DONLEY COUNTY'S SWINE TOPS EXHIBITS AT STATE FAIR

The grand champion Poland China Barrow and grand champion barrow of the Club Boys' Division owned and exhibited by Billy Jack Green, local F.F.A. member, topped the State Fair Auction of prize swine with a price of 56c per pound, six cents per pound more than the price paid for the grand champion barrow. Seventy other top barrows were sold by the local boys bringing from 11 to 15c per pound.

\$425 premium money was won by the local youngsters in competition with 378 top barrows from the entire state. In addition to the champion of the Club show and Poland Show exhibited by Green, C. G. Kirkland's lightweight chester white was named champion chester of the junior show and reserve champion junior barrow. J. F. White exhibited the champion junior show duroc and Redell Henson the champion junior show spotted Poland China.

Results of the show for Clarendon youths were as follows:

Spotted Poland Chinas: 1 and 2 lightweight, 1 heavyweight and champion Spot, Redell Henson.

Presbyterian group meets at happy.

The annual conference of the Woman's Auxiliary of the Sixth District Dallas Presbytery, was held at Happy Wednesday.

Mrs. Ed Dishman of Clarendon, district chairman, presided. Rev. M. M. Miller gave the opening prayer and led the devotional service.

Mrs. J. A. Little, Presbyterial chairman, gave an interesting talk. Dr. E. B. Fincher of Amarillo spoke on "Sabbath Observance."

Fifty-four ladies of the Sixth District were in attendance, seven from Clarendon. Attendance was greatly curtailed due to excessive rain.

Those attending from Clarendon included Meses. A. L. Chase, Howard Stewart, Lee Bell, Al Devers, Ed Dishman, Miss Mable Mongole, and the local pastor, Rev. Maynard M. Miller.

Attending from other points were 21 from Amarillo, 23 from Happy, 2 from Wichita Falls, one each from Iowa Park and Vernon.

From Plainview

Mr. and Mrs. Aubrey Talley and daughter came over Saturday from Plainview and spent over Sunday with their mother, Mrs. C. J. Talley, and brothers, Paul and Chester and families. Mrs. Talley returned home with them for a few days visit. Aubrey farms in an irrigated district and says that he has a fine crop, but entirely too much rain for this time of year.

From Denton

Patty Quattlebaum of Denton College spent the week end here with her parents, Rev. and Mrs. J. O. Quattlebaum, Jr.

Oklahoma pastor will preach

Rev. O. L. Bayless, L.L.D. of Cordell, Oklahoma will be here Sunday to fill the pulpit at the First Baptist church at both the morning and evening services.

The public is cordially invited to hear this visiting pastor on this occasion.

Mrs. Haile better

Visiting Mr. and Mrs. W. B. Haile Sunday at their ranch in Hutchinson county were Mr. and Mrs. Cecil Killough and Mr. and Mrs. Clyde Martin. Mrs. Haile is said to be recovering nicely from her recent accident in Oklahoma in which she had the misfortune to fall and break a limb.

Better Than Steel

J. C. McQuerry of Wichita Falls, Texas, has developed a method of protecting naval vessels from bombs and torpedoes by using a cushion of cotton bales fixed inside the ship's hull. His invention, no wbeing studied by the Navy Department, is based on the proved theory that projectiles penetrate cotton less readily than steel.

TWO SELECTEES FOR NOVEMBER 17

The names of Hershel Thomas Phelps and Virgil Travis Maxey are next on the list for November 17th inductees into army service. Alternates are Arthur Lo Chase and Buster Luster.

The two men to be supplied by Donley county will enter training at Ft. Bliss, near El Paso.

Lions Observe Ladies Night

The annual Ladies Night event was observed by the local Lions club and their ladies Tuesday night. Festivities were carried on in the basement of the First Christian church. Ladies of the church supplied the banquet spread in which there was no disappointment.

Dean R. E. Drennan led the patriotic singing with Miss Rhoda Wiedman at the piano.

Mayor Tom F. Connally delivered the invocation.

Isador Mellinger gave a report on the progress of the Club for the past year, while J. T. Hoy discussed the future activities of the Club.

Judge J. R. Porter delivered what was said to be a lecture, mostly of the humorous type.

Miss Julia Dean and the Ellis sisters, all of Amarillo supplied special musical numbers and tap dancing. Miss Dean's five musical interpretations of "The Eyes of Texas" is said to have been the 'highlight' of the evening.

PARENT - TEACHERS TO HOLD CARNIVAL

The Brice Parent-Teacher Association will sponsor a Halloween carnival Monday evening, the 27th in the school auditorium.

There will be a varied entertainment so that all ages may enjoy it. There will be bingo, fishing ponds, fortune telling, horror chamber and games, according to announcement of that live school association.

Then the P. T. A. ladies will serve sandwiches, ice cream, chocolate and coffee. All Hall, Donley and Briscoe has an urgent invitation to be present where a swell time may be had, and help a good school cause at the same time.

NO OPERATION REQUIRED

Friends of Mr. D. F. Wadsworth and his family here will be glad to know that he will not be required to submit to an operation for stomach ulcers which have been bothering him for some time.

Mr. Wadsworth had an operation for this trouble 13 years ago Tuesday. He has been in Rochester, Minn. for several days, and will remain longer for medical treatment.

Will Observe Navy Day

Pastors of all churches in this district will be asked to cooperate in national observance of Navy Day, October 27, by dedicating a sermon on Sunday, October 26, to the men in their congregations now serving in the United States Navy, or to relatives and friends of such men.

Local American Legion officials are cooperating with the churches and will furnish all pastors with data on which a special Navy Day sermon may be based. All Legionnaires and other ex-service men will be urged to attend the church of their choice on Sunday, October 26. F. E. Caraway, commander of the local post of the American Legion, said today.

FROM DALHART
Mrs. Grace Amick is visiting her daughter, Mrs. D. F. Wadsworth and children while Mr. Wadsworth is in Rochester, Minnesota for a check-up.

Former Hedleyan Killed In Navy Plane Crash

Funeral services were conducted at Quitaque Monday for John Paul Vineyard, 27, who was killed last week in a naval plane crash in Florida along with two other men in the service.

He was a son of Mr. and Mrs. A. Vineyard. The family resided at Hedley for some time where the father was depot agent for the Denver.

Mr. and Mrs. Chas. M. Lowry and Mr. and Mrs. Louie E. Thompson and son Ernest were among the many friends of the family to visit them at their home near Quitaque Sunday to offer condolences.

FROM SAN ANGELO
Mrs. S. A. McCarrill, who has been visiting her brother, F. A. White and Mrs. White, returned to her home at San Angelo Sunday.

CLARENDON MILK JUDGING TEAM AT KANSAS CITY

HEDLEY CITIZENS COME TO COURT

Citizens of Hedley were on hand Monday for the trial of J. W. Adamson, he having been a resident of that section for several years.

Among those here were Supt. W. C. Payne of the Hedley schools, Frank Jones, county commissioner J. A. Tollet, H. Mobley, Charley Barnett, Claude Bain, J. B. Masterson, Raymond Everett, Harrison Hall, J. Hunt, Harve P. Wilson, W. D. Franklin.

Most of these citizens answered roll call on the jury panel.

GONE TO WICHITA

Miss Lucille Doyle, who for the past nineteen months made her home with Mr. and Mrs. F. G. Patching, returned to her home at Wichita Falls Tuesday to make her home. She has many friends in Clarendon who will miss her.

Over three-hundred farm boys will be in Kansas City October 19-23 to represent the Texas Association of Future Farmers of America at the 14th Annual F.F.A. Convention.

For the past five years the Texas Association has been regarded as a "top notch" organization among all state, territorial, and insular organizations of Future Farmers of America.

Each year the National F.F.A. Convention is held in conjunction with the American Royal Livestock Show and National Contests for Students of Vocational Agriculture. Each state sends its winning judging teams to Kansas City to compete in the National Judging Contests, held during the National F.F.A. Convention.

Clarendon High School team, composed of Bobby Harold Smith, C. G. Kirkland, Lee Christie, H. A. Harrison Jr., alternate, and J. R. Gillham, coach, will represent the State in milk judging.

While in Kansas City, a national committee will pass upon the application of 24 Texas boys who have been recommended for the degree of American Farmer for outstanding agricultural service performed by each. Carl Morris of Clarendon is a candidate for this degree.

The Clarendon boys and their coach, J. R. Gillham, left here Friday to go overland to Kansas City.

VISITS HOME FOLKS AFTER 7 YEARS

Seven years ago, Bob Reid of the Naylor community went to Brown college in Arkansas. When the Spanish rebellion came up, adventure overtook this young man and we went to Spain and fought on the republican side until he saw the cause was lost. He returned to America and to Detroit. The war in Spain ended soon after he left. Had he stayed there, he would have become a prisoner "without mercy," he stated Saturday.

A son of Mr. and Mrs. K. C. Reid of Jericho, he is visiting homefolks on a vacation. He was accompanied by Marion Noble, also an Arkansas man employed in Detroit.

"UNCLE BUD" TAKES TWO FROM HERE

Uncle Bud's one way truck came to Childress Wednesday. Sheriff Guy Wright delivered to Bud Russell two men convicted of cattle theft here.

Ben Bales and John Thomas each lost a cow last May. Loyd Chaney and Doyle Harris were tracked down by Sheriff Wright and other officers, and the cows returned to the owners.

Chaney got six years here on the cow theft charge, and his partner, Doyle Harris got three years. Each had received sentences in other counties on the same charge earlier in the season.

SHAMROCK MINISTER TO PREACH HERE

Members and friends of the First Christian church will have an opportunity to hear Rev. Matthews of Shamrock preach next Sunday, the 26th.

It is announced that he will preach at both the morning and evening hours.

ATTENDED MEETING

Mr. and Mrs. Frank Phelan and Mr. and Mrs. Paul Smith, returned from San Antonio, Monday, where they had attended a Coca Cola meeting.

NAVY DAY OBSERVANCE OCTOBER 27

A SQUADRON OF NAVY SCOUT BOMBERS SILHOUETTED IN PERFECT ALIGNMENT above a billow of clouds while on scouting patrol duty. These planes are the eyes of the fleet and by

their alert and proper employment much advance information is transmitted by radio to the Commander, in Chief regarding an enemy's whereabouts, his strength, and the disposition of his forces. They operate from either shore or aircraft carriers

and are capable of flying with a bomb-load of 1,000 pounds. These sturdy ships can dive on a target from great altitudes to bomb and strafe enemy surface raiders or land objectives. (Official Navy photograph from Public Relations Office, Eighth Naval District.)

KENNETH BROWN FLIES IN CANADA CORPS

A picture in the Dallas News of October 14th showed Kenneth Brown and four other members of the Canadian flying corps in full regalia.

Kenneth is a son of Mr. and Mrs. Frank M. Brown of Clarendon. He has been in Canada for several months, or since completing his flying instructions at El Paso.

TO SAN ANGELO

Manager Roy Wyatt of the Cameron company, and Mrs. Wyatt spent the week end with relatives and friends at San Angelo.

GONE TO MEDINA

Mr. and Mrs. Victor Smith and daughter Arvazene are spending the week in Medina Valley at Le Coste where lives Mrs. Emmett Gill, mother of Mrs. Smith. They expect to return by next Sunday.

LOCAL FRUIT GROWER SCORES AGAIN

Possibilities of Donley county as a fruit growing section is no better demonstrated than through the experiments being conducted by F. E. Caraway at his home in Clarendon.

At this time, he has figs ripening. The fruit is borne on sprouts from the stump that freezes down to the ground each winter. They appear to be of the Smyrna type of fruit.

His annual persimmon crop is coming right along. They are of the Honey or Josephine type, and are of good size, quality and flavor.

SOIL CONSERVATION MEN HERE MONDAY

On a business mission here Monday were Chester Huffsteder who has charge of the office at Wellington. With him came R. H. Crowell, the office engineer for the soil conservation work.

These young men are vitally interested in soil building, as most any one will know in a conversation with either of them. They know soils. They know how many of the farmers have profited from proper farm management.

KINGS VISIT FRIENDS IN CLARENDON

Mr. and Mrs. J. Perry King, now located temporarily in Amarillo, stopped over here Tuesday on their return from Ballinger, Texas, where they had been visiting relatives and friends.

Bro. King, one of the most popular pastors ever to serve the First Baptist Church here, loved and admired by all denominations and those of no denomination, advised this writer that he had several calls for pastorate work under consideration, but as yet had not accepted any of them.

RAGSDALE BUYS RAPE HOME HERE

Curtis A. Ragsdale, in buying the Henry Rape home in the east part of town has already started improvements. Among the new ideas, he set out Chinese elm, though the season is a bit early.

Ragsdale is employed by the highway construction firm of Bell & Braden, now improving 18 between Jericho and Pampa. He is also a son of Mr. and Mrs. W. A. Ragsdale here.

ELBA JEAN BALLEW INJURED BY KICK FROM HORSE

LOCAL PEOPLE SEE FOOTBALL GAMES

The condition of Elba Jean Ballew, painfully injured when kicked by a horse at her home five miles east of town late Monday afternoon, is showing steady improvement.

The little lady of seven years suffered a broken jaw bone, cuts and bruises and was rushed to Northwest Texas Hospital in Amarillo immediately.

Mr. E. S. Ballew said the children had corralled a bunch of ponies to take a ride when one of them whirled and kicked his little daughter. Elba Jean began riding at the age of four, and is quite adept at handling her mount at the age of seven.

Watching the Masons defeat the Riversides in Ft. Worth Friday night whetted the appetite of our local athletic admirers for the big game Saturday afternoon in Ft. Worth where the A&M Aggies played the TCU team in a game that gave the Aggies 14-0 victory.

Attending these football games were Mr. and Mrs. Simmons Powell, Mr. and Mrs. Cap B. Morris and children, Mr. and Mrs. H. M. Breedlove, Mr. and Mrs. Bert Smith and children, Mr. and Mrs. Tommy Harris.

Information On Conservation Of Soils

In order that landowners who will vote in the Soil Conservation District election Saturday, October 25, may review the operation of the proposed Collingsworth-Donley District, the following pertinent points are given in question and answer form.

This, in brief, is the information that has been brought out in community meetings held over the county during the last week and a half.

The questions are:

1. Q: Does the district have the authority to levy taxes or issue bonds?

A: No. A soil conservation district does not have authority to levy taxes or issue bonds.

2. Q: Will farmers be forced to take part in a district program?

A: No. The program is voluntary, unless farmers later decide that land-use regulations are need, and it is impossible to carry on an effective erosion control program because a few farmers refuse to treat their lands.

3. Q: How would farmers decide land-use regulations are to be put into effect?

A: By voting on the question in a separate election after the district has been operating.

4. Q: What margin of votes is necessary to set up land-use regulations?

A: 90 per cent of those voting.

5. Q: Do you think such an election will ever be called?

A: No. But it is reasonable to think that if nine out of ten wanted to do something, the other one should.

6. Q: Does the law under which the district is organized change or effect the present laws in regard to damage suits where water is directed over one's property in an effort to protect lands?

A: No. The law regarding damage suits of this kind isn't changed or affected at all. Furthermore, this law does not refer to or have any relation to the enforcement of such statutes.

7. Q: Who can vote in the election?

A: Any land-owner-farmer living within the county. It isn't necessary that you live on the farm and it isn't necessary that you own your land outright, but should you hold an equity in an undivided estate, you are entitled to vote. Your wife is eligible to vote.

8. Q: If the formation of the district is approved, how is it governed?

A: That is the responsibility of five supervisors, each of whom must be a land-owner within the district and actively engaged in farming or ranching.

9. Q: How are supervisors chosen?

A: Supervisors are elected for three-year terms by land-owner-farmers, except when a newly organized district is being formed and in this case, two supervisors are appointed by the state board for the purpose of obtaining a certificate for the district to operate. The other three supervisors are elected thereafter and then all supervisors are elected thereafter.

10. Q: When a district is organized, supervisors elected, and all of the machinery is set up; then how do they go about getting assistance in the application of conservation practices?

A: In brief, this is what happens. You as a farmer, will contact the supervisors and tell them of your problems. The supervisors will advise with you about your problems and then they will call in officials of the soil conservation—probably your county agent and others. All of you can study your problems and work out a solution. The approximate cost will be worked out and the work will be planned over a period of years suitable to your desires. Then after all this has been done, you have the liberty to accept or re-

ject the plan. You will be under no obligation to do anything.

11. Q: Will farmers be allowed to use WPA labor in doing conservation work?

A: Yes, provided WPA labor is available, and provided the district is voted.

12. Q: Will the WPA be free to the farmer if he decided to use it?

A: Yes. The federal government pays all WPA labor and the farmer pays nothing.

13. Q: Will the farmer be required to use WPA labor if he does conservation work?

A: Absolutely not. The farmer isn't forced to do anything that he chooses not to do.

14. Q: Will farmers be required to allow WPA workers to live in their vacant houses?

A: No. The district has no relation to WPA workers except that they can be used to do such conservation work if the farmer desires.

15. Q: Is it possible that the Soil Conservation Service will have some machinery available to the farmer to help do his work?

A: Yes. The Soil Conservation Service has pledged to do everything within its power to assist in this way.

16. Q: Is the Farm Security Administration planning to do any work in the county, if the district is voted?

A: Yes. There is considerable work that the FSA plans to do if

the district is voted. Most of the work planned by FSA will be of no cost to the farmers. It is impossible to detail the numerous work planned by the various agencies.

17. Q: Is it true that the FSA plans to designate Donley County as a "special problem area" if the district is voted?

A: Yes. But any work that FSA does will be done only at the farmer's request.

18. Q: How many counties in Texas have already voted themselves into districts?

A: Approximately 175 counties in Texas have already voted themselves into districts.

19. Q: What counties are included in the proposed district?

A: Collingsworth County and Donley County.

20. Q: Has the state legislature amended the soil conservation law, whereby any district must divide itself up into five subdivisions and elect a supervisor from each sub-division?

A: Yes. This amendment has passed.

AUTOS KILL MANY DEER

Deer fatalities along the roads at night in the "hill country," where many curves in the road make it difficult for motorists to spot the animals in time, are reported numerous. Even on straight highways the kill is too large—this time the blame being placed squarely on the motorists. It is dangerous to drive at high speeds through the deer range, the Executive secretary of the Game Department warned today. Many cars have been badly smashed up by such collisions, and not a few people have been injured.

During the months of July and August 32 deer were killed by motorists on roads near Keerville alone, the Game Warden for that district reported.

Mr. and Mrs. H. B. Settle Sr. of Quitaque were over Sunday to spend the day with their son, H. B. Jr. and family.

Hospital Status Is Explained By Judge

With the leasing of the Adair Hospital to Drs. Stricklin, Goldston and Borsook, it passed out of the picture as a public institution. It is now a private hospital and will, we hope, be able to take care of the suffering humanity as well in the future as it has in the past. Nevertheless, the Commissioners' Court regret very much the loss of the Adair Hospital as a public institution for the reason that, although it was and has been costing the tax-payers of Donley County about three thousand dollars per year, it furnished the means whereby county patients could be cared for; and, without a public hospital in the county, Donley County is now powerless to provide hospitalization for its indigent sick and afflicted citi-

zens. That point has been definitely settled by the higher court in the late case of Willacy County Vs. Valley Baptist Hospital, 29 S. W. 2d., page 456; in that case the court said in part, "The duty and authority of the commissioners' court to send the indigent sick to hospitals is limited to public hospitals within the county, which provision, by necessary implication, excludes any duty or authority to send such persons to a private hospital, or to public hospitals without the county." The return of the Adair Hospital into private control, as well as the decision of the Court of Appeals, is "water that has already passed under the bridge." Now let us decide "our future course. Do we want a public hospital? If so, contact your commissioner at once. "Wherever there is a will there is a way." But first of all, contact your county commissioner and let him know just what your wishes are.
R. Y. King,
County Judge.

THE TEMPLE OF TRUTH
By the Apostle

sue of your Donley County Leader relative to Navy Day. It is great to have the protection of a big navy of modern machines, but it is greater to have it backed up by naval planes of the necessary types. No doubt this phase of the preparation is being well taken care of by those in charge.

MORE COTTON USES.
For Years, Senator Geo. Moffet of Chillicothe had advocated

more uses for cotton as the best means to create more of a demand for the staple. The Senator is dead right. Your Leader has made arrangements to show pictures of new uses of cotton from time to time. The old Apostle gets a surprise out of these new ideas. Most every one else may already know about them, but he doesn't.

GREAT FOLKS.
Of all the folks who come and

go in my office, there is none more appreciated than the older women. I just naturally feel humble in their presence. It always makes me feel like these fine old souls are about the only bit of heaven left on earth. Among these is Mrs. Emma Dozier who came in Saturday. She had been down to Milling's at Mineral Wells and got well and then went to Lefors to visit relatives. Now she is back at her old home in Ashtola. "I in-

end to take the Leader as long as I live," she said as she paid her annual subscription. That's one of the greatest compliments I have ever received. Jokingly, she admitted to being "16 and then some," when asked her age. I found out that she had resided in good old Donley county 31 years. She may be well on to 40, for all I know and "then some," but she is a great woman for all that. The old Apostle prides himself on having more friends among the old ladies than any other class of folks. When a fellow can merit their approval, he's really going places.

COMPLIMENTS.
Real commendation is scarce. One seldom hears praise—personal praise. I have a letter of appreciation from a very fine young lady down at Tech for a small favor shown her. I appreciate the fact that her good parents reared a girl who could recognize appreciation. Then along comes one of the old "stand-bys". A very fine old lady who complimented the editor by saying "you are always saying something nice about some one, and leave the bad, if you know, unsaid." Now that's something. Of all the abominable animals that crawl over the face of the earth, it is a man who straws along his slimy trail verbal attacks upon the character of womanhood. Some men attack the good name of other men for nothing more than the fact that the "other fellow" gets along and prospers. He doesn't have to hear scandal—he makes it.

OUR WEAKLY POME.
Don't talk solemn days in autumn's splendor. Because the sun's rays are slant and slender. The climax of the year—The best time of living. Is meeting the folks At next Thanksgiving.

HARD FACT.
Take care of your health. It doesn't care how important you think you are even now.

RAH FOR ARKANSAW!
Not that we would want her to continue the work as a vocation, but we do compliment Miss Adeline Lee of Mineral Springs, Arkansas for the type of thesis turned in for her master's degree at Texas State College for Women down at Denton, Texas. Of all things! She wove a rug! In making the beautiful rug of 17x4 dimensions, she tied 115,680 knots by hand, used 200 razor blades to cut threads, and put 15 pounds of linen warp and 50 pounds of wool into the rug. Practically-minded young ladies are not to be found in bunches. For this reason, we hope that Miss Lee decides to stay in Texas. They may have others of her type in Arkansas, and not need them as we do here.

THE HEROINE.
The young lady who finds too much heat in mother's kitchen, but feels perfectly comfortable in a coupe with five other boys and girls, ought to make a hand in the war game at any angle. Her nature is attuned to the scrimmage.

WAS WILLING.
The sweet young thing entered the area of the fashionable dog kennels, and tripped up to the handsome man inspecting his dogs. "I want a pet," she cooed. "I'd love to," he answered sadly, "but the wife will be here with the flea powder any minute now."

REBELLION.
Speaking of cotton hose, Miss Oola Yurt sums it up by saying, "somebody will have to hold me and put 'em on, if I wear them."

Will the same committee of farmers in this office last Saturday who set the frost line at March 1st 1942, kindly come in and do something about the rain?

COFFEE COMPANY PAYS HIGHER SALARIES

There never has been a strike in the Duncan Coffee Company plant where admiration coffee is produced down at Houston. There is a very good reason.

Only recently, Mr. H. M. Duncan, president of the company, announced a five percent increase in all payrolls to meet the advanced living costs.

"This raise does not effect the 10% bonus on gross earnings," Mr. Duncan told the employees, "that are paid at Christmas time." A bonus is paid every year.

WEST TEXAS EXES' HOMECOMING

Ex-students of West Texas State College, many of whom reside in Donley county, will attend the Homecoming in Canyon November 8th.

The program will begin November 7th at 7:30. On Saturday, the 8th, the program gets under way at 9:30 a. m. and closes with the Homecoming Stampede at 9:30 p. m. More of the program will be given next week.

TERPEZONE GENERATOR RADIOCLAST DIAGNOSIS

The Terpezone is an instrument producing an artificial mountain air. The air stream, which is always fresh from outdoors, mixes with the air of the closed room and is simply breathed as a part of the atmosphere of said room.

These fumes when taken into the respiratory system, kill all disease germs that it comes in contact with, therefore reducing the percentage chance of disease development in the body.

If at any time you are bothered with any of the following diseases try the Terpezone: Whooping Cough, Bronchial or Cardiac Asthma, Influenza, Bronchial or Lobar Pneumonia, Skin Diseases, Hay Fever and Sinus Trouble.

GARDEN CLUB

Mrs. George Ryan was hostess at her home for a meeting of the Garden Club Monday, October 20, during which Mrs. Holland, president, conducted the business session.

Mrs. Hoy gave an interesting quiz on garden maintenance. A roundtable discussion on success with house plants was led by Mrs. Florence Lea.

Mesdames Boston and Noland presented a variety of fruit and vegetable arrangements. These decorations were placed throughout the reception rooms.

In the dining room, the tea table covered with a lace cloth, was a lovely picture with a centerpiece of purple and white grapes. Mrs. Sella Gentry presided at the silver service.

A dainty refreshment plate was served to one guest, Mrs. J. C. Estlack and to members, Mesdames Lee Holland, J. T. Hoy, A. L. Chase, U. J. Boston, Gene Noland, Walter Taylor, H. C. Brumley, J. H. Howze, Mae Prewitt, Florence Lea, John Goldston, Joe Goldston.

FRIDAY CONTRACT CLUB

Mrs. Geo. Norwood entertained this Club at her home, Saturday afternoon.

The entertaining rooms were decorated with a variety of fall flowers.

In the games, Mrs. Floyd Lumpkin received high score for members. Nettie Sims received high for guests.

A delicious plate refreshment was served to members, Mesdames H. F. Harter, Forest Sawyer, Allen Bryan, Floyd Lumpkin and to guests, Mesdames J. Gordon Stewart, Paul Slaton, Misses Anna Moores, Nettie Sims, and hostess, Mrs. Norwood.

CLARENDON H. D. CLUB

Mrs. Cap Lane entertained the C. H. D. Club Friday afternoon in her home with eighteen members present. The president, Mrs. C. L. Benson, presided over the business meeting. Mrs. Benson read the Club Collect. Members answered the roll call with "Hallowe'en stories."

Mrs. Elmer Hayes demonstrated "Loom Weaving" with wool thread.

Club adjourned to meet with Mrs. Earl Lea November 7th.

The hostess, Mrs. Lane, served delicious refreshments to Mesdames G. A. Anderson, A. H. Baker, C. L. Benson, A. L. Chase, W. A. Davis, J. C. Estlack, Earl Lea, M. A. Hahn, Elmer Hayes, A. G. Lane, Clyde Butler, C. D. McDowell, Ed Speed, W. D. Van Eaton, Grover Heath, Mattie Hudson, Misses Etta and Ida Harned.

Mrs. Charles Lowry and Mrs. Lester Schull were hostesses to the 1926 Book Club Tuesday afternoon in the Clubrooms.

The president, Mrs. John Knorpp, opened the program by having the members read in unison the "Collect for Club Women."

Mrs. McHenry Lane announced that the play "Aria De Capo" by Millay had been postponed to a later date due to the absence of one of the members of the cast.

Mrs. Lane then introduced Mrs. Marguerite Goodner who gave in a delightful manner a program that she had given recently at the Pathfinder Club.

Mrs. Goodner gave a very informing sketch of the life of the famous negro writer, Paul Lawrence Dunbar, the "poet laureate" of the negro race, and read in dia-

let four of his well known poems "Possum," "Encouragement," "Little Brown Baby with Sparkling Eyes," and "Corn Pone," followed by the poem "After Reading Lead Kindly Light."

She concluded the program with Irwin Russell's "Nebuchadnezzar."

THREE LADS ON EXPLORATION TRIP GUESTS OF SHERIFF

The son of a doctor engulfed with wanderlust took charge of his father's car in San Diego, California late Sunday, and arrived near Lelia Lake upside down about 3:30 p. m. Monday.

The lad is Charles Ray Lindholm, 14, a son of Dr. and Mrs. R. C. Lindholm of San Diego, California, and the wanderer tells a most interesting story. Especially after Sheriff Guy Wright talked to the parents Monday night, and the lad found out that his mother was coming after him.

Dallas Jones, who claims Riverside, W. Va. as his home climbed aboard the explorer's auto near the California-Arizona line. He was doing the driving, he claims, when the wreck occurred. He is being held for lack of a driver's license.

The third lad, giving the name of Jim Kent and boasts of having hailed from Pennsylvania, was

merely a guest picked up in Arizona. Jim states that he has traveled much for a mere lad, and has acquired about all the arts of "getting by" when going from one side of the continent to the other.

The Lindholm lad evidently was the favorite son of a doting father. He had plenty of money. The car showed the effect of an improvised commissary of food stuffs, including much of the doctor's professional equipment that was evidently in the car when the son started east Sunday.

The car is badly wrecked in the turning over process. The top is crushed and the skill and time of mechanics will be required to make the family boat navigate the route back to the Pacific coast.

Mrs. R. C. Lindholm arrived on the noon train Wednesday, and will remain here a few days to see after getting her car repaired.

Grady Starkey and daughter, Peggy, of Quitaque, were guests of the Victor Smith home Sunday.

W. P. Howard of Lelia Lake was an interested spectator in court here Monday while waiting for the skies to clear.

Mrs. O. N. Hedgpath, who has been visiting Mrs. Monica Harvey the past several days, returned to her home in Hereford Tuesday.

Texas Farmers Have Two AAA Programs

In west Texas, farmers will have the minimum conserving-acreage plan and farmers in east Texas will have the erosion-resisting plan.

In defining the areas in which the two programs will apply, all counties in the state lying south and east of and including Wilbarger, Baylor, Throckmorton, Shackelford, Callahan, Coleman, McCulloch, Mason, Gillespie, Kerr, Edwards and Kinney counties will carry out the erosion-resisting plan, and all other counties in the state will have the minimum conserving-acreage plan.

The principal difference in the two plans, is that under the conserving-acreage plan a minimum of 20 percent of the cropland must be devoted exclusively to soil-conserving crops during the crop year, while in the erosion-resisting area at least 25 percent of the cropland must be devoted to erosion-resisting crops or land uses at some time during the crop year.

The method of payment will be substantially the same in both plans with payments being made for planting within special allotments, such as cotton, wheat, rice, peanuts and Irish potatoes, and carrying out approved soil-building practices.

Percentage deductions in net payments will be made for failure to meet minimum requirements under the two plans, and a deduction of ten times the rate applicable to a farm will be made for exceeding special allotments. Deductions incurred for exceeding crop allotments will be applied against payments earned under the range program.

Attorney E. T. "Dusty" Miller is attending to legal matters in District Court here this week.

Mr. Drew and son Frank of Phillips, visited his daughter, Lidia Drew here Sunday.

Doc Williams who has been ill for some two months, is better at this time, but decided to close his office for the present, until he fully recovers from his trouble, at which time he will again reopen offices for practice.

ALL AMERICA TO CELEBRATE "NAVY DAY" OCTOBER 27th

Another Navy Day will be observed this year on October 27th. This year's observance finds the Navy at its highest point in numbers and development. There never have been so many fighting ships carrying the stars and stripes.

The ships of the Navy today not only are impressive in size and numbers, but they are ships with more power in their guns, and more speed in their engines than once would have been believed possible.

Navy Day, however, will be merely another milestone, and not the end of the nation's building of a Navy second to none. Many new ships are ready to slide down the ways. New keels are ready to be laid when the new ships go into the water.

This year Navy Day, which is observed on the birthday of President Theodore Roosevelt, marks the twentieth anniversary of the observance. The first was held in 1922 upon a suggestion made to the Navy Department by Mrs. William H. Hamilton, of New York.

In 1922 the World War had been over almost four years. The Navy of that war had been built into the world's most formidable defensive and offensive fleets. The first observance of Navy Day found the American Navy still ranking the navies of the world. A few years later was to come the

Disarmament Conference, with its following program of naval force reduction, which brought the American Navy down to a par with Great Britain, and only slightly ahead of the forces allotted to Japan.

The theme of Navy Day in 1941 is one of contrasts self-created. The major contrast is one of assurance to the people by the Navy. It is no military or naval secret that the fleets are "standing by." It is no secret, nor an inflated boast, that the Navy is confident that if called to action, there is no navy afloat, which can halt, much less stop our American ships from defending American principles.

Another contrast which stands out in bold relief as a result of world conditions is found in the 1907-1908 Naval policy formulated by President Theodore Roosevelt, and in the policy of the Nation at this time in respect to the Navy.

Back in 1907 there were rumors of aggression by at least one foreign power against the national interests of the United States. President Roosevelt in that year assembled the ships of the Navy into a massive fleet, sent it around the world on an unprecedented cruise which touched the ports of many foreign nations. Bristling guns from ship after ship announced more dramatically than words, that while these United States preferred to follow the ways of peace, they were ready and willing to defend their principles with force, if necessary.

The fleet that went around the world in 1907 could not compare to our modern fleet.

One of today's battleships, such as the recently commissioned USS North Carolina, single-handed could conceivably defeat the old fleet with its scores of ships.

Long before the guns of the old fleet could come within range of the North Carolina's 16 inch guns, one by one and in rapid order, the old ships would be sunk by a new battleship which could fire at and destroy her enemies, beyond the horizon.

The next contrast comes between the battleships and cruisers of the first World War and the fighters of today. Powerful as our ships were in 1917-1918 they would be no match for the U.S. Navy which is ruling the ocean these days.

Vast strides have been made by

the Navy in the last few years in building ships, too.

New technique has reduced the time required for building of a bigger and more complex capital ship by many months.

The U. S. Navy has always been alert. It has always been ready to "get ready." In calm times when the peoples of the world in civilian life have no thought of war and hear no rumors of war, the officers and men of the U. S. Navy are practicing war under conditions which are as definitely actual as peace time conditions will permit.

At present there are more than 20,000 commissioned and warrant officers in the Navy, with the expansion program calling for an increase to more than 30,000. There are about 200,000 highly trained specialists in the enlisted branches. These blue-jackets are first, man-o-wars men, and secondly specialists in many trades and professions.

This dual task of training men for the U. S. Navy, both officers and bluejackets, is another challenge the Navy has taken in its stride. When the need for greater numbers of officers and men arose, Naval schools suddenly sprang up everywhere.

The courses are rigid and intensive. But the men of the Navy have met the challenge. When an officer or a bluejacket comes into the service, and finds himself under a system of instruction where he is required to learn

thoroughly in a few months what is covered in periods of from one to two years under normal conditions, by hard and rigorous self-application he condenses time, the essence of our National preparedness.

Proof of the Navy's preparedness and system can be found graphically in the recent trials of the USS North Carolina. This giant battleship built at a cost of \$70,000,000, and equipped with every new device for naval operation which science has developed, had a fairly large number of men in her crew, comparatively new to the service.

In less time than the imagination might allow, the unseasoned men on this battleship performed like veterans. The Navy didn't do any guessing about these men. The Navy knew they would make good from the minute they stepped over the gangway to take up their jobs.

The answer came in the fact the North Carolina went through all her severe tests and trials without a single mishap.

Members of the U. S. Navy will not be able to take time off on October 27, when their fellow Americans observe Navy Day, but every officer and enlisted man knows that the fleet is destined to play an ever increasing part in the vital matter of national defense, and that Navy Day of 1941 is therefore a solemn occasion. As long as the Navy lives, the nation will survive against any force.

Selectees Get Better Break

A modified plan for induction of trainees under the jurisdiction of the Texas Selective Service System will be placed into immediate effect with the Army's most recent call for 1375 men, it was announced today by General J. Watt Page, State Selective Service Director.

In the beginning, men called for induction did not know until they reported for induction whether or not they would pass their Army physical examination. This naturally worked a hardship on many registrants—some of them had given up their jobs only to be rejected at the induction stations. Now, registrants will know well

in advance whether they will be inducted and are in a position to make their plans accordingly.

General Page explained that the modified plan calls for the usual preliminary local board examination within thirty to sixty days prior to date of call for induction. Within thirty days prior to call selectees will be sent at government expense to the Army Examining Board in their district, where a complete examination, including physical, citizenship, morals, and literacy will be given.

Your Electric Servant

Is Classified as a "National Defense Utility"

This Company is serving Camp Barkeley, Abilene; Goodfellow Field, San Angelo; Bruce Field, Ballinger; Arledge Field, Stamford; Victory Field, Vernon; and other associated and cooperative projects, all of which are defined as National Defense Premises.

The Company, therefore, is classified as a National Defense Utility, and its property is protected by an Act of the Congress of the United States (Chapter 926-3D, Session 76 Congress) approved April 20, 1918; and Texas Labor-Violence Law (H. B. 800) passed by the Legislature on April 4, 1941.

Section 5 of the Federal Law reads as follows:

"That whoever, with intent to injure, interfere with, or obstruct the national defense of the United States, shall wilfully injure or destroy, or shall attempt to so injure or destroy, any national-defense material, national-defense premises, or national-defense utilities, as herein defined, shall, upon conviction thereof, be fined not more than \$10,000 or imprisonment not more than ten years, or both."

Section 1 of Texas H. B. No. 800 reads as follows:

"It shall be unlawful for any person by the use of force or violence, or threat of the use of force or violence, to prevent or to attempt to prevent any person from engaging in any lawful vocation within this state. Any person guilty of violating this Section shall be deemed guilty of a felony and upon conviction thereof, shall be pun-

ished by confinement in the State Penitentiary for not less than one (1) year nor more than two (2) years."

Section 2 of Texas H. B. No. 800 reads as follows:

"It shall be unlawful for any person acting in concert with one or more other persons to assemble at or near any place where a 'labor dispute' exists and by force or violence prevent or attempt to prevent any person from engaging in any lawful vocation, or for any person, acting either by himself or as a member of any group or organization, or acting in concert with one or more other persons, to promote, encourage, or aid any such unlawful assemblage. Any person guilty of violating this Section shall be deemed guilty of a felony, and upon conviction thereof shall be punished by confinement in the State Penitentiary for not less than one (1) year, nor more than (2) years."

In these times of national emergency, it is the patriotic duty of every American to report any act or plot which endangers the country's safety. Thus, Your Electric Servant feels free in requesting that you report to local law enforcement agencies or to the nearest WTU office, any person or persons violating or planning to violate any of the provisions of the above acts, of which you have any knowledge.

Irishmen Defeat Bronchos, 19-0

The Shamrock Irishmen turned on full power last Friday night to defeat the Bronchos 19-0, in a one-sided affair.

The Irishmen tallied once in each of the first, second and third periods with Rives, Lister and Sewell carrying over for the counters. Clarendon's only scoring threat came late in the second period against the Shamrock second stringers. They marched

from their own 31 to the Irishmen's 10 where they bogged down after the Irish first stringers came back into the game, and on the fourth attempt to gain the yardage needed, Rives intercepted Smith's pass on the 10 to end the threat.

Lefors vs McLean Supply Interest This Week

The two big guns of District 3-A sound off this week when the powerful McLean Tigers invade the port of the speedy Lefors Pirates in a crucial gridiron classic which will find one of the heretofore undefeated eleven toppling from the pigskin pinnacle. Last week end the McLean Tigers clawed the Wellington Skyrockets from the coveted roost, 19 to 3. On the other hand while this was going on, the Lefors Pirates were giving the Memphis Cyclone an unmerciful beating, 46 to 2.

On paper the Pirates have the edge since they showed more power against the Cyclones than did the Tigers who won their game from Memphis 19-0. However, the Tigers boast two of the best ends in the district. Just how far the speedy Lefors backs will go remains to be seen.

While the smoke of battle is raging over in the oil field, six other teams in the district will be battling with victory as their goal. Shamrock will pull the feathers out of the Lakeview Eagles, but will be clawed plenty in doing it.

Wheeler goes to Memphis where the Cyclone are due to taste victory for the first time this season. The Memphis boys are improving as the season moves along and should take this one after a stiff battle.

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

The Clarendon Bronchos with only one win to their credit in district play will engage the Wellington Skyrockets on the latter's home field. The Bronchos will have to play super football to win this one.

COMPLIMENTARY

We wish to compliment the farmers and stockmen of this section upon their excellent job done in conserving soil, water and feed. The trench silo is one of the finest ideas brought out to save feed, and more and more of our people are building pit silos than ever before.

Donley county has better crops than for many years. These crops are being saved in a manner most profitable. With a clearing of the weather, we should have a bumper cotton crop at prices better than for a decade.

"SERVICE is our middle name!"

FOR DEFENSE!
Fight Winter - Fight Wear
WITH OUR 5-Point Cold Weather Protection Service

This year it is more important than ever to make your car last longer—to keep it operating at peak efficiency. And automotive experts agree that if you give your car the proper service, you can give it an extra year of youth—an extra year of use. That's why every Cities Service dealer is prepared to help you "Fight Winter—Fight Wear" with a special 5-point cold weather protection service. This complete service is surprisingly low in cost and it offers you complete protection.

Here's what you get:

- 1—CHASSIS LUBRICATION. Cities Service Trojan lubricants are made especially to stay on the job through weather that quickly would wash out ordinary lubricants.
- 2—COMPLETE CRANKCASE SERVICE. We drain and clean your engine with Cisco Solvent and refill with Cities Service or Koolmotor Motor Oil.
- 3—TRANSMISSION AND DIFFERENTIAL OILS. We replace these with Winter-grade lubricants. We recommend a thorough cleaning with Cisco Solvent to insure trouble-free performance.
- 4—ZERO WEATHER PROTECTION. We drain and flush your radiator and refill with the proper amount of anti-freeze—your choice of Koldpruf or Cities Service Permanent Anti-Freeze.
- 5—SERVICE CHECK. We check your lights, battery, tires, windshield wipers, etc., and give you a complete report on their condition.

THE RECORD... Facts That Concern You No. 33 of a Series

THERE GOES A TIRE!
...but why junk the car?

Any car can have a blowout in a tire. But you wouldn't junk the car. You'd just fix the tire—or replace it.

That's very much like a situation that exists in the retailing of beer. Beer retailing has its "flat tires," too—retailers who disobey the law or who permit unsavory conditions.

To protect your right to drink good beer, we of the beer industry want to eliminate the few "flat tire" retailers. Here's another reason: Right here in Texas, beer has provided employment for 31,165 persons, supports an annual payroll of \$22,076,182 and paid \$2,273,968.64 in state taxes last year.

The state, too, has an important stake in the beer industry's purchases—for material, equipment and services—from more than 100 other industries.

Those benefits are worth preserving. You can help us preserve them by patronizing only the reputable and legal places where beer is sold and by reporting any law violations you may observe to the duly constituted authorities.

KILLS BLACK JACK RABBIT
The first black jack rabbit to be reported to the Texas Game Department was killed recently by J. G. Caudle of Willacy County.

A black cottontail was found in Jack County several years ago. Black denizens of the wild are extremely rare, although a black buck deer was captured recently by a rancher in Comal County.

The black jack is being mounted and will go into a collection owned by Gene Smith.

Mr. and Mrs. Jim Morris of Memphis, were in Clarendon, Sat.

Bronchos to Play Skyrockets

This Friday night the Bronchos will journey over to Wellington to engage the Skyrockets on Powell Field in another conference battle. Again the Clarendon boys will enter the game very decidedly the underdogs. The Rockets boast a smooth working team that is fighting doggedly to stay out of the lower bracket.

This is the one game left on the schedule in which the Bronchos have a chance to climb out of the lower bracket. A defeat this week end will almost surely place them for keeps in the lower branch.

If the Bronchos are to rise up and spill the old dope bucket, they will have to do much better than they did at Shamrock last week.

Some of the Clarendon fans have hopes that this is the week in which the Bronchos will "get going" and do things. Of course Wellington will be looking for a strong re-bounce, and most assuredly will not be caught napping.

To win this encounter, the Bronchos will have to play an inspired game, with every boy on the team working as a unit and not as individuals.

Clarendon fans are asked to go as a strong booster crowd. Support your team and show the boys that you are still backing them.

ADAMSON JURY UNDECIDED

In the trial of J. W. Adamson, the case went to the jury late Wednesday afternoon. Up until one o'clock today, no verdict had been reached.

Adamson's trial began Monday in which he was charged with embezzlement of certain funds from the Hedley school district during his term of county assessor collector in 1940.

The defense represented by W. T. Link, J. R. Porter and E. T. "Dusty" Miller, used one witness.

The state represented by district attorney John Deaver and county attorney John C. Knorpp, used eleven witnesses.

Fred Smith Jr. is recovering from a severe pneumonia attack.

Dr. and Mrs. B. B. Harris went to Memphis Sunday to see his grandmother, Mrs. R. T. Jones, safely off to a vacation in California.

Mr. and Mrs. Geo. McCleskey of Lubbock spent the week end here with his parents, Mr. and Mrs. G. H. McCleskey.

Mr. and Mrs. Hubert Heatherly and Mrs. J. A. Warren visited relatives and friends in Amarillo Wed., returning home Thursday.
