"OUR BOYS" MAKE GOOD UNDER FIRE

The 36th Division A. E. F., made a wonderful record on the occasion of going under fire their first time. Donley County and Panhandle boys comprise a large part of that unit and The News is happy to chronicle this first of their achievements.

Used as a "pinch hitter" in one of the most critical phases of the war in France, the Panther Division—Texas and Oklahoma soldiers trained at Camp Bowie—not only withstood the bitter hun attacks the first time under fire, but dislodged the enemy from the hills north of St. Etienne.

The Panther Division had not even heard shell fire until used in the Rheims sector to dislodge the hun. But if there were any fears that the Texans and Oklahomans would flinch they were speedily dispelled, the Associated Press story received by the Star-Telegram Saturday and carried in the late Saturday editions, saying the work of the 36th is perhaps the most glorious page of American history in this war. The 36th was accompanied by the 2nd Division in its drive, but the latter had already been in action much of the time. The Panthers accomplished their work so well in their first fight that they won high praise from General Naul, commanding the 21st French Army Corps.

The 36th Division left Camp Bowie after one year of grinding, unending work, discipline, drilling, hiking and then doing it all over again until officers and men were a compact war machine that operated like a perfect unit. The men were magnificent physical specimens when they left Fort Worth and their morale, or spirit, was as determined as it was enthusiastic. They only wanted one thing—a chance at the hun, and now that they got it, they made good.

Coming to camp as raw recruits, making them such soldiers as to stand up with equal to veterans of the French army in their first encounter speaks of the stuff of which all Texans are proud.

General William R. Smith is now in command of the division, regarded as one of the ablest and strictest officers in the old regular army and his work in Europe, combined with that of General E. St. J. Greble, in transforming the recruits into soldiers, is responsible for the series of victories which the 36th and 32nd won. Training alone, morale alone, sheer physical prowess alone did it.

The cables have not carried any casualties from this fighting so far as known. After the 2nd Division had captured Blanc Mont, the Panthers were ordered to relieve it on the night of October 6 under "conditions particularly delicate," the cables say, which means that the situation was dangerous and difficult and must mean death for many.

C.-C.-D.-H. MEDICAL SOCIETY MET AT CHILDRESS

Childress - Collingsworth - Donley-Hall County Medical society met at Childress, November 11, with twelve present. Those present were Drs. Barnes, Michie, McFerran, Johnson, Orom, Cooper and Bryan of Childress; Miller and Vardy of Estelline; Gray, Jenkins and Wilder of Clarendon.

A few interesting and instructive papers were read. The major portion of the time was devoted to a discussion of the influenza epidemic, and the best method of handling the situation.

The society voted to publish a paper on "Some of the Benefits Derived from Attending the County Medical Society."

HOMER STOCKING BURIED FRIDAY

As announced in last week's News the funeral of Homer Stocking was held Friday afternoon from the family residence in east Clarendon. The great popularity of the deceased was attested by the large gathering of friends who assembled at 3 o'clock to do the last honor to his earthly remains. His pastor, Rev. J. W. Story, conducted the funeral services, assisted by Dr. S. E. Burkhead, Pres. G. S. Stover and Rev. A. W. Hall. A quartet furnished by Prof. Shure sang "Nearer My God to Thee" and "Lead Kindly Light" and the casket draped with a United States flag, was borne to the Citizens Cemetery followed by the crushed mother, sorrowing brothers and sisters and the many who mourned the early death of this splendid young man. The military escort, Sergt. Griffis, from Camp Travis, was present and served as an active pall bearer. The News offers sympathy to the family still bowed with grief over their irreparable loss.

Mrs. Geo. Lattimore of Fort Worth is visiting her sister, Mrs. J. D. Stocking.

MASS MEETING 4 P. M. SATURDAY

There will be a Mass Meeting in the streets of Clarendon Saturday afternoon at 4 o'clock at the Flag Pole to adopt suitable resolutions on the wounding of Captain Simpson and the recognized gallantry of his company—our own boys—in their first action.

The sad news of the death of Marvin O'Keefe of Panhandle, reached here Sunday evening. Mr. O'Keefe had many friends here, who will grieve his death.

ANOTHER CLARENDON BOY BROUGHT HERE FOR BURIAL

Chas. W. Clayton, aged twenty-one, and son of Mrs. Katie Clayton, of this city, died Sunday night, October 20 at Camp Thavis and was brought here Wednesday night for burial.

The young man left here some months ago for induction into the army at Camp Travis, where he contracted influenza and developed pneumonia with the almost inevitable death. His mother was with him at the time of his demise.

Funeral services are being held this afternoon at the Citizens' Cemetery where he is being laid away amid a throng of sympathizing friends with whom The News joins in extending sympathy to the bereaved mother.

MRS. N. W. PRATT BURIED HERE WEDNESDAY

Mrs. N. W. Pratt, nee Miss Maude Atteberry, of Amarillo, was brought here for burial and Wednesday afternoon the sad procession formed at the Atteberry Hotel and moved slowly to the Citizens' Cemetery, where the funeral service was held about 3 o'clock. Mrs. Pratt was the wife of N. W. Pratt, a prominent business man of Amarillo, whom she married in 1914. She leaves two small children to mourn her loss.

Mrs. Pratt was the daughter of Mr. and Mrs. S. E. Atteberry of this place where she has been reared, who with her brothers and sisters feel deeply the sorrow of her passing. She was a member of the Baptist church, having been converted and become a member at the age of fourteen.

Dr. S. E. Burkhead conducted the impressive funeral service.

SAM CAMERON DIED AT WASHINGTON

Sunday morning a telegram was received here announcing the death of Sam Cameron at Washington, Saturday night. Mr. Cameron was well known here. He recently married Miss Edythe Bryan, who was with him at his death. He and Mrs. Cameron were both employees of the Navy department. He was buried at White-wright, Texas, Wednesday afternoon. Mrs. Cameron will visit here before her return to Washington. The deceased was a fine young man and his loss is keenly felt here.

ITEMS FROM OVER THE PANHANDLE

LIEUT. HANKINS WOUNDED

Judge Hankins received a telegram Sunday from his son, Lieut. Stayton Hankins, that he was wounded, but nothing serious. The 36th Division seems to have been in battle on Tuesday of last week.—Quannah Tribune-Chief.

GOOD SHEEP BROUGHT GOOD PRICES

Monday R. E. Mann closed a deal with J. Z. Hankins of Collingsworth county for the sale of 100 head of fine black faced sheep at a good price. Last week W. P. Durfee of this county sold to a man in Wheeler county 50 head of fine sheep. These parties were brought together by our county agent, Luther Hunter.—Childress Post.

PLEAD GUILTY TO THEFT

Noble Hurt, the young man charged with robbing the Adams Express Co., confessed his guilt to Sheriff Walker last week to the charge of theft over the value of \$50. He may be tried in the federal court since the express company is being operated by Uncle Sam, and in that case no suspended sentence is to be looked for. We are told that in Dallas not long ago an employee and several citizens convicted of robbing the express company were all railroaded to the pen.—Quannah Tribune-Chief.

MRS. R. O. MAYES DEAD

Mrs. R. O. Mayes died Friday of last week at the family home near Goodnight after a few days' illness of typhoid fever. Funeral services were conducted at Goodnight Saturday afternoon after which the remains were laid to rest in Claude cemetery. Mrs. Mayes was a good woman and she leaves a husband and many friends who are made sad in this, her untimely taking away.—Claude News.

The 18-months-old baby of Mr. and Mrs. Charles Tipton was drowned in the stock tank at their home near Lark last Saturday. The mother had gone to the field where her husband was at work, leaving the little one playing near the tank. During her absence the baby fell into the tank and, the water in the tank being too deep for the baby to hold its head above her water, drowned. This came as a very sad blow to the parents, and their friends join the News in extending sincere condolence in this, their darkest hours of trouble. The remains were laid to rest in Claude cemetery. Funeral services were conducted by Rev. J. R. Hicks.—Claude News.

SHEEP ON MAIZE

A visit to the home of D. T. Stone last Sunday found a part of the sheep that have been shipped into this section to fatten on the maize fields, busy at work. There are 2,300 head at Mr. Stone's under the care of a Mexican herder. The sheep are kept in a corral during the night. It is necessary to protect the animals from dogs and coyotes while in the field. There are also 2,300 head at the Ham Floyd place and a like number at W. S. Jackson's. We understand there are about 3,000 head at Jim Odiorne's place. Mr. Jackson expects the herd at his place to be increased to about 4,000 head. Mr. Stone says that it is estimated that it will take about seventy days for 2,300 head to clean up 95 acres of maize.—Texline Enterprise.

A FAMILY MEDICINE

In Her Mother's Home, Says This Georgia Lady, Regarding Black-Draught. Relief From Headache, Malaria, Chills, Etc.

Ringgold, Ga.—Mrs. Chas. Gaston, of this place, writes: "I am a user of Theodor's Black-Draught; in fact, it was one of our family medicines. Also in my mother's home, when I was a child. When any of us children complained of headache, usually caused by constipation, she gave us a dose of Black-Draught, which would rectify the trouble. Often in the Spring, we would have malaria and chills, or troubles of this kind, we would take Black-Draught pretty regular until the liver acted well, and we would soon be up and around again. We would not be without it, for it certainly has saved us lots of doctor bills. Just a dose of Black-Draught when not so well saves a lot of days in bed."

Theodor's Black-Draught has been in use for many years in the treatment of stomach, liver and bowel troubles, and the popularity which it now enjoys is proof of its merit.

If your liver is not doing its duty, you will suffer from such disagreeable symptoms as headache, biliousness, constipation, indigestion, etc., and unless something is done, serious trouble may result.

Theodor's Black-Draught has been found a valuable remedy for these troubles. It is purely vegetable, and acts in a prompt and natural way, regulating the liver to its proper functions and cleansing the bowels of impurities. Try it. Insist on Theodor's the original and genuine. B 29

JOHN R. BARNES DIES AT ESTELLINE

John R. Barnes, a pioneer in this section of the Panhandle and a prominent business man of Estelline for years, died at his home at that place Monday night.

The funeral and burial, under the auspices of the Masonic order, was held yesterday morning. Friends of the deceased from every section, including Memphis, were present forming perhaps the largest funeral procession in the history of Estelline.

Mr. Barnes came to this section over a quarter of a century ago, being employed for years as a cowboy on the Shoe-Bar and Mill-Iron ranches.

He accumulated considerable property and during the past fifteen or sixteen years has been in the grocery business in Estelline.

He served as county commissioner during the past two years and was again selected as the democratic nominee for that office at the July primary.—Memphis Democrat.

TEMPLETON AUTOMOBILE RAN OFF BRIDGE

Last Sunday Mrs. R. H. Templeton, accompanied by Hon. R. L. Templeton and wife, started to Childress in their new Case to meet Attorney R. H. Templeton, and when they came to a hill on Buck creek, Mrs. Templeton started to shift gears, and, being used to a different car, failed to make the shift and the car started back down the hill and ran off one side of a bridge some six or eight feet high. The car stood on end and the front end remaining on the bridge where it stayed until Tuesday when it was pulled out damaged but slightly. None of the occupants of the car were hurt, fortunately, beyond considerable shaking up.—Wellington Leader.

AGRICULTURAL CLUB FAIR WAS SUCCESS

The first annual Randall County Agricultural Club Fair held at Canyon on Monday, October 14, was a decided success. The fair was held under the direction of L. W. Hillman, county agent, and Miss Leah Harris, home demonstration agent.

The splendid showing made by these boys and girls in spite of the drouth shows what can be accomplished under proper methods of cropping and farming even under the most adverse conditions. In the pig club contest some of the best hogs would have held their own in any of the large fairs of the country. This was a striking example of what a boy can do in raising hogs and easily proves that in most cases he is superior to dad in that line simply because he gives the pig better care and the proper kinds of feed in a balanced ration. P. C. Bennett, county agent of Donley county acted as judge.—Randall County News.

S. H. BOWMAN DIED

Monday afternoon, October 14, at 4:30 o'clock, the immortal spirit of S. H. Bowman took its flight to the other world, leaving behind a bereaved wife and seven sons and daughters, all grown. Deceased was 78 years old and had long been a resident of Childress county, being accounted one of the pioneers. He was a Mason, a member of the Baptist church and a Confederate veteran. In all these relationships he ever proved true to his faith and lived a life worthy of emulation by his fellows.

For many years Mr. Bowman lived in the Carey community, moving to Childress some 11 years ago to take up the duties of tax assessor, to which office he had been elected. For the past several years he had been in very weak health and all his friends knew he could not live long, so no great surprise was expressed when announcement of his death was made.

Funeral services were conducted at the family residence Tuesday afternoon at 3 o'clock, after which interment followed in Childress cemetery. The members of Joseph E. Johnston camp of Confederate Veterans attended in a body as an escort in the last sad rites of their fallen comrade.—Childress Post.

CITY HOTEL BURNS PIONEER BUILDING

The City hotel was destroyed by fire early Wednesday. The building was a large frame structure two stories high, situated at the corner of Pease and Fannin streets. It was owned by J. B. Hawley, who was conducting a rooming house. When the fire was discovered about 3 o'clock it had made so much headway that it was already beyond control. When the alarm was given occupants of the building were able to save themselves and a few personal effects. Practically none of the household belongings were taken from the building.

As to the origin of the fire, Mr. Hawley says the only explanation he can offer is that when he was awakened the flames had made most progress in a room which had been occupied by four men until midnight. They left on the southbound Denver train at 12:30 o'clock and he is of the opinion that they were smoking and probably left a burning cigaret in the room.

The hotel was an old land mark. Part of it has stood on the lot where it burned for more than forty years, pioneers say. The front part of the building was moved from North Main street, where it served as a hotel more than a quarter of a century ago.

We Sell For Spot Cash Only And For Less

Goods of all kinds are scarce. The market price is very high. Goods will not get any lower for a long time yet.

In Our Store you will find a very large assortment of goods bought before the big advance. We are selling at lower than the manufacturers' price today. When our present stock is sold out you will have to pay much more for your goods. Twice as much. Never have we had such a stock of Quality merchandise. And never at any time have we sold goods at such a small profit.

No merchant can sell on such a small profit only on a strictly cash basis. Treating everybody alike you don't pay for credit extended to some fellow who did not pay his bill.

Remember, a store doing a strictly cash business can sell goods at cheaper price than any firm doing a credit business. We are the only dry goods store in Clarendon doing a strictly cash business.

FROM A SOLDIER NOW IN NEW JERSEY

Camp Dix, N. J.
Mrs. Beulah Berkley,
Dear Sister:

I just received your letter and was glad to hear from you. I am fine and dandy and hope you all are the same. We are still having lots of sickness and the boys are still dying. One man at our camp died last night. You wanted to know if I needed any covers; no, we have got all the covers we need. We have got three big blankets and they are sure warm. We have got everything we need to keep up warm. I don't think we will be here much longer; until our men get well and able to go or those that are well may go anyhow; that is something we don't know any thing

about, but we are going somewhere before long, if we don't go across it will be because our men are not able to go this winter. It is hard to tell where we will go but if we do go across don't be uneasy about me for I am going to take good care of myself, and I am not going to get sick and die, for if I pass out, the Dutch have to put me out and I don't think they can do that. We are sure getting by easy now, as we haven't drilled for about three weeks. We don't do anything but eat and sleep and lay around and I sure enjoy that. Are you all having any rain? It never thunders or lightnings here but just clouds over and pours down rain. Do you ever hear from Floyd?

I just came off guard duty. There was about 70 of us boys went on guard for about 20 hours; we walked our post two hours and rested four hours. It is very little sleep we get when on guard. There was a big shell factory blown up here in New Jersey somewhere today. It was such an explosion that it shook the whole camp's buildings here. Well, this is some writing paper, but it is all through army life; any way us soldiers do lots of funny things, so you

needn't be surprised if I write you on the calendar. I had a letter from Pearl. She says she likes it out there fine.

Well, Beulah, I would write more if I knew any more to write. You write me here till you get further notice. Now don't be uneasy about me for I will be all right. Answer soon.

Your loving brother,
FATE M. WILLIAMS,
Camp Dix, N. J.

Mr. and Mrs. F. P. Dunkle of Lelia Lake have received a letter from their son, Lieutenant Paul Dunkle saying that his wounds about the head were not serious and that he is again on the firing line "strafing" the hun.

The nursing service committee of the Red Cross wishes to thank the Girls' Honor Guard for their timely and valuable assistance during the past few months. Their several loans have greatly facilitated the work of the elementary hygiene and first aid committees, and the gift of charts and equipments to the first aid committee for the use of the chapter is particularly appreciated. Through some oversight the source of this gift was not mentioned in last week's report by the treasurer of the chapter.

DONLEY COUNTY PATRIOTIC

If there were doubting Thomases before there can be none now. No county in the state has shown more clearly and conclusively, her loyalty to the boys "over there," than has Donley county in the Fourth Liberty Loan Drive, just completed.
Each school community had its quota assigned at the beginning by the executive committee for the county and the community chairmen went after the goods in businesslike fashion. The fact that the county as a whole, is well over the top and nearly every school community over-subscribed its quota by from \$100 to \$2,000, is conclusive evidence that the entire citizenship is loyal to the core.
Words fail me to express my real appreciation of the work and the earnest, intense and patriotic zeal of the workers. I desire to especially thank those who so faithfully and unselfishly gave their time and their efforts during the entire campaign, even, in some instances, to the great loss of their personal matters.
And, especially, do I thank the good women who so generously assisted in the work by furnishing musical programs and in many ways contributing to the success of the campaign.
When the last gun is fired and the boys come marching home; When death and blood and carnage, no more to us shall come; When night's chill rains and snows are o'er and cold winds cease to moan; You'll be glad to know and proud to think of your part in the Liberty Loan.
When Bill and Tom and John and Joe, are safe once more at home, When answer to prayers, so long delayed, to your glad heart shall come, When you clasp the hand of the boy so dear, mayhap an only son, "Thank God," you'll say, "while you were away, I helped with the Liberty Bond."
With a heart full of gratitude,
J. H. O'NEALL.
HAS LETTER FROM KING
Navarro County Boy Sends Letter to His Grandparents Here
Renick Raymond Frey, now on the firing line in France, in a letter to his grandparents, Mr. and Mrs. C. Frey, on Corsicana R. R. No. 1, mailed the following letter given him upon his arrival in England by King George. Every soldier arriving there, he said, received the same welcome. The welcome letter sent by young Frey is as follows:
Windsor Castle, Soldier of the United States, the people of the British Isles welcome you on your way to take your stand beside the armies of many nations now fighting in the Old World the great battle for human freedom. The Allies will gain new heart and spirit in your company. I wish that I could shake the hand of each one of you and bid you God speed on your mission.
GEORGE R. I.

APPROACH OF PEACE INCREASES NEED FOR WAR WORK FUNDS

"The actual consummation of peace," said L. A. Coulter, state director of the United War Work campaign, in a recent discussion of its probable effects, "would not lessen by one penny the necessity for oversubscription of the Liberty Loan or of the War Work funds.

"There are two obvious reasons for this. The first is the chance that if Germany were to see us slacken up, that faithless nation that has already violated every law of humanity might merely use the peace table as a trick to gain time for strengthening their army and prolonging the war. Every dollar loaned or given now means a speedier and surer peace, and a peace that will last.

"The second very important reason, possibly overlooked by some, is the enormous amount of money and time that will be required to get our boys and material home after the war. Even if we can bring them as fast as we have sent them, it would take a year and a half to get them all home.

"Then, during all these months of partial idleness, the boys with vigorous bodies and high spirits surrounded by alluring temptations, the well-fare work is going to be needed every bit as much as during the actual fighting, and some say even more.

"With all this in mind, every true American should put every ounce of determination into these last efforts. The Liberty Loans—there may be others yet—should be subscribed more quickly than ever. The United War Work funds should be sufficiently oversubscribed to prove to the boys that we will not neglect them after they have won their bloody and hard fought battles."

BONDS GO TO FIFTH OF POPULATION

Washington, Oct. 21—Estimates and figures showing the success of the Fourth Liberty Loan poured into the Treasury today, indicating the six billion dollar goal was passed by several hundred millions.

All orders for coupon bonds are being filled immediately and plenty of registered bonds will be ready as fast as requisition for them, accompanied by the necessary information concerning the individual owner, reach the treasury.

Reports from all of the Reserve Districts early in the day show the honor roll of subscribers bears 22,000,000 names as a minimum and probably will be found to have several million more.

It is apparent that at least 26 per cent of the population of the United States bought bonds, a record equaling and probably exceeding the percentage record of the British Victory loan of 1917, which had 9,000,000 subscribers. The \$5,000,000,000 subscribed to that loan is exceeded by more than a billion dollars.

WRIGLEY GIVES TIN-FOIL TO THE GOVERNMENT

To help meet the needs of the government, Wrigley's will discontinue the use of tin-foil as a wrapping for "Juicy Fruit" chewing gum, in order to release this valuable material to Uncle Sam.

Hundreds of thousands of pounds per week of tin-foil will thus be made available to the government, it is said. "Juicy Fruit" will hereafter appear in the hermetically sealed pink wrapper same as "Spearmint." "Doublemint" will also be wrapped in waxed pink paper, instead of green.

NEPHEW OF ASHTOLA MAN WINS DISTINCTION MEDAL

Washington, Oct. 15—The commander-in-chief has awarded the Distinguished Service Cross to Private Williams L. Simms, Company A, 13th Machine Gun Battalion for extraordinary heroism in action at Frapelle, France, Aug. 16-18, 1918. Private Simms, while acting as a runner, showed exceptional bravery in carrying messages through a heavily shelled and gassed area. After being wounded in the hand he made twelve trips from Frapelle to his company headquarters at Chapelle Saint Clair. Home address: W. S. Simms; father, McLean, Texas.

Young Simms enlisted in Co. H, 142nd Inf., and left here with the other Clarendon boys for Camp Bowie. He later transferred into the machine gun battalion, where he won his medal. He was a nephew of J. J. Hanson of Ashtola and was visiting with his uncle at Ashtola when he decided to join the colors. He was only 18 years of age at his enlistment.

HUGHES-LANE

On Sunday afternoon was solemnized the marriage vows of Mr. W. T. Hughes and Mrs. Sallie Lane, the ceremony being performed by Elder E. Dubbs of this city. Mr. Hughes is a prominent farmer of the Martin community and Mrs. Hughes was well known here in Clarendon as Mrs. Sallie Lane, who is the mother of Bob Bedwell.

The happy contracting parties went immediately to the Hughes place in the Martin community where they began housekeeping at once. The News joins their many friends in wishing them abounding happiness.

J. P. Pool of Hedley was in Clarendon Saturday attending to business. J. E. Baker of the Martin community was in town Saturday on business.

How to Avoid Influenza and Other Sickness

Rules for Those at Work

Avoid the person who coughs or sneezes.
Wash your hands before eating.
Make full use of all available sunshine.
Do not use a common towel. It spreads disease.
Should you cough or sneeze, cover nose and mouth with a handkerchief.
Keep out of crowded places. Walk in the open air rather than go to crowded places of amusement.
Sleep is necessary for well being—avoid over-exertion. Eat good, clean food.
Keep away from houses where there are cases of influenza.
If sick, no matter how slightly, see a physician.
If you have had influenza, stay in bed until your doctor says you can safely get up.

Rules for Those at Home

Keep out of the sickroom unless attendance is necessary.
Do not handle articles coming from the sickroom until they are boiled.
Allow no visitors, and do not go visiting.
Call a doctor for all inmates who show signs of beginning sickness.
The usual symptoms are: Inflamed and watery eyes, discharging nose, backache, headache, muscular pain, and fever.
See to it that your children are kept warm and dry, both day and night.
Have sufficient fire in your home to disperse the dampness.
Open your windows at night. If cool weather prevails, add extra bed clothing.

TROUBLE COST HIM \$2,500 HE DECLARES

BIRMINGHAM MAN THREW AWAY MONEY FOR SEVEN YEARS BUT GOT NO RELIEF UNTIL HE TOOK TANLAC, HE SAYS.

"I was unable to do a lick of work for four years, but Tanlac has made me as well and strong as I ever was in my life and I can do as big a day's work as anybody," said W. A. Spitzer, an employe of the Tennessee Coal, Iron and Railway company, residing at 6707 Georgia avenue, Birmingham, Alabama.

"About seven years ago, I began having attacks of acute indigestion. I would swell up with gas until I could hardly breathe and my pulse ran down so I was afraid my heart would stop beating. My kidneys gave me no end of trouble and for four years I never saw a day that I was free from misery. I got so weak I could hardly stand and was just about done for. I reckon I have spent all of \$2,500 in the past six or seven years on medicines and advice, but nothing helped me.

"Well, sir, Tanlac just put me on my feet in a hurry. I can eat just anything I want now without any sign of indigestion, I am almost ashamed to eat enough to satisfy myself. I haven't a pain about me, and sleep so sound they have to wake me in the morning. I have gained twenty-one pounds, and now weigh more than I ever did."

Tanlac is sold in Clarendon by Stocking's Store; in Hedley by J. F. Tomlinson Drug Co.; and in Jericho by O. C. Brown.

MAY SHOOT DUCKS UNTIL JANUARY 31

Duck hunters, who had been rubbing up the "old trusty," felt the leash unloosed Wednesday, October 16, the open season for Texas and Oklahoma on wild ducks, geese, brant and other migratory waterfowl opened. The law provides that birds must not be shot before sunrise or after sunset.

The season will continue through January 31.

Another important prohibition in the law is against the use of any motor-driven boats, motor-drawn boats or boats drawn by motor boats in hunting waterfowl. The law also limits the "bag" of each hunter to not exceeding 15 waterfowl per day and in cases of extended hunting trip, where ducks are to be shipped, the shipper must make affidavit that he has not shot more than 15 waterfowl per day and that he is not shipping to exceed 45, representing three days' hunting.

The federal migratory game regulations provide the open season from October 16 to January 31, inclusive, on ducks, geese, brant, coots, gallinules and others. The government has established a permanent closed season on wood ducks, swans, cranes, curlew and all of the smaller shore birds.

The Texas game laws also provide that hunters in counties outside of the county of their residence and adjoining counties have permits to hunt in such other counties.

We solicit your patronage and will do our best to make it profitable, to your advantage and our mutual satisfaction. Upstairs in H. B. White building, E. Dubbs & Co.

SOME OF THE BENEFITS DERIVED FROM ATTENDING THE COUNTY MEDICAL SOCIETY.

The statement is often made that one always learns something by attending the medical meetings. How true this is, you, alone, can know. The points brought out in papers and discussions may impress one more than reading for a week, for with the stress of business the time devoted to reading may be to only one subject, which is well, but we meet many different subjects in our daily work. It is the personal equation that will determine all that may be of benefit. The ability to remember our failures, discuss and hear them discussed will often be of great assistance in time of need. Knowledge thus gained is never forgotten. It is common knowledge that more is gotten out of the discussions even than the papers, for the reason that those discussing the subjects always base their talks on their failures and successes.

If you could recall to mind, at one sitting, the great amount of knowledge gained from society meetings, you would be surprised. This is hardly possible, as a result we do not realize what we have already gained from our little society meetings. One of the most prominent surgeons of the state was heard to say that a great part of his medical education had been gained from medical meetings. The preparation of papers caused study that never would have been done if no attempt had been made to prepare them.

One of the great preaches of Texas said the best way to remember a story was to tell it at the first opportunity. This fact will apply just as well to medical subjects; the relating of what we have observed and read will impress it upon us so strong we can never forget. Those who have been at the meetings of this society can not have failed to have learned something of chorea and its etiology.

We who are not investigators will, through necessity, be required to look up literature upon the subjects upon which we will write. The knowledge gained will be immense, the telling will impress us more fully, and the emphasis on the important points will be of benefit to the hearers. Speaking from a personal standpoint I know the labor and time spent in preparing papers has been of inestimable value. I do not consider it at all improper for us to refer to our text books and literature in preparing our papers.

We are not investigators. The day has passed when one of us can stumble upon anything that will be of the nature of a discovery. It is only trained scientists with a large amount of expensive equipment at hand that are able to make any discoveries at all. Of course, we will have a few ideas of our own based upon our experiences which should be included in our writings. We should consider it noteworthy of praise that we acknowledge that our ability is such that we are required to consult our text books.

It is well known that every order in the world will, at times, have notable meetings. It is also to be noted that every one believes that mixing with their fellows will increase the good feeling and broaden the views. The man who never mixes will become narrow. This is demonstrated to a superb degree by the mountaineers of Kentucky where they have the most despicable feuds that have originated over the most trivial things. It is said some of these people live to an old age and never in their lives have they traveled over twenty-five miles from home.

"In union there is strength." Our county medical societies go to make up our great State Medical Association. It is only through this body that we are able to have the legal protection that it gives us. I know well of an instance in which a doctor was threatened with suit but upon being informed that the State Medical Association had employed legal ability of the best, the plaintiff decided not to push the case. The medical legislations that we have could never have been possible without the concerted action of the regular profession. The county societies are the units of the State Medical Association. If the units die there will be no State Association. Each of us may be said to represent the molecule without which there can be no substance. If we do not attend our society meetings the society will most surely die.

It is often remarked that "I could not go because I had some expected confinements on hand." Of course, you have cases on hand, or you would not be doing much business. For you to stay at home on their account would be for you always to stay at home which would result in that clannishness that is the basis of narrowness.

"All work and no play makes Jack a dull boy." The day's recreation will give you more "pep" to do greater and better work. The realization that others are doing things will give you an incentive to be a better man and doctor.

PHONE NO. 8 CLARENDON, TEXAS

ROY BOSWELL, A. E. F. WRITES FROM FRANCE

Mrs. F. C. Whipple has received the following letter from her son, Roy Boswell, Co. H. 142nd Inf. now on the firing line in France:

Somewhere in France, On Active Service, with the American Expeditionary Forces. Sept. 15, 1918.

Mr. and Mrs. F. C. Whipple, Clarendon, Texas,

Dear Mother and Father:

Your most welcome letters received last night and sure was so glad to hear from you both. You see this was the first time I had heard from any of you since I left camp and it seemed like a year. I have been reading them over and over ever since I got them and talk about a fellow being glad about getting pictures, I sure was glad to get the pictures Marie sent. All three letters arrived at the same time, and I sure did have a good time reading them. Am only hoping I will receive some more real soon. I sure am sorry to hear about Neut getting hurt. I hope it isn't serious. I suppose he was in a wreck and very sorry to hear of Dr. Stocking and Mr. Lyons' deaths. I guess it was a great shock to every one, especially Dr. Stocking. Dad wrote that his death was very sudden. Seems like lots of the old timers are passing away, but the best of us must go sometime, so it pays everyone to be prepared. I noticed in the paper that we got over here that one of the Sawyer boys was killed in action. How did the Baldwin boy come out, did he come back to that country or is he still over here? I haven't heard of him since I left camp. Hope he is all O. K.

You asked me how long I was on the water. I would like to tell you, but I can't. You see we have to be mighty careful what we write on account of enemy spies. You see if they could get hold of how long it takes to cross they would have a good chance at other troops that were coming over here. Well, I am sure glad dad is doing good in his business. Say, he had better quit writing me about eating fried chicken every Sunday. Gee, I haven't had any chicken in so long I wouldn't know what it tasted like, but I sure will make up for it when I get back home, ha, ha.

We get plenty to eat, alright, but it isn't chicken. We bet beans, steak, potatoes and lots of other good substantial food, so you need not worry about us starving to death. We also have plenty of good warm clothes so don't worry about us getting cold and we are getting the best care, so don't worry about me at all.

I guess dad was glad that Mr. Link was elected county judge, also Mr. Rutherford elected sheriff.

I hope Sallie and all the folks are well. Tell them that I always think of them all, and these letters are intended for them also, and when I get back I am coming out to get a big dinner from them, ha, ha. I guess you think I am hungry by the way I write, but I only want some good old home cooking, it is like eating at a restaurant for a long time, you get good things to eat but it isn't like eating at home. I send my greatest sympathy to Mrs. Lyon and family. Tell Mrs. Shepherd, Mrs. Atteberry and Aunt Marthy and all hello for me and I send them all my best regards.

Well, as I have told you all I can, I will close for this time, so hoping to hear from you both real soon I will close, so bye, bye. As ever,

Your son,
ROY A. BOSWELL,

GOOD NEWS

MANY CLARENDON READERS HAVE HEARD IT AND PROFITED THEREBY.

"Good news travels fast," and the thousands of bad back sufferers in Clarendon are glad to learn where relief may be found. Many a lame, weak and aching back is bad no more, thanks to Doan's Kidney Pills. Our citizens are telling the good news of their experience with this tested remedy. Here is an example worth reading:

Mrs. S. H. Lovell, Fourth St., Clarendon,

says: "I have used Doan's Kidney Pills several times in the past few years with the best of results and I am only too glad to recommend them to anyone. Whenever my back gets weak or my kidneys act irregularly, I use Doan's, getting them at the McDonald Drug Co., and they never fail to relieve me."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Lovell had. Foster-Milburn Co., Mfgs. Buffalo, N. Y.

WINDY VALLEY WARBLES

Still it rains. Not much news this week on account of the epidemic and bad weather.

Mrs. T. N. Sligar was called to Clovis, N. M. Tuesday night to the bedside of her son-in-law, Bob Bell, who is dangerously ill with typhoid fever.

Harvey Montgomery and family and the Harvey Grooms family have been rather sick with influenza the past week, but are some better, we are glad to state.

D. R. W. Bills and wife and Misses Nora and Ruth Ann Bills and Messrs. Pat Stephens, Jim Heathington and Andrew Russell of Lelia Lake were guests in the J. J. Bills home Sunday.

Clyde Atteberry and wife were called away from home this week on account of the death of their sister, Mrs. Maude Pratt of Amarillo. They have our greatest sympathy in this sad hour.

BLUE EYED SUE.

WILL CHANGE TIME THIS MONTH

Regular trains on all railroads under the federal administration will lay over in stations one hour during the night of Saturday, October 26, waiting for their regular schedules to catch up with them. At two o'clock Sunday morning, October 27, the country goes off the daylight saving plan and returns the hour which was gained by moving up the clocks last spring.

The director general of railroads has issued orders that all railroad clocks and watches should be turned back one hour at 2 o'clock Sunday morning, October 27, and that regular trains then must be held to conform to schedule.

Parties bringing peach and other fruit seed for government use as requested by Red Cross, will please leave them at Second Hand Store across the street north of ice plant; or deposit them in barrels seen in front of some of the stores on Main street.—Committee.

For Sale

The Bugbee farm lands, consisting of about two thousand acres of the choicest farm lands in Donley County. This land is situated just west of the town of Clarendon and on account of its nearness to market and to good schools together with an abundance of pure fresh water, makes this one of the most desirable propositions in the county and any one who is wanting a nice country home.

This land is now being offered for sale at a less price than adjoining lands of equal value and upon extremely easy terms with long-time payments. Small cash payment, balance on long easy terms. Why continue to rent when you can now buy and own your own home. It is the opportunity of a life. Don't miss this chance. Come at once and let
