Cindy Hall

SCS adds new personnel

Cindy Hall, of Albuquerque, New Mexico has joined the staff of the Soil Conservation Service where she began her duties July 2, 1979 as a range conservationist.

Miss Hall is a 1979 spring graduate of New Mexico State University, of Las Cruces the recipient of degrees in both Range Science and Animal Science.

In a conversation with the Clarendon Press Cindy said she had an interest in facets of range and animal science for

some time. Although she is the first woman to work in the office here Cindy reports five women students were in her classes at the university in Las Cruces.

Hall enjoyed a variety of activities on campus such as the Rodeo Club, Block and Bridle Club, Society for Range Management, Little Sister and Agriculture and Home Economics Council. She is single, a member of the Methodist Church and is the daughter of Jan Hall of Albuquerque, New Mexico.

Mrs. Ila Mae Turland services held

Funeral services for Mrs. Ila Mae Turland, age 84, a resident of Clarendon and Donley County for almost 10 years, were held at 11:00 a.m. on Monday, July 16, 1979, in the First Baptist Church, with Rev. Paul Heil, pastor, and Rev. W. R. Lawrence, retired Baptist Minister, officiating. Interment was in Citizens Cemetery with the arrangements under the direction of Robertson Funeral Directors.

Mrs. Turland died at 12:30 a.m. on Sunday, July 15, 1979, in Hall County Hospital in Memphis. She was born in Robertson County Texas and moved to Quannah, Texas in

1905. She married the late Walter Turland and she owned and operated a Motel in Childress for a number of years before her retirement and moving to Clarendon. She was a member of the First Baptist Church. Survivors include two sisters, Mrs. Grace Parker of Clarendon, Mrs. Adelle Thornton of Lubbock; four brothers, Roy and Clyde Perkins both of Childress, Thomas and Bob Perkins both of Clarendon and several Nieces and Nephews.

Casket Bearers were Lee Leek, Homer Holman, F. O. Hodge, Billy Ray Johnston, James Bain, and Clarence Cornell.

Mrs. Ora Lula Beasley rites held

Funeral services for Mrs. Ora Lula Beasley, age 77, a resident of Donley County for over 55 years, were held at 4:00 p.m. on Saturday, July 14, 1979, in Robertson Chapel of Memories, with Rev. Bill Watson, Minister of the First United Methodist Church, officiating. Interment was in Citizens Cemetery with the arrangements under the direction of Robertson Funeral Directors. Mrs. Beasley died at 4:00 p.m. on Thursday, July 12, 1979, in Hall County Hospital in Memphis. She was born on September 17, 1901 in Hughes Springs, Texas, and was married to the late George William Beasley on November 6, 1920 at Hughes Springs. Mr. Beasley died in 1973. Mrs. Beasley came to Donley County from Hughes Springs. She was a member of the First United

Methodist Church in Hughes Springs. Survivors include a sister, Mrs. Della Russ of Texarkana, Texas; and several Nieces and Nephews.

Casket Bearers were Lacy Noble, Lloyd Molder, Grady Jones, J. B. McDaniels, Fred Clifford, and Clarence Ayers.

Correspondents needed

For the readers who miss not reading the Hedley and Ashtola and Martin columns we still do not have a correspondent for these columns.

To report your news you must either call us or write your items in. If you know of an interested person ask them to contact us.

Are you interested in a swimming pool?

Another meeting of those interested persons who want a swimming pool for Clarendon has been set for Monday, July 23, at 8 p.m. at the Farmers State Bank.

In last week's paper the Century Club was explained. Contributors of \$100.00 or more belong to the Century Club and will have their names on a plaque at the pool. If for any reason the building of the swimming pool is not accomplished, the money will be refunded. You will have contributed to a swimming pool or your money back.

The meeting Monday, July 23, will represent the dedicated interest of those persons who are willing to work against some pretty big odds to accomplish what most towns the size of Clarendon already have. That is a municipal swimming pool.

If you have that kind of faith in your fellow workers we will see you at the meeting at the Farmers State Bank at 8 p.m.

Pittman appointed to state pharmacy board

Bill Pittman was appointed to the Texas State Board of Pharmacy this week by Gov. Bill Clements.

Pittman, of 6700 Elmhurst, thus becomes the first Amarillo pharmacist to serve on the six-member board which regulates the practices of Texas pharmacists, conducts examinations and disciplinary matters and recommends legislation on pharmaceutical issues.

Pittman, who will turn 45 on July 25, said he was "elated" about the appointment.

He said he intends to "sit and learn and pray for wisdom" and he has no particular recommendations to make at this time. He succeeds Sam Damron of Muleshoe, whose term on the board expired June 14. Pittman's term will expire in June 1986.

He is a member of the American, Texas and Panhandle pharmaceutical associations, AP A Academy of General Practice, TPA Academy of General Practice, Kappa Psi Pharmaceutical Fraternity and a life member of the U T Ex-Students Association.

Pittman has served as president, vice president, secretary and treasurer of PPA. He is a member of the Pharmacy Advisory Committee to the Coordinating Committee of the Texas College and University System and recently was appointed to the advisory council of the UT Pharmaceutical Foundation.

Pittman was chosen as Panhandle "Pharmacist of the Year" in 1974.

He and his wife, Vivian have two children, Todd and Robin. Bill is a son of Mr. and Mrs. Carl Pittman of Clarendon.

Correction

In last weeks paper the results of the senior Rodeo Queen entries should have read Lori Skelton, daughter of Mr. and Mrs. Punch Skelton of Brice, 1st place; Kinbra Anderson, daughter of Peggy Anderson, of Clarendon, 2nd place. Judges for the event were Joe and Karen Langdon.

Omitted from last weeks list of winners in the Artist's Studio art show were the winners in the Portrait division. These included Shirley Osburn, first and second place and Mary Martin, third place.

New Member of Clarendon Chamber of Commerce is Cantrell LP Gas Co. of Hedley. The report comes from C. of C. manager John Sarich.

Monday July 23. For more information call Jimmy Lee and Dorothy Butler.

Cattle grub control from the county agent

Each year between May 15 and September, Texas livestock producers can control costly cattle grubs by applying systemic insecticides, says Ronald Gooch, Donley County Extension Agent.

During late fall and winter, the cattle grub appears on the backs of animals. It's too late to begin control measures then since most of the damage has already been done.

However, applying a systemic insecticide—one which is absorbed into the animal's bloodstream—can control grubs effectively between May 15 and September.

In addition to controlling cattle grubs, the insecticide will also provide contact control of horn flies for two to three weeks. Gooch says this makes overall cost of treatment favorable.

Always be sure to follow the insecticide's label instructions carefully.

The cattle grub is the larval stage of the heel fly. The fly has no mouth parts, so it causes no pain to the cattle. However, it frightens cattle, making them difficult to manage. Animals often seek relief by standing in shade or water.

The life cycle begins when the heel fly lays its eggs on an animal. The eggs, glued to hairs, hatch within a few days, and the larvae enter the skin at hair follicles. The larvae then migrate through the animal's body for six to eight months and appear in the animal's back in the fall and winter, forming cysts.

Cattle grubs cause greater losses than any other cattle pests, says Gooch. Besides damaging meat and hides by their burrowing, they lower beef cattle gains and production throughout the year. Profit losses are estimated in the millions of dollars each year.

Babe Ruth tournament held this week

The Babe Ruth fourteen year old tournament will be held in Clarendon this week. The tournament will be a double elimination tournament. The teams that will participate are Canyon, Eastern Panhandle, High Plains, and Pampa. The High Plains team will consist of ball players from Clarendon, Claude, Groom, White Deer, Skellytown, and Panhandle.

Ray Crump and Jay Brogdon from Clarendon will play on the High Plains Team.

The Tournament will begin Wednesday, July 18 at 6:00 p.m. Canyon will play Eastern Panhandle. High Plains and Pampa will play at 8:30 p.m. There will be games Thursday at 6:00 and 8:30; Friday 7:00, and Saturday at 6:30.

Whaley named best

From "the Barbed Wire", a bi-monthly publication which describes itself as the "Rural Texans watchdog in Austin" comes the information that in the opinion of the "Barbed Wire" Foster Whaley, of Pampa, is probably the best (certainly the most effective) freshman member of the 66th Legislature in Texas. This district is being well represented by a legislator whose voice is heard, by all accounts.

4-H WINNERS, of Donley County Fashion Revue are, [l to r] Karen Alderson, Terri Leffew and Kim Formway

A. A. U. Jr. Olympics have 19 from Clarendon

Nineteen Clarendon athletes accompanied by Coach Ted Allen completed in the A. A. U. Jr. Olympics held in Borger, July 7. They were entered in three divisions, immediate, and senior according to age.

Junior Division Members
Brad McGuire, Arlis Thomas, (2nd Discus, 4th Shot); Doug Walker, Creed Wright, Richard Gaines, Bobby Hicks, (4th, 440 yd. relay).

Immediate Division
Bobby Weatheron, (4th 100 yd. dash); Tommy Lane, (5th high jump); Bobby Weatheron, David Weatheron, Tommy Lane, Terry Noble, (3rd 440 yd. relay); Susan Tompson also competed in the girls division.

Senior Division
Brain Murray, Lance Thornberry, Drew Thornberry, Mickey McGuire, (3rd discus, 5th shot); Lynn Thompson, (3rd long jump); Lynn Thompson, Terry Putman, Mark Jack, Dean Hawkins, (3rd 440 yd. relay).

The Sr. Division 440 yd. relay qualified for the Regional A. A. U. Meet in Lubbock on July 14. Also Lynn Thompson qualified in the long jump. The young men did complete in Lubbock but did not place.

Commissioners court meets and sits as equalization board

Commissioners for Donley County met in a regularly scheduled session of the commissioners court at 10 a.m. on July 9, 1979 with all members present.

The following business was transacted:

*Motion by Wm. Chamberlain seconded by Buford Holland to approve the minutes of the previous meeting. Carried.

*Motion by Wm. Chamberlain, seconded by Claude Moore, to allow bills as reflected by the claims docket. Carried.

*Motion by Wm. Chamberlain, seconded by Buford Holland to approve the easement presented by General Telephone Co. of S. W. for prects. 3 and 4. Approval is under county specification. Carried.

*Motion by Gene White, seconded by Wm. Chamberlain, to present a resolution to South Western Bell Tele. Co. objecting to an increase in rates and to authorize the county judge to sign the resolution. Carried.

*Motion by Gene White, seconded by Buford Holland to approve June reports of county judge, clerk, treasurer, tax assessor-collector, agent and J. Ps prects. 2 and 3. Carried.

*Motion by Claude Moore, seconded by Wm. Chamberlain to appoint Mrs. Diane Chamberlain and Mrs. Jem Simmons to serve on the library board. Carried.

*Motion by Wm. Chamberlain, seconded by Buford Holland to appoint Mr. and Mrs. D. G. Bray and Mr. and Mrs. Luther Butler to serve on the DCHSC board. Carried.

*Motion by Buford Holland, seconded by Claude Moore to

Donley County has 3 in 4-H Fashion Revue

Kim Formway, Terri Leffew and Karen Alderson came off top winners of the Donley County 4-H Fashion Revue held Tuesday, July 5th, in the Clarendon College Auditorium. They will represent Donley County at the District I contest to be held at the Texas A&M Research & Extension Center in Amarillo on Tuesday, July 17. Winning a special award for Best First Year Garment was Stacy McCord.

In the Junior 9-11 Division, Kim Formway was declared winner with Stacy McCord named alternate. Other Blue Ribbon winners were Shanna Cole, Christina Leathers, Susan Mann, and Deniece Richardson. Terri Leffew was named winner in Junior 12-13 with Susan Thompson as alternate. Also winning Blue Ribbons were Cara Cornell and Annette Watson. Karen Alderson was named winner in the Senior Division with Angela Klinnert as alternate; both received Blue Ribbons.

Commentator for the Revue was Sherilyn Walker. She was assisted in presenting the awards by Mary Jo Hermes-meyer and Leslie Garnett. Miss Garnett will assume her duties as County Extension Agent-Home Economics in Donley County on August 1st. Special awards for the Fashion Revue were donated by the Donley County Extension Homemakers Council, the Early Bird Extension Homemakers Club and the Young Homemakers Extension Homemakers Club.

Calvin Burrow injured

Calvin Burrow from Bastrop, Texas suffered head and spine injuries from a fall while working on Hondo Drilling Rig.

Calvin Burrow from Bastrop, Texas suffered a fall while working on Hondo Drilling Rig. The Accident happened Sunday, July 15 at 5 p.m. He was transferred to Breckenridge Hospital in Austin where he underwent back surgery Monday night. Ben, Nell and Nelda Burrow from Clarendon, Lloyd and Karla Burrow from Shamrock and Cecil and Paula Burrow from Sayre, Oklahoma went to Austin to be with Calvin, Beverly, and the children. Anyone wishing a report on Calvin's condition can check with Jim or Nelda Nance.

Puppeteers to be at First Christian Church

IOU, Imatation of You, puppeteer group from Amarillo will give a performance on Sunday, July 29, at 5 p.m. at the First Christian Church.

The time has been set early at the request of some of the ministers of the other churches to enable everyone to see this program, and still attend their own evening services.

This group of puppeteers has not only appeared in Amarillo, their home town, but all across the state and are immensely enjoyed by children and adults alike.

Mrs. Ethel Chelf, who organized the nine member group, just decided this would be an interesting idea for the youth group and the viewers when she began the puppeteers. Since that time they have become more accomplished and their reputation is spreading.

The presentation on July 29, at the First Christian Church will be "Cool in the Furnace", a favorite of young and old alike. You are extended an invitation to see this group perform.

The County Fashion Revue was stated to culminate the 4-H clothing projects for this summer. It is a national 4-H awards program conducted in Texas by the Texas Agricultural Extension Service for youth ages 9-19. Adult leaders for this years projects were Henrietta Richardson, Jeannie Formway, Valorie Ashcraft, Gay Cole and serving as Chairman, Tiny Alderson.

Arthritis chairman named

Mrs. Penny Willhite, Chairman of the West Texas Chapter, today announced that Mrs. Pat Allen, has agreed to conduct a Special Event in Clarendon to raise funds for the West Texas Chapter of the Arthritis Foundation.

Mrs. Willhite said that funds raised from this event will help to support services for Arthritis and their families in this area and to advance the National Foundation's research programs that are directed at finding the cause and cure to Arthritis.

More than 31,000,000 Americans are afflicted with Arthritis serious enough to require medical care, 317 right here in Donley County. Arthritis, the Nation's #1 Crippler, costs the National Economy a staggering \$13 Billion annually in lost wages and medical care bills. The cost in human suffering, in pain and disability, is beyond measure.

Slavin gets Trinity University scholarship

Ken Slavin received the Trustee Scholarship from Trinity University. This scholarship is based on merit and is awarded to the top 200 returning full-time undergraduates. Ken was notified that his cumulative average at the close of the 1979 Spring Semester qualified him for this honor.

Ken, a sophomore at Trinity, is double-majoring in Political Science and Business. He plans to enter law school upon completion of his undergraduate studies. He is the son of Mr. and Mrs. Clyde Slavin of clarendon.

Newhouse is member student association

Bubba Newhouse, son of Mr. and Mrs. Bright Newhouse of Clarendon, was recently elected sophomore class senator to the Students Association at Abilene Christian University for the 1979-80 school year.

Newhouse, a 1978 graduate of Clarendon High School, also served as a freshman senator at ACU last year.

Calendar of Events

*Motion by Claude Moore, seconded by Gene White, to adopt the Resolution to leave the 1979 tax roll the same as the 1978 roll. Carried.

*Motion by Claude Moore, seconded by Wm. Chamberlain to set July 30, 1979 for the

commissioners to sit as an Equalization Board for the 2nd hearing from 10 a.m.-5 p.m. Carried.

*Motion by Buford Holland, seconded by Wm. Chamberlain to authorize the tax assessor-collector to make corrections in errors in assessments. Carried.

*Commissioners court sat on this date as equalization board and ordered the county clerk to notify a list of property owners that a change is being proposed for 1979 tax purposes.

Putman reunion set

Meeting place for the annual Putman family reunion will be the Ashtola Community Center on Sunday, July 29.

Dinner will be basket lunches and the entertainment will be visiting with family and friends who are extended a hearty invitation and welcome.

Lions Elect New International President

Lloyd Morgan, of Market Grove, Lower Hutt, New Zealand was elected President of The International Association of Lions Clubs at the organization's 62nd Annual Convention held June 20-23, 1979 in Montreal, Quebec, Canada.

As President of the world's largest service club organization, Morgan will travel around the world representing the Association, observing local service activities sponsored by many of the more than 33,000 Lions Clubs in 151 countries and geographic areas, and meeting with heads of state and communities to promote Lionism and the theme of his own Presidential program: A WORLD TOGETHER.

A Lion for more than 18 years, Morgan is the proprietor and manager of a motor inn. He has been a member of the Committee of Management of the New Zealand Hotel Association for several years and has represented it on special national committees for travel and tourism.

Between 1952 and 1976, the number of America's poor declined by 900,000, but there was no decline among those over 65.

A carrier pigeon can fly 60 miles per hour over a course of 75 miles.

Hordes of grasshoppers

Hordes of grasshoppers are stripping rangelands in the Texas Panhandle and have their sights on pastures, ranges and crops to the south and east.

Some 1.5 million acres of rangeland have already been treated or will be treated shortly in the Texas Panhandle, report Dr. Mike McWhorter and Dr. Phil Hamman, entomologists with the Texas Agricultural Extension Service, Texas A&M University System. Counties in the spray area have a grasshopper count ranging from 32 to 54

per square yard. Account of eight adult grasshoppers per square yard is considered serious enough for control measures.

According to McWhorter and Hamman, the spray program for rangeland involves use of the insecticide malathion and is being conducted on a cost-share basis with ranchers, the Texas Department of Agriculture, and the Animal and Plant Health Inspection Service of the U. S. Department of Agriculture.

Spray applications are made after grasshoppers hatch and before females start laying eggs.

The entomologists encourage farmers and ranchers as well as homeowners to check for grasshopper infestations along roadsides, fence rows or idle, undisturbed ground where the pests may be hatching. A key to effectively suppressing grasshopper numbers is to treat these hatching areas early before young hoppers begin to migrate.

A bait mixture using toxaphene has been effective in controlling grasshoppers along field margins and roadsides, point out McWhorter and Hamman. The formulation call for 100 pounds of mill-run bran, 1 1/2 pints of toxaphene 6E, 7 to 8 gallons of water, and 2 gallons of blackstrap molasses. Saw dust may be substituted for up to 3/4 of the amount of bran. Distribute the bait while still moist at 10 to 20 pounds per acre.

Another product, Hi-Plains Border Bait, is a ready-to-use formulation that is registered in Texas but currently has no distributorship.

To prevent extensive grasshopper damage to crops and home gardens, McWhorter and Hamman recommend the following insecticides:

Cotton--Malathion EC or ULV and Sevin 80S;

Corn--Alfatox EC, Diazinon AG 500, Malathion EC or ULV, Sevimol 4, Sevin 80S, Sevin 50 WP and Sevin 4 Oil;

Sorghum--Malathion ULV, Sevimol 4, Sevin 80S and Sevin 50 WP;

Wheat and Other Small Grains--Malathion EC or ULV, Pennac-M, Sevimol 4 and Sevin 4 Oil;

Rangeland--Diazinon AG 500, Dibrom 8, Malathion EC or ULV, Pennac-M, Sevin 80S, Sevin 50 WP and Sevin 4 Oil;

Home Gardens--Diazinon 50 EC, Malathion EC and Sevin 50 WP.

Consult respective insecticide labels for specific rates of application and use precautions, advise the entomologists.

McWhorter and Hamman emphasize that the above insecticides will kill only those grasshoppers present at spraying time or a short time thereafter. Follow up applications will be needed, particularly in areas of high infestations, to control migrating grasshoppers.

Mr. and Mrs. Clifton Adams, of Amarillo visited Ava Naylor on Sunday. The Naylor School, in the Naylor Community was where he attended his first day of school.

The Lions Tale

The Clarendon Lions Club met in a regular meeting in the Lions Hall, Tuesday 17, 1979. There were 25 lions present and their Sweetheart, Mrs. Raleigh Adams. Also present were seven visitors, six of which were wives of Lions that had a birthday in July. They were presented with a corsage.

After a very delicious meal the ladies were introduced as follows: Mrs. Frankie Henson, Mrs. J. G. McAnear, Mrs. Helen Estlack, Mrs. Jean Stavenhagen, Mrs. Pauline Morris, and Mrs. Gayla Davidson, being guests of their husbands. Lion Davidson, also had Cindy Hall as a visitor.

The Pledge of Allegiance was given to the American Flag after which a prayer was given by Lion Leffew and the Boss Lion, Jerry Courtney, called on Lion Gene Alderson to introduce the program. Lion Alderson introduced his Pastor Bro. Paul Heil, who presented films of the Holy Land which included in his narration Pauls journey to these cities and the ruins of Tarsus, Damascus and several other

cities. A program which was very interesting, informative and well presented. There being no further business the club was adjourned.

Clarence Mosses has visitors

Mr. and Mrs. Clarence Moss had out of state visitors in their home July 9 and 10. Their grandsons, Randy Moss, stationed with the army at Ft. Riley, Kansas and Larry Moss, with the Air Force in San Jose, Calif. were here to visit their grandparents and other relatives.

Deanna Moss, Larry's daughter came to visit her grandparents also. The boys had all gotten together with their brothers Bill Moss, of Clarendon and Jeff Munger, of Frith for the first time in several years for a reunion.

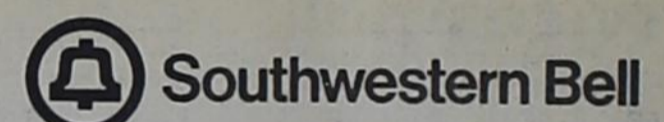

On Tuesday there was a dinner in honor of Irene Gerner's birthday at the home of B. B. Osburn. Those present were; Harold and Irene Gerner, Oddie and Clarence Moss, Bill, Kathy and Jathan Moss, Holly, Johnny and Nicholas Gerner, Larry and Deanna Moss, Randy Moss and Jeff Munger. Lots of pictures were made of the Moss Brothers and also of Oddie and Clarence's three great-grand children Deanna, Jathan, and Nicholas.

Public Notice

Southwestern Bell, in accordance with the rules of the Public Utility Commission of Texas, hereby gives notice of the company's intent to implement a new schedule of telephone rates in Texas effective August 3, 1979.

It is expected that the requested rate schedule will furnish a 6.09 percent increase in the company's intrastate revenues.

A complete copy of the new rate schedule is on file with the Public Utility Commission at Austin, Texas, and with each affected municipality, and is available for inspection in each of the company's public business offices in Texas.

Texas Department of Agriculture
Reagan V. Brown, Commissioner

THE FARMERS and ranchers of Texas face many serious and unresolved problems, according to Agriculture Commissioner Reagan V. Brown, but they are by no means alone.

"At a recent gathering of the commissioners of 15 southern state departments of agriculture, our discussions confirmed that many of the difficulties faced by Texas agriculture are much the same as those that other states are up against," Brown said.

"There is no question that the continuing loss of valuable farmland to erosion and urban development must be stopped if we are to maintain adequate food and fiber production," he said. "And we must take steps to protect the family farm, and stem the exodus from our farms and ranches."

Probably the most troubling aspect is the environment of uncertainty in which farmers and ranchers must operate, Brown commented. "The government is more closely tied to agriculture than at any time in the past, but it is extremely difficult to plan ahead when the rules keep changing," he said. "With environmental rules and farm programs that change from year to year, and uncertainties over fuel and other vital supplies, our farmers find it virtually impossible to maintain orderly production plans."

"In fact, if we are to prevent a food disaster in this country, and this is a real possibility, we must change our whole attitude toward agriculture," he said.

Since the South comprises one of the nation's most important agricultural producing and exporting sectors, the group took steps at the meeting which will ensure that the viewpoint of Southern agriculture is made clear at the federal policy-making level.

Texas oil men drilled 15,037 wells in 1978, including 290 test and service wells: 31% of U.S. drilling.

Texas drilling in 1978 totaled about 81 million feet of hole.

Nearly 26% of Texas wells drilled in 1978 were "wildcat" wells, which seek new fields. Only 30.3% of wildcats found oil or gas.

Wildcat wells were drilled in 213 of Texas' 254 counties during 1978.

Texas operators spent \$3.5 billion drilling in 1978; \$1.2 billion lost in dry holes.

Average expenditure for drilling wells in Texas is \$43.45 per foot.

Average depth of wells drilled in Texas in 1978: 5,385 feet.

Texas' deepest well, 28,500 feet, was completed in 1972 in Pecos County; a dry hole.

Of all Texas wells drilled in 1978, about 34.7% were dry.

An average of 855 rotary drilling rigs operated in Texas during 1978.

Wedding plans announced

Mr. and Mrs. Truett Behrens announce the approaching marriage of their daughter, Elaine, of Amarillo to R. G. Marshall, of Borger. He is the son of Mr. and Mrs. Melvin Marshall, of Altus, Okla.

The couple plan an August 25th wedding in the Clarendon

First Baptist Church Chapel.

The bride-elect is an employee of Mason and Hanger-Silas Mason Co. Inc. near Panhandle.

The prospective bridegroom is employed by Phillips Petroleum Co. of Borger.

Artist's Studio groups met

Members of Artist's Studio met Monday evening at 7 p.m. with Tillie Anglin as hostess at her studio.

A report was made on the July 4th exhibit and eight paintings sold that day.

Routine business was attended to and a discussion was held concerning the next art show tentatively scheduled for October.

The next meeting will be the first Friday, August 3, of the month.

Present at the meeting were members Lou Netta Stubblefield, Helen Woody, Shirley Osburn, Juanita McAnear, Dessa Day, Jeanice Weatherly, Clara Martin, Dolores Crump, Pat Hill, Mary Martin, Steve Smith, Roy Lee Helms, Robbie Hill, Tillie Anglin and Eureka Mays.

Public Friend

We have heard much of late about the Public Enemies. The United States Government is pursuing certain conspicuous characters whom it declares to be Public Enemies, and it has disposed of several conspicuous figures in that class. There is a whole army of Public Enemies with whom the country has to contend, and many of them have never been inside of any prison.

Meanwhile we should recognize that we also have a great many Public Friends, as well as Public Enemies, and warm tributes should be paid them, and people should be encouraged to qualify for this class. What are the characteristics of the Public Friend?

The Public Friend believes he must take some share of the labors of carrying on community work in his home town. If he is asked to take some office in some good community organization, he does not say, "O, no, I could not possibly do anything like that." You find him taking up tasks that are more or less distasteful. You will probably see him as your door some night, offering you an opportunity to give money to some good home town cause.

The Public Friend is interested in everything that promises progress for his home town. He attends meetings and gatherings considered to discuss local problems. He offers suggestions considered to discuss local problems. He offers suggestions when he can see things that should be done.

The Public Friend always speaks good words for his home town. He does not think it smart or funny to take a superior attitude and point out its defects, but he always speaks of its kindly and friendly spirit, and the public institutions built up over years of labor. We have many of these Public Friends in Clarendon.

have rec'd \$241.5 million in tax rebates

State Comptroller Bob Bullock Friday said rebates to Texas cities of the one-percent optional city sales tax during 1979 is running about 10 percent ahead of payments for the same period last year.

Bullock said Texas cities have received \$241.5 million in rebates during the first seven months of this year compared to \$216.3 million through July of 1978.

Bullock said the July allocations for the more than 900 Texas cities who share in the rebates will amount to \$23.5 million.

City sales taxes are collected along with state sales taxes by merchants and other permit holders and are rebated monthly by the Comptroller's office.

Clarendon received 2,311.10 this period. Net payment some period last year was \$1,414.87.

A SMART BUSINESSMAN is admired by most people. They look at several things about him that influence their opinion, some of which aren't directly connected to business. People take note of his manner in

meeting and dealing with others. His way of meeting your eyes, his voice, way of speaking, his dress and care of his clothing: all are taken into consideration, but have little to do with his handling of goods and money.

It is strange that this same method is so often used to determine a person's worth in spiritual matters. It is sad that the more valuable takes a back seat to the unimportant for the sake of appearances and opinion.

A truly wise man is shown by Jesus as one who determines his goal and counts the cost. Luke 14:25-35. This wisdom is shown as the thoughtful man compares the cost, the value, and the profit. A parable is offered to illustrate misplaced values in

Luke 12:16-21 as this man's estimate of value centered upon himself. In this account of 77 words the man used personal pronouns 15 times, leaving God completely out of the picture. One of the most penetrating observations of this discourse is found in Luke 12:34 as Jesus says, "For where your treasure is, there will your heart be also."

A paraphrase of this whole lesson could be: "Fools settle for less." The man in the parable had put his heart in a barn. His treasure was locked up, away from the investors, the usefulness of his family or neighbors, or even from himself. In locking up what, in his opinion was valuable, he neglected the true treasure, his soul.

GINA LAND

874-3668

Gina Land has won many honors

Gina Land, granddaughter of Mr. and Mrs. Jiggs Land, of Lelia Lake has won many honors with her exceptional twirling ability and has moved to Clarendon where she will attend school this year.

Gina was named Miss Wheat Capital, two years and Miss Sweetheart for one year in addition to being Tri-State Outstanding Twirler for two years.

Miss Land has been a contest twirler for two and one half years and during this time has won between 150 and 200 medals and nearly 200 trophies, working alone part of the time and part of the time with two twirling partners in Okla.

She has twirled a variety of twirls and batons such as 2 and 3 batons, fire flags, knives, hoops and lights. She hopes to learn the art of rifle and 4 baton twirling soon.

Gina was a T-strut and solo twirler with a rating of all Is, and, although she is living in Clarendon now, has plans for more contests all across the state of Oklahoma where she performed with the twirling corps for two years as a member of the top advance corps, Enid Thunderbird Senior Twirling Corps.

Of the remaining three main corps she helped instruct them and gave private instruction in her spare time.

While in school in Oklahoma Gina was a feature twirler with a 250 piece band and was elected Band Queen Attendant. She also plays flute, piccolo and drums and was a member of the Northwest Honor Band for two years.

Future plans include a teaching twirling and having her own contests, corps and camps.

Jack Hightower rejects payraise

House members have rejected a pay raise for themselves and other high ranking federal employees by a vote of 232 to 186. The vote was tied to the legislative appropriations bill which will now return to the legislative appropriations subcommittee where the language must be rewritten prohibiting any pay increase. At a time when we need to reduce the federal budget Congress should be the example. I have opposed all salary increases for members of Congress.

The Gasoline lines are longer as gasoline supplies are becoming more difficult to obtain and the OPEC nations that supply almost 50% of our country's needs have us over a barrel and that barrel contains a very expensive commodity -- oil.

Americans must have as a major priority self-sufficiency in the energy field. Production must be increased by oil companies in this country and there must be incentives for them to develop our own resources. I am receiving calls almost daily from different parts of the district asking help in getting fuel. We are certainly going to continue to do all we can. Decontrol should help if Congress will leave it alone.

The idea of moving into the syn-fuels area is one way to help end America's dangerous dependence on foreign oil. Our offense against our dependence of foreign oil may well be outlined in HR 3930 which has been approved by the House Committee on Banking, Finance and Urban Affairs.

This piece of legislation contains a logical approach to being to bring synthetic fuels from such things as oil shale, coal gas, and coal liquids into commercial production as soon as possible.

Our country could create a synthetic oil industry capable of producing 5 million barrels per day -- over 20% of our current needs, within the next ten years from sources such as shale, tar sands, heavy oils, coal, and farm crops. The Synthetic fuels program would draw upon the proven experience of the innovative government - industry programs developed to meet other material shortages in World War II and the Korean War.

Spearfish, S. Dak., experienced a phenomenal 49° change in temperature in January 1943, when the thermometer rose from minus 49° F to 45° F in two minutes.

"Taxes are the price we pay for civilized society." Oliver Wendall Holmes, Jr.

First Texas Sales of Gasohol At Sunray Co-op in Panhandle

AUSTIN--The small Panhandle town of Sunray became the first site of commercial gasohol sales in Texas recently, according to the Texas Department of Agriculture (TDA).

The Sunray Cooperative made the efficient alcohol-gasoline fuel available to consumers June 22.

Among those visiting the cooperative-owned station during the occasion were officials of TDA's Amarillo district office. Encouraging the development and expansion of gasohol use in Texas has been, and remains, a priority goal of TDA.

"The decision by Sunray Co-Op to be the first to market this product speaks well for the managers and board of directors of this organization," commented Agriculture Commissioner Reagan V. Brown. "Judging from the number of applications for permits to produce and market gasohol being received by state and federal agencies, this is only the beginning."

According to officials of both the U. S. Bureau of Alcohol, Tobacco and Firearms and the Texas Alcoholic Beverage Commission, requests for permits needed to distill alcohol and blend it for motor fuel use are maintaining a rapid pace.

More than one out of every four gallons of U.S. major oil products is made in Texas refineries.

Of Texas refining, 88.5% is done on the Gulf Coast.

Texas refinery capacity is 4.7 million barrels of crude oil daily, 27.4% of U.S. total.

Texas carbon black production totals about 1.5 billion pounds per year, most of which is used in rubber manufacture.

There are 107 operating petrochemical plants in Texas.

Texas is the nation's No. 1 producer of chemicals from oil and natural gas.

NOBODY WANTS TO SEE AN INSURANCE AGENT... UNTIL THERE'S TROUBLE.

THAT'S WHEN YOU NEED OUR FOLLOW-THROUGH CREW.

If you ever need to collect on one of your insurance policies, it's good to know you are working through people who are ready to go to bat for you. Like our "crew" at The Insurance Store.

As independent agents we represent a number of fine insurers... like The Continental Insurance Companies. But we don't work for any one of them--we work for you. So when you need to buy insurance, we can help you select the precise coverage you need at the best available price. And we'll be right here to help you gain a fast, fair settlement if you ever need to file a claim.

RESOLUTION

BE IT RESOLVED that the County Commissioners of Donley County, Texas met in Regular Session this 9th day of July, 1979, A.D., and among other business, the following transacted, to-wit:

WHEREAS, the 66th Legislature of the State of Texas is now adjourned, but it has enacted H.B. 1060 which provides that agricultural lands shall be taxed by a formula arriving at a net per acre value of land based upon productivity, and,

WHEREAS, said legislation provides for guidelines and appraisal manuals to be prepared by the School Tax Assesment Practices Board, and said manuals have not been prepared for use, and as time is of the essence for the year 1979 for the preparation of the Tax Roll;

NOW THEREFORE, BE IT RESOLVED by the County Commissioner's Court of Donley County, Texas, that Donley County elects not to implement Article 1 and Article 2 of H.B. 1060, also known as Article 7174-A and 7174-B of the Revised Civil Statutes of the State of Texas in said jurisdiction for the year 1979, and the Tax Assessor/Collector is hereby instructed and directed not to implement said procedures until the year 1980.

SIGNED AND ENTERED this the 9th day of July, 1979.

W. R. Christal, County Judge

Commissioner Prec. # 3

Commissioner Prec. #1

Commissioner Prec. #4

Attest:

Commissioner Prec. #2

P. C. Messer, County Clerk

A RESOLUTION

In 1951 the Legislature provided that \$7.3 million of the State's Motor Fuel taxes would be annually allocated to the County Road District Highway Fund. This fund would be distributed every year to all 254 Counties of Texas, on a formula basis to provide some state support of the Counties in recognition of the essential role county roads and highways play in the overall State transportation system.

WHEREAS: The Texas Sunset Act of 1977, provides for the phased abolition of the Board of County and Road District Indebtness and from 1951 to 1978 every Governor of Texas has approved that part of the General Appropriation Act that made the \$7.3 million appropriation. This is the first time in history a Governor has vetoed this appropriation, and ;

WHEREAS: Under the Constitution of Texas the only recourse a County has to off set this vetoed amount is through local property tax. With legislation enacted this year it has become far more difficult to raise property taxes, therefore it appears County roads will have to suffer and ;

WHEREAS: It is hard for the people of the Counties to believe a program so vital as this was intentionally vetoed by the Governor. We feel the Governor was not fully briefed on the importance of this appropriation for County roads, and that the appropriation could be administered through the Comptroller's office, and now;

Be it therefore resolved by the Commissioner's Court of Donley County and on behalf of the Tax Payers of Donley County, We respectfully petition the Honorable Governor Clements to examine closely the effects of his veto. We feel that after serious consideration, this assistance to County roads will continue to be justified and desirable. Finally, we ask the Honorable Governor Clements to include the restoration of the 1981 appropriation for County Road Aid in any call for a special legislative session.

Be it further resolved that this Resolution be sent to the Governor of Texas, the Honorable William P. Clements and to the Texas Association of Counties, of which we are a member.

Entered this date the 9th day of July, 1979.

Does your landlord have repairs. That is, as long as the duty to repair damages or defects in your apartment or rented house? Can you stop paying rent until the damages or defects are repaired? These questions and others were answered when the enactment of H. B. 1773 in the waning hours of the 66th Legislative Session. H. B. 1773, which becomes effective on September 1, 1979, is a significant change in the law of a landlord's duty to repair rented housing. The law reduces both the landlords' duties and the tenants' rights in this area. Under this new law, a tenant can force a landlord to repair damages or defects only when all of the following have occurred: *Written notice of the defect has been given *All rent due has been paid in full *The damage or defect materially affects the physical health or safety of the tenant, and *The landlord has failed to attempt repairs after a reasonable period of time. When all of these conditions have been met, the law allows a tenant to either terminate the rental agreement or file a lawsuit against the landlord. However, an additional seven days notice must be given before either of these remedies are used. The new law prohibits a tenant from withholding rent when a landlord fails to make

Texas has produced 44 billion barrels of oil, or 36.3% of U.S. total. Texas produced 1 billion barrels of crude oil in 1978; 33.8% of U.S. total. Texas produced 4.9% of world oil in 1978; 7.2% in 1970; 12% in 1960; 22% in 1950.

LELIA LAKE NEWS

By MARY CASTNER

Mr. and Mrs. George Shields spent last week in New Orleans, Louisiana visiting with her mother, Mrs. Catherine Garrigan, and sister, Mrs. Mary Wilson.

Mark and Gary Lane of Amarillo visited Friday with their grandparents, Mr. and Mrs. Quinn Aten. Marcy Helms accompanied her grandparents, Mr. and Mrs. D. R. Kooztz to Wichita Falls for the week-end. Mr. and Mrs. Kooztz helped their daughter and family, Mr. and Mrs. James Morgan, get moved into their new home.

Lloyd Thomas and Mr. and Mrs. Charles Thomas and boys, all of Hereford, visited

Saturday with their mother, Mrs. Opal Thomas and Mike. We extend our sympathy to Mr. and Mrs. W. H. Browning in the death of her sister, Mrs. Pete Grady, last week.

Mr. and Mrs. Havon Knighton and children, and Lisa Knighton all of Amarillo visited over the week-end with their parents, Mr. and Mrs. J. C. Shields.

Mr. and Mrs. Rex Willoughby returned to their home in Tyler Sunday after spending last week with her aunt and uncle, Mr. and Mrs. Bill Poole. Mrs. Wilson remained for an extended visit.

Mr. and Mrs. Omer Wade of Abernathy visited Saturday with

their son, Mr. and Mrs. Larry Wade. Craig and Audie Shields are attending White River Youth Camp this week.

Mr. and Mrs. Andrew Henderson and Grandson, Andy, visited relatives in Kildare and Sherman over the week-end.

Mr. and Mrs. Wiley Reynolds attended a reunion in Amarillo Sunday. Mrs. Opal Fox, of Wichita Falls and Mrs. Kate White of Amarillo, aunts of Mrs. Reynolds and former Lelia Lake residents, were present.

Mr. and Mrs. Ron Morgan of Paducah visited Sunday afternoon with her brother, Mr. and Mrs. Larry Wade.

Mr. and Mrs. Doug Burgess and Mr. and Mrs. Earl Shields visited Sunday night with Mr. and Mrs. Arthur Shields.

Mr. and Mrs. L.B. Leathers and girls, accompanied by his mother, Mrs. Nora Leathers,

visited in Levelland and Littlefield Sunday. Mrs. L.B. Leathers and girls visited her parents, Mr. and Mrs. Lige Griffin, in Littlefield while Leroy and his mother attended the Patterson family reunion in Levelland.

TIPS TO HELP YOU

By Francine Lucidon

Whether you entertain a couple or a couple of dozen, good organization is what you need to relax and enjoy your own party!

Use your washing machine to conserve refrigerator space.

Fill it with ice cubes for drinks, and use it to hold bottles and properly wrapped foods. Don't forget to unplug it! The next day, when all the ice melts, remove cans or bottles, and then just rinse the water out.

Lucidon

Facts for you

Texas Farm Bureau

Probably the most interesting and often asked question in America today is: do we actually have an energy shortage? The answer to this question is no.

Information can be obtained from Antony C. Sutton and Patrick M. Wood's book 'Trilaterals Over Washington'. The authors state on page 64-67:

"The United States consumes about 71 quads of energy per year. (A quad is on quadrillion British Thermal Units of 1015) There is available today in the United States, excluding solar sources and excluding oil imports, about 150,000 quads of energy." The authors divided the 150,000 quads as follows: Natural gas, at least 200 years; (probably close to 600 years); petroleum, at least 130 years; oil

from shale, at least 1,500 years; coal, at least 6,000 years; breeder reactor resources, inexhaustible.

The problem, as well as the answer, is clearly recognized as one of government meddling in private business in the area of price and volume control. There are a number of good books that reveal these statistics and situations. The one mentioned above Trilaterals Over Washington by Antony C. Sutton and Patrick M. Wood, is available at the following address: Trilaterals Over Washington, P.O. Box 4775, Scottsdale, Arizona 85258 (price \$5.50). Sutton has published another book Energy: Created Crisis, Books In Focus, Inc., 160 East 38th Street, Suite 31B, New York, New York

10016.

Congressman Jim Collins of Texas released the following information under the title: "Government Controls Cause Energy Shortage."

1. Oil and gas are the only commodities in the U. S. under Price Control.

2. U. S. pays Arab OPEC producers: \$14.50 per barrel of oil. Price control ceiling for U. S. producers: \$5.50 per barrel of oil.

3. Our production in the lower 48 states: 1973--9.2 Million barrels per day 1978--7.6 Million barrels per day

4. In 1973, before government price control, the U. S. was importing \$3 Billion of oil a year. In 1978, the U. S. imported \$42 Billion of oil.

5. Reinvestment: 1977 top 7 U. S. oil companies \$7.87 Billion--Net Income \$15.57 Billion--Capital Investment and Exploration Costs

6. One gallon of gasoline imported from Saudi Arabia selling at 79.9c per gallon: (Los Angeles Herald Examiner)

33.5c--Profit to Saudi Arabia 20.6c--Tax 2.0c--Profit to oil companies 1.2c--Profit to dealer 22.6c--costs

7. In 1978, Oil companies paid: \$53.7 Billion--Tax \$4.5 Billion--Dividends to stockholders The ratio of government Taxes to stockholders' Dividends was 12-1.

8. Oil companies make 2c on every gallon of processed oil. By using self service, a person can earn 3c a gallon on gasoline for his car.

9. President Carter's proposed Gasoline Rationing Plan would have cost \$2 Billion a year for bureaucrats to administer the coupon system.

10. U. S. oil companies will spend \$3 Billion this year complying with E.P.A. regulations and paperwork.

11. Congress has appropriated the Department of Energy \$12.6 Billion this year to employ 19,109 people for bureaucratic regulation of energy production in the U. S.

12. The entire U.S. Oil industry's annual costs for drilling, exploration and production total \$14.2 Billions: Figures in Billions: 8.9 All oil and gas wells 2.3 all dry holes drilled 1.6 leasing equipment .9 geological and geophysical research .5 lease rents and land producing 14.2 total Jim Collins U. S. Congressman reports to Texas

Oil-Foreign Trade

The Energy Data Report, published by the U.S. Department of Energy, reports that during the calendar year 1978 U.S. imported 2,274,783,000 barrels of foreign crude oil (this includes 58,954 barrels imported into the strategic petroleum reserve). The 1978 import of foreign crude oil was 94.22% of the 2,414,327 barrels imported during the calendar year 1977. Crude oil exported from the U.S. during the calendar year 1978 was 57,516,000 barrels, which was 315.07% of the 18,255,000 barrels exported during the calendar year 1977 (a 215.07% increase in one year).

Imports of finished petroleum products, including receipts from Puerto Rico, the Virgin Islands and Guam during 1978, were 713,609,000 barrels which was 92.2% of the 773,899,000 barrels imported during 1977. U.S. exports of petroleum products, including shipments to Puerto Rico, the Virgin Islands and the Pacific Territories during 1978, were 74,329,000 barrels which was 105.68% of the 70,333,000 exported during 1977) up 5.68% in one year.

In summary, imports of crude oil are down 5.78% in 1978, compared to 1977. Exports of crude oil are up 215.07% in 1978, compared to 1977. Imports of finished petroleum products are down 7.79% and exports of finished oil products are up 5.68%.

Cotton Contracting

USDA's reports reveal that cotton producers have contracted about 12% of the 1979 crop of May 31, 1979. At the end of May 1978, USDA estimated that 16% of the 1978 crop had been contracted and two years ago the figures were 17%.

On May 30, 1979 the Commodity Credit Corporation owned 368 bales of cotton, and 1,021,846 bales remained in CCC's loan program, divided as follows: 1977 crop of upland 82,070 bales; 1977 crop of American Pima loan 365 bales; 1978 crop of Upland loan 913,276 bales; 1978 crop of American Pima 26,135 bales.

Right to Work

The 20 states forbidding compulsory unionism continue to outdistance the remaining states by a wide margin in the creation of new manufacturing jobs according to analysis of

recent studies by the U.S. Labor Department's Bureau of Labor Statistics. Texas led the nation during the 1967-77 period with a gain of 232,700 manufacturing jobs. Its business climate is claimed as the most favorable in the entire country by many investors, partly because of the right to work laws enacted in 1947.

The ten states achieving the largest 1967-77 gain in manufacturing employment include nine with right to work laws: Texas, North Carolina, Florida, Tennessee, Mississippi, South Carolina, Arkansas, Alabama, and Virginia.

Farmland Conversion

Agriculture land has been disappearing at a rate of nearly 3 million acres per year, according to the agriculture department. Many of these acres are converted to urban use or used for highways; airports, shopping centers and other non-farm purposes. Other acres are covered by water.

USDA announced on June 14 that the U.S. Department of Agriculture and the U.S. President's Council on Environmental Quality will conduct an 18-month study to investigate the extent and cause of conversion of land for non-agricultural use. The study is to be completed by January 1, 1981.

City Sales Tax

Texas' Comptroller of Public Accounts announced on June 15, 1979 that Texas City shared \$218 million in rebates from the 1% optional city sales tax during the first six months of 1979, the 1978 comparable figure was \$196.4 million.

Dallas had received \$25.8 million; Houston \$45.8 million; San Antonio \$12 million; and Fort Worth \$8.7 million.

Total payments for the first six months of the fiscal year 1979 to San Antonio's mass transit authority amounted to \$11.2 million and Houston received \$42.3 million.

Fertilizer Consumption

March 1979 fertilizer consumption was 6 percent more than a year ago. This is based on reports submitted by State Fertilizer Control officials in the 16 states for which comparable monthly data are available. Mixed fertilizer tonnages were up 5 percent and materials for direct application increased 8 percent.

The July-March total for the 16 states having comparable data indicate an 18 percent increase in fertilizer consumed compared with the same period a year earlier. Nitrogen materials for direct application were 28 percent above a year ago. Mixed fertilizer tonnages were up 17 percent compared with year-to-date consumption a year ago.

Veterans

Q. & A.

Some 231 U. S. veterans of the Spanish-American War are alive. Over 392,000 American servicemen took part in that conflict which lasted from 1898 to 1902.

Of the 30 million living U. S. ex-servicemen, nearly 90 percent had military service during periods of armed hostilities.

Toll-free telephone service is available to Veterans Administration regional offices in fifty states. Some 24 million callers will receive help and information from VA this year.

The largest state in the nation has the smallest veteran population. Alaska is home to some 41,000 of the nation's 30 million veterans.

California leads the nation's Vietnam Era veteran population with 990,000, followed by New York, 610,000; Texas, 507,000; Pennsylvania, 493,000; and Ohio, 446,000. The Golden State also leads the nation in total veteran population with 3.3 million. New York, again, is second with 2.5 million residents who once served in the military.

The last Civil War veteran died in 1959, yet the veterans Administration provides benefits for 245 widows and helpless children of Civil War veterans.

The Veterans Administration's work-study program is open to veterans attending college fulltime under the GI Bill. Students can earn above a maximum \$725 per semester above their GI Bill allowance, by agreeing to work 250 hours at \$2.90 per hour.

CLUCK POWER

A hysterical chicken is showing people everywhere how they can make activism and political policymaking more responsible. He is the symbol of the CHICKEN LITTLE CLUB, which gives hysteria a bad name in the forming of public opinion and national policy.

The club operates through the independent and voluntary actions of individual members, proudly identified as CLUCKS, and exposes the true nature of the Chicken Little response to real and imagined dangers. Club headquarters supports member CLUCKS by giving them a unifying identity and by providing badges, bumper strips and other helpful materials. In response to member CLUCK nominations, the club also issues honorary memberships and "Cluck of the Year" awards to prominent non-members in recognition of outstanding performance in the Chicken Little tradition.

RAY DAVID, l to r, and Zipp Durrett 'make Music' for the enjoyment of residents of Medical Center Nursing Home.

WHAT A NICE July 4th, l to r, Clifford Decker, George McGee and Betsy Cantrell

CLUCKS pick their own causes, panic consciously and demand categorical elimination of the cause. They attract the attention of news people, who enjoy good fun as much as anyone else, but they never trouble to debate issues.

For a free brochure and information on the low one-time membership fee, write CHICKEN LITTLE CLUB, P.O. Box 174, Cardiff by the Sea, California 92007.

HOW COLD SHOULD YOUR REFRIGERATOR BE? A rule of thumb is that temperature is right if milk is very cold to drink.

AVOID SERIOUS BURNS
Why do a slow burn over an accident that might have been prevented? Check the kitchen for possible hazards that could cause serious burns such as the following:

Teach young children that the heating units of a range can be hot and may still be hot even after the units are turned off.

If grease in nonelectrical cookware catches fire, smother the fire with a lid.

Turn cookware handles to the side or back of the range during cooking to reduce the chance of hitting the item and knocking the hot contents over. Use insulated pot holders rather than cloth or paper towels when handling hot cookware and cookware handles.

Keep electrical cords from small appliances out of the reach of children and where someone cannot accidentally trip over them.

Check for low-hanging tablecloths—an invitation to toddlers to pull hot foods down on themselves.

Prevent scalding by lifting the far side of cookware lids first, suggests the Consumer Information Department of Corning Glass Works, so that steam escapes away from face and hands.

If liquids boil over, get out of their way. Turn off the heating unit and let the boiling substance cool before touching the pot.

Avoid wearing loose-fitted clothing or dangly jewelry when cooking. Such items can get caught in appliances or catch fire over heating units of the range.

Do not soothe a burn with butter as that will only cause blisters. Instead, soak the burned area in cold water. It helps to take the sting out and cool the area. If the burn is serious, seek medical attention.

DOLLY AND CLYDE WILSON, 1 to r, and Glen and Alto Adkins and the result of their fishing trip before Greenbelt Lake

HOW MANY OF THESE 'fishermen' can you identify from the 1950's. Names given next week.

NO FISH STORY as you can see, but Glen Adkins teases and says the lake went down a foot and a half when he caught it.

The Scientists Tell Me... Drug-Resistant Disease Organisms Are a Growing Health Problem

By Robert L. Haney
TAES Science Writer

Disease organisms that show increasing resistance to many drugs are of growing concern to health officials, doctors, and veterinarians.

The widespread use of antibiotics for treating or preventing disease in both humans and animals has contributed to the buildup of drug-resistant strains of bacteria and viruses.

In addition, the low-level use of antibiotics in feeds to promote growth of livestock and poultry has been found to cause some bacteria to develop a resistance that persists long after the antibiotic pressure is discontinued.

A variety of antibiotics have been used in animal feeds during the past 25 years. And they have had a tremendous economic impact on the animal industries by enabling them to produce increasing amounts of high-quality protein on less feed.

But all the gains made in disease control and increased food production have been at the expense of

clinical practice, not the feed industry. Nevertheless, in the U.S., there is widespread concern about resistance in organisms such as *Staphylococcus aureus*. Whatever the origin, this organism is present on the skin of many animals and may cause diseases such as mastitis in dairy cattle and arthritis in poultry.

In humans, infections with drug resistant staphylococci are invariably serious and frequently fatal. There is mounting evidence that people who work in contact with animals are often carriers of this drug-resistant organism.

And there is also evidence that certain types of hospital staphylococci originated in animals that had received penicillin or tetracycline for treatment of some infectious process.

Workers in a penicillin factory had 100 percent of nasal staphylococci carriers with resistant organisms while in the general public 88 percent of carriers had penicillin susceptible organisms.

In another study, of *Staph. aureus* isolated from animals was checked. Of 621 samples about two-thirds were resistant to at least one of the 11 drugs tested.

Resistance was more frequent to penicillin (60%)

It has been estimated that the use of antibiotics in livestock and poultry production has an annual value of \$3,200 million. In the U.S. alone the value to the U.S. consumer was estimated at \$2,100 million.

"If antibiotics could not be used in feed, it is further estimated that 103 million bushels of corn equivalent or an additional 2 million acres would be required to maintain beef and pork production, based on 1975 average yields."

So, it's easy to see that such use has resulted in larger supplies of meat at lower prices than would have been possible without antibiotics.

And, thus far, there have been very few incidents in which danger to human health has resulted from bacterial resistance in animals.

Following the ban in the United Kingdom on the use of antibiotics in feed, scientists found there was little change in numbers of resistant bacteria because they had established an ability to compete with the sensitive ones.

One scientist who studied the responsibility for the spread of resistance in human clinical medicine rests primarily with those who are using antibiotics in

clinical practice, not the feed industry.

Two especially significant discoveries were 1) the high prevalence of resistance to penicillin, streptomycin, and tetracycline regardless of the host of origin, and 2) the low to negligible prevalence of resistance to the other antimicrobial agents among isolates from dogs and horses.

Other organisms of equal concern are *E. coli*, which are normal inhabitants of most animal intestines. It, under certain conditions, may attack its host with serious or fatal results. Resistance in this organism complicates treatment.

Its widespread presence and the ability to transfer resistance to other organisms are additional complications.

Grumbles stresses that he is not advocating discontinuing use of antibiotics where needed and effective. He is cautioning that in view of present knowledge added care should be exercised in their use.

One possibility is the development of parallel antibiotic usage—those used in animal feeds would not be used in treatment of disease.

Two such antibiotics are presently coming into use for swine and poultry feed.

Editor's Note — Any questions regarding this column should be addressed to Science Writer, Dept. of Agricultural Communications, Texas A&M University, College Station, Texas 77843.

Veterans Questions and answers

Q—My husband died on September 8, 1978. I would like to install a marker of my own instead of one supplied by VA. I have been told there has been a change in the law and that I might receive an allowance to apply to the cost of a stone I purchase. Is this true?

A—To be eligible for the marker allowance, burial must have taken place on or after October 18, 1978, the effective date of the law. The VA will pay up to \$50.00 toward the cost of a marker.

Q—I obtained a VA guaranteed home loan in 1973 and sold the home on an assumption contract in 1977. The buyer still owns the home and is paying on the original VA guaranteed mortgage. Can I get another VA guaranteed loan now?

A—Possibly. Since 1973 the maximum VA loan guaranty entitlement has been increased to 25,000 from 12,500. Although the entitlement you used in 1973 is still committed on your prior loan, you can use part of your increased entitlement to purchase a new home under the VA program if you can locate a lender willing to make a loan with that amount of entitlement.

Q—An acquaintance was notified by VA that his eligible for service-disabled insurance. Can I get it too?

A—Veterans separated from the service on or after April 25, 1951, who have been granted a service connected disability of 102 or more for which compensation would be payable, are eligible if they are otherwise in good health. Disabled veterans must file for this insurance within one year from the date the VA notifies them of their service connected disability.

Q—My father was an honorably discharged war time veteran. When he died a year ago, we were not aware of his eligibility for burial benefits. Can we still apply for those benefits?

A—A claim for burial benefits must be filed within two years following a veterans permanent burial or cremation. Contact your nearest VA regional office for assistance.

Q—My deceased husband was a veteran, and I was in the Army too. Why can't I get a pension as his survivor and also as a veteran in my own right?

A—Payment of pension to the same person as a veteran and surviving spouse is prohibited under Public Law 95-588.

QUICK QUIZ

How much do you know about the form-fitting stockings and hosiery most people take for granted? This quiz can help you tell:

1. The first man said to have worn silk knitted hosiery was (a) Rodrigo Diaz de Vival (El Cid) (b) Henry VIII of England (c) Henry II of France?

2. The first man-made hosiery fiber was (a) nylon (b) artificial silk (c) rayon?

3. The sheers hosiery made today has fibers measuring (a) 6 denier (b) 9 denier (c) 12 denier?

ANSWERS: 1. (c) Henry II is credited for wearing the first silk stockings knitted to order in 1150. 2. (b) Artificial silk was first made in 1869. 3. (a) Nylon was invented in 1935.

4. The first man-made hosiery fiber was (a) nylon (b) artificial silk (c) rayon?

5. The sheers hosiery made today has fibers measuring (a) 6 denier (b) 9 denier (c) 12 denier?

C. The party shall challenge the results of the party's delegate selection process.

The descendants of more than 350 million

Pick the next president

How would you go about getting legislation passed? Go to Austin and hope someone had time for you if they were in town. Or go to Washington add your voice to the many others NOT heard? WRONG! You need to go to the local meetings of the Democratic Party (if you are Democrat, or other political party if that is your affiliation) and add your voice to the drafting of resolutions for important legislation or the selection of persons for nomination to high political offices.

These meetings are open to every member of the political party which calls them and are the first step in selecting those persons who will represent the party as delegates to state, national and other conventions and meetings.

This procedure is for the individual to make his voice heard, to volunteer or be named as a delegate to designated assemblies.

The following material is NOT for those who want some else to clean up the nation's political mess.

TEXAS AFFIRMATIVE ACTION AND VOTER PARTICIPATION PLAN FOR 1980

The Preliminary Call for the 1980 Democratic National Convention requires each state to submit a comprehensive plan for encouraging the participation and representation in the delegate selection process of all Democrats. Such plan shall detail the special efforts that shall be made to encourage minority groups, Native Americans, women and youth to participate and be represented in the delegate selection process. Each plan shall address itself to, at a minimum, publicity efforts, organizational structure and education efforts and the establishment of Democratic constituency representation goals for the State Convention Delegation.

PREAMBLE

To achieve the principles stated in the Statement of Principles of the Rules of the Democratic Party of Texas, we make these declarations and pledges:

- All public meetings at all levels of the Democratic Party shall be open to all members of the Democratic Party regardless of race, sex, age, color, creed, national origin, religion, ethnic identity, economic status, or philosophical persuasion.
- No test for membership in, nor any oaths of loyalty to, the Democratic Party should be required or used which has the effect of requiring prospective or current members of the Democratic Party to acquiesce in, condone or support discrimination on the grounds of race, sex, age, color, creed, national origin, ethnic identity, or economic status.
- The time and place for all public meetings of the Democratic Party on all levels should be publicized fully and in such manner as to assure timely notice to all interested persons. Such meetings shall be held in public places; accessible to the handicapped, in areas that would most likely encourage participation of all Democrats and must begin and end at reasonable hours.
- The Democratic Party, on all levels, should support the broadest possible registration without discrimination on grounds of race, sex, age, color, creed, national origin, religion, ethnic identity, or economic status.
- The Democratic Party will publicize fully and in such a manner as to assure notice to all interested parties a full description of the legal and practical procedures for selection of Democratic Party Officers and representatives on all levels. Publication of these procedures should be done in such fashion that all prospective and current members of the Texas Democratic Party will be fully and adequately informed of the pertinent procedures in time to participate in each selection procedure at all levels of the Democratic Party.
- The Texas Democratic Party will publicize in such a manner as to assure notice to all interested parties a complete description of the legal and practical qualifications of all officers and representatives of the Texas Democratic Party. These publications will be done in timely fashion so that all prospective candidates or applicants for any elected or appointed position within the Texas Democratic Party will have full and adequate opportunity to complete for office.

SECTION I. PUBLICITY

The publicity campaign of the Texas Democratic Party shall include an explanation as to how, when and where to participate in the delegate selection process, to register, to vote and to take part in all other Democratic Party affairs.

The publicity campaign of the Texas Democratic Party shall include:

- Briefing reporters from the state's major newspapers, wire services, and television stations prior to the first step of the delegate selection process.
- A priority effort to be directed at publicity in minority newspapers and on radio, ethnic press, Spanish-speaking, Native American and other non-English press and radio, publications of women's organizations and any other special media in Texas that is likely to reach groups that have been traditionally under-represented in Texas Democratic Party affairs.
- A special effort to notify women, blacks, hispanics, Native Americans and other groups who have suffered from discrimination in the past, so as to fully familiarize these groups of the delegate selection process.
- Times, dates, places and rules for the conduct of all caucuses, conventions, meetings and other events involved in the delegate selection process shall be effectively publicized.

SECTION II. ORGANIZATION

The organization efforts of the Texas Democratic Party shall include:

- The established standing Affirmative Action Committee of the State Democratic Executive Committee of Texas is responsible for the implementation of all requirements of State Affirmative Action plans. The Affirmative Action Committee reflects proper representation of the aforementioned traditionally under-represented groups.
- Staff support shall be provided to implement the Affirmative Action plan.

SECTION III. EDUCATION

Educational efforts of the Texas Democratic Party shall include:

- The holding of well publicized and frequent educational workshops designed to encourage participation in the delegate selection process. Such workshops shall be held in places such as public schools, union halls and public buildings, and would be easily accessible to all targeted groups.
- Mass mailings to all targeted groups.
- Contacting minority organizations, women's organizations, youth and senior citizen organizations, Native American organizations, ethnic organizations, poor people's organizations, religious organizations and organizations of the handicapped; and encouraging them to attend educational workshops and offering further educational sessions that might be held by the Party at times and places convenient to the members of such organizations.
- Printing and making available in an easily understandable form and in a timely manner, State Party rules and complete information on how to become a National Convention delegate.
- Holding "seminar" sessions for all Party Officers so they become fully informed and able to answer all questions on the process.

SECTION IV. REPRESENTATION GOALS

The Texas Delegate Selection and Affirmative Action plans will be targeted towards increasing the participation of traditionally under-represented Democratic constituents. The goal of such Affirmative Action shall be to encourage such participation in delegate selection processes at all levels by the aforementioned groups.

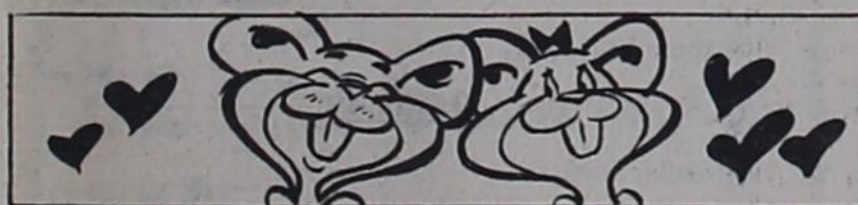

- The DNC requires that each state party do a Demographic Study of the Democratic Party constituency in the state. The study is to show the percentage of minorities and traditionally under-represented groups within the overall Democratic constituency. These constituency percentages shall be established as goals for representation of each constituency group on the State Convention Delegation. The Affirmative Action Committee of Texas has utilized various sources as a basis of demographic study. The Committee has determined that a minimal goal for representation of the traditionally under-represented groups on committees and as members of delegations at all levels in Texas shall be as stated in the Principles (Rules of the Democratic Party of Texas) and in a reasonable relationship to their presence in the state or sub-division.

SECTION V. CHALLENGES

The policy of the Texas Democratic Party concerning challenges shall as follows:

- At any time up to thirty days prior to the initiation of Texas delegate selection process, any group of not less than fifteen (15) Democrats in that state can challenge the Affirmative Action Program on the basis of non-implementation of a specific requirement of the plan, including reasonable documentation of alleged violations. In such challenges, the burden of proof shall rest with the challenged party. In the absence of any such challenge, the implementation of any such program shall be presumptively in compliance. If challenged and upheld, the compliance of such implementation programs shall be conclusive but not as to compliance or non-compliance that may occur after the date of the challenge.

A challenge to the State Democratic Executive Committee in respect to its status as the body entitled to sponsor a delegation from Texas must be presented to the Democratic National Committee at this state and within this time limit.

Chamberlain news

by Hawley Harrison

Chamberlain Community Center will have their regular meeting Friday July 20th. Mrs. Ola Bradshaw and Mrs. Lela Muse will be our Hostesses. Come, bring a covered dish and enjoy the fun and games.

Mr. and Mrs. Tom Bogard of Bula, Texas spent Tuesday and Wednesday with his sister Mr. and Mrs. Roy Blackman.

Mr. and Mrs. Jerry Hicks, Jerry Wayne, Shelli and Tina returned Tuesday from their vacation in Arizona.

Mrs. Vada Morrison and her grand children visited Ruth and Nell Corbin last Tuesday.

We were so sorry to learn of the death of Mrs. Ola L. Beasley. Our sympathy goes to the loved ones and friends in their loss.

Mrs. Annie Thomason spent last week in Greeley Colo. with her daughter, Renee and Carol Duncan and Mr. Frank Thomason drove up on Friday. They attended the Wedding of their grandson Gary Duncan of Gree-

ley, Colo. and Kathleen Acree of Longmont, Colo.

The wedding was held Saturday afternoon at 2:00 p.m. in the Longmont Church of Christ. They returned home Sunday night.

Mrs. Richard Cannon and Kerry Cannon of Oklahoma City, Okla. visited Susi Gayton, Angela and Erica and Debbie Morris and Joshua in the home of Dennis and Loretta Harrison Friday night, and Kerry went on to Tulia for a class reunion Saturday morning.

We were so sorry to learn of the death of Mrs. Ila Mae Turland. Our sympathy goes to the loved ones and friends in their loss.

Mr. and Mrs. D. R. Koontz and Marcie Helms spent the weekend in Wichita Falls with their daughter Mr. and Mrs. James Morgan and family.

Mr. and Mrs. Richard Dingler, Jr. of Kermit and Mr. and Mrs. Esparya and little son of Monahans visited Mr. and Mrs. Richard Dingler, Sr. Friday afternoon, Frances Grimland of Amarillo and Warren and Ruby Jewel Hardin came and visited

too.

Mr. Alford Ivey and Nancy and Bill Hall met Leonard Ivey of Tellemock, Oregon at the Amarillo Airport Saturday. Leonard is Travis Ivey's son.

Mr. and Mrs. Charles Blackburn visited her sister Mr. and Mrs. J. T. Sykes of Amarillo Tuesday and brought Teresa Risley home with them for a visit.

J. D. and Nelda Jones of Dalhart visited their parents, Mr. and Mrs. J. D. Jones, Sr. and Mr. and Mrs. Hawley Harrison and Dennis and Loretta Harrison, Susi Guyton and girls and Debbie Morris and Joshua.

Mrs. Gloria Washington of Amarillo, and Mrs. Lois Dougherty were luncheon guests of Mr. and Mrs. Ernest Barbee Saturday.

We were delighted to know Mrs. Ruth Lindley returned home from Hall County Hospital and is so glad to be home.

Ernest and Roxie Barbee were dinner guests of Ewayne and Janice Barbee and little Beth Sunday.

Mr. and Mrs. Dood Cornell,

Bill and Cara visited Mr. and Mrs. Otto Elliott Sunday afternoon.

Mr. and Mrs. Tom Barbee of Quitaque visited their son Mr. and Mrs. Ernest Barbee Sunday.

The newlyweds, Mr. and Mrs. Gary duncan will be moving to Odessa August 1st. Mr. and Mrs. Charles Blackburn and Teresa Risley attended a Church Social in the home of Mr. and Mrs. Ed Manning Friday night.

Dr. Joe Capps of Deport, Texas visited his aunt Mr. and Mrs. Frank Thomason Monday. He has just finished his internship in Rochester, New York.

Neal Carter and Jan Clasene and grandson Adam of Ellshart, Kansas spent the weekend with Mrs. Clara Mae Carter.

Mrs. Laverne Carter and Mrs. Eva Peabody of McLean visited Mr. and Mrs. Roy Blackman Sunday night.

Mrs. Gladys Blackburn and Teresa Risley visited Mr. J. C. Blackburn and with Mrs. Ella Simmons Sunday afternoon.

Susi, Angela and Erica Guy-

ton and Debbie and Joshua Morris left Saturday afternoon for Odessa for a weeks visit with their mother David and June Chase.

Mrs. Bradis Ballew visited Ruth and Nell Corbin Monday afternoon.

Mr. and Mrs. W. R. Chaney visited in Amarillo Monday with friends.

Rebekah Lodge met July 2

Ten members met at the Clarendon Rebekah Lodge Hall in a called meeting July 2nd for the purpose of three important issues of business: to read and accept their semi annual report to the Rebekah Assembly of Texas; to complete the election of officers for the next 12 months, and to drap their charter in memory of Sister

candles were held by a sister on each side.

At the close of 'A touching narration' another sister placed a flower arrangement at the foot of the charter. Sister Lee Welch gave a reading of the prayer and all other sisters formed the broken circle by holding hands during the prayer.

July 9th members of Clarendon Rebekah Lodge were guests of Memphis Rebekah Lodge in a joint installation of officers. Those installed from Clarendon Lodge were Noble Grand Fannie Wilson, Vice Grand Vera Johnson, Past Noble Grand Lee Welch, outside Guardian Mollie Dickson of Hedley and Chaplain Helen McCarley of Hedley.

Ladies attending from Clarendon were Orpha Swinney, Lucille Swinney, Lee Welch, Vera Johnson, Edith Spivey, Emma Davis.

The meeting was directed by Noble Grand Lee Welch; the draping of the Charter was conducted by all the sisters; the charter was placed on a white satin covered altar and lighted

Fannie Wilson, Clara Hammond, Mollie Dickson, and Helen McCarley.

After installation of officers Mrs. Margaret Snowden, who is president of the district of Lodges, Childress, Wellington, Shamrock, Memphis, and Clarendon, gave a report of President Jerry Miller's program. Mrs. Miller is President of the Lodges of Texas. Her term expires March 1980. Both Lodges enjoyed a social with delicious refreshments following the business session. All reported a good time.

Clarendon Lodge has been invited to return to Memphis July 23rd to see the Rebekah Degree conferred upon; a new member of the Memphis Lodge.

Mr. and Mrs. Floyd Naylor, of Wichita Falls visited their aunt, Ava Naylor, Sunday and Monday.

Debbie Burton, of Gruver is in Clarendon visiting with her grandparents Mr. and Mrs. Bill Weatherly, this week.
