

Apples, Apples, Apples everywhere

The boss fired the cook one Sunday about noon, came dinner time the boss ask for someone to volunteer, no one did, about supper time the crew pitched in and fixed supper and breakfast. The next morning when the cowhands started to work, the boss appointed Fred to be the cook. "Wate a minute, you fired a cook yesterday, and I am not a cook," Fred stated. Well to make a long

story short Fred was elected to be the cook anyway. "So there I was, I found 10 pound box of dried applies in the chuck wagon, and a half of a 100 pound sack of sugar. I got a big stewart and would hold 4 or 5 gallons. I emptied those apples in it, put some water and a lot of sugar in, and hung it over the fire." Well Fred really got into a jam, he said, "it wasn't long until I was putting apple in anything I

could find. I got all my pots and dutch ovens full of apples. I cooked them until they were almost per-serves. I had two 1 gallon jars with lids so I filled them and I still didn't have enough pots. We had 5 or 6 warsh pans, so several could warsh at a time. I warsh 2 or 3 of them and put apples in them. When they came to dinner, they would take two or three biscuits and back off and set

down on the ground, eat them, and come back for more." But Fred's career as a cook ended soon and he went back to cowboying. If you would like to make sure you receive one of Fred Russell's books "Make Me A Cowboy Again For A Day" you need to call The Print Shoppe at 874-2711 and reserve one. CONGRESS BEAU BOULTER and Leland Howell

Leland Howell accepted by U.S. Naval Academy

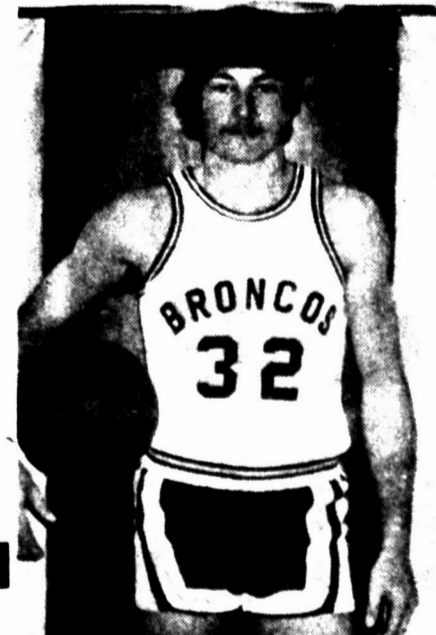

Congressman Beau Boulter (R-13) announced that Leland Howell, of Clarendon, has been accepted for admission to the U.S. Naval Academy.

"I'm very proud of Leland, and am confident that he will make an exemplary cadet at the Naval Academy. He made it through a

tough nominating process, and has obviously shown that he merited our Committee's vote of support."

Howell, a senior at Clarendon High School, applied for admission to the Naval Academy through Boulter's office. The Congressional office interviewed several candidates throughout the 13th Congressional

district. Howell will be a member of the Academy class of 1990, entering this fall. Nominations by Boulter's office were based on academic and civic achievement, and an application process which included an essay from each contestant as to his interest in studying at the Academy.

As one of the Bronco captains, Randy scored 13.7 points a game, averaged 9.2 rebounds, and was one of the team's best defensive players. City gives Fire Dept. approval to construct additional garage area

The City of Clarendon, at a recent regular meeting, gave their approval to a proposed plan by the Clarendon Volunteer Fire Department to raise funds and construct a 50 foot by 50 foot three bay addition to the garage area of the fire station. The cost of this addition has been estimated at \$25,000 or approximately \$10 per square foot. The reason for the needed room is the lack of space with enough height available to house existing fire equipment such as the Rescue Unit and the Tanker or water supply trucks. According to the plan, the one bay located to the north of

the original building would be replaced and expanded to a three bay area with a height sufficient enough to have fourteen foot high and fourteen foot wide doors. The building will be an insulated metal building and is designed to blend in well with the existing building. In addition to several fund raising activities planned over the next several months, the Volunteer Fire Department will be asking supporters to purchase a 100 square foot area for a \$1000 donation, a 10 square foot area for \$100 or a 1

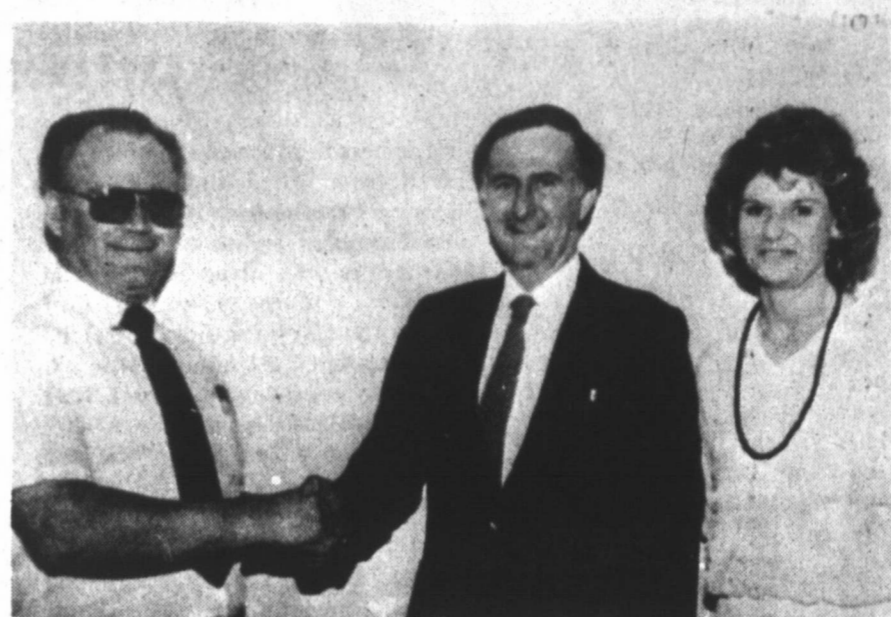

Fire Dept. from 1
square foot area for a \$10 donation. An area will be set aside to recognize those who contribute to the building fund with their names permanently in place in the new addition. Firefighters will be doing as much of the construction as possible to save on the construction costs. The Fire Department building committee felt that the cost of this construction was

very reasonable in light of the fact that several surrounding area towns have recently built new fire stations at a cost of \$200,000 to \$500,000 each. Firefighters have been donating their time and their own money to remodel the upstairs portion of the fire station and that project is almost completed. It is estimated that they have saved \$15,000 to \$20,000 in labor costs by doing the work

themselves. They hope to have an open house in the very near future to allow area citizens to see the restoration and remodeling project results. The present Fire Station building was built in 1918. Additional details on the garage addition or any part of the construction and remodeling project can be obtained from any volunteer firefighter.

BALD FACTS

Can baldness be prevented or reversed? To answer this question, one must first realize that the normal balding of men is not a disease. Rather, it is the consequence of [1] carrying the gene for baldness and [2] having the hormone testosterone in the bloodstream.

Caucasian men are most likely to bald because their ancestors often provided them with genes which instruct the hair follicles to stop producing hairs. Asians are least likely to bald because they seldom have this gene. Men who lack testosterone do not develop

male pattern baldness - even when they have the gene. Both the gene and testosterone must be present for balding to occur. Contrary to popular belief, baldness is not necessarily a sign of virility.

Vitamin and mineral supplements are of no value in male pattern baldness. And although many medicines have been shown to cause temporary hair loss, no medicine has been found to significantly prevent or reverse baldness. The high blood pressure medicine minoxidil, when applied to the scalp twice daily, may stimulate hair growth in some men.

Motion carried by the vote all ayes and no noes to pass a resolution opposing certain provisions of House Tax Reform Bill #3838.

RESOLUTION

Whereas, the Board of Aldermen of the City of Clarendon opposes specific provisions of Tax Reform Bill H.R. 3838 which was passed by the House of Representatives and became effective January 1, 1986.

Whereas, if passed by the Senate, the tax bill will place overly restrictive restraints on the use of tax-free bonds by states, cities, and other governmental subdivisions, and

Whereas, compliance with the new rules will result in additional costs to states, cities, and other governmental subdivisions, and will require continued monitoring of investments and expenditures, and will require the services of accountants and lawyers to determine the amount of and to prepare the documents for the required payments to the United States Treasury. Furthermore, non-compliance would result in the

interest on the bonds being included in the gross income of the owners of the bonds retroactively to the date of delivery of the bonds, and

Whereas, some of the provisions of H.R. 3838 are:

1. Five percent of the proceeds of a bond issue, net of issuance costs, must be spent within 30 days after the date on which the bonds are delivered and all of the proceeds of a bond issue must be spent within 3 years after bonds are delivered.

2. All earnings on investments acquired with the proceeds of any tax-exempt bond issue must be paid to the United States Treasury to the extent that the investments yield a higher interest rate than the interest rate on the bond issue. For example, if bonds are issued at a 9 percent yield and the proceeds are invested in excess of 9 percent (i.e., 1 percent) must be paid to the United States Treasury.

3. In addition to the requirement that excess earnings be paid to the United States Treasury, H.R. 3838 limits the period during which bond proceeds can be invested at a yield higher than the yield of the bonds. Bond proceeds used to acquire tangible property can only be invested without arbitrage yield restrictions for a 30 day period beginning on the date of delivery of the bonds. Bond proceeds used for construction expenditures can only be invested without arbitrage yield restrictions until the earlier of

(a) the date construction is 90 percent completed or is abandoned,
(b) three years after the date of delivery of bonds or.

(c) three years after commencement of construction.

4. Municipal bonds will not be tax-exempt obligations where the lesser of 10 percent of the proceeds or \$10 million of the proceeds are used (directly or indirectly) in any trade or business carried on by a person other than a governmental unit.

5. All tax tax-exempt bonds are subject to information reporting requirements. Information regarding the bonds, the issuer, the property financed and the principal users of such property must be filed with the Internal Revenue Service.

Therefore, be it resolved by the Board of Aldermen of the City of Clarendon, that the House of Representatives should amend or appeal H.R. 3838 so that states, cities, and other governmental subdivisions abilities to raise revenues to provide financial assistance for themselves are not threatened.

Passed and approved this 25th day of February 1986 by the following vote, all ayes and no noes.

James L. Kuhn
Mayor

Attest: Donna Edwards, City Secretary.

*Delbert Robertson showed the members of the Board some building plans for the Fire Station which would provide garage space for all the fire vehicles. He asked the Board to help the Fire Dept. get financing for this project which they plan to repay with fundraisers and community support. Motion carried to help the Fire Department establish financing for expansion and permit use of the City owned building for this project.

*Approved two work study employees at 30 hour per week each for the library during the summer months providing that the college will pay 70 percent of the salaries.

H&R BLOCK STARTS GOLD RUSH
H&R Block announced its unique "Gold Rush" program today. Block preparers will "dig" for overlooked deductions, credits and other items on income tax returns of up to three years ago.

Block reports that thousands of taxpayers overpay their taxes each year and are unaware of it. The Block Gold Rush program is designed to find that overlooked money and put more tax dollars back in taxpayers hands. Because it is possible to amend returns as far back as three years ago, any overpaid taxes can be regained for those three years.

Block encourages everyone to have their returns checked. If a Block preparer finds an overlooked deduction, credit, etc., he or she will compute your tax savings and prepare the necessary forms (including federal, state and local forms) to claim a refund, for a reasonable one-time fee.

If a Block preparer doesn't find any "gold" for you, there is no charge for reviewing your past returns and have the satisfaction of knowing you haven't overpaid your taxes. Block invited everyone to join the gold rush for tax money.

For a no obligation tax return review, call 806-259-2714 today, or stop in our office located at 220 N. 10th St. Memphis, Texas.

Would-be bankers are multiplying like rabbits.

Everybody is hopping to include the word "bank" in their names, but that doesn't mean that they're actually bankers.

"Savings banks," "thrift banks," stockbroker "bank" accounts, and credit unions, etc. all try to pose as real bankers. But they don't always offer you the experience or, in some

cases, the security of bankers.

In fact, the only place you'll find a banker is The Bank, where your deposits are Federally insured up to \$100,000.

Now, that's the best financial security there is! And a Full Service Bank offers the newest ideas to help your money reproduce.

Watt's Happening in Hedley

by Peggy Watt

Don and Irma Lee Young of Wichita Falls spent the weekend with her parents, Woodrow and Ora Pearl Farris.

Virgil McPherson was in Amarillo last week on business. Opal tended to business at home. He got home in time for lunch.

Mrs. Hartwell and Mrs. Ray went to Memphis one day last week. When I talked to Mrs. Hartwell, she told me she was getting ready to start quilting a new quilt.

TimberLee Potts and I went to Clarendon last week for jury duty. We had a wasted trip.

Opal Thomas of Amarillo spent several days last week with her mother, Mrs. Mollie Dickson. She visited with several people while she was here.

Nookie and Geraldine Wiggins, Nell Land and James and Timber Potts, James Lee and Flora Sanders attended the Wheeler-Phillips basketball game at White Deer last week. The Wiggins and Flora's grandson Cody Wiggins played for Wheeler. Phillips won.

Jonnie Wilson was surprised recently with a birthday party in the

home of Rhonda Shaw. Among those attending were Dorothea Crawford, Pauline Kaufman, Betty Gilchrist, and LaRae Shaw. Later that evening, she was the guest of honor at a party at Ray's and Gay's Restaurant in Memphis. The party was hosted by Tige and Jonnie Hill and Dorothea and Pauline. A number of guests feted Jonnie.

The community was saddened by the death of Ed Floyd last week. Sympathy is extended to his wife and family and his sister Mildred Hoggard.

Weldon Altman of Memphis died last week, also. He was the brother of Don Altman and the nephew of Boots Ward.

Su-San accompanied Fred and I to Hartley Sunday. Fred's cousin, Alleen Ledbetter died Friday evening. Funeral services were held in Dumas Monday afternoon. She will be remembered in Hedley as the former Alleen McCants. She is survived by her daughter, Jo Broadnax, a grandson Chuck Broadnax, and her twin sister Pauline Green. Fred's brother-in-law and sister, Edwin and Virginia Ayers of Kaufman, Texas came for the funeral.

They returned home with us and spent the night before going on. They intend to visit Edwin's aunt, Mrs. Joe Glass, Sr. in Snyder and their son and daughter-in-law Mikeal and Lisa Ayres in Abilene before returning home. It's sad, but it seems like the only times families get together is at a funeral.

Leon and Linda brought Langly and stayed with Keith and Guy while we were gone. Guy told Langly that it was always the responsibility of the youngest kid to tend to the chickens and gather the eggs, so he could do it.

Pauline Green taught school in Dumas for years and knows a lot of people from Hedley. She taught Linda Naylor and her husband Jerry Frye. She also taught Rev. Gary Pinion of the Calvary Baptist Church in Clarendon. You should hear some of the things she told me about him. She dragged out all her old year-books and showed me his pictures when he was the most handsome and most popular. She also showed me his picture when he was "Danny Demon," in costume, for goodness sake. When she asked me what he was doing now and I told her he was a Baptist minister, she said, "Well, I guess there's hope for the rest of the world." Actually, she said he was one of the nicest young men she ever taught.

The classes at Hedley School are getting ready for the UIL contests. There will be several students participating in different events. Jason Wiggins, Stephen Carson, and David Neeley have entered elementary number sense. Anthony Carson, Danny Mullins, Neal Taylor, and Curtis Neeley will be in junior high number sense.

Danny Mullins, Jeff Wilkinson, and S.J. Johnson will be in prose interpretation. The junior high ready writing team consists of Robert Gilbert and Anthony Carson. Robert Gilbert, April Bramblett, and Marisol Andiverdi will spell.

At the high school level Monica Konig has entered prose interpretation, Tina Shields, Karen Crump, and Norma Andiverdi will spell. Keith Watt, Tony Monroe and Ricky Springer will be the typing team. The one act play will be under the direction of Miss LaMoss Springer. They will present "The Shadow of a Dream" by Roland Fernand. The cast consists of Monica Konig as Dorothy Owens, Ricky Springer as Robert Owens, Kyndle Longan as Hattie, Steven Mullins as Williams, and Karen Crump as Estelle Durand. The play goes into competition on March 20 and 21 at Clarendon College. They will present it for the public during public school week at the school cafeteria on March 6 during the open house.

I personally always enjoy the UIL literary events more than the sports events. My kids were always active in the literary events. Leon won several medals and trophies for prose interpretation and drama. Thunder was always in drama. That might have been the reason I was interested in the literary events. I don't know though. Both Thunder and Keith played basketball and are in track. Actually, I might have just wanted to brag about my kids.

DON STRIBLING

Stribling announces candidacy for 13th District Congressman

Don Stribling of Canyon has announced that he is a Democratic Congressional candidate for the 13th Congressional District.

Mr. Stribling was born in Dallas in 1957, but was raised in Clarendon until his family moved to Canyon in 1967. He is a graduate of Canyon High School, has a Bachelor of Science degree in Social Science from the College of the Ozarks, has studied Public Policy Studies Program at the University of Chicago, and has completed his Masters degree in Political Science, except his thesis, at West Texas State University. His community and church involvement includes Presbyterian Church Deacon, Canyon, Opportunity School, Inc., Task For Force, Palo Duro Presbytery, Senior High Youth Fellowship sponsor, First Presbyterian Church, Canyon, Opportunity School, Inc., board member; Texas Panhandle Heritage Foundation life member, and a member of the Sunset Kiwanis Club.

Mr. Stribling stated, "My grandfather was Democrat and my father is a Democrat. They taught me that the Democratic party is the party of the people. I am running as a Democrat because I believe in the principles of the party and have seen the difference it has made in our country. The Democratic party has its roots deep in the working class neighborhoods and in rural communities across America, where people still remember that the success of our country relies on the interdependence of people who take responsibility not only for themselves, but for their neighborhoods, their towns, their country, and for those who at one point or another are unable to take care of themselves.

The Democratic party is filled with the reflections of many faces: faces of young and old, rich and poor, business people and laborers -- faces of many nationalities and colors. ut the faces reflect the same dedication. The dedication to preserve the dignity of each individual. I am running as a Democrat because I share that dedication."

Letter to Editor

It was my privilege to attend the town meeting of February 28, 1986. As a private citizen, I feel it is my duty to support my city, county, schools, businesses, and churches. During this meeting I observed the others present and saw only one city alderman, one county commissioner, the county clerk, the county tax assessor/collector, one school board member and the school superintendent. All others attending were private citizens and businessmen. Where was our mayor, other aldermen, county commissioners, college administrators, teachers, bankers, clergy, etc? This is their town too. We are asked to support these agencies. Are they exempt from supporting us? Veneta Sharrar

CHS speech team competes

The Clarendon High School Speech Team, coached by Fuzz Mooring, recently attended two speech tournaments. In Berger, on February 16th, seven members of the team competed. Those making semi-finals were Rachel Bowling in Poetry Interpretation, Sharon Bright in Prose Interpretation, Kandy Floyd and Janet Risley in Informative Speaking, and Russell Alexander in Persuasive Speaking. Kandy Floyd and Russell Alexander also went on to make the finals in their Ex-temporaneous Speaking events. Also competing were Marj Ekleberry in Prose Interpretation and Ashley Nixon in Persuasive Speaking. There were thirteen schools at the meet and the Clarendon team placed 6th.

The speech team competed again this past weekend at the Lubbock-Cooper Speech Tournament. Eight members of the team competed. Those competing were Rachel Bowling and Theresa Percival in Poetry Interpretation, Traci Burch and Sharon Bright in Prose Interpretation, in informative speaking - Janet Risley and in persuasive speaking Russell Alexander, Leland Howell and Ashley Nixon. All eight students made the break to compete in the semi-finals and five students, Theresa, Traci, Janet, Russell, and Leland, made the finals of the tournament. Those medaling were Theresa Percival, who received second in Poetry Interpretation and Janet Risley, who received second in Informative Speaking. We had two students who won 1st in all of their preliminary rounds, however they didn't medal in the finals. This is a feat worth noting for Russell Alexander and Leland Howell. The students combined efforts brought home the second place sweepstakes trophy. There were 16 schools competing: Shallowater placed first with 164 points, Clarendon second with 146 points, and O'Donnell, third with 116 points. These students should be commended on their individual and team effort. Clarendon High School's speech team is first rate.

These students mentioned throughout the article will compete March 19th and 21st at the District UIL Literary Meet. Good Luck. Let's all go to regionals!

CHS one act play to be performed March 18

Clarendon High School's UIL One Act Play has been chosen and cast. This year's play is entitled "Cage-birds". It is a 40-minute dramatic production by David Compton published by the Dramatic Publish-

ing Company. The play centers around several women, all portraying a different human emotion, who are locked in a cage. They are so set in their ways and are so acclimated to their surroundings that they care nothing about each other and are afraid of any change. The Wild One gets thrown into the cage with them and turns their world upside down. The ending is very touching and we see history repeating itself with the likes of greats such as Abraham Lincoln, Martin Luther King, Jr. and John F. Kennedy. This years cast is as follows: Long-Tongued Gossip - Shanna Cole, Mirror-Eyes Gazer - Theresa Percival, Medicated Gloom - Kandy Floyd, Regular Thump - Taralena Cole, Constant Twitting - Janet Risley, Great Guzzler - Traci Burch, The Wild One - Rachel Bowling, Mistress - Regina Havens, Director - Fuzz Mooring.

The play will be performed on March 18th at the CJC Fine Arts Center at 6:00 p.m. for District Competition. Anyone is invited to attend, but be sure and be on time. Possible another showing will be posted at a later date.

The growth and progress of Pampa Center makes it an asset to Clarendon College.

Town meeting held Feb. 28

Approximately 50 people attended the town meeting on February 28 at the high school cafeteria. The purpose of this meeting was to explore ways and means of helping Clarendon and the surrounding area. Chamber President Mark Winsor opened the meeting with a recap of last year's activities. McKinley Smith was introduced and stood and explained the clean up project undertaken by residents across the tracks. Mr. Smith reported that they have plenty of manpower but could use some equipment. If anyone has equipment they are willing to provide, please contact McKinley Smith or the Chamber of Commerce office. The fire department is going to aid them in burning some older structures.

President Winsor advised that sales tax receipts were up over 1984 and contributed this success to local shopping. He urged the businesses to work along with each other in promoting local shopping.

There is still a need for small industry in the county area. An industrial committee is being formed to work along with Hall, Collingsworth, Armstrong, and Childress Counties. If you are interested in serving on this committee, please contact the Chamber Office.

Discussion was held on the condition of the high school auditorium. Mr. Jeff Walker advised that the school board was aware of a need and will be addressing this issue in the future.

Playground equipment at the city park and park clean up was discussed. Anyone willing to provide material or labor should contact Chamber Office. The Easter egg hunt will be held and donations for eggs are being accepted.

Sesquicentennial commemorative items are available at the Chamber Office in the Clarendon Press building.

Senior Citizens News

Had a really good time at the birthday/anniversary salad supper on Tuesday, February 25, 1986. Fifty-five enjoyed the delicious meal, visitation and entertainment by our local musicians, Creed and Jake Smith, Ray Anderson, Hugh Neuhaus, Jack Davidson, Truett Behrens and Wally Sides. We truly appreciate these folks. They are always on hand to entertain us and they do a great job. Birthday people present were W.B. Bray, Newell Rice, Fannie Wilson, France Stevens, Lucille Smith, Gertrude Reid and Rose Mears. Didn't have any anniversaries present. Door prize went to Willie Creager. Other prizes went to Jewel House, Pud Bain and Ray Anderson. We all had a good time.

Thanks to the Bownds family for the salad forks and two rain coats. Gibson's Discont Center for the Valentine goodies we used for the drawings at the birthday party; Vera Havens for a large sack of quilt scraps and Annie Wooten for a beautiful throw rug for the waiting lobby. We appreciate you all.

Thirty-nine came in Friday, February 28th to enjoy the musical jam session. Musicians and singers were Hugh Neuhaus, Creed and Jake Smith, Ray Anderson, Jack Davidson, Dee Williams, O.C. Edwards, Fred Fortenberry, Truett Behrens, Wally Sides, Lucille Smith, Shirley Bulman, Roy Don Stevens, Billy Ray Johnston and me. This is our fun night of the week where we pat our feet, clap our hands and enjoy what we are doing. Thanks to Jake Smith, Ilene Davidson and the Bronco Sweet Shop for the goodies we had.

The Lion's Tale

By GENE ALDERSON

The Clarendon Lions Club met Tuesday, March 4th in the Lions Hall with 23 Lions present, Lion Sweetheart Jessie Adams, and Lisa Winsor assistant secretary. After a delicious meal, Boss Lion Mark Winsor called the meeting to order. The pledge of allegiance was given and Lion Phillips gave the invocation. Lion Tamer P.C. Messer introduced Mr. Chet Satic Calcote from Amarillo as a guest of Lion Todd Knorrpp.

The Boss Lion reminded the club of the District Meeting to be held in Dumas, Texas. The program was introduced by Lion Donald Smith and was given by the Clarendon College Bulldog cheerleaders. A very good program was rendered. Boss Lion reminded the Directors of the club to meet Thursday at 6:30 p.m. The meeting was then adjourned in due order.

Lady Bulldogs make regional playoffs

The class Clarendon College Lady Bulldogs slipped in the back door to be eligible for the regional playoffs this week in Snyder. When the Ladies lost to Howard County February 20th, they had to defeat Western Texas two days later and they did. When New Mexico defeated Howard County, Clarendon College became one of the four teams (Odessa, Western Texas, South Plains, and CC) from the Western Junior College Athletic Conference to meet four teams from the Northern Junior College Athletic Conference. The Ladies' first play-off game will be against Cisco Junior College on Tuesday, March 4. In this tournament winners advance, and losers go home. After getting by Cisco, the Lady Bulldogs will probably play Western Texas with whom we share a 1-1 record. Any

team that wins three games at regionals advances to the national play-offs at Senatobia, Mississippi. The Lady Bulldogs who traveled to Snyder to represent Clarendon this week were Linda Weatherston, 5'7" guard from Clarendon, Rachel Taylor 5'6" guard from Sartia, Mississippi, Cindy Reagins 5'8" forward/guard from Goree, Aretha (Peaches) Brown 5'6" guard from Lake Charles, Louisiana, Tara Bradley 5'7" guard from White Deer, Tia Stewart 5'11" forward from Anadarko, Oklahoma, Zanthia Brown 6'2" forward/post from Montgomery, Alabama, Victoria Peacock 5'11" forward/post from Cleveland, Mississippi, and Angela Tate 6'1" post from Seymour. This team of young ladies has been a source of pride for Clarendon College.

NOTICE OF APPLICATION FOR WASTE DISPOSAL PERMIT AMENDMENT

HEDLEY FEEDLOT, INC., P.O. Box 295, Hedley, Texas 79237 has applied to the Texas Water Commission for an amendment to Permit No. 02378 which authorizes the disposal of wastewater and rainfall runoff from a feedlot operation by irrigation of 161 acres of cropland at a volume variable with rainfall. The proposed amendment would increase the capacity of the feedlot from 6500 head of cattle to 8500 head of cattle to be contained on 80 acres of land and would authorize the construction of two new retention ponds with a capacity of approximately 28 acre-feet. The application proposes to expand the feedlot operation by adding 2000 head of cattle and 20 acres of new pens and associated area. The total amount of pasture or cropland available for irrigation is to be increased to approximately 80 acres. This permit does not authorize a discharge into the waters of the State.

The feedlot is located approximately 2 miles east of the city limits of Hedley and 1/2 mile due south of the county road in Donley County, Texas. The feedlot, retention facilities and land used for disposal are located within the watershed of unnamed draws, which flow into Buck Creek; thence into Parker Creek; thence into the Prairie Dog Town Fork of the Red River in Segment No. 0207 of the Red River Basin.

Legal Authority: Section 26.028 of the Texas Water Code, as amended, and 31 TAC 338 of the Rules of the Texas Water Commission.

No public hearing will be held on this application unless an affected person who has received notice of the application has requested a public hearing. Any such request for a public hearing shall be in writing and contain (1) the name, mailing address and phone number of the person making the request; and (2) a

Eddie Strickland was a hostess to the meeting of the Plainview Chapter of the American Association of University Women on Saturday at the home of Dr. and Mrs. James Cox of 804 Portland St., Plainview, Texas. At the close of the AAUW meeting some of the former pupils, long time friends of Eddie's, gathered into the Holiday Inn for a happy reunion tea. They came from Floydada and Lubbock. Some of them had not seen their teacher for more than 40 years. It was a glorious meeting of hearts.
