AUSTIN—(Special) — Talking about Governor O'Daniel pulling surprises, you should have seen the utter surprise on Assistant Secretary of State Claude Williams' face on Wednesday morning of last week when the Governor called him in and told him he was going to appoint him as chairman of the Texas Unemployment Commission set-up for a six-year term at \$7,500 a year salary. It just happened that Claude Williams has been one of the governor's right-hand men for two years who has handled many private investigations for the governor. Orville (Dick) Carpenter, retiring head of the Unemployment Commission, is already on duty as a major in the federalized National Guard. The writer was in Mr. Williams' office at 8:30 o'clock on that same Wednesday morning of last week and we noted he was feeling "low" and that he did not know then he was being selected for the new job. Claude Williams had been giving his services to the State for \$300 a month whereas he had averaged making over \$10,000 a year in private law practice at Longview when Governor O'Daniel asked him to come to Austin nearly two years ago. While he was criticized because of his work in uncovering some of the waste in State departments, yet he has no ambitions for further political honors. Privately, he admitted he would much rather be back in Longview practicing law. That he will take a keen interest in his new job goes without question as it takes him out of State politics to a great extent. The Unemployment Commission is part of the Federal-supported program and the Hatch law will prohibit the new chairman from taking any active part in political matters that do not concern his department. The writer wishes to congratulate Mr. Williams on his appointment and makes the prediction his work there will be an outstanding success.

Lining Them Up

The energetic chairman of the Game, Fish and Oyster Commission, Ex-Senator Wood, is losing no opportunity to line up support in Austin for a continuation in office of the present force and policies of that big department. On Sunday, November 17th, he had as his guests on hunting leases near Kerrville a member of the State's high court, a former prominent governor of the State, and many other Austin notables. The very next day, on Monday, he had an entirely different group out there for a deer hunt. This second group included a half dozen or more State senators, leaders of the House of Representatives and others. (Note: In case you have forgotten, the reader will remember Governor O'Daniel pledged in his campaign last summer to clean up the Game, Fish & Oyster department at the first opportunity.) Nuf sed!

18th DISTRICT LEGION TO MEET AT HAPPY

On Tuesday, December 3rd, 1940, Happy Post of the American Legion will be host to the American Legion and Auxiliary of the 18th District at Happy, Texas.

The Happy Post has arranged an interesting community service program with W. L. Cotton of Dalhart, district community service chairman, in charge.

A chicken dinner will be served at 7:30 p. m. by the Post. Judge Nelson of Amarillo will make the principal address on the program that will include band and piano music.

J. M. Johnson of Canadian, District Commander, urges all members to be present.

Mrs. Chester Williams spent Thanksgiving with her parents, Mr. and Mrs. Mason of Levelland.

What the CCC Is Doing

Changes have been announced regarding the pay of all members of the CCC. Beginning January 1st the amount sent home monthly will be reduced from \$22 to \$15. \$7 will be placed aside for the boy, to be given him upon discharge. \$8 will be paid to him in cash at camp, as heretofore.

Training is being intensified in building, operations, and repairing bridges, roads, and telephone lines so that youths may become competent repair men and fit into the general defense program.

Healthful outdoor work and good food is reflected in the physical improvement of members of the Corps. The average gain in weight is ten pounds within the first two months. With doctors and dentists available in all camps every boy is assured of first class attention. When serious illness develops he is sent to one of the Army Hospitals for treatment and care. Operations may be performed only with the consent of parents or guardians. Alertness and health go hand in hand and the CCC has an outstanding record of returning boys to their homes better citizens who are confident and able to cope with problems that must be solved in everyday life.

WOMACK FUNERAL SERVICE SOUND EQUIPMENT MEETS WITH WIDESPREAD ACCEPTANCE

The New sound equipment introduced exclusively by the Womack Funeral Homes in this locality has met with much outstanding comment. The playing of the chimes as the funeral procession enters the Citizens Cemetery takes away all the loneliness often experienced. During the brief cemetery services and the interment of the loved one, the playing of vibra Harps and Organ music adds much to the comforts of the family and friends. This is

TEMPLE OF TRUTH

AMARILLO LEADS.
Taking advantage of every opportunity is a trait of Amarilloans. They staged the first Pan-handle "black-out" over the week end. It was in celebration of the ending of the 10-year drought. The patriotic stunt was "superinduced" by an ice coating that is said to have pulled down some 1,200 electric and phone poles, thus stopping all conversation during the observance.

BATTLE BEGINS.
The "unscrutinized" and redoubtable Roy Hahn, chief ramrod of the News over at Silvertown issues warnings along with his wedding announcements. In his hilarious effusion in paying tribute, a line became misplaced when he said:
"Mr. B. . . . is with the army daughter of Mr. and Mrs. B. . . . of the Francis community, etc."
At any rate, Roy, it all proves that even other editors read your sheet, when some of your home people won't. Come out of that cave under the Cap Rock and get back on the job. Your victims have moved to Albuquerque.

DON'T LOSE OUT.
Several of you ladies have your Admiration coupons ready to enter the contest for cash prizes being given by the Duncan Coffee Company, and are putting it off from day-to-day. Why wait? You can get some good ideas from reading the Admiration advertisement on Page 2 of your Donley County Leader. Read it and then get busy before the time for entry expires. You might as well win one of the prizes being given every week. The money is waiting for the lady who tries. You have all to win and absolutely nothing to lose. But do it today!

PARTIALLY WRECKED.
An old-time cowman, in commenting on the weather Monday, gave it as his opinion that the long drought is now broken—temporarily at least. The long-looked-for eastern-drizzle did the trick, just as he has predicted since about 1930. His next order is for two big snows per month until May 1st. He thinks that will put the ground in fair condition for crops and grass for 1941's growing season, and spring starter.

ANOTHER GENIUS.
Hastoon Yazzie's third son from the youngest is taking Christmas since last Friday. Little Ozzie is the one who eats mud.

BASIS FOR PROGRESS.
Hearing about the hard, ice-covered pavements around Amarillo the past few days recalls an old story about an old-timer from New Mexico who was visiting his son out west of Amarillo several years ago. That was about the time that Amarillo climbed out of the Polk street mudhole and got on her first pavement job. The two men drove into town, parked the jalopy and as the old man got out of the car he was fascinated with the pavement. Scrapping his feet over the hard surface, he turned to his son and remarked: "I don't blame these folks for puttin' up a city here. This ground is too damned hard for grass to grow on it anyhow."
SOME GOOD YET.
The world is not bad. There is just the usual crop of undesirables living with us to make us appreciate the better element.

HOSS FEATHERS, MAYBE.
Birds of a feather flock together. For instance, there is Hitler, Mussolini and Japan.

THE HOME PATE.

HOGS GOING TO TOWN
Houstonians are still wondering just how a javelina, the only native wild hog in North America, found its way onto the streets of Houston, Texas, recently. The javelina was dodging in and out of traffic during the morning rush hour when it was finally caught by F. L. Dotson. It was presented to the Houston zoo. Just where the wild hog came from is still a mystery. Most javelinas in Texas are found in the southwest portion of the state, a considerable distance from Houston.

THOMPSON ATTENDS SALES MEETING

L. E. Thompson of the Thompson Bros. Co. was in Amarillo Friday the 22nd, where he was a guest at a large dealer meeting of the International Harvester motor truck organization. The occasion was the announcement of a new line of International motor trucks, which, Mr. Thompson reports, introduces the new "Green Diamond" engine, latest development of International Harvester in engines built exclusively for trucks.

The new line of trucks shown at the Amarillo meeting consists of five models, all between 1/2 ton and 1 1/2 ton capacities. Now in production, these models take their places in the complete line of Internationals that includes 51 models in 166 wheelbases, ranging from light delivery units to powerful six-wheelers.

"The new models," says Mr. Thompson, "are truly things of beauty and show how completely the designers have combined smart styling, comfort, and safety with capacity for the hard work a truck has to do."

The "Green Diamond" engine in the new Internationals, he says is a revelation in truck power plant construction for greater power and fuel economy.

Mr. and Mrs. Ernie White of Lelia Lake recently spent several days with relatives in Clay county, around Vashit.

Charley Bell had business in Austin over the week end.

Mrs. C. A. Burton is visiting her brother and family, Mr. and Mrs. Betts at Clovis, N. Mex.

VISIT IN WARREN HOME

Visitors in the J. A. Warren home, Sunday, were Mr. and Mrs. L. D. Hunter of Terrell, Texas, and Mr. and Mrs. J. A. Warren, Jr. of Borger. Mr. Hunter left Sunday for Lubbock, where he is employed by the Brown-Williamson Tobacco Co., as factory representative, and Mrs. Hunter returned to Borger for a visit there with her brother, J. A. Warren Jr. and family, after which she will return here for a week's visit with her parents, before going to Lubbock to make her home.

NEW USE FOR HUSBANDS

Many peculiarities are found among animals, reptiles, and insects, although few are witnessed except by persons interested in nature study. When spiders bite each other's legs off, new legs grow back. The black widow spider eats her mate and makes herself a widow. A snake recently ate another one, but the "victim" didn't die, as was witnessed by a group of Texans, according to the Fredericksburg Standard.

Emil Petsch, Pete Weber and Harold Puhl came upon a coach whip and another snake fighting viciously. One snake measured about five feet in length and the other about three feet. The large snake finally started swallowing the other. The smaller snake was eaten head first, but when two-thirds of it had been consumed, the men used rocks to kill the larger snake. They thought they had also killed the smaller one, but were amazed when the three-footer crawled all the way into the large snake, turned around and emerged head first, unharmed.

DINNER BRIDGE PARTY

Mrs. W. W. Noblet entertained with a lovely dinner bridge party at her home Tuesday evening. Christmas silver, flaming poinsettias and red candles lent an enthusiastic holiday air to the occasion.

Mrs. Carroll Knorpp was accorded high prize honors for ladies, and Walter Knorpp high for men. Mrs. H. M. Breedlove was given a "traveling" prize.

Guests present were Messrs. and Mmes. H. M. Breedlove, Simmons Powell, Paul Slaton, Carroll Knorpp, John C. Knorpp, Walter Knorpp, Kelly Chamberlain, Mrs. John T. Sims, Miss Nettie Sims, Miss Charlotte Molesworth.

MISS BAKER AND MR. SNELLINGS ARE MARRIED

SAN MARCOS, Nov. 23.—Jasper L. Snellings, son of Dr. and Mrs. D. A. Snellings, and Miss Dorothy Nell Baker, daughter of Mr. and Mrs. Sloan Baker, were quietly married on Sunday afternoon, Nov. 17, at the home of Judge and Mrs. A. M. Ramsay with Judge Ramsay officiating.

Witnesses of the impressive ceremony were Mr. and Mrs. Milvern Crozier of Brackettville, former students at S.W.T.T.C.

Mr. and Mrs. Snellings will make their home in San Marcos.

The bride is a graduate of the Gatesville high school and is a 1940-41 senior in the Teachers college where she is majoring in home economics. During her freshman year at S.W.T.T.C. she served as secretary of the class; and in 1939 she was a Gaillardian. She is a member of the Philosophian Literary society and is the 1940-41 president of the college Y.W.C.A.

The bridegroom graduated from San Marcos high school in 1935 and from the Teachers college in 1938. He played football in high school and in college and lettered in track at the Teachers college. He taught science and served as assistant football coach in Mesquite in 1938-39, and has been teacher of voice at San Marcos academy for the past two years.

Going Through College On Jap Idea

COLLEGE STATION.—It might have been that necessity was the mother of the invention and again it may have been that three Texas A&M College students were just a jump ahead of the rest for they not only found a way to make their college expense money but also put a new industry in Texas in doing it.

Tom Hill and Ike Jacobs, of Dallas, and Wally Hendon, Richland, are the three boys and the new industry they introduced to Texas is the manufacture of wooden shower slippers.

Last year a local store obtained a few pair of such slippers which had been made in Japan but when the idea hit Hill and Jacobs that they could sell such shoes, they found no production available.

They took in Hendon as production manager and finally found a Sherman planing mill which would turn out their shoe for them.

They placed a contract for 1000 pairs and at last report have sold almost the entire stock and at 75 cents a pair. They have not only made a nice profit for themselves, but all of their agents in the other halls are students and their commissions of 15 per cent help toward meeting their expenses.

The students wear the slippers to and from the showers and latest reports show that athlete's foot at the college has fallen off to practically no cases as compared to the records of past years.

THANKSGIVING ONE MAN'S PRAYER

The Thanksgiving Season, with its call to a new contemplation of God's provision for our needs, brings the challenge to a renewed and humble consecration to the service of a Heavenly Father who gives so much. In something of this spirit one man voices his prayer in a sincere, though unusual way as follows:

Dear God:
Help me to be a sport in this big game of life.

I don't ask an easy place in the line-up.

Play me anywhere You need me.

I only ask for the stuff to give you 100 per cent of what I've got.

If all the hard drives seem to come my way, I thank God for the compliment.

Help me to remember that You won't ever let anything come my way that You and I together can't handle.

And help me to take the bad breaks as part of the game.

Help me to understand that the game is full of knots and knocks and trouble, and make me thankful for them.

Help me to get so that the harder they come the better I like it.

And, O God, help me to play on square. No matter what the other players do, help me to come clean.

Help me to study the Book so that I'll know the rules, and to study and think a lot about the Greatest Player that ever lived.

And other great players. If they found out that the best part of the game was helping the other guys who were out of luck, help me to find it out, too.

Help me to be a regular fellow with the other players.

Finally, O God if fate seems to upturn me with both hands and I'm laid on the shelf in sickness or old age or something, help me to take that part of the game, too.

Help me not to whimper or squeal that the game was a frame up; or that I had a raw deal.

And when, in the falling dusk, I get the final bell, I'd only like to know that You feel that I've been decent, and game and a helper.

—Author Unknown.

DO YOU KNOW TEXAS?

A reader of this newspaper can get the answer to any question of fact about Texas by writing A. Garland Adair, Curator of Patriotic Exhibits, Texas Memorial Museum, Austin, Texas.

MEMORABLE PASSAGE: "Let us ever be on guard, alert to detect false propaganda coming from subversive elements and groups who are attempting to undermine our Democracy and our Americanism; indeed to destroy the freedom for which our fathers shed their blood and sacrificed their lives."—H. Miller Ainsworth, Luling, Past Commander American Legion.

Q. Was Thomas J. Rusk ever President of the Republic of Texas? R. E.

A. No. He could have been but declined to accept the presidential nomination in 1838 because of several reasons; the main reason was that he felt obligated to support the family of his sister-in-law, Mrs. Smith of Nacogdoches.

DID YOU KNOW: That the Texas Panhandle is so named because it appears on the maps to be the handle of a big pan? That Oklahoma has a portion called the "Panhandle" for the same reason?

FACTUAL: Texas has more miles of pipe lines than any other state and it has the world's deepest oil well. Visitors to the Texas Memorial Museum, Austin, find dioramas and other exhibits showing the magnitude of the oil and gas fields of Texas to be of great interest. Bulletins on the subject may be procured by writing Dr. E. H. Sellards, Director, Texas Memorial Museum, Austin, Texas. (Enclose six cents in postage for reply.)

Home Cured Pork Is Best

Curing pork for home consumption is so simple the layman may practice it with assurance of success, says Roy W. Snyder, originally meat specialist of the Texas A&M College Extension Service.

The recipe is very simple—a mixture of salt, sugar and salt-peter in the ratio of 8 pounds of salt, 3 pounds of sugar and three ounces of salt peter. This quantity would provide for 100 pounds of meat. Anticipating inquiries regarding the possible superiority of brown sugar, Snyder says he used commercial white granulated and "just a little more than one half of the mixture in the first rubbing of the meat." A week later he rubbed the hams, bacon, and shoulders a second time. The carcass was thoroughly chilled in cold storage before cutting for treatment. The small, thin pieces, such as the loins which had been boned, the top end of the shoulders, or boston butts, and jowls, were not treated again as they had received enough salt in the first rubbing to cure them sufficiently.

Snyder says the thin pieces like the loins should be cured within ten days and the bacon in about two weeks, allowing one and one-half days to the pound per piece. The hams and shoulders to keep through hot weather without refrigeration should be in cure three days for each pound, or, specifically, a 15-pound ham should cure 45 days.

To make ham or bacon milder in salt flavor, Snyder says soaking thin pieces one hour and thicker pieces like hams three hours in cold well water is helpful. After soaking the pieces should be hung to dry, preferably overnight and then smoked for color and taste. Usually fires built on two consecutive days, "and not too much fire," will make the meat a bright lustrous brown. Hams and shoulders can always stand a little more smoke than bacon and loins.

Snyder cautions that if the weather this winter gets quite warm before the salt has penetrated to the center of the meat it may be necessary to put it in cold storage.

The Texas Extension Service has a bulletin on curing pork available at the county agricultural or home demonstration agent's office.

TESTING CREAM

Oh, the job of testing cream
Is a job that's mighty bad,
You can make a body happy,
You can make a body sad.
If their cream is number one
And the test is away up high,
They knock about the price a little
But will never breathe a sigh.
If their cream is not so fancy
And you grade it number two
They take their can and tell you
That they are through with you.
They most always blame the tester
For the law the State has made,
And they do not understand it
If their cream is not first grade.
There are some that understand it
If their cream is thick or thin,
They take their check and tell you
That they will be seeing you again.
And here is sincerely hoping
When their work on earth is done,
That St. Peter's test will suit them
And they all grade number one.

Loan Shark Evil Is Revived

Texas has had loan sharks for more than 100 years.

Not always have the collectors of usurious interest been known by the expressive name now commonly applied to them, but their basic methods have changed little through the years, writes Edmunds Travis, widely known Texas newspaperman, in a brochure, "A Century of Usury in Texas," published this month by The Cordova Press, Inc., Dallas.

This 72 page booklet is the most comprehensive work on its subject that has yet appeared in Texas. It includes the history of usury, the law of usury, and the story of all forms of efforts that have been made to eradicate usury. Texas newspapers are commended for the work they have done in exposing the practices of loan sharks.

Usury, Mr. Travis points out, has existed from the earliest times, and nothing has ever cured it except legitimate competition with the usurers. Discussing the question of how such competition can be provided, the author of "A Century of Usury in Texas" declares that experience has shown that small unsecured loans cannot be made profitably if a flat rate of 10 per cent interest per annum, the limit provided in the Constitution, is made to cover all costs. He rejects as possible solutions all plans involving a higher rate of interest on small loans than that fixed for loans

generally. Instead, he suggests the application of Blackstone's thought that a legal limit should be fixed for loans in general and that special hazards should be cared for by special fees.

"Each borrower," Mr. Travis says, "should pay the fair value of services rendered and expenses incurred to give his loan the standing contemplated in the fixing of the interest rate." In commercial banking transactions, he reminds, the bank's rate of interest is offered only to those who can qualify for it—and the borrower himself must provide the proof that his proposition is "bankable." It is the application of this principle to the making of small unsecured loans that Mr. Travis proposes as a remedy for Texas' loan shark problem.

George McClesky of Lubbock spent Thanksgiving with his parents, Mr. and Mrs. G. H. McClesky.

NOTICE OF Road Bond Election

THE STATE OF TEXAS } COUNTY OF DONLEY }

To the Resident Qualified Electors of Donley County, Texas, who own Taxable Property in said County and who have duly Rendered the Same for Taxation:

TAKE NOTICE that an election will be held on the 28th day of December, 1940, in Donley County, Texas, to determine whether or not bonds shall be issued by said County in the amount of \$565,000.00, for the purpose of the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in aid thereof, in said County, and whether or not ad valorem taxes shall be levied annually on all taxable property in said County for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity, in obedience to an ELECTION ORDER passed by the Commissioners' Court of Donley County, Texas, on the 21st day of November, 1940, and which said order is in words and figures as follows, to-wit:

ORDER OF ROAD BOND ELECTION

THE STATE OF TEXAS } COUNTY OF DONLEY }

ON THIS the 21st day of November, 1940, the Commissioners' Court of Donley County, Texas, convened in special session, at the regular meeting place thereof in the Courthouse at Clarendon,

Texas, the following members of said Court, to-wit:

R. Y. King, County Judge, presiding; and, J. H. Hermesmeier, Commissioner, Precinct No. 1; G. G. Reeves, Commissioner, Precinct No. 2; Claud Nash, Commissioner, Precinct No. 3; Marvin Hall, Commissioner, Precinct No. 4; being present and participating, came on to be considered the petition of J. W. Noel and 69 other persons, for an election to be held in Donley County, Texas, to determine whether or not bonds of said County shall be issued in the total principal sum of \$565,000.00, for the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in aid thereof, in said County, and whether or not ad valorem taxes shall be levied upon all taxable property in said County for the purpose of paying the principal of and interest on said bonds at maturity; and,

IT APPEARING to this Court that said petition is signed by more than fifty (50) qualified resident property tax-paying voters of Donley County, Texas; and,

IT FURTHER APPEARING that the amount of bonds to be issued will not exceed one-fourth of the assessed valuation of the real property of said Donley County, Texas;

IT IS, THEREFORE, CONSIDERED AND ORDERED BY THE COMMISSIONERS' COURT OF DONLEY COUNTY, TEXAS:

1. That, pursuant to the aforesaid petition, an election shall be held in said County on the 28th day of December, 1940, which is not less than thirty (30) days from

the date of this order, to determine whether or not bonds shall be issued on the faith and credit of said County, in the total principal sum of \$565,000.00, for the purpose of the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in aid thereof, in said County, and whether or not ad valorem taxes shall be levied, annually, on all taxable property in said County for the purpose of paying the principal of and interest on said bonds at maturity, under authority of the Constitution and laws of the State of Texas, particularly Section 52, of Article 3, of the Constitution, and Chapter 16, Acts 1926, First Called Session, as amended; such bonds, if issued, will bear interest at a rate not to exceed 5% per annum, and shall mature at such times as may be fixed by the Commissioners' Court of said County, serially, or otherwise, not to exceed twenty-five (25) years from their date.

2. In event said bonds are authorized by the necessary favorable vote of the qualified electors of said County, voting at such election, the proceeds from the sale thereof shall be applied to the construction, maintenance and operation of the following roads in said County, to-wit:

(a) Road running from Hedley East to the Collingsworth County-line; amount of bond money to be expended therefor not to exceed \$140,000.00;

(b) Road running from Gray County-line South through Clarendon to the Hall County-line; amount of bond money to be expended therefor not to exceed \$225,000.00; and,

(c) Road running from Hedley North to the Gray County-line; amount of bond money to be expended therefor not to exceed \$200,000.00.

3. As stipulated in the aforesaid petition, if the proposition for the issuance of the proposed bonds is approved by the necessary vote of the qualified electors of said County, voting at such election, the bonds will be issued and sold and the tax levied in payment thereof when and only when the County receives from the State Highway Commission and the Board of County and District Road Indebtedness definite assurance that the roads hereinabove described will be taken over, acquired or purchased by the State of Texas, and that the principal of and interest on said bonds will be paid out of funds lawfully appropriated or set aside for that purpose by the proper State Agency; provided, however, that nothing herein shall be construed as releasing the Commissioners' Court, or any other county officials, from discharging and performing any and all duties devolved upon them by law in respect of the assessment and collection of the tax to be levied in payment of said bonds, in event the State of Texas should at any time in the future withdraw its aid to the County in payment of the principal of and interest on said bonds.

4. All persons who are legally qualified voters of said Donley County, Texas, who are resident property taxpayers of said County and who have duly rendered their property for taxation, shall be entitled to vote at said election.

5. All voters desiring to support the proposition to issue the bonds shall have written or printed upon their ballots, the words:

"For the Issuance of Bonds and the Levy of Ad Valorem Taxes in Payment Thereof."

And, those opposed to the proposition, shall have written or printed upon their ballots, the words:

"Against the Issuance of Bonds and the Levy of Ad Valorem Taxes in Payment Thereof."

- 6. The polling places and Presiding Officers of said election shall be, respectively, as follows: Goldston, Voting Precinct No. 1, Goldston School House, Sam Dale, Presiding Judge; Clarendon, Voting Precinct No. 2, Clarendon, J. T. Patman Presiding Judge; Lelia Lake, Voting Precinct No. 3, Lelia Lake School House, Willard Knox, Presiding Judge; Giles, Voting Precinct No. 4, Giles School House, A. E. Adams, Presiding Judge; Clarendon, Voting Precinct No. 18, Clarendon, Joe Holland, Presiding Judge; Glenwood, Voting Precinct No. 19, Glenwood School House, Sam Spradlin, Presiding Judge.

7. The County Clerk of Donley County, Texas, is hereby authorized and directed to cause notice of said election to be published once each week for three consecutive weeks, in some newspaper of general circulation that has been continuously and regularly published for more than one year previous to the date of this order, in Donley County, Texas, and, in addition thereto, by posting notices of such election at four public places in Donley County, Texas, one of which shall be at the courthouse door of said County, for three consecutive weeks prior to said election.

8. A copy of this order, signed by the County Judge of Donley County, Texas, and certified to by the County Clerk of said County, shall serve as a proper notice of said election.

The above order having been

read in full, it was moved by Commissioner Reeves and seconded by Commissioner Hermesmeier that the same be passed and adopted. Thereupon, the question being called for, the following members of said Court voted "AYE": Commissioners Hermesmeier, Reeves, Nash and Hall; and the following voted "NO": None.

PASSED AND APPROVED, this the 21st day of November, 1940.

How Winter OIL-PLATING maintains needed lubricant in advance for Safe Quick Starts

Any good timely oil ad tells you the one same truth... your Winter oil ought to flow fast. For it must come groping up from the bottom of your engine, to all inner surfaces—a total area bigger than a windshield, but tough for the oil to reach. The sooner the oil could get there, the more safely you'd start up.

That's what's at stake. And that's why many stop depending on fast flow alone, as they learn that their engines can be OIL-PLATED to lubricate "faster than instantly" at every Winter start. Simply changing to Conoco Germ Processed oil brings your engine OIL-PLATING, which

cannot be late getting started, because it's always PLATED UP where needed, before you even step out of the house.

OIL-PLATING, you see, isn't all draining down during long cold standstills. The extra man-made substance in Germ Processed oil—patented—bonds OIL-PLATING to engine parts lastingly. It stays there. And lubricant couldn't be prompter than that in smoothing the way for precious parts, instead of letting them grind. COTTON PRODUCERS TO VOTE ON COTTON QUOTAS DEC. 7th

County Agent, H. M. Breedlove, announced this morning that on December 7th farmers throughout Donley County and all cotton growing states of the South would go to the polls and vote on cotton marketing quotas for 1941. The polls open at 8:30 a. m. and close at 7:00 p. m.

For each crop year of 1938, 1939 and 1940 cotton marketing quotas were approved by majorities

ranging from 84% to 92% of the farmers voting. Breedlove also stated that each year less producers went to the polls to vote and is urging that on December 7th all producers in the county be sure to vote and express their opinion as to whether they want cotton marketing quotas for 1941 or not. It is important that every producer vote in the coming referendum because your vote is your democratic privilege of expressing your opinion on market-

ing quotas for cotton in 1941. Your vote is also your voice in the farm program.

Breedlove stated that some important things to remember in connection to the referendum on cotton marketing quotas was that if the cotton marketing quotas are voted into effect on December 7 by at least two thirds majority of cotton producers voting, the following four items will be in effect:

1. Producers who plant within their cotton acreage allotment will be eligible for any cotton loans offered.
2. Producers who knowingly over plant their cotton acreage allotment will not be eligible for loans on their cotton except on 1941 cotton in excess of their marketing quotas and then only at 60 percent of the rate for other producers.

3. Producers who plant within their cotton acreage allotments can market without penalty all cotton produced in 1941.
4. Producers who overplant their cotton acreage allotments will pay 3c per pound penalty on cotton marketed in excess of the actual or normal production of their cotton acreage allotments if marketing quotas are in effect in 1941.

It was also pointed out by Breedlove that if cotton marketing quotas are not voted in effect on December 7th, then the following three items will be well to remember:

1. No restrictions will be imposed on the amount of cotton which may be marketed by any producer regardless of the number of acres he plants.
2. No cotton loans will be available on the 1941 crop.
3. Less land will be available for soil building and food and feed crops.

Regardless of whether cotton marketing quotas are voted into effect or not there will be a farm program for 1941. Marketing quota merely places restrictions on the program and to a certain extent make it compulsory for these producers who do not wish

to pay the penalty for over planting allotments.

If cotton marketing quotas are not in effect any producer can plant any amount of cotton that he wishes without penalty, but he will not receive any conservation payment or parity payment in connection with the 1941 program.

It is up to the producer to decide for himself as to whether they want a restriction production of cotton by voting into effect the cotton marketing quotas for 1941 or whether they do not want any control on production of cotton by defeating the cotton marketing quotas on December 7th.

Breedlove urges all cotton farmers to go to the polls to vote and express their opinion on cotton marketing quotas, whether for or against, as the department of agriculture wants to give the farmer what he wants in connection with marketing quotas and this can best be done by getting the expression of all farmers and producers in Donley County. In Donley County you can vote at any of the following boxes, but of course only one vote to the producer.

Midway—School House.
Lela Lake—Lumber Yard.
Whitefish—School House.
Skillet—School House.
Clarendon—Court House.
Goldston—School House.
Ashtola—School House.
Hedley—City Hall.
Windy Valley—School House.
McKnight—School House.
Giles—School House.

Those eligible to vote in the election are those producers who in 1940 produced or had any interest in the production of cotton.

IMPOSTOR!

All true antelopes are confined to the old world. The "antelope" of the North American continent is not a real antelope at all but is the sole representative of a distinct family, antilocapridae. The mountain goat is the most closely related animal in North America to the true antelope.

Scientists at the University of Tennessee have announced development of an unusually high quality plastic which can be produced at relatively small cost from cottonseed hull, which heretofore has been used principally as a feed for livestock.

CAMP FIRE OVEN

When you go to camp, take with you a sheet of heavy galvanized tin about 16 x 16 inches in size. This can be placed over the fire on four stones and used as a stove top for your skillet and coffee pot.

When baking is to be done, have a good bed of coals ready. Place four small flat stones on the tin and set the pan of biscuits, beans or meat on them. The small stones will raise the bottom of the baking pan an inch or so from the galvanized tin, thus preventing the food burning on the bottom. To complete the oven, all that is necessary is to invert a dishpan over the food to hold in the heat.

The galvanized tin can be cut in two pieces and hinges welded on it so that it may be folded and carried in a canvas case.

M&M Firm Will Have Free Show Here Tuesday

Every one of us has at some time or another had the desire to take a trip throughout our great land to view its many places of beauty and interest. But very few of us ever realize our ambition—we either can't afford it or we haven't the time.

Patton and Semrad, your local Minneapolis-Moline Dealers, are now inviting you to take this trip with them free of charge by seeing "This Land of Ours", a free movie production which your MM Dealer is showing at their place of business in Clarendon, located across street from postoffice on Tuesday, Dec. 3, continuous from 1 till 5 p. m.

"THIS LAND OF OURS" takes you through our beautiful national parks, shows you our beautiful mountains, lakes and waterfalls, and takes you to such points of interest as the World's Fair, our largest industrial cities, the great iron mines of Northern Minnesota, and many points of historical interest.

In addition, "THIS LAND OF OURS" gives you an insight into farming methods in all parts of our country and shows Minneapolis-Moline modern tractors and farm machines at work on all types of farms. All scenery in "THIS LAND OF OURS", is in its natural beauty, since the movie is in full natural color. It has sound and musical accompaniment, and a guide explains all points of interest.

This is a show you'll want your whole family to enjoy. It's free to all farmers and interested Clarendon folks. Ask Patton and Semrad, your MM Dealers for complimentary tickets.

F.F.A. boys and 4-H Club boys are especially invited to attend.

VAUGHANS BRAVE STORM TO RETURN HERE

Leaving Denver Sunday, Mr. and Mrs. N. J. Vaughan had a hectic experience in reaching here Tuesday night. They made the trip up to Denver to spend Thanksgiving, the trip taking nine hours. Three days were required on the return trip.

The left front fender of the swell-looking car was somewhat rolled up. When asked about it, Mr. Vaughan stated that he had to dodge a car at a critical place, and only a kindly post kept them from going over a high embankment. "We saw a number of trucks upside down between Raton and Clayton, and a bus with but one end sticking out of the snow drift at Capulin," Mr. Vaughan stated.

They took dinner with relatives in Denver Thanksgiving day and saw the big Colorado University vs. Denver University football game of 3 to 3.

INFANT DAUGHTER DIES

Graveside services were conducted by Rev. Vick Allen of Lelia Lake when the infant daughter, Martha Sue O'Neil, daughter of Mr. and Mrs. Charles O'Neil was buried in Citizens cemetery here Wednesday afternoon at two o'clock. The Buntin mortuary had charge of funeral arrangements.

F.F.A. CHAPTER GETS STATE FAIR AWARD

The local F.F.A. Chapter received a check for \$25 last week from the Dallas Implement and Hardware Association as second place award in the F.F.A. Attendance contest held at the State Fair in October. The award is presented by the Implement and Hardware Association to encourage the attendance of the various F.F.A. chapter members at the cattle judging during the fair.

The award was based upon number and percentage of F.F.A. members, attending the fair. The mileage traveled is considered and was one of the major factors enabling the local chapter to place second in the attendance contest.

Mrs. W. A. SoRelle is visiting relatives in Amarillo.
