Volume 12 Number 37

CLARENDON, DONLEY COUNTY, TEXAS, NOVEMBER 6, 1941

A Common Paper for Common People

AAA FARM CONFERENCES WILL BE HELD IN DONLEY COUNTY

County agent H. M. Breedlove announced this morning that meetings would start at once on the 1942 AAA farm program and also on the part that the farmer would play in the national agricultural defense program. The 1942 program is very little different from the present program Breedlove said with the exception of the number of acres to be left out for soil conserving acres.

Breedlove stated that in 1942 a farmer would leave out 20% of his cropland and will carry out soil conserving practices on this land and these practices would have to be carried out in full in order for the farmer to get his full conservation payment. All of the phases of the program will be discussed at the meetings Breedlove said and it is important that all farmers in the county attend at least one of the meetings.

The defense board in Donley county is composed of Nolie Simmons, Chairman, W. J. Grigg, J. E. Burch and Ollie Hommel, Forrest Sawyer and H. M. Breedlove. The duties of this board will be explained at the meetings and just what part this board will play in the national defense in the county.

Meetings will be held as follows:

Ashtola, school house, 9:30 a. m. Thursday, Nov. 6th; Goldston, school house, 2 p. m. Thursday, Nov. 6th; Clarendon, Courthouse, 7:30 p. m. Thursday, Nov. 6th.

Giles, school house, 9:30 a. m. Friday, Nov. 7th; McKnight, school house, 2 p. m. Friday, Nov. 7th; Hedley, school house, 7:30 p. m. Friday, Nov. 7th.

Jericho, school house, 9:30 a. m. Monday, Nov. 10th; Midway, school house, 2 p. m. Monday, Nov. 10th; Hudgins, school house, 7:30 p. m. Monday, Nov. 10th.

Skillet, school house, 9:30 a. m. Tuesday, Nov. 11th; Whitefish, school house, 2 p. m. Tuesday, Nov. 11th; Lelia Lake, school house, 7:30 p. m. Tuesday, Nov. 11th.

Breedlove urged that everyone possible attend these meetings and become more familiar with the functions of the 1942 farm program and the national defense, and the part that agriculture would play in this present crisis.

All farmers are being mailed letters of the meetings.

BAPTISTS TO HOLD PRAYER SERVICE

During the regular monthly conference of the First Baptist church Wednesday evening, it was voted that the eleven o'clock preaching hour next Sunday, November 9th, be devoted to prayer, and that the church be in conference for the purpose of calling a pastor.

"Every member is urgently requested to be present," church clerk R. A. Hay stated today.

JOE HORN RECEIVES PAINFUL INJURY

While working with cattle on the Shoe-Bar ranch late Wednesday, Joe Horn received painful injuries to his right leg when a cow crushed against the horse he was riding. In some manner, the leg was twisted around and the spur mashed into the side of the horse.

Mr. Horn was rushed here for medical aid at once. Today he is said to be resting fairly well at his home despite torn ligaments in the injured member.

MAN JAILED HERE MONDAY FOR FEDERAL OFFICERS GETS MARRIED WEDNESDAY

When Sheriff Guy Wright received a complaint Monday that thirteen mail boxes on the Jericho route had been knocked down, the Sheriff investigated and arrested Herbert Couch, 23, employed on a seismograph crew here at this time. Couch is said to have denied the charge at first, but when confronted with evidence, confessed his guilt, Sheriff Wright stated.

Couch was held here on a charge of knocking over a highway sign during the time that he is alleged to have been knocking down mail boxes with a truck on

MINISTER RECALLS CLARENDON FOLKS

In a letter to your Donley County Leader, Rev. Cecil E. Harvey expresses a high regard for the folks here in general, and especially the members of the Christian church which he pastored some two years.

"The happiest days of my life, so far, were spent in Clarendon. The members of the Christian church are far above the average in many ways. Their many acts of kindness will be long remembered. Just before leaving there, we received two beautiful gifts—one from the Young People, and the other from the church group. These both mean a lot to us, and will be cherished always," Rev. Harvey wrote.

Driver License Law In Effect

The Department of Public Safety requests your Donley County Leader to publish the following information:

"To all persons holding Texas Operators' Licenses issued from February, 1936 to October 1, 1941:

For the purpose of expediting the renewal of outstanding Texas operators' licenses, provision has been made in House Bill No. 20, whereby they shall expire and be subject to renewal as follows:

Licenses bearing serial numbers from 1 to 450,000 expire December 31, 1941, and are renewable on and after October 1, 1941.

Those bearing serial numbers from 450,001 to 900,000 expire March 31, 1942, and are renewable on and after January 1, 1942.

Those bearing serial numbers from 900,001 to 1,350,000 expire June 30, 1942, and are renewable on and after April 1, 1942.

Those bearing serial numbers from 1,350,001 and upward including numbers issued on or before September 30, 1941 shall expire November 1, 1942, and will be renewable on and after July 1, 1942.

Any licensee failing to make application for renewal of license as set forth herein may be required to take examination as required for original operator's license.

All operators' licenses issued on and after October 1, 1941, will expire two years from date of issuance."

SULLIVAN COOPER IS CRITICALLY ILL

Friends of the family here will be grieved to learn of the critical illness of Sullivan Cooper, formerly in the grocery business here, and who has been engaged in a similar business at Erick, Oklahoma since leaving Clarendon.

Mr. Cooper is suffering from a low blood pressure condition, and will be removed to an Amarillo hospital just as soon as his condition permits, the Leader was informed today by F. B. Thomas, his father-in-law.

IMPROVES NEW HOME

The residence of Mrs. Alice McLaughlin on the corner east of the Baptist church entrance, recently purchased by Ivy Dee Hinkle, is undergoing repairs and changes at this time. New porches are being made. The interior will be given quite a bit of attention before the job is complete, it is said.

Stamp Program Boosts Sales

Expenditures for food in Clarendon and Donley County were increased \$2,045 during the month of October through the Government's food stamp program, it was revealed today by L. J. Capleman, Regional Director of the Surplus Marketing Administration for the thirteen Southern States.

This sum represented the amount of blue stamps issued by the Clarendon and Donley County Stamp Program office during the month. In addition, \$2,726 of orange stamps were purchased from the Government during the period, bringing the total amount available for food purchases due to the stamp program to \$4,771 for October.

Participating in the Clarendon and Donley County stamp program during the month were 217 cases, representing with their families, 858 persons. Those participating represented 71.8 percent of the 1,194 persons in the area eligible to receive stamps during October.

Since the stamp plan has been in operation, \$12,259.50 in blue stamps have been issued in Clarendon and Donley County, augmenting regular food expenditure for the area by that amount.

Amount of blue stamps issued per person during October averaged \$2.38.

Football Queen Will Be Crowned Friday Night

Highlighting the Clarendon-Memphis football game this Friday night will be the crowning of the football queen, an event looked forward to with much anticipation and enthusiasm by the student body as well as the general public who are interested in student activities.

Miss Neta Jane Cornell, attractive and popular with the student body has been selected by the football boys as their queen this season and will be crowned amid the pomp and splendor that only an occasion of this kind presents.

Miss Cornell is the daughter of Mrs. J. M. Cornell of Clarendon.

POOL REPORTS TWO REALTY SALES

Sales made by J. P. Pool the past week include the sale of the John Bass home to J. T. Patman, and the sale of 320 acres of farm land near Chamberlain to J. O. Shields of Lesley.

ON LAUNDRY SERVICE

O. C. Pipes is doing the pick up and delivery work for the Clarendon steam laundry now. He has been contacting the public in various capacities for some twenty years. Manager Tom Helton believes he has the right man for the right job.

ATTEND LAST RITES HERE SUNDAY

Relatives of the deceased attending the last rites of Mrs. Claudia Bigger here Sunday were many from out of town.

Among the list of names secured are included Mr. and Mrs. Willard Smith, Mr. and Mrs. Arnold Atteberry, Mr. and Mrs. Leroy Pinkerton, Mrs. Tom Curtis, Mrs. Addierne Curtis and Mrs. J. W. Atteberry, all of Amarillo. Mrs. Nellie Hilliard of Seymour was among the number to attend.

RUMMAGE SALE

The Woman's Society of Christian Service of the Methodist church will have a rummage sale second door from the Pastime theatre Saturday, November 8th, it is announced.

VISITS IN CLAUDE

Mrs. F. G. Patching spent Sunday in Claude with relatives, including Mr. and Mrs. Fred Patching Jr., and Mr. and Mrs. John Harris.

NAYLOR HAS INJURY

John Naylor of the Midway community received a painful injury Monday when his finger was caught in an ensilage cutter. He came to town immediately for medical attention. The finger was both mashed and slashed by the cutter blades, it is said.

Bronchos to Meet Memphis Cyclone Friday Night

This Friday night on Broncho Field two traditional rivals of gridiron supremacy will be battling not for the championship but for the glory of defeating the other. Both teams have been shoved down into the lower berth of their district and they are interested in only one thing and that is to win this game.

The Cyclone are still smarting from two successive years of defeat. In 1939 they were humiliated by the astounding score of 55-0. Last year, however, they put up a stubborn battle on a muddy field and lost 6-0 when Hermes-meyer of the Bronchos broke loose for 35 yards and a touchdown for the only counter of the game. This year they are planning on reversing the outcome and have a good chance to do so, although Clarendon has been more impressive so far this season.

The Bronchos will enter the game with the victory taste still fresh, having hurled Lakeview last week 26 to 7. The Clarendon boys have improved a lot since the season opened and know their football fairly well.

Regardless of past showings, this game favors neither team. A rivalry such as has existed between the two schools for these many years will offer more than just a game of football—it will be a battle with honor and victory at stake. To lose this game is more than a defeat—it is a sleepless nightmare that hangs like a pall over gridiron memories.

Football fans who like to see a game chucked full of vim and determination should not miss this titanic struggle between two of the little giants of District 3-A. As always, it will be a battle from start to finish, with neither team willing to give ground or quit just because the going is rough. Tradition has set a standard that is hard and tough and the standard bearers, as the years come and go, recognize no alternative.

The game will be called at 7:30, so come early, get a good seat, and enjoy the game where boys enter and better boys emerge.

LOVELLS RETURN HOME SATURDAY

After spending some weeks at Glen Rose for the benefit of the health of Mrs. S. H. Lovell, she and Mr. Lovell returned home Saturday. "I never saw so much water in my life as covered the highways near Wichita Falls," Mrs. Lovell stated. They were piloted over much of the worst part of the highway by an obliging stranger who drove ahead to give them more assurance of safety.

Bronchos Defeat Lakeview, 26-7

The Bronchos went on a stampede last week, defeating the Lakeview Eagles 26-7 at Lakeview. It was perfect football weather and the Bronchos took advantage of every break, playing hard every minute of the game, for the Eagles were out to subdue them if possible.

Late in the first quarter, Taylor intercepted a Lakeview pass on the 31 yard line and returned it to the 18, and after four plays, Allison plunged over for the first score. He also plunged center for the extra point. In the second quarter the Bronchos started a drive on the 50 yard line and ended up with Smith carrying over from the 1 yard line. Smith kicked for the extra point.

After the half, the Eagles came out fighting and covered a Clarendon fumble on the kickoff on the local's 21 yard line. I. V. Merrill passed to Scott for 21 yards and 6 points. The try for point was no good. May scored again for Clarendon by going over from the 2 yard line after Lakeview punted to their own 19 yard line.

The final Bronco score came late in the fourth quarter when Thornberry intercepted a Lakeview pass on the Eagle 42 yard line and romped 58 yards and over the goal line for the final 6 points. Smith's extra was no good.

Even though the score did not show it, the Eagles put up a hard fight all the way through, never allowing the Bronchos a gain without earning it the hard way.

Union Service Thanksgiving

Plans are already under way for a union Thanksgiving service Wednesday evening of the 26th. The program will begin at seven o'clock, and will be presented at the First Presbyterian church.

The Rev. Frank H. Hutchins, M. A., rector of St. John's Baptist Episcopal church will preach. The McDowell club members will have charge of the song service.

Since this is a union service, members of all churches are expected to attend these services. A general invitation is extended the public by those in charge of formulating the program.

ARMISTICE UNION SERVICE SUNDAY

A union service of all churches will observe Armistice Day at the Methodist church next Sunday evening at 7:30.

Rev. J. O. Quattlebaum Jr., the pastor, will preach the Armistice Day sermon.

Rev. M. M. Miller, pastor of the First Presbyterian church, will have charge of the song service.

The program is designed to be of interest and for the benefit of the general public, and is not restricted to members of the American Legion. A cordial invitation is extended any one interested to attend this service.

Cavalry Horse Buyer Coming Saturday

Representatives of the federal government will be here Saturday for the purpose of buying suitable horses for use in the U. S. cavalry units.

Those having stock meeting the requirements may sell them at attractive prices since the requirements are strict. The horses should be at the ranch home of Joe H. McMurtry Saturday morning. Buyers are to be here on Saturday afternoon.

DRIVER LICENSES ISSUED TUESDAY

A permit was being issued those having driver licenses Tuesday when they called at the courthouse. Wm. J. White, representing the State Department of Public Safety, was doing the work.

Since every car and truck driver must get a new driver license, our readers will find a special article in this issue giving the call numbers as they come in rotation. Mr. White will be at the Courthouse every Tuesday from 2 to 4 p. m.

TO STATE PARK

Dr. and Mrs. B. B. Harris, Mrs. Arlie Wood and Miss Shirley West spent Sunday in Amarillo in the home of Dr. Roy G. Moore. A portion of the day was spent in the famed Palo Duro park. The visitors found the river too high at the third crossing to permit of further sight-seeing.

Whitlock Opens Business Here

A new store opens for business here this week. L. T. Whitlock, a native son, engages in the furniture and rug line. The firm is located in the building formerly occupied by the West Texas Utility company across the street from Norwood pharmacy.

Mr. Whitlock has been employed by Montgomery Ward in their furniture departments for more than six years. He spent two years with that firm in Amarillo, six months at La Junta, Colorado, and four years at Sweetwater. He comes from the latter position to begin business for himself in his old home town.

Mr. and Mrs. Whitlock and infant son are already settled in apartments at the home of Mrs. W. T. Clifford.

CONGRATULATIONS

Mr. and Mrs. Winston L. Blacklock announce the birth of a daughter, Carolyn Lee, in a Memphis hospital at 1:16 p. m., Wednesday, November 5th. Mr. Blacklock is in the employ of the Cameron company here.

PARENT-TEACHER CARNIVAL NETS SCHOOL NICE SUM

BEGGAR EPIDEMIC HITS TOWN

What to do with able-bodied men who make a profession of begging, is yet a problem here apparently since they continue to operate. Eleven were in town Tuesday, and five new ones Wednesday, the Leader was informed. Most of these fellows asked for "chuck money" in the Leader office.

One fellow, who claimed to be a printer, did not know the location of the proper type letter boxes in a printer's case. This is the test given the boys, and has been for ages.

Petty thefts that go along with such gangs, did not develop here according to a check-up with the Sheriff's office.

Adamson Takes Venue Change

At the beginning of the second or retrial of the first embezzlement charge against J. W. Adamson Monday, eighteen of the thirty-six men on the jury panel had disqualified because of fixed opinions.

Attorneys for both the prosecution and defense agreed upon a change of venue to Childress county. The charges against Mr. Adamson will be heard in Childress January 4, 1942.

The defendant has made bonds of one thousand dollars in each of the eight embezzlement charges, the Leader was informed today.

FORMER CLARENDON LADY ADVANCED

Beginning her employment in the Rock Island survey house cafe in Amarillo fourteen months ago, the advancement of Mrs. Edith Speed Barnes has been rapid.

A few days ago, she was made manager of the union depot cafe at an attractive salary. She was offered a more attractive place in Chicago, but preferred to remain in the Texas Panhandle, the Leader was informed Monday.

TO VERNON SUNDAY

Going down together, Mr. and Mrs. U. J. Boston spent Sunday in Vernon with their son, Mr. and Mrs. Bob Boston, and Mrs. B. F. Kirtley spent the day with Mrs. J. E. Teer.

Red Cross Drive November 11

Information relative to the Red Cross drive was handed into the Leader office too late for publication, especially the volume giving the names of the members of the complete county organization.

The drive will begin Armistice Day, November 11th. Sam Braswell is chairman. Early in the week Miss Laverne McMurtry, chairman of the Red Cross Roll Call, was diligently securing helpers to cover the city, that area being under her jurisdiction.

SHOP THROUGH YOUR DONLEY COUNTY LEADER PAGES

In this, as in every other issue, merchants of many lines of business call your attention to their lines of necessities. You will find prices quoted. You don't have to waste time looking for the articles you wish to purchase. In reading your Donley County Leader, you know what you want, where to find it and what you will have to pay.

Save many times over the price of your subscription by reading the advertising section through the year. No questionable advertising is permitted and fake medicinal nostrums are barred entirely. You can depend on the honesty of the advertisers in this publication.

HAS HEART ATTACK

Forrest McCrary, employee of the Farmers Exchange, was seized with a heart attack early Tuesday when he attempted to lift a heavy sack of sugar. This is said to be his first attack. Precautions were taken and he is now said to be practically normal again.

The Halloween carnival Friday evening, sponsored by the Parent-Teachers at the South Ward and Junior High schools, was a success obtainable only by the splendid cooperation of teachers, parents, children and friends of the school. The attendance is said to have exceeded that of any similar occasion in the past.

It was estimated that approximately \$162.00 was received from the various booths and the votes sold for queen and princess contest. The expenses is said to have amounted to only twelve dollars.

Biffie Dee Blair was crowned queen at the close of the entertainment, the ceremonies being held in the Junior High auditorium. Princesses were Patty Molesworth, Ruth Patman, Kathleen Grady, Elise Norwood, Guila Jean Oliver, Mary Ann Bromley, Sybil Head, Patsy Pittman, Charlene Pyatt, Mary Ladell Cox, Lois Marie Hommel, Peggy Wright, Carolyn Peabody, Mary Margaret Smithey, Inelle Cox.

Crown bearers were Laquita Ayers and Albert Louis Johnson.

The Parent-Teacher Association especially wishes to thank those who, though not patrons of the school directly, generously contributed for this successful event. The newspapers are thanked for their generous publicity.

The immense possibilities opens an avenue for future effort in staging another such carnival next season.

Hudgins School Pie Supper

The good women folks of the Hudgins community will be "plumb pickled" to have you sample their excellent skill in baking pies. You will have that opportunity at the Hudgins school Friday night, November 7th.

If you have a craving to get nearest the likeliest looking pie, get there early.

Along with the pie supper part of the entertainment, there will be music and other forms of entertainment. That community never failed to make one feel welcome and to feel that the money was well spent.

They have two objects in view, both of which require money. They want a hot lunch facility for the school. Most any one would agree with them on that. And they need song books for the Sunday school, a most worthy cause.

The public is cordially invited to share the hospitality of the fine folks of the Hudgins community on Friday night.

TO HOT SPRINGS

Mr. and Mrs. J. W. Smithey will leave Friday for an extended stay in Hot Springs, N. M. for health benefits. Mr. Smithey expects to do quite a bit of plain and fancy fishing in the gigantic Elephant Butte lake while there.

IN WICHITA FALLS

Mrs. Paul Slaton, Mrs. Lillian Forgy and Miss Jennie V. Powell visited relatives in Wichita Falls Saturday.

Hedley's Annual School Banquet Date Is Set

Following the custom of many years, ex-seniors of the Hedley high school will hold their annual banquet at the Lake McClellan club house on the evening of November 28th, beginning at 8:30 p. m.

Wives, husbands and dates are urged to attend. On former occasions, some of the eligibles were nearing middle life. The Hedley school has been in active operation for more than twenty years. Out of respect for the convenience of those who have been seeing this affair through each year, with no little worry and labor, the session this time will be held at the Lake. Many of the eligibles reside up on the Plains, making the gathering place more centrally located.

The service charge will be seventy-five cents a plate, according to the announcement given your Donley County Leader.

AUCTION SALES—MAYBE.

The siren song of the out-of-town promoter always sounds good, but the performance of his schemes is many times something else again, leaving only the recollection of money spent for nothing.—McLean News.

SCIENCE CAN OUTMODE WAR. NOTED CHEMIST DECLARES

Science can eventually remove economic causes for war, writes Dr. Harrison E. Howe, editor of "Industrial and Chemical Engineering," in the current Rotarian magazine. Geographic or man-made monopolies of raw products that have provoked wars in the past can, he believes, be broken by laboratory research workers.

Rubber tires made from lime, carbon, salt, petroleum and water are already on the market, he points out, and the cost of synthetic rubber will decline as it goes into mass production. "There was a time when men might have fought for rubber. The scientists believe that time is past."

No longer are manufacturers of films and plastics dependent upon camphor imported from Japan. When prices went up, scientists created a synthetic camphor actually better than their natural product. Heavy natural deposits of nitrate in Chile gave that country a monopoly on that material used in fertilizer and gunpowder—until scientists devised a way of making nitrates from nitrogen

in the air. Today it would be ridiculous for any nation to go to war to control Chilean nitrates.

Modern science affects international relations in two ways, asserts Dr. Howe. On one hand it tends to make the world economically interdependent—by making the automobile owner dependent upon rubber from Malaya, for example. But science also tends to break up national monopolies—whether based upon climate or geography or created by tariffs or cartels—by inventing substitutes for natural products. In its latter function, he believes, science offers hope for the decline of economic stimuli to war.—Taft Tribune.

WORSE THAN WAR!

The speed demons and careless drivers of Texas killed almost as many people in Texas in September as the Germans killed in England with bombs, and Texas has some 6 million people against 45 million Britons. Yet we talk and gasp about the terrible slaughter of innocent people in England. Some drivers ought to be taken out to the woodshed and black-snaked a bit. That would put a crimp in both fast and careless drivers. It seems that fines don't do much good, and lots of people don't mind a jail if the food is good.—Terry County Herald.

DANGEROUS HIGHWAYS.

Nazi bombers are doing very

little better than Texas automobile drivers. For every 100 Britons the Nazis killed in September, autoists killed 82 Texans.

On Oct. 14 the British air ministry announced 217 persons killed by bombs in the United Kingdom during September. Today State Police Director Homer Garrison announced that 178 traffic deaths were counted in Texas during the same month.

Continuing a trend which recently caused Garrison to predict an all-time high for traffic fatalities in 1941, deaths for the first nine months of this year totaled 1,370, a 13 per cent increase over the 1,213 persons killed in the same period last year.

Garrison found, on a basis of gasoline consumption, that the increase in travel has almost exactly paralleled the increase in fatalities. Privately owned vehicles have been driven approximately 13 per cent more this year, while no figures are available on the enormous increase in travel by Army and other government-owned vehicles.—Claude News.

HUMOR DOESN'T HURT.

As the War goes on, we still hear funny stories about Hitler, Stalin, Churchill, and even Roosevelt.

One of the best we have heard recently was told by Roosevelt on Hitler. The President said that Hitler had gone to one of the few prominent Jews left in Germany and told him he could stay there if he would disclose how Moses managed to make the waters of the Red Sea stand aside so that the children of Israel could cross.

The story, of course, is on the ridiculous side, but at least it gives us some diversion from the regular horror of war which we hear each day.

It is also comforting to know that the leader of our nation has the sense of humor which he has. Likewise we should be glad to know that the President has been able to maintain his sense of humor despite the burden which he carries.

There is certainly a time for all things, and one thing which will not hurt us now is a little humor mixed in with the everyday war news. All work and no play is pretty bad, just as is all worry and no laughs.—Memphis Democrat.

COMPARISON.

Judging from their past and present performances, the British, who "never know when they are beaten," develop their best morale

when they are fighting with their backs to the wall; the French are magnificent in victory but panicky in defeat; the Germans fight courageously as long as there is any hope of victory, but collapse completely when that hope begins to fade; the Russians, used to misery, fight stubbornly until they die in their tracks; Americans who proved themselves to be last-ditch fighters in the Revolutionary and Civil Wars, and reckless daredevils in the last war, today can so little conceive of defeat that they find it difficult even to realize their danger in a war-torn world.—Quannah Tribune Chief.

SO WHAT?

A woman who wanted a woolen dress was told that there were no American woolens available but British woolens were coming in. A man who wanted a suit of American woolens was told that they would be uncertain of delivery but that British suits would be available.

A hotel manager tried to place an order with an American cutlery firm and was told that because of steel priorities there could be no assurance that he could get American knives. He was informed that stainless steel of British manufacture was arriving and he could fill his order from these imports.

You may have noticed an advertisement announcing a special importation of British shoes.

There are too many instances indicating a scandal of unlimited dimensions in the lease-lend expenditures to permit congress, if it has any sense of duty and of obligation to the American people, to pass the new six billion dollar authorization without making a thorough investigation of what has been done and what is being done with the seven billion heretofore authorized for that purpose.—Chicago Tribune.

CAFE OPERATORS ENJOINED

Operators of drive-in cafes in Wichita county last week were permanently enjoined from agreeing on a sale price for beer.

The injunction was part of an agreed judgment in which the 15 defendants also paid \$750 in penalties in the suit, brought by Attorney General Gerald Mann as an Anti-Trust suit which charged the defendants conspired to sell the so-called 10 cent beer for 15 cents or two bottles for a quarter.

LAND APPLICATIONS APPROVED

Three applications to purchase excess school lands were approved last week by Land Commissioner Bascom Giles.

Sales were: L. A. Harral, Abernathy, 20 acres in Lubbock County at \$10 an acre; L. A. Schreiner, Kerrville, 483 acres in McMullen County, \$3 an acre; Mrs. Mattie Axtell, Fort Worth, 502 acres in Randall County, \$4 an acre.

Marilyn Merchant of Amarillo spent the week end with her grandparents, Mr. and Mrs. Cal Merchant.

SPEAKING OF BRANDS . . .

In song and story . . . in legend and lore, well known brands have been interwoven in the tradition of the Southwest. And in foods and related products there are brands that are symbolic in the tradition of good living in the Southwest. When it comes to coffee the brand that smacks of the tang of the outdoors with a richer, mellow aroma and robust flavor is Admiration! Switch to Admiration and climb another notch in good living.

Listen to MISSING PERSONS Monday through Friday, at 8:15 a.m.

Admiration Coffee

3 PERFECT PACKS 3 PERFECT GRINDS

THE TEMPLE OF TRUTH
By the Apostle

THE RAMBLER.
When a man goes away from home for a change, he usually comes back with less than he had when he started.

OUR WEAKLY PROSE.
The bills that come when months begin, are not the things to glory in. I do not hanker for the thrills that come from getting monthly bills. I do not shout their praises high, or yank them in

when passing by, or dance about in glorious glee when they come in flooding me. Nor do I run and hide my head or even find my face is red, or steep myself in sour gloom and regard the world as a living tomb. When the monthly bills arrive we ought to be glad that we are alive. Like most every one, no doubt, I have some things to think about. Some bills to pay and sacrificing day to day. If things were easy to possess, their

value would appear much less. P. S. One happy state replete with thrills, would be to get no monthly bills.

EVOLUTION.
When a kid is in the grades, he asks his paw for advice. When he gets into high school, he hands it back to the old man.

LAME DOGS!!
A volunteer appeared at one of

our recruiting stations to enlist in the army but was turned down by the examiner because of his bad feet. The next morning the same fellow was back again. "You just can't make the grade, young man, you can't march long distances on account of your feet," stated the doctor, "and why did you come back again?" The hill-billy switched his cud of hillside navy to the other jaw and said: "Doc, I had to walk just 84 miles to get here on time going two days and one night, and I hate to start that long walk back home. I want into the army."

PRIZE WINNERS.
A national magazine conducted a contest recently in which contestants were required to name the five "sweetest words of the English language." Here is the list winning the prize: I love you. Dinner is served. Keep the change. Sleep until noon. All is forgiven.

And the winner had mighty good judgment at that.

PURELY PERSONAL.
Now comes our very good friend, S. H. Lovell, with a poke of turnips. He knows the old Apostle is decidedly old-fashioned in his eating. He prefers more grub and chuck and less food tidbits. Turnips make potlikker and potlikker makes more and better health, and the old Apostle ain't no invalid by a dang sight. Thanks a lot for the potlikker material, friend Lovell, who says he doesn't like potlikker. That's probably why he gave the 'makins' to me.

MACHINE AGE.
If you have hay fever, sinus trouble, or any of the kindred ailments, have you ever tried the Terpezone machine method. You merely sit in a room and breathe in soothing fumes. No pain or inconvenience. Doctors of all professions use this method in this modern age. After having seen this machine assist nature to a cure in the office of Dr. Fitzjerald at Memphis some two years ago, the Apostle persuaded Dr. B. B. Harris here to get a machine. They are quite expensive, but he got it. Now he has about all the patients he can handle, and they are well pleased with results. If there is one person in the world with whom the Apostle can sympathize, it is a hay fever victim, because he had it some twenty years, all of which he found to be unnecessary after being plagued for that long period.

FORECASTING.
The Dodo-Bug method of weather forecasting is being antagonized by the Cackle Burr method of Prof. A. O. Hefner, the Bard of Salt Fork. He says the Burrs always mature before frost, and that he has plenty of green ones that cannot find time to ripen until about the 20th. Therefore, he figures, we shall have no hard frost spells until after the 20th. The old Apostle still sticks to his famed Dodo-Bug method, provided and if we have a freeze the 9th. Otherwise, the Cackle Burr system will be adopted until it fails—as all other signs have done.

Come in to see me some time and bring a hog jowl!

ASHTOLA
Mrs. W. B. Miller

Rev. Mr. Willard from Clarendon filled his regular appointment for the Methodist church Sunday morning and evening. He was accompanied by his family and also his sister.

Miss Willard visited Miss Edna Mahaffey and the Willard family visited in the homes of Mr. and Mrs. Clarence Cobbs and Mr. and Mrs. W. B. Miller.

Sorry to report the continued illness of Miss Ila Kay Rhoades. We hope that she will soon be able to resume her school work.

Miss Katherine Allen and Mr. Lamar Stewart from Goldston were supper guests of Mr. and Mrs. Eulan Higdon Sunday night. They also attended B.Y.P.U. at Ashtola that evening.

Mr. Loyd Scoggin returned to his home here Sunday night after having spent the last several weeks in New Mexico.

Mr. and Mrs. Tate Poovey and children of Magenta, Mr. and Mrs. Willard Cook of Channing, Mr. and Mrs. Earl Butler and Mrs. Lavera Ramsay of Borger, Mr. and Mrs. Ben Lovell and sons and Mrs. Leo Wallace and daughter of the community spent Sunday in the home of Mr. and Mrs. W. A. Poovey.

Quite a number from here attended the singing at Martin Sunday.

Mr. and Mrs. Elmer Honeysucker of Borger spent Friday night in the home of Mr. and Mrs. A. L. Allen.

Mrs. A. L. Allen and Miss Della shopped in Clarendon Saturday.

Donley County Leader, \$2 a year.

Lefors On Top As District 3-A Battle Rages

Remaining on top but still jittery are the powerful Lefors Pirates who toppled the mighty Shamrock Irishmen 10 to 7. It looks like the Pirates will be the champions of District 3-A unless Wellington or Lakeview pull an upset which is not likely.

Once beaten Wellington blasted the Memphis Cyclone 27 to 0 to remain in a tie for second position with Shamrock and McLean.

Clarendon forged into the win column for the second time this season in conference play when they swamped Lakeview 26 to 7.

This week the Lefors Pirates entertain the Lakeview Eagles and should take this one in easy stride. Wellington plays Shamrock and are due to lose this one after a stiff battle. Wheeler moves over to McLean for another severe mauling.

The battle of the week is due to take place at Clarendon when the Memphis Cyclone take on the Bronchos for another traditional battle, a rivalry that has extended back through the years to the early '20's. Clarendon has held the

upper hand the last few years but are due for a stiff battle this week end with neither team apparently having the upper hand.

Conference Standings

Team	G	W	L	T	Pct.
Lefors	5	5	0	0	1000
Wellington	5	4	1	0	800
Shamrock	4	3	1	0	750
McLean	4	3	1	0	750
Clarendon	5	2	3	0	400
Lakeview	6	2	4	0	333
Memphis	6	1	5	0	167
Wheeler	5	0	5	0	000

Season Standings

Team	G	W	L	T	Pct.
Lefors	7	7	0	0	1000
McLean	7	6	1	0	857
Wellington	7	6	1	0	857
Shamrock	7	5	2	0	714
Clarendon	7	3	4	0	429
Lakeview	7	2	4	1	357
Memphis	7	1	6	0	143
Wheeler	5	0	5	0	000

Last week's results: Clarendon 26, Lakeview 7; Lefors 10, Shamrock 7; Wellington 27, Memphis 0.

Games scheduled for this week: Memphis at Clarendon, Wheeler at McLean, Wellington at Shamrock, Lakeview at Lefors.

Misses Edgar Mae and Mable Mongole and Mrs. Eula Cox were in Amarillo Saturday.

Mrs. Margaret Goodner and son Tommy visited relatives in Amarillo Saturday.

RYAN—MONTGOMERY

Marriage vows were taken here Sunday at 3 p. m. by Miss Kathleen Ryan of Clarendon, and Geo. B. Montgomery of Tulsa, Okla. Rev. J. O. Quattlebaum said the words at the Methodist parsonage. Mrs. Montgomery is a graduate of the Clarendon high school, and for some time has been employed as typist and abstractor in the office of the Clarendon abstract company. She is a daughter of Mr. and Mrs. J. E. Ryan here.

PUBLIC HEALTH AND SAFETY THEME OF BOOK CLUB PROGRAM

At the Tuesday afternoon 1926 Book Club program, Mrs. Rayburn Smith and Mrs. Lester Schull gave interesting and instructive talks on Public Health and Safety. Mrs. Smith chose as her subject "Fit for the Job of Defense," and Mrs. Schull "Modernizing Traffic Court Costs."

The play "Aria De Capo" by Millay, given as a radio broadcast, was an entertaining feature of the program. Those taking part in the play were: Mrs. Kenny Lane, Mrs. George Bagby, Mrs. Frank White Jr., Mrs. Ralph Porter, and Miss Gladys Wallis.

During the business session new officers for 1942-43 were elected. These officers were Mrs. Frank White Jr., president; Mrs. Don

Grady, vice president; Mrs. J. R. Gillham, secretary; Miss Gladys Wallis, corresponding secretary; Mrs. W. E. Ray, treasurer; Miss Maurice Berry, parliamentarian; and Mrs. Charles Lowry, Federation Counselor.

Mrs. Don Grady and Miss Lucile Polk were hostesses to twenty-two members and one guest, Mrs. Marguerite Goodner.

LUBBOCK BETROTHAL OF INTEREST HERE

LUBBOCK, Nov. 1.—Announcement has been made here of the engagement of Miss Jacqueline Davis, daughter of Mr. and Mrs. L. E. Davis, to Patrick Ryan Slavin of Clarendon.

The wedding will take place at 8 o'clock the night of Nov. 29 at the First Methodist Church here. A reception will follow at the Hilton Hotel.

1930 NEEDLE CLUB

Mrs. Nadine Whitlock entertained this Club at her home Tuesday afternoon. Lovely garden flowers were used to decorate the guest rooms.

The usual needle work and pleasant conversation occupied the time of the guests, the hostess serving a plate lunch refreshment at the close.

Present were Meses. Mozelle Wright, Glen Kirby, Allen J. Bryan, Alice Bain, Hattie Palmer, Nina Armstrong, Marie Patterson, Frances Hilliard.

FELLOWSHIP CLASS

This Class of the Methodist church met in a social Tuesday evening at the church social hall. Games were played and refreshments were served to members, Messrs. and Meses. Joe Ritter, Ro Blackman, Atkins, Mattke, Shadden, Amos Yates, L. L. Wallace, Gordon Bain, Meses. Baird, John Bass, George Eanes, Messrs. Willard Skelton, Billie Johnson, Misses Lucile Polk, Dee Cook, guests Rev. and Mrs. J. O. Quattlebaum Jr., Lu McClellan, Walker Lane.

HALLOWEEN PARTY

The Sunday school class of the First Baptist church of which Miss Anna Moores is teacher, entertained the young people's department of the church with a Halloween party Thursday night.

Halloween colors were used in decoration. For amusement, fortune telling and Halloween games were the pleasing features. Hot chocolate, fruit and popcorn balls were served to the eighteen guests.

McDOWELL CLUB

Members of the McDowell Club met for choral practice in the Club Room Monday evening. Eighteen members were present.

CLARENDON H. D. CLUB

Members of this Club will meet at the home of Mrs. Earl Lea at 2:30 p. m. Friday.

WIN ONE SUNDAY SCHOOL CLASS

This Sunday school class of the Methodist church met Monday afternoon in the church in their regular monthly business session, and social meeting.

Mrs. Will Johnson was hostess. Mrs. J. R. Bartlett, president, presided in the business meeting. Mrs. Lon Rundell conducted the devotional.

A magazine campaign was planned to secure a coffee urn for the church.

Refreshments were served to Meses. B. L. Jenkins, J. L. McMurry, John Blocker, J. R. Porter, C. C. Powell, F. L. Bourland, J. T. Patman, G. T. Palmer, J. O. Quattlebaum Jr., Lon Rundell, C. L. Benson, J. R. Bartlett, D. O. Stallings and the hostess, Mrs. Will Johnson.

WOMAN SOCIETY CHRISTIAN SERVICE

The Woman Society of the Methodist church met at the church Wednesday afternoon in business meeting. The president, Mrs. L. N. Cox, presided.

After the business meeting, Circle No. 1 had charge. Mrs. Lon Rundell, chairman of Circle No. 1 was in charge of the program. She presented as a guest speaker, Mrs. Almer Hightower of Memphis, for the afternoon. Mrs. Hightower made a very earnest talk on peace. How peace could be reached, the place of prayer in the life of the Christian; how sincere prayer would lead to action around the lives of better living. She pleaded that christian women put the church first in their lives.

Circle No. 1 served lovely refreshments to a number of members and several guests including Mrs. Henry Newman of Memphis, who came with Mrs. Hightower.

Miss Susie Patterson and brother, Edwin of Dallas, former residents, are here on a business trip.

Mrs. O. W. Latson is in Dallas visiting her daughter, Mrs. Rawlins, and son Jack.

Mr. and Mrs. L. H. Carhart of Panhandle were week end guests of her sister, Mrs. Cal Merchant and Mr. Merchant.

M. F. Manchester, Minister. Bible study for all classes at 10 a. m. Preaching and the Lords Supper at 11 a. m. Evening services begin at 7:30. We extend to all a warm welcome to attend all services.

Scivally Rites Held Saturday

Funeral services were conducted from the First Baptist church here at 4 p. m. Saturday for Mrs. Walter S. Scivally. Rev. J. Perry King of Amarillo conducted the funeral service.

Mrs. Scivally passed away Friday. Surviving are the husband, W. S. Scivally, two sons and two daughters.

The daughters are Mrs. Horton Sibley here, and Mrs. Ed Barns of Amarillo. The sons are Paul and Doc Scivally of Clarendon, and Gerald Scivally in army service at San Antonio.

Attending the casket were Frank Lyle, J. A. Warren, C. B. Morris, Tom Lane, Bill Jones and J. T. Easterling. The Buntin funeral home had charge of arrangements.

Donley County Leader, \$2 a year.

Pioneer's Rites Held Saturday

Funeral services for another Donley County pioneer, Thomas Montgomery Clay, 72, were held Saturday afternoon. Mr. Clay passed away of a heart attack Friday afternoon between Quail and Wellington. He had lived in Donley and Collingsworth counties for twenty three years.

Rev. V. A. Hansard was in charge of the services at the West Baptist Church of Hedley and Burial was in Citizens Cemetery at Clarendon under direction of Womack Funeral Home.

Pallbearers were Carl Barker, Clifford Johnson, P. L. Dishman, Ralph Bourland, Walter Starr, Earl Watson. Honorary pallbearers were Mack Bourland, J. W. Noel, Paul Starr, Roy Super, Lewis Thompson, and Austin Roades.

Flower bearers were Vandell Smith, Margie Burdine, Annetta Burdine, Oma Lee Hill, Modena Spier, Wauline Spier, Dorothy Dodson, Janice Hill, Pauline Cherry, and Alpha Neeley.

Survivors are nine children, W. H. (Bill) Clay, Hedley; Herbert Clay, Claude; Horace Clay, Quail; Ala Mae Smith, Wellington; Adelle Burdine, Nelise, New Mexico; Alta Tyler, Twin Lakes, Colorado; Lena Young, Littlefield; Shirley O'Hair, Tyler; Hassie Arnold, Plainview. Two brothers, one sister and twenty-two grandchildren.

Adair Hospital Again Open

The Adair Hospital and Clinic has now re-opened after being closed for several weeks. The Hospital was closed in order to put it in proper condition as to plant equipment and staff.

The hospital will now boast a separate obstetrical room and baby room as required by the State Board of Health.

As always, the hospital will be open to the general public who may choose as their physician any reputable Doctor of Medicine.

The hospital will be managed according to the standards set by the American Hospital Association and the American College of Surgeons for a grade "A" hospital.

The staff will be entirely composed of reputable doctors of medicine and registered nurses. The nursing staff will be under

the direction of Miss A. Shennucker R. N. She is a graduate of St. Anthony's hospital in Amarillo where she was in charge of the operating room.

The medical board will be composed of Dr. A. B. Goldston, F.A. C.S. of Amarillo, Dr. C. G. Stricklin and Dr. M. E. Borsook, L.M. C.C. Dr. T. H. Ellis is also associated with the hospital.

The nursing staff and a physician will be in attendance 24 hours a day.

Dr. M. E. Borsook

Mr. and Mrs. Cap Lane have a very special guest this week in the person of little Miss Lee Ann Lane, granddaughter, of Lubbock.

Isadore Mellinger is a patient in a Memphis hospital, having become a victim of the influenza.

Robert Summers of Amarillo spent the week end here with his mother, Mrs. R. A. Summers and other relatives.

Baptists To Meet In General State Convention 10th

Representatives of the 810,000 Baptists, whose 3,100 churches are affiliated with the Baptist General Convention of Texas, hope to celebrate a victory year in Abilene, as three of their annual conventions meet there Nov. 10-14. Dr. W. Melton, Dallas, executive secretary, said today.

Starting Nov. 10, will be the Woman's Missionary Union Convention. Mrs. B. A. Copass, Fort Worth, is president and Mrs. E. F. Lyon, Dallas, is executive secretary. At 2 p. m. Monday, the Brotherhood Convention convenes under the leadership of R. A. Springer, Dallas, state secretary, and Judge E. S. Cummings, Abilene, president. These meetings close Tuesday afternoon, and sessions of the Baptist General Convention will open at 7 p. m. Tuesday and continue through Friday. A. A. Foreman, Sr., Houston, is president of the general convention.

While the final results of the denomination's enlarged program calling for gifts of \$1,100,000 during the year closing October 31, 1941, are not yet available, heartening reports have come from every section of the state, Dr. Melton said.

Another heartening phase of Texas Baptist work, Dr. Melton said, is that the denomination is paying its debts, "even more rapidly than we had hoped." With more than \$1,500,000 owed a few years ago, the total has been cut now to approximately \$500,000.

Mr. and Mrs. Doss Palmer visited relatives at Plainview and Post and transacted business at Lubbock over the week end.

Stranded American From Japan Has Roamed the World 41 Years

CLARENDON, Nov. 3.—Palo Duro (Pallie D.) Brown, former Clarendon man among the 156 Americans returned from Japan by the Japanese liner Hikawa Maru which docked at Seattle Saturday, is well known among the pioneers here.

Brown managed the Tokyo division of the Wm. Wrigley, Jr., Company 25 years, and left Japan with his Japanese wife and five of his six children after the tense international situation drove them out.

Before going to Tokyo, Brown lived in the Philippine Islands for 17 years. Brown's aunt, Mrs. Julia Beverly, 81-year-old ranch woman here, said Brown moved from Western Kansas to the J. A. Ranch headquarters, where his father and mother cooked at Palo Duro about 1880. "He was then an unnamed baby so the cowboys got together and decided to name the child Palo Duro after the name stuck." Brown is more familiarly known as "Pallie" but signs himself as P. D. Brown.

Brown left here according to his aunt about 1900. Mrs. Beverly described him as a youngster filled with the spirit of high adventure, ambitious and capable. When he finished the Clarendon schools about 1896 or '97 Brown joined the United States Army and served during the Spanish-American War. Mustered out of the 3rd Texas Volunteers about the turn of the century he went to Mexico where he became a locomotive fireman. From there he wrote "railroading is too tedious for my wanderlust spirit" so he again enlisted in the army for services in the Philippine Islands.

While still a youth P. D. Brown became attached to a large Manila firm as a commercial correspondent which paid him \$400 per month "for his unusual efficiency and executive ability."

Attracted by Brown's letter writing ability the late William Wrigley, Jr. made a special visit while on a Pacific cruise to meet young Brown.

Wrigley offered Brown the assistant management of his Tokyo gum factory and Brown accepted. In six months time he was promoted to general manager and became a member of the board of directors with a "basic salary allowance of \$24,000 Yen (\$12,000 per year).

Brown's oldest daughter is a graduate of Tokyo University, is married and lives in Germany.

Relatives here expect Brown to visit Clarendon soon.

SEATTLE, No. 3.—P. D. Brown of Clarendon, who said he "hadn't a nickel," today sought \$500 bond required for release of his Japanese wife who arrived with him Sunday aboard the NYK liner Hikawa Maru. She was held at immigration station here.

Brown, who spent 25 years in the Far East, said authorities refused to allow him to "bring a nickel out of Japan."

"I don't know how I'm going to raise \$500 bond," he said. "I had to lose my business and give everything away to come here, but the children wanted to live in America—so here we are."

His five children are American citizens.

The Hikawa Maru docked with 156 passengers, and was scheduled to sail late Tuesday for Japan with Japanese citizens.—Amarillo News.

SIDE GLANCES ON TEXAS HISTORY

By Charles O. Hucker University of Texas Library

On the Well-Known Deaf Smith Legend

If there is such a thing as "a name to conjure with" in the annals of Texas history, every schoolboy knows that's it. And such a statement represents something of a major phenomenon, since the amazing Deaf Smith legend which has spread so completely throughout the state apparently is built upon one single incident.

That incident, of course, is the burning of Vince's Bridge just before the Battle of San Jacinto. Its supreme significance in the development of the Deaf Smith legend is inherent and obvious in the first-hand narrative of the escapade written for the 1861 Texas Almanac, included in a long file in the University of Texas Library's Texas Collection, by Y. P. Alsbury, who participated in it.

Smith and his fellow scouts—actually part of a cavalry company—had been doing heroic work through the dreary spring of 1836 when Sam Houston retreated across half of Texas before an overwhelmingly superior Mexican army, and on the fateful morning of April 21 they saw an opportunity to play the deuce with Santa Anna for good—or with themselves.

Burning of the Bridge "Boys," as one of the men put it, "before many hours we will have one of the damndest, bloodiest fights that ever was fought, and I believe it would be a good plan to go and burn that bridge so as not only to impede the advance of reinforcements of the enemy, but it will cut off all chance of retreat of either party."

Gen. Houston approved of the idea, so Smith and "six men who are willing to follow me through or perish in the attempt," Alsbury among them, set out to destroy the bridge eight miles distant which was Santa Anna's only remaining avenue of escape. The mission was a complete strategic success: they reached the bridge, burned it, and started back to camp without being molested.

When they were back in the vicinity of the battlefield, however, Smith rode to the top of a nearby hill and returned to announce, "with an eye and countenance I shall never forget," Alsbury wrote, that "the prairie is filled with Mexican horse." They were cut off completely from Houston's army.

Smith's Strategy Smith's orders, nevertheless, were to return to camp as quickly as possible, and he himself was determined to carry them out at any cost; but he gave each of his men now an opportunity to escape while he could. The only response was "Lead on, we follow." At that, Alsbury wrote, "I discovered his terrible eye moisten with a tear," and he gave these final instructions:

"We will go down the dry hollow to where it joins the bayou, and then, in Indian file, run to the

level above, which will bring us in about 100 yards of the enemy's extreme left. When discovered by them we will raise the Texan yell, and charge at full speed through their line. They will no doubt kill me, my boys! but, by God! I will make an opening for the rest of you to pass!"

So they followed the hollow to where it joined the bayou. They followed Smith's orders explicitly—so explicitly, in fact, that they reached camp without mishap after all. For only when they reached the prairie did they realize the extent of the old scout's imagination and acting ability. There was no such thing as Mexican cavalry to be seen.

Mr. and Mrs. C. G. Speed visited relatives in Amarillo Sunday. "Si" Richerson was up from Hedley Monday on a matter of business.

Mr. and Mrs. Dalton Ford and children of Groom spent Sunday here with her parents, Mr. and Mrs. A. G. Lane.

Mrs. Hightower of Memphis spent Sunday here with Mrs. Leek Goldston.

Mr. and Mrs. Elvis Burch and Jesse spent the week end with relatives in Dismitt.

Mr. and Mrs. Cap B. Morris spent Sunday with relatives in McLean.

Mrs. Harry Blair spent Tuesday with her mother, Mrs. Mitcham, in Memphis.

Between Classes

—Photo By Vogue For catching the boy friend's eye while lounging about the campus between classes, this two-piece cotton velveteen outfit with a long cardigan jacket is ideal. The knit patch pockets add an interesting touch to the costume.

Stalin Has Been Waging War On Hitler Since '35, Former Ambassador Says

Joseph Stalin had been waging undercover warfare against Germany for six years prior to Hitler's invasion of Soviet Russia last summer, according to Joseph E. Davies, former United States Ambassador to Moscow, who will reveal in a signed article in Friday's issue of The American Magazine that the famous Russian "purges" of the late thirties were in fact the elimination of Fifth Columnists.

"In the light of present facts and after an examination of the record," Davies writes, "there can be no doubt that those defendants were in the employ of the German and Japanese high commands. Practically every device of the German Fifth Column as we now know it in Europe, South America, and even in the United States, was disclosed in the testimony of the Russian Quislings.

"But the Russians were acutely aware of the menace as early as 1935. As fast as the Germans and Japanese built, the Russians destroyed. That, in brief, is the real story behind the Russian purges—and one of the chief reasons for the magnificent Russian resistance to the Nazi juggernaut.

"Much of the world construed the famous treason trials and purges from 1935 to 1938 to be outrageous examples of barbarism, ingratitude and hysteria. But it now appears that they indicated the amazing foresightedness of Stalin and his close associates."

Davies points out that a unique feature "in this latest Nazi stab-in-the-back" is that not a word has appeared about any inside work for the Nazis behind the Russian lines. There were no Sudeten Henleins, no Czechoslovakian Hachas, Berans or Chvalkovskys, no Slovakian Tisos, no Belgian Degrelles, no Norwegian Quislings, in the Soviet picture.

"The testimony at the trials," writes Davies, "revealed that Trotsky had been planning to take advantage of a general European war to foment revolution within Russia and oust Stalin. But when the war didn't come in 1936 or 1937 he grew tired of waiting and played into the hands of the Nazis by contacting the German General Staff. Working through Red Army leaders inside Russia, Trotsky agreed to cooperate with the Germans and pave the way

through espionage and sabotage for an effective invasion.

"Many commentators have concluded that the purges seriously weakened the Red Army. I believe that the exact opposite is the truth. The house cleaning of traitors eliminated some of the higher commanders, but it brought about the promotion of younger and frequently more imaginative men who, while lacking the experience of their predecessors, made up for it in initiative and loyalty.

"There are no saboteurs, secret agents or Fifth Columnists to cooperate with the invaders because the Russians were sufficiently farsighted to eliminate them before it was too late.

"That is a fact which other liberty-loving nations might well ponder."

LOCALS

Ardis Patman, of Canyon, spent the week end with homefolks.

Phebe Ann Buntin and Estelle Thornberry, students of West Texas college, spent the week end here with homefolks.

Mr. and Mrs. F. B. Thomas were in Erick, Okla. recently due to the critical illness of their son-in-law, Sullivan Cooper.

Mr. and Mrs. Barcus Antrobus and his mother, Mrs. Lena Antrobus, visited relatives in Plainview Sunday.

The infant daughter of Rev. and Mrs. Cecil E. Harvey has been quite ill at their home in Lovell, Oklahoma, suffering from double pneumonia.

Mrs. J. D. Swift and daughter, Miss Anna Moores Swift, and Miss Anna Moores visited with relatives in Memphis over Sunday.

Mrs. Mike Stricklin has accepted the position of stenographer and abstractor in C. C. Powell's office to succeed Miss Kathleen Ryan who was married to Geo. Montgomery Sunday.

Ray Palmer was in Dallas the week end for the big football games.

Mrs. W. C. Gunter and Mrs. Clyde Butler were in Amarillo Monday.

It's LOVE AT FIRST SIGHT

... when you try Phillips 66 Poly Gas for Cold Weather STARTING!

Let's get acquainted! Try a tankful of today's high test Phillips 66 Poly Gas, and see if that isn't the beginning of a long and useful friendship.

Your engine will start... every time... with surprising speed. It will warm up faster, with less protest and pop-back. And you'll quickly feel the improvement in power, pick-up, and smoother running.

Yes sir, it's not only a pleasure to drive with this greater gasoline; it's a pleasure to pay for it, because its extra high test does not cost a penny extra!

It gives you volatility (high test quality) rarely equalled or exceeded even by premium price motor fuels. And scientific studies prove that no gasoline, not a single one, is so accurately matched all year 'round to the monthly changes in your weather.

Forget starting trouble... just remember to stop for gas at the Orange and Black 66 Shield.

Phill-up with Phillips for Instant Starting

GOLDSTON
Beatrice Smith

A small number attended Sunday school Sunday. We had Sunday school in the morning due to the singing convention at Martin. Quite a few from Goldston attended the convention Sunday evening.

Everyone enjoyed the Carnival here Friday night.

The young folks club met at the school house Wednesday night. We are sorry to report that Grandpa Mooring is ill.

Mr. and Mrs. Jones and children of Clarendon visited Mr. and Mrs. Bill Rowe and family Sun. Mr. and Mrs. Claude Fulton and daughter visited Mr. and Mrs. H.

Beware Coughs
from common colds
That Hang On

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREOMULSION
for Coughs, Chest Colds, Bronchitis

ARE YOU READY for Winter Driving

Now is the time to let us check over your car and give it the medicine it takes to give you trouble-free driving this winter. Car trouble is bad enough in fair weather, but just let a cold, blustery day come along... then some faulty item will be sure to give you trouble, if you haven't prepared ahead of time.

COMPLETE RADIATOR SERVICE • MOTOR OVER-HAULING • RING JOBS or a general TUNE-UP... It makes no difference what kind of job... we can do it—and do it right.

Mrs. C. A. Thomasson and children of Claude visited with her parents Sunday.

Mrs. P. M. Cruse and Mr. and Mrs. Mills spent Sunday with relatives at Amarillo.

Mr. and Mrs. B. Chenault and daughter Billie Rea of Amarillo visited relatives here Sunday.

Mr. and Mrs. Bernice Howard and sons and Mrs. W. W. Wood and children of Amarillo were here Sunday.

Mrs. Kenneth Lafon and children of Texarkana, Misses Margaret Cruse and her friend Dora Mae Chapman of Dallas are guests of Mr. and Mrs. P. M. Cruse since Sunday.

Mr. McDaniel and Mr. Bullard attended business in Amarillo Saturday.

D. M. Cook was a Memphis visitor Tuesday.

Sergeant Millard Cruse who has been stationed at Little Rock, Ark. arrived Sunday for a visit with his parents.

Don Tomlinson was an Amarillo visitor Tuesday.

Mrs. H. R. King Jr. left Saturday for Los Angeles, Cali. to join her husband who has recently found employment in the Lockheed factory.

Mrs. H. W. Hitt left Tuesday to visit a daughter of Carlsbad, N. Mex.

Pvt. Joe B. Morton of Ft. Ringgold left Thursday after a visit with his parents, Mr. and Mrs. Ed Morton.

Small son of Mr. and Mrs. Leroy McDaniel fell into a tub of hot water Tuesday afternoon and was moved to hospital. Condition not critical.

Mr. and Mrs. Keat Reynolds formerly of Lelia Lake and now of Amarillo announce the birth of a son on Sunday morning.

Mr. and Mrs. Claude Morton and Mr. and Mrs. Wilton Grounds of Amarillo spent Sunday with homefolks.

AUSTIN BOY GIVEN DEATH PENALTY

Johnny Vasquez, 18, last week was sentenced to death by a jury in Travis County District Court. The death penalty was returned after a trial on charges of an assault on a school girl last May.

Home Economics Department Clarendon Schools

The Second Year Homemaking students have been studying a unit on home nursing. This course was made very practical, as methods were studied and used that could be applied in any home.

At some time everyone must be ill to a certain extent. However, many cases may be prevented by a little extra care of the body. A very common cause for sickness is mal nutrition. This may be caused from eating too much of the wrong foods as well as from under-nourishment. Careful thought should be given to cases of this kind, and special diets given to each. A very interesting demonstration of mal nutrition was given by Betty Ann Craft. The subject was discussed thoroughly. Posters and other material were used to emphasize the importance of a well balanced diet.

Methods of caring for the sick person is probably the most uncomfortable person in the world. Even the comfortable bed one enjoys so much at getting up time becomes uncomfortable, when one is confined to the bed for several days. Leona Pearl McCraw gave a demonstration of bed making; how to change the bed without disturbing the patient, and other factors pertaining to bed arrangement that will make the sick more at ease.

Other class members will demonstrate the bath tray, and how to keep the patient clean. There is also demonstrations on liquid and convalescent diets. First aid treatments for the common every day accidents were skillfully demonstrated along with methods of applying bandages so they will stay on.

Diets for the underweight and overweight were especially stressed. The diet for the underweight was discussed as to foods proper to promote growth. The overweight person many times indulges in strenuous diets in which they lose weight too fast. This often ruins the health for a lifetime.

There are many easily prepared devices, ones that may be prepared with articles in the home. These will be made and demonstrated in classes. These aids will teach the girls to use the materials in hand to add to the comfort of the patient. These along with cheerfulness and a bit of added "sunshine" make a temporary shut-in much happier.

The chief purpose of this unit is to train the girls to be able to meet emergencies and to keep a cool head in all accidents. It is their duty as homemaking students to keep their own body physically fit so their minds will be more alert in a crisis.

HUDGINS
Mrs. S. M. Harp

There were a good crowd out for Sunday school and preaching Sunday.

There were several from this community to attend the singing at Martin Sunday.

Mr. and Mrs. Tarpley Wood of Amarillo spent Wednesday night of last week with relatives in this community.

Chiropractic

In order to demonstrate the value of the Radioclast to determine the exact function and vitality of the digestive tract under the use of Alcohol, we have chosen as our subject, Dr. Robert. The diagnosis was made by Dr. Perkins. He took the vitality of all the organs first then after the alcohol was absorbed.

On his first check, he found that the appendix and cecum showed 27 units of vitality, the heart 24 units, and the eyes 32 units. The toxic poisoning showed 36 units. Now he gave one ounce of alcohol and waited ten minutes. The results were as follows: the heart was stimulated and showed a vitality of 30, the toxic poisoning was increased to 40, and the liver poisons increased 20%.

The following day Dr. Robert made a special trip to Metropolitan Clinic for a complete X-Ray and Laboratory study of his condition. A complete gastro-intestinal showed a very peculiar condition of the cecum, appendix, and ilio-cecal valve. The appendix looked like it was broken in two, due to an obstruction in the distal two thirds of the appendix. There was marked spasticity and some ptosis of the transverse colon. A colonic irrigation was given and the patient was prepared for a Bloodless Surgery Operation performed by Dr. Mary Hibbard and witnessed by Dr. Steve Langevin. A remarkable result was noticed after another Fluoroscopic examination was made. The result the following day showed much relief of the symptoms of pain, discomfort, gas, and palpitation of the heart, etc. On the Radioclast recheck it showed that his vitality came up to 41 units, and a 40% improvement noted.

MEMORY LANE
(10 years ago in Donley county.)
Judge J. J. Alexander stated today that the Highway Department was anxious to begin work on Highway 5 across Donley county from west to east. He says the only requirement is that the

county furnish the right-of-way. The state will do the balance and there is not now and never was a necessity for a bond issue in Donley county.
Hess Tyler was given a life sentence here Wednesday in the district court on a charge of having murdered Bryan Nall at Eli on January 30, 1930. Tyler received the death penalty in a trial on the same charge in Memphis, and the case was reversed and came to

Donley county on a change of venue.
Funeral services for Mr. Wint Bairfield were conducted from the Methodist church this Thursday. A resident of this section 46 years, no man ever bore a better name among his fellow men.
Louis C. Boston of Hedley, and more recently of Perryton where he is interested in the grocery business, was married to Miss Lena Jantz at Shattuck, Oklahoma Sunday.
Mrs. Ethel Rutherford Hays, former business woman and native of Clarendon, passed away in El Paso Tuesday. She had made her home there some three years.
Robert S. Cope of Abilene spoke on "Communism" at the Rotary luncheon Friday. He made a similar talk to the Lions club Tuesday.
Mustard and turnips are looking their best just now, both being planted in the "par-K" street some time referred to as College avenue. The greens are for the needy ones who had no place to grow them.
Eight expensive autos were fished from the Roswell bottomless lakes the past week. Insurance had been collected on the "stolen" cars some months ago.
U. Z. Patterson and Miss Marie Cauthen were married Saturday. Rev. B. N. Sheppard tying the knot. Miss Beatrice Randal and Earl Holly of Ashtola were married at the home of the bride's parents, Rev. G. H. Gattis officiating.

Social: Mrs. G. L. Boykin and Miss Fray Stallings hostesses to the 1926 Book club; Mrs. B. F. Kirtley the Young Matrons bridge club; Misses Pauline Sanford and Jonnie De Latson entertained at bridge.
Dr. J. A. Hill of Canyon will be the principal speaker at the Father-Son banquet here Nov. 16th.

HUDSON IMPROVES
Beset with the "flu," Major B. Hudson has been absent from his place of business the past several days. He is said to be steadily improving today.
Mr. and Mrs. H. S. Richerson and son Johnnie of Borger are visiting relatives here and at Hedley. He is on vacation for two weeks.
Mr. and Mrs. Linwood Betts of Phillips spent Friday and Saturday with his aunt, Mrs. C. A. Burton.
David Oden is spending his soldier furlough of fifteen days with his mother, Mrs. Wilson Gray and husband, and grandparents, Mr. and Mrs. L. F. Bones

CLARENDON CHRONICLE
W. P. BLAKE, Publisher
(36 years ago in Donley county.)
Clarence Dubbs of Amarillo is spending the week in town.
Walter Taylor and Tom Buntin left yesterday on a week's hunting trip.
W. H. Patrick and Dr. Carroll went on a hunting and business trip to Palo Duro yesterday.
Mrs. F. E. Harrington and mother, Mrs. Smith, returned from Ft. Worth Monday night.
The cold, drizzly weather of the past two weeks has greatly retarded the gathering of crops.
M. L. Vinson has bought the Enterprise meat market.
John Guill, aged 18, caught his arm in the gin at Rowe which badly crushed and mangled it. Dr. Gray, assisted by Dr. Stocking, amputated the arm.
P. D. Hudgins left Monday night to spend the winter with their son Ben and family. He is principal of the Snyder school.
Miss Nora Lane of Clarendon is visiting her aunt, Mrs. Johnny Martin in Claude.
S. H. Hunt has sold his remaining land to a Mr. Kersey who is moving to here from near Vashti in Clay county.
A barn at the W. G. Allison home east of town fell on the son of four years today, breaking the bones of his right leg. He was brought to the office of Dr. Gray, who with the help of Dr. Stocking, set the leg straight.
Sarah Henderson, Indiana Hooks and Mary Bass are the "black mummies" of our colored settlement who will treat our white folks to a chicken barbecue the 11th in the interest of raising funds for their Methodist church. The editor of the Bridgeport Index has written us that he will be here. No one ever cooked better than the black mummies of the deep south, according to our Bridgeport friend.
W. W. and Jim Womack, who bought land east of town, have arrived with their household effects by rail.
Mrs. Mollie Odell, daughter of W. J. Parsons, married John Jones in Dallas a few days ago. They will reside in Waco.
Miss Lily Edith Blake, daughter of Mr. and Mrs. W. P. Blake, married Charles Scranton Harrington in the home of the bride Wednesday morning. Judge Morgan officiated. They will reside

in Dalhart where the groom is engaged in the real estate business.
Will Askew of Amarillo, and sister, Mrs. I. J. Kesterson of Goodnight, visited friends here Monday.

Mrs. R. L. Bigger Dies Saturday

Funeral services for Mrs. Claudia Atteberry Bigger were conducted from the St. John's Episcopal church here at 3 p. m. Sunday. Rev. Frank H. Hutchins, conducted the rites.
Mrs. Bigger passed away in an Amarillo hospital after being ill only a few days.

Survivors include her mother, Mrs. Shannon Atteberry and a brother, Clyde Atteberry both of Clarendon. Paul Atteberry, a brother, in Washington state; two nieces, Miss Geraldine Pratt, member of the school faculty of Hereford, and Miss Willie Maude Pratt of Clarendon. Mrs. Sella Gentry is an aunt of the deceased.
Attending the casket were C. C. Powell, W. W. Taylor, N. L. Cox, Bill Ray, Carroll Knorpp, Clyde Martin.

Mrs. Bigger had been a resident here for more than a half century. She was a lady of rare talents in making friends and keeping them. Her energy and ambition exceeded her strength, this fact being attributed to the cause of her demise in middle life.

She was loyal to her affiliation with the Episcopal church, and often sponsored means of raising church funds. Her friends were legion, and her strong character admired by all who knew her. She was charitable to a fault, ever ready to aid those in need of her services, and her passing has left a place in her church and her personal endeavors that cannot be filled.

The Buntin funeral home had charge of arrangements.

The Donley County Leader

Section Two

A friend to the farmer, his home and his family. A champion of his rights and a willing promoter of his interests.

Volume 12 Number 37

CLARENDON, DONLEY COUNTY, TEXAS, NOVEMBER 6, 1941

A Common Paper for Common People

FSA ASSURES FARMERS AID IN PRODUCING DEFENSE FOODS

Financial assistance is available through the Farm Security Administration to assist small farmers who need supplies, equipment and repairs to enable them to contribute to the Food for Defense program, Mr. John E. Burch, county rehabilitation supervisor, said today.

Expanding its services to low-income farm families, this agency of the Department of Agriculture, is conducting a state-wide drive to give small farmers an opportunity to aid the defenders of democracy and to relieve their own distressed condition, he explained.

Working under the direction of the State and County USDA Defense Boards, of which Farm Security is a part this agency is said to be ready to make loans to qualified farm families to step-up their production of needed foods. Long term loans are available for a great many purposes.

Increased production and improved home consumption will be encouraged by the FSA for its borrower-families rather than the expansion of the farm enterprise. Better care of livestock, more adequate use of available facilities, purebred sires, culling, better housing for poultry and livestock, more canning and improved selection and preparation of food and feed storage, are among the things being emphasized by this agency.

Among types of assistance which the Farm Security Administration is prepared to furnish eligible small farm families in Donley County to enable them to participate in the National Defense program are:

1. Loans for the purchase of silage cutters, feed grinders, binders, trailers, and other harvesting and operating expenses to store feed crops in trench silos or other storage methods.

2. To increase the production of poultry, poultry products, dairy products and pork, Farm Security will finance suitable shelter for poultry, dairy cattle or hogs, either by the use of temporary shelter, remodeling present buildings, or constructing new buildings, provided proper tenure agreements can be obtained.

3. Farm Security will finance supplements for a good feeding program; the agency will finance, in some cases, the purchase of milk cows, sows and feeder pigs up to the normal carrying capacity of the borrower's farm. FSA will finance the purchase of young chicks to bring the farm flock to normal carrying capacity of the farm.

4. To aid in food preservation and storage this agency will finance eligible farm families to purchase pressure cookers, jars and other canning equipment. Loans are available to construct cellars, milk coolers, shelves or other storage space needed to protect the family's food supply.

5. To provide ample water supplies for the production and storage programs, Farm Security will finance the development of available water, including wells, pumps, towers, windmills, overhead supply tanks, pipe and so forth as rental arrangements will justify.

Mr. Burch said loans are available to qualified small farmers for many purposes other than those listed above to enable them to improve their own conditions and contribute to the National Defense program.

Farm families interested in improving their own conditions and increasing production of the "Food for Freedom" campaign should contact Mr. Burch at his office in the Goldston building.

TEXAS NEEDS MORE SCHOOL TEACHERS

AUSTIN—A shortage in Texas school teaching ranks has developed as result of the national defense campaign, according to Miss Miriam Dozier, secretary of the University of Texas Teachers' Appointment Bureau, who this year has twice as many calls for teachers as she has applicants for positions.

Courses taught by men are running into greatest shortages, largely due to the draft, said Miss Dozier, pointing to athletics, science, mathematics and commercial teacher demands. Commercial shortages are particularly marked due to the government's requirement of additional statisticians and secretarial workers.

MR. DONKEY—HUNTER

There is something new under the sun! It's a burro that trails deer.

John R. Wood, a state game warden, brought in the story of "Old Whitey," a long-eared donkey attached to the Comanche Trail Council Boy Scout camp in San Saba County, 12 miles west of Richland Springs, Texas. The donkey's hunting ability was discovered accidentally.

Lee R. Tesson, scoutmaster at Mullen, was riding the burro one day when the animal reared its head into the air, sniffed tentatively, and changed his course.

Whitey picked his way cautiously over rock and through brush, testing his footing with each step lest he snap a twig or click a stone. In 15 minutes he took Tesson to a sleeping doe and a fawn.

Tesson put that down to coincidence and decided to test Whitey the next day. He took along a camera. A half mile from camp Whitey tossed his nose into the air and took off through the brush, again avoiding contact with anything liable to make noise. Within 200 yards he came upon a doe and a buck. Tesson photographed them.

Again Whitey was on wind. This time he led Tesson to within 30 feet of a buck sleeping under a cedar tree. By night Whitey had "flushed" 13 deer.

Whitey is a fixture at the camp but sorry hunters, he's not for sale or rent. Mullen plans several demonstrations during the summer.

Cotton Market In United States

AUSTIN, Nov. 4.—Artificiality marks present cotton marketing conditions, although domestic consumption is at an all-time high and imports are running at record levels, according to Dr. A. B. Cox, University of Texas cotton marketing expert.

If present domestic consumption rates are kept up, a record requirement of 10,500,000 bales will be achieved in the United States, the cotton authority believes. Commercial exports are running at a record low.

Continuing his report, Dr. Cox declares:

"Exports under lease-lend, plus subsidized exports to Canada, may reach as much as 1,500,000 bales during the year. The export subsidy on cotton is now at an all-time high of three cents a pound. Actually, it is much higher than that, for the government makes its own cotton available for this purpose at about cost, which is more than four cents per pound below current commercial prices; therefore, in reality, the export subsidy is now more than seven cents.

"Prices of foreign-grown cotton are at an all-time low relative to that of the United States. Brazilian is now only 45 per cent of U. S., compared to a normal of about 97 per cent, and Oomra 37 per cent compared with a normal of 79 per cent.

"The crop this year is the lowest except one since 1921. Notwithstanding this fact, the total supply of cotton in the United States is the fourth highest on record. Imports are at the highest levels since 1921. Cotton prices are the best since 1929, also."

SOME TAX PROBLEM

One of the knottiest tax problems uncovered in Texas was that of Brazoria County, officials of which are wondering if they can legally tax the British government.

A new aluminum plant being built in that county is being partially financed by the British, partly by the United States and partly by private capital. Just who's going to pay the tax bill—and how much each is to pay—is the problem assessing boards in Brazoria County are worrying over.

Mr. and Mrs. N. J. Vaughan, who have apartments at the home of Mrs. A. H. Baker, will have charge of the home this winter. Mrs. Baker expects to spend the winter in California with her son, Robert Patton.

CHECKS TO BLIND AND DEPENDENT CHILDREN MAILED OUT

Checks were mailed out last week to needy blind and dependent children, the State Department of Public Welfare announced.

Checks mailed to 728 blind persons amounted to \$21,755 or an average of \$23.44 per person. Checks for the benefit of 211 dependent and neglected children were mailed to 107 families and amounted to \$2,177 or an average of \$20.35 per family.

Funds provided by the omnibus tax measure enacted during the regular session of the 47th legislature made the checks possible, the department said.

Applications for needy children checks were accepted beginning September 19. A total of 8,561 applications for needy children assistance have been received and it was expected that during the next few months the applications would be filed at the rate of 8,800 a month.

More than 2,500 applications for blind assistance have been received; 2,268 of these have been examined by physicians, the department said.

Texas Leads In Making County Mattresses

COLLEGE STATION — Texas has passed the half million mark in the number of cotton mattresses made under the Department of Agriculture's cotton mattress demonstration, according to Mildred Horton, vice director and state home demonstration agent. Tabulations through September show 508,693 have been delivered.

Altogether, 3,573,213 mattresses have been made in the nation under the program, with Texas leading all other states in number. Alabama is second with 478,534. The total number of cotton comforts delivered through September is 673,591, with 139,065 of this number made in Texas.

WILL RETURN HERE

Mrs. Essie Tice has sold her partment building in Mineral Wells which she has operated for the past five years, and will return to Clarendon this week. She expects to join her mother, Mrs. A. H. Baker, on a trip to California soon.

TEXANS EASE UP ON LIQUOR, NOT ON BEER, WINE

Texans drank less liquor, more wine and beer and smoked more cigarettes during October than they did during September, if the stamp sale report of the State Treasury can be used as an index to the citizens' habits.

Liquor stamps valued at \$482,096 were sold during October whereas the September sales amounted to \$505,930. October wine stamps were valued at \$37,619 while September sales were \$32,997. October beer stamp sales were \$240,119 and September sales were \$217,239.

Cigarette stamps sales amounted to \$776,843 in October and \$726,610 in September. Liquor stamp sales were up over the preceding year because of the increased tax levied by the last regular session of the Texas Legislature.

Approximately 29,000,000 acres of land were reseeded to grass by deferred grazing in the United States in 1940. To conserve water for livestock some 75,000 earthen dams and reservoirs were built, or more than twice as many as in 1939.

When West Texas Exes Gather At Homecoming Saturday

ATTACKS BY SWORDFISH

Attacks by swordfish on boats are delivered with such force that a penetration of 20 inches, of which at least 14½ inches were through solid oak, has been recorded. Sometimes these attacks occur at night, but generally they are made when a swordfish is being angled.

Perhaps the most spectacular swordfish incident occurred in Mexican waters recently when a 9-foot marlin was shot by a sportsman using a bow and arrow. Two men then went out in a boat to retrieve the fish by a line attached to the arrow. The swordfish charged the boat and drove its head and half its body through one side and its spear projected about a foot beyond the other side of the dinghy. This smashing blow was made possible by the fact that the plank of the boat was soft redwood only half an inch thick, and by the considerable weight (estimated at 240 pounds) and the high velocity (probably about 20 miles per hour) of the charging fish.

It Took 2,263 Years

It took scientists 2,263 years actually to prove to their own satisfaction that sea anemones catch and eat fish! Although Aristotle made such a claim about 327 B. C., in his Historia Animalium, and Abbe Dicuquere, of France, repeated the assertion in 1774, it was not until 1910 that photographs were ever reproduced showing in detail a sea anemone catching and ingesting a fish. This proof appeared in a collection of photographs by C. O. Bartels, in his book "Caught in the Act." One plate showed in four stages how the sea anemone catches and swallows a stickleback.

PHILLIPS COMPANY TO ADVERTISE

Your Donley County Leader has been selected to carry an advertising schedule for the Phillips Petroleum company. Chas. M. Ballew is local distributor, and has been for some time. The company will feature the famous high test "Poly Gas" in the advertising in this publication. If you have not tried Poly Gas, do so to insure easy starting. Your attention is directed to the advertisements that you may become better acquainted with the Phillips products in case you are not now using them.

Young tender smoked turkeys may be baked slowly as in roasting ordinary poultry, but first they should be soaked overnight to take out part of the curing salt.

LOVE TWICE AS MUCH?

Oysters have two hearts, but they beat as one. Thus, when the bi-valve's foe attacks, a single vital blow is sufficient. The starfish, its worst enemy, needs to wring but once. It attaches itself to the shell and pulls with its suckers. Then it secretes a fluid which narcotizes the oysters. Having done this, the starfish inserts its stomach between the shells by practically turning that organ inside out, and feeds on the meat inside. Undoubtedly the most effective starfish exterminator yet known is quicklime. The correct use calls for 500 lbs. to one acre of oyster bottoms. It is not harmful to other marine life.

HANDCRAFT WILL BE EXHIBITED

CANYON—An added attraction for this year's Homecoming at West Texas State College, November 8, will be a museum exhibit of hand-woven textiles and hand-printed wall coverings.

These materials are the work of Prof. Rudolph Fuchs and Prof. Kenneth Hunt of North Texas State College, Denton. Mr. Fuchs is a former art faculty member of West Texas State. The two men have exhibited their work in New York City, New Orleans, and on the Pacific Coast. They have filled a number of large orders for draperies and wall coverings for expensive homes in Dallas.

The exhibit will be on display at the museum during the month of November, according to Miss Isabel Robinson, head of the college art department. It was obtained particularly for the Homecoming occasion.

CANYON—West Texas State College ex-students of Donley County will return to their alma mater in great numbers November 8 for the biggest Homecoming program ever planned there.

Starting Friday evening, November 7, with a 3-act play, dedication of the new neon sign on Highway 87, and a bonfire, the Homecoming program will continue until after Saturday midnight. This year's event is unique in that students will be invited to remain throughout. A Homecoming Stampede will be held from 9:30 p. m. until after midnight at Burton Gymnasium November 8, with Sunshine Butler and his Big Spring orchestra furnishing the music.

Ground will be broken at 10:30 a. m. November 8 for the new \$170,000 science building. Visiting high school bands will parade at 1:30 p. m. The football queen, Miss Muriel Faye Phegley of Lockney, will be crowned at 2:15 p. m. just before the kickoff in the Buffalo-St. Mary's football game. Dr. J. A. Hill will welcome the exes and present distinguished guests between the halves.

Coronation of the Homecoming queen is set for 7:30 p. m. in the main auditorium. Immediately after this impressive program, the Bordertown night club will open. Most of the units will be at Cousins Hall, including dances, a carnival, and floor shows such as El Patio, El Rancho, and The Trail. Modern and Mexican music will be played by orchestras. Dixie Dice entertainers of Amarillo will be presented in El Rancho.

In the women's gymnasium of the main building will be Old Tascosa, with a "bar" and oldtime dancing. These will be in full swing for 1½ hours before the Homecoming Stampede begins at Burton gymnasium.

More than a hundred from Donley county are expected to be in attendance.

KANSAS RABBITS TOUGH

Here is a "man bite dog" variety of wildlife story sent in by Art Benander of Kansas. "I was going past an old sawmill the other day," Benander wrote, "when I saw a rabbit that I thought was going crazy. He was jumping up in the air kicking wildly at something. I found it to be a large blacksnake trying to get away from the rabbit. That supposedly 'timid' rabbit would run for the snake, jump and kick with its hind legs, then repeat the same thing again and again. While I watched, it did this ten or twelve times.

"After killing the snake I found that the rabbit had cut through the hide in seven different places, gashes about two inches long. Looking around, I found the rabbit had a nest of young in the sawdust pile of this old mill.

"I have heard of animals doing a lot of queer things to protect their young, but this is the first time I ever witnessed a fight between a cottontail and a blacksnake."

All true fishes are cold-blooded aquatic animals, breathe by means of gills, and swim with the aid of their fins.

Reminder Given Duck Hunters

The current duck and goose season will last through December 31st. Shooting hours for ducks, geese and coot is sunrise to 4 p. m. The bag limit on ducks is 10 per day or 20 in possession. Daily bag may contain 3 buffleheads or 3 readheads, or 3 of these two species together, and not more than 6 of these ducks may be possessed. Daily bag may also contain not more than one wood duck, and not more than one of this species may be possessed. Bag limit for geese and brandt is three per day or 6 in possession. In addition, hunters may take 3 blue geese per day and they may have 6 blue geese in possession. The original 3 or 6 geese may include or consist entirely of blue geese and it is thus possible for a hunter to take 6 blue geese per day or have 12 in possession if he takes or possesses no other kinds of geese. Duck stamps are required of all migratory waterfowl hunters over 16 years of age. Buy them at the postoffice. Price, \$1.00.

ARMISTICE DAY

Thank God for Peace IN AMERICA

Men die. They die of old age and of accidents and of sickness and disease. They die of hunger and privation and cold. Some die in war.

Today, more than ever, we are reminded of the futility of war. That those who died in that other war shall not have lost their lives in vain, let their memory serve as a perpetual warning against ever again subjecting our boys and our nation to the horror that is war. And let their memory make us conscious of Peace.

Thank God for Peace. It is the most treasured heritage we have. Thank God for an America that preserves Peace and that values it as priceless. On this Armistice Day let us all pledge ourselves sincerely and completely to do all we can to keep Peace with ourselves and with our neighbors. Thank God for Peace!

THE DONLEY COUNTY LEADER

INVENTIVE GENIUS CUNJURED UP STRANGE ARTICLES

AUSTIN—Texas' early day inventors were primarily concerned with development of new farming implements and household conveniences, according to a manuscript now in the hands of Dr. Walter Prescott Webb, professor of history at the University of Texas and secretary of the Texas State Historical Association.

Prepared by Dr. S. W. Geiser of Southern Methodist University, a list of inventions on which patents were issued to Texans between 1845 and 1882 has been submitted to Dr. Webb for criticism. It will later be presented to the library of the University of Texas.

Listed among the 1009 inventions patented by 742 Texans was a "convertible wagon bed and hay rack," offered by James M. O'Neal of Fort Worth. It was apparently a forerunner of today's convertible roadsters.

Nail extractors, bird cages, swinging berths, ant traps, beer coolers and portable fences were others patented early by Texans. In addition there was a bedspread developed by Thomas B. Baldwin of Marshall in 1871.

Philip H. Raiford of Houston patented a "device for attaching napkins to the person" in 1871. Two years later S. A. Goodman, Jr., of Jamestown offered sportsmen his "compound fish baits."

Artificial legs, remedies for dropsy, umbrella supporters, whiffle-tree hooks and spring bed bottoms were other early Texas inventions which made life more pleasant. And the home was more easily managed by earliest washing machines, coffee pots, new food preserving plans, peach papers and head rests, all of which sprang from this early spirit of industry in Texas.

Cannibalism and feather picking, vices which sometimes develop in poultry flocks, can be cured quickly by adding an extra two to four percent salt to the ration.

SOLDIER COLUMN

32nd Pursuit Sqd.
36th Pursuit Group
Loscy Field
Ponce, Puerto Rico.

The Donley Co. Leader
J. C. Estlack—Ed.
Clarendon, Texas
Dear Mr. Estlack:

I joined the army last January to go to Puerto Rico, but I was lucky—I got to go to one of the air corp technical schools. But now I am in Puerto Rico. I like the air corp fine, in fact so well that I believe that I will make the army my career.

In the army a person gets education, travel and in the air corp it isn't the one who has the most money who gets ahead, it is the one who does his job best.

The outfit I am in is comprised mostly of Texans. In fact in Ponce the 32nd is called the Texas Pursuit Squadron. So I am practically among homefolks. So as one Texan to another—"Keep 'em Flying."

Sincerely Yours,
Pvt. Max W. Wilson
A. S. N. 18036098

Whereforth Cometh the Plague

The first case of human plague in the United States was reported at San Francisco in 1900. Within a few years, ground squirrels of the vicinity were infected. Despite attempts at eradication, the disease persists among rodents in the vicinity of San Francisco Bay and has spread rather generally over the Western States. Ground squirrels, wood rats, and prairie dogs appear to be the groups chiefly responsible for the maintenance and extension of plague.

Donley County Leader, \$2 a year.

White House of Canyon de Chelly

Three great canyons with walls of red sandstone, towering as high as 1,000 feet in places, comprise this national monument. Here the Navajo Indians put up their last resistance against Colonel Kit Carson before they bowed to the white man's supremacy. Several prehistoric dwellings are found here, most famed of which is "The White House," so called because the ruin was lined with a white clay. Canyon De Chelly is pronounced "Canyon De Shay." Near Chinle, on the Navajo Indian Reservation, this monument may be reached by leaving U. S. Highway 66 at Chambers (61.8 miles east of Holbrook) and traveling 79 miles due north.

Who Gave Birth To Dust Bowl?

DALHART, Nov. 5. — Albert Law, Editor of the Dalhart Texan, who early in October offered \$50 cash for information leading to identity of the person who coined the term "dust bowl" as applied to this Southern Great Plains region, said today that the hunt would close Friday, Nov. 7, at midnight.

"Persons," he said, "who think they coined the term, or who want to submit proof on behalf of someone else, must have their proof in my hands not later than that time."

The coiner, he reminded, must have used the term in print, or been quoted in print.

Law not only offers \$50 cash to anyone who can identify the coiner, but he offers to pay the coiner's round-trip fare to Dalhart, take him on a tour of the old dust bowl, make him or her No. 1 honor guest at a banquet and

party in Dalhart that night. The banquet has been tentatively set for Nov. 18.

"We'll also," he added, "give the coiner a chance to get in solid with our folks by coining a term to fit the current banner row crops, fat cattle and finest grass since days of the open range."

A balanced ration fed according to production is the most economical method of producing milk. On good green pasture three pounds of grain per gallon of milk should be fed. With hay and silage as roughage, feed up to four pounds of grain per gallon.

Most living ornithologists have not seen the rare ivory-billed woodpecker in the wild state.

Donley County Leader, \$2 a year.

Suggestions On Making Silage

COLLEGE STATION—Silage making is under full steam over Texas but is attended by problems of harvesting, and selection and treatment of the feed designed for storage in the pit containers on Texas farms.

Scanning a cross section of the problems, E. R. Eudaly, dairyman of the A&M College Extension Service, assures farmers that shocked grain sorghum stalks make good silage provided the feed is thoroughly wet as it is put into the silo. He suggests that the best way to add the water is to run it into the cutter and let it pass out with the feed.

Smutty redtop cane heads will not ruin silage for cattle, but he advises against feeding it to horses.

It is not necessary to add molasses in making silage out of Johnson and sudan grasses, Eudaly says, if the grasses are headed out and the seed is in the dough stage. But if the grasses were cut before the seed was in the dough stage it would be best to sprinkle each ton with a mixture of five gallons of molasses to 15 gallons of water. Molasses also should be added when making silage out of alfalfa, clover, cowpeas, soybeans, peanuts, green cotton stalks, sunflowers, bermuda and other similar grasses.

Eudaly recommends two methods of handling feed which is not likely to mature before frost. One means is to cut it and allow it to lie on the ground, a bundle to the place, for a week, provided the ground is dry, and then put it in the silo thoroughly wetting it in the process. The other method is to let the frost kill the feed, then

cut and put it in the silo with necessary water added. But he suggests delaying cutting until two or three days after the frost.

LET'S EAT!
Did you ever try this on that fat duck you killed at a right quartering angle with your sixteen full choke, using number six drop shot? It's good!

Roast uncovered at 350 degrees, without searing. Place strips of bacon across the breast or little bits of butter. Place in central cavity half an apple, small onion, 2 stalks of celery, which may be removed when the duck is cooked. Some people prefer to use a stuffing, but most cooking specialists advise against it since wild duck is not a juicy meat and dressing absorbs what moisture there is.

Truck load limits in the 48 states vary from 14,000 in Louisiana to 120,000 in Rhode Island.

Donley County Leader, \$2 a year.

And, of course, they also bring you all of the Unitized Knee-Action comfort . . . all of the Valve-in-Head "Victory" performance and economy . . . all of the 30-year-proved dependability which characterize the new Chevrolet—The Finest Chevrolet of All Time.

See these distinguished cars at your nearest Chevrolet dealer's, and convince yourself that "It pays to buy the leader and get the leading buy."

IT PAYS TO BUY THE LEADER AND GET THE LEADING BUY

Clarendon Motor Co. **Service Chevrolet Co.**

CLARENDON, TEXAS CLAUDE, TEXAS

Don't YOU Be Disappointed . .

by erroneous reports that you can no longer buy electric household appliances on easy terms. Some terms, doubtful as to sound business practices and leading to unfair competitive conditions, have been eliminated. But you can still buy what you want on convenient terms.

YOU CAN BUY THESE APPLIANCES FOR 1/5 DOWN . . . 18 MONTHS ON BALANCE

- Electric Ranges
- Electric Refrigerators
- Electric Washers
- Air Conditioners
- Electric Water Heaters
- Electric Dishwashers
- Electric Ironers
- Electric Sweepers

NO Change in Terms on Small Appliances or Better Light - Better Sight Lamps

VISIT YOUR ELECTRIC DEALER, HARDWARE, FURNITURE or DEPARTMENT STORE for Electric Christmas Gifts Use the Lay-Away Plan

Some folks got excited about the new installment plan buying regulations and made a big to-do over "last chances," etc. Now that the smoke has cleared away, the fact remains that *Convenient Terms* are still open to buyers who meet their obligations. *One-fifth down* is not an unreasonable amount to pay when you recall that . . .

TEN YEARS AGO . . . An average refrigerator cost \$350. You had to pay \$75 to \$100 down and monthly payments of maybe \$20 to \$30. Today a better refrigerator of comparable size costs around \$165, sells for \$33 down with payments of less than \$8 a month on the balance. The 1941-42 electric refrigerators cost less than half as much as 10 years ago . . . and about ONE-FIFTH as much to operate!

West Texas Utilities Company

SIDE GLANCES ON TEXAS HISTORY

By Charles O. Hacker University of Texas Library

One Last Word Of The Cronks Many are the legends concerning the Carankawa Indians which can be turned up in books about old Texas...

The final say in this case belongs to J. H. Kuykendall. It is an article—and one of the few bits of Cronk literature in existence which smacks of authenticity...

colonizers to the coast in 1822 (the Comanches, Wacoas, Towaccanies, Ionies, Kechis, Lipans, Tonkawas, and Carankawas)...

The Cronks As Giants "The men were of large stature, six feet high," he wrote: "and the bow of every warrior was as long as his body..."

Denying the romantic tradition that they were cannibals, however, Kuykendall stated that the Cronks were predominantly fish-eaters. The cannibalistic notion, he pointed out, developed from the fact—equally true of the Tonkawas...

Quite thoroughly, also, he demolished any "noble savage" idea his reader might have by portraying the Cronk as an incurable mischief-maker, a thief and a murderer. The Catholic Church built a mission at Refugio especially for the benefits of that one tribe, but had no success with it; and Austin's colonists found it

necessary again and again to give them a good beating in the field, despite repeated promises of good behavior made by the Cronks only to be forgotten.

Their Tribal Fate Around 1843 the survivors of these continued attacks—numbering then only fifty warriors, women and children, Kuykendall believed—at last retreated from Texas once and for all and were allowed to settle in the Mexican state of Tamaulipas.

Not satisfied with that, moreover, Kuykendall projected his statement to include all the other tribes he had mentioned. "The conclusion is inevitable," he prophesied, "that in a score or two of years, all the smaller tribes and bands will become as extinct as the mammoth and the mastodon which preceded them."

The immigration and naturalization service of the Department of Justice has denied applications of several Texas organizations for permission to import Mexican farm labor to harvest feed and cotton crops this year.

DO YOU KNOW TEXAS?

A reader of this newspaper can get the answer to any question of fact about Texas by writing A. Garland Adair, Curator of Patriotic Exhibits, Texas Memorial Museum, Austin, Texas.

MEMORABLE PASSAGE Memorable Passage — "Some people keep their promise only when they promise nothing." — Joachim Besen.

Q. What is the highest town in Texas? A. Alpine, county seat of Brewster county, is known as the "mile high city of Texas."

Q. What year did Captain Phillips and the Fourth Alabama Regiment come to Texas. Was there or is there today a list of these men?

BUZZARD ON A RAIL—An old cattle brand bearing this name was registered by H. T. Collier in 1876, in Reeves county. H. J. Collier of Pecos, later owner of the brand, came to Texas in 1884, and went to work for the 'Hash Knife' outfit.

Q. Please list the three largest cities in Texas with their population by the 1940 federal census.

BLOW HOT, BLOW COLD—Highest temperature in Texas was 120 degrees in Seymour, Baylor county, August 12, 1936; lowest temperature ever registered in Texas was 23 degrees below zero at Tulia, Swisher county, February 12, 1899, and at Seminole, Gaines county, February 8, 1933.

Most of the nation's 16 egg-drying plants are located in Texas, Oklahoma, and Missouri. By January 1, the total will reach 37, with most of the new ones in the Corn Belt.

Donley County Leader, \$2 a year.

four eleemosynary institutions including the State Insane Asylum, the Institute for the Blind, the Institute for the Deaf and Dumb, and the State Orphans Home.

Q. Was there a battle at San Antonio other than the Siege of the Alamo?

A. Yes. In December, 1835, the Texas Army under the command of General Milam laid siege to San Antonio de Bexar then held by the Mexicans.

Q. What year did Captain Phillips and the Fourth Alabama Regiment come to Texas.

Q. What year did Captain Phillips and the Fourth Alabama Regiment come to Texas.

Meat Broiling Suggestions

COLLEGE STATION—The secret of successful meat broiling lies in moderate temperatures, says Hazel Phipps, specialist in food preparation for the A&M College Extension Service.

Then, too the meat itself has a lot to do with that thick, tender, juicy perfection in meat. For broiling, steaks and chops cut at least an inch and one-half or more from the loin and rib sections of beef and lamb are best.

Here is the method Miss Phipps recommends: "Preheat the oven, setting the control at 500 degrees F. and allow 10 minutes for heating. Cut down temperature to 350 degrees F. Prepare the steak cutting through the fat and connective tissue on the outside edges about every inch.

"Keep the oven door closed when broiling at this low contact heat. Cook the meat without turning for slightly more than half the time. Then turn and broil the other side. Season and serve on a hot platter."

The time required to broil steaks depends on the thickness of the cut, the temperature used in broiling and the degree of doneness desired.

Steaks broiled at lower temperatures (300 to 350 degrees F) are more tender. The low temperature gives a more uniformly cooked product and keeps the steak more juicy.

Mr. and Mrs. Holt and son David of Lefors spent the week end here with her mother, Mrs. Karl Adams and husband.

Rain Entails Heavy Cotton Losses

The grade of cotton ginned through October 17 in Texas and Oklahoma was lower than for any recent year, and for the period October 1 to 17 about one bale in every 12 ginned in Texas was reduced one or more grades because of rough preparation, according to J. R. Kennedy of the U. S. Department of Agriculture's Marketing Service in Dallas, Texas.

With continued light to heavy rains, picking and ginning are making slow progress. The proportion of the estimated production for Texas that was harvested through October 17 was the lowest in more than 15 years.

Cotton is damaging in the fields and growers are naturally anxious to harvest their crops, but if picked and ginned in a wet or damp condition further losses will result. Some cotton now being classed under the Smith-Doxey Act for organized cotton improvement groups must be reduced from Strict Low or Low Middling to Below Grade because of rough preparation.

Whale milk is not essentially different from cow's milk. Mrs. Willard Skelton visited her sister, Mrs. Bob Oswald in Vernon Saturday.

Mr. and Mrs. Andrew Watkins and children of McLean were here Sunday to spend the day with her parents, Mr. and Mrs. M. A. Hahn.

ARMISTICE DAY

1918 23rd ANNIVERSARY 1941
FOR GOD AND COUNTRY

The Legion Carries On:

The American Legion assembled in convention at Milwaukee on September 15 last. Uppermost in the minds of those assembled was a purpose to aid in promoting national unity. The decisions were reached by democratic processes and therefore represent the composit judgment of an organization which has the greatest record of any group in America for sound thinking upon matters which concern our Country's security. They expressed confidence in our Government, our President, our War and Navy Department and pledged their support of the American Legion. They approved and endorsed the policies of the President and Congress and urged all Americans to unite in support of our Government to the end that the American way of life may survive. THE AMERICAN LEGION CARRIES ON.
