Entered as second class matter March 12, 1929, at the post office at Clarendon, Texas, under the Act of March 3, 1879.

This paper's duty is to print all the news that's fit to print honestly and fairly to all unbiased by any consideration even including its own editorial opinion.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may occur in the columns of THE DONLEY COUNTY LEADER will be gladly corrected upon being brought to the attention of the management.

NOTICE: Obituaries and poetry are published in this paper at the rate of 1 cent per word. A charge of \$1.00 is made on cards of thanks. Stories of deaths and funerals published in time to retain the news value are not rated as obituaries.

MEMBER OF Panhandle Press Association

LEGAL

THE STATE OF TEXAS

TO THE SHERIFF OR ANY CONSTABLE OF DONLEY COUNTY, GREETING:

You are hereby commanded to summon Minnie Schoenberg, formerly Minnie Taylor, a feme sole, whose residence is unknown, to appear at the next regular Term of the District Court of Donley County, Texas, to be held at the Court House thereof in the City of Clarendon on the 4th Monday in March, 1941, being the 24th day of March, 1941, then and there to answer a petition filed in said Court on the 18th day of February, 1941, the file number of which is 2121, in which suit Fannie Taylor Holloway, a feme sole, is plaintiff, and Minnie Schoenberg, a feme sole, is defendant; the cause of action being alleged as follows:

Suit in the nature of Trespass to Try Title to recover the title and possession from the defendant of the following described lands and premises:

FIRST TRACT: Being all of the South 120 acres of the East 1/2 of Section No. 20, in Block No. G-7, patented to Adair & Goodnight, by Patent No. 519, Volume 7.

SECOND TRACT: Being a part of Section No. 22 in Block No. G-7, patented to Adair & Goodnight, by Patent No. 571, Volume 7, described by metes and bounds as follows: Beginning at a point 321.3 vrs. West of the SE corner of said Section 22; Thence West 1202.3 vrs. for corner; Thence North 2 deg. 45 min. West 751.7 vrs. for corner; Thence South 88 deg. 37 min. East 1245.5 vrs. to corner; Thence South No deg. 35 min. West 721.2 vrs. to the place

of beginning, containing 159.54 acres of land.

THIRD TRACT: Being the SW 1/4 of Section No. 20, Block G-7, Donley County, Texas, containing 160 acres of land.

FOURTH TRACT: Being the North 1/2 of Section No. 22 in Block G-7, patented to Adair & Goodnight, by Patent No. 571, Volume 7, and containing 320 acres of land, more or less, all in Donley County, Texas, which property is alleged to be owned in fee simple by the plaintiff who was in possession of the same on the 1st day of January, 1941, and on which date the defendant unlawfully entered on to and dispossessed the plaintiff of said property unlawfully withholding the same from the plaintiff to plaintiff's damage in the sum of Ten Thousand (\$10,000.00) Dollars, said suit being for the recovery of the title and possession of said property, damages and costs of suit.

You are commanded to summon such defendant and to serve this citation by making publication of this citation once in each week for four (4) consecutive weeks previous to the Return Day hereof in some newspaper published in your County but if there be no newspaper published in said County then in any newspaper published in the nearest County where a newspaper is published. Herein fail not, but have you before said Court on the first day of the next Term thereof this Writ with your return thereon showing how you have executed the same.

WITNESS Helen Wiedman, Clerk of the District Court of Donley County, Texas.

GIVEN under my hand and the seal of said Court in the City of Clarendon, County of Donley, this

Bob Word, son of Mr. and Mrs. Millard Word of the SJ Ranch is feeding his second calf. Bob is a first year Vocational Agriculture student, and is vice president of the Greenhand FFA members, and is a hard working, enthusiastic member.

the 18th day of February, A. D. 1941.

(Seal) Helen Wiedman Clerk of the District Court of Donley County, Texas.

By Walker Lane, Deputy Issued this the 18th day of February, 1941.

Helen Wiedman Clerk of the District Court of Donley County, Texas. By Walker Lane, Deputy (3c)

CARD OF THANKS

Words are inadequate to express our deep appreciation of the many acts of kindness shown us following the death of our beloved husband and father. May God's richest blessings abide with the dear friends who were so sympathetic in our sad hour of bereavement.

Mrs. L. H. Mullens, Mrs. Maurine Lackey, Jack Lackey.

A MAN'S MEASURE OF HAPPINESS... GIVE HIM A FULL MEASURE OF HAPPINESS

Switch Today to Admiration

Just because your man may not take matters in hand and insist on making the coffee himself, don't think he doesn't know and appreciate good coffee. No man enjoys gagging on poor coffee... every man thrills to the rich and zesty flavor of Admiration! So... the next time, serve Admiration, and just watch the smiles of satisfaction and happiness appear.

You can't fail with Admiration:

- (1) Secret blend of rare coffees makes every cup of Admiration taste richer!
(2) Scientific thermo-roasting insures uniform and delicious flavor at every serving.
(3) Three scientifically correct grinds—for pot, drip, or vacuum coffee maker. With the grind tailored to fit the method, perfect coffee is assured every time!

If it's happiness you want, Admiration's the coffee for you!

Admiration Coffee HAPPINESS IN EVERY CUP

JOIN THE ADMIRATION HAPPINESS CLUB

13 Big Weekly Contests and a Grand Prize Contest

503 PRIZES EACH WEEK

1st Prize.....\$100.00 Happiness Certificate
2nd Prize..... 50.00 Happiness Certificate
3rd Prize..... 25.00 Happiness Certificate
500 Prizes..... 1-Pound Admiration Coffee

THREE GRAND PRIZES

1st Grand Prize..\$1000.00 Happiness Certificate
2nd Grand Prize.. 500.00 Happiness Certificate
3rd Grand Prize.. 250.00 Happiness Certificate

Everybody has a happiness story... you have a happiness story, so join the Admiration Happiness Club now and share in the happiness prize awards.

HERE'S ALL YOU DO:

Just write your happiest moment (in fifty words or less) to the Admiration Happiness Club. Your happiness story doesn't have to be fancy or dramatic... just a few lines in your own words will do. For example, your happiest moment may have been in: your romance, your wedding, the baby's first word, an achievement... just any of a thousand happy memories. It's easy... just think of your happy moments—let one down—and join the Admiration Happiness Club today. It may win as much as \$1100.00 in Happiness Certificates for you!

RULES:

- 1. Simply complete this sentence, "My happiest moment was..." in fifty additional words or less. Write on one side of a sheet of paper. Print plainly your name and address... you may use a "Happiness Club Membership Blank" if you wish.
2. Mail to Admiration Happiness Club, Box 2079, Houston, Texas. You can enter these contests as often as you like, but each entry must be accompanied by a coupon from Admiration Coffee (or facsimile).
3. Prizes in all contests will be awarded in "Happiness Certificates" which will be redeemed at full face value for any purchases at any local store. Grand Prize winners will be selected from the first prize winners in the thirteen weekly contests.
4. There will be thirteen weekly contests, each with a separate list of prizes. Entries will be entered in each week's contest as received. Entries for final week's contest must be postmarked before midnight, May 17.
5. Decision of the judges will be final. No entries returned. Entries become the property of the Duncan Coffee Company. All winners will be notified by mail.
6. Entries are eligible from any place where Admiration Coffee is sold and contest is subject to Federal, State, and local regulations. Anyone may enter except employees of the Duncan Coffee Company, their advertising agency, and their families.
CLIP the Free membership blank, attach your contest entry, and mail it today. Learn how you may get a copy of the popular song—"Happiness Melody," plus a beautiful Rose Gold Happiness Club pin. In addition you may win as much as \$1100.00 in Happiness Certificates. Enter today!

**TEMPLE OF TRUTH**  
By The Apostle

**FAT STOCK SHOW.**  
Wouldn't it be great to have some of our eastern friends drop around to see the Baby Beef calves here the 27th. They call that kind of beef "Banquet Beef" way back east. There is no place on the Globe that can produce beef of the fine texture and delectable quality such as can old Donley county.

**ORATORY.**  
It is related that the enterprising Ed Bishop, editor of the Dalhart Texan, who recently took the lead up there in demanding pure milk, made an address at a civic club with great effusion. Waxing eloquent, the doughty defender of the people's rights exclaimed: "What this town needs is a supply of clean, fresh milk, and it's up to our family men to take the bull by the horns and demand it!" We understand they did and got it.

**HIGH WINDS IN 1900.**  
Listening to some of the weird

stories about the wind, dust and sand of the past week recalls to mind an incident of some forty years ago. The wind actually blew hats, wash tubs and everything loose into the canyons in those days. On one occasion at a roundup of cattle, several fellows had lost their hats. One fellow was more resourceful and began grabbing at hats as they passed by, trying on first one and then another, but no fit. Finally a black object came rolling along on the ground and the cowpuncher exclaimed: "Hat zickety! A black hat and I always wanted a black hat. He reached out and slammed the thing on his head. Imagine his disgust when he found out that object was a skillet that had worn the handle off rolling across the prairies. Yes sir, this used to be a windy country in the long ago.

**HANDWRITING GENIUS.**  
Have you ever had any difficulty reading your doctor's prescription? A Pampa man boasts that he took a prescription along using it as a railway pass two years; three times as an invitation to dances; once as a complimentary ticket to an Amarillo

Pampa football game, and once as a recommendation from his employer in securing his present position. Finally, last Saturday night while his daughter was playing it on the piano, a gust of wind blew it out the door and it became lost. Ah heck!

**HUMAN WINDBREAKS.**  
In proportion to the population, there is said to be more fat women in West Texas than any other type. The reason is said to be that the men chose them for windbreaks as well as wives.

**IRONY OF FATE.**  
"Gone With the Wind" at the Pastime had a big run yesterday and today, and will tomorrow. Most of the folks are trying to find out what it was that "went," and where it finally landed. Mighty good show, folks.

Mrs. Bess Rolf spent the week end with Mrs. S. R. Tomlinson of Lelia Lake.

Mrs. John C. Knorpp and Mrs. Ira Merchant spent Wednesday in Amarillo with Mrs. Forrest Taylor whose husband is confined in a hospital there.

Buford and Calvin Holland of Lelia Lake, who are the proud owners and feeders of the above calf. These lads are feeding 4 H Club calves for the first time, and are really getting the job done in a big way. Their calves will be tough competition this year, and in future shows. If hard work and close study mean anything, these fellows will be heard from through the years to come as winning calf feeders.

Mr. and Mrs. T. H. Stewart have moved to Carlsbad.

**GOLDSTON**  
Peggy Stewart

Mrs. Edd Mooring honored her daughter, Juanita with a birthday party Saturday night.

Mr. and Mrs. E. O. Higdon of Clarendon visited in the J. A. Stewart home Saturday night and Sunday.

Mr. and Mrs. Tom Mooring visited in the Edd Mooring home Sunday afternoon.

Mr. and Mrs. Damon Farr and daughter visited in the Joe Dilli home Sunday afternoon.

Mrs. Dick Eichelberger and Mrs. Nath Helton visited Mrs. Murphy Brock Monday afternoon.

Mr. and Mrs. Lewis Morris and children of Ashtola visited in the Greene home Sunday afternoon.

Mr. and Mrs. Roy Brock and children visited in the Collier Brock home Sunday afternoon.

Mr. and Mrs. Price Webb and Mr. Bob Reynolds and family of Clarendon visited in the Clarence Reynolds home Sunday.

Mr. and Mrs. Wilson Grey and Mrs. Leonis Yankee made a trip

to Amarillo Saturday.

Russell Morris of Ashtola visited Lamar Stewart Sunday afternoon.

Mr. and Mrs. Dick Eichelberger visited Mr. and Mrs. Fontayne Elmore and daughter in Clarendon Sunday.

Mrs. Damon Farr and daughter visited Mrs. Homer Bones in Clarendon Thursday.

Mrs. Carl Tucker visited Mrs. Greene Sunday.

Mrs. Mattie Hudson of Clarendon is visiting in the home of Neeley Hudson, her son.

Mr. and Mrs. Jim Robinson and family visited in the Bill Rowe home Sunday.

**REV. GRIFFIN VISITS CLARENDON FRIENDS**

One of the very few Primitive Baptist ministers in this section is Rev. J. T. Griffin of Giles. He was in town Tuesday and made the rounds to greet his friends. Frequently, he is mistaken for Gov. Murray of Oklahoma, the two resembling very much in facial outlines and manner of speech.

Mr. and Mrs. Lloyd Johnson are visiting relatives in Carthage this week.

**Congratulations  
4-H & F.F.A. Boys**

This firm wishes you the greatest success of any Fat Stock Show previously exhibited. We shall always merit your confidence in such a faith that builds an organization of this kind.

LOST and FOUND

FOUND—Gold cross on mother of pearl background. Owner can get it at Leader office by proper identification and payment of this notice. (52-c)

Gold and Silver

From the mines of Texas during 1940 there came 340 fine ounces of gold, 1,365,698 fine ounces of silver, 58,000 pounds of copper, and 446,000 pounds of lead, according to the Denver office of the Bureau of Mines, United States Department of the Interior. Figures are founded on eleven months of actual mine production, with December production calculated from the reports by mine operators and smelters of expected shipments and receipts.

Gross value of the 1940 output was \$11,900 for gold; \$971,163, silver; \$6,554, copper; and \$22,300, lead, a total of \$1,011,917. For 1939, production and gross values were: gold, 324 fine ounces, \$11,340; silver, 1,341,945 fine ounces, \$910,896; copper, 68,000 pounds, \$7,072; and lead, 454,000 pounds, \$21,338, a total of \$950,646.

The Presidio mine at Shafter in Presidio County was the principal producer of gold, silver, and lead in Texas last year, silver being the chief metal and gold and lead by-products. Nearly all the copper produced in the State came from silver-copper ores from the Hazel mine near Van Horn in Culberson County and from the Plata Verde and Black Hill mines in Hudspeth County. With the exception of mercury mines, there were only six or seven metal mines producing in Texas during 1940.

Prin. C. W. Howard of the Mc-Knight school had business here Saturday.

University Students Write Song Hit

"Admiration's Happiness Melody," the gay tune that everybody's humming now, was composed by two students of the University of Texas. Milton Page wrote the music while Miss Jean Elvins provided the lyrics. "Admiration's Happiness Melody" is their first publication, yet it's popularity promises to place them among the top writers of current song hits.

It all came about somewhat like this: Mr. Clay W. Stephenson, Jr., Advertising Manager for the Duncan Coffee Company, Houston, Texas was searching for anything and everything pertaining to "happiness" for use in the current Admiration Coffee advertising program.

Mr. Page and Miss Elvins learned of Mr. Stephenson's advertising plan through a mutual friend, and immediately became inspired with the idea of writing a "happiness melody" to tie-in with the Admiration Happiness campaign. Days and nights of frantic work finally produced the song that was to become "Admiration's Happiness Melody," and off to Houston raced the youthful composers to sell their song. On a slightly bewildered but nevertheless "game" Advertising Manager the enthusiastic song writers pounced, and after some discussion, Mr. Stephenson and the song writers retired to a local radio station to audition the song. Just one hour later Miss Elvins and Mr. Page had sold their first song—the "Admiration Happiness Melody."

Miss Elvins met Mr. Page at an Austin radio station last spring. Since then, they have been doing TSN shows together twice weekly. Their latest song, not yet published is, "In My Dreams."

In addition to the "Happiness Melody" which they wrote for the Admiration Happiness Club, they also did a series of transcribed melody spots for Admiration Coffee. Mr. Page again supplying the melodies, and Miss Elvins handling the scripts. They're two youthful Texans to be watched.

A little boy was sitting under an apple tree doubled up with pain. The preacher came along and said, "What is the matter?" "I ate some green apples," moaned the boy, "and oh, how I ache." "You don't ache, you just think you do," the minister said. The boy looked up in astonishment at such a statement, and then replied in a most positive manner, "That all right, you may think so, but I've got inside information."

This is a sample picture of one of the excellent products of the efforts of Billy Thornberry, son of Mr. and Mrs. W. C. Thornberry

Navy Contract

ROCKPORT.—Contract for the construction of two 110-foot submarine chasers has been awarded by the Navy Department to the shipyards now under construction at Rockport, Aransas County, on the Texas Gulf Coast. According to A. M. Westergard of the Westergard Boat Works, work on the two boats will be under way within twenty days. Completion is called for in approximately 200 days, and the finished boats will be delivered to the Government at Rockport.

Westergard spokesmen have stated that there would be plenty of local labor available, with the exception of a few key men, and that there is no necessity for an influx of labor from other parts of the State.

The Canard

An Englishman touring Canada was staying in a wayside hotel. One night it was very cold and the Englishman feeling it pretty badly, came downstairs early next morning to get warm. At the same time a trapper who had been out to look at his traps came in at the door. Icicles were hanging from his mustache.

With a pitying expression the Englishman said, "I say, old man, which room did you sleep in?"

"Well, I've lost another pupil," said the professor, as his glass eye fell on the floor.

Harold Deaton took his young daughter to the movies. He occupied a seat near the middle of the theatre, while the young lady went down in the front row to join some other children. The news reel was showing a raging forest fire which evidently frightened the little girl, and she came back to take a seat beside her father.

"What's the matter?" he asked. "Did the fire frighten you?" "Oh, no," she replied, "the smoke got in my eyes."

Proof

The hillbilly, who had a reputation throughout the county as the heaviest drinker in them thar parts, was propped up on his porch. He was punishing a gallon of corn liquor when his eight-year old son came marching home from school.

"Pa," said the boy, "will you sign my report card for me?" "Stop botherin' yer old man," drawled the mountaineer. "Yer know I can't write a lick."

The boy nodded. "I explained that to the teacher," he cried. "But she insists on some proof that you saw my report card."

The hillbilly sat up with a jerk. "All right son," he sighed. "I'll soak the report card in this corn likker—and yer kin give it ter the teacher ter sniff!"

## WINGED ROMANCE FILM JOINS COLBERT, MILLAND

A cloud-hopping trouble maker meets a trouble hunting newspaper girl—and boom!—it's love!

That's how it all starts out between Claudette Colbert and Ray Milland in the scintillating Paramount romance, "Arise, My Love" which opens Sat. night Prevue at the Pastime Theatre.

When Claudette, the fashion writer, gets a yen to write manzied stories for Associated News she just casually snatches an aviator from a Spanish firing squad, and flies across the border with him to France. But the girl doesn't count on love, and pretty soon she finds her heart melting under the effects of the Paris moon and Ray Milland's ardent wooing.

When the assignment to the Berlin bureau comes her way, Claudette thinks its her escape. But the inescapable Milland turns up in her railway compartment. Before she realizes what is happening, she is off on a stolen va-

cation with the handsome flier. Love changes them. With the breaking of war, their first thought is to hurry back to safe America. But when this hope is frustrated by the sinking of their boat, they return to their duty. Milland is off to fly with the English fighting squadrons, Claudette goes to Berlin to carry out the grim assignment of covering the war from that side.

While grim and amazing pages of history are being written, Claudette and Ray are in the midst of exciting new events. They grow more sober, their love grows deeper as the picture draws them together again for its magnificent emotional climax.

The supporting cast is led off by Walter Abel, with Dick Purcell, Dennis O'Keefe, Esther Dale and George Zucco featured.

Flip Breedlove is busy pruning fruit trees.

This is a photo of the calf being fed by Ralph Morrow, a son of Mr. and Mrs. W. H. Morrow of the Martin community. Ralph is president of the Greenhand FFA Group and is feeding his first calf.

## Rites at Groom For Mrs. James

Funeral services for Mrs. Elizabeth Jane James, 85-year-old pioneer resident of Groom, were conducted Monday afternoon at 2 o'clock in the Groom Church of Christ with Rev. Smith, pastor of the Clarendon Church of Christ, officiating.

Mrs. James, wife of the late W. W. James, pioneer stock farmer, died Saturday afternoon at 3:45 o'clock.

Survivors include three sons, W. H. James of Claude, Berry James of Groom, and W. E. James of Pampa; four daughters, Mrs. J. L. Harris of Erick, Okla., Mrs. J. C. Ponnell of McAlister, N. M., Mrs. Meda Reagan of Amarillo, and Mrs. H. B. Bagwell of Groom; and two brothers, H. S. Boydston and W. S. Boydston, both of Groom.

Mr. and Mrs. Bert Ayers and Mr. and Mrs. C. C. Ayers visited in the home of Mr. and Mrs. Emory Morris in Pampa Sunday.

Mrs. Lucy Stogner, who has been ill from a flu attack at her home in Lelia, is much improved at this time, according to reports.

Can you speak any foreign language? Have you had any police, or intelligence experience?

These are samples of questions which all local members of The American Legion and unaffiliated World War veterans will be asked in filling out their questionnaires in the Legions nationwide voluntary national defense registration, Saturday, February 22, Commander Smith of the Aubyn E. Clark Post No. 126 of this city, said today.

The American Legion national defense registration form is one legal size form in length, and contains 28 queries, Commander Smith stated. It contains also a list of 67 specific occupations, professions and trades, which are to be checked by each registrant. A space is provided for writing in vocation not listed. It was not possible to list all possible occupations.

Please bear in mind that this registration is not compulsory, we are only trying as a local unit of the American Legion to co-operate with the National organization and National Commander.

Please do not fail to come to the Antro Hotel any time at your convenience and register, some one will be there to show you what to do.

The American Fellowship Forum represents itself to German Americans in this country as a legitimate group interested in the promotion of better German-American relations. On the contrary, it has as its purpose the advancement of Nazi influence here. "The Daily Worker", official Communist newspaper, has been banned from publication and distribution in England. The same action in our opinion, as well as banning the Nazi publication, "The Free American," should be taken here.

AGAIN LET ME REMIND YOU TO DO YOUR DUTY AND REGISTER ON OR BEFORE FEBRUARY 22nd.

Watch this space every week for further Legion News. B. C. Antrobus, Adjutant.

## ORDINATION SERVICE AT CHRISTIAN CHURCH SUNDAY MORNING

Next Sunday morning, Feb. 23, at the 11 a. m. service an Ordination service will be held for the Elders and Deacons of the First Christian Church.

The Elders of the church are Frank Johnson, Roy Clampitt, G. A. Anderson and two new names have been added: M. G. Cottingham and Frank White Jr.

The Deacons are True Barbee, G. D. Shelly, Earl Eudy, J. W. Sullivan, R. P. Wilson, Walter Morrow and N. Woods.

## WEST TEXAS TODAY WILL CARRY LOCAL STORY

When you open up your March issue of "West Texas Today," official magazine of the West Texas Chamber of Commerce, you will find an interesting story on Hereford production written by D. E. Leathers, the head of America's Most Typical family.

Mr. Leathers was urged to write the story by Max Bentley. The article is based upon conditions in Northwest Texas in general, and beef production via of the Hereford route in particular.

Our readers will find this article most interesting. Be sure to read it.

R. E. and Barney Blair of Carthage visited in the Harry Blair home here Sunday.

Miss Ruth Tucker of Carlsbad was here to spend the week end with her mother, Mrs. J. R. Tucker.

Misses Ruth and Janet Richerson visited relatives and friends in Borger the week end.

Mrs. Harold Bugbee, Mrs. Meredith Gentry and Mrs. Ira Merchant spent Sunday with Mrs. Forrest Taylor in Amarillo.

# Clarendon and West Texas-- CENTER OF The American Cattle Industry and ready to feed the Nation!

GOOD food is as important as good guns. Food for the Army is the backbone of Uncle Sam's fighting forces.

And, IF this nation becomes involved in Europe's war, it is quite probable that a West Texas beefsteak will have much to do with the outcome.

It's tribute to West Texas' FFA, 4-H Clubs, and livestock producers that this region is prepared NOW to meet the national emergency IF and WHEN it comes. Beef is on hand, not on order.

It's an additional tribute to these producers that the quality of West Texas beef has been vastly improved

in recent years to retain leadership in the world market. Both in quality and in quantity West Texas stockmen are setting the pace and now are in a position to be of tremendous service to their country.

The cattle industry means much to Clarendon and all West Texas.

It brings millions of dollars into circulation each year, a part of which reaches every single home in one way or another.

These are some of the reasons why Your Electric Servant gladly joins in making possible a special edition devoted to the interests of the FFA, the 4-H Clubs, and the cattlemen in general. We believe they are the "the salt of the earth", an important factor in the development of West Texas, and an absolutely necessary link in the national defense program.

**WE ARE READY!**

Your Electric Servant is prepared NOW to fill the wartime needs of the country and the people it serves without government subsidies through expenditure of tax funds. The electric industry is among the nation's biggest taxpayers -- and contributes over \$400,000,000 each year to support our local, state, and federal governments.

**West Texas Utilities Company**

MARTIN  
Geraldine Jordan

Sunday school and B.T.U. attendance is doing fine. We are very proud of them. We will have church services next Sunday morning after Sunday school. Rev. Willard, a young Methodist preacher, will hold the services. Mr. and Mrs. George Bain and family of Sunray, Winston Wood of Canyon and Mr. and Mrs. H. E. Hodges visited Sunday in the J. D. Wood home to celebrate Mrs. Hodges' birthday. Mr. and Mrs. Claude Easterling and family, Mr. and Mrs. J. C. Gibbs and family, William Sullivan and Ralph Morrow visited Sunday in the W. L. Jordan home. Mr. and Mrs. Jack Bailey and family visited Sunday in the L. M. Marshall home. Geraldine Jordan spent Wednesday night with Kathleen Brinson of Ashtola. Mr. and Mrs. W. L. Jordan and family called in the Wes Sullivan and Scivally homes Saturday afternoon.

Mr. and Mrs. Earl Easterling of Amarillo visited here this week end. Messrs. Claude Easterling and William Jordan visited Saturday night with Mrs. Catlet. We are glad to report that Mrs. Cattlet is improving some. We hope her a speedy recovery. Miss Nova Cook spent this week end in Amarillo. Mr. and Mrs. George Bulman and family spent Sunday in the C. F. Cannon home of Clarendon. Mrs. Wess Sullivan and daughters were accompanied by Mr. and Mrs. Lawrence Sullivan and son to San Antonio to visit her father who is ill. Mr. Claude Easterling and Earnest Fulton went to Pampa, Monday on business. Mr. and Mrs. C. F. Brown and son of Naylor visited Sunday in the Neely Veazey home. Wayne Morrow took supper Sunday night with Vivian Veazey. Pauline Mays spent Monday night with Fern Scivally. Wayne Morrow, Vivian Veazey, and Mrs. W. H. Morrow went to Memphis Sunday. Mr. and Mrs. W. H. Patrick visited friends in Memphis Sun.

HUDGINS  
Mrs. S. M. Harp  
There were a good crowd out for both Sunday morning and night. Bro. Willard preached at both morning and night. Hope all will come back next Sunday. Those to visit in the W. A. Pierce home of Goldston Sunday were Mr. and Mrs. Wayne Ewing and Sadie Beth, L. C. Tims and Clyde and Mr. and Mrs. S. M. Harp. N. M. McGlone made a business trip to Memphis Monday. The community enjoyed a fruit supper Friday night in the home of Mr. and Mrs. J. C. Perdue Jr. All report a real nice time. Miss Audrey Perdue spent Sunday night with Mrs. Wayne Ewing. Bobbie Hudson visited Sidney Harp Friday evening. Miss Freida Putman of Martin spent Friday night with Miss Floree Talley. Nelta Cowan and Dorothy Hudson visited Mary Nell and Jerry Perdue awhile Friday afternoon. Those to visit in the Boudty home Sunday, Mr. and Mrs. N. C.

Hudson and children and Sidney Harp. Sidney Harp spent Sunday nite with his grandparents, Mr. and Mrs. O. L. Jacobs. Mr. and Mrs. Jimmy Allee and children spent the week end here in the J. L. Talley home. Mr. and Mrs. Jimmy Aufill of Goodnight spent the week end in this community. Mr. Weaver made a business visit to Hedley Monday. Mr. and Mrs. Ewing and Sadie Beth visited in Brice awhile Monday night.

LELIA LAKE

Elbert Bain left Saturday for Fort Sill, Okla. where he will stand an examination for entrance into the air corps. Ross Darby, Don and Sam Tomlinson made a business trip to Claude Tuesday of this week. Andy Davis of the south plains was here over Sunday. Mrs. Andrew Womack of Memphis visited with her sister and family, Mr. and Mrs. Luther Butler, Thursday. Aten Trobaugh of Cutler, Indiana arrived Saturday for a visit with his grandmother, Mrs. C. G. Aten and other relatives. Mrs. Bess Rolf of Clarendon spent last week end with Mrs. Marissa Tomlinson. Mr. and Mrs. John Howard left Saturday for their new home at Anton. Mrs. Will Kennedy, Mrs. Quin Aten, Mrs. C. G. Aten, Misses Moody Aten and Radiance Trobaugh visited in Memphis Tues. Miss Lucy Stogner is quite ill with throat infection. She returned home Saturday from Amarillo hospital. Mrs. Will Mace who has been ill has shown no improvement since Saturday. Mr. and Mrs. C. H. Holland returned Sunday from Groom where Mr. Holland had been for medical treatment. His daughters Mrs. Bonnie Simmons of Gruver and Mrs. Tony Radeitch of Los Angeles, Calif. have been at his bedside since Saturday. Glad to report him improving. Mr. and Mrs. Greer Cottingham of Estelline spent the week end here with their parents. Mrs. Cottingham remained for a weeks stay with her parents, Mr. and Mrs. John Gerner. Miss Alberta Smith and Mrs. Greer Cottingham spent Monday and Tuesday of this week with relatives in Amarillo. Junior B.Y.P.U. of Ashtola gave a program at the First Baptist church Sunday evening. They were accompanied by Mr. and Mrs. Cletus Stogner, Mrs. Stogner being their sponsor. Council Workers of Hall and Donley counties met in an all day session Tuesday at the Baptist church. J. O. Howard and Lon Howard left Monday on a business trip to Anton. Lelia Lake bridge club met with Mrs. Loy Bynum.

The calf pictured above is owned and fed by Johnny Leathers of Clarendon, and who is a five year 4-H Club member. He has been president of the Clarendon 4-H Club, and has been county 4-H Club president. He has twice fed the best calf shown at the Amarillo Fat Stock Show, and last year showed the Reserve Champion there. He has fed two Grand Champions at the Donley County Fat Stock Show. He has three calves on feed this year, and will probably feed three the coming year. He is the son of Mr. and Mrs. D. E. Leathers and who, with his sister Margaret, were adjudged the most Typical American Family in a national contest during 1940.

CHIROPRACTICS CORRECT THE CAUSE OF DISEASE

Did you know that a Chiropractor can make you throw your glasses away with Chiropractic Adjustments?

Most people are not aware of this fact, but it has been proven time and time again. The Adjustment will cause such an impulse of nerve energy from the neck to the eyes that the vision of people will improve so greatly that the glasses they are wearing will be of no benefit to them.

Parents, if you have a child wearing glasses and would like to have them discarded, see me at once. You will pay no examination fee and if I do not correct the defects of your child's eyes your money will be refunded. DR. B. B. HARRIS Phone 35-J Edington Apt's. (Adv.)

WILL INTERVIEW ALL NYA APPLICANTS

Those interested in securing information relative to the advantages of the NYA training, are requested to meet Roy M. Cline in the office of the local Chamber of Commerce here February 21st, from 2 to 5 p. m.

Donley Co. Leader, \$1.50 a year.

CARD OF THANKS

We wish to express our appreciation for the sympathy and kindness shown to us in our recent sorrow.

Mrs. T. L. Naylor and Family.

W. H. Patrick will attend the state bankers' gathering in Fort Worth Saturday.

Miss Eva Patching of Amarillo, spent the week end here with her parents, Mr. and Mrs. F. G. Patching.

NOTICE

To all who know themselves indebted to Drs. Jenkins and Hamm. Please come in to see me at once. I ask this in the interests of Mary and Ruth, daughters of Dr. Hamm now deceased. Thank you.

B. L. Jenkins.

Mrs. Henry Tatum and mother, Mrs. Guy Taylor, were in Amarillo Tuesday.

Donley Co. Leader, \$1.50 a year.

Congratulations F. F. A. and 4-H Boys

We take great pride in offering the very best in quality Beef - - - and in previous years we have purchased and offered Club Calf Beef in our market in order that our customers here would get the Best - - - Higher quality means more Vitamins.

RUSSELL'S MARKET

(Quality Beef for 17 years) IN PIGGLY WIGGLY

GET IN .. STRETCH OUT .. and enjoy a great new ride!

NEW COMFORT was the keynote as we made plans for this year's Ford. Get in, through the new wide doors! Stretch out, in room to spare! Seating width has been increased as much as 7 inches. Knee-room and inside length are greatest in the low-price field. Then take the road and try its ride!

A soft, steady, gliding new Ford ride that takes good road or bad in a satisfying new kind of stride. And notice the quietness of this big Ford! There's news at your Ford Dealer's that's too good to miss! News in comfort. News in value. And news in a "deal" that you'll find easy to take!

GET THE FACTS AND YOU'LL GET A FORD! Ford logo

THOMPSON BROS. CO. & International Harvester Co., Amarillo branch house.

With an eye to giving youths of America practical work experience along vocational enterprises, well equipped shops have been established over the nation such as the typical woodworking shop in Childress, shown above. The Childress shop opened

November 16, 1941, and has since that time been fundamental in a number of Childress youths securing private employment. Indicative of the benefit to the community is the fact that over 300 articles of furniture have been repaired

and refinished for Childress schools, besides desks, chairs, typing cases, costumers, trophy cases, and cabinets, which have been made for city and county offices, NYA area offices and other government agencies.

### "Fair Trade" Act Most Unfair

AUSTIN, Feb. 18.—If the "Fair Trade" price-fixing law is passed by the Texas legislature, it will legalize the very practices which caused payment of \$64,500 in fines by liquor dealers last week, according to N. H. Pierce, Menard publisher.

"Attorney General Gerald Mann caught these distillers and wholesale drug dealers specifying what retail prices liquor dispensers must charge for their bottles," said Mr. Pierce. "He filed suit. This payment of \$64,500 of last Friday was the third such settlement made on the suit. The distillers don't even have the courage to fight the anti-trust laws in the courts, so they are asking for the so-called Fair Trade Act to legalize their price-fixing by

striking down our anti-trust laws. I am sorry to say that the bills have been introduced, and are being given serious consideration.

"If the people of Texas knew the real facts about this scheme to turn the pocketbooks of Texas consumers over to out-of-state manufacturers and distillers, they would overwhelm their legislature with their protests."

Mr. Pierce was one of the first Texas newspapermen to see through the flimsy excuses which are advanced as reasons for asking for retail price-fixing laws.

"Two years ago, this so-called Fair Trade Act had much support both in the legislature and in cities and towns all over Texas because it was so badly mis-named and misrepresented. The newspapers of Texas did a real public service when they publicized the proposal in its true light as a measure to boost prices and fix and freeze them where ever the man-

ufacturers of trademarked articles choose.

"Apparently much of this support has vanished in the glare of publicity. Two years ago, the House Fair Trade Act had 12 signers. This year it has only two, and they both are new members.

"I hope the newspapers will continue to expose this selfish and unwarranted attack on the rights of Texas housewives to shop for and secure bargains. It is their public duty. I know I will in my paper.

"After watching this 'Unfair-to-trade' legislation for two years, I am determined to fight for one thing. I want to see that beautiful name, 'Fair Trade,' changed. I want the law presented to the legislature and to the people of Texas in its true colors.

"It's name should be amended to the 'Retail Price-Fixing Act.' That is an accurate description, and it allows the people of Texas

### MRS. BULLOCK RITES HELD WEDNESDAY

Funeral services were conducted at the Methodist church here Wednesday afternoon for Mrs. Ardena Jane Bullock, aged 61, with the pastor, Rev. J. O. Quattlebaum, Jr., conducting the service.

Mrs. Bullock had no near relatives, but made her home with W. A. Pierce near Goldston, he being among several orphan children whom she had reared.

### FT. WORTH BOOSTERS COMING HERE

Denver agent D. F. Wadsworth announces the trade trippers, the Ft. Worth Kiwanis Club over much of West Texas. Their special will arrive here at 5:18 p. m. Thursday, February 27th. They will make a twenty-minute stop here.

All those who can make it convenient, are requested to be at the depot to meet the visitors.

### VALUABLE BOOK LOST

Somewhere in the Sunnyview community Volume 3 of Compton's Encyclopedia is misplaced. This is one of a large set of books and must be found, else the entire set is practically worthless. The person having this book is asked to kindly give it to one of the trustees, or leave it with Miss Ruth Richerson at the County Superintendent's office in Clarendon.

### GRAIN PROSPECTS GOOD UP ON PLAINS AREA

The high plains are wetter now than for years, during February, M. W. Hatley reported Wednesday. He and Mrs. Hatley were down doing a bit of shopping as is their custom. They are pleased with their wheat, barley and oat field prospects, saying that small grain prospects could not be better.

### GOODMAN INFANT DIES

The infant daughter of Mr. and Mrs. Billy Goodman died here early Tuesday following a short illness.

Mrs. Robert Linder and babe of Floydada are visiting her parents, Mr. and Mrs. C. C. Powell.

to know what kind of a law their legislature is considering."

Help defeat this outrageous Act by writing Senator Grady Hazlewood and Rep. Ennis Favors. Address them at Capitol Station, Austin, Texas. A post card will do, but write it today and help yourself to avoid payment of higher prices for food and other products.

### SURVEY OF WATER IN DONLEY COUNTY

A survey of subterranean water is to be made in Donley County under supervision of the WPA.

Wayne G. Christian is superintendent and is to work under the technical direction of the State Board of Water Engineers.

The survey is sponsored by the U. S. Department of Interior Geological Survey.

The number of wells in Donley County, with the date drilled, the depths of each, and the chemical content of the water in the wells is to be determined in the survey.

### WIDE SPACES BEST

Mr. and Mrs. Bert Haile were down from their Hutchinson county ranch Tuesday visiting friends. Mr. Haile stated that he liked the wide open spaces best, and would remain on the ranch the balance of his days. They resided here during the school days of their children, and a few years over the deadline, he said.

### MC CLESKEY COMPLETES PARKER AUDIT

Geo. H. McCleskey informed the Leader Tuesday that he had completed an audit of the Parker county records, the job requiring some five months. He is making an audit of the Buntin Burial Association this week, the law requiring an annual audit.

### VISIT PARENTS HERE

Mr. and Mrs. Hershel Heath of Amarillo, and Mr. and Mrs. Frank Murray and little daughter Patricia of Hedley, visited their parents, Mr. and Mrs. Grover C. Heath here Sunday.

### UNIVERSITY TRAINING FOR DEFENSE

AUSTIN, Feb. 18.—Approximately 50 University of Texas engineering seniors will be offered naval reserve commissions at graduation.

To provide experts in ship construction, marine engineering, and similar fields in the nation's two-ocean fleet building program, commissions as ensign and immediate employment will be offered 20 per cent of the senior class, Captain H. W. Underwood, commandant of the University's Naval R.O.T.C., announced today. Junior students may receive probationary commissions, to take effect at their graduation, Captain Underwood said.

The Texas commandant pointed out that naval personnel must be tripled in the next four years to man the increased navy program. Student engineers are receiving similar offers in 39 colleges throughout the nation.

### ATTEND FUNERAL RITES OF GRANDFATHER

Confined to his home from a pneumonia and flu attack some three weeks ago, Mr. Weatherly has continued to be seriously ill. His children were called home last week. At this time, he is said to be showing some improvement, but not as much as those interested would like to see.

Mr. and Mrs. Mack Spurgeon attended the 54th wedding anniversary of his parents at McKinney over the week end.

Mrs. Frank White, Jr. visited her mother in Amarillo Monday.

A Common Paper for Common People

## White Sands Still Hold Secret of Prosecutor's Disappearance

The shifting white "no man's land" of New Mexico's White Sands near Alamogordo still hold the secret of the mysterious disappearance of Colonel Fountain, prosecuting attorney for Lincoln County when it covered most of the southern part of the state, old time residents recalled today.

Colonel Fountain had closed court in Lincoln, where he had vigorously prosecuted cases involving cattle thefts and brand obliteration, and spent a few days in La Luz, N. M., before making the trip along the edge of the White Sands and over the Organ Pass to his home in Las Cruces.

He started from La Luz one morning, accompanied by his small son. They vanished into the dazzling desert and never were heard from again.

Friends of Colonel Fountain took up his trail with the thought that a gang of cattle thieves had murdered him and his son because of his activities in the Lincoln courtroom.

The rescue party came upon a group of cowpunchers between El Paso and Alamogordo. After a heated argument, bullets began to fly.

The warring groups leaped to opposite sides of a galvanized iron tank. After a few shots were fired through the tank, the battle subsided and the cowpunchers fled. They later gave themselves up to A. B. Fall, then district judge who lived at Three Rivers, N. M.

In the party sent out to Rescue Colonel Fountain was Sheriff Pat Garrett.

No one ever was arrested and no complaints were filed in the

disappearance of Colonel Fountain.

## GOVERNOR FAVORS 14,000 POUND LOAD LIMIT LAW

Governor W. Lee O'Daniel last week took his appeal for a 14,000 pound truck load limit law direct to the people.

In his regular Sunday morning radio broadcast, the Governor said that the "cards are being stacked against our common citizens."

"As illustration," the Governor said, "let me say that there are thousands of our good honest farmers of this state who have been deprived for many years of the right to haul a load of their own cattle and sheep, garden products, fruit and other produce past a railroad station if it weighs 14,000 pounds, and these honest citizens want the right to pass the railroad stations with their 14,000 pound loads, which is a lawful load on any mile of our Texas highways, except when passing a railroad station."

## NYA AIDS TO AVIATION

NYA Administrator Williams said in his annual report that NYA programs designed to aid aviation phases of the national defense program have resulted in 6 new airplane landing fields and improvements to 14 others; setting up 96 new seaplane-landing facilities; establishing 3,400 airport boundary markers, and placing more than 1,000 airway markers.

The above calf is the prized beauty of H. C. Shaw who has been responsible for the feeding of his calf. H. C. has been a 4-H Club member for the past three years. He has two calves on feed for this year's show, and plans to feed two more for the coming year. H. C. is a hard worker and makes good in all his demonstrations.

## WAR PROFITEERS LOOM ABOVE HORIZON

House Bill No. 280 sponsored by Rep. Craig of Miami, and a fellow named Cato from down state, both "first-termers" in the Legislature, proposes to set a price that the consumer will have to pay. The law, if enacted, will not set a price, but it gives the authority of price-setting to the manufacturer. That means that the manufacturer in other states could lower the price to where the Texan, and would be forced out of

business. Once out of the way, the outside party would raise the price.

The Bill proposes to do away with the Anti-Trust law of Texas, one of the most valuable safeguards that Texas citizens have ever had.

Write Rep. Ennis Favors, Austin, Texas and tell him that you don't want a law like that. Tell him that Texas people want competition in retail prices. If the proposed Bill becomes a law, chain stores will dictate the prices on what you purchase to eat, use and wear.

The Editor.

## Highway Map Is Best Yet

AUSTIN—The 1941 spring edition of the Texas Highway map issued by the Texas Highway Department is now available to the public. The cover of the spring edition is a natural color photograph picture showing a sunrise scene on the Gulf Coast of Texas, and the new map shows all State highways, cities and towns, and, as with every issue of the map, shows that pavement has been placed on many unpaved gaps since the last map was issued in the spring of 1940.

The map is free to the public and copies may be obtained by writing the State Highway Department at Austin, or any of its District Offices. A post card will do.

## NOBLE HORSE PICTURED IN BRONZE

AUSTIN—It's art, but it's realistic too—the seven-ton bronze monument to the Texas mustang that will soon be erected on the University of Texas campus.

The statuery—gift of Ralph R. Ogden of Austin, oil man and cattleman—depicts a stallion, five mares and colt galloping down a Texas hillside.

Modeled from actual cowponies on a ranch near Hebronville, the monument was executed by A. P. Proctor, noted New York artist and one of America's outstanding western-life sculptors.

Almost ready for casting, the statuery will be erected in front of Texas Memorial Museum in June, Dr. E. H. Sellards, director, has announced.

## ULSTER COUNTY GAZETTE IN SAME FAMILY OVER 100 YEARS IS SHOWN HERE

### POOR MAN GIVEN BREAK IN BILL NOW PENDING

A man sentenced to the penitentiary would be given the benefit of the time he has been in jail pending transfer to prison under a bill introduced in the Senate by Senator George Moffett of Chillicothe last week.

The bill, Moffett said, is designed to take care of the "poor man" who can't afford a bondsman or has nobody to make his bond.

"Suppose," said Moffett, that two men are sentenced and both desire to appeal their cases. A man who has money can go out on bond whereas the man who has no money has to stay in jail.

"It takes the court of Criminal Appeals approximately a year to reach the case of appeal," Moffett said in his supposition, and then the judgment is affirmed and the men go to prison. The man with money has been out on bond and has only to serve his penitentiary sentence, whereas the other man has already been in jail a year, making his term actually two years.

University of Texas Engineers announce invention of a new fruit and vegetable freezer to help farmers preserve produce for an all-year market. The machine uses ice crystals which heretofore clogged freezing apparatus of the immersion type of refrigeration.

An Ulster County Gazette, date January 4, 1800 was brought to the Leader office Tuesday by J. N. Riley of the Sunnyview community. The article is owned by his step mother, Mrs. J. A. Riley, who came into ownership of the paper 47 years ago. It was given her by an aunt who acquired the Gazette shortly after its publication, Mrs. Riley stated.

One news item relates that "the Germans have taken Frankfort and Manheim and are marching on Strassburg." This war news relates to the Napoleonic war.

The issue is printed on paper of a peculiar texture, very thin and has silk threads between the layers as does our greenbacks. Or at least it looks that way.

Since this was the first issue after the death of George Washington, heavy border is used between the columns, and around the inside pages. Much of the reading matter refers to Washington's life and achievements.

### REP. DEAN PROPOSES NEW LIQUOR BILL

Representative Dean of Floydada has introduced a bill in the legislature requiring druggists who sell liquor on prescription to make weekly reports to the county clerk giving the name of the person to whom the prescription was given, the nature of his illness, and the name of the physician writing the prescription.

Rev. Wylie of Canyon preached at Giles Sunday.

**On Your  
Sixth Annual  
Donley County  
Stock Show**

Stock feeding is an industry that affords a home market for both stock and feed, and employment for those engaged in the work. It is a "farm pay roll" that means success when properly handled.

You young fellows are doing a mighty fine work in finishing off the best in Herefords, Hogs and Sheep. You offer proof of a possibility within the reach of most any stock farmer.

done. Nuts, berries, and fish likewise contributed to the menu."

Q. How many grades per room are permissible in Texas schools?

A. Not more than two grades for each room may be permitted.

Q. What is the maximum number of students that should constitute a laboratory group?

A. A laboratory group should be limited to twenty-four pupils in a Texas school.

Q. Where may persons get proof that their ancestors came to Texas during the Republic in order to qualify for membership in the Daughters of the Republic of Texas?

A. Bascom Giles, Commissioner of the General Land Office, says that the Spanish Archives and early collections of records in his office will provide a great deal of this proof and that such information is available to those who desire it.

### DO YOU KNOW TEXAS?

A reader of this newspaper can get the answer to any question of fact about Texas by writing A. Garland Adair, Curator of Patriotic Exhibits, Texas Memorial Museum, Austin, Texas.

Q. In accredited schools is it permissible for the regular classroom teacher to relinquish her work entirely to a practice teacher?

A. No. The regular teacher is required to remain in the classroom and must be held responsible for the standard of work.

Q. Were patents of inventions by Texans during the Republic kept in the General Land Office?

A. No. Bascom Giles, Commissioner of the General Land Office, says that patents to lands granted settlers by the Republic of Texas were kept in the land office, but the office today has no records of patents being granted for inventions.

WHAT'S IN A NAME? L. C. Chamberlain, editor of the Burnet Bulletin, says that "Burnet County was named for David G. Burnet, first president of the Republic of Texas. The county was organized in 1852. The town of Burnet, county seat of Burnet county, was first called Hamilton but was changed to Burnet in 1858 also in honor of David Burnet."

ODDITY: Early Texas newspapers report that the body of Ben Milam who was killed early in the Texas Revolution, and one leg of Thomas William Ward, which was blown off in the Battle of Bexar, are buried in the same grave and that equal military honors were done each at the funeral.

FACTUAL: "The earliest inhabitant of Texas was a hunter as is shown by the animal bones found in his old camping places," writes Carl Chelf, curator of Anthropology and Geology of the Texas Memorial Museum. "But in Texas and to the west there is evidence that the early hunter also found food in other things. Along with his tools of chipped stone for killing game, cleaning and preparing it for food, there have been found grinding tools. These were likely used for the preparation of edible plants, such as a moist climate of that time would have provided in abundance; they could also have been used for the preparation of meat after it had been dried just as recent tribes are known to have

### STUDENTS NOT SO DUMB AT STATE UNIVERSITY

AUSTIN—Sign-language is an open book to 15 University of Texas men, after their University classes are dismissed, cross town to the Texas School for the Deaf where they assist in the education of 250 deaf boys.

The University students live at the deaf school, and earn their own college expenses by doing such chores as chauffeuring, conducting study halls, directing playground sports, correcting written work, and acting as guides and interpreters for groups of deaf students on sight-seeing tours and theater parties.

### Don't Send Money by Mail

The sending of foreign bank notes and coins (not gold) by ordinary mail to private institutions or individuals is a violation of the law under regulations issued by the Custom House Commission of the Treasury Department. Where such action is discovered, the regulations provide for confiscation of the notes and coins. This is in accordance with Art. 10 of Decree of Aug. 30, 1932.

A confirmed flatterer gets pretty tiresome after a while but we admit we can tolerate him longer than we can a confirmed fault finder and crabber.

### Steel Cavalry Bounds Into Action

Speed shot at Camp Holabird, Maryland, during tests on new Light Reconnaissance and Command Cars for United States army. They carry machine gun and crew of three men at approximately 60 miles an hour. Can climb steeper hills than tanks. The Ford Motor Company, which built the ditch-jumper shown above, has an army order for 1500 of these units.

### Construction of Tank Arsenal Is Proceeding On Schedule

Heavy snowstorms and low temperatures, usually serious handicaps in structural-steel operations, have failed to retard progress on construction of the tank arsenal being built by the Chrysler Corporation at Detroit, Mich., and work is proceeding on schedule, the Secretary of War announces.

The arsenal, the largest of its type in the world, is expected to cost \$20,000,000. The War Department already has placed an order for 1,000 twenty-five ton tanks at an estimated cost of \$83,500,000.

### Indians Fleeter Than Deer

In the mountains of Northern Chihuahua City, capital of the state, lives a tribe of Indians known as Tarahumaras. These aborigines, slender and of great physical stamina, are reported fleet enough to run down a deer. The tribe has a population of 10,000 to 15,000. It has kept its blood line pure, refusing to mix with other races.

### FARM YOUTHS LEAD IN STATE U. LIST

AUSTIN—Texas may be rapidly changing from an agricultural to an industrial state, but you'd never guess it to ask the University of Texas' 11,000 students what kind of money sends them to school!

For farmers' sons and daughters outnumber those from any other occupational environment, a recent registrar's survey reveals.

Last year, for example, 953 students listed their parents' occupation as farming. Merchants' children came second, 789, while lawyers' and salesmen's offspring ranked third and fourth, 506 and 502, respectively.

Ranchers, cattlemen and stockmen sent 401 students to the University.

A total of 154,096 bales of cotton had been ordered from the Surplus Marketing Administration for use in the Department of Agriculture's cotton mattress demonstration program, as of December 1st.

### 35,000-ton Battleship In Full Commission April 11, More Than Two Months Ahead of Schedule

The Navy announces that the 35,000-ton battleship North Carolina will be placed in full commission on April 11—more than 2 months ahead of schedule.

She will be the first U. S. battleship to be placed in commission since December 1, 1923.

The North Carolina, built at the New York Navy Yard, carries nine 16-inch guns and a heavy battery of anti-aircraft and secondary broadside guns, and is equipped to carry three aircraft.

The 704-foot warship will join the fleet sometime in July, the Navy announces, and will be under the command of Capt. Olaf M. Hustvedt, of Decorah, Iowa.

### Peanut Crop

More than 32,000 tons of White Spanish peanuts have been bought from Texas farmers during the past harvest season by the Southwestern Peanut Growers Association, a company that was organized in 1937 and that maintains storage warehouses in twenty-one Texas towns.

Total tonnage so far bought has enriched approximately 7,500 growers by \$2,500,000, most of the growers being in the West Central Texas area. Current tonnage, more than treble the tonnage of last season, is expected to rise near the 40,000-ton mark before all the crop is moved.

**NEED FOR 325 ADDITIONAL ARMY NURSES BY FEBRUARY 15**

The War Department announced January 29 that 325 nurses will be required by February 15, 1941, for immediate assignment to duty in staff hospitals at the following Training Centers which will be occupied by troops by the early part of March:

Fort Devens, Mass., 120 nurses; Indiantown Gap, Pa., 85 nurses; and Camp Forrest, Tenn., 120 nurses.

Full information concerning eligibility for appointment to and assignment in the Army Nurse Corps as a Regular or Reserve nurse may be obtained by writing to the Surgeon General, United States Army, Washington, D. C.

Whether you own a car or not, your loved ones are jeopardized daily by the reckless driver. If a standard driver's license law will minimize this danger in Texas as in other states, we need such an enforceable law just as quickly as we can get it.

**Geronimo Monument**

Marking the surrender of the southwest's most notorious character this monument to Geronimo, Apache Indian Chieftian, is to be found on the Mexican-United States border near Apache on U. S. Highway 80 in southeastern Arizona. The monument is almost in the shadow of mountains of northern Mexico to which Geronimo and his band of marauding outlaws fled when pursued by troops of United States Cavalry.

**STRICT DRIVERS LICENSE LAW DEMANDED**

An amendment to the Texas Drivers' License law, which would make the law conform "to the standard law now in operation in the majority of states," will be introduced at the coming session of the Legislature by Rep. Clinton Kersey of Bridgeport, he announced last week.

"Texas," said Kersey, "is not going to reduce its ghastly loss of life from traffic accidents until the Legislature passes modern traffic safety laws."

"A standard drivers' license law will remove from the highways the drunken driver, the chronic violator and dangerous

drivers who now account for the greatest percentage of accidents."

Kersey said that since the convening of the last Legislature "more than 3,000 Texans have been killed in traffic accidents. Nearly 90,000 other Texans have been injured."

"A drivers' license fee of 50 cents a year not only will provide for proper enforcement of the law, but from it the Texas Highway Patrol can be raised to adequate strength," Kersey said.

Two hundred of the world's oddest gavels—gift of John Nance Garner to the University of Texas—will be housed in "Garner Room" at the Texas Memorial Museum in Austin.

**Rare Copy of Old Primer Found**

WASHINGTON—A rare copy of the "New England Primer", from which children of Revolutionary days learned the classic "Now I lay me down to sleep. -" entering Uncle Sam's great book collection.

Archibald MacLeish, the poet-author librarian of Congress, announced today the acquisition of 86 rare American children's books of the period 1775-1850, given by Frank J. Hogan of Washington, former president of the American Bar Association and a noted book collector.

The gift includes several volumes believed unique, among them "Cock Robin's Death and Funeral" published in Boston in 1780.

The New England primer is the book with the famous alphabet in Biblical rhyme, running from "In Adam's Fall We Sinned All," to "Zacchaeus He Did Climb a Tree, His Lord To See." This copy is from the 1775 Providence, R. I., edition.

A child had to be pretty smart even to get through the title page of some of the books. One of the typical long-winded titles popular in the period that appears in the collection is:

"Gaffer Goose's Golden Plaything; Being a New Collection of Entertaining Fables. Intended as a Present For All Those Good Boys and Girls Who Behave According to the Following Rules, That is Do as They are Bid, Come When They are Called, and Shut the Door After them."

**1941 Immigration Quotas**

Immigration regulations for 1941, as published recently in the Diario Oficial, government gazette, permit unlimited entry to Mexico of nationals from Spain and the countries of North and South America. The quota for other nationals for the year is fixed at 100 for each country. Due to present world war conditions, the Minister of the Interior is authorized to refuse migration permits to Mexico wherever deemed desirable in the best interests of the country, to cancel permits already granted, and to designate the places in Mexico where incoming foreigners may reside.

Jack Lewis of Lelia Lake, owner and feeder of the above calf, is a first year lad in 4-H Club work. He has two calves on feed this year, and plans to feed two more for the coming year. Jack likes stock and will be a hot contender in the contests in the years to come.

**TEXAS OIL FOR DEFENSE**

An advertisement of the Texas Mid-Continent Oil Association published in many Texas newspapers reminds that the State's abundant oil resources are more than adequate for national defense requirements in motor fuel and lubrication.

Not only are vast reserves stored away under ground against any emergency but also sufficient stocks of high grade aviation gasoline and lubricants are assured by Texas refineries. This situation is in marked contrast with that of Germany, which at present is dependent upon the limited Rumanian fields, the uncertain Russian supply and synthetic fuels manufactured within Germany. In the event this country were forced into war, it would have a distinct advantage over the aggressors through its possession of oil which is vital for modern mechanized warfare.

From the standpoint of the aggressors led by Germany, Texas oil abundance has another meaning incident to their scheme of conquest. Texas would be a rich prize for a Germany triumphant over Britain, and its oil fields alone would be adequate for servicing the Nazi war machine and later Germany's huge industrial system. Thus, the vast natural resources of this State

serve as an invaluable asset for national defense, but would become an invitation for aggression should Britain be defeated. Texas, therefore, has much at stake in the survival of Britain.

**STATE HELD FOR HIGHWAY DAMAGES**

The Supreme Court last week established the precedent that the state is liable for damages to property such as might be caused by the construction of a highway. More than 100 cases involving the same question are pending in trial courts.

The precedent was in the suit of W. S. Hale and wife which has been in litigation since 1927 in several different phases. The Hales claimed their Leon County farm was badly damaged by the overflow of a creek resulting from the construction of a segment of highway.

While the state has "the unquestioned right to take, damage or destroy private property for public use," the Court said, that power is "subject to the right of the owner for adequate compensation." The Court rendering a decision for Hale awarded him damages of \$13,500 as the value of 500 acres of farm lands allegedly ruined by the overflow; but left the judgment open in case the Hales could prove a greater damage.

### NYA Stresses Use of Raw Materials

CHILDRESS—Utilizing the value of native raw materials, girls between the ages of 16 and 25 are preparing for private employment or homemaking in the National Youth Administration's project in the basement of the county court house.

Opening July 10, 1940, with equipment consisting only of two copying saws, one vise, two clamps and one set of wood carving tools, the girls have advanced from restricted arts and crafts work to spinning, weaving, dyeing, making window shades, venetian blinds, and rugs to a high degree of wood carving.

Highlights in the wood carving department are the wall hangings and attractive chairs. One wall hanging, "The Covered Wagon" is valued at \$50.00. The chairs reach a value of \$150.00 each, although the average cost to the project was less than \$10.00.

Designed in relief, the chairs range in pattern from traditional to conventional and are intricately carved on legs, rails and backs. Each chair is modeled differently, including the tooled leather, upholstery, ranging from russet to natural color.

Cutting, tooling and stamping of steer and calf skin, is stressed on the program, in keeping with the great western resource, the cattle industry.

Three looms and a spinning

### Childress NYA Girls Learning Use of Native Materials

wheel are used in the weaving department. Most parts of the looms are made in the boys wood working shop. The latest which was constructed of apple boxes, fishing line and a reel at a cost of \$1.00. The spinning wheel is an old bicycle wheel with an ice pick spindle.

Thread is spun from lint cotton, secured at local gins, and shaded by dye made from beargrass, Bermuda grass, tree bark, elm tree leaves, sawdust and onion skins. The two or three ply thread is used by the girls to make draperies, scarfs, and upholstery material.

In the sewing division, over 100 pairs of cotton twill overalls,

which will be used by NYA boys over the district, have been completed. White uniform serving jackets and aprons to be used in the dining room or the resident center project at Canyon, and many pillow cases are now being prepared. In addition much work has been done for the Childress County Red Cross unit. Several shirt waist dresses have been finished in this line of work.

Burlap is the only fabric material that has been used to a large extent and from this fabric many types of rugs, window curtains, and luncheon sets have been made. Nearing completion now is an 8x12 foot hooked rug of many colors which will be used in the Amarillo Area NYA office. Burlap also is used to make artistic window drapes. With the use of the common Irish potato designs can be printed for the finished product. A design is cut from the potato and a mixture of oil and paint applied. The vegetable is then used as a stamp.

Another form of window coverings consists of a native beargrass or cattail blades. Woven together the blades are converted into blinds on the venetian blind pattern and stamped burlap finished an attractive window.

Beautiful and useful articles for

the home have been made from gypsum rock. Among these are book-ends and desk sets. The metal unit of the project has produced beautiful candlestick holders, desk sets and costume jewelry from tin cans which are hammered violently to give a silver effect.

Useful and modernistic dresser stools and chairs have been made from nail kegs, while novelties of costume jewelry have been made from Yucca beans, golf tees, ping pong balls, macaroni, corn, mesquite beans and various types of acorns.

An additional phase of the girls work will open in the near future when the cooking unit is installed in the recently completed Community Center building at the Fair Park. The new unit will afford training in home economics, cooking, canning, etc.

At present, one-hundred and twenty-four girls are employed under the super-vision of Miss Zudie Mae Bible who is assisted by Mrs. Ardis Sanders and Mrs. Walter Thompson. The girls payroll alone amounts to over \$2,000 monthly. The County of Childress sponsors the program and contributes \$40.

Besides the work experience provided by the National Youth Administration, many of the girls obtain private training under Mrs. Thompson.

A number of the youth employees have found private employment through the experience gained on the project. Recently one girl was placed with F. W. Woolworth Company as a window trimmer and another received employment tinting pictures in a studio.

Mrs. A. E. Ranson of Giles is slowly recovering from an attack of flu that kept her confined to her bed for several days.

### Farmers Urged To Grow More

Farm families in Donley County are being urged to join in a cooperative purchasing association to acquire their garden seeds for use this spring, according to Lois Waggoner, home management supervisor and John Burch, rehabilitation supervisor for the Farm Security Administration.

Last year hundreds of farm families in this part of the state cooperated with their seed purchases. In addition to saving a great deal of money, this cooperative enterprise resulted in the families having a better variety of foods in the diet.

"The standard packages of garden seeds contain sufficient amounts as estimated to meet the need of the average family for fresh, canned, and stored vegetables," Miss Waggoner said. "Moreover, the varieties are selected to suit the local climatic and soil conditions."

Some of the advantages of group purchase of seed, as outlined by Miss Waggoner are:

1. This program applies to every farm family in the county, no matter what the circumstances.

Lambs, did you say? Yes sir, this is a fine sample being fed out by H. C. Shaw, son of Mr. and Mrs. Harvey Shaw of the Windy Valley community. H. C. is a first year Vocational Agriculture student, and is feeding his first lambs.

2. It has been an effective method of introducing a better variety of foods in the family diet.

3. Seed on hand at planting time eliminates the fear of late planting due to the lack of seed or money at garden planting time.

4. Standard packages of seed secured for germinated tested seed and reliable houses not only insures good quality seed, but reduces the cost materially. Many of the standard packages delivered last year at a cost of from \$2.00 to \$3.00 would have cost \$8.00 and up had they been purchased individually.

Miss Waggoner said that when the home garden plan for Donley County had been completed, the purchasing committee, composed of local farm men and women, will contact local dealers for reputable seed houses, and secure bids for a sufficient number of packages to supply all cooperating farm families in the county as recommended by the State

Extension Service and in cooperation with the local county agent. Care will be taken to secure seeds of proper germination value and quality.

Miss Waggoner emphasized the fact that every effort will be made to purchase the seeds through local dealers. "Although the local representatives of the Farm Security Administration do not enter into contracts with dealers or merchants relative to group purchases," Mr. Burch said, "we do encourage the farm families with whom we are working to do their trading with their home merchants."

The Farm Security Administration is assisting 110 farm families in Donley County. The cooperative purchasing project is not confined to these families, but is open to every farm family in the county. All those interested in the group purchase of garden seeds should contact the local FSA office immediately.

The live-at-home program is one of the major goals of the FSA for all families which it is helping. Last year 15 FSA families received awards for having produced at least 75 percent of their living at home.

"No farm plan is complete without a good garden," according to Mr. Burch. "Money saved on food purchases is money in the bank, and of course good gardens contribute very materially to a family's health," he said.

Sports-minded University of Texas co-eds are disproving the old axiom that "girls are sissies." Entries in women's intramurals at the State school this winter—competitive sports between student clubs—have totaled 4,134 to date.

Donley Co. Leader, \$1.50 a year.

Take a look at this beauty being fed by Harice Green, son of Mr. and Mrs. J. W. Green who reside in the Martin community. Harice is a Lone Star Farmer, and was a member of the 1940 State Championship milk judging team. This is Harice's second year as a calf feeder.

Trade Act was ruled 'in conflict' with our anti-trust laws. 'Inconsistent' is a broader term than 'in conflict.' If this proposal passes, Texas may lose its greatest defender of the common people against exploitation, our anti-trust laws.

"The first section of the bill reads: 'That the buyer (retailer) will not resell such commodity except at the price stipulated by the vendor.' That clause previously read 'minimum price' and 'producer,' rather than 'vendor.' In this case, 'vendor' can mean either wholesaler or jobber as well as manufacturer. This means that if manufacturers refuse to boost prices, wholesalers and jobbers can do so.

"The obvious intent and purpose of so-called Fair Trade has always been to fix and raise prices to the consumer by invalidating one section of the anti-trust laws. In this bill, the price-fixers have come out into the open. By disregarding the pretext of 'minimum price,' by delegating price-fixing power to the wholesaler and jobbers as well as the manufacturers, and by this direct attempt to repeal the anti-trust laws, they clearly indicate their confidence that the Texas legislature will do their bidding. I don't believe it will and if the people of Texas awake to their danger, I know the legislature will refuse."

As a consumer, if you don't want to see prices raised, you can help by writing even a post card to Rep. Ennis Favors and Senator Grady Hazelwood. Address them at Capitol Station, Austin, Texas.

A sincere deacon had an unfortunate habit of bellowing. He was especially loud during his public prayers. After one of his loud prayers during which the rafters were almost put into vibration, a little girl who was present whispered to her father, "Father, don't you think if he lived nearer to God he would not have to talk so loud?"

### Food Law Will Boost Prices Food Stuff

AUSTIN—An analysis of the so-called Fair Trade Act introduced into the Texas House yesterday by Reps. Arthur Cato of Weatherford and Richard Craig of Miami reveals that:

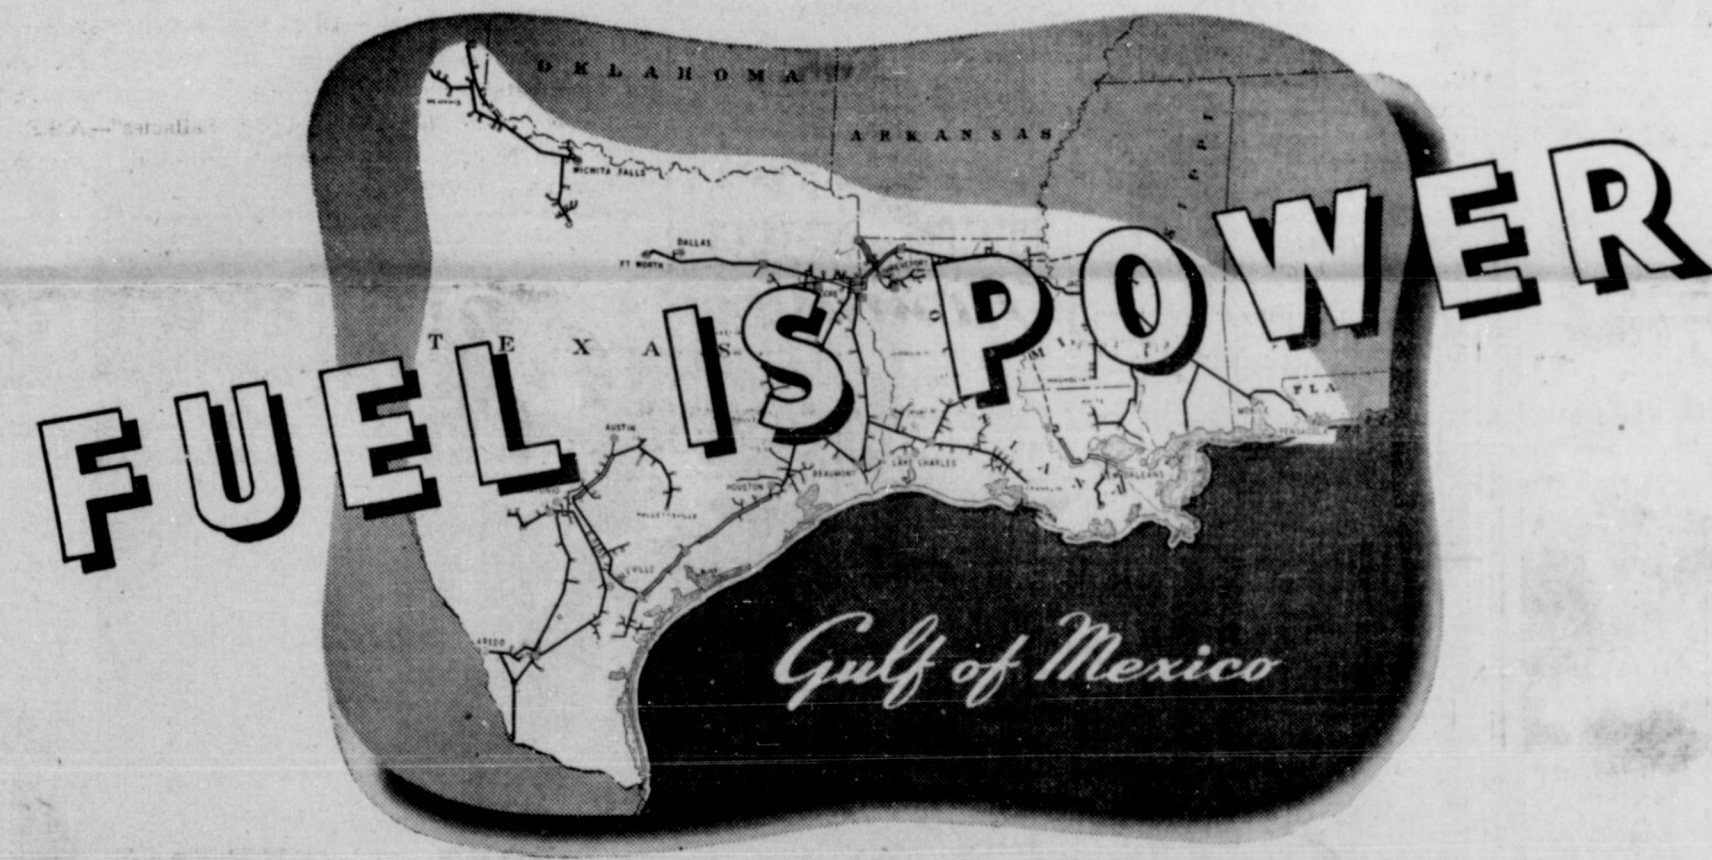

1. It contains a repealer clause against the Texas Anti-Trust laws.
2. It delegates not only to manufacturers but also to wholesalers and jobbers power to fix retail prices without the consent of retailers.
3. It provides not for 'minimum

price' as did previous price-fixing laws but actually confers power to fix an exact price. The price at which articles must sell to manufacturers, wholesalers and jobbers.

"This is the most outrageous attack on the rights of the consumers of Texas in our legislative history," Jim Carroll, secretary of the Texas Merchants Association, said in releasing the above analysis.

"PM, New York City's non-advertising and impartial newspaper, has just concluded a series of stories showing how that state's so-called Fair Trade Act has drained millions of dollars yearly from New York consumers by inching up prices. This will happen in Texas unless free and competitive selling remains.

"Section 5 of this proposed Fair Trade Act reads: 'All laws or parts of laws inconsistent herewith are hereby repealed to the extent of such inconsistency.' Two years ago a proposed Fair

## ...to turn the wheels of Defense Industry!

★ Ultimate success in the activities of war or peace depends on ENERGY!

★ Today in the Gulf South it is the clean, blue flame of Natural Gas whose energy turns the wheels of thousands of factories and plants. Natural Gas has created new industries, given new life to old ones . . . brought forth new products for the nation's enjoyment and use.

★ This Gulf South area, rich in Natural Gas, has an important opportunity and a grave responsibility to serve the nation in the national preparedness program.

SALES CLARENDON, TEXAS SERVICE

Joe Wayne Dilli, owner and feeder of the above calf is really proud of his product. Joe Wayne is a first year 4-H Club member. He has one beef calf on feed this season and plans to have two next year. He is a hard worker and cooperates to the fullest extent. He will furnish lots of competition in the coming years in both calves and swine.

### More Cotton Goods But Less Cotton Acreage

Texas farmers are expected to take full advantage of the supplementary cotton program which will compensate cotton farmers for voluntary reduction of cotton acreage below the 1941 national acreage allotment by providing them with cotton stamps for the purchase of cotton goods.

Commenting on the supplementary program announced Monday in Washington by Secretary of Agriculture Claude R. Wickard, George A. Slaughter, chairman of the state Triple-A committee pointed out that for the

past several years Texas farmers have not planted up to the total allotment for the state.

The supplemental program is expected to bring about a reduction in 1941 cotton production of around 1,000,000 bales and at the same time help reduce further the government's holdings of the cotton surplus which now amount to nearly 12,000,000 bales. "Basic conservation and parity programs already in effect under the AAA will be in no way changed by the new voluntary program," Slaughter said.

Administering the program will be a responsibility of the Triple-A and the Surplus Marketing Administration will provide and redeem up to 25 million dollars worth of cotton stamps which farmers will receive for their voluntary reduction below their in-

### Pectinate Plant

McALLEN.—Nearing completion southeast of McAllen is a plant of the Universal Colloid Company, Inc., where for the first time in the history of America vast quantities of grapefruit peel will be utilized exclusively in the commercial production of metallic pectinate, a bactericide, that is colorless, odorless, tasteless, and appears like mica.

The substance, which will be formed by the addition of a metal to pectin derived from the peel, will be used in canned goods, soft drinks, meat loaves, dairy products, and other foods as a preventive against disorders for which it is recommended. The plant will be staffed with twelve trained chemists, will be operated on a twenty-four hour schedule, and will process approximately forty tons of grapefruit peel a day. The sum of \$500,000 has gone into its construction and provision for operation.

dividual allotments. In cooperation, the Extension Service of A&M College will carry on an intensive educational program to help cotton producers obtain the greatest benefit from the provisions, according to H. H. Williamson, Extension Service director.

Farmers will receive stamps for planting less than their 1941 allotments or their 1940 measured acreage, whichever is lower, at the rate of 10 cents a pound times the normal yield of the underplanted acreage up to \$25 per family in the case of sharecroppers, tenants, and owner-operators. The new program is to be accompanied by an intensive campaign to encourage improved living standards through more gardens and food and feed production for home consumption.

### Trench Silos Are Popular

COLLEGE STATION—Enough silage is buried in Texas to make a dam 15 inches thick across the Grand Canyon at an average place, says E. R. Eudaly, Extension Service dairyman for Texas A&M College. The mighty gash in the earth in northern Arizona averages eight miles in width and 5,000 feet in depth.

There were approximately 38,000 silos in Texas at the end of 1940, with an average capacity of 115 tons each the specialist added. Translated into weight it gives 4,294,135 tons.

This colossal pantry contains enough to feed approximately 2,000,000 head of dairy cattle in the state for 143 days, which is the average period cattle are fed in Texas during the winter. But dairy cattle do not get it all. Beef cattle, sheep, horses, and even chickens, now are getting some of the silage.

Some of nearly every kind of feed known is stored in these trenches. The greater part is grain sorghums, sweet sorghums, corn, sudan and Johnson grasses. Mixed with these staple foods are threshed grain sorghums, grain sorghum heads, ear corn, ground ear corn, threshed barley, beets, carrots, alfalfa, clover, cowpea vines, peanut vines, with and without the nuts, prickly pears, tumble weeds, sunflowers, and grapefruit rinds and pulp.

From this reserve a cow can set her table with grapefruit for breakfast, a big assortment of vegetables for dinner and pears for supper.

Eudaly said there was one case on record of trench silage keep-

### Champ Leaps Car at Sports Carnival

With the greatest of ease, Alfred Orhn, former national ski champion, startles the queen's "court" at the great Winter Sports State Park at Grayling, Michigan, by leaping over a Chevrolet Sedan. Miss Yvonne Bradley (third from the right) has been elected Snow Queen and, with her court, welcomes the colorful crowds of winter sports fans who arrive by the thousand in automobiles and snow trains. Six steel toboggan slides and acres of skating rinks are now in operation, and three ski towers and 75 miles of marked ski trails are planned for this huge winter sports development under the supervision of the National Park Service and the Michigan State Park Department.

ing for 20 years. "There are lots of cases, too, where it has been kept seven to ten years."

"The trench silo means feed insurance," he added. "The thing that has played the most havoc with the livestock business in Texas has been the periodical

shortage of feed. We can never stabilize it until first we stabilize the feed business. The trench silo provides the means of doing that."

One tree can make a million matches; one match can destroy a million trees.

The artist kissed his model: "I bet you do that to all your models," she said.

"No," he replied, "you are the first."

"How many models have you had?"

"Four," he said, "an onion, a banana, a rose and you."

## WE CONGRATULATE THE F.F.A. and 4-H Club Members

This bank being the oldest in Donley County and connected with the ranchers and farmers over a long period of time, feel we are qualified to realize the inestimable value your projects are to the community. And in the future we will be glad to help you in any way that is within our power. We would like for you to visit us any time you desire.

**CCC ENROLLEES TO HAVE PART IN NATIONAL DEFENSE PLAN**

Announcement is made by Mr. J. S. Murchison, Executive Director, State Department of Public Welfare, that four additional CCC enrollment periods will be held each year.

"Beginning in February," states Mr. Murchison, "an Intermediate Enrollment will be held for boys wishing to join the CCC. These will be held following the regular quarterly enrollments in January, April, July and October and will be a means of keeping all camps

up to full strength, allowing the work programs to be maintained at a constant level."

The CCC has more to offer unemployed boys of good character than ever before. Training in various skilled trades is being stepped up to meet the needs of National Defense. Enrollees must now set aside \$.00 each month as savings, thereby assuring themselves of funds when they leave camp to tide them over until employment is found.

Applications should be made with the local County Welfare Worker.

**Newspaper Man Writes Radio Series**

C. L. Douglas, Fort Worth newspaperman and author of "Cattle Kings of Texas," is adapting his work to the radio series of the same title at 1:45 p. m. Sundays from Station KGKO and the Lone Star Chain. Douglas is collaborating with the Cass County Kids on suitable range ballads. Dramas will be centered around the lives of such legendary Texas cattlemen as Oliver Loving, Charlie Goodnight, Don Martin DeLeon, Shanghai Pierce, John Chisum, George Reynolds and Parson Slaughter.

Pete Morrow, owner and feeder of the above calf is a son of Mr. and Mrs. W. H. Morrow of the Martin community. Pete has a Lone Star Farmer degree and was outstanding student in Vocational Agriculture. This is Pete's second year as a feeder.

**CONGRATULATIONS---**

**Bain Bros., Props.**

**Law of the Pecos**

EL PASO.—A prized romance of Texans was battered around a bit the past week when Dr. C. L. Sonnichsen of the College of Mines at El Paso charged that many of the colorful tales about Judge Roy Bean, "The Law West of the Pecos," and the town of Langtry, which Judge Bean named after a famous English actress whose picture he had admired, were not based on facts.

Among the many legends into which Dr. Sonnichsen stuck the pins of his research were those that held Judge Bean had usurped the authority of a justice of the peace in the Pecos country, and that Lily Langtry, the famous English actress, had met with Bean in the town of her namesake.

According to the professor, Texas Rangers began taking prisoners before Judge Roy Bean a week before his appointment as

justice of the peace became effective, thereby giving rise to the usurpation legend. And Miss Langtry never visited Langtry until 1904, nearly two years after Judge Bean had died.

As far as "The Westerner", movie tale of Judge Bean's life, is concerned, Dr. Sonnichsen said, "Roy Bean has been dead since 1903, but he does not stay buried."

**And That Was That**

Jenkins was stout, with large, broad feet, and although several pairs of shoes were shown him he refused them.

"I must have square toes," he explained to the assistant. The young man sighed wearily. "But square toes are not stocked now, sir," he explained. "Pointed toes are fashionable this season."

Jenkins gave him an angry stare.

"That may be," he retorted, "but I happen to be wearing last season's feet."

**JAVELINA CRIPPLES FOREMAN**

A South Texas ranch foreman who has for years warned all hunters on his place to be careful of javelinas and be sure they are stone dead before approaching them after shooting, was injured seriously shortly before the close of the hunting season by a wounded javelina.

The foreman was accompanying a man who shot a boar. The foreman warned him to be sure the animal was dead. The hunter hit it over the head with a club. Then the foreman started to cut the boar's throat. The javelina reared up, clamped down on his hand and they had to cut the muscles away before they could loosen the hog's hold on the foreman's hand. He spent several days in the hospital and has three broken bones in his hand.

Virtues are learned at mother's knee—vices at some other joint.

**WILL EXTRACT AIRPLANE METAL FROM GULF**

Mining magnesium from the water of the sea will soon be a major operation on the Texas coast as the \$5,000,000 first unit of Dow Chemical Company's plant gets into operation at Freeport.

Reports received here indicate that the first activity in Texas sponsored by this world-known company is but a forerunner to an enterprise which may rival in size and importance the concern's famous plant in Midland, Michigan.

It is expected that the magnesium metal extracted in the Freeport plant will total 12,000,000 pounds annually, almost doubling the domestic supply of this, the lightest of all metals produced on a commercial scale. This metal is becoming increasingly popular with airplane manufacturers.

Mosquitoes raised by the Texas State Health Department are carefully tended, even take shower baths, J. E. Sorell, malariologist, told medical technicians meeting at the University of Texas. The mosquitoes are used in malaria therapy, a treatment for syphilis, he explained.

Donley Co. Leader. \$1.50 a year.

**"SCARE" ADVERTISING DEFINED BY MISS HARRIET ELLIOTT**

"Scare" advertising has been defined by Miss Harriet Elliott, Consumer Commissioner of the National Defense Advisory Commission, as "advertising which tends, through fear of price increases or shortages, to induce the consumer to make speculative advance purchases."

"This definition of 'scare' advertising should be of material assistance to business organizations which are working so effectively towards keeping prices of consumer goods at reasonable levels," Miss Elliott said, following a conference between representatives of the Consumer Division; Walter Morrow, secretary of the Retailers' Advisory Committee, and Kenneth Barnard, general manager of the Chicago Better Business Bureau.

Past success in discouraging such practices, and methods for further curtailing them were discussed at the meeting. Miss Elliott pointed out that every effort made to discourage scare advertising is an essential measure for consumer protection in the defense program.

Too many drunken drivers confuse license and liberty.

**In The Spirit Of HELPFULNESS**

**THE WOMACK FUNERAL HOMES To Have Others Advance Standards**

The Womack Funeral Homes have retained the old-fashioned business virtues of Honesty and Sincerity and have added the good qualities of this age --- That is Progressiveness, Efficiency and Alertness to new ideas.

This New 1941 Cadillac Funeral Coach will be put into operation in March.

Opportunities were open for service and finer Funeral arrangements at More Reasonable Prices—Womack is recognized to have brought this service.

The Womack Burial Association Has Over \$1,000,000 Insurance In Force.

**ON YOUR SIXTH ANNUAL FAT STOCK SHOW**

You are to be commended for your achievements in producing such fine stock. We know each and every one shall be rewarded in some way, whether it is having a Grand Champion or not, for your hard work and time in preparing these animals for this show. We wish you luck.

### Garner Gavels Garnered

AUSTIN, Feb. 17.—Texas' ninety-fifth birthday, February 19—Statehood Day—was observed by Texas Memorial Museum on the University of Texas campus with the first public showing of the recently-acquired John Nance Garner collection.

The day was set aside at the museum as Texas Legislators Day.

Consisting of 160 of the most famous gavels in the country, collected over the long period of Mr. Garner's service, plus 300 original cartoons by outstanding American cartoonists, the exhibit is to remain open to the public.

Most cherished possessions of

Mr. Garner's to be placed on display, according to Dr. E. H. Sellards, museum director, is his 40-year-old political campaign satchel which he carried with him in every race in his political career.

#### Huge Idol Lies Prostrate

What is reliably reputed to be the largest idol known to history on the North American Continent is the gigantic statue of the great God of Rain which once stood on a mountain peak near the town of Texcoco, not far from Mexico City. The huge figure long since toppled from its towering natural pedestal and now lies ignominiously in the dust. Among sacrifices made to this god in ancient days was that of an offering of mottled rubber.

The above calf was fed out by its owner, Floyd Lewis, Lelia Lake, Texas. Floyd has been a 4-H Club member for the past five years. All of his demonstrations have been beef cattle. He has been very successful in his feeding. He is President of the Clarendon 4-H Club, and will feed beef calves next year. He has a group of three calves this season.

### CLARENDON CHRONICLE

W. P. BLAKE, Publisher

(35 years ago in Donley county.)  
E. A. Taylor has bought out his partner, Charley Kendall, in the blacksmith and woodwork business.

P. D. Hudgins, who took Christmas with his son Charley in Gray county, returned home Saturday.

The Powell Trading Company has been incorporated for \$25,000. The stockholders are W. L. Powell, W. P. Powell, E. H. Powell, C. C. Powell.

Mrs. M. E. Herrington has moved to Childress out of which place her sons, conductor F. E. Herrington, engineer C. S. Herrington and brakeman Selwyn Herrington run to Denver.

Ike Stockett and Will Murry were fined today for rocking a house here.

A four horse team of Hugh Braley's ran away today and collided with a team driven by R. A. Chamberlain, throwing him and little daughter, Josephine out. Mr. Chamberlain was badly bruised, but his daughter was unharmed.

James Logue of Claude was here today. He is storing ice in his dairy for use next summer.

W. C. Stewart, manager at the light plant, was painfully hurt

last night when he was caught in a belt and hurled against the wall.

W. A. McCracken has gone to El Paso.

M. T. Howard of Clarendon spent the past few days in Silverton.

W. Williams of the firm of Williams brothers has arrived here to reside.

Jack Twyman bought 160 acres of land from G. C. Ferguson a few days ago. He paid \$1470 for the place.

A son was born to Mr. and Mrs. Charley McMurtry a few days ago.

Miss Beatrice McCracken and Tom G. Babb were married near Alanreed Wed.

L. Cantelou is having a platform scale put in front of his store.

Finis Simpson is driving the Silverton hack line this week for Walter Coleman who is seriously sick.

The statement of the First National Bank in this issue makes a fine showing of present conditions. H. W. Taylor is president, Richard Walsh vice president, and W. H. Patrick, who is practically manager, is cashier.

Ernest Wright and Miss Etta Stevens were married Wednesday night. Rev. A. H. Thornton officiated. The bride is a daughter of Mr. and Mrs. W. M. Stevens. Mr. Wright is a popular salesman at the Stocking drug store, and owns

his home here to which they moved Thursday.

Geo. Tomlin and Chas. Kinslow were in town Monday from Rowe. O. C. Hill was over from Bray Saturday.

D. C. Bray has been appointed deputy sheriff of the Rowe beat.

Hugh Brown and Marion Williams of Clarendon went to see Dr. Brown Saturday at Rowe. He is very ill.

Miss Gabie Betts reports four new pupils in her room. They are Opha Batson, Velma Hill, Artie and Myrtle Pinson.

Mrs. P. C. Johnson and Mrs. W. J. Thaxton were up from Giles Tuesday.

Dayton Shelton is erecting a new home in the west part of town.

Prof. J. L. Bain of the Rowe school had business here Saturday.

Farmers around Giles and Hedley have turned their stock into their cotton fields. They say it is not worth gathering at 3 cents a pound.

"Why is it that a lot of fellows who wouldn't think of eating with the same fork will drink out of the same bottle?"

### CLARENDON MAN SERVES ON UNIVERSITY COMMITTEE

AUSTIN—Five hundred new members by February 15 is the goal of the Man's Inter-Community Association, biggest club on the University of Texas campus. Attainment of the goal will mean a MICA membership of 1300 University men.

Organized on the campus three years ago, MICA was designed to provide a program of athletics and social activities for men not associated with dormitories or fraternities. Biggest event on this year's MICA program is entertainment of the National Independent Students' Association which convenes in Austin March 28-29.

Working with Bob Douglas of Spearman, MICA president, and Edward Stuard of Austin, membership chairman, are the following members of a "super" membership drive committee: J. W. Bulls of Clarendon; Carl Hendrix of Amarillo; Dwight Hutch of Phillips; and Ray Schlichenmaier and Bradley Bourland, both of Fort Worth.

### CONGRATULATIONS ---

F.F.A. and 4-H Club Boys

We hope you all will enjoy a continued success as stock raisers as well as receiving the greatest benefits from this stock show.

### Castleberry Bros.

WE DELIVER PROMPTLY
