Clarendon Jr. College Night School To Begin Monday Night, January 25

The Clarendon Junior College is making another bold effort to serve the educational needs and desires of the people of this area by continuing the Night School program through the second semester.

The Night School Program is designed:

1. To offer courses required of those who are seeking a college degree, teacher certification, or vocational competency.

2. To offer courses that will aid the adult in achieving the cultural, social, artistic, and religious desires and goals they have hoped many times they could pursue.

3. To offer vocational business courses which improve the individuals ability on the job he or she now holds; which will aid the individual; in choosing a field of employment that will be satisfying; which will prepare the adult (who has been denied educational opportunities for an employable future in a chosen field.

The Dean of the College urges you to examine the schedule which has been tentatively set up for the second semester, and select the course or courses in which you wish to enroll and be on hand next Monday night, January 25th for the initial enrollment.

The following classes will be offered during the second semester, and any other class where there is sufficient demand and enrollment to justify the staffing of it. Shorthand 113, Shorthand 221, Typing 123, Typing 212, Bus. Math 223, Bible 123, Bible 137, History 213, Government 223, Chemistry 124, Accounting 114, and Art 223.

Any adult may take any course offered in the evening program without prerequisites if He Does Not Desire College Credit. If college credit is desired the prerequisites if any, that are listed in the 1959-60 Clarendon Junior College Catalog must be met. All courses offered in the evening program carry Residence Credit.

Students planning to take one or more courses during this semester must be enrolled no later than the third meeting of the class.

Forty-five students enrolled in the various classes during the first semester and it is hoped that more can be served during the present semester.

Services Held Sunday For Mrs. Bullock

Funeral mass for Miss Gussie Marie Bullock, 42, was read at 2 p.m. Sunday in St. Mary's Catholic Church with the Rev. Bartholomew Besterici officiating.

Miss Bullock died Friday night in an Amarillo hospital. She was a resident of San Angelo, where she had been employed as an X-ray technician for 10 years at the Medical Arts Clinic. She was born Nov. 13, 1917 near Brice. She was a member of St. Mary's Catholic Church of San Angelo.

Survivors include three sisters, Miss Lavinia Bullock of Brice, Mrs. Pricie May Rhea and Mrs. Ida Cleo Cothran, both of Tucumcari, N.M.; five brothers, Earl E. Bullock of Brice, Walter W., Charlie L. and Oscar C. Bullock, all of Amarillo, and Loyd C. Bullock of Vago Park.

Nephews served as pallbearers. Burial was in Citizens Cemetery with the Murphy Funeral Home in charge of arrangements.

High School Teams Play Memphis Friday

The Clarendon High School boys' and girls' basketball teams will play the teams from Memphis here Friday night. The girls game will get underway at 7:00 o'clock with the boys game following immediately after.

Both the local teams are currently in the thick of the fight for the district crown. Both teams have won two and lost one in conference play, not counting the game here with White Deer Tuesday night. The boys have defeated Letors and Canadian and lost to McLean while the girls were winning from Letors and McLean and losing to Canadian.

ASHTOLA COMMUNITY TO HAVE 42 PARTY

The Ashtola Community Center is sponsoring a 42 party Thursday night, January 21st at the Ashtola Community House.

Those planning to attend should bring pie for their own family and guests. Everyone is invited to attend. Mrs. Van Knox will be hostess for the occasion. Leader—Local rate, \$3.00 a year

Services Pending For John C. Bible

Funeral services are pending with Murphy Funeral Home for John Coleman Bible, 70, who died at his home near Hedley Tuesday.

Mr. Bible was a resident of Alanreed for 36 years prior to moving to Hedley a year ago. He was a farmer and was a member of the First Baptist Church and the Masonic Lodge at Hedley.

Survivors include his wife, Verna, of Hedley; three daughters, Mrs. Irene Smith of Batesville, Ark., Mrs. Tinnie Tapley of Sonora, Calif., Mrs. Ruth Pitman of Amarillo; six sons, Clovis of McLean, John of Amarillo, Walter of Borger, Ray of Canyon, Alvis of Harrison, Ark., and Dale of Fort Rucker, Ala. Two brothers, Jim of Canyon and Paul of Hollis, Okla.; 28 grandchildren and three great-grandchildren.

Year's Moisture Total Beginning To Climb

If the moisture total for the month so far is any indication, 1960 will be another wet year for we have already received 1.58 inches for one of the driest months of the year. The usual moisture for January is from .10 to around .25 inch.

The greater portion of our moisture this month has come in the form of snow. The local weather observer recorded .03 on the 1st, .36 on the 5th, .34 on the 6th, .49 on the 14th and .36 on the 17th. Both snows fell nice but the last one has drifted considerably since it fell, hampering driving conditions.

The low temperature for the spell was 1 degree above zero Tuesday morning.

FFA Members To Compete In Contest

The Clarendon FFA will compete in two judging contests this coming week. The first will be held in Hereford Saturday. The FFA members will also compete in the judging contest at the Amarillo Fat Stock Show next Wednesday. Team members are James McAnear, Don Hudgins, Gary Longan, and Dennis Bradshaw. The team won first in the Childress contest. Bradshaw was the high point individual in that contest.

W. CARROLL KNORPP

W Carroll Knorpp Is New President Of Donley Co. State Bank

In a directors meeting held last week, W. Carroll Knorpp was elected president of the Donley County State Bank to succeed F. E. Chamberlain who was named Chairman of the Board (inactive).

Mr. Knorpp, a native of Clarendon, has been associated with the bank since April 1931 and has been serving as Executive Vice-President since 1953.

He is a past president of the Panhandle Bankers Association, past president of the Clarendon Lions Club and at present is a director of the Greenbelt Water District.

Other officers and directors of the bank are Walter B. Knorpp, Vice-President and Cashier, M. R. Allensworth, Asst. Vice-President, William J. Lewis Jr., D. N. Grady and Kelly Chamberlain, directors.

Deadline Drawing Near For Poll Tax

The deadline is drawing near for paying your poll tax and a whole lot of Donley County residents still have this little chore to do if the voting strength of the county matches the usual number for a general election year.

The count Wednesday morning of poll tax receipts issued was 856 which is several hundred short of the usual number. Employees in the county tax office are urging those who want the right to vote, to come on in and pay their poll tax or face the dreaded line which will undoubtedly form the last week end before January 31st.

It is very important that every qualified person pay their poll tax and have the right to vote as this is a general election year with elections to be held from the local level on through the national. There is a good possibility that numerous other important issues will come before the voting public before the end of the year such as bond issues, etc. Don't put it off any longer . . . pay your poll tax today.

Bulldogs Take First Conference Victory

Clarendon's Bulldogs won their first West Zone Conference basketball game at Levelland last Saturday night when they defeated the South Plains College team, 83 to 66. This leaves the defending champions with a 1-2 conference record. They lost to both Frank Phillips and Howard County.

The Bulldogs had little trouble with the South Plains team as they got off to a quick lead and were never in any apparent danger. They led 36 to 26 at the half.

Bobby Lesley led the scorers with 23 points. Alva Carter made 18, Oscar Bronniman, 10 and Dee Blevins, 9. Every man on the Bulldog squad played and all scored except Carl Irlbeck.

High School Teams In Conference Play

On Friday, January 15, the Clarendon High School basketball teams went to Canadian to play the Canadian Wildcats.

The girls met a pack-o-trouble in their first loss of conference play. The Canadian girls beat the Bronchoettes by a close 46-45 score in an overtime. During the first quarter both teams scored ten points each. The half ended with the score standing at 27-22 in favor of Canadian. At the end of playing time each team had a total of 43 points. Overtime play ended the game with Canadian winning by one point. The high scorer for the locals was Paula Adams with 22 points. Marie Richey was next with 17.

The boys game was a victory for the Bronchos with a score of 44-36. The score at the end of the first quarter was 10-8 in the Bronchos favor and they led 20-14 at the half. In the last quarter Clarendon pulled ahead and ended the game with the 8 point lead. High scorer for the Bronchos was Kenneth Housden with 22. Wayne Mann was next with 8.

In the games with White Deer Tuesday night, both local teams lost. The girls were defeated 36-41 and the Bronchos were defeated 52-53 in an overtime.

Annual Donley County Pig Show To Be Held Saturday, January 23rd

Bulldogs Play Odessa There Friday Night

Coach Roy Young will take his Clarendon College Bulldogs to Odessa Friday night for an important West Zone Conference game. The Bulldogs, defending conference champions, got off to a slow start in conference play this year by dropping their first two league games. They lost a 93-90 overtime thriller to Frank Phillips, then lost to the tough Howard County Jayhawks, 68-62 last week. They took their first conference win Tuesday night of this week with an 83 to 66 victory over South Plains College.

Coach Young will probably take twelve players to Odessa. Starters will probably be Alva Carter at center; H. D. Yarbrough and Felix Johnson at forwards and Bobby Lesley and Oscar Bronniman at guards. Other players making the trip will be Marvin Young, Dee Blevins, John Alexander, Carl Irlbeck, Johnny Hudson, Jimmy Humphreys and John Morrow.

The Bulldogs will go to Lubbock next Tuesday night for another conference game with the Lubbock Christian College team and will take on the Howard County team in their next home game here on Jan. 30.

FFA Members To Exhibit Steers Monday

Clarendon FFA members will exhibit steers in Amarillo Monday, January 25. Boys to exhibit steers are Gary Longan, Don McAnear, James McAnear and Bobby Hutton. These are steers that were purchased in April. Longan, Don McAnear and James McAnear will each exhibit two steers. Bobby Hutton will show one steer.

The FFA members will combine with the Donley County 4-H to exhibit a county group. Don Hudgins, veteran steer feeder, will exhibit an Angus heifer in the Junior and Open show. Hudgins had the Champion Angus steer in Amarillo in 1957 and in 1958 showed an Angus steer to the first Grand Champion for an Angus.

The Clarendon FFA members will leave Amarillo Tuesday and go to Fort Worth. They will exhibit 21 steers and one heifer in the Fort Worth Stock Show. The calf show will be held January 30. Members that will show calves in Fort Worth are Gary Longan, Johnny Longan, Bobby Hutton, Shelby Bell, Don McAnear, James McAnear, Don Hudgins, and David Hudgins.

Leader—Local rate, \$3.00 a year

The Donley County Pig Show will be held Saturday, January 23, at the county fair barn. The Clarendon FFA and Hedley FFA will compete for prizes in the barrow show.

Tommy Hewlett will be the judge. He is a graduate of Texas Tech, an ex-vocational agriculture teacher, who is now working for Taylor Evans Farm Store in Canyon. He is considered by many to be one of the top judges in the Panhandle.

There will be two classes in each of the seven breeds of swine. Many of the barrows have been raised in Donley County. Some of the breeders from whom the barrows were purchased are Bill Cooke III, Fred Bourland, H. L. Riley, E. S. Ballew, Milton Mann and many more.

The Donley County Pig Show has always been one of the strongest and will again be one of the top county shows in the nation. There will be fewer pigs this year due to more emphasis placed by both the FFA chapters on the Houston Fat Stock Show. The Houston Stock Show pays more premium and prize money for barrows than any other stock show in the nation.

Members of the Clarendon and Hedley FFA Chapters will exhibit the barrows in Amarillo January 26 and Fort Worth, January 29. The FFA members will leave for Amarillo Saturday after the county show is over.

Services Here Friday For Wreck Victim

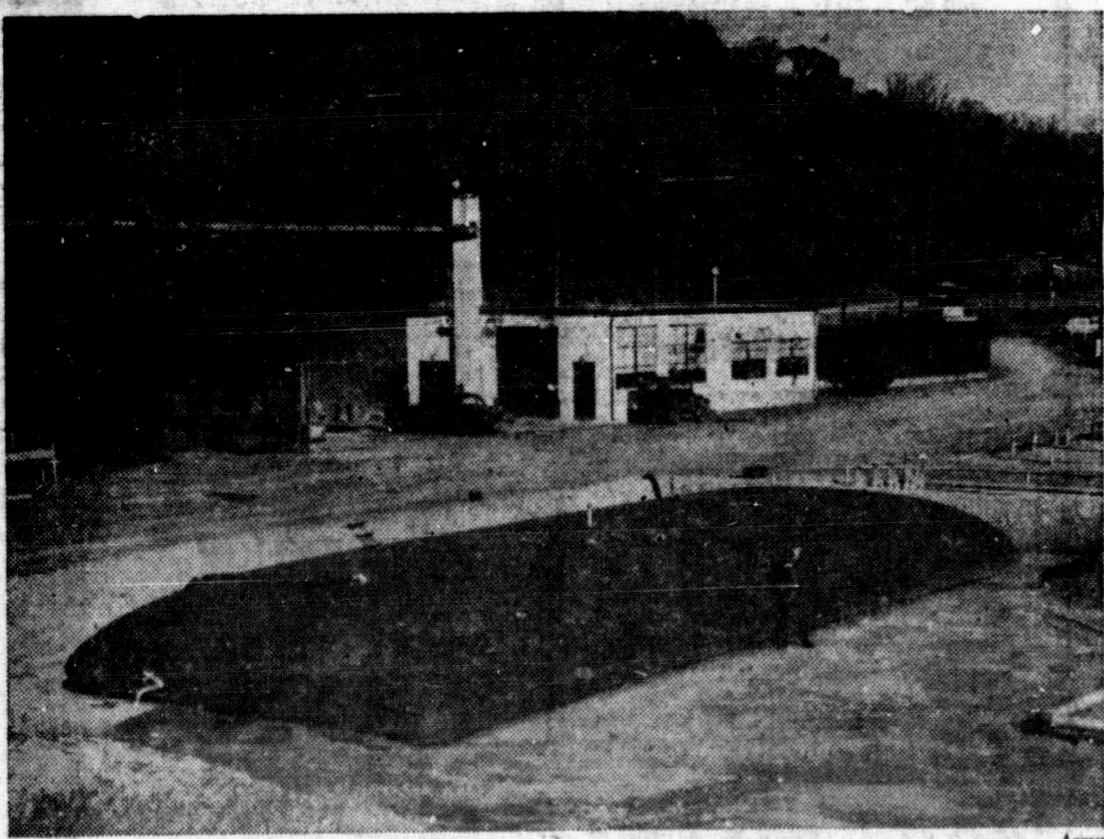

Funeral services for James R. Morgan, 19, of Fritch and formerly of Clarendon, will be held Friday morning at 10:30 at the First Baptist Church here with Rev. W. R. Lawrence officiating.

Morgan was killed Sunday morning in a one-car accident near Sanford, Fla., where he was stationed at Sanford Naval Air Station. Also killed in the accident was Bobby Riddles, 20, of Oklahoma City. Four others were injured.

He was killed when the car in which he was riding smashed into a utility pole near Sanford. He had been in Sanford about 16 months. He was a resident of Clarendon about 10 years prior to entering the Navy.

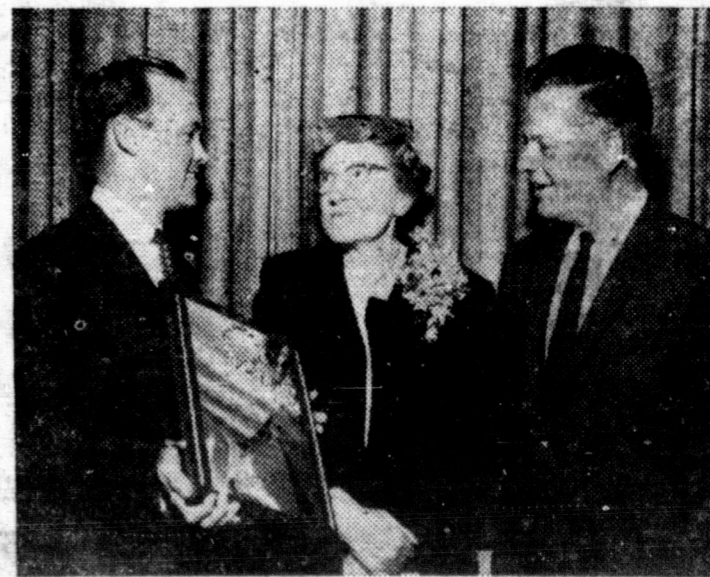

Survivors include his parents, Mr. and Mrs. Carl T. Morgan of Fritch; four brothers, Carl of Fort Sill, Okla., Tommy, Bobby and Mike, all of Fritch; the maternal grandparents, Mr. and Mrs. Jim H. Owen of Springfield, Mo., and the paternal grandparents, Mr. and Mrs. O. R. Morgan of Clarendon.

Burial will be in Citizens Cemetery with the Murphy Funeral Home in charge of arrangements.

COLLAPSIBLE GIANT—This huge, 50,000-gallon collapsible fuel tank for storage of military fuels has been developed by the U. S. Army Engineer Research and Development Laboratories at Fort Belvoir, Virginia. The tank, believed to be the largest of its kind, is fabricated of two-ply nylon cloth coated with synthetic rubber. The empty tank weighs approximately

2700 pounds and can be rolled and packed for transport in a canvas carrying case. Dwarving the soldier standing alongside, the tank measures 64 feet long by 24 feet wide and stands six feet high when filled to capacity. It was built for the Army by Goodyear Tire and Rubber Company.

THE TEXAS BEEF COUNCIL's Distinguished Service Award was presented to Dr. Sylvia Cover, Texas Agriculture Experiment Station researcher, by Hugh A. Fitzsimons, Jr., TBC vice-president, at the Beef Council's sixth annual Beef Dinner at A&M College. Dr. John B. Truslow (right), Executive Dean and Director of the University of Texas Medical Branch at Galveston, was principal speaker for the Beef Week in Texas event.

GRASS ROOTS OPINION

Waltham, Mass., Tribune: "For many years scientific researchers estimated that the market value of the substances in the average human body was only 98 cents. Now, because of inflation, the market quotation is \$1.17.

"You are now worth 19 cents more than you were 25 years ago. But since the 1959 dollar is worth much less than the 1935 dollar, that margin isn't enough to account for the difference. Should that make a person feel cheap?"

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

Austin — Most important date for the Texas voter this month is Jan. 31.

After that it will be too late to get a poll tax receipt that will enable him to participate in this year's merry-go-round of political events.

Don't Gamble On Your Future Own Your Own Business... Let CABANA MARRONE Work For You

Free information about a home business, ranching Cabana Marrone profitably. You can't match it. If you like outdoor life and want a high income, Cabana Marrone can mean a complete new life for you and yours. A leisurely life. Anyone can do it, and many are doing it today. It doesn't take thousands of dollars to make thousands. This is not a story or pipe dream but actual step by step program every man or woman can put to work. Success can be yours. No selling, no risk. Not just a possibility but being done today. All kinds of opportunities are all around you, that's true, but most are beyond the average person.

Cabana Marrone can be put to work for you now. Even while you have your steady job or profession, but it won't be long before you can give up time clock punching and long hours. People in all walks of life who have been fortunate enough to come

Since 1960 is a presidential election year, lines will probably be long on the night of the 31st. Safest course is to do it now.

This year's poll tax receipts, for the first time, have a place for the owner's party affiliation to be stamped. But the voter doesn't have to decide this when he pays the tax.

Decision is made when the holder casts his primary vote. A person who votes in the Democratic primary will have his receipt stamped "Democrat." That means he can't go to a Republican convention that evening.

Also, if he fails to go to the Democratic primary to vote and doesn't have his receipt stamped at all, he can't get into a Democratic precinct convention.

As far as the general election in November is concerned, the new party registration law apparently makes little difference. There would be no way for anyone to know whether the holder of a receipt stamped for one party voted that party's straight ticket in the general election.

BLANKETS STATE — First goal of the Johnson-for-President organization in Texas has been reached. Clubs have been organized in all 254 counties in the state, according to Director Larry Blackmon.

Goal was reached just about a month after the state headquarters was set up in Austin. In addition, there are about six other clubs in Texas and several out of state.

Supporters of Sen. Lyndon Johnson are expected to keep the state lively during the coming months. **RELOCATION PAYMENTS UPHOLD** — City officials and private utilities are joyful over a State Supreme Court's decision that will save the cities and companies some \$28,000,000. High court ruled constitutional the law that provides for the state to reimburse cities and companies for the expense of moving utilities for interstate highway building projects. Law was passed by the Legislature in 1957. It was challenged by the Attorney General's Department for the Highway De-

partment on grounds it violated the constitutional prohibition of "donating" public funds to private firms.

Austin, Dallas and four utility companies were combined in the test case. Their attorneys contended the reimbursement was simply payment for work done for the state.

Austin city officials called the decision "a lifesaver." It will save the city \$500,000 on one project. Dallas County will save an estimated \$9,000,000.

Ninety per cent of the money the state spends on the interstate highway system comes from the federal government.

TRAFFIC TOLL CUT — Texans were more careful than expected in their year-end travel.

Department of Public Safety predicted that 111 would be killed on the roads during the Christmas-New Year period. Tentative total is only 91. There may be more if some of those seriously injured do not recover.

Col. Homer Garrison, Jr., DPS director, thanked all the news organizations, official agencies and law enforcement officers who worked to make Texans safety conscious.

AUTO RATES BECOME ISSUE — Pros and cons of the new merit rating system for auto insurance are expected to be at issue in the 1960 campaigns.

Some legislators have been highly critical of the plan to make drivers with accident and violation records pay more for insurance. Other lawmakers have defended it.

Gov. Price Daniel says he favors correction of any inequities that may exist in the program.

Industry is divided. A spokesman for the National Association of Independent Insurers has announced that his group will try to get the Insurance Board's plan

replaced with a flexible rating law. Legislature has twice turned down flexible rating, which allows companies to set their own rates.

Other industry groups have endorsed the merit plan, some with statements that it may need adjustments, but should be given a fair trial.

THERMOMETERS "LEGALIZED" — All the people who have been unknowingly breaking the law in regard to possession of mercury are off the hook.

Court of Criminal Appeals has declared void and old, forgotten section of a law making it a felony offense to have mercury without a bill of sale or proof of legal ownership.

Law was aimed at preventing the stealing of mercury from pipeline meters.

Uncounted thousands of housewives and doctors have flouted it by buying thermometers and medicines containing mercury and throwing away the bill of sale.

TRINITY HEARING — Desirability of a new Trinity River Dam near Houston is still a point of controversy before the State Water Board.

Hearing began in November, recessed for the holidays, then began again with all participants swinging hard.

Houston and the Trinity River

Authority are asking a permit to build a dam and a salt water barrier. Project would supply an estimated 1,200,000,000 gallons of water daily, the better part to be used by Houston.

San Jacinto River Authority is opposing the dam. Its spokesmen contend Houston should develop the San Jacinto and leave Trinity water to the Trinity basin.

SHORT SNORTS — State cigarette taxes for December totaled \$6,738,896, almost a 50 per cent increase from a year ago. Liquor tax collections also were up, said the state treasurer's office, from \$900,318 in December, 1958, to \$1,154,041 this year. . . . A state-wide survey of the problems of

Texas oldsters is planned by the governor's committee on aging. Sen. Crawford Martin of Hillsboro is chairman of the committee which is to hold a state conference next fall.

Cotton root rot damage is reported as widespread in the sections of the State where this disease is a problem. Farmers are advised to contact their local county agent for information on practices which may be used to aid in its control.

WORTH MORE BECAUSE THEY WORK MORE

Chevy's new torsion springs and Sturdi-Bilt design are changing everybody's ideas about how much work a truck can do. Last year's schedules are out—Chevrolet trucks ride faster over the rough runs to get in more trips a day! Big repair bills are no longer a problem—Chevrolet trucks soak up punishment that means downtime to other makes! And trade-in time's put off for extra thousands of miles—'60 Chevrolet trucks stay new like never before!

New Dollar-Saving Prices

Step-Vans, 4-Wheel Drives, many light-duty models with automatic transmissions—all are lower priced. Prices have also been reduced on all optional V8's.

New Torsion-Spring Suspension

Eliminates I-beam shimmy and wheel fight! With torsion springs up front there's a brand-new, smoother, easier handling feel behind the wheel. New rear suspensions include wide-based coil springs in most light-duty models; tougher variable-rate leaf springs in medium- and heavy-duty models.

Electronically Balanced Wheels

Front wheels and tires are balanced at the factory. Helps make that new ride revolutionary!

New Cabs—Wider, Safer, More Comfortable

Many models are a whole 7 inches lower (without sacrificing road clearance), so it's easier to hop in and out of cabs. Still there's more space inside; more room for hats and hips, more foot room with suspended pedals. Cabs are safer, too; new build makes them 67% more rigid.

Plus Improvements All Through the Line

A new steering linkage system that cuts vibration, means better control. There's new V8 efficiency. Sixes long famous for saving. New key-turn starting. Higher, wider visibility. Talk to your Chevrolet dealer about the world's most advanced trucks.

BLWIN' Out the CORNERS

By Uncle Zeb

We enjoyed so very much the wonderful hospitality of the Clarendon Lions Club as we had food and fellowship with them last week. Before we forget it we would like to thank the Judge for picking up the check. It is the first time we ever received a check consideration from any judge.

Anyway, the Club members are a lively bunch. They can sing the roof off, and they seem to have a big time just kidding each other.

We especially liked to the program given by the student from Germany. She was interesting, informative, and just as clever as could be. She faded away after the program and we didn't get her name. Will someone

please send it to us, or perhaps we could hear from the young lady. She was wonderful and we think that more groups should hear her story of life there as compared to here.

Thanks to this young lady, and to all the Lions for making our visit such a thrill. Who'll be next on picking up the check???

We worry about our troubles. Here and there on every hand. The fact they mostly do not happen, Seldom do we understand.

Mark Twain once said; "I am an old man and have known many troubles, but most of them never happened."

It is true, most of our troubles have never happened. They are only fears that loom up before us and cause us to be anxious and worried.

Many times we worry about the future, but never do anything about it, either from a material or a spiritual angle. We need to be concerned but we shouldn't necessarily always be upset. We need to plan without being a worry-box.

We need to separate the real from the supposed. We need to pray for a good harvest, but keep on hoeing. We need to save in order to have security. We need to spend that we may enjoy the fruits of our labors. We need to give more than we take, or else we shall leave the world worse for our having lived. We need to take our share of responsibility, or we shall be accused of taking a free ride.

Adding it all up it would be wonderful to just be in the middle of the road, most of the time at least.

Today is the tomorrow you worried about yesterday.

Most of us do have our problems, but if we are prone to feel sorry for ourselves because of our troubles we can find a lot of encouragement from the fact that there are still a host of things that have not as yet happened to us.

We might for instance be worrying because we did not have a high powered new car, but a real worry would be if we did not have the physical strength to drive the one we already have.

We might pout because we could not afford nice juicy fat steaks as often as we would like, but a serious thing would be to not have the health to eat hamburger.

We could feel terribly sorry for ourselves because we thought no one loved us, but it would be far worse if we loved no one but our own self.

We could deem it a tragedy that no Billy Graham had ever told us about the wonderful plan of redemption from the pages of the Bible, but much worse would be our plight if we have never listened to that still small voice speaking to us from within our own heart.

Someone expressed it this way; "I worried because I had not shoes until I met one with no feet."

So, if we can not see our blessings for our troubles it might just do us good once in awhile to place our problems up along side the other fellow's and take a real good look.

Often as not, the reason the sun is not shining for us is that we are standing in the shadows.

GEORGE'S WIFE

By "Sarah"

In checking back over the mistakes we have made in this column alone, the past half year we've been writing it, make us want to hide behind something more substantial than anonymity, sometimes. For instance the Dec. 16, issue, where we misplaced our authors. We know Allen Drury wrote "Advise and Consent" and not James A. Michener.

There were many more, too numerous to mention, there will be mistakes made in this new year, instead of worrying about them, we are keeping a memory book of people and events which have influenced and enriched our lives.

Rembert and Merlene Ivey spent the week end in Amarillo. Laveta and Jim Formway of Clarendon visited Mr. and Mrs. Gene Welch and family Monday.

Mr. and Mrs. Alton Webb, Mr. and Mrs. Jimmie Alee, Mr. George Latta of Groom, Gay Watson and Charles Wilkerson, who is on leave prior to being stationed in Missouri, visited Mr. and Mrs. Dub Smith Sunday.

Mrs. A. O. Hott called on her sister, Mrs. Lenard Dozier Thursday. She has the flu, but is some better.

J. C. and Velma Heathington called on A. B. and Laura Ivey Wednesday night.

Mr. and Mrs. Gene Welch and family visited Mr. and Mrs. L. G. Welch, Jr., in Memphis Sunday.

Mr. and Mrs. Jack McDonald and Wesley of Amarillo and Mr. Jess Ivey visited Mr. and Mrs. A. B. Ivey Sunday.

Mr. and Mrs. Richard Dingle and Mr. and Mrs. A. O. Hott visited Mr. and Mrs. Frank Hardin Thursday night.

Virginia Smith called on Laura Ivey Wednesday morning. Lester Welch visited Jerry Smith Saturday afternoon.

Due to the phone being out, I could not call you Monday morning for news.

The club received a letter from Mrs. W. P. Morgan who once lived in our community. She sent each member a crocheted doily. It was very nice of her to remember all of us.

Donley County Soil Conservation District News

We all plan our operations from one day to the next, one month to the next, or one year to the next. One of the biggest functions of the Donley County Soil Conservation District is to help farmers and ranchers plan their long time operations so that the needs of the land can be met. The Soil Conservation Service furnishes technicians to the Donley County SCD who are well trained in conservation work. The primary job of these technicians is to help operators plan their conservation work so that eventually each acre will be properly used.

We earnestly intend to take more interest in our government. We have always paid our poll tax, but have to confess, there were times we didn't vote. If we ever fail to use that privilege again, no matter what kind of man or woman that is running, they are a better citizen than I, because they voted. For themselves of course, never the less they did something, while I did nothing.

We wish there was a local non-partisan group, with no ax to grind with good minds and intentions, who could help clear the woods for slow thinkers and readers such as I. We will never get through all the material on hand, much less all that will be put out before election time rolls around. Or else a leader to rise up among us with such force, that we will know without a doubt, he is the one.

Different types of soil need different combinations of practices to maintain soil productivity and control erosion. On flatter, tighter land a minimum of practices will do the job. On sandier or steeper land, more intensive treatment is required. SCS technicians assisting the district are ready and willing to help farmers to decide on the best treatment for each acre of land.

In helping a rancher to plan his operations, technicians can help him decide on the best season to use certain pastures or types of grasses and how to get proper use from available forage. Recommendations for location of fences, water facilities, salt locations, etc., to help get better distribution of grazing will be given.

Some of the people recently developing conservation plans with the Donley County SCD are Johnson Ranch, Herbert Guill, Davenport Estate, Clyde Brown, and the Hermesmeier brothers.

You may not win fame but you can win gratitude by driving carefully.

BETA SIGMA PHI-MU GAMMA

Thursday evening, January 14th, the members of Mu Gamma Chapter, Beta Sigma Phi, held their bi-monthly meeting in the Patching Club House.

Due to the absence of the president, Ann Hommel, the meeting was presided over by the vice president, Melba Ruth Vaughan.

Following a roll call and the reading of the minutes a report was given by the standing committee. The program, entitled "Nature," was presented to the sorority members by Bert Garland and Pat Cornelius.

After the business meeting lovely refreshments were served by the hostesses, Lea Tyler and Beverly Edgett, to the following members:

Annese Bennett, Pat Cornelius, Jo Ann Davis, Bert Gariand, Hazel Guy, Annette Hardin, Frankie Heason, Glenda Lacey, Jo Ellen Pfeiffer, Juanita Phelps, Mabel Dean Porter, Mary Neal Risley, Nancy Shelton, Marilyn Simpson, "Tookie" Thornberry, Melba Vaughan, Pat Wallace, Evelyn Yeates, Shirley Clifford, Jean Davis and Beverly Boone.

KIL KARE KNEEDLE KLUB MEETING

The Kil Kare Klub was entertained Thursday afternoon, January 14, in the home of Miss Etta Harned. Visiting was the program for the afternoon.

Refreshments of apple pie topped with whipped cream, coffee, and tea were served to Mesdames J. R. Bartlett, Sam Lowe, G. C. Heath, R. O. Thomas, E. H. Noland, M. C. Rumpy, Harry Brumley, Homer Mulkey, Major Hudson, by the hostess, Miss Harned. — Rep.

UNITED PRESBYTERIAN WOMEN MEET

The U.P.W. met Wednesday, January 13th, in the home of Mrs. Heckle Stark with Mrs. Millard Word as co-hostess.

Mrs. Word, President, opened the meeting with prayer, followed by an inspirational reading. The minutes of the December 9th meeting were read and approved.

Following the business session, Miss Mabel Mongole presented the program, "The Faith We Proclaim." The purpose was to gain some understanding of the faith and witness of the Presbyterian Church within the people of God.

Mrs. Byrd Adkins brought a personal message, "For God So Entrusted Us."

The meeting closed with song, "The Church's One Foundation," followed by the Lord's Prayer repeated in unison. Fifteen members were present.

REBEKAH LODGE HAS FORMAL DINNER

Clarendon Rebekah Lodge No. 149 enjoyed a formal dinner at the Dixie Cafe Tuesday evening, Jan. 12th. The food was delicious and the fellowship was only the beginning of a delightful evening.

The group reported to the lodge hall where lodge was held. They had as their guest, District Deputy President, Katie Cummings, and her able staff from Wellington who installed the new officers for 1960. The new officers are Noble Grand, Mrs. John Swinney; Vice Grand, Mrs. Jewell Sickles; Sec., Mrs. Claude Spivey; Treasurer, Mrs. Melvin Cook. — Rep.

MRS. RONDAL J. HEFLEY nee Patsy Emmons

Emmons - Hefley Vows Exchanged

Mr. and Mrs. A. J. Emmons of Clarendon announce the marriage of their daughter, Patsy, of Lubbock, Texas, to Mr. Rondal J. Hefley of Shamrock, Texas. Vows were exchanged Friday evening, January 15, at 7 p.m. in the Broadway Church of Christ with the minister, Harvey Pruitt, reading the double ring ceremony. The groom is the son of John Hefley of Shamrock.

Mr. and Mrs. Gene Whitney attended the couple. Mrs. Whitney, sister of the bride, was attired in a beige sheath dress with black accessories. She wore a corsage of white carnations.

For her wedding, the bride chose a dress fashioned with a full skirt of blue wool and a bodice of white imported brocade lined. She wore white accessories and carried a bouquet of white roses and carnations.

Mrs. Hefley is a graduate of Clarendon High School and attended Clarendon Junior College and West Texas State College. She is employed by the Community Chest at Lubbock.

Mr. Hefley is a graduate of Shamrock High School and is a senior student at Texas Tech, Lubbock.

The couple will make their

home at 3006 40th Street, Lubbock.

1926 BOOK CLUB HAS MEETING

The 1926 Book Club met at Patching Club House Tuesday afternoon, January 19, with Mrs. E. S. Ballew and Mrs. Homer Bones hostesses.

Miss Inez Blankenship, president, presided over the business session. Mrs. C. B. Morris was appointed to serve on the Club Room Board.

Program leader for the afternoon was Mrs. B. C. Antrobus. Mrs. Antrobus introduced Mrs. Joe Ritter who in her charming manner gave a splendid review of the book "The Wife of Pilate" by Esther Kellner.

Attending were one guest, Mrs. Maggie Hunt, and Mesdames B. C. Antrobus, C. E. Bairfield, E. S. Ballew, Homer Bones, J. R. Brandon, L. N. Cox, Loyd Johnson, C. B. Morris, Bill Pool, W. C. Thornberry, Frank White, Jr., W. E. Clifford, Joe Ritter, and Miss Inez Blankenship — Rep.

SCHOOL CENSUS NOW BEING TAKEN

Principal K. D. Vaughan is asking for full cooperation of parents in completing the annual school census which must be completed before February 1, 1960.

Parents are requested to report all children in this school district that will be six on or before September 1, 1960. You may contact either Mr. Vaughan or Stina Cain at the Jr. High School.

It is very important that parents of youngsters that will be entering school for the first time to make this census report as the basis for state money to operate the schools is based on students listed in the census report.

GRASSROOTS OPINION
 Priest River, Idaho, Times: "One parent we know thinks it only fair to apply a withholding tax to the youngster's allowance just so the younger generation can get gradually accustomed to a procedure to which adults are now hardened."

"AGE OF THE SHODDY"
 "This was the era, domestically, when everything was half done; the era, in foreign affairs, when nothing was done right because nobody seemed to care enough to exercise the foresight and take the pains to see that it was done right. This was the time when the job on the car was always half finished, the suit came back from the cleaners half dirty, the yardwork was overpriced and underdone, the bright new gadget broke down a week after you got it home, the prices climbed higher and higher as the quality got less and less, and the old-fashioned rule of a fair bargain for a fair price was indeed old-fashioned, for it never applied to anything. The great Age of the Soddy came upon America after the war, and Everybody Wants His became the guiding principle for far too many."

Thus Allen Drury describes the postwar era, in his remarkable novel "Advise and Consent"—a work in which he uses the vehicle of fiction to present an extraordinary revealing picture

of Washington's political, diplomatic and social worlds. The accuracy of his indictment is undeniable. Yet, in the immediate postwar years, it was possible to find seemingly valid excuses. The relaxation of war tensions resulted, naturally enough, in emotional and financial excesses. An attitude of "live for today and never mind tomorrow" became general. On the purely material side, the lifting of wartime restrictions on industrial production created an eager and apparently insatiable market for almost anything, no matter how poor the quality or exorbitant the price.

Had this sorry situation spent itself in a reasonable time there would have been small cause for worry. But who can honestly deny that the dark picture Mr. Drury paints is still—in the fundamentals, if not all the details—the picture that obtains in this country?

The problem, of course, is a moral problem. The Protestant Episcopal Bishop of Michigan, the Rt. Reverend Richard Emrich, speaks for churchmen of all the denominations when he says: "Everywhere I travel I hear arguments, but I never hear a moral argument, with someone saying, 'this is wrong, or unjust or dishonest, and I will have nothing to do with it.' I think we are floundering as a people."

And there lies the tragedy. For the basic strength of any nation is its moral strength. All the weapons, all the productive capacity, all the money on earth, cannot save a people from ultimate destruction if their moral fiber decays, their national character rots, and they sink into an abyss of material cynicism, indifference, selfishness, avarice, greed. A short time ago the television scandals, centering around rigged quiz shows, captured the national headlines and were publicized the world around. The Saturday Evening Post has devoted a full-page editorial to the matter in which it makes a big and often overlooked point. It offers no excuses for the deceit—"those who have been damned by the revelations deserved to

be damned." But, the Post also says "... we believe that the importance of their guilt has been wildly exaggerated, the significance of their guilt almost wholly overlooked. . . . What is important is that we recognize the television scandals for what they are—a symptom of the declining standards of moral behavior in the United States, that twinge in the national belly that warns of deep-seated malignancy in the body politic." And those declining standards, it goes on, can be found in some form and in some degree virtually everywhere—in schools, professions, the labor unions, business and the government.

So much for the indictments. There is a bright side. It is found in the fact that more and more people, in public and private discussion, are talking about the problem, thinking about it, worrying about it. An astute English observer of the American scene observed that the television mess may prove to be of enormous benefit—by awakening the American people to the extent and character of moral decay, and removing the blinders from their eyes. The American people have been awakened to many kinds of dangers in the past, and have met them with wrath, with courage and with understanding.

And that is the hope—that there will be a moral revival in this country, a cleaning of dirty houses. Failing that, everything else is doomed to fail.

"Radio Russia says that America is a hysterical topsy-turvy country where people eat upside down cake, doors go round in circles and everybody has an inside outhouse." Sangamon Co. (Ill.) Bulletin

AN EARFUL!

The American Press Magazine suggested that grass-roots newspaper editors send copies of their papers, with appropriate editorials, to Mr. Khrushchev when he was in Washington. Hundreds of editors acted upon the suggestion, many putting their editorials on the front page or writing appropriate letters to accompany their newspapers.

Undoubtedly they were analyzed, at least by some lieutenant, and added a new light to the picture which the Russian leaders are trying to form of our country. Said the American Press: "As we read through the copies of the editorials which were sent to us, we probably were made much more aware, than were the Russians, of the great influence which country editors can wield. For we pictured what such a deluge of editorials would do if aimed at the members of Congress on some controversial subject..."

"We would like to see more editors write more editorials on subjects of national concern in order to keep Congressmen, and leaders in all fields, informed about the patterns of thinking which are going on at the grass-roots."

TO THE PEOPLE OF THE 18TH DISTRICT

By Congressman Walter Rogers

The State of the Union Message

On January 7, 1960, President Eisenhower, appearing in excellent health and good spirits, delivered to the Congress his State of the Union Message for the Second Session of the 86th Congress. It was not unlike most all of the other State of the Union messages heretofore delivered by President Eisenhower and his predecessors in office, of both parties. The Chief Executive did not hesitate to take credit on behalf of the Executive Branch of the government for all the good things that have happened, and to blame the Congress for all of the bad things that happened. Although such conclusions were not factually correct, there was a minimum of concern over this approach, because previous performances caused the Members to anticipate what was to come. The big problem this year, as in other years is not who did what or who is to receive credit. The big problem is how to cor-

rect those ills and difficulties which continually beset a nation. I was greatly encouraged by some of the early remarks in the President's message, which I quote:

"Our surplus from foreign business transactions has in recent years fallen substantially short of the expenditures we make abroad to maintain our military establishments overseas, to finance private investment, and to provide assistance to the less developed nations. In 1959 our deficit in balance of payments approached \$4 billion.

Continuing deficits of anything like this magnitude would, over time, impair our own economic growth and check the forward progress of the free world."

These remarks indicate that the Executive department is well aware of one of the most dangerous problems which we will face in the next decade.

The President had said earlier in his speech:

"... we note that recent Soviet deportment and pronouncements suggest the possible opening of a somewhat less strained period in the relationships between the Soviet Union and the rest of the world."

This reference was undoubtedly to the possibility of relaxation in the arms race. We all hope there will be less strained relationships in this particular. However, we should not permit such possibility to lull us into a false sense of security. The probability of the Soviet relaxing the tensions in the arms race does not mean the Soviet does not intend to push forward on the economic front. When this is done, and we can expect it in the very near future, it will be an impact added to the impact to which we are already sensitive and which was pointed up in the President's reference to the \$4 billion deficit in our international balance of payments. It is interesting to

note that the foreign aid program expenditures last year could very well account for this deficit in the balance of payments.

I am indeed happy that the President is alarmed about the situation and I sincerely hope that he will cooperate with the Congress to correct it.

Other Items

It would be impossible in the space provided in this newsletter to touch on all the other items, but I did want to call attention to the reference of the President to sound fiscal policies. I heartily agree with his conclusion that the government can counter inflation by reducing expenditures below its revenues. I am glad he intends to do that this year. I thought he intended to do it several years ago, but discovered to my dismay that such was not the case. The result was that attempts were made to raise revenue by raising taxes. To this I was opposed and am still opposed.

The President predicted a balanced budget for this year. I sincerely hope that his figures are more correct this year than they have been in some previous years. For instance, it was estimated by the President for the 1958 Fiscal year that receipts would amount to \$72.4 billion and that expenditures would amount to \$72.8 billion, leaving a deficit of \$400 million. However, the actual figures subsequently proved that the receipts amounted to only \$67.1 billion and the expenditures amounted to \$71.9 billion, leaving a deficit of \$2,800 million or seven times greater than had been estimated. Another case at hand is that on January 13, 1958, the President estimated that the receipts for 1959 Fiscal year would be \$74.4 billion and that the expenditures would be \$73.9 billion, leaving a surplus of \$500 million. However, on January 1, 1959, this estimate had undergone some changes. At that time the Presi-

dent estimated that the receipts for fiscal 1959 would be only \$68 billion and that the expenditures would be \$80.9 billion, leaving a deficit of \$12.9 billion. This is just to show you that high sounding, honeyed words about government financing do not prevent an estimated surplus from changing into a staggering deficit. And words alone are not going to balance the budget. The fact is that the national debt has been increased in the past several years by almost \$20 billion. This increase has been due to the actions of the same people who claimed to be advocating reductions in expenditures and balanced budgets. Let us all hope that we can get the actions and the words coordinated this time and set the record straight.

Proper Use of Range and Pasture Land

Many ranchers throughout the Donley County Soil Conservation District practice Proper Use on their grass. Some of these ranches include the E. L. Sitter, Trew and Johnson ranches.

Proper Use by definition is grazing half and leaving half of the current year's growth of the

better grasses. If this is done then adequate litter is left for soil protection. Also sufficient stems and roots are left to insure adequate growth and seed production in the coming growing season. This being done a rancher can maintain the most desirable vegetation and at the same time improve it. Over a period of years this will mean money in the pocket.

If the better grass is 50 percent used at the close of the grazing season then these plants will be better able to compete with the least desirable plants in the stand.

Say for example that the grass on a man's place is subjected to severe over use. This will result in the better plants being grazed down to a low stubble height, this causing a severe die back of the plant roots and root system.

The plant will then stay there in a semi-dormant condition until a sufficient root system is re-obtained to start top growth. This root growth will usually drain the plant of its stored food.

Now the plant is growing again with a short stubble height, short root system, and no stored food for regrowth. If this plant is again subjected to over grazing it is very likely to die out altogether.

This will leave a bare spot. Mother nature will always try to protect the soil and because of this a less desirable plant will be put in its place. A good example of this replacer plant is sand dropseed. It grows in abundance on all land subjected to severe treatment, whether it be old fields or over used rangeland.

Brush invasion is also a child of over use. If the better grasses are growing and competing well with other plants then brush would not be a problem in most plant communities.

FORMER RESIDENT DIES IN ARKANSAS

Wade Willis, a former resident of Clarendon and Amarillo, died Friday, January 15th, in Prescott, Ark. Services were conducted Monday at 2 p.m. at Roseland Funeral Home in Dallas, Texas.

Mr. Willis was principal of the Clarendon schools for a number of years. He also served as County Clerk for two terms. He studied law and was graduated from the University of Southern California. He moved to Amarillo where he practiced law for a number of years before moving to Arkansas.

Surviving are his wife, Berdie Ross Willis of Prescott, a daughter, Mrs. Paulette Briglio and a granddaughter, Miss Flavia Briglio, both of New York City; a brother, E. H. Willis of Amarillo.

Proper distribution of grazing will help in obtaining proper use.

The Hermesmeier Brothers Ranch is an example of such a problem. The ranch is made up largely of what is known as Shallowland Caliche range site. Grasses like Little Bluestem and Sideoats Grama are growing well on this site. Present on the ranch are areas of much tighter soils and shorter grasses. Due to its easy accessibility and somewhat higher palatability the cattle concentrate on these areas.

This is a common problem with most ranchers in this area. These problems in most cases can be helped or solved by the use of such things as more adequate watering, cross fencing, and better salt distribution.

The Soil Conservation Service has men trained in helping to recognize and solve these problems. Through the Great Plains Conservation Program and the A.C.P. a man may obtain help in the way of Gov. cost share. If a land owner is interested in any of the above he should contact any member of the Donley County S.C.D. Board of Supervisors or the Soil Conservation Service assisting the Donley Co. S.C.D.

Important Facts Concerning Conservation Reserve Contracts

In case you have forgotten or overlooked some of the important terms of the Conservation Reserve contracts, here is a list of things that might be well to keep in mind.

1. Let us, at the County office, know when you have completed an approved practice for payment, you will be paid as soon as possible after you report performance.

2. Be sure that you are in compliance with your cotton and wheat allotments. If you are overplanted and remain overplanted on an allotment crop, you will not receive your annual payment.

3. Do Not Graze or harvest any crop from any Conservation Reserve acreage. A civil penalty equal to 50 percent of the annual payment and the total cost payment is imposed on any producer who willfully harvests or grazes his Conservation Reserve acreage. This applies only in those cases where no annual payment has been made. However, if the annual payment has been made, it in addition, must be refunded.

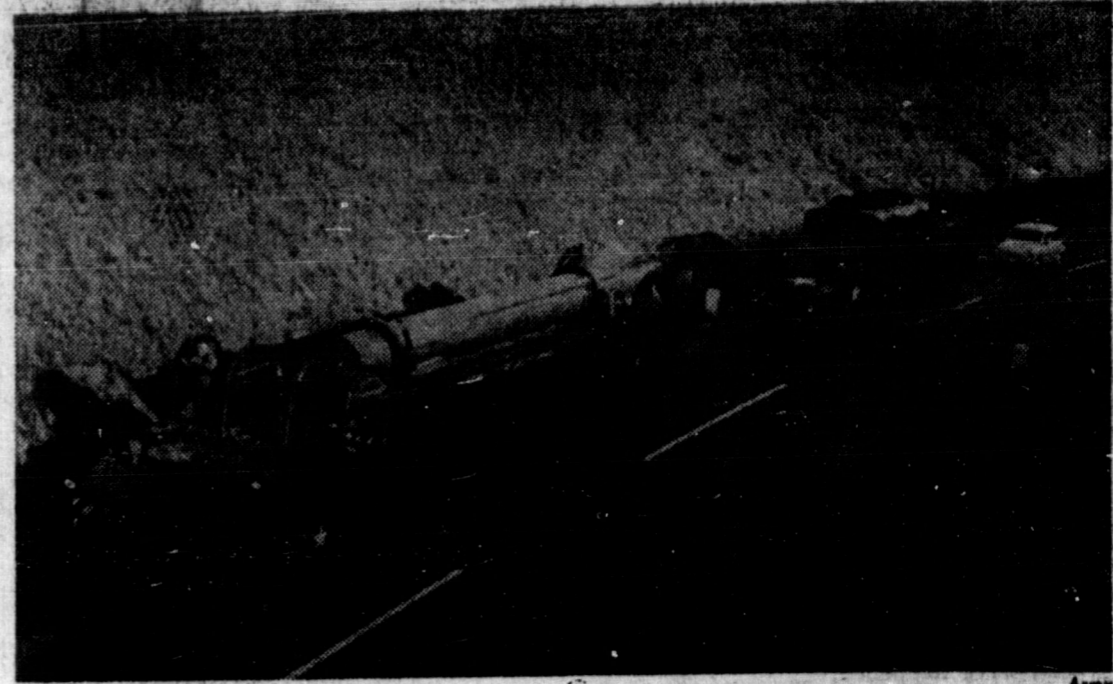

4. Keep your Conservation Reserve acreage free of cockleburrs, Russian thistles, and sunflowers or control the growth of these noxious weeds to the extent that they will not reseed themselves.

5. If you are planting a sorghum crop for litter cover in which to seed grass next spring, it is best not to let the sorghum mature.

6. If you have planted more Soil Base crop than your permitted acreage (this will be determined by field measurement) you have until September 1st or 10 days after the official notice is mailed to whichever is later to destroy the excess acreage.

7. Let us help you on any and all problems.

MISSILE ON THE MOVE—One of the U. S. Army's giant Corporal artillery missiles, deployed in Europe as part of our first line of defense, rolls down a German road during a move to a training area. The missile, a weapon of the 40th Artillery, shows the mobility and adaptability of the modern Army since the vehicle on which it is being hauled serves as an erector at the launching site. Field forces in Germany are constantly on the alert and undergo intensive year-round training.

ANOTHER IDEA FOR AUTO INSURANCE

AUSTIN — A competitive rate system is the only way careful automobile drivers in Texas can be justly rewarded with lower insurance rates, a spokesman for the National Association of Independent Insurers has told the State Board of Insurance.

Appearing before the board at its hearing last week (Jan. 14) at Austin to protest, along with hundreds of others, the present merit system "monstrosity," Keith Kelly of Ft. Worth, NAI attorney, said no plan would work "under Texas' monopolistic uniform single rate system" that eliminates competition.

Kelly appealed to the board to let insurance companies compete for the auto buyer's insurance business, and reiterated that many companies were willing and financially able to offer lower insurance rates, but cannot do so under the present fixed-price rating system.

He said his association had warned the board repeatedly that merit rating would never

work when a fixed-price is forced upon the public.

"Why should those who believe in concerted price-fixing in insurance be permitted to force all insurance companies to conform to the same rigid pattern, at the expense of the public?" Kelly asked.

Kelly said the aim of the merit rating plan was to reward careful drivers. He said the desired result could be accomplished by the adoption of a competitive (flexible) rate system, and that such a plan would be without all the injustices contained in the present merit rating plan.

"It is the opinion of the NAI that the Texas Safe Drivers Insurance Plan is an actuarial monstrosity that was foisted on the Board and an unsuspecting public by the same group of companies which has resisted legislative efforts to bring the benefits of healthy competition to insurance buyers," he told the board.

"If the companies which fathered this thing want to keep it, let them have it, but let the public decide for itself whether or

not it wants any part of the plan. Do not make participation by insurance companies and insurance buyers compulsory. Make it optional."

Mrs. C. W. Martin has received word of the death of her uncle, Jess Keith, in Fresno, Calif. Mr. Keith died January 15.

Mr. and Mrs. R. Hodges and David of White Deer visited Mr. and Mrs. Edd Hodges Thursday evening. Mr. and Mrs. Ruther Buchanan and son visited Mr. and Mrs. Hodges Saturday.

Mr. and Mrs. Rondal Hedley of Lubbock visited Monday and Monday night with her parents, Mr. and Mrs. A. J. Emmons.

Among those to attend services for C. E. Lindsey were Mr. and Mrs. Mack Dunn and Loomis Stillwell of Memphis, also Mr. and Mrs. A. E. Grimsley of Hedley.
