## Fall style show and luncheon Sat., Sept 1 at Country Club

Ladies will be given the opportunity to view new fall fashions for women and children this Sat. Sept. 1 at a luncheon and style show. All local clothing merchants are arranging the style show under the guidance of Mrs. Steve Allen who is serving as chairman for this special event. Debra Lane, newscaster from KFDA in Amarillo, has agreed to emcee the show.

Mrs. Billie Johnston, new manager of the Clarendon

Country Club is preparing the luncheon and a \$10.00 donation is requested since proceeds from this special occasion will be given to the Arthritis Foundation. Door prizes graciously provided by local merchants will be given to guests. The luncheon and style show will occur this Sat. Sept 1 at 12:00 at the country Club. Anyone wishing to attend may make reservations by calling the Club (2863).

## Drive safely Labor Day

Labor Day weekend is just around the corner. Aside from being a great mini-vacation for a countless number of Texans, this long weekend can mean increased traffic risks for Texas drivers. It is estimated that 37 persons will be killed in motor vehicle accidents in our state, during the 78-hour holiday period.

To reduce the Labor Day traffic death toll, Texas Safety Association is encouraging drivers to sharpen their driving skills through defensive driving training and also to follow the 55 MPH speed limit: 55 ALIVE is the slogan that saves.

The National Safety Council's

## First Monday Sale postponed

First Monday Sale for September will be held on September 10, since Labor Day will find stores closed.

The last big holiday weekend for the warm weather season will find school and stores closed in Clarendon with most persons making the most of this last summer holiday.

## Rites held for Mrs. Mimi Hembree

Mrs. Mimi Hembree, 58, of 4437 S. Travis, died Sat. Aug. 25, 1979 in Bellingham, Washington.

Graveside services will be held Saturday, Sept. 1, 1979 in Memorial Park Cemetery in Amarillo.

Mrs. Hembree, will be remembered here as Mildred Attebury. She was born in Clarendon, attending schools here and graduated in 1938.

She was a longtime resident

of Amarillo, a member of Central Christian Church and a graduate of the Plainview School of Nursing.

Survivors include her husband, Dr. James Worth Hembree; two sons, Gary of Tucson, Ariz., and Larry of Moab, Uta.; a sister, Mrs. June Nanney, of Amarillo and three grandchildren.

The family will be at 4215 S. Cline.

## Back to School Safety Week

Calling children "our greatest natural resource," Governor Clements has asked all drivers to become "especially aware of the need for increased safety and vigilance, particularly around our school zones."

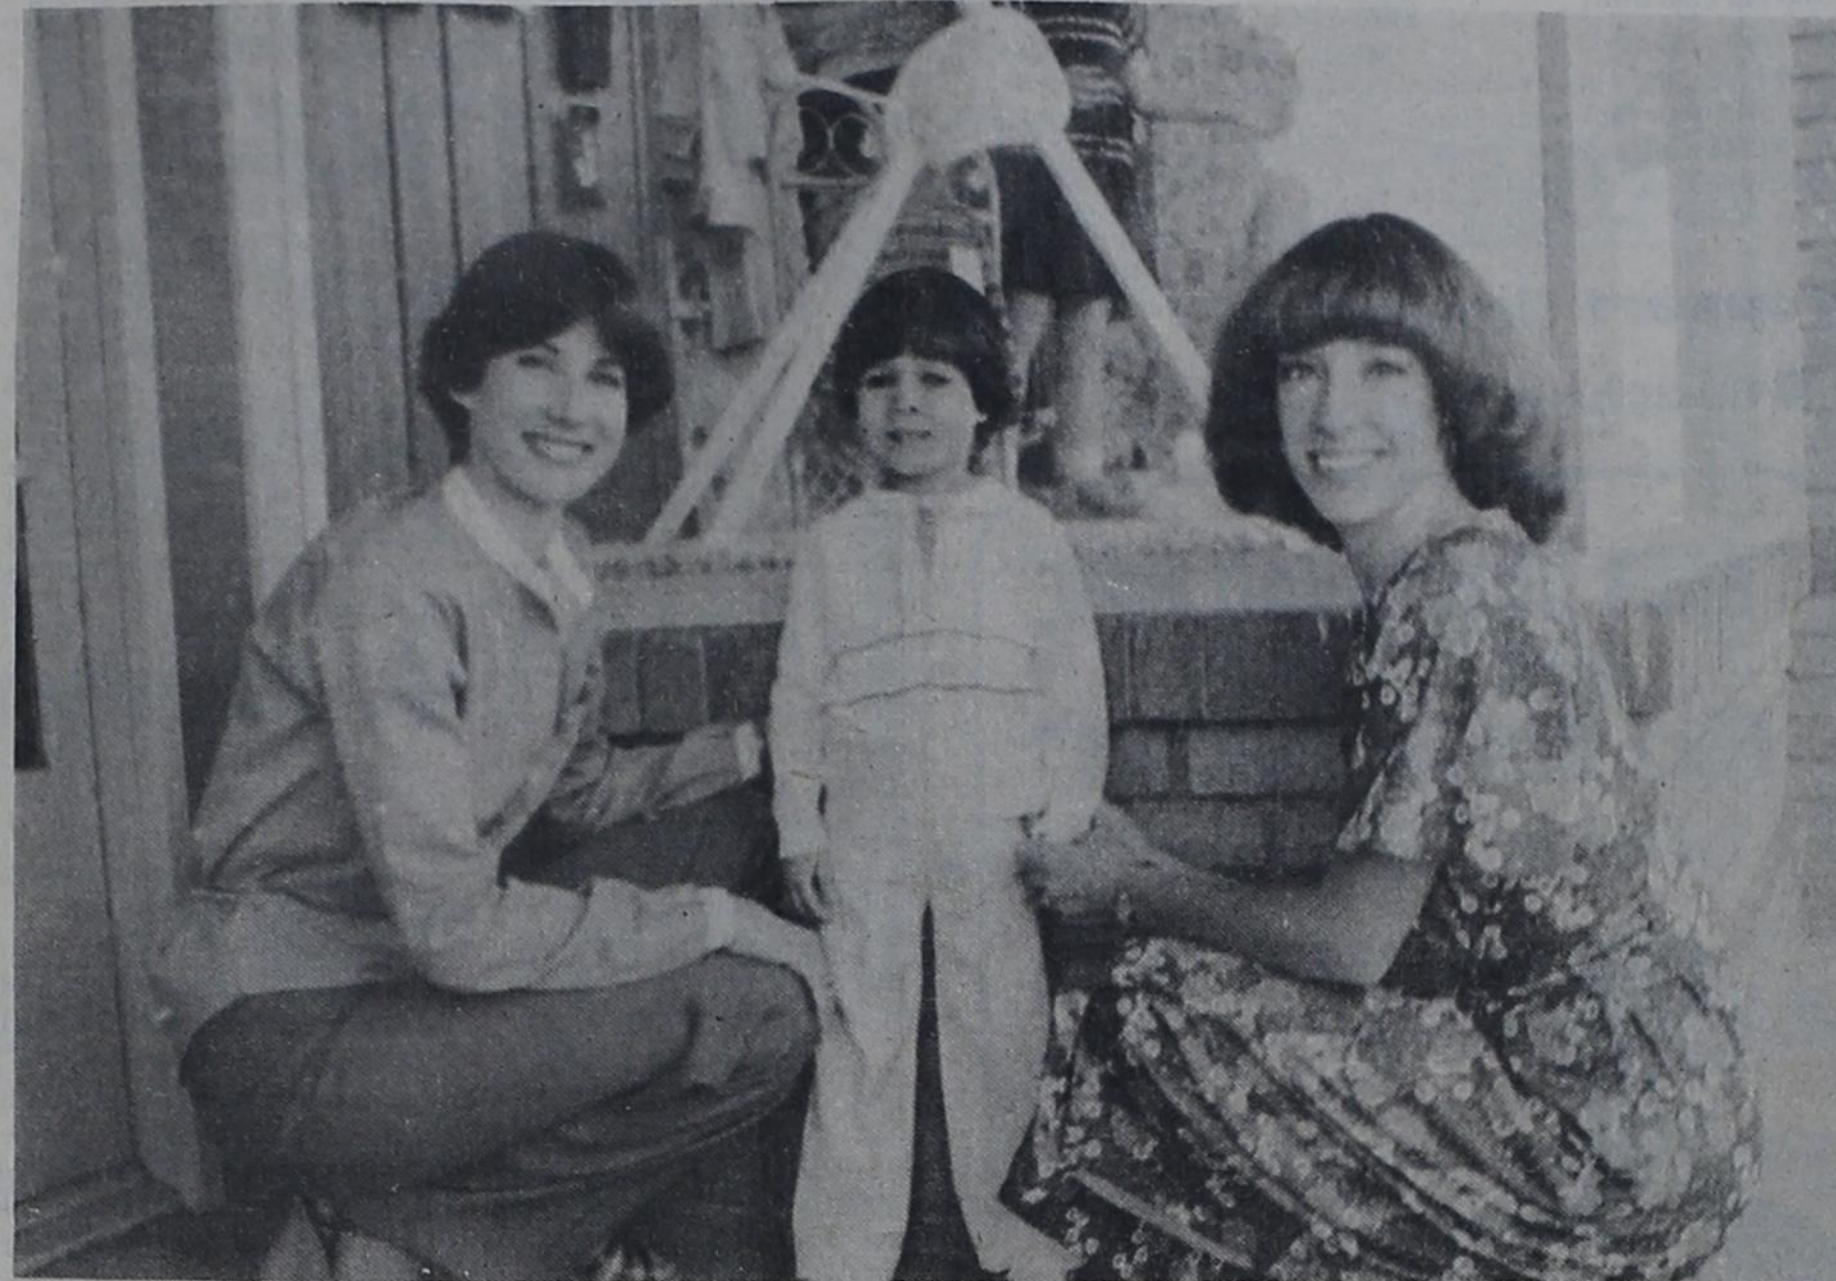

Clements proclaimed Back to School Safety Week, from August 25 through September 1, to "call attention to this need for added caution during the

start of school." Clements cited the nearly 4,000 traffic deaths in Texas last year and the 389 children killed because of traffic accidents in setting aside this week for particular driver awareness.

"Increased traffic safety awareness and careful driving can help preserve the lives of our children and save them from harm," said Clements.

ARYON MOORING (center) will show to benefit the Arthritis Foundation. She is assisted by her mother, Diane Mooring (l) and Mrs. Steve Allen chairman of the event.

## Mooring is new director of LHA

Arlis Mooring, long time resident of Clarendon, has assumed the duties of his new position as Executive Director of the Local Housing Authority. He succeeds Mrs. Homer (Athelyn) Estlack in the position. Mooring began his duties on August 1, 1979.

Presently there are 36 units in Clarendon and these are 100% occupied. Currently there is being a proposal for the construction of 35 additional units with tentative plans for the construction to begin shortly after September 1.

The proposed new units are not for family dwelling. They are to be constructed for a single person or a couple, with two of the units designed for handicapped persons and two for individuals restricted to wheelchairs.

Rentals are for the elderly and other qualifying persons and rent is based on the amount of income received.

## Gospel film at Nazarene Church

This film shows what could happen when Christ comes back. It fulfills God's promise in I Thessalonians 5:2 which says: "For yourselves know perfectly that the day of the Lord so cometh as a thief in the night."

The showing of this film will be followed by the gospel film, "A Distant Thunder" which is a continuation of what happens after the rapture of the saints. "A Thief In The Night" will be shown Sunday night September 2, 1979 at 6 p.m. and "A Distant Thunder" will be shown Sept. 9, 1979 at 6 p.m. All churches and denominations are invited to attend.

Mrs. Jack Owens has just returned from a week's visit with her daughter and son-in-law, Kathy and Ray Fichte, at Montpelier, Idaho. She reported a perfect flight out and back and weather which could not be improved upon. The beautiful mountains proved to be a fascination for some one living on the plains. The weather man is predicting snow for the high altitudes of the mountains this week she said.

Mooring, is responsible for the overseeing of the units which come under the jurisdiction of HUD, and to the Board of Directors. Members of the Board of Directors are as follows: Bill Todd, chairman, Dub Tyler, Bob McCombs, Raleigh Adams, and Pud Bain.

## Big decisions facing seniors

The 1979-80 school year is just beginning, but juniors and seniors at Clarendon High and other high schools across the country are already facing some big decisions.

One of those decisions is what to do after graduation—whether to go on to school, to get a job, or try to do both.

Playing an important role in the student's postsecondary education and career planning will be guidance counselors, parents, friends, and a national service called the ACT Assessment Program. Designed to provide guidance information for education and career planning, the widely used program is recommended for use by student applicants at more than 2,700 colleges and universities.

Clarendon High students will have five opportunities during the 1979-80 school year to make use of the national program, which consists of four tests and a two-part questionnaire. Students complete the ques-

tionnaire at home as part of the registration process, and then take the battery of tests at area test centers on any of five weekend national test dates, explained Ethelyn Grady, Counselor.

The five 1979-80 national test dates and the corresponding registration periods are:

Test Date: October 20, 1979; December 8, 1979; February 16, 1980; April 12, 1980; and June 14, 1980.

Registration Period: August 6 - September 21; October 8 - November 9; November 26 - January 18; February 4 - March 14; and March 24 - May 16. It takes students about three hours to complete the ACT Assessment's four exams covering subject areas of English, math, social studies, and natural sciences. On any of the test dates, most local students will take the tests at Clarendon College.

Grady said the test scores provide an assessment of gen-

eral educational development and the questionnaire section information focuses on academic and non-academic accomplishments and interests, as well as career and educational plans. For the fifth consecutive year, the basic student fee for using the ACT Assessment Program is \$7.50.

In addition to being used by students and their high school counselors, information provided by ACT Assessment is also used by Colleges for academic advising, admissions counseling, course sectioning and placement, student services, and institutional research. Students' ACT Assessment reports are sent to only those colleges specifically designated by the respective students.

One of several educational services provided by The American College Testing Program (ACT), the ACT Assessment Program is used each year by more than 900,000 students as part of their education and career planning.

## Fun After Fifty

Fun After Fifty Club will meet Sat. Sept. 1, in the Lion's Club Hall, beginning at 10 a.m.

Lunch will be a covered dish meal served at 12 noon.

Everyone is asked to bring a covered dish and join the crowd for the luncheon.

## Fifth grade students invited to see "Stars in Palo Duro"

The producers of "Stars in Palo Duro" have sent letters to the fifth grade teachers in the Panhandle, inviting their students to attend a production some evening as guests. They will have the excitement of seeing live performances and becoming aware of the beauty of motion against the great rocks. They will also hear the story of the Palo Duro Canyon in spectacular Sound and Light.

It is the intent of the Board to send this invitation each year to the children at the fifth grade level.

If by chance the invitation did not arrive in your community,

## Scrimmage with Phillips Friday

The varsity and JV Bronchos will scrimmage Friday afternoon against Phillips at 4:30. The JV will scrimmage on the practice

field with the varsity on the stadium grass. The freshman will be included in the JV squad this week.

## Bronchos look good

The 1979 edition of the Clarendon Bronchos made its first showing of the year in Claude on Thursday. The Broncho freshman and Claude JV hooked up in a defensive struggle with neither offense scoring. The JV scrimmaged the Berger sophomores, and edged them 1-0. The varsity unveiled their offensive attack to produce 4 scores. Tim Brown, Dean

Hawkins accounted for 1 each with OB Lynn Thompson scoring twice. The defense looked equally impressive in giving up only one score that coming on a goal line situation with Claude getting in on the sixth try.

Two JV Bronchos, Spencer Hays and Mike McCowan suffered knee injuries but should return by the first regular season game.

## Jamie McAnear exhibited Champions

Jamie McAnear exhibited both the champion Shorthorn heifer and the champion Shorthorn steer at the Five State Junior Shorthorn Show at Guyton, Oklahoma recently. Her Champion heifer was the first place junior yearling and her steer won the middle weight class. Jamie's summer yearling heifer placed 4th.

Lori Robinson's light heavy weight steer placed 1st and was reserve champion steer. Rodney McAnear placed 2nd with both his spring yearling heifer and his heavy weight steer. In the winter heifer class Lisa McAnear placed 2nd and her spring yearling heifer placed 3rd. In the showmanship contest Lisa McAnear was selected as the top showman of the show.

## Calendar of Events

Sat. Sept. 1, 10 a.m. Fun After Fifty in Lion's Club Hall.

Sat. Sept. 1, Lelia Lake Community Center.

Mon. Sept. 3, 1979 at 7:30 at Lion's Club Hall, Women's Aglow meeting.

## Wildlife seminar at CC Sept. 13

If you are interested in wildlife in terms of management, hunting, or beauty, you are urged to attend a wildlife seminar being brought to Clarendon College on September 13th at 8:00 p.m. by the Soil Conservation Service.

Speaking will be: Mr. Gary Valentine, a SCS State biologist from Temple, Dr. Fred Guthrie and Dr. Fred Bryant from Texas Tech University Range and Wildlife Department.

Mr. Valentine will discuss fish pond management, pond stocking, and harvest and maintenance. Dr. Guthrie will discuss quail management, cover needs and quail populations. Dr. Bryant will discuss Mule deer management and habitat improvement and harvest as a management tool.

"Stars" will run from August 30 through September 16 except Wednesdays. Starting time is 8:00 p.m. For people of other ages, admission is \$3.50 adults and \$2.00 children under 12. There are no reserved seats. Barbecue dinner will be con't on page 2

After each presentation, there will be time for questions on specific problems or needs.

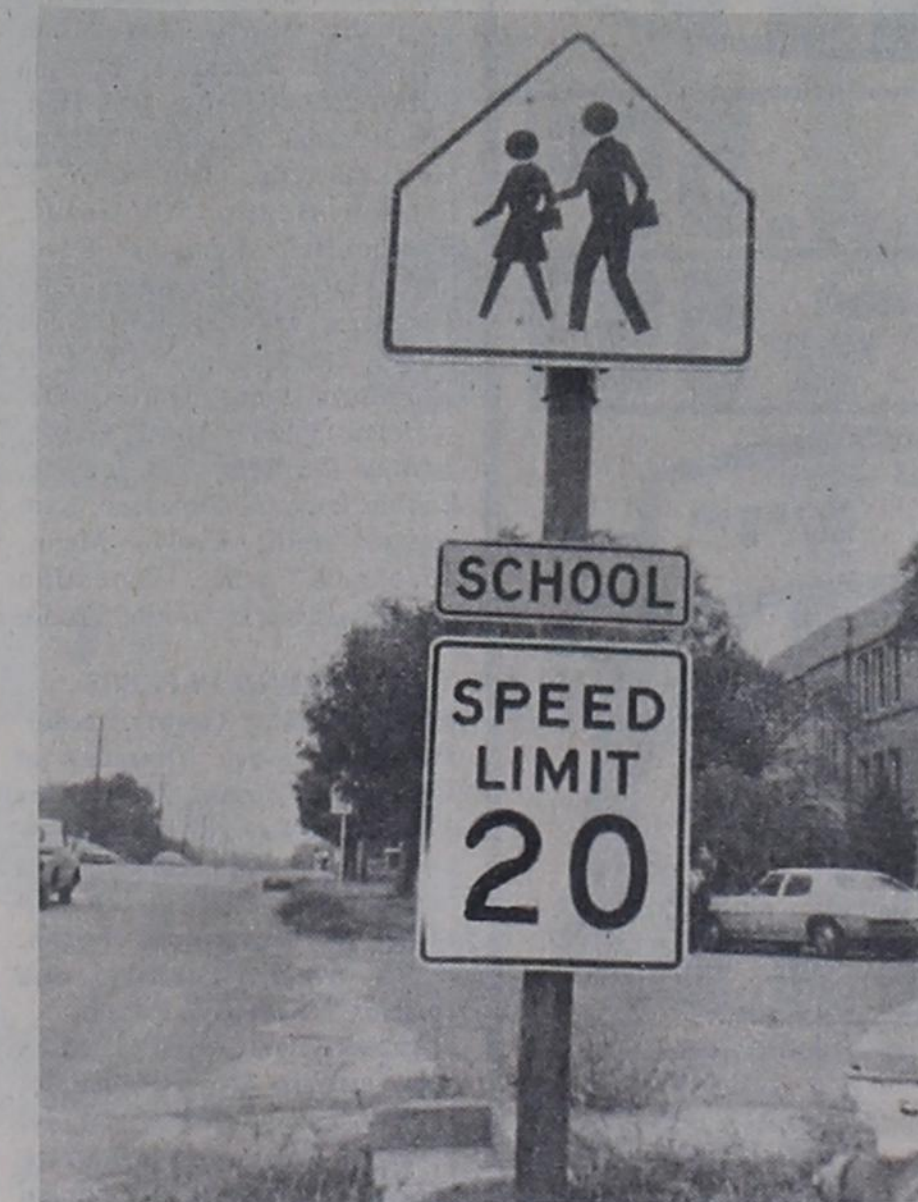

It should be a learning and fun experience for all who attend.

## Letter to the editor

To the Editor, May I take this way of extending an added "thank you" to one of your community?

While on my way to Bowie, I stopped for gas at Alvord, and on leaving, stupidly left my billfold on the trunk of my car. A Mr. H. Price, of Clarendon, saw it fall to the side of the road and break open. He not only took the time to stop, gather up from the grass everything he could find, but he also stopped in the next town to call my husband to say he had found it, knowing how heart sick I would be when I discovered it was gone. My billfold arrived in the mail today.

Mr. Price refused a reward, so although I am mailing him a "thank you" gift, I would appreciate your allowing me to say, in this way, "Mr. Price, thanks for bolstering our faith in the basic goodness of people." Betty Dill Granbury, Texas

**Mental Health services**

Whether we speak of it as peace of mind or personal satisfaction, mental health is something all of us want for ourselves. Few of us have all of the internal qualities and external circumstances which would automatically assure mental health. An individual may find it difficult to cope with problems that may arise which affect the well-being of an individual or family. At such times an individual or family may need the aid of an outside resource to deal with these problems or situations which affect mental health.

Individuals of all ages are able to receive the mental health services offered. Services are not limited to any specific ethnic or socio-economic group. No one is denied services because of inability to pay. The payment schedule is on a sliding scale based on a person's income and number of dependents. Medical insurance may be accepted.

All services are provided on a voluntary basis at the request of the individual. Individuals may refer themselves for services or they may be referred by others for the available services. Referral sources include: physicians, ministers, educators, court related agencies, social service agencies, friends, and family members. Each treatment program is designed according to individual needs. Throughout all programs, privacy, confidentiality, and respect for human dignity are prime considerations.

**A Moment for Meditation**

BY INEZ G. LAWRENCE

"This I recall to mind, therefore I have hope." Lam. 3:21

We are in the age of computers, calculators and memory banks where we expect to pull out information instantly. But we may lose sight of the fact bank that is the greatest of them all: the human memory. To those of us who are older this may seem doubtful as we struggle to recall a name or date, but even our dulling memories are still almost miraculous. In fact all memory machines are based on the mind's ability to recall past events clearly. Even when we feel forgetful, we are remembering a hundred fold more than we are forgetting.

Above my typewriter are two scenes from my granddaughter's wedding which trigger a flurry of happy thoughts of that occasion. Nearby hangs another of our daughter in wedding gown made twenty-five years ago. The second one sits as many memories as the first picture taken only five years ago. Throughout the house hang other pictures of our

children and parents. They trigger memories of happy experiences which cover more than a half century. I have gifts from friends here and abroad where we have served churches which remind me of the love offered through the objects. So there are many reminders throughout the house which bring pleasure.

It is easier to make memories than to unmake them. It is easier to remember than to forget. Some say we have never actually forgotten anything, and if this is true we certainly need to be careful what we store in our minds. Someone has said if

Gay Lynn Satterwhite of Amarillo spent Thursday with her grandpa Mr. and Mrs. LeRoy Satterwhite.

Mr. and Mrs. LeRoy Satterwhite, Mr. and Mrs. Norris Causy, Christina Sugg, and Gay Lynn Satterwhite took in the two day reunion at the cow boy punchers of Amarillo all had a very nice time visiting friends and relatives.

you make children happy now you will make them happy twenty years hence by the memory of it. In addition, when saving for old age, be sure to put away a few pleasant thoughts.

However, perhaps the most cherished thoughts are those we have of our loved ones who have preceded us in death. These are precious memories. They are like birds singing in the rain. They bring happiness even in hours of sorrow. So let us be grateful for this memory bank and add to it generously day by day.

**Your Bible has the ANSWERS!**

Send Bible-related Questions To Gene Rasden

Church of Christ Box 861 Clarendon, Tex 79226

Is one saved who lives a corrupt, sinful, blasphemous life?

Several scriptures come to mind with regard to this question.

First, in Jesus' own teachings, the Parable of the Lost Son in Luke 15: 11-32 teaches a great lesson in verse 13, as the young son has "squandered his estate with loose living." Another lesson can be seen in the result of this loose living, "he began to be in need," verse 14. The son's own words in verse 17, "I am dying here with hunger!" show his own recognition of his predicament. He further says in 18, "I will get up and go to my father, and will say to him, 'I am no longer worthy to be called your son.'" In verse 24, the father says that he considered that son dead and lost.

Second, in 1 Corinthians 6: 9-11, the list of sinners are called "unrighteous," but then after they have repented, having been shown the awfulness of their sin, and have been washed, sanctified, and justified through Christ can be designated as righteous. "And the one who keeps His command-

ments abides in Him and He in him." 1 John 3: 24. Connect this with 1 John 2: 29, "If you know that He is righteous, you know that every one also who practices righteousness is born of Him." See also John 15: 6, Romans 11: 20-22, and Galatians 5: 4.

The works of darkness or of the flesh (they're the same) are listed in many passages, but one of the most specific is Galatians 5: 19-21. Each item on every list arises from the selfish desire that Satan has caused man to look to for fulfillment. Satan deludes humanity into just the kind of lie suggested by this question. 1 John 1: 5-10 establishes God's position with regard to darkness and the works of Satan. No life of sin can produce any benefit to any who may come in contact with it. One who lives as though there is no future has shown a defiant, rebellious attitude. Pride and arrogance is repulsive to God, while Psalm 51: 17 states, "A broken and contrite heart, O God, Thou wilt not despise."

A question: "If the life one lives is of no importance, why did Jesus leave an example of a sinless life?"

"Texas" closed tonight and ended the fourteenth season. Not until June 18, 1980 will the horseman ride to the top of the cliff and salute the crowd with his "Texas" flag. No, until June 18, 1980 will the dancers

and singers dressed in the bright colors of the canyon walls come bustling on to the stage in movement and song. And not until June 18, 1980 will the man-made lightning vic with the natural storms.

Although the season was a week shorter, this show drew more visitors than 1978. The unmaudited total was close to 90,000.

In spite of the uncertainty over gas supplies, over a third of the visitors came from more than 500 miles away as they had in previous years, and about a third came from out-of-state. During the next four days,

there will be intensive rehearsals on the Amphitheatre stage and on Thursday, August 30, the new show, "Stars 1979" will open. The dancers of the Lone Star Company will appear with guest artists from New York, Iceland, the Middle East and Ballet West in Utah.

At the close of the evening, Paul Green's "Story of the Palo Duro" will be told in Light and Sound—a spark to ignite imaginations.

Barbecue dinner will be served at the theatre before each performance. Adult plates are \$4.00 Children's (under 12) are \$3.00.

Admission to "Stars" is \$3.50 for adults and \$2.00 for children under 12. There are no reserved seats.

**SAVE ENERGY.**

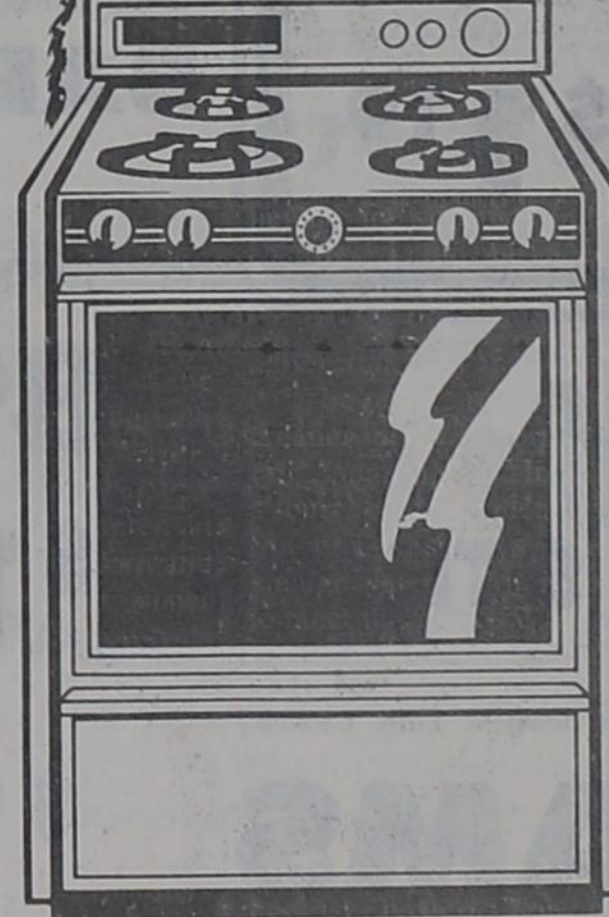

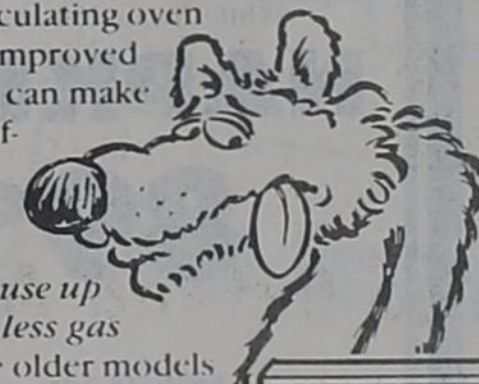

Lone Star wants you to know you can use less gas to cook the same number of meals.

The new energy-efficient gas ranges with such features as automatic pilot-less ignition, additional oven insulation, circulating oven air and improved burners can make a nice difference on your gas bill.

They use up to 30% less gas than the older models

without these energy-saving features. Spending less for energy by using less is one way you can fight inflation. With an energy-efficient gas range, you can save a little money on every meal you cook.

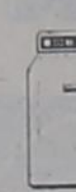

We're not suggesting you rush out and buy new appliances. But if you are in the market for new ones, there is—in our opinion—only one kind to buy from now on: the new energy-saving, money-saving appliances.

Use up to 20% less gas to heat water.

Use up to 20% less gas to dry clothes.

Use up to 20% less gas to heat.

The Inflation Wolf is at your door, and it looks as if he's come to stay. You can make him feel less welcome, however, by reducing the bite he'll take from your paychecks. And the new energy-efficient gas appliances can help you hold the line on energy costs without cutting back on the conveniences energy provides.

### SOIL CONSERVATION SERVICE

#### Facts for you By Texas Farm Bureau

Family Farms in the United States developed because they were the most efficient system of farming in the marketplace economy. As the marketplace

economy shifts to the planned society, agriculture producers will be paid largely on the basis of their cooperation with the plan, rather than production income earned in the marketplace. The USDA Secretary of Agriculture, in a speech to the Commonwealth Club of California, August 7, 1979, reported that family farms still accounted for 98% of all farms in the

United States. He also reported that 40% of all farmland in production is rented land.

#### Government Facts and figures

Tax Foundation has released its 20th biennial edition (1979) book of "Facts and Figures on Government Financing". The report reveals that federal state and local government will spend over \$829 billion in the fiscal year ending on September 30, 1979. This will amount to more than twice that spent as recently as 1972, the equivalent of \$10,692 for every household in the United States or approximately \$3,338 per capita. The report indicates that at current rates, government spending by 1982 will exceed a trillion dollars, a level equal to the nation's entire output of goods and services normally eight short years ago. Government is now spending close to 35% of a total nation's output.

#### Communism and agriculture

What do the Communists of America have in mind for agriculture? This question is answered in the first draft main political resolution of the XXII Convention of the Communist Party, March 10-13, 1979 meeting of the Central Commit-

tee: Monopoly capital is in great haste to complete the takeover of U. S. agriculture. It is not only the family-operated farm that is becoming extinct. Independent farms of any size are going bankrupt and being swallowed up by the agricultural monopolies.

The direct market between the farmer and the consumer is being replaced by a system of contract selling to the monopoly-owned food processors who now have control of most markets. Because of their stranglehold on the market they set low prices on the products they contract for from the farmers and high prices to the consumers. This has developed a new contradiction for capitalist agriculture.

There is poverty in all of the agricultural regions. The farm-workers are the lowest paid, most of whom are unorganized and without fringe benefits. The income of most family and independent farm operators is below the poverty level. To make ends meet most now hold two jobs, one on the land and the other in industry. But even with two jobs, because so many work in low-wage industries, their income is 84 per cent of the average worker's income.

The small independent and family farmers are losing their land, but there are some 20 million people directly and indirectly involved in agricultural production. The struggle to re-establish the government program of 100 per cent parity is a just demand. Without it the family and independent farmers will not survive.

Monopoly capital works to keep the farm areas as a source of high profits, and the farmers as a base for conservative and ultra-Right politics. But increasingly the farmers are not accepting that role. The farmers' struggles are showing against the monopolies. As is the case with workers who are rejecting the policies of class collaboration, the farmers are rejecting their anger and actions against the monopolies. As is the case with workers who are rejecting the advice and politics of such monopoly-led organizations as the Farm Bureau Federation, and are turning to more militant, antimonopoly farm organization.

The crisis of monopoly capitalism and its effects on the land raises in a new way the urgency and the need for an alliance between the working class, the poor in the countryside, the family and independent farm operators. This alliance can become a strong base for the antimonopoly movement. Such an alliance can become a new base for new politics of political independence. The importance of farm products in foreign trade can become a base of support for detente.

There is a need to take this struggle seriously. This task must not be left only to the

Communists who are directly involved with farm work.

#### Citizen Control

Economic control is no merely control of a sector of human life which can be separated from the rest; it is the control of the means for all our ends. And whoever has sole control of the means must also determine which ends are to be served, which values are to be rated higher and which lower-in-short, what men should believe and strive for. Central planning means that the economic problem is to be solved by the community instead of by the individual; but this involves that it must also be the community, or rather its representatives, who must decide the relative importance of the different needs.

#### Parity Prices

The United States Department of Agriculture reported July 1979 preliminary parity at 98, based on 1967 index. Based on 1909-1914 adjusted index parity ratio for July 1979 is reported at 72 which is the same as it was a year ago. July 1979 adjusted parity ratio, which includes government payments, is reported at 73, which is the same as a year ago.

The July index of prices received by farmers increased two points (three-quarters percent) to 246% of its January-December 1967 average. The index of prices paid by farmers for commodities and services, interest, taxes and farm wage rates for July 15 was 251, up two points (three quarters percent) from mid-June.

#### Farm real estate value

February 1979 farm real estate value is up 14% in average value per acre, compared to February 1978. The big push in farmland values started in 1972 and continued in 1979.

In answer to the question who is buying farm real estate, USDA reports the following based on value for the year ending March 1, 1979 within the 48 states: Tenants 12%; owner-operators 59%; retired farmers 2%, local non-farmers 8%, buyers living outside the country 13% and others 7%. With regard to who is selling farm land on the same basis, the Department reported the fol-

lowing: owners-operators 46%, retired farmers 11%, estate 19%, local non-farmers 8%, sellers living outside the country 12% and others 4%.

#### Wheat situation

Wheat producers are cautioned to review current figures with regard to supply-demand carefully. The figure to watch is exports which are largely controlled by the federal government. For the 1979-1980 marketing year the government is predicting a 1,300,000,000 bushel export. This may be expanded or it may be decreased.

Commercial AM radio stations in the U.S. number 4,525 while commercial FM stations total 3,046. Educational stations—all FM—add up to surprising 956 nationwide.

## Accent On Health

When planning your late summer picnics and outings, remember that the germs that cause food poisoning prefer the very same foods you do — cream pies, custards, and potato salads.

With summer coming to an end, people will be crowding in more activities, and chances of becoming sick will be much greater with the extremely hot temperature.

"When we talk about food poisoning, we are usually talking about a bacterial infection called salmonellosis," said Joseph G. Klinger, with the Food and Drug Division of the Texas Department of Health. "Salmonella germs are found in the intestines of human beings, domestic, livestock, swine and poultry, and are sometimes 'carried' by a healthy person."

Klinger said meat, and especially poultry, is likely to be contaminated with salmonella germs, and that milk, milk products and poultry products play an important part in the transmission of salmonella bacteria. But the danger from salmonellosis can be neutralized by remembering a few simple rules.

First of all, keep cold food cold, and hot food hot. "Remember that temperature has a lot to do with the growth of bacteria," explained Klinger. "Bacteria thrive at temperatures ranging from 45 to 140 degrees fahrenheit, so keeping dishes just barely cool or warm doesn't help. By controlling the temperature of food, you control the growth of the germs in it. Don't let cold dishes exceed 45 degrees, and don't let hot ones go below 140 degrees."

Hot foods can be transported short distances right from the range to the picnic table in heavily insulated containers. If you're not planning to serve them right away, hot foods can be refrigerated and then reheated thoroughly before serving.

SANDRA MARRIE RIPPE TOE, is the new manager of Mr. Burger.

The second important factor in preventing food poisoning is time. Once introduced into foods under the proper conditions, bacteria begin growing. So time is important between fixing and eating picnic foods. The shorter the better.

"In most poisoning cases the food was contaminated after having been cooked and was allowed to stand at temperatures which encouraged bacterial growth," Klinger said.

Good sanitation and proper handling procedures also influence food poisoning. "Lots of times when people are barbecuing they will take juicy meat from a plate, put the meat on the fire, and then return the cooked portions to the original plate with the juice on it," Klinger said. "When they do this, they are contaminating the meat."

"Many times people will cut up raw meat and poultry on their home cutting boards, and then return the meat to the board after cooking. They forget that bacteria can build up in the cracks and crevices on the board and to prevent this the board needs to be properly washed in hot water," he added.

Be careful about leftovers. A major source of food poisoning is picnic leftovers which have been exposed to warm temperatures for too long a time. Return potentially hazardous food to the ice chest immediately after the meal. If there is no ice left or the food has stood at an unsafe temperature for long periods, throw it away.

Klinger said to be especially careful about the high protein moist foods

## QUICK QUIZ

Are you in the swim when it comes to knowing about water? This quiz can help you tell.

1. Dew forms when (a) the sun sets and plants relinquish their moisture (b) the ground contracts as the temperature drops (c) the air cools, causing its excess water vapor to condense on any surface?

2. The nation that drinks the greatest amount of mineral water—88 pints or 50 liters per person per year—is (a) Britain (b) France (c) the U.S.?

3. The purest water available generally comes from (a) lakes (b) municipally treated reservoirs (c) bottles?

4. The fresh-water lake with the greatest surface area is (a) Lake Titicaca in Peru (b) Lake Superior (c) Lake Baykal in central Siberia?

... such as milk, milk products, eggs, meat, poultry, fish, shellfish, and the favorites such as cream pies, custards and potato salads.

ANSWERS: 1. (c) The temperature at which dew begins to form from air, containing a given amount of water vapor, is known as the dew point. If that point is below the freezing temperature of water, frost is formed. 2. (b) It's a good idea for everyone to drink at least eight glasses a day. 3. (c) Whether it comes from a natural spring or is specially prepared, all bottled water, the American Bottled Water Association points out, is always safe and pure. 4. (b) Its total area is 31,820 square miles.

Surprising to some is that the U.S. now imports more than 8,400,000 barrels of oil a day at an annual cost of over \$50 billion—an outflow of American dollars that contributes heavily to inflation.

What can be done to check this flow? Many experts say that if oil companies keep the money they will get from decontrolled oil, they can use it to find more oil. One such company, Pennzoil, has pledged to reserve any additional cash it receives for oil and gas exploration.

A vast petroleum field discovered in the Chicoutec area south of the Gulf Coast port of Tampico in Mexico is estimated to contain at least 100 billion barrels of high-grade crude that, added to Mexico's known and estimated reserves, give that country a total potential supply of more than 300 billion barrels.

## The Book Worm

Along with a touch of Fall in the air, there have been observed rustlings of activity centered around a benefit party that Friends of the Library is planning for later on in the Fall. You may be hearing more about it soon!

As Fall approaches and the season of our wonderful Indian Summer, what a good time for many projects that have been put off because the weather was too hot. Your library has many books that will be such a help to you in your Fall plans and pastimes. For instance: "The Wonderful World of Walking" (Gale) with all the emphasis on walking and how beneficial it is to our health, this appears to be an invaluable book.

"The Audubon Book of Wild Flowers" could be an excellent reference book for you after observing any strange new flowers while on your walk. Or

you might like to take up bird watching. In that case, "A Field Guide To Birds" (Peterson) is a good book for identifying birds of this area.

## Traffic safety on Labor Day

Colonel Wilson E. Speir, director of the Texas Department of Public Safety, today estimated that traffic accidents will claim 37 lives in Texas during the Labor Day holiday weekend.

The holiday runs from 6 p.m. Friday, August 31, to midnight Monday, September 3. During the comparable 78 hour period last year, there was a preliminary death count of 45, with late deaths raising the toll to 62.

"Our estimate is lower this year because, due primarily to the supply and cost of fuel, weekend travel is reduced from 1978. But at the same time, we

recognize that traffic will probably increase during Labor Day since it is the last holiday weekend of the summer," Speir said.

"We could easily have more deaths than estimated if drivers fail to put safety first. I would appeal to all motorists to save both fuel and lives by observing the 55 mile speed limit, and am hopeful that persons who are drinking will let others do the driving," he noted.

"People should also be aware that many holiday accidents happen close to home. Deaths in many of our cities are up substantially from 1978 levels, and it is possible that the majority of deaths during the Labor Day holiday will result from accidents in urban areas," Speir added.

To help traffic moving safely, DPS and many local law enforcement agencies will be placing special emphasis on traffic enforcement during the Labor Day weekend. All available DPS Troopers will be on duty statewide, and the department will also work with the news media in the "Operation Motorcade" program which seeks to focus public attention on holiday traffic safety problems.

## Gerald Welch elected to office

Gerald Welch, son of Mr. and Mrs. Gene Welch, of Clarendon was recently elected to serve as chapter president of the Texas Society of Professional Engineers for the fiscal year 1979-1980.

The West Texas Chapter is based in San Angelo and covers a 15 county area. Welch served as secretary-treasurer in previous years.

Gerald is a Clarendon native, graduated from Clarendon High School, holds an A. A. degree from Clarendon College and a Bachelor of Science degree from Texas Tech in Lubbock. He was a member of Alpha Phi Omega while attending Texas Tech University.

Welch received his Texas license in 1970 and is presently employed by General Telephone Company of the Southwest, as senior engineer in the central engineering department.

Gerald, his wife Toni and their two children Jerry Allen and Leslie Ann, make their home in San Angelo.

Calorie Counters Beware—More Calories in White Wine Than in Dry Martinis, Study Reveals

The belief that you can drink a glass of white wine in place of a dry martini before lunch or dinner and lose weight is a myth, recent analysis reveals.

In fact, a single dry martini made with 1 1/2 ounces of Beefeater Gin and 1/4 ounce of dry vermouth contains just 125 calories.

One of the most popular California white wines, poured by the glass at many bars, contains more calories in an equivalent standard serving. Specifically, a 6-ounce glass of wine equals the alcoholic strength of a single martini, but it contains 156 calories.

These figures have been determined by a reliable firm of independent chemists.

"The person who hopes to reduce by ordering a glass of wine in place of a martini is not only making a mistake about calories," an industry spokesman noted, "but he is also depriving himself of the supremely dry taste that connoisseurs have long felt should precede the full enjoyment of a fine dinner."

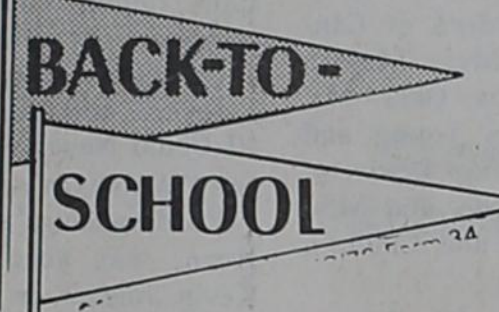

"Fortunately, a discriminating public understands this point, and the single Beefeater Martini continues to be a favorite preparatif for sophisticated calorie counters."

MRS. RANDY SHAW, nee Rhonda Morgan

### Morgan - Shaw exchange vows

Miss Rhonda Morgan and Randy Shaw were united in marriage Saturday August 25, at 8:00 p.m. in the home of the brides mother. The bride is daughter of Betty Morgan and the late H. L. Morgan. The groom is the son of Mrs. Mildred Jewett and the late R. A. Shaw, both of Hedley. Rev. Lewis Ellis of Pampa performed the ceremony. Mrs. Sharon Stafford presented the pre nuptial selections, "Forever," and "Seems I've Always

Loved You," accompanied on piano by Mrs. Lisa Stewart. Danny Morgan brother of bride gave Rhonda away. Attending the bride and groom were Vanesa Myers of Amarillo and Mark Brinson of Hedley. A reception followed the ceremony. Serving at the reception table were Leslie Stevens of Tulsa and Jane Wood of Hedley. After a wedding trip to Oklahoma the couple will be home at Route 1 Hedley.

### Elaine Behrens honored

Elaine Behrens, bride-elect of Ronnie Marshall, of Borger was honored at a miscellaneous shower, held Saturday, August 18, in the afternoon at the Fellowship Hall of the First Baptist Church of Clarendon. Guests were greeted by the honoree, her mother, Mrs. Truett Behrens and the hostesses alternating at the door. Registering guests was Jarra Behrens, niece of the bride.

The refreshment table was covered with a crocheted cloth with a gold underlay and centered with a silk floral arrangement of earth tones. Candles in a complementary color flanked the centerpiece. Gold punch in a crystal punch bowl and decorated cookies on a crystal tray were served from either end of the table. Vickie Wilhite presided at the punch bowl. Nuts and mints in crystal service bowls completed the table compliments. Gifts were displayed on small tables covered with gold cloths repeating the color scheme.

### Putman to have reunion

The family reunion of Terra and the late Leonard Putman will be held on Sept. 2, 1979 at the Lelia Lake Community Center. Luncheon will be catered and reservations will be necessary for those planning to attend. Visiting will continue during the afternoon.

### Teal Duck season opens Sept. 15-23

Texas sportsmen will have another early hunt when the annual teal duck season opens Sept. 15-23 across the state. The daily bag limit will be four with eight in possession after the second day. This bag limit may include four green-winged, cinnamon, or blue-winged teal or a combination of the three species. Shooting hours for teal will be from sunrise to sunset daily which is different than other migratory birds such as dove. Legal firearms for the teal hunt are shotguns plugged to a three shell capacity. Both teal and dove hunters are governed by the migratory hunting rules set by the U. S. Department of the Interior. The teal and dove hunters will be required a new 1979-80 Texas hunting license, but the

teal hunt will also be required to carry on his person a federal migratory game bird and conservation stamp. This duck stamp can be purchased at most U. S. Post offices for \$7.50. The early teal season is a means of harvesting the surplus species of teal that migrate through Texas in September prior to the regular duck season. Reports from the breeding grounds indicate a 20-percent increase in the blue-winged teal population over 1978. More information about teal hunting is available by contacting the nearest Texas game warden or P&WD office.

### Bobcat pelt tags

A public hearing is scheduled for 2 p.m. August 31 by the Texas Parks and Wildlife Department concerning proposed changes in bobcat tagging procedures. The main changes under consideration would require registration of any buyer of bobcat pelts, allow fur dealers to tag bobcat pelts, and eliminate the requirement of retaining the animal's skull. Under the current system only designated department employees are allowed to tag bobcat pelts. The tagging program was started as the result of requirements set by the federal Endangered Species Scientific Authority (ESSA). Although the bobcat is not an endangered species in Texas, the tagging system helps determine the bobcat population and allows legally tagged pelts to be sold on the international market. The hearing will be held at the P&WD's headquarters located at 4200 Smith School Road, Austin, Texas.

MRS. JOEL KELLY CHANCLER, nee Bonnie Kelly Brogdon

### Behrens - Marshall vows read

Vows were exchanged between Barbara Elaine Behrens and Ronald Gene Marshall on Saturday, August 26, 1979 at 12:30 p.m. in the Chapel of the First Baptist Church. Rev. W. R. Lawrence, officiated at the ceremony. The bride is the daughter of Mr. and Mrs. Truett Behrens of Clarendon. The bridegroom is the son of Mr. and Mrs. Melvin Marshall, of Altus, Oklahoma. Attending the couple were Mr. and Mrs. David Calder, of Borger. Following the ceremony, a reception and dinner was held at Mrs. Bromley's Dining Room. Relatives attending the wedding were: Mr. and Mrs. Truett Behrens, Mr. and Mrs. B. E.

Jones and Orgie Behrens of Clarendon; Mr. and Mrs. Jerry Behrens and children of Canyon; Mr. and Mrs. Melvin Marshall, of Altus, Okla. Mr. and Mrs. Orphus Young and Mr. and Mrs. Hamp Lewis, of Elk City, Okla., Mr. and Mrs. Richard Hummel and Children of Noble, Okla.

### Women's Aglow will meet

Women's Aglow held their regular meeting on August 6, at 7:30 p.m. in the Lion's Club Hall. Present were a group of ladies representing various churches and a number of out of town guests. Next meeting for the organization will be Sept. 3, 1979 at 7:30 p.m. in the regular meeting place, the Lion's Club Hall. An invitation is extended to those interested to come and visit. For more information call 874-3673.

Genny Caldwell of San Francisco returned home August 14 after spending six weeks with her grand parents, Mr. and Mrs. T. M. Caldwell, Jr. Genevieve Caldwell accompanied Genny home, spending a week in San Francisco and while there, making a weekend trip to the spectacularly beautiful Yosemite National Park.

Roeda, Sibyl, Ricky and Pat Rattan, visited over the weekend with Johnny Rattan, his wife and three daughters in Albuquerque, N.M. While they were there they visited Old Town and saw many relics. Saturday night they all attended a festival, "Down Town Saturday Night", which runs for a month and is held on Saturday nights.

An interesting feature of the festival is the food, music and dances which are available to the festival goer. The group sampled several unusual dishes for their supper. Represented were Armenian, Italian, Mexican, German, Arabian, Irish, and French to name a few. Of special interest were the songs and dances which were performed for the crowds.

Johnny Rattan and his family will be leaving Albuquerque, N.M. shortly, and move to New Orleans, La. where he has been transferred.

### Brogdon - Chancler exchanged vows

Wedding vows for Bonnie Gail Brogdon and Joel Kelly Chancler, both of Amarillo, were repeated on August 4, 1979, in the Pleasant Valley Baptist Church, in Amarillo. Rev. Charles Ivey, officiated at the double ring ceremony at 7:30 p.m.

The bride is the daughter of Mr. and Mrs. Darrell Brogdon, of Amarillo, and the grand daughter of Mr. and Mrs. J. H. Helton of Clarendon.

Parents of the groom are Mr. and Mrs. Jim Chancler, of Amarillo. Father of the bride, Darrel Brogdon, escorted his daughter down the aisle and gave her in marriage.

For her wedding, the bride chose a gown of white organza designed with a Queen Anne neckline. Venice Lace detailed the neckline and at the shoulder of the sleeveless bodice. Lace separated the skirt panels and edged the gathered flounce at the hemline. Back fullness of the skirt cascaded into a chapel length train.

She wore a matching wide brimmed hat enhanced with lace and satin ribbon streamers. White gladiolas, interspersed with baby's breath and tied with satin ribbon into love knots composed the bridal bouquet.

Darla Horn sang "Always and Forever", and Randy Land sang "I Could Never Promise You" and "We've Only Just Begun". "Wedding Song" sung by Darla Horn, was accompanied by Kevin Sinclair on the violin.

Patty Brogdon, sister of the bride, from Odessa, served as maid of honor and Pam Block, sister of the bride, from Amarillo was matron of honor. Bridesmaids were Sherre Brogdon, sister-in-law of the bride, Kim Miller and Jerri Jarrell, all of Amarillo. They wore identical dresses of blue with pleated skirts and bodices of lace overlay. Matching blue ruffled hats completed their attire.

Amey Greer, of Amarillo, was flower girl and wore a floor length dress of white tied with a blue ribbon around the waist. Ring bearer was James Fuller, nephew of the groom. Serving as candle lighters were Becky Pulliam, cousin of the bride and Kelly Elliot, who lit the white, blue and yellow candles, chosen colors of the bride. Mark Chancler, brother of the groom, acted as his brother's best man. Groomsmen were Wade Davis, David Ivey, Ronnie Payne and Greg Billington, all of Amarillo. Ushers were Joe Brogdon, brother of the bride, Gary Fuller, brother-in-law of the groom and Jimmy Chancler brother of the groom, all of Amarillo.

Following the ceremony a reception was held in the Fellowship Hall of the church. The wedding cake was three tiered, decorated with yellow and blue flowers and topped with white satin wedding bells and white doves. A fountain of blue completed the cake decorations. Punch was served from a blue crystal punch bowl. Karla Sinclair, Melanie Webb and Tena Greer presided at the brides table. Karla Sinclair registered the guests in a white wedding book.

On the groom's table a chocolate cake centered the table and sisters of the groom, Susan Fuller and Julie Chancler presided.

For traveling the bride selected a black pleated sheath with a floral design. The bride is an employee of St. Anthony's Hospital and plans to attend WTSU this fall. The groom is associated with A-1 Floor Covering in Amarillo.

Mr. and Mrs. T. W. Bell, of Turkey and Mr. and Mrs. R. A. Beverly of McLean, were in Clarendon, Sunday and had lunch with their mother, Mrs. Roy Beverly.

## Howardwick Party Line

BY NORMA CORGILL

Mel and Ruth Mills and Sharon were in Amarillo Friday to see the eye Doctor and shop.

The Howardwick's Lions met Sat. night Aug. 25. There were 27 present for supper.

District Governor Lion Marshall Cooper from girls town brought a very interesting program. The program was on the 15 years he had been associated with girls town at White Deer. You Lions and ladies missed a blessing by not hearing his talk. No wonder Lions like to roar.

I would like to say a personal thank you, to Lion Lyn Cherie for mowing the church lot, and also around the city hall.

The rains have really made the grass grow. Neil and Clara Mann would

like to say tanks to the Lion's Club and also the Friendship Club for the lovely flowers and cards that were sent Neil, while he was in the hospital.

Bill Mann, son of Neil and Clara Mann has left Birmingham, Alabama, aboard a freighter going to Rigika, Yugoslavia. It will take about 3 months for him to reach his destination. He will be gone some two years.

Polly Sarich, is in the Baptist High Plains Hospital. She had surgery Thursday. Our report is that she is doing very good and will probably be home some time the last of next week. I'm sure she would appreciate cards from her friends.

Mr. and Mrs. B. F. Crossland are spending a few days at the lake.

Nugget and Bridget Bland spent the weekend with their grandparents, Henry and Cora Bland.

Tammie and Cody Whittington have been visiting her parents the Doil Doughits a few days and returned home Sunday.

Nancy Fincher and daughter Lisa of Washburn, are visiting with her grandparents Mr. and Mrs. H. Rodgers.

Louise Garvin and daughter Rieta, visited her mother Norma Corgill Sunday. Rieta will be going to college at Clarendon starting Monday.

Jim and Thelma Corgill were back down at Howardwick Saturday trying to get all the loose ends tied together on their move back to Amarillo.

Visiting with Bro. Jack and Lyn Daniels Sunday were his father and mother, Mr. and Mrs. Floyd Daniels of Tulia.

Mr. and Mrs. L. C. Keith were in Amarillo, over the weekend for a family reunion at their daughters home, Sylvia Harkins. There were 21 present one granddaughter, Beverly Edwards from Calif. was present that they had not seen for 3 years. They had a very enjoyable time visiting and of course lots of good eats.

Kim Brackett and son Nicholous of Amarillo are visiting this week with their grand mother Alma Bingham.

A curiosity is the giant sized egg laid by a Cornish Cross pullet belonging to Fred Russell. Measuring the three and a half inches long the egg when broken contained another whole egg complete with hard shell in addition to a yolk and white.

The small egg in the photograph is an extra large egg such as you purchase in the stores.

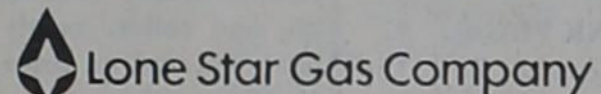

This is the largest of a number of unusually large eggs produced by these pullets. Several of the young hens have died after laying the oversized eggs.

**THANK YOU**

Perhaps you sent a lovely card or said a word of prayer. Perhaps you sent a funeral spray, if so we saw it there. Perhaps you spoke the kindest words as any friend could say. Perhaps you were not there at all, just thought of us that day. Whatever you did to console our heart, we thank you so much, whatever the part.

**THANK YOU**

Wish we could find the words to express our appreciation for the many ways each of you have responded to our needs in the loss of our home. Your gifts, your work, and especially your love will never be forgotten. As great as our loss was, we were left with an abundance. With friends like each of you. When someone cares it makes your burdens much easier to bear. May God Bless each of you.

## Chamberlain news

MRS. HAWLEY HARRISON

Due to five Fridays in August Chamberlain Community Center will have their next meeting Friday September 7th. Come if you can.

Mrs. Florence Harp's sister, Laura and John Flowkes of Borger returned last week from a visit with their son, Mr. and Mrs. Jack Fowlkes of Red Wood, California.

Jack and Iona Reid of Amarillo were supper guests of Mrs. Clara Mae Carter, and

they took Brad and Brent Carter of Azle home with them Thursday evening.

Amy Koonitz spent Wednesday night with her grandparents Mr. and Mrs. D. R. Koonitz.

Mr. and Mrs. Grover Wilhite of Elk City, Okla. visited her brother, Mr. and Mrs. Frank Thomason Wednesday.

Mr. and Mrs. Taylor Allen of Goree visited this weekend with his brother, Mr. and Mrs. Mark Allen.

Mr. and Mrs. Richard Dingler Jr. of Kermit and Mr. and Mrs. Ricky Dingler, Dasha Michelle and Zackery Brandon of Monohans left Tuesday after a delightful visit with Mr. and Mrs. Richard Dingler Sr. to visit relatives in Amarillo, and to see the play "Texas" before returning home.

Mr. and Mrs. Roy Ferris and Clayton Wayne were in Memphis on business Tuesday.

Mr. and Mrs. Othel Elliott, Mrs. Eibel Hewett and Mrs. Ozelle Fisher of Chandler, Arizona visited Mr. and Mrs. Otto Elliott Thursday.

Mr. and Mrs. Frank Corder Sr. were in Amarillo on business Thursday.

Dennis, Loretta and Anna Harrison attended the chicken barbecue at Martin Baptist Church Friday evening.

Mr. and Mrs. Charles Blackburn and Mr. and Mrs. Cecil Mathews attended the Clarendon Shrine Barbecue at the Hagy Ranch.

Mr. and Mrs. Oville Swanson, Willie and Jamie spent Friday night with Mr. and Mrs. Frank Corder Sr.

Mr. Wayne Johnson of San Diego, Calif. visited the Johnson homestead, and visited with Mr. and Mrs. Richard Dingler. He's been visiting his sister Mrs. Melba Risley.

Mrs. Marie Risley, Teresa and Miles visited Mr. and Mrs. Charles Blackburn Friday and the children stayed for a few days visit before their school starts.

Rev. and Mrs. Robert Shugart were dinner guests of the Dennis Harrisons Saturday.

Mr. and Mrs. Delman Kowitz visited Mr. and Mrs. Otto Elliott Sunday evening.

Dennis, Loretta and Anna

Harrison visited San and Mary McAnear Sunday after church.

Mr. and Mrs. Otto Elliott visited Mr. and Mrs. Dood Cornell Saturday afternoon.

Mrs. Richard Cannon visited Mrs. Myrns Rhodes of Ashtola Saturday afternoon.

Mrs. Wayne Lowe of Amarillo visited his mother, Mrs. Genoah Lowe Sunday.

Roger and Jamie Finch visited her father, Mr. Alford Ivey while Sunday.

Mrs. Mary Lee Noble visited Mrs. Florence Harp while Monday morning.

Mrs. Clara Mae Carter and Mr. and Mrs. Donald Ballew visited Ruth and Nell Corbin while Sunday afternoon.

Mrs. Mary Mann returned home last Wednesday from Ashland, Ohio where she visited relatives of her mother and father.

Mr. and Mrs. Donald Ballew visited Mr. and Mrs. Richard Dingler Sunday evening.

Ann Fry of Amarillo visited her sister, Janice and Ewayne Barbee and little Beth this week.

We were glad to learn, Evangelist Jack DeWitts little daughter is out of intensive care at Oklahoma City. She has Spinal Meningitis.

Rev. Dennis Surber of Shamrock preached at Martin Baptist Church in his place during the Revival.

Mrs. Carmen Wright and Bessie Bloom and her mother, Mrs. Winnie Neel returned Monday afternoon from Mangum, Okla. A lovely birthday party was given for Mrs. Neel, with punch and a pink and blue birthday cake. Because of the rain not all of the expected guests were able to attend, but it was a lovely party most enjoyable to those who were able to attend.

### The Les Beaux Club

The Les Beaux Arts Club gave a coffee in honor of Antoinette Hamilton. Although we will miss them we are happy they were sent our way for a short time.

The table was decorated by Gladys Sawyer carrying out the antique theme, using a quilt for the table cloth, a doll and coal oil lamp of hers. The coffee service was Jo Baldwins, and Edith Carter brought an old and very unusual platter. The tiny old fashioned pin cushions used were made by Antoinette Hamilton and Betty Boston.

We wish them the best and know their life in their new home will be as fulfilling as it was here.

A short business meeting was held discussing various things for the coming year.

We want to welcome our new member Mary Bray. We are all delighted.

## Lions tale

By GENE ALDERSON

The Clarendon Lions Club held its regular meeting at noon on Tuesday with twenty-seven members and one guest present. Following the regular opening ceremonies, Boss Lion Courtney presented a membership application for Jackie Blum which was unanimously approved. Next, reports were heard from the various chairmen for the Pancake Supper to be held September 14th.

Our guest today was Mr. Wes Langham, a former Clarendon

resident, who now lives in Amarillo. Wes was in Clarendon to help with a presentation of Bibles from the Gideons to local school students. Mr. Langham also told us that a Dr. Lee would be coming to Clarendon soon as part of a tax

supported medical program which Mr. Langham is associated with. Dr. Lee will be practicing in our community for a while and looking us over with an eye to possibly moving here.
