## COUNTY TREASURER BECOMES A BENEDICT.

Rev. E. Dubbs, County Treasurer of Donley County was quietly married Friday night of last week to Mrs. Dubbs of Elkhart, Ind. The happy event took place at the Dubbs home in this city at 9:30 p. m. with Rev. Oller officiating. The bride is a most estimable lady and Bro. Dubbs is to be congratulated on his good fortune in winning her for a helpmate. The groom is one of the picturesque characters of the Panhandle, having come into this section years ago when the Indian and the buffalo were plentiful. In his early years he won fame as a crafty Indian fighter and a successful buffalo hunter and is reckoned as one of the landmarks of this county. He is one of the most popular officers of the county and all join with the News in wishing for the newly weds a happy life of long duration.

Those who witnessed the marriage were Walter Dubbs and family, Will Dubbs and family, Byron Alexander and family and J. J. Alexander.

## RURAL CARRIER EXAMINATION

The United States Civil Service Commission has announced an examination for the County of Donley, Texas, to be held at Jericho and Clarendon, on December 8, 1917, to fill the position of rural carrier at Jericho, Texas, and vacancies that may later occur on rural routes from other post offices in the above mentioned county. The examination will be open only to male citizens who are actually domiciled in the territory of a post office in the county and who meet the other requirements set forth in Form No. 1977. This form and application blanks may be obtained from the offices mentioned above or from the United States Civil Service Commission at Washington, D. C. Applications should be forwarded to the Commission at Washington at the earliest practicable date.

Examination starts at 11:30 a. m. The vacancy for which this examination is announced is caused by the enlistment of the carrier formerly employed on the route. Upon his honorable discharge from the military service of the government he will be entitled to reinstatement to his former position as carrier on this route in accordance with the statute approved July 28, 1916, which is as follows:

"Any postal employee who has entered the military service of the United States or who shall hereafter enter it shall, upon being honorably discharged therefrom, be permitted to resume his position in the postal department which he left to enter such service."

However, any person appointed to this position may, in the discretion of the Post Office Department, be assigned to other parts of the postal service; or transferred to other branches of the classified service for which he is eligible.

Mrs. J. F. Draffen and son, J. F. Jr., left Thursday night for their home in St. Louis, Mo., after an extended visit with Mr. and Mrs. J. T. Sims. Mrs. Draffen's sister, Miss Nannie Sims accompanied her home for an extended visit in St. Louis. They spent Sunday with their brother, Arthur Sims at Camp Bowie.

Harry E. Menefee stationed at Camp Bowie spent Saturday and Sunday here with his wife.

## LOCAL RED CROSS NEWS.

Mrs. Cornelia Adair has very generously offered her home (the Walsh House) to the Red Cross for their headquarters. Mrs. Adair has always been most kind to Clarendon and this last generous act is one more of the many kind things she has done for the people of Clarendon. The Red Cross is most grateful to her.

The "Open House" held last Saturday the 10th, was attended by many interested visitors. The amount of work done by the ladies was a matter of surprise to all. Over 120 garments were cut last week and 91 garments were made during that one week, 193 yards of gauze was cut and made into 9 inch compresses. 432 compresses were inspected last month.

The Hedley Branch had a very nice exhibit of surgical dressings. The Giles Auxiliary had also a very nice display of surgical dressings and hospital garments. The neighborhoods of Chamberlain School house, Martin School house, Jericho, Goldston, Ashtola and some ladies near Leila Lake are all at work having become members of the Red Cross personally and work in connection with the chapter in Clarendon.

The knitting committee reports 16 finished articles and 25 not finished. This committee can do many times the amount of the above, but cannot get the wool.

The Executive Committee of the Donley County Chapter A. R. C. met in regular session the second Tuesday in November with eleven members present.

The reports from the various departments were remarkably good and show the Chapter to be in a very live and active condition, much progress having been made in all departments and much work done.

Prof. Lowe was elected Chairman of the department of General Propaganda.

Prof. J. R. Silvey has been requested to take charge of the development of the Junior Membership of the A. R. C. if in his opinion it is expedient to do so.

The Saturday Booth took in \$68.00 less memberships last Saturday, the 10th.

Mayor SoRelle gave later a donation of \$10.00 to this booth.

Mr. C. E. Reed of Philadelphia who owns land near Leila Lake sent a donation to the Red Cross of \$5.00 which is much appreciated.

The Chairman of the department of Civilian Relief is calling his committees together this week and it is hoped they can organize and arrange the work of this department shortly in case its service will be needed in the future.

The Chairman of the Chapter had a very pleasant visit from the Chairman of the Hedley Branch, Mrs. M. J. Boston and her associate officer, Mrs. Moreman who came up in the interest of the Red Cross work in Hedley.

The urgent calls for surgical dressings continue and more workers are needed. If these surgical dressings are so badly needed now, we can readily imagine what will be necessary when our soldiers are in active warfare in France.

It is the duty of every American woman to come forth and take her part in this vital work, even at a sacrifice.

The surgical dressings course of instruction planned for this week had to be postponed on account of delay

## GIRLS NATIONAL HONOR GUARD

The Girl's National Honor Guard wish to thank each one who purchased or donated last Saturday at their booth. The proceeds amounted to \$24.10 and this sum will be sent to the State Manager, Miss Lazenby, who will apply it to needs at one of the Army base hospitals. The boys want jellies and preserves and an appeal was made to the Clarendon girls to assist in helping this work.

The next meeting will be Wednesday afternoon at 4 o'clock at the home of Miss Lila McLelland.

## PHILATHEAS ENTERTAINED

The Philatheas enjoyed a most pleasant afternoon Tuesday with Miss Alberta Hilburn at which time a short business session was held and afterwards a social hour. Plans have been perfected as to how the needed sum which is necessary to finish the Liberty Loan purchase payment will be raised.

Refreshments were served to the following Misses Meta SoRelle, Francis Roach, Bates, Gertrude Miller, Zoe Glenn and Alberta Hilburn. Mrs. L. F. Lowry was a guest.

## THE PUBLIC SCHOOL.

The public schools are moving along smoothly with every appearance of effective thorough work. Both pupils and teachers are interested and the habit of application as well as that of promptness is being formed by the student body. Not only these habits but the power to think correctly and act accordingly is receiving careful training in the schools.

Really the public school of any town or community is the most vital as well as the most worthy enterprise that can be undertaken by all the people. And probably never in the history of this country was it more important than just at present. The drain of the educated young men of the country by the war will soon be felt. The demand for such to take their places must be largely met by the high schools. High school graduates are receiving recognition from the government on account of their training now and there is little doubt but that the demand will be greater later on. Parents should do their utmost to co-operate with the teachers and school officials to the end that nothing may be left undone that will promote the public school interests of Clarendon.

The attendance at the grammar school building has been almost perfect of late, with some new pupils entering every week. In the intermediate grades at the high school, some pupils have been working in the fields to some extent taking the places of the older ones who have gone to the war. In the high school the attendance lately has been almost equal to the enrollment and the progress is good. Parents are cordially invited to visit the school and inspect the work that is being done.

Pupils from the Clarendon high school are in attendance at many of the colleges or universities of the state. So far as the writer is able to learn all of them are making good at these schools. This ought to be proof of the fact that the training offered here is sufficient preparation for college entrance work.

Funds to the amount of \$225 were raised in the recent collections for books and school fixtures. Three liberty bonds were bought which will be used in making these purchases. The new victrola selected for the high school is greatly enjoyed by the school at mornings at the chapel period.

Pupils from Miss Moena Lane's class have given the Red Cross some assistance in their work lately. This industrious room gave one Saturday to picking cotton in order to raise funds to buy books.

If irregularities at school and on the way home are to be held in check, parents must co-operate with the teachers. Very little tardiness has occurred so far during the present term, but this could be lessened.

Parents should not expect the best of results from pupils in the high school unless there is considerable home study. Children should be made to understand that in reality school is the one thing of great importance—the consuming business of the five days set apart for that work. The idea that a days absence or even a half or quarter of a day is unim-

## EFFORT TO SELL RED CROSS MAIZE AT \$500 PER TON

Effort is being made on the part of our citizenship to make up a fund of \$500 to bid in the ton of milled maize donated to the Red Cross of Clarendon by N. S. Ray, and to be auctioned off on the streets of Clarendon on Saturday, November 24th. Frank Bourland and Mr. Van Eaton started the list being circulated to raise the coveted amount and something like half has already been subscribed. Nearly all the business men have donated liberally and farmers, stockmen and laborers are invited to assist in raising this to an even \$500. The gift by Mr. Ray is indeed a very liberal one and bespeaks the earnestness of his patriotism and if you wish to share in swelling this fund for the local Red Cross to put into circulation for the benefit of suffering humanity, more especially the wounded American troops who are soon to fill the hospitals in France, you are urged to drop in at either bank, see Mr. Bourland or Mr. Van Eaton, or come to the News office with your donation.

## CHRISTIAN LADIES' AID

On Wednesday, November 7th, the Ladies' Aid Society of the Christian Church met at the home of Mrs. D. W. Clampitt. An interesting Bible Lesson was read and discussed by the circle from the 3rd chapter of Mark. About 20 members were present with 4 visitors, viz. Mesdames L. L. Taylor, Baker from the Martin Community, Longdon and sister, Miss Carder. \$4.75 was taken into the treasury besides \$8 more donated towards the last payment on parsonage.

Refreshments were served, after which we adjourned to meet with Mrs. Hatchet November 14.

Homer Woody left the first of the week for Los Angeles Calif. after visiting his parents, Mr. and Mrs. Walker Woody for the past two weeks.

Will Heisler returned to the Mill Iron Ranch Wednesday, after a week's stay in town, recuperating from injuries which he received when his horse fell with him.

Misses Ruth and Kate Arnold, and Ebena Richardson, Mr. Arnold and Mr. Harrison of Memphis visited Mr. and Mrs. Harry E. Menefee at the H. W. Taylor home Sunday.

Mr. and Mrs. J. M. Warren and little daughter, Lucille returned from Camp Bowie Tuesday morning after visiting with their son and brother, Harry of Co. H, 142nd Texas Infantry since Saturday.

The 82nd Field Artillery of Cheyenne, Wyo., rested for about 30 minutes here Saturday morning. While here they marched up and down the streets several times. They were going to Fort Logan at Houston, Texas.

Important causes some children to put a low estimate on the work of the school. Such an attitude on the part of pupils may cause a failure to secure an education.

## National Shock Absorber Again

People have been asking us how the Federal Reserve System acts as a shock absorber. In the past, whenever a shock came the banks felt it first. Most of our 29,000 banks started to strengthen themselves, stopped loaning money, which slowed up business all along the line. We have strengthened ourselves in advance by joining the Federal Reserve System, and when trouble comes can confidently go ahead with our usual business, knowing that the great resources of this System are at our back. If you are not getting this protection as one of our depositors, drop in and talk it over with us.

## Which Side are YOU On?

Are you one of the many thousand taxpayers of Texas who think they govern this state and who every year send in their hard-earned money at the front door of the state capitol to defray the cost of government?

Or, are you one of those sleek, well-fed, superbly dressed and leisurely gentlemen who take money out of the back door by the bagful and shovelful, and who are the ones who really do govern the state?

Of course if you belong to the latter class you will not be interested to know that the number of state employes increased from 1567 in 1907 to 4379 in 1917. You will see no necessity for publishing the fact that the "traveling expenses" of state employes increased from \$23,600 in 1907 to \$210,000 in 1917, or about 800 per cent.

But if you belong to the taxpaying class you will be mightily interested to know the why of these facts. The place to find out is in the pages of

# FARM and RANCH

The Farm Paper of the Southwest

The time to find out is now. Senator John G. Willacy's eye-opening serial "The Heavy Hand of Invisible Rule" is now running. It contains more straight facts about the Invisible Forces that are the REAL governing power in Texas than have ever been published before about this state or any other.

If you want to know where the dollars you pay in taxes actually go, here is your chance. Here is your chance, too, to learn something about the value of your vote. You thought it as good as the next man's? Yes, but what show does it stand against the 30,000 mobilized, irresponsible votes that are voted every year, many of which come from the cemeteries?

All of this is now being shown in FARM AND RANCH

## The Farmer's "Right Hand Man"

For nearly forty years FARM AND RANCH has published facts and information of inestimable value to the farmers. It has done more to modernize and improve the farming methods of the Southwest than any other publication. It is in every respect the most helpful publication that a farmer can have about the place.

Today FARM AND RANCH is publishing "The Heavy Hand of Invisible Rule" to show the farmer what the situation actually is, for it is a well known fact that most of the graft and padded legislation that goes through our state capitol is put through under the guise of "helping the farmer."

### SEND BIGGER CHRISTMAS BOXES ABROAD.

Weight Limit on Parcel Post to our Fighting men in France is Advanced from Seven to Twenty Pounds—Mail Early.

Chicago, Nov. 14th.—Uncle Sam is determined that all his nephews fighting in France shall have as big Christmas boxes as relatives and friends here want to send them—up to 20 pounds, if mailed early enough.

The French Government recently gave notice that, because of its inadequate rail facilities, it could not transport and parcels-post packages weighing over seven pounds.

Now the U. S. War Department announces that it will handle all Christmas packages for the American expeditionary forces in France, on the lines there which have been built and are being operated by our nine railway regiments.

Accordingly the Post Office Department has issued a new order under which a Christmas package weighing up to twenty pounds may be sent to a soldier in France, but these regulations must be strictly observed:

"In addressing give the name of the soldier, the name of the unit to which he is attached and send it care of the Commanding General, Port Embarkation, Pier J. Hoboken, N. J. The package must comply with the regular postal regulations, and, in addition, the articles sent must be packed in a wooden box not more than two cubic feet in extent. It must be well strapped and should have either a hinged or screwed top. No perishable foodstuffs may be sent. The box should be marked to indicate it

is a Christmas package and should reach Hoboken not later than December 5. The rate of postage is 12 cents a pound.

To be sure it will get to France in time, mail your Christmas box before November 15th.

D. B. Keller,  
Vice-President.

### COMPLAINTS OF WIFE BEATING STOP SINCE CITY IS DRY.

Night Desk Sergeant Trammell of the central police station said last night that the police department had not had a single call for the apprehension of alleged wife beaters since local option became effective in Dallas county. He declared that prior to that time the department answered from three to a dozen calls nightly.

Other police officers who have made it a point to investigate the matter, declare that the all-night restaurants uniformly report larger sales at night since local option became effective. In some instances sales have increased 50 per cent, proprietors assert. Many of the smaller merchants interviewed by them also assert that their business has improved, some saying that it is even better than it was during the first week of the State Fair, when there were thousands of visitors in the city.—Dallas News of November 7th.

### FERGUSON-HUDGINS.

On last Thursday morning at 8:30, Mr. Newvill Ferguson and Miss Vera Hudgins were united in the sacred bonds of matrimony at the home of the bride's mother, by Dr. S. E. Burkhead. It was a quiet affair only the immediate family of the bride and Miss Mildred Ferguson, sister of the groom, being present. Mrs. Ferguson is the only daughter of Mrs. Mabel Hudgins and Mr. Ferguson is the only son of Mr. and Mrs. G. C. Ferguson.

Both are old C. C. students and we wish them a happy voyage upon the sea of life which was successfully begun in Clarendon College. The bride attended school at the first of the present term while the groom has been engaged successfully in business several years since his work in C. C.

### ATTENTION TRUSTEES AND TEACHERS.

The Pathfinder Club has been asked to call the attention of Trustees and Teachers of Donley County to the meeting of the State Teacher's Association at Waco on Thanksgiving Day and the following Friday and Saturday and to urge that the teachers of the County attend. In order that they may do so, the trustees are asked to give the teachers the time to attend without loss of salary. Only one day besides Thanksgiving Day, which is a holiday, will be needed from the schools. We feel sure that no trustee in the County but would gladly give teachers the time and feel repaid by the information and inspiration received by the teachers and brought back to the school and community. We hope the trustees of the County will so inform their teachers at once in order that all who can possibly do so may plan to attend. All railroads are giving rates. Requests for room reservations should be made to the Housing Committee, care Supt. B. B. Cobb, Waco, Texas. Teachers are urged to enroll by sending membership fee of \$1.00 to Secretary, R. T. Ellis, 2938 Lipscomb street, Fort Worth. By so doing they will receive the quarterly bulletins, and thus keep up with educational affairs in the State if it is not possible for them to attend the Association.

The program for this meeting presents unusual attractions. Texas speakers include Dr. E. D. Shurter, Austin; Dr. S. P. Brooks, Waco; Mrs. Percy V. Pennybacker, Austin; Miss Lillian Gunter, Gainesville; Dr. R. S. Hyer, Dallas; State Superintendent, W. F. Doughty, Austin; Dr. W. H. Bruce, Denton; Dr. R. E. Vinson, Austin and Governor Hobby, as well as many others.

The out-of-State speakers include many of national reputation, as Mrs. Mary C. C. Bradford, State Superintendent of Colorado and President of the National Educational Association; Dr. O. T. Corson, editor "Ohio Educational Monthly;" Miss Louise Dietz, Primary Supervisor, Louisville, Ky.; Dr. Frank McMurray of Columbia University, New York; Mrs. Ella Flagg Young, formerly Superintendent of Chicago schools. The above names make every teacher long to attend. A Parent-Teachers Section and a School Board Section are to be formed. Every community is invited to send representatives to each of these.

Almost every State in the Union allows teachers time for attendance without loss of salary. Some states notably among which is our sister state, New Mexico, pay all of the teacher's expenses to the Association.

We are sure the trustees of Donley County will grant the teachers the time and we trust that many of them may find it possible to attend. The uplift of such meetings can not be measured in dollars and cents. The inspiration lingers with a teacher long after the expense is forgotten.

# The Clarendon News

Published Thursday of Each Week

Sam M. Braswell, Editor and Owner

Entered as second-class matter November 3, 1905, at the post office at Clarendon, Texas, under the act of March 3, 1879.

The News is proud of its home town, because of its better Sabbath observance. We are truly advancing along this line and it looks good to find the garages closed practically all day Sunday. A people that honors the Sabbath will be certain recipients of prosperity.

The Clarendon News will issue on Wednesday, November 28th in order to observe Thanksgiving.

Queen Liliuokalani of Hawaii is dead after an eventful life of 79 years. She was a loyal American after the annexation of the little kingdom to the United States and has supported the Liberty Loan and the Red Cross with true generosity.

Editor Waggoner of the Miami Chief is advocating Jack Spratt clubs in every home. He says the children fall into the fun of "licking the platter clean" and really enjoy the saving habit. It's a good idea and if it isn't adopted from choice now it may be adopted from necessity later.

The hustling merchants of Clarendon don't propose to carry over any fall goods that advertising and close selling will put into the hands of the people. That is true economy. Goods of no sort ought to be stored up, to take up space, necessitate insurance and tie up capital. Sell your goods, get your capital out so it may be reinvested, save hard stock and give the people the benefit of close prices.

Some smart-alec manager of an office building in Fort Worth recently had signs put in the elevators in the building asking men to keep their hats on in the presence of ladies while in the elevators. This caused a storm of protest from the modest, womanly women of that city and in closing her arraignment of attempted overthrow of chivalry one woman wrote, "I predict the efforts to foist a custom of suffrage-ridden centers upon a southern city will meet with failure." Less womanly women would even foist the customs of suffrage-ridden centers upon the whole state—if they could.

That "tar and feather party" for the I. W. W's. at Tulsa, Oklahoma is only the beginning of what is about to take place the nation over. Not only will it happen to I. W. W's, but it will happen to Germans and dog-blooded Americans who are traitorous enough to think they can live in a land where Liberty and fair dealing abounds and spew out their hellish opinions which had their origin in the brain of that arch-devil, William Hohenzollern, Emperor of Germany. Tar and feathers are soft treatment for such a bunch and there are in every community, there are in Clarendon, many sunkissed Americans who will take pleasure in administering such chastisement as befits the extent of grumbling and seditious talk of any hairbrain, with little enough sense to show his ignorance. America means business.

### A REVIVAL MEETING.

At the First Christian Church to commence on the third Lord's day, (18th of November) and to be conducted by J. F. Mathews of Claude, Texas. We hope that every member of the church will feel it their duty to make this a revival meeting indeed. The whole church joins in asking every Christian in the town of Clarendon to help us in every way you can. By your prayers, by your presence, in the song service, or any other way that you may feel that you can be of assistance in the Lord's Cause.

E. Dubbs,  
By request of the Church.

See our line of diamonds. We can save you money. Liberty Bonds taken at par. Goldston the jeweler.

The sale of Red Cross seals will be conducted this year as usual, this the agency of the National State and Local Anti-Tuberculosis Organizations. While this means that the local Red Cross will not be responsible for the sale of the seals and will not share directly in the proceeds, it is none the less important for all Red Cross workers to aid in increasing the total sales this year to an unprecedented figure. As a national organization, the Red Cross is committed to unsiring support of the war on tuberculosis.

The tuberculosis problem generally is intensified by the war, the experiences in foreign countries, especially France, indicates increased danger from this disease, not only to soldiers but to civilian population.

Don't throw away your old or broken furniture. Parker & Rhodes can make it new.

The actual amount of Liberty Bonds credited to the Red Cross by the Clarendon banks is \$71,800.00.

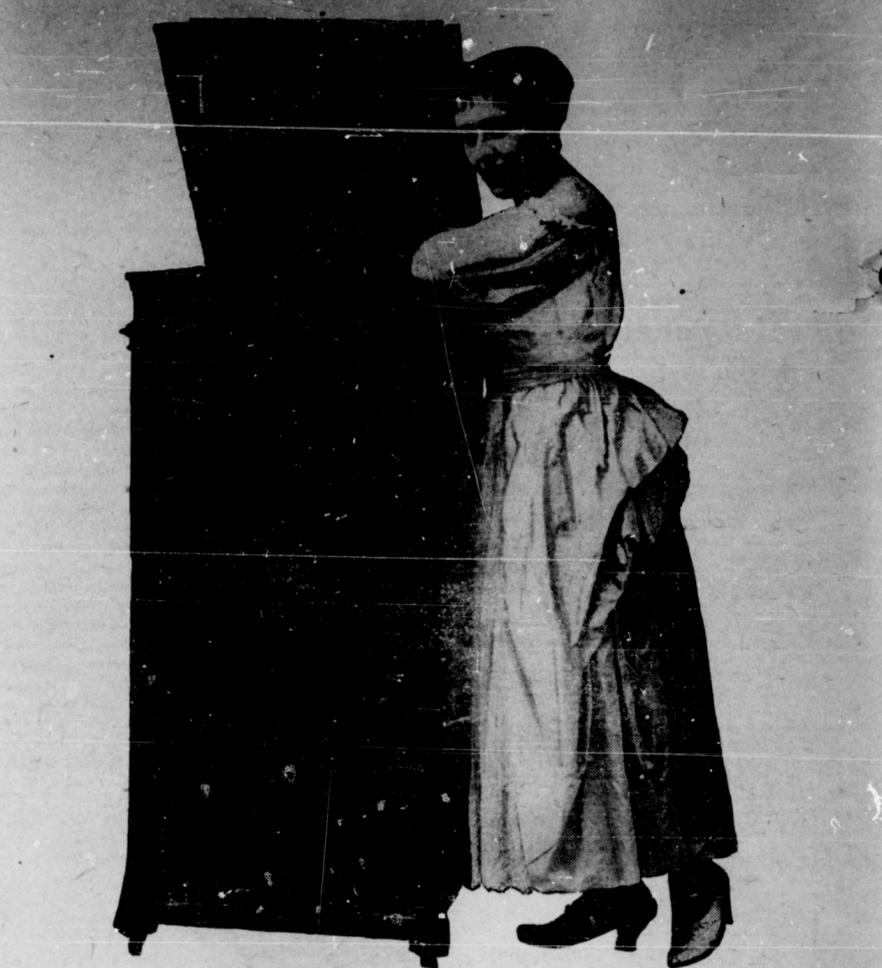

Good used cars for sale. Some trade, cattle or mules. J. H. O'Neill.

Auto painting, the kind that satisfies. Parker & Rhodes.

# Thanksgiving Thursday, Nov. 29th

It's when you have big things to do that you are most deeply thankful for the power and courage that helps you to attain your ends.

Our country has a big work to perform, and on this Thanksgiving Thursday we ought to be thankful that we have the power, courage, and unity of purpose to make this world—in President Wilson's undying words, "Safe for Democracy."

Mothers and fathers who have sons in the army or navy, or daughters in the Red Cross service, should be proud and thankful that they can give so much to our great cause; the nation is proud to have such manhood and womanhood.

Those who bought Liberty Bonds are thankful that the opportunity has been given them to serve.

Then the Farmer should be deeply grateful that he can do his bit by his untiring efforts aided by kind Providence by helping feed and clothe the world.

Then there's business. Men can serve by selling good, dependable, merchandise and by giving good values; that's what we are doing. If you will come to this store for your Thanksgiving Day clothes, you'll be happily surprised under these abnormal conditions at the wonderful values we are giving—absolutely brand new stock, no shelf worn goods, no broken lots, no old styles—in fact every good thing for men to wear is here, all moderately priced. That's what we're doing.

When all is said and done, this county has never had more to be thankful for—for this is a year when we can appreciate our blessings in a greater measure than ever before.

Our store will be closed all day Thanksgiving, Thursday, November 29th in compliance with President Wilson's proclamation.

### SUFFERED 20 YEARS AND WAS TOLD SHE COULDN'T GET WELL.

Railroad man's wife was in Miserable Health—Gains 15 pounds on Tanlac and now Feels Fine.

"Two months ago when I was told I could never get well I almost sank in despair, but when I took Tanlac a while and found my troubles were all gone I felt like shouting for joy," said Mrs. J. Ramsey, wife of a well-known fireman for the M., K. & T. railroad, and residing at 629 West Falls ave., San Antonio, while in Wagner's Drug Store a few days ago.

"For more than twenty years," continued Mrs. Ramsey, "my kidneys and bladder were out of order and no one knows the suffering and worry I had to endure. I would turn red and have some kind of spells that I just can't describe and I was afraid to come down town alone. My bladder was weak and painful—bothered me all the time—and the hurting in my back was something awful. About two months ago, I was told I could get no relief from anything, in fact, I was given up as a hopeless case, and no one can imagine how discouraged and despondent I felt. My right hip and side pained me so I could hardly stand it and my hand on that side would swell twice its regular size. Six years ago, I underwent an operation, my nerves have been all shattered, and I haven't been able to get a good night's sleep since that time. My skin was yellow and all wrinkled up and my eyes would smart and burn.

"Surely no poor woman ever suffered much more than I did and nobody could be more grateful for anything than I am for what Tanlac has done for me. A very dear friend gave me my first bottle of Tanlac and it has acted more like a miracle than medicine with me and brought me the first real relief I have had in twenty long years. I have only taken two bottles so far and have actually gained fifteen pounds in weight, but the best of it all is, I feel like a new woman. My complexion has cleared up, the wrinkles have all about disappeared, and anybody who knows the dreadful condition I was in can see the wonderful change Tanlac has made in me. My kidneys and bladder don't bother me like they did, my pain and misery is all gone. I sleep like a child every night and can go anywhere I please now alone. I was almost distracted with suffering before I took Tanlac, but I now feel better than I have in many years and I hardly know how to express the joy I really feel over my wonderful relief. I gladly recommend Tanlac to all suffering women because I honestly believe from what it has done for me that it is the best medicine that has ever been made."

Tanlac is sold in Clarendon by Stocking's Store, in Hedley by J. F. Tomlinson Drug Co., and in Jericho by O. C. Brown.

Our jolly friend, H. Niemschek of the Brice route, paid this office a pleasant call Tuesday of this week. Mr. Niemschek is one of those farmers who takes prosperity and adversity as it comes and smiles all the while. He says the freeze made bolls out of lots of his cotton but he is satisfied with what he is getting for that—and he says it like he means it.

### ENORMOUS POTATO CROP

The Railroads' War Board authorize the following:

The railroads are now moving what promises to be the biggest potato crop in the history of the country.

This crop, which it is estimated will total approximately 453 million bushels, or half again as much as last year, has been on the way since the middle of September. The movement of it will continue until about April 1st, next year.

Reports received by the Commission on Car Service indicate that even with intensive loading, more than 750,000 cars will be needed to handle the potato crop.

### PLUMBING

Has advanced out of proportion to other necessities owing to the great war demands made on brass, copper, lead and iron. Anticipating prices would advance so we bought heavy sometime ago, and are still able to quote you reasonable prices. Do not put off having that job done expecting cheaper prices next year or the next. Europe will have to be reconstructed after the war. The United States will be the chief factor in doing so. Your auto proved to be a necessity, instead of a luxury, yet its cost to maintain. Your plumbing will prove a necessity and costs you practically nothing to maintain. A last word—take notice of the number of steps your wife makes each day carrying fresh water and also the waste-water. The total will surprise you.

Come around and talk it over with us.
