CLEAN UP JOB CONTINUES AT GIBSON'S

## Gibsons clean up progress

James Stubblefield, manager for the Gibson's store in Clarendon gave a progress report on the cleanup of the fire ravaged building site. Work has gone steadily on and should be complete by the end of May. The work is being done under the supervision of Nichols Salvage of Childress. Meanwhile behind the scenes work is continuing. All bids should be in by the end of the month and selection of fixtures is underway. All refrigeration equipment for the building will be new. Included in the plans for the new store is a delicatessen

which will be new for the store in Clarendon. Fresh meat in the market will be available as in the past. Employees at the store have expressed a desire to return when the store opens. In addition more employees will be needed for the added space which is tentatively planned for the store. At this time Gibson's, Alex Saied, and James Stubblefield wish to acknowledge the many expressions of regret over the fire and the many offers of all kinds of help. These sentiments are most sincerely appreciated.

KEN DORRIS

## Junior high awards assembly to be May 18

The Clarendon Junior High School Awards Day Assembly will be held May 18, at 9 a.m. in the Harned Sisters Fine Arts Auditorium. Outstanding eighth grade students will be named in each subject area and athletic event, and an eighth grade boy and an eighth grade girl will be given the 1926 Book Club citizenship

Award. All students in junior high who have maintained a 90 average with no grade below 80 on their report cards will be given Honor C Awards. Those who have been neither absent nor tardy will receive Perfect Attendance Certificates. All parents and friends are invited to attend.

## Kindergarten visitation set

The kindergarten class will have a special visitation day on May 15, from 10 a.m. to 12 p.m. All students five(5) years of age or that will be five (5) by September 1, 1979 are urged to attend. We will have lots of fun activities in our room and eat

lunch in the cafeteria. If your child can not attend, please call Clarendon Elementary School at 874-3855 or Mrs. Wanda Cornell at 874-3320 after 4 p.m. Bring your child to Room number 104D.

DOROTHY BRADDOCK

## Pet vaccinations to be May 18

Pet owners will have the chance to get rabies vaccinations and city tags for their pets at the annual rabies vaccination clinic to be held on Friday May 18, 1979 from 2-5 p.m. The vaccinations will be given outside at the City Hall. Pet owners need to get their receipts inside City Hall before getting the vaccination. Cost of the city tags are \$1 for each animal and the rabies shot is \$5

for a total of \$6 per animal for its tags and shot. Not only does the rabies shot protect your dogs health from the bite of a rabid animal, but children who play with their pets may be bitten by an animal if it becomes infected. Protect your children and pets when you get the shots for your animal May 18, between 2 and 5 o'clock.

## Recreational survey needed

A group of citizens concerned about the recreational needs of Donley County have started a campaign to secure such facilities in Clarendon. This is something that has been desperately needed for some time. Also, over the years, very little has been done to provide recreation for our young people. Since they are the future of this county, this should be of major concern to us all.

Survey of recreational needs. It is apparent the residents of Donley County do not have ample recreational facilities. An effort is being made to secure these facilities for our residents. This survey is being conducted to determine the recreational needs of the people of Donley County.

Please express your recreational preferences by placing number (one) beside your first choice, number (two) beside your second choice, and number (three) beside your third choice. If you prefer something not listed, please write in your suggestion in the blanks provided and list the appropriate choice number beside it. ( ) archery, ( ) swimming pool ( ) community recreation center, for socials, meetings, and etc. ( ) skating rink ( ) shuffle board ( ) miniature golf ( ) handball (sauna).Others: ( )

We have distributed surveys in the schools for the students and would like the adults to return this survey with their preference. We plan to work toward securing the first choice of the citizens of this county. We would appreciate any suggestion you have for raising funds for these facilities or if you would like to volunteer your services for this project, your help would be appreciated. Just enclose a note with this survey, and mail to: Recreation survey, Clarendon Press, Box 1110, Clarendon, Texas 79226. Lets all get behind this project an work together to make it a reality.

## Hedley hosts wrestling

After several years absence from the local sports scene, Professional Wrestling will return to Hedley, Texas. The Hedley School District will host the matches which will take place on Monday, May 14. The Hedley High School Gym will be the site of the matches which get under way at 8:00 p.m. They will be under the auspices of prominent Amarillo Promoter Jerry Kozak and under sanction of the State of Texas Wrestling Commission and National Wrestling Alliance.

Against New Jersey's Jim Dillan. Both of these heavyweights are former International Heavyweight Champions and are currently sitting in top positions in the world contention. Each has tasted success with the I.H. title recognized as only second to the NWA World gold belt. This will be Murdoch's first contention in Texas in some weeks as he returns from commitments in Kansas and Japan. Two more of the ranked heavyweights with vast reputations will vie in the huge semi final. Favorite Ricky Romero will have his work cut out when he opposes the Japanese speedster Mr. Sato. Each of these wrestlers have held numerous prominent championship belts. Romero better known for his famed finish hold, the 'sleeper hold' has unseated many opponents to keep right in the tick of the competition as a main eventer. Sato prefers the 'suplex' to

Tickets will go on sale at the high school gym at 5:00 p.m. day of matches. All ringside, reserved, \$4.00; adult general admission, bleachers, \$3.00 and children under 12 years of age general admission, \$2.00. Amarillo Wrestling Promoter Kozak has signed a tremendous four match lineup of noted U.S. and International competitors. The top main event finds two of the best of the sports world squaring off in an one hour time limit match. Dick Murdoch

## 8th grade honor students

Honor students for the 1979 eighth grade class are Valedictorian Dorothy Braddock and Salutatorian Ken Dorris. Dorothy is the fourteen year old daughter of Mr. and Mrs. Wesley Braddock of Clarendon. In addition to maintaining a 97.4 average, she has participated in basketball, track, and band. Dorothy also enjoys reading and watching football games.

Ken, who had a 96.92 average for this year, is the fourteen year old son of Mr. and Mrs. Gary Skinner of Clarendon. Ken has participated in football and track, and he also enjoys making model rockets and fishing.

## Jim Hayes to attend real estate course

A Clarendon real estate practitioner will be attending the unique Subjects of Advanced Real Estate Subjects (SOARS) program at Texas A&M University May 25 - June 1. James F. Hayes of James F. Hayes & Company, broker, is enrolled in the 1979 session of the program, which is an intensive, eight-day educational experience designed to give real estate brokers, sales associates and related professionals a competitive edge in business during this time of serious inflationary influences.

The SOARS curriculum covers management development, investment analysis and land resource economics (government - industry interface), as well as the behavioral approach to enterprise, tax planning and timely feature presentations. The instructors are screened carefully. Around 40 professionals selected from the real estate industry and related fields and from university professors with expertise on specific areas round out the instructional staff.

To enroll, students must have at least three years experience in the real estate industry or a related field. It is preferred that students have bachelor's degrees, but every applicant is promised consideration.

## C. F. dance to be held

A dance will be held for Cystic Fibrosis Foundation Saturday May 12, 1979 at 8:30 p.m. till 12:30 p.m. at the Clarendon Rodeo Grounds. Come out and have a good time since its for a good cause.

## Art reach classes

Students interested in the arts can explore their creative abilities by enrolling in an Art Reach class this Summer. This 4 week schedule of classes is being sponsored by the Amarillo Art Center.

Art Centers teachers Suzanne Linquist and Pamela Glick will lead sessions in a variety of media that includes drawing, painting, ceramics, sculpture, printmaking, collage, and others. Activities will be planned to have children experience the joy of creating works of art. By the end of the term, students will have finished several projects that they can take home with them, (or possibly exhibit at the 4th of July celebration).

The classes will be held on Tuesdays and Thursday, June 5-28 in the Mission Hall at St. John Baptist Episcopal Church. Two classes will be offered for different age groups: Art Reach I, for those who have finished 1st-3rd grades, at 12:30 - 2:30 and Art Reach II, for those who have finished 4th - 7th grades at 2:45 - 4:45. Tuition for the classes is \$25 for the four week program. Amarillo Art Center members receive a 10% discount on tuition and families receive a group discount -- \$25.00 for first child, \$15.00 for second child, and \$5.00 for all others. A small number of scholarships will be available. Registration is being handled by Mrs. Pettigrew Hamilton, 874-2333 and Mrs. Jerry Courtney, 874-2322. Call them for more information.

TAMBRA PHILLIPS

## Baccalaureate May 13 Bike-a-thon for Cancer May 12

Baccalaureate for the Clarendon High School Graduating Seniors will be held Sunday, May 13, 1979 at 8 p.m. in the Harned Sisters Fine Arts Auditorium at Clarendon College. The sermon will be delivered by Rev. Paul Heil of the First Baptist Church. Mrs. Raleigh Adams, organizer will play the professional and recreational and Jennifer Scoggin will be the accompanist for vocal selections by Katherine Green and Jim Shadle. Don Stone will give the invocation and Bright Newhouse will give the benediction.

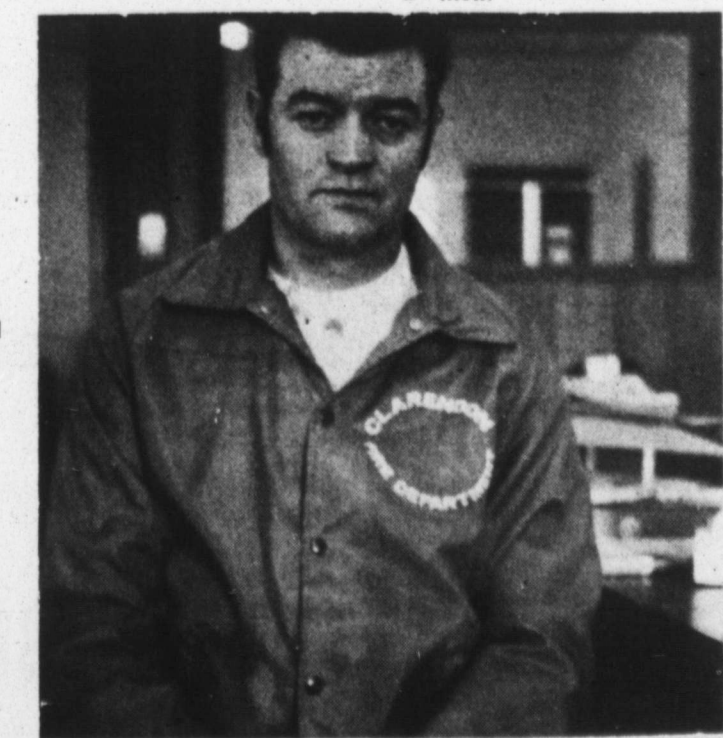

Par' pants in the 1979 bike-athon for the Donley Unit of the American Cancer Society will meet in the school cafeteria at 10 a.m. Sat. May 12, for the 20 mile ride to raise money for cancer. The ride is ten miles out and ten miles back. This is one event which involves the entire family sometimes. It is necessary in some instances to transport bikes a considerable distance in pickups just so the riders can get to the starting point for the Bike - a - thon.

As usual there will be a police escort and some well wishers along the way with cool liquid refreshment. Results of the Bike-a-thon, held May 12, will be announced when pledges have all been collected and tallied. Thanks to all the persons whose efforts and contributions will make this year a big year also.

## Meet Bob McCombs

## A volunteer fireman

Bob McCombs moved to Clarendon in the fall of 1976 with his wife Patricia, and daughter Wendy. Bob joined the Clarendon Volunteer Fire Department in February 1977. He has shown much interest in the Department and is presently 1st Vice President and has been a very active member. Thank you Bob.

## CALENDAR OF EVENTS

Sunday, May 13, 8 p.m. High School Baccalaureate. Tuesday, May 15 10 : 12 Kindergarten visitation day. Friday, May 18 - Last day of school for students 9 a.m. Jr. High awards assembly college auditorium. Friday, May 18: Last day of school for students 9 a.m. Jr High Awards

## Cancer Crusade has collected \$1,304.71

As of May 4, 1979, this year's door-to-door fund raising Cancer crusade had brought in \$1,304.71, with the total expected to be higher as donations continue to come in. This year the Cancer Crusade chairman was Dossa Day, who with her workers covered Clarendon and Donley County. Mrs. Day and her assistants are due

## New service at Rattan T.V.

Use of the new Repeater Service, a 2-way communications improvement, may enable the user to save up to 50 percent of his gasoline consumption, which is now available at Rattan T.V.

The business is now being set up for repeater service in the Clarendon area. This repeater service differs greatly from the AM radio or CB.

GMR-1 radios have the ability of permitting conversation for a distance of 60 miles plus. Also weather conditions have little effect on FMGR-1 radios which make them ideal for weather watching.

This service is offered only to subscribing customers who will get a crisp, clear communication with no noise level. It is practical for business or personal use, is a controlled repeater and call letters use is required. Rules and regulations are to be

## Scout news

All Clarendon Boy Scouts planning on going to Camp this Summer need to pay \$40.00 now. Summer Camp is June 17-23 and all money must be in 1 month ahead of time. Scout meeting time for weekly meeting will be at 6:30 p.m. on Tuesday since the time change.

## Elizabeth Verner rites held in Charleston

Elizabeth O'Neill Verner, grandmother of Pettigrew Hamilton, died Friday, April 27, in Charleston South Carolina. She was 95 years of age.

Services were April 30, in Saint Phillips Episcopal Church in Charleston with Reverend Pettigrew Hamilton officiating. He was assisted by three other ministers, two of them were his cousins.

Burial was in Scotts Presbyterian Church Cemetery beside her husband, for whom Pettigrew Hamilton was named.

Mrs. Verner was the author of at least five books and was world renowned for fine etchings. She is considered the best woman etcher in the United States. Elizabeth O'Neill Verner was instrumental in the preservation of Old Charleston long before the preservation of our heritage became a popular issue.

She was a flamboyant personality and considered an institution in Charleston. More than 500 persons attended the services in tribute to this talented woman.

Pettigrew Hamilton flew to Charleston to attend and officiate the funeral services for his grandmother.

## Mixed drinks rebates

State Comptroller Bob Bullock Monday said Texas cities and counties will share more than \$5.2 million in rebates from the state's mixed drink tax.

Bullock said mixed drink sales for the first quarter of 1979 totaled more than \$180 million. In Donley County the total revenue was \$1,586.44 with the county's 15% remittance \$237.97 and the city of Howardwick's remittance \$237.97.

## Bullock Representative due

State Comptroller Bob Bullock announced he is sending a representative from his Amarillo Field Office to Clarendon on Wednesday, May 16, to assist local taxpayers and answer questions about State Taxes. Bullock said Enforcement Officer John Hodges will meet with local taxpayers at the County Judge's Office in the Donley County Courthouse from 11 a.m. until 1 p.m.

Compiled by Tommie Saye - Cooperative Observer for National Weather Service, Clarendon.

### Food Poisoning-a nightmare

Getting food poisoning is a sure way of turning a fun excursion into a nightmare. When planning spring outings, the Texas Medical Association urges you to observe adequate caution in preparing and handling food.

Bacteria are the prime culprits in food poisoning. Present throughout nature, bacteria are usually harmless. For growth and reproduction, they require a food source, moisture, and temperatures between 45 and 115 degrees F.

Salmonella is one bacterial organism which can produce illness. Most frequently found on raw animal products such as meat, poultry and eggs, this bacteria can be transmitted from one food to another. For example, if the knife used to cut contaminated raw meat or poultry is not washed before being used to peel potatoes or dice onions, all of the food items can be contaminated. The bacterial growth is accelerated if food is then left at room temperature or cooled very slowly. The results can be diarrhea, abdominal cramps, vomiting and fever.

These pointers will reduce the chances of salmonella poisoning: 1) Before preparing other foods, use hot, soapy water to wash hand and utensils which have been in contact with raw meats, poultry and eggs; 2) Thaw meats and poultry in the refrigerator rather than at room temperature. If at pressed for time, use cool running water; 3) Wait to stuff poultry until immediately prior to cooking. Use a meat thermometer to avoid undercooking; 4) Immediately refrigerate leftovers and heat them thoroughly before eating.

Another common bacterial menace is Staphylococcus, often called "staph." Staph organisms are commonly found on the hair and skin, in the nose and throat, and in skin infections. Staph bacteria produce a toxin which cannot be destroyed by cooking. Certain foods such as gravies, dressing, meat, eggs

and poultry are most prone to contamination.

There are ways to prevent staph contamination. Avoid keeping susceptible foods at room temperatures or at warm holding temperatures. Never use the hands to mix foods. Be cautious to keep the hands away from the mouth, nose and hair, and cover all coughs and sneezes. Don't prepare food if suffering from a skin infection or infectious disease.

Botulism, the most serious form of food poisoning, is often fatal. The majority of cases occur from improperly processed, home-canned vegetables. In the absence of oxygen and acid, botulism spores form a deadly toxin. Symptoms of poisoning include double vision, inability to swallow, and speech and breathing difficulties.

The likelihood of botulism poisoning can be greatly reduced by following these rules: 1) Only use the pressure-canner method of canning vegetables, meats and poultry. The high temperature required to kill botulism spores is not possible by other home-canning methods. Pickled vegetables and fruits are often sufficiently acidic to prevent bacterial growth and may be canned with boiling water. To be certain, obtain canning instructions for all foods from the United States Department of Agriculture and make sure your equipment is working properly; 2) Throw away any foods which have an "off" odor. But sometimes poisoned foods do not smell bad; 3) Never taste food that is suspect. When in doubt, throw it away; 4) Throw away food from cans that leak or bulge. Be sure to dispose of such foods in a way which will protect other people and pets from its accidental use.

Letting should be kept in a tight plastic bag whenever possible to stop the oxidation process, which turns the vegetable brown.

BROWNIE TROOP 168

### Brownie Troop 168

Brownie Troop 168 attended the Brownie Trail at Camp Cibola north of Clarendon Saturday. The girls sang songs, played games, had a Weiner roast, and waded in the creek. Brownies from this whole area

attended. Those from Troop 168 attending were: Tanya Bell,

Sharon Bright, Kristi Deen, Jan Kidd, Selena Kennedy, Marcy Helms, Christi Knorpp, Twanna Garland, Jennifer McAnear, Buffie Hancock, Patty Terry, Sherry McCrary, Sandra Kerlee, and Renee Campbell. Leaders attending were Sara Kennedy, Bobbie Campbell, and Eva Bright.

### Tick population increases with warm weather

Tick populations increase dramatically with warmer weather, causing inconvenience and health hazards for homeowners and pets.

Ticks are biting, bloodsucking parasites, and their bites may become inflamed and infected due to toxic secretions, points out Dr. Cliff Hoelscher of Stephenville, area entomologist with the Texas Agricultural Extension Service. Tick paralysis, tularemia and Rocky Mountain Spotted Fever may be transmitted through tick bites.

According to the entomologist, brown dog ticks and American dog ticks are the most common in Texas home landscapes. Brown dog ticks are reddish-brown while American dog ticks are yellowish-brown

when unfed and slate gray when engorged.

The brown dog tick rarely occurs in rural areas; instead, it hides in crevices around buildings. American dog ticks are most often found along roads and trails.

A female tick may lay several thousand eggs, beginning a two- to four-month life cycle. Remaining stages—six legged larva (seed tick) and eight-legged nymph and adult—generally develop on separate host animals. After each feeding, the tick drops off the host and temporarily hides until the next developmental stage.

Regardless of the species, control is basically the same for all ticks, says Hoelscher. Heavy infestations in the home may require treatment by professionals. Household sprays containing 0.5 percent diazinon or ronnel will control light infestations.

Outside the home where vegetation is thin, use 5 percent carbaryl (Sevin) dust at 20-25 pounds per acre. Increase the rate as vegetation thickens, advises Hoelscher. If using a spray, mix five tablespoons of 25 percent diazinon emulsifiable concentrate (EC) in one gallon

### Wasp may soon help cotton farmers

One of the cotton grower's worst fears may be coming true. Cotton bollworms and tobacco budworms, which destroy about a billion dollars worth of the nation's crop annually, are getting tougher to control each crop season.

A possible solution is a tiny parasitic wasp. A wasp no bigger than the period at the end of this sentence.

The generic name for these tiny wasps is *Trichogramma*, and they are a natural parasite of bollworm and budworm eggs. A mass-production facility, operated at the USDA/SEA Cotton Insects Research Lab in College Station, Tex., by Richard Morrison, hatches and rears these

wasps by the millions under controlled conditions as a part of major pest management project.

The way *Trichogramma* works to combat bollworms and budworms can be effective, and does not present some of the problems that are sometimes associated with broad spectrum insecticides. The wasps are usually flown on a field by airplane. The *Trichogramma* then find the budworm or bollworm eggs on a cotton plant and sting the eggs to kill them. They bore a hole in each egg and lay their own egg inside. When the *Trichogramma* egg hatches, it goes through the larval and pupal stages within

the budworm or bollworm egg and then emerges as an adult, ready to find more eggs. By releasing large number of *Trichogramma*, scientists at College Station have been able to achieve high levels of kill of pest eggs in heavily infested fields of cotton.

"Farmers are beginning to realize that beneficial insects such as the *Trichogramma* wasps are a valuable resource," said Dr. Roger Ables, another of the scientists working on biological control at College Station. "Under the proper conditions beneficial insects can be quite useful, if you can conserve them through careful and selective use of insecticides, then it may be possible to reduce the costs of pest control."

### Al Morrah Shrine Blood Report

Emmett O. Simmons, president of Al Morrah Shrine Club, has reported that there were 43 blood donors for the Shrine Blood Drive.

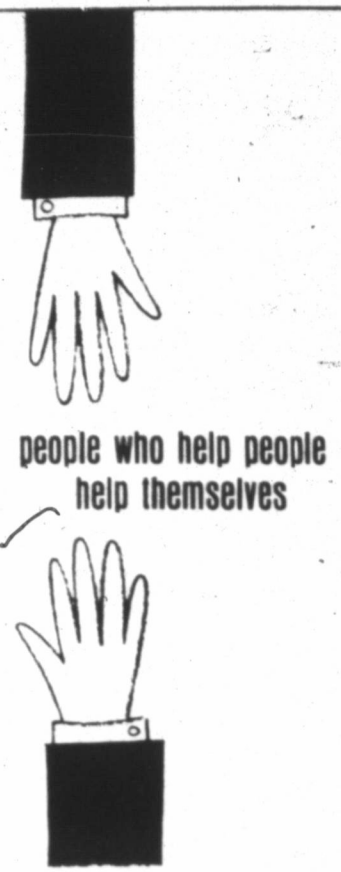

Of this number 13 were designated as family donors and 30 pints were designated for the Texas Shrine Crippled Children and Burns Hospital.

Al Morrah Shrine Club appreciates this participation and all those persons who gave their time and blood for the drive.

"We've got to get away from our dependence on broad spectrum insecticides. Those that wipe out everything in the field. We've got to go to more selective chemicals which affect the target pest while having relatively little or no effect on our beneficial insects."

Some of the research funding for *Trichogramma* was made possible by cotton producers through Cotton Incorporated.

The economic loss caused by budworms and bollworms on cotton has been something like about 500 million dollars, and to all crops nearly 1 billion dollars per year. Thus, biological control may represent a logical answer to the problem; with more research, *Trichogramma* may prove to be an important weapon in our pest control arsenal.

AMY SUE LEMLEY

Mr. and Mrs. W. Troy Lemley of Phillips are announcing the engagement of their daughter Amy Sue to Stuart Madison Messer. The couple plans a May 26 wedding in the United Methodist Church, Hedley. Parents of the prospective bridegroom are Mr. and Mrs. W. Doyle Messer of Hedley. Miss Lemley is the grand-

daughter of Mrs. J. W. Lemley of Crosbyton and Mr. R. E. Fite of Sardis, Oklahoma. Messer is the grandson of Mr. and Mrs. O.F. Messer of Hedley. The bride-elect is a graduate of Texas Tech University, Lubbock. Her fiancé attends North Texas State University, Denton.

**A. R. Casey honored 76th birthday**

A. R. (Al) Casey was honored on the occasion of his 76th birthday on Sunday, May 6, by members of his family. His sisters, Mrs. Clarence Pipes and Mr. and Mrs. Conners, both of Amarillo and 11 nieces and nephews came to spend the day, cooked a delicious birthday dinner, complete with birthday cake and all of the group enjoyed the visiting. It was two weeks until his first birthday when Al's parents

moved to Clarendon to live. That was in 1904 and they came from Amarillo having moved there from Allenreed. Al has lived in Clarendon ever since. The day was spent visiting and taking pictures and discussing events past.

Some say it's best to plant potatoes on starry nights.

**FFA Banquet news**

Another exciting year in F.F.A., topped off by the Annual F.F.A. Community Banquet, is over and a few traditionally good teams along with some surprises have made the year a rousing success.

Clarendon F.F.A. has a tradition of having outstanding leadership teams, with this year being no exception. The Greenhand Chapter Conducting team won the Greenbelt District title for the fourth consecutive year. Junior Crump, Shannon Hall, Spencer Hayes, Brian Hill, Tommy Lane, Bryan Leeper, Scott Newland, and Brad Thompson were the Freshmen on the team. In addition, they won the area and finished 8th at the State Contest in Huntsville. On other leadership teams, the Chapter Farmer Conducting Team (Sophmores) placed a disappointing second at District after going to Area as Freshmen. The team consisted of Mark White, Terry Cole, Lance Thornberry, Rick Hayes, Steve Nance, Randy White, Jack Craft, Drew Thornberry, Eddie Bright, and Dan Hansen. The Farm Skills Team (Kyle Hill, Bobby Fulgham, and Chris Ford) placed fifth at District.

A good Land Judging Team, consisting of Keenan Shields, Barry Hastey, Mark White, and Steve Nance won 2nd at the Clarendon Contest, 2nd at Wellington, and 2nd at West Texas State. They placed 19th at State against rugged compe-

dition. The Range and Pasture Grass I.D. Team placed 2nd at Clarendon, 3rd at Wellington, 5th at West Texas, and 2nd at District, enabling them to qualify for State. Lance Thornberry, Drew Thornberry, and Jack Craft were the participants in this event.

The Dairy Products Team (Jay Lindley, Starla Mann, Mark Jack, Bill Cornell, and Buddy Hall) placed 7th at West Texas, 5th at Texas Tech, 4th at Area and participated in State Contest. Jeff Topper, Kyle Hill, Jon Nichols, and Chris Ford made up the Clarendon Poultry Judging Team placed 1st at District. On the Livestock Team, David Lane, Danny Hansen, and Mary Hermesmeier, placed 2nd at District. The Crops Team, Shannon Hall, Kelly Nance, and Brian Leeper placed 4th at West Texas, 4th at Tech, 2nd at District. Tim Brown, Shane Swinney, Scott Lewis, and Lynn Thompson made up the Dairy Cattle Team. They placed 2nd at District.

The year was climaxed with the big F.F.A. Community Banquet at the High School. About 350 guests and fathers came to the banquet along with 87 members. It was made possible by our citrus fruit sale and basketball concession stand sales. Those receiving awards were: Star Chapter Farmer-Terry Cole; Star Greenhand-Rodney McAnear; Beef Production- Butch Blackburn; Crop

Production- Barry Hastey; Horse Production- Buddy Hall; Poultry Production- Mary Hermesmeier; Swine Production- Keenan Shields; Soil and Water Management- Keenan Shields; Ag Mechanics- Preston Byrd and Justin Lemons. Those receiving Certificates of Merit for their efforts in various activities were: Keith Floyd- Ag Mechanics; David Lane- Swine Production; Rod McAnear- Swine Production; Jay Lindley- Crops and Dairy Products; Stu McAnear- Crops; Keenan Shields- Crops; Terry Cole- Crops, Soil and Water Management; Steve Nance- Soil and Water Management; Mark White Soil and Water Management; Barry Hastey- Soil and Water Management; Swine Production. Also receiving Leadership Certificates were the Greenhand Chapter Conducting Team members.

All told, this has been a very successful year in F.F.A. We want to thank everyone for their support and especially Hubert Rhoades, Mike Graham, Dovey Graham, and Pete Land for helping to barbecue the chicken for the Banquet.

Frank Gotch, whom many consider the greatest wrestler in modern times, held the record for the quickest fall—pinning an opponent in 6 1/4 seconds.

**1968 Class of John V. London LVN had reunion**

The 1968 Graduation Class from the John V. London school of Vocational nursing, which was located at Groom, held a 11th anniversary, April 28th.

The reunion was held in the home of Betty Wells, R.N. former instructor of the group. Mrs. Wells is presently employed at Highland General Hospital in Pampa.

Davie Knox was surprised with a decorated cake. The occasion was for her upcoming graduation May 11th from R.N. School. She was presented with gifts from various ones also a corsage from Mary Chism. A covered dish luncheon was enjoyed by everyone.

A scrapbook made up of the School days and reunions down through the years by Willene Judd was enjoyed by all.

Several hours were spent catching up on visiting and reminiscing.

Those attending were Dovey Knox, Willene Judd, Clarendon, Mary McCrary, Maxine Bennett, Pampa, Mary Chism, Sunray, Elaine Townsend, White Deere, Etia Mae Jackson, Farmington, N.M.

Those who were missed very much and could not make it were Billie Hicks, Clarendon, Zook Britten, Groom, Darrella Edwards, Amarillo, Thelma Griffen, Childress.

Plans were made for the same time next year and hoping that everyone can attend.

**Letter to Editor**

Residents of Donley County

May I take this opportunity to say, "Thank You", again for helping us here at Medical Center have a successful Garage Sale and be able to make the final installment on our Patio Cover. It is very gratifying for me as Administrator to know that I have the cooperation of the public and the staff when a need arises. I wish to extend an invitation to anyone who would like to come and visit us and see the work being done here. The staff at Medical Center are to be commended for the time they put in on their own to put this project over in a very successful way. The total count of contributions through the sale was \$600.00. I especially want to commend Peggy Cockerham for heading this project and making it as successful as it was. Thank you again, Donley County Residents.

**CHEVY NATIONWIDE CELEBRATION**  
MAY 11 to MEMORIAL DAY

Citation 2-Door Club Coupe  
Citation X11 2-Door Hatchback Coupe  
Citation 2-Door Hatchback Coupe  
Citation 4-Door Hatchback Sedan

**IT'S AN ALL-OUT CHEVY JUBILATION.**  
It's Chevy's Nationwide Celebration, America! Three big weeks of jubilation at your Chevy dealers. And, as always, they have great values in all the Chevy cars and trucks that have made Chevrolet number one. And it's all waiting for you.

**CELEBRATING CHEVY CITATION. THE FIRST CHEVY OF THE '80s.**  
What's all this excitement about? Well, we're celebrating the arrival of the 1980 Chevy Citation to Chevrolet's line of new generation cars. Come see and test drive Chevy Citation,

the first front wheel drive with Chevy behind it. **24 EPA ESTIMATED MPG/38 HIGHWAY ESTIMATE.** Remember: Compare the circled estimated MPG to the estimated MPG of other cars. You may get different mileage depending on your speed, trip length and weather. Your actual highway mileage will probably be less than the highway estimate.

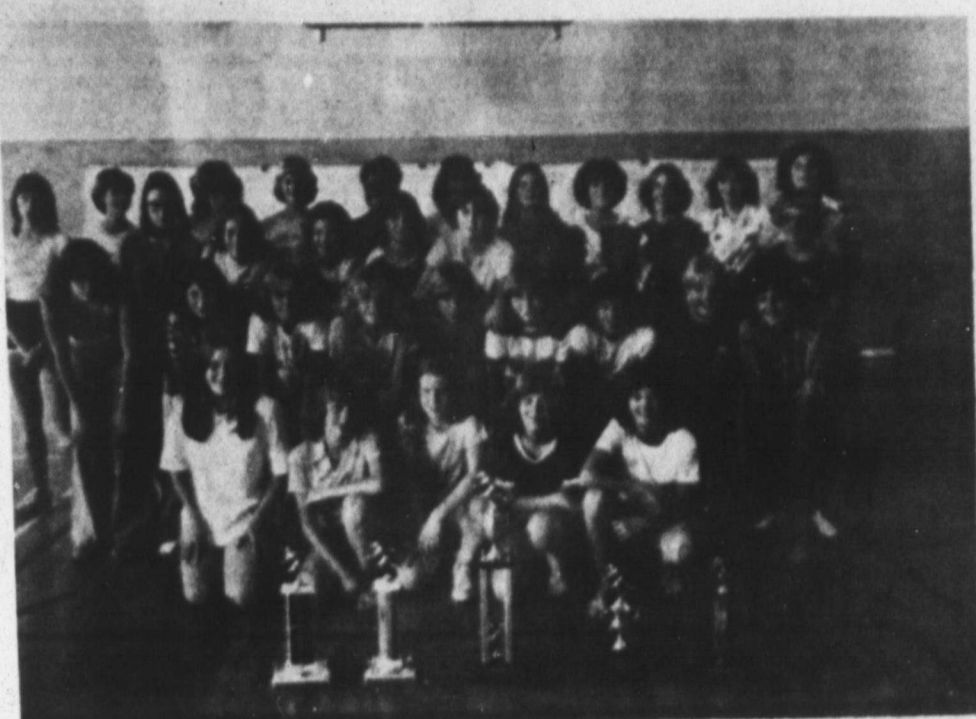

**LOOK, TRY, TRADE, BUY.**  
So join the jubilation, America! And check out the 1980 Chevy Citation. Or any of the other Chevy values at your Chevy dealers. Join Chevy's Nationwide Celebration—May 11th to Memorial Day.

### Ashtola news

Horace Green went to Canyon Saturday to visit his father Joe Green and then to Amarillo to see his Mother who is in the hospital there.

Mr. and Mrs. Doss Finley made a business trip to Canyon last Thursday.

Teresa Watson went to Memphis for business Monday. Her father Don Altman is in the hospital in Amarillo for some tests.

Rhonda, Jason, and Lori Green were in Amarillo Saturday to visit Wonderland Park and then went on to Panhandle to spend the night with the Gordon Chamberlains.

Juan Rohr and Amy, her granddaughter, came to visit with the J.B. Lane's one day last week.

Mr. and Mrs. Buck Payne, of Silverton, came to visit with Mr. and Mrs. Cecil Payne and Charlotte on Friday and attend-

ed Cecil's graduation exercise. Faylon and Larry Watson, Wesley Mills, Mark Nasler, Danny Casteel, and Bill Moss went to Galveston fishing Thursday through Sunday. They had fair luck and a lot of enjoyment. They ran into a storm at Dallas but outran the tornado.

Mrs. Horace Green went to Pampa Saturday morning and visited with Mrs. Anne Green.

Mrs. Ben and Margaret came back to the farm with her Robin Green from Amarillo spent Saturday night with his parents and the children and took them back to Pampa Sunday evening.

J.B. Lane made a business trip to Grison on Monday.

Mr. and Mrs. Jerry Green, Christel and Jerry Hoss, were in Memphis to visit with the Haskell Talley family Saturday evening and Sunday. L.A. and Rosalie Watson

### Hudgins Quilting Club news

Hudgins Quilting Club met in a special meeting, Tuesday May 2, in Lelia Lake Community Center for members to complete a hand finished quilt for Judy Morgan, of Wichita Falls. She lost all her possessions in the tornado.

Mr. and Mrs. Deb Kootz, of Hudgins, are her parents. Not only was the quilt finished but some blocks were pieced for a second quilt.

Delicious refreshments were served by Mary Lee Noble to members: Yvonne Belle McDaniel, Florene Bennett, Cora Elliott, Ahnie Thomason, Grace Avers, Florene Harp, Ruby Blackman, Ola Bradshaw, Carmen Wright, Bertha Emmons, Frankie McAnear, Ruth Lindley, Barbara Helms, Pauline Kootz and guests Flossie Reynolds and Pearl Self.

### Good Neighbor Club news

The Good Neighbor's Club met with Bessie Helton Friday Afternoon. All enjoyed just visiting and had readings on Mothers and Grandmothers. Refreshments were served to members: Mary Lee Noble, Frances McCord, Cara Hearn, Florene Harp and Hostess Bessie Helton. Our visitor was Mr. Helton. The next meeting will be with Mary Lee Noble, June 8.

Bessie Helton and Florene Harp received birthday Pollyannas.

### Look who's new

Amy Kristin

Mr. and Mrs. Jim Risley, of Higginbotham, announce the arrival of a daughter, Amy Kristin, born Sunday, May 6. She weighed 7 lbs and 8 ozs. Grand parents are Mr. and Mrs. Lloyd Risley of Clarendon and Mr. and Mrs. Verlon Hilburn, of Denver City.

### Raymond Earl

Raymond Earl Proctor Jr. was born April 25, at Northwest Texas Hospital in Amarillo and weighed 3 lbs. and 4 1/4 ozs. His parents are Mr. and Mrs. (Ray and Kitty) Proctor of Clarendon. Grandparents are Mr. and Mrs. J.M. Proctor of Houston and Dr. and Mrs. James Gossett of Rankin.

The word "pagan" originally meant a villager or a rustic, and comes from the Latin "paganus".

### McAneer-Choate vows read

Wedding vows were repeated by Kimberly Diane McAneer and Wade Kelley Choate Saturday, April 14, 1979 in the First Baptist Church of Clarendon at 5 o'clock in the afternoon. Rev. Paul Heil, minister of the First Baptist Church, officiated at the double ring ceremony.

The bride is the daughter of Cathy McAneer, of Austin, and Don McAneer, of Amarillo and the granddaughter of Mr. and Mrs. T.W. McAneer of Clarendon.

Parents of the bridegroom are Mr. and Mrs. Oliver Newton Patterson II, of Hedley. Decorating the altar were branched candleabra bearing tall tapers and greenery which flanked the altar. A unity candle was centered in the decoration.

The bride was given in marriage by her grandfather, T.W. McAneer, and her father, Don McAneer.

For her wedding the bride, chose a long formal gown of silk organza fashioned with Empire waistline, lace and pearl edged vee neck and hem-line. The long, sheer full sleeves had lace and pearl applique from the shoulder to the laeae finished cuffs. Lace applique with pearls

detailed the dress from in bands from the shoulder to hemline. Her sheer veil of illusion was caught in a shirred headpiece and extended to the finger tips.

The bride's bouquet was of Sonjia roses, white daisies and baby's breath and tied with satin ribbons and love knots.

Mrs. Dan Brandes, of Brice served as matron of honor. She wore a long apricot colored dress with empire waist and carried a nosegay of white daisies and apricot carnations.

Best man was Van Choate, brother of the groom, who wore a brown velvet tuxedo with apricot ruffled shirt.

The bridegroom was attired in a brown velvet tuxedo and an apricot ruffled shirt and brown tie.

Candlelighters were Jeffrey Henson, of Clarendon, and Sloan Davidson, of Estelline, both were cousins of the bride.

Suzzett Henson, cousin of the bride, was flower girl and wore a long pale apricot dress and carried a basket filled with daisies and apricot carnations. Ring bearer, Mike Murry, of Hedley, wore a brown velvet tuxedo and apricot ruffled shirt.

Ushers were Mark McAneer,

Mr. & Mrs. Wade Kelley Choate

brother of the bride, Keith Floyd and Gary McClellan, all of Clarendon

Following the wedding a reception was held in the home

of Mr. and Mrs. Wes Henson, uncle and aunt of the bride. The serving table was covered with an ivory shantung cloth with embroidery detailed center panels and border. Centering the table was an arrangement of white daisies, apricot Gerber daisies and baby's breath in a

brass compote. Tall apricot tapers in brass candleholders flanked the floral arrangement. Other table appointments were brass and crystal.

The wedding cake was a deep two tiered creation frosted with apricot and decorated with chocolate flowers. The upper layer, on raised columns was topped with a miniature bride and groom backed with a tiny heart-shaped screen of white, edged with apricot.

Kathy Wilson, Jackie Phillips and Penny Swearingen alternated at serving in the dining room and Jamie Casteel presided at the registers table and guest book.

Upon their return from a trip to Amarillo the couple will be at home at Rt. 1, Hedley.

The bride and groom are both students at Clarendon High School where the groom is a senior and the bride is a junior.

Mr. and Mrs. Oliver Newton Patterson II, parents of the groom hosted a rehearsal dinner at Betty's Country Kitchen for the couple.

### Mr. & Mrs. Hobbs honored by D Q

Mr. and Mrs. Imagean Hobbs, 2706 Mohawk Dr., Amarillo, will be honored with a special anniversary dinner by the Clarendon Dairy Queen.

The ceremony is in honor of the Hobbs' 32nd wedding anniversary on May 25.

Of all the couples with wedding anniversaries in May who have registered for the free anniversary dinner program at the Clarendon Dairy Queen, the Hobbs have been married the longest.

Every couple registering at the Clarendon Dairy Queen will receive a free wedding anniversary dinner at the restaurant as a gift of the Dairy Queen.

Whether they are celebrating their first, 50th or even longer anniversary during the next 12 months.

If they wish, they are served at a special table covered with a white cloth and special napkins to create a festive atmosphere for the anniversary dinner.

The program, believe to be the first of its kind for Dairy Queen, encompasses almost 50 DQ's in Central and West Texas that are a part of the Chapman Fast Foods organization.

Miriam Sursa is manager of the Clarendon Dairy Queen.

Sweet and sour creams add lightness to baked goods but you can replace these high-fat items with yogurt in the same quantity and get added protein, calcium and B vitamins.

The first book about playing checkers was published by Antonio Torquemada, of Valencia, Spain, in 1547.

HENSON'S**

### from The Bookworm

The Texas Library System has mapped out a plan for children during the Summer vacation months.

"In Search of Texas Treasures" is the theme of the program, and it is designed to encourage children to make better use of their local libraries. The program is open to "pre-schoolers" through high school age.

If a child is not a member of the library he must join, at no charge, to participate. Children under twelve should be accompanied to the library by a parent.

Children may join the program anytime after May 18th. When the child joins her will give a folder. "In Search of Texas Treasures", to use for listing the books he has read during the Summer. Each completed book earns a golden nugget.

The Children are not in competition with one another, but rather will read books at their own pace. Parents may sign up "pre-schoolers" and read to them.

The program will conclude July 31st. If eleven, or more books have been read by July 31st the child will be presented a certificate so stating.

We hope to have a party for the children at the completion of the Summer Program.

### Hardin recieves degree from WTSU

Raula Hardin Garvin, recieved her Bachelors Degree in Elementary Education from WTSU with the spring graduates from the university.

Graduation exercises will be Saturday afternoon in Amarillo at the Civic Center.

Another good project for children is to be sponsored by the Future Homemakers of America.

Mrs. Staton is in charge of this project. She and several F.H.A. girls have attended a workshop dealing with story-telling techniques.

Children from the ages of three to eight are invited to sign up at the library to participate in the story telling hours.

The storytelling will be held

May 24th through June 21st, with the exception of June 5th.

Ages three to five will meet from 10 to 11 a.m. Ages five to eight will meet from 2 to 3 p.m.

For more information in regard to these programs contact Isla Smith at the library 874-3685.

### FACTS & FIGURES

Charitable foundations, once leading donors to the arts, have been diminished. Ford Foundation grants, for example, decreased from a peak of \$20 million to only \$4 million in 1977. Both the Ford and Rockefeller foundations now give to individual artists, not to arts organizations.

# MOTHERS OF AMERICA

This year, we would like to salute all of the mothers of America. We wish to pay tribute to the millions of women, who from colonial times to the present, have worked long and hard to raise their families. We salute the pioneer women of the last century and the women of today who look after their children, raising families while working and participating in community affairs.

## JOHN'S

Clarendon

**Wrestling** from p. 1  
finish off his rivals, but excels with several other holds as effectively.

Another of the top oriental wrestlers signed, that area fans have been watching closely is Akihisa Takachio just recently making his bid in this area, but has already obtained a big following with his vast skill and knowledge of the business.

Takachio will be facing another of the well known competitors, Texas raised Alex Perez who came from Lelia Lake. Perez first came to the attention of the sports world as champion in the Golden Gloves.

After successfully attaining this merit, the now deceased and former Promoter in Amarillo Doc Scarpolis thought Perez had the making of a top wrestler, due to his amateur background in boxing and wrestling. Perez came into the ranks and became one of the best known wrestlers to ever come out of this part of the country.

With the matches getting under way at 8:00 p.m. Dennis Stamp of Minnesota goes in against English star Ted Heath.

Heath just returning to this area sits in the 'in-between' weight divisions, Junior heavy-weight and heavyweight. One of the best to ever emerge out of

the European ranks, however size has held him back in the U.S. Somewhat due to the big men this country holds. He has made up for this in every capacity with his swift maneuvering and ring savvy which has kept him in great demand.

Dennis Stamp a familiar face came into the ranks with one of the best amateur recognized lists of accomplishments in past years. He grew up poor in northern Minnesota. Dennis met the challenge. He found the vehicle he needed in sports.

He was All State defensive tackle in football and the State Champion at 175 pounds in wrestling, a feat never before accomplished in his high school's history. An excellent student as well as star athlete attended the academic powerhouse Concordia College. Graduating with honors he was an All American in 2 sports, wrestling and football. He was the first to do so in the schools 100 year history. Since turning pro he has won and held many regional titles.

Matches are subject to change due to conditions beyond our control such as injuries, illness and accident.

The Hedley School District will have a concession stand open. There will be soft drinks, sandwiches, cake and homemade ice cream on sale. Their proceeds will be used to purchase new equipment for the school's lunch room.

The ring announcer will be T.V. personality Steve Stack.

Jerry Kozak will furnish the ring for the matches.

**Rattan TV con't from p. 1**

Other money savers at Rattan T.V. are the repair services, which are offered to the customers.

Two qualified professional service technicians Ricky Rattan, and Tex Naylor, are available for your convenience. They are specialists in Zenith and RCA and work on all other brands. Rattan T.V. service ability is backed with a three month service warranty. T.V. sets are repaired like they were their own. If the set is thought not to be worth the time and money, it is checked and the customer is told of its condition at no cost to them.

**FIRST BIRTHDAY** Markie Adams daughter of Mr. and Mrs. Tom Adams of Goodnight, grandparents are Mr. and Mrs. C.N. Suttons of Goodnight.

**Add to Rattan Story**

CB repair is made easy at Rattan T.V. where you are able to get your CB radio back in better than factory working order. One week service is standard on CB radios and the work is done by qualified licensed service technicians. There is no better service. Radios are aligned for best performance, checked for power output and frequency range. Work done by Omega Electronics has a three month guarantee and one week service is a very short time for CB servicing.

Call 874-3570 for CB servicing and other repair information.

**Hedley news**

by Lois Lair

Mr. and Mrs. Alf Tims of Chickasha, OK visited the Mac Sims last Tuesday.

Vera Mae Petty and Eva Hansord visited their daughter in Amarillo on Thursday and Friday.

Mr. Henry Black and Mr. Felix Taylor of Crowell attended the Greenbelt Water Authority Meeting at Howardwick on last Thursday evening.

Lila Belle Dougherty and Gladys' Downing of Amarillo visited in Hedley on Saturday. Truell Huffman visited his mother Cora Huffman over the weekend. He lives in New Mexico.

Delores Simpson, Deana and Jody visited her parents, the Sam Sanders and other relatives. They are from Wheeler Texas.

Margaret Holland and Judy Clendennon attended funeral services for Margaret's nephew, Niel Landrum in Littlefield on Saturday.

Mr. and Mrs. Bill Gilbert of Wellington have a new baby daughter named Patricia Lynn. She is the grand daughter of Mr. and Mrs. Wilson Stephens of Hedley.

Mrs. Elvia Davis spent the weekend in Amarillo with her daughters.

J.M. Dickson of Panhandle visited his mother, Molly Dickson last Friday. He was her guest at the Senior Citizens lunch.

The New twin daughters of Mr. and Mrs. Mike Chilton were honored with a Baby Shower last Saturday afternoon in the Bank Committee Room. They were to be admired by everyone. Hostesses for the occasion were Janie Hill, Carol Ward, Gail Hill, Phillis Leffew, Shauna Monroe, Renea Shields Mary Ruth White.

**BRIDAL SHOWER**

Stuart Messer and the Bride to be were honored with a shower on Sunday afternoon in the home of Mr. and Mrs. Harold White. The bride's colors of Melon and White were used in the decorations. They received many lovely and useful gifts.

Mr. and Mrs. Robert Thornberry of Amarillo and Roberts mother of Lubbock visited Molly Dickson on Wednesday of last week. They were Molly guest at the Senior Citizens lunch.

Mrs. Alma Hess and Ruby Stanley visited the Burt Stones last Monday. They all had lunch with the Senior Citizens.

Mrs. Betty McGuire and children of Amarillo visited with her parents, the Sam Sanders over the weekend.

Mr. and Mrs. W.D. Beck of Wharton Tx. daughter of Mrs. V.A. Hansard, visited and attended to business here in

Hedley last Thursday and Friday.

Mr. Lynn Cherry of Amarillo was elected to Lt. Governor of the Lions district 2T-1. He is the son of Mr. and Mrs. T.J. Cherry.

All the pre-kindergarten students and their parents are invited to visit the school on May 11th from 8:30 a.m. to 12:00 noon.

The Hedley Junior Class and their sponsor Mrs. Virginia Pittigrew honored the Senior Class and Parents, teachers and trustees and wives with a banquet on Saturday Evening May 5th. The Lions Den was decorated in the Early Western Theme: They had Corral, Campfire, etc. Also had two handsome saddles, one at each side of door, these were furnished by the Owens Saddle and Leather Shop of Clarendon.

The welcome was given by Jimmie Adams, response Paul Dwight, Invocation, Rev. Wayne Naylor, Class History, Becky Johnson, Prophecy, LaMoss Springer, Class Will, Steve Scott. The junior class and Mrs. Pittigrew had written a song which they sang to the Seniors. Then Mr. Connie Debord made a speech which convinced everyone that he had seen and heard many things in his years of teaching in Hedley.

It was a lovely program and the food prepared by the Junior mothers was delicious.

**Hedley FFA**

Tim Taylor of the Hedley Livestock team was high point individual in the beef cattle division of the Livestock Judging Contest at Texas Tech in which 477 boys competed. The Hedley team place 3rd in

Greenbelt District, Scott Doherty and Kirk Dwight were other team members.

The Hedley Dairy products team placed 16th in the State Contest at Texas A&M. Team members were Randy Woodard, Steve Scott, Paul Dwight, and Jeff Hill.

Mr. Messer's Dairy Cattle team from Quail placed 1st in Greenbelt district and qualified for state competition where they placed 19th. These boys are Shane Farris, Otis Farris, and Harold Baker.

**Fun After Fifty Club meets**

Fun After Fifty Club met in the Lion's Club Hall Saturday, May 5. Thirty one members and guests were present. Everyone enjoyed the gospel singing by Frank Reed, Jo Anne Kidd, Norma Corgell, Ailene Moore and Oddie-Doss.

Mrs. Nina Dale was back after a long absence. Edna Hudson was wished a "Happy Birthday."

After the covered dish luncheon was served at 12 o'clock everyone departed looking forward to the meeting next month. The date is June 2. Mark it on your calendar and come join us.

Now that summer is near, remember to clean or replace air conditioner filters, recommends Pat Seaman, a housing and home furnishings specialist with the Texas Agricultural Extension Service.

Clogged filters make air conditioning equipment work overtime, waste energy and cost money, she adds.

While driving in traffic, keep a distance of one car length for every ten miles of speed, and leave more distance in bad road and weather conditions.

**Guard against fraudulent solicitation**

Guard against fraudulent telephone solicitation, Claudia Kerbel, a consumer information specialist, recommends.

Watch out for unscrupulous dealers who may try to trick consumers into a purchase or into making a contribution to a phony charity, she says.

Ms. Kerbel is with the Texas Agricultural Extension Service, The Texas A&M University System.

Remember these tips:  
\*Never agree to buy a product, let a salesperson come to your home or make a charitable contribution during the first phone call.

Tell the salesperson you'll call him back if you decide to buy or let someone come to your home.

\*Call the Better Business Bureau or Chamber of Commerce to check up on the company, then call them back if you really need what they're selling.

\*If it's a charitable organization, ask them to send you information about the charity.

\*If the company represents itself as helping the handicapped, ask how many handicapped are employed and how much money goes to the handicapped. \*If you are told that you've won a free prize or gift, find out what you have to do.

Often the prize is only given if you buy something, and you may be overcharged for the item you are required to buy.

\*Ask if you have to listen to a sales pitch for a product or service.

\*You can bet the sales pitch will be high pressured and intense.

### Mrs. Nova Little retires after 45 years of teaching

Mrs. Nova Little, who is completing her forty-fifth year as an educator, was the honored guest at a Hawaiian luau retirement party given by the Clarendon Elementary and Junior High School faculty on May 7 in the Clarendon School Cafeteria. Several retired teachers also attended the festivities to honor the first grade teacher who has served twenty-seven years in the Clarendon school system.

Accompanied by her husband, J.D.\* Mrs. Little re-lived memorable moments of her teaching career as they were related in a "This Is Your Life" presentation. Master of Ceremonies Pete Bromley

recalled that Nova Cook began her career with a first grade class at McKnight in 1930 and that in the following years, she taught at Goldston, Martin, Ashtola, Jericho, Dumas, and Clarendon. Humorous incidents from those years were related by a former student, Mrs. Tina Mooring, and by two former co-workers, Principal Stina Cain and Mrs. Hazel Brandon.

As the evening drew to a close, Elementary Principal Floyd Guinn praised Mrs. Little's dedication to her students and the excellence of her teaching. He then presented her with a copy of the "This Is Your Life" program and a gift of pearl earrings from the faculty.

MR. AND MRS. J.D. LITTLE

Over 24 million telephone callers will get information and help from the VA this year. Toll-free phone service to VA regional offices is available in all 50 states.

Vietnam Veterans Veterans Week. From May 28 to June 3, will be a one-time opportunity for the people of the United States to put aside their convictions about the war itself and pay tribute to the people who were called upon to fight it, according to Max Cleland, Administrator of Veterans Affairs.

Q -- If I request VA educational and vocational counseling, will I be in group or private sessions?

A -- Group methods may be utilized to accomplish certain phases of the counseling. Generally, group sessions are supplemented by individual counseling.

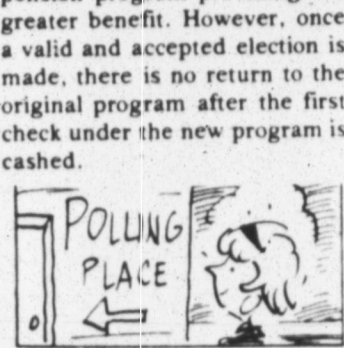

Q -- My husband, who still has his World War II GI insurance in force, has his mother designated as his beneficiary. We have been married for the past 25 years. Is there any way I can get this changed?

A -- No. Only the insured veteran may change his beneficiary.

Q -- Is an election for non-service connect benefits under the "improved pension" program binding?

A -- If an election is made which does not result in a greater benefit to the beneficiary the Veterans Administration will not accept the election. The beneficiary will continue to receive benefits under the pension program providing the greater benefit. However, once a valid and accepted election is made, there is no return to the original program after the first check under the new program is cashed.

There are over six million more women of voting age than there are men.

### Spouse abuse in Texas

An estimated 80% of the spouse abuse cases in Texas go unreported--primarily due to fear of reprisal.

This was one of the findings of a study conducted by the Criminal Justice Center at Sam Houston State University.

Dr. Raymond H.C. Teske Jr., Director of the Survey Research Program, said his conservative estimate is that 483,000 women and 88,000 men in Texas have been abused at some time by a spouse.

His figures indicate that 208,000 women may have experienced abuse within the past 18 months, with 97,500 of that number being subjected to "serious" physical abuse. The 18 month estimates for men is 37,000, with 17,000 cases considered "serious" physical abuse.

Teske's estimates are derived from a random survey of 1,500 Texans conducted by research assistant James S. Stachura, under Teske's direction. A total of 682 persons from 138 counties returned completed questionnaires.

The study was unusual in that prior studies involved only those who reported the abuse to some social service agency. Prior

studies were also limited in their concentration on abuse directed against women.

Some 26.9% of the victims also checked "other," listing abuses such as verbal or mental harassment, choking, threats with knife or acid, scratching or pulling hair, biting, kept from sleeping, and extramarital affairs.

Teske said that a significant indication of the problems of identifying and combatting spouse abuse was that only 20% of the victims indicated that they had called the police for help.

"Many of those who did not call the police made it clear through their written comments that they thought that reporting the abuse would only have caused more violence by upsetting the spouse," said Teske.

While not wanting to involve police in most cases, over two-thirds of the victims did try to fight back or defend themselves. Many of those who did not also said they thought it would have only made matters worse.

Another significant area of questioning concerned cause of abuse with victims allowed to list any cause which came to mind. Drinking or alcoholism was listed by 30.1% of the victims. Others included depression, lack of self esteem, instability, emotional problems (10.8%); temper (10.8%); jealousy (9.7%); and financial problems, stress, and work problems (each 6.5%).

directly about alcohol, and 61.3% of the victims said that attacks took place either occasionally, usually, or all the time when a spouse was drinking. One of every four victims said "all the time."

"It is clear that victims perceive alcohol as a major factor in their situations along with other variables," said Teske. "Alcohol may then be a spark which sets off the abuse."

Another section of the questionnaire attempted to determine the validity of the "cycle of violence" theory, in which it is believed that abusive behavior is modeled or imitated and passed through successive generations.

Almost half (48.5%) of the victims reported that they had heard or seen their mother or father being abused. A number

of the victims did not know whether there had been physical abuse between their spouse's parents, but 31.3% said they knew of such abuse taking place.

Almost three of every five victims (59.1%) said they had been physically disciplined by parents, and over two of every five (41.9%) said their abusing spouse had been so disciplined.

Several of the victims wrote that their being physically disciplined should not be construed as abuse, and that the question of parental discipline was not applicable to their present situations victims of spouse abuse.

Teske concluded, however, that "the evidence lends support to the idea of a 'cycle of violence' where spouse abuse is concerned."

### Weatherly & Martin wins pictures

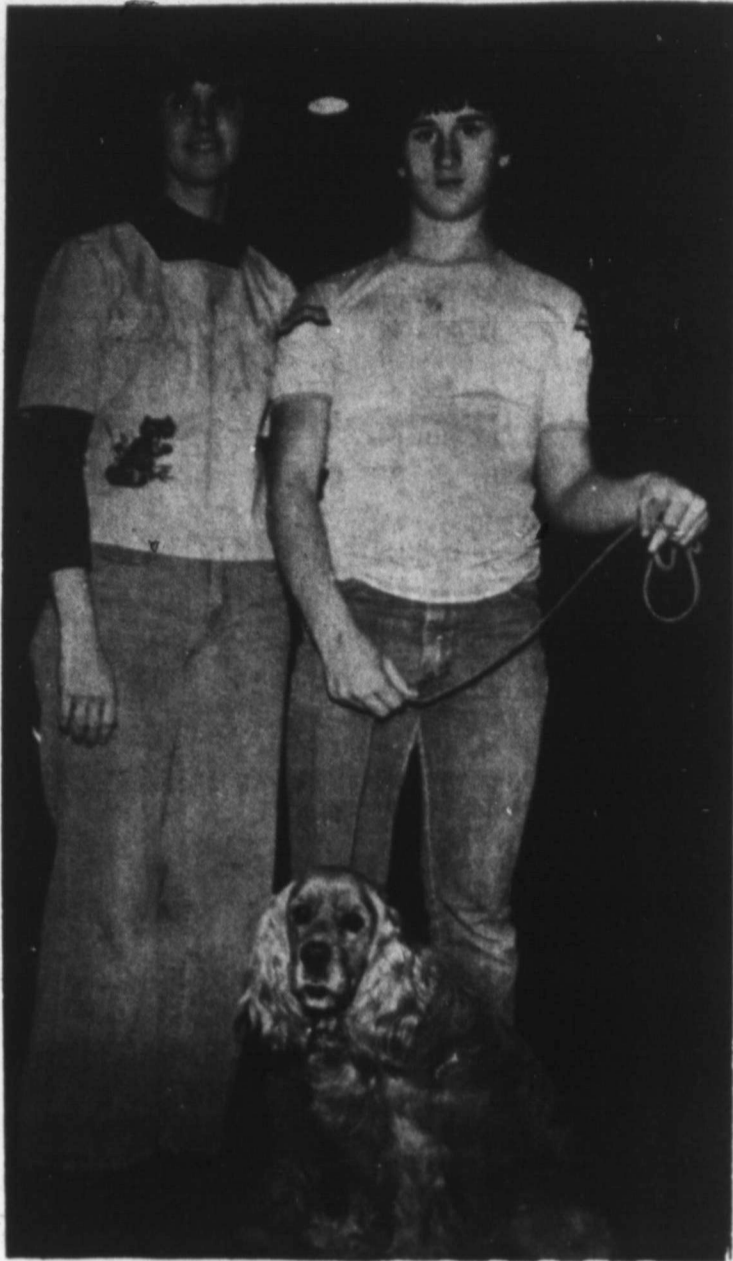

Response to the Open House celebration following her first year in business with the Art Studio was a definite success for Dolores Crump, with more than 45 persons registering on Friday the first day of open house. Saturday was another big day with customers, well wishers, art buffs and droppers by enjoying the art exhibit and visiting with refreshments. Two paintings were given

away with a drawing held at 4 p.m. Lucky persons whose names were drawn were Roscoe Martin, who won the watercolor landscape by James Ivey Edwards, and Mrs. W.T. Weatherly, who won the oil painting of an eagle by Dolores Crump. Dolores wishes to thank everyone for making her first "birthday party" at the Art Studio a memorable one.

### Show poultry in Lubbock

Allen and Roger Estlack participated in the Lubbock Poultry Show April 21. In the Junior Show, Roger's Black Breasted Red Old English Games placed two firsts, two seconds, the Best of Variety, Reserve Best of Variety, and the Best Opposite Sex Game Bantam in the Old English Division. In the Rosecomb Division, his Black Rosecombs won two

firsts, the Reserve Best of Variety, and the Reserve Rose Comb Clean Legged Bird, his two Barred Plymouth Rocks placed first and were named Best of Variety and Reserve Best of Variety. In the Open Show, Allen had the second place Rhode Island Red pullet and the second and third place Golden Sebright pullets.

THE JUDGE Miss Leslie Mullis, A Boy, Tommy Nichols and his Dog Cocker Spaniel BUBBA. Taken at the Graduation Exercises of the First Dog Obedience Training Class in Clarendon.

### Dog Obedience training

Karen and Dave Beinke, with English Setter Toby, representing the Amarillo Dog Obedience Training Club returned to teach another seventh session. Accompanying them was Kirby Norell with his Great Dane. Both handlers and dogs assisted Karen with the demonstrations. Weather and grass conditions were excellent for exercising the dogs on the grass until dusk, when the class went inside the gym after a short break. Susan Mosley, Joan Copeland, Robert Youngblood, J. Bryan Bell, Lewis Foxhall, Tommy Nicols, Guy and Winnie Bell, Kevin Fincher, Leslie Fincher, Heather Hendrix, Bob Andis, Vera Andis, Doug Hawkins, Vada Wood, Mr. and Mrs. Paul J. Bell, Lori Roberson and Johnnie Myers are preparing for next week's graduation. A trophy and recognition will be presented to high scoring dogs. Those qualifying will receive certificates in recognition of their accomplishments. Students, this session acted as judge-instructors for an interesting viewpoint of the coming class and graduation. In 1968 there is mention of the Spanvel - the land and water

SPANIEL. Size divided the "cookers" and toys from the larger dogs. Purpose again divided the two into pets and sporting dogs. That is why the Cocker is recognized as the smallest member of the sporting-dog family. The name Cocker Spaniel derived from the dog being especially proficient on woodcock. In this country the Cocker has been exhibited since early 1800. In 1924 field trials were started in the United States by the Cocker Spaniel Field Trial Club. His desire to hunt is inherent. Training such as basic obedience is necessary as after he quarters the ground ahead of the gun at a fast, snappy pace he should drop to a sitting position so as to not interfere with the shot and then retrieve on command. Complete command is vital. His popularity as pet and companion are exceptional. Great variation in color has probably had a great deal to do with this dogs popularity. Black, red, shades of cream or buff and liver, as well as parti-colors of black and white, black and tan and combinations of black, tan and white known as

tri-colors. A few liver, and whites too. Announcement was made concerning the coming beginners and graduate classes to be held beginning May 21. Call 874-2050 for additional information. Dogs should definitely have their DHLP shots and recent Rabies shot. Visitors will be welcome at the next class to be held in the old high school gym at 7:30 p.m. Do not "warm up" home-canned fruits and vegetables in a microwave oven - it might not destroy the fatal botulism poison, advises Mary K. Sweeten, foods and nutrition specialist with the Texas Agricultural Extension Service, The Texas A&M University system. Researchers do not know the length of time required for a microwave oven to kill the dangerous toxin, the specialist explains. The minimum adult requirement of water is about a quart of liquid per day.

### Colts Corral

The cheerleaders for the Clarendon Colts this year are Shay Newland, Amy Hancock, Susan Mosely, Kristen Walker, Gina Spier and Dondra Holland. Congratulations! The track team went to the District Track Meet last Monday and Tuesday at Wellington. They all did very well and we're real happy for them. Coach Bromley is taking the sixth grade out to his ranch this Thursday for a class assignment and party. Gossip: Tammy F. As blue as cornflakes... really you need rest! Melody M. **THE WALLS AND CEILING.**  
The outside walls of the ENERGY EFFICIENT HOME are insulated to an R-factor of 18. The ceiling to R-30. Both also have a separate positive vapor and/or infiltration barrier.

**THE DOORS AND WINDOWS.**  
Outside doors on the ENERGY EFFICIENT HOME are metal insulating or wood with separate storm doors. Windows are double paned or single paned with storm windows. All windows and outside doors are caulked and weatherstripped. We also recommend that the total glass area be 8% or less of the floor space.

**THE FLOORS.**  
The very foundation of the ENERGY EFFICIENT HOME - the floor - is also an important factor in saving energy and money. Slab floors should have either rigid urethane or styrofoam (min. 1 1/2" thickness) from top of the floor along the outside edge of the slab down to the brick ledge, or poured vermiculite in the cavity. Pier and beam flooring should have R-19 insulation between the floor and crawl space.

*If you're interested in a more energy efficient home, call WTU today. They'll arrange for an energy efficient consultant to help you free of charge.*

**KENNY KING CLARENDON** native and student at OU for the past 4 years was drafted by the Houston Oilers in the third round and will remain in Texas to begin his professional football career.

Kenny had interested professional football clubs for some time before he finished school.

King was in Houston last for an interview and will report to the club for work on July 2, 1979.

He plans to be at home in Clarendon with his family Mr. and Mrs. Walter King on May 13, for Mother's Day.

Six months after Congress signaled the end of the 40-year-old Sugar Act, sugar soared from 25¢ to 64¢ a pound, and then fluctuated wildly. A bill now before Congress would tend to keep consumer sugar prices stable by again levying import duties on foreign sugar that is dumped on U.S. markets.

## Public Utility to hold conferences

The Public Utility Commission of Texas today announced they will hold five regional conferences for Texas appraisers and Realtors. The conference will provide appraisers and Realtors the tools necessary to evaluate and market home energy efficiency features.

"Many people still want the most house for the least money," commented PUC Project Director Paul Smolen. "But some believe the prudent buyer is beginning to realize that a huge home may be obsolete in a few years if utility costs keep escalating at current rates. I don't think Realtors and appraisers have seen enough of this phenomena to call it a trend, but it seems logical that some people are attempting to dispose of big homes with lots of unused space and move to smaller, more energy efficient homes."

Smolen went on to say that through energy conserving improvements, an exciting home can cut energy consumption by up to 30 percent, and that on a new home, the figure is closer to 50 percent.

"We believe Realtors who can identify energy conserving features have a real jump on their competitors," Smolen continued. "Once a few Realtors begin marketing these features, home buyers will expect that expertise from other Realtors. I think we'll see a real snowball effect in this area. We think it will follow that Realtors who don't keep up with the energy conservation field may find themselves behind in sales," Smolen said.

The conferences are sponsored by the Public Utility Commission of Texas under a grant from the Governor's Office of Energy-Resources. All appraisers and Realtors in Texas are invited to attend any of these free, one-day meetings. The conferences will be structured with a general session in the morning on topics such as "How Homes Use Energy and How Homes Lose Energy" and "How to Spot and Energy Efficient Home." In the afternoon, appraisers and Realtors will split into separate sessions for detailed treatment of issues unique to each profession.

Conferences will begin at 8:30 a.m. and end before 4:00 p.m. Pre-registration is encouraged but not required. All real estate professionals are invited to attend the most convenient conference. The schedule is as follows: June 11 El Paso, El Paso Civic Center, July 18, Houston, University Center University of Houston, August 7, Dallas, North Park Inn, August 21, Corpus Christi, Holiday Inn.

**Emerald Beach.**  
For additional information, please contact: Paul Smolen, Public Utility Commission of Texas, 7800 Shoal Creek Blvd., Austin, Texas 79757, Phone 512-458-0207.

## Patio sale was great success

Combined efforts of staff interested parties and willing buyers made the Medical Center patio sale a huge success last Saturday.

Work for the sale has been going for several weeks as everyone gathered merchandise for the sale.

A number of individuals have made outstanding contributions to the effort, and the sincere thanks of staff and residents of Medical Center goes to them.

Oneta Sanders gave a lovely pillow and chances were sold for 25 cents on this item.

Dessa Day sent an assortment of pictures for purchase and Mrs. G.L. Leeper gave a quilt.

Special thanks are due Tillie Anglin, Juanita McAnear and James Ivey Edwards for the beautiful pictures they donated. They are hanging in the Medical Center dining room. Chances on these paintings are being sold for \$1.00 each until the 30th of May when the drawing will be held for the lucky persons who will become the owners.

Values are listed as \$50 for McAnear's, \$150 for Anglin's and \$200 for Edwards.

Monies brought in from the patio sale amounted to about \$100 and will be used to pay for a patio cover and fencing around the patio. Another need is new tile on the dining room floor which is currently covered with a rug.

Others who helped so much in the fund raising event were John's who loaned a dress rack for the sale items and Peggy Cockerham and all the aides who helped her with preparations for the sale.

A great big THANKS to the buyers who came and bought our sale items and really made the entire affair a success, without them there would have been no sale at all.

The Medical Center wishes to express their appreciation to the merchants who allowed the Medical Center to place posters in their places of business.

Linda Eddleman, of Amarillo, was winner of the quilt when her name was drawn on the sale of chances sold for the quilt.

Gwen King Austin with Greg, baby Robin and not shown Kevin Lee.

## Gwen King Austin graduates from Southern University

It was May 5, 1966 and Gwen King was graduating from Clarendon Jr. College. She was graduating with honor, Salutatorian of her class. All this is not unusual but to her family, she was unique. Gwen was the first Black to graduate from Clarendon Jr. College. After graduating from Clarendon College she attended N.T.S.U., Denton, Texas and received a BA in Sociology. Later training

includes Counselor Certification at Southern Univ., Baton Rouge, La. during a six week seminar. For the past five years Gwen has worked as a Senior Case Worker at the Tarrant County Chapter of the American Red Cross, Ft. Worth, Texas. Gwen King Austin is presently devoting full time as a homemaker and the rearing of three very active children.

## COW facts & fancies

The number of milk cows in the United States in 1978 was estimated at about 10,866,000. That means that there was approximately one milk cow for each 20 people in the country.

Having large, healthy dairy herds helps keep our supply of milk up. One way farmers are protecting the health of their cows is by using Teat Shield™. Developed by the 3M Company, it's a liquid that is applied to the cow's teats. It dries to form a soft film barrier which helps protect the teat against the invasion of dangerous coliform and other bacteria.

The average American milk cow produces 11,252 pounds of milk a year—about 5,360 quarts. But the champion milk cow, a Holstein, produced over 50,000 pounds in a single year.

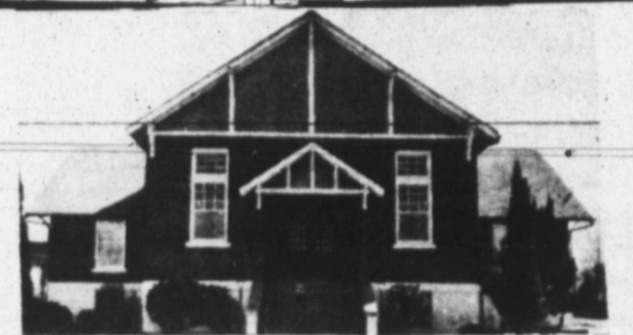

## The Lions Tale

by Gene Alderson

The Clarendon Lions Club held its regular meeting at noon on Tuesday in the Lions Hall with 26 members present. Following the regular opening ceremony, a membership application from Paul Henderson, manager of West-Texas Gas, Inc. was approved by the club. Lion Brown then presented Cynthia Manning with a card signed by all members present and a small token of appreciation for her serving as our club sweetheart. Today was her last day.

Our program today was brought by one of our own members, Lion Pat Robertson. He told us a little about the services provided by the Panhandle Emergency Medical Services, Inc. which was organized through the Panhandle Regional Planning Commission in 1969. Among other things they maintain a communication center in the basement at 6th and Taylor

which ties in by radio most ambulances in the area with the Amarillo Emergency Receiving Center, or with nearly any type of medical assistance information that may be needed. Lion Robertson said that we were welcome to visit the center and watch is in action. They have also assisted in providing extremely well equipped ambulances to many small communities. Donley County currently has five Emergency Medical Technicians and two persons in the process of being certified as Para-Medics. If you should need an ambulance while in Amarillo or Canyon dial 372-4121. Anywhere else in the Texas Panhandle dial 1-800-692-1331. Use the number only in an emergency. We are indeed fortunate to have available in the Panhandle area some of the finest emergency medical assistance to be found anywhere.

Feb. 10-25

"Not forsaking the assembling of ourselves together," as the manner of some is; But exhorting one another: and so much the more, as ye see the day approaching.

We invite you to worship with us this Lord's Day.

**PUBLIC NOTICE**

Amendment to rules and regulations for Greenbelt Lake as adopted and promulgated by Greenbelt Municipal and Industrial Water Authority.

Amendment to Part IV, Fishing, Section II, Paragraph I of the Rules and Regulations as heretofore adopted and promulgated by the Board of Directors of the Greenbelt Municipal and Industrial Water Authority, under the powers and provisions of Article 8280, 160, Sec. 21, of the Revised Civil Statutes of Texas, 1925, to prohibit the use of trotlines as a means and method of taking fish.

Be It Enacted and Ordained by the Board of Directors of the Greenbelt Municipal and Industrial Water Authority that Part IV, Fishing, Section II, Paragraph I of the Rules and Regulations for Greenbelt Lake to amended so that such Paragraph I shall hereafter read as follows:

Paragraph I. The bag and possession limits of all fish and the means and methods of taking fish shall be governed by the proclamations, rules, and regulations issued from time to time by the Parks and Wildlife Commission; provided however, as to the means and methods of taking fish, [a] no trotline in any

form may be used and the use thereof is prohibited, [b] fishing from the rip rap on the dam shall be prohibited, and [c] any person fishing from or wearing a device commonly known as a "floater" shall also wear a United States Coast Guard approved type life preserver.

The penalty for violating the provisions of said Paragraph I aforesaid shall be the same as provided in the original Rules and Regulations, and all other provisions of such Rules and Regulations shall remain unchanged.

The effective date of this ordinance amending the Rules and Regulations of Greenbelt Lake shall be June 1, 1979, after proper publication thereof.

The Board of Directors of the Greenbelt Municipal and Industrial Water Authority hereby finds and declares that the adoption of the aforesaid ordinance to amend the Rules and Regulations of the Greenbelt Lake is an urgent public necessity and creates an emergency, and that reading the ordinance at more than this one meeting is waived, and that such ordinance shall immediately be adopted.

**"NOTICE OF RESCHEDULED HEARING"**

West Texas Home Health Agency d/b/a Mid West Texas Home Health Agency, Seymour, Texas, represented by Marciano Morales, No. 3 Brevard St., Lubbock, Texas 79412, THFC File #A578-0703-0262, originally scheduled to be heard May 11, 1979, is rescheduled to appear at a hearing at 8:30 a.m. on July 3, 1979, in the offices of the Texas Health Facilities Commission, 1600 West 38th Street, Suite 305, Jefferson Building, Austin, Texas, to present evidence in support of the application for a Certificate of Need to provide the new services of medical social services, home health aide, speech therapy and occupational therapy to residents of Armstrong, Carson, Collingsworth, Dallam, Deaf Smith, Donley, Gray, Hansford, Hartley, Hemphill, Hutchinson, Lipscomb, Moore, Ochiltree, Oldham, Potter, Randall, Roberts, Sherman, and Wheeler Counties presently served by the Agency. The Commission proposes to render a decision on the application on July 19, 1979.

A request to become a party to the application may be made by filing a sworn affidavit with the Commission using the format prescribed by Commission Rule no later than 5:00 p.m., June 8, 1979, and by forwarding a copy by certified mail, return receipt requested, to the applicant and all other parties.

Note: If no request to become a party or petition for hearing is timely filed with the Commission, the Commission may proceed without a hearing on the application for a Certificate of Need at any time after June 8, 1979, upon written request by the applicant.

**Most Texas exceed 55mph limit**

Research conducted for the Texas Office of Traffic Safety shows that, despite the fact the 98.9 percent of all surveyed drivers know that the speed limit is 55 mph, 78 percent of the Texas drivers surveyed violated that speed limit in the course of their normal driving habits.

The study, based on interviews with 4,000 Texas drivers, was designed to elicit drivers attitudes toward the speed limit.

According to the study, only 17 percent of the drivers surveyed define "speeding" as "anything over 55 mph." However, 37 percent defined speeding as anything over 60 mph. Most of the drivers surveyed believe they can drive 57.7 mph without getting a ticket. With male drivers, the average went up to 58.3 mph.

The most comfortable speed, on the average is considered to be 62 mph. However, the "safest" speed is perceived by Texas drivers to average 59.3 mph. What are some of the perceptions on which these attitudes are based?

The 55 mph speed limit is supported philosophically by most drivers. There are some who believe that the law may not be permanent, but more than half of the drivers surveyed do believe that 55 is "here to stay." The majority believe that the 55 mph speed limit: saves energy, reduces accidents, is safer, and is mandatory to receive federal funding. "Ten mph can make a big difference in a wreck," said a truck driver. The majority (52 percent) also do not think the law should be changed.

A heavyweight on a long wire set to swinging will appear to change the direction of its swing. In fact, it is the earth's rotation that moves the ground underneath the pendulum.

**Lancer HOMES**  
Lanchart  
119 3rd Street  
Childress, Texas 79201  
817-937-2511

Year around steady employment is available at LANCER HOMES located at the Childress Airfield. Starting salary is \$3.00 per hour with automatic raises every 30 days for the first three months for unskilled labor. Experienced applicants will be evaluated and started in line with experience. An incentive bonus based on production is provided to all hourly employees after 30 days along with their starting hourly rate.

- 1. Plumbers
- 2. Electricians
- 3. Cabinet Shop Workers
- 4. Cabinet Installers
- 5. Carpenters
- 6. Final finish touch up work

Other miscellaneous jobs too numerous to mention are available and we can position most applicants in a job they can satisfactorily perform regardless of experience, age or talent if they sincerely want to work. Apply at the Texas Employment Commission, 119 3rd Street Northwest in Childress, Texas between the hours of 8 a.m. and 5 p.m. Monday through Friday. Please apply as early as possible as we anticipate the openings to fill early. Applicants may also apply at Lancer Homes Mobile Production plant on Saturday mornings from 8 to 12 a.m.

**West Texas Utilities to build new generator plant**

West Texas Utilities Co. Thursday announced the purchase of a site eight miles southeast of Vernon for construction of a new coal-fired electric generating plant.

The plant will be built on a 1920-acre tract purchased from the W. T. Waggoner Estate. Center of the site is about three miles southwest of Oklahoma and the same distance from the Fort Worth and Denver Railway.

The land purchase agreement was signed Thursday, April 12 at the Waggoner Building in Vernon by Jerry J. Johnson, WTU vice president and director of administrative services, and by Killen Moore, trustee of the W. T. Waggoner Estate. Other WTU representatives present were Walter Meller, manager of Systems Operations; J. B. Jordan, Jr., chief right-of-way agent; and Sherwyn McNear, director of Information Services, all from Abilene; and Sam Russell, the Company's local manager in Vernon.

Meller whose responsibilities include general supervision of all WTU power plants, said the site near Oklahoma was chosen after an exhaustive study of possible locations by Tippett and Gee, an Abilene consulting engineering firm.

"We are extremely pleased that our plans appear to meet the approval of civic leaders of Vernon and Wilbarger County, as well as the Waggoner Ranch people," Meller said. "Every-one we have dealt with has been most cooperative."

First indication that a power plant would be constructed somewhere in the Lake Kemp-Lake Diversion area came in December, 1976, when it was announced that WTU had contracted for water rights from the lake system. The contract with the City of Wichita Falls and the Wichita County Water Improvement District Number Two provides for WTU to use up to 20,000 acre feet of water per year for power generation. A permit also has been granted by the State Water Rights Commission.

West Texas Utilities is an investor-owned electric company which serves in a 53 county area extending from the Red River to the Rio Grande. General offices are in Abilene.

Vernon is in the Company's Panhandle District, which is headquartered in Childress, with A. D. Green as district manager.

The new power plant will be operated by WTU, but is presently being considered as a joint project to be shared by other companies in the Central and South West System. Engineering design and construction of the new plant will be managed by CSW.

Central and South West Corp. is a utility holding company with headquarters in Dallas. Its operating companies are Public Service Co. of Oklahoma, Tulsa; Southwestern Electric Power Co., Shreveport; Central Power and Light Co., Corpus Christi; and WTU.

No date has been set for actual beginning of construction, but Meller said preliminary environmental impact studies will start immediately.

Present plans call for an ultimate generating capability of about 2 million kilowatts. This would make it one of the largest power plants in the state, and by far the largest in WTU territory.

The plant will consist of three generating units, to be built successively, which means that construction work at the site possibly will be under way for about 15 years. Total cost is expected to exceed \$1 billion.

The first of the generating units is expected to be in commercial operation by 1987.

The construction work force is expected to include about 300 persons in the early stages and increase to around 1,000 prior to completion of the first unit. The permanent plant operating staff will consist of from 100-125 WTU employees, many of whom will begin arriving before the first unit is completed.

The decision to turn to coal for future generation was made after the Railroad Commission of Texas ruled that natural gas could not be used as boiler fuel in new plants, and that the use of gas in existing plants must be reduced beginning in 1981.

WTU's plans call for use of low sulphur western coal. The coal probably will come from Wyoming or Colorado.

Sweet and sour creams add lightness to baked goods but you can replace these high-fat items with yogurt in the same quantity and get added protein, calcium and B vitamins.

Frank Gotch, whom many consider the greatest wrestler in modern times, held the record for the quickest fall—pinning an opponent in 6 1/4 seconds.

### Melissa Cooke graduates from University of Texas

Melissa Cooke, daughter of Mr. W.H. Cooke III of 3916 Barclay Drive, Amarillo and Mrs. Robert E. Harrison, 2601 Sunset Drive, Vernon has been accepted by the New England Conservatory of Music in Boston, Mass. on the basis of auditions held there April 6 and 7. She is one of only 13 new graduate students to be accepted for the 1979-80 term and will continue her studies in Piano Performance under the internationally known artist and teacher, Leonard Shure.

She has also been accepted by Boston University after auditioning there April 9. Vladimer Balanagy, artist instructor in residence, rated her performance "Excellent musicianship, exciting player, and well controlled performer."

Melissa and her sister Kitty Cooke Brooks and her parents are former Donley County residents, and she is the

grand-niece of Miss Mary Cooke and Helen Cooke Carr of Clarendon. She will be graduated in piano and academic work

The first public demonstration of a smokescreen to conceal troop and ship movements took place during naval bombing tests off Cape Hatteras, North Carolina, on Sept. 5, 1923.

The first brand of cigarettes to print tar and nicotine data on the pack was Carlton. Lowest in tar of all brands, Carlton is the result of 15 years of continuing research and development.

Tobacco seeds are so tiny that more than 350,000 seeds have been counted in only one ounce. A mature tobacco plant may yield up to one million seeds.

GOVERNOR PROCLAIMS NURSING HOME WEEK... The traditional week beginning Mother's Day, May 13th this year, is designated by Governor Bill Clements as Nursing Home Week in Texas and everyone is urged to visit a nursing home in their community during that period. This year's theme is "Light Up a Life," borrowed from the song made famous by Debby Boone. Along with her famous father Pat Boone, the superstar entertainer, are serving as celebrity Hosts for the week. With Governor Clements is Sid Rich, (left) President of Texas Nursing Home Association and Dan Pomykal of Ennis, Chairman of the Board of the Texas Association. There are more than 1,000 licensed nursing homes in Texas with accommodations for over 102,000 residents.
