

FOSTER WHALEY

Rudie Tate, Collingsworth County rancher and chairman of both affairs, from near Shamrock announced that John Forbis, Childress Attorney, humorist and former District Attorney will emcee the affair.

In making the announcement Tate said, "We in Legislative District 66 are most fortunate to have a full-time Representative that has distinguished himself many times during the last legislative session." Whaley was cited by an Austin-based, Bi-Monthly Publication as "The most effective Freshman Legislator."

Sam Clonts, Austin Legislative Aide to the County Judges and Commissioners Association, cited Whaley as being solely responsible for killing a liability insurance bill that would have cost the 10 counties in the 66th District over \$27,000.00 annually had the bill passed. Even greater savings would have occurred to cities, school districts, and other entities in the 66th District.

Clonts said the savings to the County Governments over the State would exceed a million dollars annually.

State Representatives indicating plans to attend the event include Tim Von Dohlen, Chairman, Regions, Compacts, and Districts committee. This Committee will draw the lines for the State Legislative Districts as well as the Congressional District in the next regular legislative session; Forrest Green, Chairman, Agricultural committee, Corsicana, Texas; Jerry (Nub) Donaldson, Chairman, Financial Institutions Committee, Gatesville; Stan Schlueter, Vice-Chairman, Ways and Means Committee, Killeen; Bob Close, Vice-Chairman, Constitutional Amendments Committee, Peryton; Danny Hill, Vice-Chairman, Intergovernmental Affairs, Amarillo; Bob Simpson, Chairman, Insurance Committee, Amarillo, and Walter Grubbs, Abilene, Texas.

The Lions Tale

By GENE ALDERSON

The Clarendon Lions Club met in a regular meeting, Tuesday October 9, 1979 in the Lions Club Hall in Clarendon. There being twenty eight members present and two visitors. After a delicious meal, Boss Lion Jerry Courtney called the meeting to order and Lion Tamer Bob Riley introduced the guests, Mr. George Martin, a guest of Lion Homer Estlack and Lion Larry K. Fuller, District manager of Southwestern Public Service, a guest of Lion Homer Estlack. Lion Larry K. Fuller, who is a past District Governor gave the program. He gave a very informative and inspirational talk on Lionism. It was a program that was enjoyed by everyone. After the program last minute committees were

appointed for the banquet. Boss Lion Jerry Courtney thanked the club for their presence and the meeting was adjourned.

Letter to the Editor

Dear Foster:
On behalf of the Texas Association of Counties and all the county officials of Texas, I want to thank you and your staff for all of the courtesies extended to us during this past legislative session. In our judgment you were one of the hardest working Representatives that truly represented his constituents.

Although you were responsive to the needs and concerns of county officials on numerous bills introduced during the 66th

Session of the Legislature, one bill stands out in my mind. You will recall H.B. 152 was a bill that would have doubled maximum liability of counties and local governments of Texas for bodily injury, and increased property damage limits from \$10,000 to \$100,000. You were very effective in convincing the Legislature to "kill" this bill on

third reading after it had already passed the house on second reading. Based on estimated premiums of liability insurance of the ten counties in your legislative district affected by the bill, we estimate the average annual cost of insurance premiums would have increased \$2,700 per county, or \$27,000 total for the ten

counties. For all the counties of the State, the cost could have increased some \$1,200,000 annually. These figures are for counties only; the cost would have also been substantial for cities and schools. It is easy to see by these figures why local officials were concerned about the passage of this kind of legislation. This points out what

one Representative can do for the taxpayers of Texas to prevent the passage of special interest legislation.

Hope you are having a nice summer on the high plains, and look forward to seeing you on your next trip to Austin.

Best regards,
Sam E. Clonts

Is your church drifting away from you?

Be sure to watch this new television series and find out:

October 14

Can we all have it our way?

As you think about all of the churches you pass in your daily travels, there is the nagging suspicion they are not in quite the same category as the places of business. Deep inside you have the feeling that one's religion ought not to be selected on a whim, or a friend's recommendation, or on geographic nearness or even on personal preferences.

How can you be sure of making the right choice? Does it really make any difference which choice you make? Is there any one best way? Is one church, or one set of doctrines and practices as good as another?

Statements from thoughtful leaders of our own day echo the strong emphasis of the New Testament for religious unity. The strongest possible encouragement toward unity is found in the intercessory prayer of Jesus, offered to His Father in heaven on the night of His own betrayal. He prayed earnestly for the apostles and then added, "I do not pray for these only, but also for those who believe in me through their word, that they may all be one; even as thou, Father, art in me, and I in thee, that they also may be in us, so that the world may believe that thou hast sent me" (John 17:20,21).

Perhaps the most complete summary of what unity among God's people really should mean is seen in Paul's statement in his Ephesian letter, "I, therefore, a prisoner for the Lord, beg you to lead a life worthy of the calling to which you have been called, with all lowliness and meekness, with patience, forbearing one another in love, eager to maintain the unity of the Spirit in the bond of peace. There is one body and one Spirit,

just as you were called to the one hope that belongs to your call, one Lord, one faith, one baptism, one God and Father of us all, who is above all and through all and in all" (Ephesians 4:1-6).

The most decisive reason why all believers in Christ must be united is the fact that God desires that His church should be united. The church is built on Jesus Christ. It has one central message—Jesus Christ and Him crucified for the salvation of all mankind. In God's plan the church was one community of disciples, living and proclaiming the Christian way of life. Christ reconciled God and man; He also removed all barriers between man and man. He is the basis of all Christian unity.

In the New Testament every emphasis is toward unity in the church. Luke describes the beginning of the church and then comments, "And all who believed were together and had all things common;...and day by day, attending the temple together and breaking bread in their homes, they partook of food with glad and generous hearts, praising God and having favor with all the people" (Acts 2:44,46,47).

How can Christian unity be achieved? We cannot settle for a unity that represents a compromise on matters of faith and principle; nor could we ever accept a unity that asks us to give up the essence of our faith. Indeed, the only unity that can be taken seriously is the unity of faith which is achieved by a recognition of the authority of God as it is revealed in the Bible.

With the Bible as our sole authority, we are in a position to achieve unity in such matters as how one becomes a Christian.

We can do the same thing on the matter of how Christians are to worship, if we will only let the scriptures be our guide.

The appeal that I make is that all of us endeavor to speak where the scriptures speak and to remain silent where the scriptures are silent in all matters of religious faith and practice.

What a wonderful thing it would be for all sincere believers in Christ, throughout the world, to be united in one massive army of the Lord! Is this just a dream? Hardly. Anything for which the Lord prayed fervently must be within the realm of possibility. Remember, too, that this kind of unity is also the will of God. It is possible and it must be achieved if Christianity is to spread throughout all mankind.

What were 15 famous events that happened in a bath tub? Who are the 5 most hated persons in history? What 9 dogs bite most and 9 bite least?

The answers to all these questions, and hundreds more can now be found in "The Books of Lists", a first of its kind, a truly unique compendium of learning and fun.

In a world of disappearing and endangered natural species, a phenomenon has taken place that could mark the beginning of a new strain of lions. White lions-not albinos, but healthy lions, white as polar bears, with eyes only a shade lighter than the golden yellow of a tawny lion's eyes. "The White Lions of Timbavati" is the fascinating account of their discovery, as well as the touching and hopeful story of one family's compassion and concern for their survival-a survival in constant jeopardy because of their conspicuous whiteness, their total lack of camouflage.

Les Beaux Art Club news

Seventeen members of the Les Beaux Art Club met Friday, Oct. 5 at the Patching Club House. President Diane Chamberlain presided over the business meeting. The new program books were passed out to the ladies who discovered the year's study would center on, the art of entertaining.

The group decided to hold a gift-wrapping paper sale on Saturday, Nov. 3 at the club house. Various kinds of wrapping paper (especially unusual holiday wraps) will be available for purchase by the public on that day.

After committees were assigned, the program was turned over to hostesses Bobbie Thornberry, Ruth Robinson and Katherine Cain. Bobbie displayed various fall table decorations using natural dried flowers and "weeds". She then demonstrated the art of ribbon-tying and after ribbon was distributed to the ladies, each member participated in learning how to tie a "professional" bow.

Nelda Nance attended library meeting

Nelda Nance, Clarendon College Library Director, attended the District II Texas Library Association annual meeting on September 29. The meeting was held in Amarillo at the Texas Tech Medical School Library.

The group heard a message to District II from the Texas Library Association delivered by Ray Janeway, president elect, TLA. Also speaking was Ed Seidenberg, outreach consultant for the Texas State Library.

The main speaker of the day was Sam Whitten, professor of library science at the University of Texas. His address was titled "Cooperation Between Multi-Type Libraries." Mary Kay Snell made a special report on "Cooperation in the Panhandle."

Nelda Nance was appointed to serve on an ad hoc committee, representing junior college libraries. The committee is to study the situation and try to develop ways to promote sharing of materials between school, public, junior college, university and special libraries in the Panhandle area.

Floyd Guinn named director Donley County Spelling Bee

For the 32nd year, the Amarillo Globe-News and West Texas State University, Canyon, join together in sponsoring the National Spelling Bee.

The director for Donley County has been named and is Floyd Guinn, Principal of Clarendon Junior High School.

The county bee director is totally responsible for planning and directing the county event. He may conduct the Spelling Bee in an oral or written competition. However, the 1980 county winner will spell orally in regional competition in Amarillo on April 12.

This year's Regional Spelling Bee will be held earlier than in past years because the National Spelling Bee is now scheduled for the week of May 25, rather than the first week in June. This came about because the National Spelling Bee is moving to new headquarters in Washington, D. C. and the new facility cannot accommodate the Bee group the first week in June. In all future years the Bee will move again to the first week in June.

The top county winner in area competition in Amarillo on April 12, 1980, will receive the all-expense paid trip to Washington, D. C. to represent the area in national competition. The Amarillo Globe-News awards this trip to the district champion and one escort.

Numerous other prizes will be given with approximately the top 12 receiving special awards. Every school boy or girl who competes, beginning at the classroom level, will be given a certificate, suitable for framing. Copies of the new 1980 "Words of the Champions" are now available from the Amarillo Globe-News at 30 cents each. To obtain this practice booklet, containing more than 500 changes, students, teachers and/or principals may order direct from the newspaper by writing the Spelling Bee Editor, Amarillo Globe-News, P. O. Box 2091, Amarillo, Texas 79166.

Rules, established by the national sponsors, the Scripps-Howard Newspapers, allow any student who has not reached his/her 16th birthday or gone beyond the eighth grade at the end of the current school term, to compete. Public, private and parochial students may enter. The AGN-WTSU area promotes a Junior Bee for boys and

girls in grades four, five and six. These county Junior winners do not compete in the district event unless the student wins both divisions. They are special guests at a luncheon preceding the April 12 spell-down at the Amarillo Country Club and will be given special trophies during the afternoon activities.

The luncheon will be given in honor of the Senior County winners. The 1979 Regional Winner, Rick Stout, will be guest speaker. He is from Dumas.

Additional information may be obtained from Mrs. Jean Bartlett, the newspaper spelling bee editor, or Gene Parker, director of placement, WTSU, Canyon.

Lynn Thompson named player of the week

Lynn Thompson - Player of the week. The following is part of the Globe-News story on players last week.

By KENNETH W. TIDMORE
Globe-News Sports Writer

Comparisons are like salt. They can enflame a wound or they can enhance the flavor of a fine meal. Clarendon coach Ted Allen's comparison of his quarterback Lynn Thompson to a former three-time all-American is indeed an example of the latter.

Although Clarendon came out on the losing side, the Bronchos scared the whiskers off Class AA's No. 2 (by The Associated Press) Childress Bobcats last Friday night.

Thompson, a senior, accounted for 244 yards total offense in Clarendon's 39-37 loss to Childress (an 18-point favorite by the Harris Rating System). His efforts in that contest earned him this week's honor as the Globe-News-area Class A player of the week.

"I had a kid, Richard Ritchie, 10 years ago in Mineral Wells, a three-time all-America (at Texas A&I) and Lynn did as good a job with the veer as Ritchie could have done," said Allen. "He was in Ritchie's class Friday night."

"The kids demand Lynn be nearly perfect. They really expect it. And he's got to be good because he's got two guys right behind him who want his job."

Thompson, who bench presses 220 and runs a 4.5 40-yard dash, completed 6 of 10 passes for 93 yards, rushed 17 times for 151 yards and three touchdowns. That 244 yards total offense was all but 80 yards of the 324 put together by Clarendon.

The 160-pounder accounted for 23 of the 37 points scored by his team—the three touchdowns, one PAT kick and a pair of two-point conversion passes. His TDs came on runs of 63, 14 and 2 yards.

Clarendon's Allen also praised his offensive line—David Lane, Barry Hastey, Scott Newland, Jay Lindley, and Scott Lewis.

"Our entire offensive line blocked Childress completely off the field," said Allen. He added praise for defensive tackles Mickey McGuire and Brian Murray—12 tackles each.

JV's whalloped Memphis 45-6

LYNN THOMPSON

By SPENCER HAYES

As the season rolls along, the Clarendon JV seems to be a definite force in district 2-A. Indeed, last Thursday night at Memphis, they whalloped the archrival Cyclones, 45-6, improving their record to 3-0-1, making it 14 straight games the Clarendon JV has remained undefeated, extending back to last year.

The Bronchos totally dominated the game, scoring on seven touchdown plays. Mike McCowen and Stanley

McCampbell each had two scoring jaunts, while Keenan Shields, Bryan Hill and Steve Nance added one tally apiece.

Under excellent protection by the archrival Cyclones, 45-6, improving their record to 3-0-1, making it 14 straight games the Clarendon JV has remained undefeated, extending back to last year.

The peak of the defense was a 48 yard interception return for a TD by safety Mike McCowen.

Next week, the Bronchos will have one of the season's most difficult tasks—taking on the always-tough Panhandle Panthers. Panhandle is 4-0-0 for the season, ranking 1/2 game ahead of Clarendon in the district race.

If the Bronchos win it will put them in sole possession of first place going into the second half of the season.

LYNN THOMPSON

FOOTBALL con't frm. p. 1
AA team in the state out of their own ball park. Behind the crisp blocking of center Scott Newland, guard Scott Lewis, and tackle Barry Hastey, Thompson went in for another touchdown. 29-19 the Bronchos led after Mark Jack caught the two-point conversion pass.

The Bronchos luck held out through the next Bobcat series when Donald Sims fumbled. The Bronchos recovered, but could not convert. Brad Thompson was sacked on a fake punt attempt by Mammoth Bobcat tackle David Tucker.

The Bobcats rode the arm of Morren to the 15 of Clarendon at which point Tim Brown recovered a Ralph Sims fumble. The powerful Bobcats were tottering along like a weak sister.

In came Lance Thornberry to guide the Bronco attack. On an option right, Lance was hit by Bobcat left tackle Chris Imhof as he tried to pitch. Rickey Husband, Childress linebacker, picked it off and ran in for the score.

It appeared as though the Bronchos would ice the cake on the ensuing kickoff. Hosea Hearn ran 95 yards for a touchdown, with a springing block from Jeff Topper. With the crowd hysterical, the Bronchos led 37-25.

Back came the Bobcats. Morren promptly unleashed a 65 yard touchdown strike to Clifton Cornish. The 'Cats were back in the game.

The Bronchos suddenly sputtered on offensive and the Childress Bobcats took over the midfield after Thompson's punt.

After tackles Mickey McGuire and Brian Murray shut down Donald Sims on the ground, Morren again hit Cornish over the middle for a sizeable gain. Klepper crashed over left guard for the touchdown. Morren's point made it 39-37 Childress.

But the Bronchos had come to beat Childress, and they weren't finished. Passes to

Reese, Jack and tight end Randy White got the ball to the 30 of Childress. But Thompson's pass to Randy White was not enough to get a first down. A dejected Bronco team watched Morren fall on the ball three straight times. But then the Bobcats went into punt formation. They failed to run the clock out or get the punt off. With two seconds left, Lynn Thompson's 27 yard field goal attempt was wide.

BRONCO NOTEBOOK

They said it

"Our line blocked their britches off. Some of our linemen were outweighed 60-70 pounds, but they moved em."

Coach Allen on the line blocking

"They shut me and Hawkins down. They protected against the deep pass, so we were able to throw short against them."

Drew Thornberry, splitend on Childress' secondary

"When you execute the veer correctly, you've able to get somebody open for yardage every play. It just happened to be me in the 2nd half."

Lynn Thompson on his 135 yards rushing

"Our defense played great. When one guy was blocked, others came to help."

Brian Murray, tackle on defensive effectiveness

"Taylor hit me just as I tried to pitch. It was a good hit and it messed up my timing."

Lance Thornberry, QB explaining intercepted pitch

"I hit it clean. It just sailed right."

View from the Pressbox

As a spectator, I've never seen a more exciting game on any level. It was Bronco football at its best. It was a victory within a loss and a sure sign of things to come. Following the Boys Ranch game, I wrote that the Bronchos are like a diamond in the rough. It appears now as though the rough is smoothing out and the Bronchos are shining.

The Bronchos and Bronco fans showed that they are not afraid to go absolutely wild. The fans of Clarendon, were as vocal as any heard in a long time. They proved to the people of Childress and to themselves that "Bronco Mania" is not just a brainchild of someone pursuing a slogan and it is not propaganda. It seems to be very much alive in the hearts of the student body and the backers of Bronco football.

Next, the Bronchos must turn their attention to Sanford-Fritch. Coach Allen remarked that "We probably won't have that same intensity against Fritch, but we are at a level we didn't come close to last year." The Bronchos won't be down. As Lynn Thompson said, "90% of the state of Texas thinks this is a fluke. We're out to prove it's not." I pick the Bronchos by 6. They're hot as a pistol right now.

Energy Saver

Winter's brutal winds can make you think you're burning money to keep your house warm when the weather turns cold. Heat loss through and around windows and doors can actually account for 30 or even 40 percent of winter home heating costs.

One economical way to beat the cold—without suffering the high costs of storm window and doors—is with Energy Saver, the wire-mesh reinforced plastic from G&B that can be

taped, stapled or tacked to the inside or outside of window and door frames, on porches and drafty areas, and around unheated entrances to the home.

Available at most hardware stores in 36" x 25" rolls, G&B's Energy Saver costs about \$1 per window and can also be used with existing storm windows to create an additional heat (and money) saving barrier between your warm home and winter's chilling winds.

4-H circles the globe. 82 countries enroll about 5 million youth in educational programs similar to 4-H.

A Moment for Meditation

By INEZ G. LAWRENCE

"He lets the rain pour from the clouds." Job 36:28
Someone said recently on television that water is always recycling itself. There is no more and no less than there has always been. The only danger of a shortage is there may be more people in a given area than its supply. The dwindling underground water table in the Panhandle is an example.

Here in Norway the water supply is abundant. Autumn is the rainy season and winter is the snowy season. We have caught the rainy season and there are showers several times a day. Then the sun comes out for awhile before it rains again. All that falls seems to soak into the soil, for there is not much run-off. An umbrella and an all weather coat are two items no

one leaves home without. To a Panhandle resident this is unusual, but necessary. The clouds which drop the rain are fascinating to watch. They scurry in from the North Sea or from behind a mountain standing sentinel over a deep fjord. These fjords are fingers of the sea which have probed inland. But the clouds bring sweet water to nourish the green lawns and flowers everywhere. The drinking water is called "Norway champagne" by the Americans living here. It is delightful and is something like mountain spring water in the States. God's marvelous laws of evaporation are highly visible here as the clouds bring the water from the sea with all the salt filtered out. The Bible describes it best, "For He maketh small drops of water; they pour rain down according to the vapour thereof." Job 36:27.

James Ivey Edwards will be in Pampa Fine Arts Festival

October 13-14 are the dates of the 13th Annual Fine Arts Festival sponsored by the Pampa Fine Arts Association. This year's Festival will be in the M. K. Brown Auditorium, Pampa. James Ivey Edwards has been selected to give the art demonstration on Saturday afternoon and his painting "The Challenge" will be given to the winner of Sunday's drawing. Edwards lives in Canyon and is

head of the Art Department of Clarendon College. He teaches on the Clarendon Pampa Campus as well as in Clarendon. Artists from Texas, Kansas, Oklahoma, New Mexico have been selected by the screening committee. Over 70 artists will have work on display. In addition to watercolors, oils and acrylics, other media will include copper enamel, pottery, china painting, stained glass,

stuffed toys, jewelry and bronze sculpture. There will be a Gourmet Booth. The Kids Kaleidoscope on Saturday will provide special interest for school age youngsters. They are given a chance to participate in various art experiences for a nominal fee. Hours for the Festival are Saturday 10 a.m. to 8 p.m. and Sunday from noon until 5 p.m.

novel. He talked about his novel he wrote 20 years ago, but only published within the last 5 years. He told us that the location of the book was Berger, Tx, and it is the story of people who lived and worked around oil fields. Universal Movies have bought the rights to his story and NBC might make a mini series out of it.

He is writing another book-a historical novel (1874-1876) with the setting in the Palo Duro Canyon called "Beloved Am I", written from a woman's point of view. He was most impressive and was very interesting.

Attending the meeting were: members, Oressa Delaney, Mary Hazel VanZandt, Hazel Brandon, Carolyn Hamilton, Pauline Heath, Joy Martin, Virgi Johnson, Gladys Blackburn, Mary Thornberry, Vergie Herrington, Norma Jones, Frieda Tucker, Dorothy White, Katherine Green, Thelma Bairfield, Dessa Day, Billie Clinton and Betty Veach.

Guests were: Berelle Stark, Wynona Watson, Jessie Adams, Ethyl Quinn, Melba Risley, Evelyn Mann, Helen Land,

Phoebe Heil, Karen Simmons, Wilma Batson, Velma Brown, Nita Manning, Nadine Martin, Tennie Smith, Harriet Kunz, Gladys Sawyer, Edith Canten, tookie Thornberry, Charlie Bairfield, and Dr. Jack Walker.

Mrs. Minnie Ferebee Harbart, Mrs. Lydia Ferebee Taylor and Mrs. Lydia Ferebee Wilkenson visited Ava Naylor on Monday for Ava's belated 91st birthday. The ladies are from Amarillo.

Roeda, Sibyl, Ricky and Pat Rattan, visited over the weekend with Anness and Carlie Bennett, in Tulsa, Okla.

While there they visited the Tulsa State Fair and saw many new and unusual rides.

Mr. and Mrs. R. V. Kelley of Los Angeles, Calif., are visiting in the home of Mr. and Mrs. Otis Emmert of Quail, Texas.

Understanding Yourself

THE NEED TO BE "BEST"
To strive to be the best you can, to do the best you're capable of, is a creative and healthy drive. But when the need to shine involves pushing others down in order to push oneself up, the results may be personally and socially destructive.

One of the most damaging results—notions of racial or ethnic superiority and inferiority—has had tragic consequences. A televised documentary produced by the American Lutheran Church will examine the effect of these notions on the lives of individuals, and on the fabric of American society, and will trace the economic roots of much racial prejudice.

1926 Book Club "Guest Day"

The 1926 Book Club met on Tuesday, October 2, at the Patching Clubhouse in regular session. Today's meeting was special because we had a special guest speaker.

The Social Committee-Billie Clinton, Dessa Day, Norma Jones, Susie Shields-served

delicious cake (of which there were a variety), orange-pineapple punch, coffee, mints, to the 39 members and guests present.

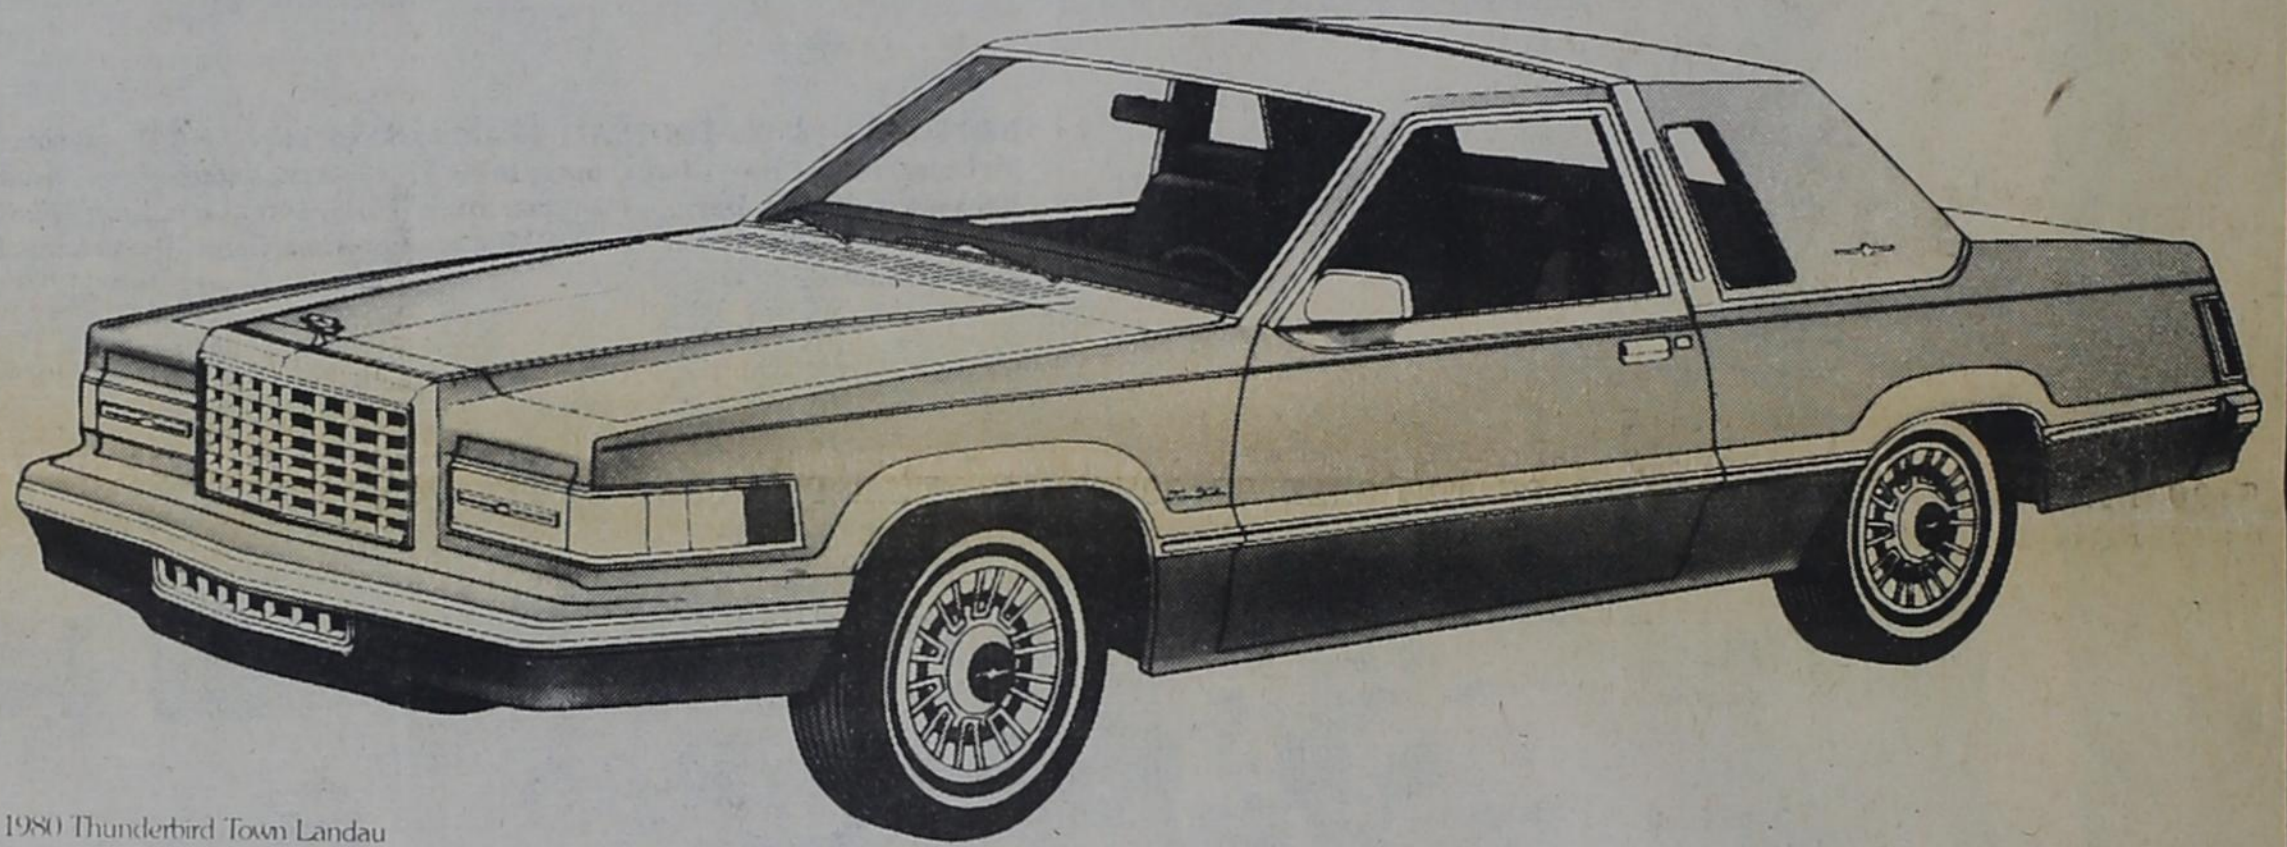

Following refreshments, Oressa Delaney, president, brought the meeting to order. She reminded members of dues to be paid to our new treasurer-

Mary Hazel VanZandt. She turned program over to Thelma Bairfield who in turn introduced our guest speaker for the afternoon-Dr. Jack Walker. He is a speech instructor at WTSU, Canyon, and author of "Boomer's Gold".

New from Hedley

By SHARON MOORE

Cassie Owens had several of her children home over the weekend. The Merle Owens family of Oklahoma City and

Shelby Bell and son Richard, visited with her sister, Cassie Owens last week.

The Greenbelt Water Authority Board of Directors business meeting was held in Hedley Thursday evening October 4th at 5:30 p.m. Mrs. Eva Hansard assisted by her grand daughter, Meline, served their supper at 6:30 p.m. A delicious meal was topped off with homemade ice cream was enjoyed by those present. Representatives from Clarendon, Hedley, Childress, Quanah and Crowell.

Mrs. Roy McKee spent several days in Hall County Hospital but is at home now. Mr. and Mrs. Edward Todd of San Antonio spent the weekend with their mother Mrs. Gertrude Boatright. Miss Martha Sue Noel of Phillips was there also. They went to Wellington Saturday.

Mr. and Mrs. Bob Sanford of Pampa were recent visitors with Mrs. Merlene Sargent, Don Blanks, and the Harold White family.

Miss Ila Poole of Pampa visited with Mr. and Mrs. T. J. Cherry Saturday night. Other visitors at the Cherry home this week were Guy Hayters a nephew, from Hobbs, New Mexico. Mrs. Cherry's sister Mrs. Ethel Dawson from Artisia, New Mexico. She will be here for the Cotton Festival.

Vera Mae Petty went to Red River over the weekend with her daughter and husband, Wilcey and Nickie White of Amarillo. They left Friday and came back Sunday afternoon. There were ten adults in all went on the trip. She stayed in Amarillo until Monday because she had a nephew, Doyce Earl Wynn, who

was killed in a wreck. She attended the services for him and returned to Hedley Monday afternoon. She had a good time at Red River and saw lots of beautiful fall scenery but was glad to be home.

Don't forget the Cotton Festival this weekend. Hope to see all of you there.

The U.S. Treasury Dept. made a profit of over \$400,000 in 1977 on the difference between the monetary value of coins and their cost.

MONEY SAVING TIP: One way to make less tender, flavor-rich cuts of meat into delicious dishes is to marinate them in sauces. This adds interesting flavors, and can help break down tough meat fibers.

Winterize your lake house

County Extension Service
LESLI GARNETT

Winterizing summer lake houses can be effective with a few careful steps.

When the leaves start to rustle in the cool fall breezes, then it's time to think of closing the summer house.

Above all, remember—just before you leave—turn off water and drain all water pipes; pour non-toxic antifreeze (about a cup) in each of the drains of all plumbing fixtures that have traps, such as kitchen sinks, lavatories, and bathtubs. This

antifreeze can be purchased from stores that carry supplies for travel trailers and recreational vehicles. Flush water from toilet tanks and bowls, then pour in some antifreeze there too; also, make any needed repairs to the cottage, particularly to the roof, before closing it for the summer. Problems will only get worse if left over the winter.

If possible, allow for some type of ventilation in the cottage that won't let varmints inside.

In addition, whatever the off-season weather, fuel sources and power supplies should be turned off to protect appliances in the cottage; also remember to disconnect all television sets, radios, kitchen appliances and other electric gadgets. Some appliances need special attention. Here's a small list to remember:

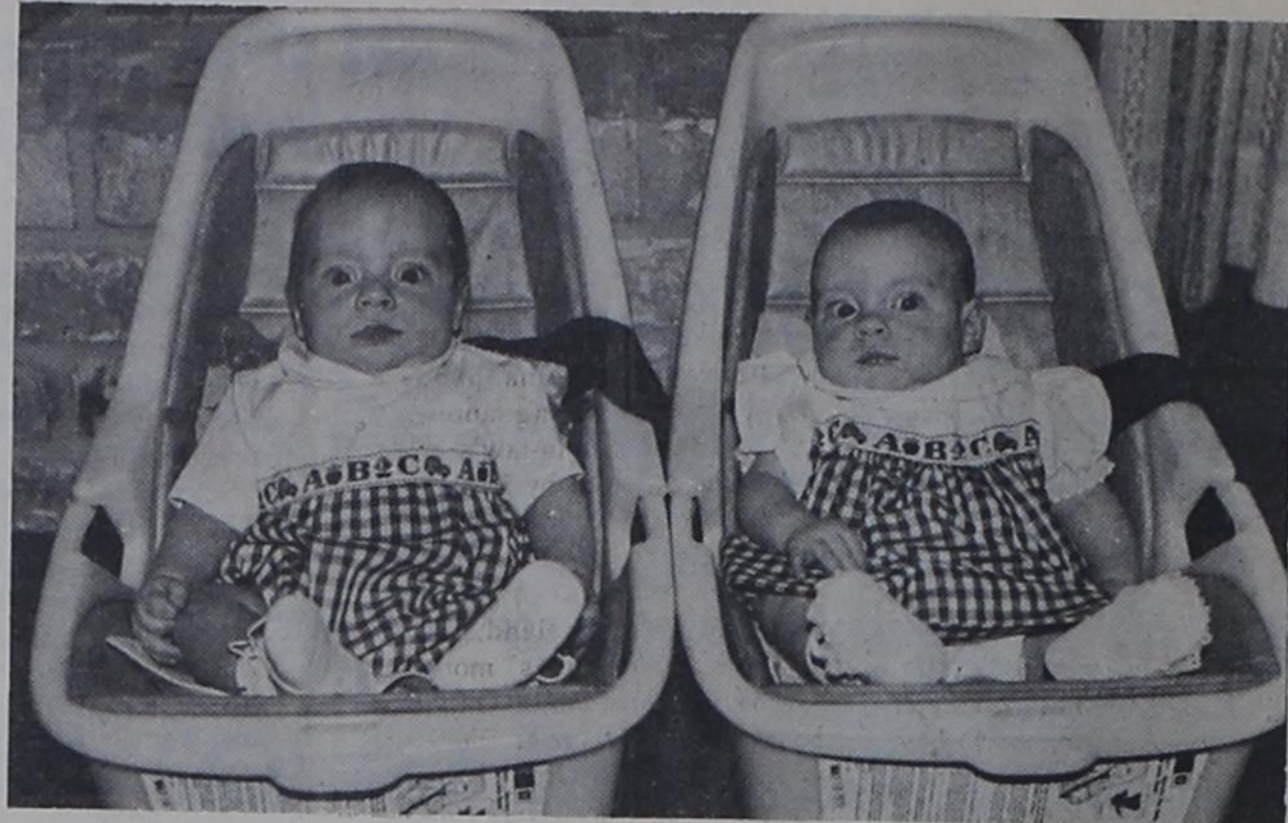

The refrigerator...clean the refrigerator and condenser pan. Leave the door propped open. The range...burners and pilot lights should be shut off on gas ranges. Room air conditioners...use a standard air conditioner cover or plastic to protect the outside of the unit. Remove the grill and put a sheet of plastic behind it to keep out cold drafts, dust and dirt. The dishwasher...Visible food particles should be removed and the dishwasher cleaned by running through a full cycle. The food waste disposer...close the stopper and fill the sink with a few inches of cold water. Then start the unit and open the drain, allowing the water to circulate through the operating disposer. Food waste

will be removed and potential odor build-up will be gone. The Automatic Clothes washer...turn off faucets supplying water to the unit and disconnect the hoses, draining the water from them. The dryer...clean the lint screen and put a towel or rag in the outside vent to restrict entry by winter winds and small animals.

Also, for extra protection from rust, wax the outsides of appliances with one of the cream type waxes recommended for appliances. In addition, before you leave, clean other surfaces such as floors and walls, remove soiled bed linens. Place a clean sheet over mattresses and pillows to protect them from dust. Make sure no soiled clothes or linens remain in the house.

If there has been any sign of bugs such as roaches, place an appropriate bait in various locations throughout the house. Also, properly store all sport and recreation equipment.

Now you can close the door and feel confident that your house will be in tip-top condition next season.

JEFFREY [l to r] AND AMY LYLE are the great grand children of Frank Lyle, of Clarendon. They are the son and daughter of

Mr. and Mrs. Kenny Lyle of Houston and the paternal grandparents are Mr. and Mrs. Kenneth Lyle, of Dallas.

Q: My husband owned a farm and had four grown children from his first marriage when we married 15 years ago. What interest in the farm would I be entitled to, if he died?
A: If your husband had a valid will at his death, you would receive whatever part of his interest in the farm he provided for in the will. If he died without a valid will, various factors would determine your property rights. These factors would include whether the farm was your husband's separate property, or whether it was community property of your husband and his former wife.

Dennis and Loretta Harrison and Anna visited David and Betty Lane Monday night.

Mr. and Mrs. David Lane and Anna Harrison attended the football game at Childress Friday night.

Q: Can a will be written for me to allow my wife and children to avoid inheritance taxes?

A: Inheritance taxes which may be imposed on your estate after you die cannot be avoided simply by a provision in your will. However, inheritance and estate taxes can be minimized by proper estate planning. For example, proceeds from a life insurance policy on your life may not be taxed if your wife owned the policy and paid from her separate monies. This may remove the policy from your taxable estate.

your filter can get dirty, clogged, waste energy...

but a clean filter saves energy, money.

The purpose of a filter on your air conditioning or heating air blower is to keep the air inside your home clean. The filter catches dust and dirt before it can enter your home. In time, the filter will accumulate dust and dirt. If it gets clogged, it can't do the cleaning job it's supposed to and uses more electricity. To avoid damage to your unit, to keep your home cleaner, and to save energy and money, be sure filters are clean. Permanent types can be cleaned according to the manufacturer's instruction. Non-permanent types are replaced, since they are inexpensive. It is wise to check filters every 30 days.

Save energy... save money... use clean filters.

by COLLEEN COCKERHAM & DEBBIE JOHNSTON

Hello from Bronco Land. This has really been a great week! First, last Friday night, the varsity played Childress. All of us are really proud of all the hard work the team put into the game. The final score was Bronco-37 Childress-39. Our boys did a great job and we are

so proud of them. Keep up the good work you guys!

The JV also did a great job playing Memphis. The final score was Bronco-45, Memphis-6. The freshman played Canadian there Thursday night. The final score was Bronco-0, Canadian-28. The JV goes to battle with Panhandle here, Thursday night. The game starts at 7:00. The freshman also play Panhandle Thursday night, there. Game time is 3:00. This is Homecoming week, and there is so much going on! The cheerleaders (and others) spent all weekend decorating the halls. Congratulations on a job well done.

The football game, Friday, starts at 7:30. The Homecoming dance begins after the football game. There will be entertainment at the college cafeteria for those who choose not to go to the dance.

Mr. and Mrs. Carter honored by DQ

Mr. and Mrs. Fred Carter of Box 1162 in Clarendon will receive special recognition from the Clarendon Dairy Queen.

Of all the couples with wedding anniversaries in October who have signed up for the anniversary dinner program at the Dairy Queen, the Carters have been married the longest. They were wed Oct. 27, 1934, and will thus celebrate their 45th anniversary this month.

Every couple registering at the Dairy Queen will receive a free wedding anniversary dinner at the restaurant as a gift of Dairy Queen, whether they are celebrating their first, 50th or even longer anniversary during the next 12 months.

If they wish, they are served a special table covered with a white table cloth and special white napkins to create a festive atmosphere for the anniversary dinners.

The program, believed to be the first of its kind for Dairy Queen, encompasses almost 50 DQs in Central and West Texas that are part of the Chapman Fast Foods organization.

Expanding Horizons

5.2 Million Youth To Observe National 4-H Week Oct. 7-13

From RFD 1 to 77th Street, more than 5.2 million young people nationwide are observing National 4-H Week Oct. 7-13.

Whatever their address, 4-H members in the United States, Puerto Rico, the Virgin Islands and Guam are taking part in special activities that focus attention on the values of 4-H, the nation's largest youth-serving program.

The National 4-H Week theme, "Expanding Horizons," challenges 4-H'ers everywhere to "seek new knowledge, acquire life skills and build on personal strengths." It calls on members to strengthen their citizenship and leadership abilities and to "assume positive roles in a free democratic society."

Boys and girls 9-19 participate in 4-H through organized clubs, special interest groups, short-term projects, camping, television series, and programs planned to meet their specific needs in the communities where they live.

Twenty-three percent of 4-H members now reside in suburbs of cities, or in central cities, of more than 50,000

"4-H-Expanding Horizons" is the theme of National 4-H Week, Oct. 7-13. A three-dimensional poster illustrating the theme is based on a design by 4-H member Andrea Charameda, 10, of Marshall, Mich.

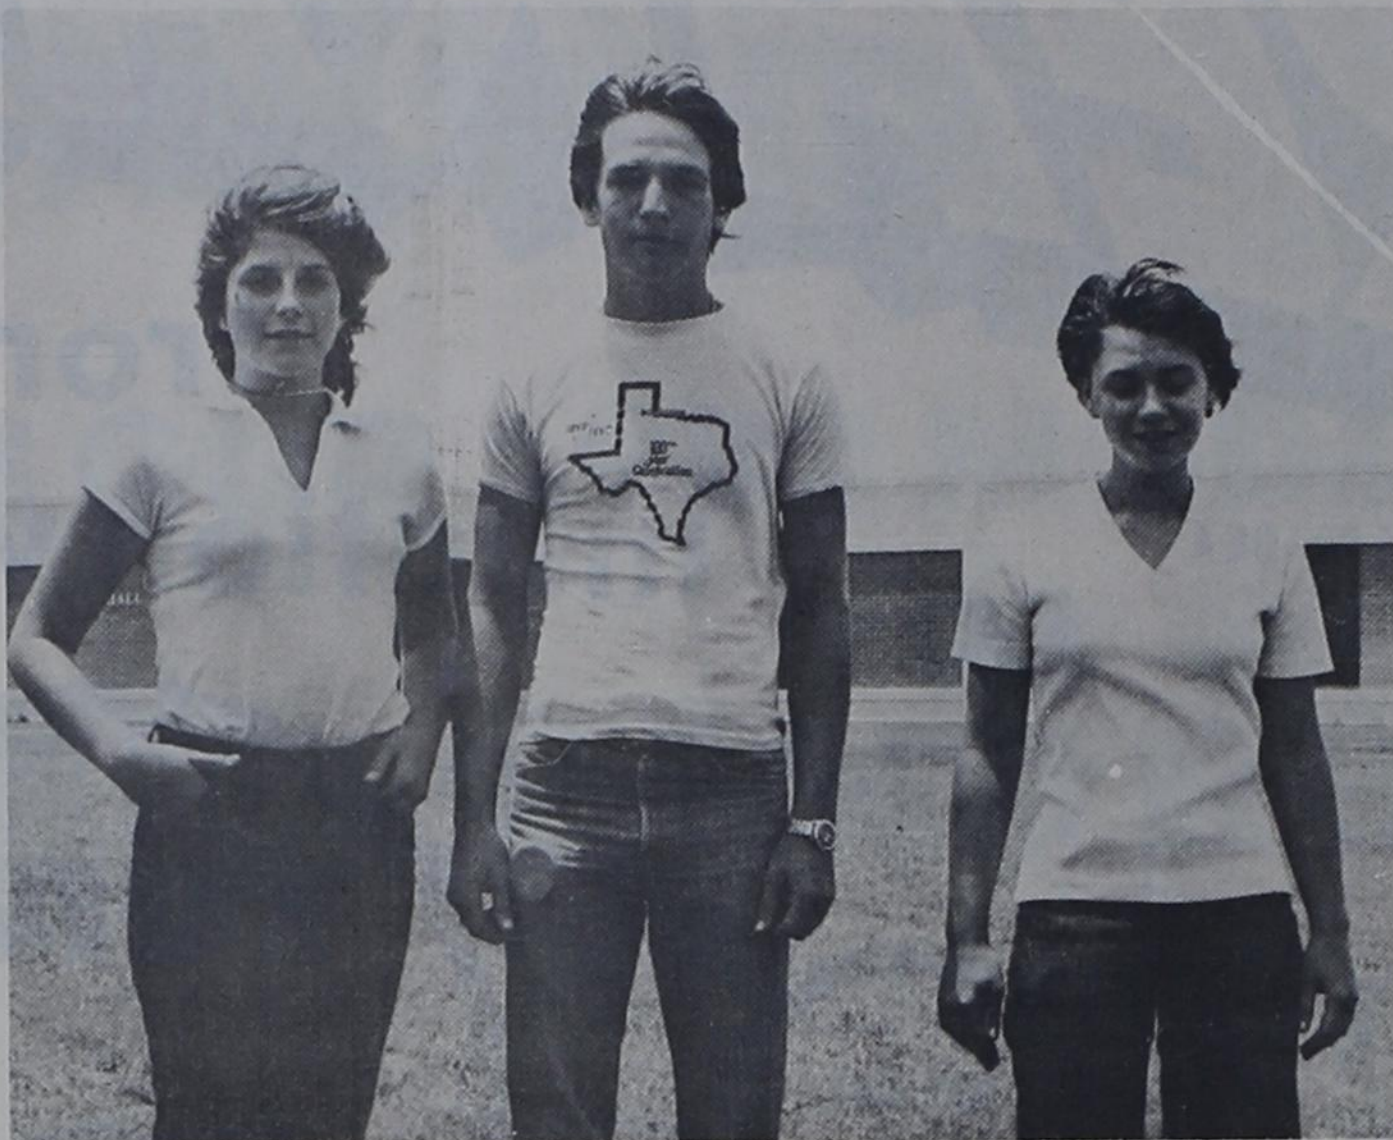

population, 21 percent live on farms, 40 percent in small towns or open country, and 16 percent in towns and cities of 10,000-50,000.

4-H is the youth education program of the Cooperative Extension Service, and is conducted jointly by the U.S. Department of Agriculture, the land-grant universities, and state and local governments.

580,000 adults and teens serve as volunteer 4-H leaders at the local level.

4-H projects and activities encourage young people to learn and apply real-life skills and to become competent, productive citizens.

Around the world, 82 countries have youth education programs similar to 4-H.

Tri-State Fair calf show

The James A. McAnear, Jr. family exhibited several top placing Shorthorn cattle at the Tri-State Fair in Amarillo recently, according to Ronald Gooch, County Extension Agent.

Majesty's Red Chief was 1st place senior bull calf and calf champion bull. Jamies junior bull calf also placed 1st. Lisa placed 5th with her winter heifer calf and her early spring yearling heifer. Rodney placed 5th with his senior heifer and 6th with his early spring yearling heifer. Jamie's summer yearling heifer placed 4th and her junior yearling heifer placed 1st.

The McAnear family placed 2nd in the class of six head owned by the exhibitor. There were over 60 head in the show with cattle from Texas, Oklahoma, Kansas, Montana, North

Dakota, South Dakota, Colorado, Alabama, and Nebraska.

What the

Theme Means

4-H is expanding youth's horizons, as they seek new knowledge, acquire life skills and build on personal strengths. 4-H inspires youth to stretch the limits of self, to reach out, share and learn with others. 4-H challenges youth to set high goals and to achieve them. 4-H strengthens citizenship and leadership abilities and encourages youth and their leaders to assume positive roles in a free democratic society. By broadening opportunities for greater understanding and service to community, Nation and world-4-H is expanding horizons.

Official memorandum

By
WILLIAM P. CLEMENTS, JR.
Governor of Texas

Greetings:

Texas 4-H members are observing national 4-H Week October 7-13, 1979. The 1979 theme, "4-H Expanding Horizons" expresses the thrust of today's 4-H program as it helps prepare young people to become better citizens in our changing world.

The 4-H Clubs of Texas form an integral part in the education of over 150,000 young members in Texas.

Four-H is a part of the educational program of the Texas Agricultural Extension Service of Texas A&M University. It is directed at the local level by County Extension Agents who work with volunteer 4-H adult and junior leaders and other local citizens interested in the development of boys and

girls. Texas 4-H members working with educational learning-by-doing projects, apply the latest research and scientific information to their work, keeping records, arranging exhibits and giving demonstrations to pass the information to others.

The leadership and citizenship training which 4-H members receive in this program is a valuable asset to our state and to our democratic way of life. Therefore, I, as Governor of Texas, do hereby designate the period of October 7-13, 1979, as 4-H Week in Texas, and urge all our citizens to support and encourage the work of this organization which has as its motto, "To Make The Best Better."

National 4-H Club week

This is National 4-H Club Week when all over America and the world people are saluting 4-H members for the work they have done.

At this time we would like to salute the 125 4-H members in Donley County, their leaders and parents.

The Gold Star Achievement Banquet will be held Saturday October 13 at 7:30 in the High School Cafeteria to honor the 4-H members and recognize their achievements. Pins will be

given to outstanding members in 70 different project areas.

4-H is an exciting youth program that helps young people learn how to do new and interesting things through learn-by-doing projects. Members may be found in urban, suburban, and rural areas.

4-H is a non-profit, educational program which is open to all youth regardless of race, color, creed or national origin. Congratulations Donley County members-you're great!

Opportunity is calling

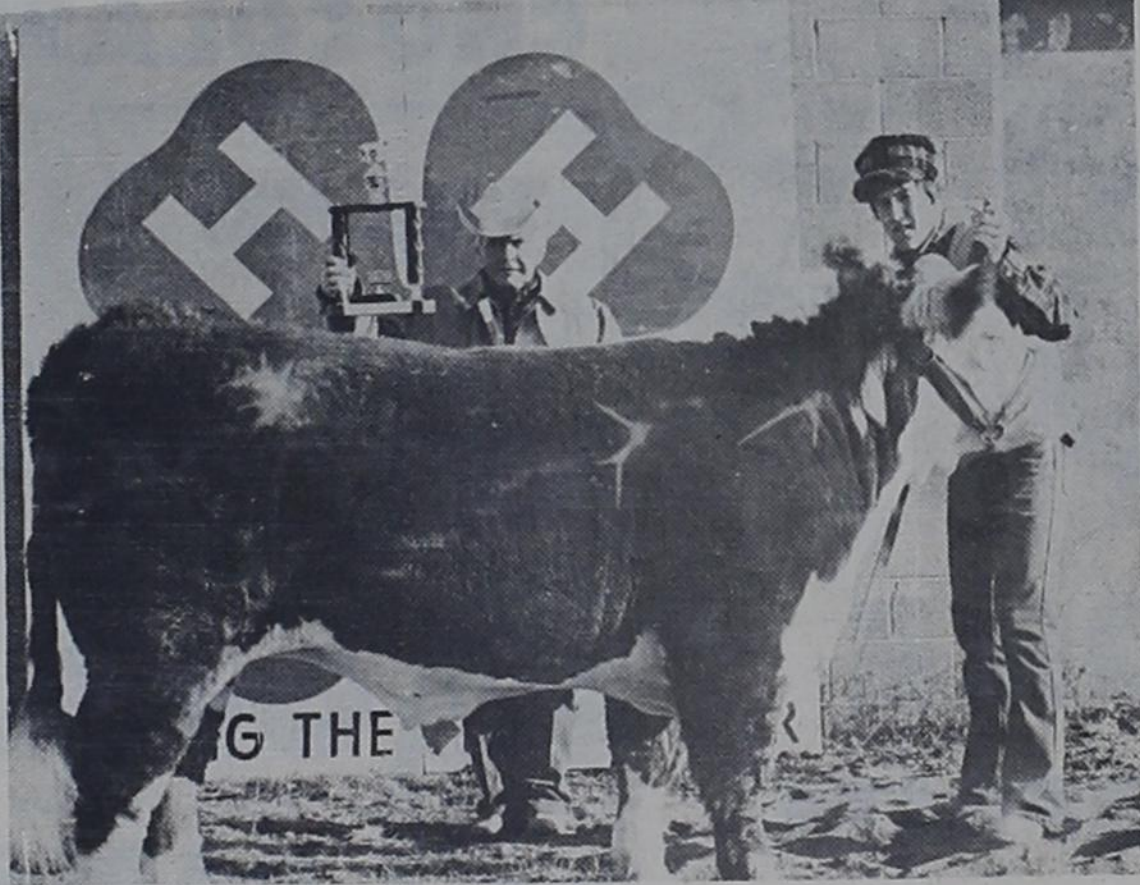

"Opportunity" is calling for Texas youth. Whether or not they answer the call can have an important effect on their experiences down the pathway of life.

That opportunity is 4-H, a youth development program for boys and girls between the ages of 9 and 19 conducted by the Texas Agricultural Extension Service, Texas A&M University System.

And, now during National 4-H Week, is an excellent time for

interested youth to learn more about 4-H and its action-oriented, learning-by-doing, programs, says Ronald Gooch, county Extension Agent.

4-H provides youngsters an opportunity to learn something that will help them in everyday life, such as health, safety, conservation, leadership, citizenship and nutrition. Then there are learning opportunities that may lead to a fuller and richer life, such as knowing how

PHIL MOREMAN AND HIS Donley County Grand Champion steer.

to tune a small engine, how to grow vegetables, how to cook and sew, and how to raise and train an animal, to name only a few.

And there's a uniqueness

about 4-H that makes it a special type of program, points out Gooch. 4-H is something different to everybody because of the different backgrounds and experiences of each and

every member. Thus, 4-H boys and girls learn from one another by sharing these experiences, plus they have additional experiences on their own through guidance from adult leaders and

Extension professionals.

Extension professional staff backing up the 4-H program offers another unique advantage. In whatever area a youngster's interests lie, there

More than 5.2 million young people 9-19 participate in 4-H through organized clubs, special interest groups, nutrition education programs, television series, short-term activities and camping.

Total 4-H participation of urban youth has tripled since 1970. 23% of 4-H members now live in suburbs of cities, or in central cities, of more than 50,000 population.

The most popular 4-H projects are individual and family resources, animals and poultry, leisure education and cultural arts, and energy, machines and equipment.

is a knowledgeable specialist to provide background and training to guide the youth along the way.

4-H also involves the youth's family--it's a family affair.

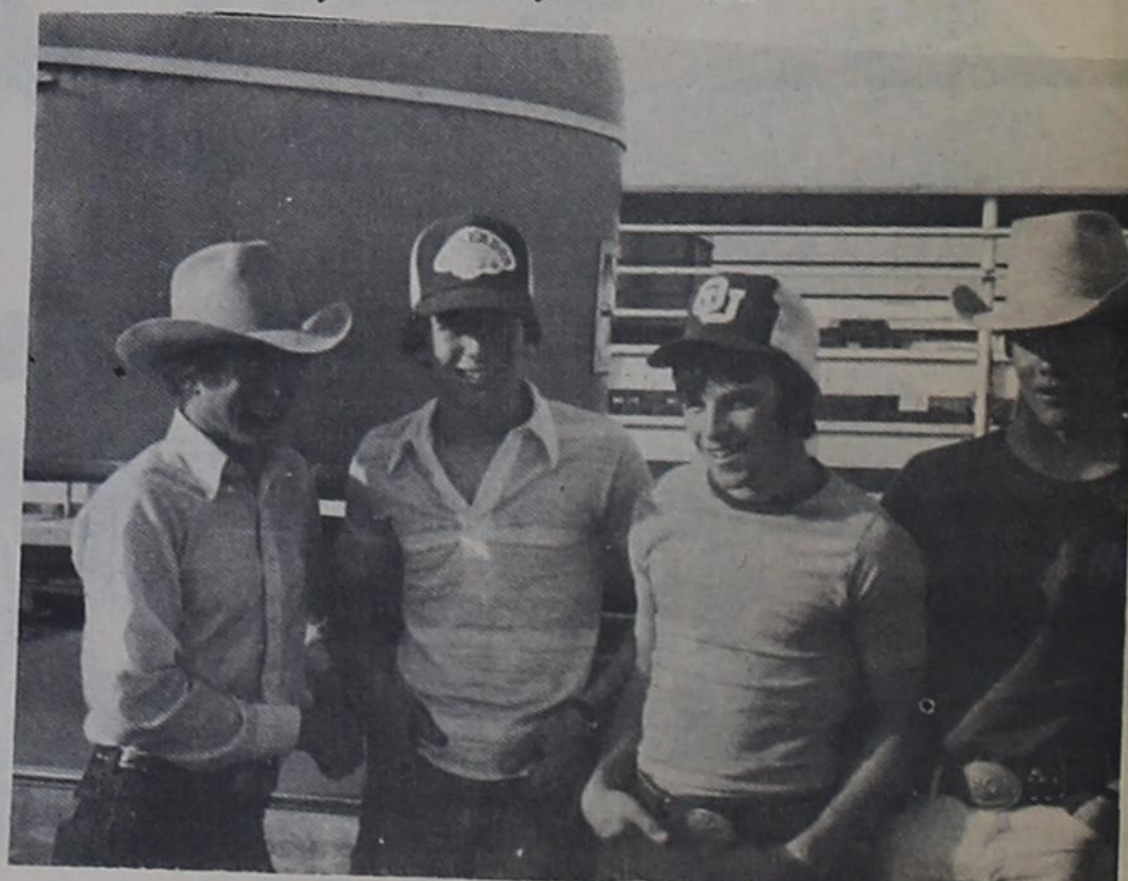

Many 4-H experiences happen at home, and this is where 4-H'ers actually work with their projects. So youth and their families work and learn together.

JAMIE MCANEAR'S SHORTHORN heifer was reserve champion Houston; first at Dallas, third at Ft. Worth, first at Tri-State Fair and Champion Cuyman Free Fair.

RODNEY MCANEAR'S SHORTHORN heifer won first in Dallas, and Ft. Worth and second in Houston.

Letter to the editor

Dear Editor:
The Breath of Life Campaign slogan for 1979 was "If you knew what we know about cystic fibrosis, you'd do anything to help." Millions of American

children, including those with cystic fibrosis, know what it's like to live with a life-threatening disease. They struggle for breath every day. They must hope that research and improved medical care will continue to

extend their lives.
On behalf of lung-damaged children throughout the United States, the Cystic Fibrosis Foundation extends sincere thanks to the many members of this community who did "everything" to help in the Breath of Life Campaign.
The Cooperative Senior High youth Group and Xi Lambda Xi

chapter of Beta Sigma Phi generously donated their time in the door-to-door march and raised a final tally of \$391.63. Their contribution is beyond measure. Their efforts will help to support Cystic Fibrosis Centers throughout the United States specializing in the diagnosis, treatment and referral of children with C/F and other

lung-damaging diseases.
To the contributors in this community, we send heartfelt thanks. Their hard earned dollars will provide much needed funds for research to find a control or cure for cystic fibrosis, a leading genetic killer of children.
With its widespread influence, The Clarendon press has taught more people what we know about lung-damaging diseases in children. Providing an invaluable public service, the newspaper, alerted parents to the signs of children's lung-damaging disease and to the importance of diagnosis and comprehensive treatment.
Yes, the Lone Star Chapter of the Cystic Fibrosis Foundation knows that lung diseases kill more children in this country than any other disease except cancer. Yet, we have hope. Through the humanitarian efforts of volunteers, contributors and the media, we may one day realize a future in which children no longer suffer from cystic fibrosis or any other lung-damaging disease. When that day arrives, the residents of Clarendon, Texas will have helped to make it possible.
Carol Bryant,
Donley County Chairman
Lone Star Chapter
Cystic Fibrosis Foundation

Q: I'm a middle-aged man of modest income and savings, married, have three children, and would like to draw up a will. Must I consult a lawyer, or is there another way that may be less expensive?

A: The number of factors involved in drafting a will, ranging from the choice of a guardian for children to coordination of life insurance, are so varied that each will should be individually prepared. Your local or statewide lawyer referral service can direct you to a lawyer familiar with estate planning who will provide a 30-minute consultation minimal fee.

Q: Recently I read in the paper about motorists being stopped for speeding. If they couldn't pay the fine immediately, in cash, they were taken to jail. Is this legal in the state of Texas?

A: A Texas resident driving a licensed Texas vehicle must be issued an order to appear in court for a speeding violation if the motorist gives his written promise to appear.
However, non-residents are often unable or unwilling to appear in court at a later date. For this reason, non-residents cited for speeding may be taken either into custody until a cash bond is posted or may be taken directly before a magistrate for disposition of the case and payment of the fine.

Dessa artist
By JEANICE WEAVER
Ruth Richardson, re Clarendon and former County School Superintendent introduced Dessa Day in 1965 and began for Dessa the most absorbing part of her life.
Early in her painting career Dessa had asked Ruth Richardson to "Put it on the board" and she did just that and she would scrape it and I would laugh "and I would again." Ruth is no longer here but Dessa remembers Ruth as a "keep-keep painting-keep-keep painting-keep-keep painting" woman whose energy was short of phenomenal lessons with Beverly and worked with some pastels. Later she learned from Don Ray Clarendon and taught Mary Hamilton M. Amarillo also taught Dessa learned from liked her as a person. of years later when some of her paintings were shown at the Center, Mary Mitchell one for her home. really good for her mother, to have a purchased by one of teachers.
Another teacher, man, who is Mollie mother, taught Dessa had an outstanding mix colors, according Day. Each teacher was a new experience Day.
For a short time she with Aylis Ayers, of and later took a Clarendon College with Ruth Porter. She had numerous workshops demonstrations in a techniques.
Dessa Day was of charter members of the Studio here in Clarendon and several other chapters kept the organization here in its infancy by ance. Dessa served as 2 years in succession for 3 time later... barely enough to hold when the roll grew bers were active acceptance time.
In 1976 Dessa was the Palette Award Clarendon Artist Studio award banquet in Ar later that year was the Donley County Trophy for her painting Clarendon Episcopal.
Although she has other media such as pastels, Mrs. Day paints an unlimited number of subjects. She recently studied the direction of James wards, head of the A ment at Clarendon C a widely recognized self.
Definitely not one individuals who need to occupy their time painted during the served as city secretary Clarendon, and secretary City Gas Co. and Loco, which later registered.
She teaches as school teacher at the Church where she is a member, is secretary Order of the Eastern a member of the Club. She gives books when she is approached enough ahead to work in. She does not give as in the past.
Keeping to her past not as easy as it might for her builder husband one home, they would get settled enough for and brushes to come house would sell and would begin again.

"A true artist holds open for someone something Mrs. Day believes but does."

Dessa Day talented artist

By JEANICE WEATHERLY
Ruth Richardson, resident of Clarendon and former Donley County School Superintendent, introduced Dessa Day to art in 1965 and began for Dessa one of the most absorbing pursuits of her life.

Early in her painting endeavors Dessa had asked how to begin and Ruth had said simply "Put it on the board". Dessa did just that and "Then she would scrape it off", Dessa laughed "and I would do it again." Ruth is no longer with us but Dessa remembers the promise Ruth asked her to keep--Keep painting--The promise has indeed been kept.

Dessa, whose energy is just short of phenomenal, began lessons with Beverly Edgett, and worked with some oils and pastels. Later she took art lessons from Don Ray and at this time she became seriously interested in art. Ray came to Clarendon and taught here.

Mary Hamilton Mitchell, of Amarillo also taught here and Dessa learned from her and liked her as a person. A number of years later when Dessa had some of her paintings in Amarillo at the mall in Sunset Center, Mary Mitchell, bought one for her home. That was really good for her morale Dessa relates, to have a painting purchased by one of your art teachers.

Another teacher, Alma Turman, who is Molita Greer's mother, taught Dessa also. She had an outstanding ability to mix colors, according to Mrs. Day. Each teacher and class was a new experience for Mrs. Day.

For a short time she painted with Auyllis Ayers, of Memphis and later took a course at Clarendon College under Kenneth Porter. She has attended numerous workshops, with demonstrations in a variety of techniques.

Dessa Day was one of the charter members of The Artists Studio here in Clarendon. She and several other charter members kept the organization going here in its infancy by perseverance. Dessa served as president 2 years in succession and again for 1 time later. There were barely enough to hold office and when the roll grew new members were active from their acceptance time.

In 1976 Dessa was presented the Palette Award from the Clarendon Artist Studio at an award banquet in Amarillo and later that year was presented the Donley County Centennial Trophy for her painting of the Clarendon Episcopal Church.

Although she has worked with other media such as acrylics and pastels, Mrs. Day prefers oils and paints an unlimited variety of subjects. She has most recently studied under the direction of James Ivey Edwards, head of the Art Department at Clarendon College, and a widely recognized artist himself.

Definitely not one of those individuals who need something to occupy their time, Dessa painted during the years she served as city secretary for Clarendon, and secretary of the City Gas Co. and Lone Star Gas Co. which later replaced City Gas.

She teaches as a Sunday school teacher at the Baptist Church where she is a long time member, is secretary of the Order of the Eastern Star and is a member of the 1926 Book Club. She gives book reviews when she is approached far enough ahead to work the time in. She does not give as many as in the past.

Keeping to her painting was not as easy as it might appear, for her builder husband finished one home, they would move in, get settled enough for the paints and brushes to come out and the house would sell and the routine would begin again.

Dessa retired in 1971 and her husband is retired also and the moves have stopped. The painting has fared better and most of her painting is done in her den at home where her easel and fluorescent lamp are always at hand.

"Begin and create your own technique--everyone has hidden talent" are words of encouragement she has for anyone who aspires to use brush and paint. Start and gain confidence along the way, might well be her own motto.

"A true artist holds the door open for someone else", is something Mrs. Day not only believes but does. She encour-

ages young painters and beginning ones too. After recent major surgery, her doctor, knowing she painted told her to get back to it as quickly as possible.
Dessa says painting is therapy for her--Dessa herself is an inspiration and therapy personified for those who know and work with her and are fortunate enough to be her friends.
