### Weatherly Will Manage Local Lumber Yard

Stories are often read of where a local boy makes good in another field of endeavor, but this article has to do with a local boy, now grown to manhood, who makes good at home where he has resided for twenty-four years.

W. T. "Bill" Weatherly, a son of the late Mr. and Mrs. Harry E. Weatherly, who has been employed by the Shamburger lumber interests here, has been advanced to the position of local manager, and an increase in salary.

Mr. Weatherly succeeds Verna E. Lusk, who resigned June 26th to accept a position with the Axtell people in San Angelo.

### Exhibit Will Be Shown Of Sculpture

The Les Beaux Arts club is sponsoring an exhibit of sculpture here July 3 & 4th that may be seen in the display window at the West Texas Utility building.

The workmanship is that of Leonard McMurry of Memphis, Texas, and who graduated from the fine arts department of Washington University in St. Louis in June.

This artist won the foreign traveling scholarship, but will travel and study in the east this summer. He has won a prize each of the four years in college, and one of his carvings won honorable mention in the Prix de Rome exhibit.

### DARDENS MAKE VISIT WITH KIN HERE

Visiting in the Sam Darden home this week are his brother, Mr. and Mrs. George Darden and children, George Jr. and Lois Ann of Dallas. They are on their way to Colorado on vacation. George Darden is a traveling salesman with seven states in his territory.

### Noted Quartet Will Sing At Hedley

The Donley County Singing Convention is sponsoring a program at the Hedley high school the evening of July 7th at 8:30.

The big feature will be the Lone Star quartet, well known over West Texas and the Panhandle.

Those who enjoy the better class of vocal music, will find much to enjoy in this evening's program by the Lone Star people, President Newt Waldron of the Singing association stated.

A small admission charge of fifteen and twenty-five cents will be made to pay expenses, Mr. Waldron stated.

### DOWN FROM DALHART

Mr. and Mrs. Dick Bell and daughter of Dalhart are visiting her parents, Judge and Mrs. A. T. Cole. They will remain here several days to visit relatives and friends and to take in the Fourth.

**HOMER MULKEY** whose friends have dedicated July 4th as "Homer Mulkey Appreciation Day" in memory of him who meant so much to the success of similar occasions in Clarendon. The program will begin at 10:30 a. m., July 4th.

### SCHOOL BUILDINGS DAMAGED BY RAIN

Further damage to flooring and other exposed portions of the College buildings is noted by the rains since the tornado destruction of much of the buildings the morning of June 9th.

The school board and insurance adjusters have not reached an agreement as to the full extent of the damage to date. The session Monday night is expected to last until well after midnight with no agreement reached.

### RELATIVE INJURED IN CAR WRECK

Mr. and Mrs. Bert Smith were in Lubbock Monday at the bedside of his niece, Miss Hazel Dyer, who was injured in a car wreck in which her back and arm were broken.

Miss Dyer, who was in nurse training in a Lubbock sanitarium, is said to be improving and with every evidence of a complete recovery.

## Fourth of July Ranchers' Rodeo Program 2-Days

**July 3rd.**

10:00 a. m.—Band concerts featuring local and visiting bands.  
11:15—Chief Baldwin Parker will present his Indian program in which some 15 Indians will take a part.  
12:00—Eating time. There will be plenty of places to eat or buy food.

1:00 p. m.—Parades featuring Old Glory, Indians, bands and gaily decorated floats representing the principal business firms of the town, rodeo girls and boys of all ages.

2:00 p. m.—Rodeo at Broncho Stadium near College. Local girls sponsor contests.

3:00 p. m.—Rodeo at Stadium. Contests for out of town girls sponsor contests and the children's events.

10:30 p. m.—Free old-time square dance and other "cuttin-ups" of the old days performed on the main street.

**July 4th.**

10:00 a. m.—Band concerts—local and long distance.

10:30 a. m.—Homer Mulkey Appreciation Day program down town.

12:00—Time to eat.

1:00 p. m.—Band parade with rodeo features.

2:00 p. m.—Rodeo and second heat for sponsors contests.

3:00 p. m.—Rodeo and awarding of prizes. Both girl contests come to a 'show-down' with awarding of prizes. Rodeo Queen will be presented.

10:30—Cowboy string band will furnish music for free dancing on street.

### MRS. CLIFFORD HOME

Mrs. W. T. Clifford is again at home after spending several months with her son George Clifford and family in Houston. She also spent some time with her sisters in Ft. Worth.

**NEXT GOVERNOR** of Texas will doubtless be Coke R. Stevenson, past speaker of the House and presiding officer of the Senate as Lt. Governor. He will be the 33rd governor of Texas. He is 53 years old, is a lawyer-rancher near Junction and has lived practically all his life in the ranch country. He is a self-made man having worked his way up from janitor to bank president after being born in a log cabin in Mason county.

### SENATE ORDERS SWEEPING INVESTIGATION

During sessions of the State Senate Wednesday morning in Austin, an order was passed for a sweeping investigation of the recent senatorial election. Fraudulent voting and counting has been alleged.

### COUNTY SCHOOL BOARD WILL MEET SAT.

A call meeting of the County School Board will be held at the office of the county school Superintendent next Saturday, July 5th.

The session will be held beginning at 2 p. m. W. A. Poovey of Ashola is president of the Board.

### ADAIR HOSPITAL NURSING STAFF COMPLIMENTED

Drs. Keith and Laura Lowell and Dr. and Mrs. J. Gordon Stewart entertained the nursing staff of Adair hospital with a steak fry Sunday evening at the Country Club.

Other guests were Dr. and Mrs. Cox of Hedley, Dr. and Mrs. Witt of Groom, and Miss Dorthea Watson.

The Country Club was arranged for them through the courtesy of Dr. Witt. Every one 'limbered up' with a game of soft ball, then enjoyed the steak supper.

The nursing staff now consists of Emily Arnold, Mary Daniels, Mamie Hall, Roxie Casey, Darlene Salmon, Martha Bain and Helen Horton.

### SCHOOL TRANSFER DEADLINE NEAR

Supt. Ruth M. Richerson calls attention to the fact that school transfers from one district to another must be made before August 1st. Parents or guardians should attend to the matter at once to avoid extra expense which would naturally follow should the transfer not be made before the above date.

### THANK YOU, FOLKS!

The management and force working on your Donley County Leader wishes to thank each and every one for their kindly cooperation in permitting us to get the Leader out on Wednesday.

Especially do we thank the advertisers for their fine spirit and friendliness in helping us see that we all are free to celebrate the big celebration here both days—Thursday and Friday.

### Vera Noland Is Voted Rodeo Queen Here

With Walter B. "Buddy" Knorpp master of ceremonies, the formal ceremonies of opening the Ranchers Rodeo here Tuesday night was what would be termed a howling success.

The biggest event was in the selection of a "Rodeo Queen" in which there was keen competition. Miss Vera Noland, daughter of Mr. and Mrs. E. H. Noland was awarded the honors, and will be crowned at the close of the rodeo the night of the Fourth. She will receive a genuine John B. hat of the type and quality closely interwoven in ranch history of the old west.

The affair was held in the City Park where a floor show was featured.

An Estelline group put on a square dance exhibition of extreme skill. Two darbies "jitterbugged."

Mrs. Dick Shelton sang a number of western songs accompanied by the orchestra in which she made a tumultuous hit with her big crowd.

The 'setting' was decorated with red, white and blue bunting where hundreds of local citizens were joined by crowds from Memphis, Claude and other points in opening the first event of the two-day celebration of the Ranchers Rodeo and July 4th celebration.

### 34 Register Tuesday

Due to the fact that a number of youths are in school, and others working outside the county, the registration was light Tuesday. Of the thirty-four to register for army service, two are colored.

The names: John V. Bible, Carl Stephan Dilli, Fincher Shelton Sharp, J. C. Madlock, T. L. Grays (Col.), Allen Russell Hardin, O. C. Prince (Col.), Lawrence Audrey Watson, Troy Stanton, Walter Bill Wiggins, Thomas Lawrence Heckman, Joe Charles Spradlin, J. C. Hickerson, Boyd Martin Allison, Lloyd P. Hahn, William Eugene Goodman, Charles Winston Wood;

And William Lamar Stewart, Jack Lamberson, Milton Eugene Foster, Newell Samuel Jacobs, James Troy Rampy, James Beaty Hillman, Warren Hardin, Wesley Arthur Powell, Louis Curtis Brnkley, Fred Akers Watt, Pat Slaviv, J. T. Roberts, Hershel Heath, Cecil Cowles Morris, Happy Patrick Chapman, Brownfield, Texas; Roy Thomas Stanton, Silvertown, Texas; Leland Palmer, Mineral Wells, Texas.

### FORMER RESIDENT TO VISIT HERE

Many years ago, or soon after the turn of the century, the Williams Bros. mercantile firm here was well known. Members of the firm were Henry and A. J. Williams, the first named still being a resident.

In 1915 the firm sold out and Mr. and Mrs. A. J. Williams moved away. Mrs. Williams is coming from her home in Vevay, Indiana to spend the Fourth here, and will remain several days visiting relatives and the friends of several years ago.

### RELATIVE DIES AT DUNDEE

Henry Williams and Mrs. Chester Williams were in Dundee Saturday for the funeral service of Hardin Williams, a nephew of Henry Williams.

### GARLAND EMPLOYED BY AUTO DEALERS

In charge of the office at Patton & Semrad is Webb Garland, recent graduate of West Texas College and a Donley county product well and favorably known to a large number in this section.

The firm is distributor for the Studebaker auto and M&M tractors, being one of the leading firms in that line in Clarendon's trade territory.

### That Fighting Face

**CHAMPION OF VOTE** getters in all Texas history, Gov. W. Lee O'Daniel wins the senate race over twenty-four contestants. His

majority over his closest competitor is 1,095 votes. He will become Texas' junior senator after July 14th.

### Singers To Meet At Hudgins Next Sunday

President Newt Waldron of the Donley County Singing Convention announces an all-day session at the Hudgins school the first Sunday in July, which is next Sunday, July 6th.

The Convention is held only three times a year. Large crowds are in attendance on these sessions that continue all day. Many from New Mexico, Amarillo and adjacent counties are attracted by the full day of enjoyable vocal music.

This session will begin at 10 a. m. sharp. To enjoy the program in the fullest, be there at that hour, Mr. Waldron suggests.

In addition to the regular singing, groups, individuals and special quartet singing will be heard. Above all, don't fail to bring your lunch. Bring enough to share with visitors from a distance. This is the custom on all occasions.

### MELVANY INSTALLS POWER WASHER

The first of the type brought to Clarendon, the power washer at Melvany tire store and service station is said to thoroughly clean all the working parts and portions of the car underneath on a wash job. The upper portions of the car is cleaned readily without injury to the paint finish. Motors are cleaned in a few minutes to look like new. The firm's advertisement appears in your Donley County Leader, this issue. Read it for full information.

### Crowd Began Gathering In Clarendon Wednesday

Yes sir, the crowd began coming in a day ahead of the two-day celebration with the arrival of the carnival group and the Indians. Early in the morning one could see strange faces of typical westerners. They came early to "get located" for the entire show period.

A lot of rodeo material is on hand. Fine stock to test the mettle of both rider and roper. The ranch boys are really going to put on a show from all indications.

The Leader is being printed a day early to get in on the first thing that starts. The news matter relative to the celebration is being picked up this Wednesday, and there is plenty of it.

The floats are ready. The bands

### Lake McClellan To Celebrate The Fourth

There will be the biggest celebration yet over at the Lake north of Jericho the Fourth, Bert A. Howell informs your Donley County Leader.

Motor boat races, sail boat races, water ski races, surf board races which includes about all the races in that category, will be on tap all day.

The beach attraction will consist of swimming races, diving contests and last but not least, the bathing beauty contest.

Dancing will be a big feature with choice music of the latest hits.

Mr. Howell says they have plenty of shade trees and seats in the park for picnic parties. Those who like the water, will find plenty of amusement at Lake McClellan.

After you see the main show here, you will still have time to see it over there at Clarendon's nearest lake shore attraction.

### DRAFT OFFICE WILL BE REST ROOM

Mothers with their little folks will want a place to sit down July 3-4 after they have roamed the streets a bit. Geo. A. Ryan, secretary of the draft board, announced Wednesday that ice water and seats would be provided in the office of the draft office, third door north of the Pastime, for the convenience of the mothers and children.

### Forks Of Creek Decide Issue

With twenty-four men in the race for the Senate to succeed the late Morris Sheppard, four men stood out in the first vote count a few hours after the close of the polls Saturday.

These four men were Johnson, O'Daniel, Mann and Dies with standing in the order named. Tabulations by the Texas Election Bureau through Sunday and Monday continued to show Johnson in the lead, but with a lesser chance of victory as the votes were reported from outlying districts. By noon Monday, Johnson's

### O'Daniel Leads

Donley county cast her lot along with thirty-two other northwest Texas counties in giving Gov. O'Daniel a majority. The vote was tabulated by the county commissioners Tuesday.

Results of this official count shows the following votes received: Gov. W. Lee O'Daniel 375; Gerald C. Mann 265; Lyndon Johnson 211; Martin Dies 52; Sam Morris 7; Elvins, the only republican candidate, received one vote.

In conformity with the custom through the years, the election went off quietly Saturday. There was little or no persuasion used to change any one's mind. Each voter had long before made up his or her mind and simply voted.

lead over O'Daniel of a few thousand had dwindled from 5,152 to 701 votes. With the count completed in 117 counties, and careful estimates of the remaining 254 counties gave Johnson a lead of 301 votes.

Announcement at 4 p. m. Tuesday showed O'Daniel leading by 381 and a final tabulation late Tuesday night showed the "forks of the creek" had put the Governor over with a margin of 1,095 votes.

The count Wednesday morning: O'Daniel 175,368; Johnson 174,273; Mann 140,853; Dies 80,601.

The official canvass of the vote by the state election board composed of the governor, attorney general and secretary of state will be on July 14th.

The nip and tuck race between Congressman Lyndon Johnson and Governor O'Daniel for the United States Senate recalls the closest race for a major office in the history of Texas.

It was the gubernatorial contest of 80 years ago, which Frank R. Lubbock won by a plurality of 124 votes out of 43,580 votes cast.

It was a three-cornered contest between Governor Edward Clark, seeking re-election; Lubbock and Thomas Jefferson Chambers. Lubbock's vote was 21,854. Clark's 21,730, and Chambers' 13,799.

As in the present senatorial race, a majority was not required, the high man winning.

O'Daniel, twice elected governor of Texas without any political background except a hillbilly band and a pleasing radio appeal, won in the first primary in each instance. This was an innovation in Texas.

Upon the death of Morris Sheppard, Gov. O'Daniel appointed Andrew Jackson Houston, 87, son of Sam Houston, hero of the battle of San Jacinto. He made the appointment on Independence Day. Houston died in a Baltimore hospital after serving in the U. S. Senate 24 days.

Lt. governor Coke R. Stevenson will automatically become governor when Gov. O'Daniel resigns, which will be at the completion of the official canvass of the vote July 14th.

### GUESTS OF MILLERS

Guests of Mr. and Mrs. James H. Miller are her sisters, Mrs. Lenode Goldston and children, Billie Mae and Arthur Jack of Houston, and Mrs. Leonard Parker and children, Marian and LeRoy of Wichita Falls.

### MOTHER DIES FRIDAY AT HAMLIN

Mr. and Mrs. H. B. Kerbow and Mrs. Paul Smithy attended the funeral service of Mrs. Kerbow's mother at Hamlin, Texas Saturday. Mrs. Kerbow remained there with relatives. Mr. Kerbow and Mrs. Smithy returned home Sunday.

#### THE IMMORTAL LINCOLN

While musing through the "Life of Lincoln" recently, I came across an apt expression of that great man which seems to fit aptly into the picture and scheme of present-day affairs. Here is Lincoln's tribute to America: "All the armies of Europe, Asia and Africa combined, with all the treasure of the earth—our own excepted—in their military chest, with a Bonaparte for a commander, could not by force take a drink from the Ohio or make a track on the Blue Ridge in a trial of a thousand years. . . . At what point, then, is the danger to be expected? I answer, if it ever reaches us, it must spring up among us. It cannot come from abroad. If destruction be our lot, we must ourselves be its author and finisher."

May National Unity be our slogan. May we so conduct our affairs as to instill into the minds of each succeeding generation the love of home and country, and the desire for personal possession and the opportunity to grant that desire.

#### CLARENDON CHRONICLE

W. P. BLAKE, Publisher

(36 years ago in Donley county) W. T. Youree of Bray purchased supplies here Wed.

John J. Alexander is again clerking for Dailey & Kerbow. Homer Powell was called to Austin as a witness in an oil case last week.

W. H. Griggs, the fruit tree man, is doing a good business. A lot of new orchards will be set out this fall.

Mrs. J. D. Jeffries and daughter, Miss Hazel, returned home Wednesday after a pleasant stay in Mineral Wells and Galveston.

H. C. Kerbow of Stamford who came here last week, bought the Bond Johnson home and an in-

terest in the Dailey hardware business.

The marriage of Mrs. Annie Martin and A. W. Hatchett was performed by Rev. Burkhead instead of Elder Dubbs as stated last week.

Miss Nellie Parsons is visiting relatives in Weatherford.

J. E. King, last year's college student, has charge of the Childress baseball club this season.

Mrs. M. E. Harrington and daughter, Lula, came up from Childress Friday night to spend a few days here.

##### RADIOCLAST EXAMINATIONS

##### A Radio Diagnosis of Disease

If you have some unknown cause for suffering and would like to know what the trouble really is, come and take the Radioclast Examination. It registers the slightest mal-condition in the body. Not only does it give the existing condition, but also, registers the organs of the body that are affected.

Some of the more common conditions related to us through the Radioclast Diagnosing Instrument are: Vitality of the body, General Poison, Congestion, Tissue Destruction, Bacterial Toxins and Pus, Cancer Toxins, Streptococcus, Catarrhal Toxins, Influenza Toxins, T. B. Toxins or Active, Uric acid, Goutte Toxins, Fibrous Tissue, Appendicitis, Necrosis, Ulceration, Asthma, Aluminum Toxins, Tumor, Protoplasm, Stones in the system, Nerve pressure, and many others not mentioned above.

The Radioclast, not only is a diagnosing instrument, but also a treating unit. It has a number of electrical currents for the different diseases such as Short Wave, Ultra Short Wave, Long Wave, Galvanism, Sinusoidal, Interrupted Short Wave and Long Wave, and Radionics.

The food you eat can also be tested as to whether it will do you harm, raise your vitality or lower your vitality. Come in and let us see how your condition compares to the normal.

#### NURSED DOE BACK TO HEALTH

Because Mr. Haul Johnson of Uvalde took the trouble to bring home and treat a yearling doe he found in the woods near the close of the last hunting season there is one more deer in Texas today.

The doe was down, sick and blind in both eyes when Mr. Johnson found it. He took the deer to town and upon closer examination found that the doe's ears were packed with ticks. Mr. Johnson removed them. For six weeks the deer could not get to its feet. However, after two months it began to show improvement. Now the deer has completely recovered its health and its sight, as well.

#### DEER NOT VERY CHUMMY

Deer liberated on the Wardlaw restoration area of the Texas Game Department in Tom Green and Irion counties can hardly be called sociable, according to reports to the Austin office by game managers. The new deer seem to prefer their own company to that of the deer upon the area previous to their arrival, there being no evidence of the two groups associating in any way.

**THE TEMPLE OF TRUTH**  
By the Apostle

**MECHANICAL.**  
I know a young fellow who would rather have a miss in the car than two in the motor.

**GEOGRAPHICAL.**  
Many a romance begun beside a splashing waterfall at a summer resort has ended beside a leaky faucet in a kitchen sink.

**WAR STORIES.**  
An American applied at a Canadian recruiting office to enlist. He was a long way from home, but still had that old hillbilly brand of honesty. "I suppose you want a commission," said the officer. "Not me," was the reply. "I'm such a poor shot that I'd rather work on a straight salary."

**FAMILY STUFF.**  
I know a woman who is telling the public that her husband can't keep her in clothing. Her husband says he bought her home and can't keep her in that either.

**COMPETITION.**  
The boys are conscripted by Uncle Sam to bear arms. The girls are conscripted by Dame Fashion to bare legs.

**NOTORIETY.**  
There might have been "a message to Garcia." The world may be in a turmoil filled with anxiety, but the simple little message that carries volumes of consideration is couched in these five words: "What will the neighbors say?"

**ROAMIN' ROUND.**  
Down in central Texas last week while the boys did the hard work, I stopped for breakfast at a nifty "all-out" filling station where the highways forked about a mile north of Mason. James J. Ray, about the most courteous fellow one could meet, operates the station. He has a rustic building of native flag stone. A real swell place to eat. He sells gas and while I ate, he fixed a tire. Worker? Sure! That young man is the liveliest wire in central Texas and the most deserving. I knew he wasn't a native from the time I first saw him get around and put out the willingness to cooperate. When you want real service, stop with Jimmy. An "all-out" station is where they feed

and fill at the same time. His prices are most reasonable.  
**SUGGESTION.**  
The celebration period is right ahead. More than fifty people in Texas must die Friday if the average is maintained. In addition to that, 370 will be injured, over half of them by fireworks. Later, 13 will die from lockjaw and burns if the yearly average is maintained. And while you are driving around there is another thing to remember: The worst diet in the world is a pickled driver in a traffic jam!

**HUDGINS**  
Mrs. S. M. Harp

### A WEEK WITH CHRISTIAN CHURCH CONFERENCE IN CETA GLEN

For the past 15 years the young people (15-23) of the Christian Churches in the Panhandle have been meeting a week in June in the Ceta Glen Canyon some 15 miles from Happy, Texas. The gathering this year was held June 23rd to 29th.

More than 120 young people and faculty members gathered in one of the best planned and arranged Conferences ever held. The Christian Church has effected the finest Conference and have pioneered the Conference from the beginning. This year more than 15000 young people attended a Christian Church Conference. The curriculum is on a four year basis and each student is classified according to college rating. Courses are offered in every department of church leadership and truly the young people who attend Conference are the best prepared for leadership tomorrow. This year 10 graduated and 5 young people accepted the challenge to become missionaries at Ceta Glen Conference.

There is time for every form of recreation and amusement. The young people are given an opportunity to display and use their own talent. Each evening closes with a vesper service on the hillside and friendship circle brings the day to a close after an hour of social life.

The Canyon is perhaps more beautiful this year than ever before. Nature has given her coat of green which furnishes a setting for the heavenly choir of birds that are so plentiful this year in the canyon.

Those who attended the Conference from the local Christian Church were True Barbee and G. D. Shelley. Rev. C. E. Harvey was in attendance during the week as one of the Directors of the Conference.

Mr. and Mrs. L. L. Wood and Arlie Wood visited Mr. and Mrs. Lewis Wood and their grandson, Aubrey Wayne in Amarillo Monday.

Mrs. Walter Lowe visited in Amarillo Monday.

## "GETTING ALONG TOGETHER"

A fine crowd of young people and also older ones were present last Sunday night to hear the sermon on "Look Before You Leap." In this sermon the pastor denounced hasty marriages and said that with the adverse forces operating against the home to-day, it behooves the young people to be certain they have found one who will be capable of enduring the misfortunes of life with them as well as the joys of life.

"Getting Along Together" will be the fifth in the special series and the first of the four sermons dealing with the wedding day and after.

It is not a disgrace to have trouble with marriage, but it is usually fatal to act disgracefully about it and this sermon will go to the heart of this problem.

Illustrations and examples will be given which will reveal how one of the world's finest arts can be practiced, that of getting along together. Be on hand this Sunday night at 8:15. Everyone is made welcome.

Donley Co. Leader, \$1.50 a year.

**Fruit Values In Daily Meals**

**COLLEGE STATION.**—It is easier to have variety and interest in fruits for breakfast than in breads, or in bacon and eggs, according to Jennie Camp, extension specialist in home production planning.

Speaking on the fruit day program at the Nacogdoches Experiment Station recently she showed that it is as easy for a housewife to use fruits at each meal as it is to use bacon and eggs, meat and bread, or milk and mush, provided she makes them as much a part of meal planning as she does those staple items.

"Let's build a breakfast around hot biscuits, scrambled eggs, or bacon and eggs, proposes Miss Camp. "With them we might serve dried figs or peaches in yellow corn meal mush with cream and sugar." As alternates she suggests raisins with oatmeal, or tomato juice, or fresh tomatoes, or cantaloupe, or red plums with dew still clinging, or fresh peaches, or cherries, or berries steeped in sugar.

However, Miss Camp does not let fruit-on-the-menu stop at breakfast. Starting with beef roast for dinner, she suggests hot spiced figs side by side with buttered onions, potatoes baked in the roast gravy, glazed carrots, yellow cornmeal muffins and milk, with an appetizing dessert of peaches and cream. With pork she recommends pickled peaches as an accompaniment and cantaloupe for dessert. A tart mixture of fruit juices is a good appetizer for leg o' lamb, and canned pears with plain cookies makes a good dessert. Grape juice is a good starter for a fish dinner and baked berry crescents is a good stopper. Boiled or baked beans as the main dish calls for hot apple dumplings with cinnamon sauce.

Hot applesauce with cinnamon and sugar makes a tasty end to a substantial supper, and mixed fruit salad to a light one.

Miss Camp defines the fruit-at-every-meal program "Fruits for defense." Besides minerals, vitamins and other food substances, fruits give color, variety, zest, flavor and attractiveness. Miss Camp declares, "They are good before, after and at every meal 365 days in the year in native or elaborate state, alone or in combination, cold, hot or medium."

**Wonderland of Rocks**

Down in Southern Arizona, just a few miles north of the Mexican border, lies Arizona's Wonderland of Rocks. This area, the Chiricahua National Monument, lies near U. S. Highway 80 and presents an astounding picture of rugged, jagged pinnacles of mighty columns and towering pinnacles. Grotesque and beautiful, these rocks in mass are awe-inspiring. This bristling garden of Rocks was a hideout for the Apache Indians in the Chiricahua mountains. The Indians term this region "Say Yahdesut," meaning literally, "point or rocks."

Mrs. Genoa Doshier returned home Monday after spending several days with relatives in Amarillo.

Charley Gilbert of Springer, N. M. visited his parents, Mr. and Mrs. C. C. Gilbert here Thursday.

Mrs. C. C. Gilbert spent the week end in Amarillo with her sister, Mrs. W. O'Neal.

Mr. and Mrs. Clyde Gilbert and daughters, Clynell and Billie Lou, spent the week end with their daughter and sister, Miss Hazel Gilbert, in Lubbock.

**TEXAS MUST AID IN CONTROL OF FIFTH COLUMN ENEMY**

**AUSTIN, June 30.**—A crisis is something Hitler likes to stir up, and Texas is going to have one next month.

As was the case in France and the Lowlands countries, where a panic-stricken people created a traffic jam which prevented defending troops from getting at the enemy, State Police director Homer Garrison, Jr., today expressed the fear that traffic in Texas during July may hamper internal defense efforts of law enforcement officers.

"Local, state and federal officers all have their hands full in waging a war against the underground armies which are attacking this nation," Garrison said.

"Under the direction of J. Edgar Hoover and the FBI, Texas officers of every jurisdiction have rallied to the President's call for unity in law enforcement. The officers in Texas today are working together as they never have worked before. And it is well that we should, for this war we are fighting becomes more crucial as each day brings German-American relations nearer the point of utter collapse.

"Our handful of Texas Rangers can not begin to handle the enormous volume of fifth column investigations, and for months the Highway Patrol has been quietly helping out with this work. The

**Mooney Falls**

Almost perhaps the most inaccessible one of the most beautiful and entrancing spots in all Arizona is Havasu Canyon, 45 miles west of Grand Canyon village in Northern Arizona. Reached only over winding and at times precipitous horseback trails from this canyon home of the Havasupai Indians is surrounded by towering cliffs nearly 2000 feet in height. Here all administrative activities of the Indian tribe are conducted. Below the Indian agency are three huge waterfalls, Bridal Veil, Navajo and Mooney which is pictured above. Travelers may enter via Grand Canyon or over a new commercial stage route directly north from Ash-Tork on U. S. Highway 66.

Patrol has become virtually an organization of shock troops, concentrating its efforts upon these investigations, and the control of traffic in the vicinities of military establishments and along the principal arteries of the state. There is a limit to the work a man can do, and these men cannot be called upon for more than the 12 to 18 hours a day they are working. They cannot be in two places at one time.

"With our forces in such a state of overtaxation, we now face the prospect in July of the greatest traffic jam in Texas history.

Because people are working and have money to spend; because foreign travel has been limited; because traffic volume has been increased tremendously by defense works and the presence in Texas of 12 per cent of the nation's armed forces, and because normal vacation travel will be greatly augmented by folks coming from everywhere to visit trainees, there's likely to be a wave of prosperity for the undertakers, hospitals and auto repair shops.

"The preservation of our American security demands that law enforcement efforts not be diverted from this defense job. Yet, on the other hand, neither can we stand by and see our people needlessly slaughtered in traffic.

"It may sound trite to declare that every Texan has a patriotic duty to help with the solution of this problem, but that is exactly what I am doing. We who are charged with these responsibilities realize all too clearly their profound significance, and we realize equally as well that we alone cannot discharge them adequately.

"No real Texan would deliberately subvert our efforts to combat the fifth columnist or weaken our defenses by contributing to the death or injury of any soldier, defense worker, or civilian. And these things will not be done deliberately, but carelessly, by show-offs and willy-nillys and good, solid, substantial citizens who just don't realize the part they are playing in the world's second greatest drama.

This individual responsibility must be brought home to all our people. I appeal to all Texans—and especially the press, radio

and clergy—to help us with this gigantic problem."

Mr. and Mrs. Morris Finch of Dallas spent Sunday with his grand mother Mrs. Henry Wood. They were accompanied home by Miss Edna Wood.

Mrs. Bell of Lubbock left Saturday after an extended visit here in the home of her brother, Mr. and Mrs. McCauley and her daughter Mr. and Mrs. Simmons of Windy Valley.

Mr. and Mrs. John McCauley of Amarillo returned Friday after spending part of their vacation here with their parents.

Miss Jophine Espy returned last of week from a visit with friends near San Antonio.

Mr. and Mrs. Dick Green of Dalhart came Friday for a few days visit with her Aunt Mrs. Kate Johnson.

Mr. and Mrs. R. O. Espy and daughter Jophine shopped in Amarillo Friday.

Mr. and Mrs. Sam Tomlinson and Don Tomlinson drove to Monday to attend the burial of an Uncle of Mrs. Tomlinson on Sunday.

Mrs. Power of Estelline came Friday for the shower and quilting Friday in the home of Mrs. D. M. Cook, honoring Mr. and Mrs. H. R. King Jr.

Rev. H. W. Hitt and family of Tell have recently moved here having been called as pastor of the First Baptist church.

Mrs. John McCauley of Amarillo and Mrs. Joe Johnston entertained with a luncheon last Monday. Those to enjoy the day were Mesdames Leo Smith, Melba Kyle and Misses Anita Cook, Alberta Smith, Fern Martin, Betty Jo Aten and Margaret Jean Leathers. Mrs. E. R. Myers accompanied by Mrs. Alvin Landers of Clarendon, Mrs. Alvin Mace, Mrs. Ivy Williams, Mrs. C. L. Lewis, Mrs. Luther Butler and Mrs. Elmer Kennedy were luncheon guests of Mrs. Roberts, Mrs. Grounds and Mrs. Morton of Amarillo.

When beets and carrots in the family vegetable garden are thinned there may be a good supply of young tender vegetables. These can be put whole into cans or jars and processed for winter use.

**SIDE GLANCES ON TEXAS HISTORY**

By Charles O. Hucker

**More About Bean: He Gets Revenge**

After years of solitary confinement in a dungeon cell, in what condition does a man come again into the light of day?

Read Alexander Dumas and his fellow romanticists and you will find a withered, long-bearded, white-haired creature with bleak staring eyes, returned to life like a corpse from a grave. But pick up the great true saga of Ellis P. Bean—one of the most dramatic stories to be found among the multitudes in the Texas Collection of the University of Texas Library—and you'll find a different picture.

The stirring story of young Bean, who was a Spanish prisoner in Mexico for eleven years and locked in solitary confinement for almost two and half of them, was begun in this column last week, following a brief survey of the history of Philip Nolan's filibustering expedition into Texas of 1800, which is its logical introduction. It is a story of battle, capture, imprisonment, escape, recapture, hope and disillusionment—and as wondrous a story as has ever been proved true.

**How He Came Back**

Eventually, however, there came release—and just at the right moment. Thoroughly exasperated by Bean's unquenchability, the governor of Acapulco castle, where he had undergone twenty-eight months of solitary confinement with double irons on his arms, asked the viceroy of Mexico please to transfer the troublesome American elsewhere as speedily as possible; and it was decided he should be sent to the East Indies—to a place called Manilla. But before he could be shipped away the Mexican Revolution broke out and he was offered freedom if he would fight in the Spanish army, which he readily consented to do.

Thus Bean finally came forth out of his living tomb. And the remainder of his story is the most remarkable part of it. For here was no withered weakling. Rather here was a man strong in body and spirit, a man bursting with the stored-up energy of years and an unshrinking indignation against his Spanish oppressors.

Weak? He was a holy terror. The agreement was, as stated, that Bean should join the Royalist army in its fight against the uprising Republicans, and he did. But he had no real intention of fighting against his companions in oppression. Instead, before many days had passed he made Republicans of seventy men in his company; and they one night took command of the artillery and almost without firing a shot gathered 526 prisoners, 400 of whom the net day marched off with Bean to align themselves with the nearest Republican force. His Hopes Fulfilled

During the years that followed Bean was a mighty thorn in the Royalist side. Twice in rapid succession he and his men annihilated Spanish armies, in the latter battle seriously wounding his old acquaintance, the governor of Acapulco. Then—spurning an offer of ten thousand dollars and a colonel's commission if he would return to the Royalists—he went on to take the fortified castle itself.

Thereafter, except for a short time in 1814 when he returned to the United States just in time to participate with his old friends Andrew Jackson and Jean Lafitte

**GARDEN GLANCES**

"America beautiful lies in the hands of the gardeners."

In spite of the storms, wind and destructive rains there are still many yards that are pleasant to look upon.

Petunias in many hues beautify the yards of Lonnie Hahn, S. C. Bell and the Shamburger Lumber company.

Dahlias are beginning to grace the yards of the growers. There are several very pretty ones in the front yards of Basil Kirtley, Tom Goldston and W. B. Sims.

If you are interested in lawns pass by and note the lawns and shrubs of the Kelly Chamberlains or the Dr. Evans or Ode Caraway homes. Each of these is an asset to the beautification of the town.

In the battle of New Orleans against the British, Bean devoted his life to the Republic. And with its permanent establishment in 1821 he was honored for his service with a high-ranking place in its army. His revenge was complete.

The Gilmer Ayers home is very attractive with its zinnias of many colors on one side and the bright red cannas on the other side.

If you have nothing beautiful in your yard, look around—your neighbor may have something that will interest you, and cause you to take a greater interest in your own surroundings.

**MIDWAY**

At the Midway voting box, precinct 12, there were nine votes cast. Seven of which were for Lyndon Johnston.

Charles Stidham of Ft. Smith, Ark. arrived here Saturday to spend the summer with his grand parents, the W. K. Davis'.

The hard wind and rain here Saturday did quite a bit of damage to crops. Some planting-over will have to be done.

The Hefners are selling a lot of nice fruit from their orchard at this time.

The telephone lines being

blown down in the hard wind Saturday, we are unable to collect much news this week.

Mr. Norman Sheppard of Los Angeles, Calif. is to arrive today, and will remain over to see "A Texas Fourth." Mrs. Sheppard who has spent the past two months with her parents, Mr. and Mrs. W. K. Davis will return home with her husband.

Mr. and Mrs. Louis Davis of California will also arrive soon for a visit.

Mr. and Mrs. Junior Spier of Spur visited with Mr. and Mrs. Bob Williams during the past week. Miss Thelma Gene Williams returned home with them for a visit.

Jaunelle Stevenson returned Saturday from Ceta Canyon, where she attended a meeting of the church.

Johnny Chamberlain of Memphis spent Thursday and Friday with his Goldston grandparents. Freddy Goldston of McLean is spending this week with them.

At the present rate of production, American factories in 1941 will turn out more than 450,000,000 pairs of shoes, breaking all records for production for any country.

**ALLIGATOR IN WEST TEXAS**

Alligators are common enough in Eastern Texas near the Louisiana line and there are some in a few lakes on the coastal plains, but for one to be reported several consecutive years in Western Texas is unusual. The alligator, six or seven feet in length, inhabits Pecan Bayou near Brownwood. The latest group of persons reporting having seen it is composed of R. H. Adams, H. H. Crook, George E. Broughton and Dowling Adams, according to the Brownwood Bulletin.

Cheese and eggs dishes can be substituted for meat two or three times a week.

**Earn Miss Ledbetter's Praise in Winning Letter**

(The following letter accompanied Miss Ledbetter's "Old Bill" entry)

"Many wonderful improvements have been made since 1904. Then we had lights only, costing five dollars monthly in advance. We used about ten kilowatt-hours, a rate about ten times as high as today.

"The West Texas Utilities since has become one of the finest institutions any town can have. They give the best of service. They've lowered the rate until today electricity is a small item compared to other living costs.

"They're worthwhile, essential citizens and taxpayers—taxes helpful in operating our city government, schools, and in maintaining streets and highways and for their individual support of churches and every worthwhile civic undertaking."

To learn the value of modern-day, improved Electric Service, ask those who remember when electric lights first came into usage. Miss Ledbetter's home was the second in Quanah to be wired. She recalls that "The plant was very small and when we had a thunder storm, the lights went out and we used our coal-oil lamp which was always kept handy for these occasions." Electric bulbs were of 16 candle-power size. The Ledbetter home had ceiling drops with two of these tiny bulbs to the room. The cost of \$5 monthly for lights alone compares to today's average cost of less than 10c a day in a majority of homes which also have irons, sweepers, radios, refrigerators, and other time- and labor-saving appliances.

**GAS DEFENSE TAUGHT AT CAMP WALLACE**

Working day and night to turn out a streamlined, perfectly-trained army for the defense of America, Camp Wallace near Houston has just graduated its first class of 3,800 boys for coast artillery anti-aircraft work.

The first contingent of these graduates—1,439 in all—will form the 79th Coast Artillery, anti-aircraft, with stations at Fort Bliss near El Paso. The other graduates will be scattered over the nation for replacements and new regiments where needed.

Uncle Sam is concerned lest he find he has trained square pegs for round holes, so particular attention is paid to the draftee's innate abilities and interests.

When the draftee goes to the induction center he fills out a blank showing his special aptitudes and hobbies, his likes and dislikes. Army experts then decide which branch of the service he would like best—and in which he can render the best service.

And after assignment, the draftee is constantly watched for the developments of new aptitudes, and if, down the road, the officers find that he should be in another kind of work, he is transferred.

The training camp at Camp Wallace has many phases. Height-finding, observation, meteorology, spotting and locating airplanes, motor transportation, radio and communications, and gas defense are a few of the aspects of the training. Tied in with the gas defense is intensive training in chemical warfare.

The training program resembles a college in many respects. Classes are given, with expert instructors, to teach men to have a working knowledge of all phases of coast artillery work.

The gas mask work has attracted much attention at the camp. The men, when they graduate, not only know how to use a gas mask, but they have had actual experience in using it. He is subject to surprise attacks of tear gas at all times, and the soldier is taught how to adjust, put on the

**Electric Lights In Pioneer Times**

Miss Mary Ledbetter, of Quanah, submitted the winning entry in the "Old Bill" contest conducted by the West Texas Utilities, according to Chas. Lowry, WTU local manager, who said the \$50 first prize was won on an entry dated in December, 1904.

Prizes of \$5 each go to the following for the ten next oldest bills entered in the regional contest:

E. I. Jackson, San Angelo, for bill dated October, 1906; Mrs. Wiley James, Baird, September, 1908; Mrs. B. F. Denny, Memphis, January, 1909; Mrs. W. C. Dickey, Memphis, March, 1909; Mrs. Dallas Scarborough, Abilene, September, 1909; Mrs. Frank Easley, Quanah, January, 1910; Mrs. A. V. Smith, Abilene, February, 1911; Mrs. L. E. McCurdy, Vernon, April, 1911; Mrs. Fred Williams, San Angelo, June, 1912; and D. M. West, Miles, February, 1913.

Miss Ledbetter's entry, rendered to her father, a pioneer of Quanah, whose house was second to be wired for lighting in the town, shows that he paid a flat rate of \$5 monthly—"payable in advance." It covered lights only and she recalls that they were on only a few hours each evening. Miss Ledbetter also remembers that:

"The plant was a very small affair and when we had a thunder storm the light went out and we used a coaloil lamp which was kept ready for these occasions."

"We want to thank every one who sent in old bills," Lowry said.

"The information they contain and the letters telling about service in those days will be very valuable in collecting historical facts about the development of the electric industry in this West Texas country."

All bills, he said, will be returned as soon as possible.

mask and proceed with his fighting.

He also learns how to detect various forms of gas, identifying each. A chamber full of tear gas is used to accustom the men to putting on the masks.

**Loyalty Wins WTU Lineman National Valor Award**

Lineman J. B. Handley of Childress shows how ordinary fence wire was used for climbing hooks in emergency that won national honors.

Loyalty to his job today is worth \$150 in unexpected cash to J. B. Handley, lineman for the West Texas Utilities at Childress, who thus capitalized on the "big blizzard" of February 15-17, 1940.

Handley was selected for the Claud L. Matthews Valor Award of 1940 at the annual convention of the Edison Electric Institute in Buffalo—an award made each year for the outstanding performance of valor in the United States electric industry. A check for \$150 and a handsome scroll, commemorating his restoration of lights and power on the Quitaque-Turkey electric line during a severe wind and snow storm, were presented to him at the quarterly safety meeting in Childress.

Nominated for the honor by WTU officers and fellow workmen, Handley, according to the citation, "on his own initiative and at great personal risk patrolled 10 miles of transmission lines, improvised means for climbing ice-coated poles, made necessary poletop repairs and restored electric service to the towns of Quitaque and Turkey."

Handley and two other linemen, Bob Adams and Jay Hunter, were doing routine repair work on the Quitaque-Turkey line, February 16, 1940, when the blizzard struck. They were instructed to return to Childress where they were headed when the line went out. They then tackled the job of making repairs.

Taking turns, walking a mile across farm and pasture to patrol the line, while the other two followed the road in a pickup truck, Handley, during his turn, was isolated when the truck was stuck in a snow drift and unable to meet

him at the next crossroad. He then continued the patrol alone and without tools, which had been left in the truck to make walking easier in the snow, which by then made it difficult to see from one pole to another.

Late that evening he found a farmhouse where he spent the night, resuming his patrol the following morning—much colder, the wind much stronger, and the snow much deeper.

Half way between Quitaque and Turkey, Handley found the lines damaged by winds and snow. Equipped only with pliers, without safety belt or climbers, he took wire from a nearby fence to use for foot-rests in climbing seven ice-coated poles where wires had been torn loose from insulators by the wind and the weight of snow and ice.

"It was a trick I learned when a kid," he said. "We'd take a long piece of wire, tie it loosely around a pole, and use the ends to make a loop for the foot. B. the time I'd climbed those seven poles, knocking the ice off with my pliers and slipping the wire upward a few inches at a time, I was getting pretty good at it and making fair time."

Repairs were made and Handley reached Turkey at mid-day, with lines ready to be energized and service restored with less than 24 hours' interruption. The storm was one of the most severe ever recorded in West Texas, disrupting all forms of traffic and communications for several days.

His feat was cited as "showing a high measure of foresight, courage, resourcefulness, and determination well beyond the reasonable demands of duty."

**Navy Men Get Vegetables**

Men enlisting in the regular Navy and various branches of the U. S. Naval Reserve won't have to pine for culinary dishes "like mother used to make" if orders for canned goods by the Navy Department, for the 1942 fiscal year beginning July 1, are any indication.

During that year, Naval personnel will consume 119,728,050 pounds of canned foods. Among the items are nearly 12,000,000 pounds of tomatoes, 7,000,000 pounds of peas, 5,000,000 pounds of corn, 6,000,000 pounds of string beans.

For the more discerning taste, the Navy has ordered canned biscuits, figs, plenty of mince meat, pumpkin and that standby of the midnight snack, Vienna sausage.

Captain T. A. Thomson, Jr., Acting Commandant of the Eighth Naval District, observed that Navy men of today don't require the "Popeye" road to physical fitness and strength in that of nearly 120,000,000 pounds of food, only 3,000,000 pounds are allotted to spinach.

Trainees do not receive a salary, but their tuition is free. Men are certified for training by the Texas State Employment Service and the Work Projects Administration. Persons interested in enrolling in a defense course should apply at the local employment office.

**School Grads And Navy**

NEW ORLEANS, La., June 30.—The answer to that "What now?" question of college graduates, fresh from school with their diplomas, is enlistment in Class V-7 of the United States Naval Reserve and future commissions as Ensigns in the Naval Reserve. Captain T. A. Thomson, Jr., Acting Commandant of the Eighth Naval District, with headquarters here, observed today.

Hundreds of college graduates, with the definite knowledge they have military service ahead, are enlisting for the Reserve Midshipman Training course with the knowledge that upon its successful completion they will be commissioned officers, ready to contribute their part in the nation's preparedness effort.

Although the military future of college graduates is obligatory, under the selective service act, which branch they decide upon may be a personal matter, Captain Thomson said.

Degree-holders who have reached their 21st birthday, but are not yet 28, can decide upon the Navy's Class V-7 and know exactly what they will face—a commission as Ensign in the Naval Reserve. Unlimited opportunities exist for college graduates who are within the age limits specified above, Captain Thomson commented.

Men enlisting in Class V-7 now will be eligible to enter the training classes beginning in September. Men graduated as Ensigns from the three training programs already completed are now on active duty ashore and afloat. Further information regarding enlistment in this class may be obtained at any United States Navy Recruiting Station.

**Texas Becomes A Ship Building State**

AUSTIN, June 30.—Special training for national defense industries is being given to 12,644 Texans in an educational program designed to provide skilled workers in rapid order, according to James R. D. Eddy, State Director of National Defense Training.

With Texas defense work constantly increasing, it is estimated that 17,500 additional skilled workmen will be needed in vital industries before another year has passed. The demand for shipbuilders is particularly strong in Texas. A total of 103 vessels, costing an aggregate of \$181,142,425, are now under construction or on order in Texas shipyards at Beaumont, Orange, and Houston.

The National Defense Training Program is coordinated in Washington through the United States Office of Education. It is sponsored in Texas by the State Board for Vocational Education and conducted locally through the public schools.

The courses in welding, with 1,575 enrolled, and in machine shop, with 1,448 enrolled, are most popular. Other courses include aviation sheet metal, sheet metal, aircraft mechanics, automechanics, radio, aviation engines, wood boat-building, electricity, marine pipefitting, ship layout, shipfitting, mold lofting, blueprint reading, drafting, armature, blacksmith, related mathematics, cooking and baking.

Defense courses are also offered at Texas University, Southern Methodist University, Texas Tech College, Texas A&M, and the College of Mines. In the nation 75,000 young men are registered in college defense courses.

A rain cloud was preceded by a sandstorm here at 3:45 Monday afternoon causing damage to shade trees in town, and inconvenience to fruit growers by shaking fruit off trees.

The rainfall was .55, accompanied by hail and a high wind. The large orchards of W. M. Mace just north of the Lelia Lake school, and that of J. N. Riley some five miles northeast of town suffered most, according to reports. Volumes of peaches, apples and other fruits was shaken from the trees.

A number of beautiful shade trees in town were damaged by limbs being broken off. One of the most noticeable was that of an umbrella china in front of the Christian church, the most beautifully landscaped yard in town.

**HAS ANYONE LOST CAT AND DUCK?**

Out at the T. Frank Brown home two miles west of town, strange things are happening. No one would accuse Mr. Brown of joking about the matter, and certainly no one doubts his statement.

Early Friday morning Mr. Brown heard a duck quacking near his house. Not having any ducks, his curiosity was aroused. Upon investigation, he found a lady duck in his garden. It was tame and when placed over the fence, waddled toward the barn and a strange boy cat came out of the weeds.

A few moments later, it was plainly visible that the cat and duck were pals. They stay together. Often as the cat sleeps, the duck picks at its ears, but never harsh enough to disturb the conjugal relations.

Mr. Brown would like to know something of the past history of this unique combination. The publisher of this paper is also interested. Who can tell us?

**UTILITY EMPLOYEES CELEBRATE**

On Friday evening, June 27, the West Texas Utilities Company's regular Safety Meeting was held. As has been the custom for a number of years, the annual barbecue picnic and "Family Party" was part of the program.

The site for this enjoyable occasion was the Company Club House at Lake Childress. All the company employees and their families from the entire district were present, and a very pleasant time is reported.

Those attending from Clarendon were Chas. Lowry and family, Roy McCraw and family, Miss Carrie Davis, and V. L. Smith.

Mrs. Essie Tice returned to Mineral Wells Tuesday.

**Baptists Will Raise Fund For Army**

Dr. W. W. Melton, Chairman of the Texas Promotional Committee on Baptist work, is touring Texas in behalf of the special campaign to raise three hundred thousand dollars in the South. The 3,250 Baptist churches in Texas have been asked to raise \$35,000.00 on Sunday, July 27th.

"Texas Baptists began a movement in behalf of the soldiers in the fall of 1940. Dr. A. C. Miller was employed to direct the soldiers' work. He has done his work superbly and will continue to lead Texas in her soldier work. Texas Baptists have always been interested in their army camps and have been constantly doing religious work among the soldiers. At this time seven of our Texas Baptist preachers are employed to do religious work in the army camps. This work is directed by Dr. Miller," exclaimed Dr. Melton.

"When Texas launched the campaign in behalf of soldiers' work, a financial budget for \$50,000.00 was adopted. Of that amount, \$27,000.00 has been raised.

**DON'T ROCK THE BOAT**

AUSTIN—The fishing and boating season is well under way. Texas has been fortunate in having a dearth of fatal accidents on lakes and streams, but the executive secretary of the Game, Fish and Oyster Commission is issuing his annual don't for fishermen and boaters. Observance of these simple rules by operators of all crafts, whether they be rowboats and canoes or larger boats, will do much in holding down the list of drownings:

Never overload a boat, nor allow occupants of a boat to stand up in it.

Do not use a motor of too large horsepower for the size of the boat. It is also unsafe to use a small horsepower motor on a large boat because in case of a storm the boat will be unmanageable.

Every boat should be equipped with one life preserver for each person in it, fire extinguisher, lights and good oars or paddles.

Every outboard motor should be equipped with a chain or good rope because motors will frequently come loose and be lost at the bottom of the lake or stream.

Never leave a motor unattended while it is running. The motor may give a quick turn and throw you into the water.

And most important of all: leave your bottle at home; water and alcohol do not mix.

Miss Lillian Ewing, instructor in home economics at the NYA home, spent the week end with relatives in Panhandle.

Mr. and Mrs. Twaddell will make their home in Amarillo. Mrs. Twaddell is a sister of L. L. Wallace, and has been visiting here the past week.

Mrs. J. O. Quattlebaum Jr. has been staying in Amarillo with her daughter, Mrs. Dale Nix whose infant daughter has been critically ill, but who is much improved at this time.

**KARL ADAMS LOSES COWS FROM A DEW POISON EFFECT**

An unusual condition on the range of the Adams ranch near Sunray has caused the deaths of ten head of choice registered Hereford cows and the loss of near a thousand dollars up to Monday.

It is believed that the eating of lamb's quarter when covered by dew caused the death of the cows. Dew poisoning in other years has frequently caused the loss of use, permanently, in crippling cowponies. More especially was this the case when a scratch or wire cut was near the hoof.

Mr. and Mrs. Karl Adams reported their loss while here Monday.

**BACK TO TEXAS**

Mr. and Mrs. Bob Boston, who have been residing in Oxford, Miss. for some time, will make their home in Plainview. They are visiting relatives and friends here this week.

Mr. and Mrs. J. D. Swift and daughter, Anna Moores Swift, spent Sunday with relatives in Memphis.

**BACK HOME AGAIN**

Mr. A. H. Baker, who spent the winter with her daughter, Mrs. Essie Tice in Mineral Wells, returned home the first of the week. She was accompanied by Mrs. Tice, both ladies spending a few days with relatives in Panhandle.

**BACK FROM VACATION**

Mrs. Alfred D. Estlack and daughters, Ira Jean, Patricia Ann and Barbara Faye returned home Sunday from a vacation with relatives at Lufkin, San Augustine, Nacogdoches and other piney woods sections. Alfred Estlack met them at Austin Friday, returning them home Sunday. They visited in Austin with the family of Eugene H. Estlack and Phifer I. Estlack.

**ARMY PHYSICIAN VISITS HERE**

Dr. H. H. Latson, Lt. Colonel in the army stationed at Brownwood, stopped here Wednesday to visit his sister-in-law, Mrs. O. W. Latson. He was returning from a business trip to Pennsylvania, and was formerly a practicing physician in Amarillo for a number of years.

**GONE TO DENVER**

Miss Ruth Warren left Sunday to spend the summer with Mr. and Mrs. W. D. Ruple in Denver.

**FROM HOUSTON**

Mrs. Clifford Whitmore and son Clifford Jr. of Houston are visiting her mother, Mrs. John T. Sims and other relatives and friends here.

**NEW RURAL SCHOOL BILL LIBERAL**

The rural aid bill recently passed by the law-making bodies at Austin is more liberal in a number of ways with respect to our rural schools.

The Bill provides, among other things, that \$1.50 per pupil will be allotted for each child residing two and a half miles or more from a school, instead of one dollar under the old law.

The daily school attendance average will remain at 65%, except that no deductions will be made in case of epidemics when the school is forced to close temporarily.

Delos Kelly and daughter of Memphis spent Tuesday in the J. M. Acord home here.
