4-H'ers exhibit livestock at Ft. Worth

Donley County 4-H members exhibited their livestock projects at the Fort Worth Livestock Show recently, according to County Extension Agent Ronald Gooch.

In the junior Shorthorn heifer show, Dyron Howell exhibited the Champion heifer on Lazy D. HL Seamus. She was the 1st place early spring yearling. Christie McAnear placed 1st in the junior heifer class, 1st in the junior yearling class, and 4th with her early spring yearling. Traci Burch placed 2nd with her winter heifer calf. Other placings in the early spring yearling class were Shane Klinnert-8th; Ginger McAnear-9th; and Jason Klinnert-13th.

In the open Shorthorn show, Christie McAnear placed 1st in the junior heifer calf class and 1st in the junior yearling heifer class. Traci Burch placed 2nd in the junior heifer calf class and 5th in the winter heifer class. Laura McAnear placed 6th with her winter heifer. Kevin McAnear placed 4th in the late spring yearling class and Dyron Howell placed 4th with his early spring yearling heifer.

Twelve steers were exhibited in the Junior Steer Show. In the Hereford Steer show, Bridget Bland placed 4th and Lisa Burch placed 8th in the light weight class. In the middle weight class, Doug Hawkins placed 9th and in the heavy weight class Lesia Fuston placed 4th.

In the Shorthorn Steer Show, Christie McAnear placed 4th with her light weight. Leland Howell placed 4th with a middle weight, Dyron Howell-6th, and Ginger McAnear 11th. Todd Roberson placed 14th with a heavy weight polled Hereford. Other 4-H'ers exhibiting steers were Jason Klinnert, Nugget Bland, and Donald Gooch. Seven of the steers were sold in the premium sale for \$1.50 to \$1.80 per pound.

Donley County approved for FHA loans

W.R. Christal, County Judge of Donley County, was notified from the Washington Office of Representative Jack Hightower, by Mr. Ross Wilson, on February 3, 1984 that Donley County had been approved to receive F.H.A. Emergency Loans. The farmers and ranchers are also eligible to apply for surplus grain under certain conditions. Judge W.R. Christal, requested this drought disaster in a letter to The Honorable Governor Mark White on December 8, 1983. Mr. Wilson said a letter from the Governor's Office would be forthcoming notifying of the approval.

USDA establishes reserve for 1983-Crop wheat

Secretary of Agriculture John R. Block established a farmer-owned grain reserve for 1983-crop wheat with a trigger release level of not less than \$4.45 and annual storage payments to farmers of 26.5 cents per bushel.

Block also said the U.S. Department of Agriculture will open reserve V for the first time to 1983-crop feed grains. USDA on May 31, 1983 closed reserve V to additional entries of 1982-crop feed grains because grain from this reserve was to be used in the department's payment-in-kind program.

Farmers may place their grain in these reserves on maturity of regular Commodity Credit Corporation loans, he said.

The trigger release level for the new reserve wheat -- reserve VI -- will be the target price rate in effect for the then current crop year, but not less than the 1984-crop target price of \$4.45 per bushel, Block said. Wheat in the other grain reserves also may be placed in the new reserve, he said.

Barley and sorghum reserve loans may be transferred to reserve V, he said. Reserve V corn and oats are currently in release status and their entry into this reserve will not be permitted until release is terminated.

Block's announcement does not change the rule prohibiting entry of additional quantities of a commodity into a reserve when the commodity is in release status.

Annual storage payments for grain placed in the reserve will be 26.5 cents per bushel for wheat, corn and barley, 20 cents per bushel for oats and 47.32 cents per hundredweight for sorghum, Block said.

"Interest will be assessed for the first year of the agreement at the interest rate applicable to the regular loan but will be waived for the second and third years except during certain periods the reserve is in release status. No premiums for entry into the reserve are authorized."

Block said reserve V trigger release levels would remain at \$3.25 per bushel for corn, \$2.65 per bushel for barley, \$1.65 per bushel for oats and \$5.34 per hundredweight for sorghum.

Under the grain reserve program, eligible farmers can place feed grains and

wheat into a reserve when farm prices are below trigger release prices. In return, farmers receive Commodity Credit Corporation price support loans on the grain in reserve as well as annual storage payments.

Producers may contact their local office of USDA's Agricultural Stabilization and Conservation Service for further information.

Emergency farm loan applications being accepted

Applications for emergency farm loans for losses caused by this summer's drought and extremely high temperatures are being accepted at the Farmers Home Administration (FmHA) office located in Clarendon, FmHA county supervisor Marvin Crabtree said today.

Donley County is one of 73 in Texas recently named by Secretary of Agriculture John R. Block as eligible for loans to cover part of the actual production losses resulting from the drought.

Mr. Crabtree said farmers may be eligible for loans of up to 80 percent of their actual losses, or the operating loan needed to continue in business, or \$500,000, whichever is less. For farmers unable to obtain credit from private commercial lenders, the interest rate on the first \$100,000 borrowed is 5 percent; interest rate is 8 percent on the balance borrowed over that amount. For farmers who can obtain commercial credit but who choose to borrow from FmHA, the interest rate is 13.75 percent.

As a general rule, a farmer must have suffered at least a 30-percent loss of production to be eligible for an FmHA emergency loan, Crabtree said. Farmers participating in the PIK or federal crop insurance programs will have to figure in proceeds from those programs in determining their loss.

Applications for loans under this emergency designation will be accepted until 8-1-84, but farmers should apply as soon as possible. Delays in applying could create backlogs in processing and possibly carry over into the new farming season, Crabtree said.

FmHA is a credit agency of the U.S. Department of Agriculture. It is authorized to provide disaster emergency loans to recognize farmers who work at and rely on farming for a substantial part of their living. Eligibility is extended to individual

THE FOUR RUNNERS

Music group to be at Martin Baptist Church

The Four Runners will be at the Martin Baptist Church Sunday, February 12 at Morning worship, 11:00 a.m. and Evening worship 6:00 p.m. Sunday school is at 10:00 a.m.

The Four Runners consists of Jesus--our First Runner who is King of Kings & Lord of Lords, Alice Ivey, Jeannine Wimberley and Nelda Thomas who are laymen, called of God.

The Four Runners started in full-time ministry in March, 1973. They tried their wings by spending two summer vacations in 1971-72, traveling and singing about our Lord.

The year 1972 brought God's special Call. It was the year of total commitment to Jesus... "all of our needs, desires and ambitions. He became and still is the Head of our organization."

The team makes it's headquarters in Dimmitt. They see their home 3-5 days once a year...the remainder of the time is spent traveling across America sharing the "Gospel".

Jeannine, a native Texan, has been singing for her Lord since the age of three. She has been blessed with a lovely soprano voice and adds marimba and autoharp to the accompaniment. Also an artist, she glorifies the Lord in chalk art paintings during some concerts. Jeannine is married to Ira Wimberley, formerly of Dimmitt, they have their home "in a tent like Abraham, looking forward to their mansion, whose builder and maker is God."

Alice, raised in Missouri, is a dynamic small package for her Lord. She sings mezzo-soprano and alto along with accompanying on the electronic piano and guitar. She attended Missouri Southern State College in Joplin prior to the formation of The Four Runners. She and Jeannine are sisters.

Nelda, born in California, but a tall talking Texan most of her life, is the group's speaker. Along with singing and sharing, she accompanies on organ and trumpet, provides the photography used in some of the concerts.

Hearing for Hunting and Fishing regulations

There will be a hearing by the Texas Parks and Wildlife Department concerning changes in the hunting and fishing regulations for 1984 and 1985. The meeting will be held February 16, 7 p.m. in the Donley County Courthouse, Clarendon.

If you are interested in seeing some changes made, you should attend this meeting and make your suggestions known.

Conservation acreage now open for grazing

Donley County farmers participating in the 1983 farm programs are now authorized to graze their conservation use acreage. The official grazing period opened 10-15-83 according to Edwin Campbell, CED.

"The land must not be overgrazed," Campbell said, "and sufficient cover must be maintained to prevent wind and water erosion."

Conservation use acreage is cropland removed from production under the 1983 acreage reduction, paid land diversion and payment-in-kind programs. Harvesting is prohibited on the land, and grazing is permitted only during the six principle non-grazing months except in special instances.

Campbell said the installation and maintenance of protective cover and conservation practices on the land taken out of production was required to guard against soil erosion. Program participants were required to plant certain grasses, legumes, small grains or other cover

on the land, or to maintain various conservation practices as well as carrying out control measures for weeds and rodents.

The program enrollment report shows that 50 percent, or 30,000 acres of wheat and cotton base was diverted from production to conservation uses under the 1983 program. Some farmers planted cover crops such as cane and haygrazer. Others installed such conservation practices as mechanical tillage. "This means a significant savings of soil and water resources of these acres," Campbell said.

To qualify for full program benefits, farmers must maintain their conservation use acres in accordance with program requirements. Those who fail to do so will be out of compliance and could lose payments and other program benefits, according to Campbell.

The agency is checking farms to see that conservation use acres are being properly maintained.

Citizens meet with Appraisal District

The Donley County Appraisal District Board met Monday night for a regular meeting. The oath of office was administered to Leo Smith, who had been absent at the previous meeting when the board had been sworn in.

Leo Smith serves the board as chairman while W.O. (Bill) Mooring serves as vice chairman.

After the minutes of the last meeting had been read and approved the Board answered questions presented to them by several citizens who attended the meeting.

Those citizens present were: Melville Mills, Pat Roberson, Thelma Hill, H.L. Tipton, Ray Green, John Sarich, M.F. Maxey, J.H. Spier Jr., W.F. Holsenfish, Waldon E. Moore, E.R. Castner, Morris Crump, Ralph Hill and H.L. Riley. Most of the citizens felt their taxes were too high and wanted an explanation on how their property has been appraised.

Charles SoRelle, Donley County Chief Appraiser explained, first he checks the County Clerks records for property which has been sold in the last year or two, to determine what the buying and selling prices of property is in each area. He then makes an on sight inspection of every piece of property in Donley County. If he is appraising a house, what the house is constructed of, such as brick, wood, stucco or metal, how many square feet the house has, quality of construction, present condition allowing for depreciation and etc. All of these things take part in determining the value. If your lot has a gully running across it, it may not have the same value as the lot in the same area which does not have a gully across it.

After all these things have been done, your tax valuation is determined. All property owners whose tax valuation has been raised \$1,000 or more will be notified. The property owner may then ask for a hearing before the review board.

He must do so in writing within 10 days after the date notice of the change is delivered to the property owner.

At the hearing a review board then determines if the property has been appraised correctly, then act accordingly, by either maintaining the tax valuation as set by the appraiser or adjust the valuation.

Citizens present from Howardwick felt that they had not been fairly represented by not having a member of their community on the review board. The Appraisal Board explained their request for a member was a fair one, and would endeavor to appoint someone from that community to serve on the review board.

In other business, the board appointed Shirley Clifford to replace J.R. Graham, who had resigned in the last meeting.

By state law the only notice the board is required to post, stating the meeting date, place and time is a notice place on the bulletin board in the courthouse 72 hours before the meeting. The board voted unanimously to also publish the meeting time and date in the Clarendon Press. The next meeting was set for March 5, at 7 p.m.

The Board expressed their appreciation to the citizens for coming to the meeting and extended a welcome to any citizen who wish to attend their meetings.

Mr. SoRelle stated they have several bulletins which help explain a taxpayers rights, remedies and responsibilities. These bulletins are free and may be picked up at the counter at their office.

The Bulldog Scholar

by DENNIS KNOWLES

All over the campus individuals have been seen walking around saluting other classmates wearing a white glove. The students have not gone insane or joined a cult, instead they have begun the first phase of initiation to be considered a Phi Theta Kappa (PTK) member. Phi Theta Kappa is the honor society of American Jr. Colleges. Each student who qualified maintained a 3.0 grade average or above and was selected to join last Wednesday.

The play "Right Bed, Wrong Husband" the Green Masque Drama Organization performed was an outstanding success. The actors and actresses performed extremely well with all the first time actors who performed as might. Ms. Leslie Schnauffer, director, deserves a big congratulation

and thank you for producing such a smashing hit.

This past week students from the campus have been selecting their nominees for the Awards Night which was held on Tuesday, Feb. 7. The Student Senate worked very diligently organizing this program which was very enjoyable. Thank you Student Senate.

The secretaries are still tallying up the enrollment of the college. The statistics of the growth or decline in students will be exhibited in next week's column.

THE SPOTLIGHT

This week the 1st part of a two week interview will be presented. The spotlight in this two-part series is focused on Dr. Edwin Manning, Professor of Psychology and Sociology at CJC.

DR. AND MRS. E. L. MANNING

Dr. Manning has a very interesting past which he will share with us very briefly. He has lived a very colorful past in which it will be very hard to cover thoroughly, but this journalist will do the best

possible. Dr. Manning will also share his opinion on our society and one of the poems he has composed in the next week's column. Dr. Manning was born July 13, 1919 in Dallas, Texas. He attended Dallas Technical High School. At the age of 19 he met Dorothy Juanita Gribbs and was married on May 8, 1939. Through the years of 1938-1950 he was active in the Marine Corp and fought in World War II. Upon returning from the war he became involved in the construction business, which he was very successful in.

Edwin and Dorothy raised four children. Dr. Manning decided to further his education at this time. The family moved to the College of the Ozarks in which he obtained a Bachelor of Arts in education and history. Edwin then attended Dubuque Theological Seminary and received a master of sociology degree. Mr. Manning then moved to Chicago, Illinois in which he attended the School of Organizational Behavior and earned his doctorate title.

Dorothy attended the College of the Ozarks, South Plains College. She graduated from Nursing School at Clarendon College. Currently Mrs. Manning is an L.V.N. at the Medical Center Nursing Home.

The main area Dr. Man-

ning is most proud of is of course his family. Each child followed in their father's footsteps of receiving an excellent educational background. His oldest son, Roy Edwin, attended the University of Maryland and majored in computer science. Roy is a Digital Computer Engineer. Sharon (Manning) Lovelock also attended a major university. She is now a computer specialist. Rodger Warren (38) earned his Masters of Sociology from Our Lady of the Lake University and is currently a clinical sociologist. Finally the remaining son, Sam Manning (34) attended W.T.S.U. and obtained a master in political science and history. Currently Sam is a candidate for his PhD at N.T.S.U. Dr. Manning's niece is a scientist in Switzerland. She attended Trinity University in San Antonio.

The reason his family elaborated on so intensely is to establish two points. The first point is to show his children's goals they set for themselves and achieved. The second point is to praise Dr. Manning. He and his wife put each child through college while Dr. Manning himself was still attending school. Some of his jobs included postmaster and book store manager on the college campus. Dorothy helped Edwin operate the

book store while he pastored two Presbyterian churches on Friday, Saturday and Sunday. The churches were approximately 100 miles from each other. Dr. Manning felt his family was of the utmost importance. He exhibited this love by helping them so extensively.

Over the past years he has achieved many honors. So many that all cannot be mentioned. Some include being named to The White House Committee on Children, chairman of the State Alcohol Commission, appointed by the governor; two years running for Who's Who of American Colleges and Universities and etc.

Both Bulldog basketball teams lost to Odessa College in last Thursday's double-header games. The Bulldogs were defeated 63-61 while the Lady Bulldogs fell to Odessa 62-61.

The Bulldogs had a bad night and played two of the best teams in the conference, but the teams will not let this affect their next game. Come watch Clarendon College Bulldogs out play Amarillo College in the biggest game of the year Tuesday, February 14 at 6:00 p.m. in the Clarendon gym. AC always tries to bring more people down. Clarendon show you have more support and spirit than Amarillo! Homecoming for the Bulldogs will be February 16 against Frank Phillips College at 6:00 p.m.

FTA meeting

January 9, the Clarendon F.T.A. Chapter met in Room 104 at 6:00 p.m. at C.H.S. with Dyrone Howell as acting president. The minutes of the previous meeting were read by Kim Formway, Recording Secretary. The "100 gallons of gas giveaway" project was discussed. The date of the giveaway needs to be changed to February 7, 1984. All F.T.A.'ers are urged to turn in tickets. The reservations for the state convention at Austin, Feb. 16-19 have been confirmed. All F.T.A.'ers need to really work on their points to make them eligible to go. Point sheets were filled out.

Attending were: D'Lynn Rattan, Dyrone Howell, Shaun Heil, Tish Robinson, Kim Formway, Muzzy Hayes, Rachel Bowling, Janet Risley and Miss Betty Veach, Adv. January 25, meeting was called to order by President Annette Watson. The minutes of the previous meeting were read by Kim Formway, Secretary.

The "gas giveaway" project was reported on and is making progress. The gas will be given away Tuesday, February 7.

Annette Watson is running for State President at the convention in Austin. She discussed her campaign with the members and everyone is urged to help with her campaign. Every F.T.A. member should help with Annette's campaign whether or not they attend the convention. They should want to have her win her office and be proud she is a state officer.

The Scrapbook was discussed. Anyone who can help put it together by state time will obtain 500 points a session. It is to be entered in competition at state convention. Meeting adjourned.

Attending were: D'Lynn Rattan, Arlis Thomas, Annette Watson, Kim Formway Tish Robinson, Tim Cole, Mitch Johnson, Tammi Deen Rachel Bowling, Renee Kuhn and Miss Betty Veach, Adv.

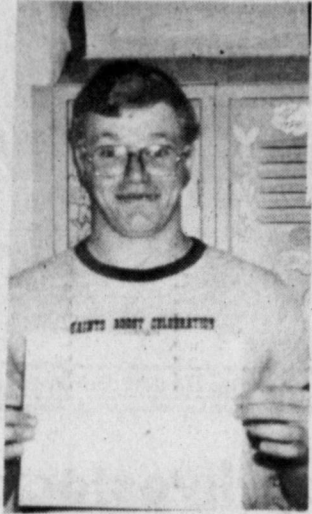

January 30, special meeting of F.T.A. called for the purpose of working on Annette's campaign material.

The meeting was called to order by President Annette Watson. Minutes of previous meeting were read by Kim Formway.

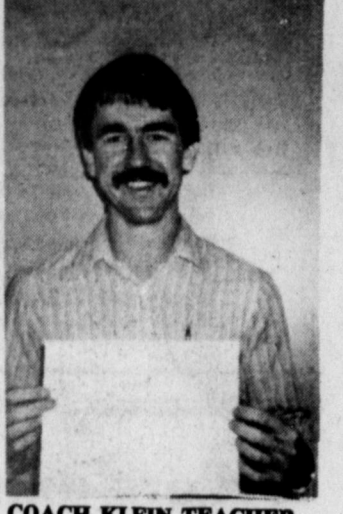

New business was the selection of the F.T.A.'er for January - Arlis Thomas and the F.T.A. Teacher for January - Robert Klein.

The remainder of the meeting was spent working on Annette's campaign material.

Attending were: D'Lynn Rattan, Arlis Thomas, Annette Watson, Kim Formway Muzzy Hayes, Renee Kuhn and Miss Betty Veach, Adv.

FACTS & FIGURES

Of all the foreign investment in Mexico, 68% comes from the United States, 8% from Germany, 7.2% from Japan and 5.3% from Switzerland. Foreign investment in Mexico, about \$11 billion, represents about 4.5% of total investment there.

Money can be a motor. That concept comes from a financial expert, Adolfo Hegewisch, who heads a new Mexican undersecretariat for foreign investment and transfer of technology. Foreign investment, says Hegewisch, "can be an important motor to promote higher efficiency."

Mexico's new undersecretariat, created by a decree from President Miguel de la Madrid, is especially interested in investments of industrial equipment that will help develop the country according to the national development plan.

THE BEST TRANQUILIZER

Most of us have daily responsibilities that produce varying levels of stress and anxiety. Although some stress is actually helpful (adds "zest" to living), excessive stress results in physical and mental health problems.

How do we cope with stress? As a society, we spend millions of dollars each year on prescription medicines. These medicines help many persons through periods of undue stress. Unfortunately, their value is frequently short-lived.

A long-range approach to dealing with stress involves recognition of its cause (if they can be determined) and development of ways to decrease stress. Many psychologists, psychiatrists, and counselors suggest the following:

- *set realistic goals - do not overcommit oneself
- *accept things that cannot be changed and move on to things that can
- *stay physically fit and learn to relax several times during each day.
- *learn from others who successfully handle stress

Tranquilizers and anti-anxiety agents are marvelous medicines that have benefited many individuals. The best tranquilizer, however, may be no tranquilizer at all.

Howardwick News

By ALICE HOOD

Mr. and Mrs. H.L. Tipton of Howardwick celebrated their 50th wedding anniversary Sunday, Jan. 29th with a surprise reception given at the Lions Club in Groom by their children, grandchildren family and friends. Their son, Richard came from Florida to visit them. When he left they thought he had gone back home. Instead he had gone to Fort Worth and came back with their daughter, Shirley Joyce and family. They went to Amarillo and visited a grandson there. Then they drove to Groom to visit Mrs. Tipton's family. (Her mother will be 100 years old in October.) When they arrived in Groom, Shirley said she had to stop at the Lions Club. She came back out and told her dad someone wanted to see him. When they went back in, what a pleasant surprise for the Tiptons. There was all the family and friends midst a lovely decorated table, candles and a beautifully decorated anniversary cake highlighted the setting. There was also a money tree.

and elsewhere. Their son, Lesley and wife, Sharon of Howardwick and son, from Amarillo. Their son, Richard of Miami, Florida and their daughter, Shirley Joyce and family of Fort Worth, Texas.

It was a lovely surprise and a very special occasion for them.

Norris and Allie Hoyt of Groom were down over the weekend and visited the Floyd Hoods who have been very ill with a virus. The Hoods would like to thank everyone that has come by to see them. Appreciate the thoughtfulness.

The Lakers Homemakers will hold their meeting Monday, February 13 at 1:30 p.m.

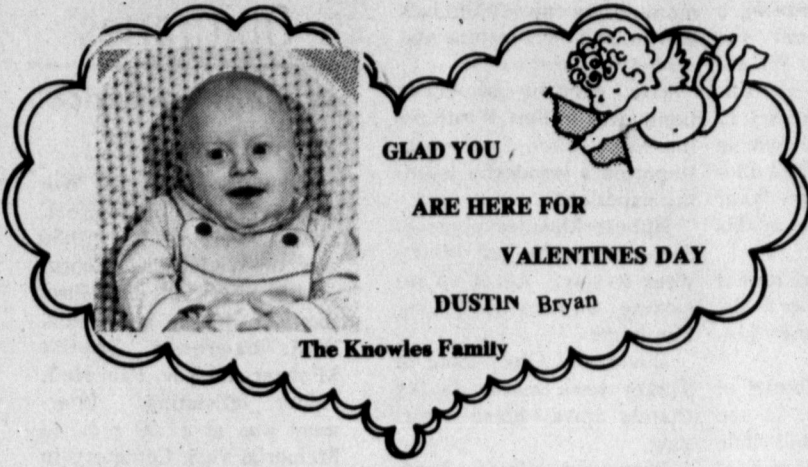

Howardwick City Council will hold meeting Saturday, Feb. 11th regular session, at City Hall. Mayor Tipton says he appreciates the nice turnout at last meeting and invites everyone out again.

Tuffy and Alta Reynolds had visitors from Pampa Sunday, Tuffy's mother, his sister, Drude and brother-in-law, Bob.

Jack and Lynn Daniels from Pampa took H.H. and Bea Rodgers to dinner Friday night.

Red tomatoes provide more Vitamin A and C than green ones so it's better to let them ripen before using.

All-In-The-Ear

From the Pen of Pastor Pinion

By GARY L. PINION

One of the most important areas in the life of a Christian should be that of studying the Bible. But I'm afraid that many Christians neglect their daily Bible study and usually sacrifice this important activity for something less important. I think the following poem will shed a little more light on this matter.

THE BIBLE AND THE TV GUIDE

On the table side by side:
The Holy Bible and the TV Guide,
One is well worn but cherished with pride,
(Not the Bible but the TV Guide)
One is used daily to help folk decide,
No! It isn't the Bible; it's the TV Guide.
As pages are turned, what shall we see?
Oh, what does it matter, turn on the TV.
Then confusion reigns, they all can't agree,
On what they shall watch on the old TV.
So they open the book in which they confide
(No, not the Bible, it's the TV Guide)
The Word of God is seldom read;
Maybe a verse e'er they fall

into bed,
Exhausted and sleepy and tired as can be,
Not from reading the Bible, from watching TV.
So, then back to the table, side by side;
Is the Holy Bible and the TV Guide.
No time for prayer, no time for the Word.
The plan of salvation is seldom heard.
Forgiveness of sin, so full and free,
Is found in the Bible, not on TV.

IRA IRA IRA
Tax sheltered income is particularly important at this time of the year with April tax deadlines approaching. Opening an Individual Retirement Account at Vernon Savings should be an important consideration in tax planning. If you're earning a wage, you can put as much as \$2,000 per year into your IRA. If you want to include your non-working spouse, you can contribute as much as \$2,250 per year. And, if both husband and wife are employed, a \$4,000 contribution per year can be made. An IRA can be opened for as little as \$100, but the more you deposit, the more you save in taxes.
You'll be earning compounded interest daily. And more important you'll be planning successfully for your future.
Call or visit Vernon Savings for more IRA information.

Lengthen the School Day?
State Senator Bill Sarpalis is asking parents, students and other interested in the state's education system to provide him input on a proposal to lengthen the school day throughout Texas.
A subcommittee of the Select Committee on Public Education has recommended that the public school day commence at 8:30 a.m. (with an appropriate break for lunch) and end at 5:30 p.m., five days a week, for grades kindergarten through 12.
Sarpalis said he was talking with school officials throughout the Panhandle and South Plains about the proposal, but would like to know the feelings of those who would be directly affected by the proposal.
"While this is a subcommittee recommendation at this time, the final work product of the Select Committee will have a definite impact on what future direction public education will take in Texas. If there is a majority in our district who adamantly oppose this idea, then I would like to be armed with that knowledge if we are to oppose it before the Legislature," Sarpalis said.

The Senator said he had already received some comments critical of the idea. "I have heard from some who say it would put their children on buses before sunup and they wouldn't get home until after dark. They also are disturbed that youngsters who work in the afternoons would be unable to continue their jobs or helping on family farms. They have also mentioned destruction of non-school activities and the opportunities to learn social skills. A number of other interferences with daily life have also been talked about."
Sarpalis said he was asking newspapers in the 29 county area of the 31st District to provide the opportunity to respond. He said he would research the results and provide a district and county breakdown of how those who respond feel about the proposal.

CELEBRATING THE 74th ANNIVERSARY OF OUR BOY SCOUTS

The Boy Scouts of America are teenagers on the move! They are achievers, doers, participants and leaders. They are committed to the pursuit of excellence in a lifestyle that includes education, recreation, adventure and future careers.

By working together to help others, the Boy Scouts of our community are helping to build a better America and a better world. Happy Anniversary, Scouts! We salute all of you during your Anniversary week, February 5th through 11th for the fine job you are doing!

We are proud to pay tribute to this inspirational group of young men!

K-9 Korp Graduation

by TINA ALEXANDER
January 30, Monday night, ten K-9 Korp members graduated from the first division or Sub-Novice dog obedience class.

The children graduates were: Jenifer Davis, Steven Davis, Gwyn Tolbert, Matt Drager and Kenny Tolbert. Michael Moore and Dawn May have already graduated from this division but did participate in the events. The adult graduates were: Judy McCully, Eva Hermes-

meyer and Celia Drager. The events that took place during the graduation were, the Sub-Novice Heel-on-lead and the Novice Heel-off-lead. The winners of the Sub-Novice children division were: 1st place, Gwyn Tolbert; 2nd place, Jenifer Davis; 3rd place Steven Davis; and 4th place, Matt Drager. Steven Davis also got the award for most improved handler. The winners in the adult division were: 1st place,

Judy McCully; 2nd place, Eva Hermesmeyer; 3rd place Celia Drager. Celia Drager got the award for most improved dog. There is a new obedience class for anyone who wants to join. It started on February 6, Monday night at 7:00 at the Community Center. Come sign up.

Association, Lubbock County Bar Association, South Plains Trust and Estate Council and a representative to the South Plains Association of Governments. He and his wife, Barbara have two children and reside at Lake Ransom Canyon, Texas, where he is a member of the city council and the volunteer fire department.

Marie Milliken, President, is a pioneer in the field of home health care since Medicare's inception of the program in 1966. Panhandle Health Care, is a non-profit corporation dedicated to providing health care 24 hours, 7 days a week in the patient's home under the supervision and orders of the patient's physician. The agency has offices in Dumas, Lubbock, Childress, and Odessa and is certified by state and federal regulating agencies to serve the public in 65 counties in the West Texas area. The agency provides skilled nursing services, home health aides, medical social services, speech, occupational and physical therapy. It is the policy of Panhandle Health Care, to admit and treat all clients without regard to race, creed or age. The requirements for admission are the same for all persons. Payment for agency services may be made through Medicare, Medicaid, VA, Worker's Compensation, Champus, Private hospitalization insurance, or private payment.

The Lions Tale

by GENE ALDERSON

The Clarendon Lions Club held its regular meeting at noon on Tuesday at the Lions Hall. Nineteen members, Lion Sweetheart Jessie Adams and three guests were present.

Lion Secretary Homer Estlack called the meeting to order in the absence of our President and vice-president. He presented a membership application to the club from Bruce Hoffman, minister of the First Christian Church, which was unanimously accepted. Lion Estlack also introduced Waxne Weavers, Juvenile Officer, 100th Dist. from Panhandle who was the guest of Lion Christal. Lion Donald Smith got our program which was brought by Adrian Cervantez and Trena Clark with the Texas Rehabilitation Commission, Vocational Rehabilitation Division.

Their service deals primarily with helping to secure training or other assistance to those persons who will require help in order to become productively employed. In honor of Valentines Day, our ladies will be having lunch with us next week. In order to give our cooks a count of how many will be here, all members who were not in attendance on Feb. 7th, will need to contact our secretary, Homer Estlack.

Fannin Vice-President and Staff Attorney

Marie Milliken, President, Panhandle Health Care, Dumas, Texas, announces the appointment of Richard L. Fannin as Vice President and Staff Attorney. Richard brings to the agency a varied educational and business background including a Bachelor of Business Administration degree in Finance from Texas A&M University, a Master of Business Administration degree from Wichita State University, and a Doctor of Jurisprudence degree from the Texas Tech University, School of Law. Richard has worked for the First National Bank, Midland, Cam Fannin Insurance Agency, Lubbock, Texas, and has been a general private practice attorney as well as owning his own estate and tax planning consulting firm. Richard is a member of the American Bar Association, Texas Bar

Law requires filing report of mobile home movement

The State Property Tax Board (SPTB) reminds those who move mobile homes, both within the state and from out of state, that they are required to report all mobile home moves to the county appraisal districts in Texas in which the moves take place.

The reports are used to place mobile homes on the property tax rolls of local taxing jurisdictions. According to SPTB data, 285,743 mobile homes were on the tax rolls in 1982, with an appraised value of \$2,530,290,904.

Requirements for reporting movement of mobile homes are spelled out in the Texas Property Tax Code in Chapter 21. The law requires that any person moving a mobile home in Texas file a report of the movement and pay a \$10 filing fee.

Mobile home movers are liable for a penalty of up to \$200 for knowingly failing or refusing to report the movement of a mobile home.

The report and filing fee must be turned in to the Chief appraiser of the county appraisal district in which the move begins, as well as to the chief appraiser of the district in which the move ends.

If the move originates out of state, the report and filing fee must be turned in to the chief appraiser of the district in which the move ends. The report must be filed before the day on which the move begins. Filing fees are deposited in

the general funds of the counties.

Some mobile home transporters based outside the state may face a delay if shipment is held up until a report can be filed in the Texas county for which a mobile home is destined.

Out-of-state transporters seeking to comply with Texas law, yet avoid such a delay may write the local chief appraiser to request extension of the reporting deadline. Under the law, the chief appraiser may extend the deadline for a single period of up to 15 days, "for good cause shown."

Alternatively, the out-of-state mover may authorize drivers to file the required reports on behalf of the company upon arrival at their destinations in Texas at least a day before the mobile home is moved onto its site.

Report forms and lists of appraisal district mailing addresses are available from chief appraisers or at district offices of the Texas Department of Highways and Public Transportation.

Mobile home movers or owners with questions about the reporting requirements are urged to contact local chief appraisers or to call SPTB's Technical Assistance Section, 512-837-8622 or, toll-free in Texas, 800-252-9121.

One-time-only chance

State Comptroller Bob Bullock said Monday, January 23, Texas businesses operating outside state tax law will get a one-time-only, penalty-free chance in February to get right with the Comptroller's Office before Bullock lowers the boom in March.

"We'll give them 29 days in February to get right with the law," Bullock said. "If they come in and wipe the slate clean, we won't charge them penalty and we won't file charges against them. If they wait until March or if they wait until we find them, they'll be too late."

Comptroller enforcement officers will begin using new procedures designed to more quickly identify and collect taxes from errant taxpayers in March. Under the law, the Comptroller can collect a 10 percent penalty and has the power to file criminal charges for unreported state taxes.

"We will only waive penalties and charges if the taxpayer comes forward voluntarily during February," Bullock said. "Chronic late filers, delinquent taxpayers and other taxpayers already under investigation or court prosecution don't qualify for this relief."

The February-only, non-penalty period is aimed at:

- *A business operating without a tax permit.
- *A business (such as an out-of-state corporation) which owes Texas taxes even though a tax permit isn't required.
- *A business not reporting

taxes on a new activity added since it got its original tax permit.

*A business with a single tax permit, but more than one business location.

"The February period is for the business operating outside the tax law or beyond the limits of its tax permit. We want them to come out in the open, get a permit and start reporting taxes like most other Texas business people," the Comptroller said.

Information and assistance for taxpayers to take advantage of the one-month grace period will be provided by the Comptroller's field offices or by calling 1-800-252-5555 toll free from anywhere in Texas.

FACTS & FIGURES

A new system has been developed that can increase the computational power of existing computers by up to 16 billion calculations a second. Each processor linked to a computer provides up to 250 million calculations per second.

The new processor is designed for such applications as simulation, large-scale structural analysis, petroleum exploration, aerospace, manufacturing, weather forecasting, research and image and signal processing. Called the Cyberplus, it is manufactured by Control Data.

A maximum of 64 processors can be linked to a single Cyber 800 series computer to provide the 16 billion calculations per second. Each one alone can multiply 250 million numbers per second. A person with a calculator doing one per second would need eight years to complete 250 million—24 hours a day, 365 days per year, with no coffee breaks.

Alpha Upsilon Epsilon news

Alpha Upsilon Epsilon Chapter of Beta Sigma Phi held its 71st meeting at the Patching Club House on January 23, 1984 at 7:30 p.m.

Roll was called with the following members present: Terry Floyd, Sandra Eads, Denise Grady, Terri Floyd, Jeanette Loveless, Kayla Cates, Melody Price, Bette McAnear, Judy Bland and Leslie Schnauer. Terri Floyd gave treasurer's report. The Little Miss and Master Donley County Pageant was a great success with a net profit of approximately \$30.00.

Congratulations to the winners of the pageant: Little Miss Donley County, Stephanie Floyd; Little Master Donley County, Robert Bertrand; First runner-up, Mandi Goss and Clint Green; Second runner-up Summer Gerner and Jason Dunn. Stephanie is the daughter of our chapter treasurer, Terri Floyd. Stephanie is a Legacy member of Beta Sigma Phi. Mandi is the daughter of Dona Goss, a member of Xi Lambda Xi and our chapter advisor. Summer is the daughter of Cheryl Gerner. Cheryl is a member of our chapter, on leave of absence. Summer is a Legacy member of Beta Sigma Phi.

Congratulations to everyone and a special thanks to the pageant committee, Fuzz Mooring, Melody Price, Jeanette Loveless, Kayla Cates, Terry Floyd, Bette McAnear, Debbie Hamilton, Wanda Hill, Patsy Leflew and Kitty Proctor. You did a great job Fuzz!

A Super Bowl Party was enjoyed by all attending on Sunday, January 21st in the home of Donald and Judy

Bland. Everyone brought homemade pizza. Those attending were: Fuzz and Ricky Mooring, Terry and Lynn Floyd, Terri and Johnny Floyd, Kitty Proctor and Eddy Eads. Thanks Donald and Judy for inviting us to your home!

As a special Valentines present to each member, Leslie Schnauer gave everyone a ticket to her play "Right Bed, Wrong Husband". The play was Feb. 3, 4, and 5 with our very own Melody Price's hubby as the star of the play! Thanks Leslie!

Tickets were passed out for the Queen of Hearts Charity Ball to be held February 18.

Our hostesses for the evening, Sandra Eads, Kayla Cates and Jeanette Loveless, then served a vegetable platter, chips and dip. Kayla Cates brought chocolates and announced that she and Ken are expecting their very first little baby. Congratulations Ken and Kayla.

The next meeting will be February 13 at 7:30 at the Patching Club House with Executive Board meeting at 7:00 p.m. Hostesses will be Denise Grady and Terri Floyd. The program will be presented by Fuzz Mooring on Literature and Poetry.

Don't forget the bake sale at Gibson's on Saturday, February 11 from 9:00 til 2:00. Buy your Valentine goodies there!

The banana does not grow on a tree. It grows on an herb—the largest known of all plants without a woody stem or solid trunk.

"I take the same care with animals that Block takes with taxes."

"I know I'm in good hands when Block prepares my tax return. My preparer goes to school every year to get special training. And she does taxes hundred of times. Training and experience—that's what makes you good at your job. I'll care for the animals and let Block take care of my taxes."

This information comes from Smith Kline and French Laboratories, a leader in high blood pressure research and therapeutics.

High blood pressure is second only to smoking as a factor that increases your risk of heart disease. High blood pressure affects nearly one in every five American adults. Some people think having high blood pressure means that you're nervous or that you work too hard. That's not true.

The State Department of Highways and Public Transportation, in accordance with the provisions of Title VI of the Civil Rights Act of 1964 (78 Stat. 252) and the Regulations of the U.S. Department of Transportation [15 C.F.R., Part 8], issued pursuant to such act, hereby notifies all bidders that it will affirmatively insure that the contract entered into pursu-
