## DONLEY COUNTY OVERBUYS HER QUOTA \$25,000

The plans as laid by the executive committee for the prosecution of the Third Liberty Bond Campaign on Friday, April 26, Liberty Day, were carried out with such zeal that Donley County more than subscribed her quota of \$189,800 and the tri-colored Service Flag now flies from the flagpole in Clarendon as token of a service well performed.

As was announced in last week's News, committees were sent to all parts of the county to co-operate with local committees and a vigorous canvass was made in the forenoon. In the afternoon at Hedley, Hon. R. W. Hall of Amarillo, addressed a large gathering of citizens and added impetus was given the work in that section of the county by his arguments for duty to the Government.

Preceding Judge Hall's address here at 4 o'clock, a short patriotic program was rendered, consisting of band music, singing of the national hymns by the combined schools of the city, and a solo by Master Dick Allen, aged five, so patriotic in words and so naively sung that the entire crowd cheered him to the echo.

It is estimated that over three thousand people attended the exercises here and after listening to the masterful arguments for Americanism, a word picture of the horrible cruelties of the Hun, and a mighty appeal for every one to do his duty in this crisis, Judge O'Neal called for subscriptions to the Third Loan, and there followed an interesting display of practical patriotism from the big crowd, who cheered subscriptions from all alike, until the remaining fifty thousand dollars were listed and it was announced that Donley County, was "over the top." This announcement was greeted with prolonged cheering and after an anecdote by Judge Hall, in which the principal character refused to buy "has been" and "is to be" race horses and demanded an "izzer," the happy throng sung with emotion "Praise God From Whom All Blessings Flow."

Throughout the day the business houses of Clarendon were closed and proprietors and clerks were busy on committees soliciting bonds and doing other work pertaining to the great question of Donley County doing her part.

The final figures for Donley County will exceed \$215,000, which will give an overplus of \$25,000 over the quota.

## NEWS ENTERS PAPER CONTEST

The Mergenthaler Linotype Co., has offered three prizes, consisting of a first prize of \$50, 2nd prize of \$30 and a third prize of \$20, for the three best weekly or semi-weekly newspapers published in Texas, who use a Linotype in their production. The issues submitted in the contest will be judged by a competent committee during the Fort Worth convention of The Texas Press Association, which convenes in that city May 9-11. Last week's issue of The News will be entered for the contest and The News force is hoping to win at least one of the prizes if not the first.

To enhance the appearance of the paper last week we moved four advertisements off the front page and acknowledgements are hereby extended to Messrs. E. M. Ozier, A. M. Beville, The Donley County State Bank, The First National Bank, and The Farmers State Bank, for their forbearance in being displaced the one week. We are trying to give Clarendon a good paper and we hope the committee at Fort Worth will say it is the best submitted to them.

## HOME GUARDS TO BE ORGANIZED IN DONLEY CO.

Judge J. H. O'Neal is in possession of the details of organizing Home Guards and within the next few days plans will be put on foot for organizing several within the County. Friday morning at 10:00 o'clock a meeting will be held at the Pastime Theatre for the purpose of discussing a Home Guard for Clarendon and everyone is urged to be on hand. In view of the border situation it is imperative that the people take steps to better protect themselves and their property. Let's have a Home Guard for Clarendon.

## MARRIAGE LICENSE

## LIPSITZ URGES SALE OF WAR SAVINGS STAMPS

The News is in receipt of a letter from Mr. Louis Lipsitz, State Director War Savings Committee, in which he gives a statement of Donley County's standing as regards the sale and purchase of Thrift Stamps. Following is what he gives:

Donley County's quota for the year is \$142,600, and the sales to April 17, 1918 were \$38,150.14, or rather sales per capita of \$5.35.

The Treasury Department has asked that every County buy \$20.00 (per capita) in these War Savings Stamps. Of course, many individuals can not do this, but many can and we feel sure will buy the maximum of \$1,000 worth.

It is earnestly urged that all who can invest, and re-invest in these War Savings Stamps and Thrift Stamps.

Donley County has responded most liberally in every call that has come and we are sure she will not fail to go "Over the Top" in this one.

## THE NEEDLE CLUB

Mrs. F. E. Chamberlain was hostess to the Needle Club Tuesday afternoon, April 30.

The ladies completed a number of Red Cross bandages, when the sewing was finish, the hostess served dainty refreshment.

Those present were Meses. A. R. Letts, F. B. Letts, F. McCreary, M. Adams, Jas. Trent, W. H. Martin, Jim McMurtry, F. W. Taylor, J. R. Letts, Henry Williams, McCradell, M. L. Kelly, Jr., J. D. Browder of Memphis, R. D. Shure, R. A. Chamberlain, W. E. McDonald, John Chamberlain, A. L. Chase, Will Ward, Chas. McMurtry. Misses Mae Lumpkin and Maud Shaw.

## RED CROSS RALLY AT JERICHO FRIDAY

Last Friday evening the hotel of Jericho was the scene of a most enthusiastic entertainment given by the ladies of that enterprising community for the benefit of the Red Cross. These good people are ever on the alert when it comes to doing things.

Mr. W. H. Patrick of Clarendon, was present and delivered a most stirring and patriotic appeal in the interest of the Liberty Loan campaign which is now being waged. And Judge A. T. Cole spoke concerning the work of the Red Cross.

Ice cream, coffee and cake were served during the evening to a very large crowd, which included many from the neighboring towns of Groom, Goodnight, Ashtola, Allanreed and Clarendon.

Mr. and Mrs. French, of Clarendon donated their services for the evening. From the sale of cats was netted the neat sum of ninety eight dollars, but the men desired that more be realized at this time, so from donations it was raised to one hundred and one dollars.

After the business was dispensed with dancing was enjoyed by those who desired to indulge. An orchestra from Amarillo was employed for the occasion.

All those who attended this affair report it to have been one of the most delightful it had been their pleasure to participate in some time.

Misses Ashmead and Reed were among the largest sellers of Liberty Bonds in the Jericho community the past week, their sales amounting to \$750.00.

## CLOSING EXERCISES IN THE PUBLIC SCHOOLS

On Friday evening May 10, at 8:30 o'clock, will be given a patriotic concert by pupils of the grammar school. In order to secure stage room, it will be held at the Methodist church.

The baccalaureate sermon will be delivered on Sunday, May 12th, at 11:00 a. m. by Dr. G. S. Slover, at the Methodist church.

The following entertainments will be given at the High School auditorium: Monday evening, at 8:30 concert, at which will also be given an operetta.

Tuesday evening at 8:30 operetta by the 7th grade entitled "Four Leaf Clover."

Wednesday evening at 8:30, the senior play entitled, "Claim Allowed"—A patriotic production.

Thursday evening at 8:30, graduating exercises.

## FOOD AND FEED MEET HELD AT AMARILLO

About twenty-five Panhandle counties were represented at the meeting of the county chairmen of the Panhandle Food and Feed Campaign, held in Amarillo last Saturday, according to Mr. P. C. Bennett the County Agent.

The meeting was presided over by Mr. Thos. F. Moody, chairman, of Canadian, Texas. Addresses were made by Dr. W. M. Cunningham, Mr. P. H. Landergerin, Mr. R. B. Master-son, Judge J. D. Hamlin, Mr. T. V. Ellzey, and several speakers from the A. & M. College.

The purpose of the campaign is to assist the farmers of the Panhandle counties, who are willing to grow feed during the coming season. Adequate machinery is being perfected to secure seed, money, and labor where they are needed, and the co-operation of the farmer is all that is necessary to assure the success of this movement.

Accurate tabulation of the needs of each county is to be secured and the County Agent has agreed to co-operate by having the farmers of Donley County fill out the blanks necessary to put them in touch with this campaign committee. Those who have not filled out these blanks are urged to see Mr. Bennett about them as soon as possible.

Jas. Story, who has been in the employ of The News since the first of the year, left Monday for Slaton, where he will be connected with the engineering department of the Santa Fe. James has been studying civil engineering a year or so by correspondence and will make good with the railroad people. The News force wishes him well in his new position.

## NEW CAVALRY REGIMENT GETS RECRUITS HERE

Although Donley County has already furnished over 150 men to the various branches of military service, when Major Bloodworth and Capt. Solon Byrd came into the county to solicit recruits for the new Cavalry Regiment being formed in the Panhandle for border duty, they were fortunate enough to secure twenty-two in a very short time, with the probability of several more to follow. Major Bloodworth addressed a crowd Saturday afternoon at 4 o'clock here on the streets and made a plea for the enlistment in the new Regiment and with the personal work of the morning signed up the following subject to call:

- Wm. M. Heisler.
- Buford Bell.
- Walter E. Clifford.
- John Van O'Neal.
- John W. Ryan.
- Hope Hudgins.
- Leonard L. Sewell.
- Will Beverly.
- Don N. Grady.
- Fred G. Patching.
- Bill Miller.
- Claude Snodgrass.
- Ancil Newton Williams.
- Willis Emery.
- Hollis B. Spiller.
- Chas. F. Corder.
- Byrd Hodges.
- William T. Albert.
- Ezra Garrison.
- Grady W. Herd.
- Claude W. Pyle.
- Tom E. Pepper.
- Roy Sewell.

It is thought the Regiment will be mobilized at Amarillo and later transferred to Camp Mabry at Austin for training. Mounts and equipment for the organization have already been provided and are awaiting the new Regiment at Fort Sam Houston, San Antonio.

**Experts in Shooting  
Train Men at Camps  
in Use of Rifles**

The National Army and many organizations of the National Guard having been equipped with the United States rifle, model of 1917 (modified Enfield), it became necessary to devise some plan whereby troops could efficiently be trained in the use of this weapon in short time.

A statement authorized by the Ordnance Department tells how experts in shooting, many of them members of United States teams which won international shooting matches, were commissioned and sent to various camps to instruct officers and men in shooting and in the operation and care of the rifle.

In one camp officers under instruction from these men gave a demonstration in dismounting and assembling this rifle while blindfolded, the record time being 7 minutes for dismounting and 22 minutes for assembling. There are 86 parts to the rifle. These officers in turn instruct mechanics classes, the mechanics being trained to make repairs to rifles in the field. Frequently they will have to do their work at night, when they will not be allowed to use lights, and therefore they must be thoroughly trained in taking down the rifle and putting in new parts by sense of touch.

**Motor Truck Companies  
Get Training in  
Driving at Night**

Night driving of motor-truck supply trains from the West to the seaboard has been started by the Quartermaster's Department as a step toward final training to fit men for service in France.

According to the Council of National Defense, the experience gained in cross-country convoy work has made the truck companies able to travel entirely independent of the countryside. Camps are made at the regular hour, no matter where the company is located, except that open country is given preference over cities.

**Communal Kitchens  
Save Food in  
Great Britain**

Communal kitchens are being established throughout Great Britain and are proving successful in saving food and fuel, according to reports to the Department of Commerce. An article from a recent issue of an English newspaper is quoted:

"The war has brought home to the public that the communal or national kitchen is a necessity and can be made a success. Within a comparatively short period there will probably be installed many hundred of these establishments throughout the country. The national kitchen was originally intended to supply poor people with nourishing and attractively prepared food at low prices, but there is considerable prospect—certainly, in fact—that the more prosperous will form a fair proportion of the customers.

"As an example of the outfit of a people's kitchen that at Hammesmith (London) may be taken as a model. This supplies about 6,000 customers a week, which probably represents 12,000 to 15,000 consumers, as a customer commonly purchases for his or her family."

**Councils of Defense  
Will Advise  
War-Risk Claimants**

The Council of National Defense has urged the State councils to provide voluntary aid for dependents of men in the service in collecting allotments of pay and family allowances, arrears of pay, travel pay, extra pay, or other money due estates of deceased soldiers and sailors.

Allotments and allowances under the war-risk insurance law are paid directly by the Treasury Department to the persons entitled thereto; claims insurance taken out under the law should be addressed to Bureau of War-Risk Insurance, Treasury Department, Washington, D. C.; claims for arrears of pay extra pay and travel pay of deceased soldiers and sailors and all other claims should be addressed to Auditor for the War Department, at Washington.

**Food for Soldiers  
Is Carefully Inspected  
by Quartermaster Corps**

The Quartermaster Corps, charged with the responsibility of feeding and clothing the soldiers, is rigidly inspecting the food purchased for the troops to see that only pure articles are supplied. As an indication of the amount of food that must be obtained, says a statement authorized by the

Quartermaster General, 1,500,000 men consume daily 1,500,000 pounds of beef, 225,000 pounds of bacon, 210,000 pounds of ham, 135,000 cans of tomatoes, and 225,000 cans of jam—with other articles aggregating 6,750,000 pounds.

These quantities of foodstuffs are subjected to thorough inspection, which begin at the source and continue until the food is actually consumed. Each depot of the Quartermaster Corps is a central subsistence business of its own, supplying the camps, cantonments, aviation fields, and other posts in its territory. The subsistence officers are held responsible for the quality of the goods they receive.

Before the supplies reach the depots, however, they are passed upon by inspectors, in the packing houses, canneries, and other sources of origin. The records at Washington show the capabilities, character, and standard of every establishment furnishing the food for the Army. The specifications which their products must meet are clear and exact.

The inspection branch maintains a current file of unreliable dealers and unreliable products, insuring the elimination of dealers who, having been denied the right to supply some of the many depots of the Army, make sub-

sequent attempts to obtain contracts at other points.

**Men Are Wanted  
by the Government  
for Export Trade Offices**

The United States Government is looking for men who can take charge of branch offices of the Bureau of Foreign and Domestic Commerce, Department of Commerce, and men to act as assistants in these offices. Branches are located in the principal commercial cities. The salaries range from 1,800 to \$3,000 for managers and from \$1,200 to \$1,800 for assistants.

A noncompetitive examination will be held May 16 in various parts of the country. Applicants will be examined in export-trade technique, promotion of commerce, and economic geography and credit will be given for knowledge of foreign languages. The examinations will be under the direction of the Civil Service.

We put ours on Sunday morning and they are going to stay on—even if it snows.

Next comes the \$100,000,000 Red Cross Campaign. Donley County's part is about \$8,000. It ought to be overpaid the first week. Get ready to do your part—and some other fellow's who isn't able.

Donley County is "over the top" on the Third Liberty Loan, all right, but we have only passed the fourth part of our War Stamp quota for the year. Since we have gotten the Bond Campaign off hands, let us not forget to buy the War Stamps until we shall go "over the top" on that, also.

Slowly but surely people are finding out that their neighbors have a right to demand that each one does his duty in support of the government. When one refuses to support the government, being financially able, then he has committed an offense against his neighbors and his community.

Boost Clarendon by writing your friends here for a summer visit. There is no rarer climate in Texas than ours and the showing hundreds of new people our great country here will make an impression that will bring many new citizens to our town and community. Invite them here, show them what we have and an increased population will naturally follow.

We haven't heard of a county that can exceed Old Donley in the genuine article of Patriotism. Besides doing her share in the three bond campaigns, she has sent 150 young men to the army as volunteers, over twenty by draft and the past week twenty-two volunteered in the new cavalry company, being raised as part of Col. Miller's Panhandle Regiment. When others are needed, more will be ready to go.

From all that can be gathered in the daily news items it is pretty safe to say that the next few weeks will see more naval operations on the part of the English, French and American fleets than has taken place, all told, since the beginning of the war. The submarine has been largely suppressed, floating mines are being swept from the seas and Allied daring is bent on making itself felt from the water.

There is one great advantage in these Liberty Loan Campaigns, and that is it gives a community a pretty good idea of the patriotism and sincerity of individuals whom they have known or thought they have known for years. When times are piping with peace and no great questions stir the hearts of men it's easy enough for one to plug along with the bunch and be considered a good citizen, but now it's different. A man's citizenship is reckoned, not by his palaver, not by his outward show, but by his actual deeds, his efforts in promoting the governments interest in this war.

There is lots of comment and advice going the rounds of the press directed at the women of Texas who are privileged to vote in the July primaries. The rabid ruffs who swore up and down that a great majority of the women of the state were praying for the ballot, are now in a bad fix, for with the primary ballot won they are realizing that women in the mass cares very little about voting. So put to it are they, that they are now forced to abandon the argument they used before the legislature when they pled for the vote "because the women want to" and are now putting out literature and arguing themselves on hours in urging the women to go to the polls whether they favor vot-

ing or not. The more sensible are even seeing the plight their cause will be forced into by the avid participation in the election by the large purchasable vote of the women of the underworld in the cities and are wildly urging the good women of Texas to abandon their home duties and plunge into politics in order to save their leaders' faces. These women must face the fact that they are to blame for their sorry plight. Suffrage was not thrust upon them—it was a favor they begged for and received and it's no time for them to try to shoulder their load off on the good women of Texas who have never desired the ballot and who do not propose to have it hung about their necks. Since she has the privilege (although without constitutional right) a suff ought to be consistent enough to vote singly and alone, without attempting to lecture or hector those of her sex who will have none of it. The strong men of Texas, coming from homes that are homes, will attend to the sorry element the new departure unlooses, just as they have always met crises in the past.

Last week Wichita County held a prohibition election in which the county went "dry" by over four to one. Wichita Falls, its principal city, has long been noted as a booze resort and as hard as her good people tried they had not been able to ston the bootlegging and other crimes which always attend the saloon, with the result that Wichita Falls has had a notoriety not to be desired. This election is the verdict of a people who have long suffered the evils of the booze business and will go far to reinstate the county in the respect of other sections of the state. Only a few more days until Texas shall be forever rid of the Devil's own traffic, and with its downfall a brighter day shall dawn for Texas, for her sons and daughters can then pursue their march of progress unfettered and unhampered by the whiskey dragon.

## LIST OF BOND BUYERS NEXT WEEK

In accordance with the almost unanimous opinion of our people as expressed in a vote at a recent mass meeting, The News will publish the list of bond buyers, with their amounts, just as soon as the committee puts the complete list in our hands. We hope this can be done by next issue. This list will be a valuable record for guidance in successive campaigns.

## DR. AND MRS. B. L. JENKINS ENTERTAIN SOCIETIES

Dr. and Mrs. B. L. Jenkins who have been the favorites of the Adkissonians and Orthonians for many years past, entertained the two Societies Thursday, April 25, with a prepared program. The first number of the program was a theater party. The National favorite Mary Pickford was shown on the screen, in the "Little Princess." We all enjoyed the occasion very much. After the show was over the party went to the Palace Confectionary where Ice Cream and cake were served.

Here there was much conversation, and pleasantries. The evening having been spent profitably and joyfully the societies thanked their host and hostess and returned to their respective homes.

We are indebted to our host and hostess for a very pleasant evening, because everyone present had an enjoyable time. It was extremely kind of them to arrange for this occasion. Even the consent of the Faculty had been obtained and everything was arranged for privacy and seclusion. The informality of the occasion made it all the more enjoyable.

The Adkissonian and its sister the Orthonian will long remember the kindnesses of Dr. and Mrs. Jenkins. We are indebted to them for this suspension of rules as well as for the entertainment itself.

## CLARENDON DRUG CO. SOLD TO I. N. BOWERS

R. W. Moore closed a trade last week with Mr. I. N. Bowers whereby the latter becomes the owner of the Clarendon Drug Co., while the former takes ownership of the Bowers section, seven miles south east of Clarendon. Mr. Moore's father, H. S. Moore of Portales, N. M. will move here and will live with him on the farm. Mr. Bowers has moved to Clarendon and will conduct the store with the assistance of a registered druggist to arrive here in a few days. We are glad to have Mr. Bowers as a citizen and also welcome the elder Mr. Moore to Donley County. Prosperity to them all.

## "JACK AND THE BEANSTALK" HERE MONDAY NIGHT

"Jack and the Beanstalk" will lure hundreds of children and grown-ups to the Pastime, Monday night, May 6. William Fox, film wizard, decided to make motion pictures especially for children. He waved his magic wand at the Fox Western Studios, and lo and behold, there sprang up, as if made by fairies, the beautiful spectacular age-long fireside tale of "Jack and the Beanstalk." Everybody knows the story, which has been handed down from the earliest days of the English-speaking peoples as a heritage of delight to the little ones of modern times. It is filmed for children, by children, and will be released by the Fox Film Corporation as the first of the regular monthly "Fox Kiddie Features" soon to be inaugurated.

How many grown-ups recall the moments of real joy when a child they listened while someone read to them from a book about the giants and pigmies, the fairies and other wonderful marvels of the make-believe world. Now these wonderful stories are to be visualized by master hands and placed before the delighted eyes of the children of the world. At the Pastime Theatre, Monday Matinee and night. 10 and 20c.

## COLLEGE SCHOOL OF MUSIC

Mr. Shure is the recipient of a very nice letter from Prof. Frank M. Church, Director of Music of Columbia College, S. C. in which he encloses programs of a student's recital, containing Mr. Shure's "Yesterglow." Prof. Church asks for information concerning the writing of "Yesterglow", as well as data with reference to the men with whom the composer studied. He is in the habit of presenting such information with each number when it is performed at his student recitals. Most certainly, this is a very praiseworthy habit to form, as it is enlightening to the student as well as the hearer.

Miss Chism, who is Director of the Department of Expression, will present a program on next Monday night which will be entirely unique in its structure as well as in the manner of presenting it. As is well known, Miss Chism also has charge of the Physical Training Class and on this occasion, she will demonstrate aesthetically, what they can do in the way of Folk Dances and drills of every nature. We well remember the wonderful success these dances achieved when given on the campus in former years, so we know just what to expect: with a great deal added. But hold! This is not all. There is a double treat in store for us on this night, for the College Band, under the direction of Mr. Dean, will give a program, and play some stirring marches and other numbers that will be a keen delight to all who are fortunate enough to attend. No admission.

Improved cattle ranches in eastern Colorado with plenty of water and leased grass. Lease cost 10 cents per acre. Price of deeded land from \$15 to \$25 per acre. Otto Harbo, Hago, Colorado.

# Let's Talk About Shoes

And Let's remember that we are talking about Strickland-Story's Shoes. The item of Shoes is a very considerable part of one's wearing apparel expense, and people have come to realize the importance of knowing just what they are buying. A shoe is no longer merely a shoe; "Who made it?" is what they want to know. We want to tell you about our Shoe lines.

The PACKARD SHOE—for Men and Boys.  
 The IRVING DREW SHOE—for Ladies and Misses.  
 The RED GOOSE SHOE—for All the Children.

Having these three lines is a source of pride and satisfaction to us, because we know how good they are, and our earnest wish is to sell our friends really good merchandise. We intend to carry a full range of sizes in the styles we show, rather than a large lot of styles, and only a few sizes. We believe sincerely that our shoes are honestly made and that you may expect full service of them. Prices—right in every instance. May we show them to you? It will be a pleasure whether you need them at once or not?

## Would You Buy a Bargain?

We are asking those who take every opportunity to practice war-time-economy. Get this: We have a few dozen pairs of ladies' Shoes and Oxfords, in various leathers and fabrics, with size ranges badly broken, that are going to save somebody some money. We may not be able to fit you, but you ought to try, at least, to buy a pair of these shoes, and thus make a war-time saving. You owe it to yourself and your family to come and look through the table-full of them. They are not offered for dress wear, but for home wear, and if you can find your size, we feel sure you will buy such a bargain as it is.

LOT A.	LOT B.	LOT C.
Is all ladies shoes, almost all with military heels, and lace styles. A great big bargain at, your choice, \$1.18	Is ladies and misses slippers, in a large variety of styles—dandies for home wear this summer. Going at per pair, 98c	A mixed lot of slippers, in white and colored canvas, white buck and colored leathers. Some good bargains in this lot. See them early. 68c

## PRESBYTERIAN LADIES AID

The Ladies Aid and Missionary church met at the home of Mrs. C. Y. McDonald, Wednesday afternoon, April, 24.

Business was attended to and the usual program carried out. The Auxiliary turned in last week, to the Red Cross for shipment, nine sweaters, seven pairs of socks, and two pairs of wristlets.

## A CARD OF THANKS

To our friends and neighbors who so kindly gave us help and courage in our late loss of husband, brother and father, we tender our heartfelt thanks.

Mrs. D. L. Baker and Children.

J. C. Brown, popular representative of Maxwell-Clark Drug Co., of Fort Worth, was calling on the local trade this week.

## BARACCA SERVICE FLAG

The Baracca Class of the Baptist Sunday School have recently made a service flag in honor of those of its members who are now in U. S. Service. There are thirty-one stars on this flag, and this certainly does speak well for this organization. This flag is on display at H. W. Taylor & Sons.

Have you tried maize meal?

# Announcement!

## Just a Little Talk on Prices

Woolens are becoming scarcer and prices are rapidly advancing on every item containing wool. We have some customers who are buying woolen garments and woolen goods, knowing that next fall prices will be 100 Per Cent higher. Prices on Cotton Goods Staples are advancing almost daily and we are trying to keep pace with the mill and factory advances, but in many instances our prices here are lower than the wholesale price. It will pay you to buy your needs NOW. Our Gingham can be bought now at from 10c to 20c per yard, saving over next fall prices. Think these facts over. It may save you some money.

## Boys Clothing

Our line of Boys' Clothing is well selected and the value is strictly up to the standard, while the price is uniformly low.

## Munsing Underwear

Munsing Underwear for men and Women. These garments cannot fail to please. Make your purchases before the sizes are broken. Munsing Underwear insures summer comfort.

### KANSAS CITY STOCK MARKET

Kansas City Stock Yards, April 29—Western cattle receipts decreased 10,000 hogs, 16,000, and sheep gained 11,000, compared with last Monday. Here with 15,000 cattle, 12,000 hogs and 12,000 sheep, there was a gain of 2,400 cattle, 1,300 hogs, and 3,700 sheep. Cattle ran largely of beef steers. Trade opened slow at steady prices, hogs 5 to 10 cents higher and sheep slow at steady prices, while lambs declined sharply with excessive offerings.

**Beef Cattle**  
Increased supplies of beef steers with relatively higher prices here elsewhere had a tendency to check the sharp competition and resulted in a slow, steady to 10 cents lower market. Prime heavy natives and pulpers steady and sold up to \$17.25. Montana hayfeds, \$16.50. Idaho pulpers, \$16.10, lightweights closed slow and weak. Butcher classes steady to weak, native cows up to \$14. Arizona cows \$8 to \$8.40. Bulls and calves averaged steady.

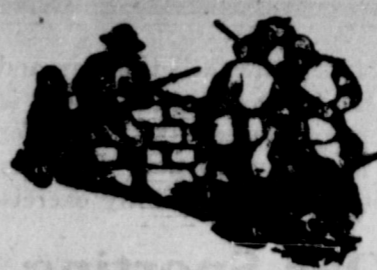

**Stockers and Feeders**  
Trade in weighty and fleshy feeders was active and firmer. The disposition of packers to neglect half finished steers attracted more country buyers. Many feeders sold at \$12 to \$14.25 and a fancy lot of 1081 lb. Herefords at \$15, record high price on this market. Stockers, best steady top \$13.70; plain classes slow to weak. Stock cows and heifers scarce and steady. Stock calves steady to firm. Panhandle stock calves at \$12.25.

**Hogs**  
Local supplies of hogs increased over 1000 while Western markets combined, lost 16,000, compared with last Monday. Trade opened slow, averaged 5 to 10 cents higher, light-weight and butchers favored. Extreme heavy slow and steady. Top \$17.75, bulk \$17.30 to \$17.60 against \$17.65 top and \$17.25 to \$17.55 bulk last Monday. The trade in pigs was active and firmer. There was a big rush for stock hogs, the new order permitting shipment from the public yards on the same day bought, bringing a flood of orders, sales at \$16.50 to \$17.25.

**Sheep**  
With the third largest supply of the year on sale, mostly lambs, the market was top heavy and prices declined sharply, mostly 50-60 lower. An outsider paid \$20.65 and best packer bids around 20.50 for choice Colorado lambs. Shorn sold at \$16.90. The close was weak. Fat sheep, breeding and feeding stock scarce and practically steady.

## HIS BACK TO THE WALL; HELP HIM!

Today Uncle Sam's boys are on the fighting line—right in the midst of the blood and carnage. At this moment good American youths are facing the power-crazed German hordes. Perhaps today a score of our brave lads were killed or wounded. Hundreds we know are facing privations and suffering. Shall we at home limit our interest to pity for them? No—they do not ask or want it. The boys in khaki have gone to their task willingly, most of them enthusiastically. Many of them are volunteers; all of them awaited the call with a ready spirit. The American soldier realizes he is doing a stern duty, and he does it with a will, as he does everything else. When his sense of duty drives him to extra effort, and inspires him to supreme courage, he doesn't give his bit, HE GIVES ALL.

The American soldier, like all red-blooded Americans, hates a traitor, pities a coward, and despises a slacker. Of all our troops now in France, and the millions that are to follow, there will be no cowards or slackers. From the reports of Gen. Pershing we have yet to learn from "over there," of the first deliberate slacker. And now, with all these things in view, it is unthinkable that we, with every energy and every dollar at our command, shall even for a moment hesitate to back the brave boys, many of them personally known to us, to the extreme limit. Liberty and freedom gave us the opportunity to be prosperous and comfortable, and now with our boys at the front, giving their all to preserve to us these privileges, in the name of reason, shall we hesitate to back them, not with a few dollars, given grudgingly, but with our financial life-blood, if necessary? Don't stop to argue and debate about the causes of the war, and how we might have stayed out of it, and listen to the grim truth in the face: THERE IS A MAD DOG RUNNING AMUCK, AND IT MUST BE KILLED. This rabies-infected animal is biting only your neighbor and his children at present, but it can be here in a week. IF WE FAIL, IT WILL TAKE THE GERMAN FLEET RUT ONE WEEK TO REACH THESE SHORES.

### SNAPPY THOUGHTS

From Liberty Loan Speeches.

"Gentlemen, I never made a speech in my life and 'aint goin' to now, all I say is—we're in it—let's win it."

"Don't say you got no money. If you 'aint got none, go borrow some."

"We are going to try William Hohenzollern for murder in this Church next Wednesday. You are summoned on the jury and there will be a heavy penalty if you do not attend."

"A Chinaman went to one of our banks last week and said, 'Me buy Lib'ly Bond.' 'What you want to buy one for, John,' said the Cashier, just to make conversation. 'Why no buy?' said John."

"There is only one reason why every man in America should buy Liberty Bonds—should go in rags to do it—should starve himself, if necessary to do it. And that is because it is the right thing to do. What is the difference whether Liberty Bonds pay four and one-quarter per cent. interest or no interest at all? It is the duty of every American to buy them."

"Defeat would mean ruin to the farmer; it would mean taxation to a point which would mean slavery to German masters."

"The war is a 'Family Affair.' The boys who are fighting for us have earned the affection and protection that is due to a son. They have earned the right to the title of 'Our Boys.'"

## YOUR DOLLAR MAY DECIDE

Don't ever get it in your head that YOUR dollar isn't needed. There may be a disposition to consider that each fellow's bond purchase is lost in the big general shuffle, that he cannot see the immediate and practical strength of his individual effort. This idea is all wrong. Each dollar does its specific duty and does it now, when every energy is needed to stem this tide that is bending civilization double.

Every dollar now, is worth two presently toward stopping the war.

Wouldn't it be a satisfaction to you, as a red-blooded American, to know that you had bought the shell that had blown up a submarine—or your rifle in the sniper's hands, had picked off a Prussian officer? Cannot you imagine the gratification you would feel that it was your shell that had blown a German trench into kingdom come?

Your bond will feed your son, or some other patriotic American's son, for one whole year, over there in shell-torn France and Belgium.

Close and strict co-operation is now the watchword among the Allied armies in Europe, and it must likewise be the slogan that governs us at home in furnishing the sinews that makes progress at the front possible.

Here are some of the vitally necessary things your money will buy:

**FIFTEEN HUNDRED DOLLARS WORTH OF LIBERTY BONDS WILL:**

Buy a motor ambulance  
Buy a five passenger motor car for a machine-gun battalion.

**TWELVE HUNDRED DOLLARS WORTH OF LIBERTY BONDS WILL:**

Provide horses to draw a gun in an ammunition train.

**ONE ONE THOUSAND DOLLAR BOND WILL:**

Buy an X-ray apparatus outfit  
Buy six cases of operating instruments for a base hospital.

**EIGHT ONE HUNDRED DOLLAR BOND WILL:**

Furnish four mules to draw an ambulance.

**ONE FIVE HUNDRED DOLLAR BOND WILL:**

Supply bicycles for the headquarters company of an infantry regiment.

**FOUR ONE HUNDRED DOLLAR BOND WILL:**

Buy an X-ray outfit.

**THREE ONE HUNDRED DOLLAR BONDS WILL:**

Clothe a soldier and feed him for one year in France  
Buy a motorcycle for a machine-gun company.

**TWO ONE HUNDRED DOLLAR BONDS WILL:**

Buy a cavalry horse  
Buy an ammunition mule  
Buy a horse for the captain of a machine-gun company  
Buy a mule to draw a water cart.

**ONE ONE HUNDRED DOLLAR BOND AND ONE FIFTY DOLLAR BOND WILL:**

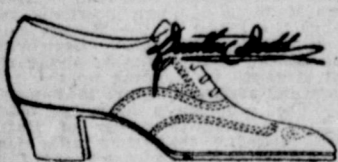

Clothe and equip an infantry soldier for service overseas.  
Feed a soldier for a year.

**ONE ONE HUNDRED DOLLAR BOND WILL:**

Clothe a soldier  
Feed a soldier for eight months  
Provide five rifles  
Provide 30 rifle grenades  
Provide 45 hand grenades  
Provide 25 pounds of ether  
Buy 145 hot water bags  
Buy 2000 surgical needles.

**ONE FIFTY DOLLAR BOND WILL:**

Provide trench knives for a rifle company  
Buy 23 hand grenades  
Buy 14 rifle grenades  
Buy 37 cases for surgical instruments.  
Buy 10 cases of surgical instruments for officers' belts.

### Official Low Shoe Day

Dame Fashion and Uncle Sam have formed an alliance to conserve the dwindling leather supply of America. Our boys "over there" in the trenches are needing shoes more than we do. Every pair of high shoes contain enough leather to make two pair of low shoes.

Let's do our bit along this line and wear Low Shoes this summer.

# Play Ball! The Play Time of the Year is Here

Every red blooded man in active years feels the play and vacation spirit with the opening up of Spring Time. In these days when every body is busy with business, school, and war activities, recreation is more needed than ever before. If we keep the body in good trim and the brain keen we must have proper recreation. To get that one must play baseball or tennis or some other form of healthy exercise.

# LAND---THE SAFE INVESTMENT

Land is considered the safest investment in the world. One of the richest men in the world is quoted as saying that any acre of land is worth ten dollars an acre. It has been the history of oil or mineral mining throughout the world that the land owners have prospered hundreds of fold by the owning of the land where the strike was made.

The X Y Z Land and Royalty Company is organized principally as a land holding company. It is the intention of the present management of the company to buy land in fee simple in lead and zinc mining fields and oil mining fields. The managers believe by the holding of this land, testing it and leasing it to operative companies that a rich money making concern can be built up.

In the oil fields of Oklahoma many of the stories of great wealth are told of the land owners who received one-eighth of the oil produced from their land. The royalty holder is the one who reaps a clear profit of one-eighth, without taking the risk run by the active operative concern.

The money to be made from royalty holdings has been demonstrated in a wonderful manner in the lead and zinc fields of Miami, Oklahoma. In this district many land owners have not only drawn a big royalty each month from mills running on their land, but have also received a "fat" bonus for leasing of the land.

The hazard of the royalty business is not near so great as that of the operator who stakes his all on one tract of land, be it prospective for oil or lead and zinc.

The expense of a strictly royalty company should be limited. After the land or the royalty is purchased there should be little or no expense, except possibly that of drilling test holes on the company's property.

One of the important points in land buying is that of titles. This company has secured the services of Bernstein and Spiers of Oklahoma City, as its attorneys to look after corporation matters and to examine titles to land.

## Organization

The X Y Z Land and Royalty Company is organized and incorporated under the laws of the State of Oklahoma. The capital authorized is \$200,000.00. The stock of the company is fully paid and non-assessable.

The corporation laws of Oklahoma are of the strictest and it is impossible for a company which does not intend to do a legitimate business to operate in this state. The By-Laws of the company provide for its management through a Board of Directors consisting of from three to eleven members. These by-laws do not provide for the drawing of any salary by any officer or director.

It is probable that when the company is on a dividend basis the net earnings above the amounts heretofore mentioned will be disbursed every thirty days.

Bronson & Smith, Superintendent of Sales, are offering this fair and square proposition to the men of this community. We will be glad to explain the lead and zinc industry to you, whether you buy or not. It will pay you to investigate our proposition.

##### THE STATE OF TEXAS

To the Sheriff or any Constable of Donley County—GREETING:

You are hereby commanded to summon M. Powell by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 47th Judicial District; to appear at the next regular term of the County court of Donley County, Texas, to be held at the Court House thereof, in Clarendon on the First Monday in May A. D. 1918, the same being the 6th day of May A. D. 1918, then and there to answer a petition filed in said Court on the 4th day of April A. D. 1918, in a suit numbered on the docket of said Court, No. 352, wherein Cicero Smith Lumber Company, Inc., is Plaintiff and M. Powell is Defendant; the nature of plaintiff's demand being as follows: Suit of a note in the principal sum of \$205.10 dated February 9th, 1918, and due November 15, 1918, executed by M. Powell and payable to the plaintiff Cicero Smith Lumber Company with interest at the rate of ten per cent. per annum from date; and providing for ten per cent attorneys fees if suit is brought on same; and suit on account in the sum of \$9.65 for goods, wares and merchandise delivered to defendant by plaintiff at his special instance and request.

Plaintiff alleging that defendant has left this state permanently and has or is about to remove his property out of this state without leaving sufficient within the state to pay his debts and has failed and refused to pay plaintiff or secure the said note and account due by defendant to plaintiff. Plaintiff also alleges that it has placed said note in the hands of its attorneys for collection and has contracted to pay the ten per cent insid note stipulated as attorney's fee and prays judgement for its principal debt as represent by said note, interest and attorneys fees and for its debt as shown in said account, aggregating the total sum of \$234.65, and for such other and further relief, special and general in law and equity, that it may be entitled to and for costs of suit.

Herein fail not, but have you before said Court, on the first day of the next term thereof, this Writ, with your return thereon, showing how you have executed the same.

Witness my hand and official seal at my office in Clarendon, Texas, this 4th day of April A. D. 1918.

### A FAMILY MEDICINE

In Her Mother's Home, Says This Georgia Lady, Regarding Black-Draught, Relief From Headache, Malaria, Chills, Etc.

Ringgold, Ga.—Mrs. Chas. Gaston, of this place, writes: "I am a user of Theodor's Black-Draught; in fact, it was one of our family medicines. Also in my mother's home, when I was a child. When any of us children complained of headache, usually caused by constipation, she gave us a dose of Black-Draught, which would rectify the trouble. Often in the Spring, we would have malaria and chills, or troubles of this kind, we would take Black-Draught pretty regular until the liver acted well, and we would soon be up and around again. We would not be without it, for it certainly has saved us lots of doctor bills. Just a dose of Black-Draught when not so well saves a lot of days in bed."

Theodor's Black-Draught has been in use for many years in the treatment of stomach, liver and bowel troubles, and the popularity which it now enjoys is proof of its merit.

If your liver is not doing its duty, you will suffer from such disagreeable symptoms as headache, biliousness, constipation, indigestion, etc., and unless something is done, serious trouble may result.

Theodor's Black-Draught has been found a valuable remedy for these troubles. It is purely vegetable, and acts in a prompt and natural way, regulating the liver to its proper functions and cleansing the bowels of impurities. Try it. Insist on Theodor's, the original and genuine. B 78

#### SOLD HIS HOME AND SPENT HIS MONEY IN SEARCH OF HEALTH

"Two Bottle of Tanlac Did Me More Good Than Everything Else," He Says

"After I had spent every cent realized from the sale of my home, and several hundred dollars besides, in trying to recover my health, two bottles of Tanlac did me more good than everything else put together, which certainly was a wonder to me," was the statement made recently by Robert A. Lane, a motorman on the El Paso Electric Line, who lives at 1013 San Antonio street, El Paso, Texas.

"My health gave way five years ago," he continued, "and I began to go down hill so fast that for four years I wasn't able to do a lick of work. My stomach was in such an awful fix I had to force down what little I ate and nothing gave me any nourishment. Even the raw eggs and milk I lived on soured on my stomach and I would be almost choked with gas and my heart acted so strangely I was afraid something was wrong with it. I have been a railroad man ever since I was able to work and was used to exposure to all kinds of weather, but I was so full of malaria, and my system had been weakened so by five spells of pneumonia during the last four years, that if I got wet in a shower the least bit it laid me up several days with a cold."

"Well, sir, it was the greatest surprise I ever had the way Tanlac took hold and began to straighten me out right from the start. I kept on improving every day till now I have such an appetite I am ashamed to eat enough to satisfy my hunger and I can enjoy my meals for the first time in years. Nothing hurts me any more I sleep like a log and get up in the mornings ready for my job. I work ten hours a day without getting tired like I did before and am stronger and more vigorous and have gained in weight. Why, I have been soaked to the skin several times during the past two weeks and it didn't hurt me in the least. I intend to keep up the treatment some time longer and I am so grateful for what Tanlac is doing for me that I want everybody to know it."

Tanlac is sold in Clarendon by Dr. J. D. Stocking, in Hedley by J. F. Tomlinson Drug Co., and in Jerichy by O. C. Brown.

#### KEEP THE SCHOOL CHILDREN WELL

Do you know that in some of the rural school districts in Texas a considerable proportion of the children have Hookworm disease or Malaria ("Chills and Fever"), or other preventable disease? Many school children are handicapped by physical defects which could be corrected but which seriously reduce the capacity of the children for education.

These conditions can be greatly improved by more systematic instruction of children and parents in Hygiene and Sanitation, by periodical physical examination of school children, and by maintaining strictly sanitary conditions at school buildings and grounds.

Conservation of Public School Funds is best accomplished by spending part of them to maintain the highest possible standards of health among the school children.

Instruction in Hygiene and Sanitation is most effective when given with illustrated charts and lantern slides and with outdoor inspections. Systematic physical examination of school children is of greatest value when followed up by conferences between the parents and the physician or nurse.

Every county in Texas should employ an experienced public health nurse to assist the health officer in preventing unnecessary sickness among the school children.

Each rural school should have a thoroughly safe water supply, modern sanitary toilets, and covered refuse receptacles. The building should have proper light and ventilation. The floors should be treated to prevent dust, and the yard should be well sodded or gravelled. Common drinking cups and towels should be prohibited.

Not long ago a prize was given for the best kept County Court House in Texas. Why doesn't somebody offer a prize for the most sanitary rural school?

Education is of little value without good health. Scientific health protection measures are just as important for school children as for soldiers.

#### RESOLUTIONS OF RESPECT

Whereas, The Great Commander of the Universe has seen fit to call from this life the mother of our beloved fellow Officer, Sergeant Allan M. Beville and

Whereas, the Officers and non-commissioned officers of H. Company, 142nd Infantry, feel that anything that effects the happiness of one of its members is shared in by all therefore,

Be it resolved by the Officers and Non-Commissioned Officers of H. Company 142nd Infantry, that we sympathize deeply with our brother officer in his sad bereavement, and, realizing the inefficacy of words in such sorrow, direct him to the Great Commander, whose sympathy and whose tender hands will guide and direct him with all of a mother's love gently, kindly, through all life's vicissitudes, and at the end will reunite him with his beloved mother whom he now mourns.

Be it further resolved that a copy of these resolutions be placed in the archives of this company and a copy furnished our comrade, Sergeant Allen M. Beville, and his good family. Officers: Ethan A. Simpson, Capt.,

#### HARRY DAVIS GETS COMMISSION AS 2ND LIEUT.

Harry D. Davis, son of Mr. and Mrs. H. M. Davis, who attended the first Officers' Training School at Camp Bowie, was commissioned second lieutenant last week when he took the final examination.

Claude boys at Camp Bowie say the commission was justly earned and that if Harry makes as good second lieutenant as he did sergeant no one will have occasion to criticise his record. Claude people feel proud of the record Harry has made, and the News wants to compliment him and his parents. To them Harry owes everything, as the training a boy receives at home is the foundation for whatever success he attains when thrown on his own resources.—Claude News.

## Our Government Instructs Us To Urge You to Buy your Fuel Now for next Winter

Aside from the patriotic assistance this will be to the Federal Fuel Administration, you have every reason from the standpoint of self-protection to heed this WARNING

- 1st Economy.** Spring Prices are lower than they will be in the summer. Prices will advance every month during the summer. Next month's prices will be higher than this month's prices.
- 2nd Service.** Transportation service from point of production to us, and our delivery service to you is fairly good now, but will become increasingly difficult as the season progresses.
- 3rd Supply.** The supply for private consumption is ample now, because of favorable weather conditions. The supply will NOT BE AMPLE next fall. Buy while the supply is here.

Avoid suffering of your loved ones next winter by buying your fuel NOW!

### DIGEST OF WAR NEWS

#### Swindlers' Trick Takes Money Sent to Soldiers

Relatives and friends of several soldiers in Army Camps have been victimized by swindlers who wired or wrote for funds under soldiers' names. In each instance it was requested that money be sent by wire waiving identification, or by mail to general delivery, the customary explanation being that the soldier had been discharged and would have no way of securing identification, nor of getting mail addressed to his company.

The following is a typical telegram, sent to the father of a soldier in a southern camp:

"Have been discharged. Coming country tonight. Please wire me \$60 home. Going to Atlanta through

Atlanta so I may pay for uniform and come home direct. Wave identification as I am not known in Atlanta. Wire cash quick so I can it lanta. Wire cash quick so I can get it tomorrow morning."

Before being complied with, and request for money to be sent under such condition should be verified by a letter or telegram to the commanding officer of the camp in which the man whose name is signed to the request is stationed.

#### Optical Glass is Now Manufactured in the United States

Optical glass equaling the product of European manufacture, where only it formerly could be obtained, is now being produced for military use by the Bureau of Standards of the United States Department of Com-

merce and several privately owned factories. One shipment from the glass factory in Pittsburgh, for use by the Navy Department, contained 780 lbs. of high-grade optical glass—enough to provide lenses for probably 750 binoculars.

Development in glass manufacturing in the United States has been similar to that of dye making. Before the war manufacturers of optical goods in this country were content to import all their glass from Europe themselves doing only the grinding, polishing, and mounting. European glass factories, one of the three largest being located in England, one in France, and one in Germany were closely guarded to protect secrets of the trade sometimes a century old. It was considered impossible to produce efficient glass without formulas and factory processes developed by many years of experimentation.

One of the problems facing the Bureau of Standards when, with optical companies in America, it started to replace with locally made products the supply of European optical glass which had been cut off by the war, was to provide suitable pots for melting. In one process of its manufacture the glass must be kept at temperatures as high as 2,000 F., when it would rapidly dissolve a container made of iron, steel, or other metal. Pots now being used which satisfactorily withstand the heat and chemical actions of molten glass are made of clay found in the United States.

In addition to the factory operated by the Bureau of Standards at Pittsburgh, several privately owned companies are now furnishing optical glass for military use in telescopes, binoculars, field glasses, periscopes, and other technical and scientific instruments.

The total acreage in sugar cane in the 24 sugar parishes of Louisiana in 1918, is estimated at 218,000 acres, as compared with 293,000 in 1917 and 315,000 in 1919.

The Minister of Agriculture of Brazil has been authorized to establish modern experimental farms and agricultural colonies, especially for the education of orphans and abandoned children.

Millions of dollars, it is estimated by revenue officials, will be added to the Government funds in penalties as a result of the round-up of income tax delinquents by the Bureau of Internal Revenue.

Reports received from State and Federal employment bureaus by the United States Employment Service, Department of Labor, indicate a shortage of woman in 34 cities. The greatest demand is for domestics and, next factory workers. Twenty of the 34 cities report a scarcity of domestics.

Nine report a demand for factory workers.

Consul General Thackara, at Paris, cables: "A decree of April 5, published April 6, gives notice that all merchandise prohibited from importation by law of May 6, 1916, will be seized and sold for profit of the State unless a regular import authorization be presented within five days after arrival. For first 30 days after promulgation of this decree requests for derogations from its provision can be addressed to the minister of finance, in case particular circumstances justify an exception."

Two per cent of the enlisted personnel of the divisions and detached units of the Regular Army, National Army, excepting the Coast Artillery and various staff corps, will be designated to attend the fourth series of officers' training schools, which will open May 15. Admission has also been granted to some men who have had at least one year's military training under Army officers at educational institutions which have earned Government recognition.

#### NEW ORDER EFFECTING STOCK HOGS.

Stock hog may be vaccinated, dipped and shipped same day they are bought at Kansas City.

Government and State authorities have arranged so that stock hogs may be shipped out of the Kansas City market the day they are bought, to any point in the states of Kansas, Nebraska, Oklahoma, Iowa and Illinois. Government inspectors make the inspection and do the testing, but the purchaser has to arrange with a competent veterinarian to do the vaccinating. Either the "serum-alone" method of the "simultaneous-inoculation" method may be used, and hogs have to be dipped and held three hours before being loaded for shipment. All the facilities for doing the work have been installed by the stock Yards Company, the first shipment under this ruling having been made April 23rd, to Iowa.

This new ruling puts the stock trade at Kansas City, on the same basis as the stock cattle trade. It makes it possible for the farmer or feeder who desires to buy stock hogs to go to the market at Kansas City and get them promptly, in any numbers, and at an established market price. It also creates a better market for the hog raiser who, because of lack of feed or other reason, finds it desirable or necessary to sell shoats before maturity.

## DELCO-LIGHT Increases Farm Efficiency

1. Saves time and labor—Work formerly done under poor light and by hand can be done better and in less time with the aid of electric light and power.
2. Labor is attracted to the farm—The "back to the farm" movement is made practical when the conveniences afforded by electric light and power can be had in the country.
3. Keeps the boys and girls on the farm—Electric service on the farm offsets city attractions. Valuable labor and valuable young manhood and womanhood are saved to the country community.
4. Solves the retired farmer problem—Electric light and power make the farm home so attractive and comfortable that the farmer and his wife remain on the farm where their advice, experience, and immediate interests are of great practical value.
5. Lightens burden of the housewife—Increased farm work in war times means increased labor for the housewife. Electricity offers the only practical means of taking the drudgery of household tasks from her shoulders.

Delco-Light is a compact electric plant for farms or country homes. Self-cranking. Air-cooled. Thick plate, long-lived battery. Ball bearings. No belts. RUNS ON KEROSENE
