'Our Army's Heritage'

TOP LEADERS CONFER. This historic photograph of General Dwight D. Eisenhower and General George C. Marshall at the Algiers Conference, June 1943, appears in "Strategic Planning for Coalition Warfare: 1943-1944," 45th volume in the series UNITED STATES ARMY IN WORLD WAR II. This volume by Dr. Maurice Matloff will be published February 4 by Office of the Chief of Military History.

4-H Members Make Good Showing At Fort Worth Show

Donley County 4-H Club members made a good showing at the Southwestern Livestock Exposition at Fort Worth last week says County Agent H. M. Breedlove. La Jean Harrison Taylor, 4-H Club girl from Hedley showed her steer in the Hereford junior steer division and placed third. There were approximately forty steers in the class. Beverly Leathers, of Lelia Lake placed her Angus steer second in the senior calf division. There were approximately twenty-seven steers in this class. The steer placing first in the same class in which Beverly showed her steer was judged Champion Angus of the show. This gave Beverly a chance to show for reserve champion but she was beaten by a summer yearling steer. Both steers will not be sold in Fort Worth, but will be taken over to the Houston show the latter part of this month.

Former Resident Dies At Canyon

Funeral services for James Robert LaFon, a former Clarendon resident, were held Tuesday morning in the First Methodist Church of Canyon with the Rev. H. Doyle Ragle, pastor and Rev. J. Frank Peery of Amarillo officiating. Mr. LaFon, 78, who lived on the Currie Ranch nine miles east of Canyon, died Sunday in a Canyon hospital. He was born Oct. 22, 1881 at Freeland, Texas, and moved to Donley County in 1911. He lived in Clarendon and farmed in Donley County until 15 years ago when he moved to the Currie Ranch. Mr. and Mrs. LaFon celebrated their golden wedding anniversary on Christmas Day, 1954.

He was a member of the Methodist Church. Survivors include his wife, Selma; one son, Lowell LaFon of Albuquerque; five daughters, Mrs. Lynn Pope of Lubbock, Mrs. J. H. Shanklin of Albuquerque, Mrs. Ross Harwood Beville of Washington, D.C., Mrs. Stuart Condon of Waco and Mrs. Hugh Currie of Amarillo; two brothers, one sister, 16 grandchildren and two great-grandchildren. Pallbearers were T. A. Smith, A. P. Richardson, Pete Morrow, Odell Mantooth, David Bechtol and Charles Rittenberry. Burial was in Citizens Cemetery here under the direction of LaGrone Chapel of Canyon.

Bulldogs Meet South Plains Here Sat. Night, 8:00 P.M.

South Plains Junior College of Levelland will invade Clarendon Saturday night for a West Zone Conference game with the Bulldogs of Clarendon Junior College. The game is slated to get underway at eight o'clock. The Bulldogs will be favored over South Plains since they defeated the Levelland school, 83 to 66, at Levelland recently. South Plains has not yet won a conference game in the two years of their membership in the conference. Coach Young of the Bulldogs will probably start Alva Carter at center, H. D. Yarbrough and Felix Johnson at forwards and Bobby Lesley and Oscar Bronniman at guards. The Bulldogs are currently sporting a 3-3 conference record and a 12-7 season record. In conference play they have defeated South Plains, Lubbock Christian College and Odessa and have lost to Howard County twice and to Frank Phillips. This does not include their game last night with Amarillo College which was too late to get into this week's paper. The Bulldogs, through their game with Howard County last Saturday night, had scored 1,385 points in 19 games for an average of 72.9 points per game while allowing their opponents 1,233 points for a per game average of 64.9. Leading the Bulldog scoring is Bobby Lesley, freshman from Hedley, who has scored 245 points in 18 games for an average of 13.5 points per game. He missed the Lubbock Christian game. Following Lesley are the other four usual starters of Alva Carter, sophomore from San Jon, New Mexico, who has scored 237 points for a game average of 12.5; Felix Johnson, sophomore from Quitaque, with 136 points for an average of 11.5; Oscar Bronniman, freshman from Adrian with 166 points for an average of 8.7 and H. D. Yarbrough, sophomore from Claude, with 136 points for an average of 7.2. Other players and their total points for the season are: John Alexander, 94; Dee Blevins, 82; Johnny Hudson, 71; Jimmy Humphreys, 50; Marvin Young, 36; Carl Iribeck, 27; John Morrow, 23 and Neal White, 2.

Several Contested Races Noted At End Of Filing Date, Monday

Parent - Faculty Conference To Meet February 9th

The regular monthly meeting of the Parent-Faculty conference will be at 7:30 p.m. February 9th in the high school auditorium. The purpose of this conference group is to find ideas and solutions which will help improve our school. If any parent has an idea or a complaint to make, this is the place to do it. Right at the present time, lack of interest on the part of parents is evident and more should make an effort to attend this meeting. A representative group of both parents and teachers attended the January meeting in spite of the inclement weather and conflicting meetings.

It is suggested that you send your questions for discussion if you cannot attend in person. Either send by someone who will be there or mail your question to the secretary, Mrs. George Thompson.

Services Held Wed. For N. A. Sims

Funeral services were held Wednesday afternoon at the Assembly of God Church for Noah Arthur Sims with Rev. A. W. Harris officiating. Mr. Sims, 75, died in the Groom Osteopathic Hospital Monday. He had been a resident of Clarendon and Donley County 32 years. He was a member of the Assembly of God Church here. Survivors include two daughters, Mrs. Mae Gabbury of Cislite, Calif. and Mrs. Evelyn Swearingen of Clarendon; four sons, Charles A. of Borger, Cecil L. of Palo Alto, Calif., Billy C. of Clarendon and Herman L. Sims with the U.S. Army, Paris, France; and 14 grandchildren. Pallbearers were Clifton Elliott, Bill Tatum, J. B. Melton, Carrel Rippetoe, Calvin Ashcraft and Truett Behrens. Burial was in Citizens Cemetery with the Murphy Funeral Home in charge of arrangements.

According to the list of candidates that signed up with County Democratic chairman, Mike McCully before the deadline Monday night, the political pot took on a more competitive appearance with several contested races for offices concerning this particular area. Congressman Walter Rogers will be opposed by Arthur Glover of Amarillo for the job of representing this area at the White House in Washington, D. C. Rep. Will Ehrie of Childress picked up a last minute opponent for Representative of the 88th district. He is Roy L. Taylor of Matador, Texas. Herbert O. Willborn of Amarillo is the only candidate listed here for the State Board of Education post. In the district race, Judge Luther Gribble of Wellington is unopposed for District Judge and District Attorney John T. Forbis has no opponent.

In county politics we have four contested races with three filing for the office of Sheriff, Tax Assessor-Collector. The candidates are Lonnie (Bill) Cornell, Truett Behrens and Carl Pittman.

Three candidates are listed for Commissioner of Precinct 1: George E. Bulman, Clarence Reynolds and Vance Gray. The present commissioner of Precinct No. 1, Hubert Rhoades is not a candidate for re-election. Two candidates are listed for the Precinct No. 3 spot with F. M. Murray seeking re-election and opposed by T. W. (Tommy) Bain. Two new candidates are listed for the Justice of Peace office of Precinct 3. They are S. G. "Sime" Adamson and M. O. Weatherly.

Other offices drawing no opponents are: County Attorney, Bill Lowe; County School Supt., Ruth M. Richerson; Constable, Precinct No. 2, R. C. Hill. Filing for a place on the ballot for Democratic Precinct Chairmen are: No. 1, W. H. McDonald; No. 2, Richard V. "Dick" Kennedy; No. 3, R. W. Scales and Henry Moore; Precinct No. 4, C. P. Hamilton.

Mrs. John Chamberlain and Jake had as week end visitors in their ranch home near Turkey Mr. and Mrs. Ben Chamberlain Prairie and Bernice of Claude, and Mr. and Mrs. Kelly Chamberlain of Clarendon.

Poll Tax Sales Show Big Increase

It took a last minute surge, but prospective Donley County voters apparently are concerned over upcoming political races for a total of 1505 receipts were issued before the deadline Sunday night, January 31st. Near 200 receipts were issued each of the last two days the tax office was open and Sheriff Bill Cornell stated that he issued a number on Sunday. This 1505 figure shows an increase of 338 poll tax receipts over the 1958 total of 1167 which was the last general election year. It is also an increase of 106 over the 1956 total of 1399 which was considered a high figure at that time.

Monday Night Is Deadline For Night School Enrollment

The Spring Semester of Clarendon Junior College's Adult Education Program Night School has jumped off to one of the best starts of any semester since the program began. According to Dean Abel, approximately 40 students have enrolled in the various courses by the end of the second registration night. However, the Dean urges more registration for next Monday night, Feb. 8, particularly in beginning accounting where the class could handle at least four more students, and in Business Mathematics where six more students could be accommodated. Also there is room for several in the advanced shorthand class. If you should be interested in any of the above mentioned classes or in any of the following: Chemistry 114, or 214; Bible 123; American History 223; Government 213; Typing 113; Typing 123, please call the office of the Dean and let him know your wishes, and then plan to be present for enrollment next Monday night at 7:00 p.m.

VOLLEY BALL TOURNAMENT TO BE HELD

The Junior Class of Clarendon High School will sponsor a Volley Ball tournament to be held March 1-2-3. Entry fee per team will be \$10. Any team, local or out-of-town, may enter. All entries are requested to be made as soon as possible. Interested persons may contact Howard Talley, president of the junior class, Clarendon High School. Trophies will be awarded.

NEW LICENSE PLATES NOW ON SALE

AUSTIN — New license plates for 1960 are now on sale at all county courthouses, State Highway Engineer D. C. Greer announced. The plate have white letters and numerals on a black background. The lettering and numbers for Donley County passenger cars begin with AP 6800. Greer stated that 4.7 million motor vehicle registrations were bought by Texans in 1959, and predicted that 1960 registrations would approach the five million mark. Greer urged Texas vehicle owners to register early. The registration deadline is midnight, April 1. Greer stressed the importance of registering all automobiles and trucks in the home county of the vehicle owner. "Take your certificate of title and your last year's registration receipt to the tax collector in your home county. Penalty for improper registration of a vehicle can be as much as \$200. Don't risk an illegal registration. Remember, too, that a portion of all registration fees stays in your home county to benefit your local community," Greer said.

CHURCH TO HOLD WEEKLY CLASSES

Teaching Mission will be held at the Mission Hall of St. John the Baptist Episcopal Church beginning Monday, Feb. 8th, at 7:30 p.m. and will continue at the same time each week for five consecutive weeks. Subject matter to be taught will be the Doctrine and Faith of the Episcopal Church. Rev. James Mock, Assistant Rector of St. Andrews Church of Amarillo, will conduct the sessions and do the teaching. Everyone interested in the Episcopal Church in any capacity is urged to attend.

CUB SCOUT DEN MOTHERS TO MEET

The Cub Scout Den Mothers will meet Friday afternoon, February 5th, at 3 p.m. in the First Christian Church. A guest speaker will be present for the meeting and a film will be shown.

All Den Mothers are urged to be present and all other mothers who have youngsters in the cubs or interested in this project are most welcome to attend.

TRADE DAY WINNERS

Winners in the Trade Day event here last Saturday were as follows: \$25 - Sam Spradlin; \$10 - C. E. Blackburn; \$5 - Jerry Lohoeffer. Bob Moss Pharmacy was the only participating merchant listed in the second ticket drawn.

Lloyd Virgil Risley, who is a student at the University of Texas, Austin, spent the week end with his parents, Mr. and Mrs. Lloyd Risley, before enrolling for the coming semester of school. He left Wednesday to resume his studies.

HOSPITAL NOTES

Patients as of Wed., Feb. 3rd: Mrs. Emmett Bryson, C. C. Carter, Dale Casteel, K. K. Day, twin Harris babies, Arthur Havens, Mrs. Lee Leek, Mrs. T. L. May and Pauline Mills. Dismissals: Jim Cook, H. J. Goswick, Mrs. Harmon Goodman, May Dee Harris, Larry McWilliams, Mrs. W. A. Riggs and Mrs. W. W. Raney.

Meeting On Fertilizers Set For Feb. 11

Gordon Simpson, local feed and fertilizer dealer, announced yesterday that a public meeting has been set for Thursday, February 11th at the district court room in the court house at 7:30 p.m. for the purpose of acquainting farmers of this area with first hand information in regard to soil testing and fertilizers. Dr. Ivan Miles, who is with Olin Methieson Chemical Co., will speak on the topic of "Soil Testing and Fertilizers" at the meeting. He has been testing soil and experimenting with fertilizers the past 30 years, mainly in the south and set up the first soil testing laboratory in South Carolina. Every farmer and rancher interested is invited and urged to attend the meeting. Coffee and doughnuts will be served through the courtesy of the Simpson Mill and Feed Store.

FIRE DEPARTMENT ELECTS OFFICIALS

At their regular meeting last Thursday night the Clarendon Volunteer Fire Department elected officials to head the organization as follows: Carl Bennett, Chief; Lloyd McCord, Ass't. Chief; Basil Smith, President; Pete Darnell, Sec.-Treas.; Clyde Price, Hose Capt. No. 1 and Billy J. Land, Hose Captain No. 2.

Sen. Johnson Leads Dimes Drive

Senator Lyndon B. Johnson, of Texas, adds his contribution to the 1960 New March of Dimes in Washington, with Mary Beth Pyron, two-year-old national poster girl for the campaign at his side. Mary Beth was born with birth defects. New March of Dimes funds are battling not only birth defects but also polio and arthritis.

"WHIRLYBIRD" TRAIN—U.S. Army H-34 "Choctaws" of the 91st Transportation Company (light helicopter) hover for hook-up to 187th Airborne Battle Group Mortar Battery equipment during one of the many training exercises which keep the Strategic Army Corps (STRAC) in constant readiness. The 187th is a unit of the 101st Airborne (Screaming Eagles) Division stationed at Fort Campbell, Kentucky. STRAC soldiers at left wear goggles for protection against wind blast of the 'copter blades as they scurry forward to fasten sling hooks to the loads.

Mr. and Mrs. S. M. Harp, Mrs. Sidney Harp and boys spent Sunday with Mrs. O. L. Jacobs in Amarillo.

DETERMINE USEFUL LIFE OF FARM PROPERTY

College Station — Every taxpayer owning depreciable property used in his trade or business is faced with the problem of determining the useful life of each asset.

There is no standard life of farm property, says Bob Cherry, extension farm management specialist. Useful life in each case must stand on its own merits. For example, a barbed-wire fence with untreated posts on the Gulf Coast might do well to last 10 years, whereas the same fence in the Trans-Pecos area may last 30 years.

"Useful life" means useful life to the taxpayer, the specialist

explains. An automobile might be charged off in three years by one taxpayer with heavy usage, while his neighbor's vehicle of the same kind and model will last for six years because of light usage.

Factors to be considered in determining useful life include the amount of use, age when acquired, policy as to repairs and upkeep, climate, and operating conditions. For example, dusty operating conditions would be a prime consideration in the useful life of a tractor.

As a guide, the Internal Revenue Service has published average useful life figures for property in the United States in Bulletin "F". It is a guide only, Cherry notes, and has no official status for validating specific cases. The guide can be obtained from the Superintendent of Documents, Washington, D.C.

This bulletin should prove very useful to persons engaged in farming and ranching. Your local county agent has a list which gives estimated life of many items found on farms and ranches, Cherry adds.

HEDLEY NEWS
Mabel Bridges

Our community was saddened Wednesday morning when word came that Rev. W. M. Caldwell former Methodist pastor here, had passed away Tuesday evening following a heart attack. Rev. Caldwell was pastor of the Sparenburg Methodist Church at the time of his death. Among other towns he had served as pastor were Muleshoe, Anson, Sweetwater and Hedley. Funeral services were conducted at 2 p.m. Thursday in Avoca Methodist Church. Survivors include his wife, Jewel, one daughter, Mrs. Loyd Livingston of Seminole, and a son, Bill Culwell.

Bro. Culwell was loved by his many friends. The time never came when he was not always ready to help those in need of help. His many kind deeds and comforting words have blessed his life and carried Christ into many hearts. His good life and Christian influence will live on.

Mr. and Mrs. Winifred Doherty attended funeral services. The many Hedley friends extend sympathy to the family.

Mrs. J. H. Richey, a former Hedley resident passed away Saturday in Thurman's Convalescent Home in Amarillo. Funeral services were conducted Wednesday in Pampa. Graveside services were conducted in Fairview Cemetery in Memphis. Mrs. Richey had lived in Pampa since 1940. Survivors are two daughters, Miss Mellie Bird Richey of Pampa and Mrs. Annie Breining of Amarillo, one son, James Richey of Long Beach, California.

Mrs. Richey had a host of friends. To know her was to love her. A large number of friends attended burial services in Mem-

phis. Mr. and Mrs. Hoover Harrison and son of Amarillo spent the week end with the lady's parents, Mr. and Mrs. Vernie Wade.

Attending the Richey services in Memphis Wednesday were Mesdames Mary Harris, Pauline Moffitt, Oncie Simmons, Miss Myrtle Reeves, Mr. and Mrs. E. M. Glass.

Students home from college during semester holidays are Jerry DeBord of Lubbock, David Boliver of Lubbock, and Bobby Couch of Denton.

LoVeta Houdashell, Cheryl Scism and Nancy Lou Hinds from West Texas State in Canyon were here during the semester holidays.

Tobe Woodard suffered bruises when his milk truck struck a horse near Pampa.

Pane Hoggard of Dallas has been visiting his brother, H. Hoggard, who is ill.

Mr. and Mrs. Bob Moffitt and daughter of Skellytown spent the week end with the Hobart and Tom Moffitt's and Mrs. Lela Moffitt.

Chester Hill of Lefors was a Hedley visitor Saturday.

Visitors in the Sam Owens' home for the week end were Mr. and Mrs. T. E. Naylor and children of Dumas, Mr. and Mrs. Burl Owens and baby of Amarillo.

Dell Cooper of Skellytown spent the week end with his brother, Mr. and Mrs. Horace Cooper.

The Cotton Darnell family moved to a farm near Memphis last week.

A. L. Cherry and Don Haskins made a business trip to Hereford Saturday.

Don Reeves of Amarillo visited Mrs. Reeves and Myrtle over the week end.

Mrs. Charlie Tims and son,

John, have been visiting her children on the South Plains, returning home Saturday.

Mr. and Mrs. Sam Owens, Jr., and family are visiting in Hedley with the Sam Owens' and H. H. Hall's. They are moving from New Baltimore, Michigan, to California. Mrs. Verda Hall who has been visiting in New Baltimore returned home with them.

Charles Rains of Amarillo spent the week end with his mother, Mrs. W. I. Rains.

We are sorry to hear H. Hoggard had to return to a Memphis hospital Saturday. At last report he was seriously ill.

Mrs. J. M. Baker underwent major surgery in Odum Clinic in Memphis Saturday. Glad to report her doing fine.

Ella Kirkpatrick of Amarillo spent the week end with her brother, the Herman Kirkpatrick's.

PRESBYTERIAN WOMEN CIRCLE I

Circle I, United Presbyterian Women, held the first meeting of the new year January 27, at 9:45 a.m. in the home of Mrs. Homer Taylor, the circle chairman, Mrs. Byrd Adkins presiding.

Meeting opened with prayer. Mrs. Thad Rodgers gave the devotional based on the Psalms. Mrs. Millard Word gave the circle lesson, "Why the Psalms," with a round table discussion. Mrs. J. H. Howze and Mrs. Heckle Stark sang "The Lord Is My Shepherd" taken from the Twenty-Third Psalm as given from the Scottish Psalter in 1650. Meeting was closed by repeating the Mizpah Benediction in unison.

Delicious apple pie, Cheese Twists, coffee and tea were served to eight members.

The next meeting will be February 24 in the home of Mrs. J. H. Howze. — Rep.

KIL KARE KNEEDLE KLUB MEETING

Mrs. E. H. Noland entertained members of the Kil Kare Klub in the home of her daughter, Mrs. William J. Lewis, Thursday afternoon, January 28. The afternoon was pleasantly spent in visiting.

Refreshments of coffee, cheese sandwiches, and strawberry cake were served to guests: Mrs. Frank White, Sr., Mrs. Bob Boston and son of Amarillo, and Mrs. Lloyd Benson, also members. Mesdames Nolie Simmons, John Bass, J. R. Bartlett, Major Hudson, Cap Lane, Harry Brumley, G. C. Heath, M. C. Rumpy, S. W. Lowe, Homer Mulkey, E. H. Noland, Wm. Lewis, and Miss Etta Harned. — Rep.

1926 BOOK CLUB DINNER PARTY

Members of the Book Club entertained their husbands and friends with a dinner party in the Patching Club House Tuesday, February 2nd at 7 p.m.

Mesdames C. B. Morris, B. C. Antrobus, A. J. Garland and Au-ford Jay were hostesses. The bounteous meal was prepared by the ladies of the Lelia Lake Methodist Church and served buffet style.

A lovely arrangement of red carnations and lacy valentines formed the centerpiece for the dining table. The valentine motif was used on the quartet tables at which the guests were seated after a prayer of thanks by John Gillham.

Mr. and Mrs. Jack Clifford were guest entertainers for the evening and showed colored slides of scenic and historic places in Germany, France, Belgium, Scotland, England, Switzerland, and Italy. Mrs. Clifford acted as narrator for the very interesting program, and helped each one present to relive with her the scenes of the Old World which we often read about but which so few of us have the privilege of seeing.

Approximately forty members and guests were present to enjoy the dinner and program. — Rep.

LELIA LAKE MYF REPORT

Lelia Lake MYF met Sunday night. There were eight present. We discussed business and decided to send a dollar to TANE every month. Carol McCullum presented the program.

We were dismissed by the MYF Benediction. — Rep.

ENGAGEMENT ANNOUNCED

Mr. and Mrs. Geo. Gresham announce the engagement and approaching marriage of their daughter, Elwanda, to Gary Wagner, son of Mr. and Mrs. W. W. Wagner of Amarillo. The date has been set for February 14th at 3 o'clock in the 10th Ave. Methodist Church in Amarillo. Friends of the couple are invited to attend.

KATHLEEN SPALDING HONORED WITH TEA

Miss Kathleen Spalding, bride-elect of Bill Mathews of Amarillo, was honored Sunday with a Lingerie Shower given by Mrs. Myrte Deahl and Mrs. Ray Moreman.

The refreshments were served from a table appointed with milk glass on a white linen table cloth. The centerpiece was red roses and red hearts in milk glass bowl. Miss Sandra Youree presided, assisted by Mrs. Dorothy Brinson, Patricia Houdashell and Sara Spalding, sister of the honoree. Guests were greeted by Mrs. Deahl. Mrs. James Evans presided at the Bride's Book.

Out-of-town guests were mother of the groom-to-be, Mrs. W. H. Mathews and Mrs. Lois Jane Mathews of Amarillo, Mrs. Jack Stafford of Silverton and Mrs. Bill Poole of Lelia Lake.

JR. H.D. CLUB HOLDS MEETING

Wilma Spier and Hazel Noble were hostesses when the Junior Home Demonstration Club met Thursday afternoon at Patching Club House. Wilma Spier, president, presided over the business meeting. The club lost one member, Patsy Reid, and voted one new member, Dollie Wilson.

Polly Schull presented the program titled "Tips for Home and Family."

Present were Ona Tatum, Nora Decker, Mable Elmore, Leona Henson, Eddith Spivey, Hazel Noble, Sadie Head, Noma Lewis, Clara Finley, Polly Schull, Cleo Crutchfield, and Wilma Spier. — Rep.

HOLIDAY FARE—These smiling girls know they look their prettiest in their smart holiday outfits. Left, a blouse with puffed sleeves and bow neckline in velveteen is coordinated with a cotton satin skirt with needle-point border. The full-skirted jumper at right also features Crompton's velveteen. Both fashions are by Girltown.

REBEKAH LODGE POT LUCK SUPPER

The Rebekah Pot Luck supper was a huge success. It turned out to be a Christmas dinner in February. Guests were amply rewarded for coming out in the rain.

After setting the kitchen in order, lodge opened in due form. Business being dispensed with a rare treat was in store for all. A glowing report was given by the ten members who attended an all day meeting in Memphis Friday, January 29.

Next Tuesday night, February 9, after lodge, there will be a "Round the World" party. The public is invited to come at 8:15 p.m. — Rep.

GOLDSTON QUILTING CLUB REPORT

The Club met with Mrs. Edgar Williams Jan. 28th. Two quilts were almost finished. Those present were Carrie Morgan, Eleanor Martin, Connie Talley, Nora Smith, Johnnie Bryson, Carlion Davis, Ola McBrayer, Velma Hodges, and one visitor, Mrs. Myrtle Reed from Ashtola. Mrs. Williams and Mrs. Ashcraft received polyanthas. The next quilting will be with Mrs. Ola McBrayer Feb. 11th.

A FEELING OF UNEASINESS

The 50's have ended. And, as usual, there has been a flood of historical and analytical accounts of what happened during that remarkable era.

Most of these have one thing in common — a recital of economic advances that were tremendous by any standard of measurement, and perhaps unprecedented. Even so, as Relman Morin of the Associated Press reports, there is a feeling of uneasiness among millions of Americans.

Why should this be the case, in the light of all the countless material gains the 50's brought us? Two statements Mr. Morin quotes may help to answer that question.

Dr. Charles Frelan, a professor of philosophy and sociology says: "Our society has met many great challenges and quite successfully in other years. But today it is drifting and has no sense of purpose."

George F. Kennan, who, in the course of a varied career, has been our Ambassador to Russia and is regarded by many as the foremost U.S. expert on Soviet affairs, says: "If you ask me, as an historian, let us say, whether a country in the state this country is in today, with no highly

developed sense of national purpose, with the overwhelming accent of life on personal comfort and amusement . . . If you ask me whether such country has, over the long run, good chances of competing with a purposeful, serious and disciplined society such as that of the Soviet Union, I must say that the answer is 'No.'"

The good life does not just consist of "things." The good life involves character, decision, fortitude, the willingness to sacrifice when sacrifice is needed in the common cause. No matter how rich a nation may become, if its people fall into the pit of lazy complacency, if their values are restricted more and more to the purely material, then that nation is doomed to ultimate destruction.

SCHOOL CAFETERIA MENU

For Week of Feb. 8-12

Monday: Steak and gravy, cream potatoes, green beans, hot rolls, jelly milk.

Tuesday: Soup, peanut butter and crackers, chocolate cake, milk.

Wednesday: Hamburgers, onion rings, pickles, lettuce, tomatoes and potato chips, cherry pie, milk.

Thursday: Wieners with cheese wedges, buttered potatoes, pickle beets, white bread, chocolate pudding, milk.

Friday: Tuna salad, cream corn, jello, white bread, milk, apple pie.

Our heartfelt thanks to all who extended comforting sympathy and helped in our recent sorrow. For the beautiful service, floral offerings and other kindnesses, we are deeply grateful. The Family of Mrs. L. M. Marshall

FERTILIZERS GOOD SOURCES OF PLANT FOOD

College Station — The use of liquid fertilizers is becoming widespread and they are proving to be a good source of plant nutrients. But, says W. F. Bennett, extension soil chemist, liquid and dry fertilizers are generally of equal value for improving crop yields.

A summary of 27 experiments in which liquid and solid fertilizers were compared showed little difference. The experiments covered a wide area and the same methods of application were used. In only three instances liquid fertilizers produced greater yields than did the solid or dry plant food. In one instance, greater yields resulted from the use of solid or dry fertilizers. In these cases, Bennett said, differences in yields were small and were not apparent on the same soil type in succeeding years.

The main considerations for making a determination of which type of plant food to use are cost and ease of handling and application. In some areas the costs are comparable, but in others, buyers will find price differences. A little shipping will show these differences, adds the chemist.

Generally, liquid fertilizers are easier to handle and apply, provided proper equipment is available. On the other hand, points out Bennett, storage tanks and special applicators required with liquids are not required when dry fertilizers are used.

From the standpoint of increased crop yields, either type of plant food, if used in the correct amounts and properly applied, should give equal results, Bennett said.

Jr. High Teams Split Games With Lakeview

Clarendon Jr. High won two games and lost one in games with Lakeview Thursday night. The Lakeview seventh grade boys defeated the local boys 20-11. Cecil Jones scored 6 points, John Grady 4 and Jack Robinson 1.

The Clarendon girls defeated the Lakeview girls 54-53 in a double overtime. Dorothy Richey scorer 35 points, Lynn Bourland 14 and Janis Smith 5.

The Clarendon boys won over Lakeview by a score of 33-21. Steve Shelton scored 11 points, Faylon Watson 8, Ted Graham 6, Troy Petty 7 and Tommy Edwards 1.

On February 4-5-6 the Clarendon teams will take part in the Wellington tournament. The girls play Shamrock at 6 p.m. on Thursday and the boys play Shamrock at 7 p.m. Thursday.

and Mrs. Harold Bourland.

Mr. and Mrs. Bob Keller of Wellington spent Monday with Mr. and Mrs. C. E. Jackson.

Those to enjoy the social at the church Friday night were Mr. and Mrs. Clarence Reynolds, Mr. and Mrs. Earl Easterling, Mr. and Mrs. Jack Lamberson and children, Mr. and Mrs. C. E. Jackson, Mr. and Mrs. Marva Lee Mays, Mr. and Mrs. Raymond Waldrop and children, and Bro. Yates.

Bro. E. J. Yates, George Bulman, Pete Land, Charlie Hearn, L. A. Watson, and Raymond Waldrop attended the brotherhood meeting at the First Baptist Church Monday night.

ADAPTED VARIETIES BOOST COTTON YIELDS

College Station — Selection of adapted varieties of cotton can boost cotton yields, grade and profit. Cotton variety recommendations for Texas vary with soil types, climatic conditions and farming practices, points out Glenn Black, associate extension cotton specialist.

The increase in mechanical harvesting should cause producers to give consideration to varieties best suited to the type of machine they plan to use. The picker varieties have open-type bolls and the stripper types have storm-resistant or storm-proof bolls. In line with mechanization practices, Black says cotton should be planted in 40 inch rows with three to four plants to the row foot. Grass and weeds should be controlled for efficient machine operation and for the production of good quality cotton.

Black suggests that Rio Grande Valley and Coastal Bend farmers use Deltapine, Empire or Stoneville for picker varieties. Storm-resistant varieties such as Northern Star, Lankart, Stormking and others are adapted for

stripper use. He says farmers interested in cotton yield performance should ask the local county agent for a copy of Bulletin 877, "Performance of Cotton Varieties in Texas, 1954-56."

Upper Gulf Coast and East Texas farmers will find Deltapine, Stoneville, Empire or similar types adapted to their areas. These include Deltapine 15, D& PL Fox, Stoneville 7, Empire WR and others. All are suitable for mechanical picking.

North Central and Central Texas growers will find that bottomlands or irrigated fields should produce best when planted to Deltapine, Empire, Stoneville and similar types. Upland farmers in these areas should consider D& PL Fox 4, Austin, Lankhart, Blightmaster, Lockett 88, Stormking and others.

Rolling Plains and High Plains producers will find storm-resistant and storm-proof types such as Western Stormproof, Stormking, Blightmaster, Lankart, Paymaster 101, Northern Star and Lockett 88 suitable for stripper use while Deltapine types, Paymaster 54B and others are adapted open-boll varieties. High Plains growers might also consider Empire and Acala types if spindle picking is desired. For stripper harvesting the storm-resistant or storm-proof types are popular.

Upper Rio Grande and Trans-Pecos growers will probably prefer the Upland varieties such as Acala 1517C, Acala 1517 BR-1 and other Acala types as they are developed. In this area American-Egyptian cotton of the Pima strains could be planted under special allotment.

Black urges cotton producers to plant only seed of varieties known to be adaptable to their area and that have been tested for germination and purity. He also recommends that the seed be treated for seedling disease control.

"DE TOCQUEVILLE WAS RIGHT"

Writing editorially in The Saturday Evening Post, Oscar Ibele, professor of political science at Kent State University, said in part:

"What the Government subsidizes it can also control. As its power increases, our freedoms diminishes. Many vigilant persons recognize this peril to their liberties, but in the face of the tremendous voting power of the pressure groups and other recipients of 'free' Federal money, the odds are increasingly against them."

"De Tocqueville was right. It is possible for the people to vote themselves into bondage. We shall be fortunate if this doesn't

If Your Child Asked This Same Question,

What Would Your Answer Be?

"DADDY, IF YOU DIED..."

When my children were tiny tots, I used to romp with them before tucking them in for the night. At the end of one of these frolics, as I was tucking my little boy away, he asked me a question I have never forgotten. Looking up at me he said very innocently, but with apparent concern, "Daddy, if you died would Mommy, Bobbie-Ann and I die, too?" I replied, "No, Jim, why do you ask that?" He said, "Well, who would feed us?"

I tried to reassure him, but as I left his room, those words kept pounding in my ears: "Who would feed us?" I've never forgotten them.

That little incident happened on December 18th. How do I remember? Because one of my largest insurance policies is dated December 19th.

FARM NEWS

From the County ASC Committee
Conservation Reserve Contracts Start April 15
 New Conservation Reserve contracts recently signed by farmers go into effect not later than April 15, 1960, according to Mr. Cooke, Chairman of the County Agricultural Stabilization and Conservation Committee.

The contract provides that it

goes into effect when the farmer starts his operations to establish the conservation cover on the cropland under contract but no later than April 15, 1960.

Mr. Cooke gave this example: A farmer signed a Conservation Reserve contract on December 12, 1959, placing all his eligible cropland in the program. He agreed to plant grass on all the contracted land. Preparation of the land for grass seeding was started on March 10, 1960. The contract would then go into effect on March 10. However, if the start on the preparation for grass seeding did not take place until April 20, the contract would go into effect on April 15.

Mr. Cooke reminds all farmers with land in the Conservation Reserve that after the effective date of the contract the land may not be grazed and no crop may be harvested from it during the life of the contract.

Farmers May Obtain Premeasurement of Fields
 Any farmer who wishes to have his fields measured officially in advance of spring planting to assure compliance with acreage allotments should apply as soon as possible to his county Agricultural Stabilization and Conservation Office, Chairman Cooke announced today.

Under the premeasurement program, regular ASC performance reporters measure the fields. The premeasured acreages will be accepted as official for all ASC purposes provided no obvious error is made and provided the fields are planted as measured. A later trip to the farm will be made to determine that these requirements have been met, but in most cases an additional survey will not be necessary.

The purpose of premeasurement, Mr. Cooke said, is to help the farmer guard against either overplanting or underplanting his crop allotment. Overplanting, either through inaccurate measurement by the farmer or through incorrect information about the size of permanent fields, can often cause unnecessary expense for fertilizer, seed and soil treatment. Underplanting can cause loss of farm income.

Requests for premeasurement should reach the county office no later than April 1, 1960, Mr. Cooke said. At the time of application, the farmer will be asked to deposit sufficient funds to cover cost of the work.

Listing Cotton Land Only
 Remember, February 15th is the last day on which listing must be completed and you have until February 29th to report this practice.

Wheat
 Owing to the most wonderful moisture we have received and also owing to the extreme cold weather, we have been late starting measuring wheat.

The farm operator, or his representative who is familiar with the farm will be responsible for assisting the reporter in making necessary measurements, as steel tapes are being used.

SORRY—

It is regretted that in the recent publication of the Dean's honor roll of students in Clarendon Jr. College who had maintained an A average for the first semester of this year, that the name of one of the top students was inadvertently omitted.

Gary Adams, son of Mr. and Mrs. Raleigh Adams and valedictorian of Estelline High School Class of '59, ranked second in the entire college in grades and Dean Abel extends his apologies for allowing publication without Gary's name.

Rev and Mrs. Ernest Phillips had as their guests over the week end Mr. and Mrs. Tommy Phillips and their children Dianne and Mike, from Pampa. Dianne and Mike brought the special music at the Calvary Baptist Church Sunday. Rev. Phillips went to a meeting in Oklahoma last week.

Mr. and Mrs. Duane Garman announce the arrival of a son, January 30. The young man weighed 6 lbs., 1 1/2 oz., and has been named Donald Carlton. Grandparents are Mr. and Mrs. C. F. Garman of Clarendon and Mr. and Mrs. C. B. Redding of Quitaque.

FORBIS ANNOUNCES FOR DISTRICT ATTORNEY

JOHN T. FORBIS

John T. Forbis of Childress, who is seeking the Democratic nomination to the office of District Attorney, has authorized the following announcement of his candidacy.

"One of the true privileges of my life has been that of serving as your District Attorney during the past term.

"It is with true humility that I again request of you the opportunity of serving in this office. May I use this public means of requesting your continued support in the coming primary.

"I feel that I have been unusually fortunate in the cooperation and assistance I have received from the peace officers and general public of the district, and this assistance has been of tremendous benefit to me in my efforts to perform the duties of this office.

"Law enforcement is the direct responsibility of every individual, and I honestly desire to hear the views of any interested person in every case I am called upon to prosecute. Please come forward with your suggestions, criticisms and assistance."

Grand Junction, Colo., Sun: "Poor public officials are elected by good citizens who don't go to the polls."

High School Girls Win, Boys Lose One Game Last Week

The high school basketball teams played both Panhandle and Lefors last week with Panhandle being their first opponent on the 27th and Lefors on the 29th. The girls team won victories over both but the boys lost to Lefors. The girls game with Panhandle started out with the first quarter ending at 23-15 in favor of the Bronchoettes. They also led 44-30 at the half and remained in the lead the remainder of the game with the final score 70-54. High scorers for Clarendon were Paula Adams and Marie Richey. The second game the girls played last week was a victory over Lefors with the score being 67-52. Halftime score was 37-23 and the locals remained ahead to the end. Paula Adams was high scorer with 34 and Alice Johnson was second with 18.

The Broncs game with Panhandle was a victory with the score ending at 51-45. The first quarter score was 14-4 in Panhandle's favor and the half ended in a tie of 25 points. In the fourth quarter the Broncs forged ahead to win the game. High scorer was Kenneth Housden with 15 and Wayne Mann was next with 13. They encountered trouble in their game with Lefors and lost by six points. The first quarter ended in a 10-10 tie but Lefors went way ahead in the third quarter, 40-29, and the game ended 54-48 in favor of Lefors. High scorer for the Broncs was James Allen with 11, W. N. Elam was next with 10.

Up to this game the girls have played a total of 23 games and have won 15 and lost 8. The boys has played 22 games, won 12 and lost 10. — Rep.

Whether profits can be made from small grains for winter pasture can be determined by comparing the cost of establishing the pasture with the value of the product derived from it. This product may be beef, milk, hay or silage.

Jayhawks Beat Bulldogs, 84-69

The Clarendon Junior College Bulldogs lost their third conference game of the season here Saturday night when the strong Howard County College Jayhawks took a decisive 84 to 69 victory. The Jayhawks, coached by former Bulldog coach Buddy Travis, pulled away from the Bulldogs in the opening minutes of the second half and were never in any apparent danger thereafter.

The first half was close all the way with Howard County holding a 41 to 38 edge as the half ended. However, the Bulldogs cooled off at intermission and could make only four points in the first eight minutes of the second half and saw the visitors build up a 57 to 42 lead. The nearest the Bulldogs could get to the powerful Jayhawks after that was seven points, 60-67, with about five minutes left to play.

The Bulldogs were led by their smooth operating guard, Bobby Lesley, who poured in 24 points. Lesley, who dropped out of school on Monday of last week, reported back on Thursday determined to finish out the year. Big Alva Carter was a tower on defense and made 16 points. He was cold at the free throw line, making only six of 14 free shot attempts. In fact, the entire Bulldog team could make only 21 of 38 free throw attempts while the Jayhawks were making 24 of 32 attempts. Tom Garrison, 6-foot, 9-inch center, led the Jayhawks scoring with 21 points.

The loss left the Bulldogs conference record at three wins and three defeats. Amarillo College is currently leading the conference with three wins and no losses.

Research workers of the Texas Agricultural Experiment Station have released a publication, MP-336, Texas Wholesale Citrus Industry and copies are available from the Agricultural Information Office, College Station, Texas.

An application of nitrogen to grain sorghum stubble prior to plowing it under will prevent a nitrogen shortage for the crop which follows, says W. F. Bennett, soil chemist for the Texas Agricultural Extension Service. Local county agents can supply additional information on this worthwhile farming practice.

BLOWIN' Out the CORNERS

By Uncle Zeb

Our Young People of today are a mighty fine group, and it always stirs up our dander to hear someone say that they are other-wise. Take the average, by and large, and they are the most. To prove our point we quote from a recent interview of 33 high school students. They were supposed to express in 5 words what they wanted most out of life.

19 used Happiness as one of their wishes. Education came in second with 15 mentions, with Money running third with 13 votes. Respect ranked high with the 10 count, with Success following close behind with 9 choices. Love and Marriage combined to add up to 9 wishes with Home running nip and tuck for 8 mentions. These last two might well be combined and placed in second place.

Popularity took a back seat with only 4 votes, slightly nosed out by the convertible which got a measly 6 nods. One boys blew all of his five words on girls, girls, and more girls, with another

investing his five wishes in money, money, and more money. Still another made even score on money and girls and dressed his up by wanting a convertible.

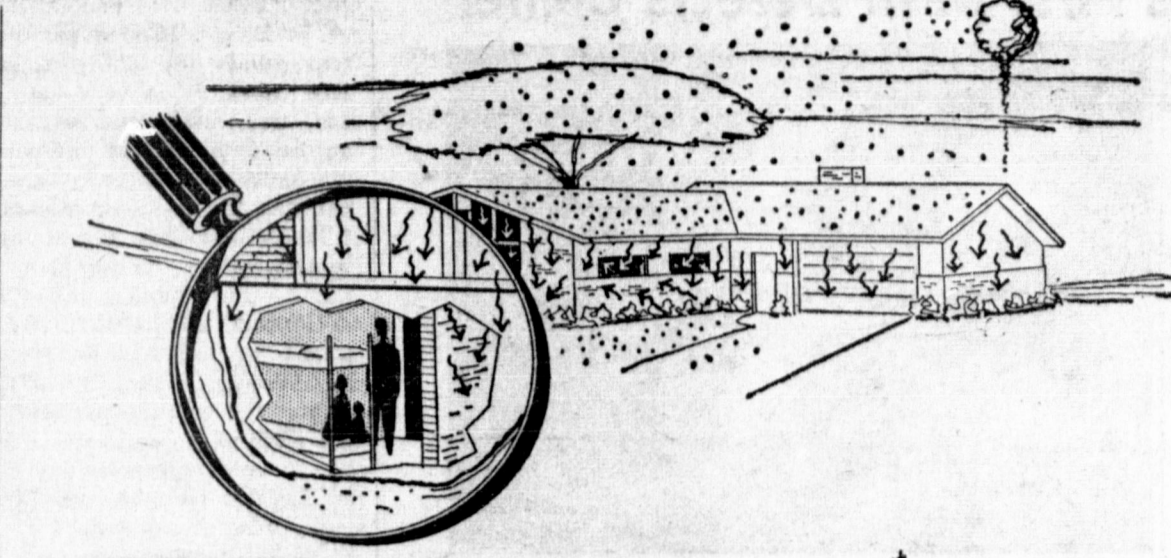

One of the most outstanding groups of 5 words, in our book, were expressed by one student who so wisely used them all to say: "What is best for me." We can't think of a better wish than this one.

Another blew out her candle with the five words; "To be useful and happy."

Congratulations Young People. When I read something like this it even gives me reason to hope that you will even correct some of the mistakes your parents made. We weren't perfect, REMEMBER?

We that are well, and able to travel about will be doing a wonderful service if we will set aside a part of our time to be shared with those who are not so fortunate. By this we mean the folks who are shut-in because of some physical trouble. Not only do we have the opportunity to brighten the day of someone who likely is lonely, but we just might be letting our own life in for a real blessing. Try it and see if you have the same grand experience that has been our privilege in this type of visitation.

If you are a shut-in and would like to have a pen-pal or perhaps

HOW FALLOUT shelters would protect occupants after nuclear attack is shown in this drawing of a modern American home. Fallout—mostly tiny particles of matter charged with radioactivity—is carried downwind from a nuclear blast, and settles on the roof and grounds. From these fallout particles, radiation rays (arrow-like figures) shoot out which can penetrate most substances. Enough rays can cause radiation sickness to people without their realizing it, since radiation cannot be detected by the senses. But the materials of a fallout shelter are dense enough to absorb most radiation and prevent it from reaching the occupants. The Office of Civil and Defense Mobilization has declared December 7 as National Civil Defense Day to remind Americans that millions might be saved after a nuclear attack by such relatively simple precautions. A booklet on building fallout shelters is available through civil defense offices, or from Box Shelter, OCDM, Battle Creek, Michigan.

have someone near you to come by for a visit drop us a line and tell us something about yourself and give us your address and how to reach your home. By the same token, if you would like to write to someone who is lonely because of the above circumstances or could visit a person near you, please drop us a card or letter right away. We will in this way help to bring folks to-

gether for a visit. One of the most courageous young ladies we have met in a long time is Miss Imogene McDonald of Rt. 3, Dalhart, Texas. We met at the recent Indoor Sports Convention in Amarillo. A victim of polio at an early age and forced to leave grade school she has finished a good, well rounded education, and has just recently passed her driver's test by using all hand controls. You will love to know and correspond with Imogene.

Due to their handicap Mr. and Mrs. Edgar V. Krause of the Shadyside Music School in Shadyside, Maryland, would like pictures of folks who use crutches. If you have photos, clippings of this nature please send them to this couple. It will be an encouragement to them.

The Foreign Student exchange program in our opinion is one of the greatest steps toward better understanding around the world that has been discovered in our lifetime. We have seen several fine groups of these students from various countries and heard them tell their experiences and it always fills us with hope that

this is something that is getting right at the heart of our world problems and misunderstandings.

The recent Convention of AFS held in Amarillo was so typical of this impressive work. We take off our hat to those who have a part in the future of this wonderful program. We believe that the next generation will show the real results from this work.

We have a saying to the effect that; "To know each other better, is to like each other more." The old Indian thought went something like this; "We should never judge the other Indian until we have walked in his moccasins for two weeks." Regardless of how we say it, understanding is the key to our better opinions of each other, whether it be on the community level or world wide.

What better way could be found to understand the ways of other people, than to live in their homes, go to their schools, and walk up and down their streets.

Years and years later when some fanatic tries to stir the folks to hate America, as has been done so many times in the past. One of these students may stand and make a speech assuring the

people that the real folks in America are good and kind. It could work wonders with our future. Congratulations young people.

GEORGE'S WIFE

By "Sarah"

We are attending a farm sale on the South Plains today. We first started this "wet weather pastime for farmers" three years ago. Can't say they have changed much.

There have been so many during this time, we asked around to be sure they were not just selling each other, then going right back into farming again. This one was for real though, the owner was going back to school, to learn another trade. Tomorrow there will be another one 25 miles away, that owner is retiring. They will be a farm sale in that area every week day, until the men can go to work.

This way of getting more people out of farming and into industry or something else is "forcing a way of life" on other people, as we see it. None of them will admit they are whipped down by the predicament we find ourselves in, with all these laws of can's and can't do's in this line of work. If you talk to them long enough though, it comes out, not directly but in ways they do not even realize, they give themselves away.

One thing for sure, we noticed today, it is not the ones financially able to survive that is hanging on for dear life. It is the rugged, one talent man, who knows no other means of maintaining life, or the one who loves his way of life, who will be out there after the others are gone.

George is neither a one talent man, or loves this way of life as much as we do, but he will be

up here tomorrow, bidding against the best of them, to better our way of life.

GRASS ROOTS OPINION

Liberal, Kans., Daily Times: "Seems no matter how convinced you are that it's a bad risk to pick up any hiker, you feel just a little like a heel when you sail on past . . . This writer would suggest . . . that you just go on feeling like a heel and pass up all the hitchhikers because a survey shows that the percentage of thugs is NOT one in a thousand or anything like it. For instance the police department at Globe, Arizona, made a survey of 300 hitchhikers. It showed 84 had criminal records or were wanted by authorities. Criminal records included 24 for burglary, 14 for auto theft, 11 for personal violence."

Nogales, Ariz., Herald: "It is true that featherbedding 'makes jobs,' but it can cost more jobs than it makes. The cost of featherbedding is to be found in prices. When product or service prices go up there are fewer customers. Fewer customers mean fewer jobs."

First time ever! Prove it to yourself!

PLYMOUTH PROVE-IT-YOURSELF

ECONOMY DRIVE

lets you prove Plymouth's gas economy!

At your dealer's now! YOU take the wheel! YOU do the driving! YOU prove how the Solid Plymouth gives more miles per gallon!

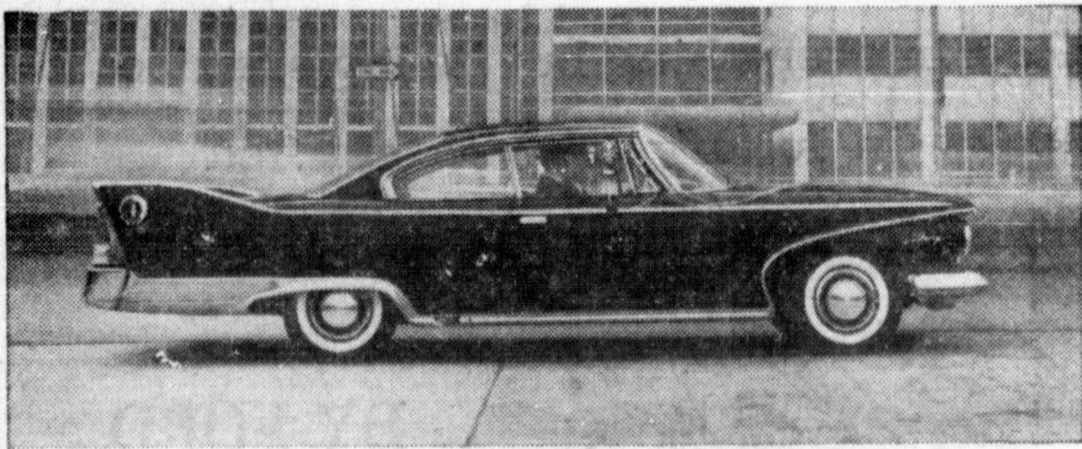

Go to your Plymouth dealer's and take the wheel of a regular Plymouth. You do the driving . . . the way you always drive. The ECONOMY METER mounted at the side shows the gas you use. See with your own eyes exactly how many miles you got on only teacups of fuel in a Solid '60 Plymouth!

Here's the gas saving you've been looking for. Get FULL-SIZE SAVINGS IN A FULL-SIZE CAR.

CLOSE-UP OF ECONOMY! Here's the PLYMOUTH PROVE-IT-YOURSELF ECONOMY METER in place. And when you take the test drive, note that brilliant performance is built into the Plymouth engines—including the new design 30-D Economy Six and the famed Plymouth Fury V-800.

YOU'LL ENJOY taking the PROVE-IT-YOURSELF ECONOMY DRIVE . . . because you see the savings! And, all of the time, you'll enjoy unusual ease of driving and handling.

A Chrysler-engineered product, built a new solid way to give you solid satisfaction.

By Congressman Walter Rogers

1961 BUDGET

The 1961 Fiscal Year will begin on July 1, 1960, and end on June 30, 1961. The money to operate the Federal government during that Fiscal Year will be appropriated by this present session of the Congress. On January 18th President Eisenhower delivered his budget message. This is an annual message delivered to the Congress recommending expenditures to be made in the operations of the Federal government. The message is prepared on facts and figures produced and evaluated by the Bureau of the Budget. The Bureau of the Budget is an agency of the President and a part of the Executive branch of the government. The various boards, bureaus and agencies of the government prepare their own proposed expenditures and then submit these to the Bureau of the Budget for consideration as a part of the final budget message to be submitted by the President to the Congress. One of the major responsibilities of the Bureau of the Budget in evaluating the requests for expenditures is to keep these expenditures within the amount of money which will be available to the Federal government from tax sources and otherwise. When it fails to do this, the government is operating on a deficit. This means that the national debt is increased by the amount of the deficit. In the past seven years, deficit operation of the government has resulted in an increase in the national debt of approximately \$20 billion. This is not a good practice, because it not only makes the tax burden heavier, but requires the use of more tax money for the payment of interest. Interest requirements on the public debt since 1954 have jumped from \$6,477 million to an estimated \$9,585 million for 1961. This means that over thirty percent more tax money will be re-

'Dimes' Opens First Birth Defects Center

A birth defects study center, the first of its kind designed to combine clinical treatment with research and teaching, has just been officially opened at Columbus, Ohio. It is supported by funds from the New March of Dimes, which is now engaged in its January campaign for contributions to fight three major crippling diseases including, besides birth defects, arthritis and polio.

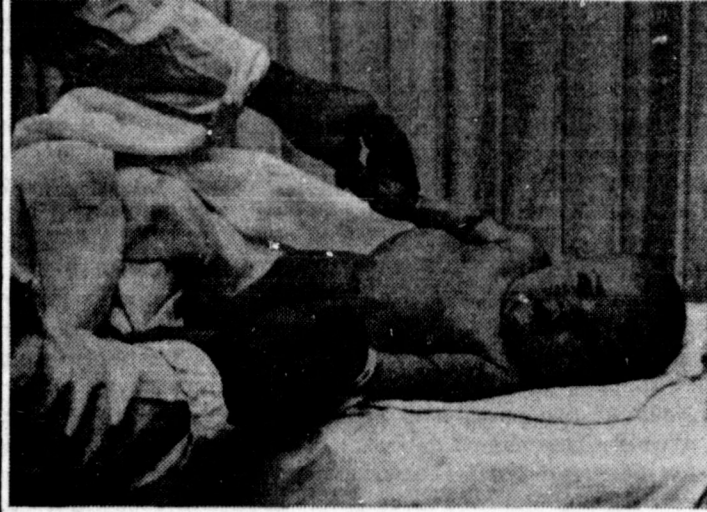

Medical experts say that birth defects are the biggest unmet childhood medical problem in the United States today. There are more than 600 different kinds of birth defects, or "congenital malformations," as they are called by doctors. They range all the way from harelip and clubfoot to mental retardation.

Some 250,000 American babies are born each year with one or more significant birth defects; and about half of this number are doomed to a lifetime of serious illness or crippling. About 34,000 infants each year are stillborn because of these afflictions, or die within the first month of life. Medical science as yet has few clues to the causes of these disorders that occur before birth; and there are few known methods of prevention.

Shrouded in Superstition
The study center in Columbus' famed Children's Hospital thus represents the beginning of the New March of Dimes attempt to solve a medical problem that has heretofore been largely neglected by research. It is a problem that has for centuries been shrouded in fear, superstition and shame. By tackling this issue with a three-pronged program of research, patient aid and training of skilled medical professionals, the March of Dimes organization seeks to bring hope to the hundreds of thousands of parents whose lives have been blighted by bewildering grief and heartbreak following the birth of a malformed child. This hope is bolstered by the past record of the March of Dimes organization in fighting baffling diseases. It was March of Dimes funds that encouraged Dr. Jonas E. Salk to become a virologist and that

Parents are taught to give home care to children with birth defects at the Columbus Children's Hospital Birth Defects Study Center, supported by New March of Dimes funds. Here doctors examine Jackie Vess, 3, born with hydrocephalus, commonly known as "water on the brain," while parents get instruction.

Born with an open spine, two-month-old Madonna Galich is examined by a physician at the Birth Defects Study Center, just officially opened in the Columbus, Ohio, Children's Hospital. New March of Dimes funds will be used to help this baby toward a normal and useful life.

produced his world-celebrated vaccine against crippling polio.

Some Can Be Helped
Certain major birth defects, such as "water on the brain" (hydrocephalus) and "open spine" (spina bifida), can now sometimes be corrected by new techniques of surgery, medical experts at the March of Dimes organization report.

Through the combination of treatment, teaching and study at the Columbus Birth Defects Study Center and others the March of Dimes hopes to establish and support, it is believed that new knowledge will be obtained and spread so that the devastating effects of these disorders may eventually, for the most part, be prevented or controlled.

quired in 1961 to pay interest on the national debt than was required in 1954. In fact, approximately eleven percent of the 1961 budget expenditures will be for interest on the national debt. This is entirely too much interest and, in my opinion, the debt must be reduced. I have heretofore opposed the increases in the public debt as well as the increases in interest rates.

According to the Bureau of the Budget the Federal tax dollar comes from the following sources:

- 52 cents from individual income taxes
 - 28 cents from corporation taxes
 - 11 cents from excise taxes
 - 9 cents from all other sources
- The tax dollar is spent as follows:
- 54 cents for major national security
 - 11 cents for interest in the public debt
 - 7 cents for agriculture
 - 7 cents for veterans
 - 5 cents for debt retirement
 - 16 cents for other (including international affairs and finance, commerce, housing, natural resources, labor and welfare, and general government)

These figures are general, but they will give you some idea of where the tax dollar comes from and where it goes. In breaking down the different functions of the Federal government, it is interesting to note that the general government, which includes financial management, property and records management, central personnel costs, FBI, alien control and related programs, legislative (Congress), and judicial (court)

functions, the District of Columbia, the territories and possessions, the weather bureau, and other general government functions, is the smallest percentage-wise of any of the divisions of expenditures as broken down by the Bureau of the Budget. General government consumes 2.4 percent of the 1961 budget expenditures, while international affairs and finance, which includes only a part of the foreign

aid program, consumes 2.8 percent of the 1961 budget expenditures.

books published is a small pamphlet entitled "1961 Federal Budget in Brief". It is a pamphlet from which the above figures were taken. It is very easy to read, and most informative. It can be obtained for the small sum of 25 cents. It is for sale at that price by the Superintendent of Documents, U.S. Government Printing Office, Washington 25, D.C. I wish it was possible for me to send one of these books to each of you, as I think you would enjoy it very much and I know you would learn a lot about Federal expenditures. I feel that 25 cents spent by any citizen for this pamphlet would be a very wise investment.

One strike and you may be out of the driving game.

RESEARCH SHEDS NEW LIGHT ON CATTLE BLOAT

College Station — One of the cases of chronic bloat in cattle is believed to have been found by researchers at Oregon State College, reports Dr. C. M. Patterson, extension veterinarian. According to their research, he adds, bloat runs in the family.

The researchers kept records on 250 beef calves in the course of the study. Chronic bloat showed up in 7 out of 13 offspring of "bloater" bulls mated to "bloater" cows or to cows closely related to the bulls. Of the regular breeding herd, less than four percent bloated occasionally.

Bloat is caused by a buildup of gas during feed digestion in the large storage reservoir in a network of four stomachs in cattle. Chronic bloating stunts growth and is a major cause of death losses in both beef and

dairy cattle.

Patterson also reports that bloat occurs most often when animals are on high-quality feed such as good alfalfa hay supplemented with barley. Test animals received a pelleted ration of two parts half-inch cut alfalfa hay to one part grain mix.

Since the tendency to bloat was increased in the tests through selective breeding, Patterson believes that it may be possible to pinpoint chronic bloating families and thus help cattle breeders select against this abnormality.

Mr. and Mrs. Lee Muse spent last Sunday night with their son, Mr. and Mrs. Sidney Muse and children in Dimmitt.

Mrs. R. M. Webb spent Friday with Mr. and Mrs. W. H. Gray.

Mr. and Mrs. J. L. Ohair of Quail visited Mr. and Mrs. W. H. Gray Sunday.

NOTICE TO ALL PERSONS HAVING CLAIMS AGAINST THE ESTATE OF J. L. McMURTRY, DECEASED

Notice is hereby given that original letters testamentary upon the estate of J. L. McMurry, deceased, were issued to us, the undersigned J. Alfred McMurry, J. W. Collins and Clifford Allison, on the 27th day of January, 1960, by the County Court of Donley County, Texas, in Docket No. 1270, Estate of J. L. McMurry, deceased, which administration is still pending, and that we now hold such letters. All persons having claims against said estate are hereby required to present the same to us at the address below given before suit upon same is barred by the general statutes of limitation, before such estate is closed, and within the time prescribed by law. Our official and post office address where said claims should be presented is:

J. Alfred McMurry, J. W. Collins and Clifford Allison Executors of the Estate of J. L. McMurry, Deceased
c/o J. Alfred McMurry
Clarendon, Donley County, Texas
DATED this the 27th day of January, 1960.

J. ALFRED McMURTRY
J. W. COLLINS
CLIFFORD ALLISON
Executors of the Estate of J. L. McMurry, Deceased (1-c)

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN — With the filing deadline (Feb. 1) past, the political ring is filled with hats — most of them familiar to Texas voters.

Since there's to be no wholesale re-shuffling among top state offices, liveliest interest is focused on legislative campaigns.

Texas Legislative Service's compilation on legislative races

indicates about six of the senators running for re-election have opposition or prospects of opposition. Usually the opponents include a representative from the senator's district.

New faces have entered the races in more than 50 of the House districts. In 19 of these the present representative is not a candidate for re-election.

Besides the usual preponderance of lawyers, there are a number of school teachers and former school teachers among the newcomers.

Campaign platforms rest mainly on these issues:

(1) Betterment of schools and improvement of teachers' salaries.

(2) Revamping or doing away with the new merit plan auto insurance rates.

(3) Providing medical payments

for persons on the welfare rolls and raising old age pensions.

(4) Enacting stiffer highway safety laws.

(5) Developing a comprehensive statewide water program.

(6) Solving the state's fiscal problems. This is generally covered in some broad, fairly vague statement, such as "modernizing the state tax system," "eliminating unnecessary expenditures" or "finding an equitable method of taxation."

ENOUGH'S ENOUGH — Presidents of Texas' tax-supported colleges and universities have come out against adding any more schools to the state's higher education system.

Their reasons: (1) we've got enough already and (2) there isn't enough state money to go around.

University of Houston is seeking admission. Its case will be heard by the Commission on Higher Education in April. Commission will report to the Legislature, which makes final decision, in 1961.

Del Mar College of Corpus Christi, a municipally - supported junior college, would like to follow the course of Arlington College and become a state-supported four-year college.

Council of State College Presidents joined unanimously in a statement that to add more schools to the state system now or in the near future would be "a grave mistake."

Texas, said the Council, supports more colleges and universities, and contributes to the support of more junior colleges (32) than any state except California.

Ninety-five per cent of our people live within 100 miles of a state college now, the Council advises.

CHILDREN'S AID REFORM URGED — Texas' aid to dependent children program seems to be creating more of the same social ills it was supposed to alleviate.

League recommends re-shaping the whole program to put the emphasis on rehabilitation. At present, says the League, the program does little or nothing to help families help themselves or to get at the problems that caused them to be in need in the first place.

SETAF SETDOWN—U.S. Army helicopters of the Southern European Task Force (SETAF) airlift allied members of the Italian Julia Brigade to the top of Mt. San Simeone in a joint Italian-American maneuver in Northern Italy. Our "First Line of Defense—U.S. Army Deployed Forces," work in close coordination with NATO nations' military in bolstering defense of the Free World.

This is the verdict of the Texas Research League after a two-year study made at the request of the State Welfare Department.

It seems that these abandoned children — those whom the parents refuse to support, or can't — often grow up to have children they too won't or can't support.

Welfare workers are seeing more and more second and third generation cases, said the League.

Regular pay for state employees traveling on state business is \$9 per day and 8 cents a mile.

BIG BUSINESS — Texas Gen-

105,000 persons in Texas — 80,000 children and 25,000 parents. Cost: \$21,000,000 a year, of which 80 per cent is federal money.

LEGISLATIVE EXPENSE RULING — Legislators who carry out between - sessions committee assignments are entitled to \$8 a day and 8 cents a mile for travel, according to an attorney general's ruling.

A special law covers the expenses of members of the Legislative Council and Legislative Budget Board. They may be reimbursed for the actual cost of meals, rooms and other expenses incidental to this work.

eral Land Office, sometimes described as "the biggest real estate agency in Texas," did a land office business during 1959.

Land Office, which is the management and collection agency for the state's public lands, took in \$60,583,603 in the past year. This came from oil and gas royalties, bonuses, grazing rentals, etc.

Main beneficiaries were the public school permanent fund and the University permanent fund. In addition, 18 other funds received deposits.

Land Commissioner Bill Allcorn said 384 veterans paid off their land loans, bringing in \$2,352,767 that can be used for more veterans' loans.

SEGREGATION SUIT SIDE-STEPPED — Dallas is in a bind between a federal court order to desegregate its schools and a state law prohibiting desegregation without a local option election.

State Supreme Court has refused to overturn a lower court

ruling that Dallas was not entitled to a court order freeing it from the effects of the state's anti-integration law. A law passed in 1957 says that a school district that integrates without a local option election shall lose its state aid. For Dallas this would be some \$2,600,000 a year.

A federal court ordered Dallas schools in 1955 to integrate "with all deliberate speed."

WHAT IS OF VALUE...

a **NECESSITY** 

a **CONVENIENCE** 

a **DELIGHT** 

and still a **BARGAIN?** 

YOUR ELECTRIC SERVICE fits the description perfectly.
Think of all the things it does for you and your family — all the way from running the refrigerator to keeping the kids entertained.
Try counting the jobs you give electricity. You'll see right away that it's just about the biggest bargain in your budget.

It's so inexpensive to cook the modern electric way. The average family served by WTU can cook a complete meal the easy, fast, clean electric way on a Frigidaire range for less than three cents.
In homes served by WTU, the average cost of a Kilowatt hour of electrical service is 18% less than it was 10 years ago.

West Texas Utilities Company

FREE WIRING (1225 with) INSTALLATION FOR RANGES, WATER HEATERS AND CLOTHES DRYERS. ASK YOUR ELECTRIC APPLIANCE DEALER OR WTU.

HERE IS A VALUE...
For less than 3¢ the average family served by WTU can cook a complete meal the modern electric way... and enjoy the cleanliness and conveniences of Electric Living.

Impala Sport Sedan

Get the quiet proof of Chevrolet's superior performance on the road—No other car in the low-priced three can match the borne-on-the-wind sensation you get from a ride in the 1960 Chevrolet. But that's not surprising when you consider to what lengths Chevy has gone to provide for your comfort at no extra cost to you. As you drive, count the ways Chevrolet has been thoughtful:

Supple Full Coil suspension—Coil springs at all four wheels melt bumps as no other suspension can. Taking the punch out of rough roads is their only function—they don't have to anchor the rear axle.

Butyl rubber body mounts—Thicker, newly designed body mounts further insulate you from the road.

Body by Fisher—Only Chevy in its field offers the polish and craftsmanship of Body by Fisher.

Foam cushioned seats—Chevy offers foam cushioned seats in both front and rear in all series but one.

Safety-Girder frame—X-built and not merely X-braced, the Safety-Girder frame affords greater rigidity to minimize twisting and squeaks.

Hydraulic valve lifters—Oil hushed hydraulic valve lifters reduce engine noise to a whisper.

Cushioned steering shaft—A universal joint and cushioned coupling keep those annoying road tremors from the steering wheel.

Precision balanced wheels and tires—Here again Chevy has shown concern for your comfort by eliminating vibration in this vital area—tire life is longer, too.

Easy steering ratio—Chevy's high ratio Ball Race steering takes the work out of steering for you.

Superior weight distribution—Chevy rides better, handles better and stops better because the car's weight is more equally divided between the front and rear wheels.

Wide choice of power teams—Choose from 24 different power combinations to satisfy the itchiest driving foot—more than any other car.

Now—fast delivery, favorable deals! See your local authorized Chevrolet dealer!
