NEW MINISTER HERE

Robert C. Jones of Amarillo is the new minister of the Church of Christ here and will assume his regular duties here August 23. He will take care of any special requirements of the church prior to taking over his duties in the pulpit.

Jones, 56, a native of Tennessee, has 40 years of preaching experience and has spent the past 30 years as minister of churches in Amarillo, Wichita Falls and Ft. Worth. For the past seven years, he has served in the Evangelistic field in 44 states.

Bro. Jones will maintain his home in Amarillo as well as a home here in Clarendon where Mrs. Jones will join him part time.

Mr. and Mrs. Calvin Naylor and boys of Amarillo were dinner guests Friday in the home of Mr. and Mrs. Carl Naylor.

School Board Hires Two More Teachers

J. R. Cox, Supt. of Schools, announced this week that the local school board has hired two more new teachers this week who will probably be assigned to Junior High School.

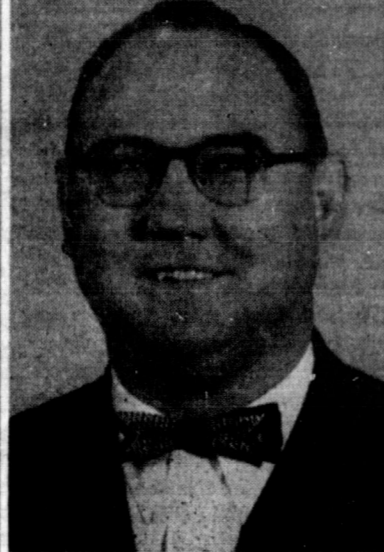

Miss Helen Hartzog of Oklahoma Lane near Farwell and a graduate of Texas Tech will teach English and Sam Lowry, who was reared here in Clarendon and has been teaching the past three years at Morning Side Junior High in Ft. Worth, will teach Math.

Mr. Cox reported also that construction was moving along pretty close to schedule on the high school wing of the new school building and contractors were still anticipating completion to such a degree that school can begin for high school students in the new structure. Construction on the other portions of the building is showing more progress also, Cox stated.

Since the school tax office has been moved to the new Administration building and a new telephone arrangement had to be made, the numbers for the high school and business office have been changed, Mr. Cox added. The new numbers are: College and High School TR 4-3552; Administration and Tax Office, TR 4-3551.

P. I. Eastlake and sons, Bob and Dan of Wichita Falls visited the week end with his father, J. C. Estlack, and other relatives.

SINGER

Weldon Goar

Revival Set for Aug. 9 Thru Aug. 13 at First Baptist Church

A Brotherhood sponsored Revival will be held at the First Baptist Church Wednesday August 9 thru Sunday August 13.

Rev. Ray Rozell of Ft. Worth will be the evangelist and Weldon Goar of Lubbock will be in charge of the singing.

Services will be held each morning at 7 a.m. followed by do-nuts and coffee. Evening services will begin at 8 p.m.

Rev. W. R. Lawrence stated that the nursery would be open at all services and is extending an invitation to everyone to come and receive spiritual benefit from the Revival Services.

EVANGELIST

Rev. Ray Rozell

J. L. Wilkinson Services Held Friday

Funeral services for Oscar Lee Wilkinson Sr. were held Friday afternoon at the Church of Christ with Robert Jones, minister, officiating.

Mr. Wilkinson died July 27 at his home in the Naylor Community at the age of 62. He was born at Ketter in Wise County August 28, 1898.

Mr. and Mrs. Wilkinson were married August 16, 1921 in Clarendon. Mr. Wilkinson had been a resident of Donley County 44 years. He was a member of the Church of Christ here.

He is survived by his wife, Mae; a daughter, Mrs. Juanita Cole of Amarillo; four sons, Gwan of Turkey; Oscar Lee Jr. and Kenneth of Borger; Grady Wilkinson of the home; two sisters, Mrs. Mamie Hall of Amarillo; Mrs. Sleta Devenport of Meeker, Okla. and fourteen grandchildren.

Pallbearers were Ray Holland, Ellis Chenault, Coleman Shields, Carl W. Bennett, Houston McDonald and W. C. Scott.

Burial was in Citizens Cemetery with the Murphy Funeral Home in charge of arrangements.

Great Plains Conservation Program

Texas farmers and ranchmen continue to show a real interest in the Great Plains Conservation Program, according to H. M. Breedlove, County Agent.

In the fiscal year ending June 30, Texas farmers and ranchmen developed 821 contracts providing for complete soil and water conservation treatment on more than 1,600,000 acres. Since the program began operations in 1957, 2,732 contracts covering 5,436,368 acres have been completed in the state.

Details of the Great Plains Conservation Program vary with local problems and needs, Breedlove pointed out. In each county, the program is developed and directed by a County Program Committee composed of state and federal agencies interested in agriculture. Complete information for your area can be obtained by contacting the local work unit of the Soil Conservation Service or your county agricultural agent.

IMPLEMENT COMPANY MOVES TO NEW LOCATION

Darnell & Sons Implement Company, Case and Massey-Ferguson dealer here, has moved its business to a new location on East Highway 287 which was formerly occupied by Johnson Welding & Machine Shop, one block west of Lee's Cafe.

The business was formerly operated in the Heath building south of the Humble Service Station. Pete Darnell said the move was made to allow greater accessibility and more storage and parking space.

What Becomes of Your Tax Dollar

The question has been asked many times, "What goes with the City tax money?" We are showing in this article what becomes of it.

The average tax collection for the City of Clarendon for the past five years averages \$31,865.42 per year. The average payment out of this collection to Adair Hospital averages \$2300.00 per year.

Average payment on Bonded Indebtedness of the City of Clarendon averages for the past five years: \$20,000.00 per year. This includes both principal and interest for each year. This leaves an average for the past five years of \$9,865.42 to apply on expenses that have very little or no revenue. Such expenses for the year 1960 which ended March 31, 1961, were as follows:

Fire expense for maintaining and operating the City Fire Department: \$6,098.50. Revenue: None.

Insurance, (Equipment and State required Workman's Comprehensive) \$3,691.66. Revenue: None.

Social Security Payments, City's part — \$1,411.52. Revenue: None.

Street Expenses: \$24,760.95. Revenue: \$2,103.60. This leaves a debit of \$22,657.35.

Five years ago our combined Bonded Indebtedness (not including interest) was \$192,000.00. Today our Bonded Indebtedness is \$136,000.00. We have cut our total Bonded Indebtedness by \$56,000.00 in this five years. This Bonded Indebtedness must be paid by tax money and as it comes due.

The reason that the City has been and is in a financial squeeze all the time since 1952 (when we voted \$100,000.00 worth of Improvement Bonds) is the fact that no tax provision was made at that time to take care of these bonds. The result being that instead of paying nine or ten thousand dollars on Bonded Indebtedness and Interest and into the Interest and Sinking Funds, the amount has more than doubled the amount of tax money that has to go for the Bonded Indebtedness and interest and into Interest and Sinking Funds. No other bonds have been voted since 1952.

Should anyone wish to verify these figures, we should be glad for you to come and check the City Records.

City Commission (Turn to page 7 of this issue of the Donley County Leader for a financial report of city affairs the past fiscal year.—Ed)

Mrs. Faye Scoggins and Mrs. Mattie Tyree of Phoenix, Arizona are visiting this week in the home of their daughter and granddaughter, Mr. and Mrs. G. W. Estlack.

LEADER CLASSIFIEDS GET RESULTS

FARM NEWS

from the County ASC Committee

BE SURE TO VOTE

Under existing regulations the community committeemen's job is becoming more and more important; therefore, it becomes more and more important that you elect good substantial persons to these positions.

You will receive information about the election later.

SOIL BANK

With few exceptions, the county has had good, to extra good rains which has caused some sunflowers, cockleburs, and Russian thistles to grow on Soil Bank land. Inspections are being made to determine that a grass cover has been established and maintained, noxious weeds are being controlled, and that no grazing is allowed.

We are, at this time, preparing Form CSS 820, Annual Payment Statement. Payments will be made after October 1, 1961 to those farms that are in compliance, according to regulations.

PERFORMANCE — OVERPLANTED FARMS

If you receive a notice of excess acres, you will have 15 days to destroy the excess and report the disposition to this office. The charge for checking the disposition area is \$4.00 plus \$2.00 for each plot over one.

If you receive a notice you do not understand, please come by the ASCS office and we will be glad to explain it to you.

Your attention is directed to certain requirements which must be met when acreage is destroyed to adjust to the farm allotment:

1. Acres destroyed around the outside boundary of a field must be at least one-tenth chain wide and contain at least five-hundred-thirty acres.

2. Areas destroyed within a field must be at least four normal rows wide and contain not less than one-tenth acre.

3. Areas must be of regular shape with not more than four sides, except when an entire field is destroyed.

4. The crop must be destroyed to the extent that no re-growth will occur.

Mrs. N. R. Hutton and Gayla Sue spent Monday thru Friday of last week visiting Dr. and Mrs. Clifford Hutton and boys in Tulsa.

HOSPITAL NOTES

Patients as of Wed., August 2 —C. H. Darling, Miss Mary Howren, Mrs. C. E. Killough, Mrs. Frank Thomas, Mrs. Oscar Thomas, Mrs. Pearl Teague, Mrs. W. S. Carlile.

Dismissals — W. E. Brive, Earl Bullock, Mrs. H. E. Westmoreland, Mrs. Geo. Thompson Jr., Geo. Thompson III, Harold Thompson, Mrs. Ray Martin, Arthur Havens, Mrs. A. J. Emmons and Mrs. Mary King.

Burglary and Destruction Loss Is High for Local Merchants Saturday Night

The west side center block of main street was the target of burglars Saturday night with a high loss reported in merchandise taken and destruction wrought by the invaders. Sheriff Truett Behrens reported two Latin American suspects were being held for questioning in connection with the incidents.

Clyde Butler Jewelry located on the second floor of the Tunnell Pharmacy building was hit the heaviest. Mr. Butler reported his loss at above \$2,000 and said he was unable to actually estimate the exact amount as the burglars took customers watches and jewelry that was being repaired along with new merchandise. In addition to the items taken, the culprits dumped all repair parts from boxes and drawers into a pile in the floor and Butler estimated a majority of the parts would be a complete loss also with no classification.

as to their intended use now available. His entire office was left a jumbled pile. The glass in practically every office door in the Pharmacy building was broken out and offices entered. E. J. Chenault's Income Tax and bookkeeping office was entered and records piled out in the floor in a jumbled mess. A desk set and other small articles were taken. J. A. Warren's Insurance office was left in a jumbled mess also.

Dr. H. R. Beck's Dentist Office was entered and the burglars knocked a hole in a desk and scattered records but no noticeable damage was inflicted on instruments.

The burglars entered the building through a skylight and lowered themselves to the floor by a chain that operated the skylight. They left thru an upstairs window. Skylights were broken on top of the Heath Furniture building, Thompson Bros. and Parker Perkins but the drop to floor level was apparently too much as nothing was missed in any of the businesses.

Sheriff Behrens stated that the overall loss in merchandise taken and the destruction would come in the neighborhood of at least \$5,000.

Behrens reported another robbery at Hedley Sunday night. The Cotton Bowl cafe was entered and all coin machines were broken into.

The Sheriff is asking for the cooperation of all citizens in the county by reporting any and all suspicious persons or unusual parking of strange autos in the area.

Services Held Tuesday For Manley S. Ozier

Funeral services were held Tuesday morning in the Murphy Memorial Chapel for Manley Shelton Ozier with Rev. J. V. Patterson officiating.

Mr. Ozier, 62, died Sunday morning in the Veterans Hospital in Amarillo following a lengthy illness. He had been a resident of Clarendon and Donley County 45 years. Prior to his retirement, he operated a Laundry business here.

A Purple Heart veteran of World War I, Mr. Ozier was a member of the American Legion and the First Methodist Church.

Survivors include his wife, Bess J. Ozier of Clarendon; one son, Edward B. Ozier of Alexandria, La.; one sister, Mrs. M. D. Stephens of Wichita Falls; and three grandchildren.

Pallbearers were Truett Behrens, Wade Roach, Billy Mac Hicks, Maurice Risley, W. L. Tatum and Jack Clifford.

Burial was in Citizens Cemetery with the Murphy Funeral Home in charge of arrangements.

Mr. and Mrs. C. L. McCrary received word Monday that their son, N. M. McCrary of Alamo, N. Mex. was doing satisfactorily in a Temple, Texas hospital following surgery there that day.

BRONCHO FOOTBALL SCHEDULE ANNOUNCED

The Clarendon High School Broncho Football schedule has been announced with the first game being scheduled for Friday, September 1 in Broncho Stadium. Coach Tom Jinks has announced that regular workouts would begin Monday, August 14 and all prospective players are requested to report on that date.

The schedule is as follows: Sept. 1, Stinnett, here. Sept. 8, Silverton, here. Sept. 15, Panhandle, here. Sept. 22, Groom, here. Sept. 30, Wellington, here (Homecoming).

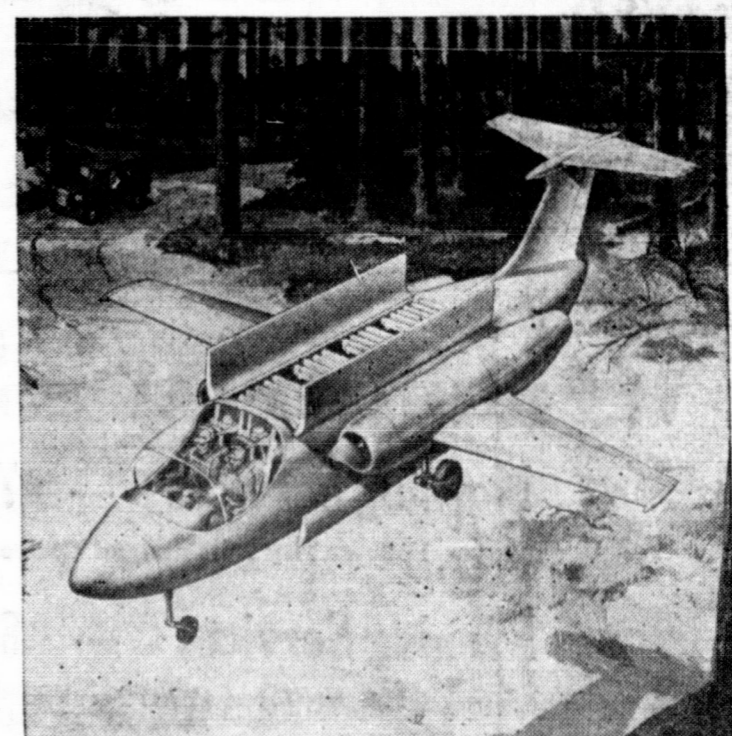

Oct. 6, Claude, there. (The remaining are conference games) Oct. 13, Lefors, there. Oct. 20, Canadian, here. Oct. 27, Memphis, there. Nov. 3, McLean, here.

THE U. S. ARMY'S NA273 Redhead/Roadrunner soars into space. This target missile was successfully fired recently at White Sands Missile Range, N. M. Designed to operate at either high or low altitudes, the ramjet-powered missile will be used as a target for U. S. Army Air Defense Command crews firing HAWK and NIKE HERCULES air defense missiles. The NA273 training missile is capable of operating from 300 to 60,000 feet altitude and from subsonic to supersonic speeds. One foot in diameter and 19 feet long, the missile has stubby triangular six-foot wings. Prime contractor for the development of the missile is the Columbus, Ohio Division of North American Aviation Co. The Army Rocket and Guided Missile Agency supervises the program.

A PRE-PRODUCTION MODEL OF THE ARMY'S NEW M110 self-propelled, air-transportable eight-inch howitzer takes rugged terrain in stride. The fully-tracked vehicle, soon to go into quantity production at the Pacific Car and Foundry Company's Renton, Wash., Division, can climb a 60 per cent grade and has a range of 450 miles. Mechanical loading and ramming devices and hydraulically operated mounts require a gun crew of only five men.

THE U. S. ARMY'S HUMMINGBIRD. This is an artist's conception of a research vertical takeoff and landing jet aircraft which Lockheed Aircraft's Georgia Division is developing. In concept, it will be designed to fly straight up, straight down and straight forward at jet speed and also hover in mid-air. It's wingspan will be 25 feet, 8 inches with an overall length of 32 feet. This development is part of the Army Transportation Research Command's effort to increase the Army's combat and logistic capability on the battlefield.

GOLDSTON NEWS

Mrs. Roy Roberson

Mr. and Mrs. O. J. Milham of McLean visited Sunday night with Mrs. V. Littlefield and Bill.

Mrs. V. Littlefield and Bill took dinner Sunday with Mr. and Mrs. Lloyd Littlefield and boys of Jericho. Lloyd Edward Littlefield was home from school in Denver, Colo., for the week end.

Mr. and Mrs. Edgar Talley visited Wednesday night with Mr. and Mrs. W. H. McDonald.

Mr. and Mrs. W. H. McDonald visited with Mr. and Mrs. Vernon Davis Sunday night.

Mr. and Mrs. W. H. McDonald visited Sunday evening with her parents, Mr. and Mrs. J. E. Morgan of Clarendon.

Mr. and Mrs. Jack Usrey spent Sunday with her parents, Mr. and Mrs. Lois Putman.

Mr. and Mrs. C. W. Tolleson spent Saturday in Amarillo with Mr. and Mrs. H. E. Tolleson and brought the children home. The children had visited for a week with their grandparents.

Mr. and Mrs. Lois Putman are enjoying their grandchildren this week.

Those spending the day Wednesday with Mr. and Mrs. Leonard Putman were her sister, Mrs. McNall and daughter of California, Mrs. J. W. Garland and Layman, Mrs. Bob Kidd and children, all of Clarendon.

Mrs. W. E. Bray spent the week end with Mrs. W. M. Boston of Goodnight.

Mrs. John Waters of Clarendon spent Friday night with Mr. and Mrs. J. S. James and attended the Chicken Fry at the Community Center.

Mr. McFarland of Lubbock spent Thursday with Mr. and Mrs. J. L. James.

Mrs. J. L. James visited Wednesday with Mrs. John Waters of Clarendon.

Mr. and Mrs. J. L. James visited Saturday night with Mr. and Mrs. Penny Johnson and family of Clarendon.

Everyone enjoyed the Chicken Fry Friday night at the Community Center. A nice crowd turned out.

Mrs. Raymond Farr visited Saturday afternoon with Mr. and Mrs. Jerry Lohoefer of Clarendon. Mr. and Mrs. K. W. Bunch of Pampa took dinner Saturday with Mr. and Mrs. Raymond Farr.

Balconies were originally built for purposes of defense.

GEORGE'S WIFE

By "Sarah"

We took a sampling of reactions from the President's speech last Wednesday morning. Didn't find one who did not feel proud of the firm stand he has, at last, taken in the Berlin crisis.

Some, who were just draft age and did not realize how serious the situation could become, were pretty happy or putting on a good front. Our 18 year old grocery boy was to take his physical next day (have snice found out he passed it) came yodeling into the back door Wednesday morning like he didn't have a care in the world. We will be one football player short this year if they take him, before he finishes school.

Our batchelor vet says he's been looking for a rich widow since his 8-year hitch in the Navy, has changed that to one with 9 children.

Some tourists on the move with families to place somewhere else until National Guard training was over, weren't at all sure they would be coming back for them soon. We detected a little panic in the women's eyes but the men were calm enough.

All of us who are too old for the draft, or didn't have anyone who was, were ready to get the thing over that day, before any more backing down could take place. But after the 10th cup of coffee wore off, there was a sadness in the hearts of most of us, remembering such a short war ago when so many never returned, others crippled for life, homes torn up and fatherless children to raise. It makes one wonder why the New Frontier doesn't really do something new, and try to discover the inner space in man, the kind that could let a war in these times flare hot

at least before we spend ourselves into slavery on outer space and other do-dads we could do without.

We are all for science and research of all kinds for the good of mankind, but the security we are trying to buy cannot be bought, or paid for if it could, in our lifetime.

Hedge Fence Plant Has Become Pest

The Cacartney rose is an example of an introduced species that has become a pest. This rose, introduced from China for a hedge fence plant, can now be found on some 400,000 acres of fertile East Texas and Gulf Coast land. Extension range specialists say that livestock production on this acreage is greatly reduced because the animals cannot graze the grass covered by the thorny canes.

Mechanical practices are not the answer to effective control of this plant, the specialists continue. Rose plants, when kept mowed, produce heavy sprouts and ground-covering canes, thus making more grass inaccessible to livestock.

Repeated yearly applications of chemicals will control undisturbed plants, however. The chemical to use is four pounds of 2,4-D amine mixed in 100 gallons of water with 2 to 8 ounces of liquid laundry detergent added as a spreader-sticker. When spraying with this chemical, it is important to use enough pressure to thoroughly wet the leaves, canes and trunks of the rose plants. For best results, roses growing along fences should be sprayed on both sides.

Early spring or fall, when the roses have enough moisture to be actively growing, is the best time to spray. The chemical solution must be applied when the wind velocity is less than 10 miles per hour, and before cotton is planted or after it is harvested.

Cost of the chemical solution is about \$4 per hundred gallons, and this amount will treat from 10 to 50 plants, depending on their size. Retreatments require considerably less chemical solution to cover the regrowth. The specialists conclude by saying that treated areas should be deferred until native grasses have reestablished themselves.

Food Plots For Wildlife Suggested

COLLEGE STATION — Most farmers and ranchers are interested in doing the best possible job of managing wildlife. Ed Cooper, extension wildlife specialist, points out that nature does a good job, but says man can be a big help.

Probably the most important principle of wildlife management is to preserve or encourage the growth of food and cover plants. Every wild creature's livelihood depends on certain types of plants or animals that feed on plants, and landowners can be good managers by making sure food and cover plants are provided, Cooper continues.

In many cases, specialized agriculture reduces the amount of food available for game animals. It is possible to offset some of this loss by providing food plots for wildlife. For deer and wild turkeys, small acreages of winter grains can be most helpful. Oats, wheat and similar winter crops offer attractive grazing for these animals. The food plots have even greater value when domestic livestock are excluded, the specialist explains.

Quail and dove will quickly take advantage of certain types of food plots. In the areas where they can be grown, Kobe lespedeza, German millet and sesame produce seeds highly desirable for birds. Several small strips of these plants, located near permanent, low-growing woody vegetation, are quite valuable.

Even wild geese can be benefited by winter food crops in Texas. In some areas, Gulf rye grass produces excellent grazing for these birds. Any type of winter grazing, including oats, rye, wheat and similar crops, can be used to advantage.

Local county agents can provide information on important

cultural recommendations for fertilization, time of planting and other important details, Cooper concludes.

CHIGGER BITES LOWER GRADE OF TURKEYS

A member of the insect world known as the red bug or chigger, is causing trouble in turkeys being produced on range. The recent rains have been good for plant growth but have also increased the chigger or red bug problem.

Chiggers are the larva stage of a small mite. Their bite, as humans know, causes a severe irritation which leaves a red blemish on the turkey's skin. A few such blemishes can significantly reduce the market grade of a bird, and large numbers can result in the condemnation of the carcass.

Texas processing plants are reporting the presence of this pest on the present turkey crop and suggests to producers that infested ranges be treated for control.

Two treatments are recommended. A five percent malathion dust applied at the rate of 15-20 pounds or a spray using 1 1/2 pints of 57 percent emulsifiable malathion concentrate an acre. The amount of water for the carrier, in the case of the spray, will depend on the amount of liquid the sprayer being used utilizes in covering an acre. If malathion is used the turkeys must be removed from the range before the material is applied and for 23 hours afterward.

The second treatment is the use of 25-50 pounds an acre of sulphur dust. The rate will depend upon the amount of vegetation present. Birds need not be removed from the range if sulphur dust is used.

Producers are advised to check their range birds and if chiggers are found on them measures should be taken to clean up the range before more serious damage is done. A visit with County Agent Flip Breedlove, will pro-

BLWIN' Out the CORNERS

Some folks not only try to keep up with the Joneses but also want to make them worry just a little. It is when we get

neck and neck that like the trained race horse neither horse wants to give up the lead.

If you can remember when a new silk dress put Sallie not only ahead of Miss Jones but also Tillie Smith and Lizzie Brown. On the family level a good fast trotting, even gaited, well matched span of horses caught the eyes of everyone on their way to Sunday Meeting. If you remember the above situations then the draft is no more one of your fears.

life then there will be no need for regret. Better wages will be waiting later on. Besides the time of preparation will seldom wait until we have earned a lot of wages. Other things such as falling in love, making a home, and earning a living will get in the way.

We need to have faith for the future. We need to set a worthwhile goal somewhere in our future, and start moving toward it. If we keep moving in that direction, even though very slowly at times, we will reach it. If we stick by our intentions and work hard to succeed then we have the main ingredients for turning a well-prepared life into a successful one later on.

Many of the complimentary books which come through the mail to the library are so dull that no one wants to read them. But the Humble Oil Company sent one that I had been wanting for a long time but the price was too steep. It is "Buck Schiewetz's Texas." It is a book that will make you want to visit, or re-visit as the case may be, some of the many places he has sketched.

Before everyone rushes to have a fall-out shelter built, think about some of the more sensible and logical thinkers have to say and have been saying for some time in newspapers and magazines. That is if you happen to be caught in an area where a nuclear bomb has been exploded, what good is being in a shelter, going to do you when you finally do have to come out and find that all food stuff has either been destroyed or is unfit for human consumption. You certainly could not live without food until you raised something to eat even if it were possible. If this is true and it does make pretty good sense who is going to benefit from this "build you a fall-out shelter" besides the folks who either build or furnish the material for bomb shelters. It is surprising what you learn if you read and not let someone else do your thinking for you.

It sometimes takes a long time to get new books from the book stores but the library has 17 new children's and teen-age books. Your youngsters still have almost a month before school starts to get in some reading time.

Even back in Grandpa's time there was something to make you sleep. They called it "work."

LIBRARY NOTES

EDITH BARNES

A family of library friends gave us 44 books. Most of them are fiction and all but four have their original dust jackets.

We cannot hope to cope too well with the present and the future unless we know something about our past history. The "American Heritage" is tailor made for those of you who are pressed for time but would like to read about America's past history. The articles are short yet are written by writers who know how to make the most of their subjects. Even if you don't have time to read all of the articles, the illustrations, which by the way are works of art, tell a story. This way the only effort you have to exert is turning the pages. Something seems to have scared folks away from this fine magazine as it is seldom checked out. The articles are of such na-

We like to see so many of our young people preparing to go off to college again. To apply the youthful years wisely is one of the best assurances of a useful life. One of the best ways to do this is to be preparing our mind and body to meet the problems of life with better equipment. All through our regular school days and on into college this preparation to meet life is growing.

It is something like planting a tree and looking forward to the time of harvest. Take the pecan tree that we plant as only a sprout and care for so tenderly for several years. It needs the very best of care through the early years. Good soil in which to put down roots and more than the usual amount of care. But later on when the paper shell pecans begin to show up we know that the time was well spent.

To the young person it often seems such a long time until the wages start coming in. But if they are spending the years wisely in preparation for a better

In those days when you saw a fellow with a new Buick you knew right off that he was in the money. You didn't look down on him just because he had to stop at 30 minutes past sundown and light up the coal oil lights on the side. Why, my father bought a Model T in the early 20's and neither myself or my younger brothers complained for two whole years because he picked a model without the starter. Those new-fangled gadgets cost money and who could foretell when it might quit working.

One of our leading citizens in the town bought a new Model T and some city slicker told him that the tires would last longer if he would change the air once a day on hard drives. On his vacation each day at noon while the family rested he would let out the stale air and with the hand pump gently refill. You just didn't laugh at folks so much in those days.

Now the Jones boy gets a new bike. The Smith lad has to have a scooter. The Brown youngster comes out in a jalopy, and Mike Jones just must have a sports model. One just can't win for losing.

"Figures never lie, but liars can do a lot of figuring." The other day we started out with some figures and before we had finished we couldn't even believe our own deductions. You try it and see how it works out. Take the following example: In 1930 Mr. A had \$30,000.00

to invest. He bought the best saving bond which he knew about and found that it paid back about four dollars for three in 10 years. At the end of the first period he had \$40,000.00. In the next 10 years his savings grew to the sum of \$52,000.00. By 1960 and counting some fringe benefits his total wealth had soared to around \$75,000.00.

The above sounded pretty good until we happened to think that the buying power of the dollar had shrunk during that time until it was worth only about 45 cents in comparison to 100 cents in 1930. This cut his buying potential back to about \$34,000.00.

In 1930 Mr. B. had \$30,000.00 to invest. He bought some good land at \$30.00 per acre. In 1960 he would have a rush of buyers willing to give him \$100.00 per acre for the 1,000 acre farm. This would gross a total wealth of \$100,000.00.

We were tired of figures so we cashed them both out to find that Mr. B. had \$45,000.00 in buying power left for his trouble and 30 years of time against \$34,000.00 for Mr. A. If Mr. B. had rented out his land over the years his advantage would be greater, possibly double or even more.

This shows what happens when we allow inflation to take hold. Savings can be wiped out in one lifetime. It can also cause a rush for real property which

Terraces and Waterways

Terraces are used to intercept the flow of water across cultivated land at frequent intervals and divert it to a protected outlet or disposal area. There it can be removed with a minimum amount of erosion. Level or graded terraces with ends open are used on our tighter land where the penetration of moisture is slow to very slow. When terrace ends are left open a protected outlet should be provided such as rangeland or a grassed waterway. Waterways are used to carry off excess water, at a safe velocity, that the soil cannot take up during the duration of the rain. Level or graded terraces with ends open serve to detain the water, giving the soil more time to take up water. It holds the water where it falls by breaking up the concentration. Level closed end

terraces are recommended on more open soil which will take up water at a rapid rate. These soils are usually found on our rolling country. Level closed end terraces are used to detain all the water which falls between them and hold it until the soil has time to take it up.

Terrace spacing is based on the slope of the land, with the flatter slopes having wider spacing than the steeper slopes. Our steeper slopes erode more than the flatter slopes. This gives water a higher velocity on the steeper slopes and causes more erosion. The terraces are spaced closer together to break up concentration of water before too much erosion can occur.

Waterways are to carry off excess runoff at a safe velocity to permit little or no erosion. Waterways can be natural depressions or shaped on our flatter land, using berms to contain the water. It is very essential to establish grass in a waterway before excess water is diverted into it. Grass serves to protect the soil by giving it a cover. This lowers the velocity which decreases ero-

sion. Width of waterways are determined by the amount of water to be carried and the slope of the land. The steeper the slope the wider should be the bottom of a waterway to control the velocity of water. On steeper slopes the water needs to plow at a shallower depth than on flatter slopes at the same velocity. The velocity of water is the major cause of erosion caused by water movement.

If you have an erosion problem that terraces or waterways can solve, contact the Soil Conservation Service office in Clarendon for help on constructing the terraces or waterways.

NOTICE OF SALE OF REAL ESTATE THE STATE OF TEXAS: COUNTY OF DONLEY:

By virtue of an execution and an order of sale issued out of the District court of Donley County, Texas, on a judgment rendered in said court May 23rd, 1961, in favor of Wesley Carroll Knorpp, John Christian Knorpp and Walter B. Knorpp, as plaintiffs against Charles G. Speed and Mary E. Speed, as defendants, in the case of Wesley Carroll Knorpp, John Christian Knorpp and Walter B. Knorpp against Charles G. Speed and Mary E. Speed, Number 3045 on the docket of said District court, I did on the 22nd day of July, 1961, at 12 o'clock Noon of said day levy upon the following described tracts of land situated in the town of Clarendon, Donley county, Texas, to-wit:

Tract Number One: All lot Number 22 block Number 5 of said town.

Tract Number Two: All the South 25 feet of lots Numbers one and two and the south 25 feet of the East 40 feet of Lot Number three, and the North 25 feet of lots Numbers eleven and twelve and the North 25 feet of the East 40 feet of Lot Number ten, and the alley lying within and adjacent to said property, all being in block Number 162 of said town of Clarendon, Donley County, Texas, same being 50 feet North and South by 140 feet East and West.

Tract Number Three: All the North 10 feet of the southwest one fourth and the North one half and the southeast one fourth of block Number Two in the Carhart Addition to said town of Clarendon, Donley County, Texas.

And on September 5th, 1961, being the first Tuesday in said month, between the hours of 10 o'clock A.M. and 4 o'clock P.M. of said day, at the court house door of said county, I will offer for sale and sell at public auction for cash all the right, title and interest of the said Charles G. Speed and Mary E. Speed in and to said property in the following order: Tract No. One will be first sold, and if it fails to bring the amount of the judgment then Tract Number two will be sold, and if it fails to bring the amount of the judgment, then Tract Number Three will be sold.

Dated July 22nd, 1961. TRUETT BEHRENS, Sheriff, Donley Co., Texas. (26-3c)

Fishy But True Many native Texans and thousands of visitors to the lone star state take advantage of Texas' vast water resources, both salt and fresh water, for the restful, yet exciting, sport of fishing. Anglers fishing Texas rivers have lured many sportsmen to the Lone Star State by proving we really grow them big in Texas.

For instance, the 279 lb. Alligator Gar caught by Bill Valverde in the Rio Grande River; or the 50 lb., 5 oz. Longnose Gar hauled out of the Trinity River by Townsend Miller.

These aren't just fish stories. They are officially recorded world records.

Lester J. Cappleman Appointed State FHA Director

Lester J. Cappleman of Ladonia, has been appointed State Director for the Farmers Home Administration in Texas. His headquarters are in Dallas. He assumed his duties July 18.

Mr. Cappleman has returned to the position he held with the agency for approximately eight years prior to April in 1954. Since that time he has been managing his farm near Ladonia producing livestock, cotton and alfalfa.

Born in Oklahoma in 1902 when it was known as Indian Territory, Mr. Cappleman attended public schools at Honey Grove, Texas and the Texas A&M College where he majored in agronomy and animal husbandry. From 1924 to 1934 he farmed in Fannin County.

From 1934 forward, including his eight years as Farmers Home Administration's State Director, Mr. Cappleman worked in the field of supervised credit and related services for family-type farmers. He joined the Re-settlement Administration at Amarillo after a year with the Federal Emergency Relief Administration at Sherman, Texas. From Amarillo, his work took him to Dallas in 1936 where he served first as loan officer in Resettlement Administration and later as Assistant Regional Director for that agency's successor, the Farm Security Administration.

In 1941 he transferred to Surplus Marketing Administration as regional director, then was in similar positions with Agricultural Marketing, Food Distribution, and War Food Administration, all at Dallas. He became State Director for Farmers Home Administration in 1946.

As State Director, he will have charge of the agency's agricultural credit and farm management program serving farmers in all areas of the state through 126 county offices.

GREEN CARD ON COTTON IS MEANINGFUL

The little green card on a bale of cotton has special meaning to both cotton farmers and buyers. The reason — it can mean money in their pockets.

For the green card tells the farmer the grade and staple length of his cotton. At the same time, the buyer is sure of what he is getting, since he knows that the cotton inside the bale is the same quality stated on the card.

Green cards are symbolic of cotton graded under the Smith-Doxey Act. A sample, which must be taken from each side of the bale, is examined for grade and staple length. This information is placed on a card and returned to the grower.

The Smith-Doxey Act provides free classification and market news information for members of cotton improvement associations, whose primary purpose is the improvement of cotton.

Up-to-the-minute market news information is collected from cotton exchanges, merchants and producers and such organizations as the Spot Price Quotations Committee.

Applications for these services must be on file by August 1, according to Mr. Charles E. Cox, in charge of the U.S. Department of Agriculture's cotton marketing service at Altus, Oklahoma.

A COMMON CORN DISEASE

Corn stalk and root rot occurs in all corn producing areas. More damage has been observed in the state during years of above average rainfall. The disease occurs on any size of plant. Affected plants may die when young. Older plants are stunted in growth and have a pale green color. Joints at or below the soil may show brown or black color when cut. Roots are rotted. Plants ripen early, and produce small nubbins or no corn. Too, diseased plants easily lodge from wind damage. Lodged corn is difficult to harvest with mechanical pickers.

The disease is caused by several species of fungi that live overwinter on old stalks. No cure or method of eradication is known, but preventive practices will help reduce the amount of damage.

Dennis-Garland Wedding Vows Read In Church Ceremony

Miss Virginia E. Dennis, daughter of Mrs. John P. Dennis of Frederick, Maryland, and Marion Dave Garland, son of Mr. and Mrs. A. J. Garland of Goodnight were united in marriage in the First Baptist Church in Frederick recently. Rev. Robert F. Woodward officiated at the double ring ceremony which was performed amid palms, gladioli and lighted candelabra.

Mrs. John Grice, organist, played traditional wedding music prior to the ceremony. Miss Effie Eyster, soloist, sang appropriate numbers.

Given in marriage by Mr. Howard V. Zimmerman, a relative, the bride wore a floor length white gown of imported chantilly lace. The lace motif designs, a scalloped neckline above the snug fitting basque waist and the tier lace skirt fell to floor length. The bride carried a white Bible topped with pile-opsin orchids and lilies of the valley with satin streamers and stephanotis. The Bible was presented to the bride as a gift from the Y.W.A. Missionary Association of the First Baptist Church.

Flower girl was Miss Judy Ann Blank who wore a yellow organza dress with a flower white veil. She carried a basket of mixed flowers trimmed with green ribbon. Ring bearers were Frankie and Sammy Dennis, brothers of the bride. Mrs. Samuel G. Tressler, Jr., sister of the bride, served as matron of honor. She wore a yellow lace chiffon over taffeta dress, a yellow head piece and veil to match and carried a col-

onial bouquet of mixed flowers tied with green ribbon and a gold bracelet, a gift of the bride. Bridesmaids were Doris Blank and Kay Summers who wore mint green lace chiffon over taffeta dresses, head pieces and veils to match and carried colonial bouquets of mixed flowers. The only jewelry worn were gold bracelets, gifts from the bride.

Joseph Grozier, Dallas, friend of the groom, served as best man. Ushers were Gene Brashears and Robert Bowers.

Assisting at the reception which immediately followed were Mrs. Howard Zimmerman, Mrs. Pauline Wymer, Mrs. Gene Brashears, Mrs. Alma Reeder, Mrs. Robert Bowers, and Mrs. Franklin Bartgis.

For her daughter's wedding, Mrs. Dennis wore a blue lace over taffeta dress with white accessories and a red rosebud corsage.

For the wedding trip through the South the bride chose a white pleated dress with gold accessories and the orchid lifted from the Bible. She also wore a gold opal necklace which was a gift from the groom's parents.

The bride graduated from Frederick High School, and the groom is a graduate of Texas Technological College in Lubbock. The couple will reside near Goodnight where the groom is engaged in farming and ranching.

TO CELEBRATE 80th BIRTHDAY

Homer Bowling of the Windy Valley community will celebrate his 80th birthday August 6 at the home of Mr. and Mrs. Cecil Mills of Lelia Lake. All of his friends are invited to come wish him a happy birthday.

CHAMBERLAIN COMMUNITY

Chamberlain Community met July 21 for their regular party night at the Center. Everyone enjoyed an evening playing Forty-two, and our hostesses were: Velma Heathington, Ruth Lindley and Ethel Dingler.

Sandwiches and cookies with cold drinks were the refreshments served and enjoyed by all. Our next party night will be Friday, Aug. 4. Everyone who has an ice cream freezer bring it full of ice cream. If you don't then bring a cake. Everyone be sure and come and have fun with us. Mrs. Clyde Gilbreath and Mrs. Hester Shields will be our next hostesses.

W.S.C.S. HOLDS WEDNESDAY MEETING

The W.S.C.S. of the Methodist Church met Wednesday morning, July 26, at 9:30 in the beautiful garden of Mrs. J. L. McMurry. Refreshments of coffee, sandwiches, and delicious fresh fruit were served to eighteen members.

Mrs. C. B. Morris, president, called the meeting to order. After the business was dispensed with Mrs. E. S. Ballew led a very interesting Bible lesson from the second chapter of John. Rep.

KIL KARE KNEEDLE KLUB MET THURSDAY

Members of the Kil Kare Klub were entertained in the home of Mrs. Major Hudson Thursday afternoon, July 27. Visiting was the program of the afternoon.

The hostess, Mrs. Hudson, assisted by her twin granddaughters, served lovely refreshments of pound cake, sherbet, and grape punch to Mesdames Buel Sanford, Frank Whitlock, Homer Mulkey, J. R. Bartlett, Nolie Simmons, S. W. Lowe, and R. O. Thomas. Rep.

LELIA LAKE MYF

Meeting was opened with prayer by Beverly McCallum with six present. Lacy Lee Noble had charge of the program. We were dismissed by the MYF Benediction. Rep.

ENGAGEMENT ANNOUNCED

Mrs. Paul Smith of Clarendon announces the engagement and approaching marriage of her daughter, Janie to James Ronald Tyra, son of Mr. and Mrs. G. L. Noble of Clarendon. The wedding date has been set for August 26.

CLARENDON MYF

Clarendon MYF met Sunday at 5:30 p.m. with 17 present for this meeting. We divided into groups and went on a visitation campaign. Following visitation refreshments were served by Mrs. Horace Green. Some plans were discussed for Youth Activity Week, which is being held this week. All young people are invited to attend our meetings which consist of programs, refreshments, and recreation.

The program presented Sunday night was entitled "Indirect Personal Contact," and was given by Jerry Bones. After the program fellowship singing was enjoyed. Clayton Ferris led the MYF Benediction. Rep.

Mrs. Willie Bird of Ardmore, Okla. is visiting Mrs. Masterson. The ladies are sisters.

Mrs. Mabel Bridges spent the week end in Amarillo with her children and grandchildren, Carol and Sherri Jeffreys came home with her for a visit. Sherri celebrated her 7th birthday with a picnic in the Thompson Park Saturday.

Mrs. Bill Bain and four children had a narrow escape Sunday evening when their car stopped on railroad track with the gears locked. The evening passenger train was seen. Mrs. Bain and children jumped from car to safety. The car was completely demolished. They were all safe and unhurt. This was the same railroad crossing Mr. Bill Bain was killed on when a train hit his car a short time back.

Mr. and Mrs. Lee Thaxton of Boise City, Okla., were recent

HEDLEY NEWS

Mabel Bridges

The Hedley Methodist Church will begin a Revival Meeting Sunday, Aug. 6 and will continue through Aug. 13 with Rev. James Futch of Estelline doing the preaching. Don and Susan Cox will be in charge of the music. Morning service will begin at 10:30 and evening service at 8 o'clock. The public is invited to come and help to make this revival a town-wide revival. A welcome to all.

Rev. and Mrs. Lamb and Mr. and Mrs. Henry Moore visited Mrs. Mabel Jones in St. Anthony's Hospital in Amarillo Sunday afternoon. They also visited Mrs. Cynthia Bailey who is convalescing at the home of her daughter, Mrs. Geary Recklin.

Mrs. Mabel Jones underwent surgery in an Amarillo hospital last week. Glad to report her doing fine.

Mrs. Otey Parsons is very ill in a Memphis hospital.

Mrs. J. B. Masterson returned home Friday after an extended visit in Taos and Albuquerque, N. M. with her daughters. Glad to see her home and looking much better.

Mrs. Willie Bird of Ardmore, Okla. is visiting Mrs. Masterson. The ladies are sisters.

DRAPERY ART—Although it is derived from Cyprian art centuries old, this 100 per cent cotton hand print is perfectly at home in draperies in a contemporary setting. The cotton used on the chair is a pre-shrunk upholstery fabric. Both upholstery and drapery fabrics are by Greeff.

visitors in the A. E. Ranson home.

Mr. and Mrs. Jay Hunt are enjoying a visit from their son, Jerry and family of Washington. Mrs. Laura Cauthon of New Delhi, La., is visiting her nephew, the Lloyd Leggett family.

Mrs. Ted Maddox underwent surgery in Pampa hospital Tuesday.

Mr. and Mrs. M. L. Baker are here from California visiting his mother, Mrs. J. L. Baker.

Visiting in the Otis Owens home over the week end were his brothers, Mr. and Mrs. Henry Owens of Childress, Mr. and Mrs. George Owens of Amarillo.

Mrs. Will Dickson is on the sick list. We hope she will soon be feeling better.

Recent visitors in the A. T. Simmons home were his nephews of Canoga, Calif., Thornton and Ben Garrett.

Don Haskins of Dumas, former Hedley coach, has been named head coach at Texas Western University at El Paso.

Mr. and Mrs. R. M. Bradley

spent Thursday in Tulia with the lady's mother.

Mr. and Mrs. Leonard Vaughn and sons of Graham visited here Saturday with Mr. and Mrs. Otis Queens and Mrs. W. I. Rains.

Mrs. Vivian Pickett of Long Beach, Calif. is visiting the J. B. Picketts.

Mr. and Mrs. Joe Glass of Snyder, Tex., visited his brother, the E. M. Glass family the first of the week.

Mrs. Johnny Myers and Mrs. Younger were called to Lubbock Sunday due to serious illness of their daughter and sister, Coleen.

Mrs. Virgil McPherson underwent major surgery in a Memphis hospital last week. Glad to learn she is doing nicely.

Mr. and Mrs. Joe Naylor of Alvarado, Texas visited from Tuesday to Saturday with their parents, Mr. and Mrs. Carl Naylor and Mr. and Mrs. A. L. Formway.

The Next Steps in Space Exploration

The fantastic achievements of the first years of the Space Age have whetted the appetites of the populace for the even more incredible feats of space exploration believed possible. When, asks the layman, can we visit Mars and Venus, or distant Pluto, or even voyage beyond our own solar system?

It is the brash scientist, indeed, who would attempt to set a timetable for such great events. Manned trips to even the nearest planets impose incredible demands upon science. Consider that the star nearest our sun is four and one-half light years* away; in other words, it would take four and one-half years to reach it were it possible to travel at the speed of light, 186,000 miles per second!

Our scientists have advanced the theory that man's exploration of the universe may be limited to the very closest stars because of what he termed the "disintegration barrier." At speeds approaching that of light—assuming they can be attained—collision with microscopic interstellar dust particles would result in disintegration of the space vehicle.

Even exploration of our own solar system involves incredible distances. The planet Pluto, the most distant satellite of our sun, is three and a half BILLION miles away. And our "next door neighbor," Venus, is a scant 26,000,000 miles distant, but at the best speed yet attained by a rocket vehicle (seven miles a second) it would take three months to reach it.

Consider the technological demands for a manned vehicle capable of journeying to Venus: a propulsion system to sustain the initial speed for a long period; an airframe far sturdier than any ever built to protect the crew from the disastrous effects of hull puncture by space matter; a guidance system of incredible accuracy; a complete, built-in earth-like environment for the crew; and a degree of reliability which will permit every component of the system to operate for long periods independently of assistance from earth.

Obviously, then, real interplanetary exploration remains for some indefinite future date. It is, however, possible to predict the next immediate steps in space exploration. The National Aeronautics and Space Administration has set forth a "Long Range Plan" outlining what comes next.

The major requirements for fulfillment of the Long-Range Plan are more powerful rocket boosters to permit undertaking some of the more difficult space mis-

sions which cannot be made today. The early American satellites were, for the most part, boosted into space by rockets of about 150,000 pounds thrust. To send larger payloads and send them farther from earth, more power is needed. The first step, being taken by our scientists and its hardware-producing partner the aerospace industry is development of a series of high-powered launch vehicles.

Now coming into use as space boosters are the intercontinental ballistic missiles, which have available more than double the thrust of the early rocket boosters. Even the ICBM's, however do not have the power for the more advanced missions planned. Under development is a three-stage launch vehicle called Saturn, which will have 1,500,000 pounds of thrust. Already being static-tested, it is scheduled to be operational before the end of 1964.

After Saturn, plans are for a tremendous vehicle called Nova. The basic component of a Nova is a single-chamber, 1,500,000 pound thrust engine designated F-1, now under development. Several of these engines will "cluster" to provide Nova's power — a total thrust of from nine to 12 million pounds. Nova is due "sometime after 1965."

These launch vehicles comprise the keystone of the Long-Range Plan. With them, researchers will be able to conduct a number of advanced missions such as landings on the moon and unmanned probes to some of the planets within our solar system.

The first immediate major step has been taken in putting man into space; that of Shepherd and Grissom. These launchings have been "suborbital" flights, one in which he does not go into orbit around the earth, but follows a ballistic trajectory like a missile. These missions were of about 15 minutes' duration, during which the astronauts were boosted more than 100 miles into space at speeds up to 4,000 miles per hour.

Later, under Project Mercury, an astronaut will be launched into orbit around the earth. On the first such mission, the space capsule will make three orbits at a speed close to 18,000 miles per hour and an altitude of 120 miles. The mission will take four and one-half hours. During 1962 and 1963, about 20 additional testing, training and orbital flights will be made with the manned Mercury capsule.

(To be continued next week)

PAMPA HOSTS 17TH ANNUAL RODEO AUG. 7

The chute gates for the 17th annual Top of Texas Rodeo will swing open Monday, Aug. 7 with the Kid Pony Show scheduled for that afternoon and night.

The rodeo proper will begin Tuesday night, Aug. 8 at 8 p.m. preceded by a giant street parade at 3 p.m. Prizes totaling more than \$5,000 supplemented with many handsome trophies will go to winners in the respective events, plus a special prize going to the Best All-Around Cowboy.

An American Quarter Horse Show is scheduled for Thursday and Friday, Aug. 10 and 11 with a record number of horses from the Southwest expected to be entered.

The Pampa High School Band under the baton of Bill Tregoe will furnish music for all Rodeo performances while the Miller Bros. Western Dance Band of Wichita Falls will play for dancing in the National Guard Armory Bldg. following an appearance at the Rodeo.

The grounds and arena have just recently been put into tip top shape awaiting what is expected to be the greatest show in the history of the organization. Ample parking is available at the show grounds with two entrances provided.

Cub Scout News

Sixty attended the Monthly Pack Meeting which was held at the Salt Fork River, Monday night, July 31. The boys enjoyed a minnow-seining contest, a scavenger hunt, a paper plate discus throwing contest, back-to-back balloon breaking contest, and foot races.

Den 5 won the minnow-seining contest by seining 27 minnows and the Webelos Den, under the direction of Don Davis, won the scavenger hunt. Everett Monroe and Joel Greene succeeded in breaking three balloons to emerge victorious in that contest. Donny Elliott won the plate throwing contest, Everett Monroe won two footraces and Jimmy Elliott won on foot race.

Jimmy Elliott and Ronnie Braddock shared the Cub Scout of the Month title, each receiving 3 silver arrows. Other boys receiving awards were Charles Phelan, 2 silver arrows, Randy Choate, 1 silver arrow, Jay Lambert, 2 silver arrows, Gene Hommel, 1 silver arrow and Frank Phelan, 2 silver arrows.

The Attendance Tail was won by Den 5.

Be Tolerant

If your religion suits you, you should have no reason to criticize the other fellow's.

Poor Example

Many a youngster gets behind the eight-ball by taking the wrong cue from his elders.

We wish to express our sincere appreciation and heartfelt thanks to our many friends for their expressions of sympathy, the beautiful floral offerings, the prepared food and other kindnesses. May God's richest blessings be with each of you.

The family of Oscar Lee Wilkinson Sr.

SCOUTS SPEND WEEK END AT LAKE ALTUS

Boy Scout Troop No. 37 journeyed to Lake Altus Friday for a weekend of outing, returning late Sunday evening. Activities for the weekend included boating, swimming, skiing, hiking, cooking and eating.

Besides Scoutmasters Bill Land and Hubert Kidd and wives, Mr. and Mrs. J. G. McAnear enjoyed the outing also. They furnished the boat and skis for much of the entertainment. This was greatly appreciated and enjoyed.

Boys making the trip were: Larry Green, Doyle Gilbreath, Terry Moore, Monte and Steve Land, Freddie McAnear, Jerry Melton, John Sommers, Clifton Elliott, Ronald Lowrie, Mac McClellan, Everett Monroe, and Ronnie McAnear.

On Saturday afternoon, Mr. and Mrs. Woodby Richerson joined the group for a visit and had hamburgers with them on Saturday night.

Mr. and Mrs. Clyde Gilbreath and Clydeane, and Patricia Green journeyed over on Saturday evening, spent the night and enjoyed barbequed chicken with the group Sunday at noon.

Other than a couple of stomach upsets and a few blistered backs, all returned in good shape, looking forward to another camp-out.

TURNER FAMILY REUNION

The family reunion of the late Mr. and Mrs. J. W. Turner was held last Sunday in Elwood Park in Amarillo. The reunion is held each year the last Sunday in July.

Present for the occasion were Mr. and Mrs. Frank Hardin, Mr. and Mrs. Chas. Blackburn, Marie, Tommy and Butch of Clarendon, Mrs. Belle Ferguson, Gary Taggart, Mrs. Flossie Reed, Mickey Ray Roberts, Mr. and Mrs. Elmer Turner, Mr. and Mrs. Francis Turner and Tommie, Mr. and Mrs. Albert Ferguson and Doyle, Roger, Rita, Darrell and Cleta, all of Oklahoma; P. W. Turner, California; Mr. and Mrs. Dee Turner, Mr. and Mrs. Gary Turner and Randy, Stinnett; Mrs. Beatrice Sykes, Joe and Gayle Baker, Amarillo, Mr. and Mrs. M. T. Travis Jr., Mr. and Mrs. Jim Tracy, Amarillo; Mrs. Winette Russell and Vicki, Hereford; Mrs. Lorine Laine, California; Mrs. Blanch Dunlap, Ira, Texas; Miss Catherine Turner, Wellington, Mr. and Mrs. Dale Turner, Russell, Kenneth, Donald of Denver; Mr. and Mrs. Vaughn Turner, Teresa and Kelly, Odessa; Mrs. Le Loyce Duke and Bobbie Jean, Dumas; Mr. and Mrs. W. L. Heath and Carrie, Quanah; Mr. and Mrs. Paul Malcolm and Leane, Canadian; Mr. and Mrs. Curtis Francis, Jeff, Nancy and Scott of Spearman.

FEEDING BIGGEST FACTOR IN MILK PRODUCTION

The biggest single factor influencing the amount of milk a cow produces is the amount of feed she eats.

Contrary to the belief of some, feeding, not breeding, is mainly responsible for milk production. Inheritance determines the top potential level of production, but environment determines actual production, he explains.

A study was made by the U.S. Department of Agriculture, in which 462 lactation records of 230 cows were studied over a seven-year period. This study showed that season of calving, days calf was carried while milking, and length of previous dry period, also influenced production.

A specialist says it is evident that Texas dairymen need to get more feed into their cows. "Not only do we need more and better forage, but we should feed the grain mixture according to the performance of the cow if we are to make the most profit from dairy cattle," he says.

has brought into focus on the democratic side of this contest the question of loyalty. The primary reason for this is the fact that Communism operates on devious, sinister, hidden and false approaches. One of its most effective weapons is infiltration; effective because of the freedoms guaranteed the individual under the democratic system. In short, it is relatively simple to install a Communist in almost any category of any segment of the economy in a democratic form of government, because of the freedoms guaranteed the individual. On the other hand, because of the lack of freedoms enjoyed by the individual under the Communist system, it is practically impossible to install a loyal American in any phase of that system. Since it is essential to our own welfare that we have faith and confidence in each other, I have concluded that the loyalty oath might be used as a very effective weapon against Communism.

At the present time only limited groups in limited phases of the economy are required to declare their loyalty under oath. For instance, the employees of the Civil Defense administration are required to subscribe to the following oath: "I, _____, do solemnly swear (or affirm), that I will support and defend the Constitution of the United States against all enemies, foreign and domestic; that I will bear true faith and allegiance to the same; that I take this obligation freely, without any mental reservation or purpose of evasion; and that I will well and faithfully discharge the duties upon which I am about to enter.

"And I do further swear (or affirm) that I do not advocate, nor am I a member or an affiliate of any organization, group, or combination of persons that advocates the overthrow of the Government of the United States by force or violence; and that during such time as I am a member of the (name of civil defense organization), I will not advocate nor become a member or an affiliate of any organization, group, or combination of persons that advocates the overthrow of the Government of the United States by force or violence."

This is required under Section 2255 of Title 50 of the United States Code. It is further provided that "Any person who shall be found guilty of having falsely taken such oath shall be punished as provided in section 1621 of Title 18." This means that such person would be tried under the perjury statute and be subject to a fine of not more than \$2,000 or imprisonment for not more than five years, or both.

This is required as a security regulation, as are oaths in other departments of the government. It occurs to me that under our free enterprise system, security should not be confined to government departments alone. Much of our economy base rests upon contracts between the Federal government and free enterprise activities. In fact, the defense establishment alone, before the addition of the recent requests by President Kennedy, totaled more than \$43 billion of taxpayers money. These expenditures are justified as being for the preservation of our nation

ASHTOLA NEWS

Mrs. Doyce Graham

Mr. and Mrs. Lloyd Reid, Mr. and Mrs. Nuford Dill, and Mr. and Mrs. Carter got together in the City Park Thursday night for an ice cream party to celebrate their wedding anniversaries.

Jack and Aaronda White of Phillips, and Mr. and Mrs. J. L. Freeman and their grandson, Buck, all of Birmingham, Ala. spent last week in the home of Mr. and Mrs. John White.

Mr. and Mrs. Ralph Sutton and family of Sweetwater came Monday for a visit in the H. A. Graham home.

Mr. and Mrs. H. A. Graham spent Sunday with Mr. and Mrs. Allen Graham in Amarillo.

Mr. and Mrs. G. J. Hinders visited Sunday afternoon with Mr. and Mrs. J. M. Graham.

Herman Morehead passed away at his home in Amarillo Saturday. He was the husband of Jeanette Reed Morehead, formerly of this community, and the son-in-law of Mrs. Myrtle Reed. The Reeds and Garlands and Mr. and Mrs. Lloyd Reid attended funeral services in Amarillo Monday.

Mr. and Mrs. A. S. McAnear and family attended the McAnear family reunion Sunday.

Mr. and Mrs. Jimmy McAnear of Washburn visited Thursday in the A. S. McAnear home.

Mr. T. E. Lilly from Los Angeles, Calif., Mr. and Mrs. Henry Kinsey from Vega, and Mr. and Mrs. Lawrence DeBord from Stratford were recent visitors in the home of Mr. and Mrs. B. F. DeBord.

and our way of life. Now it seems rather odd to me that only the persons working for the Federal government as officers or employees are required to be bound by a loyalty oath. The officers and employees of private corporations contracting with the Federal government for the development of many phases of our defense program as well as other activities should, in my opinion, also be bound by such an oath. In fact, if the employees of a private corporation doing business with the government are required to be members of a union or collective bargaining organization, all members of that organization should be bound by the loyalty oath. I see no reason why anyone would hesitate to reaffirm his allegiance to this country and to do so under oath, the falsification of which would subject the oath taker to serious penalties. If there are those among us who would not be willing to do so, I think it is time that we know who they are and their reasons.

Hence, I am presently engaged in the task of preparing legislation that will require a loyalty oath of every person employed by or associated with any group, organization, corporation or individual contracting with the Federal government, and providing for adequate penalties for false statements or oaths. This proposed legislation will also include every member of any collective bargaining association, union or organization representing the employees or any part thereof of a legal entity contracting with the Federal government.

Mr. and Mrs. Loren Rhoades of Amarillo and Mr. John Butler of Claude visited Mr. and Mrs. Hubert Rhoades Sunday.

Mrs. Maggie Hunt of Dumas visited the Ben Lovells Monday.

Mr. and Mrs. Henry Moore, Mr. and Mrs. Ross Springer, Mrs. James Smith, Mr. and Mrs. Van Knox made ice cream and visited together in the home of Mr. and Mrs. G. J. Hinders Saturday night.

Rev. and Mrs. Frank Baugh and family from Colorado Springs, Mrs. Bessie Clark from Shawnee, Okla. are guests in the Van Knox home this week.

Mr. and Mrs. Lamar Aten of Lelia Lake, Mr. and Mrs. Lowell Hall and children, and Mr. and Mrs. Doyle Hall and children ate dinner Sunday with Mr. and Mrs. J. B. Lane.

Mr. and Mrs. Floyd Henson and sons of Amarillo visited Mr. and Mrs. Gracie Henson during the week end.

Guests in the home of Mr. and Mrs. Warren Hardin last week were Mr. and Mrs. Bobby Watkins from Andrews.

WEATHERFORD WALLS BULLET SCARRED
A double log cabin stands at Holland's Lake just a few miles east of Weatherford, Texas, west of Fort Worth.

Its east room is where George McCleskey was killed by Indians in 1873. This room still contains its bullet-scarred walls.

The cabin was a popular spot for old settlers reunions. Now it is a monument to the pioneers of Parker County.

CHAMBERLAIN NEWS

Mrs. A. O. Hott

Mr. and Mrs. H. H. Shield went to Amarillo Monday night to meet their daughter, Mrs. Lovell Myers and children who arrived by plane from Tokyo, Japan after a stay of 18 months.

Mr. and Mrs. A. O. Hott visited Mr. and Mrs. Oscar Wilkerson Monday afternoon. Mr. Wilkerson was a mighty sick man. He passed away Wednesday night. Our sympathy goes out to Mrs. Wilkerson and family.

Mrs. Dub Smith visited Mr. and Mrs. C. A. Wright Sunday afternoon.

Mr. and Mrs. Earl Harrison of Dimmit and Mr. and Mrs. M. H. Fowlkes of Rockport visited Mr. and Mrs. H. A. Harrison Tuesday morning.

Mr. and Mrs. W. F. McDonald and family and Merlene Ivey all of Amarillo spent the week end with their parents, Mr. and Mrs. J. A. Ivey.

Mr. and Mrs. Bobby Watkins and daughter of Andrews, Tex. visited Mr. and Mrs. Richard Dingler Thursday.

Jo Lynn Ballew of Muleshoe and Miss Brenda Chisholm of Sudan spent the week end with his parents, Mr. and Mrs. D. G. Ballew.

Mr. and Mrs. Doug Lowe and boys of Muleshoe spent the week with his mother, Mrs. Walter Lowe and Janie.

Mrs. H. H. Word of Clarendon visited Mr. and Mrs. W. H. Gray last week.

Mr. and Mrs. W. F. McDonald and family, Merlene Ivey all of Amarillo and Mr. and Mrs. Jess Ivey visited Mr. and Mrs. A. B. Ivey Saturday night.

Mr. and Mrs. Tillman Barker and Timmy of Amarillo spent the week end with her parents, Mr. and Mrs. C. L. Mann.

Mr. and Mrs. H. A. Harrison enjoyed several of their children home over the week end. These were: Mrs. Wilson E. Dolman and children of Odessa; Mr. and Mrs. Frank Cannon and children of Amarillo and Mr. and Mrs. J. D. Jones and children. Mrs. Dolman brought Bill for a visit and took her daughters, Deborah and Paula home. They had spent several weeks with their grandparents.

Mr. and Mrs. Frank Hardin attended her family (the late Mr. and Mrs. J. W. Turner's) reunion at Elwood Park, Amarillo. Most

all the children were present. Mr. P. W. Turner of Corona, Calif. came home with them for a visit. They all went to Quitaque Monday to visit relatives.

Those who enjoyed ice cream and cake on their anniversaries at the Clarendon Park Thursday evening were Mr. and Mrs. Lloyd Reid, Mr. and Mrs. Nuford Dill of Ashtola, Mr. and Mrs. Amiel Carter and son Neal.

Bonnie Lou Hatfield of Dumas returned home after spending several weeks with her grandparents, Mr. and Mrs. J. A. Ivey.

Mr. and Mrs. A. O. Hott visited Mr. and Mrs. Harvey Shaw Tuesday night.

Mr. and Mrs. Abe Turner and Mike of Haskell spent the week end with her parents, Mr. and Mrs. Henry Mann, Mr. and Mrs. Gurvis Kennard at lunch Sunday with her parents.

Mr. Dub Jennings and daughter, Sandy, of Waco, visited Mr. and Mrs. A. B. Ivey Saturday.

Mrs. Walter Lowe visited Mr. and Mrs. W. H. Gray Wednesday afternoon.

Mr. Junior Powell of Amarillo visited Mr. and Mrs. A. C. Carter Thursday evening.

Mr. and Mrs. A. O. Hott visited Mr. and Mrs. Jess Ivey Sunday afternoon.

Mrs. Roy Blackman visited

Mrs. Bob Williams Sunday.

Mrs. H. A. Harrison and granddaughter, Suzanne Dolman, visited Mrs. J. R. Cowan Wednesday.

Grandmother Shields, Mr. and Mrs. Buster Shields and new son and Mrs. J. C. Heathington ate lunch Sunday with Mr. and Mrs. H. H. Shields.

Mr. and Mrs. Clyde Gilbreth, Clydene and Doyle Wayne visited Mr. and Mrs. A. B. Ivey Tuesday night.

Mr. and Mrs. Bobby Casper and daughter of Amarillo spent the week end with her parents, Mr. and Mrs. Richard Dingler.

Mr. and Mrs. A. K. King and children of Borger spent the week end with her parents, Mr. and Mrs. H. T. Shields and other relatives.

Mr. and Mrs. Richard Dingler visited Mr. and Mrs. D. G. Ballew Sunday afternoon.

Merlene Ivey of Amarillo and Bonnie Lou Hatfield of Dumas took lunch Sunday with Mr. and Mrs. Jim Rumpy and family.

Mr. and Mrs. W. M. Mace of Lelia Lake visited Mr. and Mrs. Bob Williams Sunday afternoon.

Mrs. Velma Hodges and grandson Billy Sullivan called on Mr. and Mrs. A. O. Hott Tuesday afternoon.

Mr. and Mrs. Joe Sullenger and Paulette and Mr. and Mrs.

Bill Hall and children all of Pampa and Mrs. J. C. Heathington took dinner Wednesday with Mr. and Mrs. A. B. Ivey. Mr. and Mrs. Hall were on their way to visit his father at Bonham, Texas.

Mr. and Mrs. A. O. Hott visited Mr. and Mrs. Charley Young Friday afternoon. Mr. Young will undergo surgery Aug. 7 at Amarillo. We hope him a speedy recovery.

Mrs. Henry Mann and Mrs. Richard Dingler visited Mrs. D. G. Ballew Tuesday.

Mrs. Roy Blackman visited Mrs. C. A. Wright Friday afternoon.

Mrs. Don Baldwin and children of Abilene and Mrs. J. C. Heathington visited Mr. and Mrs. H. H. Shields Thursday afternoon.

Brenda McAnear spent Sunday night with Janie Ivey.

Mrs. J. Powell and grandson of Amarillo visited Mr. and Mrs. A. C. Carter Sunday afternoon.

Mr. and Mrs. Clyde Gilbreth and children visited Mr. and Mrs. H. H. Shields Thursday night.

Mrs. D. G. Ballew, Mrs. Richard Dingler and Mrs. Henry Mann visited Mrs. I. J. Self Monday afternoon.

Mr. and Mrs. Lowell Heckman and children of Sundown spent the week end with their parents, Mr. and Mrs. Lee Muse and Mrs. Heckman.

Mrs. C. T. Molder and her daughter, Mrs. Vivian Moss visited Mrs. Harvey Shaw Monday morning. Mr. and Mrs. Baten of Brice visited Mr. and Mrs. Harvey Shaw Sunday afternoon.

Mr. and Mrs. A. O. Hott called on Mr. and Mrs. H. H. Shields Sunday evening.

yon Wednesday. Mr. King remained for a longer visit with his son and family.

Mrs. Nelson Seago left Friday for Amarillo where she will be with her daughter, Mrs. Gene Moore. Little Timothy Moore spent last week with his grandparents.

Holly Wood attended a Farm Bureau meeting in Mineral Wells last week. Mrs. Wood accompanied him and visited a sister.

Mr. and Mrs. Clarence Ayers were in Amarillo Sunday as guests of Mr. and Mrs. George Moore and daughter.

Steve and Jerri Vaught of Amarillo spent last week with their grandparents, Mr. and Mrs. Oscar Roberts.

Mr. and Mrs. Holly Wood visited in Wellington Sunday.

Mr. and Mrs. Bertie Leathers visited their son, Leroy Leathers and family of Amarillo Sunday.

Mr. and Mrs. Bonnie Mooring and children of Amarillo spent the weekend with his brother, Bill Mooring and family.

Mrs. Winfred Self and Christi spent the weekend with her parents, Mr. and Mrs. Leo Smith and Sheila. Lanny Edwards returned them home Sunday.

Mr. and Mrs. W. N. Poole were in Memphis Sunday to visit an aunt, Mrs. Odie Parsons, who is hospitalized there. She is in a critical condition.

Mr. and Mrs. Gene Alderson of Clarendon visited Mr. and Mrs. Bertie Leathers Sunday afternoon.

Mr. and Mrs. Wesley Webb and son have recently moved into the house vacated by Dub Smith and family.

Ronald Castner, Mr. and Mrs. A. T. Castner, and Mrs. Dale Ayers left Thursday to spend a few days with relatives in Aberrath.

Mr. and Mrs. Mike Gilger and Pam of Darrouzett spent the weekend with her parents, Mr. and Mrs. Luther Butler.

Mrs. Leonard Wall and Mrs. Moody and daughter, all of Wellington, visited Mr. and Mrs. Earl Myers Wednesday.

Mrs. A. K. Thurman was called to the bedside of her mother Saturday. She was accompanied by Joe Young and Larry.

Mr. and Mrs. Morris Morrison of Dumas visited her parents, Mr. and Mrs. W. W. Jones Monday.

CASH BALANCE—MARCH 31, 1961	\$ 22,296.31

CERTIFICATE: We hereby certify that we have examined the accounts of the City of Clarendon, Texas, for the fiscal year ended March 31, 1961, in so far as such accounts relate to cash receipts and disbursements. We did not make a detailed audit of all transactions recorded during the year. We did, however, make comprehensive test checks of transactions and secured verifications of cash on deposit and securities on hand at March 31, 1961.

In our opinion, subject to the above limitations and to the comments contained in our report under date of June 26, 1961, the accompanying combined balance sheet and statement of receipts and disbursements for all funds fairly presents the financial position of the City of Clarendon at March 31, 1961, and summary record of receipts and disbursements during the year then ended.

JIM ROBINSON HAS FINE RECORD IN FFA

Jim Robinson, son of Mr. and Mrs. Joe Robinson of Clarendon has been outstanding in Vocational Agriculture.

Jim started in Vocational Agriculture three years ago in Tahoka, Texas. For a project the first year he had one cow. This past year, his Junior year, he had

23 top-notch Hereford cows and heifers.

In addition to this fine project record, Jim was on the Land Judging team his Sophomore year, and he has been on Livestock Judging teams for the past two years.

Although he is an honor student, Jim has been active in sports all through high school, taking football and track every year.

Robinson has been Class Favorite the past two years, president of his Sophomore class, and is a member of the National Honor Society.

Besides being Chapter Secretary for the coming year, this honor student also plans to add to his present project and participate in sports.

TEXAS TECH'S 1961 Football Schedule

Sept. 23 Mississippi State Jackson, Miss. (N)	Sept. 30 University of Texas Lubbock (N)
Oct. 7 Texas A&M Lubbock (N)	Oct. 14 Texas Christian Lubbock (N)
Oct. 21 Baylor Lubbock (N)	Oct. 28 Southern Methodist Dallas
Nov. 4 Rice (Homecoming) Lubbock	Nov. 11 Boston College Lubbock
Nov. 25 University of Arkansas Little Rock	Dec. 2 West Texas State Lubbock

NEW RED RAIDER STAFF—J. T. King (far right) makes his debut as a college head coach with this group of assistants at Texas Tech. From the left—John Conley (Kansas State), from Snyder, Tex., High School; Willie Zapalac (Texas A&M) and Matt Lair (Kentucky), from Texas A&M; Merrill Green (Oklahoma), from Arkansas; and Berl Huffman (Trinity), former Texas Tech coach, returned from private industry in Alamogordo, N. M. King, a University of Texas graduate, formerly coached at Kenedy, Tex., and Enid, Okla., high schools, Tulane, Texas, and Texas A&M.

BREWERS RETURN HOME

Mr. and Mrs. C. N. Brewer have returned home after a trip to Westover Air Force Base, Mass. where they visited their son and family, Major James C. Brewer. They made the trip with their daughter and family Mr. and Mrs. Morris Peden and children, by car which took them into 19 states, Canada and the District of Columbia. They traveled 5,000 miles and saw lots of pretty country and interesting things along the way. They also went to Wentworth Military School and visited Bob Spencer, their grandson who is in school there.

RAIL CROSSING IS JINX FOR BAIN FAMILY

The Fort Worth and Denver railroad crossing between Lelia Lake and Hedley that leads to the farm home of Mrs. Bill Bain has apparently become a jinx as far as the Bains are concerned. Mrs. Bain and her four children experienced a narrow escape Sunday evening when their car stalled on the railroad track with the gears locked. Mrs. Bain and children abandoned the car when they noticed the Texas Zephyr approaching from the east. The car was completely demolished but the Bain family was not injured.

earlier this year that Mrs. Bain's husband was killed when his truck was struck by a train.

Mrs. Lloyd Carmichael and her sister, Mrs. Iola Vaughan of Springhill, La. have returned home from a vacation in Colorado and Utah. They visited friends and relatives and report a wonderful trip. Eddie Carmichael accompanied them as far as Denver. He will spend a few weeks there with his parents, Mr. and Mrs. Bob Carmichael and children. Earl Burton visited his daughter-in-law Dorothy Burton and children in Amarillo last Friday and Saturday.

Family Reunion Held in J. D. Jones Home

Recent guests in the home of Mr. and Mrs. J. D. Jones, Sr. for a family reunion were all six brothers and sisters. Here for the occasion were Mrs. C. W. Mason of Atlanta, Texas; Mr. and Mrs. W. F. Jones of Tullis, La., Mr. and Mrs. W. A. Bailey, their daughter and family, Mr. and Mrs. Jay Turpen and daughter of El Monte, Calif.; Mr. and Mrs. Guy Jones and son of Plainview; Rev. and Mrs. M. O. Evans of Holiday, Texas; Mr. and Mrs. Ershell Johnson and family of Olton, Texas; Mr. and Mrs. J. D. Evans and daughter of Lubbock; and Mr. and Mrs. J. D. Jones, Jr. and children of Clarendon. Other visitors included Mrs. J. B. Smith, Mrs. E. W. Tyler, Sr., Miss Alice Tyler, and Mrs. June Dolman and children of Odessa.

Barry and Dale Naylor of Kama have returned home after spending two weeks with their grandparents, Mr. and Mrs. Carl Naylor. Their father, Wayne Naylor came for them Monday and visited until Friday.

Dr. and Mrs. Elton Amburn and family of Odessa are visiting a few days with her parents, Mr. and Mrs. H. B. Hill.

Mr. and Mrs. Dale Bradley of Amarillo announce the arrival of a baby girl born July 31. She was named La Donna Dee.
