NATIONAL ENDORSEMENT GIVEN ROOSEVELT AND NEW DEAL

TYPICAL AMERICAN FAMILY MAGIC TRAIL ENDS SUNDAY

America's Most Typical Family arrived home from Ft. Worth Sunday bringing to an end that magic trail of the D. E. Leathers family that focused international attention on one of the leading families of Donley county and West Texas.

Members of the family admitted that they were glad to be back home again. Living in a show window grew a bit wearisome, though they enjoyed it every bit. The trip back from the second view of New York City was made in the brand new Ford sedan presented them by the Ford Motor Company at the World's Fair Ford exhibit.

The only unpleasant memory brought back was the "dust bowl" exhibit in the Fair museum. "It recalled days that no longer exist," Mr. Leathers stated in the Leader office Monday.

On their return trip the family mentioned their visit to "My Old Kentucky Home" and the Lincoln shrine in Kentucky as the highlight of the journey. Margaret Jean even sat down at an old piano in the celebrated home and played the famous Stephen Foster song.

Margaret Jean, high school senior, and Johnny in his second year in Clarendon's Municipal Junior College, will redouble their school efforts to catch up from where they left off to put West Texas on the national map and capitalize on the opportunity of winning the Typical Family contest.

Mrs. Leathers is again busy with home duties, and Mrs. Leathers is looking after crop harvesting. Each of them were enthusiastic over the idea that, after all, there is no place like home.

Goldston Pie Supper Friday

Need any socks? But this is a different kind of "sock" the good folks out at Goldston are going to give. They announce a pie supper. That means plenty of all kinds of pies, only of a quality that any one will appreciate.

Back to that sock question. They really are going to have a "sock" sale. It will be a humdinger, whatever that is or may become. Then there will be boxes sold. No intimation of what will be found in the box, but whatever it is, it will be worth the money. They do things up that way in the Goldston community.

Don't forget the date. Friday, November 8th, at 7:30. The funds gathered in from this sale will go toward the purchase of song books for use in the church services there.

CLARENDON WOMAN GIVEN OES POSITION

Miss Lucile Polk, Worthy Matron, and Mrs. C. E. Bairfield attended the Grand Chapter O. E. S. convention in Mineral Wells last week, an account of which appeared in the Leader.

Mrs. Bairfield has been appointed Deputy Grand Matron of District 2, Section 5 for the ensuing year.

Andis Bros. Truck Line Is Purchased By Sproles System

Ed Sproles, President of Sproles Motor Freight Line, Inc. with General Offices at Ft. Worth, Texas, announced today that the Railroad Commission of Texas had granted approval of his purchase of the Andis Bros. Motor Freight Line, and by their approval, this resulted into the merger of two of the pioneer truck lines in Texas.

Sproles Motor Freight Line has operated in Northwest Texas as far as Vernon, Texas, for the past several years.

Ben Andis, now traffic representative of Sproles stated that the shipper could insure themselves of the fastest service available by routing their freight by Sproles. This faster service can

CHRISTMAS PAGEANT WILL BE PRESENTED HERE

Active plans are already in operation for the presentation of a Christmas pageant in Clarendon. The sponsors, the Ministerial Alliance, has no intention or desire to take away from any church or club any part of its work, or to supplant any part of the work of any organization.

The ministers of this city stand squarely behind every worthwhile effort which is being put forth by any group, and its members as a group or as individuals are ready and anxious to be of service to any or all groups at any time.

The Rev. Edgar W. Henshaw has been requested to direct the group in presenting the pageant.

LEATHERS HOME IS FREE OF MORTGAGE COVERAGE

A news report printed in the Amarillo News some two weeks ago stating that the D. E. Leathers family "lived in an FHA mortgaged home" is a gross error. The Leader published a similar statement on October 31st.

There never has been any connection with the FHA federal building department on the D. E. Leathers farm. Loans of this character never have been made. Only improvements are possible on a farm home under the FHA.

SHOCK AND GRIEF KILLS GRANDMOTHER WEBB

For some time, the shock at news of the death of her granddaughter here, Mrs. Gracie Ayers, soon brought death and relief to the troubled soul of Mrs. J. D. Webb of Post, Texas.

Mrs. B. F. Bales, mother of Mrs. Gracie Ayers deceased, is critically ill in a Memphis hospital, brought on by grief over the untimely death of their daughter.

RED CROSS VOLUNTEER SERVICE VERY BUSY

The Donley county Chapter of the Red Cross has just completed fifty garments for veterans hospitals. Shipments were made to Ft. Sam Houston and to Little Rock, Arkansas.

Miss Charlotte Molesworth, chairman of Volunteer Service, announces that the local Chapter has been given to January 31st to complete its quota.

Various organizations take the work by turns. The Presbyterian ladies will complete their task this week. Other organizations volunteering service will be notified as occasion arises, Miss Molesworth stated.

EIGHT INCH DAGGER IS PRESENTED EDITOR

The Leader editor proudly shows a dagger envelope opener made by and given him by John Hunt, local metal workman and skilled whittler. The dagger is made so skillfully that rivets cannot be seen in the handle.

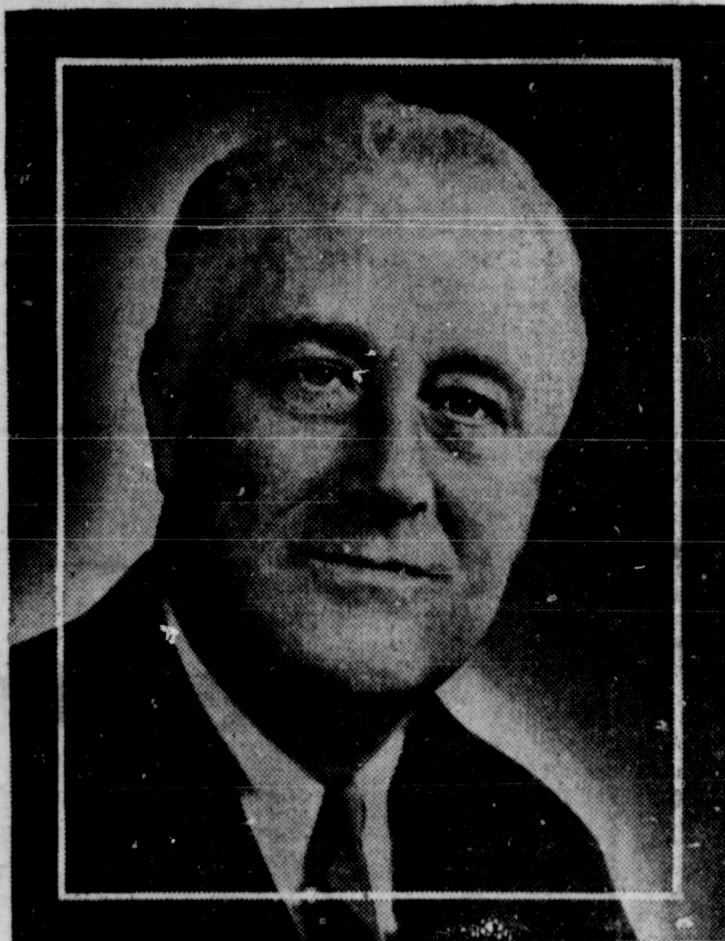

The main portion is of brass with a mesquite handle, all beautifully worked and carved. The article is an ornament to any man's desk.

be rendered due to the fact that Sproles operates the shortest routes between the cities that they serve and too, with their superior equipment faster schedules can be maintained.

L. T. (Tommy) Thompson, General Sales Manager of Sproles stated that the Andis organization would be employed by Sproles. Andis Bros. will be Sproles Clarendon representative.

Andis Bros. have operated a motor truck line in this section since 1918. Before that date, they had a dray system which was established about the turn of the century by M. W. Andis, father of Ben and Ralph Andis of the firm of Andis Bros.

All through the years Mr. Noel has had faith in Donley county. He is a strong believer in progress—progress with sanity.

PRESIDENT FRANKLIN D. ROOSEVELT

Ballew Given One Year Term

Given a one-year sentence by a jury in the District Court Monday, Raymond Ballew was formally sentenced by A. S. Moss Monday morning. He was convicted on an assault to murder charge in which he was alleged to have fired upon and wounded Charley Hume, a Memphis night-watchman, in 1937.

This case was transferred from Hall to Donley county following a reversal in a former trial at Memphis. Ballew was brought back here from Huntsville for trial, he having been given a two-year term at Memphis some months ago, on a similar charge, since which time he has been in prison.

Defense attorney Jimmy Mahan of Childress gave notice of appeal, and was granted ninety days in which to prepare the papers. Ballew is now to serve three years on the two charges.

SELECTIVE SERVICE BOARD OF APPEAL IS NAMED

Announcement is made by Gov. W. Lee O'Daniel of his recommendations to the president for certain Amarillo men to be appointed on the Selective Service Appeals Board for the Ninth District.

The appointment will likely be confirmed. Those to serve are R. E. Underwood, Dr. Roy L. Vineyard, J. Taylor, H. G. Hemrick, Dan Pavillard.

RADIO STATION IS SOUGHT HERE

Rumor is rife today that officials are here looking for an amateur broadcasting station. It is said that the local experiment is interfering with other stations and local reception.

Tracing by a wave length process, the beam brought the inspectors to Clarendon. Operating a station of this kind without a permit or license entails a fine of \$500 and a prison sentence, or both, it is said.

HEDLEY BANKER TALKS COTTON CROP

"Our cotton crop will apparently equal that of last season," spoke Mr. J. W. Noel here Tuesday. Mr. Noel has been connected with the Security State Bank of Hedley 21 years. For the past two years he has been president of the bank, succeeding to that position at the death of Mr. J. G. McDougale.

All through the years Mr. Noel has had faith in Donley county. He is a strong believer in progress—progress with sanity.

At eleven o'clock Monday, the Legion will hold a short service on the main street to which the public is cordially invited. All ex-service men are urged to meet with the Legion at their Hall at 10:30.

DONLEY REMAINS WITH DEMOCRATIC COLUMN

Election day was a quiet, solemn affair in old Donley. Citizens of the county, however, showed the total number of voters was much less than that of the last primary when 2,325 votes were cast.

The result Tuesday: Roosevelt 1,575; Wilkie, 213; McDonald, 981; Corry, 648. The last named brought a "write-in" for Corry after McDonald endorsed the Republican presidential candidate.

Dalhart Man Is Auto Victim

C. H. (Ham) Howell, 27, was killed about 2 a. m. Friday morning east of Lelia. It is said that he ran off the grade and evidently destroyed his lights, and then ran into a bridge abutment.

Mr. Howell was a resident of Dalhart, but had been helping his father, A. Howell, near Hedley, gather his crop.

He is survived by his widow, Mrs. Lucile Howell and four children, Peggy, Wendell, Clois and Homer Lee. Funeral services were conducted at Hedley Saturday.

ATTEND DISTRICT LEGION MEET IN BORGER

The American Legion and Legion Auxiliary held their 18th District convention in Borger Saturday and Sunday. A full two-day program was presented.

ROWLAND VISITS DAUGHTER IN EAST TEXAS

Having heard so much about 'possum and haws' with taters and ribbon cane lick thrown in for good measure, J. W. Rowland took the advice of S. H. Lovell and went to east Texas today.

He will visit a daughter, Mrs. R. E. Kennedy and family at Kilgore for the next few weeks.

NATION RETURNS TO NORMAL PEACE TIME PREPARATIONS

FATHER-SON BANQUET DATE NOVEMBER 26th

President Verna Lusk of the Father-Son organization announces the next program date as of November 26th. Mr. President is also elated over the fact that everybody has agreed that no one but Rev. Edgar W. Henshaw should do any speaking that evening, that item being listed under "principal speaker." The preacher knows when to quit just as he knows what to say while he is on his feet.

This affair is open to all Donley county fathers and sons. A great many who have no sons make it possible for fatherless boys to attend. This is said to be the best feature of the whole affair—helping some boy to have a good time along with a jolly crowd.

Home Guard Unit Is Postponed

"The Aubyn E. Clark Post of the American Legion held an open meeting Tuesday evening to sound out public opinion as to the need of organizing a local Home Guard to take the place of the National Guard that is being inducted into regular army service.

It was the general opinion from reports of the Committee, and expressions from the various service organizations, that the immediate need for such an organization exists.

However, full cooperation was assured the Legion if at any time the need of a home guard becomes necessary.

A motion was passed by the membership present to write the State Department of the Legion for an opinion on such a move. It is the desire of all Legionnaires to assist to the fullest extent in any move for public safety when and if they are needed. But certainly they do not wish to encourage an unnecessary military tendency before the younger people of the community."

Rayburn L. Smith, Post Com. B. C. Antrobus, Adj.

PERSIMMONS GET RIPE AT CARAWAY HOME TUESDAY

Perhaps it was the cool spell of Monday night that helped rush the ripening of the possum persimmon crop at the home of Fiem Caraway. They have an excellent flavor and are the usual size. He has several trees, that bear each season.

The basket brought the Leader editor is being given serious consideration. We need more persimmon orchards in Donley county. Both tame and wild fruits have a ready market, and both do well in our section.

AVIATION PUPILS HOME

Returning to their school duties Tuesday were Alex and Billy Cooke. They are students of a school of aviation in Wichita, Kansas. Before completing their courses, they will take a special course in the mechanics of aviation.

RETURNS FROM HOSPITAL

Durwood Skelton returned from Ft. Worth Tuesday where he has been a hospital patient for several weeks. He is said to be improving at this time.

FIRST DRAFT CALL GOES OUT TO FIFTY MEN TUESDAY

CHRISTIAN CHURCH WILL HAVE NEW PASTOR

The First Christian church here has employed Rev. Cecil E. Harvey of Claude as full time pastor. He will move his family to the church parsonage this week.

For some months, Rev. Harvey has filled the local pulpit on call, being employed as pastor of the Christian church at Claude.

In addition to giving President Roosevelt a sweeping victory over Wendell L. Wilkie by a popular vote of 24,363,798 to 20,282,049, the Democrats maintain control of both houses of Congress. At the same time, Wilkie polled the largest popular Republican vote since the election of Hoover in 1928.

Up to noon today, Roosevelt is given 39 states and Wilkie 9 states. Scattering returns may change this somewhat, but the fact still remains that Roosevelt and the New Deal received the national endorsement.

Republicans in the House gained 10 Democratic seats. The Democrats gained 22 Republican seats giving them a gain of 12 seats after January 1st.

In the Senate, three Democratic and one Republican lost out.

The national capitol gave President Roosevelt a rousing welcome back to Washington this morning. This following the "love feast" of leaders of both parties in Carnegie Hall last night at which time national leaders of both parties made patriotic addresses.

The will for national unity has already taken over. The bitterness of the campaign is a matter of history. National defense is in the limelight. China and England were overjoyed at the outcome of the election. Both nations now expect more help than formerly, and right soon.

President Roosevelt is the first man to be elected for a third term.

Travel Picture Here Tonight

The celebrated Geo. B. Bagby Travelogue moving pictures in technicolor will be shown at the College Auditorium this evening at 7:30. With this series will be shown the D. E. Leathers family "leave-taking" pictures of the program given on the steps of the City Hall October 19th.

This will be the first time the Leathers pictures have been shown in Clarendon.

This double series of pictures was shown to a packed house at Lelia Lake the night of November 1st. There was no disappointment in the entire program.

The showing tonight is under the auspices of the Ladies Auxiliary of the Aubyn E. Clark Post of the American Legion here. The price of admission will be 10 and 25 cents. This will be your last chance to see the pictures here for some time as the Bagby pictures are scheduled over a wide range of dates in other sections.

We have no choice in the matter.

Get your new or renewal subscription in now. The rate is \$1.50 in the first zone, and \$2 a year outside the first postal zone. But do it today. Tomorrow may be too late.

THAT MONEY QUESTION.

Most every club or church society needs money—occasionally. Right now there is no better way than to turn to page 2 of this issue and get a number of the folks to enter the prize contest. Share in that \$3,000.00! It's not a hard matter to win when you try. Several such organizations are now sharing in this money through the names of various individual members. Why not try it. GOOD OLD ARCH.

"People You Know" is the heading used on a column written by Archer Fullingim in the Pampa Daily News. Arch pays a nice compliment to the writer of this column recently, all of which is greatly appreciated. Most any one can get cussed, more discuss-

ed, but praise and compliments is a mighty scarce article in any man's land. Thanks a lot, Arch. In case you don't know Arch Fullingim, he is the big fellow who came down here the night the Pampa "Worley Goes to Congress Club" put on their dandy program, doing their announcing for them. He also introduced Miss Helen Dudley, the speaker. Don't think for a moment those kids didn't get the job done. They really did.

FEMININE GENIUS.

The same lady who practices "slimming" exercises, also does a good act of sales resistance in the cafeteria.

WHEN TRAGEDY COMES.

Our community has been saddened beyond measure by the tragic fate of a fine young woman, a wife and mother. It was Gracie Ayers who tucked her babies to bed, but her body went alone without her to the bathroom where the self-inflicted wound snuffed out her life and withdrew from the community a loveable character, a christian wife and mother who had countless friends. Long months of worry over the war, the fear that her husband would have to go, finally claimed a war victim. Even that very day she was in Amarillo with friends and purchased clothing for her

children. She purchased a hat and other clothing for herself. That was Gracie Ayers as her friends knew her. The ladies with her realized that she was ill and very nervous during the day. She excused herself when her husband asked her to go to the football game that evening. She was ill—mental illness was rapidly approaching. When he returned that night the shocking scene of death had changed the happy home into a chamber of horrors. Our deep sympathy goes out to the husband and babies and the relatives and friends. We may never realize what life meant to this good woman those last helpless moments, or the relief of death from her miseries.

FATHER-SON.

One of the biggest annual events in Donley county is that of the Father-Son banquet. This affair will come up November 21st with Rev. Edgar W. Henshaw as principal speaker. That means the speaking will be equal or better than anything we have ever had in the history of the organization for almost twenty years. This is the one event in which all fathers and sons may take a part and thoroughly enjoy the whole evening. Make your plans to be present.

Many persons plan bulbs too closely together. Large-growing ones should be about eight inches apart and the small bulbs about two or three inches apart, according to scientists at the Cornell University Experiment Station.

HUDGINS
Mrs. S. M. Harp

We are still holding our own in those present at Sunday school, but we wish more would come out and help us. Bro. Stonestiffer filled his regular appointment at 11 o'clock and at night. We had our regular singing after church. Mrs. Cearley and Paul and Mr. and Mrs. Dial Cearley from Amarillo and Mr. and Mrs. Dan Brazzile of Clarendon were present for the singing.

Mr. and Mrs. O. L. Jacobs attended the singing at McKnight Sunday.

Mr. and Mrs. Mark Raney visited until late bed time in Clarendon Sunday night.

WOMACK WILL HAVE OTHER BURIAL ASSOCIATIONS TO ADVANCE STANDARDS

It is proven that with the steady growth and advancement of the Womack Burial Association that other Burial Associations are gradually catering to the Womack Plan of more and better funeral service benefits. Eventually, all burial associations in Donley County will need to offer the best quality of Men's Burial Euits and Ladies Dresses and Undergarments, hose and the Miscellaneous garments, have the funeral notices printed notifying friends and acquaintances, provide a cherished memorial record and New Testament to the family properly edited. Then since the Womack Funeral Home Ambulance takes care of most of the sick and suffering to and from the hospital in Donley County as a free service to their many friends, then with Womack's bringing this service to such a high point, then other funeral homes will add such a service, not as a courtesy and benefit, but because Womack's set the high point for such a demand for such a service. (Adv.)

FOUR WIDOWS OF TEXAS HEROES STILL GET PENSIONS

AUSTIN—Four pensioners of Texas war for independence receive \$37.50 quarterly from the state. All are widows of men who participated in the struggle that resulted in establishment of the Republic of Texas more than a century ago.

A bounty of 640 acres of land was given to the soldiers who fought in that war, when the republic took over the vast land areas that formerly had been under Mexican control.

Later pensions were granted to the families of Deaf Smith and other participants in the war by individual pension acts. Some of these acts provided money grants; others grants of public land.

It was not until 1870 that a general pension act for the survivors of the Texas War for Independence was passed.

Two Wed San Jacinto Heroes

At least two of the remaining pensioners married a participant in the decisive battle of San Jacinto, in which the Texan forces under Gen. Sam Houston defeated the Mexicans under Gen. Santa Anna. The husband of another of the pensioners was Santa Anna's guard after capture of the Mexican commander.

She is Mrs. Julia Kersting Redfield of Giddings, Texas. She married Henry P. Redfield in 1872. Redfield threw in his lot with the Texans when a mere youth. Born in New Hampshire in 1819, he came to Texas in 1830, settling near San Felipe. He is said to have taken part in the opening battle of Gonzales in 1835. He later participated in Indian battles and was in Gen. Zachary Taylor's army in the war between Mexico and the United States. He served also in the Confederate army. Mrs. Mary C. Berry, living near Baird, is the widow of Andrew Jackson Berry, who fought at San Jacinto. He was born in Indiana in 1816. His father brought the family to Texas in 1828, settling on Berry Creek in Williamson County. Young Berry became a member of Capt. Jesse Billingsley's volunteers. He served later in the Confederate army.

In 1847 he was given 640 acres

of land for his participation in the battle of San Jacinto. Mrs. Berry was 18 when she met Berry. His first wife had died and they were married in 1871. The couple lived for a time in Lampassas County, later removing to Callahan County where he died in 1899. Strangely enough this man who had served through two wars met his death in a peace-time accident when a team of horses ran away with a wagon.

Mrs. Mary Langley, Abilene, another of the pensioners, is the widow of Campbell Langley, born in Tennessee about 1818. He apparently came to Texas and enrolled in Silas M. Parker's ranger company. He lived until the 80's near Salado, Bell County.

The other pensioner is Mrs. S. R. Freeman who lives near Elkhart, Anderson County. There were several Freeman's in the Texas army, among them Sylvester Freeman.

My First Vacation

By C. E. Griggs

(continued from last week)
After we had finished our noon meal, I advised the bunch that if there was a deer in the woods I "wanted to see him," and believe me I did. As I slowly started down the mountain, idly watching the passing clouds, lazily searched the brush on either side of me, hoping a proud buck, that lived in the mountains might step out from the shadows. Black clouds, hidden behind the trees and hills, had come up behind me and were shutting out the blue sky. There was not a sound or movement of animal life; no tiny bird call, nor scampering squirrel. But a shy deer, startled by my approach, bounded off to find shelter a short distance away. As he disappeared, he waved his white tail back at me.

DR. MILES ANTI-PAIN PILLS

At this moment the bunch drove up, and believe me, I had to show them where the big buck had stood. Don't believe I ever saw a chair that was as big as this deer's horns. This was up in the Cibola Natal forest, in Socorro County.

When we reached the prairie we saw an antelope—and a beauty. We had the gun, but the N. M. law says not to shoot antelope until Oct. 1st, so we let him go on his way.

There is a lot of things I do not understand, and here is one of them. The N. M. law says you must not kill any deer except a buck with so many points to each horn, and the next verse it says, you must wear on your hat a red band, or better yet a red coat. This is supposed to keep your hunting companion from shooting you in place of the deer.

Our next stop was an old Ft. Ojo Caliente, at the head of box canyon. This Ft. was built by the S.S.G. in 1874, for the soldiers of Lt. Col. Cook. At this Ft. several soldiers were killed as well as several Indians. The Reservation was established April 8, 1854, and the Ft. was abandoned in 1878.

Just above this old Ft. there is several springs. In some of them, the water is very hot, and in others it is cold, all of which run down through box canyon, which has on either side a very high wall of rock several hundred feet high, and in places is not more than 20 feet wide, and is several miles long. This is a beautiful sight, with clear water running the year round.

Parts of this old wall is in perfect condition to day, in spite of the weather for more than 65 years. (see some of the old wall at the local museum here.)

Curtis came in and said, "Let's go fishing." All my life I have longed for a place where there was so many fish I would have to "hide behind a tree" to bait my hook. I have found just such a place, only there is no tree, for the place is in the waters behind the Elephant Butte dam. And the fish are there, and that is the thing I have heard of other places where the fishing is just as good, or better—if you can believe reports.

When you cast, if there is not a bass to take the hook, you will have a yellow cat before you can count five. We had hardly started when I had a strike, and it proved to be a double header; both were landed, and we started trolling again. Then Emma hooked a big yellow cat, and called for help. I missed my strike and reacted in to help her. Idly and with hope I put on another bait, dropped it over the side, and it settled a few feet and I left it there and turned to watch Curtis handle his catch. Without warning the rod was almost jerked out of my hand. From

Bronchos Defeat Lakeview 30-0

The powerful Clarendon Bronchos surged through another conference engagement here Friday night when they defeated a fighting but highly outclassed Lakeview squad 30 to 0. The Bronchos found the going plenty tough during the first quarter by a much lighter team that threw up a fine defensive game before they weakened under the constant pounding of a heavier and more experienced squad.

The Bronchos came into their own at the beginning of the second quarter, and rang up three touchdowns before the half ended. Hartzog gathered in the first tally when he plunged over from the 7 yard line. The thrill that football fans long for happened a few plays later when Tooter Johnson gathered in a Lakeview punt and raced 75 yards through the entire Eagle team to cross the double stripe. The third score came when Hiermesmeyer bucked over from the two yard line.

Clarendon displayed plenty of power during the last half but fell short in the pay off. Plenty of yardage was reeled off, but only two touchdowns resulted. Hartzog carried the ball to the one yard line where McCrary took over and plunged it across for the first quarter of the third quarter. The last score came late in the fourth quarter featuring Hartzog who carried the pig skin across from the 6 yard line. Johnson and Hartzog failed in their attempts to split the uprights after the touchdowns.

Although highly outclassed and out weighed, the scrappy little Eagles fought gamely and un-

then on the one who was not fighting a fish would watch the other fellow land his. This went on until my hands and arms were tired and aching.

The next morning started out disastrously for me. I had several strikes from heavy fish, but they either broke my line or rod. When this did not happen, the hooks straightened out, and I would lose the fish any way.

Now, this is what I call fishing, in any body's language.

When I was telling about my good luck, and the 43 pound fish. Mr. Wadsworth walked up, heard part of what I was saying, and asked, "Is that the one Mr. McLellan caught?" Mr. Wadsworth had an apartment with Mr. McLellan, who by the way will go fishing with you any time, only get an apartment with him.

In spite of it all, I have my picture with daughter Esther and the 43 pound fish.

Restocking Program To Be Expanded

AUSTIN, Oct. 16.—Trapping of deer, turkey and antelope by the Texas Game, Fish and Oyster Commission will be on an even larger scale this year than it was last, when a new all-time high in trapping and restocking was reached in the Lone Star State. In addition, the Game Department, through the use of federal Pittman-Robertson funds, is preparing to trap quail, muskrats, raccoon and possibly several other kinds of game birds and animals, the executive secretary of the Department has announced.

Last year 257 antelope, 420 deer and 551 turkeys were trapped and transplanted on areas upon which the species of game suitable for the various areas once roamed. By the use of new and improved traps, the Game Department has high hopes of restocking twice as many deer, turkey and antelope areas this year as were replanted last year, when the deer trapping was doubled.

A new single deer trap has been perfected. Twenty-two of them used for a short time late last season trapped nearly 100 deer. The Department is now building 100 additional traps and will place them in use as soon as possible.

daunted throughout the game. Their struggle on the gridiron was not fought in vain, however, for they certainly gained the admiration and respect of the spectators. A fine bunch of folks came along with this plucky little team, and they conducted themselves splendidly although their team was taking a decisive licking.

The new trap captures deer without injuring them. Deer are trapped on areas which have become over-populated. It is the same with antelope and turkey. Many deer and turkey are trapped on state game preserves, areas set aside under agreement with the owner of the land. No hunting of any kind is allowed on the game preserves, of which Texas has 127.

An all net turkey trap built in octagon shape has proved the most successful of several tested during the last few years. The Game Department will place two and possibly three turkey trapping crews in the field this year. It is believed more than 1,000 deer, as many turkey and 500 antelope will be trapped during the winter months.

Airplanes Take Over Cowboy Ponies' Job of Rounding Up Fleet Antelopes In Texas

AUSTIN.—Shed a tear for the cowboy pony. When it's roundup time in Texas, at least for antelope, these storied mounts of cattle kingdoms must yield to the airplane. The state Game, Fish and Oyster Commission reports the successful use of planes in rounding up fleet antelopes, formerly a job exclusively for horses.

And what's more the first experiment was so successful indications are 500 antelopes will be nabbed before trapping operations cease. Last year ten horse-men captured 274.

It frequently becomes necessary to capture and redistribute antelopes because they denude domestic stock pastures of valuable grass.

On its first test the airplane method bagged a herd of fifteen antelopes in thirty-two minutes near Alpine, driving them more than two miles and easily turning them in the direction of specially constructed pens.

Game managers noted antelope herded from the air were no more panicky when penned than those driven by horsemen. When captured they are placed in padded

crates and trucked to new pastures, sometimes 200 miles distant.

The game department believes it can repopulate some 500 square miles—land which once boasted antelope but from which they were shot out—with new stock this year.

The trapping and redistributing program adds up to, officials hope, a controlled open hunting season on the speedy quadrupeds which are now protected the year 'round.

Bing, Lamour And Hope Romp In South Seas

The new travel trend to sojourns in the South Seas has its motion picture counterpart in "Road to Singapore," the sportive film which Paramount releases on Wednesday at the Pastime Theatre with Bing Crosby, Bob Hope and Dorothy Lamour in the leading roles, seconded by Charles Coburn, Judith Barrett, Anthony Quinn and Jerry Colonna, the redoubtable Professor of Hope's Pepsodent show.

The Dean of the Kraft Music Hall and his old pal, Bob Hope, are reported to be in their finest form for this picture. They sing, they clown, they go to town, they get into brawls, and they look over the native girls, all to the accompaniment of at least five new hit songs as sung by Bing and Miss Lamour.

The story provided for the pair and Miss Lamour starts with Bing and Bob disposing of several romantic entanglements, by indulging in a little game of "Patty-cake," clapping hands gaily, then socking the guy. Then they get away from his, Bing's father—Charles Coburn—by the simple process of starting a riot at the engagement party at which Bing's fiancée, Miss Barrett, is announcing the betrothal.

Next time the pair turn up it is in Kaigoon, a sleepy town in the South Seas. Their hate for women ebbs somewhat when they meet Miss Lamour, who proceeds to move in on them as housekeeper.

Then fate tricks the lads as Professor Colonna tells Papa where Bing is living, and he and Miss Barrett arrive with all sails set to sail into Bing. They find him at a native feast, and complicate the whole thing by getting him to promise to come with them on a world cruise, leaving Miss Lamour to Bob. It all gets straightened out, but only after plenty of horseplay and suspense.

The new songs include "Too Romantic," "The Moon and the Willow Tree," and "Kaigoon" among others, and Professor Colonna is at his best in an old number and in his eye-rolling and moustache-flourishing.

The Clarendon F.F.A. State Champion Milk Judging team will leave Saturday for Kansas City, Missouri, to compete in the National F.F.A. milk judging contest, which is held in connection with the American Royal Livestock Show and the National F.F.A. Convention, November 11-14. The local team is composed of Harice Green, Carl Morris, and Forest Helton, and will be accompanied by their coach J. R. Gillham.

The local youths' expenses will be paid by the State F.F.A. Association as a reward for winning first in the 1940 Texas F.F.A. Milk Judging Contest held at Fort Worth in the Spring of 1940, in which 75 schools from over the entire state participated. In winning the state contest, the team set a new record team score and a new record individual score was set by Helton.

This is the second consecutive year for the local team to represent Texas in the National Contest. The 1939 team composed of Joe Williams, Maschil Cole, and Johnnie Leathers placed second in competition with teams from the other 47 states of the Union.

Mrs. Doss Palmer and son Ray visited friends and relatives at Lubbock and Post the past week end.

Lady Succumbs To War Worry

Temporarily unbalanced because of months of worry over war conditions is believed to have caused Mrs. Gilmer Ayers to take her life at her home here some time early Friday night.

Upon the return of her husband from a football game, he found her dressed as though for bed, her body lying in the bath tub and her head resting upon a pillow. A small calibre pistol was at her side and a gaping wound in her forehead. A physician was hastily called but life is said to have been almost extinct upon his arrival.

Funeral services were conducted at the Church of Christ Sunday afternoon by the pastor, Claude C. Smith, assisted by Rev. J. Perry King, pastor of the Baptist church.

Attending the casket were Leamon Wallace, George Wayne Estlack, John McMahan, Alfred Estlack, Verna Lusk and Dan Brazzile. In charge of the flowers were Mmes. Alfred Estlack, Verna Lusk, Leamon Wallace, Brooks Chessier, John McMahan, George Wayne Estlack, and Mrs. Vincent Taylor of Memphis.

Mrs. Gracie Bales Ayers, daughter of Mr. and Mrs. B. F. Bales of Hedley, was born in Bowie, Texas on February 22, 1909, but has resided in Donley county practically all of her thirty-one years. She is survived by her husband and two children, Laquita Joyce 5, and Gayle, aged 4, and one sister, Mrs. Lola Ayers, and parents, Mr. and Mrs. B. F. Bales.

The United States is the only major agricultural country in the world without an agricultural museum, so the Agricultural History society has set up a committee to study the need for a museum of this kind.
