BOYS RANCH RECEIVES FINE HAMPSHIRE BROOD SOW FROM BALLEW HERD

Mr. E. S. Ballew, well-known Donley county registered Hampshire swine breeder and county agent H. M. Breedlove have just returned from Amarillo where Mr. Ballew presented the Boys Ranch at Old Tascosa with one of his best registered Hampshire bred gilts in his herd. The boys out there have a 4-H club and Mr. Ballew wanted to give the boys a start of some of the famous hogs that come from Donley county. Breedlove praised Mr. Ballew very highly for this thoughtful generosity in behalf of the boys at the ranch. Mr. Ballew's only statement was that he "wanted to help the boys and give them some good hogs so that they could compete with other boys in the coming shows."

"The boys will be hard competition for other coming 4-H clubbers this spring with their hogs," Breedlove said.

SALVATION ARMY WOMAN COMES MONTHLY

Those interested in contributing to the most worthy cause of the Salvation Army see Mrs. Lucy Miller here once each month. Mrs. Miller has been working in the cause of common humanity, wearing the honored insignia of the Salvation Army for twenty years. Six years of that time she has lived in Amarillo. She has had a wonderful and heart-rending experience since her cause leads her into the presence of utter despair so often. She is the kindly "ministering angel" who comes to the aid of human derelicts after all has forsaken them. When you place your money in her tambourine, you know it is going to a good cause. It has been said that "when God's mercy can reach you in no other way, he sends the Salvation Army lassie."

JOHNNY LEATHERS who is now a student of a federal aeronautical school in Ft. Worth. At present he is pursuing the blue print and sheet metal course which will require three months to complete. Because of his past record on his father's farm, Johnny was not placed on the waiting list with more than a hundred others. The calf prizes, and the fact that he was a member of the America's Most Typical Family helped Johnny a lot.

SAN ANTONIO MAN IS NAMED TEXAS LEGION COMMANDER

FORT WORTH, Aug. 19.—Andrew Dilworth of San Antonio was elected commander of the Texas department of the American Legion late today, succeeding Ed Ridel of San Angelo. He defeated Sam Forman Jr. of Houston.

El Paso was picked for the next convention city in a contest with Beaumont. Dr. Martha A. Wood, Houston pathologist, was elected president of the legion auxiliary, succeeding Mrs. M. H. Ehlert of Brenham. Mr. and Mrs. Joe Holland attended the state convention representing as delegates the local Legion and Auxiliary.

LEE BELL NEW CHAMBER COMMERCE DIRECTOR

Lee Bell, manager of the Pastime and Cozy Theatres, was selected by the board of directors of the Clarendon Chamber of Commerce, to fill the unexpired term of Verna Lusk who recently moved to San Angelo. Bell will serve until 1943. Sam Braswell, Lee Bell, and Isadore Mellinger were appointed to membership on the Public Affairs Committee for the West Texas Chamber of Commerce, and the local directors voted to hold a joint meeting with the WTCC officials in Clarendon during the month of September.

ATTENDED OLD SETTLERS

Among the interested old-timers at the Hedley meeting of old settlers Friday was Rev. J. W. Oller of Vernon. He resided up this way at one time, and has "preached and prayed" over much of the Panhandle in the last forty years. He was accompanied by his nephew, Donald Whatley, and spent the preceding week mostly in Clarendon with relatives, Shorty Oller and Mrs. Crawford and their families.

FT. WORTH TEACHER VISITS KIN HERE

Having spent several days with relatives at Taiban, N. M., Miss Katherine Macune stopped here on her return home to spend a few days in the home of her cousin, county judge and Mrs. R. Y. King. Miss Macune has been a member of one of the Ft. Worth high school faculties for some eighteen years.

MOYER VETERAN PAINTER AT 77 YEARS

Forrest Moyer, aged eleven, is a veteran house painter and decorator. He has been working at the trade for three years. He is a brother of the pastor of the Church of Christ, and will be in the 6th grade in school this term.

GONE TO N. MEX.

Mr. and Mrs. J. H. Hurn and daughter, Ladelle and Inelle, left today on a vacation trip to the mountains of N. Mex.

Old Settlers Observe 11th Reunion

Never before was the crowd made up more of graying heads than that at Tate Grove Friday. Two hundred and seventy-six eligibles registered as having resided in old Donley for twenty years or longer. There were fewer visitors than in former years. There was speaking a plenty. There was music and singing. Best of all, so many stated, there was wholesome conversation throughout the day. Com. J. A. Tollett followed the custom of his predecessor, Claude Nash, and had the road from the highway into Tate Park in fine condition.

Mr. and Mrs. Fred S. Oliver of Shamrock, stepfather and mother of Cong. Gene Worley were there. They presented Mrs. Mulkey with a basket of beautiful flowers in memory of Homer Mulkey.

"Uncle Bill" Rains, former president for several years, was pressed back into service to head the organization when election time came and Tom Tate refused to continue as president, or stand for re-election. Mr. Tate did well, and offered his services in every respect, but wanted to shift the responsibility.

J. C. Estlack was re-elected vice president, and Mrs. Thava Crawford was re-elected secretary-treasurer, over the protests of each. "Let's pass the honors around, and the responsibility with it," Estlack stated to the crowd.

Mr. Rains accepted the duties only after the members agreed to give him a "co-operating board" of six members. Those elected to this Board were Walter DeBord, Ralph Davis, C. C. Cavender, Hobart Moffitt, Mrs. J. B. Masterson, Mrs. Ruby Glass. Dozens of enthusiastic members readily pronounced this the best picnic yet, and plans were already made for a bigger and better reunion-picnic next year.

The Clarendon H. S. band, directed by Ray Robbins contributed little to the success of the affair. Each of the committees performed a real service from "Water boy" Frank Jones to the least of them. Mr. Jones had plenty of ice water the entire day. Mr. Frank Phelan contributed the profits of the coca-cola stand to the Old Settlers Association for the day. Many others helped a lot and that all made for the wonderful success of the whole affair.

INDEXING COUNTY RECORDS CLOSED

Donley County's Index Project which has been in operation here for the past several months was closed down Wednesday at the close of the work period. Most, but not quite all, of the work anticipated was completed. The general reduction in WPA quotas is assigned as the reason for the suspension of the work. It is thought the work will be reopened at some future time and the balance of the work completed.

ATTEND REUNION AT CHILDRESS SUNDAY

Mr. and Mrs. M. V. Harvey and daughters, Misses Grace and Ethel Harvey were among the large number to attend the old settlers reunion in annual session at the City Park. They were grouped with the Hardeman county settlers, having lived in that county some twenty years before coming to Clarendon. The reunion was a 2-day affair—Saturday and Sunday.

PATRICKS VACATE IN COLORADO

Mr. and Mrs. W. H. Patrick have returned from a most enjoyable vacation trip taking them through Kansas where they were joined by their daughter, Mrs. Marsh and children. Some time was spent in the mountains of New Mexico. Denver later was made headquarters where their daughter, Miss Elgin Patrick resides. They made many side trips out of Denver to the more scenic sections.

BACK FROM SCHOOL

Students home after the summer term at West Texas State includes Edith Shelton, Frances Grady, Frances Morris, F. L. Behrens Jr., Ralph Stewart.

Donley Singers Will Meet At Goldston

"To be of mutual help, and to create more interest in singing, I am calling a meeting of singers from over the county to meet at Goldston, Sunday night, August 24th. If enough interest justifies, we shall have similar meetings, one each month, in the various communities.

"These series of meetings will be under the supervision of the local chairman or class president and the time of said meetings will conform with the convenience of the class with which it is being held. If you are not having church services in your community on these dates, avail yourself of the opportunity to take part in, or at least enjoy, this singing.

"We shall continue to have our regular all-day convention meetings. The next one will be at Martin school Sunday, Nov. 2nd. Newt Waldron, Chairman, Donley County Singers."

DONLEY HOGS WILL BE SHOWN AT STATE FAIR

According to county agent H. M. Breedlove Donley county 4-H club boys will show a carload of Hampshire hogs at the state fair at Dallas in October. The boys showing hogs will be F. G. Crawford of Hedley, H. C. Shaw of Hedley, Jack Ballew of Clarendon, Joe Wayne Dilli of Goldston community, Travis Alexander of Hedley. The boys mentioned above will show approximately thirty hogs that they have fed. This is some of the best hogs that we have ever fed Breedlove said and we have hopes of winning for Donley County.

Clarendon Will Open Schools September 1

The entire faculty for each of the three large schools here are complete for the opening date of September 1st it was learned today.

Mr. and Mrs. Lowry of Childress were here Sunday to arrange for quarters for the coming school term. They are new teachers added to the Junior High faculty.

RECEIVED DEGREE

Arthur L. Chase Jr. is home on vacation. He received his B.B.A. degree from the State University recently.

GILES PIONEER CLUB MAKES CONTRIBUTION TO BOYS RANCH AT TASCOSA

The Giles Pioneer club gave the Boys Ranch at Old Tascosa thirty five quarts of vegetables this past week according to county agent H. M. Breedlove. The members of club voted for each one of them to bring some canned or jar vegetables to be sent to the ranch. The ranch is in need of this kind of food and if each club in the county would adopt this method used by the Pioneer club of Giles it would enable the officials of the Boys Ranch to put more boys at the ranch. Mrs. A. E. Ranson is president of this club and it has been in existence since 1920. This is one of the oldest clubs in this section of the state. One of the most interesting things about this ladies club is that they have one man member and he is Mr. E. H. Watt, an honorary member. Mr. Watt is 80 years old and known all over the Panhandle for his civic pride.

PAPERS GET LOST LAST WEEK

Your Donley County Leader was a bit late getting out on the rural lines last week. Or at least some of the rural routes. The issue was taken to the postoffice in the usual manner, a receipt taken and it looked regular. By Saturday, several hundred wanted to know why they did not get their Leaders. Well, your guess is as good as mine. They got lost in some manner, got on the train and did not get back to their rural routes until Monday.

MRS. GREENE AGAIN AT HOME HERE

Following an appendectomy a few weeks ago, Mrs. W. J. Greene fell a victim to pneumonia in an Amarillo hospital. Her condition was critical for several days. Sunday she was returned home by her son Paul Greene. The many friends of this good lady will be pleased to know that her condition continues to improve.

Eighteen Attend Old Settlers From N. M.

A number of former Donley county folks from Abbott, N. M. who attended the old settlers meet Friday at Tate Grove, came in a school bus.

They are related to the DeBord families and brought along their "inlaws" and grand children. Mr. and Mrs. Druce Horn, Mr. and Mrs. Jess Jordan, Mr. and Mrs. Milton Horn, Mr. and Mrs. Melborn Horn, Mr. and Mrs. Glen Coffee were the elders. There were eight children in the group, too.

"This is my first time to get here, but I never had a better time in my life," so stated Jess Jordan as he met new faces and more kinsmen.

Many Comforts Being Made

Farmers and farm women in Donley county are making comfort and mattress program. Persons who received mattresses under the cotton mattress program can get one comfort for each mattress that they received, county agent H. M. Breedlove announced today. We are anxious to bring the comfort program to a close Breedlove said and is urging all persons who are eligible to receive comforts to get them at once so that the program can be completed. This program must be completed before harvest starts and we must go to the centers and make these comforts at once. The ladies in charge of the plants are Mrs. Jack Bailey at Clarendon and Mrs. Whitfield at Hedley. These ladies have charge of these plants and are reporting that the program is coming along fine.

NEW TEACHERS ARE HERE SUNDAY

Mr. and Mrs. Dee Lowry of Childress were here Sunday to arrange for quarters for the coming school term. They are new teachers added to the Junior High faculty.

BAPTISTS GAIN SEVEN NEW MEMBERS

Seven new members resulted from the recent revival conducted by Rev. Hughes at the First Baptist church. Five joined by baptism, and two by letter, Rev. J. Perry King stated.

THE REVIVAL CLOSED SUNDAY NIGHT

The revival closed Sunday night. The revival closed Sunday night.

McClung Revival Will Begin At Hedley Fri.

Preparations are going forward for a great revival at Hedley to begin Friday night, August 22nd. Rev. S. R. McClung, pastor of the Clarendon Baptist church from 1927 to 1933, will do the preaching.

Rev. McClung served here for six years and is a very talented man and popular with the general public. He is pastor at Perryton at present.

Services will be conducted at 10:30 a. m. and 8 p. m. daily through a ten-day period. The public is cordially invited to attend these services. Communicants of the Baptist church here during the ministry of Rev. McClung, are planning to help in the present revival.

LIQUOR BOARD OFFICE GETS CONVICTIONS

Chas. B. Trent, deputy supervisor of the Texas Liquor Control Board, announced Friday that the Wichita Falls office acted on nine cases and obtained eight convictions during July.

The fines totaled \$999.60 with sixty cases on file pending action at the end of the month.

INFANT RITES ARE HELD SATURDAY

Funeral services for Edward Henry David, infant son of Mr. and Mrs. Joe David, were conducted at the family home Saturday at 2 p. m. by Rev. J. Perry King, pastor of the First Baptist church.

War To Raise Leader Rate

The most generous thing that the Leader management can do right now is to tell you that the subscription price must be raised to meet the exorbitant price we are to pay for print paper. You can save fifty cents on your yearly subscription by paying it now while the rate is yet \$1.50 a year. Many are paying two years ahead. That is as you prefer, but the limit is two years in advance—no more. Paper may be so high after two years that we can't get out for less than \$5 a year. No one knows. But we will go along with you for the next two years for \$3 if you are in the first postal zone.

These warnings and suggestions are merely an expression of neighborly good will shown our friends who appreciate our efforts in making your Donley County Leader the most widely read weekly publication in Texas Panhandle. We really appreciate your continued patronage and the many nice letters coming in almost daily telling us about you and your folks and how you like the Leader.

If the last two figures following your name on your address is not "42", we suggest you see about it right now. In handling the large number of addresses, some times a mistake will occur. Look at the new dating when you renew and see that the figures are correct. In case of error, please let us know promptly.

COTTON FLEA HOPPERS BEING DUSTED

County agent H. M. Breedlove announced this morning that farmers in the Hedley community were dusting cotton for cotton flea hoppers, and that this would continue through the coming week.

Roy Jewell, Olin Simmons and Clyde Bridges are dusting this week. This machine can be rented by other farmers in the county. Any one wishing to rent the machine should contact one of the above farmers. The cost per acre for the sulphur is about 29c per acre.

DEL HARRINGTON RITES TODAY IN EL PASO

According to information received here, Del Harrington, prominent attorney of El Paso, passed away Wednesday, the 20th. Mr. Harrington, a former resident here many years ago, was a relative of Miss Lee Patten here.

Lelia School Head Quits

The school board at Lelia Lake very reluctantly accepted the resignation of Supt. Raymond Wilson Monday. Mr. Wilson has accepted a similar position with the Happy school near Canyon.

He will be succeeded by Leroy McDaniel, who came to the Lelia school as principal the past term, and who made an excellent record as an all-round school man.

Mr. Wilson has made a fine record in Donley county as well as in Lelia Lake. He has given Lelia seven years of his best efforts, three years as principal, and four years as superintendent.

FINGER IS MANGLED WHILE ROPING

Hugo Riemer Jr. almost lost the little finger of his right hand Saturday when it became entangled in a rope on the horn of his saddle. Riemer is employed on the Johnson ranch north of Alanreed. Though badly mangled, it is believed that the finger will be normal again after several weeks since surgical attention was had promptly.

DONLEY COUNTY IS BLESSED BY RAIN

Crops were needing rain in many places Tuesday. Tuesday night 42 fell here and the showers were fairly general. Then again, .64 fell here and much more moisture came to most of Donley county.

With the present outlook, farmers today were of the opinion that the big crop coming on was practically assured except late cotton.

GONE TO HOUSTON

Isadore Mellinger was present at the wedding of a cousin, Alfred Mellinger in Houston Sunday. He returned home by plane Monday. A short stop was made with relatives at Goose Creek.

SCHOOL OPENING DATES AND FACULTIES ANNOUNCED

Practically if not all of the schools of the county will be in session after September 1st. In the listing of instructors below, the first named in each instance, is principal.

Giles: J. M. Baker, Mrs. Chas. Bell. School opens August 25th. Goldston: C. W. Howard, Mrs. C. W. Howard. School opens Sept. 1st. Jericho: Mrs. Hazel Chilton. Session begins Sept. 1st. Bray: Mr. and Mrs. Davis will be in charge. School opens Sept. 1st. Skillet: Miss Margaret Weaver. Opens Sept. 1st. Ashtola: Garland Clemons, Mrs. Garland Clemons, Miss Nancy Miller. Opens Sept. 1st. Martin: F. L. Behrens, Miss Lela Ruth Watt. Opens Sept. 1st. Chamberlain: Mr. and Mrs. Bill Todd. School opened August 18th. Hudgins: Mrs. Wayne Ewing. Opens Sept. 1st. Lelia Lake: Supt. Leroy McDaniel, Vernon Ballard principal. Opens Sept. 1st. Hedley: W. C. Payne, Supt. School opens Sept. 1st.

JACOBS COME BACK AFTER 9 YEARS

Nine years gets by in a hurry. So think Mr. and Mrs. W. E. Jacobs of Cheyenne, Wyoming who are guests of the W. M. Pickering home near Midway this past week.

Mr. Jacobs is a brother of Mrs. Pickering. He is a railway mail clerk on the run from Cheyenne Wyoming to Ogden, Utah, and has been for many years.

ATTEND REUNION IN SAN SABA

Among the hundreds to attend the old-timer reunion in old San Saba county last week were Mr. and Mrs. F. A. White of Clarendon. Mr. White resided there as a lad, still he met up with many whom he knew. A fish fry of products from the San Saba river was the highlight of the occasion, Mr. White reports. Land Commissioner Bascom Giles was the orator of the day.

BEHIND THE SCENES IN
AMERICAN BUSINESS
By John Craddock

Empowering of Federal Reserve Board to set up regulations governing installment financing has two-fold purpose: To guard against inflation and post-war slump by curbing public's tendency, in times of expanded payrolls, to "buy beyond its future income," and to slow down somewhat the consumer demand for many goods and articles using materials needed for defense production. Autos and major household appliances will be most vitally affected by degree of controls to be imposed—since about two-thirds of all autos, and about three-fourths of all refrigerators, stoves and washing machines, are sold on the instalment basis. Regulations will be along two main lines—requiring larger down payments, or shorter terms for paying up, or both. Metropolitan department stores aren't too much disturbed by immediate prospect. Despite relatively high unit prices for big household appliances, these sales in 1940, for instance, represented only 2.1 per cent of total sales of nation's department stores.

Winning In Air
The struggle to oust German-Italian airline control over strategic South American routes is showing the beginnings of an interesting victory for American-controlled airlines. Recent figures reported by C. V. Whitney, board chairman of Pan American Airways, show that since the outbreak of the European war, airlines operated or sponsored by Americans in South America have gained two route miles for every one lost by Axis operated lines. The net loss sustained by the Axis from September 3, 1939, to August 6, last, totals 8,173 miles, while U. S. operated or influenced airlines gained 15,056 miles, according to the Pan American report. Whitney described Axis airline operations in South America as a "time bomb" aimed against the Americas.

BEAVER TRAPPING UNDER WAY

The taking of beaver, the first of a series of trapping operations the Texas Game Department will carry out during 1941-42, is under way. The busy little dam builders are being trapped along the south fork of the Llano River and are being transported to several sections of the state.

There is a surplus of beaver on the Llano, while several parts of Texas can support beaver, but have few, if any. A large number of the beaver will be released in East Texas.

Most landowners consider beaver beneficial. Dams built by them slow up the flow of streams and create pools which are of benefit to livestock and game birds and animals.

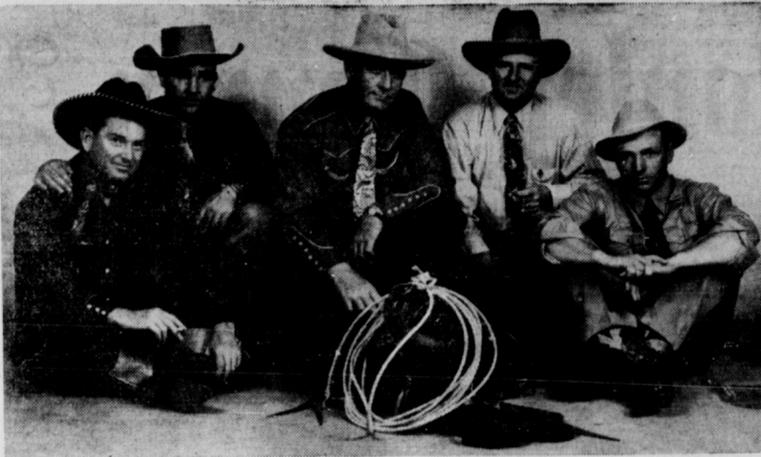

That beaver can construct dams of gigantic proportions wherever they are needed is attested by a report received from Mississippi recently. A dam 1,080 feet long, three times the length of a football field, was built in Kemper county. It backed water until a lake of eighty acres was formed.

Trapping of game birds and animals is part of the restocking process used by the Texas Game Department. Six or seven crews will be placed in the field this fall and winter. Executive Secretary Tucker announced. This is double the number used during 1940-41, when the number of antelope, deer, turkey and other birds and animals taken was twice as great as in any previous year. Improved methods of trapping has made the operation more economical and effective.

RAILROADS MOVING DEFENSE MATERIAL

Since the fall of 1940, according to the Association of American Railroads, the railroads have delivered approximately 5,000 carloads of defense materials daily to more than 140 widely separated government defense camps, plants, and projects without any time being lost at any government project on account of transportation failure.

Men Wanted For Navy

Active recruiting for the U. S. Navy and Naval Reserve has been started in this district by the opening of a Navy recruiting station in the Post Office Room 302 building at Amarillo, recruiting officers announced today.

Opening of the Navy recruiting station at Amarillo will result in considerable saving in time and expense to local men interested in enlistment. Formerly it was necessary for them to go to Wichita Falls in order to make application and take the examinations for enlistment. All men registered for Selective Service may, if qualified, enlist in the Navy or Naval Reserve before being called for Army duty, recruiting officers said.

The Naval Reserve has an unlimited number of vacancies for both unskilled men and those trained in trades and professions, including clerical workers. Age limits for unskilled men are from 17 to 36 years. Skilled men may be enlisted up to the age limit of 50 years and with beginning pay ranging from \$60.00 to \$99.00 per month, plus board, lodging, etc., depending upon the individual's qualifications.

Men with two or more years of college work and between the ages of 20 and 28 years may enlist for training to become commissioned aviation pilots. Those with college degree may enlist for training to become deck or engineer officers.

All men enlisted in the Naval Reserve have the same pay, trade training and promotional opportunities while on active duty as men of same rating in the regular Navy. They will be released from active duty at end of the National emergency.

Enlistment in the regular Navy provides a career for young men interested in learning a trade and retirement on good pay at an early age.

HOW BLIND QUAIL FINALLY LOSES

How a quail survived as long as it did while blind is puzzling to a north Texas state game warden. The bird, although it has been blind for a long time, as evidenced by the fact that it had two dry holes in its head where its eyes had been, was fat. It must have been weeks since the bird lost its eyesight. The question is how had the bird fed extensively enough to keep fat and how it has avoided flying into something and killing itself. It finally met its end by colliding with the parked car of the game warden.

WILL ROGERS SAID:
Europe tells us they want our moral leadership and moral responsibility and tells us we are so big, and so strong, and so wonderful, and so marvelous. But they're the same folks that call us Uncle Shylock and money grabbers and blatant and ill-mannered, and all the time talkin' about how we won the war. I don't see how their two ideas work out together. I think we should be sympathetic toward European nations and all that, but we don't have to marry Europe. And when the country finds itself married to Europe there ain't none of this divorce in Reno by noon. Say, listen, you're tied up and you can't find it hard to break loose. And then they'd sue us for nonsupport.

GADDING ABOUT.

Gossiping about this and that on the ocean is not so bad. Sending England all the war material appears to be a good idea. Let us hope that Uncle Sam will not decide to take a trip to Europe. He

has been "over there" once too often already.

Male and female worries: Installments and silk hose.

SUGGESTION.

Ima Fizzle says a girl does not object so much to a "flat tire" if he happens to have the jack.

SOFT PEDDALING.

For the sake of appeasement in

buying Japan's silk, our charity has covered a multitude of shins.

QUERY.

How did they serve salad before lettuce leaves were invented.

A communist is one who has given up the idea of ever becoming a capitalist.

VEHICLE STUFF.

A young lady with charm has a

graceful carriage. A young man with charm has a sporty coupe.

NICE SMELLS.

Gingerbread, frying onions, hot ham, Vacuum packed coffee, an old pipe, printer's ink, old leather, new lumber, spring rains, freshly plowed ground and many other vegetables not mentioned.

COCK-EYED STUFF.

A Gossip: A woman that every-

thing she hears goes in one ear and over the back yard fence.

Social Success: Knowing what fork to use, and what knife to stick in backs.

Father: The kin you love to touch.

NEW BUSINESS

The following advertisement of a man living at a bend in the highway appears in last week's S. D. Mail published at Plankinton:

Wanted—Speed demons. Dead or alive. \$4 each in trade. Lee Newell.

CALAMITY.

The stopping of installment buying in this nation is tantamount to closing down many businesses that will mean extra unemployment. Some people we know will be walking instead of riding, going naked instead of clothed, living on the highways and in the parks instead of homes, giving babies back to the hospital and gumming their "vittles" instead of chewing it with their pay-as-you-eat china clippers. The installment plan of buying was the greatest boon that ever came to the great big middle class of citizens.

OUR WEAKLY POME.

When I was a little lad, Many, many years ago, I never heard a person say: "Oh Boy," or "Doncherknow." "I'll tell the cockeyed world," Would have sounded strange, Or even this: "You're telling me," Would have been beyond my range.

Again, "You said a mouthful," Never sounded in my ear; To have called a man a "Regular Guy," Would seemed just as queer.

A man you could "tie to," Was a Panhandle saying. You could sleep with that old boy, Without watching and praying.

The Little Bear Behind

The three bears were walking on the desert.

Papa Bear sat on a cactus and said, "Ouch!"

Mama Bear did likewise and said, "Oh!"

Baby Bear sat on a cactus and said nothing. Just sat.

Mama Bear turned to Papa Bear and said, "Gosh, I hope we aren't raising one of those Dead End Kids."

"Well, I guess that covers about everything," as Salome said when she fastened on the 7th veil.

GARDEN GLANCES

"America beautiful lies in the hands of the gardeners."

When August, with its prolonged sunshine and drought slips up upon us what is more satisfying than fresh verdant lawns. It is restful, fascinating and worth your time to drive by several continuous blocks of attractive lawns. For instance, Allen Bryan's, Heath's, Powell's, Boston's, Buddy Knopp's and others on that street. Then in another part of town, Mrs. Decker's and Roy Clayton's have attractive adjoining lawns.

The Misses Harned have an interesting yard that denotes love and care of each growing plant.

At the Stallings', a bed of golden glow is making a marvelous garden display. One of the neatest yards is the Clarence Whitlock's—and have you noticed their unusual and very attractive window boxes?

There has been considerable landscaping with flowers and rocks at the Mike Corbin farm. In fact there are enchanting landscapes and fascinating nooks one can discover when looking for them.

Mrs. Homer Mulkey and Mrs. Lee Bell were in Amarillo, Texas.

SOLDIER COLUMN

111th Medical Reg. Company F. 2nd Bn. Serial No. 38065886 APO No. 36 Ragley, La.

Donley County Leader, Dear Mr. Estlack:

I read where you wanted letters from the soldier of Uncle Sam's army. I will try to write one worthy of my division.

We are out here away from every one on the biggest maneuver in our history.

I drive an ambulance from the front line back away to where the injured are transferred to the other ambulance drivers and taken on to the hospital.

The 36th Division is made up mostly of National Guards and is the VIII Corps of the 3rd Army.

We have regular hours all the time. We arise at 5:00 o'clock and start our day's work. We have the best of everything to eat and wear.

As I am in the army, I am going to do my best to make a good soldier.

We get 33 hours leave on several week ends and I have already had one 10-day furlough, and a 3-day one for July 4th. This of course makes us better satisfied.

Lieut. Gen. Walter Krueger is the commanding general of the 3rd Army. Maj. Gen. Claude V. Birkhead is commanding general of the 36th division at Camp Bowie, Texas.

All of you fine people drop me a few lines. It sure helps a lot to hear from home folks.

Fakir's Method Of Winning

AUSTIN, Aug. 20.—Now there are two famous cows—Mrs. O'Leary's and Mr. Wright's.

Everybody knows about Mrs. O'Leary's cow, and the lawyers and police officers of Texas are learning about Mr. Wright's. It was four years ago that Wright began selling his cow, along with a song and dance, and he's been selling it ever since.

Wright—his initials are C. R., but his friends call him Charley—always sells this cow to one C. A. Fox for \$42. Mr. Fox pays by check, typing everything but his scrawled signature, and usually notes on its face that the check is "For 1 cow."

Usually, upon selling the cow again, Wright calls upon a lawyer in a medium-sized city, retains the lawyer to handle a suit against a railroad whose train allegedly has run into his truck, and gets the lawyer to endorse Fox's check so he can cash it. On two occasions Wright sought the professional services of a dentist. A Cleburne dentist gave him a \$30 set of false teeth and \$12 change for Fox's check. A Seguin dentist endorsed one of the checks after agreeing to work on Wright's teeth.

Fox's checks always come back marked "no account," and Wright is nowhere to be found.

Wright's first known offense was in Mineral Wells in September, 1937. Subsequently he has

cashless worthless checks in Cleburne, Laredo, Waco, Marlin, Cameron, Conroe, Kerrville and Seguin.

Chief Joe S. Fletcher of the State Police Identification Bureau believes many swindles perpetrated by Wright have never been reported. Wright is described as 55 years old, 150 to 160 pounds, and about 5 feet 10 or 11 inches tall.

CARD OF THANKS

We will ever cherish in our memory the kindly, deep and sincere expressions of love and sympathy that helped us so much to bear the burden of sorrow in the loss of our dear one. 20,000 YOUTHS TO GET NYA HELP

The NYA student aid program will be available to approximately 20,000 young people during the 1944-45 school year, State Director J. C. Kellam said last week.

Recommendations for allotments of NYA student work jobs are now being received at state headquarters. Kellam said students desiring aid should apply directly to the head of the school or college they wish to attend.

Mrs. Clarence Hunter and Mrs. Ed Largent of Okla. City visited their aunt, Mr. and Mrs. C. C. Gilbert Sunday.

CARD OF THANKS

We wish to thank each of our friends and neighbors for their many acts of kindness in the loss of our little one. That beautiful christian spirit shall always be remembered.

Student Jobs Assured

AUSTIN.—Jobs for University of Texas students are more plentiful this year than ever before, according to Dean Arno Nowotny, director of the Student Employment Bureau.

"Defense work and the draft have taken many Austin workers," Nowotny said. "Consequently we expect the largest number of part-time job openings for students in history."

Approximately 60 per cent of the school's 11,000 students earn all or part of their expenses. Sources of this income fall roughly into four categories: (a) NYA jobs on the campus; (b) jobs secured through the Student Employment Bureau; (c) jobs the individual students themselves find; and (d) summer work which enables them to save up money for college.

This year NYA funds have been allocated to the University to afford 660 part-time jobs, ranging from janitor to library assistant, from file clerk to "nursemaid" for white rats used in nutrition experiments.

The Student Employment Bureau last year secured jobs for 1,739 out of 1,850 student applicants. Few jobs—whether Christmas tree fitter, soda-water bottle opener, or mortician's assistant—cannot be filled by some student skilled in the special line of work. The bureau has received so many calls for University graduates to fill full-time positions that a graduate placement division was organized last year.

The working student at the University suffers no handicap, University officials believe. Scholastically, working students make higher grades than do the non-working students, according to V. I. Moore, dean of student life.

U. S. ARMY HELPS WHITE-WINGS

Thanks to the co-operation of Colonel McKay of the United States army, about 2,000 white-wing doves which were in nests in mesquite at Fort Ringold in Southwest Texas have been saved. The state game warden observed the clearing of brush at the Fort as a part of a mosquito control campaign. Knowing this was the best area in his region for nesting white-wings, the warden

Mr. and Mrs. H. M. Lane spent Sunday with his sister, Mr. and Mrs. Rex Reeves in Lefors.

FASHION PREVIEW

A first rate fashion buy is this two piece dress which also can be worn as a suit. Featured in the August issue of Good Housekeeping magazine, it comes in soft wool with a mat finish in shades of deep brown, black, green or blue. Modish is the short jacket with a slimming tacked bolero effect with just the proper amount of shoulder padding. The dress is set off by a bright clip and double-brimmed brown felt hat with a forward-dipping feather.

Here's What I Expect An Advertisement To Tell Me!

"WHERE CAN I BUY IT?"

Naturally, one of the first things I want to know about something I see in an ad is—where can I buy it? It isn't simply a matter of convenience and of saving time in planning my shopping, either! No, the name of the merchant, itself, often decides whether I buy or not. Invariably, you see, I give preference to stores whose ads I see regularly and often—I know the stores must have good value or they couldn't go on advertising year after year!

"WHAT WILL IT DO FOR ME?"

I find it so much easier to make up my mind when the ad tells me facts about the merchandise! What is it? What will it do? How will it help me? Why do I need it? I want to know about color, weight, texture, material, style—I enjoy reading those things and I usually buy from the merchants who tells them to me.

"HOW MUCH IS THE PRICE?"

Of course nearly every ad mentions the price, but if an item has been marked down I want to know from how much. So many sale ads say "Was Higher" . . . how much higher? I want to know how much I am saving and I want the chance of deciding for myself if the item is a real value or not. I have more confidence in the store that is consistently truthful and buy from such a store regularly—and my husband says an old customer is worth three new ones because new ones cost additional money to get!

How Poisons Are Carried Away

Each of the tiny tubules in the kidney is bathed with serum and blood which is constantly circulating around it. This fluid contains poisons and it also contains nutritive matter which is used in building the body. The poison materials are absorbed by the tiny tubules, cast into their cavities and started on their journey toward the bladder. If for any reason the tubules fail to function and thus fail to take from the circulating fluids these poisons, they are retained in the body and do an untold amount of damage. What then determines the ability of the tubules to properly function? It is dependent upon whether or not they receive their proper nerve supply. The Chiropractor is trained to restore the vital nerve supply.

Foursome Scores 4th Big Hit With "One Night in Lisbon"

For the fourth time in the past two years, four top Hollywood names have gotten together to turn out another important Hollywood production, "One Night in Lisbon," which opens Wednesday at the Pastime Theatre.

They are the box office team, Madeleine Carroll and Fred MacMurray, producer-director Edward H. Griffith and Virginia Van Upp, famous screen writer.

Their first effort was "Cafe Society." After that came "Honey-moon in Bali" and recently "Virginia." Now the foursome have turned out their most ambitious effort, "One Night in Lisbon" for Paramount, which promises to top everything they have done in the past.

Griffith, who believes in realism of sets and scenic effects, had taken his entire troupe to Virginia

to shoot the film of that name that was acclaimed for its color and authenticity as well as its story. This time, however, the locale was a real problem—Lisbon.

Griffith arranged with Paramount's London office to supply necessary material for his timely film. This included air raid shelter pictures and diagrams; black-out rules and regulations; methods of handling fires; actual uniforms; posters and signs of all kinds; "all clear" signals and other details necessary to give the audience an authentic feeling of the movie's backgrounds. The first half of the film takes place in war-torn London; the story then moves to Lisbon—Europe's last free city of wine, women and song.

Paramount photographers and sound men managed to film and record actual London air-raids, screaming sirens and exploding bombs, and fire fighting. Actors playing fire wardens in the film got some unexpected experience when one of the prop buildings in the studio actually caught fire. Several of them, volunteer firemen in private life, put out the blaze in record time.

Sabino Canyon

Along with Northern Arizona the southern section of the state has its mountain beauty spots, its towering pines and rippling streams. Pictured is Sabino Canyon on the eastern slope of the Catalina Mountains in Pima county. This canyon is the mid-summer camping ground of thousands each year. Although nearest to Tucson Sabino Canyon is but one of many idyllic spots in the Catalina Mountains of which Mount Lemmon is perhaps the most widely known. The canyon and pine clad slopes of the Catalinas is easily reached from Tucson, junction of U. S. Highways 80 and 89 and State Route 84.

Booklet Shows Way To Add To Life of Tires

Beset on every hand by admonitions to conserve supplies of everything from gasoline and oil to tires, the car owner today will welcome definite instructions on how to get the most out of these commodities that he buys, in the opinion of Mr. H. L. McElvany, local Goodyear tire dealer, whose company's new booklet, "How to Make Your Tires Last Longer," offers worthwhile, timely constructive help.

"The booklet, copy of which is available for every car owner who calls here," said Mr. McElvany, "compiles in easy, understandable language just what the motorist should do to get the most mileage and long service from his tire equipment. The advice is taken from the company's engineering and test car records over a long period of years and is sound. In fact, it's just what we have been trying to tell people for a long time. Now that there is a national demand and extra good reason why rubber should be conserved, use of such advice is not only patriotic but economical as well."

"One of the ways in which the car owner can be sure that he can use either new tires, or the ones he has on his car now, to the point at which he will get every safe mile from them is by use of LifeGuards, the reserve safety tire within an extra sturdy tube that turns punctures or blowouts into slow air-leaks, enabling the driver to bring his car to a safe stop."

"In buying new tires my advice would be to get good ones. There is little saved in buying cheap tires that won't wear long. Current selling campaign this month at the peak of the tire buying season, is urging car owners to buy G-3 All-Weathers," Mr. McElvany said, "and to put LifeGuards in available sizes into all tires, new or old, to get the ultimate safe mileage from them."

"ASK US ANOTHER"

COME ON

...try your hand at this electric quiz

Q. How much out of each dollar of living expense does the average West Texas family spend for Electric Service?

A. In most homes less than two cents. This not only lights the house—it also runs the appliances. Washes and irons clothes, cleans the rugs, runs the radio and the refrigerator, toasts the bread, etc. The average family in this country spends about 21 times as much for food as for electricity; 11 times as much for housing; 8 times as much for clothing; and 5 times as much for transportation.

Q. Mrs. Jones says that household electric rates have been cut about in half during the last 10-15 years. Mrs. Smith says they are about the same as they used to be. Who is right?

A. Mrs. Jones is right. Your electric rate today is about half as much as it was just a few years ago. Today you get about twice as much electricity for the same money.

Q. What has made reduction in electric rates possible?

A. The American way of business operation of Your Electric Servant. Just as business operation of automobile factories has succeeded in giving us today a better automobile for less money than 10-15 years ago, so has business operation of this company succeeded in bringing better service to more and more people at less and less cost.

Q. What do we mean by "business operation?"

A. Business Operation means employment of men and women trained and experienced in rendering service free from the influence of political control. Our organization of more than 1,000 people average around 10 years of experience with this company alone. Department heads, providing leadership and guidance in all work, have been with the company from 15 to 25 years. The training of all has been centered on serving YOU better at lower cost. They are not dependent on political votes to hold their jobs.

Letters from the People:

"...Today a fully equipped electric home may be enjoyed on a modest budget. Our home now uses two and a half times as much service as we used to, for which we pay considerably less money. Thanks to the West Texas Utilities for better-than-ever service and for the taxes you pay and the jobs you create."

Comanche News Man Here

Among the large number to visit here this summer was J. C. Wilkerson, publisher of the Comanche Chief. He was accompanied by Mrs. Wilkerson and their son Bill, and his sister, Miss Edith Wilkerson of Ft. Worth and Dorothy Wilkerson of Springtown.

They spent the time in the D. C. Peden home, Mrs. Peden being a sister of Mr. Wilkerson.

"I taught school one year at Memphis more than thirty years ago," Mr. Wilkerson stated, "and I learned to like your people and this wonderfully cool climate all at the same time."

They came the first of the week and returned home Wednesday.

VISIT KIN HERE

Mr. and Mrs. A. E. Naylor of Carlsbad, Miss Ina Naylor of Hobbs are visiting relatives here at this time.

BANKERS TO DISCUSS FINANCE MATTERS

AUSTIN—Banking needs during the present national emergency will be pondered by some 200 Texas bank executives in a five-day "school" at the University of Texas September 1-5.

The third annual Texas Bankers Conference will be sponsored jointly by the University and the Texas Bankers Association.

IS FEDERAL STUDENT

Among the youth to go from here to school is none other than Jack Simmons, formerly employed at Hotel Clarendon. Jack had completed two years of college work here at the age of 19. He is now a student of the federal aeronautical school in Ft. Worth, in the blue print and sheet metal division. Jack was informed that hard working farm boys were in great demand. For that past record, Jack was admitted to classes ahead of a large waiting list.

Mrs. Alfred Bowlin and children are spending the week in Amarillo.

Annual Meeting Stockholders

Monday, September 15th has been set as the date for the annual meeting of members of the Clarendon National Farm Loan Association, President Odos Caraway announced following a meeting of association directors in the farm loan office.

The annual get-together this year is expected to be a large and important conference of land owners of Clarendon territory, Mr. Caraway said. The meeting will be held at Pastime Theatre, starting at 10 o'clock. Details will be announced later.

Committees in charge are planning to make this year's meeting one of the best in the history of the association which began making Federal Land Bank loans in Clarendon territory in 1922, President Caraway said.

C. E. Killough, Secretary-Treasurer, heads the program committee. The board of directors will serve as the attendance committee, including Charles H. Bugbee, C. B. Morris, R. W. Moore and Henry Williams.

(Reported by C. E. Killough, Sec.-Treas. of National Farm Loan Association.)

HUDGINS Mrs. S. M. Harp

There was a good crowd out for Sunday school and preaching. The Baptist revival started. We invite all to come.

Bro. and Mrs. Willard and baby of Clarendon took Sunday dinner in the Harp home and all called in the L. C. Tims home Sunday afternoon.

Mr. and Mrs. W. T. Jacobs and sons from Melba, Idaho came in Sunday for a visit with his parents, Mr. and Mrs. O. L. Jacobs and other relatives.

Mrs. Ethel Harrison came home Saturday from a visit at Memphis. Grandpa and grandma Perdue of Clarendon attended services and took dinner in the John Perdue home Sunday.

Clara Bell Bandy and Magdaline Talley spent Sunday with Jerry Perdue. Sidney Harp and Vernon C. Willard spent Sunday with Billy and Gene Bandy.

Mr. and Mrs. Virgil Yates of Amarillo spent Saturday night and Sunday in the J. L. Talley home.

Mrs. William Meador and children spent Saturday night and Sunday with her parents, Mr. and Mrs. T. J. Talley.

PROSPECTS BRIGHT FOR FALL PIG SHOW

J. R. Gillham and H. M. Breedlove, F.F.A. and 4-H Club advisers are highly optimistic over the prospects for the annual fall pig show. Each of the advisers state that they have some of the highest quality pigs ever fed under their supervision.

Hampshires lead the list with Joe Wayne Dilli, F. G. Crawford, Travis Alexander, Jack Ballew, Bobbie Harold and Joe Smith, Calvin Naylor, Ralph Morrow, Frank Mahaffey, Billy Ray Graham, Billy Reid, Jack and Bob Semrad, and C. G. Kirkland all feeding prospective toppers.

Boys feeding durocs are expected to make a better showing than usual this fall. C. G. Kirkland, J. F. White, and H. A. Harrison are feeding top durocs bought from the George B. Bagby Duroc farm, and J. R. Morgan is feeding a top pig purchased from M. G. Cottingham. H. A. Harrison, Carl Morris, Gene and Jr. Bulman, and Billy Jack Green are each feeding a group of three Poland China barrows. Kirkland, White, Pittman and Green are each feeding chester whites bought from Hydro and Custer, Oklahoma. Billy Jack Green and Redell Henson are feeding spotted Polands.

The majority of the pigs will be shown in the local fall show, the Tri-State Fair, and the State Fair in latter September and the first of October.

GONE DOWN STATE

Simmons, Powell and Weldon Warren left Thursday on a few days business and pleasure trip to Dallas. Weldon will visit his sister, Mrs. L. D. Hunter and husband at Terrell, Texas, while away. Mr. Hunter is traveling representative for Swift & Company in that territory.

---"IT WAS A LUCKY MISTAKE"

SAID THE HOUSEWIFE

"the day I picked up HILL'S BREAD"

Now you couldn't get her to change, because she found out the difference in bread. With two young children she knows what Vitamin B₁ in bread means. She knows, too, that her husband needs all the energy he can get. That's why she plays safe. She gives them HILL'S Bread.

You'll not make a mistake by trying our family loaf White Bread, or our 100% Whole Wheat and Raisin Nut Bread.
