## Farm program meeting to be held at Lelia Lake

**FARM PROGRAM MEETING**  
 A county wide meeting will be held in the Lelia Lake Community Center, Friday, February 14th at 9:00 a.m. The following agencies will be represented: ASCS, SCS, Extension Service. Dr. Stephen H. Amosson, Area Extension Economist-Management representative will be there.

**1986 FARM PROGRAM**  
 (Sign-up March 3 through April 11)  
**Commodity Bases:** [computed using planted or considered to have been planted] Wheat-the smaller of the 5 year average of the 84/85 average. Feed Grains [sorghum and corn, barley and oats] - the smaller of the combined 5 year average or the 84/85 average. Cotton - the smaller of the 5 year average or the 84/85 average excluding zero planted or considered planted years during 81, 82, or 83 base period.

If you failed to report acreages during the base period, late filed reports will be accepted. A fee will be charged and certain requirements must be met. Zero certifications will not be accepted for P & CP protection.

**Commodity Yields:** Based on the last five (5) years effective program yields [dropping the high and low] and computing a 3 year average.

**Program Requirements:** Wheat: [two basic programs] Option one - 75% permitted acreage for harvest [ACR Factor .3000 times Planted]; 22.5% Acreage Conservation Reserve [ACR]; 2.5% [of Base] Payment In Kind [PIK] Diversion.

Option two - 65% permitted acreage for harvest [ACR Factor .3462 times Planted]; 22.5% Acreage Conservation Reserve; 2.5% [of Base] Payment In Kind [PIK] Diversion; 10% [of base] Additional Paid Diversion.

**Feed Grains:** [combined corn and grain sorghum and combined barley and oats], 80% permitted acreage for harvest [ACR Factor .2188 times Planted]; 17.5% Acreage Conservation Reserve [ACR]; 2.5% [of Base] Payment In Kind [PIK] Diversion.

**Cotton:** 75% permitted acreage for harvest [ACR Factor .3333 times Planted]; 25% Acreage Conservation Reserve.

One important feature of the program is that if a producer reduces his planted to at least 50% of his permitted, deficiency payment may be earned on the acreage not planted

by crediting nonprogram crops and conservation uses to that program crop [this cannot exceed 92% of the permitted acreage]. Nonprogram crops are all crops except wheat, feed grains, upland cotton and soybeans. Conservation uses are any uses on cropland except program crops, non-program crops, Acreage Conservation Reserve [ACR], Conservation Reserve Program [CRP] acreage, and prevented planted acreages. This acreage earning deficiency will be referred to as Conservation Use Acreage [CUA] and is completely different from Acreage Conservation Reserve [ACR]. ACR is the lay out acreage for each crop.

At this time, cross compliance is a program requirement. This means if you participate on one program commodity you cannot harvest more than the base on any other commodity on that farm.

**CONSERVATION RESERVE PROGRAM (CRP)**

CPR is intended to protect this nation's natural resource base by removing highly erodible and eroding cropland from production.

Eligible land is highly erodible cropland that:

Has been planted or considered to have been planted to produce an agricultural commodity in 2 of the 5 crop years from 1981 through 1985.

Must be in physical condition for continued crop production.

Must be one of the following: Eroding in excess of 3 T if land is capability class II, III, IV, or V. Be land capability class VI, VII, or VIII.

Farmers may sign a 10 year contract with USDA under which they agree to take eligible land out of annual crop production and put into perennial grasses. USDA's role will be to provide annual rental payments, based on a bid, in cash or commodities. ASCS will assist with half the expense of establishing permanent cover on the land.

Further information concerning sign-up [10 day period] and bidding procedure will be furnished at a later date.

If you're interested in this program, you must come up with the lowest dollar amount that you would be satisfied with to lease this to the USDA for a 10 year period.

### 1986 PROGRAM

I know you need to know what the program is going to be so you can begin your preparation for planting. We do not know anything concrete to date. We will inform you as soon as we do have something. At this time, we are planning an information notice along with scheduled presentations at each gin located in Donley County.

### 1985 FINAL COTTON DEFICIENCY PAYMENT

We do not expect to know the final cotton deficiency payment rate until the last week in January. Payments will not begin to be issued until mid-February. We are aware that you need them and they will be a priority work item for this office.

### RECONSTITUTIONS

We need to immediately know of any changes that would cause a farm and/or farms to be divided or combined for the 1986 program year. This work needs to be performed prior to any program sign-up.

### CHANGE IN FARM RECORDS

We expect a lot of land to be changing hands. Please notify us as soon as you have rented another farm, turned one back, bought, sold, etc... We want to be able to keep our farm records up to date.

### SECOND ACP SIGN-UP FOR 1986

Our second sign-up for cost-sharing on conservation practices will be from February 10, 1986 through February 21, 1986. Funds are limited and approvals will be based on National priorities as well as amount of conservation received per dollar spent. Please remember that all practices must be approved before you start the work or it will not be eligible for cost-sharing.

## Watt's Happening in Hedley

by Peggy Watt

If by some strange chance there's someone who doesn't know it yet, Fred and I are grandparents! Our son and daughter-in-law, Leon and Linda Couch of Memphis presented us with a grandson at 11:03 a.m., February 7th in Hall County Hospital. Langly Joe couch weighed 7 pounds and was 20 inches long. He has dark hair and came equipped with all his fingers and toes and other vital appendages. Things got a little exciting around the Hedley Senior Citizens Center Friday when I got the news that Linda was in the hospital. Fred was able to be with them, but I didn't have time to get anyone to fill in for me. I'll start spoiling him when he comes home. Linda is doing well, and I think Leon might make it!

Murrell and Dorothy Whitaker are still in South Texas. I'll bet there's a lot of people who wish they were there with them. We've had about ten inches of snow since Friday morning. I'm wishing for the return of the spring-like weather we've had since Christmas. I don't like the snow!

Several people around have been missing their pets. Ricky Brinson is missing his cowdog and Pearl Browder stopped by the house and said they had lost their black Lab. We never lose our dogs. Within the last week, we have gained two puppies.

I talked to Clara Baggett Sunday, and she told me she would be getting out and around as soon as the weather improves. She said she is feeling much better.

Bill and Juanell Carson have returned home after spending several days in Tulsa with their grandchildren.

Laqueta Cox and Mrs. Amelia Holly left Sunday to spend a few days in Stinnett with Pick. Carl was home for the outsiders basketball tournament.

D.K. and Beulah Hall visited with his son, Truett and Fern Hall, last week.

I talked to Mrs. Hartwell and when I asked her if her children came for the day Sunday, she told me all her kids had enough sense to stay home when the weather was as bad as it was that day. She has some smart kids!

Paula Clendennen of McLean visited with her parents, Tom and Opal Clendennen last week. She and Nancy Burr visited with Leon and Linda in Hall County Hospital Saturday afternoon. They looked at Langly through the nursery window.

Ethel Favor is home after spending several days in Tulsa with her daughter, Barbara Owens, who has been seriously ill. I'll bet Ed is glad to have her home.

Clyde and Mildred Hoggard attended the 7th grade basketball game at Clarendon Friday evening. Their granddaughter Audra Hoggard was playing. Audra and Candi returned home with them to spend the night. Tammy Stegall spent the night with Audra. Bobby and Bill came Saturday and enjoyed his parents hospitality.

Mike and Debbie Pace and Stephanie of Amarillo brought Julia Marie to visit her great grandmother, Mrs. Ruby McKee last week. It was the first time Ruby had got to meet the young lady.

Faye Naylor attended a sales meeting in Amarillo last week. She is very successful with her home decorations. T.E. came home Saturday after spending several days in Amarillo with his mother Mrs. Thelma Hall. Royce Hall underwent surgery last week in High Plains Baptist Hospital. When I talked to Faye, she said that he is recovering very well.

Bryan and Tina Hill and Tashina and Tonya Moore of Clarendon visited with their Hedley grandparents Gerald and Marie Bland Saturday.

Faye Naylor took her mother Mrs. Cassie Owens to Memphis to the doctor last week. Berle Owens visited with Mrs. Owens Saturday.

Betty Hoggatt took her father Elmo Kennedy to Amarillo to get his new glasses recently. Betty told me he could see so much better now.

Callie Stephens was in Memphis to see the doctor last week. She has had several recurring bouts of the flu lately.

Alfred and Eloise Spalding have both been sick. When I talked to Eloise she told me she thought she was better, but she is still coughing pretty badly.

Mrs. Kathy Rich of Riverside,

California is visiting with her Hill relatives. She came for Tige and Jonnie's Golden Wedding Anniversary.

Mrs. Bertha Russell of Sunset visited Tige and Jonnie Hill recently. She was accompanied by her children, Kenneth and Doodle Russell, Clois and Jewell Russell and Danny and Doris Russell.

Mrs. Ruby Wood and Dean and Lorraine Clear of Amarillo were recent guests of Flossie Wood. They attended the Hill reception.

Among the other out of town guests attending the reception for Tige and Jonnie Hill were Mrs. Ellen Richardson and Angie of Pampa, Ethelyn Goodner of Childress, Thelma Mahler of Cyril, Oklahoma, Lois Murray and Bryan of Apache, Oklahoma, and Mary Land and Pat Scroggins of Clarendon.

Elmore and Marge Bailey had all their children home last weekend. Stanley and Jeanne Bailey of Amarillo, Gary and Nita Graham and Missy of Bushland and Max and Jean Stavenhagen of Clarendon joined Terry and JoAnn Bailey, Todd and Christi at their parents home. They attended their aunt and uncle's Golden Wedding reception.

George and Joy Stone of Childress visited with Flossie Wood and Jane. Their daughter, Cindy, and her husband, Keith Henderson, and Kari were there also.

The Hedley Lioness Club met Thursday, February 6 for their monthly meeting. President Louise Stewart presided. Mary Ruth White led the opening opening prayer and Secretary Nora Hopper read the minutes of the previous meeting. New and old business was discussed.

Those attending and enjoying the delicious meal with Valentine decorations were Louise Stewart, Tina Harmon, Nora Hopper, Ruby Bardwell, Pauline Kaufman, Dorothea Crawford, Jessie Roland, Sue Weatherly, Betty Gilchrest, Nina Riddespurger, Mary Ruth White, Helen Lamberson Juanell Carson, Mahdeone DeBord, Mildred Lett, LaJean Taylor, Zora Stephens, and new member Sharon Ferguson.

Karli Jo Hill won 2nd runner-up in the Little Miss Donley County Pageant. Karli's the 4 year old daughter of Bill and Becky Hill and

the granddaughter of Homer and Murdice Hill of Hedley. There were 11 participants from Hedley the event. Congratulations Karli!

Jack Moreman picked up the polo ponies from Finch's Ranch. Melody Moreman and Andy Wheatly have made a pact. Andy is going to teach Melody to rope and since Melody is on the polo team at Texas Tech, she is going to teach him to play polo.

Connie Taylor received word Saturday that his nephew Kenneth Taylor of Dublin, Texas had died. Memorial services were held in Dublin.

The entire community was saddened by the sudden death of Dana Guthrie. Dana was the daughter of Dan and Bonnie Guthrie and had attended school in Hedley. She was a freshman in Wellington High School.

To me it's sad when the community loses an older person, but the loss of a young person with all her living ahead of her is tragic. Sympathy is extended to the Guthrie family.

We recently got the results of our high school student's T.E.A.M.S. test. He passed both the language arts and math sections. These tests are given to all high school juniors and must be passed before the student can graduate. If the student fails either section of the test, he can take it in May 1986 and in October 1986 and again in May 1987. This is the first year the students have been required to take the tests, but they must be taken from now on.

I think there were six Hedley students who took the test and I don't know if all of them passed or not. I wouldn't have known about Keith's passing, but I found the result sheet in his shirt pocket when I went to wash the shirt.

Mr. Collins and Mr. Hill took the high school and junior high students who made the A and B Honor Rolls last semester to Pampa for a swimming party on February 6th. I think most of the high school students went, but there were several junior high students who were ineligible. Some of the other teachers probably went with them. They should have waited a day. Then they could have gone skiing!

The Lady Owls played the Lake-

view Eagles Tuesday night in Lakeview Gym. The Lady Owls rolled to a 46-40 victory and a chance to make the play-offs for the first time in a number of years. This victory put the Lady Owls in second place, but it would take another victory against Silverton to put them in the play-offs. High scorers for the Lady Owls were Cheryl Glover with 19 points, (13 out of 13 free throws) and Stephanie Holland and Susan Phelps had 8 points a piece. We had an exceptional defensive game from Carol Glover and Tina Shields.

On Friday night the Silverton Owls visited Hedley. Silverton had defeated Hedley earlier in the season by a score of 57-75. At half time the score was 38-39, the Lady Owls trailed by one point. The second half was very exciting and the Lady Owls fought hard to the end and their victory 64-62. "I feel the girls wanted this game as much as they have ever wanted anything. They just would not give up," said Coach Bryan Hill.

High scorers for the Lady Owls was Carol Glover with 18 points, Scheli Holland with 17 points (11 out of 14 free throws) and Stephanie Holland had 15 points. Cheryl Glover had 8 points, Susan Phelps had 4 points, and Tina Shields had 2 points. This balanced scoring attack, along with good defense, won this ball game for us.

The Lady Owls are looking forward to playing the Valley Patriots on Tuesday, February 4, 1986.

The Lady Owls play Nazareth at Clarendon Junior College on Friday, February 14 at 7:00 p.m.

School Board will meet at 7:00 p.m. in the school library.

Two people have filed for the three vacancies on the School Board.

The filing deadline is March 5. Absentee voting begins March 17. Last day of absentee voting is April 1. Election is April 5.

for the week of February 10-14 was left out of the paper last week. I'm sorry about that. I try to get it in each week, but since I'm more human than most people, I make more mistakes than most. If I've caused any inconvenience, I apologize.

The Hedley Senior Citizens have been a busy bunch of people. They enjoy games and refreshments on Monday evening at 6:00 p.m. On Tuesday morning they exercise at 10:30 a.m., have a knitting class at 2:00 p.m. and at 6:00 p.m. they have the fun evening of the week when they have their weekly musical. On Wednesday at 2:00 p.m., they have card games and on Thursday they exercise at 10:30 a.m. and have games of 42 at 2:00 p.m. On Friday the men usually play dominoes, but last week, I noticed several ladies playing. At 6:00 p.m. on Friday they enjoy games.

On Tuesday, February 4th, those enjoying the musical were Ruby Bardwell, Slat and Peggy DeBord, Homer and Murdice Hill, Tode Hill, C.L. Taylor, V.T. We have established an endowment fund for the Donley County Senior Citizens under the administration of the Amarillo Area Foundation, which is a community trust the Foundation offers four types of trust fund management to ensure the most effective use of every contribution. One of these is the endowment, essentially an endowment fund is a means of providing permanent funding for an organization. Only the net income from the fund is distributed to the recipient. The principal is left untouched to generate proceeds for the future. This is an ideal way to help your community. Your contributions are tax deductible and in time we can get the Senior Citizens on a self-supporting program instead of having to continue to ask for the Federal Grant assistance program. We hope to get a lot of interest going in this program. We can accept most any kind of donation.

**PROJECT GRADUATION**

According to the "Texans' War on Drugs" the number of high schools conducting chemical-free celebrations rose from 2 to 93 in the past 2 years. What is really exciting news is that many communities and schools around the State are not waiting for graduation time to hold chemical-free parties.

More requests for project graduation "get-started" kits have been received and it appears that the number of project graduation programs will more than double in 85-86. It is evident that as more Texas youth turn away from alcohol and illicit drugs, they will lead a new tradition of chemical-free lifestyles for their generation.

**THANK YOU**  
The Donley County Extension Council would like to thank everyone who came to our 1986 salad supper. Carol Grady was the Master of Ceremonies and honorable guests included P.C. Messer, Dude Cornell, and several husbands of club members. For supper there was a tray of thin sliced ham, and many varieties of salad with pineapple treats to accent the Hawaiian theme.

After we finished our tropical dinner, everyone enjoyed seeing projects and hearing short essays on 4-H projects by Mike Moore, Lee Smith and Christina Leathers. Also the group enjoyed projects and awards by Lesia Fuston who could not be present.

Council would like to thank these four 4-H'ers for the good work on the program. Also a thank you to Judy McCully for being the program leader.

A special thank you goes to Carol Grady, Pat McCombs, Terry Floyd and Sharon Clark for the decorations.

And the last thank you goes to Carlene Hollar for the hard work that was put into our 1986 yearbook.

Thank you again and we are looking forward to seeing even more of you next year.

**THIRD BRAKE LIGHT**  
Since September 1, 1985, all  
automakers have been required to  
equip all new cars with high mounted  
rear brake lights. Studies by the  
National Highway Traffic Safety  
Administration (NHTSA) showed  
that cars equipped with a high  
mounted rear brake light had fewer  
rear end collisions. NHTSA's report  
stated that "if all cars had the extra  
light in 1980 there would have been  
900,000 fewer collisions, 40,000  
fewer injuries and repair costs would  
have dropped \$434 million.

## Ashtola - Martin News by Naomi Green

Hazel and J.R. Brandon braved  
the snow and slick roads to attend  
the ninety-second birthday of Anna  
Thonlinson Sunday at Lubbock.  
Anna is a former Ashtola resident  
and was honored by a party hosted  
by Ruth Fowler and Jessie Sumner at  
2115 69th St. from 2-4 p.m.

Jerry, Mary Christel and Little  
Jerry Green were in Memphis Sun-  
day visiting with the Haskell Talley's.  
Mr. and Mrs. Gary Casteel and  
Vici of Sherman visited in Clarendon  
with C.I. Casteel. They were all  
guests of the L.A. Watsons Saturday.

Royce Hall entered Northwest  
Texas Hospital for surgery last week.  
He is doing fine and in room 431.  
Thelma had day surgery and was  
released to go to her grandson's,  
Richard Naylor, home in Amarillo.

J.R. and Hazel Brandon visited  
with Frank and Myrle Reger at  
Hedley Wednesday evening.  
Jason Green went to Amarillo  
Saturday to visit with Rhonda and  
Lori Green.

The David Mooring family was in  
Clarendon for Trent to crown the new  
Little Master Donley County Sun-  
day. The family had supper with  
Katherine, David, Clint and Lindsay  
Green.

Eileen Brown, Kay and Harold  
Green of Stinnett went to Tulsa to  
stay with Mandy Gresham while her  
parents made a trip to Hawaii.  
The weather was wonderful while  
they were there and they visited Will  
Rogers home and museum and other  
tourist attractions in the area.

Kriss Ann and Carrie Sue Davis of

Groom are house guests of the Skeet  
Browns so that Marcia can stay in  
Canyon for classes while the roads  
are bad.

All of Ashtola are enjoying the  
snow. We have been lucky to receive  
the moisture without winds to drift  
and close roads. Estimated amount  
is about twelve inches.

Mr. and Mrs. Skeet Brown at-  
tended funeral services at Claude  
Wednesday for Vera Butler. Grave-  
side services were held at McLean.

### BRRI! IT'S COLD OUTSIDE

With winter upon us it is time to  
take a few extra precautions when  
working outdoors. Even people in  
good physical condition should be  
careful to avoid exerting themselves  
in the cold, freezing winds or blowing  
snow. If your vehicle is stuck, work  
slowly and remain calm.

Your safest bet is to remain with  
your vehicle. Don't leave and seek  
help. You may become quickly  
disoriented and lose your sense of  
direction. By remaining in the  
vehicle, the chances of being seen by  
other travellers or by highway main-  
tenance crews is much greater.

Make sure you have fresh air.  
Open the down wind window for  
ventilation. Run the motor and  
heater sparingly to avoid carbon  
monoxide poisoning. Try to stay  
awake and move your arms and legs  
for circulation and to generate body  
heat.

The safest rule of the road is what  
if the weather looks bad and you do  
not have to go out, stay home or any  
warm safe location.
