### Denver Officials in Austin.

The heads of the Denver Railway departments were in Austin Saturday explaining to the commission what is contemplated in the way of improvements, the amount of expenditures in improving track, the ballasting to be done, and in fact everything to meet the unfavorable condition as seen by the commission.

Naturally the commission is asked to do nothing without giving the road a chance to correct its imperfections, which it promises to do as fast as conditions, financial and otherwise, will permit. It was stated that a large appropriation has been made by the executive officers for the improvement of the property, and the commission was assured it would be done as promised. As yet the commission has made no order in the premises, but it may direct the Fort Worth & Denver to do certain things within a given time.

### Big Suits Against Oil Trusts.

Attorney General Davidson has filed suit to cancel the permit of the Waters-Pierce Oil company and for penalties aggregating \$5,000,000, costs and general relief. The petition is signed by the attorney general, Special Assistant Attorney General Lightfoot, County Attorney Brady and Gregory & Batts, local attorneys at Austin. The suit comes after an extensive investigation, covering many months and a varied field. Mr. Lightfoot has made several trips east and north, and has been active in Texas.

Attorney General Davidson remarked he would institute no suit he could not successfully prosecute. Now we will see if he makes good.

### Correctly Stated.

There are fine schools nearby where any kind of a commercial course may be secured. There is the Christian College at Hereford, the Amarillo Academy, the Baptist Goodnight College and the Methodist Clarendon College and at either of which the very things may be had that many of our people are now sending their sons and daughters "way off" for. Verily verily "a prophet is not without honor save in his own country."—Canyon City News.

### Whole Country is Shocked.

The whole country is shocked over the exposure of Senator Bailey, which was forced from Mr. Pierce on the witness stand Saturday, Sept. 15, and which appeared in the reports of the Associated Press Sunday morning. The sworn statement by Mr. Pierce that he turned over thirteen million dollars in property to Senator Bailey with power of attorney to conduct its affairs as though it was his own property, is a staggering revelation. The people throughout the country await a statement from the Texas Senator.—Tyler Courier.

### Bailey Must Go.

The democrats of Texas cannot afford to return Joseph Bailey to the senate. Bailey is the open and avowed attorney of the Standard oil trust, and unless we are willing to let the oil trust run the affairs of this country, we cannot afford to be represented by them.—Quanah Tribune.

### To Hide Their Enormous Profit.

The Western Union Telegraph company is determined not to draw attention to its enormous profits, as some of the railroads have done. There is called a meeting of the board of directors for October 15, at which the company will issue \$25,000,000 gold bonds. When these are added to its already tremendously watered capitalization, there will be no danger that excessive dividends will attract attention. There are now more stocks and bonds outstanding in the United States than all its wealth amounts to. How far off is the day of liquidation? The present surplus of the Western Union is \$17,299,018, and \$25,000,000 more bonds are to be issued. The United States should own its telegraph lines like all other civilized countries do. Then rates would be one-half what they are now.—Ex.

### The Best Reply Yet.

A Kansas editor was invited to contribute a dollar to the republican campaign fund a la Roosevelt and he sent the following reply: "We recently have completed building a house at a cost of something over \$4,000, and for every foot of lumber, every pane of glass, every sack of cement, every pound of nails, and, in fact, for nearly every bit of material that went into it, we made a good, liberal contribution through the trusts that control them, and we guess we have done our share. We'll just let the several trusts to which we have had to pay unwilling tribute in the past year pay our dollar for us. We need it and they don't."—The Investigator.

Officers raided twenty saloons and gambling houses at Lawton, Ok., Saturday night, seizing about \$15,000 worth of gambling paraphernalia. This has been deposited on the court house square and it is believed that the order of the court will provide that it be burned. Feeling is high and the grand jury is making rapid investigations. It is said that no less than fifty gamblers have left the city.

Russell Sage worked all his life, saved his money and was called a skinflint and now some of his relatives say he was crazy. How's that for a reward.—Ft. Worth Record.

The republicans of Colorado nominated Henry Buchtler chancellor of the Denver university, to succeed Philip B. Stewart as the republican nominee for governor. Alva Adams has been renominated by the democrats for governor.

Bryan made eleven campaign speeches in North Carolina while crossing the state on a railroad owned by the State. Its net income pays the interest on the State debt, and its shares of the par value of \$100 are worth \$200 on the market.—Ex.

### Strayed or Stolen.

From home pasture in Clarendon, on Tuesday 17, instant, one light bay horse, white star in forehead, four years old, unbranded. Horse was bought from Hoodenpyle (five miles northeast of Clarendon) about a year ago. Suitable reward for his return. J. B. McCLELLAND

### Fate and Andrew Jackson.

During the young manhood of Andrew Jackson when he rode the circuit in Tennessee, knowing more law than most of his brethren at the bar, afraid of nothing on earth, ready to challenge to a duel some trained lawyer from the older settlements when that lawyer trespassed upon his own preserves and made fun of his ignorance—as Waightstill Avery did—thus holding his ground against all comers, partly by brute force and partly by mental superiority, he was probably nearer to happiness than he ever was afterward.

From court to court he rode his race horse, pistols in holsters, carrying his gun and his pack of hounds, ready for the court-house, ready for the deer chase, ready for the shooting match, ready for the horse-race, ready for the house-raising and log-rolling, ready to go out himself and drag into the court-house the desperado whom the sheriff feared to arrest.

Rough-and-tumble times these were in backwoods Tennessee, with rude and lawless elements boiling and bubbling in that invetiable period of unrest and struggle which prevails in border settlements before the community takes form, and everybody smilingly congratulates everybody else on the "reign of law and order."

In just such a state of society young Jackson was peculiarly fitted to lead, dominate and prosper.

Had he gone eastward instead of westward, had he cast in his lot with the lawyers that were striving for advancement in the cities of the original thirteen seaboard states, nothing is more certain than that the world would never have heard of him.

His lack of knowledge of the law would have made him easy prey to those who were masters of this profession; his fiery temper would have kept him constantly in battle array and in fighting those lawyers who got the better of him in the citation of legal authorities he would, in the nature of things, have met the wrong man sooner or later.—TOM WATSON, in his Magazine for September.

Atlanta, Ga., has been in a riot several days and some 12 or 15 negroes have been killed. It required about fifteen companies of militia to suppress it, and all saloons were closed for two days. The negro problem seems to be getting worse.

American Consul Wilder cables from Hongkong that during the recent typhoon 5,000 lives were lost, 400,000 pound sterling damage done and thirty steamers are wrecked.

W. L. Selman, a pioneer of Jewett, and a Mexican war veteran 82 years old, was killed by a train at Jewett Monday.

A widow named Davis at Hereford went insane last week from poverty and worry over the worthlessness of a 14-year-old son.

Bob Maddox at Glory, in Lamar county, and I. B. Logan at Ben Franklin, both lost their right hands in gin saws last week.

The Lone Star Land company report the sale of the noted Gillispie ranch of twenty-two sections of land to H. Ransberger of Louisville, West Va. All the stock, grain, etc., go with the ranch making the total amount involved approximately \$156,000.

### Heavy Penalty for Peonage.

In the peonage cases at Cape Girardeau, Mo., the following were convicted:

Charles M. Smith, three years and six months in the penitentiary at Fort Leavenworth, Kan., and a fine of \$5,000 and costs. Charles M. Smith Jr., two years in the penitentiary and a fine of \$5,000 and costs. Ben Stone and Ben Fields each one year and six months and \$100 fine. W. Lee Rogers and William Woods each two years and six months in the penitentiary and \$100 fine. Floyd Woods two years and six months in the penitentiary and \$100 fine. James Smith and Rex Smith were acquitted.

With the blowing of whistles, the clanging of bells and the glad exclamations of thousands of persons who gathered at the river shore, the welcome of steamboat traffic on the Missouri river after a lapse of more than a decade was celebrated Monday when the steamer Lora, laden with freight from St. Louis, was docked at Kansas City.

Elizabeth Frances O'Neill, of The Art Institute Chicago, will give instruction in the following branches of Art: Painting and water colors, Tapestry, Pen and Ink, Sketching from Nature, Perspective, Artistic Anatomy, Composition, Paintography, Pyrography, and Newspaper Illustration. For particulars apply at J. D. Camp's residence, or phone, No. 61.

Over one hundred dollars worth at wholesale of school tablets just received at Stocking's store.

### Japanese Are Wonderful Athletes.

The Japanese are acknowledged to be the most daring and graceful acrobats in the world. In Japan athletics are encouraged, fostered and recognized by the Imperial government. The Mikado bestows upon those who are most proficient, medals and tokens in recognition of feats of strength or some daring exploit. Certain days of the year are set aside for athletic sports and the most interest is taken by the inhabitants of the Flowery Kingdom. Twelve of these wonderful acrobats are with Campbell Brothers' Circus which exhibits at Clarendon, Friday, Sept. 28, who have toured the world, appeared and performed before all the crowned heads of Europe. Wherever Campbell Brothers have exhibited these little Japs have created unbounded enthusiasm by their marvelous performance. Gorgeous and brilliant street parade at 10:00 in the morning.

Published Twice-a-Week by

W. F. BLAKE, Editor and Proprietor.

Entered February 10, 1903, at Clarendon, Tex., as Second class matter, under Act of Congress March 3, 1879.

CLARENDON, TEX., SEP. 26 1906.

Mr. Bryan is to speak in Little Rock today and in the Indian and Oklahoma territories the next two days.

The Tullia Standard is rejoicing over the fact that the railroad will be completed to its town early in October.

Japan's famine is ended. A total of \$750,000 gold has been used and more than half a million people were assisted. The United States contributed \$320,000.

Of every 1,000 females over 15 years old, 497 are unmarried in Ireland, 395 in England and only 45 in India, where child marriages are still in vogue.

John Dale, recently field solicitor for the Daily Panhandle at Amarillo, passed up the road a few days ago from Dallas, where he had purchased a newspaper outfit and shipped to Lubbock where he will start a paper of his own. John has quit several times, but is unable to finally separate himself from the paper business. Success to him.

It is rather a significant fact that the mayors of the most progressive cities who attended the Mayors' convention at Fort Worth last week favor the municipal ownership of public utilities. They even elected for president of their association a man who favors and made a speech favoring such ownership, Mayor T. W. Perkins of McKinney. Nearly all argued that better service at less cost was obtained under municipal ownership than under private ownership.

Relatives of the late Russell Sage are going to law to break his will and get some of the millions he accumulated. It is getting to be pretty hard for a man to dispose of his property as he sees fit either dead or alive, and his wishes in the matter are not respected even by the nearest of kin. Among the grounds mentioned on which the validity of the instrument will be attacked are mental incompetency, the exercise of undue influence and the improper drawing of the document itself. References will be made to an original will in which Mr. Sage provided more liberally for all his next to kin.

Longview is offering its calaboose for sale now that they have prohibition. The structure is advertised as nearly new and sold as they have no further use for it. Prohibition in the American settlements of Texas has wrought great changes.—Hall County Herald.

Yes, it will even change an anti editor.

The fact that the people pay a United States senator \$5,000 a year does not mean that he is the servant of the people. Very often he is the attorney or agent of large corporations that pay him much larger salaries.—San Angelo Standard.

And where such conditions prevail the people should promptly retire that United States senator from business.—The high office of United States senator is not a commodity to be used for the financial advancement of any man.—Fort Worth Telegram.

Yet they use it for that very purpose and too frequently the people are guilty of sending them back for another term after knowing the office has been thus abused just because said office-seeker is a strong whooper-up of the party.

The Corsican Brothers—Henry Clay Pierce and Joseph Weldon Bailey. Ring up the curtain and let the show go on.—Claude News

### Effect of Bryan's Speeches.

No matter what Bryan may have said in his speeches, Maine would have gone republican, yet some eastern paper started the absurd story that his speeches has cost the party Maine.

It might be noted, too, that some of the democratic leaders have concluded that it is not best to condemn Mr. Bryan too heavily for his position on government ownership. Late dispatches from their headquarters in Washington say:

"Secretary Edwards of the democratic congressional committee is indignant by reason of the publication on the day following the election in Maine to the effect that a telegram had been received at headquarters from the chairman of the democratic committee of Maine to the effect that the utterance of Mr. Bryan on government ownership had lost the State to the democrats.

"Mr. Edwards indulges in language rather too picturesque for publication in denying this statement. He says no telegram before or after the Maine election was received by him or by anybody at the committee rooms. "It is a lie out of the whole cloth," is a part of one sentence used by Mr. Edwards in characterizing the publication.

"It is hardly a secret, it is fact the committee is beginning to have an idea that government ownership is not so strongly opposed by the masses of the people as was at first thought. The sentiment of the leaders of the party who have been at headquarters since Mr. Bryan delivered his Madison Square speech has been almost unanimously opposed to the government ownership idea."

### Big Sale of New Mexico Land.

A. A. Ball, of Dalhart, Tex., last week sold to the Wheatland Investment Company of Dalhart, Tex., 63,000 acres of land in New Mexico near Tucumcari. This land known as the Carba Springs grant was owned by Buchanan, Jackson & Taylor. The price paid was \$159,000. The Wheatland Investment Company bought this land for a colonization proposition and expect to establish an office on the land and run an automobile line from Tucumcari out to the land, which lies twelve miles from the railroad.

### Coming Around To It.

Railroads in most European countries are carefully and honestly managed. There is no loss of life to speak of, for the roadbeds are kept up. The depots, even in the smaller towns, are architectural beauties and at the same time first-class hotels. 'Tis small wonder that a man like Bryan, after seeing foreign governments operate their railroads without any trouble or friction, should think that we could do still better over here.—Quannah Tribune.

James Cox, a ranchman, was killed by lightning on his ranch west of Carlsbad, N. M., Sunday. His horse was also killed.

A little five-year-old daughter of Mr. Connor living at Lelia died Sunday and the funeral was conducted at the cemetery by Rev. Rogers.

A. W. Collins will load a car out today for Beeville, and will depart for there tomorrow. He is building a nice residence in Clarendon, however, and we look for them back soon.

### Fined \$180.

In the case of State vs. John Scott, charged with the offence of false imprisonment, something new in our local court. It developed in the trial that Mr. Scott and Rev. Sebe J. Thomas had a personal difficulty on the premises of Scott several weeks ago, in which Scott beat and bruised Thomas severely and detained him for over half an hour refusing to allow him to proceed on his journey. Scott went before Justice Bowie, plead guilty to fighting and paid his fine. The present case was filed on information charging "false imprisonment." The jury by agreement of counsel, returned a majority verdict, assessing a fine of \$180. A motion for new trial will be argued before Judge Moore Saturday.—Claude News.

The Mexico, Mo., Ledger has this to say: "An ordinance has been introduced in the Mexico city council making the skating rink license \$10 a week and prohibiting the use of pianos in such places. If there is a place on earth calculated to make a woman forget mother, home and heaven, it is a skating rink."

Perry LeFors, of Gray county, is in Miami today with a load of as fine apples as grow in old Missouri. They are of the Arkansas Black, Fall Pippin and Wine Sap varieties, many apples from his orchard weighing 20 and 22 ounces. He says he has sold a great many but has about two hundred bushels in his orchard yet.—Miami Chief.

### Change of Denver Schedule.

Effective Wednesday September 26th, there will be a general and important change of time on the Fort Worth & Denver City Ry.

Under the new schedule trains Nos 7 and 8, known as the Colorado and Texas Express, will be operated through between Fort Worth and Texline only, there being no connection with the Colorado & Southern Ry. No 7 will leave Fort Worth at 8:45 as at present, reaching Texline at 5:25 the following afternoon. No 8 will leave Texline at 12:01 p. m., arriving at Fort Worth the following morning at 7:45 instead of 7:25 as at present, still maintaining all connections at Fort Worth. Those trains will carry a 16-Section Pullman Sleeper between Fort Worth and Amarillo, the last through sleeper between Denver and Fort Worth will leave the respective terminals Monday night, Sept. 24.

Trains Nos 3 and 4 now running between Fort Worth and Quannah will be extended to Childress. No 3 will leave Fort Worth at 8:30 a. m., or ahead of No. 1.—The Denver Special, arriving Childress 6:50 p. m. No. 4 will leave Childress at 6:55 a. m., reaching Fort Worth at 5:00 p. m., instead of 1:30 as now.

Train No. 1 will leave Fort Worth at 9:45 a. m., the present time, but will reach Denver slightly later, though still early in the afternoon, and in ample time to make all trans-continental connections there and at other Colorado common points. No. 2 will arrive Fort Worth at 6:45 instead of 5:10, also continuing to connect in that city with lines for various points in Texas and other states. These trains will also continue to handle a through Pullman Sleeper between Houston and Denver, and will maintain the present through Cafe Car service between Fort Worth and Denver.

It is anticipated that this change, particularly the extension of trains Nos. 3 and 4, will result in much additional convenience to the traveling public. A. A. GLISSON, General Passenger Agent.

**The Baptist Revival.**

The revival at the Baptist church, that has been conducted for the past two weeks by the yastor, Wilson C. Rogers, assisted by J. Frank Norris of Dallas, closes as we go to press.

The meeting has been a success in several ways. The church would not hold the people and a large tabernacle was built to seat 800.

Rev. Norris proved himself a man of power with God's word. He made a host of friends, and drew men to him.

There has been 28 additions to the church, and more to come in. Thirteen by baptism and fifteen by letter. Some of the converts baptized were among our best citizens, men with amilys past middle age. There was raised \$125 for Rev. Norris between \$40 and \$50 to send the pastor and his wife to the state convention besides the local expense. The entire town and community felt the effects of the meeting.

#### Monster Ships.

Three leviathans were launched from various shipyards of Great Britain Thursday. They were the Shannon, the longest armored cruiser in the world; the new Cunarder, a sister ship and identical to the turbine steamer Louisiana, and the White Star Liner Adriatic, which is next to the largest Cunarders, is the largest ship afloat.

The Adriatic was the first of the trio to take to the water. She is the largest vessel ever built at Belfast. Her displacement is 40,000 tons. She is 710 feet long, 75 feet 6 inches beam and 59 feet 6 inches deep. Her gross tonnage is nearly 25,000. The Adriatic has nine decks and seven cargo holds.

#### Light on Pike's Peak.

Pike's Peak is to have one of the largest searchlights in the country, says the Colorado Springs Gazette. With dazzling brilliancy the eye of the monster electric machine will catch the trains as they speed across the plains at night and follow them until the passengers are discharged at the station in Colorado Springs. So bright will be the light in Manitou that to look directly into the beam will cause momentary blindness.

In addition to supplying the searchlight, the apparatus will have sufficient power to furnish current for numerous lights in the Summit house and for a considerable area outside. The apparatus is to be placed on the top of Pike's Peak. This "candle" will not be placed under a bushel, but on one of the tallest "candle sticks" in America.

According to the Hale County Herald, Plainview is going to have and right away, a \$55,000, Baptist College. The Staked Plains Association has decided to "raise from the people" the \$50,000 and Dr. J. H. Wayland is to furnish the other \$5,000 and a building site of 24 acres adjoining the town. Dr. Wayland made the proposition, says the Herald, and the association accepted. Canyon City had a proposition once of the same character pretty much—it fell through and not on Canyon City's part either, but Plainview may have better luck.—Canyon City News.

If you want to find a cheap politician in a crowd of men mention the name of an honestly conducted local paper, and the cheap politician will turn up his nose every time. He has at every chance bellowed before an audience of a dozen or so people, and because the paper did not devote all its space to a laudatory write up of his "masterful address" he feels like "the people" have purposely been done a great wrong by the local paper.—Tyler Courier.
