## Older Worker Week

Texas Farmers Union Green Thumb State Director David Hartwig and the 306 Green Thumb sponsoring agencies throughout Texas have joined Governor Bill Clements in saluting the valuable contribution of senior citizens in the work force during Texas' Older Worker Week, March 11-17, 1979.

Hartwig said some 950 older Texans are working through Green Thumb which is a federally funded program providing part-time jobs for low income, older, rural people. Green Thumb workers are serving as nutrition aides in senior centers, library and teacher aides in schools, providing transportation and weatherizing the rural homes of older Texans. Others are maintaining parks, clerking in city, county and Chamber of Commerce offices and offering outreach (home visits) and telephone reassurance services to shut-ins.

These older workers have proven ability, good work attendance records and a wide range of skills to bring to a job, Hartwig said. He and the Green Thumb sponsors want to urge potential employers to hire an older, experienced worker and get enthusiasm and dependability in the bargain.

## First aid course being offered

A First Aid Course is being offered for Donley County residents March 19 and 20 at the Old School Gymnasium. The course is being taught by Red Cross Instructor and Safety Education Officer Jerry Burgtorff from Pampa.

The course will be conducted from 6:30 - 10:00 p.m. on both Monday and Tuesday nights, March 19 and 20. Instructions will include ways to handle medical emergencies such as bleeding, shock, broken bones, poisonings, burns, stoppage or breathing, and others. Life is full of emergencies, major and minor. Each of us should be prepared to take quick, confident action when they occur. Will you know what to do when an emergency occurs? If not, perhaps you should sign up for this course at the County Extension Office or call 874-2141.

**Full slate of candidates listed**

Saturday, March 10, the Howardwick City Council met at the city hall in general session. A drawing was held for mayoral candidates places on the ballot with Lynn Cherry drawing for 1st place and E.H. Patton drew place two.

Candidates for the two alderman places are Lawrence Whitehead and Herman Green. Drawings and candidates for positions are in preparation for the April 7 election. Thelma Corgill was appointed as election judge for April 7, and clerks appointed were Velma Collins, Cora Bland and Alma Bingham.

Soloists will also present several popular selections. Special guest soloist, Jim Shadle of Clarendon, will sing "Three Times a Lady." Also on the program are selections from the musical, "You're a Good Man, Charlie Brown."

Local students in the College Choir are Tamra Day, Vanell Littlefield, Irven Thomas, and James Thomas. Other students are Donna Heddins, Amarillo; Lori Riley, Amarillo; Nancy Stephenson, Claude; Vicki Flores, Claude; Dara Garvin, Silverton; Cindy Stork, Texhoma; Andy Costley, Sunray; James Walker, Sunray; Jack Weems, Fritch; Jim Hawk, Burkburnett; Burl Davis, Pampa; and Kenny Williams, Oklahoma City.

An admission fee of \$1.00 per person will be charged at the door. The receipts from this program will go into the College

Choir Activity Fund and will be used for choir projects and scholarships. Your support is greatly appreciated.

## Ambulance and police report

Thursday, March 8, 1979, an ambulance call at 2:11 a.m. sent the emergency crew to a site 1 1/2 miles north on Texas 70. Eddie Leanel, driver of a pickup, was involved in a one vehicle rollover and seriously injured. Phillip Vargas, Pat Robertson and Delbert Robertson answered the call with Pat and Phil using the life support procedures from their EMT training. With this training they did sustain life and arrived in Amarillo at 3:39 a.m. The patient died at 9:05 the same morning of extensive internal injuries.

Leanel was 24 years old and a resident of Dalhart, working here with a crew on the Burlington Northern Railway. Virgil H. Morris, of Rt. 1 Hedley, was transported from Clarendon to Memphis for treatment of a fractured leg, by Delbert Robertson.

Saturday, March 10, at 3:04 p.m. Oscar L. Richardson, 83, of Clarendon was transported to AERC (Amarillo Emergency Receiving Center) by Pat Robertson, Larry Doane, EMT, trainees and ambulance driver Edie Robertson after a three vehicle wreck. Richardson allegedly turned in front of a semi-trailer rig which was north bound on U.S. 287 and came to rest against a third vehicle. The third vehicle was a Chevrolet van driven by Mark Crowley of Granbury.

On Saturday, March 10, at 10:24 p.m. an ambulance call was made to the Dairy Queen, and Cathy Mincy, of Clarendon a passenger in a pickup driven by Gary Thomas also of Clarendon, was treated at the scene and released by EMTs Pat Robertson and Larry Doane and driver Edie Robertson. The Thomas vehicle was rear-ended by a second vehicle following too close.

Sunday, March 11, a call received at 6:52 was answered

## Cancer meeting held

Members of the Donley Unit of the American Cancer Society met in the Hospitality Room of the Farmers State Bank on Monday, March 12, to make final plans for the Cancer Crusade.

The third week of April, 15-21 will be the time for the door-to-door campaign and the annual Donley Unit Bike-a-thon, under the direction of Jeff Walker has been set for May 5. In case of bad weather the alternate date is the following Saturday, May 12.

If you have not been contacted by some one participating in the Bike-a-thon when the time nears and wish to do so you may contact Jeff Walker or Diane Mooring.

Routine business was disposed of and the board members were shown an informative film important in cancer detection and prevention.

Present were Genevieve Caldwell, president, Gary Moberley, of Amarillo and board members: Mrs. Rolle Brumley, Susie Shields, Helen Carr, Mary Cooke, Pauline Heath, Naomi Phelan, Ethelyn Grady, Diane Mooring, Jeanice Weatherly, Gary Moberley, Jeff Walker, Janice Johnston, Herman Green and Barbara Cospier.

The next meeting will be held Monday, May 7, in the Hospitality Room of the Farmers State Bank.

by EMTs Larry Doane, Phillip Vargas and Patrick Robertson on Koogle St. south, just north of the curve turning west on the farm to market road going to the JA Ranch. The accident was a motorcycle incident involving Tommy Lane, 15, of Clarendon. He was transported to AERC, suffering lacerations to his lower leg, both hands, elbow, his foot and head. There were abrasions over his back and chest with what were believed to be minor rib injuries.

City Police reported an investigation on March 10 into a two car collision just off US 287 near the Shamrock Station east of town between a 764 Courier pickup, driven by Brian Murry of Clarendon and a passenger vehicle, a 1974 Ford, driven by Randy White, also of Clarendon. An estimated \$300 damages was incurred by the pickup and with no visible damage to the passenger vehicle.

A private property two vehicle collision was investigated by city police when a 1969 Ford backed into a parked 1975 Ford resulting in an estimated \$500 damages. This accident was investigated March 6.

## Representative to be in Clarendon

State Comptroller Bob Bullock announced he is sending a representative from his Amarillo Field Office to Clarendon on Wednesday, March 14, 1979 to assist local taxpayers and answer questions about State Taxes.

Bullock said Enforcement Officer John Hodges will meet with local taxpayers at the County Judge's Office in the Donley County Courthouse from 2:00 p.m. until 4:00 p.m.

"If Donley County - area merchants, or any one else for that matter, have any questions about State Taxes or need help in preparing tax forms Mr. Hodges will be there to assist them," Bullock said.

"We're trying to cut the red tape in this office and we believe these face-to-face sessions with taxpayers help do just that," Bullock added.

Bullock reminded those taxpayers who are unable to meet with his representative on March 14, 1979 that they can still get their question answered quickly by calling his Toll-Free Tax Information Number in Austin. That number is 1-800-252-5555.

The Amarillo Field Office, headed by Claudia Stravato, serves the twenty-six counties of the Texas Panhandle.

## Cheryl Burch files for school board

I have filed for a place on the school board in the upcoming April 7th election. I feel it is time to have a woman on the board. I have 2 children, ages 11 and 8 attending Clarendon School and am interested in their welfare, the plight of our teachers and our school.

I would appreciate your consideration when voting. Thank you, (Mrs. Ray) Cheryl Burch

# Five Broncho basketball players named to all-district

Clarendon players named to the 1978-79 All-District basketball team from 2-A were for the girls varsity team Janette Myers and Angela Gardner; and for the boys varsity team Billy Gardner, Keith Floyd and Gary McClellan.

The players, boys and girls teams, are outstanding members of the varsity squads who played so well for Clarendon during this years basketball season.

The girls team were contenders for district until the last game while the varsity boys won their district after one of the most exciting seasons of basketball in many years for Clarendon.

Their bi-district game, played in the Amarillo Civic Center was just as suspenseful and, though they lost by one basket, a sportswriter for the Amarillo News said he thought they out

played their opponents. Congratulations All-District nominees.

## Bronc Buster

by Karlen Cantrell

Track season has gone into full swing. The Bronchettes went to Quanah last week and placed 3rd in the overall standings. The Bronchos went to Panhandle and placed 5th in the over all standings. There were quite a few people who brought home personal medals. Friday (March 16) the girls track team will be headed toward Lefors, then Saturday both boys and girls teams will travel to White Deer.

The Literary Teams will be going to Canadian Friday and Saturday to see if they can't bring home a win.

Good luck to all the teams, and remember CHS is behind you all the way!

## City Council has meeting

Tuesday, February 27 in a regularly scheduled meeting the Clarendon City Council met at 7:30 in the board room with Leonard Selvidge, mayor, and aldermen Bob Kidd, Cecil McAfee, Shirley Clifford and Lloyd McCord present and Charles E. Dehyle, Jr. absent.

Also present were city secretary Bill Weatherly and city police chief Bill Hodges.

In business transacted the minutes of the previous meeting were approved, and bids submitted on the new police car were opened. The bid was given to Chamberlain Motor Company for a 1979 Oldsmobile.

It was voted to purchase two new lights for the police car.

It was decided by the mayor and aldermen to advertise for persons who were acceptable by CETA for city employment. Business was completed.

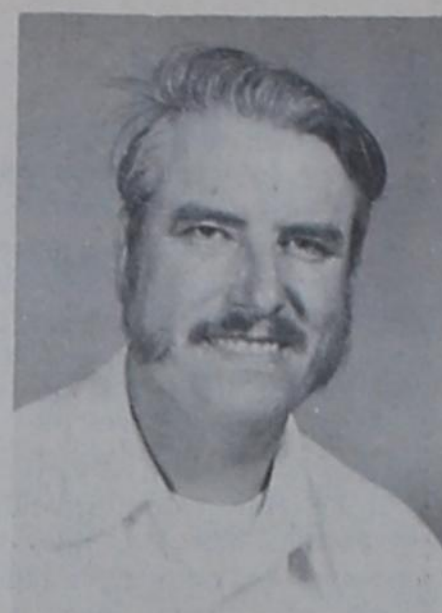

On March 6, the Board of Aldermen and the Mayor met for the first March session of the city council at 7:30 p.m. with Leonard Selvidge, mayor, and aldermen Bob Kidd, Cecil McAfee, Shirley Clifford, Lloyd McCord and Charles E. Dehyle, Jr. present.

Present also were city secretary Bill Weatherly and Bill Hodges, city chief of police.

Business transacted consisted of the reading and approval of the minutes of the previous meeting, and allowing the bills for the month of February.

Chief of Police Hodges gave an accounting of police activities for the month of February. Hodges was instructed by the aldermen to take charge of the loose dog problem and advertise for a dog catcher.

Business disposed of the meeting adjourned.

## Locals on Texas Panhandle Heritage Foundation board

The members of the Texas Panhandle Heritage Foundation held their annual meeting on Friday, March 9, 1979 at a luncheon at the Country Squire dinner theatre.

The business included the election of new officers and board members. From Clarendon 1978 elected two year board members are Mrs. Emmett O. Simmons and Kenneth Vaughn. Those elected in 1979 for a two year term include Mrs. Frank White Jr.

## Garman attends training school

Duane Garman of Clarendon, customer service for General Telephone, recently attended a 4-day training school at the company's training center in San Angelo. The course, Key Systems, is designed to give

employees up-to-date training in installation, clearing of service problems and modification of an electronic telephone system used by some businesses for interoffice communications as well as its regular local and toll business.

## Jazz Ensemble to present concert

The Southwestern College Jazz Ensemble from Winfield, Kansas, will be in concert at 8 p.m. Sunday, March 18 at Clarendon Junior College. The concert is open to the public, free of charge.

Southwestern College, known for its strong music programs, is a four-year coeducational liberal arts college, related by covenant to the Kansas West Conference of the United Methodist Church.

The group, under the direction of Wayne Tucker, is on a five-day tour of towns in Western Kansas, Oklahoma and Texas. The SC Jazz Ensemble was recently honored by winning an audition to play at the Kansas Music Educators Workshop in Wichita, Kansas. They have won critical claim on various tours that have taken them throughout the Midwest.

Among program selections of a wide variety of lively tunes are "Western Union" and "Tiger of San Pedro" by John La Barbera; "Hey Man!" by Jack Petterson; and a special arrangement by Billy Byers of "All of Me."

Mr. and Mrs. T.J. Campbell returned home Monday afternoon from Dallas where they visited over the weekend with

Mr. and Mrs. Pete Campbell. On Saturday afternoon 26 relatives gathered at the home of Mr. and Mrs. Gene Tyler for dinner and a visit with the

Campbells and Luceil Jones who accompanied them down and stayed for an extended visit. On Monday morning the Campbells stopped by the Frank Tylers and had breakfast before departing for home.

## 1926 Book Club meeting

On March 6, 1979, the 1926 Book Club held their regular scheduled meeting at 4:00 p.m. at the Patching Club House. President Carolyn Hamilton brought the meeting to order and then turned the program over to Mrs. Mack Stavenhagen. She in turn introduced three of her poetry and prose readers for U.I.L. Kathryn Perdue, Poetry Reader, read "Children in the Children's Hospital" by Tennyson; Kim White, Prose Reader, read "Possibility of Evil" by Shirley Jackson, and Cynthia Hardin, Prose Reader, read "Case for the Defense" by Graham Green. All three did an excellent job of reading.

Refreshments were then served to the 16 members present and guests. Hostesses: Mrs. Mack Stavenhagen and Mrs. Claudine Todd, served delicious cake with a most

delightful topping, coffee, hot tea, mixed nuts, and mints. The table was decorated so pretty with a St. Patrick's Day theme. After refreshments, the meeting was called back to order by our President and the club Collect read. The minutes of the previous meeting were read and approved. There was a discussion of the Gentlemen's Party and how everyone who attended had such a good time.

The next meeting will be a book review by Mrs. Dessa Day on March 20 and the public is cordially invited to attend the meeting.

Members present were Gladys Blackburn, Oressa Delaney, Carolyn Hamilton, Verdine Herrington, Ethelyn Grady, Jean Stavenhagen, Claudine Todd, Betty Veach, Mary Hazel VanZandt, Rachael Butler, Dessa Day, Mary Thornberry, Joy Martin, Pauline Heath, Susie Shields, and Freida Tucker, with guests Kim White, Kathryn Perdue, and Cynthia Hardin, students of Mrs. Jean Stavenhagen.

## Ireland

by Jeanice Weatherly

A trip to quicken the heart-beat of every son of the Emerald Isle and to do tribute to St. Patrick is the one enjoyed by two panhandle residents in 1978.

From the time of departure until the return trip to Amarillo two persons, Mrs. H.L. Riley of Clarendon and her nephew, Jim Palmer of Amarillo, spent an enjoyable almost fairytale like five plus weeks in the green land of the Irish last summer.

Flying from Amarillo to Dallas and from Dallas to New York was a routine American flight, but in New York and aboard the Aer Lingus plane of the Irish air line the feeling of Ireland began at once.

For Palmer this trip was a repeat of the previous summer. So captivated was he by the island and its inhabitants that he began to make plans for the return trip as soon as he returned home to the states from the first trip.

Arriving in Ireland the plane landed at Shannon and so began the time of eating foods pure as nature made them, without any preservatives, real butter, cream and milk, soda bread and out of this world chocolate candy.

Limerick, Ireland is the oldest chartered city in Europe. Chartered before Paris and London it is known the world over for having given its name to a jingle, a short verse or song, with catchy repetition.

Two invitations to dinner were accepted by the Texans. Friends from the previous trip Palmer made asked the Americans into their home, typical of the kind of hospitality natural to the Irish.

A delightful tourist accommodation in Ireland, called B and B, refers to bed and breakfast. Private homes are used for the tourist season and for the visitor the close contact with an Irish family is a bonus.

The rate is usually less than \$10 per night and for that the breakfast included juice, cereal, eggs, a rasher of bacon, sausage, orange marmalade, soda bread, dark bread and beverage, either tea or coffee.

Emerald Isle is a land with every green in the color scale represented, report these travelers, with pink hydrangeas growing wild and flowers

blooming even in the crevice of rocks forming a rock wall.

Signs are printed in two languages, English with Gaelic at the top. Parts of the country are bi-lingual. There is a movement to teach the Gaelic language in many schools to preserve the mother tongue and one such area is the Dingle Peninsula. This is an austere section of the island where the population believes the old ways are the best ways.

The Texas visitors spent several days in each place. One of the most interesting was a tour out of Dublin to Newgrange. Here a team of archeologists have completed one dig and two more are planned. Findings tend to point to an older habitation of the area than had been thought of before.

Ireland has 5,700 miles of roads over hilly, winding terrain which makes for slow travel. Two main methods are used for travel, the trains and for short distances the bicycle. Some tours are made by bus. The automobile is not prominent in Ireland.

"Most beautiful region of Ireland", is the description for Galway and its surroundings. Galway Bay has a two mile promenade along the beach with shops along the way. The area is famous for the Connemara marble, black, gray and a green resembling jade which is exported all over the world. Large polished pieces of it are highly polished and framed, and small bits are set in sterling for charming jewelry.

On the itinerary was Derringloch Bay, the landing site of Alcock and Brown on the first trans-Atlantic flight in 1919, and Dublin, where the Royal Dublin Horse Show has been held for 100 years.

The International Catholic Charismatic Renewal Conference was meeting in Ireland at the time Palmer and his aunt were there and Jim Palmer attended. Priests, Bishops, Arch Bishops and Cardinals from their respective churches Episcopal, Presbyterian, Methodist, Catholic, and all major religious faith were present. Over 20,000 persons received communion there in Dublin.

In the region of Glendolough, Avoca and the Wicklow Mountains, known as Sir Thomas Moore country was a monastery founded by St. Kevin in the 6th Century. From a tower, over 1,000 years old one could look in four directions. Invaders were an ever present threat to early inhabitants and the need for an informed lookout was vital.

Far too many things made an impression to be able to relate. However, the meeting of a nun from the United States who went shopping with Mrs. Riley and a relative, a young woman, of Pete Darnell's seemed to be proof that it really is a small world.

Memories brought back to the United States were of the visit to the Waterford glass factory where a bit of the tradition and history of the famous chrysal was related. The pattern for the priceless pieces is learned by heart and done from memory.

Another memory is of handsome Irish tweed made up in fashions shown in smart shops in Ireland, and of the recent opening of an American fast food franchise in the land of the Shamrocks.

## Pathfinder Club meeting

Mrs. Cecil Matthews and Mrs. Morgan Cox were hostesses for the Pathfinder Club on Friday, March 9. The meeting was in the Patching Memorial Club House.

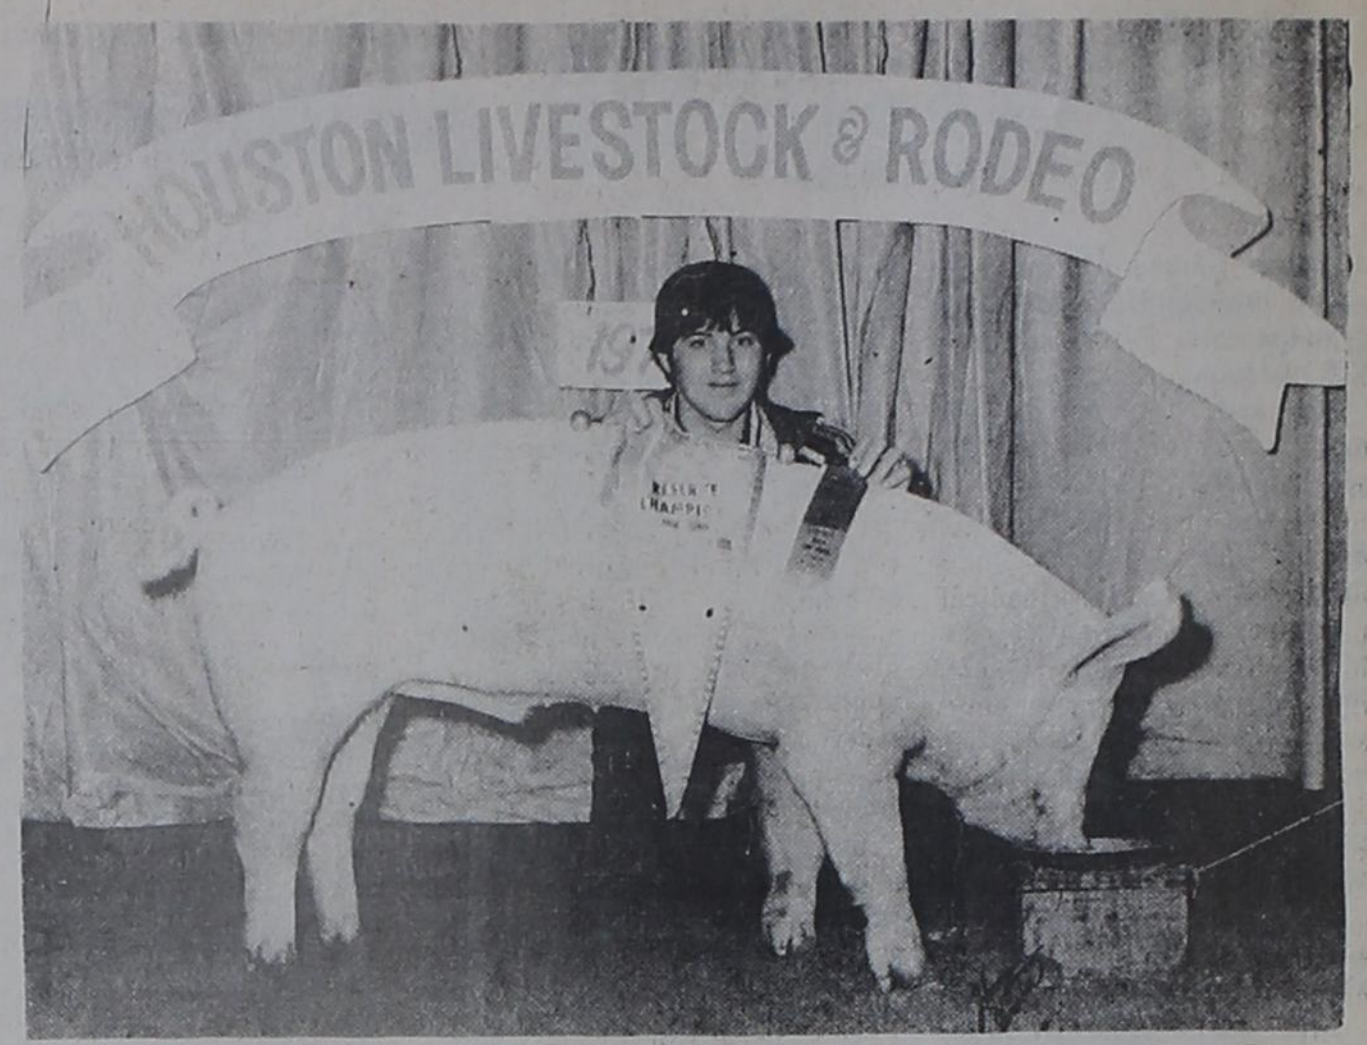

The meeting was called to order by the president who lead the reading of the Club Collect in unison.

The guest speaker for the Texas History Program was Mr. John Sarich, who gave many interesting and informative facts about Texas.

The Texas motif was carried out on the refreshment plates which was served to two guests, Mr. John Sarich and Mrs. Al Burlison, and members Mesdames D. Goodwin Bray, Rolle S. Brumley, Clarence Hamilton, Verdine Herrington, Heckle Stark, C.J. VanZandt, Joe Wells and Miss Mabel Mongole and Mesdames Morgan Cox and Cecil Matthews.

It's the most

The most weighty of all publications is probably the 1,112-volume set of *British Parliamentary Papers* of 1800-1900. The complete set costs \$65,000, would take years to read, and weighs 3.64 tons. The total print run was only 500 sets. The publishers didn't expect it to become a best seller.

MONTE JOHNSON AND HIS RESERVE CHAMP PUREBRED BARROW  
... Dimmitt FFA member is winner at Houston

Monte Johnson, a member of the Castro County FFA, took a reserve championship with his Yorkshire pure bred barrow at the Houston Stock Show.

In the sale the pig brought \$11.50 per lb. Previous placings

were reserve grand champion of the Castro County Junior Fat Stock Show in February, breed champion at the Tri-County Show in Hereford and first in the class at the Amarillo Junior Show.

Johnson is a junior in Dimmitt High School and the son of Mr. and Mrs. Cowboy Johnson of

Dimmitt and the grandson of Mr. and Mrs. Carl Pittman of Clarendon.

## Let's keep Agriculture America's greatest success story

America's farmers represent this country's greatest success story.

No other sector of the economy can match the contributions of today's farmers. Each farmer provides food and fiber for at least 57 people in America and around the world. In the process, he makes it possible for the average U.S. consumer to spend only 17% of his after-tax income for nutritious food — among the lowest in the world. His record of efficiency and productivity stands unequalled. And he represents the major sector of the economy making a positive contribution to our balance of payments.

Today's farmers have accomplished all this and more in spite of the uncertainties of the market. Weather. And excessive government regulations.

But inflation is making it tougher on today's farmers, narrowing their margins in spite of improvements in farm income.

If farmers are to continue making these contributions, they must make a reasonable and fair return on their investment.

All over America, all of us must do a better job of telling the story that this country needs a profitable and productive agriculture, with ever-increasing leadership in world trade.

We want America's farmers to remain America's greatest success story.

## Delta Kappa Gamma meeting

Gamma Kappa Chapter of Delta Kappa Gamma met in Memphis for a 1:00 o'clock tea in the Homemaking Room of Memphis High School on March 10, 1979. The meeting was honoring retired teachers.

The meeting was opened by the president, Betty White, and the group read the collect in unison.

Anne Lange, chairman of Research Committee lead a very interesting discussion of the program topic, "Contrasts of the Old and the New in Schools."

## To the Citizens of Donley County

The first modern county was an area of people whose forefathers looked at their families, their needs, their location, their available materials, and then built a community accordingly. They lived a long while ago.

Through their labor towns were started, government was formed, and buildings built. They made do with what they had and the knowledge available to them.

In many cases our forefathers built buildings and started trends that were less than they could have been, but have since become a burden on the county. Because of these things a designed community of people working together for the good of all became named (government).

Once a design has been named, the name becomes a style and takes precedence over

## Someone will be knocking on your door

Today is K-Day. "Kidney Day".

Someone will be knocking on your door Sunday, March 18 through March 31 to ask you to assist in providing funds for research to eradicate kidney disease.

The someone knocking will distribute information on the warning signs of kidney disease and provide organ donor cards.

The volunteers who will be calling on homes will give their time and energy to invite you to help in a project that can give life to over 13 million Americans affected by kidney disease.

The Gift of Life Campaign will help the 42,000 Americans who sustain life on the artificial kidney machine and for the 14,000 patients who are awaiting a kidney transplant. In our area, over 200 people are on dialysis and are awaiting kidney transplants. Your contribution, no matter how large or small, can give life to someone today.

## LITTLE KNOWN FACTS

Viruses fever (from about 100 to 105) in conjunction with bodily aches and pains, a sore throat, headache, chest congestion, cough or a general rundown feeling, you probably have some type of flu. Depending on the severity of the infection it may last from three to 10 days.

Antibiotics are relatively ineffective against flu. Physicians, however, may prescribe them when there is a danger from secondary complications of simple flu.

For many people nasal congestion is the most uncomfortable symptom. The topical nasal decongestant most recommended by pharmacists is Afrin nasal spray or nose drops.

It shrinks swollen nasal and sinus passages quickly to restore normal breathing. Twice-a-day usage can provide relief for up to 24 hours.

While there are no particular diet restrictions, flu patients should drink plenty of liquids and, perhaps, avoid high-fat foods.

# Girl Scout Week March 11 - 17

### TROOP 131

**Barbara Cosper and Darlene Spier Leaders**  
The theme for Girl Scout Week '79 is "Find the Gift in every child". This is what Scouting is all about - recognizing the potential in all children and providing opportunities for them to discover and express the Gifts within themselves. Working on junior badges is one way to do this. Troop 131 is working on and by the end of the year will have completed the following badges: Hospitality, Books, Cook, Drawing and Painting, Needlecraft, Skater. These involve a lot of time and much hard work on the girls' part.

We have also participated in the calendar sale and cookie sale. The girls especially liked our service projects which included a fruit basket at Thanksgiving and small gifts at Christmas time. These were

taken to the rest homes. All of these activities are fun and hopefully help the girls to find that special talent or ability

they may not even know they possess. Troop members are Trisha Clifford, Susan Mann, Whitney Cosper, Debby Terry, Brigitte

Spier, Linda Hill, Tina Coplin, Gwen Bohanan, Cassie Stewart. Troop leaders are Darlene Spier and Barbara Cosper.

**RACHAEL BOWLING, Janet Risley, Christi Page, Karen Helms, Traci Burch, Tammi Deen, Theresa Percival, Lisa Riley, and Kim Lampier** singing "On My Honor" as they entertained at the Parent-Daughter Banquet of Troop 77.

### Brownie Troop 82

Brownie Troop 82 has been very active this year. In early fall, they had a Brownie Field Day at Camp Mel Davis. Also, in the fall they took a neighborhood scavenger hunt. Among the projects the Brownies have made are refrigerator bugs, puppy banks, pressed leaves, felt feet, and puppets. For Christmas gifts to their parents, the girls made kitchen spice hangers.

Brownie Troop 82 is made up of 2nd Graders and they include Kelly Massingill, Lisa Burch, Kristal Hill, Lori Roberson, Heather McCord, Trina Judd, Lindy Bowling, Leigh Riley, Glenda Day, Helen Chadwick and Christie McAnear. Leaders are Mrs. Connie Bowling and Mrs. Gayle Riley.

**CHALLENGING**

Girl Scouting develops strong women, women capable of handling the new roles and opportunities that have opened up for them in recent years. Through challenging projects in a variety of areas, it prepares our women for the world of tomorrow. We believe in Girl Scouting!

**TUMBLEWEED**

**CONTRIBUTING**

Through a variety of projects in the community, Girls Scouts are enriching the lives of our people. Their work with the elderly, the sick, the underprivileged, their efforts to better the environment deserve our support!

**J&W LUMBER**

**DEVELOPING**

Scouting encourages girls in our community to become strong, self-reliant women. Learning new skills, relating with people of differing backgrounds, they gain self-awareness and direction. Our Girl Scouts are tops!

**THE NOOK**

**SUMMER DAY CAMP**  
Cheryl Burch, director.

Clarendon Scouts attended the 3rd week in July.

The Jr. Scouts had new experiences like canoeing on an actual lake instead of in the swimming pool. Joy and Jerrel Martin donated the lake at Hagy Ranch to canoe in.

Another new experience was spending part of one night at Cibola in the Tornado shelter (buried boxcar) during storm. This was not on the agenda. Troop 77 got to stay in the covered wagons this year which was a rise off the ground.

The Big Swimming Pool was still Great with girls getting swimming badges, making some eligible for life saving badges this summer. The Survival test was done where you disrobe in pool, knot leavies, blow them up and float on them. Life saving courses were also taught.

1979 Resident Camp will be the weeks of July 15th and 22nd. Put that on your calendar, girls. Non Scouts can also attend by paying a slightly higher registration. A worthwhile experience.

This camp would not be possible if it were not for the generous donations of interested people as in Clarendon, Connie Bowling, the Cookie Chairman, reported the cookie sales were great, thanks to your generosity and appetite.

Evelyn Hicks' first graders really outdid themselves for their age in cookie selling. Thanks also goes to Skinner Enterprises for their donation of scrap leather for crafts at Camp.

**GIRL SCOUT WEEK**

Girl Scouts in Clarendon are joining Girl Scouts throughout the nation in celebration of 67th Anniversary of Girl Scouting in the USA.

Juliette Gordon Low organized the first group of girls on March 12, 1912 in Savannah, Ga. Girl Scouts of America is a world wide program that teaches a young girl responsibility, confidence, how to use her talents, and most of all, how to love her fellow Scouts and fellowman.

Girl Scout Week activities began by all troops attending the St. John the Baptist Episcopal Church for morning worship. We felt privileged to attend services in this historical church built in 1893.

Flag ceremonies were carried out at the local school by Troops 131, 168 and 82. Troop 77 lowered the colors at the post office, following a tour by Postmaster Bob McCombs.

Posters and Girl Scout Displays have been made this week and placed in downtown store windows.

**LOCAL GIRLS** at each end, Rachael Bowling and Theresa Percival preparing "Hunters Stew" at Camp Cibola Summer Camp.

Troop 77 also made St. Patrick's Day cards and carried them to the Clarendon Rest Home on Girl Scout Birthday.

**TERESA PERCIVAL** at Camp Cibola.

**TRACI BURCH and Rachael Bowling,** 1978 Resident Camp excursion at Hagy Ranch.

**WE APPRECIATE OUR ADULT SCOUT LEADERS**

Girl Scouts are actively involved in trying to make our world a better place to live. Through projects in ecology, arts and crafts, science, physical fitness and more, Girl Scouts develop a sensitivity to the problems of today and the challenges of tomorrow

**HENSON'S**

**EXPLORING**

In the wilderness or at home, Girl Scouting opens up new worlds for young women. They come into contact with nature, investigate new career opportunities, learn the skills necessary for survival. Scouting broadens a girl's horizons. We salute our Scouts on their 67th anniversary.

**GREENE DRY GOODS AND CO.**

**COOPERATING**

In their families, their neighborhoods, their communities, Girl Scouts are exploring the world of people around them. Learning from them and giving to them, Scouts come to understand and get along with a variety of people. We support the role of Scouting!

**ALDERSON CHEVROLET**

**Girl Scout Week MARCH 11-17**

Since its founding 67 year ago, Girl Scouting has encouraged women to become active, involved, vital citizens of the community. Through a variety of projects and services, Girl Scouts develop respect for others and an awareness of themselves as individuals with unique capabilities. Girl Scouts have helped our community in hundreds of ways. Without them, our lives would be a little less rich. On the occasion of Girl Scout Week, we want to salute them and the work they've been doing!

# Dog obedience graduation

An enthralled audience watched the Graduation Exercises of the first dog obedience class in Donley County Monday night at the old high school gym.

Kevin Fincher with Rottweiler Mariha won the first place trophy and blue ribbon after a run-off to break the tie with Dean Overcast showing Australian Shepherd-Catahoula

Leopard Misty, who then placed second for the red ribbon. Lynn Alderson with Miniature Schnauzer Seggy won third with a white ribbon. Fourth place winner Mark McAnear handling Australian Shepherd Goffer won the pink ribbon. Greg Slover with Great Dane Daisy Mae placed fifth winning a yellow ribbon.

Leslie Mullins, instructor

from the Amarillo Obedience Training Club, was assisted by Dick and Don Wilberforce in judging the class. She explained the procedure and asked Bob Andis with Australian Cattle Dog Cowboy Blue to set the pattern. Each participant was judged on American Kennel Club rules for the Sub-Novice Classification. Heel on Leash and the Figure 8 exercise count 40 points and

comprise some thirty-one minor and substantial points for scoring. The Stand for Examination counts a possible 30 points with twelve divisions of the score. The Recall also counts 30 points with ten chances for the dog and handler to qualify. The Long Sit of one minute scores a possible 30 with four parts to complete. The Long Down of three minutes has 30 points with also four phases of scoring. With a possible perfect score of 160 the competition was keen, with excitement mounting with much speculation as to the winners while refreshments were served.

The gold satin covered awards table held the coveted winning trophy and five-place ribbons. After the presentations pictures were made by Pettigrew Hamilton, representing the Clarendon Press, assisted by Josh and Sally Hamilton.

Announcements were made concerning the coming obedience training class to be held March 26, 7:30 p.m. at the school gym and the Fun Match in Amarillo at the Commercial Exhibits Building at the Fair Grounds.

A most sincere thanks was extended to Martha Pearl and Billy Salmon for sponsoring the winning first place trophy award. The Brice Community was also recognized for their support in this new venture of a much needed service for people and their dogs. When a young student pays his own tuition for class with money he has earned and when you see a father and son learning to train their dogs together the true spirit of a community is revealed. Dean Overcast was recognized for his enthusiasm and as the instigator

of this project which has proven so successful.

Members of the class receiving certificates in recognition of their accomplishment were: Brett Harbert with Australian Shepherd Browns, Tommy Nichols with Cocker Spaniel Bubba, Rodney McAnear with Collie-Irish Setter Fed, Stephanie Johnson with Rottweiler Shatzie, Gary Harbert with Australian Cattle Dog Buffy, Pete Bromley with Australian Cattle Dog Blue. Absent from this exercise but receiving certificates are Sue Salmon with Australian Cattle Dog Butter Ball and Linnie Salmon with Pekinese Mo-Ling. Complying with AKC rules three members of the class did not compete for prizes as they have trained Companion Dog Title dogs. Martha Pearl Salmon showed Rottweiler Chip. Bob Andis worked Australian Cattle Dog Cowboy Blue and Vera Lee Andis handled Big Red.

Providing the applause much appreciated by both handlers and dogs were visitors in the bleachers: Jeannie Formway, Nita Mosley, Mr. and Mrs. Ken Fincher, Leslie Fincher, Mary K. Hayes, Karen Alderson, Darla Slover, Donna and Monte Overcast, Laura Harbert with Glenn, Taylor-Ann and Chet, Allene and Katrina Leathers, Margarette Alderson, Mr. and Mrs. Max Johnson, Billy Salmon, Mr. and Mrs. Melton McGowan, Kim Formway, Susan Mosley, Shaun Studer and Darrell McCowan. Dick Wilberforce, president of A O T C made the closing remarks concerning the excellence of the class with both handlers and dogs giving fine performance.

GRADUATION EXERCISES of the first dog obedience class in Donley County, held in the old high school gym Monday.

## Plan for the future

by Cynthia Manning

Make plans for the future by following a four-step guide.

**Four steps to the future**

**Step 1.** Know what is important to you--values.

**Step 2.** Decide what you want--goals.

**Step 3.** Recognize what you have--resources.

**Step 4.** Apply the management process.

### VALUES

Begin planning for the future by recognizing what is important to you--what you value.

Values are ideas about what is desirable, good and important.

No two people have exactly the same values, she points out.

Knowing what you consider important will help you to better understand and appreciate yourself.

Try making a list of what you value--you may include such things as family togetherness, security, health, beauty, happiness or wealth.

After listing these values, compare this list with other family members. Remember, there are no right or wrong answers.

Knowing each others values will help in setting family goals together.

### GOALS

Values help determine goals--what you aim at, destinations you want to achieve or things you want to accomplish.

Some goals are short-term while others are long-term.

Short-term goals are often stepping stones to long-term goals.

Sit down as a family and discuss the things you want.

Make a list of long-term goals--then, determine the short-term goals needed to achieve these long-term goals.

### RESOURCES

Achieve these goals through the use of resources.

The most important resource you possess is yourself--you have knowledge, abilities, energy, personality traits and mental and physical health.

Therefore, you have resources other than money to

help achieve goals.

### MANAGEMENT

Management is simply using what you have to get the most of what you want and need. However, you must understand and apply the management process.

This involves planning, controlling and evaluating.

Planning is first. This means mapping out a course of action to reach short- and long-term goals.

Controlling is next. Controlling a plan in action involves joint family effort in making the plan work.

Evaluation comes last. This is looking over what has been done and judging the results in light of the family goals.

Ben Andis writes that they are returning to Amarillo the middle of March after having spent the past four months in the Rio Grande Valley.

Andis is slowly recovering from a stroke he suffered last July 4th which required considerable time in the hospital to get him on the road to recovery.

He reports he is able to get about slowly with the aid of canes and has plans to see his Clarendon friends July 4th or sooner if possible.

addition the State picks up a \$2,500.00 tab per year for each of the college and university students. This represents about half of the \$5,000.00 annual cost of sending one student to a college or university. It is a well established and documented fact that college and university graduates will increase their life time earnings in the hundreds of thousands of dollars by gaining a degree. I feel a hard look should be taken on all loans and outright grants to students in higher education. ### Capitol Comments

by Foster Whaley

I was very happy to be asked by Representative Bob Simpson to co-sponsor HB 880 that would exempt the Opportunity Plan Inc. from Ad Valorem taxation. This is a non-profit corporation located off campus in Canyon. It has loaned millions of dollars to worthy Panhandle students who attend colleges and universities throughout the state. For many years the students receiving these loans were primarily students of West Texas State University. It is my understanding they now make loans to students attending other colleges and universities.

Milton Morris of Canyon is the founder and great sponsor of this fine program. Both the Federal Government and the State of Texas would do well to consult Morris on how he has had such a phenomenal record of collection on these loans. The loss ratio has been less than two percent. I'm sure you have read where the losses of the Federal Government Educational Loan Program have run into the hundreds of millions. Losses by the State of Texas on student loans have been in the tens of millions. At the present time the State of Texas in cooperation with the local school districts picks up the \$1,500.00 annual tab it cost to send each student to grade and high school. I feel the State has a real responsibility here. We need the best without waste at this level. In

The Committee on Government Organization, of which I am a member, heard testimony this week on the reestablishment of it's first governing agency. We heard five hours of testimony on one bill that would reestablish the state bar. This Committee was created to handle all the Sunset Legislation. During the 65th Legislature, a law was passed that would cause every state agency to expire at a predetermined time. If new legislation is not passed to activate these agencies they will expire when the sun goes down on this predetermined date. This, SUNSET LEGISLATION.

### James Otis

### Martin rites held

Funeral services for James Otis (Ode) Martin, 75, were held at First Baptist Church of Bull Shoals, Arkansas Tuesday, March 6th, 1979 with the Rev. Howard King officiating.

Mr. Martin passed away March 3rd at Yellville, Arkansas. Graveside services were held by the Masonic Lodge No. 578 of Cotter, Arkansas. Mr. Martin and wife Eva and son Jimmy lived in Clarendon for a number of years. He was a painter by trade.

He is survived by two granddaughters of Washington State and one brother, Clyde G. Martin of Clarendon.

Business transacted was as follows:  
 Motion made by William Chamberlain and seconded by Buford Holland to approve minutes of the previous meeting as read.

Motion made by William Chamberlain seconded to approve the bills as presented.

CLARENDON F.T.A. CHAPTER

### F.T.A. State Convention

On February 22, the Clarendon F.T.A. Chapter left at 12:30 p.m. to attend the State Convention at Fort Worth. Fourteen students and three sponsors made the trip. The Clarendon Chapter of F.T.A. had a state candidate running for the office of F.T.A. State Vice President—Chris Ford. Attending the F.T.A. State Convention were Mary Hermesmeier, Penny Swearingin, Stella Robinson, Rosie Arias, Chris Ford, Tony Kuhn, Brad Hayworth, Steve Nance, Rick Hayes, Phil Moreman, Jeff Topper, Kyle Hill, Kent Mills, Miss Betty Veach, Mr. and Mrs. Clyde Noonester.

Friday morning, February 23, 1979, registration began at 9 a.m. The Clarendon Chapter was there by 8:30 a.m. because Chris had to draw to see where his booth would be set up. We drew a very good place and the booth committee started setting up Chris's booth—Rick Hayes, Steve Nance, Phil Moreman, and Kyle Hill. The Clarendon F.T.A. started campaigning for Chris when they got the booth set up. That afternoon at 2:30 p.m. in the Tarrant County Convention Center the FIRST GENERAL SESSION was held. Miss Betty Veach and Phil Moreman, District 16 Advisor and President, were platform guests. Presiding over the meeting was Randy Flasowski,

President, FTFA from Crockett. The Keynote Address was delivered by Lewis Timberlake, President of Decision Dynamics, International, Inc., of Austin. After the First General Session, each district held their own meeting. District 16 held their meeting at the Times Square-East Room at the Hilton with Phil Moreman in charge. Phil let Pam Haidur from Kress take over for him because he had to be back over to the Convention Center.

The SECOND GENERAL SESSION, which started at 7:30 p.m., consisted of the skits presented by the various officer candidates. Chris's skit was a Disco Dance theme. The following students of F.T.A. were helping Chris out—Rick Hayes, Steve Nance, Phil Moreman, Kent Mills, Tony Kuhn, Brad Hayworth, Mary Hermesmeier, Stella Robinson, and Rosie Arias. Jeff Topper helped out with the lights, etc. Our students presented a good skit. Following the skit presentations, FTFA held a dance featuring "Eso Es" Disco—Bob Bonilla and Henry Gonzales, Fort Worth. All our students enjoyed the dance.

Saturday morning each student attended the workshop of their choice, and all met back in the Tarrant County Convention Center for the House of Delegates at 1:30 p.m. Phil Moreman was the head of the 10 delegates from District 16. The Clarendon Chapter F.T.A.ers had to act as delegates because some of the delegates from District 16 did not show. Rick Hayes, Mary Hermesmeier, Stella Robinson, and Steve Nance became delegates. John Garrison and Leslie Wallace of Dalhart were delegates as was Pam Haidur of Kress. Chris made a very good showing, the race was close, but he was defeated. Clarendon F.T.A. is extremely proud of Chris for running for state office. Saturday night the Clarendon Chapter attended the annual awards night which started at 7:30 p.m. Sunday morning at 8:00 a.m. the Clarendon Chapter was on the road coming back home. The trip was enjoyed by all who attended.

### The Lions Tale

by Gene Alderson

The Clarendon Lions Club held its regular meeting at noon on Tuesday with 24 members and 4 guests present. Richard Leathers, who is a student at Baylor University, was the guest of Lion Messer. Perry Hoag with radio station KGRO in Pampa was the guest of Lion Chamberlain. Paul Henderson, the new manager of West Texas Gas, Inc., and Jimmy Floyd, manager of Automotive Supply, were the guests of Lion Homer Estlack.

For our program Lion David Davidson brought us a slide presentation on the Multiple Uses of Soils Surveys produced by the U.S.D.A. Soil Conservation Service. The presentation brought out that soil surveys show how soils vary. The surveys are made by soil scientists who examine every acre of the county which they are surveying. The information which they gather is put into various forms such as maps and photos and published in booklets by county. Over half of the counties in Texas, including Donley County, have now been surveyed.

The information in these surveys is used by the Soil Conservation Service in planning soil and water conservation programs. It is also useful to highway planners, housing developers, municipal utility planners, contractors, and persons selecting home sites. Also an individual home owner can use

the survey to determine what kind of flowers or garden plants will do well on the soil on which his house is located. Lion David Davidson, who is our local Soil and Conservation Agent, said that information regarding the soils survey of Donley County can be obtained at the local Soil Conservation Service Office and that he will be glad to assist you and to answer any questions you might have on it.

### Agriculture

by Jeanice Weatherly

Modern agriculture received a "shot in the arm" when an Englishman by the name of Jethro Tull, invented the grain drill in 1701 thus launching the modernization. His "Horse-hoeing Husbandry" published in 1731 established row cultivation.

Another advance was made when "Turnip Townshend, a well educated man of means introduced the turnip to Europe as he traveled over the countries from his native Holland. The turnip became a great winter feeding crop for live stock.

Not only primitive methods handicapped the early farmer, he too, as is the farmer of today, was plagued by the governmental regulation of crop prices. This had begun as early as the 15th century when the British wrote the Corn Laws to keep prices from getting too high. In 1663 the laws were applied to keep the prices from getting too low.

Agriculture, according to Colliers Encyclopedia (Latin Agri Cultura, cultivation of the field) as that which includes the arts, sciences and industries utilized by man to obtain food from the land. In recent years the use of the words "husbandry" and "farming" have come into usage and have been accepted as having the same meaning, about, as agriculture.

Primitive man subsisted by gathering nuts, grains and fruits, catching animals and fish for meat and in times of drought adapting as much as was possible to whatever grew near him from which he could receive nourishment. So it was that early man learned to harvest before he learned to plant.

Legends about the beginning of cultivation range from the ridiculous to the sublime. The earliest estimates place the first agriculture efforts at about 18,000 B.C. The industry suffered slow growth for 10,000 years, one of the reasons for the delay being the restless roaming of man for some 10,000 years in search of a permanent home before he settled down to till the land.

The evolution of the mechanics of tools and machinery goes from the first firehardened sticks which were used to dig holes in the earth to the sophisticated power driven mechanical monsters of today.

Early knowledge of Agriculture was a collection of experiences verbally passed on from farmer to farmer. Although the notion was not widely embraced the first academic training of farmers was at Keszthely, Hungary in 1796. In the intervening 283 years agriculture classes in the classroom have grown and expanded to cover an endless variety of

specialized studies. Great contributors to the cause of agriculture are John Deere, an Illinois blacksmith and plowmaker of the 1930's; Robert Ransome, an English inventor who patented a cast-iron plowshare in 1785; Patrick Bell of Scotland and Cyrus Hall McCormick of the United States who made such a contribution to agriculture with the reaper. Also the cotton gin, invented in 1793 revolutionized the cotton industry.

Today the prime factor for growers is not how to raise enough for man's use but rather the regulation of cost-price to make a living. Although major agriculture countries governments are all engaged in regulating farm prices and income none has actually been able to apply a meaningful standard for a fair price or reasonable income.

The effects of policies of price and income are difficult to assess and efforts have been made in this direction for 5 centuries in most of the developed countries of the world.

Is it any wonder then that today world markets, shortages and surpluses are the seeming unending problem for American Agriculture Movement members along with all the other agriculturist non-members who have their interests at heart.

### Teresa Moore announces engagement

Mr. L.P. Moore of Clarendon and Mrs. Ronald C. Roberts of Conroe announce the engagement of their daughter Teresa Jean to Mr. Lawrence Reese Jackson, son of Mrs. Mildred Jackson of Bowie.

Miss Moore teaches in Carrollton while Mr. Jackson manages the Plankhouse Restaurant in Dallas.

The wedding will take place in Dallas on April 22nd. Dr. Frank Baugh will perform the ceremony.

After the wedding, the two will reside in Carrollton, Texas.

The most formidable single insertion ever to be made in a magazine appears in the February 5 issue of Time magazine in which Gulf and Western Industries Inc. is running a 64-page special section that includes the company's annual report. A milestone in business communications, the special section, costing over \$5 million, is expected to reach 22 million people.

The week of March 18-24 has been designated as National Poison Prevention Week and is designed to help parents, grandparents, etc. in taking a look at the potential poisons in their homes, -rages, gardens, and neighborhood.

During 1978 the Texas State Poison Center assisted with nearly 13,000 poisoning cases. Over 72% of these involved children under five years old. "Children in this age group, and most particularly those in the 6 months to 3 year age bracket, live in a 'hand-to-mouth' world," said Michael D. Ellis, M.S., Director of the Poison Center. "There are certain areas in the home that are particularly dangerous, for instances, under the kitchen sink, the bathroom sink, and the garage. These areas are where most people store cleaning products. The garage contains lots of petroleum distillate-containing (oil-based) products such as gasoline, paint thinner, enamel paints, etc. With these products, as little as one sip, if it gets into the lungs, can potentially be fatal."

The major substances ingested by young children included plants, colognes and perfumes, cosmetics, disinfectants, and household cleaners. Chewable multivitamins rank high on the list of frequently ingested medicines along with cough preparations, aspirin, and aspirin substitutes.

"Over 77% of the cases that the Poison Center has assisted with can be treated at home," Ellis noted, "thus eliminating

the necessity of taking the child to either their physician or the emergency room. That's why we encourage the parents of children who have ingested a potentially toxic substance to call the Poison Center first."

Prevention of these numerous poisoning instances is the ultimate goal of the Poison Center. But prevention requires considerable effort on the part of the adults in the home. "This means that traditional storage areas for cleaning products, medicines, furniture polishes, etc. must be altered. Areas, like under the kitchen sink, must be cleaned out and the household products moved to higher locations." Ellis observed that "since most houses don't have an overabundance of storage places, we recommend that canned goods be put under the kitchen sink and the cleaning products be placed in high cabinets." Another way to help keep small children out of poisonous items is to use Mr. YUK stickers. "When these

stickers are used as a teaching tool, they can be very effective in labeling the many substances that the child should not touch. If the parent will take the child with them and go over and over with the child that Mr. YUK is a NO-NO - and he will make you sick, the child can be taught to leave Mr. YUK labeled products alone," Ellis noted.

"Should all else fail," said Ellis, "and if the child should require medical attention, we can assist in referring the patient to either their physician, the nearest Member Hospital in the Poison Center Network or the closest emergency room. The Poison Center will call ahead and tell the medical facility what the problem is and also recommend the proper treatment. In that way the child will receive the best and quickest care possible."

"Accidental poisoning is a growing problem," observed Ellis, "and there are some 100,000 cases of poisoning each year in Texas. But we hope that

we can help reduce this number by parent education and through the use of the Mr. YUK poison warning symbol." Should a poisoning emergency occur, the Poison Center can be reached by calling 713/765-1420. The Mr. YUK stickers can be obtained by sending a large self-addressed, stamped envelope to the Poison Center, University of Texas Medical Branch, 8th & Mechanic, Galveston, TX 77550.

"We urge parents, grandparents, and adults who have young children in their homes to survey their storage areas, and to help us prevent a poisoning from occurring," Ellis concluded.

The ancient Greeks tried to make rain by dipping oak branches in water.

The Good News of God has power to give people faith. God makes people free through faith. Jesus said, "Whoever you ask in prayer will receive, if you have faith." If you'd like to learn more about what the Bible says about the power of faith, you can read a booklet entitled "Have Faith." Send your name and address to The International Lutheran Laymen's League, 2185 Hampton Avenue, St. Louis, Missouri 63139.
