Hogs of Donley Win At Dallas State Fair

County agent H. M. Breedlove announced this morning that the Donley county FFA and 4-H club boys brought more honors to Donley county in the swine show at the state fair at Dallas. First places were won in the light and heavy poland china divisions, light and heavy spotted poland chinas, light and heavy hampshires, light and heavy durocs and in the light and heavy chester whites. The champion of each breed was from Donley county. The grand champion of the club show was won by the FFA chapter. Donley county 4-H and FFA combined to win the best county car lot of hogs at the show.

Breedlove stated that the hogs would sell Thursday and the boys would return on that day. "We are all proud of the boys for the wonderful showing that they made."

Breedlove especially praised George Bagby and Elba Ballew for the fine Durocs and Hampshires that they are breeding in Donley county and making it possible for the boys to get as fine a hogs as are available any place in the state of Texas.

Home Coming Is Largely Attended

There was a college air pervading College Hill Sunday as friends of "more than a quarter of a century" and former students greeted familiar faces of an exciting past.

Among those to attend were Mr. and Mrs. Clyde Wright, Mr. and Mrs. John Arnold, and Mrs. Lalar Wilkerson of Silvertown; Miss Minnie Ferebee of Vernon; Mrs. Willie Thompson Boyett of McLean, Mrs. Coe Cleek of White Deer; and from Amarillo came Misses Jessie Ingram, Naomi Allison and Eva Patching.

Mr. and Mrs. Reuben Leonard of Tulla, Miss Lora Glenn of Amarillo, Mr. and Mrs. L. B. Chunn of Plainview; Mrs. Ralph Kerbow of Amarillo and her sister, Mrs. Wilson of Claude helped to make the gathering more enjoyable.

Of the more than one hundred present, all the names could not be gathered in for publication, and access was not had to the roll.

BALLEW CAR WRECK NEAR HEDLEY

While returning from the State Fair Tuesday, Mr. Elba Ballew and Jack had a narrow escape just beyond Hedley when their car wheel struck a rough place on the highway and turned over.

None of the occupants were injured beyond bruises, it is said. The upper portion of the 1941 model Chevrolet is a total wreck.

FROM CANYON

Dr. and Mrs. S. H. Condron were over from Canyon Sunday to attend the old College homecoming. Dr. Condron was, for many years, dean of the old College. They spent a portion of the day with his sister and husband, Mr. and Mrs. F. L. Bourland.

IN NAYLOR HOME

Guests of Miss Eula Naylor Tuesday were Mrs. E. T. Naylor, Mrs. Newell Wood and Mrs. Jean Bradley of Amarillo, and Mrs. Robert Lyon of Klamath Falls, Oregon.

Dairy Team Is Winner Again

For the third time in as many years the Clarendon F.F.A. dairy products judging team will represent Texas in the national judging contest at the American Royal Stock Show in Kansas City Oct. 21. Chosen from America's champion F.F.A. chapter the team, already Texas champs, will have their expenses paid to the national contest. Two previous Clarendon dairy products judging teams finished second and ninth, respectively, in former contests.

On the team are C. G. Kirkland, H. A. Harrison, Lee Christie and B. H. Smith.

Adair Hospital Is Leased

Judge J. R. Porter, president of the Holding Board of Adair Hospital, was asked for information relative to the leasing of the hospital to Dr. C. G. Stricklin of Clarendon, Dr. M. E. Borsook of South Dakota and Dr. A. B. Goldston of Amarillo. The Judge's information follows:

"There were three applications to lease the Adair Hospital, Donley County; Drs. Lovell and Stewart recommended first that it be leased to Donley County and then if not to Donley County, to them; and Drs. C. G. Stricklin, M. E. Borsook and A. B. Goldston.

After hearing all applicants and considering all matters, the Board of Directors leased the Hospital to Drs. C. G. Stricklin, M. E. Borsook and A. B. Goldston, for a period of ten years with the right of renewal for ten years, on the condition that the lessees take the Hospital and operate it as such Hospital at their own proper cost and expense and the lessees to maintain the Hospital at their own expense and to turn it back to the Directors of the Hospital in as good condition as received, less reasonable wear and tear. This contract generally had the same provisions in it as the other contract had of July 18, 1931, between the Hospital and Donley County."

In conferring with county officials, a Leader reporter was informed that the county and the taxpayers are no longer involved in the operation of the hospital.

RELATIVES MEET HERE AFTER 28 YEARS

Sunday was an unusual day at the home of Mr. and Mrs. R. O. Reynolds, it being the occasion of a visit of her sister from Willow, Arkansas. Mrs. Mollie Bishop of Lakeview came up to see Mrs. J. M. Reynolds, the lady from Arkansas whom she had not seen for 28 years. Miss Daffene Reynolds came with her mother from Willow.

Other relatives gathering in for the family affair were Mr. and Mrs. Roland Tate of Cullendale, Ark.; Loyd Reynolds and family and Mr. and Mrs. Price Webb and children of Amarillo; Mrs. Floyd Guthrie of Dalhart; Mr. and Mrs. Clarence Reynolds and son; Mr. and Mrs. Salkirk McAnear and children; Mr. and Mrs. Geo. McCracken and children of Antelope Flat.

Fire Destroys Lesley Gin

The Lesley gin plant valued at around \$50,000 and owned by the F. N. Foxall interests of Memphis, was consumed by fire about 7 p. m. Wednesday. The blaze started in the lower press room causing the hydraulic oil drum to explode scattering the flames that consumed the structure in some 45 minutes. The Memphis fire department arrived too late to be of help.

About five hundred bales had been ginned the past two weeks on a daily 24-hour run basis. It is said the plant will be rebuilt to continue with the biggest cotton crop there in years. The loss is mostly covered by insurance.

SAW FOOTBALL GAME AT DALLAS

Among the thousands to see the football game at Dallas Saturday were Mr. and Mrs. W. W. Noblet. They were joined at Dallas by Fred Chamberlain Jr. In speaking of the game, Mr. Noblet said it was evenly matched except for the scores. The score was 40 to 7 in favor of the Texas Longhorns. The game was between the teams of the Texas and Oklahoma Universities.

All hotel rooms in both Dallas and Ft. Worth were taken, and hundreds could not get inside the football stadium. Some crowd!

NEWS WOMAN HERE

Miss Jean McDonald, member of the staff of the Pampa Daily News, spent the week end with homefolks, the W. C. McDonald family.

VISIT QUATTLEBAUMS

Rev. and Mrs. Oren Carter of Childress and Mr. and Mrs. Hugh Quattlebaum of Amarillo were guests of Rev. and Mrs. J. O. Quattlebaum Jr. the week end, and attended the Home Coming.

John Potter Rites Held

Few deaths ever came as such a shock to his loved ones as that of John M. Potter Friday. Mr. and Mrs. Frank Hardin had occasion to go to Groom where Mr. Potter had been for treatment a few days. They asked Mrs. Potter to accompany them.

About one o'clock as Mrs. Potter sat near his bedside, Mr. Potter made plans to return home and sat on the edge of his bed talking to his wife. Raising his hands, he leaned backward and expired suddenly from a heart stroke.

Funeral services were conducted at the local Church of Christ at 2:30 p. m. Saturday by the pastor, M. F. Manchester.

Attending the casket were friends of many years. They were Bert Mayfield, R. O. Thomas, C. E. Lindsey, D. Smith, Tom Corder and William Hardin.

Besides his wife, he is survived by one daughter, Mrs. Orma Harlan. The four grandchildren are John F., Donald and Majorie Harlan and Ethelyn Drennan.

Mr. Potter lived near Springtown, down in Parker county as a lad. After he became a man, he came to the Plains settling near Tulla. From there he came to Donley county more than twenty years ago. He became a member of the Church of Christ in 1883. His life typified that of a noble christian character. He was kind, charitable and the home of Mr. and Mrs. Potter was always a hospitable haven for those less fortunate. Donley county has lost one of its noblest characters in the passing of John Milton Potter who was seventy eight years old when his labors on earth were finished.

The Womack funeral home had charge of arrangements.

SGT. WHEELER SEES SISTER HERE

Quite a surprise was the visit of Sgt. Lawrence Wheeler when he stopped at the Ed Wheeler home near Ashtola a few days ago to see his sister and husband. He was accompanied by Sgt. Dardy, both of whom are stationed at Ft. Ord, California. They are going their fourth hitch in the army and like it.

They proceeded to Ft. Worth and other points to see other relatives before returning to California.

VISIT THE POWELLS

Guests of Mr. and Mrs. C. C. Powell the week end were Miss Wilma McLean of Dallas, Mr. and Mrs. John McLean of Hereford and Mrs. Maude McClung of Amarillo.

BOYS RANCH GETS MORE FOOD

Another club happily contributed forty-odd containers of food to the Boys Ranch of Tascosa the past week. The contribution consisted of vegetables, fruits, pickles, preserves, jellies, mince meat, etc.

This food was put up in containers of pints, quarts and gallons, and is a gift of the Clarendon Home Demonstration Club.

Several members of this club had already contributed through other means.

TWO YEARS GIVEN ON POULTRY THEFTS

Three young men of Hedley were each given two years on charges of poultry theft from A. M. Saunders. They plead guilty and sentences were suspended pending certain restrictions extended to them by Judge A. S. Moss.

The young men are J. D. Meeks, Leroy McAllister and Jack Blanks.

IS FEDERAL EMPLOYEE

Mr. and Mrs. Chester Williams were down from Amarillo Sunday visiting homefolks. Chester is employed in the Farm Security Administration Offices in Amarillo, and is making rapid advancement there on account of his capable qualifications and work. His many friends here will be glad to know of this success coming his way.

BUILDS NEW HOME

John S. Morgan has completed a nice little residence on East 2nd street, and we understand Mr. Morgan will occupy the same as his home soon.

Bronchos Go to Shamrock This Friday

The highly favored Shamrock Irishmen will play hosts to the Clarendon Bronchos this Friday night on Denver Field. The Bronchos will enter the game very decidedly the underdogs, being the weakest team to face Shamrock in three years.

There has always been a spirited rivalry between the two teams. This Friday night will find them battling as always, the Irishmen striving for another conference win and the Bronchos fighting desperately to keep the score down.

Coaches Warden and Penick have been working overtime with the boys this week, plugging up weak places and improving the running attack. Air and ground strategy have also been improved during the week.

Shamrock boasts one of the finest teams in the district. The Irishmen have practically all of their team of last year, whereas the Bronchos have only four lettermen.

CATTLE THIEVES PLEAD GUILTY

H. L. Chaney was given six years on a cow theft charge Friday, and his partner, Doyle Harris, was given three years on the same charge. The men entered a plea of guilt before Judge A. S. Moss who assessed the penalties.

These men were charged with stealing milk cows from Bill Bales and John Thomas near Hedley in June of this year. Each of the men were given three years on similar charges in Matador before being brought to Donley county for trial.

JIM BOURLAND HERE

James B. Bourland of Pampa, and his son and wife, Mr. and Mrs. Chas. Bourland of Amarillo were here Sunday. They visited Miss Annie Bourland and Mr. and Mrs. F. L. Bourland.

MRS. RICHARD R. GILL, of Clarendon, has approximately 700 jars of fruits and vegetables canned. Her family is cooperating with the Farm Security Administration, U. S. Department of Agriculture. She is shown above with a year's supply of fruit, vegetables and lard as she prepares surplus eggs for market. Directed by Secretary Wickard, in cooperation with the Texas USDA Defense Board, the greater food production program, which will win the war and write the peace, as the Secretary has prophesied, is popular with farm families in Donley County and throughout the state.

LOCAL PHYSICIAN IS HONORED

DETROIT, Mich., Oct. 9.—Dr. Keith S. Lowell, Clarendon, Texas, was elected to membership in the American College of Osteopathic Surgeons which ended its annual convention here today.

The American College of Osteopathic Surgeons is the organization of general surgeons of the osteopathic profession. The convention opened last Sunday.

Phelps Rites On Saturday

A large number of sorrowing friends and relatives paid their last tribute of respect to the memory of Clarence Phelps in a funeral service held at the First Baptist church at 4 p. m. Saturday. Rev. J. Perry King, former pastor, conducted the service.

Members of the Masonic lodge had charge of the casket, and conducted the graveside service of the Lodge at Citizens cemetery.

The lifeless body of Mr. Phelps was found in his car on the roadside by C. L. Knight north of the Knight home on the Sunnyview road about one o'clock Friday afternoon. A number in passing from nine that morning noticed the car but thought nothing of it. The deceased had a pistol wound through the head, and a .32 Luger automatic lay on the floor of the car near his feet.

Mr. Phelps was a native of Cook county, Texas where he was born June 25, 1891. He married Miss Eva Williams June 20, 1910 and moved to Hedley in 1916. The family has resided on their farm near Clarendon for some fourteen years.

Surviving are Mrs. Phelps and the six children. They are Harold, Hugh, Haskell, Mildred and Francis of Clarendon, and Mrs. David McCleskey of Mineral Wells. Mr. Phelps was converted in 1912 and united with the Baptist church, being a member of the First Baptist church of Clarendon at the time of his death. He was a member of the Clarendon Masonic lodge.

The Womack funeral home had charge of arrangements.

WEEDON TO PREACH HERE SUNDAY

Rev. Hershell Weedon will preach at the First Baptist church Sunday at both the morning and evening services.

He is a graduate of Howard-Payne college of Brownwood, and holds a Master of Theology degree from the Southwestern Baptist Theological Seminary.

Soil Sessions To Be Held

According to county agent H. M. Breedlove meetings will be held at Hedley and Clarendon on the twentieth and twenty-first for the purpose of explaining the soil conservation district and how it will operate in Donley county if voted in to effect by the farmers and ranchmen on the twenty-fifth of this month. The voting boxes will be published in this paper next week.

If the district is voted in effect then farmers and ranchmen of Donley county will have the technical service of the soil conservation service to help control the erosion in the county. Any farm participating in the program will sign an agreement with the service offering the service to them for a certain period, and will agree to carry out this work over this period. It is purely a voluntary program and is up to the producer as to whether he wants to take part in the program or not. The government does not bear any part of the expense, as this is all done by the farmer; the government only offers technical service.

FARMER TO PREACH AT CHRISTIAN CHURCH SUN.

Rev. G. S. Farmer of Childress will occupy the pulpit of the First Christian church here next Sunday, the 19th. Rev. Farmer is credited with being among the most talented men of the Christian church ministry of this section of the state. The public is given a cordial invitation to hear him.

ATTEND CHURCH ZONE MEET

A district zone meeting of the L.P.S. of Christian churches was held at Hereford Monday night, October 13th. Over one hundred young people were in attendance.

Attending from here were Rev. C. E. Harvey, Zoy Fronabarger, Arline and Mildred Dozier, Mary Ellen Pipes, Leona McCraw, True Barbee.

BIG GAME HUNTERS

A photo arriving here Tuesday pictures Mr. and Mrs. C. W. Gallaway of Hot Springs standing by their car displaying two pronghorn antelope which they had bagged.

Texas Drivers' Licenses To Be Issued This Week

AUSTIN, Oct. 13.—Renewal of Texas drivers' licenses, numbered up to 450,000, will begin this week, Homer Garrison, state director of police, said today.

Application forms, delayed since Oct. 1, are being mailed to various points in the state as fast as they are received from the printer.

Licenses numbered below 450,000 are subject to renewal before Dec. 31, the expiration date. Those numbered above 450,000 will be renewed later.

RELATIVES ATTEND

Mr. and Mrs. Chas. H. Dean and daughter of Plainview, and Mr. and Mrs. W. V. Thomason and children of Henrietta attended the College home coming and visited relatives and friends here the week end.

FROM WICHITA

Mr. and Mrs. M. D. Stephens of Wichita Falls were here for the Home Coming Sunday at the College, and spent the week end with her parents, Mr. and Mrs. E. M. Ozier.

GOES TO HOSPITAL

Mrs. Lolla Bagby continues a patient in an Amarillo hospital where the bone in her ankle was broken and reset. She was injured in a fall at the home of her son, Selden Bagby west of Ashtola some three weeks ago.

DONLEY'S HISTORY TO BE WRITTEN

Gathering data for the history of several individual counties in the Texas Panhandle is Pat Flynn, feature writer and historian on the staff of the Amarillo Globe-News.

Mr. Flynn was in Clarendon Wednesday for the purpose of gathering historical matter looking toward the publication of the history of this county in serial form in the Amarillo publication.

Cotton Pickers May Be Hauled By Truck

A question recently arose here as elsewhere regarding the transportation of cotton pickers by truck. Judge J. R. Porter wrote James E. Kilday, director of the state motor transportation division relative to the matter.

Here is Kilday's opinion: "It is lawful for the land owner to lease a truck and send this truck after cotton pickers, provided however, that he must not charge the pickers for transportation. The lease must be bona fide in every respect, and must give to the lessee full and complete control over the leased truck."

With the advent of cotton gathering time, this controversial issue arose. Some were of the opinion that transporting cotton hands by truck would conflict with some of the state trucking laws.

Ex-Students In Home Coming

Approximately a hundred former students of old Clarendon College gathered here Sunday in their annual home-coming. Many of them attended college here more than thirty years ago.

An impromptu program began with each member making a personal introduction. Several short talks were made. Judge Wright of Silverton and Mrs. E. T. "Dusty" Miller of Amarillo supplied the "highlights" in the speaking forum.

Mrs. R. L. Bigger served the food for the noon lunch.

Fortunately, the weather permitted the use of seats in the football park, the indoor facilities being in process of recovery from the tornado of June 9th.

Judge J. R. Porter was reelected president, and Mrs. Rayburn Smith was retained as secretary.

The session in 1942 will be held on the second Sunday in October as usual.

ATTENDS SYNOD

Rev. and Mrs. M. M. Miller and daughter, Louise, are in Dallas this week attending the Presbyterian Synod. They expect to return home by the last of the week.

PAWN SHOP REVEALS DALE PROPERTY

Sheriff Guy Wright, in making a tour of the Panhandle for clues to the thieves who have been raiding homes in Donley county while the occupants were away, has found a slight clue. The Sheriff found a quantity of goods taken from the Sam Dale home in a Pampa pawn shop a few days ago.

MRS. ANDIS OPERATED

Friends here were advised Wednesday that Mrs. E. R. Andis had an operation in a Temple hospital Tuesday morning. She is said to be showing improvement, having withstood the ordeal nicely. Those wishing to send her messages, should direct them to Room 106, in care of Scott and White's Hospital.

YOUNG PEOPLE HOLD CHURCH MEET

The Young Peoples' Conference of the Presbyterian church for this district was held at the First Presbyterian church Saturday afternoon and evening.

Young people from Dallas, Sherman, Amarillo and other points were present for the conference.

MUSEUM SIDELIGHTS

The Donley County Museum was opened on last Sunday for the first time since the storm. The occasion was the home-coming of the former students of the Old Methodist College, and there was a large number of visitors in the museum during the day. A great deal of interest was manifested, particularly in the old photographs of college groups.

The museum received no harm from the cyclone, and since the debris outside the building has been cleared back, the museum will continue to be open to the public on Monday afternoons.

Bronchos Head Lower Bracket

All teams in District 3-A blast loose at each other in conference tilts this week. Still heading the list with perfect rating are Lefors, McLean, Shamrock and Wellington. However, this week end will find either McLean or Wellington topping from the undefeated list.

McLean, the pre-season favorites looked none too strong last week in battling the Memphis Cyclone. The Skyrockets of Wellington boast an excellent aerial attack. This game should be a good one, with an upset not too far remote.

All teams in the lower bracket are due for a sound trouncing. Clarendon heads the lower bracket with one win and one defeat. Lakeview is close behind with two defeat. Memphis and Wheeler have lost all games in conference play as well as for the season.

Lakeview and Wheeler will battle it out over at Wheeler with the Eagles conceded a little advantage.

Conference Standings

Team	G	W	L	T	Pct.
McLean	2	2	0	0	1000
Lefors	2	2	0	0	1000
Wellington	2	2	0	0	1000
Shamrock	1	1	0	0	1000
Clarendon	2	1	1	0	500
Lakeview	3	1	2	0	333
Memphis	3	0	3	0	000
Wheeler	3	0	3	0	000

Season Standings

Team	G	W	L	T	Pct.
McLean	5	5	0	0	1000
Lefors	4	4	0	0	1000
Wellington	4	4	0	0	1000
Shamrock	4	3	1	0	750
Clarendon	4	2	2	0	500
Lakeview	4	1	2	1	375
Memphis	4	0	4	0	000
Wheeler	3	0	3	0	000

Last week's results: Clarendon 13, Phillips 40; McLean 19, Memphis 0; Shamrock 25, Perryton 0; Wellington 37, Lakeview 6; Lefors 32, Wheeler 0.

Games scheduled this week are: Clarendon at Shamrock, Wellington at McLean, Memphis at Lefors, Lakeview at Wheeler.

Sheppard Field Jubilation

Citizens of Clarendon were extended an official invitation this week to join Wichita Falls and their friends in celebrating two days of history-making fun, frivolity, and frolic during the Sheppard Field Jubilee, October 17-18.

The invitation was issued by Jack C. Barnard, president of the Wichita Falls Jubilee Association and chairman in charge of arrangements for dedication of Sheppard Field, the army air corps' new \$18,000,000 technical training school.

During the Jubilee, Northwest Texans and citizens of Southern Oklahoma will have their first opportunity to see the inside of Sheppard Field, the world's largest air corps technical training school.

Army bombers, powerful pursuit ships and training planes will be stationed at the field during the celebration. Mass flights of military planes will be one of the features of the observance.

In addition there will be music by military bands, one of the most spectacular parades ever staged in the Southwest and two full days of street dancing, square dancing, rodeos, Indians, horse shows, old fiddlers' contests, fun, frivolity and frolic.

Chiropractic

TERPEZONE GENERATOR RADIOCLAST DIAGNOSIS
Is Chiropractic a system of mental healing?

No. Many patients who come to the Chiropractor have little or no faith in this new science. Results which the Chiropractor obtains are entirely through manipulation to relieve interference with transmission through the nervous system. When this interference is relieved normal function prevails. The mental attitude of the patient has nothing to do with the results obtained.

Does the Chiropractor cure his patient?

Nature is the only power on earth which can cure. The Chiropractor can bring about conditions under which nature can express itself most effectively, but in the last analysis tissue heals and health prevails because the vital energy within the body expresses itself.

Mr. S. T. Sayre is in St. Anthony's hospital in Amarillo for a check-up.

Clifton Mace of Amarillo, whom many will remember as having lived here at one time, was operated on Saturday in an Amarillo hospital for acute appendicitis. He is reported as recovering nicely.

The Chiropractor deals with the nervous system directly. He discovers where the interference lies which prevents the adequate delivery of nerve energy. Having discovered such interference, he proceeds to correct it. Thus, his work goes back to the primary cause. He realizes that the cause must be corrected if permanent health is to result.

TWO THOUSAND TO DIE

According to State Police Director Homer Garrison's figures, there are a lot of Texans scheduled to be killed this year by automobile drivers.

Figuring it mathematically, Garrison said, about 2,000 people are destined to lose their lives in run-ins with automobiles.

"Alarming Insurance"

Garrison arrived at his prediction after studying the trend of "an alarming increase" in the State's traffic death toll for the first nine months of 1941. Figures on the first nine months show a gain of 13 per cent in deaths.

"Mathematically," Garrison said, "this rate of progression would result at the year's end in an increase of 20 per cent. That would mean 2,100 deaths, or approximately 50 more than the 2,043 deaths which set an all-time record in bloody 1937."

Mr. and Mrs. Bob Oswalt and daughter of Vernon spent the week end with her parents, Mr. and Mrs. Buel Sanford.

THE TEMPLE OF TRUTH
By the Apostle

marrying early and rearing a few children, and above all, being worthy of a place in a respectable family all one's own.

I'LL BE DANGED!
Reading over a valued exchange from Columbus, Georgia, the Enquirer has the following comment: "When a dance chaperoned by one Catholic priest, five Army chaplains and the mothers of the girls engaged in the dancing—and

held in the recreational hall of a church—is closed down by the police, it's worth looking into! It's not only interesting, it's challenging—even vested with great hope! Authorities that would do a thing like that must be highly sensitive to things that violate the public welfare and which are in the least injurious to the people of the community. Perhaps we may now expect even greater things."

An educated man gets his things from somewhere else, and the intelligent man gets busy and works out problems for himself.

THE KICKER.
Dalhart still is kicking because that section was once referred to as the "Dust Bowl." In fact the Texan is offering a reward of \$50 for information "leading to the positive identification of the man

or woman who coined the term "Dust Bowl." Why kick about a good thing? Old Donley county has the best crop in 20 years all because of a "slightly" increased moisture mixed with the dust mulch that came down from the Dalhart country. Why old Donley leads in dust mulches just like it does in everything else. On the other hand, didn't Dalhart win the prize on the tallest sunflowers and cockle burrs at the Tri-State Fair? They were said to have grown around the lake rather than out in the open prairie where the Canadian thistles brook no interference. Why doesn't Ed Bishop get the swivel-chair czars to make a "big game" preserve out of the dense thistle forests that obscure the vision from Channing north-west? Why go to Alaska for bears when they could be grown right at home?

"ten-ounce" hat—caught on fast among ranchmen—or, as he says, "took the cake." And with it came a new and far more comfortable saddle from California in which, as today, the rider sat with his legs stretched almost straight and which had stirrups that rested under the instep instead of the toes.

The Ranch Wardrobe
It was probably about this time, too, that the rage for expensive clothes struck the Texas ranch. By the '90's, Mr. James wrote, it was evident that "extravagance is one of the cowboy's failings." His clothes were of the very best: "Hat, five to ten dollars; coat and vest, from eight to twenty dollars; over-shirt, from three to five dollars, and everything else to match." "He will wear good, substantial clothing, even if he has to buy it on credit," he added, "and he usually has plenty of that."

Phillips Defeats Bronchos 40-13

The Clarendon Bronchos suffered a bruising defeat by the Phillips Blackhawks last Friday night at Phillips. The Phillips team out classed the locals two to one, having plenty of reserves and well seasoned men. In fact the Blackhawks could give any AA team in the Panhandle plenty to think about.

Waldrop and D. Jackson did most of the scoring for Phillips, scoring three touchdowns in the first half and D. Jackson, Jacobs and Withers going over in the last half, with four extra points to bring the score to a grand total of 40-13.

Rattan made both scores for Clarendon by taking nice passes each time. One from the 40 yard line and another from the seven yard line where Clarendon had recovered a Phillips fumble.

Every Broncho that went on the field played mighty good football, and had to stay in there fighting in order to keep the score as low as they did, each player making account of himself several times.

Clarendon made 9 first downs to Phillips 14, and gained 75 yards by ground play to 336 for Phillips.

Mr. and Mrs. L. L. Wallace and children spent the week end with relatives in Greenville.

Mr. and Mrs. Stewart were down Sunday from Amarillo visiting Mrs. Stewart's parents, Mr. and Mrs. H. Bernard. They had the misfortune to break their car down and had to return home on a bus.

Forest fires are more easily spotted if watchers make their observations through colored filters which polarize the light.

Department of Agriculture scientists have invented a machine which will cut two tons of staple-length cotton into small pieces hourly. The chopped-up staple is used as a substitute for linters in making smokeless powder.

According to the Agricultural Marketing Service milk production for the first half of 1941 amounted to nearly sixty billion pounds. This was an all-time record and about five percent greater than for the corresponding period of 1940.

THE LUXURY OF INTEGRITY.

Money is not always the motive behind the misdeeds of men (and women). However, there is a wealth of wisdom in the following article by Stewart Chase. We offer it to any and all whose conscience it may fit:

I recall the case of a brilliant young accountant who, shortly after winning his C. P. A., was given an opportunity to make a million dollars, more or less, in a few months time. All he had to do was to approach certain corporations with an offer to split whatever rebates he might earn for them in their filed income tax returns. His share in turn was to be split with a Government Examiner who supplied the names of such corporations as had legitimate claims for rebate in past tax payments. He told his mother of the glittering opportunity.

"Jim," she said, "you know when I come to wake you in the morning I shake you hard, and you don't stir?"

"Yes," he said.

"And then I shake you even harder, and you give a little moan?"

"Yes."

"And finally I shake as hard as I can and you open one sleepy eye?"

"Yes."

"Jim, I'd hate to come in morning after morning and find you awake."

He turned down the job, and has been sleeping soundly ever since.

What a mother! What a son! What a price—a million dollars for THE LUXURY OF INTEGRITY.

SIDE GLANCES ON TEXAS HISTORY

By Charles O. Hucker
University of Texas Library

The Texas Cowboy And His Fashions

The glorified dude which, ordinarily, the modern western moving picture presents to the American public as the typical Texas cowboy of the 1870's and '80's is not necessarily a historically-accurate representation, of course; but one old-timer, realizing that no one particular group is ever entirely free of the foibles common to mankind in general, wrote long ago that the cowboy "has his flights of fancy as clearly defined as the most fashionable French belle."

This observant old-timer was W. S. James, a native Texan, who in 1899 published a chatty little book entitled "Cow-Boy Life in Texas; or, 27 Years a Mavrick," which is one of the best sources for the study of old-time ranch customs to be found in the University of Texas Library's voluminous Texas Collection.

"Those who think the cowboy is not stylish simply let them hunt him up, study his character, note his fancy," he wrote; "and while it is true that like poor Yorick of old he is 'a fellow of infinite jest, of most peculiar fancy,' still he is stylish after a fashion of his own." **War and Hard Times**

Mr. James' earliest recollections were of the Civil War period, when fashions among his friends in the West weren't what he considered elegant. As a matter of fact, goods being far more scarce and dear then than before or afterwards, cowboys wore clothes of home-spun cloth, home-made shoes or boots, and even home-made hats—"the favorite hat material being straw. Rye straw was the best." When someone was lucky enough to obtain a Mexican hat, as he put it, "then he was sailing."

But it wasn't long before things changed down on the ranch with the post-war cattle boom, and the cowboy began to deck himself out a bit. Long belled spurs came into vogue, and buckskin gloves with long gauntlets. This was the time, too, when saddle pockets became general among riders, who, using a new saddle invented by "an old fellow who lived on the Llano River," rode with their legs crooked up high as in a military saddle today.

Around '78 the era of the Stetson ten-gallon hat began. This famous hat—Mr. James called it a

NEW SEED LAW WILL HELP QUALITY

AUSTIN—The new Texas Seed Law, passed by the 47th Legislature, will help eliminate one of the hazards of farming—that is, questionable seed, according to J. E. McDonald, State Commissioner of Agriculture. The law requires that all seed offered for sale for planting or sowing purposes must be tagged, giving commonly accepted name, germination percentage, mechanical purity and other information. Thus, farmers will be able to buy seed for planting purposes without taking risks as to its actual value.

Holbrook Oldtimer Recalls Story of Successful Surgical Operation By Local Barber 35 Years Ago

(As told by W. B. (Bill) Cross)
A little Mexican girl of seven years was playing with her brother two years her senior on their father's ranch on the Rio Puerco (Dirty River) in Navajo county, Arizona, in the year 1906.

The brother and sister, children of Senor Juan Padilla, were playing around the yard of the ranch home, as children will and do every day. The brother disappeared for a few moments and returned with a six shooter of the old west frontier model, and laughingly brandishing it as imitating an Indian or cowboy, when it was accidentally discharged, and the ball, a .45 caliber, struck the sister in the calf of the right leg, tearing away all the flesh and leaving the bone exposed. The mother of the girl, with the assistance of a couple of Mexican women who were at the ranch at the time, hastily applied a tourniquet and stopped the flow of blood and

bandaged the wound as best they could with the aid of some Mexican first aid liniment, etc.

The action of the tourniquet together with the liniment proved a success in stopping the flow of blood, and days and days passed and finally weeks, until three weeks went by, before she was moved to town (Holbrook). There being no doctor here at that time and none closer than Winslow, located 33 miles west on the Santa Fe R. R., the little girl lay on a bed in a one-room shack on the north bank of the Little Colorado River, suffering no pain, and faithfully believing the day would soon come when the leg would be made well and strong, so that she again could enjoy the frolics of youth.

Holbrook in those days was just a shipping point for cattle and sheep and the jumping-off place for all the freight-express and mail for Fort Apache, then a

process of harvesting on the High Plains around Sudan in Lamb County, left Lubbock Monday. The announcement was made by the Blaine Thompson Brokerage Company, Dallas, which purchased the soybeans for the Glidden Company of Chicago.

Mr. Thompson, who has been interested in soybean production as a new farm crop of major proportions in Texas, states that the beans are of high quality equal in every way to those grown in Illinois and that they are bringing \$1.62 per bushel, delivered in Chicago.

High Oil Content.
Samples of Texas soybeans sent to Chicago by Mr. Thompson tested 19.3 per cent oil, which is equal to the yield of Illinois and Indiana soybeans. The meal, after the beans are pressed, tests 44 per cent protein, higher than cottonseed meal, Mr. Thompson stated.

The first car, which will move over the Santa Fe lines, is of the Macoupin variety, which apparently seems adapted to Texas conditions of soil and climate. It is yielding about thirty bushels an acre in Lamb County this season. Other varieties which will be harvested during the next ten days are Mamloxi and Arksoy. All three varieties are yellow soybeans, which the market specifies as a source of valuable vegetable

food and drying oil, and a protein meal in steadily increasing demand with industries and stockmen.

This year cotton will have the greatest promotional fund ever available. The National Cotton Council says its nickel-a-bale fund has been approved by firms which handle more than 90 per cent of the 1940 crop.

A Southern agricultural magazine says green sweet potato vines as well as the jumbo potatoes make good silage. The vines and the jumbos are mixed and run through a silage cutter and packed just as sorghum silage is put up.

military post where two companies of soldiers stood ready to protect the citizens of the country from any murderous attack the Apaches might anticipate, and which was an occasional pastime.

Conrad Hess owned the only drug store and we all called him "Doc". One day "Doc" discovered the plight of the little girl and walked over to see her. Speaking the Mexican lingo, Doc asked permission to examine the wound, which was readily consented to by the mother. After a thorough examination he shook his head and told the mother there was no power on earth could save the leg, as all the circulation from the body to the foot had been severed. The foot was almost in a mummified state, just dried up, and the shin bone all bare except a few of the ligaments which felt and looked like a fiddle string.

He told them he would get Bill Cross, the town barber, and he would help, and that he could amputate the foot and do as good a job as a doctor. After a short conversation among themselves they consented. Doc and Bill got a crude set of surgical instruments together, consisting of a small meat saw borrowed from Uncle Sam Kee, who was the proprietor of a short order restaurant. Bill had a good pocket knife and some tweezers. Doc Hess furnished the bandages, cotton and mercury tablets for the antiseptic solution. They got busy and boiled the outfit good and plenty, sharpened the pocket knife and proceeded to the shack to perform an operation for

amputation of a leg.

Bill to Doc: "Doc, I guess everything is all ready."

Doc to Bill: "Go ahead, Bill, and give the chloroform."

Bill to Doc: "All right."

Bill talks to patient and sprinkles chloroform on cotton and applies lightly to nostrils of patient.

Mother of child and two elderly Mexican women seated in room anxiously watching and repeating prayers.

After the lapse of a few minutes the patient was unconscious and we proceeded to amputate. Bill having had considerable experience assisting surgeons, assumed the part of surgeon, while Doc Hess assisted by handing Bill the necessary instruments as needed, viz. the meat saw, pocket knife, tweezers, curved surgical needle and sutures. Bill made a neat incision on either side of the leg about four inches below the knee, and worked the flesh back on the bone toward the knee, then sawed the bone off short enough so that when the flesh was pushed back over the stump of bone, there would be flesh enough to form a good cushion, which would be in favor for an artificial limb.

The amputation of the leg was of short duration, as everything was in favor of the operation. The bandages were applied, and the patient having regained consciousness from a light anaesthetic, was made comfortable. Each morning Doc would pay the little patient a visit to see how she was getting along, and the third morning we applied a new bandage, and each day after until the stump was perfectly healed.

As time went by, many changes took place. The little girl fully recovered, made the best of her handicap, and seemingly was happy. Doc Hess sold out and moved away. Years came and went until one night the Mexican people were having a dance, and I (Bill) just went inside to watch for a few minutes. Presently, my daughter Louise and her girl friend came in and sat down beside me. Louise said, "Dad, there is a Mexican girl on the floor dancing and she wears an artificial limb." I said, "No, you must be mistaken." She said, "Here she comes." And sure enough, she was the very girl we had performed the operation on about twenty-five years before. She is married and lives in Winslow, Arizona, and the last time I saw her she was the mother of three children and living happy. That was nine years ago. I saw and talked with her husband the fall of 1937, and asked him if his wife remembered me and Doc Hess and he said: "I'll say she does, and will always remember you."

So ends the story of two young fellows who took a chance and won.—Holbrook (Ariz.) Tribune-News.

NOTICE TO TAXPAYERS Clarendon Independent School District

The Board of Trustees of the District has adopted the provisions of the recent tax law, H. B. No. 76, passed by the State Legislature, wherein all penalty and interest, except 6%, is remitted on tax due and delinquent prior to July 31st, 1940, providing all tax due is paid before November 1st, 1941.

The provisions of this remission bill were adopted by the Board in order to encourage payment of delinquent tax due the District at this time and to help relieve the financial problems caused by recent storm damage to school property.

Property owners, owing delinquent tax, can make a substantial saving in interest and penalty charges and at the same time materially aid their schools in this emergency. The provisions of the Act expire November 1st, 1941.

Donley County Leader, \$2 a year.

P. I. "Estey" ESTLACK Firestone Store Manager Austin, Texas

Displeased with conditions brought on by the depression in 1932, Phifer "Estey" Estlack, advertising manager and Linotype operator in the Donley County Leader plant, decided it would be best to secure more schooling since he had graduated from the Junior College here.

Without the knowledge of his family, in August of 1932, he hitch-hiked to Austin, made his arrangements to enter the law department of the State University.

He had many menial jobs the first year. The "sledding" was not so good, but by the second year he was president of his frat society and manager of the frat home of the law students. About this time Senator Coke R. Stevenson, now governor, secured Estlack a place as senate page. For the next three years he was employed in the Capitol. For more than two years he was employed in the office of the attorney general, James C. Allred. When Allred became governor, Estlack went to the State Police Department as filing clerk.

Coming out of the law school in 1935, he was offered free schooling at Akron, Ohio by the Firestone Tire & Rubber company. After consulting leading jurists of Austin, Estlack decided a commercial career was safer than a legal career from a monetary standpoint.

He attended school at Akron the summers of 1935-36. He began as car washer in the San Antonio plant of the Firestone company in the fall of 1935. His rise was rapid. He soon became salesman and then store budget manager. Within a few months he was made budget manager over south Texas. Later he became manager of the Firestone store at San Antonio for several months, and became manager of the Firestone store in Austin February 1, 1939.

While manager of the San Antonio store, he married Miss Rosemary Hurn, whom he met while both were attending Junior College here. They have a beautiful brick home in the fashionable residence district of Austin at 2200 Bridal Path.

Last week the new store was dedicated with an opening address by Mayor Tom Miller. Company officials present were President Raymond C. Firestone, sales manager Joe E. Davis, district manager J. H. Bowman, all of whom have "come up through the ranks", a rule of the company from which no deviation is made even to the president of the Firestone corporation.

The picture of the new plant, as will be seen, is in the shadow of the Capitol where "Estey" Estlack rose from a page boy to manager of the largest and most complete auto service store in the Southwest in six years.

Despite his busy work-day, Estlack finds time to take a prominent part in the promotion of the best interests of the church of his choice, various civic clubs, and is scoutmaster of a large organization of Boy Scouts.

The rise of "Estey" Estlack through the years of depression were not without heart aches and disappointment. He was determined to make a place for himself in the business world and did. Along the rugged path of life he met with genial men who helped. To these fine fellows, one of whom lives in Clarendon, he attributes

the greater measure of his success. The subject of this sketch is the third son of Mr. and Mrs. J. C. Estlack of your Donley County Leader family in Clarendon.

MCDONALD SAYS STABILIZE

That "Congress must immediately stabilize commodity prices and industrial labor wages at fair levels if we are to accelerate defense production and prevent inflation" was the statement issued last week by Texas Agriculture Commissioner J. E. McDonald as he departed for Washington to attend an agricultural conference of governors and agricultural commissioners.

Fight Winter - Fight Wear WITH OUR 5-Point Cold Weather Protection Service

This year it is more important than ever to make your car last longer—to keep it operating at peak efficiency. And automotive experts agree that if you give your car the proper service, you can give it an extra year of youth—an extra year of use. That's why every Cities Service dealer is prepared to help you "Fight Winter—Fight Wear" with a special 5-point cold weather protection service. This complete service is surprisingly low in cost and it offers you complete protection.

Here's what you get:

1—CHASSIS LUBRICATION. Cities Service Trojan lubricants are made especially to stay on the job through weather that quickly would wash out ordinary lubricants.

2—COMPLETE CRANKCASE SERVICE. We drain and clean your engine with Cisco Solvent and refill with Cities Service or Koolmotor Motor Oil.

4—ZERO WEATHER PROTECTION. We drain and flush your radiator and refill with the proper amount of anti-freeze—your choice of Koldpruf or Cities Service Permanent Anti-Freeze.

3—TRANSMISSION AND DIFFERENTIAL OILS. We replace these with Winter-grade lubricants. We recommend a thorough cleaning with Cisco Solvent to insure trouble-free performance.

5—SERVICE CHECK. We check your lights, battery, tires, windshield wipers, etc., and give you a complete report on their condition.

CLARENDON'S GOAL - - BETTER NUTRITION

On Monday afternoon, Oct. 13, 1941, a most interesting meeting was held at the Junior High School, called by H. M. Lane, and presided over by Mrs. C. B. Morris, temporary chairman of the "Better Nutrition" movement in Clarendon.

All churches, women's clubs, Lion's club, American Legion and Auxiliary, and the Red Cross were represented by the eighteen people present.

Mr. Lane explained the work of the "Nutrition Kitchen" now being operated in the Junior High School, how government Surplus Commodities are being used, and how much better work well-fed school children can do.

Miss Plaster, assistant supervisor of Nutrition Kitchens for Donley County, was introduced and told more of her work, how home-canned vegetables are being used to help the meals served to be well balanced. She also read luncheon menus for an entire week.

It was decided by those present to elect an Advisory Board to cooperate with those in charge of the nutrition work in Clarendon and the following were elected:

Mrs. A. T. Jefferies, chairman; Mrs. L. N. Cox, Mrs. Earnest Hunt, Chas. M. Lowry, Mrs. C. E. Pipes, Mrs. Jessie Burch and H. M. Lane.

Malnutrition is widespread in our nation and is responsible for a large number of deaths. Selective service rejections have resulted in public awakening to a serious nutrition situation. If the goal "Better Nutrition", can be accomplished through the cooperative efforts of all concerned, it will justify the democratic way of life. It is not just a case of feeding every mouth, but of adequately nourishing every body.

SELECTIVE SERVICE ANNOUNCEMENT

Lieutenant Commander J. P. Crowder, U.S.N.R., of Dallas, has been detailed to the Texas Selective Service Headquarters staff and will work directly under the State Director as Naval liaison officer, it was announced today by General J. Watt Page, State Selective Service Director.

General Page said that much of Lt. Commander Crowder's work will be connected with the Occupational Deferrals Division on Naval matters.

"This important division of the Selective Service System," the Director pointed out, "acts as a clearing house for all information pertaining to the economic situation within the State with respect to the needs of industry, agriculture, and other activities as affecting and affected by the National Defense program. In addition, this branch maintains liaison between the State Headquarters and procurement agencies of the War and Navy Departments operating within the State, as well as liaison between the State Headquarters and procurement agencies in Washington. Lt. Com. Crowder's training and background particularly fit him for this detail."

Lt. Commander Crowder is a native Texan. He served in the Navy during the World War, and was commissioned in the Naval Reserve in 1933. He has attended the Joint Army and Navy Selective Service schools since 1939.

Ray Robbins was down from Pampa the week end.

Miss Joyce Link of Thalia spent the week end with homefolks.
