LIBRARY NOTES

By Mrs. C. A. Burton

Ralph Spence's screen biography of O. Henry is to be filmed soon under the title "The Lap of the Gods." Should make a good picture, especially for Texas.

Booth Tarkington, now 76 years old, has a new book "Image of Josephine." Reviews are conflicting, but readers are warned if they are looking for "Penrod" or "Alice Adams" they will find it interesting.

A. J. Cronin's "Keys of the Kingdom" is already on the screen, and if the show is true to the story, it will surely be good. George Perry's "Walls Rise Up" was first published in 1939, but has been out of print for some time.

### BARKER—CLARK

Miss Mamie Barker, daughter of Mr. and Mrs. Carl Barker of Clarendon, and James M. Clark, EH 2/c, son of Mr. and Mrs. F. S. Clark of Claude were married Saturday evening at seven o'clock February 17th at the First Methodist Church in San Diego, Calif.

Mrs. Marie A. Fowler, organist, played "O Promise Me," by R. D. Rowan, "Sweetest Story Ever Told" by P. M. Stults, Irving Berlin's "Always" and the traditional wedding marches, Wagner's "Bridal March" from Lohengrin and Mendelssohn's.

Mrs. F. S. Clark, mother of the groom was matron of honor. Robert James Broughton of Holyoke, Mass., shipmate of the groom, was best man.

The altar was flanked with tall baskets of lilies, white roses, ferns, and tall candelabra holding white tapers.

The double ring ceremony was read by Dr. George Warner, pastor of the church.

The bride wore a street length dress of white crepe with a sweetheart neckline and a small off the face white hat. She wore an orchid corsage and carried a small white Bible and lace handkerchief.

The groom's mother was dressed in black and wore a corsage of gardenias. The bride graduated from high school at Lelia Lake, and has been associated with the Piggly Wiggly in Clarendon for the past two years.

The groom having graduated from high school, entered the Navy in 1943. After graduating from the Electrical School in San Diego, he volunteered for submarine service and completed a year's sub patrol duty on the West Coast. Recently he requested combat duty and has received his orders.

While awaiting his transfer, the young couple are living in San Diego. Later, Mrs. Clark will return to her home in Clarendon.

### WILLIAMS—BULLINGTON

In a quiet single ring ceremony performed in the home of Rev. Quattlebaum at Stamford, Texas, Miss Mary Dean Williams, daughter of Mr. and Mrs. D. C. Williams of this city, became the bride of Petty Officer Francis Wendell Bullington, son of Mr. and Mrs. Frank L. Bullington, formerly of Clarendon.

The bride wore a lime green dress with brown accessories and a corsage of carnations and sweet peas.

Mrs. Bullington is a member of the Senior Class and will continue her schooling while Mr. Bullington, who has been serving with the U. S. Navy in the Hawaiian Islands, will return to San Francisco, Calif. for re-assignment.

### GILBERT—PLASTER

In an impressive double ring ceremony performed in front of the fireplace, Miss Hazel Oleta Gilbert, daughter of Mr. and Mrs. H. C. Gilbert, Willow Springs Ranch, became the bride of P. O. 1/c U.S.N.R. John Noble Plaster, son of Mr. and Mrs. C. N. Plaster, Canyon, Texas. The wedding took place in the home of the bride's parents in Clarendon at four o'clock Sunday afternoon. M. F. Manchester, minister of the Church of Christ, performed the ceremony.

Miss Wilma Dee Smith, the pianist, played "Liebestraume" (Liszt) while Miss Clynelle Gilbert, sister of the bride lighted the candles. Before the ceremony, Miss Smith sang "Always" (Berlin). For the processional she played the "Bridal Chorus" from Lohengrin (Gagner).

The fireplace where the couple stood was banked with sprays of fern and gladiol. On either side stood candelabra with white candles.

The bride's attendant as maid of honor was Miss Martha Faye Plaster, sister of the bridegroom. She wore a powder blue pebble crepe dress with white accessories. She carried a nosegay of pink roses tied with blue and white satin ribbon. John Howard Gilbert, brother of the bride, served as best man.

The bride was given in marriage by her father. She wore a dress of faun pink crepe with finger-tip veil held in place with orange blossoms. Her bouquet was a nosegay of pink roses tied with pink and white satin ribbon.

At the reception which immediately followed the ceremony, the two-tiered wedding cake was cut by the bride. She was assisted during the reception by her two sisters, Clynelle and Billie Lou Gilbert.

For the wedding trip, the bride wore a suit of shepherd check with black accessories.

The bride is a grand daughter of the late Charles C. Gilbert. She graduated from W.T.S.C., Canyon.

The bridegroom was graduated from W.T.S.C., Canyon, and for the past two and one-half years has been stationed in Hawaii.

Gladys Wright who is house mother at the Nurse's home at Northwest Texas Hospital at Amarillo, spent the week end at home.

Friends of Mrs. C. L. Benson Sr., who has been ill for two years, will be glad to learn that she is able to be up and about.

Mrs. Frank White returned home Friday after a 10-day visit at Galveston with her son and wife, Mr. and Mrs. Harold White.

### HOME MAKING GIRLS ENTERTAIN PARENTS AND FRIENDS

The first year Home Making girls with their sponsor, Miss Berry, entertained parents and friends in the Home Economics Department Friday afternoon.

The class and home projects were attractively arranged on tables so Mothers could see her daughter's accomplishments. The exhibit that attracted much attention was the section showing the many attractive uses of feed sacks. Nimble fingers can help overcome the war time cotton material shortage.

A very interesting program with Dolene Blair as leader was given with most of the girls participating. A pantomime, entitled "Bachelors Delema" brought much mirth, but the modeling of the dresses made in class aroused more interest. A brief outline of the work done in Home Economics was given by the leader. The music for the evening was furnished by Billie Hodnett.

The guests were shown thru the Department, and very flattering compliments were passed on the improvements that have been made since they attended here. This of course made us very proud as all the draperies, living room suite, two wool rugs, a sewing machine, silver, dishes and many more things including half of the frigidaire were bought with funds raised by the 'Home Making Department.

A very attractive plate of assorted sandwiches, olives, and fruit punch was served to Mesdames Mary Christie, Ed Speed, Harry Blair, D. T. Stevenson, E. C. Wood, G. M. Brown, H. A. Harrison, Bill Littlefield, O. D. McBrayer, P. K. Sloan, S. P. Pierce, B. N. Adams, G. N. Terry, G. D. Drake, Eurl Hodnett, Ross Darby, Buck Roberts, Walter Hutchins, H. R. King, Edd Mooring, W. N. Election Notice In obedience to the mandates of more than ten percent of the qualified voters in the City of Clarendon, as expressed by Petition presented to me, as Mayor, this the 28th day of February 1945, an Election is hereby ordered, to be held at the City Hall on April 3rd, 1945, to determine if the Voters of Clarendon desire to abandon the present Commission form of City Government and go back to the Alderman form of City Government, as was in effect before said Commission form of City Government was adopted, by votes cast at an election held, on April 17th, 1917.

The Petition also requests, that should the said election so ordered as above set out, be in favor of returning to the old Alderman form of City Government, then in due time, the Mayor is requested to call another special Election to elect five Aldermen, to serve until the next regular City Election on the First Tuesday in April 1946.

W. M. Patman is named Judge of said Election to be held April 3rd, 1945, and Walter Knorpp and Allen Bryan to be Clerks.

WAR MATERIALS EXCEED PRESIDENT'S WISH

When we started in on this war, the President suggested the wish that we might have sixty thousand planes built each year by January 1, 1945, as one item alone.

To January 1st this nation had produced: Naval vessels, 56,697. Combat ships, 1,091. Dry cargo, 3,114. Tankers, 634.

Airplanes, 246,845. Heavy bombers, 28,471. Fighter planes, 79,776. Transport planes, 19,547. Tanks of all types, 75,204,000. Armored cars, 14,767,000. Trucks over 2 1/2 ton capacity, 658,523,000. Radios, 4,459,000. Electronic equipment, 2,827,000.

Hitler refused to be afraid of the United States because, as he said, they won't forget the dollar long enough to produce any war materials to amount to much. And of course, it can't be done during 1945 any more than it could be done from January 1942 to January 1945.

Cecil Rhodes left Sunday night for Corpus Christi where he has work. Mrs. Rhodes will join him in a few days.

Mrs. Katherine Hancy is at her duties again in Dr. Lowell's office after recovery from an operation.

Army Relies On County's Fat Salvage

Donley County's 1,970 families can fill an entire day's medicinal needs of 739 battlefield casualties if each home will save one table spoon of waste kitchen fat, it was estimated today by the nation's largest single collector of this vital war material.

"There are few direct ways a wife, mother or daughter can help safeguard the life of a loved one at the fighting front, and salvaging used fats is one of them," said T. A. Connors, head of the Great Atlantic and Pacific Tea Company's national meat department. "The value of the 1-928,000 pounds salvaged by our customers throughout the nation last year is evident in the fact that a single pound of fat will process about 260 quarts of life-giving blood plasma."

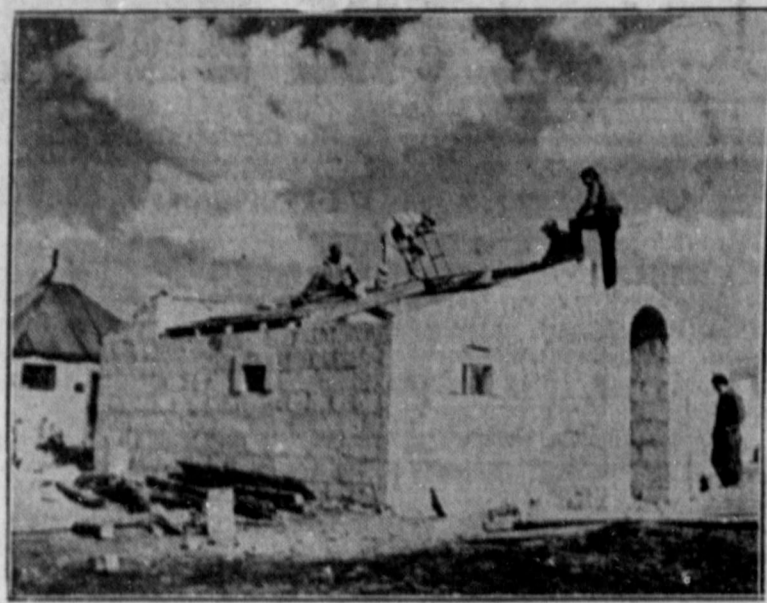

The increased tempo of the war has intensified the need for drugs, ointments and acids to ease pain and lessen mortality among our soldiers as well as for synthetic rubber, protective coatings and other vital war materials in which waste fats figure, Connors pointed out. Further, he said, the OPA has continued its offer of red ration points for each pound of grease turned in at stores.

"The importance of used fats in the manufacture of the implements of war and of thousands of products for the home front is widely recognized," he said. "But little is known of the miracles being worked by military medicine with the aid of converted fats. Donley County women, in making their contribution to this salvage drive, may take added satisfaction from the knowledge that even a tablespoon, or half ounce, of used fat will help make enough smallpox vaccine for 75 injections."

Other vital medication for which household fats are required includes tannic acid used in treatment of burns, some insulins for shock victims, tinctures of opium and gentian to ease pain, sulfa-diazine ointments for treating abrasions and fungus growths, and nitro-glycerine tablets as a heart stimulant.

Mr. and Mrs. Ollie Hommel and family of McLean visited Mr. and Mrs. Frank Hommel and family Sunday.

### ON THE SPOT

Just off the record Yours Truly sets down to give some news of last Saturday "Teen age Canteen Dance." While we are on the subject of "off the record"—so was the dupe music served by our juke box.

After meandering through the above preamble here comes a parable.

On the incomparable pairs who strolled through the crowd in a pathetic but thoroughly enjoyable attempt to dance.

On the spot, notations show that Tuffy and Kathleen appeared in order as if they were on a date.

And man! You should have seen the ping pong tournament. It was really going. I mean that Max and Goodner were really going to town.

Oh, those stags—those beautiful men who come by themselves! Why don't you bring one of us sometime Arvis, Jimmy and Max?

Due to circumstances beyond my control this is the end of my gleaming.

Gee! Aren't you glad?  
Signed,  
Yours Truly.

### CLUES OF CAMPUS COUPLES

Cold weather, snow, and rain doesn't stop Dan Cupid! No Siree! Budding romances are seen everywhere, and old ones are still growing. A few have been nipped in the bud (not by cold weather, though) but not many.

Patman and Carlile are still going strong, we hear.

McCrary and Beard have their differences, but if they survive that spat last Sunday night, they'll do okay.

Wilson and Mann are still dewey eyed too, but when Jr. goes to the Army, Klyda will have to step in with the rest of the lonesome Jills who are waiting for their Jacks to come home.

Nova Barker and Dana Ray Howerton aren't doing at all bad, either.

A romance that could start budding at anytime is between Francis Penbody and Joe Lovell. Come on, Joe! Don't be bashful!

Jack Ballew didn't waste much time when Lovy Stanley started to school. Well, can you blame him?

Alma Jo and Gene Harrison are seen together occasionally. What's the matter kids? Can't you get together?

Mary Ann Bromley and Sidney Harp make a cute couple. Is Sidney the masterful type that he appears to be, Ann?

Bobby Parker and Elise Norwood are stepping to town. Careful, Elise. A certain brunette senior might not like that too well!

Johnnie and Raymond are still seen together, but not as much as formerly. Too bad, kids!

The Lowdown on Lonesome Jacks and Jills.

What this war is doing to the female sex humanity, as well as the male! Among the "Lonesome Jills" we find Mary Christie, but she wasn't lonesome last Sunday, eh Christie! Mary Williams was also very happy this week. The Navy came home!

Others who keep up the morale of the United States Armed Forces are Joyce Nest, Elise Norwood, Jo Ann Blackwell, Ada Sue Smith, Helen Rhodes, Elois Elliott, Billie Jean Knox, Jeraldene Aduddell, and countless others.

Of course occasionally they step out for a breath of fresh air, but that's just when they remember that kangaroos aren't the only inhabitants of Australia that the practical minded English girl can also be very feminine and appealing, and that coy "oui, oui, Monsieur," has broken down many a good resolution!

### CHAPEL

Chapel Friday was one of the best chapel periods that we have had this year. The first thing on our program was Mrs. Mears and her first grade pupils. They sang and animated some songs for us, and were they cute! Following the first grade number we had a trio consisting of Louise Underdown, Ruby Jo Kidd, and Ardith Warren accompanied by Nita Heath. They sang "The Waltz You Saved for Me." They dedicated it to Mr. Drennan. Joe Alton Landreth played four greatly enjoyed numbers on the piano. The last of our program was a song by the Girls' choir.

All in all the program was greatly enjoyed. We wish to thank every one that had any part in putting it on. Let's all give to the Red Cross.

—On Pay Day, Buy Bonds—

Sidney Harp has a tan plaid shirt that is nice looking.

Mary Ann Bromley has a cute "Noonie" pin.

Kathleen Grady has a precious blue Mexican blouse.

Dorothy Tatum has a good looking brown corduroy slack suit.

Nova Lee Barker has an adorable pair of black patent leather shoes.

Lovy Stanley has so many beautiful "sloppy Joe" sweaters.

### JUNIOR HIGH NEWS

Rex Bradford is going to show a pig in the FFA show. Millard Lawrence, and Billy Richard are absent this week.

Betty Lou Taylor is a new pupil in the seventh grade.

We have nominated Billy Hodnett for our candidate for band sweetheart.

Juanita ran a close race with her.

Jack surely likes to play dominoes, don't you, Jack?

Faye and Margie had a hard time keeping their partner. Melvin you are going to make two of yourself.

Rex, did you and Joveda have a good time playing winkum?

Alma, you must not wave so hard the next time.

Don, we are sorry you are sick. Did you stay out too late Tuesday?

Bill and some boy from Martin are really getting thick.

### BAND PROGRAM AT JUNIOR HIGH

Friday the Band played at Junior High for their chapel program. They played a Spanish march, concert marches, popular music, and semi-classical. The choir which consists of fifty-one girls also sang for the Junior High folks.

### ORGANIZATION OF "C" CLUB

The football boys met the sixth period Wednesday to elect officers for their organization to be known as the "C" Club. Those elected were Bob Bentley, President; Joe Lovell, Vice President; George Bulman, Secy-treas.; H. R. Cowan, Bouncer; and Donald Beard, Reporter. The club was organized for the benefit of those who achieved outstanding honors in various sports. Meetings will be held twice each month and plans for social activities will be made.

### SOUTH WARD

Miss McGowan's room is studying about fruits and vegetables. They have made baskets of fruit this week.

Mrs. Mears' pupils entertained at the High School Chapel program Friday.

The third grade is sorry that James Taylor is still sick. The whole room is making Texas flags to celebrate Texas Independence Day.

The fifth grade has lost two pupils and gained two.

Mrs. Headrick's room is learning to spell the months of the year and days of the week. Charles Whetsill has moved.

Miss Mongole's room is drawing daffodils.

Mrs. Holland's fourth grade has just completed a unit on Citizenship. They voted on the pupils who were the best citizens.

Patricia Estlack was voted best citizen of the room.

### JUNIOR-SENIOR BANQUET

The members of the Junior and Senior classes are looking forward to the annual Junior-Senior Banquet. The banquet is to be formal and will be held on March 16, in the Methodist Church at 8:00 p. m. Price of the plates will be \$1.00. Tickets are on sale now, and the sponsors request that everyone buy his tickets by next Wednesday, as they wish to know the exact number planning to attend by that time.

After the banquet, the entire student body is invited to attend the formal dance at the Youth Center in the Legion Hall.

Mr. and Mrs. Perry Jackson and two sons Jackie and Louis of Houston visited Monday with their aunt, Mrs. Fannie Wilson.

### THE LAST ROUNDUP

Well, boys and girls, you have only one more week for your roundup of 1944 Income Tax Reports and 1945 Estimated Reports. You have enjoyed waiting, now, about as long as you can. As well as we know that you would like to be the last one to file your report, all can't enjoy that rare privilege.

JSSUM FLATS... MANPOWER-PLUS!

LELIA LAKE WHIRLWIND

Lester, Sylvia, Willie, Helen, Fancher and Reba are getting up pretty bad cases, eh, kids? Say, Bobbie, what has become of the engagement ring? Gene Polk went after Nova Lee last Monday night. Nice going Polk. Tena, Sylvia, and Lois Marie went to Vashit, Texas, two weeks ago. Have a good time kids? Ask Lois Marie what she thought about Lum. Chicken is leaving April 2 for the Naval Coast Guard. Good luck, Chicken. Helen seems to be two-timing the sailor she's engaged to. How are you Williams' sisters liking your new home? Earnestine and Lou Ella gave their cousin, Lee Fox, a farewell party last Monday night. It is said to be the best party of the year. Those present were Lester Myers, Reba Usrey, Fancher Davis, Helen Richards, Jay Neighbors, Dorothy Alexander, John Nanney, Sylvia Fox, Jackie Fowlkes, Beth Davis, Warren Neighbors, Lois Marie Williams, Monte Ray Wolford, Billie Ruth Kidd, Billy White, Iva Dell Williams, Lee Fox, and the hostesses Earnestine and Lou Ella. The Williams sisters' uncle, that is in the Navy, is coming home next week, and are they happy. Alice and Dudley got married.

Say, kids, what do you think of that? We had five boys to quit school last Thursday week. They were Roy Lee Gerner, Gene Polk, Buster Nance, Bill Reed and Chicken Weatherly.

CHAPEL

The Juniors and Seniors were in charge of the program Friday. It was unusual, but quite funny. They called it the Doctor I.Q. program. Earnestine was the master of ceremonies, Bobbie Ray the Doctor, Sylvia, Joyce, Jean, Lois Marie and Sylvia Faye, the helpers. And then they had "To Prove to You That People Were Funny." First, Lester was to describe Sylvia Faye, blind folded, to the audience, as she was dressed. Everytime Lester said something wrong, she hit him over the head with a frying pan. John and Willie ran a race eating apples. John won, so they gave him another apple for his prize. Reba proposed to Fancher by saying her ABC's. Then she said them as if she was angry, and happy. Sylvia had to say a tongue twister. Lois Marie had to eat crackers and sing, "You Are My Sunshine." Jay had to sing, Iva Dell play the piano, Billie Ruth played the rub board and Dorothy did the hulo-hulo to "Pistol Packing Mama." The audience chose the best ones by their applause. The winners were Lois Marie, Iva Dell, Jay, Dorothy and Billie Ruth. Helen played "Making Believe." June, Reba and Mante Ray sang

"Irish Lullaby." And June sang "There Goes That Song Again." Bobbie gave the latest gossip and Billie was Minnie Pearl. We enjoyed the program very much. The 1st and 2nd are in charge with the next one.

RED CROSS VOLUNTEER SERVICE

The Potter County Chapter of the Red Cross asked us to help them with an emergency quota for knitted, walking cast toe socks, and we want to thank the following for knitting these in such a short length of time: Mrs. Nova McClure, 6 and finished several more; Mrs. D. F. Wadsworth 6, Mrs. Ed Dishman 3, Mrs. Cap Morris 3, Mrs. Jack Molesworth 3, Mrs. Harry Ruddell 2, Mrs. Ernest Kent 2, Miss Mae Dishman 2, Mrs. Crockett Taylor 2, Mrs. Bill Riney 1, Mrs. S. C. Members of the Armed Forces who are on leave seventy-two hours or more are entitled to receive one gallon of gasoline for each day of leave up to 30 days. A Red Cross Field Director reports that there is a large influx of disabled veterans into Southern Arizona in search of health. He says there are practically no accommodations for anyone and the situation is becoming critical. Prescott, where the Whipple Veteran's Hospital is located, is over-run. It is urged that no one come without advance plans. The District of Columbia is providing scholarships for children between 16 and 21 of veterans of Wars I and II who lost their lives as a result of service. A maximum of \$200 per year is provided. Kentucky is providing free scholarships to inducted men in any institution of higher learning for time enough to complete any chosen course with everything furnished except board. Also members of the armed forces may operate motor vehicles without license. Mississippi permits servicemen who were inducted before completing high school to do so at state expense regardless of age. Thirty-two thousand industrial organizations are participating in organized apprenticeship programs, officially registered with War Manpower Commission. The Navy provides medical care for actual dependents of Naval personnel at Naval Medical facilities, but not dental care, nor medical care from other than Naval sources. Application must be filed by the serviceman himself or by the family. Mr. and Mrs. Cecil Rhoades left this week for Corpus Christi to make their home. MOOS OF THE MOMENT BY UNCLE BOB of the Kraft Dairy Farm Service

This is the time of year when a fellow feels like getting out and kicking up his heels, like your calves and colts do when spring comes around. Your cows may feel some of the same urge but in a more dignified way. But they need to be restrained from going on pasture until your pastures are ready for them. Otherwise they may undo all the good work that you did last year in building up your permanent pasture. Grass gets started on a healthy growth as soon as the weather begins to warm up, but if you let your cows graze before grass has gained height and strength, roots may be injured. The extension experts on pastures say it is best to hold the herd out of the pasture until the grass has had a chance to build up a little. Missouri's extension service points out that spring grass is "washed" and when you do turn your cows onto pasture, they will need a large amount of starch and fat to hold their condition. Continue to feed a small amount of hay and a grain mix for a week or two after they are first turned out and on through the pasture season for your high producers.

There are times when I could use a minute-stretcher to lengthen the day and get more things done. Such a machine doesn't seem to be on my list of available supplies but back East they have figured out how to stretch seed. Noting that certain seeds are limited this spring, Cornell University offers suggestions on how to make seed go farther, by keeping seeding rates down. Northern grown alfalfa, alsike and ladino clover are among the seeds which are indicated as likely to be short. But farmers can help themselves and their neighbors by reducing seeding rates, through use of mixtures. Cornell, in its January Dairy Farm Service Letter, suggests alfalfa-clover-timothy as one mixture to stretch alfalfa. Six pounds of alfalfa per acre in this mixture will give as much hay in the second year as a much heavier rate, if growing conditions are favorable, the letter says. Clover helps the yield in the first year. Alfalfa-brome has proved of high value in many areas. No doubt there is a mixture recommended for your locality and I suggest you ask your county agent.

Here are the simple steps recommended: First rinse utensils immediately after milking. Uncle Bob PUBLISHED NOW AND THEN BY THE KRAFT CHEESE COMPANY

MILL IRON is Building for COMMERCIAL HERDS... Many years ago Mill Iron conceived a plan, whereby the commercial cattleman would be enabled to improve and develop his herd to a high point of selling value at low cost to himself. The idea of producing quality Hereford bulls in quantity, to sell at reasonable prices has become an integral part of Mill Iron policy. This fundamental idea is the basis on which, thru the years, we are building an enduring structure which will perpetuate the quality and uniformity of our Hereford line. Each year Mill Iron is making new friends among commercial cattlemen, because they are learning that Mill Iron Breeding is the key to high meat quality. **Some Facts About Mastitis**  
Dairymen agree that mastitis is taking a high toll of milk production and is sending more dairy cows to slaughter than any other one thing. Here is a brief statement of what mastitis is and what can be done about it.

1. Mastitis merely means inflammation of the udder.
2. Chronic mastitis is a progressive inflammation of the udder characterized by frequent or occasional acute activity. Acute attacks may occur at any time, but occur more frequently at the beginning or end of the lactation period.
3. The udder may contain knots, lumps, or indurated areas or the quarter may become "blind" as a result of the infection and resulting fibrous tissue formation.
4. Various factors such as improper feeding, improper milking, either by hand or machine, and poor sanitation influence the rate of spread or the severity of infection. It cannot be emphasized too strongly that the true cause of chronic mastitis is a specific bacterium.
5. The biggest single source of infection is the badly diseased cow. The more marked the udder changes, the more apt the cow is to be eliminating the bacteria in the milk. If all cows with visibly affected udders were placed at the end of the milking line, the greatest source of infection would be removed. If such cows are not removed from the milking line, eventually all animals in the line become infected.
6. There is little natural or artificial immunity in chronic mastitis. Vaccination in this type of infection has not proven satisfactory.
7. Calves fed on infected milk may infect each other by sucking and the infection persist in the udder until the first calving. Such infected heifers may have a blind quarter or become spreaders at their first calving. If infected milk must be fed heifer calves, it should be pasteurized.

8. Udders and teats should be protected from injury. Many cases of mastitis develop following an injury to the teats or udder. Such injuries provide ideal conditions for infection with the streptococcus.

9. The bacteria of chronic mastitis do not cause disease in man. They are ordinarily found only in the udders of cows.

10. Pasteurization kills the organism; it has no resistant stage. (Next week the "Control and Treatment of Mastitis" will be given).
