THE NEW PATENT DUST-PROOF-STEM WINDING OPEN FACE CASE,

MANUFACTURED BY THE American Watch Co. Waltham, Mass.

This case is formed in one solid piece without joint or seam, opening in front only, thus avoiding the usual Cap, and securing greater strength and durability.

These Watches are all open face. The bezel, into which an extra strong crystal is fitted with an especially prepared water-proof cement, is attached to the case by screwing it thereon, and thus forms an air-tight junction with the body of the case, which is proof against dust and moisture.

To railroad men, travelers, miners, lumbermen and others who are almost constantly exposed and who have to make frequent reference to the watch, these qualities are of the utmost importance.

The following letters tell their own story

"VALDOSTA, GEORGIA, July 20, 1882.

"I sold one of your Patent Dust Proof Cases about ten months ago, and the other day it came back to me with the request to make it wind easier. On examination I found that the stem was rusty, and I inquired the cause of it. The gentleman stated to me that he was starting some saw-logs that had lodged in the bend of the river, when his chain caught in a bush and threw his watch into about twelve feet of water, and he was about two hours finding it. When he got it out it was running and he thought all right. In about three months he found that the stem was hard to turn and sent it to me.

I can say that the watch is all that company claims for it and recommend it to all railroad and mill men.

B. W. Bently.

"Clinton, Iowa, April 29, 1881.

"I wish you would send me a spring for the Wm. Ellery Watch * * * By the way this Ellery is a watch I sold in your Screw Bezel Case to a farmer last fall. The first of January he lost the watch in the woods, and found it again this week in about one foot of water. It had lain three months and over in snow and water, with but slight injury to the watch—only a hair-spring.

C. S. Raymond."

The above were very severe tests, and demonstrate beyond a doubt, that for any reasonable length of time during which a watch might be under water it would receive no injury whatever.

We make these cases in both gold and silver, and as a Perfectly Dust-Proof Stem Winding Watch Case, Challenge the World to Produce its Equal.

For Sale by all First-Class Jewelers

A COMMON-SENSE REMEDY. SALICYLICA.

No More Rheumatism Gout or Neuralgia.

IMMEDIATE RELIEF WARRANTED, PERMANENT CURE GUARANTEED.

Five years established and never known to fail in a single case, acute or chronic. Refer to all prominent physicians and druggists for the standing of Salicylica.

SECRET!

THE ONLY DISSOLVER OF THE POISONOUS URIC ACID WHICH EXISTS IN THE BLOOD OF RHEUMATIC AND GOUTY PATIENTS.

SALICYLICA is known as a common-sense remedy, because it strikes directly at the cause of Rheumatism, Gout and Neuralgia, while so many so called specifics and supposed panaceas only treat locally the effects.

It has been conceded by eminent scientists that outward applications, such as rubbing with oils, ointments, liniments, and soothing lotions will not eradicate these diseases which are the result of the poisoning of the blood with Uric Acid.

SALICYLICA works with marvelous effect on this acid, and so removes the disorder. It is now extensively used by all celebrated physicians of America and Europe. Highest Medical Academy of Paris reports 95 per cent cures in three days.

REMEMBER

that SALICYLICA is a certain cure for RHEUMATISM, GOUT and NEURALGIA. The most intense pains are subdued almost instantly. Give it a trial. Relief guaranteed or money refunded.

Thousands of testimonials sent on application. \$1 a BOX. 6 BOXES for \$5.

ASK YOUR DRUGGIST FOR IT. But do not be deluded into taking imitations or substitutes, or something recommended as "just as good." Insist on the genuine with the name of WASHBURN & CO. on each box, which is guaranteed chemically pure under our signature, an indispensable requisite to insure success in the treatment. Take no other, or send to us.

WASHBURN & CO., Proprietors. 7 Broadway, cor. Reade St., NEW YORK.

Small boys catch rats with a fish-hook and line at Maryville, Cal.

Over one hundred thousand children in New York city earn their own living.

A negro working on a Georgia railroad is 25 years old, weighs 225 pounds, and measures 7 feet 3 1/2 inches high.

Dyspepsia, the insidious foe to health, disappears by using Dr. Acker's Dyspepsia Tablets. At druggists.

An Irishman, watching a game of base ball was sent to the grass by a foul which struck him under the fifth rib. "A foul, was it? Och, sure, I thought it was a mule!"

A new chime of bells, which is said to be the largest in the country, has been presented to Holy Trinity church Philadelphia, by Mr. Joseph E. Temple. It was made in Belgium, and consists of 28 bells, the heaviest of which weighs 2,800 pounds.

Dr. Jaques' German Worm Cake stand unrivaled as a worm medicine. Give them a trial. Sold by all Druggists.

A sporting paper says Sullivan "cannot find his match." He shouldn't let that worry him. Since the stamp duty has been removed from matches get two "boxes" for three cents.

A Boston school-boy—"Why are the fellows that belong to a certain cadet corps like General Warren? Because the last thing General Warren did was to die for his country and it is the last thing they would do."

\$100 a month—Agents wanted.—1000 best selling articles in world. 1 sample 4c. with full circular. Marlboro Chemical Co., Marlboro, Mass. Cut this out and write now.

"What influence has the moon on the tide?" the teacher asked John Henry. And John Henry said it depended on what it was tied; if it was a dog it made him howl, and if it was a gate it untied it just as soon as a cow or young man came along. It is such things as this that make school teachers want to lie down and die every day at four o'clock.—Burlington Hawkeye.

The "tramp king" is a goblin dwarf named Sandy Moore, who has been a vagrant in nearly every State, who has fought under four flags—the American, Cuban, Confederate and English—who has twice walked from San Francisco to the Atlantic, and who is now an inmate of Washington jail. He is forty years old, and although he travels from town to town on freight cars, is rarely without money enough to "put up" at some cheap hostelry.

Pure blood makes good hair. Acker's Blood Elixer, endorsed by eminent physicians. At druggists.

The lady who tapped her husband gently on the shoulder with her fan at a party the other night, and said "Love it's growing late; I think we had better go home." is the same one who after getting home, shook the rolling-pin under his nose and said "you infernal old scoundrel, you, if you ever look at that mean, nasty, calico-faced, mackerel-eyed thing that you looked at tonight, I'll burst your head wide open."

There is \$162,000,000 surplus in the U. S. Treasury. Just that sum has been extorted from the people over and above the needs of the government, in order to enrich a few petted monopolists. Let the protective taxes be cut down.

The Brooklyn Bridge.

Vessels that could pass under the Brooklyn bridge when it was first opened to travel, cannot do so now. The engineers state that the floor of the bridge has unquestionably settled since it was thrown open for travel. The center of the span is about four feet lower than it was originally. It is still above the limit which the law allows. It is 135 feet 8 inches above the water at high tide, measuring in the clear. This leaves nine inches to spare. The limit of expansion has been found to be two and a half feet between heat and cold.

Here what the Navasota Tablet thinks of the future of Texas:

Texas is just at the beginning of the greatest boom that has ever blessed the majestic empire. The tidal wave of immigration, it seems, has set in. Her rich and diversified domain is day after day gridironed with additional miles of railroad. The next five years her increase in the cotton product will reach a quarter of a million bales per annum. Her cotton interest are colossal and the smoke of hundreds of factories and cotton mills will, in a few years rise with pretentious mien from the rich and powerful commonwealth. Mark the prediction.

An Embarrassed Taylor.

Orders have been issued from the headquarters of the Northern Pacific Railroad to the effect that all employees on trains and at stations over the line must appear in uniform. A tailor is now going over the road taking measurements of employes for their new suits, who, in order to expediate matters sends the following dispatch to all agents: "Take off everything but your pantaloons and shirt, and be on the platform when the train arrives to be measured for uniform." Arriving at one of the new stations, he jumped from the train tape in hand, shouted for the agent. In response to his call a handsome young lady stepped forward accompanied by a burly six-footer, who announced that the lady was the agent, and he was her brother, and demanded an explanation of his dispatch. The tailor explained as best he could, and boarding the train telegraphed from the next station: "How many agents have you got that don't wear shirts and pantaloons, and where are they located? Answer quick."

A Terrific Explosion.

Confluence, Pa, October 29.—A terrible disaster occurred near Brooks tunnel, on the Baltimore & Ohio railroad, yesterday morning about nine o'clock, resulting in the killing of five men. The railroad company have been strengthening and widening the tunnel, and some distance out a magazine had been erected which was stored with 1,200 pounds of dynamite which was to be used for blasting. About the hour named, a freight train had just passed through the tunnel and was side-tracked to allow a passenger train that was overdue to pass. Four of the crew walked back to the vicinity of the magazine and were engaged in conversation with the watchman, when the people in the vicinity were startled by a terrible concussion. Houses for fifteen miles around were shaken to their foundations, and windows for a distance of seven miles were shattered. Horror-stricken, the people ran from their homes. Investigation showed the dynamite had exploded with fearful effect. Everything in the vicinity gave evidence of its terrible force; trees were uprooted, large rocks torn asunder and telegraph poles for half a mile prostrated. Nothing remained of the magazine, while the five men who were present were missing. Por-

Julia Ward Howe

Julia Ward Howe the most famous woman journalist in America, was born in New York city in 1819.

Her father was a man of wealth and culture who gave his daughter a very liberal education. She was an unusually brilliant girl who took especial delight in the study of music, philosophy and the languages. She possessed a true scholastic spirit and formed an idea concerning all subjects which was peculiarly her own. It is said she was an avowed atheist until 20 years of age. That year her father and brother died and she felt the force of the gospel dictum which she had hitherto failed to see. At the age of 23 she was married to Mr. G. Howe of Boston, and some subsequent to that event were her husband in Europe.

Her journalistic career began in 1840 when Mr. Howe became editor of "The Commonwealth," to the columns of which she contributed some very readable articles. Her first book called "Passion Flowers," written about this time was quite favorably received. "A Trip to Cuba," was published soon after her return from a visit to that island in 1859.

Her sympathy with the Federal cause during the civil war and her efforts in its behalf, have probably contributed most to the fame of Julia Ward Howe. Her "Marching On," sung to the stirring chorus of John Brown, became the battle hymn of the Republic. Since the war she has lived in Boston, and contributed extensively to various newspapers, notably the Woman's Journal. She accepts the philosophy of Wendell Phillips to a considerable extent, and is especially devoted to the cause of woman's suffrage.

Value of Printers Ink [Palestine Advocate.] A firm in this city which a few months ago sold \$200 worth of lime, plaster, etc., per month, by judicious advertising have increased their sales to \$6,000 per month. Who says printers ink does not pay? Bouquets of orchids find the greatest favor in London society just now. The management in a metropolitan garden of a hothouse which is solely devoted to this beautiful plant requires no small amount of experience and skill. Water has constantly to be thrown upon the hot water pipes below, in order to produce the damp heat to which the plant is accustomed in its native habitat.

TERMS FOR ADVERTISING.

Table with columns: SPACE, 1 w., 2 w., 1 m., 3 m., 6 m., 1 y. and rows for 1 square, 2 squares, 3 squares, 1/2 column, 1/4 column, 1 column.

One inch in space constitutes a square. Business Cards, five lines or less, \$5 a year. All bills for advertising are collected quarterly.

tions of their bodies legs, arms, hands and heads, were picked up half a mile distant, so badly disfigured as to be unrecognizable. The names of only three of the victims are known, Engineer George Reynolds, Brakeman Tice and Watchman Hammond. Not far from the scene of the accident a gun was found and it is supposed one of the victims discharged it, the concussion causing the dynamite to explode. Hundreds have gone to the scene of the disaster.

School Lands.

Resolved by the Board, That for the present all watered sections of land belonging to the Common School University and Asylums, be reserved from sale or lease, except where the same were occupied by actual settlers, in the legal meaning of that term, prior to January 1, 1883.

Resolved, That under authority of Section 7, of Chapter 88, General Laws of 1883, the following is prescribed as the mode of placing said lands on the market: The application for the purchase or lease of any of said lands shall be in writing, and addressed to the Secretary of the State Land Board, Austin, Texas. Said application shall fully and minutely describe each and every section desired to be bought or leased, giving number of section, block and certificate, and name of original grantee, with character of soil, grass, timber and water, if any, on each section or piece of land. said application shall be accompanied with a sketch of the surveys embraced therein, and shall state the price per acre offered for the purchase or lease, and the time for which the land is wanted, if leased. The application must be sworn to before some officer authorized to administer oaths, and the lease or sale will be regarded as vacated and null for misrepresentation or false description.

Said application, when so prepared shall be registered by the surveyor of the county or district in which the land is located, in a well bound book kept by him for this exclusive purpose, and which shall at all times open to the inspection of the public free of cost. The surveyor shall endorse on said application the date of registry, with page and volume of register, and shall sign the same officially. All applications must be presented to and registered by the surveyor at least ten days, exclusive of the day of registry, before the first Tuesday of the following month. The surveyor shall be authorized to receive from the applicant the following fees: for each section or piece of land described in the application, twenty-five cents; provided, the fees in one application shall exceed one dollar.

Immediately after such registry, the application will be forwarded to the Land Board, at Austin, as hereinbefore prescribed, and the same will be considered by the board on the first Tuesday of the following month; provided no bid will bid considered and awards made by the Board to be present in person, or by attorney, at the time the bids are considered.

The Board reserves the right to refuse to consummate the sale or lease for any reason they may deem sufficient, or in case of conflict between applicants, to inquire into the rights of parties before making the award.

STATE OF TEXAS } I hereby County of Travis } certify that the above resolutions are a true copy of the original resolutions made and entered of record by the State Land Board, at Austin, Texas, on the twenty-third day of October, A. D. 1883. Randolph Laurence, Secretary State Land Board.

Editorial Correspondence.

Several circumstances have operated of late to lessen the interest in the cattle business in the North which had risen to fever heat. Millions of money from the North have been invested in the cattle business in Texas and millions more awaited an opportunity for investment. But the accounts filling the northern newspapers of wire fence cutting and the prospect of war from this cause; the fact of the subjugation of the courts in many cases, to the influence of a few ambitious monopolists; the election of many bad men to office, and the prevalence of outlawry, and the danger to life and property have caused prudent men to hesitate, and will turn the attention of capitalist in other directions for investments.

From some cause or another considerable is being said in northern newspapers just now about the "ravages of the screw worm" and it is recently announced, on the authority of the cattle inspector at Chicago that many of the cattle shipped to that market are affected with cancer of the jaw, probably as the result of snake bite. It is said that there are fewer of this class from Texas than from other sections. All this is calculated to injure the cattle trade, and is doubtless done in the interest of the consumer.

The fence cutting business, the right to fence, with its limitations; the leasing out of roads; the building of gates &c, are questions which must be settled by legislation, and that too at no distant day. Monopolies have always ruled, to a greater or less extent, in courts and elections, and they probably always will, while human nature remains what it is. We are approached almost every day by parties seeking homes where whiskey does not abound. The better, more thoughtful classes are tired of the rule of rum. They have heard of a "Christian and Temperance Colony" in the Pan Handle of Texas, and their longing eyes are turned thitherward. But, alas!

Men come and go and find no "Land of Gulah" here. It is the old story of Tares and wheat, and talk is the cheapest commodity on earth.

Hundreds of men are now leaving the cities of Northern Wisconsin for the lumber camps. An open winter is anticipated, and a short log crop will be the result. There has been an over production of lumber the present season. As a consequence prices are low, and there are large stocks of lumber of all kinds on hand particularly of shingles, which are a drug on the market. It is a good time for dealers to lay in a supply of shingles, and in fact, all kinds of lumber.

Although it is reported that snow has fallen in various parts of the country, Wisconsin, as yet, has not been favored, or afflicted in that way. In fact, the weather is milder now than it has been for some time past, giving the farmers a splendid opportunity to finish their Autumn work. Merchants generally have laid in a heavy stock of goods in anticipation of a good fall and winter trade. If the roads continue good, their hopes will doubtless be realized.

Our Washington Letter.

[From our regular correspondent.] The Capital City of the Nation is a transitory phase. From a dull official town it is changing to a gay and brilliant Capital. This is because the summer is over, and the returning tide of residents and visitors is already filling the streets, hotels, and places of resort. Your correspondent was in a leading hotel to-day and was surprised to see what a change had come over the hotel register. Turning back the pages for a month or two showed that the arrivals had been like angels visits, few and far between, but for the last two weeks the pages have filled up wonderfully.

"You seem to feel happy over it," I said to the Hotel Clerk, who was smiling in a lofty and superior manner, "Yes" he drawled out, "rather; it

makes us smile to see the bridal parties coming. Seven of them to-night, \$15 a day is the usual figure we put on the happy man"; here the hotel clerk allowed a cheerful wink to light up his impressive features. Some way or other" he continued "the bridal parties always open the winter season in Washington. Peculiar ain't it but it is true.

How do you account for it was asked "Dont" was the reply, "Guess it is because Washington is the greatest show place in the country. The little dears want to settle before the winter comes on and so they marry in the fall and come to Washington to see the sights, stop at a big hotel for a day or two, admire the public buildings, swell with patriotic emotion at the sight of the White House, Washington Monument, and the Currier Producing Machinery in the Treasury Department, then they go home to remember with pride that they are citizens of the greatest Nation under the Sun, and besides are very happy in the possession of each other."

"Are we going to have a very busy winter in Washington; I mean will the hotels be full," continued the writer. "I should gurgle" replied the wicked man, "we are full now; we have not a good room in the house that is not engaged for the season. All the first class hotels are taken. This winter is going to be the liveliest that Washington has ever known."

"Who have taken the rooms this early?" "Oh! all sorts, Congressmen, Lawyers, Politicians, the big schemers, Corporation Agents, Government officials, and so forth. The keen ones know the value it is to them in being well located at a good hotel where everybody can be seen, and engage them in time some of them a year before. There is one man whom we shall miss more than any other this winter and that is old Jerry Black. He always spent the winter with us, came the first of November and stayed right through."

"If you are full what do you do with your transient guests?" "We shall save a few rooms for them, but when the rush comes we farm them out in the neighborhood."

"How is that done?" "Well the list will show you," said the clerk, taking a paper from a hook. "This is a list of houses within a circle of a half dozen blocks, where they rent rooms. We lodge a hundred or more in this way. They take their meals here of course."

"The hotel business must pay in Washington, I should think." "Not very much. In the summer it is as dead as a graveyard. A man can have a whole floor to himself if he wants it. But rents and expenses go on just the same. Most of the hotel men have a summer resort Hotel somewhere to fill out the season. But they make their money, if they make any at all, in winter. Now this season we will have a long session of Congress. I expect it will run up to the first of August; we will have lots of people and perhaps we will make some money."

I did not pursue the subject any further, but it is a well known fact that the old Hotel men in Washington are rich, and the new ones are making fortunes rapidly. People who are posted in Washington matters say that this winter will be a remarkable one for this city. Considered from any standpoint, politics, society, business; it will be exceptionally lively.

Dyspepsia, the insidious foe of health, disappears by using Dr. Ackers Dyspepsia Tablets. At druggists.

A scientific monthly asks: "What are crowds?" This is an easy one. Crowds are what we see going into the store that advertises extensively. —[Norristown Herald.]

"Revenge is too dearly purchased at the price of liberty." Is it a disordered liver gives you a yellow skin or costive bowels, or do your kidneys refuse to perform their functions? If so take a few doses of Kidney-Wort and nature will restore each organ ready for duty. Thus health will be cheaply purchased at the price of Kidney-Wort.

It is hard to tell when a lie, a mosquito, or a delinquent subscriber is

going to settle. Yellow Jacket. For fifty years they have been used by the American public, and their constantly increasing sales show how they are appreciated.

A Perfect Remedy in 20 Diseases. Ashfield, Mass. I am verging on eighty years, and deem it my duty to suffering humanity to say that my long life is due to BRANDRETH'S PILLS which have been my sole medicine for half a century.

I know the last forty-three years of my life is owing solely to their use. Your PILLS saved me many times after the best medical skill in several States had given me up as hopeless. I have had many converts to purgation with BRANDRETH'S PILLS, and have seen them perform almost miracles of cure. For children, a few doses have cured measles; scarlet fever and whooping cough. In all female troubles and weakness I have never known them to fail. In adult males I have known them to cure the worst cases of dyspepsia, rheumatism, kidney diseases, dysentery and diarrhoea; even dropsy, paralysis, and apoplexy have yielded to a persistent course of BRANDRETH'S PILLS. In fact I have found them the true Life Elixir. They act as continual preventives against the effects of time, disease and labor.

JOHN H. MANN.

Stock-raising in Texas.

[North and South.] The raising of cattle and horses in Texas is a business well adapted to persons possessing a small capital. Boys take readily to the stock-raising business, and their interest can be easily stimulated, making them owners of a few head, which, in a few years, increase to a respectable property on which to set up for themselves. The occupation is healthful, and if the parents are moral and intelligent they can be made to follow their own inclinations, just as easy in following this as any other business. A few dollars purchase a start in cattle, and these soon convert the free prairie into an abundance of money. Far as the eye can reach, our verdant covered plains invite the flock and herds, and all the stock-raiser has to do purchase from fifty to one hundred acres of land at a dollar per acre, build his little hut, in the edge of the forest, or in one of those "islands" of timber that dot the vast plains—looking as though it had once been the site of some old feudal castle—fence in a few cheap acres for the culture of corn and vegetables—a mere patch in the midst of thousands upon thousands of verdant acres—and turn out a hundred cows and calves—and two or three bulls, the whole costing less than a thousand dollars, purchased on credit, and the result in a few years, be wealth for the rest of the family.

A western paper says that "by this time all down easterly we've got their houses banked up a id've laid in a supply of Johnson's Anodyne Lintment." It would be a wise thing for people hereabouts to lay in the Anodyne. It is the most valuable liniment in the world.

My health was much shattered by Rheumatism when I commenced taking Brown's Iron Bitters, and I scarcely had strength enough to attend to my daily household duties. I am now using the third bottle and I am regaining strength daily, and I cheerfully recommend it to all. I cannot say too much in praise of it. Mrs. MARY E. BRADSHAW, 173 Frostman St., Baltimore, Md., May 7, 1880.

Suffering from kidney diseases from which I could get no relief, I tried Brown's Iron Bitters, which cured me completely. A child of mine, recovering from scarlet fever, had no appetite and did not seem to be able to eat at all. I gave him Iron Bitters with the happiest results. J. KYLS MORTGAGUE.

After trying different physicians and many remedies for palpitation of the heart without receiving any benefit, I was advised to try Brown's Iron Bitters. I have used two bottles and never found anything that gave me so much relief. Mrs. JENNIE HASS.

For the peculiar troubles to which ladies are subject, BROWN'S IRON BITTERS is invaluable. Try it. Be sure and get the Genuine. At Absolute Cost.

I will sell at absolute cost for CASH, the following goods if accepted within the next ten days, viz; 41½ lbs bacon, one coil ½ rope; ½ coil ¼ inch rope; One keg 10 gals. N. O Molasses; 100 lbs light brown sugar; 25 lbs Prunes; 5 lb pail Baking Powder; 30 lbs Lima Beans; 6 Packages Table Salt; 8 lbs Green Tea; 10 lbs Coffee; One Keg Horse Shoes; one Box No 6 Horse Nails; Two Rasps; one Wood Rasp; one set Harness; one covered, platform spring Hack; two Saddles; 100 lbs pecans; one lot writing paper, assorted; one lot envelopes—various styles; three woolen blankets.

-Locals-

That dude hat takes the cake.

Honey at Satterfield's.

The Clarendon shoe-shop is boom ing.

Irish Potatoes at Satterfield's

Our Public School opened on Mon day last, with very good attendance.

The best stock of Blankets ever brought to Clarendon, at Satterfield's

A. H. Antrobus came in this week with another load of wood.

Judge Brown has not yet arrived, but is expected daily.

A large and fine stock of Boots at Satterfield's.

B. H. White moved to his rock house on Thursday.

W. D. Kimball is having his house replastered. Geo. Bowman acting as mud artist.

Ike Bowers of Buck Creek came in with a load of corn for Van Horn & Co. this week.

The best line of gents underclothing ever brought to the PanHandle at Satterfield's.

Mr. Munson, of Sherman, proprietor of the T anchor ranch visited Clarendon Wednesday.

T. S. McClelland sheds the light of his countenance on our busy streets, after an absence of several days.

10,000 pounds of Bacon at Satterfield's, which will be sold cheaper than ever before offered in the Pan Handle.

Chas. Hinsdale of the JA ranch, visited Clarendon Wednesday. Charlie is always a welcome visitor to our town.

Geo. T. Osborn and lady left on Sunday morning for Wichita Falls. They also intend visiting Fort Worth They expect to be absent about three weeks.

Bill Koogle and outfit passed through town on Thursday, having been to Rowe's ranch with cedar posts.

Fred Lords congenial countenance is again seen on our streets this week. Fred has made a host of friends since his short residence in Texas.

G. A. Jackson and J. T. Otey, went out on an extensive hunt this week. If Mr. Jackson has his usual good luck we will expect to see a fine lot of game on his return.

Morris Rosenfield of Dallas is assisting Joe Kistler in Satterfield's store. Mr. R. is an exceedingly pleasant gentleman and we extend him a cordial welcome to our town.

Rev. G. A. Graham, who spent the winter here two years ago, arrived with his family on Thursday. He intends to make Clarendon his future home.

We received a very pleasant call from Henry Smith of the shoe bar ranch, he was on his way to L. G. Coleman's old home on the Canadian, to butcher a lot of hogs.

J. J. Stanton has moved his family into town. They are occupying the Bradford house. We hope others will follow the good example set by Mr. Stanton and move to Clarendon, the business center of the PanHandle.

The NEWS job office has had a rush of business for the few weeks. Parties in need of job printing, can save money and time by getting their work done at this office. Call and see samples.

Subscribe for the NEWS.

Ballie Oliver and Charlie Wright of Worley Lakes made us a very pleasant call on Tuesday and after leaving a subscription pulled their freight for camp.

One of our citizens appears to be out of luck this week. While out hunting he fell down on himself, spraining his ankle and breaking his gun. On the same day he burnt up a box of poker checks, broke a billiard ball and punched a hole in the table cover. He then indignantly put himself to bed, to await the return of better luck.

Mac Huntley, who had charge of the NEWS for over a year, while in Dak., accidentally shot and killed himself on the 30th of October. Mac had a host of friends in and about Clarendon who will grieve his sad mistap. We will give full particulars next week.

We clip the following from the Galesville (Wisconsin) Independent of Nov. 1st.

A telegram from Mr. Will Whiting at D-Smet, Dakota, to Mrs. L. G. Huntley, announces the death by accidental shooting of her son Mac Huntley, on Tuesday morning last. Mac was a good and very promising boy, and his sudden death must be a heavy blow to his mother and all his friends and relatives here, to whom the sympathy of the community is extended. The body will be brought to Tripp-pleau and buried in the cemetery near Carhart's on West Prairie.

The Chicago cattle receipts for on week in October included about 10, 200 through Texans and 20,900 half bred natives and Texans from the far west, making a total of about 31,000 head of range cattle—the largest number ever received in one week. The shipments for the same week were not particularly heavy, there being over 30,000 cattle, or about as many as were received from the ranges, left for Chicago use.

For one dime get a package of Diamond Dyes at the druggist's. They color anything the simplest and most desirable colors.

Allcock's Porous Plaster
Cure Where Other Plasters Fail Ever To Relieve.

Take no other or you will be disappointed. Insist on having

-Allcock's-

Phila., 308 North Third St., February 1, 1883.

I have been using Allcock's Porous Plasters for a number of years and always with marked benefit. I have been much troubled with Muscular Rheumatism; have been treated by five of our best physicians without receiving any relief whatever. I then used Allcock's Plaster on the parts affected and I can assure you the pain has almost entirely left me. I can recommend them to every one as the best plaster made. I have tried other kinds but found them worthless.

B. F. GALLAGHER

Weak Kidneys Cured.
Controok, N. H. March 3, 1880.

I have been greatly troubled with Rheumatism and Weak Kidneys. I was advised to try Allcock's Porous Plasters, (had used two other kinds of so-called Porous Plasters, which did me no good), but one of yours has worked like a charm, giving me complete relief, and I have not been troubled with Rheumatism and Kidney Complaint since using them, and I consider myself cured.

EDWARD B. DURNHAM.

NOW IS YOUR CHANCE
Two Papers for the Price of One
"CLARENDON NEWS"
PRICE \$2.00

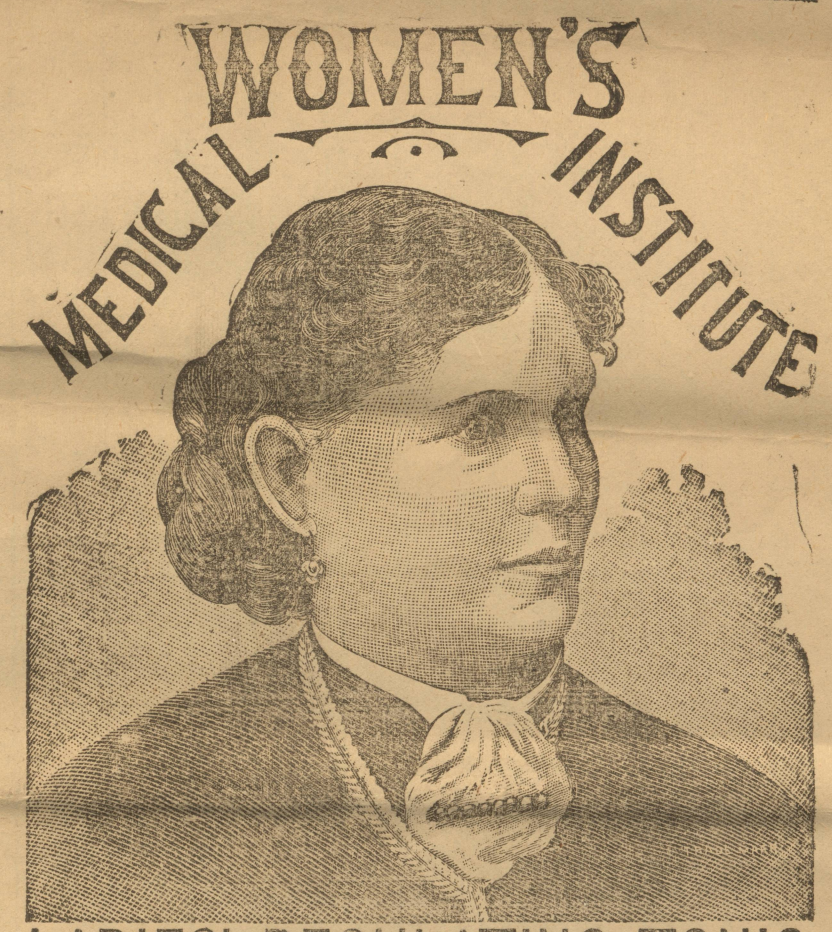

THE ARKANSAW TRAVELER
PRICE \$2 PER YEAR,
Will be mailed to any address one year for \$3.00 for both papers.

After contributing your support to your home paper, your next duty is to secure for your household that publication from which you can gain the most information—a paper which instructs while it entertains, and amuses while it imparts knowledge.
No paper in the United States more nearly meets the requirements of a first-class family paper than **THE ARKANSAW TRAVELER**, a large eight-column weekly, replete with the best literature and the choicest and most original humor.
The **ARKANSAW TRAVELER** is under the editorial control of MR. OPIE P. READ (late of the Little Rock Gazette), who has a reputation throughout the whole country as a writer of pure digital humor.
Texas Sittings says: "We have no doubt **THE ARKANSAW TRAVELER** will be a success; for a humorous and satirical writer Opie Read has superior."
The Little Rock Gazette says: "To say that **THE ARKANSAW TRAVELER** meets public expectation, complimentary as to the assertion, is being-ent justice. It has not only met, but exceeded the anticipations of the most zealous friends of the enterprise, and the initial number sent forth to thousands, stamped 'success.'"
Send 5 cents for sample copy. Four copies 15 cents. Address
