## HON. MARVIN JONES SPEAKS HERE FOR LOAN CAMPAIGN

Several days ago Judge O'Neal began the work of organization in Donley County in the Second Liberty Loan campaign. Effort is being made to secure at least sixty personal workers out of Clarendon, forty out of Hedley, twenty out of Lelia Lake and proportionate numbers out of the smaller communities of the county. A number of preliminary meetings have been held and work has already begun to sell the \$125,000 bond apportionment for Donley County. Something like \$20,000 has already been sold, most all of it being volunteer subscriptions.

CONGRESSMAN MARVIN JONES.

It was arranged to have Hon. Marvin Jones, U. S. Congressman from this district, to come here Wednesday night for an address on the merits of the campaign and the auditorium of the Methodist Church was secured for the occasion. Prayer meeting at all the churches was called in and the entire citizenship of Clarendon and many from joining communities were present to hear the brilliant young congressman. Judge O'Neal presided and after outlining the object of the meeting presented Mayor SoRelle, who introduced the speaker of the evening. Mr. Jones spoke of his friendship for the people of Clarendon, which he declared seemed almost like home, and in simple manner launched into the more serious business of the evening.

In a telling way he described the rise of the democratic and liberty loving spirit among the people of the earth, contrasting it with the autocratic rule of the German empire under the present kaiser. He declared wherever man had called man "Master" there had always been tyranny, and that where man had called man "Brother" peace and liberty had always made its abode. The speaker seemed to put every force of his address to the ultimate end that the people should rightly sense the present situation of war with a cruel and powerful nation and begged that we regard the present crisis as a situation that must be met with every faculty of this nation and not as a theory, as some would have us believe.

The peace loving nature of the speaker was evidenced by the reluctance with which he declared he faced his first ballot in the halls of congress, when he was called upon to vote whether or not a state of war existed between Germany and America. He said that one year ago, he did not believe what he was now forced to believe, about the war plotting kaiser and the inhumanity of the German empire. But proof had been added to proof. Germany had sunk nineteen ships flying the Stars and Stripes and in so doing had murdered over two

## DEATH OF MRS. H. W. KELLEY.

Mrs. H. W. Kelley, who has lived in Clarendon for 19 years, died at Fort Worth, where she had been taken by Mr. Kelley for treatment for a disease of the throat. She was 52 years old, was born in Carroll County, Missouri, and had lived in Texas 47 years, and had been a member of the Baptist Church since childhood. Besides her husband, she leaves two sons, Wyatt Sparks of Talpa, Texas and C. R. Sparks, now of Canadian, Texas.

She was also a member of the Royal Neighbors, and had been their Recorder for 10 years.

The funeral was conducted by Revs. D. M. Gardner and G. E. Burton at the Baptist Church Sunday.

Two sisters, Mrs. Lucy J. Burton of Durant, Okla., and Mrs. Annie Sims of Olney, Texas, were here to attend the funeral, also her son of Canadian.

## HARRY WORD IN SERIOUS ACCIDENT

Tuesday morning Harry Word, son of Judge C. T. Word was seriously injured when his horse fell with him out on the Word Ranch about twelve of fifteen miles south of Clarendon.

Delivery of a number of cattle was being effected and the fall occurred during the cutting out with the result of injuries about the head and chest. Young Word also suffered a broken arm and collar bone. The victim was rushed here to the Adair Hospital and on request of Judge Word, F. E. Chamberlain of the Donley County State Bank, wired for a special train out of Fort Worth to bring Dr. Bacon Sanders here as speedily as possible, making the run in about nine hours. Local physicians, with the assistance of Dr. Sanders performed a general relief operation, but as yet the victim is unconscious. Everything in the realm of science and skill is being done for the young man and we hope to chronicle better news in the next issue of The News.

## BANKER IS KILLED WHEN AUTO UPSETS.

J. N. McCaghren, vice president of the Farmers and Merchants Bank of Matador died in Wichita Falls, without having regained consciousness, after his automobile had turned over on him a half mile east of Harrold Thursday.

Mr. McCaghren was returning alone from Wichita Falls, where he had been visiting relatives and transacting business. His body was found by garage boys of Harrold and rushed to Wichita Falls.

The automobile apparently turned completely over, and was standing upright when found. It was badly damaged.

hundred American men and helpless women and children.

Mr. Jones closed his address with a stirring appeal for every man, woman and child, who had money to spare, to buy a Liberty Bond. He said that almost any person could, by sacrificing some useless indulgence, buy a Bond and thus hurl defiance at the war lord of Europe, who dreamed of a world conquest. He proved the soundness of the investment, its cause of righteousness and the duty that devolved upon us to provide for the sons of this land who have donned the uniform for its protection and for the end "that democracy should not perish from the face of the earth."

After the address Judge O'Neal asked a poll of those who would stand for a bond and some seventy responded. A large crowd was present and the speaker of the evening was cordially met at the close of the meeting.

## PHILATHEA'S ENTERTAIN

Miss Zoe Glenn was hostess to the Philathea girls of the Methodist Sunday School Tuesday afternoon at her home on College Heights.

A most pleasant time was spent knitting and making plans for activities of the class during the ensuing year. The class is very enthusiastic with the new work.

They will meet each Tuesday for several months to sew for orphans at Waco, and the next meeting will be with Miss Lucy Story at 4:15 Tuesday afternoon.

Delicious refreshments were served

## SATURDAY MARKET.

The Philathea girls of the Methodist Sunday School will hold a market Saturday afternoon at Ozier's Grocery. Come purchase your cake for Sunday dinner and eat the delicious candies while shopping.

by Miss Zoe, who was assisted by her sister, Miss Lora, to the following members: Mrs. W. R. Silvey, Misses Meta SoRelle, Francis Roach, Anne Davis, Elizabeth Clifford, Mae and Ina Naylor, Alberta Hilburn, Lucy Story, Zoe and Lora Glenn and Leta Warren.

## IN MEMORY OF MRS. PARKER.

Mrs. Addie Alma Parker was born near Atlanta, Ga., November 2, 1880. Removed to Texas with her parents when 11 years of age. She lived the most of her life near Greenville, Texas.

She made profession of Faith in Christ about the age of 13 years and united with the Methodist Church.

She was married to Henry Oscar Parker on December 30, 1899. To this union born eight children, seven of whom still survive.

She was a devoted Christian, a fond mother. Doing what she could to bring up her children in the nurture and admonition of the Lord. She bore her afflictions with great patience, often calling upon the Name of the Lord. She declared herself ready to go when the Lord called. Her only regret was leaving her husband and little ones.

## METHODISTS CLOSE SUCCESSFUL REVIVAL

The meeting at the Methodist Church closed Sunday night. For two weeks Rev. Frank M. Neal preached faithfully to large crowds of people. The results have been very satisfactory. There were more than one hundred professions during the meeting, and a large number have given their names for membership in the church.

Bro. Neal's work is of the kind to really help the pastor. His preaching is of the soundest type. He condemns every wrong thing and builds up the right. His work will strengthen every department of church enterprise. A free-will offering was made to Bro. Neal of \$500, as an appreciation of his faithful work.

Prof. R. Deane Shure led the singing for the meeting, and he did it well.

Bro. Neal left for his home in Amarillo Monday morning. He carries with him the love and best wishes of the good people of Clarendon.

## TAYLOR-LITTLE.

Corporal August M. Taylor and Miss Anna B. Little were quietly married at the Court House Friday afternoon of last week, the Rev. E. Dubbs officiating. The groom is the promising young son of E. A. Taylor, the bride being the charming daughter of T. M. Little, one of our merchants. Mr. and Mrs. Taylor were very popular among the younger set. They will leave in a few days for Camp Bowie where Mr. Taylor is stationed, with the Clarendon Company.

The News extends congratulations to these young people.

## WORKER'S COUNCIL MEETING.

The Panhandle Baptist Association held a Worker's Council at Hedley, Tuesday, with members present from various portions of Donley and Hall Counties. The attendance was not large, but a very profitable meeting was had, and the Hedley people entertained them royally. Clarendon was represented by Rev. G. E. Burton, W. P. Blake and Mrs. Geo. Bugbee, Mrs. T. E. Kemp, Mrs. C. C. Cope and Mrs. R. P. Craig.

## CLARENDON CITIZEN NAMED CHAIRMAN OF CONSERVATION

W. H. Patrick of Clarendon has been named County Chairman for Donley County in the Federal Food Administration. A telegram to this effect has been received by him from Herbert C. Hoover, National Federal Food Administrator, Washington, D. C. He will have entire charge of the work in this county, and is to attend a meeting of county chairmen from this the 8th District of Texas at Amarillo, October 18th.

At this meeting plans will be placed under way for the pledge card campaign in the Panhandle country, and full instructions will there be given.

The Panhandle is apportioned a little over 30,000 pledges, and Donley County's part of this great total is 1132. This number is estimated to represent the number of families in the county. However the figure is based upon the population of the county in 1910, and it is known that the number is now larger.

Upon Mr. Patrick's return from the Amarillo meeting, he will organize the county by precincts, or school districts, as may seem best, and every effort will be made to see that Donley County completes her apportionment. Surely there should be no trouble in getting practically all the heads of families in the county to sign the pledge cards.

Mr. Hoover in his telegram stated that the war would be won by food. If America will conserve her food, we shall win the war. It is therefore the patriotic duty of everyone to conserve food.

## GIRLS NAT'L HONOR GUARD

All members of the Girls National Honor Guard are urged to be present at the Court House Saturday afternoon at 3:30 to assist with the making of ration heaters and scrapbooks for the soldier boys. Please bring a pair of scissors.

Captain Lila McClelland was not with us last Saturday owing to the fact that her services were wanted to assist with the Liberty Loan campaign at that time, however, she will be present at the Saturday meeting.

## LETTER FROM LELIA LAKE BOY.

Jas. Wm. Adams writes from Camp Bowie that he has been transferred to the Signal Corps, Co. C, 111th Field Signal Battalion and wishes the News sent to his new address.

Co. C, 111th Field Signal Battalion being consolidated with the Quannah Company, the 7th Texas Infantry now being Co. H, 142nd Infantry which consists of the First Oklahoma Infantry, there is something like 3500 soldiers in this regiment. The camp covers 20 acres of ground, the tents being so close together to look at them from a distance it seems impossible to walk for them. Electric lights have been installed which seems very nice for the boys.

Mr. Adams says that the Signal Corps is a fine branch of work and it consists of telegraph operators, linemen, telephone men, mechanics, blacksmith and electricians, there being about 300 men.

## FARM LANDS VERY ACTIVE.

There never was a time in the history of Donley County when there was so much buying and selling of real estate. All a man has to do these days is to mention a price on his property and it sells instanter. Among the several sales recorded this week are:

A half section, east of Clarendon, W. B. Webb to W. M. Emmons of Chillicothe.

The Pullen & Hamlin section, six miles southeast of town to L. R. Watson of Hall County.

A half section north of Clarendon, D. A. Castleberry to W. H. Morgan of Estelline.

G. A. Anderson and family have gone to Lancaster, Texas where they will visit relatives and enjoy a period of rest. Mr. and Mrs. Anderson certainly deserve a vacation after the arduous labors they have endured for the past ten to twelve years, in which time they have built up a very comfortable fortune. Donley county offers great opportunities to those who have pluck and energy and that sort always make money here.

Do you realize that the war calls for nearly half of the money that the people of this country will earn this year? The money must be found, too. Argument is useless. We must fight and win, or become slaves, as the poor people of France and Belgium have become. We must work, save, and lend money to the Government. Common sense and duty demand it.

To all Red Cross Organizations in Southwestern Division.

Wash. D. C. Sept. 27, 1917.  
Mr. George Simmons, 1617 R'y Bg.  
St. Louis Mo.

A story is being industriously circulated to the effect that Sweaters, Socks, and other articles knitted for Red Cross are being sold, either to the public in shops, or direct to the soldiers. It is very important that you issue a notice at once to each Chapter, denying this as vigorously as you know how. No articles whatever, either knitted or otherwise, made by Red Cross workers—and turned in to any Red Cross Chapter, Branch or Auxiliary or to any supply warehouse, are sold either to the soldiers or in shops. If any wilful case of this sort should come to the attention of headquarters or of the Division Office, the chapter of the Red Cross Chapter or subsidiary sanctioning it, would be immediately withdrawn with full publicity. Should it transpire that an actual instance of the above character occurred wherein an individual sold any article after it had been turned into the Red Cross, such action would be clearly in violation of the fundamental Federal law of the Red Cross and we would take vigorous steps to prosecute the offender. It is also true that any case of persons, other than those acquiring the right prior to January 1905, using the name or emblem of the Red Cross to assist in the sale of merchandise, is a violation of the provisions of the Federal criminal law and the offender should be reported to the nearest United States District Attorney for prosecution. While there is no way to prevent people from making the same type of articles as are produced by Red Cross workers and selling them for their own advantage, thus subjecting the Red Cross to unjust criticism if they should use the name or emblem of the Red Cross in connection with such sales, they will be vigorously prosecuted.

**COPY OF TELEGRAM FROM GENERAL MANAGER A. R. C.**

Washington, D. C.  
Oct. 10, 1917.

George W. Simmons,  
Manager Southwestern Division,  
American Red Cross,  
St. Louis, Mo.

"It is evident that rumors and innuendoes critical of and calculated to embarrass and injure the American Red Cross are being industriously circulated as part of an Anti-Patriotic Propaganda. In so far as such statements or questions are merely efforts to obtain information, they should be earnestly and sincerely met; but many of the stories, utterly unwarranted in fact, emanate simultaneously from too many different parts of the country to be merely accidental or a coincidence. Please advise all Chapters in the Southwestern Division to notify all workers, personally and officially, as well as advising their local press and other forms of publicity, and everyone with whom they come in contact, of the character of this anti-patriotic movement which is on foot. Red Cross members and the public generally should be urged to proceed on the theory that nothing should be believed against the Red Cross until thoroughly investigated. Ask each Chapter to send to your Division Headquarters Office account of all such rumors and criticisms being circulated, as well as a statement of the source from which they come, with whatever information is obtainable, definite or indefinite. Every criticism should be carefully investigated, and if found to be justified, cause for criticism should be removed either in the Chapter, in the Division Headquarters, or in the National Headquarters at Washington. In all cases the Red Cross will bring facts to the attention of interested persons.

It is very important that the Division Headquarters and each local Chapter should clearly understand that the reputation and standing of the Red Cross is entrusted to the local officers and interested workers and members in each community, and hence that every criticism or innuendo against the Red Cross should be immediately challenged and followed up as a patriotic duty, without regard to 'hurting somebody's feelings' or any personal consideration.

The Red Cross is run as an open book; it has no secrets. It is making a sincere effort to serve mankind, and is doing it as carefully and economically as it knows how, and under the direction and advice of the best business and expert experience obtainable throughout the country. Red Cross accounts are audited by the War Department, and utmost effort is being made to give all possible publicity to all activities.

Please see to it that these suggestions are made the subject of an earnest circular to every Red Cross organization in your territory, urging the utmost thoroughness in attention to this matter. Answer when you have done so.

**"WARNING"**

You'll have to be a little more careful these days in buying clothes. Just because the price of wool is steadily advancing many manufacturers of clothing have begun to adulterate their fabrics with cotton in order to maintain a low price.

That means when you buy adulterated goods, that you're getting less for your money than before. And the presence of cotton in the wool makes a suit wear out quickly and lose its shape in a short while.

You can't afford to invest in cheap clothes now. It will pay you in terms of wear and satisfaction to buy standard all-wool clothes.

We sell Hart, Schaffner & Marx and Styleplus Clothes. Most men know what these clothes are—absolutely all-wool fabrics, honest tailoring, good style, perfect fitting and assured satisfaction.

**THE WRIST WATCH MAN.**

He is marching dusty highways and he's riding bitter trails,  
His eyes are clear and shining and his muscles hard as nails.  
He is wearing Yankee khaki and a healthy coat of tan  
And the chap that we are backing is the Wrist Watch Man.

He's no parlor dude, a-prancing, he's no puny pacifist,  
And it's not for affectation there's a watch upon his wrist.  
He's a fine two-fisted scrapper, he is pure American  
And the backbone of the nation is the Wrist Watch Man.

He is marching with a rifle, he is digging in a trench,  
He is swapping English phrases with a polli for his French;  
You will find him in the navy doing anything he can,  
For at every post of duty is the Wrist Watch Man.

Oh, the time was that we chuckled at the soft and flabby chap  
Who wore a little wrist watch that was fastened with a strap.  
But the chuckles have all vanished, and with glory now we scan  
The courage and the splendor of the Wrist Watch Man.

He is not the man we laughed at, not the one who won our jeers,  
He's the man that we are proud of, he's the man that owns our cheers.  
He's the finest of the finest, he's the bravest of the clan,  
And I pray for God's protection for our Wrist Watch Man.

## THE SUPREME MOMENT.

The supreme moment for the first period of the war for this government has arrived.

Congress received the backing of a united citizenship when war was declared. The draft law has brought thousands of our young men into uniform and is working smoothly to the ultimate end of two millions under arms. The First Liberty Loan was readily and overwhelmingly subscribed and over subscribed.

Thousands of our soldiers are now on the fields of France, in easy striking distance of the enemy. Our allies, with the exception of Russia, are delivering heavy blows and making steady progress against the stubborn German lines. The submarine menace seems to be lessening.

All in all the situation looks favorable except for the new German offensive against Russia which bids fair to leave that great country prone and helpless with all her vast resources of food supplies in the hands of Germany.

Ah, there is the rub. By being cut off from the world Germany has suffered much for the lack of food. The irresistible hammer blows on the west have weakened her morale and diminished her numbers until there has arisen faint gleams of hope for an early peace, brought about as much from the squalor at home as from attrition on the battle fields.

But she has turned her attention to poor, faction-ridden, demoralized Russia. Not that Russia is a military menace, but that she holds within her borders, huge supplies of what Germany most needs—wheat and oil.

Just now, OUR government calls for another loan of THREE BILLION DOLLARS.

This large sum is needed to finance our Herculean efforts to prepare for the final struggle against the world-outlaw. It is needed that our soldiers, who have already landed in France may not want for food, clothing nor ammunition. It is needed that our allies may get what supplies they need to prosecute the war.

Remember, that whatever added strength and effectiveness our allies have, just in that proportion will the

lives of American soldiers be saved just in that ratio will the finances of this country be conserved.

Our government must have the money.

If she does not, the effect in Germany will be to strengthen her more than the complete subjugation of Russia or the sinking of ten British battleships. It will be proclaimed as a revolt of the American people against what they term an "unpopular war." It will dishearten our allies, who have come to look on Uncle Sam as their financial and military deliverer.

What will YOU do about it? Will YOU be among those who hurl defiance and consternation into the ranks of scheming, plotting, savage Germany?

Will YOU be one to strengthen the hands of the boys in khaki who have already dared the submarine menace and heartened the French Poilus and British Tommies by their coming?

Will YOU be one of the thousands in America who say by their bond buying, that the hand of German greed and savagery shall never again wring out the heart blood of innocent children and violate the chastity of mothers, daughters and sisters of those who dared to oppose their mad march against civilization?

WHAT WILL YOU DO—AND WHEN WILL YOU DO IT?

The policy of reprisal now in effect on the plains of Europe is soon to be effective here. The American people have much more respect for an enemy in German uniform than a white-livered skunk in this country who puts the weight of his influence against every move of the government from the draft law to the Second Liberty Loan. Soon a man with such notions in his head must be dealt with in an exemplary manner. Staunch Americans must refuse to do business with that sort. If he is a business man, he shan't have a cent of American trade. If he is a farmer, no American shall buy a penny's worth of his products. If he is a loafer—and he usually is—he shall be shunned even more than if he were a leper. This is no time for half-way measures, and if such strictures do not bring him to his senses, then a short rope and a high limb or the cross arm of some convenient telephone pole will be a sure cure. The fact that an objector is an American will only aggravate the offense. Be a whole-souled American or get out. If you don't, there's enough patriots here to handle your case. You'll get a free pass to that country where the thermometer has already burst, and where your beloved German language is quite popular.

While the red blooded men of this country are working for the Second Liberty Loan, our women would rally to the call of the Red Cross. The women can do much for their country and for humanity in the work of this great organization and now is the time to come forward for service. The society bunch in the cities, who sought to make a fad of the work are already stepping aside to make room for the earnest women who want to serve, or else are realizing the seriousness of the work and are going at it in earnest. The Red Cross is no fad. There is no room in its membership for simpering fadists and the cause is such as to appeal to the serious minded men and women, the world over. The winter is approaching and our soldier and sailor boys need cheer and comfort. The battle will soon be joined and our wounded will need every attention. Get into the work NOW.

Today patriotism begins with the pocket—Buy Liberty Bonds—Back up our boys at the front.

## STYLES

STYLES ARE like kings, in that the world is always too busy celebrating the new departures of Fashion to shed tears for the departed. Like Tennyson's famous brook, they go on forever; and the shops which elect to present and exploit them must move with, not after, the tide. Our store reflects each new-fledged caprice of fashion with the fidelity of a mirror. They are either up to the minute, or a little ahead of the minute, like the clocks in France. Best of all, we offer all the variety a woman wants at the particular price she is prepared to pay.

"YOU PAY LESS MONEY FOR QUALITY AND STYLE"

A policy of reprisal has been adopted by the allies and at an early date tons of bombs will be dropped on German towns just as Germany has done in England for the past three years. It is terrible that such a course must be pursued, but come it must. Setting Germany a decent example does no good. Nothing will penetrate the thick Teuton head but the keen, excruciating pain of physical and mental torture and now they are going to get it.

Now comes the news that a German submarine has torpedoed a United States patrol boat, killing one of the crew and wounding five others. We can't expect to be in war without loss of lives, but this first drawing of American blood should rouse every man to subscribe to the Liberty Loan that we may prosecute the war to an early and successful ending.

It will be a hard matter for any man in Texas to beat Gov. Hobby for the Democratic nomination for Governor in the primary next year. He is conservative and safe and while we may not support him, yet, he is going to be very popular with the people and it is entirely possible for Texas to do worse than to elect him for another two years.

### LOCAL RED CROSS NEWS.

A delegation of ladies of the Red Cross went to the Goldston School House last Friday afternoon. It is hoped that an Auxiliary of the Donley County Chapter A. R. C. will be organized there soon.

The surgical dressings workers have adopted a uniform to wear while making these dressings. A long-sleeved, high-neck white apron and navy blue head-covering with a red cross on a white ground on the front of same.

The Finance Committee had a call meeting on the 15th, to consider several matters of importance.

The Red Cross ladies have been most active in the interest of the Liberty Loan Campaign. Mrs. Elgin Stylly who was appointed Chairman of the committee of five ladies appointed by the chairman of the Donley County (Women's) Liberty Loan Committee has given unceasingly of her time and ability and has done most effective work. Other ladies on this committee have done splendid work also notably Mrs. Chas. McMurtry.

The five ladies of this committee have appointed out committees of five all of whom are actively engaged in securing bonds.

Some of these ladies have gone with parties of Liberty Loan Committees to the neighboring towns and rural communities, distributing infor-

mation and literature and putting up posters as well as making addresses and securing bonds of which they have the promise of five thousand dollars worth so far.

The Chairman of the Donley County Chapter received a telegram on the 17th from Mr. Geo. W. Simmons, manager of the Southwestern Division of the A. R. C. urging that the chairman or some delegate from the chapter come to the Conference of the Southwestern Division to be held at St. Louis on the 22nd, and 23rd, to discuss the work of this Division. Mr. Henry P. Davidson and Gibson and many other prominent men will be at this conference to consider the various problems of the work.

The Red Cross Booth on the street last Saturday took in \$53.88, part of which was for memberships and part donations.

The cotton bags seem to be catching quite a little cotton. Buyers and sellers please continue. Your patriotic work is much appreciated.

The Purchasing Committee ordered by telegram a supply of yarn, which it is hoped will be here in a few days to supply the many willing knitters.

Miss Flora Conally who is teaching in Amarillo spent Saturday and Sunday with her parents, Mr. and Mrs. Tom F. Conally.

### McDonald Drug Company

#### GENERAL RED CROSS NEWS.

The establishment of a Bureau of Medical Service of Foreign Commissions to give prompt and expert attention to request for medical and surgical supplies received for the American Red Cross Commissions in France, Russia, Roumania, Italy and Servia is announced by the Red Cross War Council.

The growth of all the Red Cross Commissions in European Countries the last two months has made the establishment of this Bureau necessary. Drugs and medical supplies to the value of more than \$500,000 have already been shipped to Russia, while three detachments of child specialists have been recruited. Special assistance is being given by the American Red Cross in the fight against tuberculosis and children's diseases throughout France and Belgium. More than a dozen base hospitals are now serving in France, with a staff of more than two hundred doctors, nurses and attendants organized and recruited by the American Red Cross.

Directors of Civilian Relief have been recently appointed in all thirteen National Divisions of the American Red Cross. They are to organize and supervise Home Service work of Chapters in each division.

Through the Home Service, the Red Cross aims to help families of soldiers and sailors to solve problems confronting them during the absence of father and husband.

Obviously the task of providing for the financial assistance of the families of our soldiers and sailors is so large that the government alone can assume it. Whatever financial assistance is furnished by the Red Cross to these families will be merely supplementary. The real purpose of the Red Cross is to conserve the same ideals of living that during the presence of the father or husband were in force. The directors of the southwestern division is Mr. Alfred Fairbanks of St. Louis, Mo., a leader of social progress.

From a membership of 22,000 Jan. 1st, 1914 the membership of the American Red Cross has grown to four million, with new Chapters, Branches and Auxiliaries being formed daily.

The Southwestern Division of the A. R. C. shipped abroad during the month of September a quarter of a million articles.

In all our work, our army and navy come first. If this war goes on another year the United States will probably have a million men fighting for the liberty of America in a country 3,000 miles from home. Certainly those men must have the best we have.

The task is great and the American people have given generously to meet it. During Red Cross week in June nearly 125 million dollars was subscribed and of this amount nearly 56 million had been paid by September 14.

The Red Cross is the greatest work of mercy ever undertaken by a single organization. Already it is one of the finest expressions of the greatness and big-heartedness of the people of America. But the work is just starting. We shall need more and still more money. Our work will continue with increasing intensity throughout the war, and at the end of the war the American Red Cross will still have before it an opportunity and an obligation to extend relief to suffering mankind such as history has never before brought forth.

## THIS COUNTY WILL AID IN WAR WORK

REPRESENTATIVES FROM EVERY COMMUNITY IN TEXAS WILL ATTEND CONFERENCE AT DALLAS OCT. 22

### YMCA RAISING \$35,000,000

Big Men on Program—L. A. Coulter, State Campaign Manager, Will Appear Executive Secretary For This County

This county, along with other counties in the state, will be represented at a conference of the Texas War Work Council of the Young Men's Christian Association to be held in Dallas Oct. 22. The State is being organized to secure its share of the \$35,000,000 national Y. M. C. A. war work fund to be raised within the next month to continue the work among U. S. troops, both in America and in France, and among prisoners of war of other countries.

L. A. Coulter, state campaign director, Dallas, is arranging for an executive secretary for this county. Others who are interested in attending are asked to let him know.

Among the big men of the state who will be present for the conference are H. H. Simmons of Hillsboro, who will act as chairman; H. L. Kokernot, A. L. Burge, Rhodes S. Baker, T. W. Currie, W. C. Paige, W. W. Woodson, E. R. Brown, W. S. Mosher, S. J. Brient and W. A. Scott.

### Speaker Direct From War Front

G. Sherwood Eddy, world traveler, direct from the front, where he viewed the destruction of famous Mes-sines Hill, who, next to John R. Mott has spoken to more men in more nations than any other living man, will be the chief speaker. He has been personally engaged in war work among the American troops in France and with the French, Russian and Italian soldiers along the battle front and will bring a vivid story of conditions existing there.

### Big Men on Program

Some of the strongest men of the country will attend the meeting. L. A. Crossett, millionaire president of the Crossett Shoe Co., who is giving practically his full time to the Y. M. C. A. war work, and Cyrus H. McCormick of the Harvester Co., chairman of the budget committee, are two of the representative leaders who are giving their time and influence helping the "men who are to save the world for democracy."

On the program for the day's conference are the following:

"Enlarged Program National War Work Council," G. Sherwood Eddy. Message from the chairman of the Southern Department, E. Roger Kemp, president of the Sinclair Oil Co. of Oklahoma.  
"Enlisting the Boys of the Nation," F. M. Chaley.  
"American Students on the War Appeal," H. L. Heinzman.  
"Why Texas Must and Will Respond," Rhodes S. Baker.  
"Achieving the Seemingly Impossible," George W. Truett.  
Report from County group meetings.

## WAR WORK HELPS MORALE OF MEN

TEXAS ORGANIZED TO AID IN RAISING \$35,000,000 WAR WORK FUND

Greater Good Than Red Cross, Says One Worker, Because Makes Men Better in Spirit

What the Red Cross is to the imperiled bodies of our soldiers the Y. M. C. A. war work is to their endangered morals.

In every training camp, at every post, along the front line trenches, the Young Men's Christian Association has its workers, its buildings, its equipment for varied wholesome amusements and its uplifting spiritual influence.

Texas is being organized to secure its allotment of the \$35,000,000 national war work fund of the association. Under the direction of L. A. Coulter, Dallas, representative men are being secured for departmental conferences to be held in every section of the state, following the state gathering at Dallas on Oct. 22. The campaign will continue through Nov. 11-19, and the budget planned will maintain the war work to July 1st, 1918.

### Raising Morale of Men

Napoleon used to say that morale is to other factors in war as three to one. The Y. M. C. A. War Work Council proposes to devote itself exclusively to raising, strengthening and preserving the morale of our men and of the Allied countries.

An outstanding leader of the Red Cross said: "One reason why I believe your Y. M. C. A. work is ever more important than ours is that you are not only supplementing what we do here and there for the bodies of men, but you are dealing also with that more vital factor, the morale, the spirit of the troops."

## Longview, Tex., Man Can Now Work As Good As Anybody

Writes Tanlac Co. that he is Now gaining 5 pounds a Week—Only weighed 130 pounds—Now weighs 155.

One of the strongest evidences of the rapidly growing popularity of Tanlac and of the wonderful results it is accomplishing is the large number of letters that are being received daily from well known men and women throughout the South.

Scarcely a day passes that scores of letters are not received from grateful users of Tanlac and their statements are indeed remarkable. Among the number recently received is the following letter from William Breed, of Longview, Texas, which is published word for word, just as it was written.

Longview, Texas,  
January 13, 1917.

### To Whom It May Concern

On November 25, I bought one bottle of Tanlac and commenced to taking same according to directions. I weighed only one hundred and thirty pounds. In ten days I gained seven pounds and I am gaining at the rate of five pounds a week and weigh one hundred and fifty-five pounds at the present time. Tanlac beats any medicine that I have ever taken to build up a run' down system. I would not take \$100 for what it has done for me. It is the best medicine that I have ever taken for catarrh of the head and I have tried several different kinds of catarrh medicines. My catarrh is nearly gone, also my stomach trouble of which I have been suffering for more than twenty years has almost disappeared, and I give all praise to your great medicine. When I commenced taking Tanlac I could not do a day's work but now I believe I can do as much work as any man.

Yours very truly,

William Breed.

### POSTAGE RATES RAISED NOV. 2.

Washington, Oct. 5.—Detailed instructions to postmasters on the increased letter mail rates which will be effective November 2nd, under the war tax bill, were issued today by Postmaster General Burleson. They do not apply to rates to most foreign countries, which are fixed by international treaties but they do apply to all domestic mail and under that classification is included mail to Canada, Mexico, Cuba, Panama, the United States postal agency at Shanghai, and all persons in the military service of the United States in Europe.

The postoffice department issued these instructions:

Postmasters shall on and after Nov. 2, see that postage is paid at the rate of 3 cents an ounce or fraction thereof on letters and other first-class matter, except drop letters. All drop letters,—that is, letters mailed for delivery from the office at which posted, including those for delivery by city, rural or any carrier of such office are required to have postage paid on them at the rate of two cents an ounce or fraction thereon.

Post cards are requested to be prepaid 2 cents and therefore the 1-cent postal cards must have a 1-cent postage stamp impressed on such cards, post cards (private mailing cards) bearing written messages must have two cents postage prepaid on them.

## COULD HARDLY STAND ALONE

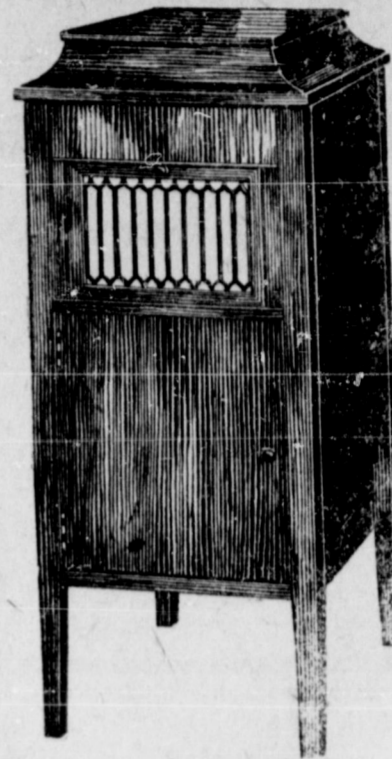

Terrible Suffering From Headache, Sideache, Backache, and Weakness, Relieved by Cardui, Says This Texas Lady.

Gonzales, Tex.—Mrs. Minnie Philpot, of this place, writes: "Five years ago I was taken with a pain in my left side. It was right under my left rib. It would commence with an aching and extend up into my left shoulder and on down into my back. By that time the pain would be so severe I would have to take to bed, and suffered usually about three-days. I suffered this way for three years, and got to be a mere skeleton and was so weak I could hardly stand alone. Was not able to go anywhere and had to let my house work go. I suffered with a pain in my back and I had the headache all the time. I just was unable to do a thing. My life was a misery, my stomach got in an awful condition, caused from taking so much medicine. I suffered so much pain. I had just about given up all hopes of our getting anything to help me.

One day a Birthday Almanac was thrown in my yard. After reading its testimonials I decided to try Cardui, and am so thankful that I did, for I began to improve when on the second bottle. I am now a well woman and feeling fine and the cure was permanent for it has been two years since my awful bad health. I will always praise and recommend Cardui." Try Cardui today. H 78.

### WICHITA FALLS MORNING TRIBUNE MEMBER OF ASSOCIATED PRESS.

An ambition of some twelve years' standing has been realized in the recent election of the Wichita Falls Tribune to membership of the Associated Press, which enables that worthy publication to carry full leased wire news, as carried by the Dallas News and other publications of city grade.

About twelve years ago, Hun. E. P. Haney, now president and editor of the Tribune, was publishing a small weekly paper almost in sight of Wichita Falls and an ambitious took hold of him to build up a daily newspaper in Wichita Falls, carrying the latest telegraphic news and able to serve a great field removed from other centers of news and population. Today, his dream has been realized and in spite of the Tribune's frank stand for prohibition and morals in whiskey soaked Wichita the paper has grown in favor and influence until it is a staunch financial success and boasts of one of the most modern mechanical equipments costing in the neighborhood of \$25,000. The editorial staff is well organized and this section of Texas is being served with news in true metropolitan style. The circulation has been doubled in the past sixty days and to further enlarge their number of readers, the Clarendon News is authorized to take subscriptions for the daily and Sunday Tribune for the special introductory price of \$3.50 a year.

### CLARENDON COLLEGE NEWS.

Miss Vera Porter was an attendant at the Amarillo Fair this week.

Miss Mary Farmer joined her mother in a trip to the State Fair at Dallas this week and reports an enjoyable time.

Mrs. T. M. Wiggins was down Sunday from Dalhart visiting her sons.

Messrs. Walberg, Pavillard and Barnes were among those who attended the fair at Amarillo.

The second team went to Miami Wednesday morning to play the Miami High a game of football. Miami has been doing some good work in football during the year, but that could easily be explained by the fact that the coach is Prof. Lloyd Cole one of last year's graduates from Clarendon College.

The student body of Clarendon believes in progressing. Year-before-last they published a quarterly magazine and an annual. Last year they published a combination magazine and newspaper and an annual. This year it is the plan to make the Clarco a paper devoted to news alone and to make a supplement to the Clarco published once a term carry the literary work of the student body. In addition to these two publications it is planned to put out one of the best annuals that the school has ever produced. The supplement to the Clarco will contain about thirty pages and will represent the very best literary talent that the Panhandle is capable of producing.

In order to more fully advertise Clarendon College over the Panhandle the Clarco, the students weekly publication, is henceforth to be sent to a list of one hundred high schools over the Panhandle of Texas. This step cannot but result in a greater attendance next year and a corresponding greater prosperity for Clarendon.

Last Friday morning Bro. Neal was present at the chapel exercise and gave a very inspirational talk to the students. His call for those who wanted to lead a Christian life led to the conversion of some twenty-five students.

The next edition of the Clarco will be the Senior Edition. The class is busily engaged in preparing for it. The first series of examinations takes place this week and there is a great deal of hard study going on among the students.

The Honor Roll has been made up at the Boy's Dormitory and a majority of the boys are now free to go as they please. This privilege will continue as long as the students keep up their work and do not abuse it. Mr. Nolen Barnes and Mr. Douglas Merriman have been on the sick list this week.

The first team is getting good steady practice this week in anticipation of the game with Canyon next Saturday.

—Buy a Liberty Bond—

The Sophomore Class met Friday, October 5 for the purpose of selecting their class editors. Mr. Jeff McMurry will have charge of the Sophomore edition of the Clarco while Kenneth Pope will be his assistant. At the same meeting Mr. Royce Oxford was elected regular press reporter. It was also agreed at this meeting that the class should meet every two weeks for the purpose of considering any business that might arise. This is a good step and worthy of consideration by other classes.

## HOW DOES IT CONCERN ME?

A fair question, always. Let us think for a while how the War and the Liberty Loan concerns the farmer.

We went to war with Germany partly because the rulers of that country refused to let us send to Europe our ships laden with grain and cotton. They sunk the ships and cruelly murdered our sailors. Now suppose we allowed them to stop all our shipping, where would you be? None of your goods would be sold in foreign countries, with the result that you would get nothing like the prices which you get today. It is the enormous demand for what you produce, that is securing you high prices. If this demand were cut off down would go prices. This war is being waged partly that you may obtain fair prices for your goods.

Farmers have been kept down in the matter of prices quite long enough, and the government and the people of this country, are not going to let a foreign power interfere with their business—which is your business.

Having entered the war in order that we may have the right to send your goods to any part of the world, what is going to happen if we lose the war? Prices of farm produce will drop; the Germans will impose taxation upon you which will cripple you for the next twenty years. Worse than that, if the Germans get over here, they will treat you in just the same way as they have the farmers of Northern France and Belgium. In these sections farm houses have been shot to pieces, crops wasted and burned; even fruit trees chopped down, the cattle stolen, the men sent into slavery to work for German masters, their women ill-treated in ways that cannot be talked of in print, their little children have had their hands chopped off in order that they may never fight for their country, or do any more useful work again.

You may say "such things will not happen here." They said this in France and in Belgium. Such things will happen here just as sure as you are alive, unless we smash the Germans so that they are utterly unable to reach the shores of this country. The German fleet and the German army will take just one week to get here if we are beaten. They have made up their minds that America shall pay for this war. They have made up their minds that our wealthy men shall give their money, and that you farmers shall provide the food for their armies and their people at home.

After thinking over these facts, is there a farmer who will stand forward and say "This war does not concern me."

You have money that you do not need until next spring. Loan it to the government at good interest. When you want the money back again, you can borrow on your bond, or sell it for what you gave for it. Uncle Sam will take care of your money until you need it and pay you interest on it, and you will be protecting yourself and your business by loaning him the money.

Go and buy a Liberty Bond tomorrow. Don't put it off—things that are put off often do not get done at all. Tomorrow.

### FOR WOMEN.

How does the war concern you? The mothers who have a boy who has gone to fight for his country, will not ask such a question. But if the war has not touched you yet, you may ask this question.

There are feelings that only mothers know, and only women understand. Think of the mothers who have given their eldest boy to their country. How do they feel today? How would you feel if you were in their place? They have parted with the little fellow that came first, and has always been a little ahead of the others in their love, because his was the first little tiny human form that lay against their breast; his were the first little hands that tugged at their hair. This other mother—the mother who has sent her boy to fight for YOUR protection, feels just the same way that you would about your boy.

She wants that boy back. Won't you help her bring him back! There are thousands of American mothers feeling badly today. Millions of French and English mothers, longing for their boys.

Husbands too, have gone by the million to fight for their country and yours, for YOUR protection. Don't you sympathize with these women? Your husband is not perfect, sometimes you get "real mad" with him, but you don't want him killed by German brutes. Think, then, how these other wives feel—they want their husbands back. Won't you help them bring their men back?

Yes, of course you would like to help them, "but how can I help?" you say.

Help end the war by buying a Liberty Bond. Save out of the house-keeping money for it, deny yourself something so you can buy it. Do more than this—see that your husband, your friends, your neighbors, buy a Liberty Bond. Show them this little "bit" in the paper, and say, "Let's all buy a Liberty Bond apiece."

### KANSAS CITY LIVE STOCK MARKET FOR OCT. 15, 1917.

Kansas City Stock Yards, Oct. 15.—Cattle receipts today were 41000 head, market 10 to 25 lower, top steers \$16.75. Hog supply was 9000, market 25 lower, more on the late market, top \$18.35. Sheep and lamb supply was 16000, largely feeders, market 25 lower, lambs to killers \$17.50.

#### Beef Cattle.

Cattle sold 50 to 60 cents low at the end of last week than at the beginning, due to heavy runs at all the markets. The supply at Kansas City was 100,504 cattle without counting the 10,690 head of calves that arrived. Cattle receipts here last week established a new world's record for a week's supply at any market, exceeding Chicago's best week about 5000 head. The break in prices is not disastrous, and trade is far from being demoralized. Some plain Kansas steers sold at \$9.65 today exactly like their mates that sold here last Tuesday at \$9.75. Another sale at \$10.25 was 15 lower than same cattle last week. Cows and heifers lost as much as steers in the recent decline, but veals are holding steady, best \$13.50.

#### Stockers and Feeders.

Shipments out of the country last week amounted to \$6,000 head, largest week this season, but a good many cattle priced at bargain rates were unsold and carried over this week. Stock grades are selling cheapest, good shorthorn yearlings around \$7, a load of fancy shorthorns late last week at \$7.75, but high bred White Face bring a good premium, some choice 700 lb. yearlings today at \$16.25. Feeding steers find a fairly quick outlet at \$8.50 to \$11, fleshy steers up to \$14.

#### Hogs.

Packers got their hooks in good late last week, and took the market down \$1. in two days. It looked like a steady market at one time this morning, and some hogs sold to order, buyers only slightly lower than the close of last week, but the market soon settled to a 25 lower basis, late bids 25 to 50 lower. Top was \$18.35, some medium weight hogs to order buyers at \$18.25 but plain, half fat, mixed butcher hogs sold at \$17.25 to \$17.50. Today's market is \$1.25 to \$1.50 lower than last Tuesday, with uncertain prospects for later in the week.

#### Sheep and Lambs.

The market went along without much change last week, but this morning buyers got orders to buy at sharply lower prices. Accordingly the best price paid by killers up to noon for good Westerns was \$17.50, with a possible \$17.60 sale later. Feeder buyers also lacked steam today, one drove

of black face Colorado lambs 52 lbs average at \$17.60, the top on feeding lambs, most of the good feeders at \$17.50. Good breeding ewes are scarce and firm, 301 head of Colorado ewes, 122 lbs average today at \$16. choice young ewes up to \$17.50, plainer ewes \$13, feeders \$10 to \$12.

### UNCLE SAM NEEDS 10,000 STENOGRAPHERS AND TYPEWRITERS AT ONCE.

Now that Uncle Sam has the young men of the country in training for military service, he finds that he needs 10,000 typewriter operators and stenographers and typewriters, both men and women, for the Department at Washington. The Civil Service Commission has notified all of its 3,000 boards of examiners that they should put forth their best efforts to secure these urgently needed workers. While examinations are now held weekly in 40 cities, the Commission states that arrangements will be made to have an examination held at any accessible place where a small class of applicants can be secured. The entrance salaries range from \$1,000 to \$1,200 a year. Promotion is reasonably rapid to those whose services prove satisfactory. No appointments can be made to these or other positions in the Federal classified civil service unless authorized by the Civil Service Commission under the civil service law. Any information to the contrary is unauthorized. This is a splendid opportunity to serve your country. Full information may be secured from the secretary of the board of civil service examiners at the post office in your city.
