. It is hoped that all of you can be present again and bring another interested person with you.

PRESBYTERIAN AUXILIARY

Mrs. A. L. Chase was hostess to the members of the Auxiliary Wednesday afternoon in her home. The devotional was given by Mrs. Nova McClure assisted by Mrs. Thad Rodgers. The theme was "Nehemiah's Prayers." Miss Mable Mongole presented the article "Missions in the Homeland" taken from the Presbyterian Survey. Refreshments were served.

CONCERT

(Cont. from Page One)

be given during the 1950-51 season, and tickets for individual concerts will not be available. Memberships are transferable.

Samples of the talent from which the series will be chosen are Helen Clayton and Howard Jarratt in joint recital (soprano and tenor) presenting familiar scenes from "La Boheme" and "The Merry Widow". Hal and Ruby Holbrook present a theatre of great personalities, Teresita and Emilio Osta, whose program is a medley of music and motion, using authentic and beautiful dance costumes. Dimitry Markovitch, internationally famous cellist, Norman Farrow, Canadian bass-baritone, who is described as a superb musician with a beautiful voice, Lillian Kallir, only 19 years old, but she has gained nation-wide recognition as a pianist, and is playing as soloist with the Oklahoma Symphony this season, Henry L. Scott, humorous pianist — plus many other attractions of the highest calibre.

Memphis, Texas will have their first concert by Helen Clayton and Howard Jarratt Monday, October 16th at 8 p. m. in the High School Auditorium. Since the membership cards will not be out in time, anyone holding receipts to the Donley County Mutual Concert Association may attend.

that led men and women to seek fulfillment at the end of the Oregon Trail. The other book is "To Mcrow We Reap" by James Street and James Childers. This is a Dabney story and should have been purchased before "Mingo Dabney" by Street that we purchased recently.

Quite a few books have been ordered for several weeks, but have not arrived. Purchasing from catalogues and lists in the book review sections are quite disappointing sometimes, — as Steel's "Diamond Wedding" — This title and the reviewed comments were very misleading. However, there is a remarkable list of worthwhile material here for your winter evenings' pleasure.

The adult books added to our shelves of fiction are "The Gentle Infidel" by Lawrence Schoonover. This is a novel of the 15th century period. Michael, the hero is a Moslem soldier. His adventures reach their climax during the spectacular siege and fall of Constantinople in 1455, which marked Christendom's last stand against the infidel. This author will likely be remembered as having written "The Burnished Blade." Next is "Each Bright River" by Mildred Masterson McNeilly. It is a novel based on the 1845 battle cry—54-40 or fight. Kitty Gatewood is our heroine who left the luxury of a South Carolina manor in search of her girlhood sweetheart. Her adventures involve association with two lovers. You will thrill to the drama of their lives—a new testament to the faith and hope

COTTON RESTRICTIONS REMOVED FOR 1951

Cotton acreage allotments and marketing quotas are off for 1951, according to an announcement made by Charles F. Brannan, Secretary of Agriculture. Cotton growers can produce all the cotton they can in 1951 with no restrictions, and still have the assurance of price supports.

The fact that acreage allotments and marketing quotas will not be in effect on the 1951 crop of cotton does not relax any of the provisions of the 1950 acreage allotment and marketing quota program. All phases of the 1950 program will be carried on to completion as required by the Act and the regulations. Buyers and producers are not relieved of any obligation with regard to the 1950 program.

PRICE SUPPORT PROGRAM ANNOUNCED FOR 1951-CROP WHEAT

Price support by means of loan and purchase agreements will be available on 1951 crop wheat from time of harvest through January 31, 1952, to farmers who comply with their acreage allotments.

A National average price support of not less than \$1.99 per bushel for 1951 crop wheat has been announced. This level will not be reduced but will be increased, if necessary, to reflect 90 per cent of parity as of July 1, 1950.

GRAIN STORAGE FACILITIES INCREASED

More than 700 million bushels of additional storage space for the nation's grain crops have been made available through operations of the Commodity Credit Corporation, reports B. F. Vance, chairman of the Texas Production and Marketing Administration committee. Practically all of this storage has been built or acquired since June 1949 when Congress amended the CCC Act to permit storage construction and acquisition.

Of the nation's total CCC storage, 27,116,264 bushels is in the State of Texas. Of this state's total, 5,335,250 bushels is CCC

owned, 14,285,892 bushels is under agreement with CCC guaranteeing use of 75 percent of new storage capacity for 3 years for new structures and 2 years for old structures, and 7,495,122 bushels is farm storage constructed with the aid of CCC facility loans.

The nation's total includes more than 547 million bushels of CCC owned space, nearly 10 million bushels of non-commercial leased space, 83 million bushels constructed under guarantee agreements and nearly 55 million bushels of farm storage constructed under CCC facility loans.

Included in the national total are storage structures recently purchased by CCC with a capacity of 93 million bushels. Storage for about 45 million bushels was acquired before 1941.

A. G. MARTINS CELEBRATE GOLDEN ANNIVERSARY

By Lucy Saye

Mr. and Mrs. A. G. Martin celebrated their Golden Anniversary with a dinner in their home at Clarendon on Sunday, October 8th. They were married fifty years ago on October 7, 1900, at Bowie, Texas.

Mr. Martin was born in Kentucky. He came to Texas as a child and was raised in Wise County. Mrs. Martin was born in Alabama and came to Texas when young to live in Montague County.

Mr. and Mrs. Martin came to Donley County twenty-six years ago. On the Monday after the Saturday on which they arrived, Mr. Martin began working for the Bennett and Sims Implement Co., now the Bennett Implement Co., and has been with them ever since. He worked on the first John-Deere tractor in Donley County.

The Martins have seven children living. They are: Allen and Henry of California; Cleo of Fort Worth; Manuel and Hubert of Dalhart; Raymond Martin and Mrs. Margaret McCrary of Clarendon. Three of the children and

their families were able to attend the celebration dinner. They were Mr. and Mrs. Manuel Martin and children, Edward, Don, and Elaine; Mr. and Mrs. Hubert Martin and Bonita Gayle; Mr. and Mrs. Raymond Martin and Francis Marie.

Friends attending were Mr. and Mrs. Milton Wylie of Pampa; Mr. and Mrs. George Hughes of Fort Worth, brother of Mrs. Martin; Mr. and Mrs. C. A. Brown and family of Saginaw; Mrs. Martha Faller, Mrs. Dollie Mayo and family, Mr. and Mrs. Frank Lyle, Mr. and Mrs. O. L. Christie, and Mrs. Mary Dozier, all of Clarendon.

Skyrockets Defeat Bronchos 31-13

The Wellington Skyrockets took advantage of various breaks here last Friday night to defeat the Bronchos 31 to 13. The game wasn't as one sided as the score indicated. On regular line play the Broncho line held the much heavier Rocket team to a small minimum gain.

The Rockets scored one TD in the first quarter, two in the second and two in the fourth quarter. The Bronchos scored early in the second quarter when Moor- ing took a pass for 35 yards and the counter. The extra was no good. The second score came early in the fourth quarter. Risen- hoover intercepted a pass on the 45 yard line and Carlile went over from the 6 yard line four plays later. Trussell plunged over for the extra point.

If it hadn't been for numerous breaks in Wellington's favor the score would probably have been close to even.

Highlight of the game Friday night was the crowning of Miss Nellie Jon Heathington as band queen. Ralph Hill was beau- brummel, and came out on the field in a hot fog which was quite a contrast to the pretty convert- ible carrying Miss Heathington.

Mr. and Mrs. W. E. Hodges at- tended to business in Amarillo Monday.

Mr. and Mrs. Grady Tyler were Amarillo visitors Sunday.

Mrs. Dub Tyler and Barry re- turned home Sunday after visit- ing her parents near Altus, Okla.

Mrs. Dale DuLaney is visiting in Tyrone, Okla. this week.

PLOWIN' Out the CORNERS
by Uncle Zeb

Just wonder whether I will make it through the day in good shape or not; the brother-in-law

is coming for dinner. The Robert E. Lee's (no relation to the General) from Shamrock are coming. This is the brother-in-law without the appendix (not the one with the beans). I wonder how you would go about insulting radio comedians, or your wife's relations. Anyway, if you put these two classes of folks in a sack and shake them, it would be doubtful which would come out first; as my Aunt Sissie used to say.

Speaking of insulting folks, it

is getting kinda hard to find someone that Mr. Truman hasn't insulted; the Marines, John L. Lewis, the dogcatchers, and the lowly goat. I am sure glad he doesn't read this column, I hope.

Most times we try to justify our own wrong-doings by the shortcomings of our fellowman. It's hard to remember the story about the Beam and The Mote.

If you are ever playing with the Floyd Wilson's don't ever ask for a new set of cards. The other night we were playing with a group and during the evening two of the ladies received all the red three's. We were not using these special cards then either. Anyway, if they can overcome all the red-tape each of the ladies is supposed to receive a three pound cartoon of Mrs. Tuckers shortening. This is not supposed to happen very often in Canasta.

And to think it would happen twice in one evening. Anyhow, Mrs. Wilson, Mrs. Earl Morris, Mrs. Harold Cobb, and Mama are supposed to receive a can of Mrs. Tucker's bacon juice free.

The other day in the Blanton Barber Shop we were discussing problems facing coon-hunters in regard to stepping on a rattlesnake in the canyons at night. One fellow advanced the theory that no decent respectable rattlesnake would dare bite a coon-hunter anyway. Rattlesnake Ben Halstead, who claims to come from a real snake country down in East Texas claimed that they used to wrap their legs with old quilts before going out. He claimed people actually wore stove pipes on their legs to keep them off. He swore he could take me down there and show me the dents in some of the pipes. Wonder what that windy Corset

Salesman would say to that???

Uncle Jay insinuates that Mr. Truman may get his agricultural ideas from Uncle Zeb. No wonder he feels like insulting folks, all the time. That goes for both gentlemen.

Excuse all the foolishness this week. I just had to get it all out of my system. Actually, I feel humble and grateful for the many comments that I received last week on the more serious part of our column.

Our old friend Quincy Bingham is still in the hospital. I wonder how many wrote or sent him a card as a special favor to us both. Do you know some one who is having an unusual long stay in the hospital. Send us their name and we will pass it along. Maybe we should start a Club of Good Cheer or something like that to all at the same time send cards to folks with sickness or trouble. How about some comment on this?

Election time is rolling around. It is so important. Sometimes we almost get discouraged and give up, but there is still time for us to save ourselves from our own destruction if we will wake up now. Think seriously and investigate the ones we vote for. The

government is supposed to be a servant of the people. Let's not ever give up to be slaves to any political bosses or cliques. If we should by our own neglect let Democracy fail in America, no nation would have the courage to try it for hundreds of years. We are the example to the world. Let's keep our Freedoms secure for the coming generations of all countries.

Check Mechanical Condition of Vehicles

AUSTIN — The International crisis has a direct bearing on this Country's traffic safety record. That was the opinion expressed today by Homer Garrison, Jr., Director of the Texas Department of Public Safety, in appealing to Texas motorists for an immediate check on the mechanical condition of their vehicles.

"It is imperative," said Garrison, "that each Texan do his utmost toward helping to maintain and conserve the resources of this Nation." An important portion of those resources, he indicated, is the thousands of motor vehicles which are operated daily in this

State. He urged all car owners to have their vehicles inspected regularly for mechanical defects. "Worn out and defective automobiles," the Director emphasized, "are conducive to increased traffic mishaps. By periodic inspections we are serving a dual purpose. First, we assure ourselves of continued transportation in case controls or restrictions are placed on motoring, and, second, we make a decided contribution toward greater traffic safety, thus assisting in the conservation of our human resources."

From where I sit ... by Joe Marsh

Ought To "Polish Up" Her Traffic Manners!

Spent most of yesterday over at the Court House. "Tiny" Fields, the biggest and fastest-talking of our three policemen, was holding forth about his traffic troubles.

"Women drive just as good as men do," Tiny said, "and just as bad. For instance—a girl in a convertible today. She started a three-block tie-up all by herself.

"She's creeping down Main Street—left hand stuck out and sort of waving around. Never turns right or left, never stops. But, of course, everyone behind her thinks she's signaling about

something. Nobody dares to pass. When I stop her and ask what's up, she smiles sweetly and explains that she's drying her nail polish!"

From where I sit, that girl's typical of certain folks who are so wrapped up in themselves, they never notice they're not being fair to others. Our neighbor has a right to drive in safety—just as he has a right to enjoy a glass of beer. Let's all respect the other fellow's rights.

Texas Rural Roads Ill-Prepared
WASHINGTON, D. C.—Texas' nearly 15,292 miles of rural roads on the Federal aid primary system are nearly twice again as ill-prepared to play their basic part in America's current war effort as they were in World War II.

That fact was reported today by Lt. Gen. Eugene Reybold, executive vice president of the American Road Builders' Association, the country's oldest national good roads organization, in citing a jump of \$407,768,223 in deficiencies on Texas' rural mileage of the strategic Federal aid primary highway system in the last six years.

"Six years ago, the American Association of State Highway Officials set a price tag of \$203,706,777 on the repairs needed to bring the rural Federal aid primary system mileage in Texas up to fighting trim for World War II," Gen. Reybold, chief of the Army Corps of Engineers during that war, said. "The overall national cost for that work was pegged at \$5,315,531,230. Today, the AASHO estimates Texas' deficiencies at \$616,475,000 and the total cost of preparing the nation's most critically needed highways for war at \$14,240,562,000.

Progressive degeneration of the 219,588-mile rural lifeline of transport, which links the nation's centers of production and includes the vital 37,800-mile Interstate or Defense system of highways, has taken place despite the record dollar volume of highway construction since the war.

"Broken by war-necessitated loads and forced war-time neglect, and since subjected to traffic volumes and speeds (registrations of motor vehicles alone increased from 30 to 45 million in the five years after the war) for

which they were never intended, this key highway system of the nation has been drafted for war service again."

Black Friday, September 26, 1869, was the day of financial panic in Wall Street.

Ben Guill

Can Serve the Panhandle BEST

BECAUSE

BEN GUILL is NOW a member of the House Agriculture Committee. Only through his re-election can the Panhandle retain this important committee assignment.

BEN GUILL has gone to the people of the Panhandle to find out what they want and expect from their Congressman.

BEN GUILL has introduced legislation which would give the farmer a chance to write his own farm program.

BEN GUILL has supported legislation to outlaw Communism in this country.

BEN GUILL, according to Bascom Timmons, veteran Washington newspaper correspondent, "HAS GOT OFF TO THE BEST START OF ANY-ONE I HAVE EVER SEEN."

BEN GUILL has VOTED PANHANDLE! His vote will never be dictated by a party boss or an individual boss.

Let's re-elect

BEN GUILL to CONGRESS

Tuesday, Nov. 7

(Paid for by Democrats for Ben Guill; Mickey Ledrick, Chairman.)

Who Runs America?

the Congress? the President?

OR YOU AND THE MAN NEXT DOOR?

RUNNING AMERICA is the joint job of 150,000,000 people. It's the biggest job in the world today—keeping it running for liberty and for freedom. And the whole world's watching to see whether Americans can do it!

IN MUCH OF THE WORLD today, the people have resigned from running their own countries. Others have been quick to step in—first with promises of "security"—and then with whips and guns—to run things their way. The evidence is on every front page in the world, every day.

FREEDOM COMES UNDER ATTACK. The reality of war has made every American think hard about the things he's willing to work and fight for—and freedom leads the list.

But that freedom has been attacked here recently—just as it has been attacked in other parts of the world. One of the most serious threats to individual freedom has been the threat of Government-dominated Compulsory Health Insurance, falsely presented as a new guarantee of health "security" for everybody.

THE PEOPLE WEIGH THE FACTS. In the American manner, the people studied the case for Socialized Medicine—and the case against it.

They found that Government domination of the people's medical affairs under Compulsory Health Insurance means lower standards of medical care, higher payroll taxes, loss of incentive, damage to research, penalties for the provident, rewards for the improvident.

They found that no country on earth can surpass America's leadership in medical care and progress. They found that able doctors, teachers, nurses and scientists—working in laboratories where Science, not Politics, is master—are blazing dramatic new trails to health for Americans—and for the world.

THE "GRASS ROOTS" SIGNALS CONGRESS. In every community in the Nation, people stood up to be counted on this important issue. Thousands of local women's clubs, civic groups, farm, business, religious, taxpayer, medical, educational and patriotic organizations spoke out—giving the great United States Congress its unmistakable Grass Roots signal from home!

And ever watchful, ever sensitive to an alert people, The Congress saw that signal, and heard the people speak out, loud and plain. That's democracy in action. That's the American way!

Today among the 10,000 great organizations on militant public record against "Compulsory Health Insurance" are:

General Federation of Women's Clubs	American Legion
American Farm Bureau Federation	National Association of Small Business Men
National Grange	United States Chamber of Commerce
Veterans of Foreign Wars	National Association of Retail Grocers
National Conference of Catholic Charities	National Retail Dry Goods Association
American Protestant Hospital Association	American Bar Association

Doctors of this Nation are grateful that the people refused to be wooed by the fantastic promises of this un-American excursion into State Socialism. Doctors of America are dedicated to serve their fellow citizens at home and their comrades in uniform, wherever service to this Nation may take them. And the thing they stand ready to fight for—to sacrifice for—to die for—is not the alien way of life of Socialism, but the proudfest security of a free and self-reliant people!

THE VOLUNTARY WAY IS THE AMERICAN WAY!

Throughout the Nation, free men and women, working and planning together, are finding the American answer to every question of medical service, care and cost. Hundreds of Voluntary Health Insurance Plans are in healthy competition—sponsored by doctors, insurance companies, hospitals, fraternal organizations—by industry, agriculture and labor. Today in America—70 million people are protected by Voluntary Health Insurance! Throughout the Nation, families are insuring themselves against the major costs of illness—at reasonable, budget-basis prices. Voluntary Health Insurance takes the economic shock out of illness. Protect your family now. For information, ask your doctor—or your insurance man.

An American's greatest heritage is the right to learn the facts—and to speak his mind. Maintained with honor and used with sincerity—that right will guarantee forever that

HOME EC. GIRLS TO HAVE PROJECTS

As a second six weeks unit project each girl in Homemaking I class will be required to cook seven breakfasts.

The girls will make their menu, market orders, and working schedule before the projects are begun. Their mothers are to serve as judges of these projects.

The girls hope not only to improve their ability as cooks but also as efficient managers.

SENIOR OF THE WEEK IS MARTHA PAINTER

Martha Jo Painter was born at Ada, Oklahoma, in 1933. She

started to school at Homer, Oklahoma, in 1940. Then she moved to Hedley, Texas, in 1941 and Clarendon in 1943.

Miss Painter and family moved to Lelia Lake, Texas, in 1945. She continued school here until 1947, then moved to California. Martha Jo returned to Lelia Lake in 1949.

As for school activities Martha Jo has played basketball one year. She was in the 1950 junior and senior play and on the 1950 annual staff and also a reporter on the school paper, "The Bluebird."

Looking for POWER?

Better Buy Buick!

THAT bold bonnet that stretches out before your eyes on a 1950 Buick isn't there just for show.

Lift it up, and you'll find that the space beneath is abundantly occupied, by one of the biggest hoodfuls of power you'll find in any motorcar.

What you're looking at is Buick's modern version of the high-compression valve-in-head engine, which gains extra wallop from the fact that it uses the exclusive Fireball combustion principle.

We could list a lot of mechanical reasons why fuel gives up extra power in a Fireball engine—how it's wrapped in a swirling, ball-shaped charge—how it burns with a smooth, clean thrust that delivers maximum action.

But the best way to find out what all this means is to touch off the eager horsepower out on the highway by a gentle nudge of your toe—and feel your shoulders press deep in the cushions behind them.

Now all this sounds thrilling, you say, but how about the feed-bills for all these horses? How about miles-per-gallon?

The practical answer to that one is found in this year's experience with the SUPER and SPECIAL—and even the ROADMASTER.

In all three, the horsepower was stepped up at the start of the year—and in all three, happy owners report the best mileage in modern Buick experience.

This is due to a little-known but authentic engineering fact—which is that an engine burns less gas when it doesn't have to labor. At any normal driving speed, therefore, extra power is extra thrifty.

So we say again—if you're looking for power—mighty power—buoyant power—silken power—thrifty power—better buy Buick.

Your Buick dealer is eager for the chance to demonstrate how sound this hint really is.

Only BUICK has Dynaflow Drive* and with it goes HIGHER-COMPRESSION and with it goes HIGHER-COMPRESSION (New F-253 engine in SUPER models) • NEW-PATTERN STYLING, with MULTI-GUARD front, taper-through fenders • TRAFFIC-HANDY SIZE, less over-all length for easier parking and garageing, short turning radius • EXTRA-WIDE SEATS cradled between the axles • SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube

*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

State Fair of Texas Expected To Topple Previous Records

Unveiling its long-heralded Mid-Century Exposition, the 1950 State Fair of Texas appears destined to produce the biggest splash in its 65-year history and topple all its own previous world's records for state fair attendance.

More than 2,225,000 visitors are expected to throng the 187-acre, \$35,000,000 showgrounds during the fair's 16-day run, Oct. 7-22.

The strong appeal of this edition, officials point out, is due to the most exciting lineup of special events, entertainment and educational attractions ever of-

fered by a state fair, and to the Mid-Century staging which offers "a nostalgic salute to the first half-century and a fascinating preview of the second."

Heading the field of entertainment is "South Pacific," the musical hit of the mid-century, with Janet Blair and Richard Eastham, playing 24 performances in the Auditorium. Sharing the spotlight, glamorwise, is the world premiere of the 1951 version of Ice Cycles.

Topped by Sally Rand and her all-new musical revue, Midway shows will include Moon Mulligan, top hillbilly recording artist and composer of "Jole Blon," and eleven other Western stars in the State Fair Hillbilly Jamboree.

Diane Ross and her sarong-stealing monkey, with Tirza in her wine bath, will appear in "Peep Show." Betty Lou Williams, 14-year-old "four legged girl," is lead-off attraction in an unparalleled circus of oddities.

The fabulous "Sky Wheels," 90-foot-high double ferris wheel, has been set up at the entrance to the Midway. At the Diamond Garter, new Midway refreshment center seating 1600, "The Drunkard's Daughter," hilarious preaching against sin and gin, has been in rehearsal for days.

Another new free attraction, highlighting the mid-century theme, will be a mile-long spectacle, the "Parade of the Decades," which will wind its way around the grounds nightly. Leading the parade will be the authentic Plymouth Kiltie Band from Detroit, marching in kilts and 10-gallon hats.

Livestock feature is the All-American Jersey Show, nation's largest cattle breed show. The "world's champion cow,"—Or-

land Signal Vol. Sable—will be enthroned in a royal purple stall.

Final tabulation of entries in the Mid-Century Livestock Exposition reveal a grand total of 4424 head of livestock, 1262 more than last year, making this the largest show in the Fair's history. There are 593 head of beef cattle entered, 620 dairy cattle, 680 swine, 303 sheep, 90 Angora goats, 100 Quarter horses, 60 Palominos, 122 American saddle horses.

In the Junior Livestock Show, 1856 head have been entered by 405 4-H Club boys and girls and Future Farmers. Twenty-two states are represented in the 26 breed shows. Premiums total \$72,659.

One of the nation's most famous paintings, "Washington Crossing the Delaware," on loan from the Metropolitan Museum in New York, will be exhibited free at the Fair's Museum of Fine Arts.

Peacetime possibilities of atomic energy will be depicted in the free Science Show by the Ameri-

can Museum of Atomic Energy. Included will be a "working" 20-foot-high model of the atom pile at Oak Ridge, Tenn., and displays from leading industrial research laboratories.

With entries closed in the five classifications of the Women's Division, hundreds of articles ranging from delicate lace and crochet work to canned goods are on display.

Other free shows inside the grounds, which help make the Fair the biggest educational and entertainment bargain in the world, include amazing high acts twice daily on the Magnolia Stage, the nation's largest display of farm machinery, the South's largest automobile show, and thousands of things to see in the big General Exhibits, Foods, Agriculture and Poultry buildings, Aquarium, Health and Natural History museums, and Hall of State.

Mid-Century free fireworks fiestas will be presented in the Cotton Bowl nightly on Oct. 12,

13, 17, 18, 21 and 22.

Sale of Stars To Be Held October 20 At State Fair of Texas

More than 50 head of the finest Jersey cattle in the United States have been consigned for the Sale of Stars which will be held Oct. 20, in connection with the All-American Jersey Show at the Mid-Century Exposition of the 1950 State Fair of Texas. Laurence B. Gardiner, Memphis, Tenn., sales manager, has announced.

It is in the Sale of Stars that breeders all over the nation buy their basic Jersey seed stock, Gardiner said. "Cattle that will be sold have been carefully selected and represent many of the best bloodlines in the country," he pointed out. "This makes the sale at the Mid-Century Exposition the best place to buy foundation stock."

In the past, the Sale of Stars

has been one of the top Jersey sales in the nation. Average price paid per head for the years of 1944, 1946, 1947, 1948, and 1949 was \$1684.50. A total of 242 animals were sold in these five sales. In 1946, a Jersey cow sold for \$21,000, which is the highest price ever paid at public auction. The top animals in these five sales sold for an average of \$10,500.

The All-American Sale of Stars at the 1950 State Fair will be held in the Grandstand Tent Arena on Friday, Oct. 20. The sale will begin at 12:30 p. m.
