MOONLIGHT MANNERS

Most of the main street merchants have something special planned for their patrons on Friday, September 29, in the way of special prices for good buys on items in their stores.

In order to give everyone a chance to shop, stores will remain open after hours.

To continue the weekend specials, stores will conduct a sidewalk sale on Saturday with the outdoor display of merchandise.

Longtime resident Mrs. Adkins rites held

Funeral services for Mrs. Dora Tallulah Adkins, age 97, a resident of Clarendon since 1919 were held at 3:00 p.m. on Wednesday, September 27, 1978 in Robertson Chapel of Memories with Rev. W.R. Lawrence, Baptist Minister and Don Stone, Minister of the Clarendon Church of Christ officiating. Interment was in Citizens Cemetery with arrangements under the direction of Robertson Funeral Directors.

Mrs. Adkins died at 5:45 a.m. on Tuesday, September 26, 1978 in Medical Center Nursing Home in Clarendon after a lengthy illness. She was born October 13, 1880 in Denton County, Texas. She married T.R. Adkins on December 22, 1905 at Flower Mound, Texas. They moved to Clarendon in 1919 from New Boston, Texas. He died in 1934. She was a member of the United Presbyterian Church and the United Spanish War Veteran's Auxiliary.

Funeral services for Lesker Olen Christie, age 77, a resident of Donley County since 1907 were held at 1:00 p.m. on Wednesday, September 27, 1978 in the First Baptist Church with Rev. Robert Shugart, minister of the Martin Baptist Church officiating. Interment was in Citizens Cemetery with arrangements under the direction of Robertson Funeral Directors.

Mr. Christie died Monday, Sept. 25 in Dalhart after a short illness. He was born February 14, 1901 in Texas. He came to Donley County in 1907 from Cement, Oklahoma. He married Sallie Gertrude Jacobs on December 18, 1921 in Lelia Lake. She died in 1976. He was a member of the Martin Baptist Church.

Register to vote

The Secretary of State has urged Texas residents to register in order to vote in the general election.

Deadline for registering in order to be qualified to vote in the November general election is October 8.

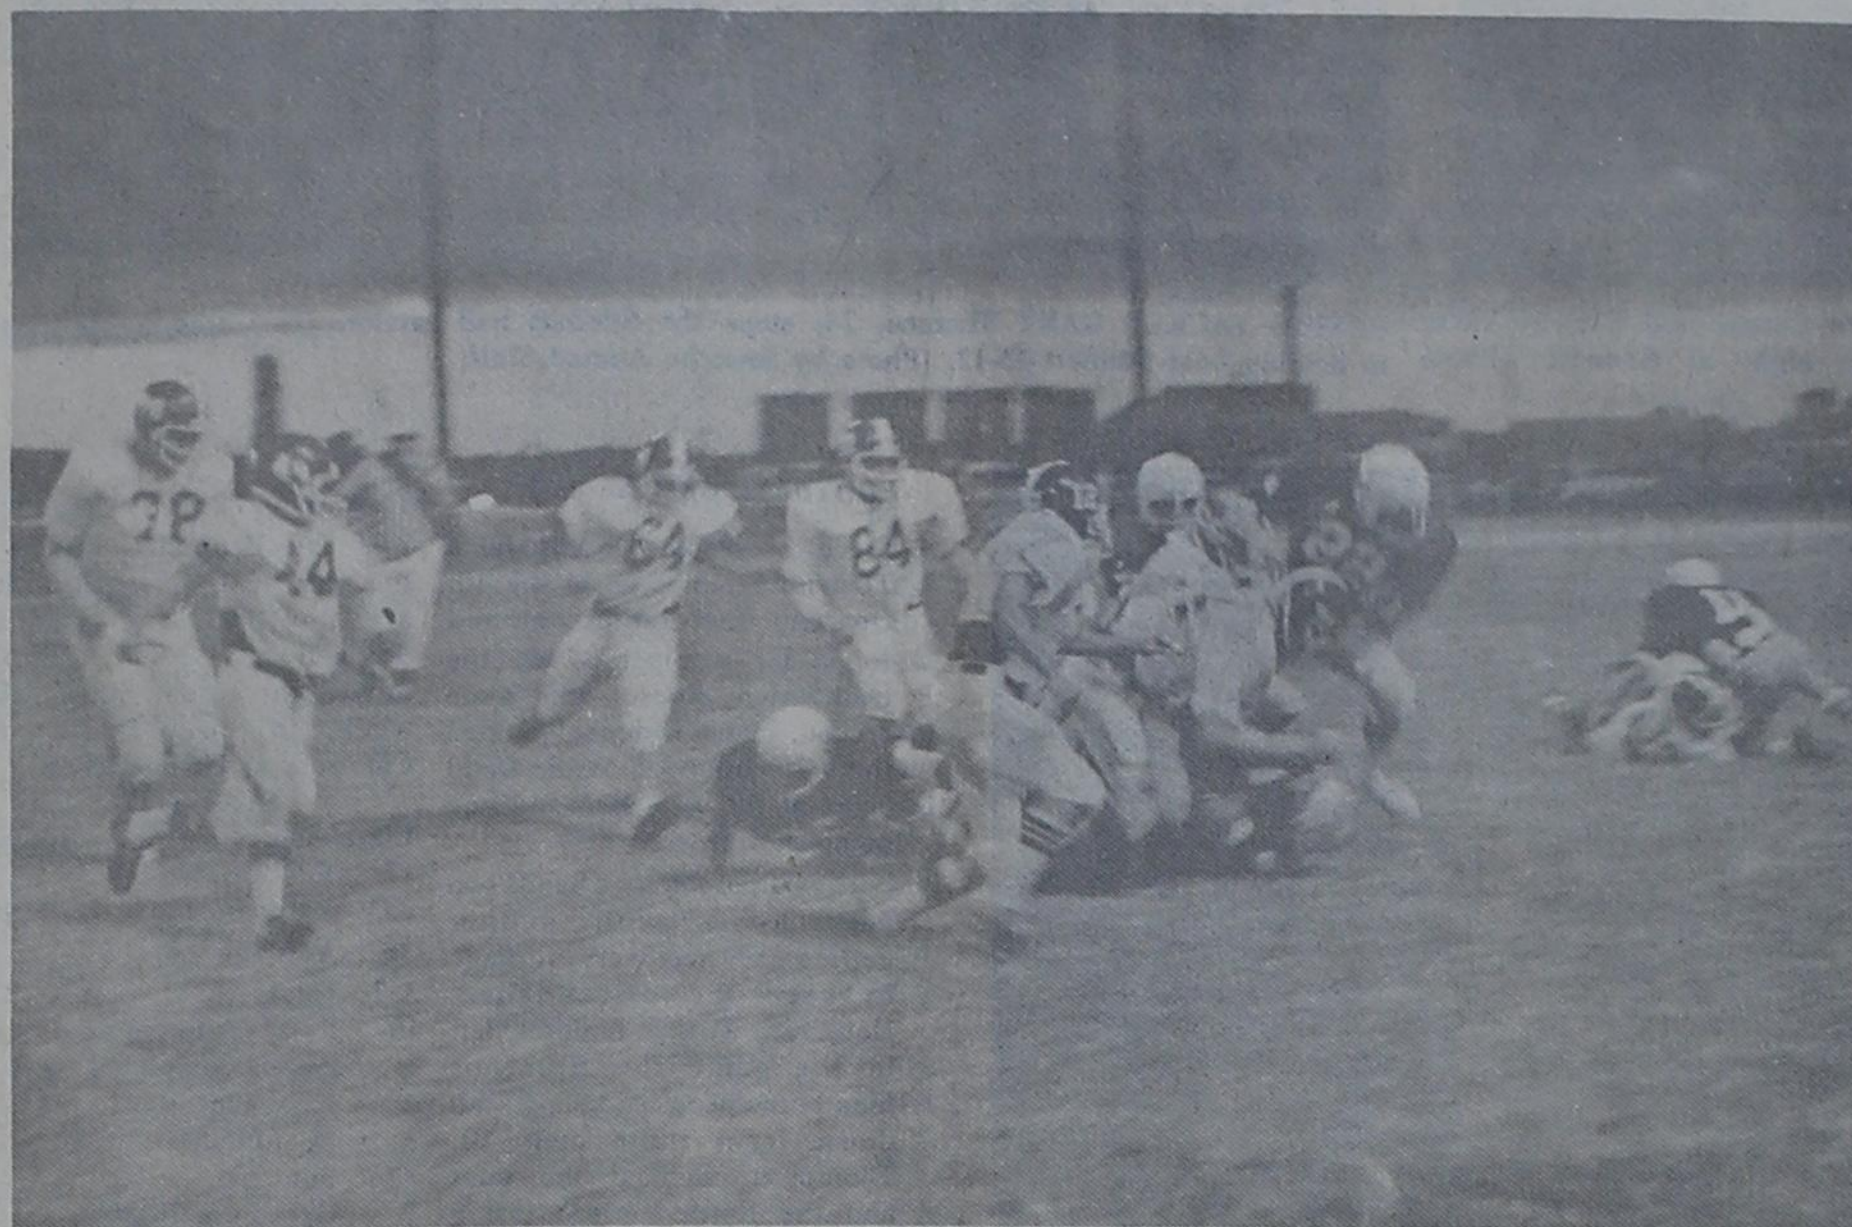

However, P.C. Messer, county clerk, said that it is not necessary to register if a person voted in either of the primaries

earlier this year. He added that those who registered to vote in the primaries continue to be registered to vote until 1980.

Mr. and Mrs. Melvin Boothe, and Jack Blum of Lakeview, Conklin Distributors, have returned from a three day seminar in Tulsa, Okla. The meeting was given by officers of the Conklin Company of Minneapolis, Minn.

Compiled by Tommie Saye - Cooperative Observer for National Weather Service, Clarendon.

Introducing the new 1979 cars

New models for two car dealerships will be shown in their respective showrooms this week beginning on Thursday, September 28. Greenbelt Ford will have their open house about a week later on October 6.

Alderson Chevrolet and Chamberlain Motor Company have big days planned for Thursday with their new showings.

Chamberlain Motor Company, in addition to exciting new automobiles, will have refreshments to make the viewing even more enjoyable as their three-day new car show continues.

Alderson Chevrolet will have refreshments and favors for their big Thursday show. There has been some change in the new car showing from the time when secrecy was observed with a vengeance until the day of the unveiling. One of the advantages is the number of the different new models in the dealer showroom. This gives the

Farm Bureau chili supper set for Oct. 3

The annual meeting of the Donley County Farm Bureau will be Oct. 3 at the Lelia Lake Community Center at Lelia Lake, starting at 7:30 p.m. according to Hubert Rhoades, president. Each family is to bring a pie.

All members are invited to attend. However, county bylaws provide that only agricultural producers may vote or hold office.

Adopted resolutions dealing with local matters will become county policies for next year. Other approved resolutions will be forwarded to the state SBA drought loan deadline to expire

Farmers and ranchers hard hit by drought in Texas have until October 11 to file a loan application with the U.S. Small Business Administration for 1977 losses. Drought conditions have been widespread in the state. As a result, Donley County is eligible for long-term, low-interest loans which includes unrecovered production costs on 1977 crops at 3 percent for the first \$250,000 and 6 5/8 percent thereafter.

Thursday night football

The 7th, 8th grade, and Junior Varsity will face Wellington tonight in Wellington. Game times are 4:30, 6:00, and 7:30 respectively. The 7th Grade is 1-0, 8th Grade 0-1, and JV is 2-0.

Senior Citizens to have spaghetti supper

Donley County Senior Citizens Association will sponsor a spaghetti supper to be held Friday, September 29, at 6 p.m. at the Senior Citizens Center.

Stocker-Cattleman meeting Sept. 28

All cattlemen are invited to attend a stocker cattle meeting Thursday night, September 28, 7:30 p.m. according to Ronald Gooch, County Extension Agent. The meeting will be held in Room 102 of the Classroom Building of Clarendon College in Clarendon.

Bronchos beat Stinnett 13-12

If you had a weak heart, Stinnett was no place to be Friday night as the Bronchos held off a surge to preserve a 13-12 victory. The Bronchos defied rankings and predictions to upset the Homecoming of the Stinnett Rattlers with some tough defense in the 4th Quarter. The Bronchos jumped off to a 13-0 Halftime lead by completely shutting down the Rattlers. It was a hard fought battle for both teams with the Broncho defense making exciting after exciting plays in the 4th Quarter.

This was another deserved victory for the Bronchos. Coach Allen remarked Monday, "Our young men showed a lot of character during the game. Things began to get tough for us - then the officiating became a factor - but we stayed in there and fought hard. We did the things we had to do to win. We controlled the line of scrimmage the first half, blocked an extra point, kept them out on a two point play, made several key 4th Down stops on their backs, and made some First Downs when we needed to control the ball late in the game. Our whole defense needs to be complimented. Individually, Larry Davis, Kelly Choate, Barry Hightower, Mark Wilson, Terry Cole, Shawn Barker, and Gary McClellan were outstanding. Davis had 12 unassisted tackles, Hightower 11, Choate 6, 1 interception for a TD, and McClellan blocked an extra point, intercepted 1 pass, and recovered a fumble. On offense Billy Gardner continues to be incredible (25 carries for 216 yds., 1 TD). The run he made on 4th Down for the TD was something else. Mark Jack and Gary Thomas did an outstanding job blocking. It was truly a team victory."

Stinnett won the toss and Robin Wilson took the opening kickoff and returned it 27 yds. to the 48 yd. line. The Rattlers began to move the ball through the air and on the 5th play of the series, Quarterback David Lantelme hit big #85 Robin Wilson for a 25 yd. gain to put the ball on the Broncho 20. The Broncho defense rose to the occasion, however, and Kelly Choate knocked down a fourth down pass in the End Zone. Most of the 1st Quarter was a defensive struggle, however, on the Broncho's second possession, they did make an offensive surge. They had gained good field position on their own 40 yd. line due to a 57 yd. punt by Lynn Thompson a few minutes before. It put the Rattlers in the hole at the 13 yd. line. They couldn't make a First Down and punted. Mark Jack made 13 yds. on two carries, Tim Brown picked up 29 yds. on a screen pass, and the Bronchos were in good shape on the Rattler 18 yd. line. However, soon the Bronchos found themselves facing fourth down. Gary McClellan threw a perfect strike to Kelly Choate in the End Zone, but he couldn't hang on to it for the TD.

The Bronchos put the first points on the board in the Second Quarter. They put together a nine play drive to grab the lead. Gardner made a fine 25 yd. run only to have it called back on a clip, but the Bronchos cranked it up again. Gardner made 4, McClellan 16, Gardner on two plays made 13, and a pass to Ronnie Davis good for 8 (an outstanding catch). Stinnett stiffened up and held on 3 downs, so the Bronchos were facing a 4th down on the 35 yd. line. Billy took the hand-off and began going down the right side line and somehow got through a massive crowd and sprinted to the End Zone. Lynn Thompson kicked the extra point and the Bronchos had the lead with 8:01 remaining in the Half.

Stinnett took the kick-off and found no running room, ran 3 plays and punted. Kelly Choate

returned it 10 yds. plus 15 tacked on to it for a personal foul and the Bronchos were in business again on the Rattler 48 yd. line. The offense really began to move with a 37 yd. gain by Gardner, then a 9 yd. pass to Billy, and the Bronchos suddenly found themselves with a first and goal at the 6 yd. line. However, just as suddenly, McClellan was intercepted on the 4. With 1:12 left in the Half, the Bronchos were to get it back. From the Rattler 48 yd. line, Terry Cole hit the Quarterback, the ball popped loose, and Kelly Choate caught it in the air and was off to the End Zone untouched. Lynn Thompson's kick was blocked and the Bronchos went to the dressing room with a 13-0 lead.

Stinnett came out the second half hoping to find the Bronchos flat. They immediately went to the air to make up the difference. Robin Wilson #85 got 25 on a pass and run and then #82 Winkler got 22 on another pass play and the Rattlers were glaring at the Bronchos from the 1. The Quarterback Lantelme made the plunge for the TD. Gary McClellan made a big play in blocking the extra point to leave the score 13-6 with 8:26 to go in the 3rd Quarter.

There was no more scoring in the 3rd Quarter as the ball changed hands five times. Both defenses showed up to play the last half. But there was plenty of heart-stopping excitement to come in the Fourth Quarter. The game suddenly took a bad turn for the Bronchos as #11

National 4-H week Oct. 1-7

Texas 4-H members are observing National 4-H Week October 1-7, 1978. The 1978 theme "Freedom to Be" expresses the thrust of today's 4-H program as it helps young people develop life skills to become better citizens in our changing world.

Four-H is a part of the educational program of the Texas Agricultural Extension Service of the Texas A&M University System. It is directed at the local level by County Extension Agents who work with volunteer 4-H adult and junior leaders and other local citizens interested in the development of boys and girls.

Texas 4-H members working with educational learning-by-doing projects, apply the latest research and scientific information to their work, keeping records, arranging exhibits, and giving demonstrations to pass the information to others.

The leadership and citizenship training which 4-H members receive in this program is a valuable asset to our State and to our democratic way of life.

THEREFORE, I, Tex Selvidge, as Mayor of Clarendon, do hereby designate the period of October 1-7, 1978, as 4-H WEEK in Donley County, and urge all our citizens to support and encourage the work of this organization which has as its motto, "To Make The Best Better."

CORRECTION

In the September 14 issue of the Clarendon Press the caption under a picture of the new football scoreboard gave credit to the scoreboard to the Broncho Boosters Club.

This was not correct and the football boys, varsity, jr. varsity and 8th grade worked to get money for the project. With donations from interested supporters added to money raised by the football team there was enough to pay for the new scoreboard.

Steve Orr scooted 45 yds. for a TD with 11:15 to go in the 4th Quarter. The Rattlers elected to go for two points and the lead. Alvin Reese with some crucial, clutch defense stopped the 9.7 spinter #22 Willie Dodd short of the goal line and one point short 13-12.

The ball exchanged hands two more times with neither getting the necessary yardage to keep the drives alive. However, with 5 minutes left in the game the Broncos found themselves facing 4th down from their own 10. Thompson shanked the punt and the Rattlers were raring to go from the Broncho 20. Two running plays and the Rattlers were on the 10. The Broncho defense reached back and grabbed something extra stopping the Rattlers on 2 plays. On 3rd down, Kelly Choate charged through and dropped the back for a big loss. Facing 4th down, the #22 Dodd trotted on the field for a FG try. (His 30 yd. Field Goal the week before had won the game against Canadian.) With 4:32 left his 37 yd. Field Goal fell just in front of the goalposts. The Broncho fans began breathing again (incidentally, there were a bunch.)

Junior varsity destroyed White Deer

The Broncos had another strong defensive effort and the offense was plenty potent as they destroyed White Deer 40-0.

Clarendon scored early and often in the lop-sided game. The first points were put on the board by Terry Putman as he broke through a huge hole for the touchdown that was set up when Bobby Weatherton intercepted a pass near midfield. The conversion attempt failed and the Broncos led 6-0.

The Bucks, who had trouble holding onto the ball the entire game, wasted no time in giving the Broncos another chance to score as they fumbled on the third play following the kick-off with Clarendon recovering. Weatherton took advantage of excellent blocking to burst through for the second score of the game. The Broncos, who failed to convert an extra point in the first half, widened their lead to 12-0.

Although Scott Lewis and Rick Hayes combined to get a fumble recovery, and Lance Thornberry hit Jeff Topper on a well-directed pass and run, the Broncos failed to score as a field goal attempt went wide.

To begin the second half, with the score still 12-0, the defense stopped the Buck offense as Tommy Lane broke through to sack the quarterback and force White Deer to punt.

Lance Thornberry was responsible for most of the yardage on the next drive as he ran for 30 yards around left end and then nailed Bill Cornell in the corner of the end zone for the touchdown. The Broncos then led 18-0.

The Broncos picked up a safety when White Deer was forced to punt from their own end zone and the center snapped the ball over the punter's head to make the score 20-0.

Terry Putman returned the free kick 25 yards. A few plays later Putman carried it to pay dirt from 27 yards out and Thornberry hit Randy White, who struggled for the conversion to make the score 28-0.

Hosea Hearn plunged in from the one midway through the final quarter to climax yet another Clarendon scoring drive but couldn't make it across the goal line for the extra points, making the score 34-0.

Weatherton closed out the scoring with a brilliant 57 yard touchdown run to make it final at 40-0.

'Uncle Joe' celebrates 100th birthday

Joseph Luther Pace of Hendersonville, North Carolina is the uncle of Mrs. Sadie Wilson of Clarendon. Mrs. Wilson did not go to North Carolina for the birthday celebration but did talk to her Uncle Joe by phone to congratulate him.

Joseph Luther Pace of Tracy Grove Road was 100 years old Friday. "I'm a model," he said jocosely. He was born near Saluda in Henderson County Sept. 15, 1878.

He came to Hendersonville in December 1900 as a section foreman on the Southern Railroad with his brother Bob. Before coming here, he lived in the first house he lived in here is now gone - it stood on a hill (it's gone, too) beside the railroad near Seventh Avenue where Francis & Wright now stands. He moved to his 17-acre farm on Tracy Grove Road in January, 1922.

For many years he was a baggage and freight clerk in Hendersonville, and for his last 16 years with the railroad, he worked in Asheville as freight and baggage clerk. He retired in 1948.

"Uncle Joe" was a charter member of East Hendersonville Baptist Church, and kept his membership in the church through two name changes: Grove Street Gospel Church and Calvary Baptist Church (now on Haywood Road). He is still a deacon, an office he has held since the middle 1930s. He hasn't been to church in some time, he said, mostly because walking is difficult.

He is generally pretty healthy, though, except for weak ankles. He still gardens using a cane and a chair to get in his garden, and sitting in a chair to work the plants. But the weeds have almost taken over because of too much rain, when he couldn't get out and weed the garden.

This year, one of his daughters, Mrs. J.K. Moore who lives with him, canned quarts of beans, 24 quarts.

Joseph Luther "Uncle Joe" Pace of Tracy Grove Road was 100 years old Friday. "I'm a '78 model," he said jocosely. He was born near Saluda in Henderson County Sept. 15, 1878.

He came to Hendersonville in December 1900 as a section foreman on the Southern Railroad with his brother Bob. Before coming here, he farmed. The first house he lived in here is now gone - it stood on a hill (it's gone, too) beside the railroad near Seventh Avenue where Francis & Wright now stands. He moved to his 17-acre farm on Tracy Grove Road in January, 1922.

This year, one of his daughters, Mrs. J.K. Moody, who lives with him, canned 109 quarts of beans, 24 quarts of

squash, 24 quarts of tomatoes and okra, and about 20 quarts of tomato juice from his garden. Just last week she made some kraut from cabbage he grew.

"Uncle Joe" was married to the former Lillie Rhodes of Melrose, who died in 1952. He has three living children, Miss Dorothy Pace and Mrs. Moody, with whom he makes his home; and Mrs. L.H. Sigmon, who lives nearby on Tracy Grove Road. He has eight grandchildren, 21 great-grandchildren and 12 great-great-grandchildren.

Miss Pace said many of his friends and neighbors dropped in during the three-day celebration--and the family served refreshments.

And, although he's retired from the railroad, he says: "I still work at the depot two or three nights a week!" He said that for some reason, he keeps dreaming of the days when he was tagging and handling baggage and freight. Some people never really retire.

The above clipping is from a local newspaper in Hendersonville and sent to his niece, Mrs. Sadie Wilson.

Farmers are among the greatest champions of free enterprise:

There are 2.8 million farms in the U.S. - 2.8 million businesses, over 95% family owned and operated.

These represent 2.8 million solid blocks in the very foundation of our free enterprise system.

Investment per farm has increased 718% since 1950.

Income per farm has increased only 277% in the same period.

What does the farmer receive for food?

- 39 cents for each \$1.00 spent for food.
- 8.0 cents for the corn in an 89 cent box of cornflakes.
- 7.5 cents for the wheat in a loaf of bread selling for 63 cents.
- 41.2 cents for a container of milk costing 79 cents.

4-H Welding and Horse projects begin

WELDING - The first meeting for the welding project in 4-H will be Thursday, September 28 at 6:00 p.m. Cecil McAfee will be teaching welding at his shop, Cecil's Welding in Lelia Lake.

HORSE - The first meeting of the horse project will be Tuesday, October 3 at 6:00 p.m. at the Rodeo Arena. Mrs. Mark (Becky) Simmons will be teaching the project in horsemanship. Be there with your horse if possible.

Any youth between the ages of 9-19 are eligible to join 4-H and participate in these project groups regardless of socio-economic levels, race, color, sex, religion or national origin. If you are interested in welding or horse attend the meeting or contact the leader or County Extension Agent.

FERN BERRY holds a 3 pound and a 2 pounder caught on trot lines with water dogs and a perch recently in Lake Greenbelt.

Howardwick Partyline

There was a good turnout for the Lions Club supper and meeting Saturday evening. Guests were Bill Hale of Floydada, Ronnie Taylor and family of Amarillo, Mr. and Mrs. Lesley Keith, Bill and Bernita Nidiffer, formerly of Colorado and Pampa, but now permanent residents of Howardwick.

Our deepest sympathy to Norma Corgill and family. Will passed away last week. He will certainly be missed by his many friends.

Mr. and Mrs. Pick Cox's daughter, Linda and husband, Elgie McCleskey and children of Dumont have been here several times during the last three weeks. Elgie has been going to

the doctor for check-ups, since he had open heart surgery. Mrs. Cox reports he is doing well. Rita Wobery, sister of Mrs. Cox, and son Bryan of Childress spent the week with the Coxes. Mr. and Mrs. J.F. Cole had their daughter, Shirley and husband, Gary Kimbrough, and children, Tanya and Kody, of Johnson, Kansas spending the weekend.

John and Lois McVicker were in Amarillo celebrating Lois's birthday. Their daughter, Dawn Gay and family had a party for Lois. Eighteen attended the affair. John and Lois returned Wednesday.

Troy and Willie Moore and Charlie Bates and Velma Collins attended the Fair and the Mel Tillis show Friday. Mr. and Mrs. Aubrey Jones of Pampa spent a day and night with their friends, Waldon and Ailene Moore recently. Ailene's mother, Mrs. George Kilian of Amarillo spent last week here. Mr. and Mrs. H.A. Bingham had a houseful over the

weekend. Their two sons, Butch and wife, Mildred Bingham, and children, Kristal and Brandon of Lubbock, Rusty of Amarillo, also their granddaughter, Kim Brackett and son, Nicholas of Amarillo.

A few sand bass and bass have been caught lately. Twelve 6 pounders of blue cat was caught over the weekend. Some 14 bass were caught sometime between dawn and dusk.

FERN BERRY of Pampa displays a catch of fish from Lake Greenbelt. Among the catch is a 10 lb. channel cat.

National 4-H Week is Oct 1 - 7

Nearly 5.5 million young people across the nation--more than 100,000 of those in Texas--will observe National 4-H Week, Oct. 1-7. Activities will center on the theme, "4-H--Freedom to Be."

President Jimmy Carter called the theme "most appropriate for a program which is reaching out to all young Americans--rural and urban--from every cultural, economic and social background."

"For many," he said, "4-H is opening doors to a lifetime of personal growth and fulfillment. In learning-by-doing, through educational projects and through community involvement efforts, 4-H is providing useful guidance and direction to young people and making them more responsible and sensitive adult citizens."

"National 4-H Week is set aside annually by the Co-operative Extension Service to focus attention on the values of 4-H as an informal educational program for boys and girls 9 to 19 years old," said Dr. John T. Pelham, state 4-H and youth leader with the Texas Agricultural Extension Service.

"The program's learning-by-doing philosophy encourages young people to acquire 'real life' skills and develop citizenship and leadership abilities," noted Pelham.

Most 4-H members are enrolled in locally organized clubs on a year-round basis. Others take part in 4-H through special interest groups, nutrition education programs, instructional television, international programs, short-term activities and camping.

4-H Good Projects begin

Leaders will soon begin working with 4-H project groups in food and nutrition in Donley County. The groups are composed of youth ages 9-19 and will meet for about 6 weeks. The climax of the food project will be the 4-H Food Show on Saturday, November 11 at the High School Cafeteria.

Educational objectives of the food projects are to help 4-H members: (1) Develop leadership talents and to work toward achieving character and effective citizenship; (2) Understand the interrelation of science, nutrition, and food preparation; (3) Understand the signs of good health and food needs of different age groups; (4) Develop desirable eating habits; (5) Develop skills in buying foods by studying food costs; (6) Develop skills in managing time and work in planning, preparation, and service of nutritious meals; (7) Store foods to conserve the nutritional value and for food safety.

Any youth interested in participating in the 4-H food project who has not signed up with the Extension Agents should contact Cynthia Manning as soon as possible. Group meetings will begin soon.

Harold Clampitt and family of Dallas visited over the weekend with his mother, Mrs. Roy Clampitt.

Sixth annual Bankers Tournament Oct. 9th

The Sixth Annual Bankers Golf Tournament will be held October 9th, Columbus Day, at the Clarendon Country Club.

"Flip" Breedlove, Tournament Chairman, says over seventy entries are expected. The annual event is sponsored by The Farmers State Bank and Trust Company and The Donley County State Bank, both of Clarendon.

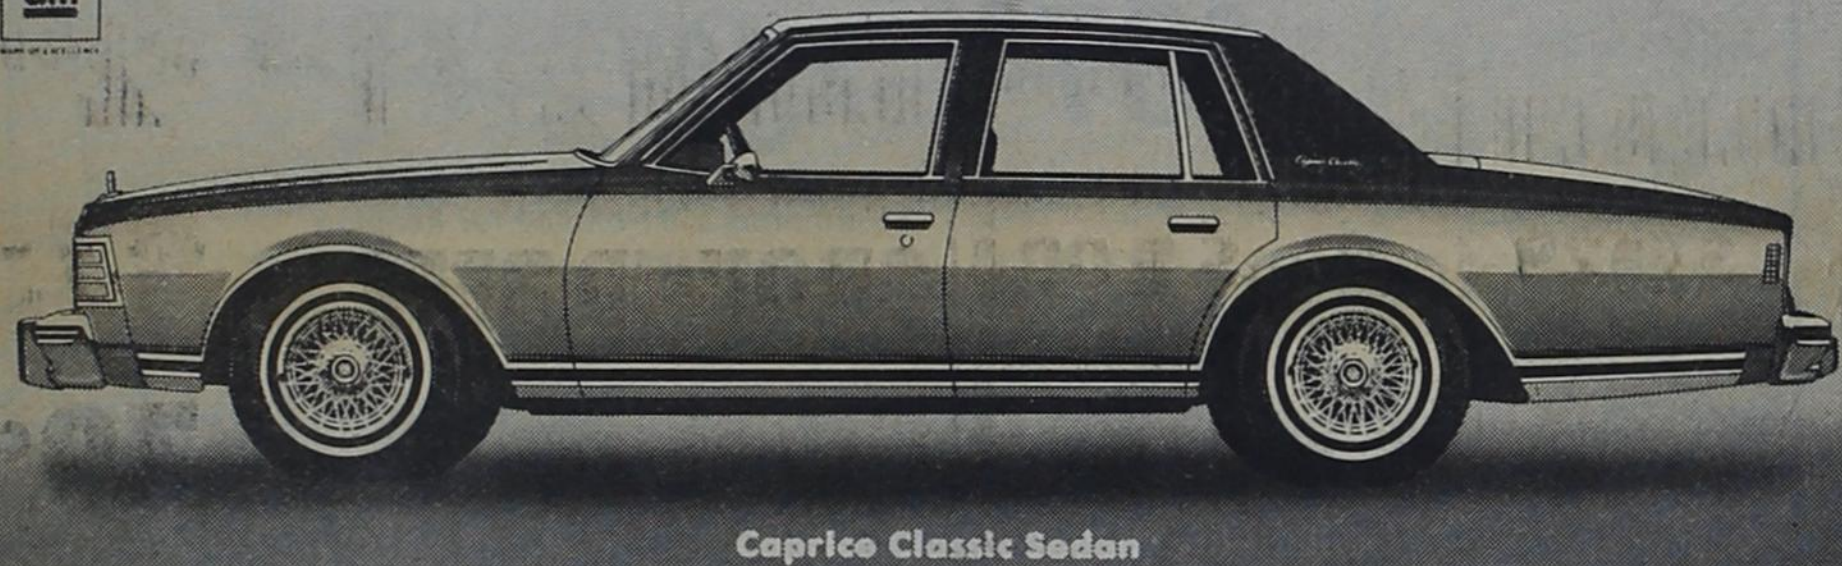

Entries close at 12 noon on the 8th of October. The tournament is open to all bank officers, directors, and permanent personnel. The entry fee is \$16.00 per person, which includes a big fried chicken

buffet and green fees.

All eligible persons are urged to get their entries in at once. The host pro is Jerry Thompson. Call your entries to him at 806-874-2166 giving name and handicap. There will be a 10 a.m. shot gun start on tournament day. All entries will be in flights according to handicap. Handicaps will also be used in the flights. Mail entry fees to Clarendon Country Club, P.O. Box 856, Clarendon, Texas 79226.

Mrs. Cannon and Miss Littlefield celebrates their birthdays

Mrs. Minnie Cannon celebrated her 76th Birthday Saturday, Sept. 23 at City Park along with Katicia Littlefield whose birthday was also Saturday. She was only 4 years old though. Katicia is the granddaughter of Mr. and Mrs.

Bud White and Mr. and Mrs. Doyle Littlefield. Minnie is a long-time resident of Clarendon and a member of Martin Baptist Church. At the time Katicia lives at Knox City. We hope you girls have many more birthdays like you had Saturday.

CELEBRATING THEIR BIRTHDAYS each year together are Katicia Littlefield, age 4; and Minnie Cannon, age 76.

Arthur McGarity submits doctoral dissertation

Arthur Edwin McGarity, son of the Rev. and Mrs. Owen McGarity, Jr., of Clarendon, has completed and submitted his doctoral dissertation titled "Solar Heating for Buildings: Decisions Optimization and Economic Analysis." This completes Dr. McGarity's work for the degree of Ph.D. from Johns Hopkins University of Baltimore, Md. Dr. McGarity graduated from Clarendon High School in 1969 and from Trinity University in 1973. Earlier this year he received his M.E. degree in Electrical Engineering

from Johns Hopkins University, and he will be formally graduated next May. Following his graduation from Trinity University of San Antonio, Dr. McGarity worked for a year with the San Antonio Public Service Company. He is now employed as an Assistant Professor at Swarthmore College in Pennsylvania where he now resides with his wife, the former Jane Ziegler of West Chester, Pennsylvania. They plan to visit Mr. McGarity's parents in Clarendon during the Christmas vacation.

Panhandle Rural Health had meeting

PRHC held a monthly meeting on Monday September 11, 1978 at the First State Bank in Silverton, Texas, with Forrest Bennett, Tom Christian and Jim Hubbard of Claude; Mabry Greenhaw and Jack Robertson of Silverton; Myrtle Walker and George Berry of Memphis; Ciralda Garza of Amarillo; Sylvia Ortiz of Canyon and Delbert Robertson and Billy R. Johnston of Clarendon, being members present.

Also present was Kenneth Rascoe, the project coordinator. Unable to attend was Molly Ritter of Clarendon and six other members from other representative counties. Jim Hubbard, president, conducted the meeting. On a motion it was decided to restructure the committees with the desirability of a minimum of travel required by the total membership and with some committee members in a nearby area serving together.

Formal announcement was made to the group of Billy R. Johnston's appointment as Donley County Medical Center administrator. A motion was made for the director to attend hearings of the Texas Senate Human Resources Committee in Corsicana, on October 6, one or both hearings in El Paso in November, and in Austin on December 1 and 2, with special consideration being given to the Austin meeting.

Plans were made to hold the October board meeting early, on September 26, in order to review the budget and funding criteria. This meeting was held September 26, 1978 in Claude, at 7:30 p.m. Business finished meeting adjourned.

Information has been received stating that the grant in the amount of \$175,000 has been approved for PRHC.

John Hill platform is to fight inflations

Attorney General John Hill will enlist state government in the fight against inflation after he is elected Governor, the leader of a group of Hill supporters organized in a campaign caravan said today.

"Inflation is our nation's biggest problem today, and Attorney General Hill believes our state government should take the lead in showing the federal government how to help our citizens cope with rising prices," said the caravan leader.

"Attorney General Hill's antiinflation program includes these points:

- "1. Veto any new state taxes. Attorney General Hill believes our taxes are sufficient to provide the state government services our people need, and he will veto any new taxes.
- "2. Fix a constitutional limit on state spending. Attorney General Hill believes state government should not grow

faster than our state's economy.

"3. Limit local property taxes levied by school districts. Attorney General Hill favors property tax limits which will prevent any more sudden large property tax increases like the ones we have seen in recent years.

"4. Provide tax relief for homeowners and elderly property owners. Attorney General Hill supports our plans to provide a \$5,000 exemption from property taxes for all homesteads owned by persons over 65.

"5. Return state budget surpluses to taxpayers. Attorney General Hill worked to help win passage of the \$450 million tax relief bill during the special session to return to the taxpayers the bulk of a surplus which resulted from sales tax collections boosted by inflation. Future surpluses also should be returned to taxpayers."

US courts back landmark preservations

Many fine landmarks have been lost in Texas as its cities and towns expanded but the recent ruling by the United States Supreme Court tested the validity of landmark preservation laws nationwide and upheld the preservation of such sites.

The court case which became a milestone in the legal history of the movement to preserve historic buildings and landmarks concerned Penn Central Transportation Company, who wanted to build a high-rise office tower to replace Grand Central Station in New York City, and the NYC Landmarks preservation Commission. As a result of this ruling, many future sites in all probability will be saved and a number of sites will be spared now.

Clarendon has three sites designated as historically important and there are others in the process of being recognized. St. John the Baptist Episcopal Church has a historical marker citing the structure as being historic, it had no modifications since being erected.

The First United Methodist Church received recognition for its historical importance as a religious organization of great impact to the area. Because of

modifications it did not receive a structural recognition, however the fine butter joint masonry is there for all to see.

Recently the Donley County Court House was nominated by the Texas Historical Commission for inclusion on the National Registry of Historical Places and was officially entered on the register on February 17, 1978. This insures the structure against destruction or modification and limits work done on the building, other than restoration, to general upkeep.

Designation of the fine old sites is an added tourist attraction to our section of the country where some of the most colorful episodes of the western United States were lived as a matter of course.

EMCY 7441
THE FIRST POLICEMAN IN THE U.S. WAS APPOINTED IN 1893 IN DETROIT, MICH. SHE WAS MADE OWEN, WIFE OF A POLICEMAN!

Throughout the next few weeks, Lane stated the local congregation will be distributing to the public an issue of their Journal, AWAKE!, that includes a detailed report on the persecution in Argentina as well as a list of names and addresses of Argentina officials to whom concerned persons may write.

Jehovan's Witnesses appeal ban in Argentina

Many of Jehovah's Witnesses in the Clarendon area will be writing letters of appeal to government officials in Argentina, where their Christian society is currently under ban.

S.E. Lane, spokesman of the Clarendon Congregation of Jehovah's Witnesses, explained that a concerted effort in sending letters of appeal was being instituted by the group now. This is because all efforts of legal recourse have failed in

Argentina to return freedom of worship which the Argentina constitution guarantees.

Lane said, "A report from our New York Headquarters indicated that a ban has resulted in persecution of Jehovah's Witnesses in Argentina. Their meeting places for Bible study have been closed down, children have been expelled from schools, adult Witnesses suffered loss of government employment, their private

homes have been raided, arrests and even physical assaults have taken place."

Asked about the nature of the letters to be written, Mr. Lane related that they would entreat for justice. "All we are trying to do," he said, "is to respectfully encourage the existing authorities in Argentina to take the necessary steps to restore freedom to the Christian minority, Jehovah's Witnesses."

BRONCHO BUSTER

By Karlen Cantrell

In the Month of September, 1978 water fell upon the lands for 7 days and 7 nights it rained... and rained... and rained. So, it's a soggy HELLO from Broncho Land. The rain is really good for the farming lands around Clarendon and it also helps set the mood and spirit for Football Season. Last week our Jr. Varsity team beat White Deer by a whopping 40 to 0!

Today the Jr. Varsity plays Wellington there at 7:30 p.m. so be sure and support this outstanding group of young men. Don't forget about the freshman team because they play Panhandle there at 6:00 p.m. and they could use some of that mighty Broncho support! Tomorrow is an open date for the mighty Broncho Varsity team. Last week the Broncos showed Stinnett some of that Broncho power and won with the score of Clarendon 13, Stinnett 12. The Broncos would like to thank all their fans who encouraged them on to victory!

Monday the Seniors ordered graduation invitations. It seems like yesterday we were only freshman. How time flies when you're having...fun? Tomorrow the Seniors need to have their baby pictures in for the annual. Turn these pictures in to Dink Slater or Renee Cosper.

Tuesday, Annual Staff took pictures of the Juniors, Sophomores, and Freshman. These pictures are for the annual. Maranatha had a meeting Monday night at Sherilyn

Walker's house. They had a lot of food, fun, and fellowship! Here are a few bits and pieces from ... well, just around.

Jenny D.- Mark W.- Odors away? Blah! Blake B.- Feeling a little low on water? Did your headache go away? Pat R.- I wouldn't have told him the difference. John C.- "How do you stop a runaway train?" Throw a fire in front of it... Kelly C.- What's a featherbed? Shawn B.- "Junior Fire Marshall." Keith R.- Fatty rolled over and Skinny was dead... Adrienne Y.- "Ever find the key to Mrs. Johnston's door?"

Cynthia H.- A kicker who lost both front teeth? Spencer H.- Rosebud A.- Snow White and her handsome prince? "Because of a poisoned apple or an alcoholic rock?" Dee Ann C.- More important than Scrabble? Sherilyn W.- Missing the best show in town. Lana D.- Is it a purse or a purse-purse? Remember Tam and Tex. Coach Slover- "They tell me you should wear jeans more often. Brian M.- The pregnant drummer? Lance R.- Spot "up in smoke" how about the big tank top? Buttons- "Rocky can only sing to you?" Mark Mc-Yours attacks people? Goodness. Mindy M.- Harvey, cause

of "his" cousin. Mitchell- That's not fair yours had a hole in it. Stan L.- "You've got a little orange dress?" Well... Mark H.- Slick you or it? Terry P.- Three company too? Phil M.- How 'bout a "Pinkie" joke? Jenny D.- Playing basketball with no arms? Doug F.- Does Shane S's feet cause accidents or did you want attention? We do wonder. Brian M.- "Captain Caveman?" Gary Mc.- "Thought of the day." Wow... Colleen C.- Tell us more about your heavenly dreams, please! Kathy W.- "We are sorry that you died, but wow, what a

way to go." Medina Mc.- "I'm confused... I think!! Happy Birthday! Coach Rust, Kimbra Anderson, Jamie Mc-Anear, and Lance and Drew Thornberry and Larecia Petty. Cutest Couple - Hands (S.L.) and Legs (K.P.)

Moreman speaker clinic

Phil Moreman, an outstanding showman, from Clarendon, was the guest speaker for the Dallam and Hartley County steer feeders at a showmanship clinic. The event was held at the Summerour Ranch. The clinic started with films on selecting show steer prospects and grooming steers.

Phil Moreman, as guest speaker, gave tips on how to gentle steers and showed the

4-H'ers how to show a steer. Moreman is very active in 4-H work in Donley County and is currently serving as Chairman of District 1. He is also on the board of directors of the Texas Junior Hereford Assn. Moreman remained as an overnight guest of the Summerours.

The activities of the clinic concluded with a film on The American Cowboy. A delicious meal was enjoyed by 35 4-H members.

Lucy Bishop celebrates 87th birthday

Mrs. Lucy Bishop celebrated her 87th Birthday Anniversary at Medical Center Nursing Home on Friday, September 15, at a party given in her honor by daughters Mmes. Wanda Tilger of Tangleair Estates, Amarillo, and Alice Lacy of Quannah, together with granddaughter Mrs. Cheryl Gailey of Amarillo.

Mrs. Bishop is the third of eight children of the late Caleb D. and Mattie J. Bailey. She was reared in Lamar County in the Fought Community near Paris, Texas. She was married in 1918 to Mr. A.M. Bishop of Golden, Texas, Wood County. The family moved to Lelia Lake in 1919 where Mr. Bishop was engaged in farming. Later, in 1924, Mr. Bishop invested in real estate near Hedley where their children, Alice and Grady, grew to adulthood. As a 2 1/2 year-old tot, Wanda (Horn) Tilger came into the family as a foster daughter in the early 1930's.

"Mama Lucy", as Mrs. Bishop is fondly called by her children, great and great-grandchildren, by precept as well as example has been a guiding influence of Christian living in their lives. Her

optimistic outlook on life is reflected in her oft repeated comment, "I'm lucky Lucy."

This brief biographical sketch has been submitted by Mrs. Alice Lacy, 1010 West Third Street, Quannah, Texas 79252.

Other family members include a stepson Doug, two other granddaughters, Nicki Wilson and Beth Pickett; two great grandchildren Troy Gailey and Irina Gailey all of Amarillo.

John Hill sets record with service as Secretary of State, Attorney General

John Hill will be the first governor in the history of Texas who takes office with eight years of valuable experience in the executive branch of state government. His two years as Secretary of State and six years as Attorney General are unprecedented among Texas governors. This experience will give Texans a governor ready to take charge on the first day in office — a governor who knows how to bring efficient management to the job of the state's chief executive.

The Lions Tale

By Gene Alderson

The Clarendon Lions Club held their regular meeting at noon on Tuesday with 25 members and 5 guests present. Lion Homer Estlack had as his guest Melville Mills of Howardwick. Lion Mills is secretary of the Howardwick Lions Club.

Each Lion whose wife had a birthday during the month of September was asked to invite her to attend our meeting today as a guest of the club. Edith Carter and Mary Brown attended and were presented with a corsage from the club.

Boss Lion McGarity announced that the District Cabinet Meeting would be held on Oct. 28th. at 9:00 a.m. at the Coronado Inn in Pampa. He also announced that our annual banquet would be on October 24th, and that we would not meet at noon on that day. The General Chairman for the banquet is Lion Paul Hancock and

the speaker will be Ed Flood who is currently an International Director and who has held many offices in Lionism including that of district governor.

Today was the official visit of Lion Al Tremble, District Governor of Lions District 21. Lion Tremble spoke to us on the theme "It's Pridelful To Be A Lion". He reminded us that Lionism is much more than food and fellowship. We are a service club and we can and should be rightfully proud of the services we perform. In addition to the individual service projects performed by each individual club, Lions as a group support projects such as the Hi-Plains Eye Bank, Girls Town in Whiteface and Berger, the Lions Crippled Childrens Camp at Kerrville, and a diabetic camp held at the same location. Lion Tremble had just returned from a Lions Governor's Forum in Detroit, Michigan this past weekend.

Pathfinder Club news

The Pathfinder Club began its 68th year with a luncheon at the Country Club Friday the 22nd at one o'clock. Mrs. Paul Shelton gave the invocation. Dahlias from Mrs. Herrington's yard decorated the long dining table which was covered with a white cloth and brown place mats.

We received our year books which were prepared by our member, Mrs. Robt. Brown. Chairman of the year book committee was Mrs. Tommie Saye.

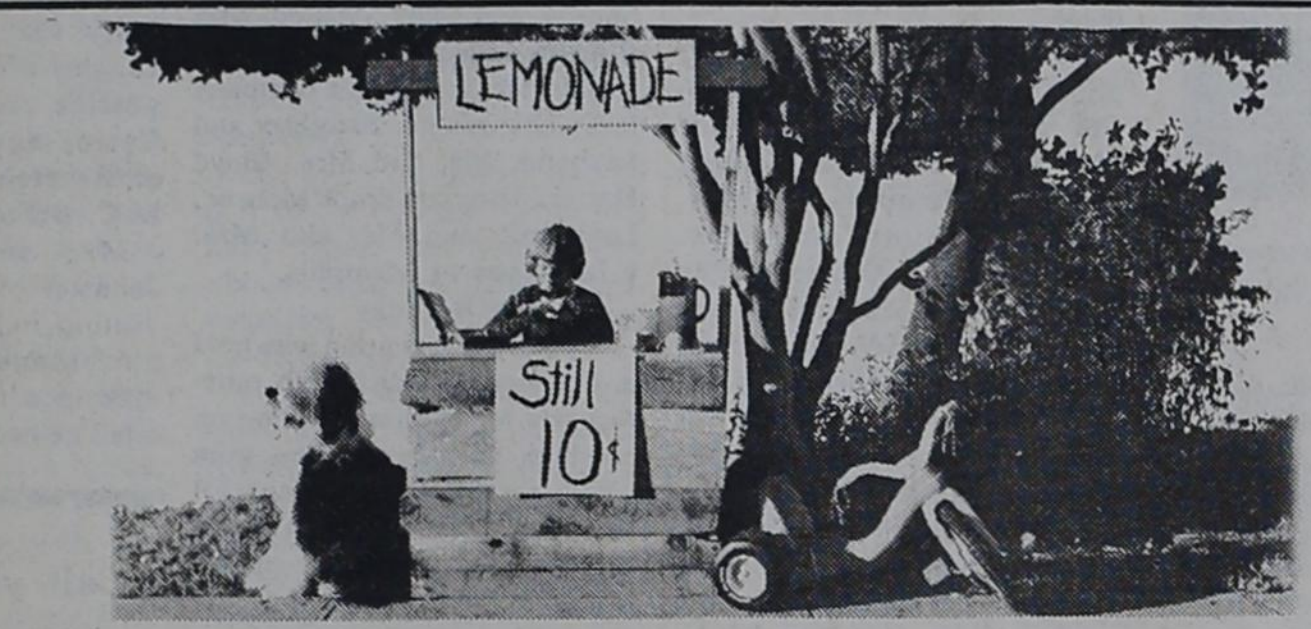

Miss Mabel Mongole called the meeting to order and welcomed the guests, Mrs. Wm. J. Lowe and Mrs. Walter Lowe and Mrs. Lester Daugherty. Miss Mongole expressed the pleasure of the club for the presence of Mrs. S.W. Lowe, she had been absent from club meetings for a year due to illness. Miss Mongole also observed that Mrs. Paul Shelton had been a valued member of the club for 56 years.

Mrs. Lester Daugherty was

elected to membership. The treasurer's report was given. The history of the club for 1977-78 was given. Mrs. Horace Green gave a report on the Gabie Betts Burton Library founded by the Pathfinder Club and named in memory of Mrs. Burton, long time member of the club. Discussion was held pertaining to obtaining a historical marker for the Patching Club House...due to changes in the building, it is doubtful that the Historical Commission will approve the application.

Members present were Mesdames White, Ritter, Brumley, Horace Green, Tommie Saye, Hamilton, Paul Shelton, Dick Shelton, VanZandt, S.W. Lowe, Redell Henson, Herrington, Cox, Carter, Stark, Kunz and Mongole.

Hostesses were Mrs. Frank White, Jr., Mrs. Clarence Hamilton and Mrs. Dick Shelton.

Will Lone Star Gas still be saving your family money in 2028?

You can be sure we're planning to help your children's children control their energy costs exactly the way we're helping you—with economical gas service.

Economical? Absolutely, because even at current prices natural gas is providing an energy bargain in home heating, water heating, clothes drying and cooking.

The reason, of course, is that gas is a natural energy that you use in its original form. Gas flame provides heat with remarkable efficiency. And these big household jobs require heat.

Your direct use of gas in appliances actually conserves energy. But, even with the wisest use of gas, can you really expect our area's natural gas supplies to last until 2028? You can.

Some people believe we'll run out of gas in a few years.

We don't. Because we've been in the gas business for 69 years, and our experience convinces us enough gas will be available to last our service area for at least another 50 years.

In fact, the groundwork for your energy future has already been laid—Lone Star's 11,400-mile pipeline network. This

gathering and transmission system:—reaches into, or connects with, basins that are estimated to contain 50% of this nation's remaining onshore gas reserves.

—lets us take deliveries from offshore gas fields in the Gulf of Mexico, and areas where other companies have no pipelines.

—gives us a distinct advantage when it comes to buying gas at the best prices, but this is an advantage we'll lose in time.

The race is on.

Some areas of the country have delayed the development of their own resources for ecological reasons, but they learned the real value of adequate gas supplies during the winter of 1976-1977.

The race for long-term gas contracts is on, and it's happening in our own backyard. We can't afford to miss sound opportunities to buy new reserves in economical volumes.

The groundwork has been laid for us to buy our area's fair share of the new reserves. All we need to do is your understanding that we must recover the prices we actually pay for gas.

If you'll give us that, Lone Star will have no problem financing the energy that will save you money for decades to come.

Lone Star Gas Company
We're working energetically for your area's future.

The Shelby Bell's were on Queen Elizabeth during storm

Plans began last Christmas for Mr. and Mrs. Shelby Bell when their son Jack, stationed in Germany, gave them a trip to Germany for a Christmas gift and the exciting end of the trip was aboard the storm tossed Queen Elizabeth II, battered by wind, waves and a hapless whale, but safely weathering the storm to make port safely.

"At 05.38 on 11th September, QE 2, first had to reduce speed because of heavy seas and strong headwinds. Again at 08.15 in position 48° 54' N 39° 14' W our course was altered to 185° in order to reduce as much of the violent movement as possible and to put as much distance between ourselves and the storm centre. Speed being further reduced due to continued deteriora-

tion of weather. Heavy swells continued throughout the morning caused by mountainous seas whipped-up by the sheer intensity of the storm.

I wish to congratulate all passengers for their fortitude and courage during one of the biggest storms in recent years in the North Atlantic Ocean.

The storm's dimensions were 1,380 miles wide virtually covering the North Atlantic Ocean.

Signed Captain Doug Ridley R.D. RNR Master 'Queen Elizabeth 2'

Betty and Shelby verified newspaper reports of refrigerators pulled from walls, mirrors and all glass objects fragmented and furniture tossed about like toys.

Their son Jack Bell is stationed at Hahn Airforce base in Germany and the three of them saw the Mosel River area within a days drive for as long as the distance was just one days tour. They saw many castles some of them in perfect condition and a great number of them just ruins. They thought the ones in Germany were maintained much better than other countries. On these drives they visited Kasteleque, watched the Winefest celebration and toured one of the many wineries in the area known for fine wines.

Part of the charm of the area is the ancient architecture much of it dating from 1700 and meticulously conserved. Shops at street level are very narrow, some hardly the width of an ordinary room but each successive story is

wider. In this way transportation along the streets is possible and more space is obtained.

Of particular interest to the Bells was the use of every available yard of earth for cultivation. All of the hills and mountain slopes as high as growth permitted was used for vineyards.

The trip away from home base was divided into two parts with the first circle going across Germany and southern France to Lourdes, Monte Carlo, Nice, along the coastal highways beside the Mediterranean to Italy. The coastal highways are a fantastic series of four lane tunnels with turn throughs just like the US crossovers.

Several days were spent at Portenome while tours were made to Venice and other points. They saw Munich and Dachau, a memorial now treated as a shrine to those who suffered there.

They saw Luxembourg, Belgium, northern France, Dunkirk (which they found very depressing), Calais. Across the channel they saw the White Cliffs of Dover and landing in England stayed at Canterbury.

Jack Bell was able to get a ticket to attend the Shakespearean production at Stratford-on-Avon.

A flashback of scenes was one in France of girls dressed in fancy long dresses and gold high heels and riding bikes, apparently to an intended destination.

CAPTAIN RIDLEY, aboard the Queen Elizabeth 2, welcomes Mr. and Mrs. Shelby Bell the night before the big storm hit.

Amsterdam, Holland was the most modern of all the countries visited with only one section left where the famous Dutch windmills can be seen. Also visited was the Delf China Factory.

In England on a tour the trio saw a young woman in English riding habit on horseback, and in Austria they saw the lavish Neuschwarstein

Castle of King Ludwig, which is the castle Walt Disney used for his model at Disney Land.

To end the more than two-month stay in Europe, the Bells left Hahn Airforce Base and their son for the trip to England and Southampton across to Cherbourg, France where they embarked for the trip home aboard Queen Elizabeth 2.

Health hints for today

By R.L. Gilkey, M.D., A.B.F.P.

HYPERTENSION - High blood pressure is one of the most prevalent diseases in our society. It can cause a stroke, heart attack or kidney disease. That is why it is important to keep it controlled. Often simple measures such as reducing weight and avoiding excess salt will control the high blood pressure. Medications are also frequently necessary, and the medication which works on one person may not be effective on another.

What causes high blood pressure? There are many various causes; as, thyroid disorders, kidney disease, heart trouble, hardening of the arteries, and other causes.

For those of you with high blood pressure, you'll find many over-the-counter medications with a caution label. These drugs include decongestants that are found in medicines for the common cold, weight reduction pills

and thyroid medications. These medications must be used cautiously if used at all.

Once the hypertension is under control, it must be kept under control. All too often a person with mild high blood pressure finds that their pressure becomes normal with 'simple' medication. They then think that they're cured and stop taking their medicine. Within a short period of time the high blood pressure returns without the persons knowledge, because high blood pressure has no symptoms. By the time symptoms do occur, the blood pressure can be at dangerous levels.

Can it be "cured"? No, but it can usually be controlled. Here's an example that's almost a cure. An overweight patient of mine was found to have mild high blood pressure. He was placed on a weight reduction low salt diet and medication. When his blood pressure was

normal on the medication, he started walking one to two miles a day on his physicians recommendation. He finally got his weight to normal, his body was firm from the exercise and his medication was carefully discontinued. Today he is at his ideal weight, doesn't eat much salt, takes no medication, and feels better than he has in years. His "cure" was weight reduction, low salt and exercise. But his high blood pressure will return if he doesn't follow his plan.

So check your blood pressure a couple of times a year. If it's high, get it under control. It will save your life.

Mrs. Becky Perry of Grand Prairie visited several days recently with Sadie Wilson. The ladies were school mates at Lelia Lake as children.

NATIONAL 4-H WEEK OCTOBER 1-7

Making our community a better place to live...

Weather - its wet!

Area residents did not need the weather man last week to know rain was on the way or was already here in good quantity, with reports being pretty constant across the Clarendon and vicinity area.

Harper Muse, at the Canteen in Howardwick, reported 4.02 inches and expected fishing to be improved by the rainfall.

Don Hillis, five miles east and about two miles north of town showed 5.25 and reported just a good steady downfall and very beneficial.

Jim Robinson, at the Kent Place on the JA Ranch road, got 2.95 on Wednesday and about that much more on Thursday for about five inches at his place.

From Lelia Lake Earl Shields reported 4.20, Brownings 4.06, R.D. Castner over 4 inches and Quinn Aten with 4.35.

Mickey Grady received about 5 inches at his place near Bruce and Hubert Rhoades turned in 3.60 from Ashtola.

All these reports were for rainfall which fell last week. Amounts could be greater with additional showers forecast for this week.

Temperatures dropped sharply about mid week last week but have returned to more normal values. No reports of damage to fall crops have been noted.

Tommye Saye gave Clarendon's official total for the two days as 4.76 inches, bringing the October total to 5.15 and the year's total to a respectable 24.35.

Hightower honored

Rep. Jack Hightower, (D), 13th Dist., Texas, has earned the "Guardian of Small Business Award" presented by the National Federation of Independent Business (NFIB).

Rep. Hightower qualified for the NFIB "Guardian" award by voting in favor of small business 71% of the time during the 95th Congress.

NFIB President Wilson S. Johnson, in conferring the award on Rep. Hightower noted:

"We initiated our rating system to give special recognition to those legislators who support small business and to make sure that small business owners know how their legislators represented them in Congress."

"NFIB and its more than 540,000 member firms nationwide regard a 70 percent or higher rating on key small business issues as worthy of the 'Guardian' award," Johnson said. "Too many legislators go back home claiming to support small business simply because they voted for an appropriations bill for the Small Business Administration (SBA). We feel our membership deserves to know how their Congressman voted on each of the issues which are of direct importance to small business."

"I hope that all citizens interested in preserving small business will take note of Rep.

Hightower's voting record and realize they have someone in Washington who is aware of the problems facing small business," Johnson said. "The small and independent business person can't survive today without this type of fair representation."

NFIB, the nation's largest small business organization, is nonprofit and nonpartisan.

Report from State Comptroller

State Comptroller Bob Bullock said Monday that 125 Texas cities have notified his office they will repeal the one percent city sales tax on residential gas and electric bills effective Oct. 1.

Cities that wished, however, were allowed under the law to repeal the local tax on the same date -- Oct. 1, 1978 -- that the state tax is eliminated.

Four of Texas' five largest cities -- San Antonio, Dallas, Fort Worth and Austin -- have voted to repeal the tax on Oct. 1. Houston, the state's largest city, declined to repeal the tax, but has not yet notified the Comptroller of its decision.

Clarendon has informed the Comptroller's Office they will retain the one percent city sales tax on residential utilities.
