Library News

A Happy Birthday, Texas, book in observance of the Sesquicentennial, is in Burton Memorial Library for all residents of Donley County to sign before the end of 1986.

The goal of the library is to get each one of the 4,300 persons living in the county during 1986 to sign his name in the book. Visitors to the county also have a place to sign.

This very special birthday book will be kept permanently in the library so that future generations will be able to use it as a record verifying an ancestor's presence in Donley County during Texas' Sesquicentennial.

"We invite everyone to drop by the library to sign our birthday book," says Annis Stavenhagen, librarian.

April is cancer control month

April is Cancer Control Month and the theme this year is "Help Us Keep Winning."

The date for Donley County is April 7-11, and the residential chairman is Melinda McAnear.

Today almost 50 percent of cancer patients will survive their illness. Your dollars used for research and service and rehabilitation have helped make this possible.

"We hope everyone will support the crusade," said Melinda, "and continue our progress in control and eradication of cancer."

Workers for the residential crusade are Mary White, Susie Shields, Evelyn Mann, Dorothy Britten, Cindy Shelton, Minnie Belle Hicks, Judy Bland, Wilma Leffew, Beatrice Burleson. Chamberlain chairman is to be named later this week.

Later this month Darlene Spier, business chairman, will again work with the assistance of the business community for another successful crusade.

"Help Us Keep Winning."

Library's Friends meeting April 9th

The Friends of the Library will meet on Wednesday, April 9th at 7:30 in the library. Officers in the club strongly encourage public participation in this and other meetings. "We invite everyone in Donley County who is interested in any way," said one of the officers. "A library is the most readily accessible source of information in any community, not only for literature, but also for general information, as well. But a library must have the support and input of its community to remain effective. We need every business person, teacher, farmer/rancher, retired person and general reader involved. It is simply in their own best interest."

The library staff is working hard to provide Clarendon with the best possible service. With the help of Alan Estlack and others, they have gotten the communications line and power supply installed for a new data terminal which will make it faster and easier to keep up with books in the local collection and far easier to arrange interlibrary loans. The terminal is expected in early April.

Burton Memorial Library also has started a new Sesquicentennial project which should help genealogists of the future. The library has developed a Sesquicentennial Happy Birthday Book. Every Donley County resident should sign the book and include his or her address and other

pertinent information. In 2136, when Chamberlain Shields decides to look up his genealogy as a personal Texas Tricentennial Project, he can confirm that his ancestors were, indeed, residents of Clarendon way back in 1986. "Come by and sign the book." Annis Stavenhagen and the library board have made a diligent effort to strengthen the library's Texas section for the Sesquicentennial. They acquired many new Texas-oriented books, some of which focus on this area. "Check 'em out," is the motto.

The library maintains a surprisingly good selection of Best Sellers. Most best-selling fiction is currently available, including *The Mammoth Hunters*, *Lie Down with Lions*, *Lake Wobegon Days*, *Michener's Texas*, *The Accidental Tourist*, and *Danielle Steel's Secrets*.

Biographies are always popular. *Iacocca*, *Yeager*, and *Shirley MacLaine's Dancing in the Light* are all best sellers that are ready for local readers. Other nonfiction available includes *On the Road with Charles Kuralt* and *A Light in the Attic*.

Letter to the Editor

Dear Editor,

Yes, the TECAT test is over and whether or not I passed is unknown. I still feel angry, humiliated, threat-

ened, degraded and depressed. I'm sure that for many of us in the profession these feelings will be long lasting.

Those 5 1/2 hours I spent on March 10 reading and rereading each paragraph were some of the most stressful and pressure filled hours of my life. Those hours I spent trying to decide which answer the "test maker" wanted did not make me a more competent teacher; neither did it make me less competent.

The monumental amount of money that is being spent on TECAT is absolutely disgraceful. Just think of how all those millions of dollars could be spent in other ways to educate the children of Texas, especially at a time when we've been told that there is a budget shortage for education.

The test was a slap in the face for Texas taxpayers. Don't forget that teachers are taxpayers, too; therefore I highly resent the fact that my tax dollars helped to pay out-of-state people to develop and grade the tests.

Mark White has led the public to believe that competency of Texas teachers was tested by administering TECAT. This is not true. All that was tested were endurance, basic English skills, and the ability to select facts, opinions, and conclusions from paragraphs, many of which were tricky and misleading. This has nothing to do with competency in teaching. There is no testing that can determine the ability of a teacher to relate to his or her students.

I am proud to be a teacher and feel that I am a competent teacher. I worked several years to earn a Texas teaching certificate, something I thought could never be taken from me. It seems that this may not be true anymore. If Mark White is successful with threats to educators, who knows which profession will be next.

Sincerely
Helen Land, Teacher

IT'S JUST LIKE A DIAMOND.

You know it's an imitation. But what about the many people today who have decided they are just like a banker? From stockbrokers to retailers, from credit unions to insurance men, to savings and loans, they all seem to be saying, "You don't need a banker, we'll do just as well." Oh, no they won't. Because no one else has the banker's hundreds of years of banking experience behind them. Nor do they enjoy the kind of trust that bankers do from the majority of Americans.

So why settle for an imitation when you can have a real banker at our Full Service Bank.®

Watt's Happening in Hedley

by Peggy Watt

Ernie and Glenda Perhan and Kathleen Green of Dumas came Saturday and took Glenn Green home. He'd been here with us for his spring break.

Chester and Beatrice Hill of Lefors have been here for several days. I saw Chester working on their town home.

Amelia Holly underwent major surgery in the Childress Hospital March 25. When I talked to Laqueta Cox, she told me Mrs. Holly had an allergic reaction to some medication, but that the doctors hoped she would be back to normal in about 72 hours and would begin to improve.

Donald and Anita Houghton of Oklahoma City visited in the Hedley United Methodist Church at the morning worship services Easter. She is the former Anita Atkinson of Quail. I remember her parents who were neighbors of my grandparents.

Mollie Dickson had part of her children with her at church Sunday. Robert and Mae Thornberry and Charles and Golden Johnson of Amarillo were there.

Jimmy and Sharon Boliver and Angie of Amarillo spent the holiday with his mother Mrs. Joyce Boliver. They attended services at the First Baptist Church Sunday morning.

Paula Clendennen and Nancy Burr of McLean visited with Paula's parents Tom and Opal Clendennen

one day last week.

Jore Moore of Wetmore, Colorado, Brian and Tina Hill and Tashina, Tonya Moore and Terry Moore of Clarendon spent the holiday with Gerald and Marie Bland.

Glenn Green accompanied Guy, Fred, and me to the annual meeting of the members of the Lighthouse Electric Coop in Memphis on March 27. I saw several Giles people there. Terry Bailey had to miss it because of his business. Those attending were Red and Dean Hill, Sis Martin and Kendra, Blackie and Shirley Johnson. James Richfield of Lakeview was nominated for re-election from District 9. Most of the Lighthouse area lies to the south and west of us. I guess Red Hill is the last members beyond us. Greenbelt Electric serves most of the farms around Hedley. Among the prizes given at the meeting was credit for \$50.00 on an electric bill. The oldest and youngest members won. Terry Messer of Memphis was the youngest. He's the son of Roger and Eloise Messer and the grandson of Dude and Dot Messer of Hedley. The oldest member was Bill Saul of Quitaque. He and his wife Bessie are good friends of ours. Bill was celebrating his 89th birthday.

Bobby and Pat Roland spent Easter with his parents, Bob and Jessie Roland.

Euell Clendennen of Pampa spent Sunday with Tom and Opal Clendennen.

Pick and Laqueta Cox and most of their kids attended the Cox family reunion at Matador Saturday and Sunday. Those attending were Pick's father, Frank Cox of Paducah, his aunt Dollie Hawkins of Houston, and the children Carl of Amarillo, Joe and Lucy Poole and Jennifer of Amarillo, Elgie and Linda McCleskey, James, Willie, Wyman, and Elwyn of Crosbyton, and Sondra Layton and Joel of Hedley. Joe and Lois Campbell hosted the event.

Susan Cosby, David, Carmen, and Nancy of Tulsa have been visiting her parents, Bill and Juanell Carson. Rev. Stan Cosby had to stay home and tend to his pastoral duties.

Don and Jane Ruth Owens and their daughter Karen Rogers and Erin of Amarillo were Easter guests of Tode and Mattie Laura Hill. Mattie Laura enjoyed spoiling the great-granddaughter.

Johnny and Eddie Fisher took her mother Mrs. Land to see the doctor in Amarillo Tuesday.

Mrs. Nora Hartwell had most of her children home for Easter. Those enjoying their mother's home cooking were James and Nonie Hartwell and Leroy and Opal Hartwell of Amarillo. Mrs. Hartwell is also enjoying a visit from one of her oldest

friends. Well, she isn't the oldest friend Mrs. Hartwell has, but they have been friends since they were children. Mrs. Jewell Hall of Hugo, Oklahoma came Friday and will be here at least a week. Mrs. Hartwell told me it would take at least that long for them to get caught up on twelve years of talking. Personally, I have some doubts about that. Mrs. Hartwell can talk for an hour or more to someone she sees every day so I'm sure she can't talk twelve years worth in a week!

Otis and Margaret Holland had a busy weekend. Tammy Wagner and Jamie of Pampa came to visit Friday. Saturday Mike and Cindy Chilton, Kandi and Kristi and Doyle and Judy Clendennen and Misty of Pampa came for Easter. Judy's parents Woodrow and Mildred Clendennen of Pampa also came. They were joined by Henry and Nancy Stephens and Brannon for morning worship services at the First Baptist Church.

Arthell and Velva Gibson and Derek Dagner of Pampa, Tom and Carol Johnson of Quanah joined Walter Johnson, Marty and Sis Martin, Matt and Kendra for Easter with Blackie and Shirley Johnson.

Clarence Stephens is in Hall County Hospital recuperating from a heart attack suffered earlier in the week. When Fred and I stopped by Friday, he told us he was feeling much better, but that the doctor hadn't mentioned him coming home soon.

Bill McKee of Houston and Mrs. Betty Conrad of Amarillo visited with their mother, Mrs. Ruby McKee Friday. They had been to a funeral of a friend.

Myrtle Reeves has been on the sick list. I'm not sure what her trouble is, but doubt that she'll be down very long.

Woodrow and Mildred Clendennen of Pampa visited with Bud and Betty Hoggatt Sunday afternoon.

Lyndon Messer spent the weekend in Lohn, Texas with Leon Freeman. Leon and Lyndon went to school together and can probably spend more than a weekend catching up on everything that has happened since they last saw each other.

I read with interest the letter to the editor from Mrs. Helen Estlack. She stated the feeling of almost everyone, only much better than most of us could have said it. I

personally feel that TECAT was grossly unfair to the teachers of Texas.

Mrs. Ruth Culpepper of Gould, Oklahoma visited with her sister, Evelyn Messer Thursday.

Carroll and Marsha Favor of Childress, Maxey and Katrina Osburn, Christi and Brandi, Joe and Marlee Brandon and Kale, Angie Pierce, Billy Joe and Jackie Pierce of Amarillo joined Alfred and Viola Johnson for Easter with Manford and Wilma Snelson.

Mike and Angela Hines, Ashton and Aaron and Jim and Nelda Hudson and Max of Amarillo enjoyed Easter with their parents. Doyle and Evelyn Messer and Mrs. Lillie Messer.

Fred and Diane Stafford of Amarillo spent the weekend with his parents, Jack and Jackie Stafford. Alfred and Eloise Spalding joined them for Sunday dinner.

Joe Hinton, Renee and Tony of Rosebud, New Mexico are spending a few days with her parents, James and Edith White, Edith's sister Leroy and Mary Ann Cox and Jamie of Grand Junction, Colorado are also here.

Bobby Glen Stephens and Mary Ann Shrater of Amarillo visited his parents, John and Inez Stephens Saturday. Carl and Carolyn Mann and Charla, Ricky and Carla Stout of Pampa came Sunday. Terry and Barbara Collins and Josh visited during the afternoon.

Murrell and Dorothy Whitaker have returned home from an extended trip to visit relatives in Arizona and New Mexico. They visited with Murrell's brothers, Leonard and Connie Whitaker in Marana, Arizona, Ray and Audra Whitaker in Mesa, Arizona, Dorothy's cousins Val and Mildred Janusha in Reserve, New Mexico and Murrell's cousins Robert and Dorothy Reagan somewhere. If Dorothy told me where they lived, I've forgotten.

Happy Birthday, Flossie Wood!! Sharon Wheatly attended the ex-student reunion at Memphis Saturday evening. The banquet was held in the Memphis community center and she told me there were about 380 in attendance.

Rick and Connie Sue Brinson and Christopher of Memphis visited with Red and Dean Hill Sunday afternoon.

Lawrence and Anita Debord of Stratford spent the weekend with her mother, Mrs. Louise Long. They attended the Quail ex-student reunion.

Flossie Wood attended the Texas Tech Track Meet in Lubbock Saturday. Jody Wood won first place in the 400 meter high hurdles. His time was 51.24. Jody is the son of Joe Wayne and Mackie Wood of Panhandle and the grandson of Flossie Wood of Hedley.

My mother Mrs. Lola Brown went to the doctor in Amarillo Monday.

We had all our kids except Thunder home for Easter. Leon and Linda brought Langly and went to church with us, then all the kids came home with us for dinner. Su-San had to go to work almost as soon as we finished eating, but Leon

and Linda let Langly stay until after supper. I don't know what they are feeding him, but he's really growing. Lori Ann came Friday to spend her spring break with us. She's in second grade at Memphis. She'll be 8 on April 3. Doesn't seem possible.

Etta Mae Cherry had a busy weekend. Her granddaughter Teresa and Larry Carter and Katherine and Sarah of Canyon stopped by Friday. They were enroute to Vernon to visit Teresa's mother LaNell Barnett. Saturday Royce and Sis Crisler of Midland, Larry and Barbara Crisler, Kimberly and Channing of Lubbock, Glyndon and Bonnie Cherry of Burnett, Lynn and Ginnie Cherry of Amarillo and Howardwick came. They were joined for Sunday dinner by Etta Mae's sister Gladys Howell of Hedley. Sis and Royce and Larry and Barbara and their children came to church with Etta Mae.

Easter Sunday was celebrated in the home of Mr. and Mrs. V.T. McPherson with all four daughters and families. After attending church services at First Baptist Church, everyone enjoyed the meal prepared by chef Kathy. Present were Beverly and Chris Ray, Ozark, Mo., Becky and Tom Edmonson, Springfield, Mo., Kathy Richardson, Lawton, Okla., Sherri and Sandy Rogers, Amarillo, Carolyn and James Kirkland, Amarillo and Clarendon, Roger Wilson, Fredrick, Okla., Shannon burns, Pampa, Shawn Burns, Lawton, Okla.

The classes at Hedley School had their Easter parties Friday. The kids enjoyed hunting the colored eggs and the refreshments that followed. I saw an Easter bunny who looked amazingly like Shawna Monroe.

The UIL Literary events will take place at Clarendon College on April 4-5. Several Hedley kids will participate in these events.

On April 5, the FFA Dairy Products team will compete in the West Texas State University judging contest in Canyon.

The Seniors left Saturday morning for their senior trip. Hoss and Cheryl Pickard and Clara Jo Holland accompanied Kelly Harmon, Tony Monroe, Ricky Springer, Stephanie Holland and Kyndle Longan. They will visit San Antonio and Corpus Christi before returning home Thursday.

**JAY GAGE
Gage receives
national award**

The United States Achievement Academy announced today that Jay

Gage has been named a United States National Award winner in science. This award is a prestigious honor very few students can ever hope to attain. In fact, the Academy recognizes less than 10 percent of all American high school students. Jay Gage, who attends Clarendon High School, was nominated for this National Award by Gary Fletcher, a biology teacher at CHS. Jay will appear in the United States Achievement Academy Official Yearbook, published nationally.

"Recognizing and supporting our youth is more important than ever before in America's history. Certainly United States Achievement Academy award winners should be congratulated and appreciated for their dedication to excellence and achievement," said Dr. George Stevens, Executive Director of the United States Achievement Academy.

The Academy selects USAA winners upon the exclusive recommendation of teachers, coaches, counselors or other school sponsors and upon the Standards of Selection set forth by the Academy. The criteria for selection are a student's academic performance, interest and aptitude, leadership qualities, responsibility, enthusiasm, motivation to learn and improve, citizenship, attitude and cooperative spirit, dependability, and recommendation from a teacher or director.

Jay is the son of Jerry and Gloria Gage. His grandparents are C.R. Gage of Dickens, Texas, and Mr. and Mrs. Bill Copeland of Chandler, Texas.

The Lion's Tale

By GENE ALDERSON

The Clarendon Lions Club held its regular meeting at noon on Tuesday at the Lions Hall. Twenty-one members, Lion Sweetheart Jessie Adams and five guests were present. Following the regular opening ceremony Liontamer Messer introduced Rick Elliott, a sales representative for Continental Battery Co, who was the guest of Lion Henson. Ron Winfrey, Redell Henson's grandson, was also the guest of Lion Henson. Lion Bentley had dental employees Nusie Hooks and Viki Percival as his guests. Boss Lion Winsor called the meeting to order and said he had two announcements for us. The first was that he had to leave early today. The second, which came as quite a

surprise to many of us, was that he had been transferred by his employer to Bridgeport and that he was submitting his resignation effective immediately. After receiving a standing ovation and presenting the gavel to first vice president JEM Simmons, Lion Winsor left. Lion

Simmons gave a report on the bingo last Saturday night and then called on Program chairman Smith to introduce the program. Mr. Ray of Pampa who is with the Adobe Walls Council of the Boy Scouts of America presented our program on scouting.

Meeting adjourned.

STUFFY OR RUNNY?

Antihistamines and decongestants are often used to relieve stuffy nose as well as runny nose, two seemingly different symptoms that occur with both allergy and the common cold.

These two medicine groups are not related but have a similar although not identical effect on the nose. Slum secretion of mucus may decrease due to a drying effect, thus relieving stuffy nose. When mucus secretions diminish, runny nose is reduced.

Antihistamines and vasoconstrictors are ingredients in many prescription and non-prescription allergy and cold medicines. popu-

lar antihistamines include chlorpheniramine and diphenhydramine. Most antihistamines tend to cause drowsiness. They should be used with extreme caution when driving a motor vehicle or working with dangerous equipment. Decongestants, on the other hand, seldom cause drowsiness. Examples include phenylephrine, pseudoephedrine, and phenylpropanolamine.

Each advertiser would have us believe that its specific allergy or cold product is superior to all others. This obviously cannot be true. For reliable, unbiased advice, ask your pharmacist.

Fifty-two attended our March birthday/anniversary salad supper on Tuesday, March 25th. We always have such a wide variety of tasty salads and desserts. Birthday people attending were Fennie Smith, Manual and Willie Creager, Woody Argo, Verdine Tipton, Ann Bunyan, Della Allen, and me, Jean Baten. Anniversaries were Wallace and Marie Sides and Clarence and Jewel House. Door prize went to Woody Argo. It was a pretty little pillow donated by Eda Wallin. Other prizes went to Don Wooten, Manual Creager and Alene Eads. Jean gave a brief talk on the Texas Silver Haired Legislature election that will be held at the Center on May 30th. The rest of the evening was spent visiting and playing games.

The Arts & Crafts group made some really neat Easter baskets for our home delivery people. We really appreciate their interest and concern for this program. Thanks to Eda Wallin for the lovely decorations at the Center. Thanks to Fannie Wilson for helping make some of the baskets. Everything looked so pretty.

Had thirty-three attending jam session on Friday, March 28th. They enjoyed music by Creed Smith, Jerry Chambers, Wally Sides, Truett Behrens, Clyde and Mildred Hoggard, Ray Anderson, Dee Williams and me for a little while. We had doughnuts from the Bronco Sweet Shop and Mildred brought some cookies. It was a fun time.

Saturday, April 5, 1986, Fun After Fifty will meet at the Senior Citizens Center 10 a.m. until 1 p.m. I haven't seen the program agenda, but you can bet we will do something and we always have a lot of goodies to eat. Come on and join in the fun.

Ashtola Community will have an ice cream supper at the community center Friday, April 4th, at 8 p.m. We need to organize for our Wagon Train Campsite May 21 and discuss repair of the building. Everybody come and bring cake or ice cream.

Mr. and Mrs. Claude Spivey left March 21 to fly to Tampa, Florida where they took bus tours over parts of the state. Edith stated that Tampa reflected recent storm damages and orange trees had been frozen back last winter. It was so cool they wore coats or sweaters for most of the trip. Fellow tourists from Iowa and Michigan said Florida was cooler than when they left their home states. Bus guides told them to pick all the oranges they pleased as they waded ditches full of alligators. The alligators were in full view.

Anyone stranded along those roads never gets out of the car but waits for highway patrol assistance. They saw sunken gardens, Bush Beer Gardens with a flower clock that really tells the time. The oldest houses in St. Augustine were a part of their tour along with Epcott and Disney Land. NASA is leaving the last missile launch site as a national memorial to the lost crew. They saw

the beautiful highlands, some devastated by forest fire and was coming again with young pines without reseeded. There were herds of well cooked and rowdy students who were being gathered by the police for the nightly curfew. A plane from Orlando brought them home the 29th. The Spiveys were very glad to be home and pleased to find an Easter gathering of Johnny,

Kay and Claudette Spivey from Ralls, David and Della Spivey from Grand Prairie and Becky and Jerold Lane and David and Oleta who were preparing dinner for the crew. The electricity went off about ten and the meal was finished on the gas grill. The crew had brought trees and shrubs, set and watered them, put to use Claude's new riding lawn mower and roto-tilled a garden spot.

Jim and Linda, Amy and Allison Risley from Denver City came Thursday to visit with the Lloyd Risleys. They returned home Saturday.

The Lacy Nobles and the Buster Emmons were guests at the Lloyd Risley home Saturday evening.

Chris Schollenbarger and Laura Pittman of Amarillo came Sunday to visit with the Lloyd Risleys. Jo Schollenbarger joined the family for lunch.

Lloyd Virgil Risley of Amarillo and two friends were guests Friday morning early at the Lloyd Risley home.

Jennifer Doerrie won senior spelling bee in Ochiltree County and will compete in a four-state region at Amarillo. The winner will go to Washington D.C.

Guests Sunday in the L.A. Watson home were Gay, Shanna, Tim, Renee and Mallory Cole, the Falon Watson family, the Larry Watson family and at supertime C.I. Casteel.

Monday Larry and Teresa Watson, Regina, Janet and Renee were guests at lunch with the L.A. Watsons. Elizabeth McAnear came to visit with the girls in the afternoon.

Fay Jackson from Sunnyvale and Naomi Green were in Amarillo to have lunch with Inez Morris. They went to Veterans Hospital to visit John Morris and were pleased to find him up and walking in therapy.

JUDGE BILLIE CHRISTAL points to the groove on the clerk's bench, which was built to match the Judge's bench, which Wellington loaned to the County.

Courtroom has been remodeled

With the official organization of Donley County, there was a need for a courthouse. As a temporary building for handling legal matters, the "rock hotel" situated next to White and Rosenfield Store near the road leading to Tascosa, was converted and rented at \$13.75 per month.

In 1887, the courthouse site was moved six miles south of the original location to a place referred to as New Clarendon north of the Fort Worth and Denver Railroad tracks. The courthouse stood at the corner of White and Kearney Streets in block 14 of the original town. At this location a building was erected under the direction of Charles Goodnight and S.T. Martindale.

A second time, in 1890, the townsite of Clarendon was moved. This time south of the Fort Worth and Denver Railroad tracks in its present day location. In this same year, a new stone courthouse building was erected at the cost of \$27,500.

In September 1975, the original documents and records of Donley County were moved a third time. A new courthouse annex building, braggng 5,000 square feet at the cost of \$198,000, was constructed to house the official records and business of the county.

In the old Donley County courthouse was declared a historical monument and at that time became eligible for grant money to help restore the beautiful old building to its original design, both inside and outside. It has had many face lifts on the outside through the years, but very little has had been done on the inside.

This past year, Judge Billie Christal and the Donley County Commissioners Court has been trying to restore the courtroom on the top floor. Since it had been declared a historical monument, the work had to be done with the approval of the Historical Commission. The commission required that an architect should draw up a set of plans, and all contractors should be bonded, so that they could comply with the David-Bacon Act.

However, the Commission allowed the county a leadway, as long as Judge Christal and the Commissioners Court kept a watchful eye on all repairs.

The grant money was matched on a two to one basis, the Historical Commission would give the county one dollar and the county would have to match it with two dollars. Judge Christal spent many hours filling out and applying for this grant money, as well as grant money available to them for other county business.

Judge Christal applied for and received grant money for county fires, work that had to be done on the dump grounds, and the library. This grant money which they would not have received, except for the hard work of Judge Christal and the Commissioners Court was spent keeping up those things which allowed them funds in the general fund, to do the repair work on the courtroom, on the top floor of the old courthouse.

The first thing that had to be done was the courtroom stripped of all its furniture, and the old floor was reroiled, then covered with felt, and 5/8" plywood put on top of the felt.

The plaster walls were cracked and had to be repaired, painted, and the architect had to approve the colors. The architect and Judge Christal scraped some of the original paint and the color was matched as near as possible.

The windows had plexglass put on them on the inside to help with the insulation. Ten new ceiling fans were installed, eight in the courtroom, one in the judges chambers, and one in the jury room. The heating radiator was relocated and a new boiler put in. This heats all of the courthouse. New carpet and curtains were installed to match the original paint. Then came another big job, the judges bench, witness stand, court reporter and the jury box had to be completely redone. The judges bench was loaned to Donley County by Collingsworth County and all the other furniture was made to match the judges bench.

Cleo Russell donated his labor and made the witness box, before he had to go to the hospital with a bad leg. Judge Billie Christal, who is a man with enormous talent and energy, took over the job of making the jury and clerks boxes, as well as the back drop behind the judges bench.

Judge Christal did this work, on his own time, after work and donated all the labor. It took him approximately 50-60 hours of work, evenings and on weekends to get the job done.

Every phase of the work had to be photographed and pictures sent to the Historical Commission for their approval.

All of the repair work was done, now came the task of finding spectators benches and seats for the jury box. With the help of Gary Barnhill, they were able to secure some old theatre seats for the jury box and by checking around they found old benches in Waco for the spectators seats.

It took just under \$50,000 and a years work to get the remodeling job completed. It took six months for Judge Christal to apply and receive the grant money and approval of the Historical Commission, another six months to complete the work.

An open house is being planned by the Donley County Commissioners and Judge Billie Christal in the near future, so that everyone in the county may have the opportunity to see this beautiful remodeled Donley County courtroom. It is something that the people of this county can be proud of.

Benjamin Franklin devised the first coin of the U.S. in 1787. It was known as the Franklin cent.

CHANGE IS POSSIBLE

If you had unlimited power for one minute, what would you like to change about yourself? What habit or personality trait of yours needs changing? Maybe you have difficulty making friends or getting along with others. Maybe you are lonely,

depressed, hot-tempered, or "hooked" on a bad habit. There is hope for you. Change is possible.

Many will insist they cannot change. The fact is we are always changing - changing for better or worse. Some say, "I was born this way; it's the way I am." Maybe you were born that way, but that's no reason to stay that way!

God alone is able to bring effectual and lasting change in your life. According to the Bible, we are all born wicked, ungodly sinners, in need of being saved from the penalty of our sins. You must first be born again by repenting of your sins, and believing that Jesus Christ shed His blood, died for you, and rose again.

A person who has been saved, or born again, can change according to the Bible. In II Timothy 3:16-17 the Bible says, "All scripture is given by inspiration of God, and is profitable for doctrine, for reproof, for correction, for instruction in righteousness; that the man of God may be perfect, thoroughly furnished unto all good works." Rather than relying upon a particular church or religion for help, men can go directly to God's Word to learn truth and be trained in Godly living. The Bible is not just for the elite few, but was inspired of God and written that the common man might read, understand, and change.

God's design for born-again believers is that they can be conformed to the image of His Son (Romans 8:29). God can change your life. If you feel you have tried everything but nothing seems to work, then one of three things is true. (To be continued next week.)

Clarendon College student sponsors blood drive

Every few minutes, an American receives a blood transfusion. Blood is needed for open heart surgery, organ transplants, accident victims, and persons with debilitating illnesses such as cancer. More than 30,000 units of blood are transfused

daily across the US. To keep up with the amount of blood used, healthy volunteer blood donors are needed every day to keep the lifeline flowing so that blood is available for any patient needing it.

On Wednesday, March 26, from

1:30-6:30 p.m., healthy volunteer blood donors gathered at the Clarendon College gym. Seventy-five units of blood were given in a blood drive sponsored by Clarendon College's Student Senate under the leadership of Ruth Robinson. Seventy of those units were donated by college students and faculty. Donley County receives credit from Coffee Memorial Blood Bank of Amarillo for those 75 units. Bobby Thomas of Coffee Memorial complimented Ruth

Robinson and her Student Senate on their enthusiastic efforts. He referred to the college students who gave blood as "those that took time to care." This is one more way the students of Clarendon College unselfishly contribute to Clarendon, Texas and Donley County.

Vergil McPherson celebrates birthday

Not so long ago, in the spring of 1916, the McPherson family was blessed with love times two, twins, a boy and a girl, Vergil and Verlin. Their families helped them celebrate their birthday, Saturday, March 29th in the home of their sister, Opal Blackwell, Amarillo.

Attending were Vergil and Opal McPherson, Hedley; Bill and Verlin McCracken, Pampa; Beverly and Chris Ray, Ozark, Mo.; Becky and Tom Edmonson, Springfield, Mo.; Joan, Lee and Jennifer Kingham, Alice, Texas; Ryan and Leona McPherson, McLean; Carolyn Kirkland, Gail McKee, Rubye Stanley, Sherri and Sandy Rogers, Winfred and Theresa McPherson, Joe Mac and Carolyn Blackwell, Milan and Mary Hibbs, Bob and Mariwyn Newcomb and Bently Dye, Dave and Oma Schmedel, J.O. and Yvonne Koontz, Jim, Karla, Littney and Ryan Koontz, Jimmy and Glenda Quisenberry of Amarillo.

Everyone enjoyed the celebration and Vergil's daughters bought him a jam box, so don't be surprised if you see him break dancing at the Hedley Senior Citizens.

All made plans to do it again next year, same time, same place.
