Sales tax receipts increase

State Comptroller Bob Bullock sent checks totaling \$53.2 million in local sales tax payments to the 1,017 cities that levy the one percent sales tax. "Statewide payments are up 3 percent over last January's checks. However, a short holiday shopping period since Thanksgiving and an early cut off in processing tax returns may account for some cities showing lower payments," Bullock said.
 January checks represent taxes collected on sales made in November and reported to Bullock by December 20.
 The city of Clarendon received \$4,587.45 for this period. This was up from \$4,075.93 last year. This gave Clarendon a 12.55 percent increase. Neither Hedley or Howardwick sent in their sales tax report.
 Collingsworth County had a decline of 28.69 percent. Armstrong County reported a 21.50 percent increase. Hall County received a 39.33 percent decline. The city of Memphis was down 47.57 over the same period last year.

In May, 1983, a random selection of 7,428 students from 177 schools in 40 states were tested. Children above the fourth level had four years or more on A.C.E. The students were not selected on a basis of academic ability; slow learners were averaged into the totals. Students were not given any academic preparation before testing—the only preparation was student use of standard A.C.E. curriculum under normal A.C.E. Learning Center procedures.

Note: Statistics for grades below the fourth level were estimated from reports submitted by A.C.E. Coordinators and Consultants. Levels 4-12 were scored by CTB/McGraw-Hill Publishers. Local school staff administered the 1977 normed California Achievement Test and worked directly with CTB/McGraw-Hill Publishers in May, 1983.

Gins report increase in cotton ginned

The three Donley County gins have reported they have ginned 13,804 bales of cotton as of the second week in January of the 1985 cotton crop. This compares to about 10,000 bales they ginned about the same period of last year. They are still expecting 2,500 to 3,000 bales to be ginned in the next two weeks before the ginning will be finished for this year.

As a whole, the cotton crop has been much better than it was last year. Some dryland farmers around the punty have averaged one-half bale per acre or more, while irrigated cotton has made up to a bale.

There have been reports of dryland farmers making as much as a bale to two bales per acre in the Quail and Weington area.

The Farmers Coop Gin reported they have ginned 4,900 bales so far this year and the same period last year, they had only ginned 2,800 bales. They estimate they will have as much as 1,200 bales left to be

ginned this season.

Paymaster Gin in Lelia Lake estimated they will gin some 7,000 bales this year. They have already ginned 5,870 bales and this compares to only 4,700 for the same period last year.

West Texas Gin in Hedley has ginned 3,034 bales so far this year. This compares to only 2,800 bales last year for the same period. They expect they will gin 3,500 bales before they are finished with the season.

All three gins report they are stacked up in the yards and expect by the end of the week most of the farmers will be finished with their 1985 cotton crop.

The price this year has been averaging between 42 and 50 cents per pound. They also report there is very little market for this year's crop, and most of the cotton will be going into the government loan.

Spotlight on Teens

by REV. TONY COLBURN

It's hard to believe that 1986 is already in full swing. It won't be long before my family and I will have been at the Calvary Baptist Church for one year. We have thoroughly enjoyed serving the Lord in Clarendon. God has blessed the youth department in a great way. We have seen a lot of teenagers make some lasting decisions to serve the Lord. We have seen some saved, baptized and even some surrender to preach the Gospel. It has been our desire to be used of the Lord to reach teens for Christ. The Lord knows that the devil has had them long enough.

In this new year my prayer and desire is to do more in the area of ministering to teenagers. It wasn't long ago that I was a teenager myself. I know what these teenagers are facing. I've been there. It's not easy for a teenager to live for the Lord and sell themselves out 100% to His work. If I can help you as a teenager in any way, please let me know. If I can help your teenager in any way, I would be glad to.

In this coming year I am praying that God would allow us to win more teens to the Lord. I am praying that we will get more teens involved in His work. I am praying that God would help us to build an exciting youth department. I would like to have more activities for the teenagers this year. By God's grace and power I believe that we will see many teens commit themselves 100% to the Lord in 1986. If we don't reach the teenagers now, it's going to be harder to reach them 10 or 15 years from now. Parents, I need your help and support. They need all the encouragement that we can give them.

Friends of the Library are to reorganize at a meeting Tuesday, January 21, at 7 p.m. at the Burton Memorial Library. Anyone interested in being of aid to the library is invited to attend this important meeting.

In the past few years, the Friends have been a driving force in raising money to build the present library. Help from the Friends is needed again. City and county funds are provided to pay monthly expenses for the library. State funds are designated for a certain amount of books each year. All other expenditures are dependent upon donations and funds raised by Friends of the Library.

"Out of town visitors are amazed at the extent of our library and of all our facilities," says Annis Stavenhagen, librarian. She continued, "We must not rest on what we have accomplished. There are so many

things we need to do."

A Friend of the Library is anyone who believes that the library is a valuable community asset and is willing to contribute time, talent, and support to help make it all possible. The library needs friends and you are invited to attend this meeting.

Four receive Dusty Burleson Memorial Scholarship

The Dusty Burleson Scholarship was established as a living memorial to David "Dusty" Burleson, son of Stan and Lou Burleson of Flomot, Texas. Dusty died in an automobile accident in December 1983 while enrolled in Clarendon College's Ranch Feedlot Operations program. Dusty Burleson's family had home-

steaded in the Flomot area in 1891, and has ranches in Floyd, Motley, and Briscoe Counties. They are dedicated to western heritage and ideals. Each year since their son's accident, Mr. and Mrs. Burleson have sponsored a three day invitational roping contest. The 1985 Burleson Memorial Roping consisted

of eight varied events plus a Visual Art Show. The proceeds from this roping contest go to the Clarendon College Ranch-Feedlot Operations Scholarship Fund. This event is very well attended and financially supported by the Burleson family, friends, students, and faculty at Clarendon College.

Between the Fall and Spring semesters a faculty and administrative committee at the college considers applications submitted for the Dusty Burleson Memorial Scholarship. Applicants are judged on academic ability, personal character, leadership, demonstration of a desire to represent the livestock industry in a forthright manner, and financial need. The four young men selected for the 1986 scholarships are Shane Klinnert of Clarendon, Wayne Jiron of Bosque Farms, New Mexico; Phil McKinley of Pietown, New Mexico; and Robert Macina of Shamrock, Texas. The college wishes to express appreciation to the Burleson family for making this scholarship fund possible and to commend these students for the qualities necessary for this accolade.

RECIPIENTS of Burleson Scholarship (not in order) Shane Klinnert, Wayne Jiron, Phil McKinley, and Robert Macina.

Watt's Happening in Hedley

by Peggy Watt

My mother came home from Collingsworth General Hospital Friday where she spent almost two weeks. She's feeling a lot better but must still get a lot of rest and be careful not to get cold.

Ronnie and Becki Ward and T.J. of Hugeton, Kansas have been visiting their parents Boots and Eunice Ward and Virgil and JoAnn Johnson. T.J. has been sick. Everybody should have a kid like him. He's two years old and can tell you his name, his parents names, his address, phone number, and where his parents work.

Travis and Inez Bland had their children visiting recently. Those enjoying their parents hospitality were Mr. and Mrs. Tommy Bland, James and Kathleen of Omaha, Nebraska, Ross and Phyllis Black, Tiffany and Jeff of Red River, New Mexico, Shirley Hutcherson, Madona, Erin and Leah of Queen Creek, Arizona. Chester and Beatrice Hill of Lefors were also recent visitors.

Earl and Sharon Wheatly have been enjoying the company of her mother Mrs. Ruth Harrison of Lewisville. She attended church at the Methodist Church Sunday morning.

Tode and Mattie Laura Hill were surprised Saturday by a visit from their daughter Jane Ruth Owens and her friend Deana Kay Garrett of Amarillo.

Manfred and Wilma Snelson were in Amarillo part of last week with their daughter Katrina Osburn who had surgery in High Plains Baptist Hospital Monday. Manfred returned home Monday, but Wilma stayed until Wednesday.

Lanell Barnett of Vernon came last Thursday and accompanied her mother Mrs. Etta Mae Cherry to Amarillo to see the doctor. They spent the night in Canyon with Lanell's daughter Larry and Teressa Carter and their children. Etta Mae told me the doctor gave her a good report.

Mrs. Cassie Owens enjoyed the company of three of her sons during the weekend. Berle Owens, Doug Owens and Jim Owens, all of Ama-

rillo, spent the weekend with their mother. Berle brought a young friend with him.

Ruby Bardwell spent part of last week in Amarillo tending to business.

Shelby and Betty Bell of Clarendon visited with his sister Mrs. Cassie Owens during the weekend.

C.V. and Ethel May of Amarillo visited with Clyde and Mildred Hoggard Sunday. Mildred told me they "gaddered around" and looked at the country around Quail all afternoon.

Hobart and Helen Howell of Sayre, Oklahoma spent some time with his sister, Mrs. Louise Long, last week. They also visited with Clyde and Mildred Hoggard and played at the Senior Citizens Musical Tuesday evening.

Fred was in Wellington last week and saw Jack and Jackie Stafford and Anthony Knowles at the sale. It's good that Jack is able to be up and out these days.

Rachel Adams accompanied her children, Janet and Richard Conine to Clarendon to tend to some business Friday.

Glenn and Wanda Ward, Helena Randall, and James Lee and Jean Wilkes and Keven of Childress enjoyed their parents hospitality Sunday. They joined Leon Ward at Boots and Eunice Ward's home.

Sam and Flora Sanders went to Wheeler Sunday to take some of Flora's homemade rolls to their kids there. Bill and Tobitha Wiggins, Bill, Cody, and Phillip probably hopes they will make that weekly occasion. Flora is one of the best cooks around. She cooked for the school for almost twenty years and is now cooking at the Hedley Senior Citizens.

James and Nonie Hartwell spent Sunday with his mother, Mrs. Nora Hartwell, who has been sick. When I talked to her, she was feeling some better, but still didn't feel like working in her yard.

Ronnie and Wanda Knightstep, Chip and Heather of Amarillo spent the weekend with his mother, Mrs. Pauline Kaufman.

The Hedley Homemakers met in the homecoming room at the school for their first meeting of 1986. Terry Floyd, Donley County Home Economics Agent, gave a program on violence in the home. New officers were elected. Those elected were Nancy Stephens - president, Janie Hill - vice president, Sherry Martin - secretary, Tammy Brinson - treasurer, Kay Talley - council delegate. Other members attending were Becky Hill, Wanda Hill, Carole Ward, Vicki Knowles, Barbara Collins, Nancy Woodard, and Kathy Holland.

The Hedley Lionesses are trying to raise money for new floor covering for their new kitchen. Froggie Stewart is donating his labor and Connie DeBord and Raymond Hopper are helping him. J.T. Lamberson donated some plywood and nails and Virgil McPherson

donated a storm door. The City of Hedley donated Gerald Bland and Bob Roland to help with the clean up. Louise Stewart and Helen Lamberson also are helping.

There have been so many helping we can't thank everyone and we want to do so. So if you've helped in any way; Thank You! The Methodist Church gave the Hedley Lionesses a cookstove and water heater and Betty and Royce Williams donated a couch and chair. Memphis Lumber Co. gave 8 gallons of paint and Memphis Trading Post sold the 2X4's and 2X2's at cost.

The Lionesses still need several items for their new hall so if anyone has anything they want to give, they will welcome it.

If anyone wants to use the hall for a party or shower, get in touch with the Lionesses. Louise Stewart is president.

More donations have been made. Hobart Moffitt gave some silver paint. J.T. Lamberson gave some pipe. Jimmy Stewart welded it into a fence. Louise Stewart and Helen and J.T. Lamberson painted it. It looks really nice.

The Hedley basketball teams have been busy since the Christmas holidays ended. On Thursday, January 9, the junior high teams hosted Lela. The boys won 30-24. The girls won their first game of the season 23-22. Marisol Andaverdi made all 23 of Hedley's points. They played a good defensive game. On Saturday, January 11, both teams traveled to Silverton for a tournament. The girls played the Silverton team and lost 32-11. Again Marisol had 11 points. In the second game, they played Clarendon 7th grade and lost 30-13. Marisol made 10 points; Debbie Cortez made 2, and Amanda Ward had one point. The girls brought home a nice 4th place trophy. The boys played Silverton first and lost 23-18. In the second game we played Clarendon 7th and won 40-17. The boys brought home the 3rd place trophy.

The high school teams will begin their district play by hosting Lakeview Friday, January 17. On January 21, they will travel to Silverton.

Both beginners and experienced members of the K-9 Korp are eligible to join. There will also be 3 flag bearers for the American Texan and 4-H flags, and possibly one for a K-9 Korp flag.

Following members of the K-9 Korp and adult students of our classes attended their first sanction match for 1986, given by the Panhandle Kennel Club. In Jr. Showmanship, Mike Moore took 1st place in the 13-17 age group, and Elizabeth McAnear took 1st place in the 10-12 age group and also best junior handler, under Judge Donna Aiello of Amarillo. In the breed ring, Judy McCully took 1st in puppy dog with Ace (Doberman), Best of Breed in puppy dog with Ace (Doberman), and also 1st place in Open Dog with Ace (Doberman). Mike Moore took 2nd place in puppy dog with Sargeant (Doberman) and 2nd place in open bitch with Bonnie (Doberman). Judy Cole showed Brandy (Schnauzer) in novice A and received a score of 163 points of 200. Ruty McClain showed Miss Texas (Doberman) in subnovice and received a score of 150 points of 160. Mike Moore showed Max (Doberman) in open A and received a score of 176 points of 200. All were shown under Judge Annette Brooks of Canyon. Also in the obedience ring was Max Rodriguez showing Possum (Australian Cattle Dog) in subnovice and receiving 154 points of 160. The match was held Sunday, January 12th in the commercial exhibits building at the Tri-State Fairgrounds in Amarillo. Approximately 250 dogs were shown in all. Congratulations to everyone!

Graduation will be January 29th in the community center building at the Donley County Fairgrounds, beginning at 6:30 p.m. The public is invited to come see us work our dogs. New classes will begin February 5th at 6:30 p.m. at the community center. Classes will be every Wednesday evening for eight weeks. For more information, please contact Judy McCully at 3419.

From The PEN of PASTOR PINION

ABORTION

In 1973 the Supreme Court of the United States made a fateful decision in a landmark case. The justices ruled in Roe v Wade that the termination of unborn life is a legal right. On January 22, 1973 the United States Supreme Court ruled that a woman had "a right to privacy" broad enough to include

abortion. This was declared to be her basic constitutional right. The court further stated that "legal personhood does not exist prenatally" thus striking down all laws against abortion in all 50 states. Our noble nation has since witnessed the abortion of more than seventeen million of her unwanted citizens.

Recent polls reveal a rude awakening in the minds of previously unconcerned millions. They are alarmed by the ugly reality of abortion. Armed with both scientific fact and moral logic, there are many in every strata of society energetically supporting numerous efforts to rectify the present wrong. Not since the abolitionist movement of the previous century has America witnessed such a long and sharpened debate. Not since Lincoln has the religious conscience of our country protested so loudly over a national practice.

Most Americans who profess an actual conversion experience to Jesus Christ are overwhelmingly opposed to the legalized slaughter of unborn human life. Even those who do not claim to be Christians are opposing abortion simply because they are good moral people. Still others simply have not been given the facts concerning this issue and remain undecided based on these grounds.

It is for this reason that the concerned citizens in our community

The Clarendon Press, Thurs., Jan. 16, 1986

will have the opportunity to see and hear first hand the "facts" concerning abortion. A county wide "Pro Life" rally will be held Tuesday, January 21st at 7:00 p.m. at the Clarendon Junior College Auditorium.

I strongly urge each person in our community to become more informed concerning the abortion issue. "My people are destroyed for lack of knowledge..." Hosea 4:6.

DERMATOLOGY CENTER DEDICATION - From left, dermatologists Dr. Turner Caldwell, Dr. Jack Waller, Dr. William E. Laur and Dr.

Randall Posey dedicate the High Plains Dermatology Center, designed in the shape of Texas, at its new location at 4302 Wolflin Ave. Amarillo, Texas.

Dr. Turner Caldwell is a native of Clarendon, attended schools in Clarendon and is the son of Mr. and Mrs. T.M. (Red) Caldwell of Clarendon.

Your Chamber at Work

The Clarendon-Donley County Chamber of Commerce has been working hard to revamp their program and become a more active and effective organization. This past year the Chamber increased its membership from 72 to a present membership of 191. The local businesses and individuals have taken a welcomed interest in what is happening to our local area. Several new programs were introduced and are successfully underway.

The Chamber needs new members to help in its efforts to continue to make our community a better place in which to live and work. The Chamber is being called on more and more each year to carry out projects for the betterment of Donley County. As more projects and programs are carried out, more people are needed to help. This additional help will come from new members.

The Chamber is a voluntary organization of citizens who are investing their time and money in a community development program - working together to improve the economic, civic, and cultural well being of the area. Any citizen who is interested in helping develop the area is eligible to be a member of the

Chamber of Commerce. By developing the area it will mean more money - more business - more jobs and better living for everyone. The Chamber is NOT tax supported and its work is only financed by the investment of the members who support it on their ability to pay and their interest in the progress of the community. Your Chamber is composed of committee members, directors, and officers who serve without pay.

Your Chamber of Commerce enables people to accomplish collectively what no one of them could do individually. Your Chamber is a service institution and an action organization. It provides a medium through which people can take effective action for the progress of the county. It helps to create job opportunities through stimulation of business, industry and commercial growth. It works toward developing agriculture and the agri-business industry of the area. It seeks the improvement of community facilities - unites business and professional individuals and firms, thus creating a central agency which lends itself to improving business and

building a better community. It helps examine community needs and channels resources to the fulfillment of these needs.

Business and individuals working in and with the Chamber are making their contributions to the community effort. The upgrading of the community, the increase in business, the service to tourists, the new industries - all of these things the Chamber works for - have a good effect on you, your family and your business. You don't serve and support the Chamber, you contribute and work for yourself.

Minimum dues per year for a Chamber membership are \$60 for businesses and \$36 for individuals. These are minimum amounts and the Chamber will accept any amount over this.

We would appreciate your membership in the Chamber of Commerce. Your support in our efforts is needed to help make a dream come true.

If the Chamber can be of any help to you or if you have any questions concerning the Chamber and its activities, please do not hesitate to call the Chamber office at 874-2421.

Broncos go 1-1 in district

The Clarendon boys basketball team finished their pre-district schedule by finishing third in the Claude Tourney. In the first game, the Broncos lost a close game to Claude 40-54. The Broncos trailed 16-4 at the end of the first quarter and the closest the Broncos got was 42-38 in the fourth quarter. Brent Hayworth was the defensive player of the game and scored 10 points. Randy Crump scored 10 points and Russell Alexander led all rebounders with seven. Clay Sharp had four assists.

The Broncos defeated Silverton in the second round 51-47. A strong defensive effort by the Broncos made the difference in the game. Randy Crump was the defensive player of the game, had 12 rebounds, and scored 13 points. Russell Alexander and Wesley Hatley scored 14 and 13 points, respectively. The Broncos made 28 of 42 freethrows in the game. "There were more freethrows show in that game than I have seen in a long time, and we almost lost the game on missed freethrows in the fourth quarter," said Coach Loveless.

In the final game, a strong Stinnett team defeated the Broncos 70-30. The game was a very physical game, the type of game the Broncos have had a difficult time winning this year. The Broncos had many offensive

rebounds but were unable to convert them into points.

The Clarendon Broncos lost their first district game 56-54 to Quanah. The Broncos offense got on track in the first quarter with many fast break points to lead 17-15. In the second quarter, Quanah's press was ineffective and the Broncos led 31-30 at the half. Quanah got hot in the third quarter to take the lead by as much as eight points. The Broncos slowly got back into the game, but did not make a last chance shot with less than five seconds to play to lose. James Ariola had five rebounds and was the defensive player of the game. Randy Crump had 18 points, seven rebounds and was the player of the game. Russell Alexander, Chris Ward, Wes Hatley, Clay Sharp, and Brent Hayworth also played well. "This was our best game of the year and the loss was tough to take. Our young men don't have anything to be ashamed of," said Coach Loveless.

Clarendon defeated Wellington 50-44 in the second district game, keeping their play off hopes alive. The Broncos played aggressive defense in the first quarter taking a 12-7 lead. In the second quarter, Clay Sharp made five points and several assists to keep the lead 21-17 at halftime.

In the third quarter, the Skyrockets played more aggressively but trailed

32-34.

In the final quarter, the Skyrockets went to their 6 foot 3 inch post player but the Broncos controlled the rebounds and made 14 of 19 freethrows to win 50-44. Clay Sharp was the defensive player of the game and scored nine points. Randy Crump was high point with 14. James Ariola had 13 rebounds. Brent Hayworth, Wes Hatley, Russell Alexander, and Chris Ward had excellent games.

The Broncos are 1-1 in district and 6-11 for the season. The Broncos played in White Deer Friday at 8:00 and host a strong Shamrock team next Tuesday at 8:00.

**COMBINED NOTICE
NOTICE TO PUBLIC OF NO
SIGNIFICANT IMPACT ON THE
ENVIRONMENT AND NOTICE OF
INTENT TO REQUEST RELEASE
OF FUNDS**

Date: January 9, 1986
Name of Contractor: City of Hedley,
P.O. Box 358, Hedley, Texas 79237,
(806) 856-2241.

**TO ALL INTERESTED AGENCIES,
GROUPS AND PERSONS:**

On or about February 3, 1986, the above named municipality will request the Community Development Block Grant Program to release federal funds under Title I of the Housing and Community Development Act of 1974, as amended, for the following project:

Project Title: City of Hedley - Water System Improvements

Purpose: The addition and replacement of water distribution lines and fire hydrants is proposed to provide a sufficient and dependable supply of water to meet domestic and emergency needs of the community.

Location: City of Hedley, Donley County, Texas.

Enumeration District/Census Tract: ED-157

Finding of no Significant Impact

It has been determined that such request for release of funds will not constitute an action significantly affecting the quality of the human environment in the project area and accordingly the above named municipality has decided not to prepare an Environmental Impact Statement under the National Environmental Policy Act of 1969.

The reasons for such decision not to prepare such statement are as follows:

The improvements proposed for the water distribution lines and fire hydrants are all beneficial to the community residents and will upgrade the water system of the City of Hedley. The project is not an action which will significantly affect the quality of the environment.

An environmental assessment respecting the within project has been made by the above named municipality which documents the environmental review of the project and more fully sets forth the reasons why such statement is not required. The environmental assessment is on file at the above address and is available for public examination and copying upon request at city hall between the hours of 8 a.m. and 5 p.m.

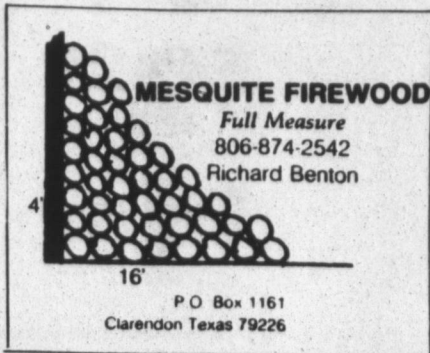

Public Comments on Filing
All interested agencies, groups, and persons disagreeing with this decision are invited to submit written comments for consideration by the municipality to the office of the undersigned. Such written comments should be received at the address specified on or before January 31, 1986. All such comments so received will be considered, and the municipality will not request a release of federal funds or take any administrative action on the within project prior to the date specified in the preceding sentence.

Release of Funds
The City of Hedley will undertake the project described above with Community Community Development Program funds from the Department of Community Affairs under Title I of the Housing and Community Development Act of 1974, as amended. Jon Leggett as certifying officer of contractor approved by the Texas Department of Community Affairs in his official capacity as Mayor consents to accept the jurisdiction of the federal court if an action is brought to enforce responsibilities in relation to environmental assessments' decision making and action; and that these responsibilities have been satisfied. The legal effect of the certification is that upon its approval the City of Hedley may use the Texas Community Development Program funds and Texas Department of Community Affairs will have set aside its responsibility under the National Environmental Policy Act of 1969, and 24 CFR, Part 58.

Objections to State Release of Funds
The Texas Department of Community Affairs will accept an objection to its approval only if it is on one of the following basis: (a) that the certification was not in fact executed by the certifying officer or other officer of contractor approved by Texas Department of Community Affairs; or (b) that contractor's environmental review record for the project indicates omission of a required decision finding or a step applicable to the project in the environmental assessment. Objections must be prepared and submitted in accordance with the required procedure [24 CFR, part 58.75] and may be addressed to the Texas Department of Community Affairs, 2015 South IH-35, P.O. Box 13166, Capitol Station, Austin, Texas 78711. Objections to the release of funds on a basis other than those stated above will not be considered by the Texas Department of Community Affairs.

No objection received after February 18, 1986, will be considered by the Texas Department of Community Affairs.
Certifying Officer of Contractor: Jon Leggett, Mayor, Environmental Certifying Officer, P.O. Box 358, Hedley, Texas 79237.

Filing fees announced for elected offices

There are seven county offices and several city aldermen, college regents, school trustees as well as board of directors for the hospital district open for the election in the May primary.

The county offices are full-time paid positions, while all the others are staffed by dedicated citizens, who donate several hours a month. All of these positions are important and vital to running our city, school and county governments.

All are elected positions, elected by the voters of Donley County. Anyone who may be interested in running for one of the offices should contact the respective office to find out just what the requirements are, and the duties of each office.

Primary filing fees for the May 1986 election are:

U.S. Senator	\$4,000.00
All other State Offices	\$3,000.00
U.S. Representative	\$2,500.00
State Senator	\$1,000.00
State Representative	\$600.00
District Judge	\$1,200.00
District Attorney	\$1,000.00
District Clerk	\$600.00
County Treasurer	\$600.00
County Commissioner	\$600.00
County Judge	\$600.00
Justice of the Peace	\$300.00

The above fees are set by the State of Texas. Anyone wishing to file for any of the above offices may either pay the filing fee or file a petition in lieu of the filing fee.

Article 13.08 (d) states "In lieu of

the payment of a filing fee, a candidate may file a nominating petition which may be multiple parts and must be signed by the qualified

voters eligible to vote for the office for which the candidate is running. For district, county, precinct: equal in number to at least two percent of

the number of votes cast in the territory for that party's candidate for governor in the last preceding gubernatorial general election. In no event may the number be greater than 500 or less than 25.

There are no filing fees on any of the other offices.

Les Beaux Art Club

By POLLY SARICH, Secretary

The Les Beaux Arts Club celebrated Christmas at the Patching Club House with hostesses Betty Boston, Cinda Courtney, Janice Knorpp, Donna Knorpp, Anna Beth McNabb, Pam Fletcher, and Kay Hayes on December 7th, 1985.

The tables were beautifully decorated with white tablecloths and poinsettias in abundance.

A Mexican Stack Dinner with all the trimmings and pralines for dessert were enjoyed by the hus-

bands, guests and all the members. The spirit of Christmas made this evening one to remember what with the lively conversation and Christmas music being played on tapes.

January 11, 1986 24 members enjoyed a lovely salad and dessert luncheon at the Patching Club House. Hostesses Theda Hardin, Zell SoRelle and Linda Kay Bell decorated the tables with white tablecloths and fresh flowers from their garden (at this time of year too) and yummy salads and desserts, coffee and tea with the members bringing their favorite salads.

Anna Moores Simmons opened the meeting with greetings to everyone and after a short business meeting it was turned over to the Program

Chairman for that meeting, Zell SoRelle. The program this month was on Music Predictions of 1986. (We are sorry that Lucy Saye could not be with us, but no doubt she will have a tale to tell us about Halley's Comet when we see her.) The program covered back in the 20's on country and honky tonk music which was popular at that time and has been from time to time. Rock music which was popular in the 50's and 60's is now being called Noe Cycle-delic Music. Then came the jazz era.

Then traditional classics covering music from Japan, Scandinavia, India and the United States.

The traditional classics from composers and musicians such as Toscanini, the famous Italian conductor, James Levine who began conducting the New York Metropolitan Opera in 1973 and some of our own such as Timothy Perkins who trained at WT and Mary Jane Johnson from Amarillo who has appeared at the Kennedy Center, Amarillo, Santa Fe, San Francisco, Washington, D.C. and many other operas.

The luncheon and program could not have been better and compliments go to the hostesses and Zell for a very lovely afternoon.
