CLARENDON, DONLEY COUNTY, TEXAS, SEPTEMBER 18, 1941

A Common Paper for Common People

## Clarendon FFA Wins 2nd Consecutive State Swine Production Contest

J. R. Gillham, local F.F.A. Adviser, was advised by mail from the state F.F.A. headquarters today that his F.F.A. chapter had won their second consecutive F.F.A. Swine Production Contest in competition with the 689 other chapters in the state. The contest is sponsored by the Texas Swine Breeders Association and carries a cash award of \$100 and a silver plaque for the 1940-1941 contest year.

The local youths in winning the contest established an enviable exhibition record at the leading state fairs and stock shows, and won the contest by a wide margin on a scorecard taking into consideration the percent of chapter members owning registered sows and gilts, percent of boys exhibiting hogs at fairs or shows, feeding homegrown feeds, providing pasture for their projects, breeding their females to registered males, and publicity carried on their swine projects.

The local youths won \$864 cash premiums on their fat barrows exhibited during the 1940-1941 contest year, with especially heavy winnings at the 1940 Dallas Fair and the 1941 Fort Worth Fat Stock Show where they exhibited the winning county carlots in addition to many individual winnings. The chapter members fed 402,000 pounds of milo and kaffir to their 612 pigs that they fed to top market weight in addition to a supplement featuring tankage, alfalfa, and cottonseed meal.

Each member of the chapter provided a self feeder for his swine project as an improved feeding practice.

Sixty-five registered gilts and sows and seven registered boars were owned and used by the youths throughout the year. 335 head of fat pigs were exhibited in local 1940 fall pig show and the 1941 fat stock show, and 201 head were exhibited at major area and state fairs and stock shows.

**CHARGED MONDAY WITH DRUNK DRIVING**

Officers at Claude called the sheriff's office here about 10 a. m. Monday to acquaint them with the fact that a certain car had passed through their town at a rapid rate of speed.

Sheriff Guy Wright and deputy Truett Behrens went west on the highway to intercept the man who was in a hurry. They spied him out of his car some distance west of town.

When the man spied the officers, he suddenly recalled unfinished business at some point west and speeded up in that direction. The officers overtook him and lodged a "drunk driving" charge against him.

He gave the name of Fred F. Lowe, had been in California, but more recently at Dumas, and was headed for Lakeview to see his folks when hindered by the officers.

**BACK TO DALLAS**

Mrs. L. T. Spencer and daughter Mary, who have been visiting her brother, Mr. and Mrs. J. H. Hurn, returned to Dallas Friday but stopped over in Henrietta for the Clay county old settlers reunion.

**FORMER CLARENDON CITIZEN KILLED**

Clifford Womack, killed in an auto-truck collision on Highway 66 east of Amarillo Friday, formerly resided in Donley county. He was a son-in-law of Frank Brunson of Amarillo, and his wife is a sister of Mrs. Charley Corder. He left a wife and three children.

**AIR SCHOOL MAN**

Harice Green, son of Joe Green, is a student of an aeronautical school in Wichita Falls. He spent the week end here and says he likes the school work.

**VISIT MUCH KIN**

When their niece, Mrs. Frances Keen, came for them, Mr. and Mrs. R. H. Elkins could not resist the temptation to visit their numerous kin at Slaton, Lubbock, Post and Justiceburg. "That country is all poisoned up with our kind-folks," Mr. Elkins stated, "and we saw lots of them and many old friends and had a grand time." They returned home Wednesday.

**GOES FISHING IN SMITH COUNTY**

It isn't because he thinks that east Texas fish are any better than west Texas fish that J. F. Cannon goes down to Smith county to get his fish. It is because his numerous relatives down there make it an annual event.

Mr. Cannon states that he had to rest two days before coming home to recover from the fish fry. He got back here Monday. He met with 35 relatives of near kin, a lot whom he did not know, and bushels of friends of former years.

**Lumpkin Goes To Allen's Academy**

Lettering first at the age of thirteen, and being an all-district tackle on the Broncho team for the past two years, Jimmy Lumpkin will naturally cut quite a figure in football circles down at Bryan this fall where he will attend Allen's Military Academy.

His football training will begin Saturday. He left here Tuesday, Jimmy's making close connections, and his many friends here predict that he will be heard from in the next few years on some of the biggest teams of the state.

## Merchant Here 36 Years Ago

Around 1904 and several years later, the general mercantile firm of T. J. Noland & Company was one of the leading firms of Clarendon. The place of business was in a large "doby" across the street south of where the City Hall now stands.

The principal owner was T. J. Noland who returns to Clarendon this week to visit relatives and friends of the old days. E. H. "Gene" Noland is his oldest son.

Mr. Noland has spent the past twenty years in California. Just now he has spent time with a son in Denver, a daughter at Stratford, another son at Tulsa. After he makes the rounds, he says he will be back in California for the winter.

"I certainly miss a lot of my old friends, John T. Sims and many others," Mr. Noland stated after looking over the few old-timers that remain.

**MRS. SIMS BETTER**

Mrs. W. B. Sims, suffering from bronchial pneumonia, was taken to an Amarillo hospital Sunday in a Buntin ambulance upon the advice of her physician. Her son, Arthur Sims of Waco, and Mr. and Mrs. A. O. Walker of Amarillo were here over the week end to be with their mother in her illness.

## Clarendon Day At Tri-State Fair Is Monday, September 29th

The county and city school officials and chamber of commerce representatives have set Monday, September 29th as official Clarendon Day at the Tri-State Fair at Amarillo and all schools expecting to attend the fair are being asked by the county school officials to attend the fair on the 29th; the same day that the local schools will dismiss for the fair.

In the past there has been considerable conflict between the schedule of the local and county schools in the matter of attending the fair, but the school officials have decreed that the 29th will be the only day that any school in the county will have permission to dismiss classes and attend the fair.

Governor Stevenson will attend the fair on the 29th and will provide a highlight of the days activities at the fair grounds where he will make an address sometime during the day.

The county delegation will be headed by the Clarendon Broncho Band and a sizeable motorcade is expected to attend. The county will be well represented with a county exhibit, an F.F.A. exhibit, and a large entry of poultry and livestock.

**SUBSCRIPTION PRICE RAISE OCTOBER 1**

May we again remind our reader family that the price of your Donley County Leader must be raised from \$1.50 to \$2 per year in the first zone after October 1st. The other zones will have to be raised from \$2 to \$2.50.

You save fifty cents by paying your subscription in during the next twelve days. Higher prices of everything that goes into the production of this publication forces the raise in price.

Look at the figures following your name on the paper or your wrapper. If the last two figures are not "42", you will do well to renew your subscription at once.

**AMARILLO MEN HERE ON TRI-STATE**

Making his annual rounds to invite civic bodies and others to the Tri-State Fair, was good will ambassador Bill Beecher. He came down Tuesday. With him came Carl Clift, deputy state school superintendent.

The men were each of the opinion that opening day September 29th would be the biggest event of any opening day yet.

**STATE UNIVERSITY STUDENTS LEAVE**

Students from here attending the State University are Joan Thompson, Madelyn Kelly, June McMurry, Fred Chamberlain, Jimmy Gene Thompson, Jack Rodgers.

**WON BOAT RACE IN AUSTIN SUNDAY**

Art Wullshleger of Clarendon, winner in the boat races at Lake McClellan, hung up a record at Austin Sunday by winning third place in the Class F professional motor boat races.

**FATHER IS ILL**

Mrs. Selden Bagby has been called to Clarksville due to the critical illness of her father, Mr. Hays.

**DONLEY STUDENTS IN WEST TEXAS**

Students from Clarendon to enter West Texas College at Canyon this week are Ethlyn Drennan, Jean Taylor, Frances Grady, Estelle Thornberry, Phebe Ann Buntin, Frances Morris, Jo Word, Edith Shelton and Billy Patman.

And Ray Bulls, Mary Charlotte Word, Jane Hillman, James Swift, Wilda Faye Gibbs, Helena Poovey, Jessie J. Tomlinson.

**JOHNSONS MAKE TRIP**

Mr. and Mrs. Johnny Johnson are again at home after an extended vacation trip to South Texas. They visited relatives at Dallas and Ft. Worth, and Mr. and Mrs. Billy Johnson in Galveston.

## Bronchos to Meet Claude Mustangs Here Friday Nite

This Friday night the Clarendon Bronchos will tee off for their initial 1941 gridiron tilt when they engage the Claude Mustangs at Broncho Field.

Football critics say the Bronchos haven't a chance to win, that they are too inexperienced to cope with the Claude eleven. Although they are classed as the underdogs, the local boys have plenty of fight, and will give a good account of themselves whether they win or lose.

For the past two weeks the Bronchos have been working out and getting in shape for their first encounter. O. C. Warden, head coach and L. B. Penick, assistant coach, have been working diligently and patiently with the boys who have shown a marked improvement in gridiron tactics. The coaches are trying hard to build up a team that will compare favorably with that of last year. Although only four lettermen returned this season, hopes of a winning squad are still running high. The boys seem to be going at the job with much vigor and determination to whip themselves into shape to give their opponents plenty of competition.

The Mustangs will enter this tussle still smarting from their 14-7 defeat at the hands of the powerful Panhandle Panthers last week. The boys from Claude displayed plenty of power in holding the Panthers to a seven point margin.

From all indications this should be a good game, with both teams striving to come out on top. Although this is not a conference engagement, the Bronchos are determined to start off with a clean slate. The Clarendon lads will be trying to avenge the defeat of last year when the Mustangs handed them a 18-13 setback.

Scrimmages during the past week revealed plenty of potential power in the Broncho backfield. The line is fast weeding out weak places, and will gain strength as the boys become more experienced. Observations show that the coaches are doing an excellent job of building a team around only four lettermen. The raw recruits are already showing the old fighting spirit that has made Broncho teams great in the past.

The four lettermen returning from last year's squad are Captain Basil Smith, quarterback; C. G. Kirkland, end; Dennis Spencer, backfield; Woodie Spencer, lineman. Other boys who have thrown their hats into the ring for football berths are Jim Taylor, Bill Thornberry, J. T. White, Bill Williams, Max Rhea, Donald Beard, Johnnie Beard, W. G. Adams, H. C. Shaw, Raymond Adams, J. Sheaffer, Bobbie Bentley, James Clark, Bill Mooring, Loyd Brock, Boyd Brock, Ralph Morrow, Bryant Tucker, W. S. Carlile, and Pete Bromley.

The probable starting line-up: Ends, Bill Thornberry and Jim Taylor; tackles, C. G. Kirkland, Leslie Wardlow; guards, J. F. White, Chester Gregory; center, Woodie Spencer; quarterback, Captain Basil Smith; backs, Arlis Allison, Dennis Rattan, W. G. Adams.

Those in the sub list are Clark, Bill Mooring, Beard, Carlile, Morrow, May, Bonnie Mooring, Moreland, Shaw, Williams and Bromley.

The officials are Cleve Jones, referee; Hufsteler, time keeper and umpire; C. V. Griffin, head linesman.

## Lane To Quit Night Job

The last day in this month will wind up the night marshall job of A. G. Lane, he has announced after serving the City most faithfully for more than seven years.

During those years, he has set a state record for regularity in punching the four clocks placed at different points in the City to keep tab on the man who guards against fires. This compliance with the state fire insurance department reduces the fire insurance rate, and saves the taxpayers more than it costs to hire the watchman.

Mr. Lane has lived in Clarendon 21 years, and in the county practically all of the time since 1899.

## Warning Given Game Hunters

There seems to be some misunderstanding about the license giving sportsmen the right to fish and hunt.

To clear this matter up we quote Warden Mike Stricklin: "Contrary to the rumor that is circulating these days there is no license required to hunt or fish in the county in which a person resides. However, a Federal "Duck Stamp" which costs \$1.00 at your local Post Office is required to hunt ducks and geese during the open season for these birds. Also a Residence Hunting License is required of anyone who is a resident of the State of Texas if he is hunting out of his resident county, no matter what he is hunting. The residence fishing license is only necessary if the fisherman is using artificial lures out of his own county.

"There is another rumor loose which I wish I was sure was unfounded. That is that some of the fellows are taking advantage of the open Dove season to kill quail. The usual manner seems to be to "pot shoot" these birds out of a fence row along the road. This is not only violating the State Game laws, but the Federal law governing shooting from an automobile, and breaking all the rules of true sportsmanship. If all the fellows would be sportsmen in fact as well as name our hunting would be much better and a lot of our laws would be unnecessary. But as long as these pseudo-sportsmen are loose there will have to be stringent restrictions and they will have to be enforced to their full capacity."

**ALL PUPILS OF COUNTY TO SEE FOOTBALL GAME FREE**

Supt. H. T. Burton of the Clarendon schools has asked the Leader to announce that all pupils of the county will be guests of the Clarendon schools and see the football game here Friday night free.

The doughty Mustangs of Claude will come down to tangle with the Bronchos, all of which means that there will be plenty of thrills on the event of this, the first Broncho game of the season.

No matter where you attend school in Donley county, or where you live in the county, you can see this game without charge. Don't miss it.

**DISTRICT LEGION MEET ON 24TH**

The 18th District American Legion and Auxiliary will hold their monthly meeting at Friona September 24th, Com. J. M. Johnson announces.

The program will begin at 7:30 with an address by Wallace P. Martin, past Commander of New Mexico.

**FROM PAMPA**

Mr. and Mrs. Jack SoRelle of Pampa spent the week end here with his mother, Mrs. Carrie SoRelle, and her father, Mr. Pink Rodgers.

**DALHART PASTOR WILL PREACH TO BAPTISTS**

Rev. Kenneth A. Marshall, pastor of the Baptist church in Dalhart, will fill the pulpit at the First Baptist church here next Sunday and both the morning and evening services.

Rev. J. Perry King is now on vacation in central Texas.

**VISIT THE LOVELLS**

Rev. and Mrs. Clark Russell of Sulphur Springs will be here the last of the week to visit her parents, Mr. and Mrs. H. W. Lovell. They will go to Mineral Wells for the benefit of Mrs. Lovell's health.

**BISHOP SEAMAN TO PREACH SUNDAY**

Announcement is made that Bishop E. Cecil Seaman of Amarillo will be in charge of the services at St. John's Episcopal church here next Sunday.

The Bishop will administer Holy Communion at this service.

## DONLEY COUNTY SCHOOLS TO ATTEND TRI-STATE FAIR

Monday, September 29th, is School Day at the Tri-State Fair in Amarillo. Is opening day as well. Governor Coke R. Stevenson will speak. Governors from other states will be heard as well as notables from various professions.

The first day of the Fair is the biggest day of all. There is as much to see, and far less dust.

All of the schools in Donley county will be closed that Monday. School Boards, teachers and friends of the school folks will go along with the pupils to see that no accidents happen around.

In addition to the attractions in the Fair, the Potter County Zoo is near the grounds. All children will want to see the animals, and more especially the monkeys. The monkeys have children who do not attend school, but they see lots of the Fair each year, and get their education in that manner. Then the bears, lions and dozens of other animals and birds make up a nice attraction at the Zoo, well worth seeing. There is no charge to see the Zoo exhibit.

Miss Ruth M. Richardson, county superintendent of schools, is especially anxious that all school children of the county be present. She wants the public to see what a fine lot of youngsters we have down here in old Donley.

## MAYO IN HOSPITAL BUT FEELS FINE

Private 1st class Clifton E. Mayo writes his home folks an interesting letter in which he gives an insight into his experiences as a member of Uncle Sam's army. We quote:

"I really enjoyed three months as a student in Letterman General hospital in San Francisco as a professional service student. Graduated as a senior surgical technician, came back to Ft. Bliss and went to work in the operating room of William Beaumont Hospital. Like it fine. We have some of the most skilled surgeons to be found anywhere."

Clifton expects to be home Christmas on a furlough for which he states he has applied in plenty of time. His address is Clifton E. Mayo, 204th General Hospital, Ft. Bliss, Texas. He will appreciate letters.

## DRS. LOWELL BUY NICE HOME

The beautiful stucco residence of nine rooms and modern design just west of the Episcopal church, was purchased the first of the week by Dr. Keith S. Lowell and wife, Dr. Laura A. Lowell, who will make it their home just as soon as vacated.

This home was built for Sam Braswell some ten years ago. Later Dr. Mark Stricklin purchased it from a loan company. For several months it has been occupied by Mr. and Mrs. Fred Buntin.

Drs. Lowell made the purchase from the HOLC and plan a number of changes in the interior arrangement before moving in, it is said.

**PHELANS TO MAKE HOME HERE**

Following their marriage in Weatherford Friday night, Mr. and Mrs. Frank Phelan are now at home in Clarendon. They are occupying the beautiful brick home near the Adair hospital, formerly owned by Dr. Oscar L. Jenkins, and purchased recently by Mr. Phelan.

**TO COLLEGE STATION**

Mr. and Mrs. Cap B. Morris took their son Carl to A&M College the last of the week where he will attend school next term. They returned by Temple where their son John Miller Morris was given a clinical examination.

**BUGBEES VACATE**

Mr. and Mrs. Tom Bugbee of near Goodnight returned from an extended vacation trip Monday. They spent much time in Elpaso, the ranches in the Davis mountains where several friends reside. A vacation would not be complete without a stay at Santa Fe, second oldest town and art center of our nation. They always go there. And Albuquerque and its interesting scenes called for a visit there with friends.

**DISTRICT COURT TO BEGIN HERE 6TH**

The fall term of District court will open here October 6th. The following men constitute the grand jury panel. From this list twelve men will be selected to pass judgment upon the merits of felony charges, by and with the advice of district attorney John Deaver.

The list: Edwin Baley, Holly Wood, Gerald Mastin, Dave Johnson, W. M. Pickering, Walter Fraser, Lon Howard, Frank Jackson, M. R. Allensworth, H. H. Mann, C. G. Cobb, K. K. Day, Ike Rains, Forrest Sawyer, Sam Spradlin, Nollie Simmons.

**HAS OPERATION**

Mrs. Minnie Dyer, mother of Mrs. T. H. Ellis, was taken to Amarillo for a major operation the first of the week. She is reported as improving.

**September 27 Flower Exhibit**

The Senior Les Beaux Arts club announces their annual flower show for September 27th. Entries will be open to all flower lovers, and a cordial invitation is extended the public to see the wonderful exhibit of home grown flowers.

The Club Room will be open from 8 a. m. to 12 for entries. And from 1 to 6 p. m. for showing.

See your Donley County Leader next week for prizes and general classification of flowers.

## Complete Trade Territory Coverage

**OTHER STATES MAKE RACE TRACK OF 66 HIGHWAY**

Some three weeks ago, two California cars collided near Groom with dead and injured resulting.

On Monday of this week, two Michigan cars collided in a barrow pit on Highway 66 2 1/2 miles west of Shamrock. Four were seriously injured. The car returning from California is said to have taken to the barrow pit to escape the Michigan car headed for California.

Two miles west of McLean Friday, a Michigan car ran into the back end of a New York car and caved in the back with minor injuries to two on the back seat. There was a dense fog and all cars were using lights. This fact did not deter the speed demon who was going "90 to nothing" despite the fog.

## STUDENTS ATTEND TEXAS TECH

Local students matriculating Texas Tech at Lubbock include Billy Lou Gilbert, Clay Plunk, Ruth McDonald, Wesley Powell, Ernest Evans, Maxine Ellis, Pauline Riley, Craig Johnson, Bill Latson, Colie Huffman, Dan Boston, Raymond Hay.

## Man Jailed On Theft Charge

Sheriff Guy Wright and Heckle Stark went to Anson Sunday and returned to the Donley county jail one H. L. Chaney who has been charged with theft of cows in this county. The charge grew out of the loss of milk cows belonging to Will Bales and John Thomas the night of the 6th of June.

Chaney has been tried in Matarador and Anson on similar charges, receiving three years prison sentence on each charge, Sheriff Wright said.

He waived examining trial Monday and will await the action of the grand jury next month.

All of the cows stolen by an alleged ring were recovered a few days after the loss was discovered. The Donley county cows were located at Snyder, Texas.

**FROM OZONA**

Mr. and Mrs. C. J. Van Zandt and son Joe of Ozona were week end guests of her parents, Mr. and Mrs. J. H. Hurn, and Mr. and Mrs. Nathan L. Cox and children.

#### HUDGINS

Mrs. S. M. Harp

There were not many out for Sunday school and preaching Sunday morning. Rev. Dodson of Hedley preached at 11 o'clock. On account of so many being sick there was no singing Sunday night. Let's all go to Sunday school next Sunday. Bro. Willard of Clarendon is to preach next Sunday.

Jean Harrison returned to her home in Memphis Saturday after some two weeks visit with Mr. and Mrs. N. M. McGlone and Grandma Harrison.

Mr. and Mrs. J. C. Perdue Jr. and son of Dumas visited part of last week with Mr. and Mrs. John Perdue and family, and Miss Audrey Perdue returned home with them for a few days visit.

Mr. and Mrs. Jeff Talley spent Saturday night and Sunday in Dumas.

Mr. Fred Bandy has his father from Mineral Wells visiting him at this time.

Mr. and Mrs. Jimmie Allee and children of Pampa spent Sunday in the J. L. Talley home.

Mr. and Mrs. N. M. McGlone and grandma Harrison called in the S. M. Harp home Sunday afternoon.

Mr. and Mrs. John Perdue, Nell and Jerry took Sunday dinner in the Fred Bandy home.

Sidney Harp, Bill Perdue, Billy Bandy, Charles Talley and Olen Slone visited with Ben Talley Sunday.

#### ASHTOLA

Mrs. W. B. Miller

Mrs. J. R. Brandon spent last week in the home of her parents in the Windy Valley community.

Mr. and Mrs. J. A. Stewart accompanied by their daughter Peggy and sons Lamar and Hugh spent Sunday in the home of Mr. and Mrs. W. B. Miller.

Mr. and Mrs. Roy Brinson and daughter, Imogene and Mary Evelyn spent Sunday at Hedley with relatives.

Miss Ruth Nelson who recently underwent an appendectomy at Adair hospital, was able to return home Saturday.

Miss Earlean Wilson who has been a recent patient at Adair hospital was able to enter Clarendon High School Monday.

Miss Margaret Hill of Amarillo

### Automobile Drivers

Do you know that today, September 1, 1941, there is an even greater responsibility resting upon you? Do you know that this day, there are hundreds of little children loosed upon the streets of your city, crossing your streets several times each school day? Do you know that their very lives depend upon YOU, not the other driver? Do you know the sweetest life? Do you know the value of those little lives, to their parents and other loved ones? Have you a child, a sister, a brother, that you would want to murder or have murdered by some brainless thing called a human being at the steering wheel of an automobile? Do you want to take from them that which you cannot give, the right to live and enjoy their lives as do you?

Do you want to be a MURDERER? That is exactly what you are if you kill one of these little children by your carelessness and disregard of human life and the privileges of others. You are so classed under the laws of Texas, and in such a case the guilty one should be put behind prison walls for the rest of his life, away from, and for the protection of others.

I know that some accidents are unavoidable on your part, but on the other hand, you know and I know, that in the case of children, their ability to think and to realize danger is not mature; therefore, the responsibility rests largely upon you, Mr. and Mrs. driver. Let's drive carefully thru our streets and all school zones. You are not in any hurry. You just think you are. You have no where to go and nothing to do when you get there.

If our citizens will not obey this law, then I suggest that the law enforcement officers of our county and city, see that it is done to

the letter if they have to deputize half the population of Clarendon to see that the other half does obey the law.

—J. A. Warren.

### School Buses And Traffic Hazzard

AUSTIN—With traffic fatalities on the increase and travel heavier than ever before, school bus drivers will feel the weight of tremendous responsibility in the coming school year, State Police director Homer Garrison warned today.

Urging bus drivers to be sure their vehicles are in tip-top shape, Garrison said that a recent inspection revealed mechanical defects in every one of twenty six busses tested. Twenty three had defective brakes, thirteen defective lights, thirteen no fire extinguishers, sixteen no first aid kits. Most of them were defective in at least three important items.

Although the safety lane for inspection of private vehicles has been temporarily discontinued, Garrison said the Safety Division will continue to assist school authorities in inspecting busses.

Mrs. Lloyd Benson, who recently had a major operation in an Amarillo hospital, is again at home and doing nicely.

Present ceiling prices of 43 cents a pound have been placed on cotton print cloth by the Office of Price Administration and Civilian supply. The producer should get half that price—surely.

Root rot fungus spreads by slow growth along roots from plant to plant, even when they are dormant, at the rate of a foot or so a month.

Studies made at a state University reveal that only 37 percent of pre-school children in many rural areas of the country have ever had a health examination.

spent the week end with her mother, Mrs. Lucille Jameson.

Mr. and Mrs. Stogner and daughter Jo Nell spent one night last week in the home of Mr. and Mrs. Cletus Stogner.

Mr. and Mrs. Johnnie Moss and daughters Edith Marie and Wanda Lou of Groom spent Sunday in the home of Mr. and Mrs. Van Knox.

Miss Gladys Holley and her room mate from White Deer spent the week end in the home of Mr. and Mrs. W. P. Holley.

Rev. R. L. Self, the Baptist pastor filled his regular appointment Sunday morning and evening.

### Texas Panhandle Eats Own Wheat

Panhandle people who raise wheat say there's no sense in selling their wheat for 75 cents per bushel and buying the germ back in vitamin concentrate tablets at five cents apiece.

That's why the Food for Defense program in most Panhandle counties started with observance of "Whole Wheat Week," says Doris Leggett, Extension Service district agent who supervises home demonstration work in 22 Northwest Texas counties. County land use planning committees, who sponsored the movement, wanted first to make it easy for farm families to get whole wheat flour and cracked wheat at prices they could afford to pay. Then they wanted people to get their Vitamin B1 from one serving a day of a whole grain product rather than buy it from a drug store.

Cooperating in the campaign to eat Panhandle-raised wheat were flour mills, grocers, 4-H and home demonstration clubs, home economics classes, cafes, newspapers, radio stations, service clubs, women's study clubs, and farm organizations.

Miss Mable Johnson, employed in a Memphis beauty parlor, spent the week end with home folks.

SAID THE CHILDREN—

--- and Mother says it's better for us.

Smart mother—she knows what Vitamin B1 means to growing children. That's why she always keeps plenty of Hill's handy for the whole family to enjoy. Even Dad has the habit, too. There's more spring to his walk since he started. Why not try Hill's bread today? You'll like it.

You'll not make a mistake by trying our family loaf White Bread, or our 100% Whole Wheat and Raisin Nut Bread.

Good Wholesome Pies and Pastries.

## HILL'S BAKERY

**THE TEMPLE OF TRUTH**  
By the Apostle

**JUDGE'S RACKET.**  
Out in Arizona they have what is termed the Arizona Tax Research Association whose business it is to look into the cause and effect of tax money expenditure. Quoting from the Holbrook Tribune-News:

"While the Arizona Tax Research association has the various governmental divisions of the state under the glass, examining into their expenditures and methods, it has an opportunity to do the state a lasting service by making a study of what has become widely known as the 'judges' racket."

Anyone brought up in the Anglo-Saxon tradition of judicial integrity cannot help but be nauseated by the cheap, petty larceny chiseling in which some of Arizona's jurists indulge so freely.

Just how any judge, home from a junket to another county on the taxpayers' money, his expenses obtained by arranging with a fellow jurist to find some routine task for him to do, can mount the bench and with clear conscience

send some benighted culprit to the penitentiary for theft is something no decent citizen can understand.

Sounds like Texas! Except that many county officials do that junketing stunt in this state, as well as the judges. After reading that article from the Tribune-News by Columbus Giragi, we almost wonder what has been done about our gas case that has been before a tribunal for some years.

**MORE COMFORT.**  
There will be more comfort living next year. Already a machine is being placed upon the market that will answer for a gas stove during cold days, and with a mere twist of the wrist, turn into an air conditioner when hot weather comes along. It will be sold at about half what the present day air conditioners cost, we are informed.

**TIME FLIES.**  
How quickly the little ones grow up. You no sooner get rid of sitting up "with" them, until you are sitting up "for" them.

**SLIGHTED.**  
I've never been asked to contribute to a movement to save Niagara Falls.

**SHOCKED—NEARLY.**  
Kay Ottie in the county seat to see a store window unveiled, was greatly surprised to see his wife lying in the window sound asleep when the curtain was pulled back. She had been missing two weeks. Old Kay was so embarrassed that he stayed drunk three days.

**ARTISTIC.**  
Not the only permanent wave, is the one in your fender.

**CONSOLATION.**  
Don't feel too bad about the shortage of silk stockings, kiddies, mama's cotton stocking will mean the same to old Santa when Christmas comes along.

**CLIMATIC.**  
A night club is a place where you stay outside on a rainy night and get wet, or go inside and get soaked.

**INDUCEMENT.**  
The reason Napoleon beat the speed record of Hitler, was the encouragement within. Did you ever see a picture of Napoleon that he didn't have a hand inside stirring up the cooties? He couldn't sleep, so he simply kept traveling toward Moscow.

**QUERY.**  
Why is it that the same folks who tie up the family dog at night, turn their kids loose on the public?

**BOND ISSUES.**  
The biggest argument favoring road bond issues is the fact that promoters claim that the streets of Heaven, paved with gold, never would have been possible without a big bond issue.

**MIXED TYPE.**  
Often in a mad rush to get the paper out on time, the printer gets his lines mixed. The following appeared in the social column of the Winder (Ga.) News last week:  
"Mrs. J. K. Smith, the hostess, will be fair and cool today and unsettled and stormy tomorrow."

My most pleasant experience of the week is in a friendly greeting from Mrs. W. A. Davis who brought me a peck of pears. I would rather have the friendship and respect of these sweet old souls, God's uncrowned queens, than that of any other folks. I mean just that. They are sincere friends.

but such action is part of the army's plan to remove men considered unfit for further active duty so that army leadership may be raised to the highest standards of quality.

**GARDEN GLANCES**  
"America beautiful lies in the hands of the gardeners."

Do not be surprised if your phone rings some morning and a neighbor commands you to come over and see her dahlias. They are at their peak now and so heart-warming in their gorgeous colorings, that no garden should be without them.

Very tall and vari-colored dahlias enhance the yards of the Rundles and Simpsons.

A drive to the John Goldston farm will delight dahlia fans—for there in unsuspected profusion one will find many varieties of unusual height and gorgeous blossoms.

Many trees are at their best now and it is a good time to study the characteristics of the tree and to determine which ones you will plant in your own garden this coming year. Several rare trees for this locality are the mimosa and golden rain tree, a thing of beauty whether in flower or foliage.

The flowering peaches and crabs always excite wonder and admiration by their beautiful flowers. The Hopa crab with its hundreds of tiny pink apples is decorating the landscape at the Joe Goldstons.

As a note of interest, why not plant a pecan or two. It is your official state tree.

Mrs. Bill Moore is reported as being quite ill at her home on East 2nd Street.

**Chiropractic**  
LIVER DISORDERS

Fats seem to have comparatively little influence on the secretion of bile by the liver, although they have a marked stimulating effect on the gall bladder. Sugars and starches likewise do not promote bile secretion by the liver—in fact, they may inhibit it but meat and other protein foods have a pronounced stimulating action. Thus, an ordinary mixed diet that includes meat may be used in simple functional liver sluggishness, avoiding excessive sugars and starches.

In organic disorders where there is much liver damage, however, proteins appear to be injurious and hence are allowed in only small amounts. Starches and sugars are increased to help protect the liver, and moderate amounts of simple fats are permitted. Marked hepatitis may necessitate a high-carbohydrate, light diet. Chronic, less severe cases may use a diet with moderate amounts of fat and protein permitted, and a liberal intake of carbohydrates.

**Ouster of 170 Army Officers Approved**

WASHINGTON—A secret board of five generals today recommended the removal of 170 regular army officers from active duty.

The war department announced that under a recent law the officers on the list who have held their commissions for less than seven years will be honorably discharged, while the men with longer service will be retired, their pay to be determined by rank and their years in the army.

The secretary board's decision is subject to the approval of Secretary Stimson. The officers also have the privilege of requesting retirement and the department said that 66 out of 133 notified of the recommendations already had asked for retirement.

The war department gave no reason for removal of the officers.

# HOME ON THE RANGE

(For At Least One Night)

Early one morning we, that is, daughter Esther, Curtis, Joe Young, the editor of the "Temple of Truth" in this paper, Mrs. Griggs and myself, started to the mountains across the Rio Grande from Hot Springs to hunt rocks, and we found some beauties too. The drive across the dam at Elephant Butte is very interesting and beautiful, as most of the road was cut out in the mountain side by the CCC boys stationed to the dam.

We turned south at Engle for several miles, and on to an open flat prairie where we saw four beautiful antelope, that is, we in the front car, but the one in the second car never had a chance to see deer or antelope, as they do not seem to like strangers, and moved on to a place of safety.

Driving up Mt. Caballo is a picturesque drive and if you will follow the road which seems to end at every turn—and they are many—high on the mountain side in front of you can be seen beautiful trees, under one of them we spread our lunch, and believe me, we enjoyed it, as the Editor's car was too long as well as too low to make it across a ditch, and we had to "work" out of this.

After lunch, and the camp cleared, that is all fires must be put out. Be sure you do this too, for it would not be good for you if a ranger should catch you leaving fire at your camp. We saw a cloud gathering in the southwest, and our guide, an old time, Joe Young advised us to pull up stakes and move on across the arroyo before the rains come. Well we did move across one arroyo, but by this time the clouds had begun to move on to the east, so we decided to take another chance, and began to gather rocks (this rock gathering becomes a fad with a fellow that does not know any better), and before we knew what was happening, it began to rain, so we waited for it to stop, but it kept on for some time; so after a while we decided best to move on, and we did, until we came to the arroyo, which was almost half

bank and more water coming. Some of us thought we could cross alright, but J. C. vetoed that move before it started. One of the party advised that the water would soon be gone, but we waited, and higher and higher came the water and lower and lower went the sun, until it disappeared for the last time that day.

So, J. C. and Joe decided it was coffee time, and so J. C. went to gather dry branches from among the wet ones, and by the time Joe returned with the water, J. C. had a fire going, and coffee they had, too. I had waited for day light to come for the last 65 years, but I believe that night was the longest I had ever lived through.

Daughter Esther, Mrs. Griggs and I spent the night in the Editor's coupe, while he, Joe and Curtis slept or spent the night in a 1940 pickup.

We awoke at 4 a. m. next morning, and could not sleep again. It was the quiet that awoke us. City dwellers not long from the clatter of cars, the shrill cry of the news boys selling their wares, it was simply too quiet. There was no sound at all, except the howl of the coyotes and the shrill voice of the cowboys at a distant ranch house—the Aultman Bros.

Our bed was not of the best that night, and before it was good daylight we was at the bend of the arroyo trying to locate the best place to cross, but there was only the one place, so we went to work with a shovel J. C. carried with him, and soon had the wet dirt removed as well as some new washed holes filled with rocks, so we crossed ok.

As we drove on, ahead of us a family of startled deer dashed for cover. We stopped to watch them. In their confusion they missed the trail, and from a dead end ledge, retraced their steps. Twice again they made false starts and back tracked in haste. The old buck succeeded in leading the way up and around seemingly impassable ledges. To our great relief they are safe and disappear over the top.

As we were crossing the lake at one point the walls was several hundred feet high on our left, while on our right was several hundred feet to the water below, so I asked J. C. to look at the signs of the fish. His reply was "I don't want to look, it makes my head swim." And on to Hot

Springs for breakfast. If there is any of you who do not believe this story, I will kindly refer you to "The Editor of the Temple of Truth," in this paper. —C. E. Griggs.

**GOLDSTON**  
 Beatrice Smith  
 \*\*\*\*\*

63 attended Sunday school Sunday. Everybody come next Sunday.

Goldston had a Conference meeting Sunday, with Bros. Forch Palmer and Willard attending.

Bro. Forch will leave soon to go to North Dakota. Bro. Willard will take his place.

Glen Brock, Ozell Lewis, Alan Guinn and Lorene Brock spent Sunday at Lake McClellan.

Mr. and Mrs. Orrin Waits from Lakeview visited Mr. and Mrs. Halcomb and daughter Saturday evening and Sunday.

Mr. and Mrs. Sam Dale and daughter and Mr. J. R. Dale visited Mrs. Nina Cross of Brice Sunday.

Mr. Glen Brock made a business trip to Borger Saturday.

Leon, J. D. and Eugene Riley visited in the Collier Brock home Sunday evening.

Mr. and Mrs. Bob Hay of Clarendon visited Mr. and Mrs. Haskell Hay Thursday night.

Mr. Howard sponsored a party for the young folks Wednesday night of last week.

Tom Eanes sponsored a party at the seed house Friday night.

Quite a few visitors attended Sunday school and church Sunday. We welcome them all back.

Mrs. Terrell Trussel and children and Mrs. Townson of Clarendon and Mrs. Leonard Dozier and Miss Mary Alice Petterson of East Texas visited Mr. and Mrs. Ray Roberson and family Sunday.

Mr. and Mrs. Jack Clark of Quail spent Sunday with Mr. and Mrs. Jim Peggram and family.

Mr. and Mrs. Bob Anderson visited relatives in Clarendon Sunday.

Mr. and Mrs. Doe Ford and family of Groom spent Saturday nite and Sunday with Mr. and Mrs. Bill Littlefield.

Monnett Howell ate supper in the Jim Peggram Sunday night.

We were glad that Mr. and Mrs. Grant and Mrs. Wilson Gray's father and mother, Mr. and Mrs. Bones of Clarendon could be with us at Sunday school and church Sunday.

Mr. and Mrs. Walter Goldston spent awhile Sunday evening with Mr. and Mrs. Jim Peggram.

Mr. and Mrs. Jim Peggram visited awhile Saturday night in the Bill Littlefield home.

Mr. and Mrs. Bill Rowe and family visited in the William Pierce home awhile Sunday evening.

We are sorry to say that Mrs. Ray Roberson is ill.

Mr. and Mrs. L. G. DeBerry of Memphis visited awhile Sunday evening with Mr. and Mrs. H. C. Smith.

Mr. and Mrs. Jim Peggram visited in Quail Friday.

Clyde, Vivian and Margaret Mott and Arthur Conic of Amarillo visited with Mr. and Mrs. Joe Dilli Sunday evening.

Mr. J. D. Pope visited over the week end with Mr. and Mrs. Odell Mantooth at McLean.

Mr. and Mrs. Howard visited awhile Sunday evening with Mr. and Mrs. Joe Dilli.

Miss Mary Primm left Sunday for home at Kads Mill. She has been visiting her sister, Mrs. Damon Farr a few weeks.

Violet Gholston, Dennis Rattan, Katharin Allen, Herman and Jaunita Mooring visited awhile Sunday evening with Ethlyn McBrayer.

Mr. and Mrs. William Pierce and family spent Sunday in the Ray Brock home.

## Terrace Now Pay Later

COLLEGE STATION, Sept. 18.—Terrace your land now and pay later when you get your AAA payment is the new device Texas farmers will have available under the farm program in 1942. With the program placing still greater emphasis on soil-building practices in 1942, terracing has been added to the conservation materials and services program to enable more farmers to terrace their land, Fred Rennels, assistant administrative officer of the AAA in Texas, has announced. This phase of the AAA pro-

gram, designed to assist cooperating farmers in carrying out more soil-building practices, already makes it possible for them to obtain phosphate, Austrian winter peas and vetch during the planting season and the costs of materials are being deducted from their AAA payments. Similar arrangements may be made in those counties which adopt the terracing program, Rennels explained. County AAA committees, in counties where there is sufficient demand for the terracing program, will let bids on a 100-foot basis to contractors who will be paid by the AAA after the terraces are completed, the AAA official said.

Since the expanding conservation materials and services program throughout the nation may result in difficulties in securing necessary seeds and supplies, terracing is being added to help farmers make the maximum use of the AAA's soil-building assistance. Future AAA payments no doubt will be contingent upon carrying out more soil-building practices, Rennels said. Under this program, farmers may use 70 percent of their total farm payments for terracing.

Mr. and Mrs. Billie Joe Terrell and Henry Williams were down in Young County Thursday and Friday, attending to business matters.

Mr. and Mrs. Chester Williams of Amarillo, spent Sunday here with homefolks.

## NOTICE TO TAXPAYERS

Clarendon Independent School District

The Board of Trustees of the District has adopted the provisions of the recent tax law, H. B. No. 76, passed by the State Legislature, wherein all penalty and interest, except 6%, is remitted on tax due and delinquent prior to July 31st, 1940, providing all tax due is paid before November 1st 1941.

The provisions of this remission bill were adopted by the Board in order to encourage payment of delinquent tax due the District at this time and to help relieve the financial problems caused by recent storm damage to school property.

Property owners, owing delinquent tax, can make a substantial saving in interest and penalty charges and at the same time materially aid their schools in this emergency. The provisions of the Act expire November 1st 1941.

For further details see, A. L. Chase, Tax Collector.

Mrs. Edythe Maher is in Dallas this week.

Mr. and Mrs. Chester Williams of Amarillo, spent Sunday here with homefolks.

Mrs. R. M. Morris is spending the week with relatives in Plainview.

Mrs. Hubert Heatherly and little son, left Monday for Spearman to spend the week with her brother, Mr. and Mrs. Jake Estes.

Mr. and Mrs. Jack Merchant of Pampa were week end guests of his parents, Mr. and Mrs. Cal Merchant.

### POSTED WARNING!

Positively no hunting on the Rowe ranch, Mill Iron ranch, Shoe-Bar ranch or Word ranch. This area is included in the State game preserve.

*Modern Ideas*

*for Modern Living*

**Modernization IS NOT A LUXURY**

Modernizing your home is a good investment - it adds to the value of your property and to your enjoyment of it. We carry a complete line of materials for remodeling and redecorating your rooms, and we can arrange long term, low-interest loans on remodeling purchases. Come in now and let us help you plan your modernizing before cold weather sets in.

**BUILD A NEW HOME**

If you don't already own your own home, now is the time to take advantage of the FHA housing plan. You can be paying for a new home with your rent money. You will have a happier home with a new home.

**SHAMBURGER LUMBER CO.**

BILL WEATHERLY, Mgr. —Phone 20— JIMMY WATERS

**It's Funny How Folks Still Call it the "Light" Bill**

"WELL, Mary, here's the light bill for last month. Funny, isn't it, how we still call it the *light* bill! Remember when it really *was* the light bill?"

"Uu-u-m-m. Yes, siree. We were mighty proud to have just electric lights . . . and in those days we paid about as much every month as we do now, *and all we got was light*. And they were off in the daytime, too, and we weren't too sure of 'em at night."

"It's sure different now. We get darn good service. For about what we used to spend for lights alone, we're lighting the house a lot better and washing and ironing clothes, cleaning the rugs, toasting the bread, running the radio, using the refrigerator, and shaving my face. I'd say we're getting a lot *more* for our money."

*Reddy Kilowatt* says:

**"Why not call it the 'Service' bill?"**

Yes, the old-time "light" bill today really is for "electric service," which has taken away a lot of old-fashioned drudgery and added a lot of pleasure and enjoyment. Electric service has been doing these things for less and less money. The thousand men and women in this organization have had the training and experience to serve you more economically. You profit from the business operation and management of the company which has but one aim—to keep on giving you *better service at lower cost*.

Letters from the People:

"Our present low electric rates, cheaper appliances, and unsurpassed service are indeed a joy when we look back to the old days of frequent interruptions and part-time service. . . . We often resorted to the kerosene lamp, stored away handy. And we paid 15 cents per kilowatt-hour and 50 and 60 cents for bulbs . . ."

—MRS. H. V. PAYNE, Dalhart, Texas

**West Texas Utilities Company**

## PUBLIC INVITED TO INSPECT CAMERON'S "TEXAN" HOME

With construction work progressing satisfactorily, the second official FHA inspection of the Cameron-Built "TEXAN" home at 400 Taylor Street was completed on Monday of this week. This home is typical of 36 "TEXAN" homes Wm. Cameron & Co., has built in 35 Texas cities and towns. The inspection was conducted by Mr. Wolfelin, FHA architectural inspector. The frame work, size of rooms, workmanship, quality of materials and plumbing and

wiring installations were carefully checked by the inspector in order to make certain that plans and specifications, previously approved by FHA, are being closely followed. "The public is cordially invited to inspect this unusual home as the construction progresses," said Roy C. Wyatt, manager of the local Wm. Cameron & Co. building material store. "Already we have had a number of visitors. Their various comments indicate

that considerable interest in new home construction is being stimulated here by this project. Various authorities upon economics and finance throughout the country are urging that now is a good time to build and that by owning a home, you can pay rent to yourself. The remarkably payments required to buy a modern, well-built home such as this are lower than many persons pay for rent. Many of the features of this "TEXAN" model home meet higher construction standards than the usual high standards required by FHA. These "plus values" are highly desirable in such a home designed to represent the best efforts and most modern practices in achieving home beauty and livability at a very moderate cost. Such homes as this one, approved by FHA, can be bought with a down payment of not less than 10% of the value of the completed home and grounds and monthly payments amounting to less than \$1.00 per day.

This home is one of more than 50 distinctive designs created especially for the Southwest by Cameron's Home Planning Department. Some of the extra values that are built into each one of these homes are the following:

1. Long-life, substantial concrete foundations that go below the frost line.
2. Cameron floor joist construction that prevents shty floors.
3. Sub-floors and felt under the floors to keep out cold air and prevent squeaks.
4. The correct size and number of ceiling joists to prevent sagging.
5. Thorough bracing in the attic to keep the roofs properly lined up.
6. Top-quality, long-lasting, expertly applied roofs.
7. IDEAL wood preservative treated windows to resist moisture absorption, insect attacks, and decay.

8. IDEAL precision-made mill-work, manufactured in the Southwest's largest and most efficient woodworking factory.
9. Large closet and storage space and other extra conveniences.
10. Plenty of convenient electric plugs and switches.
11. Experienced placement of windows and doors to permit varied arrangement of furniture.
12. Wallpaper selections and paint color-styling approved by one of the country's outstanding authorities.
13. The famous IDEAL Step-Saving Kitchen, quality-built, designed by cooking experts to reduce kitchen work to the minimum.
14. Attractive, correct architectural details, sound construction, throughout, and thoroughly tested livability in floor plan and interior decorative treatments.

## More Tourists Visit Texas

AUSTIN, Sept. 16. — Tourists coming to Texas during this summer's vacation period apparently have been seeing more of the Lone Star State and driving more miles in Texas than did tourists last year. This is indicated by a survey by the Texas Highway Department made at the 11 courtesy and information stations operated during the summer by the Department at the various points of entry into the state. It is shown by a six week's summary of the station's operations, from June 17 to July 27 this year, that 13,272 out-of-state cars stopped at the 11 stations. Those cars covered 7,650,525 miles in Texas, it was estimated by checking their proposed routes. This was an average of 668 miles per car, as compared with an average

of 493 miles per car in 1940. Thus, it appears tourists are travelling about 25 per cent farther in Texas this year.

During the six week's period covered by the present summary (June 17 to July 27), 23,049 cars were served at the 11 stations operated by the Department this summer. Of these, 9,777 were Texas cars, and 12,272 were out-of-state automobiles.

California cars stopping at the stations outnumbered all others, totalling 2,354 vehicles, while only 7 cars from Rhode Island were listed.

A comparison of the estimated number of miles driven in Texas per car by states shows Maine led with 1,200 miles, and Oklahoma being lowest with 403 miles per car.

The Highway Department courtesy and information stations are operated during the heaviest summer months of tourist travel. The 11 operated this summer were located at Texarkana, Gainesville, Denison, Wichita Falls, Texline, Glenrio, Pecos, Canutillo (near El Paso), Laredo, Orange and Marshall.

It was expected, however, that the farm plan, which has been used in the past to inform farmers as to their allotments and probable payments and to encourage soil-building work, will be revised to include a complete survey of food production on the individual farm and a pledge of greater production of the foods needed for defense, Vance declared.

Greatest emphasis in the campaign will be on milk production. Secretary Wickard has asked for the production of 125,000,000 pounds of milk in 1942 as compared with an estimated 1941 production of 116,809,000 pounds.

Other important production goals include the following: eggs, 4,000,000,000 dozen as compared with 3,676,000,000 in 1941; hogs, 79,300,000 animals slaughtered as compared with 71,000,000; beef and veal animals slaughtered 28,000,000 as compared with 25,100,000; chickens, 750,000,000 as compared with 680,000,000.

## BARBARISM IN OKLAHOMA

Authors and publishers in all parts of the United States are making justified protest against what the Publishers Weekly calls this country's most disheartening assaults on the freedom of speech guarantees of the Bill of Rights in recent years. These assaults have taken place in Oklahoma and include the book-burning episode in the stadium last year, the inflicting of ten-year prison sentences and \$5,000 fines on three men and a woman for having radical books in their possession and the indictment of eight others on similar charges.

These almost unbelievable steps were taken on the basis of a criminal syndicalism law passed

by the Oklahoma Legislature in the first World War. Ten thousand books were seized in a bookstore and in five homes, and fifteen men and three women—some of them mere customers—were arrested and held incommunicado over a week end. Bonds for twelve were fixed as high as \$100,000 but later were lowered. In the trials of the first defendants, no attempts were made to show that they had advocated violence or had committed over acts against the government.

The seized books, which will be burned under Oklahoma law unless the convictions are reversed, include such works as Carl Sandburg's Abraham Lincoln and Marquis James' Andrew Jackson—both winners of the Pulitzer prize—and best-seller novels like Ernest Hemingway's Farewell to Arms and John Steinbeck's Grapes of Wrath. In the trial of the three defendants absurdly convicted, an offer to prove that such literature could be found in any well-appointed bookstore was barred on the ground that "proof of a crime by other persons is no defense."

The Oklahoma action is Hitlerism at its worst. As pointed out by one of the protesting authors, Meyer Levin, "the dangerous and destructive revolutionists in this instance are the people who would cancel our basic liberties, as the book-burners of Germany cancelled the liberties of that unhappy nation."—Dallas News.

It is unlawful to kill prairie chicken until September 1, 1946.

Mr. and Mrs. Clark and sons Ralph and Russell of Portales spent the week end here with her sister, Mr. and Mrs. Will Johnson.

## Better Late Than Never

COLLEGE STATION.— Every farmer in Texas will be contacted before December 1 in a house-to-house survey on food production and a sign-up of pledges to increase the production of foods needed in this nation and in those nations resisting aggression. B. F. Vance, chairman of the Texas USDA Defense Board, has announced here.

In response to the Secretary of Agriculture Claude R. Wickard's setting of national food production goals, the Texas USDA Defense Board is laying plans for an intensive campaign to increase food production, Vance said. The board, working through the 254 county USDA Defense Boards in the State, probably will use the farm plan sign-up of the Agricultural Adjustment Administration during November as a means of reaching all the farmers in the state.

On September 8, Secretary Wickard proclaimed national production goals on milk, eggs, hogs, and other food products in order to meet the increased demand in this country and to feed the nations resisting aggression. Under authority granted by Congress, the Department of Agriculture will support prices of the needed foods at not less than 85 percent of parity until December 31, 1942. Detailed plans for the campaign have not been made, Vance declared, and probably will not be announced until after the meeting in Memphis September 29 and 30 of all USDA defense boards from the Southern states. All Texas board members will attend the meeting, he said.

"SERVICE in our middle name!"

CITIES SERVICE

## Now We're Ready!

Let us help give Your Car An Extra Year of Youth

WE ARE PROUD TO ANNOUNCE TO LOCAL MOTORISTS AND DEALERS THAT WE ARE DISTRIBUTORS FOR NATIONALLY-FAMOUS CITIES SERVICE PRODUCTS

Ready is the word! For every car that comes in at the Cities Service sign we have oils, gasoline and all the necessary extra facilities to help give it an extra year of youth. Have it completely "Cities Serviced!" Find out now what this means to you in easier, more enjoyable, more economical driving and longer life to your car. If you haven't tried Cities Service products, you're missing some of the finest aids to modern motoring. Plan your first visit now. Look for our sign and drive in. Let us show you in a few minutes how we can prove that "Service is our Middle Name!"

Here are 3 of our featured products—Your car will respond to them from the start!

**Koolmotor Gasoline**—The favorite fuel of millions of seasoned motorists! It's sure-fire; provides vital engine-energy in all seasons, and it's made for modern motoring needs. Use it to help keep your car young!  
**Cities Service Motor Oil.** The new Heat-Proofed oil that has been subjected to greater heat in the refinery than it ever will have to meet as a lubricant in your engine. Made for modern high-speed engines, it resists their heat. A sturdy, durable protector, it helps keep your car young!  
**Koolmotor Motor Oil.** For those who demand perfect Pennsylvania oil. Heat-Proofed, too! It passed the "super-heat" test in the refinery, so it can ably withstand high engine heat. Those who know its robust qualities realize that every drop goes to work, to help keep your car young.

"BE MY GUEST—Every Friday Evening!"

"This is Lucille Manners inviting you to join our Cities Service Concert with Ross Graham and the Cities Service Singers and Orchestra under the direction of Frank Black."

# NOTICE TAXPAYERS

House Bill No. 76, passed recently by the Legislature and signed by the Governor, releases all penalty and interest on State and County Ad Valorem Taxes, both real and personal, that were delinquent before July 1, 1940.

If you have any such delinquent State and County Taxes, you may take advantage of this complete interest and penalty remission NOW by paying—

## ALL TAXES DUE

If a lien holder wants to pay all the delinquent taxes on the property on which he holds a lien, it will be necessary for him to pay a penalty of 6 per cent, unless all the taxes on all other property owned by the taxpayer, both personal and real, are paid at the same time. The above rule also applies to the owner of the property.

## THIS LAW EXPIRES NOVEMBER 1, 1941

(This law does not affect 1940 taxes. The usual penalty will be collected on delinquent taxes for 1940.)

Under the Penalty Remission Bill, all penalty and interest are released if all delinquent taxes are paid.

Your 1941 State and County Taxes may be paid after October 1, 1941 with a Discount of 3% during the Month of October, 2% during November and 1% during December. No Discounts allowed during January, 1942.

For Further Information See or Write Your County Tax Collector

GUY WRIGHT  
SHERIFF, TAX ASSESSOR & COLLECTOR, DONLEY COUNTY

### Defense Bond Committee Will Meet

E. Byron Singleton, of Amarillo, who is District Chairman of the 18th Congressional District Defense Bond Committee, has announced that a luncheon for all county representatives and committeemen will be held in Amarillo on September 29. The luncheon will be held in the Amarillo Hotel, at 11:45 a. m., and is for the purpose of forming plans and launching the sale of Defense Bonds and Stamps throughout the 18th District.

Frank Scofield, of the Treasury Department at Austin, will be the principal speaker at the meeting.

The Donley county representative of the 18th Congressional District Committee is Tom F. Connally. The county committeemen are as follows:

F. E. Chamberlain, Mrs. Frances H. Taylor, J. L. McMurtry, J.

D. Swift, W. H. Patrick, Sam M. Braswell, J. C. Estlack, Mrs. Katherine Patrick Bugbee, Miss Charlotte Molesworth, Tom F. Connally, H. T. Burton, Wesley Knorpp, J. W. Noel, W. C. Payne, C. E. Johnson, Mrs. Mabel E. Jones.

District representatives and all members of the County Defense Bond Committees are urged to attend.

### CONTRIBUTIONS MADE TO BOYS RANCH

A large amount of canned goods have been left at the county agent's office for the Boys Ranch without leaving the names of the donors.

Among the latest contributors to this worthy cause are Mr. and Mrs. E. M. Ozier, Mrs. C. L. Benson, Mrs. Chester Talley, Mrs. John Losson, Mrs. M. V. Harvey, Mrs. Sarah Stocking, Mrs. Fred Bandy, Mrs. N. C. Hudson, Mrs. S. M. Harp, Mrs. J. S. Dale, Mrs. F. A. Finch.

Mrs. Harry Blair visited in Childress Wednesday.

### FEED GROWERS WILL SEE SILO FILLING DEMONSTRATIONS

According to county agent H. M. Breedlove, farmers in Donley county are putting their feed away in the trench silo. Forrest Sawyer, well known Donley county ranchman and farmer, probably has the largest supply of feed put away than any other farmer or ranchman in Donley county. Mr. Sawyer has stored away approximately four hundred and fifty tons of silage on his farm two miles north of Clarendon on the Jericho road. Mr. Hamil of the Lelia Lake community will fill his silos next week and will put up in the neighborhood of three hundred and fifty tons of silage. Mr. Hamil who is one of our leading farmers in Donley county stated that his silage fed from the trench silo last year was some of the best feed that he has fed. A demonstration will be held at the Hamil farm next week and farmers in Donley county will be mailed notices so that they might attend the demonstration and actually see the filling of the silo.

Mr. Clyde Bridges of the Hedley community will fill his silo next week and a demonstration will also be held at this farm and farmers in that vicinity can come to the Bridges farm and attend the demonstration. Notices will also be mailed on the demonstration. Mr. Bridges has fed silage from his trench silo before, and Clyde says that it is the best method to put up feed to keep it from drying out and ruining from weather exposure of any other method that he has ever used.

Mr. Sawyer who uses his silage to feed out his good hereford calves says that silage puts good cheap gain on his calves and he markets his feed at a good price. Mr. John Bass is also digging a silo and will fill next week, and this silage will be fed to cattle for the market.

Breedlove urges that farmers use the trench silo method of putting up their feed and store up the feed while we have a big feed crop in view because when one of those dry years comes along then it will be a big help to open up the silo and feed the silage that has been preserved in the trench silo, and your neighbor who did not put up any of his feed will be buying feed while you are feeding feed that is as good as the day it was put into the silo. The oldest silo in Donley county is six years old and the silage is in perfect shape. "Let's preserve feed by use of the trench silo and have no fear from the dry years as far as feed is concerned," Breedlove said.

### Soil District For Donley

County agent H. M. Breedlove announced this morning that he had received word from the State Soil conservation board at Temple, Texas that the hearing in Donley county on a proposed soil conservation district for Donley and Collingsworth counties had been approved and an election of landowners in both counties has been ordered for the twenty fifth of October.

It is necessary that two thirds of the landowners in both counties vote for the conservation district before it becomes in effect. The district if voted in effect will give the farmers and ranchmen of both counties the advantages of the soil conservation service and probably technical service from other government organizations.

If the landowners vote for the conservation district then they will enter into agreements with the Soil conservation service to carry out certain conservation practices on their farms that are necessary to prevent water and wind erosion of the soil. It is not compulsory that all landowners take part in the program even if it is voted into effect. Breedlove

### Land Loan Board Elected Monday

A large number of borrowers through the Clarendon National Farm Loan Association attended the annual stockholders meeting Monday morning in the Pastime Theatre. C. E. Killough, Secretary-Treasurer, told the crowd of home owners that 181 farmers in this area are using the Association's long term, low interest rate Federal Land Bank loans to climb to farm and ranch ownership, or to refinance obligations at lower rates and more desirable terms. The interest rate on both Federal Land Bank and Land Bank Commissioners' loans having been reduced by Congress to 3 1/2 per cent.

President Odos Caraway of the Association was chairman of the meeting.

Mr. Caraway and Henry Williams were re-elected to three year terms on the Association Board of Directors. Hold-over Directors are C. H. Bugbee, C. B. Morris and R. W. Moore.

In his annual report, the Secretary-Treasurer revealed that Clarendon National Farm Loan Association, chartered in 1922, now has 181 loans for \$750,000.00 on its books, in addition to 116 Land Bank Commissioner Loans for \$202,800.00. But the figures are important only for what they represent. Mr. Killough announced, and what they stand for is more than 300 farm families owning their homes, living on their land in Donley County. He pointed out that members of the Association are protected in their ownership because with a Land Bank Loan or Commissioners' loan only a small portion of the total loan comes due at any one time, yet the farmer can pay ahead in fat years to take care of lean ones, or reduce the length of time required to pay off his indebtedness.

O. C. Stone, District Supervisor of Amarillo for this area, attended the meeting and gave an interesting talk on the progress of the Federal Land Bank System.

Mrs. M. C. Goodner and son Tommy spent the week end in Amarillo in the home of her sister, Mrs. Upshaw. They attended the Francher Upshaw nuptials.

One scrapped automobile has enough iron and steel to make a light cannon, and twenty cars have enough for a light tank. Two and one half million autos go on the dump yearly.

but it is purely voluntary on their part.

This does not mean that the government will do the work Breedlove said because the government will only furnish the technical service and all of the terracing and other conservation practices will be at the expense of the landowner taking part in the program and therefore the expense is to be borne by the landowner. The length of the agreement entered into by the landlord is determined by the types of conservation practices necessary to make a balanced conservation program on the individual farm.

Breedlove stated that a meeting would be held during the month of October for educational purposes and the program explained to the landlords and then they can decide for themselves as to whether they wish to vote in favor of the conservation district. Voting boxes will be announced at a later date and all landowners will have the opportunity to vote and express their desire as to whether they want the conservation district or not. The Donley county land use planning committee will meet on Thursday Breedlove said and select the places for the boxes to hold the election.

(Kindly notice the change of hour of evening worship)

We do not claim to be the Only Christians but Christians ONLY. Our rules, creed, ordinances are all found in the New Testament and will unite with any church that will make good that statement. You are always welcome at the Christian Church and we don't make a practice of speaking lightly of your belief.

**DRIED HUMAN ARM AND HAND CARRIED BY BRADY YOUTH**

BROWNWOOD, Sept 18.—A dried human arm and hand which a Brady youth was carrying in his automobile today sent officers scurrying on the trail of a series of murder rumors.

A soldier hitch-hiking from Ft. Worth spotted the specimen in the back of the car and gave Camp Bowie officers the license number.

State Patrolman H. C. Smith said the youth was trailed to Brady where he explained a doctor near Marshall gave him the arm which came from a medical school about 1892.

Mrs. J. W. Smith of McLean is a guest of Mrs. J. L. Allison.
