Martin Baptist to

hold revival

Donley County residents have come several steps nearer to having a county jail with recent developments.

At the regular session of the Donley County Commissioners Court held on Monday, March 10. 1980 a motion was made by William Chamberlain to authorize Donley County Judge W.R. Christal to sign Phase II of the jail contract submitted by Correction Consultant Associates. The motion was seconded by Claude Moore and there were no dissenting votes.

This contract concerns the blueprints and specifications for th new jail to be constructed on the site of the one now standing.

After more than two months of almost daily work, correspondance, phone calls and trips, Judge Christal has gained approval from the Texas Historical Commission and the National Historical Council in Denver, Colo. to tear down the existing jail. to tear down the existing jail.

Due to the determination of the County Judge the historical organizations were convinced there were extraordinary circumstances in the Donley County jail situation and they moved to rescind the historical site designation after their inquiries. teams scored 94 points to Prior to the work which he did to remove the historical site listing on the old jail, Judge Christal was told there was not the Clarendon JV finished 4th out of slightest chance of the approval for removal of the old building. He has saved the taxpayers the expense of purchasing other property, not nearly as suitable long jump-5th Lynn Thompson, should be very near the courtroom, to make trips from the cells to the court room as quick and easy as possible for

Both Judge Christal and the historical societies with the cooperation of the commissioners court, are to be commended for the work they did to better Donley County's jail situation.

Cost estimates on the new building will be reported when the blueprints and specifications are completed.

As for funding, application was made for an unbudgeted grant--and there were no funds available from the Criminal Justice Division for unbudgeted

Old Clarendon Landmark undergoes a facelift

Panhandle, Established in

Probably all Clarendonites 1885," known as Stocking Drug South Kearney Street and has caused many observers to issue. seeing the old Clarendon Land-reflect and to conjure up historic past of our proud city. If you have taken note of this building lately, you obviously were made aware of the fact that the old sign has been replaced by a brand new sign reading "Todd Building Since 1976". So each sign was and is correct.

Stocking's Drug Store was the business which laid claim to being the oldest store in the Panhandle, but it closed several years ago after the passing of Jerome Stocking, descendant of the first owner. Eventually, Bill Todd, a long-time furniture business man, purchased the building. Since that time a cancers of the lung, esophagus, complete line of bedding, recliners, dinettes, etc., have replaced the medicine bottles and pill boxes of an earlier era.

Just recently Bill Todd and T

and M Furniture have completed a face-lift job of the old landmark building by remodeling it inside and out. The interior was modernized by lowering the thirteen-foot high, ornamental metal cellings, installation of florescent lighting, paneling the plastered walls, and carpeting part of the store. The combination of vertical siding, metal window units, a large glass and metal entrance door, plus a bright, new awning all give the exterior of the building a inviting, contemporary look. The improvements of rich woodtones in the walls, the new carpet, and compatible paint make the store an attractive, comfortable, and pleasant place to shop.

Todd uses the knowledge and experence he has gained in his 35 years of the furniture business in selecting and specializing in items calculated to give his customers twenty-four hour daily comfort. This fete is made possible when customers choose from the wide selection of bedding, recliners, and dinettes. A good price range of these items is intended to accommodate all customers.

The big 35th anniversary celebration sale begins Thursday, March 14. The public is invited to help us celebrate. FREE coffee and doughnuts will be served Friday and Saturday, March 14 and 15.

Prices have been slashed especially low for this anniversary sale. However, customers who make regular visits to T & M Furniture find that outstanding low prices are available every day of the year.

See the T & M Furniture special ad on page 5 of this

Conservation project funded Donley County for 60 years, will be held at 11:00 a.m. on

Announcement was made recently by congressman Jack Wilbert Bernabe, pastor, offici-Hightower, of Vernon that the North Rolling Plains Resource Conservation and Development project has been funded.

Applications for the project have been pending for several years, according to Hightower. Persons here in Donley County stated that some of the board members of the 8 boards to be activated, may not remember they are still part of the membersip after 10 years. This information came out of a meeting held earlier.

Jim Donaho, with the Donley County SCS will initate the program as funded and after that point the responsibility for the continuation of activity in regard to the proposals.

Ready to act as advisors to the local representatives are Jerry Gage, Jim Donaho, Bob Kowen and Ronald Gooch.

Where your **Girl Scout** donation goes

As an explanation and to clarify where the money goes in our local Girl Scout Fund Drive, the majority of the money comes back to our own Neighborhood in services and help to our local Girl Scouts and their leaders.

This help is available through the Quivira Girl Scout Council Office located in Pampa and is in the form of materials, trained workers, and other needs essential to a strong Girl Scout Program. In addition to the above, a certain percent of the money goes for maintenance and improvements of Camp Cibola, north of Clarendon, which resident camp our local Girl Scouts attend.

In 1979 eight TEEPEE TENTS were erected being 16 ft. in diameter and 16 ft. tall erected on concrete slabs and made of white ducking. Plans are underway for construction of six wooden cabins, 20 ' 14 ft with concrete floors, to be completed for the 1980 Summer Camp which will be three weeks in July.

Camp Cibola serves the entire Quivira Girl Scout Council made up of ten counties of which Clarendon Girl Scout Neighborhood is a part.

Funeral services for **Nina Dale**

Funeral services for Agnes Nina Dale, age 77, a resident of Thursday, March 13, 1980, in the First Christian Church, with ating. Interment will be in Citizens Cemetery with the arrangements under the direction of Robertson Funeral Direc-

Mrs. Dale died on Monday evening, March 10, 1980 in Guadalupe County Hospital at Sequin, Texas. She was born on March 23, 1902 at Hardy, Texas and came to Donley County in 1920. She was married to the late John Sam Dale on July 24, 1926 in Clarendon, and they lived in the Goldston Community until his death in 1955. Mrs. Dale has served as County Treasurer of Donley County since January 1967. She was a member of the First Christian Church and a supporter of Community Activities.

Survivors include a daughter, Mrs. Lucille Bier of Sequin, Texas; three sisters, Mrs. Bill Gibson of Dallas, Mrs. Roy Morgan of Tucumcari, N.M., Mrs. Thomas Clayton of Memphis; two brothers, Vernon Brame of Fritch, Texas, Herman Brame of San Bernardino, Calif.; and three grandchildren.

Casket bearers will be Tommie Saye, Clyde Hudson, Jimmy Thompson, Otto Elliott, Maurice Risley and Jerry Haw-

Mrs. C. Welch. Hedley Woman, Dies Feb. 27

Mrs. Clarence Welch, who lived in Collingsworth County almost 35 years before moving to Hedley in 1953, died in Hall County Hospital Memphis Wednesday, Feb. 27, at 3:40 p.m. after a lengthy illness. She was the mother of Mrs. Lonnie Neeley and Wade Welch of Wellington.

one nad been an active member of Baptist Churches here, and of First Baptist Church, Hedley, where she was also a member of the Ladies Sunday School Class.

The former Gussie Lottie Roy, she was born December 4, 1899, in Sweetwater, Tenn., the daughter of Rote and Della Thomas Roy.

The family came to Collingsworth County in 1919, and she was married here to Clarence Welch August 25,

She lived in the Shinnery, Houselog and Midway communities until 1953, when she and Mr. Welch moved to Hedley.

Funeral services were conducted at First Baptist Church, Hedley, Friday at 2 p.m. with the Rev. Wayne Naylor, pastor, and the Rev. Robert Shields of Bible Baptist Church, Comanche, officiating. Burial was in Rowe Cemetery, Hedley, under the direction of Guy Owens Funeral Home.

Pall bearers were Jack Moreman of Clarendon, Hobart Moffett, Connie DeBord, Paul Stewart, Don Springer and O'Neil Weatherly all of Hedley.

Survivors are her husband, Clarence Welch of Hedley; one daughter, Mrs. Neeley; four sons: C.E. Welch of Clarendon, Wade Welch. William Worth Welch of Dallas and Cecil Welch of Amarillo.

Four sisters: Mrs. A.B. Clark of Athens, Tenn., Mrs. Louella Culwell of Wichita Falls, Mrs. Ruth Riggs of Beaumont, and Mrs. Lestie Fuson of Hollis; one brother, H. Lee Roy of Athens, Tenn.: 6 grandchildren and four great grandchildren.

With the bonus strategy, a farmer who applied a certain level of conservation would receive a bonus. Farmers who are doing an adequate job of soil conservation would be certified each year as conservation managers. This would entitle them to a monetary incentive. This incentive would be tied to existing USDA farm programs. For example, a conservation farmer could receive encreased cost sharing under the Agricultural Conservation Program. Incenties might also be provided to reduce the interest rate on USDA loans and lower the crop insurance rates. Tax reductions by state or county in return for

Minnie M. **Mabery rites** held

Mrs. Minnie M. Mabery, 97, died Thursday, February 28,

Services were at 3 p.m. Saturday, February 28, in Martin's Funeral Home Chapel. Burial was in Nubbin Ridge

Mrs. Mabery had lived in Granbury 12 years.

Survivors include five daughters. Mrs. J.A. Vaughn of Granbury, Mrs. Juanita Graham and Mrs. Ola Price both of Clarendon, Mrs. Yeida Horton of Seminole and Mrs. Maefair Bratton of Amarillo; two sons, Belvin Anderson of Borger and Roscoe Mayberry of Granbury; a brother, Fred Smith of North Carolina; 23 grandchildren; 61 great-grandchildren and many great-great grandchildren.

another type of bonus that is possible. The amount of the bonus would be based on the amount of conservation the farmer achieved. The farmer's certification for bonuses could be withdrawn if he removes conservation practices without replacing them with an equally

effective conservation system. USDA would look to the states and to the locally elected officials to make this strategy work. Working with each state, USDA would determine the areas where present resource problems present the greatest threat to future food and fiber production. Farmers in those areas would receive priority for the bonuses. Local officials would certify farmers for conservation bonuses and check on their compliance with the pro-

The contracts with farmers strategy suggests that through contracts with the government, farmers could receive payments for conserving resources. In effect, the public would by buying conservation from the farmer. A farmer who reduces soil erosion, for example, would be paid for each ton of soil he prevents from eroding. He would continue to receive these payments as long as he maintained the erosion control system and kept erosion to a level that did no jeopardize food and fiber production or water quali-

Before a person entered in such a contract, his land wo be inventoried. This wou determine the extent of signi cant soil erosion, water loss, ar other serious resource problems. VA question and answers

Q -- I am a World War II veteran and am now 65 years of age. Do I automatically qualify for a Veterans Administration pension?

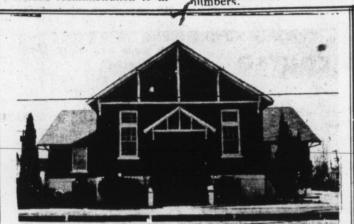

A -- No. You meet the age and wartime-service requirements. However, you must also meet

the income and net worth requirement. For a veteran without dependents, the annual

income limit is \$3,902. Q -- When I visit or call the Veterans Administration to in-

quire about my benefits it seems that my number is more important than my name. Why? A -- Your claim number or

social security number permits the VA to identify your records more quickly and determine what benefits you are entitled to. Your name is important. But consider the fact that there are more than 30 million names in the VA records system. Many are identical. There are no duplicate social security or claim

A New Testament Church following the precepts of God and the teachings of the

FIRST CHRISTIAN CHURCH

Wilbert Bernabe, Pastor

Raenell Shadle employee of the week

Raenell Shadle has been employeed by Texas Saddlery for about one and a half years. The leather work she does has a secial significance because her husband is a cowboy and he uses leather tack in his work.

Raenell is a seamstress, using a commercial size Adler 104 machine to sew the various jobs she has been taught to do in the shop. Rein making is one of the jobs done in the shop where Raenell works. This is an undertaking with quite a number of steps beginning with cutting the leather strips, tying and numerous other steps to make the completed product.

Work on the reins is done to stockpile the item for the warehouse to fill orders as they come in. Even though the work may be on reins for some time there is not the rigid routine attached to many jobs. It is just one of the things Raenell enjoys about her job, the absence of the type routine. Each piece of leather is different to some degree, and it works a little differently. Mrs. Shadle finds the smell of leather pleasant and the other persons with whom she works good companions. In short she likes her job.

Wanda Holman her superior described her attitude in these words, "Raenell is loval to the ob and has a fine attendance record". She does her best in her endeavors at the shop.

Raenell is married to Joe Shadle and they live on the J.A. relatives, returned home Febcamp at Ashtola with their two sons, Brad, 9 and Michael, 7 vears old.

COCONUTTY CHOCOLATE GEMS

3 squares Baker's semi-sweet chocolate

1/4 cup peanut butter 1 cup sweetened condensed milk

1 teaspoon vanilla (optional) 1/4 teaspoon salt (optional)

1-1/3 cups (about) Baker's Angel Flake coconut

Melt chocolate in saucepan over very low heat. Add peanut butter and stir until smooth. Remove from heat; add milk, vanilla, salt and coconut and mix well. Drop from teaspoon onto well-greased baking sheets. Sprinkle with additional coconut, if desired. Bake at 3500 for 10 to 12 minutes. Remove from baking sheets while still warm. Cool on racks. Store in a tightly covered container. Makes 3 dozen cookies.

read March 4th

Stanley-Leathers vows

Nuptial vows for Angela Deone Stanely and Richard Murray Leathers were read Tuesday, March 4, 1980 in the Little Chapel in the Woods, at Texas Women's University, in

The Rev. Howard Hard, officiated at the 2 p.m. cere-

The bride is the daughter of Mr. and Mrs. Jackie W. Stanley, of Denton and the groom's parents are Mr. and Mrs. Johnny E. Leathers, of Clarendon.

The bride was given in marriage by her father, Jackie Stanley. Attendants were Johanna Dixon, of Ft. Worth, serving as maid of honor and Misses Cynthia Stevens, of Albuquerque, N.M. and Melanie . Hipp, of Brownfield as bride maids.

Best man was David Leathers, brother of the groom, from Clarendon, and groomsmen were David Stanley, brother of the bride, of Denton and Dusty Dobb, of Dimmitt.

Following the ceremony a reception was held in the Denton Area Teacher's Credit Union. After the reception the couple departed for Arkansas on a wedding trip. Upon their return they will make their home in Ft. Worth.

Mrs. Leathers was graduated from Denton High School in 1976 with honors, attended Baylor University 3 years and graduated from Texas College of Medical and Dental Assistants in January, 1980.

The groom was a Clarendon High School graduate in 1975, and attended Wayland Baptist College for two years and graduated from Baylor University in December, 1979, with a B.A. in Religion. He is currently attending Southwestern Baptist Theological Seminary in Ft. Worth. He is a member of Alpha Epsilon Chi Fraternity.

Martin Quilting Club has meeting

The Martin Quilting Club met February 21st. at the home of Flossie Reynolds. The quilt belonging to Jondel Moffett was finished and everyone enjoyed the delicious lunch.

The ten members present: Flossie Reynolds, Hazel Edens, Melba Risley, Pam Hart, Jo Hardin, Janan Koontz, Anna Belle Blasingame, Eunice Land, Mary Lee Nobles, and Jondel Moffett.

Guests included Mrs. Bea Butler, Dixie and Amanda Ward, Andrea Hardin, Nathan and Amy Koontz, Brendan and Lana Moffett.

Next meeting will be on the first day of Spring, March 20th. at Melba Risley's. We want all the members to attend and guests are welcome.

Working parents you may have a **IRS** credit

Working parents whose earned income and adjusted gross income for 1979 was less than \$10,000 and had a child living with them, may now be Church Service eligible to receive up to \$500 in Evening Service earned income credit. In order to claim the credit, those eligible must file a return even if they owe no tax. The credit is based both on their earnings and adjusted gross income. For incomes over \$6,000, the credit declines on a sliding scale and phases out completely once a Worship Service person's income reaches

The new change also allows Prayer Meeting individuals to receive advance payments of the credit each payday. Qualifying persons should ask their employers for and fill out Form W-5 "Earned Income Credit Advance Pay- Sundy School ment Certificates."

Page 2 of the federal tax Evening nstructions has details about how to claim the earned income Night Service credit. Taxpayers with questions should call the IRS toll-free number listed in the local telephone directory.

Q -- I was injured in World War II service but have never filed a claim. Is it too late to do

A -- No. There is no time limit for filing a claim for compensation. Contact your nearest Veterans Administration office.

When will the last freeze hit?

Farmers as well as gardeners get the urge to plant spring crops just as soon as there are a few days of warm weather. But there's still plenty o time for freezing temperatures over much of Texas, according to data compiled by the National Weather Service at Texas A&M University.

tural meteorologist, has compiled information on the last freeze dates for the various in 10 years) is April 6; "average districts of the Texas Agricul- (5 in 10 years) is April 22; and tural Extension Service. In the table below, "early" represents

represents a 50-50 chance of freeze after the date indicated while "late" indicates only a 10 Keith Hayes, NWS agricul- percent chance of a freeze occurring after the date shown. In the Panhandle "early" (9

"late" (1 in 10 years) is May 6. early. Due to a generally milder a 90 percent chance for a freeze winter season so far, the (32 degrees F.) later than the "odds" are good for an "early" date indicated. "Average" spring, notes Hayes. In other

words, chances of a freeze later than the "average" date listed above will likely be slim.

So, farmers and gardeners will want to keep that date in mind when planting warmseason crops that could suffer freeze damage if planted too

"Believe you have it, and you have it." Latin Proverb

YOUR VOTE AND INFLUENCE WILL BE APPRECIATED

W. R. "BILLIE" CHRISTAL

CANDIDATE FOR COUNTY JUDGE DONLEY COUNTY

PAID FOR BY W. R. CHRISTAL SUBJECT TO ACTION OF THE DEMOCRATIC PRIMARY

HERE'S HOW CENSUS RESULTS HELP OUR COMMUNITY

APPORTIONMENT OF CONGRESS

The U.S. Constitution (Article I, Section 2) requires the apportioning of seats in the House of Representatives based on the population of each State. If everyone in our community is not counted in the 1980 census, we could have reduced Congressional representation in the Congresses to be elected in 1982, 1984, 1986, 1988, and 1990.

FEDERAL AND STATE AID PROGRAMS

A significant part of our local government's. budget is based on revenues received from the State and Federal Governments. Many of these aid programs use census statistics as a fair way to distribute funds. Examples: Revenue sharing, community development, health, education, highways, job training, school lunch program, economic development.

HOUSING FACTS

The 1980 census also will measure the status of our housing. The number of rooms, types of heating and cooking fuels, value of the property or rent paid, plumbing facilities, utility and other costs-all these census facts will give us a statistical snapshot of our living quarters and help our community plan for future housing needs.

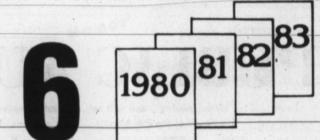

STATE LEGISLATURE REDISTRICTING

Our State legislative districts also are dependent on census population totals to assure fair representation. Other election and administrative boundary lines often are based on census statistics. It's the fair way to make sure that your vote carries the same relative weight as every other vote in the

POPULATION **FACTS**

Each population question on the census questionnaire produces statistical totals which will help us better understand how our residents are doing. Age, race, sex, marital status, educational level, ethnic background, occupation, employment status, income, veteran status-these are important facts we need to have to draw a statistical profile of our community.

PLANNING AHEAD

Without accurate information, no one in government, private business, or a civic organization can plan ahead with confidence. The 1980 census will give our community solid facts on which to base our future actions in many activities during the years to come. Answering the census is an investment in our future.

Statement Of Intent To Change Rates

General Telephone Company of the Southwest, in accordance with the Rules of the Public Utility Commission of Texas, hereby gives notice of the Company's intent to implement a new schedule of rates in Texas effective April 1,

The proposed changes in rates will affect all customer classes and are designed to increase the Company's gross annual revenue derived from local service by 37%.

A complete set of revised rate schedules has been filed with the Public Utility Commission at Austin Texas, and is available for public inspection in each of the Company's Business Offices in the State of Texas. A summary of the Company's rate filing has also been sent to the Mayor's Office of each affected municipality.

Upsilon Epsilon was held at the her family have recently moved home of Mrs. Nonie Nixon, to Pampa. We'll miss you, March 5, 1980. The new Beta Darla!

Sigma phi Chapter had its regular business meeting including plans for a Community Easter Egg Hunt and a Little Miss and Master Donley County for youngsters. The chapter is working toward building the Community Center Fund.

After the meeting Mrs. Fuzz Mooring introduced Miss Leslie Schnaufer who presented a program on emotions. Miss Schnoufer was honored by being the first guest the chapter has had. Thank you Leslie, we enjoyed it!

Sunday, March 2, some of the Alpha Upsilon Epsilon crew surprised Mrs. Darla Putman with a ride to the Dairy Queen, a treat and a small token of

The sixth meeting of Alpha sisterly friendship. Darla and

> A week later on Saturday, March 8, Mrs. Sandra Eades was honored at a baby shower hosted by the Alpha Upsilon Epsilon girls and friends. Sandra received many beautiful gifts for her first little one. Than you all for coming and Good Luck Sandra and Eddie!

Mrs. Denise Grady received a few surprise gifts at the February 26 meeting of Alpha Upsilon Epsilon. A wish of good-luck is in order here. They're having their second child soon. We hope you have what you want Grady's!

A last little note of thanks goes to Mrs. Pat Allen. Pat was originally the chapter's first guest and has been a special guest at many of its meetings. She is the friendly venture person and has been involved from the beginning. We really appreciate the time and advice you've given us. Thank you so much, Pat!

With lots of new ideas and enthusiasm, the eleven members of Alpha Upsilon Epsilon have just begun to build a new life as members of Beta Sigma Phi. Best wishes, girls!

Electricity travels at about the same speed as light.

Electricity is delivered at nearly the speed of light-186,000 miles a secondequivalent to traveling 7.5 times around the earth in a second. Therefore, says the Edison Electric Institute, the association of America's investor-owned electric utility companies, electricity is used at almost the same

instant it is produced.

God's Creation gets man's attention

By WAYNE NAYLOR

'For the wrath of God is revealed from heaven against all ungodliness of men, who suppress the truth in unrighteousness, because that which is known about God is evident within them; for God made it evident to them. For since the creation of the world His invisible attributes, His eternal power and divine nature, have been clearly seen, being understood through what has been made, so that they are without excuse." Rom. 1:18-20.

Sam Jones said, "The mountains aré God's thoughts piled up. The ocean is God's thoughts spread out. The flowers are God's thoughts in bloom. The dew drops are God's thoughts in pearls." Look up from the valley to the mountain peak; the grandeur is amazing. Look down from the mountain peak to the plains or valley; the height of it is scary. Some of God's amazing handiwork was done in our own Palo Duro Canyon's. Arthur Scoggins, a Methodist Minister, who wrote "From Saddle to Pulpit", grew up in the Palo Duro Canyons and left a job with the J.A. Ranch to enter the Ministry. In his book he describes the influence that the things God had made and placed him in the midst; had influenced Arthurs final com-

mitment to Preach. Walt Arnold became World Champion Steer roper in 1969. His and his daddy's ranch was on the plains overlooking the Palo Duro and with the success of a World Championship there seemed to be something lacking. He would go out to the edge of the canyons and observe what God had made and talk to the maker. In Phoenix, Arizona he came to complete awareness of God and himself and joined the (Rodeo Division). There were seven people at the first meeting and since then; there are 1100 members of this group. Walt was the second president of the National organization.

Wilbur Plaugher the Dean of Rodeo Clowns has been a member of it along with Walt from the beginning. The Fellowship of Christian Athletes (Rodeo Division) is sponsoring a Cowboy Camp meeting at the Auditorium in Silverton, Texas March 22-25 with services nightly at 7:30. Wilbur will be there on the 23rd along with others to assist those who have been spoken to by God's Creation and want to know the Creator better.

Lions Tale

Fellowship of Christian Athletes Ceremonies, Lion Mark Nixon introduced Mr. Joe Mondi womens basketball coach at Clarendon College, who brought told us about a recent recruiting trip which he and Lion Nixon had made.

TENRAC awarded a grant

A grant of \$844,800 has been awarded to the Texas Energy and Natural Resources Council (TENRAC) for continued funding of the Texas Energy Extension Service (EES), it was announced today by G. Dan Rambo, Dallas, Regional Representative for the U.S. Department of Energy.

The EES was established by DOE in 1979 as a federal-state partnership to offer personalized information and technical assistance on energy conservation to smallscale users, such as families, owners of small businesses and local governments.

The approved plan inlcudes funds for offices in Houston, San Antonio, El Paso, Arlington, and Lubbock. The Texas program will focus on the small business and residential sec-

Energy conservation information also will be disseminated to local government officials, architects, and home builders.

A two-year EES demonstration program proved the program cost effective, because the value of the energy saved exceeds the participants' investments and the federal funds provided for the program.

The demonstration program was conducted in 10 states, including Texas. Each state was provided \$1.5 million. EES programs are now underway in 57 states and territories.

Each state plan is designed and implemented by the state. Those interested in participas ting in the program should contact the TENRAC office in

GIRL SCOUTING: Where The Future Begins

EXPLORING

In the wilderness or at home, Girl Scouting opens up new worlds for young women. They come into contact with nature, investigate nev. career opportunities, learn the skills necessary for survival. Scouting broadens a girl's horizons. We salute our Scouts on their 67th anniversary.

GOODS CO.

COOPERATING

In their families, their neighborhoods, their communities, Girl Scouts are exploring the world of people around them. Learning from them and giving to them, Scouts come to understand and get along with a variety of people We support the role of

HENSON'S

LEADERS

Girl Scouts are actively involved in trying to make our world a better place to live. Through projects in ecology, arts and crafts, science, physical fitness and more, Girl Scouts develop a sensitivity to the problems of today and the challenges of tomorrow

J & W LUMBER

CONTRIBUTING

Girl Scouting develops strong women, women capable of handling the new roles and opportunities that have opened up for them in recent years. Through challenging projects in a variety of areas, it prepares our women for the world of tomorrow. We believe in Girl Scouting!

THE TUMBLEWEED

DEVELOPING

Scouting encourages girls in our community to become strong, self-reliant women Learning new skills, relating with people of differing backgrounds, they gain self-awareness and direction. Our Girl Scouts are tops

THE NOOK

CHALLENGING

Through a variety of projects in the community, Girls Scouts are enriching the lives of our people. Their work with the elderly, the sick, the underprivileged, their efforts to better the environment deserve our support!

BYLOW FOODS

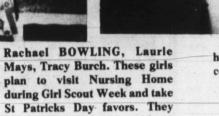

MAKING NEW FRIENDS

Barriers of religion, race and color disappear, as girls from varying backgrounds and nationalities come together to grow and learn new skills. Girl Scouting teaches young women how to get along with each other and build lasting friendships.

Cibola Camp Cibola, Camp Cibola

What a grand and glorious When you step out of your tent

Nature splashes in your face.

When you're hiking or you're swimming, Singing songs, you're making friends.

You'll be sure to come the next

Cause the fun will never end. The above poem, begun in 1971 by a Brownie Unit at Camp Cibola, was completed in 1979 by 3 of those Brownies who became Senior Aides! The song is sung to music "Clementine," and the first stanza was written, if you haven't guessed, after 3 days of rain at camp!

Through a program based on spiritual awareness, service and citizenship, Girl Scouting pro-

Brownie Troop # III first grade brownies have done alot of things this year.

At the start of the school year. they attended a one day camp session at Camp Cibola near Lefors. They learned knot tying and new games and songs. They helped with the opening and closing flag ceremony. A picnic was enjoyed at lunch.

The cookie sale was next. The girls started off with two cases of cookies each. They all sold two cases and came back for more cookies. They ended up selling 852 boxes for the troop. Each girl will receive a cookie patch for her effort.

We decided to do a project for the nursing home for Valentines Day. Each girl made a flower which was put into an arrangement and taken to the home for the patients enjoyment.

The girls were taken to the Texas Saddlery for a tour. This wa very interesting to the girls. They were then treated to ice cream cones and cokes at the

These girls are led by leaders, Judy Bland and Paulette Kidd.

vides outdoor activities and training in arts, crafts and homemaking skills. It prepares young girls of today to be caring, sharing, serving women

SHARING **GOOD TIMES**

Girl Scouts learn how to relax and enjoy life, to have fun with family and friends. By developing interests and hobbies, they learn how to keep themselves happy and productive members of our community. We support Girl Scouting!

GREENBELT WATER **AUTHORITY**

ENCOURAGES SERVICE

Girl Scouts are always looking for new ways to improve our community. They're anxious to assist others by using their special talents. They work to keep our environment safe and healthy. We're proud of the work they're doing!

CORNELL-BRADDOCK

CREATIVITY **COUNTS!**

Whether they're working on a mural, starting a project in carpentry, learning to cook or trying to develop solutions to troop problems, Girl Scouts are encouraged to express themselves and use their talents to their best ability. We believe in Girl Scouting!

FELICITY GREENHOUSE AND NURSERY Clarendon, Texas 79226 David D. Lowrie Naylor Rt.

Still have a few fruit trees!! More Gardening Considerations: Two of the more common garden disease problems in this area are verticilium and fuserium wilt. Tomato plants are especially susceptible. Soil conditioning can aid in their control. But don't use raw gin trash. It harbors the disease organisms by the millions. Composted gin trash is fine. Composting temperatures destroy the microbes. Using non-composted gin trash is a guaranteed way to increase disease problems and cut yields. 874-3488 after 6 p.m.

CADET CHRIS FORD

Chris Ford part of recruit program

A Clarendon youth is one of 129 New Mexico Military Institute high school and college cadets who will participate in the annual Spring Recruiting Program for NMMI.

Cadet Recruit Christopher Ford, the son of Mr. and Mrs. Earl G. Ford of Clarendon will spend his spring break time, March 8-16, visiting with friends and other perspective cadets and their families about the various programs offered by the Institute for both high school and college cadets.

His efforts entitle Christopher to an additional day off during the week-long spring furlough. These efforts also allow each participant in the program to try to earn the right to wear the coveted Cadet Recruiting Ribbon on all of the cadet uniforms.

Older worker

proclamation

In support of President Jimmie Carter's proclamation of March 9-15 as Older Worker Week, Texas Farmers Union Green Thumb Inc. is encouraging employers to recognize the qualities of older workers.

Contrary to popular belief, employers can count on more years from most older jobholders than from the average STEPHANIE FLOYD younger worker. Studies from the U.S. Department of Labor for private employers show that workers 45 and over quit their jobs less than half as often as

Workers hired after age 40 generally attain a higher performance than their younger mance rating in a shorter time counterparts. They demonstrate than those hired before the age qualities of dependability and of 30. Older workers tend to responsibility and are involved have a more positive attitude in fewer job-related accidents." toward work than do younger job stability and a better record employers once they are hired.

The number of days lost per 100 workdays for all reasons goes down as age increases. Workers in every age group above 50 lose fewer scheduled workdays than those in any age group below 50.

"However, many older workstate director of Texas Green their communities might not Thumb. "Many employers otherwise afford.

SPECIAL

has first birthday

Stephanie Lynn Floyd, daughter of Johnny and Terri Floyd, celebrated her first birthday, Wednesday night, February 27. Hamburgers and a "Holly Hobbie" cake were served for the special occasion. Those present to help Stephanie celebrate were her grandparents, Mr. and Mrs. Eddie Floyd of Clarendon, Mr. and Mrs. Raymond Martin of Memphis.

Great grand parents, Mr. and Mrs. Ferral Floyd of Lelia Lake, Mr. John Richey of Clarendon and Mrs. Faye Norton of Memphis; uncles and aunts, Lynn and Terry Floyd, of Clarendon, Mr. and Mrs. Danny Martin and Keith and Aimee and Angela all of Memphis.

"Wasting America's elderly is costly and creates a dim picture for every American to face. There is great value in the older worker," said hartwig. During this Older Worker

Week, we want everyone to

recognize those qualities." Green Thumb is an equal opportunity employer and is one resource for locating older jobseekers. On a statewide basis, employers may contact the Texas Employment Commission in their area for information on older worker employment services.

your IRS envelope

Many simple errors that can cause weeks of delay in the processing of federal income tax returns could be avoided if taxpayers used the label and envelope that accompany their tax packages, the Internal Revenue said.

The peel-off label, which is encoded with the taxpayer's name, address and social security number, is designed to expedite processing the IRS Service Centers and prevent common errors that can delay issuance of refund checks.

What's burning in Maurine's Kitchen

by MAURINE BUTTS

Donley County has been hit with a malady which has affected the majority of the population. This disorder can be cured in time, by excessive 1/3 c brown sugar-packed doses of sunshine and fresh air. 1/3 c catsup or barbecue sauce Yes, spring fever has at last 2T prepared mustard arrived. Everyone that works indoors longs to be out of doors 1T molasses and the out of doors workers 1 can (8 oz) crushed pineapple, can't get enough of the spring- optional time weather, even if the season is early. Here's a remedy that gt. glass casserole dish. Cover everyone will enjoy-have a with paper towel. Microwave picnic. And so mom can enjoy 9-12 minutes (or simmer-4 for 30 the springtime longer, prepare minutes) or until beans are the food to be served quickly piping hot. Stir twice during using the microwave oven. The following recipes are from the Hardwick Microwave Cookbook.

Barbecue Chicken 2-3 pounds chicken pieces bottle barbecue sauce

Arrange chicken in a 13x9x2" 1 T flour glass baking dish. Brush chic- 1 t sugar ken with sauce. Cover with wax paper. Microwave 15 to 20 minutes, giving dish a 1/2 turn 1 t salt during cooking. Occasionally 1/4 t pepper

JUDY BLAND

baste chicken with sauce during cooking. Let stand 5 minutes before serving.

Glorified Baked Beans 2 cans (1 lb each) baked beans

1/2 c chopped onion

1T worcestershire sauce

Combine all ingredients in a 3 cooking. Let stand 5 minutes before serving.

Hot German Potato Salad 4 med. potaotes

4 slices bacon 1/3 c chopped onion

1/2 c water

1/4 c vinegar

Microwave potatoes 16 to 18 minutes. Cool slightly, then peel and cube potaotes. Set aside. Place bacon in a 2 qt. glass casserole dish. Cover and microwave 4 minutes 30 seconds (4:30 to 6 minutes) or until crisp. Remove bacon, crumble and set aside. Add onion to bacon drippings MW (microwave) 2 tc 3 minutes or until tender. Stir in flour and sugar, then stir in water, vinegar, salt and pepper. MW 2 minutes to 21/2 minutes or until boiling. Stir every few minutes. Add potatoes and bacon. Toss to coat evenly. Cover and MW 3 to 5 minutes or

Seven Layer Bars 1/2 c butter or margarine

until salad is piping hot. Let

stand 3 minutes before serving.

1 c graham cracker crumbs 1 c flaked coconut

1 pkg (6 oz) semi sweet chocolate pieces 1 pkg (6 oz) butterscotch pieces

1 can (14 oz) sweetened condensed milk 1 c chopped peanuts or pecans

Place butter in a 8 in. square glass cake dish. MW 1 to 2 minutes or until melted. Stir in

graham cracker crumbs until and spread over chilled filling. blended. Pat evenly into bottom Chill. Cut before firm. Makes 3 of dish. Layer ingredients in to 4 dozen squares. order as listed above.

MAURINE BUTTS

MW 7 to 9 minutes, giving dish a ¼ turn every two minutes during cooking. Cool and cut into small squares. Makes about 36 squares.

The following recipe was submitted by Brenda Ward who served this yummy at a recent shower and it was the hit of the vummies! It was taken from the Betty Crocker Cooky Book.

Fudge Meltaways 1/2 c butter

1 sq unsweetened chocolate (1

1/4 c granulated sugar 1 t vanilla

1 egg, beaten

2 c graham cracker crumbs 1 c flaked coconut 1/2 c chopped nuts

1/4 c butter 1 T milk

2 c sifted powered sugar

1 t vanilla 11/2 sq unsweetened chocolate

(11/2 oz) if desired, add powered sugar and milk to make this layer sweeter

Melt 1/2 c butter and 1 sq chocolate in sauce pan. Blend granulated sugar, 1 tsp vanilla, egg, crumbs, coconut and nuts into butter-chocolate mixture. Mix well and press into ungreased baking dish, 111/2x71/2x11/2 or square 9x9x13/4

pan. Refrigerate. Mix 1/4 c butter, milk, powered sugar and 1 tsp vanilla. Spread over crumb misture. Chill. Melt 11/2 square chocolate

Houston livestock show

Lisa McAnear, a 4-H member who showed the Champion Shorthorn Heifer at Houston in 1978, picked up the Reserve TX, first. Champion Award this year with her heifer, "Palo Acre P Elva."

Lisa, 18, is the daughter of James and Pat McAnear, Jr., of Clarendon, TX.

She has been exhibiting livestock for eight years, seven at Houston. This is McAnear's third year to show Shorthorns.

Fifteen-month-old "Palo Acre P Elva" won reserve champion honors in Amarillo and placed second at the 1979 Texas State Fair at Dallas and at Fort Worth

McAnear, a senior at Clarendon High School, plays basketball, runs track and is a cheerleader. Also, she is the National Shorthorn Lassie

"It feels good to win and I plan to be back in the future," McAnear said.

Judging the Junior Breeding Show was Dr. Bob Kropp of Oklahoma State University, Stillwater, OK. Kropp said the two animals were very close and "I changed my mind twice about the placing. The champion has more length of body and has a bigger frame."

Winter Heifer calves: first place, Palo Acre Pelva, Lisa McAnear, Clarendon, TX.

Early Spring Yearling Females: Mar. 4, 1978, 7M Gypsy June 78, Rodney McAnear, Clarendon, TX, first.

Hedley 5th & 9th grades participated in basic skills program

All fifth and ninth grade students from the Hedley Independent School District participated in the first Texas Assess- popular annuals and treated ment of Basic Skills test each in detail. She discusses program. The assessment plan, color, height, length of bloom, first of its kind in this state, resistance to heat and how long year under requirements set by been taken to suggest planting the Texas Legislature during its combinations with color and 1979 regular session.

were among 500,000 expected to annuals listed by seedmen, but take the reading, writing com- not common to the general position, and mathematics tests layman. during the February 25-March

district and campus aggregate scores to the public at a May or trustees, according to Vernon Scott, district superintendent. However, individual student scores will be reported only to the student, parents or guardian, and the school personnel directly involved.

"This testing program is designed to help the student and the school improve achievement," point out Glyndol Holland, principal. "For this reason, results will be reported in manner that will help everyone become more effec-

Third grade students will be added to the annual sequence during the 1980-81 school year, according to plans announced by the Texas Education Agency. The three tests will make up an annual assessment effort designed to help both state and local school officials improve their services with overall student performance, both by campus and by district, reported each year to the public by the local board of trustees.

Westinghouse DataScore Systems of Iowa City, Ia., will both help administer the 1980 test program and develop and field test new items for the 1980-81 series under contract to the State Board of Education. The lowa firm will also operate a computerized inventory of all test booklets to assure strict security at all times.

Each test question will relate to a specific objective or skill students are expected to learn by the time they complete the particular grade, Mr. Holland points out. Ninth grade students who do not make a satisfactory score may re-take the test each year they remain in high school. However, they will not be required to take it more than once. Later attempts to improve their scores and evaluate any remedial programs will be

The annual test program will be administered by speciallytrained personnel in each school district under the guidelines and supervision of the Texas Education Agency.

Junior Yearlings: Jan. 2. 1978, Palo Acre Lucky Vera, Jamie McAnear, Clarendon,

Donley County 4-H'ers exhibited several top placing steers and heifers at the Houston Livestock Show last week according to Ronald Gooch, County Extension Agent.

Lisa McAnear exhibited the reserve champion Shorthorn heifer of the show with her 2nd place winter heifer calf. Rodney McAnear exhibited the 1st place early, spring yearling Shorthorn heifer and Jamie McAnear's junior yearling Shorthorn heifer also placed 1st in her class. In the junior Hereford heifer show Phil Moreman placed 3rd with his junior heifer calf and Melody Moreman placed 3rd with her winter heifer calf.

In the steer show Jack Craft placed 2nd with his light weight Hereford steer and sold him for \$3.00 per pound. Lori Robinson's heavy weight Shorthorn steer placed 2nd and sold for \$2.50 per pound. Lacrecia Petty placed 4th with her heavy weight Shorthorn steer and sold him for \$1.50 per pound.

Spring begins March 20. Well, it begins for somebody but here in the Panhandle we must wait until April 15th for the last freeze date. In the meantime our thoughts turn to bulbs, and roses. digging, planting, and getting yards and gardens ready for spring. In the library we have a number of books to help the aspiring gardner. "How to Grow Annuals", by Ann Roe Robbins is a good example. Robbins selected 25 of the most will be schedulted once each to maturity. Special pains have makes selecting, buying, plant-

"Garden Flowers In Color", care on our part. 12 statewide testing period. by Daniel J. Foley, is another Each of the tests required a book we can recommend. A 699 items. 515 people visited the maximum of 40 to 60 minutes to special section tells about soils, public library this month. If you fertilizers, and various cultural are one of those people, you The Hedley ISD will report its practices, with many sketches of probably left the library with a the garden operation involved. treat in hand. Why don't you "Garden Flowers In Color", is a reward yourself by borrowing June meeting of the board of guide book for the beginning a book or tape or film this week? gardner and a reference book Your library is absolutely free. for the advanced gardner. It is a Do come visit with us.

harmony in mind. Also included

genuine help in getting rid of the amateur's uncertainty since the flowers chosen are all typical of American gardens. It included annuals, perennials, flowering trees, shrubs, vines,

If bulbs are a mystery to you, as they are to most people, perhaps you will benefit by reading "Bulbs For Beauty", by Charles Mueller. There are so many kinds of bulbs and they are planted different times throughout the year. If only we could remember which go into the ground when. This book sheds light on the subject, and ing and caring for bulbs a simple project. Bulbs are well worth the time and money The Hedley ISD students is a brief summary of other involved. They come back year after year in most cases, to provide color and excitement in the garden: with a minimum of
