## MANY DONLEY COUNTY BOYS ARE WOUNDED

In order that the people may know exactly what has happened in so far as we are able to learn, we are writing this item for the benefit of the parents of the "Boys Over There."

Captain Simpson was wounded on the 8th of October, his wounds consist of shots from a machine gun, he was wounded in the left hip and in the left side. These wounds are not necessarily bad, as they only caused a light fracture. He was removed to a base hospital and the bullets removed. His nurse says he will be up in a month or so. He was shot by a boche who was operating a machine gun from a platform located in a tree, after Captain Simpson was shot down he killed this devil with his rifle. Capt. Simpson's nurse said that Hankins, Murphy, E. B. Porter and Gordon Porter were all hit and are with him in the hospital. He further says the casualties will be terrible.

The Red Cross nurse in her letter to Mrs. Joe Warren says that Sergt. Harry Warren was injured in battle and was removed to an evacuation hospital and as soon as he was able would be removed to the base hospital. His parents do not know how bad his wounds are, neither do they know whether he was shot, gassed, or wounded some other way.

Byron Blevins in a letter to his sister, Mrs. O. D. Meador, of Windy Valley, says a sniper's bullet came awful near getting him, as the bullet plowed a furrow about two inches across his head. He was in the hospital but a few days and said that he was going back to kill a few more boches.

Dusty Taylor wrote his wife, under date of Oct. 13th. He was slightly wounded, does not say how, but it is not serious, as he says his wounds are healing fast and that he will soon be back on the line fighting the boches. His letter says that he wishes he could tell the folks a few things but of course all the boys letters are censored.

A letter from Claude Thompson to his sister, says he is getting along right. A part of his letter leaves no doubt as to Ira Hanson, as his letter in the margin says: "Ira Hanson is" and he says no more.

A letter from Star Johnson to his wife at Brice says he was shell shocked, but will soon be back on the line. We are glad it is not serious.

Manly Ozier writes to his folks that he has been on the firing line several times but has come out all right. He sent his parents a few little trophies he had gathered from the battle field, which are prized very highly by the father and mother.

It is rumored that some of the boys have been killed but nothing official has been received, and it is hoped that when we get the news from official Washington it will not be so bad as some of us anticipate.

In the letter from Dusty Taylor to his wife, he mentions Aubyn Clark but my conclusion after reading the letter, is that he is sympathizing with Aubyn and his folks on account of being absent from them.

I have read all the above letters, except the one from Manly Ozier and Star Johnson and believe the above short conclusions are correct, and hope the parents and friends of the boys will be as very careful as they can about making reports of what has happened, as these reports are all more or less generally exaggerated after they have passed the mouths of a few folks. I appreciate that everybody is anxious to know about the boys, and are deeply interested in their welfare, and we parents appreciate this interest.

Lindsay Taylor in a letter to his father and mother says he was wounded in the right thigh and was also slightly gassed.

Burt Whittington, son of J. M. Whittington of Hedley, who was reported missing, has written his parents that he is all right. Herman Kirkpatrick of Hedley was wounded in the hand. Sam Bond of Hedley was wounded in the knee.

All our boys who are wounded or

## GENERAL FOCH TO HAND TERMS TO HUN AGENTS

Washington, Nov. 5.—The United States government, it was announced late today, has sent a message to the German government saying that Marshal Foch, the Allied generalissimo, is in possession of the armistice terms and that Germany can get them by sending a properly accredited representative to the headquarters of Marshal Foch.

The message also stated that the Allied governments are in accord with President Wilson in all of his fourteen peace principles made public in his address to congress in January, 1918, save two principles, the first of which pertains to the freedom of the seas, and the second to the amount of indemnity Germany will have to pay. These subjects are to be left for discussion at the peace conference.

Text of Message  
Washington, Nov. 5.—Following is the text of the message to Germany: (From the Secretary of State to the minister of Switzerland, in charge of German interests in the United States.)

Department of State, Nov. 5, 1918.

"Sir: I have the honor to request you to transmit the following communication to the German government:

"In my note of Oct. 23, 1918, I advised you that the President had transmitted his correspondence with the German authorities to the governments with which the government of the United States is associated as a belligerent, with the suggestion that, if those governments were disposed to effect peace upon the terms and principles indicated, their military advisers and the military advisers of the United States be asked to submit to the governments associated against Germany the necessary terms of such an armistice as would fully protect the interests of

gassed are in the hospital and are receiving the very best of attention. They are especially profuse in their praise of the Red Cross and its good and kind nurses.

There may be others who have had letters but I do not know of them.

Alvie Simmons of Hedley was wounded, but not serious.

Herman Percival writes the home folks that he was wounded in the right hand.

We all must nerve ourselves up for what may come.

In a letter dated Oct. 17th from Turkey Lane to his home folks he says he has a "neat little bullet hole in my left ankle." He is in the hospital and says he is getting along fine. He asked the nurses for a crutch and they told him he might get one for a Christmas present. Another paragraph he says "Lindsay Taylor is in the same ward with me, not hurt much. I don't know what become of but a few of our bunch."

## MISS HAZEL CLAYTON DIED WEDNESDAY MORNING AT 6:10

Miss Hazel Clayton, who has been suffering from the influenza died Wednesday morning at 6:10 o'clock and was buried at the Citizen's Cemetery in the afternoon at 4:30. Dr. S. E. Burkhead conducting the funeral service.

Miss Hazel was nearly twenty years old and was a young lady of energy and refinement. She is the second to die in the family in the past thirty days, Her brother Charlie having died at Camp Travis last month. She with her mother, Mrs. Katie Clayton, visited the stricken young man in camp and it is thought the young lady contracted the disease from this exposure.

Mrs. Clayton and the remaining children have the deepest sympathy of the community and The News joins with them.

## SHOES WILL BE ARRANGED AS TO PRICE IN FOUR CLASSES

Washington, Oct. 31.—The War Industries Board announced today that shoes will be classified in the price-fixing program recently decided upon in four divisions instead of three. The additional class will include all those selling at less than \$3 a pair. The other three class divisions are: Class A, \$9 \$12; class B, \$6 to \$8.95, and class C, \$3 to \$5.95.

Mr. and Mrs. Bennett Kerbow were called last week to Hamlin by the death of the latter's brother who had died in south Texas and had been brought to Hamlin for burial. Telephone advices Tuesday announced that Mrs. Kerbow had contracted influenza and that they would not be home until her condition permitted.

## WAR WORKERS CONFER HERE LAST THURSDAY

Last Thursday between thirty-five and forty delegates representing the eight counties in this the 47th district of the United War Work Campaign, met here on summons of District Executive S. H. Condon for the purpose of studying and planning the Boys' and Girls' division of the United War Work Campaign, Nov. 11th to 18th.

Divisional Director Roysse and Miss Graham, a Y. M. C. A. worker were here from the general headquarters, and Mrs. Ernest Davis of Childress, district executive of the Girls' division, assisted Mr. Condon in the conduct of the morning and evening programs. At 11 o'clock in the district court room of the Donley County court house the meeting was called to order by Mr. Condon and after some patriotic singing, led by Miss Myrta Houk, county executive of the Girls' division, the prayer for victory was offered by Rev. J. W. Story, pastor of the Methodist church. After a few preliminary remarks by Mr. Condon he called on S. M. Braswell to give in brief the outline of the general campaign and some side-lights on the Dallas meeting, where he represented Mr. Condon, who was prevented from attending by his duties as dean of Clarendon College. This talk was followed by a similar talk by Mrs. Davis of Childress. Then Miss Graham was called on for a general discussion of the details of the campaign, which was interesting and instructive and was only shortened by the time having arrived for lunch. Lunch had been prepared at Caraway's cafe and the entire assembly adjourned there for a pleasant hour.

In the afternoon more details were discussed by Director Roysse, Mr. Condon and Miss Graham, after which a round-table was held in which nearly all present participated. At about 4 o'clock the conference adjourned by singing the added verse to "America," and the benediction by Director Roysse.

Mr. Condon is optimistic over the conference and is sanguine of the entire success of the work in his district.

## CONFERENCE TRANSFERRED TO ABILENE-CLARENDON DELEGATION IN ATTENDANCE

The annual session of the Northwest Texas Conference met this week in Abilene, the meeting being transferred from Lubbock on short notice on account of the influenza epidemic in that city. It is planned for the meeting to finish its work in three days, which is just about half the usual time needed. The appointments will therefore be read Thursday or Friday.

The Clarendon members, Presiding Elder A. W. Hall, Pastor J. W. Story, President Geo. S. Slover, Conf. Treas. A. M. Beville and Lay Delegate D. O. Stallings, left Tuesday morning for Abilene and will be in attendance throughout the session. The people of Clarendon are hoping that the preachers involved will be returned to us for another year.

## ARMISTICE TO AUSTRIANS IS JUSTLY SEVERE

Washington, Nov. 4.—Terms of an armistice under which the land and sea forces of what once was the Austro-Hungarian empire have laid down their arms were announced today simultaneously in Washington and the Allied capitals. They accomplish complete surrender and open Austrian and Hungarian territory for American and Allied operations against Germany.

From this drastic document, it may be stated, may be gleaned an accurate outline of the conditions nearing completion in the Supreme War Council at Versailles under which Germany may have a cessation of hostilities.

The terms under which the debacle on the Italian front ended today at 3 p. m. (9 a. m. Eastern United States time,) include complete demobilization of Austrian forces, surrender of one-half of all artillery and military equipment; occupation by American and Allied forces of such strategic places as may later be selected; use of Austrian railroads for operations against Germany; evacuation of all invaded territory, leaving behind all equipment and supplies including coal, surrender of a portion of the Austrian surface and submarine fleets and disarmament of others under American and Allied control, surrender of all German submarines in Austrian waters and repatriation of Allied and American prisoners without reciprocity.

Evacuation of Austrian territory roughly corresponds to the boundary lines claimed by Italy under the Italia-Irridentia, or treaty of London program. The right of occupation by Allied forces is reserved, local authorities to maintain order under Allied supervision.

The terms of the armistice are to be carried out under the direction of Marshal Foch, who will designate material to be turned over and supervise the movement of Austro-Hungarian forces to the rear.

All German troops in Austria-Hungary, Italy or the Balkans must be out or interned within fifteen days.

Ships to be surrendered include fifteen modern Austrian submarines, three battle ships, three light cruisers, nine destroyers, twelve torpedo boats, one mine layer and six Danube monitors to be designated by the Allies. All other war craft are to be concentrated and disarmed under Allied direction.

Free navigation of all Austrian waters by both the war and commercial fleets of the Allies is provided for.

The Danube route is to be kept open by the occupation or dismantling of fortresses to be selected by the Allied commander. The existing blockade of the Allies against Austria remains unchanged, Austrian ships being liable to capture where found except where a commission, to be named later, provides otherwise.

All enemy naval aircraft to be put out of commission and concentrated under Allied control. All Austrian harbor and other equipment in occupied Italian ports to be left untouched.

All fortresses protecting Austrian naval bases or station are to be occupied and the arsenal at Pola is specifically surrendered. All Allied craft held by Austria are to be returned immediately.

The only organized military force Austria is permitted to retain is limited to that necessary to maintain order in her own borders.

## LESS THAN 300 VOTES CAST IN DONLEY COUNTY

While The News is unable to get any report from the general election held last Tuesday in Donley County, yet from what little information we could get it is evident that not over 300 votes were cast in the entire county. It is perfectly safe to say that pure democracy again pervades the sacred precincts of Donley County. Next week we will try to give the detailed vote.

Arthur Martin returned the latter part of last week from Dallas where he stood the examination for entrance into the aviation division, and made a very good grade. Mr. Martin will await the call here which is expected in about two weeks.

### ASHTOLA ITEMS

J. H. Johnson is sick with the "flu." Tom Major shipped a car of feed this week.

School has been postponed another week on account of the "flu."

A good many cases of influenza in and around Ashtola, no one serious. Mr. Hanson's family has an attack also.

These nice sunshine days are appreciated by this community after the recent rains.

Around and between here and Goodnight there is a good deal of wheat being planted.

Some of the feed that had been gathered has been slightly damaged in the recent wet spell.

Dixie Scarborough and wife are visiting Mrs. Scarborough's father and mother, Mr. and Mrs. Johnson.

Dell Shores and Mr. Poovy made a business trip to Clarendon this week.

G. L. Parsons is still making sorghum at Mr. Black's. To see this sorghum will prove that he is some sorghum maker.

Mrs. Blackburn, mother of Mrs. W. A. Poovy has returned to Arlington, on account of her son being seriously sick with the "flu."

The writer and family has had an attack of the "flu," is the reason there was no letter from Ashtola in the last issue of The News.

### TEXAS BAPTISTS TO RAISE \$300,000

Fund will Include Army Camp Work and Aid for Drouth Stricken Churches

The Baptists of Texas are in the greatest campaign of their history to raise in cash, by the December meeting of the Baptist General Convention, the sum of \$300,000.

This is the largest amount in cash ever asked for by them in a single campaign. It is urgently necessary that this entire amount be raised in order to take care of the various important interests fostered by the state executive board of the denomination. The regular missionary work in Texas requires over \$150,000 to finance it. This, for many years, has been a most fruitful and far-reaching enterprise. The missionaries of the board in Texas within the last ten years have baptized more than 75,000 new converts and received 156,000 members into Baptist churches by letter, baptism and other recognized ways.

At least \$50,000 of the \$300,000 objective will be invested in providing for religious services for the many thousand soldiers stationed in Texas. The work of the denomination along this line has been aggressive and of telling effect and significance.

Adequate support for aged ministers and free service for the needy poor in the various Baptist sanitariums will also be provided out of this fund. Baptists pay a monthly stipend to the support of their retired preachers who are incapacitated for self-support. They also maintain a home for aged ministers at Placios. They have two great hospitals, one at Dallas and another at Houston, with two more in contemplation, one at Waco, which is nearing completion, and another soon to be started at San Antonio. In these hospitals free treatment is given to the sick and afflicted who are unable to bear the expense of such treatment themselves.

The hundreds of churches in the drouth sections of Texas will receive aid from this fund. Hundreds of preachers and missionaries will be enabled to continue with their churches and their fields by virtue of the assistance that will be supplied to them out of this fund. This is, perhaps, one of the most critical and urgent calls that the state executive board has to meet. There is an imperative necessity for the complete success of the pending campaign, because of the vital interests and tremendous obligations involved.

It has been arranged to accept Liberty bonds as cash and the use of these securities will, no doubt, greatly enhance the offerings. Churches and their members are urged to buy Liberty Bonds and give them to this cause, thus helping both the government and the great work of the denomination.

The interest in the campaign is state-wide and intense. It is being carried on and participated in with wonderful heartiness and with a determined purpose to win. It is being watched with keen and growing interest by the public in general. If the Baptists win out, which it is expected that they will, it will be regarded as a great victory.

The headquarters of the Baptist executive board, under whose direction the campaign is being conducted, is Dallas. The secretary of the board is Dr. F. S. Groner, 720 Slaughter Building, Dallas. Mr. Groner requests all funds be remitted promptly to this address.

### LELIA LAKE LOCALS

H. K. Leathers is very sick at this writing.

## INFLUENZA WORSE THAN HUN BULLETS

CLAIMING MORE VICTIMS THAN BATTLE FRONTS OF EUROPE—DISEASE CAN BE AVOIDED.

According to carefully compiled statistics it is an indisputable fact that the Spanish influenza epidemic which is now sweeping all parts of the country is daily claiming far more victims than German bullets on the battle fronts of Europe. Although civil and military authorities have succeeded in checking the disease in some localities, it is growing worse in others and continues to spread at an alarming rate. That the disease can be avoided three is no longer any doubt. According to leading authorities the powers of resistance of the human system can be so perfected that it can throw off almost any infection, not even excepting Spanish influenza, which is one of the most contagious diseases known.

It is persons who are suffering from lowered vitality, who are weak and rundown and who have not the strength to throw it off who are the earliest victims. Persons who have bad colds, who are suffering from cerebral troubles, or inflammation of the mucus membranes are especially susceptible, as the inflamed mucus membrane linings of the nose and throat are an open door to the germs. This condition is almost always accompanied by a weakened condition of the system.

If you are suffering from any of these symptoms, nothing on earth will build you up and strengthen you like Tanlac, which contains the most powerful tonic properties known to science.

This statement is easily proven by the fact that Tanlac is now having the greatest sale of any system tonic in the history of medicine. In less than four years' time over ten million bottles have been sold and the demand is constantly increasing. Thousands are using it daily for the above troubles with the most astonishing and gratifying results.

Tanlac increases your strength and weight and creates a good, healthy appetite for nourishing food. It keeps you physically fit and helps every organ of the body perform its proper function in the natural way.

In connection with the Tanlac treatment be sure and keep the bowels open by taking Tanlac Laxative Tablets, samples of which are included in every bottle.

Tanlac is sold in Clarendon by Stocking's Store; in Hedley by J. F. Tomlinson Drug Co.; and in Jericho by O. C. Brown.

### FREE DELIVERY EXTENDED

Free delivery in Vernon has been extended considerably, according to announcement of Postmaster J. V. Townsend. The extension includes three blocks on West Paradise, one block on East Texas and a number of blocks on Lexington street. This includes short intervening streets.

The increase in free delivery territory carries with it the appointment of two carriers. Heretofore the Vernon postoffice has had one regular carrier and an auxiliary who worked six hours a day.—Vernon Record.

### EXPECTS GOOD YIELD OF COTTON

N. B. Hodge, superintendent of the Inter-State Compress Company, made a trip of inspection over Willbarger county this week, and as a result he makes that statement that if frost does not come for a fortnight farmers will have more cotton in Willbarger county than they made last year. Mr. Hodge says it is almost unbelievable how things are growing since rains started last month.—Vernon Record.

### ANGIE LEE PARR BITTEN BY HORSE

Little Angie Lee Parr was severely bitten Wednesday by a horse which she was feeding stalks of cane. The child is only two years old, and while her wound is painful, it is not thought it will prove serious.

Angie Lee is a daughter of Tax Collector R. V. Parr. Mr. Parr says she is very fond of horses, and frequently goes to the lot to feed this animal, which is as gentle as can be. He does not understand how the horse came to bite her.

The animal's teeth caught below the eye and underneath the little girl's jaw, leaving an ugly cut on the jaw. At this time she is doing nicely.—Vernon Record.

### CHARGED WITH BURGLARY

Five persons have been arrested and are awaiting the action of the grand jury in connection with the robbery of the Jones Dry Goods store, last week.

Those under arrest are: Harvey Hughes, Tom Henson, Frank Morris, Ruby Stewart and Ada Gray. With the exception of Hughes, all of them were arrested at Trinidad, Colo. They were brought to Amarillo last Saturday, together with their baggage.

On the night of October 13th, Tanner Bros. store at Alva, Okla., was robbed and a representative of that firm came to Amarillo to identify the goods taken, it being suspected that the same parties committed both burglaries.—Randall Co. News.

### A BIG RANCH DEAL

Another big plains deal was made last week when Frank Kell of Wichita Falls purchased two big eastern New Mexico ranches amounting to more than 45,000 acres through a local real estate firm. Consideration being around \$10 per acre. The properties purchased were known as the Gingham ranch, 18 miles south of Dedman in Union county, consisting of 17,720 acres, and the Red river ranch in Colfax and Moore counties 10 miles south of Springer, which contained 27,000 acres. Both ranches were well improved, and the latter was purchased of Johnson & Snyder, of Clayton, who had themselves just recently bought it.—Dalhart Texan.

### NEW GREER EATING HOUSE

The Greer Hotel company will establish an eating house at Dalhart in the near future. The new time card goes into effect on the 10th and the dining cars will be taken off of No. 1 and No. 2. No 2 will take dinner at Dalhart and No. 1 will take supper here. The eating house will be in one of the dining cars set on the siding and it is expected that everything will be ready to serve meals when the new time card comes into effect. The car is here now and is in the siding by Noble Bros. Grocery.—Dalhart Texan.

Rev. J. M. Jones has gone to Donley County where he has accepted pastorate of the Baptist churches at Lelia Lake and Windy Valley. The two churches will take all his time, and they together have purchased a parsonage. The family will follow in a few days.—Henrietta Independent.

### OLIVE PURCHASED 1,600 ACRES OF LAND FOUR MILES SOUTH OF CLAYTON

L. B. Olive returned to his home at Bells, Texas, last week to arrange for closing his business there and moving to Slaton. He expects to return inside of a few weeks and will put extensive improvements at once on his land which he purchased four miles south of town. He purchased 1,600 acres of the Scott & Hill land, and will put improvements on it for home places for himself and his sons-in-law. This is one of the finest tracts of land on the South Plains and Mr. Olive made a good buy in securing it. It is in the shallow water section and water in all the wells is only forty feet from the surface. The big well that A. B.

Robertson drilled on his tract a few years ago is 165 feet deep and the water comes to within 40 feet of the surface, giving an especially large supply of water.—Slaton Slatonite.

Mrs. Howard Shofer of Killeen, and Mrs. Edgar Skelton of Clarendon were called to the city Sunday on account of the death of Mrs. Killeen Atkinson.—Childress Index.

Fred Hobart, son of Mr. and Mrs. T. D. Hobart, of Pampa, now a member of the United States Marine Corps and at present stationed at Paris, Island, S. C., has just completed a strenuous course on the rifle range. No marine is sent to France until he qualifies with the rifle, which consists of three grades, marksmanship, sharpshooter and expert rifleman. In the recent practice Fred qualified as an expert rifleman with fifteen points to spare, and received a silver medal. He was first in his company and second in the entire battalion.—Exchange.

### HAD FIXED PRINCIPLES

Dr. Watt the other day struck an old gentleman, who asked him what he thought of Liberty Bonds. The dentist gave him all the information he could, finally showing him a bond.

The stranger remarked: "You're all right then, I see. The reason I asked was that my wife had to have some dental work done, and I had fully made up my mind that no man should work on her teeth who had not bought Liberty bonds."—Quanah Tribune-Chief.

### NEW POSTMASTER

The post office department notified Postmaster J. W. Whatley yesterday that Mrs. Ada Rogers had been appointed acting postmaster at Miami thus relieving him of the duties of the office at once.

Mr. Whatley is today checking the office over to Mrs. Rogers who will be postmaster until the Civil Service Commission announces the permanent appointment. Mrs. Rogers has been a most efficient clerk in the office, and is fully capable of managing the affairs. She will also be an applicant for the permanent appointment.—Miami Chief.

### ROAD BONDS ARE APPROVED

Progress goes right ahead on the road bond matter. Mr. Simpson, one of the purchasers of the bonds, came in with them last week and the judge, clerk and treasurer spent considerable time Friday fixing their official signatures. There were 300 of them, \$1,000 each. They were expressed back to Austin Saturday for registration. When that is done they will be paid for and become the property of the purchasers. If payment should be made in New York that would take a little time, but they may be paid off in Dallas.—Baylor Co. Banner.

### HEAD OF WAYLAND COLLEGE DIED SUNDAY OF INFLUENZA

Rev. R. E. L. Farmer, president of the Wayland college at Plainview, died of influenza at that place last Sunday. Rev. Farmer was well known all over the Panhandle as an able Baptist minister and educator and his death will be a blow to those who knew him.

### FIRE DAMAGED THE CITY STATE BANK BUILDING

Last Saturday afternoon fire was discovered in one of the vacant rooms upstairs in the City State Bank building, and by good work of the bucket brigade and use of a belated hose the fire was extinguished after it had burned through the ceiling and floor to some extent. The fire is supposed to have originated from a defective flue.—Wellington Leader.

Mr. and Mrs. Carl Greer and their children came home last Thursday from a vacation of a month spent at London and other places, after Mr. Greer was discharged from the hospital at Clovis. Several weeks ago Mr. Greer, a Santa Fe brakeman, was the victim of a severe accident while switching in the Postex yards at Post. The big iron gate enclosing the Postex yards swung too while Carl was putting some box cars into the yards, and crushed his body between the gate and a box car. He was taken at once to the hospital at Clovis, and recovered from the injury. He will not be ready to return to work for about a month yet.—Slaton Slatonite.

Lodge community lost a very valuable citizen Tuesday by death. The gentleman was C. N. Sasser. He had been sick about a week with pneumonia following influenza. The funeral took place Wednesday and the remains were buried at Fairview in this city. He leaves a family to mourn his death. The Herald knew him well and appreciated his worth as a good citizen. To the family and to the brothers we extend our sincere condolence in their great sorrow.—Hall Co. Herald.

### RAIN AND HAIL LAST WEEK

The weather has been of all sorts since the last issue. On Friday night came a hard rain and hail. On Saturday in continued to rain all day. The wind was from the north all day and several times during the day it snowed, but it never made a showing on the ground on account of melting so rapidly. The wind was sharply cold and still it did not get to freezing except in most exposed places. There was no frost to speak of. The hail whipped the foliage off the cotton, but did no serious damage to crops. On Monday it cleared up some and since then has been fairly good. The roads have been quite muddy and soft and several bridges were damaged by high water. It is thought about 3 inches of water fell here. It was great on wheat that had been planted. No killing frost has yet come and crops are all about matured. Some farmers now believe it will be several weeks yet before frost.

Amarillo had lots of snow. It covered the ground well as near as Hedley, but not this side of there. The weather has been quite unusual to say the least of it.—Hall Co. Herald.

### EQUIPMENT FOR SCHOOL

The equipment for domestic science instruction came in and has been installed at the high school building this week. They now have a very thoroughly equipped laboratory for cooking and baking. A number of gas-line stoves are used for the preparation of food. It would do you good to go up there some day and see the classes at work. They also have a model dining room, where they from time to time serve meals. These are prepared and served by the students, and also are partaken of in proper form by other students. It is a most interesting course in the life of a girl.—Hall Co. Herald.

### A BIG DEAL

Joe J. Mickle has just made one of the largest real estate deals recently made in Hall county. This transaction involved the sale of his large brick business house, where Joe J. Mickle & Son conduct a dry goods business, and his large and elegant home property at corner of Eighth and Brice streets, besides several pieces of city rental property owned by Mr. Mickle. In this transaction Mr. Mickle becomes the owner of one of the best black land farms in Tarrant county, containing between 700 and 800 acres, being highly improved and near the city of Fort Worth. We understand this splendid property is

within one half mile of an interurban railway station and paved road. The value of the properties changing hands in this transaction approximates \$150,000.—Hall Co. Herald.

### DEPORT EDITOR GIVES A VIVID ACCOUNT OF "FLUE" SYMPTOMS

For the benefit of the readers of this newspaper who have not contracted what is known as Spanish influenza, the editor wants to tell exactly what it is and how it feels. We speak from experience, and in order that we may not overlook the smallest detail we are writing this article on the third day of our affliction while flat on our back with a board across our bended knees for a table. We ran the gauntlet of kid ailments, including colic, measles, mumps, chicken pox, whooping cough, etc., but that is all plebeian stuff compared with this thing dubbed "flue," and it will be immediately recognized by the following symptoms:

Your stomach acts as if it had a cargo of green apples; your bowels like you had taken a teaspoonful of that old-time salts; your joints feel as if dozens of nails had been driven into them; the condition of your eyes remind you of the time when a big mud-pair of boxing gloves into each one of them; your face feels like you have it in a furnace, while the lower part of your body tells you you have been wading in the creek; you are both cold and hot at the same time; you pile on the cover, throw it off and then pile it on again; you are hungry and ask for something to eat; when a splendid sick dish is placed before

you, you turn your back and cover up; your friends are afraid to come to see you, and pure water tastes like quinine in cold coffee; your eyebrows swell until they are as large as telephone wires and your toenails ache incessantly; your heart does a flip-flap that reminds you of old pleurisy in your athletic days. But we were about to forget we had a heart, and will stop the suffering. Dear reader, if you have many of the above symptoms, you've got the "flu," and it won't take you long to discover it.—Deport Times.

NOTICE—Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of The News will be gladly corrected upon its being brought to the attention of the publisher.

The Allies have told Germany that she can have the terms of armistice by applying to Marshal Foch at his army headquarters. That's the stuff. This is a soldier's war; let us have a soldier's peace.

Donley County registered with the state highway commission during the past year 724 automobiles. In spite of the war and liberty loans The News predicts that the number will be much higher in 1919.

King Ludwig of Bavaria has notified the court at Berlin that if the kaiser abdicates he is the logical successor to the office. Bavaria once had a mad king, and Ludwig is either cruelly misinformed or is trying to follow in the steps of his predecessor. Nobody but a madman would want the job.

The Republicans of Donley County in convention adopted the Democratic nominees for the county offices. Even if our nominees do feel odd with their names on a Republican ticket, the action of the convention proves somebody's good sense. The Democrats furnished them with proper nominees and we admit it. The Democrats will say that the Republicans proved possession of sense and reason whether they admit it or not.

Billy Sunday is coming to Fort Worth for a revival campaign which begins Nov. 24th. Some people harshly criticize Billy Sunday, but those who have watched him in action declare him to be a man of power and his revivals always bring about a marvelous moral and religious change. Ft. Worth needs him like other Texas cities do, and the high society set are due for some very uncomfortable weeks, unless they repent.

The fire loss in the United States is \$250,000,000 per year which is reckoned as enough to pay the interest on the Fourth Liberty Loan of six billion dollars. The fire loss is largely due to carelessness, and a campaign is being waged to wake people up to this fact and get them to remove collections of trash and inflammable matter from their premises as well as be more guarded in the use of fire and matches. As the winter comes on the more general use of fire increases the risk mightily and every property owner, every renter ought to make a resolve that no fire will result this winter through any carelessness of his. If this is done the fire demon will go hungry and much poverty and suffering will be averted.

Under the ruling of the federal authorities no more gasoline may be sold on Sunday in Texas. This prohibition was first instituted east of the Mississippi and the increasing demand of our air forces in France made it necessary to extend the order west of the river. Not only does it save gasoline; it saves violation of the Sabbath and gives our Sundays more nearly the appearance of the day properly observed.

Out of eighty-four subscribers approached on the subject of the raise in price of The News to \$2 per year only five have been unable to readily see the necessity for the advance. The matter was brought to the attention of these men just as a matter of test to see how the public felt about the matter. The step would be necessary if the sentiment was reversed but The News is happy to be published among a people so fairminded. We believe the other five will see the matter when they have given it a little more consideration. A number have been kind enough to say that The News was one of the best county papers they ever saw and that the advance was expected.

The people of the 18th Congressional District are without a congressman since Hon. Marvin Jones has signed away all exemption and has been inducted into the army service, but the people of this district have a feeling of pride and satisfaction in having had a red-blooded man for our representative. We shall no doubt have an appointee who will serve us well and when Marvin Jones comes marching back from the war he will find a people anxious to accord him any favor he may aspire to. The news dispatches of Wednesday carried account of his doing kitchen police duty, just like any American soldier and we'll guarantee that he did it with a feeling of pride in being a plain soldier of such a government. We shall not forget Private Marvin Jones.

The United War Work Campaign organization is being perfected and every effort will be made to finish the drive in the first day or two. The names of the contributors in Clarendon and her school district will be published in The News so that the boys in uniform may see just who it was that stood by them. Really this drive will more nearly prove a man's patriotism than any loan or stamp campaign. In those drives he has no choice but to do his part, else the government will handle his case, even if his neighbors do not. In this campaign it is left mainly to his inclination to be of help to the boys from our own locality. When the war is over "the boys" will make it pretty hard on the fellow who fails to give them the comforts and rest while engaged in fighting our battles. Will the boys find your name on the list with a donation in line with your ability?

Among the lukewarm, intermittent members of all churches there is rising up a sentiment which they designate "breadth of vision." They argue that the church is too narrow in its inflexibility of life and that the best means of reaching the world is to compromise with it by entering into its pleasures hitherto questionable. This is the veriest rot. The present moral attainment of the world was not accomplished by compromise but by a rigid example of Christian living on the part of the very cream of humanity, admittedly too few in numbers. No further progress can be made unless the church adheres to her faith and abstains from worldly living. This fantastic idea of religion is never heard among the faithful and the person who advances such an argument marks himself as one entirely out of line with the church in which for respectability's sake, he holds membership.

### GENERAL FOCH TO HAND TERMS TO HUN AGENTS

(Continued from Page 1)

the peoples involved and insure to the associated governments the unrestricted power to safeguard and enforce the details of the peace to which the German government had agreed, provided they deemed such an armistice possible from the military point of view.

"The President is now in receipt of a memorandum of observations by the Allied governments on this correspondence, which is as follows:

"The Allied governments have given careful consideration to the correspondence which has passed between the President of the United States and the German government. Subject to the qualifications which follow they declare their willingness to make peace with the government of Germany on the terms laid down in the President's address to congress of January, 1918, and the principles of settlement enunciated in his subsequent addresses. They must point out, however, that clause relating to what is usually described as the freedom of the seas, is open to various interpretations, some of which they could not accept. They must, therefore reserve to themselves complete freedom on this subject when they enter the peace conference.

"Further, in the conditions of peace laid down in his address to congress of January 8, 1918, the President declared that invaded territories must be restored as well as evacuated and freed, the Allied governments feel that no doubt ought to be allowed to exist as to what this provision implies. But if they understand that compensation will be made by Germany for all damage done to the civilian population of the Allies and their property by the aggression of Germany by land, by sea, and from the air."

"I am instructed by the President to say that he is in agreement with the interpretation set forth in the last paragraph of the memorandum above quoted. I am further instructed by the President to request you to notify the German government that Marshal Foch has been authorized by the government of the United States and the Allied governments to receive properly accredited representatives of the German government, and to communicate to them the terms of an armistice.

"Accept, Sir, the renewed assurances of my highest consideration."  
(Signed) "ROBERT LANSING."

After the close of this great world war, politics in America will take on a complex phase. The returning officers and soldiers will at once be brought into the forefront of politics and business and few candidates will be able to win over Capt. or Col. So-and-So. Old politicians who have controlled their territory in the old days will see the new order of things and try to select some promising officer to use as a cat's-paw, in attempting to continue his control. Every campaign will be rich, rare and racy and those who delight in the great American game will have to sit up night if they hope to keep pace in the giddy whirl of politicians, captains, majors and colonels.—Clarendon News.

Why leave out Private So-and-So, Sam? We are too prone to look up to the captains, majors, colonels and generals and forget the boys who obey orders and do the real work. When the boys come marching home let us not forget that our privates deserve equal recognition and praise along with our captains, majors and colonels.—Panhandle Herald.

Friend Lee, you are eminently correct, and no one more than The News editor accords full praise and every possible recognition to the privates. Our article was intended as a piece of subtle irony on our passing crop of "captains," "colonels," etc., much in the same manner that Private John Allen capitalized his title of "Private." While we all give rightful praise to our officers the people of this nation will never forget the debt of gratitude we owe to the boys, our boys—just plain privates, the superiors of any king or potentate.

#### A MURDERER AT YOUR DOOR

(By Douglas Tomlinson, Editor Church World, Dallas, Texas)  
Last night a murderer knocked at my door, and I lent enough money, on good security, for my neighbor's sons and my own brothers to buy weapons and protect my family.  
That was my liberty loan investment.  
In defense of my home, the boys had to leave behind everything on earth they had, suffer all manner of torturing, hardships and some of them lose their lives.

I can't go with them now, but so long as I have a single nickel those lads shall have four cents of it to carry them the tenderness and love of the home they are saving for me.  
I can minister to them through gifts to the UNITED WAR WORK CAMPAIGN, Nov. 11-18, representing the Y. M. C. A., Y. W. C. A., War Camp Community Service, American Library Association, National Catholic War Council, Jewish Welfare Board and the Salvation Army.

## Christmas Gifts And Good Will

You know the value of a gift isn't in what it costs, but in the good will it represents. Just now, when the world needs it more than anything else, it is a good idea to put extra emphasis on the "Good will."  
For reasons of economy, all gifts this year should be useful gifts: find out what your

friends and loved ones really need; something he or she will have to buy sooner or later; give something like that.  
There are plenty of such gifts. You will find lots of them here in our store—gifts suitable for men. Buy Christmas gifts early; it's a government's request.

### Here Are a Few Suggestions:

- HOSIERY
- MUFFLERS
- BELTS
- COLLARS
- SHIRTS
- HATS
- UNDERWEAR
- GLOVES
- NECKWEAR
- SWEATERS
- PAJAMAS
- SHOES

Now is the time to buy. By doing your shopping early, you are serving the nation. Labor is badly needed by the government; no merchant, or railroad or postoffice should need to take on extra help to care for the Xmas shopping and shipping. They won't have to if you buy and send now.

### UNITED WAR WORK SPEAKING HERE LAST FRIDAY NIGHT

Last Friday evening at 6 o'clock a few citizens of Clarendon had opportunity of listening to one of the most eloquent addresses ever heard on any subject and in any campaign in this city. Dr. Frank P. Culver of Fort Worth was brought here from Amarillo in the afternoon and although the second scare on the influenza situation was at its height, and in consequence only a few gathered at the Pastime theatre at the appointed hour, yet those who did attend were more than repaid for their time and effort. Dr. Culver began his discourse with a recital of our boys' conditions and discomforts in the front line trenches, he gave graphic description of the work for their relief and comfort being done by the Y. M. C. A., the Jewish Welfare Board, the Knights of Columbus, the Y. W. C. A., the American Library Association, the Camp Community service and the Salvation Army. The speaker reiterated time and again that our boys deserve the best of everything, and pointed out the slackers' attitude who would deny them what comforts might be extended even up into the shell-torn and bullet-swept zone of fire. Dr. Culver referred to the three hundred and more boys who had left Donley County to fight for us and

made the appeal on the personal relation that exists between us and our boys.  
The speaker was frequently cheered and everyone who heard the address went away with a determination to do all in his power for the successful termination of the drive in Donley County for the assessed quota of \$10,000.  
Dr. Culver was accompanied here by Divisional Campaign Director Roysse and Judge R. W. Hall of Amarillo.

Every soldier needs a Kraker fountain pen or an Eversharp pencil. Get one at Stocking's Store and include it in your Xmas package.

Miss Zell Mann left today for Altus, Okla., where she will enter a school of business. Miss Mann has been in the employ of Sitner's Style Shop for the past several months and has been very popular with the shoppers of this city.

Last Thursday night being Halloween night our streets were becoming populated with all sizes of goblins in all manner of garbs. Very little destructive fun was indulged in and the free use of fireworks gave the city a very gala appearance.

Messrs. Tom Messer, Shaw and Johnson of the McKnight community were Clarendon visitors Monday. The two former were here in the interest of the War Work Campaign in their community. We'll bet McKnight is one of the first to "go over the top."

In another place in this paper will be found an article from Joe M. Warren about the boys who have been wounded. This article is practically correct and should, in a measure put a check to the wild rumors going around. The conditions over there are bad enough without exaggerating them.

### COUNTY TAX ASSESSOR NAYLOR MARRIED IN FORT WORTH SUNDAY

Coming as a surprise to his many friends all over Donley County the marriage of County Tax Assessor B. F. Naylor to Mrs. Ida Jenks of Walnut Springs last Sunday night is the occasion of congratulations to the contracting parties.

Mr. Naylor went to Fort Worth the latter part of last week and met his intended at the home of her sister, Mrs. J. P. Roy in east Fort Worth where the ceremony was performed Sunday night by Rev. E. B. Hawk, pastor of the Polytechnic Methodist church. These estimable people met nearly a year ago at Cleburne, where Mrs. Jenks was in the capacity of a trained nurse. She is a woman of refinement and of the highest character, enjoying the love and confidence of those who know her and Mr. Naylor is fortunate in securing such a helpmeet. Mr. Naylor is a gentleman of scrupulous integrity and merits the confidence of Donley County people.

The News joins in best wishes.

### POSTPONED MEETINGS

The Pathfinder Club has asked The News to announce that their meetings are indefinitely suspended until the local influenza situation is past.

Phone 19 for best prices on poultry and hides. 21tf

J. R. Mace returned the latter part of last week from Clovis, N. M., where he and his wife had been called to the bedside of a son's family. Mr. Mace says the influenza situation at Clovis was appalling and that there were 135 deaths in a very short while. The situation was improving when he left and his relatives were doing nicely.

## The Final Phonograph

That is what the New Edison represents. The automobile, the airplane, the submarine; no man can predict to what lengths they will be perfected. But this instrument has achieved a definite, final goal. It RE-CREATES the singer's voice with such complete fidelity that no human ear can distinguish artist from instrument.

Carolina Lazzari, Contralto of the Chicago Opera, singing in direct comparison with the New Edison.

No one demands more than this. When the great inventor achieved the New Edison he wrote the last word. You cannot improve upon perfection, and perfection is the word that describes

## The NEW EDISON

"The Phonograph with a Soul"

The famous Edison tone tests in which the artists have sung in direct comparison with their own RE-CREATIONS have proved the truth of our claims about the New Edison.

More than 1500 of these tests have been held, more than 2,000,000 people have attended them.

And in not one instance has a listener been able to distinguish artist from instrument. In not one case has anyone been able to say when it was the living voice he heard and when the RE-CREATION. Even the newspaper critics, the most skeptical of listeners, have unanimously admitted that this is true.

Now we want your verdict. Call at our store for an informal Edison concert

Tom Bain of Hedley, route one, was a pleasant caller at The News office Saturday of last week and while here renewed his subscription to The News.

Mr. Bain is one of those big-hearted fair-minded fellows who see and appreciate the position into which the newspapers have been forced and he declared himself heartily in favor of The News having raised its price to \$2 per year. He said it was worth it and that he had to have his county paper even at a higher price. Thanks, Bro. Bain.

Mrs. Elbern Matheson, a sister-in-law of J. T. Matheson of this city, died at her home in Paradise, Wise Co., of pneumonia. She left three daughters and one boy, all mere children. Mr. and Mrs. Matheson of our city have adopted two of the little girls and will make them a permanent home here. The boy and girl were sent to a brother in Oklahoma. This is a very considerate act for Mr. and Mrs. Matheson and the children are assured of a happy home.

### CITATION BY PUBLICATION

THE STATE OF TEXAS. TO THE SHERIFF OR ANY CONSTABLE OF DONLEY COUNTY, GREETINGS:—

You are hereby commanded to summon by causing a copy hereof to be published as the law directs in some newspaper in Donley county Thomas C. Carter to be and appear before the honorable district court in and for said county at the court house in Clarendon on the 13th day of January, 1919, the same being the second Monday in said month, then and there to answer the petition of Helen Carter filed in said court on the 7th day of October, 1918, and being numbered on the docket No. 1015.

Plaintiff sues for divorce upon grounds of six years' abandonment, alleges lawful marriage at Memphis, Texas, July, 1912, and permanent de-

sertion immediately thereafter and asks for divorce and restoration of her maiden name "Allen" and for general relief.

Herein fail not, but have you this writ with your return thereon written before said court at the next term thereof showing how you have executed the same.

Given under my hand and seal of said court in office in Clarendon, Texas, this 7th day of October, 1918.

J. J. ALEXANDER,

Clerk of said court.

Have you thought of that Xmas Present. It is about time and we have the best selection in town. We invite you to inspect our line. Goldston the Jeweler.

A new line of charming models for misses and matrons all at popular prices at Harned Sisters.

### A FINE DISPLAY OF IRONICAL SYMPATHY

Several years ago Clarendon had a very popular editor in the person of John Esten Cooke. John Esten, who is a personal friend of The News editor, had occasion last week to give the following "sympathetic account" of the use of some yellow paint in Rockdale, where he now conducts the Rockdale Reporter. Read it; its rich:

#### "Rockdale Disgraced"

"One of the most dastardly acts that has ever stained the fair name and fame of Regal Rockdale was perpetrated last Saturday night, when unknown miscreants surreptitiously entered the premises of our honored townsman, W. A. Castleberry, broke open the door of his garage, and with devilish wantonness smeared yellow paint over the bright new handsome six-cylinder Buick automobile of the Castleberry family. Not satisfied with besmearing the enameled surfaces of the car the miscreants poured a quantity of the sticky yellow fluid over the top of the car, from where it dripped down all over the upholstery.

"Upon discovering the condition of the car Sunday morning Mr. Castleberry phoned the officers and Constable Alford soon had his bloodhounds on the scene, but at this writing no clue to the perpetrators of the foul deed has been discovered.

"Mr. Castleberry came in for some criticism during the Fourth Liberty Loan campaign at the hands of the Liberty Loan Committee of this precinct, on account of his refusal to buy bonds to an amount which the committee deemed it right to assess against him. While the act of vandalism can not for a minute be thought chargeable to the Liberty Loan committee, yet it seems that the only plausible theory is that the painting of the car yellow grew out of the liberty loan matter, and that irresponsible parties took advantage of the situation in order to thus attempt to bring Mr. Castleberry into disrepute.

"If this was the intent, however, it is doomed to failure, for Mr. Castleberry did, in reality, buy a couple of hundred dollars worth of the Fourth Liberty Bonds, which amount he considers a fair and impartial assessment against his reputed wealth amounting to some \$75,000 worth of absolutely unencumbered property. True, Mr. Castleberry did not buy any of the First, Second or Third Bonds, and has not contributed to exceed \$7.50 to the Red Cross, but he considers himself a poor man and unable to show that degree of loyalty which his really loyal heart actually feels, while the infirmities of age bar him from shouldering his musket and marching to the defense of his country as he would like to do.

Mr. Castleberry has the full sympathy of the public in this matter, in which The Reporter joins. It is too bad that we haven't more good, loyal citizens of the Castleberry stripe; if we had enough of them there wouldn't be any war—nothing but war lords, and all we would have to do would be to work and give the proceeds to the kaiser.

### BRICE HAPPENINGS

Since the big rains I will try to write again.

Our school with a full corps of teachers, will begin the 18th of Nov. R. M. Richerson of Hulver was a guest of Ray Semp over Saturday and Sunday.

Mrs. M. H. Salmon has been quite sick with influenza but at this writing is improving.

There has been some flu at Brice, thought I am glad to say all of the victims are recovering nicely.

The Messrs. and Mesdames Shugart of Garland, Tex., spent last week with F. M. Sachse at Brice.

Mrs. Starr Johnson and little daughter, Freddie Starr, visited at Mr. and Mrs. W. H. Johnson's Sunday.

Mrs. Wade H. Murff went to Camp Mills to the bedside of her husband and is at present sick with influenza, although not seriously.

N. L. Murff and wife have had a son, Prvt. Wade H. Murff, at Camp Mills, seriously ill with influenza and pneumonia the past two weeks although at present he is doing well.

On account of the serious illness of her brother, Mrs. R. H. White came to be with home folks, while her husband went to Camp Taylor, Ky., to the training school of artillery.

Mrs. J. M. Eldridge spent last week at Clarendon with her daughter, Mrs. R. Grady while Mr. Eldridge was doing some building on a farm he has purchased near Clarendon.

The Brice Auxilliary of A. R. C., spent Monday at their work room doing quite a lot of work. Word has been received by letter that Sergt. Starr Johnson is suffering from shell shock, and is at present in a hospital in France.

### PRAISE FOR DONLEY COUNTY

In an interview with H. A. Halbert of Coleman, Tex. he states that he is very favorably impressed with Donley County and her good people and would like to move to the county. Since his short stay among us that he has been studying the soil and climate conditions for Pecan Culture for shade trees as well as commercial purposes and that he finds both soil and climate favorable for Pecan growing. His chief objection to melon growing is that the melons grow too large for even family use—to be eaten at one time.

He states that the surface soil is the most deceptive that he has come across in all Texas. In appearance it is a thin, light soil of a sandy nature, yet it produces maize and kaffir heads as well as corn and cotton equal to the best black lands in Texas with the same amount if not less rain fall.

Mr. Halbert will be buying feed stuffs in Donley county throughout the season with headquarters at Lelia Lake.

A new lot of charming models for misses and matrons, all at popular prices at Harned Sisters.

## Shabby Shoes and Fine Flooring

Did you ever see a person well dressed in every respect except his shoes, and they were shabby? No matter how stylish his clothes were and of what good quality, the shabby shoes spoiled his whole appearance.

It's the same with your home, no matter how fine the rugs, furniture, draperies and finish, if the floor is unsightly, the attractiveness of the home is lost. Floors furnish the foundation for a successful interior both as to appearance and color scheme. A good floor is beautiful in itself and supplies the necessary background to set off the home furnishings.

We handle flooring of all kinds and will gladly advise you as to its proper use and care.

STRAYED—Monday night, Shetland pony, white and brown splashes. Reward for information leading to his recovery. Wilson Turner, Phone 183.

OUTLINE OF SUGGESTED SERMON FOR USE ON "UNITED WAR WORK SUNDAY," NOVEMBER 10, 1918.

Text: "Wherefore by their fruits ye shall know them." Matt. 7-20.

Our Lord and Master in His great sermon on the mount gave expression to great ideas. In the words of the text he reminded men and organizations that they can not expect genuine approval unless their fruits merit it.

Today has been designated by the leaders of the United War Work Campaign as "United War Work Sunday." We are called upon to prepare to give to the agencies serving our brave soldiers and sailors on land and sea in this country and abroad. The total to be collected this week throughout the nation amounts to more than \$200,000,000.

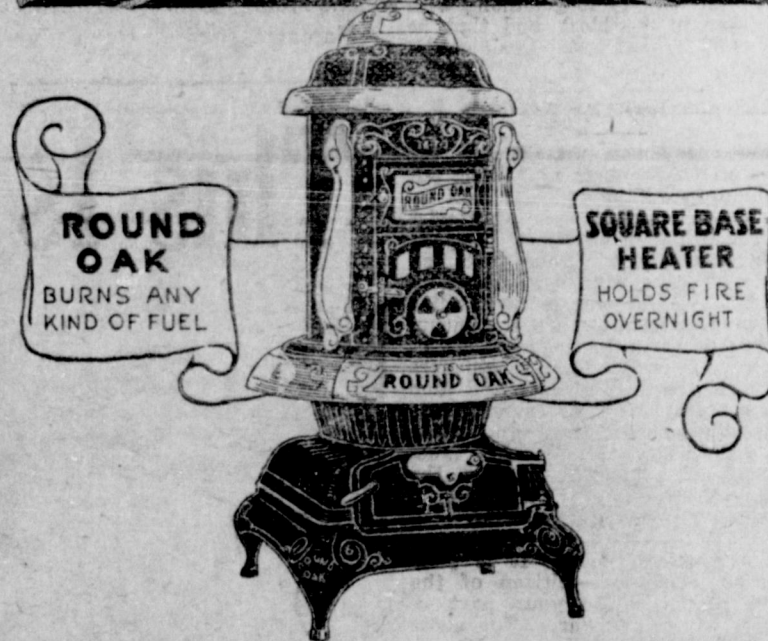

Have the Y. M. C. A. and other organizations borne fruits to merit our continued financial support? (See President Wilson's letter, statements by Secretaries Baker and Daniels, General Pershing and individual soldiers and sailors to answer this question in the affirmative.)

By means of your financial support you extend the comforts of home to the men in the field whose homesickness is dissipated. (See material in pamphlet "What Your Money Is Doing For Your Boy," and other book-lets.)

Our own boys are getting the benefit of our gifts which should be as liberal as their gift of themselves.

"By their fruits ye shall know them" is a test which will be applied to all persons in the community who give or fail to give for the financial support of the agencies whose service means comfort to the fighting boys. Those who give freely to the United War Work Campaign will be termed Patriots, because they are backing their boys with their purses while those who give not, shall according to this test, be known as slackers.

Are you a Patriot or are you a slacker? By your gifts shall they test you. "Wherefore by their fruits ye shall know them."

**The Round Oak Square Base Heater Burns Cheapest Fuel—Prevents Clinkers**

The powerful improved Round Oak hot blast converts that 38 per cent. of carbon in the smoke into heat units, which are directly radiated into the room. Ordinarily it goes up the chimney. This saving of 38 per cent. in fuel is very important; but when, on account of other and quite as interesting features, the Round Oak saves an additional 12 per cent., it instantly commands your favorable consideration.

Come and see the stove itself. See that absolute control is built into the stove, not simply assured. Discover why the patent cone center grate and double fire pot prevent clinkers, with cheapest fuel. Examine the extra-heavy cold-rolled boiler iron body. See the doorframes riveted on—gas tight for life. Ask the weight. When you see it, you'll know why it's the best buy.

### CRAWFORD-CULWELL

Sunday, Nov. 3rd, 4 o'clock p. m. at the home of Dr. and Mrs. Robards, 208 N. Carroll Ave., Dallas, Texas, occurred the wedding of Miss Elizabeth Culwell to Sgt. Bill Crawford, a former C. C. student, but is now stationed at Camp Logan, Houston, Texas.

The bride has made her home in Clarendon since childhood and has a host of friends. For the past five months she has been in training at Saint Anthony's sanitarium, Amarillo, and has been very successful in her profession.

## Attention! Car Owners

In addition to our already efficient corps of workmen we have employed Mr. C. O. McEwen and are now prepared to do work on any make of car.

Messrs Belew and McEwen have both been actively engaged in the garage business for several years and when they work on your car you get the benefit of their experience and knowledge. We handle only genuine Ford parts for Ford cars and think we are better prepared to do Ford car work than any others and just as well as others on any make of car. Give us a trial. You will like our service.

On account of the closing of the schools at Lela Lake, Miss Jamie Smith, instructor of history and English, has accepted a position in the Post schools, as teacher of history. She will also assist in the "gym" work.

Joe Goldston has a thoroughly organized band of solicitors for the United War Work Campaign, Nov. 11th to 18th, and every man, woman and child in Clarendon district will be given opportunity to add comforts to the soldiers from Donley County by giving to this worthy cause.

Editor Ed Boliver of Hedley was here Monday and made this office a much appreciated visit. He had not seen our new Model 14 Linotype and after inspecting it congratulated us upon its acquisition. Boliver is giving the Hedley people a paper the equal of many larger town papers.

S. E. Atteberry and wife left this week for Amarillo where they will make their home for the present. They go to take personal oversight of their grandchildren, orphaned by the recent loss of their mother, Mrs. N. W. Pratt. We regret to lose Mr. and Mrs. Atteberry from our city but appreciate the necessity for their move and they have the best wishes of the entire community in their ministrations to the little ones. Paul Atteberry will move into the Atteberry hotel and conduct the rooming house under the new management.

H. A. Halbert, a scientific farmer originator and seed breeder of farm products of Coleman, Texas, spent the past month in Clarendon buying grain for the Corsicana Roller mills. His best known products are the Halbert paper-shell Pecan and the Halbert honey watermelon. He is the author of the Farmers' Rain Guide, a booklet that forecasts the rains for a year in advance and treats on many important farm problems, among which it tells the easiest method to destroy Johnson grass, price, 25c per copy. Mr. Halbert will move from Coleman to Corsicana, Texas, after January 1st, 1919 where those who wish his booklet or melon seed can address him.

### TAKE NOTICE

Positively no hunting or wood-hauling allowed on the Word ranch. Violators will be prosecuted to the limit.

### IMPORTANT

I have taken charge of the prescription department of The Clarendon Drug Co., and have ditched all old drugs and nothing but the very best and freshest will be dispensed. Bring me your prescriptions and they will receive my regular careful attention, and I will highly appreciate your business. The stock has been entirely gone over and if you want anything in the drug line call at The Clarendon Drug Company. S. A. ANDREWS, Registered Pharmacist.

### HOME CURE FOR INFLUENZA

J. R. Green of Fargo was in Vernon yesterday. He brought with him a home remedy for Spanish influenza that has been so successful he felt it ought to be given to the public.

Mrs. B. C. Wood of Tolbert, who has been nursing influenza patients at Burk Burnett, having returned Wednesday, has used the remedy very successfully. It follows:

Two tablespoonfuls of castor oil, the same of lemon juice, add ten drops of turpentine; mix together and heat in a double vessel as hot as it can be swallowed, add half teaspoonful of soda and drink.

Mr. Green calls attention to the fact that there is nothing harmful in this remedy, and says a second dose is seldom necessary.—Vernon Record.

## "UNCLEAN, UNCLEAN"

Vernon Kellogg in the North American Review: Not every German is unclean. A few have protested against accepting the stigma that the rulers of Germany are so industriously and efficiently engaged in putting upon everybody in their land. But the few are mostly now in prison, like Liebknecht, or have managed to escape from the country, like Professor Nicolai, by sensational airplane flight to Denmark. Most Germans in Germany, and some out of it, seem unashamed to reveal the symptoms of their fatal inoculation with the loathsome disease of "nothing counts but winning." Approving deceit, robbery and cruelty, choosing international outlawry, sacrificing all personal feelings and morals, gloating over horrors, whining over reprisals, they advertise themselves by these as unmistakably as they did the silvery lepers of old, when they called out, "unclean, unclean."

Now this uncleanliness, though an infectious disease, is yet an avoidable one. A few simple precautions and a strong minded will will not succumb, and the individual is safe. Yet how few in Germany have held the disease at bay! The people as a whole seem to show an almost 100 per cent morbidity from the attacks of their dangerous national, or racial, disease. Hence, will it be any wonder if, after the war, the people of the world, when they recognize any human being as a German from Germany, will shrink aside so that they may not touch him as he passes, or stoop for stones to drive him from their path? This will be cruel to the few that are not diseased, but it will be a warranted precaution against a general danger.

For the world is not going to get over easily or quickly its sorely-gained revelation of Germanic ailment. There was once a "man without a country." There is going to be—there is already—a country without a world.

Quarantine! That is exactly what human society has to do to protect itself from the infectious uncleanliness. It is not even for the sake of punishment; it is for the sake of protection. Germany infected Russia and Italy. She has tried to infect France and England and America. In war time or peace time the disease is dangerous. It simply has to be guarded against. And the quarantine has to be rigorous. Those not diseased, but who have been exposed to it, will have to suffer along with the actually tainted. It will be with the innocent Germans as it was with the innocent Belgians after Governor General von der Goltz's famous order was placarded. If anything happens to a railroad or telegraph or telephone line near a village, the village will be punished, "whether innocent or guilty." Hostages have been taken from each village, and if anything happens they will be shot. And they were shot.

So, to be German from Germany after the war will be a presumption of guilt, a presumption of dangerous disease. It may be hard; it may be unfair; but it will be unescapable. I am not arguing for it; I am simply recognizing it. I am simply hearing the cry, "Unclean, unclean."

### HOW DO YOU TREAT YOUR BANKER

When you are sick, the first thing you think of is getting in touch with your doctor; yes, you realize that he has had many cases like yours, that he has for years specialized on the ailments of the body, and has graduated in the science of medicine. You place your life in his hands, even that of your wife or your darling babe; you trust all to him. If you are in legal trouble you seek the help and advice of your attorney, you tell him all, you unboomer your most guarded secrets; you do this, for you know he is trained in the legal lines along which you must travel if you expect to extricate yourself from the meshes of the law or save your chattels from the ruin that threatens.

Did you ever stop to consider that your banker is just as honorable, just as well trained along financial lines and just as essential to your financial being as your doctor is to your health or your attorney is to your legal welfare? Your banker is worthy of your confidence and if you would be true to yourself and make him your confident you would soon find that he was the proper custodian of your cash and in your financial troubles you would find him ready to do all he possibly could to aid you, as long as it was consistent with sound and safe banking. Bankers cannot afford to experiment. Take your banker into your confidence and we assure you that it will not be betrayed. —Pocahontas, Ark., Democrat.

### RED CROSS LOAN OF \$35 REPAID

A loan of \$35 was repaid yesterday to the home service department of the Red Cross. The money was borrowed by a woman whose allotment had been delayed and she was in need of funds.

The home service section has made a number of loans to wives of soldiers, and in every case the women have proven their honesty by repaying promptly.

Mrs. S. W. Bailey has been added to the home service section of the Wilbarger chapter of the Red Cross. Increased work made necessary additional help.—Vernon Record.

### A. O. BAUER MOVES BUSINESS TO OLD RED CROSS ROOMS

The paint and wall paper business of A. O. Bauer, which has been located just south of the telephone exchange for the past several years, has been moved this week to the store building on the east side of Kearney street, where the old Red Cross Rooms were until their recent move to the opera house.

Mr. Bauer has brightened up the interior of the building and gives promise of presenting to his customers a paint and paper house equal in appointment to those of the cities. He says he will try to get along with us fellows in the block and that he anticipates an increased business by the move.

### HOW TO START A FORD

That's easy you just repeat the names of the prophets in Arabic, put a gum drop on the cylinder, roll up your sleeves, connect the batteries with the filling in your teeth or your watch case, rip off your belt and necktie, yell the word Sherman used as a synonym for war, in the gasoline tank, breathe hard against the carburetor, so as to warm the frost off it, being careful not to let your whiskers get tangled in the flywheel, and then twist the crank around several hundred revolutions. If the engine backfires and kicks you into the mud, knocking out a handful of teeth, the machine is ready to go. That's a sure sign the motor has started.—Ex.

Stock growers, notice—It is your duty as a patriotic citizen of the United States to do your part in helping win this war. To allow live stock to be killed by trains when it can be avoided is nothing less than criminal. Thousands of tons of meat was destroyed in Texas last year. Keep your stock off right of way and ask your neighbors to do likewise.—Texas State Council of Defense, B. W. Johnson, Donley County, agent, Hedley, Texas.

Say, Bill, where did you get that new hat? It is not a new one. It's an old one that I carried to McMillan & Johnson, the O. K. Tailors and had cleaned and blocked. They do the work here and do not have to send it off and wait two or three weeks for it. If you have one that needs blocking, try them and you will be pleased.

### \$2,000 PROFIT ON THE BULL

B. H. Conner, one of our leading stockmen, has sold his large thoroughbred Hereford bull, Beau Randolph, the 3rd, to Jewell & Ivey of Hereford, for \$3,000.

A year ago Mr. Conner bought this registered bull from the same firm paying \$1,000 for him. One year later he realized a profit of \$2,000 on one bull.

Mr. Conner says it pays to raise the best and that he is inclined more and more to the belief that there is more money to be made in raising thoroughbred stuff than any other kind. The higher the grade the better the herd, is Barney's watch word.—Claude News.
