## CORONADO ROUND-UP CELEBRATION PROGRAM ANNOUNCED

### Sheriff Opens Drive On Local Fifth Columnists

#### DEROGATORY STATEMENTS OF GOVERNMENT BEING MADE IN COUNTY

Pierce said, besides his own observation, persistent rumors were reaching him of widespread reaction by local radicals.

#### Large Crowd Is Wanted For 4th Booster Trips

#### Tours Next Wednesday & Thursday To Advertise Coronado Rancho Round-Up

In an attempt to have a large representation Wednesday and Thursday of next week for booster trips advertising Clarendon's Coronado Rancho Round-up and 4th of July celebration, the trip committee today asked everyone to make a special effort to go.

#### MEET FATHER'S DAY IN CLAMPITT HOME

Father's Day was a very happy occasion in the D. W. Clampitt home. Those enjoying the family dinner were Mr. and Mrs. D. W. Clampitt, Mr. W. L. Clampitt, Mr. and Mrs. W. N. Martin and son Billy from Amarillo. Mrs. Martin and Billy recently returned from Los Angeles where Billy received his B. S. degree in electrical engineering at the University of Southern California.

#### 60 Floats, Cowboys And Chuck Wagons To Be In 4th Parade

H. M. Breedlove and Walter Knopff, chairmen of the parade committee of the Coronado Rancho Round-up and 4th of July celebration, said today at least 60 floats will be included in the reviews July 3 and 4th.

#### RETURNS FROM IOWA

Having spent a month or more in her old home section of Iowa, Mrs. O. L. Fink relates many pleasant experiences. She spent most of her time with relatives around Denison where she saw plenty of rain, flooded rivers and washed out crops. She returned to her home here a few days ago happy to get back home again in the wonderful climate that only the Panhandle of Texas has to offer.

#### BILLIE COOKE DEFEATS ALEX COOKE FOR CITY GOLF TITLE

With 34 holes of par golf, Billie Cooke nosed past Alex Cooke, 3 and 2 for the 13th annual city golf championship in the final round here Sunday.

#### Ladies To Aid Victims Of War

#### CLOTHING WILL BE GIVEN THROUGH RED CROSS

Conditions of the first World War will be brought home to local people more vividly within the near future. Every church auxiliary in town is asked to have representation at a meeting to be held at the School Board office at 4 p. m. Friday.

#### Landowners Balk When Road Survey Shows Swing Into Backyards and Windmills

The right-of-way discussion, which has halted the \$110,000 Highway 18 underpass project that will connect the road with No. 287 in Clarendon, is expected to end Monday, June 24, when attorneys of the property holders and state highway department representatives meet here to reach a settlement.

#### GRIM WARNING THAT MAY SAVE A LIFE IS ISSUED BY SHERIFF PIERCE

A grim warning to Clarendon and Donley County residents was issued this week by sheriff Guy Pierce relative to the recent barefoot bandit burglaries.

#### GOOD NEIGHBORS PLAN.

President Roosevelt is putting forth every effort to more solidly unite the 22 nations of the Western hemisphere into a tight economic union to present a solid front against economic upheavals in the rest of the world. The plan proposes a collaboration in the sale of necessities that must be had by European and other nations, many of them yet at war.

The list could include wheat, copper, cotton, meats and coffee in the beginning. The plan has for its objective the sale of surplus commodities of the 21 western republics.

It is believed that should famine come to the warring nations, a ready demand will come for the products of the western powers. The United States under this plan, will find a ready market for her food and raw material and disperse the alleged surplus we have been hearing so much about the past few years.

Nations cannot war and grow crops to any great extent at the same time. The wheat belt of Europe has lost practically all of her crop this season. The man power needed to grow food supplies has been engaged in war. There is bound to be a shortage before winter.

#### LESSONS IN COMMON SENSE.

France beaten to her knees today is reaping the result of a socialized government. On November 12, 1938, Prime Minister Daladier made a report to the President of France in which he warned against the conditions that now beset his nation. Among

other things, he said:

"Sometimes it has been the authorities themselves who intervened to prevent the introduction of new methods designed to lower costs. In every field where activity might be reborn, enterprise has been restricted and discouraged. The creative spirit and the willingness to take risks have been weakened. This—let us not fear to say it—is the root of the evil for it adds a sort of moral abdication to the material difficulties."

For several years Germany has been conserving her man power and resources to build up a war machine. That is the reason she has been enabled to ride rough shod over everything that got in the way of the will of her dictator.

For several years our nation has been wasting her man power. We have been trying all kinds of fool schemes in an effort to waste our man power and produce less and less on the farms. Men of industry and genius have been throttled by fool laws and swivel chair regulation. Imported socialized ideas have been at a premium while industry, common sense and industry have been penalized to the limit.

England is paying for that same error today. Petty politics prevented her making progress with protective measures. That same kind of petty politics is running rampant in Washington. Orders were not given for protective war implements after the money was appropriated. Preparedness is being held up by petty bickerings.

C. M. Ballew was a business visitor in Amarillo Monday.

### Deskins Wells Opens Speaking Campaign Fri.

WELLINGTON, Texas—Offering himself as a candidate who can and will serve the entire Panhandle, Deskins Wells opened his speaking campaign in Wellington Friday night, June 14.

Addressing the men and women of his home county, many of whom have known him for the entire 33 years of his life, Deck Wells laid down the platform on which he is seeking to represent the 18th Congressional District.

"When a man asks to serve you as your Congressman, you have a right to ask what he thinks the duties are," Deck Wells told his listeners early in his speech. "How does he propose to do this work? What course will he fol-

low? I tell you that I will be a representative for the entire district and for the welfare of every person in it. My aim is to preserve our democratic form of government at all costs."

Continuing, Deck Wells outlined the ten points in his platform:

1. An immediate defense program to enable the United States to adequately resist any and all potential threats of invasions of the Americas. In addition to fulfilling all modern mechanized needs of the air force, the army, and the navy, the defense program must be supported by sound and prosperous conditions of American agriculture labor and industry.

2. Strict enforcement of immigration laws, curtailment of immigration quotas, and rigid check on activities of all aliens by the United States Department of Justice. There is no place in the

United States for any 5th column activities.

3. Recognition that international affairs might necessitate the United States furnishing planes and armaments to foreign powers; but opposed to sending American soldiers to fight on the lands of Europe.

4. Continuation of the Government farm and ranch programs to the end that soil resources be conserved; and the American farmer and rancher be assured of their rightful share of the national income.

5. Opposed to Federal control of the Texas oil and gas industry.

6. Continuation of the C. C. C., W. P. A. programs, with their future work related where possible to the immediate needs of the emergency defense program. Wages and rates of pay in Texas should be equal to those paid in other states.

7. Continuation of the Federal Social Security Program with government payments to the groups designated in the Social Security Act.

8. Continuation of the recognition of the right to collective bargaining.

9. Represent the entire Eighteenth Congressional District including every person, every county, and every town and city in this district.

10. Dedicate my efforts and my life to the preservation of Democracy which has made us the freest, happiest, richest, and most tolerant people on the face of the earth.

"With the richest nation on earth, the highest standard of living, vast capacity in industry and agriculture, over seventy per cent of the world's gold stored in our land, it would be folly for us to relax our vigilance one second. Every other nation looks at us with envious and greedy eyes. We should defend what is our own," Deck Wells warned.

### Connally-Smith Bill Aimed Against Aliens Sped For Passage

WASHINGTON, D. C.—The Connally-Smith anti-alien bill rapidly sped toward passage by the Senate and House, is meeting with acclaim throughout the United States as a measure expected to aid materially in the control of "fifth column" activities in America.

Offered by Senator Tom Connally of Texas on behalf of the Senate Judiciary Committee, the measure requires deportation of certain classes of aliens and the fingerprinting of aliens seeking to enter the United States.

"In addition," states Senator Connally, "the bill forbids tampering with military or naval forces of the country, or advocating overthrowing or destroying the government by force or violence.

"Aliens subject to deportation include those aiding any other alien to enter the United States in violation of law, any carrying a gun designed to shoot more than one shot without reloading, and those violating the Alien Registration Act," Senator Connally explained.

"No visas are allowed any alien entering the United States who has not been registered and fingerprinted and all those without visa, re-entry permit or registration card shall be excluded, Senator Connally continued, adding:

"Every alien in the United States over 14 years of age must be fingerprinted and registered. Applications for registration are to be made at designated postof-

fices, and aliens are required to give notification of change of residence within five days."

Present oil-well drilling equipment is designed to penetrate the earth to 17,500 feet, or nearly 3½ miles.

Texas oil wells produced a daily average of 14½ barrels each in 1939 compared with over 18 barrels in 1937.

More money is invested in the petroleum industry than any other American industry except railroad transportation.

Texas petroleum production last year represented over three-fourths of the total value of all mineral production of the State.

**TEMPLE OF TRUTH**

**WAR HYSTERIA.**

Back in 1918, we were told that our boys must be rushed to Europe at once lest the Germans come over here. It will be recalled that the German army was on the verge of collapse soon afterwards, and rebelled against their officers a few months afterwards. At the present time, the best authority believes that Hitler has no thought of bringing or sending his war machine to America. The best informed believe that in the event Hitler wins in Europe, Canada will likely declare her independence, or join the United

States. It is believed that Hitler will not have the men, supplies or money to wage a war against the combinations of the United States and the other American republics. America will be let alone for a long, long time from a military point of view. Our biggest danger ahead, it is claimed, will be a commercial boycott from across the ocean.

**RESPECTABILITY.**

From the Tremaine, Ark. News we copy:

"Mr. Cox was an asset to the community; a good neighbor, a fine husband, a fine father. He gave his daughter a college education, the rest he brought up respectably."

**FEMININE CRAVING.**

Most every woman craves a pair of hose that won't run, and a wrist watch that will.

**MENTAL VARIETY.**

The fellow who tries to please everybody else, seldom ever pleases even himself.

**PLAIN DUMB.**

I've never been able to figure out why it is so difficult for a man to get the right kind of vitamins in his system, and so easy to get the wrong kind of germs.

**THAT 'FIFTH' COLUMN.**

The politicians are saying the people are interested most in hearing a good bull fiddle. The people say they are interested most in the war. It looks like a contest between the people armed with hysteria, against the politicians armed with bull fiddles this campaign. Past history shows the politicians to have won even without the bull fiddle until the last campaign.

**SADLER vs. GERMANS.**

Jerry Sadler has the Germans in old Mexico pulling their hair. Jerry proposes that when the Germans attempt to cross the Rio Grande, that the Texas hot oil be turned into the river and burn 'em up. In the meantime, hot oil will remain a problem until the arrival of the German invaders.

**HARD TO PLEASE.**

Politicians sometimes rant about what newspapers have to say, accusing them of printing lies about them. It would be a darn sight worse if the truth were printed in many cases.

**THE CIVILIZED.**

Thirty-one years ago, Bidecker's guide book for tourists printed for the benefit of Europeans visiting America, advised them to bring a suppl. of buttons, needles, thread, ribbons and matches. While we were not supposed to have these 'modern' influences, the book admitted that "America is as safe as the more civilized parts of Europe." In making such a comparison today, what do you

suppose those same people think about it?

**POSITIVE INCLINATIONS.**

Old Hastoon Yazzie says that the English are so slow that it would take one of them a week to fall in a well.

**PAPPY'S DAY.**

The old Apostle was remembered by wife, children, grandchildren, daughters-in-law besides friends Sunday in receiving gifts. The range was wide but the sox and shirts are in the majority with ties a close second. There is nothing like that feeling of being remembered. There is nothing so disastrous as being forgotten. Thanks a lot, each of you, for those kindly remembrances from far and near. Every article will be put to good use.

**MARTIN**

## LOUISE GUINN AND JOE ALLENSWORTH ARE WED IN BORGER SUNDAY

BORGER, June 19.—Gentle zephyrs capered about the garden wedding Sunday evening that united Miss Louise Guinn, daughter of Mr. and Mrs. E. H. Guinn, and J. O. Allensworth, son of Mr. and Mrs. M. R. Allensworth of Clarendon, to make the event one of the most picturesque of June nuptials.

Strains of pre-nuptial music were heard from a piano concealed from sight by large leafy trees. The music included "Channon" (Frim), "I Love You Truly," and "Just a Song at Twilight."

The Rev. James C. Glenn, Presbyterian pastor, read the ceremony at 6 o'clock as the couple knelt at an improvised altar, with about 100 guests present.

Chords from Wagner's "Wedding March" announced arrival of the bridal party, with the bridegroom and his best man entering from a vine-covered arbor.

Quaintly demure was the bride, who entered on the arm of her father, who gave her away. She wore a bridal gown of white shad-

ow organly over taffeta, fashioned like her attendants, only with long sleeves that fitted tight from the elbow down.

Her veil of bridal illusion fell from a gathered band to her floor length dress.

Following a reception, the couple left on a short wedding trip.

The out of town guest list included Mr. and Mrs. Allensworth, and daughters Clairene and Mrs. Tony Watson, all of Clarendon.

## GARDEN CLUB MEETS IN BEN ANDIS HOME

The Garden Club met Monday afternoon in the home of Mrs. Ben Andis with Mesdames John Goldston and O. L. Fink as co-hostesses. Colorful garden flowers decorated the house.

Roll call was responded to by "Garden Facts." Miss Etta Harned gave an interesting paper on "The Dependable Day Lily." Mrs. Marvin Warren told of Famous Plant Hunters. Mrs. Lee Bell reviewed Plant Stories.

A dainty refreshment plate was served to one guest, Mrs. Ballew, and the following club members: Mesdames Jim McMurtry, George

Ryan, Bill Bromley, Marvin Warren, F. L. Goldston, Edd Speed, H. C. Brumley, A. W. Simpson, Sam Braswell, Joe Goldston, Walter Taylor, J. E. Mongole, Lee Bell, Tom Connally, Misses Etta and Ida Harned.

After the club adjourned, the members enjoyed seeing Mrs. Andis' lovely back yard with the added attraction of lily pool and rock fireplace.

## KNEEDLE KLUB

This club met at the home of Mrs. W. A. Massie Thursday afternoon. House was decorated with cut flowers, blooming plants and ferns.

**Guesswork Cooking Is Abolished When Modern Stove Is Added To Your Kitchen**

If you are a modern, up-to-date woman, keenly interested in this business of living and taking advantage of all the modern improvements devised to keep you youthful in body and spirit, would you be caught wearing a 15-year-old hat even in a rainstorm just because the straw in it still managed to give some kind of service? asks J. Frank Heath, owner of the Clarendon Furniture Store, in calling the attention to all housewives of the Clarendon trade territory about his big Old Range Round-up campaign to place several modern new ranges in homes of this territory at money saving prices.

**ONLY TWO COUNTIES SHOW POPULATION GAIN**

The two counties in census district 23 showing a gain are Gray and Hutchinson, both in oil development territory. Gray climbed from 22,090 to 23,847. Hutchinson climbed from 14,848 to 19,054.

Donley, like the other fifteen counties of the district slumped from 10,262 to 7,498. This report is released by the Bureau in Pampa Wednesday.

**TRANSFER APPLICATIONS OF STUDENTS MUST BE MADE**

Applications for transfer of school students from one district to another have been received by County Superintendent Geo. W. Kavanaugh, and parents wishing to have their children change schools next fall are asked to fill out the blanks immediately.

Students transferring schools must make application before July 31, according to Kavanaugh who said if this was not done, tuition must be paid by the student.

Mrs. C. G. Stricklin and daughter, Beverly Gray, are in Mineral Wells.

**JIM SWIFT GIVES SPOUTER PERSONAL ATTENTION**

About 2 a. m. Monday, a strong gas pressure area was encountered in the Texas company's wild-cat oil test on the Smith ranch some 12 miles east of Memphis. Salt water was blown over the 120-foot derrick and sprayed over a large acreage.

Gas was encountered around 600 feet when 16-inch casing was being used. A valve to halt the flow was brought from Wichita Falls. Drillers refused to give out any information. Since there is no odor to the gas, it is believed to be helium.

Mr. Swift is interested in a large block of land adjacent to the well which he stated was located on the B. P. Smith land and cattle company property just off the new farm-to-market road from highway 83 to Memphis.

**VISIT IN LUBBOCK**

### Marvin Jones Thanks Public

In a personal letter to the leader editor, Cong. Marvin Jones requests the following statement be published:

"The people of the Panhandle have been very generous to me. It has been a pleasure to work for them.

I have not sought publicity, but I have sought to do a workman-like job. All around may be seen the evidences of that work. I have

never made a speech nor cast a vote in which I did not thoroughly believe—and I have never dodged a vote.

To the people of every county in the district, to the newspapermen who have always been generous, to the businessmen, to the farmers who produce our basic wealth, to the stockmen, to the railway boys on whose brave shoulders rests the commerce of our country, to the carpenters who build, and to the women and men in every walk of life in the town and in the country, I owe a debt of gratitude that I can never repay. The work has been a labor

of love for the finest and most loyal people I have ever known. I shall continue to make the Panhandle my home. The people of the Plains shall always be my people, and their interests my interests."

Passing the library of Northwestern University, the Lamar Library of the University of Texas during the past year became the thirteenth largest college library in the United States. It has a total of more than 620,000 volumes.

### THE RECORD... Facts That Concern You

## ABOUT BEER AND ALE

### AN OPEN FORUM OF QUESTIONS AND ANSWERS

**QUESTION: WHY IS BEER CALLED THE BEVERAGE OF MODERATION?**

**ANSWER:** Because beer's alcoholic content is low. Temperate, moderate nations of the world...and their people...prefer beer.

**QUESTION: DO BEER AND ALE REALLY AID THE FARMERS?**

**ANSWER:** Since re-legalization the brewing industry has bought 25,000,000,000 pounds of farm products. That has helped farmers... particularly during the depression years.

**QUESTION: JUST WHAT ARE BEER AND ALE MADE OF?**

**ANSWER:** Beer is made by a natural fermentation process... from malted barley and other grains, hops, yeast, water. Nature makes beer. The brewer makes it good beer (and ale).

**QUESTION: HOW MUCH DO BEER TAXES CONTRIBUTE TO THE COST OF GOVERNMENT?**

**ANSWER:** Beer contributes \$1,000,000 a day... \$400,000,000 a year... to help pay the costs of government... local, state and federal. Everybody benefits from this contribution.

**QUESTION: DO BEER AND ALE MAKE JOBS FOR WORKERS?**

**ANSWER:** Beer and ale have already made a million jobs. This employment is wide-spread... all over the country. More than 100 other industries benefit from beer and ale.

**QUESTION: HOW IS THE BREWING INDUSTRY COOPERATING WITH LAW ENFORCEMENT OFFICERS?**

**ANSWER:** The Brewing Industry is actively on the side of law and order. A "self-regulation" plan to eliminate retail abuses has already been put into effect in a number of states in cooperation with law enforcement authorities. This plan is being extended. We would like to tell you about it. Write for an interesting free booklet. Address: United Brewers Industrial Foundation, 19 East 40th Street, New York, N. Y.

### Popular P & G Contest Is Nearing Successful Close

The nation-wide contest in which sixty Servel Electrolux refrigerators and \$3,500 in cash are being awarded every week grows in popularity with the women in this vicinity as the competition proceeds, according to an announcement from Mr. Thompson of the Thompson Hardware Co.

As we are now just about in the middle of the P&G-Servel Electrolux contest, in the neighborhood of 180 refrigerators have already been won by contestants in all parts of the United States and Canada in addition to three \$1,000 bills and fifteen or more \$500 bills, Mr. Thompson stated.

"Among the factors that account for the popularity of the contest are: first, the high standard of the Procter & Gamble product, which is featured in the competition; second, the growing public acceptance of the Servel Electrolux refrigerator and the desire of women for that type of household refrigeration; third, the simplicity of the contest rules and fourth, the ease which women find in writing the sentences.

"No one should hesitate to enter the contest as no great literary ability is needed, nor does the contestant have to have any special aptitude in writing. Just a concise, spontaneous expression of thought in the simplest language is all that is required.

"Entrants are invited to submit a statement of 25 words or less to complete the sentence: 'I like P&G White Naphtha Soap because...'. The sentences are adjudged for their originality, sincerity, and conciseness of thought. The awards go to those who are considered the best writers of the sentence.

"The contest is part of Procter & Gamble's 'Guiding Light' program which is broadcast over a coast-to-coast NBC network every afternoon, excepting Saturdays and Sundays. Twelve refrigerators a day are awarded to winning contestants. The contest began May 20, and will end June 30, approximately two weeks remaining to enter.

"Our company invites all those who have not already done so to call at our offices for contest entry blanks and for information regarding the contest."

### Goodyear Marks 25 Year Peak With Tire Making

Has New Two and Four-Unit Plan to Boost Summer Output to New High

"Celebrating its twenty-fifth successive year during which, based on production and sales records, an accurate estimate is that more people have ridden on its tires than that of any other manufacturer, The Goodyear Tire & Rubber Co. is marking the occasion with a July 4th tire sale," said Mr. McElvany, local company dealer.

Featuring the Marathon, introduced more than two years ago and successfully proved by billions of service miles on the road, as well as the recently announced All-American tire, built to reach 70 per cent of the majority market of users, Mr. McElvany said that, currently he was able to offer the Marathon in sets of two or four tires to meet the peak market in which there should be more replacements, either in sets or units, of worn out casings now running on the highways.

"It is true, as everyone in the great middle class group of car owners realize, that tires ought to be replaced oftener, especially in the heat of Summer driving when there are more cars moving on the roads and tire failures endanger a greater number of persons, but the matter of cash outlay has prevented buying more than one tire at a time," explained Mr. McElvany. "That is, owners could not buy the tire of a recognized manufacturer at a price that would permit replacement of two or four tires, and the thrifty person wants to get as much in quality for his outlay as he can. So, when we offer the Marathon with its high-wide tread, new roll grip non-skid and dual cord breaker protection against bruises and punctures, and stand back of it with a lifetime guarantee, we believe we are doing our part to put good, lower-priced tires within the reach of the majority, thus furthering highway safety."

"The new All-American, Goodyear's contribution to the rock-bottom price range of tires is a great guaranteed value for this field," declared Mr. McElvany, who urged that car owners invest

igate their own tires' safety, or drive in for a no-charge, no-obligation inspection, because he wants to continue his part in helping reduce motoring accidents due to tire failures.

In many lands today, mothers are forced to give up their children—even the youngest. Dictators demand them—and dictators are all-powerful. In peace as in war, they control business and industry, capital and labor, life itself. Men and women are told what work they must do. There is no prize for ambition, no hope for the man who would like to choose his own career.

**H**ow different it is in the United States! Here, governed by men responsible to the people, we choose our life-work for ourselves. This system of free enterprise makes the United States the world's greatest nation. Because men are free to dream and work as they see fit, scores of industries have grown great in America: the automobile, radio, telephone and electrical industries are just a few.

As typical Americans, the employees of your electric company are devoted to the American principle of working together, producing more of the good things of life and making them available to more people. Through their efforts electric service steadily improves; at the same time, its price steadily comes down.

What inspires the people of your electric company? The best answer is this: the employees of this company are proud of their part in keeping America great. They work as free men to bring better service and value to other free men. They are glad to create wealth instead of destroying it.

This company has been built by free Americans. It is built to serve other free Americans. It is free from political dictation. Like all industry, it will succeed as long as there are free Americans to work for it and free Americans for it to work for.

### Pipe Line Spans Father of Waters

SHREVEPORT, La. — Officials of the United Gas Pipe Line Company announced this week the completion of a multiple submarine pipe line crossing of the Mississippi river. This crossing is a part of a pipe line construction project for this company to make natural gas from the Lirette, Lake Long and other fields in south Louisiana available to the New Orleans area.

Contract for construction of the Mississippi river crossing included the laying of two 10 3/4 inch pipe lines on the bed of the river and the construction of the necessary headers to connect these two lines with the main line. The crossing was made at a point near St. Rose, La. twenty-two miles west of New Orleans. At this point the river has an approximate maximum depth of 100 feet and is some 3000 feet in width.

The company uses the multiple type crossing consisting of not less than two lines as added assurance of an uninterrupted and dependable natural gas service to its city gate and industrial customers. If one line should become damaged and develop a leak the demand can usually be taken care of by the other line until the damage is repaired.

In the actual construction work two barges, two large tugs and a launch were required. Fifty foot sections of seamless steel pipe were welded together on a work barge. The necessary weights were clamped to the line, locking sleeves installed over the welds and the line fed into the river as the barge progressed across the river. For safety purposes the two lines are laid 400 feet apart.

The river was rising at the time construction was started on the project, but during the course of construction the crest passed and the river started falling. This increased the velocity to such an extent that it was necessary to suspend operations for four days

### Great Drama, Superb Cast In New Film Wed.

LAVISH PRODUCTION FOR NEW SMASH HIT

Lovely golden-haired Madeleine Carroll, star of innumerable Hollywood hits, plays the role of Livia Vaynol in Edward Small's great screen production of Howard Spring's international best-seller, "My Son, My Son!" which will have a gala premiere at the Pastime Theatre on Wednesday. Miss Carroll shares stellar honors in the production with Brian Aherne and Louis Hayward, and the supporting cast features Henry Hull, Josephine Hutchinson, Sophie Stewart and Laraine Day. This new picture was directed by Charles Vidor from the screenplay written by Lenore Coffee. It is being released through United Artists.

Considered one of the prize plums of the motion picture season, "My Son, My Son!" was accorded an outstanding production budget by Producer Small so that the typical English atmosphere engendered by Mr. Spring's novel might be preserved intact for the screen. John Ducasse Schulze, noted art director, was called in by Small to bring England to Hollywood, and Harry Stradling, the Hollywood boy who made good in Europe was engaged for his expert camera technique.

Edward Ward, famed musical conductor and composer, was signed to score the background music for "My Son, My Son!" to give additional dramatic value to the now famous story of a father who made too many sacrifices for an undeserving son. He used more than 70 musicians in the sym-

phony orchestra with which he recorded the music. Among the outstanding sets constructed for "My Son, My Son!" are included the slums of Manchester, Victoria Station in London, a chateau in France and two spectacular country homes.

Ode To A Country Town

I love a little country town  
With quiet, tree-grown street,  
The kind and simple friendliness  
From those we chance to meet.

I love the house of small towns  
So neatly groomed and white,  
Where flowers bloom upon the sill,  
And windows glow at night.

I love the comradeship of folk  
In little country towns,  
The kindly smiles and "how-do's"  
Of friends on daily rounds.

I love a little country town  
Where folks have time for friends,  
Where words of kindness quench  
The heart,  
And friendship never ends.

### LEGION MEMBERS ACTIVE IN NATIONAL CAUTION

At a meeting of the local Legion Post, plans were made to further the cause of protection of Americans. The following letter was brought to the Leader office for publication:

June 19, 1940  
Donley County Leader  
Mr. J. C. Estlack  
Dear Sir:

"Due to unsettled conditions of world affairs in our own country. At a regular meeting of Aubyn E. Clark Post No. 126 Dept. of Texas American Legion went on record offering our services in any capacity to work with the legal authorities to help combat "Fifth Column" or any other un-American activities.

Respectfully yours  
Aubyn E. Clark Post  
126 Dept. of Texas  
American Legion  
Joe A. Holland, Commander  
Rayburn E. Smith, Adjutant."

All members of the Legion are pledged to work with a national federal organization in the enforcement of our laws, and the protection of our citizens in times of emergencies.

### War Increases Greater Demand For Live Stock

AUSTIN, June 18.—Proof that the livestock industry of Texas is fully awake to the possibilities and future demands, resulting from the European war and this nation's own defense program, was cited today by J. E. McDonald, State Commissioner of Agriculture, in revealing an unprecedented number of requests for leasing of state owned jacks and stallions.

"Texas bred mules and horses have always ranked at the top in both peace time and in war, and as a result of the present domestic and foreign conditions, this demand is increasing rapidly.

"With July 1 as the deadline for new annual leasing contracts, the list of available jacks, state owned, has already been exhausted, while there are only approximately 50 stallions remaining unleased for next year. In this class are saddle, draft, morgans and thorough bred stallions, and with last minute applications this number is expected to be quickly exhausted.

"Since the state launched the program of leasing jacks and stallions to farmers and ranchers in 1934 under the provisions of the racing statute, the value of livestock in Texas has been increased by \$3,500,000.

"While motorized blitzkriegs have taken a prominent part in present war maneuvers reports received from the battlefield show the draft animal is still carrying his part on a major scale. The same is true along the domestic front where the tractor is used for large scale farming, but with the horse and mule in increasing demand for small farm operations," McDonald concluded.

Texas has nearly one-fourth of the total oil and gas pipe line mileage in the United States.

Of the University of Texas' more than 500 faculty members, 90 per cent are church members, a recent survey shows.

University of Texas co-eds do not consider college a matrimonial bureau, they tell the dean of women's office. Of June graduates, 85 per cent plan to work next year, 10 per cent will marry, and 5 per cent will go back home.

### Almost 90 Are Certified For Local Ballot

#### Fifty-Four State And Over Thirty Four District And County Candidates On Ticket

Donley County's first primary ballot, July 27, will include around 90 names of state and county politicians seeking democratic nominations, it was learned after precinct chairmen met Monday to certify the ballot.

Ed Dishman, Donley County Democratic chairman, announced approximately 54 state and 35 local candidates had filed for office.

Absent at the deadline, for county offices Saturday, was the name of Walker Lane, long time district clerk of Clarendon. Lane

decided not to enter the race following the combining of his office with that of county clerk. His failure to file leaves Helen Wiedman, appointed recently to fill the vacancy created by the resignation of W. G. Word, without an opponent.

The only new candidate filing without an announcement was R. L. Steedly, Ashtola, who said he was moving to Clarendon and would make the race for constable. So far as can be learned, he will be unopposed.

Of the 54 state candidates, the office of railroad commissioner seems most attractive. Eighteen names have been filed for that branch of the state government. The next most popular is the governor's chair with six men and one woman opposing W. Lee O'Daniel's re-election.

Mrs. W. R. Newton and children, Elizabeth and Billie, of Cameron are visiting her parents, Mr. and Mrs. S. T. Nichols.

### WOOD FAMILY REUNION AT MARTIN HELD SUNDAY

Miss Della Wood was hostess to a number of friends and relatives at her home near Martin Sunday. Among those present were Mrs. Clark Alexander and her daughter and husband, Mr. and Mrs. Cecil Duke of Ft. Worth; Mrs. Ruby Humphrey and two children of Imperial, Calif.; Mr. and Mrs. Perry Wood of Amarillo; Mr. and Mrs. L. L. Wood, Elton Wood, Mr. and Mrs. J. D. Wood and daughter and Miss Cobb.

Coming in the afternoon were Mrs. Bruce Riley, Mrs. Jim Pool and Mrs. Richard Cannon. The usual 'big dinner' was served. A number of keepsake kodak pictures were taken. The gathering brought together a number of former schoolmates among the ladies attending to the enjoyment.

### LELIA LAKE CHURCH WILL HAVE BIBLE SCHOOL

A daily vacation Bible school will begin tonight at 8:30 at the Lelia Lake Baptist church according to the announcement of the pastor, Rev. V. W. Allen.

All children of that district will be welcome from the cradle roll through the intermediate age.

Rev. and Mrs. O. C. Edwards of Plainview are helping in the school.

All parents are urged to be present at the opening of the school, Rev. Allen stated. The opening date is June 20th, 8:30 p. m.

Alfred Hahn is visiting his sister, Mrs. Andrew Watkins and family in McLean.

Dr. and Mrs. H. R. Beck of Clarendon were among those to attend the Panhandle Dentist's Meet in Amarillo Saturday.

Mrs. Joe Ritter and daughter, and Jean Piercy spent the week end with Mrs. Richerson in Borger.

Rev. G. T. Palmer left Wednesday for Dallas where he will attend a pastor's conference.

Mr. and Mrs. W. C. Gordon, who visited their niece and husband, Mr. and Mrs. Clyde Butler the past week, have returned to their home in Decatur.

Mr. and Mrs. Reagan Bryan and daughter Donna Rea spent Sunday with her parents, Mr. and Mrs. Bell in Wellington. Donna Rae stayed for the week.

### \$125 Saddles Highlight Rodeo's Premium List

Topped by two \$125 saddles, prizes for Clarendon's 4th of July celebration rodeo were listed today.

One saddle will go to the cowboy having the best average time in roping events for the two days of the show with the other saddle to be presented to the out of town sponsor capturing the sponsor contest.

In addition to the regular cash awards which will be given rodeo contestants, other prizes will be \$30 pair of hand-made boots to second best average roping time; \$30 boots to second place winner out of county sponsor event; \$30 boots to winner of local sponsor contest; \$10 Stetson hats to best bronc rider, steer rider and second local sponsor.

### SPLIT TAX PAYMENTS MUST BE MADE BEFORE JULY

For the information of the taxpayers of Donley county, the county commissioners this week are giving notice through your Donley County Leader that the last half of the split tax payment must be made not later than June 30th. This applies to 1939 taxes.

By making the last payment, taxpayers may avoid the payment of interest, penalty and the one dollar charged by law for the issuance of a delinquent tax receipt.

Those interested in this saving, should read the advertisement in this issue made possible by the generosity of your county commissioners in their effort to give you accurate information that you may save money by paying your split taxes before the close of June 30th. After June 30th, the penalties named above will then apply as provided by the Texas tax law.

### DEBTS MAY BE BAD BUT NO MONEY WILL BE LOST

John Burton King loaned all but \$2 of his Saturday's pay check which he failed to receive until Sunday, but even if the debts are bad he can't lose any money.

Young King harkened to the pleas of two friends, saving only the \$2 from his pay envelope. That night, the barefoot burglar visited the Rev. M. M. Miller's home where John Burton was spending the night, and the \$2 vanished.

Mrs. Earl Humphrey and two children of Imperial, Calif. visited relatives here the past week. They came with Mr. and Mrs. B. L. Wood.

Mrs. Rufus White returned home Saturday after spending several days with her parents at Waxahachie.

George Thompson of Hedley was in Clarendon on business Monday.

Mr. and Mrs. Marion Williams have returned to their home in Roswell after a visit with relatives and friends here.

Neil Thompson left Saturday night for Cheley Camp, near Estes Park, Colorado, where he will be employed this summer.

Mrs. Faye Eggleston of Vernon is in Clarendon this week visiting in the L. E. Thompson home. Mrs. Johnny Johnson returned home Monday. She had been visiting relatives and friends in Fort Worth.

James Wesley Palmer is visiting relatives in Amarillo this week.

Mrs. Essie Tice of Mineral Wells spent Friday with her mother, Mrs. A. H. Baker.

Mrs. Minnie Lokey visited relatives in Childress the past two weeks.

Miss Lelia Clifford is visiting in Dumas.

Bill Word of Silver City, New Mexico, is visiting in Clarendon this week.

### Fourth of July Program Given

The program of events for Clarendon's Rancho Round-up and 4th of July Celebration, which will be held here July 3 and 4, was released today.

Opening at 1 o'clock the morning of July 3 with band concerts by the local and visiting bands, the program will move rapidly until late the night of July 4th.

Harry Hines, candidate for the Democratic nomination for governor of the state of Texas, will address the crowd at 11 o'clock, July third. On July 4th, congressional candidates will be given an opportunity to speak.

Besides the political addresses, the two day program will be the same. At 10 a. m. and 12:30 p. m. Dickie's Cowtown band will entertain. The parades are set for 1 o'clock, the rodeos at 2:30, and the Coronado pageant at 8:30.

### VESTER SMITH REMAINS CRITICALLY ILL

In company with his brother Bert Smith, Vester Smith was brought back to McLean Monday. They were met at Pampa by Mrs. Bert Smith and children of Clarendon.

Vester Smith was thought to be recovering nicely a few weeks ago following an operation for brain tumor in Johns Hopkins hospital in Baltimore. Recently his condition became critical and Bert Smith again accompanied the sick man back to Baltimore.

Late information is to the effect that the trouble has assumed a malignant form and that the condition of Vester Smith is very critical.

This will be sad news to the large number of friends of the Smith brothers, prominent in the refinery business at McLean and who have taken the lead in development in this section for many years.

Porter Smith, another brother, passed away almost suddenly only a few months ago. Friends of the family in Clarendon are deeply grieved over the misfortune of these good men.

Mrs. Clark Alexander and her daughter, Mrs. Cecil Duke and husband of Ft. Worth, returned home Tuesday after a pleasant visit with relatives and friends here.

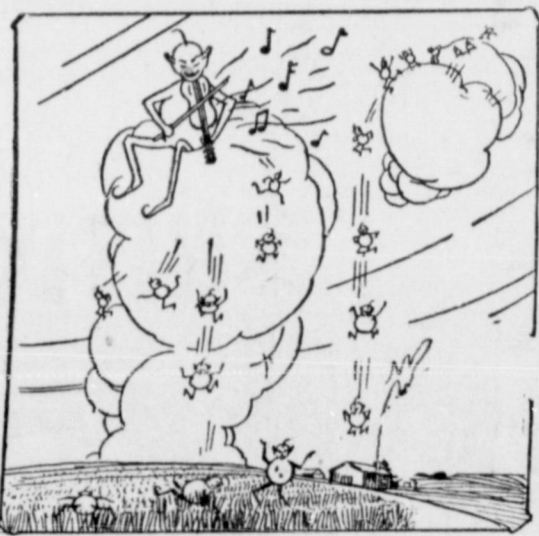

Miss Helen Sue Sloan of Borger. A. Sloan and other relatives here visited her grandmother, Mrs. E. the past week.
