CLARENDON, DONLEY COUNTY, TEXAS. THURSDAY, OCTOBER 12, 1917

NEW SERIES: VOL. 28, NO. 41

FURTHER INFORMATION ON SECOND LOAN

You are satisfied that it is your duty to yourself and your Country to buy a Liberty Bond. Now you want to know just how to secure one.

Go to any Bank, sign the application form for the bond of the value desired. The Bonds are of the following value:

\$50, \$100, \$500, \$1000, \$5000 and \$10,000

Your Banker will take your cheque for 2 per cent of the amount of the bond you decide to purchase. The remaining payments will be made as follows:

18 per cent on November 15th, 1917.
40 per cent on December 15th, 1917.
40 per cent on January 15th, 1917

You can pay in full at the time of application for any bond up to the value of \$1000, if you wish.

If you care to pay for your bond in full at the time of application, you can have your bond by about October 10th. If you pay by installments you will receive your bond as soon as you have finished paying for it.

The bonds are free from Federal, State or Local taxes. In case of wealthy people who pay income surtaxes, and hold bonds of over \$5000, there is a small tax, but as far as the average man is concerned they are tax free.

Any Banker will handle your application and charge you nothing for the trouble.

The interest on the bonds is 4 per cent, payable to you on May 15th and November 15th of each year.

The bonds will be redeemed in full by the Government on and after November 15th, 1927. During the meantime the bonds may pass from one person to another just as a dollar bill does. There is very little difference between giving your cheque for a \$500, bill and giving it for a Liberty Bond.

NEW INDUSTRY IN CLARENDON

Clarendon now has a modern auto and carriage painting establishment, under the ownership of Parker & Rhodes in the cement building next door to Parker's Blacksmith shop at the south end of the business street. Messrs. Parker and Rhodes have secured the services of Mr. McKenzie, who has made quite a reputation as an auto painter with J. J. Langever & Co., of Fort Worth, one of the best paint firms in Texas. The new firm proposes to do as good auto and carriage painting as can be gotten in the cities, believing that Clarendon people had rather patronize home industry.

RED CROSS NEWS.

The executive committee of the Donley County Chapter A. R. C. met in regular session the second Tuesday in October with eight members present. The reports of the different departments were very good and showed that much work had been done. 133 garments have been cut, 431 yards of gauze has been made into surgical dressings of which there are now on hand about a half a box for shipment. Fifteen ladies are knitting wash-rags and anxiously waiting the arrival of the belated woolen thread for the knitting of garments.

The packing and shipping committee report having shipped September 29 sixty Cheer bags, valued at \$2, each, total value \$120. These were donated by the ladies. A card from the St. Louis Division Headquarters announces the safe arrival of them.

All the tables in the Red Cross work-rooms have been covered with white oil cloth, donated by individual ladies. The long-sleeved white aprons and the dark blue head-covering for the surgical dressing workers is earnestly requested to be worn. These can be procured from the Division Headquarters at \$1, each for the apron and 30 cents each for the blue veils with the cross on front of same. Members wishing to purchase this uniform are requested to give their names and money for same to Mrs. Tom Kennedy.

Mrs. B. L. Jenkins resigned as chairman of the department of Military Relief and Mrs. Tom Kennedy has been appointed to take her place.

Judge J. C. Killough was elected a member of the Executive Committee.

The Saturday Booth took in on the 29th, \$27 in donations and memberships. Last Saturday the 6th, \$85 was taken in.

A delegation of ladies went to the Goldston Neighborhood-School House and helped organize an Auxiliary to the Donley County Chapter A. R. C. on Thursday the 11th.

The treasurer of the Donley County Chapter will collect or receive all money for the Chapter in the future according to the constitution and by-laws of the Chapter, instead of as heretofore collected or received by the secretary and by her turned over to the treasurer.

A check from the 25 per cent refund of the War Fund money collected during the Red Cross War Fund Campaign week, June 18 to 25th, was received from the National Headquarters on the 10th.

The Red Cross coffee and sandwich booth on the street the day of the circus received a liberal patronage, more than \$20 being taken in.

The Red Cross candy booth also was very successful, taking in \$9.55. Many times the amount of candy donated could have been sold. The supply donated being very unequal to the demand.

Thirty-one Liberty Bonds were sold during the past few days by the Red Cross ladies. The Liberty Loan Donley County (Women's) Committee has been very active soliciting bonds, distributing posters and literature in town and throughout the county. The chairman has written to and sent literature to all the main points, appointing committees in these places at the time.

SMITH-MARTIN

Thursday morning at the Methodist Church the marriage vows joining Mr. Talma Smith and Miss Annie Martin were solemnized at 10 o'clock, before a large gathering of friends of the contracting parties. Mr. Smith is a former citizen of Clarendon, having attended Clarendon College, where he met his bride. Miss Martin has lived here with her parents, Mr. and Mrs. N. N. Martin for a number of years and is generally known and loved for her modest and womanly characteristics. The News will carry a full account of the wedding in next week's issue.

TEACHER'S EXAMINATION.

A county examination for teacher's certificates will be held for Donley at the courthouse Friday and Saturday, October 19 and 20.

Questions will be submitted in this examination for all first and second grade subjects, but questions will not be submitted for permanent subjects. J. H. O'Neill, County Supt.

Miss Emma Mae Little, Laura Anthony and Essie Patton leave the first of the week for Fort Worth where they will visit for a few days.

CANNING EXHIBIT.

The members of the different canning clubs of our County will hold an exhibit of fruits, vegetables and jellies canned by their members during the past few months. This exhibit will show in a small way the food conservation work being carried on by these prudent housewives to help our County, State and Nation. The ladies of the town are invited to come out and look the exhibits over and meet the rural ladies at the old Lyric Theatre Saturday, October 20.

Prizes will be given the Junior members on the following articles: the best can beans 75c, peas 50c, beets 25c, cucumber pickles 25c, chow chow 25c, canned tomatoes 50c, peaches 50c, apples 50c, sweet peach pickles 50c, green tomato pickles 25c, glass jelly (any kind) 25c, jar okra 50c, pepper 25c, catsup 25c.

R. L. Steagall returned from Fort Worth Saturday where he has been working on the buildings at Camp Bowie.

R. G. Dye went to Claude Tuesday.

V. C. Kersey sold an Oldsmobile to Fred Ferguson of Clarendon Saturday.

Mrs. F. B. Miller and daughter, Miss Ella D. are visiting relatives in Dallas and Fort Worth.

Mr. Lane and family left the last of the week for Jackson County where they will make their future home.

Messrs. J. A. Emery, J. C. Harrel, W. J. Hardy, and W. H. Cain went to Pampa on business last Thursday.

Paul Nunn and Yank McDowell went to Amarillo Saturday.

Jack Hutson has a brother from Dallas County visiting him.

Chas. Mitchell sold his barber shop to Pat McDowell last week.

Mr. C. M. Blanton who was hurt last week by a fall from his horse is improving nicely.

Mrs. C. R. Mitchell has a sale on all her goods and is going to discontinue business in Goodnight.

The following party took dinner at the J. A. Ranch, near Ashtola, Tuesday and sold the boys some Liberty Bonds. Mesdames Elgin Still and W. C. McDonald, Misses Lilla McClelland, Jewel Kerbow, Kathleen Colinson, Messrs. W. H. Patrick, J. W. Kent and Monte Garrison.

Mrs. F. E. Chamberlain was hostess to the Needle Club Tuesday afternoon. A most enjoyable afternoon was spent by those present. A delicious salad course was served to about sixteen guests.

Mrs. W. H. Cook and daughter, Miss Francis went down to Fort Worth last Friday night to visit their son and brother, Will Cook, who is a member of the 7th. Texas Infantry, Co. E.

DONLEY COUNTY SENDS GREAT FAIR EXHIBIT

Possibly the most extensive and best selected array of agricultural products ever produced by this county was assembled the past week and shipped to Dallas under the direction of County Agent Kennedy, who will be in charge of the exhibit during the great Fair in that city.

Despite the discouraging prospects of some two months ago old Donley county has maintained her record of no crop failures and this fall marks one of the best crops in her entire history. The rains of August brought about a complete reversal of form and even now the hillsides of this county are as green with nature's verdant carpet as in the midst of fulsome spring.

Where several weeks ago it seemed that maize and kaffir was due to make a disastrous failure, now is being gathered a bumper crop. Where cotton had that pale bumblebee appearance now is soon to be gathered from a half to three-quarters of a bale to the acre.

The exhibit now in process of decoration under the skilled hand of a professional decorator in the Donley County Booth at Dallas, truly reflects the prosperous conditions of farming in this greatest county in the Panhandle, and from the effort put forth by those farmers, business men and Mr. Kennedy who made the exhibit possible, will no doubt come a great number of farmers from the black land and other less prosperous counties.

This means more population, more intensive cultivation of a soil that is the most responsive in the Lone Star State, and more business for Clarendon, and other towns of the county.

The subscription to defray the expense of the exhibit started by Agent Kennedy, was completed by G. C. Davis and very near every man approached made a donation, thus again proving the patriotism and citizenship of our people.

The News confidentially expects the exhibit to win numerous prizes and ribbons. We have the prize winning products and the judges cannot but see their superiority.

AL G. BARNES CIRCUS HERE WEDNESDAY.

A large crowd assembled here Wednesday to witness the parade in the morning and the performances in the afternoon and night of Al G. Barnes' Trained Animal Circus. The parade, red lemonade, popcorn, peanuts, multi-colored balloons and the excited voices of children gave the day a gala appearance and after the afternoon performance many who have watched the circuses come and go here for the past decade pronounced that Baraes' Circus was the best that has appeared here in the past nine years. The show was clean and the animals the best trained, to be found with any circus. So far as we have learned no accidents marred the pleasures of the day.

Mr. and Mrs. L. L. Taylor, Miss Ethel Rutherford and Mrs. J. R. Beverly left Thursday for Fort Worth where Mr. and Mrs. Taylor and Mrs. Beverly will visit the boys who are with Co. B 7th Texas Infantry, stationed at Camp Bowie.

The Misses Eva and Iva Patching, Meta Sorell and Miss Helm of Clarendon who are teaching at Hedley were in Memphis Tuesday night for the circus.

CHRISTMAS MAIL FOR AMERICAN FORCES ABROAD.

Washington, D. C., Oct. 3, 1917.
To the Public:

The time is approaching to give thought to bringing Christmas cheer to the American soldiers and sailors abroad.

Arrangements have been perfected whereby the Christmas mail to the American Expeditionary Forces in Europe is to be delivered by Christmas morning. Without the fullest cooperation on the part of the public it will be impossible to accomplish this result.

The three essential respects in which the public can aid in assuring a happy Christmas are: Mail early, address intelligently, and pack securely. For this season it is urgently requested that all persons having Christmas mail for the soldiers and sailors and the civilian units attached to the army in Europe observe closely the following directions:

1. Mails to reach the soldiers in France by Christmas morning must be posted not later than November 15th.

2. Every package must bear conspicuously the words "Christmas Mail," the complete address of the person for whom it is intended, and, in

the upper left-hand corner, the name and address of the sender.

3. Every parcel must be so packed and wrapped as to admit of easy inspection by the postmaster. No parcel will be dispatched to France which has not the Postmaster's certificate that it contains no prohibited articles.

THE RED ROSE GIRL.

Know ye the story of the Red Rose girl. Canada flamed with war. Recruits were hurrying through the streets to training camps. Came the departure to far away France. Some would come back, maybe, and others? Well, war would bring many sorrows to the shores of Canada—and dig many a grave in France's fair valleys. The troops were passing in last review through the streets of London, Ontario. Visitors flocked to the city to give them God speed and the kahaki-clad soldiers tramped through the streets 'midst tears and cheers. Private Stanley Snelling, 18th Western Ontario Battalion, swung along the ranks. There had been none to say goodbye to him. Ah, well, it was easier—or best, maybe, he mused. Then the girl leaned from the tonneau of a big black touring car. She brushed a rose against her lips, a big red rose, and tossed it to Private Snelling. "Bring it back to me" she whispered, "and"—his hat came off and in her deep grey eyes he read the unspoken message. "I will!" he answered simply. And he swung along through the dust, one of the serried ranks, but just a little more light hearted. Now and again a smile trembled on his lips as he caressed the deep red bloom. Far away France, was St. Elio. Cannon boomed a prelude, sharpnel screamed. Mines loosed death under the feet of the enemy. And the men of the gallant 18th Ontario stamped impatiently and wondered dimly if a mine would tear the earth from under them next. Then rifles beat a death tattoo and the order came to move forward. That night laying in his trench a conquered German trench, Private Snelling looked at his faded rose and thought of the peaceful world back across the waters. "I wonder if I ever will live through this hell to find the red rose girl?" he asked himself. The Canadian troops moved forward, Ypres, the shrill cries of battle, the screams of dying men, hoarse commands barked by smoke begrimed officers, and the gallant 18th went into action again. And after that they brought Private Snelling back to Canada, wounded. There in London, Ontario, they cut away the bandages wrapped hastily at the bulleting station in France and took his belongings to a locker. "When I'm out of here," he thought, "I'll find the girl who gave it to me, I'll search the world for her." 'Twas a pretty story the papers published, Ah, Private Snelling's quest was nearing an end, for up in New Paltz, N. Y., a girl read the story of the sentimental Canadian and smiled, and remembered a day two years ago when she had watched the soldiers of Canada march through the dust hung streets of London, Ont. Then a reporter hunted her picture out of the photograph library of his paper and it was published. It fell under the eyes of the wounded Canadian, "that's her, that's the girl. I'd know her in a million, the face, the eyes!" And he scanned the page busily for her name. All he found was, "Miss Carolyn D. S. P., New Paltz, N. Y." Down in New Paltz the girl sat in the family group, waiting for the time when Private Snelling would bring the red rose and claim the owner. "He'll find me," she said simply. "I know he will, and he will bring back the red rose." She smiled. "I remember," she continued shyly, "how he said, 'I will' when I asked him to bring it back." Private Snelling is about recovered from his wounds, and impatiently waits the day when he can go to New York and learn the last name.

WICHITA FALLS MORNING TRIBUNE MEMBER OF ASSOCIATED PRESS.

An abition of some twelve years' standing has been realized in the recent election of the Wichita Falls Tribune to membership of the Associated Press, which enables that worthy publication to carry full leased wire news, as carried by the Dallas News and other publications of city grade.

About twelve years ago, Hon. E. P. Haney, now president and editor of the Tribune, was publishing a small weekly paper almost in sight of Wichita Falls and an ambition took hold of him to build up a daily newspaper in Wichita Falls, carrying the latest telegraphic news and able to serve a great field removed from other centers of news and population. Today, his dream has been realized and in spite of the Tribune's frank stand for prohibition and morals in whiskey soaked Wichita the paper has grown in favor and influence until it is a staunch financial success and boasts of one of the most modern mechanical equipments costing in the neighborhood of \$25,000. The editorial staff is well organized and this section of Texas is being served with news in true metropolitan style. The circulation has been doubled in the past sixty days and to further enlarge their number of readers, the Clarendon News is authorized to take subscriptions for the daily and Sunday Tribune for the special introductory price of \$3.50 a year.

A FAMILY AFFAIR

If your father and your son were in trouble, struggling for their lives, and doing it in defense of your home and your business, would you supply them with food and clothing, or would you refuse them?

This is a straight question. Yet it is the one facing you today. The country which has protected you and your family, may well claim to be considered as your father, and as for the boys who are giving their lives for you, surely they have a right to be considered as your sons.

This nation is one big family today. This war is a family affair. Be a good father and a good son. Your sense of justice and fairness, your patriotism, is on trial.

When you remember that you are asked to give nothing, but only to lend money by investing in LIBERTY BONDS, you have no choice in the matter. Your heart tells you that you MUST do it.

If you have to go short of some luxury—do it. Save and invest in Liberty Bonds until it pinches you, and the sacrifice hurts. It is the duty of every real American.

You will lose nothing. The bond is always worth just about what you gave for it. Probably it will be worth more later. You will have saved just that amount of money you invest in Liberty Bonds, and be just so much better off.

A man who will not sacrifice anything for his country, is not a real man. The man who does make a sacrifice, is a real man, and a true American.

You—the man who is reading this know these statements are fair and true ones. This appeal is not written in vain, because it is going to influence you. You are going to buy a Liberty Bond.

YOU PAY YOUR DEBTS.

Of course you do. Why? You could turn rascal, and possibly "get away with it." You pay your debts because you want the respect of your fellow men.

Have you paid your debt to your Country?

You have been running up a bill with Uncle Sam for years. He has protected you, educated you, guarded you and your property, educated your children, and today he is fighting a death struggle with a fellow who would rob and murder you if only he could get at you.

Now Uncle Sam wants you to dig down and loan him some money.

What are you going to do about it? Tell him you "can do better" with your money than loan it to him? Are you going to tell him you pay your debts to everyone else, but you refuse to pay your debts to him?

No. As an honest man, you are going to say: "Loan you money? Sure I will! Why if you asked me to give it to you, I would do it. But LOAN it, why sure!"

Millions of men are going to feel, and talk, and act, just this way. So are you!

Now, when are you going to do it? Why not today?

Perhaps you have wanted money some time in your life—most of us have. When did you want it? Right away, or in a month's time? Did you want to wait around wondering whether or not you were going to get the money? You did not!

Treat Uncle Sam the same way that you would wish to be treated yourself. Lend him the money now—willingly and quickly—today.

HOW TO SECURE A LIBERTY BOND.

You are satisfied that it is your duty to yourself and to your country to buy a Liberty Bond. Now you want to know just how to secure one. Go to any bank, sign an application form for the bond of the value desired.

The bonds are of the following values: \$50, \$100, \$500, \$1,000, \$5,000 and \$10,000.

Your banker will take your check for 2 per cent of the amount of the bond you decide to purchase. The remaining payments will be made as follows:

Eighteen per cent on Nov. 15, 1917.
Forty per cent on Dec. 15, 1917.
Forty per cent on Jan. 15, 1918.

You can pay in full at time of application for any bond up to the value of \$1,000 if you wish.

If you care to pay for your bond in full at the time of application you can have your bond by about Oct. 10. If you pay by installments you will receive your bond as soon as you have finished paying for it.

The bonds are free from Federal, State or local taxes. In the case of wealthy people who pay income surtaxes, and hold bonds of over \$5,000, there is a small tax, but as far as the average man is concerned they are tax free.

The interest on the bonds is 4 per cent, payable to you on May 15 and Nov. 15 each year.

The bonds may be redeemed by the government in full on and after Nov. 15, 1927.

During the meantime the bonds may pass from one person to another almost as freely as a dollar bill does. There is very little difference between giving your check for a \$500 bill and giving it for a Liberty bond.

MYSTERIOUS PAINS AND ACHEs

Makes Life Hard to Bear for Many Clarendon Women.

Too many women mistake their pains and aches for troubles peculiar to the sex. More often disordered kidneys are causing the aching back, dizzy spells, headaches and irregular urination. Kidney weakness becomes dangerous if neglected. Use a time-tried kidney remedy—Doan's Kidney Pills. Hosts of people testify to their merit. Read a Clarendon case:

Mrs. Ellen Andreas, E. Fourth St., says: "I have used Doan's Kidney Pills with good results, getting them at Dr. Stocking's Drug Store. I advise anyone troubled by a weak or lame back or by the kidneys not acting regularly to use Doan's Kidney Pills. They proved perfectly satisfactory to me and I don't think there is a better kidney medicine."

Price 60 cents at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Andreas had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

UNIQUE PLAN TO AID RED CROSS

This week the Red Cross Chapter placed some bags on the streets, where cotton is usually sampled and bought by the merchants, and have asked the farmers, with the consent of the merchants, to drop the samples in the bag when through with them. The contents of this bag will be sold and the proceeds used by the local chapter in carrying on their work. Cooperation of buyers and farmers in this plan will be appreciated.

CATTLE AND SHEEP RANCHES IN NEW MEXICO

New Mexico, the ideal range country for cattle or sheep, now offers to stockgrowers the final opportunity to buy desirable grazing lands at reasonable prices. I offer exceptionally good grazing propositions in New Mexico at attractive prices to stockmen who are ready to do business now. These properties come in deeded land, leased land, open range and in combinations; stocked or clear. They are well located and possess all the essentials of first-class stock ranches. They are both large and small and include a few very large properties.

Wall Street Had Better Look Out Says Uncle Lark

Well! Known Retired Capitalist says, He Now Feels Younger Than His Son-in-laws, and is Ready to Start Life all over Again.

(From Thomaston, Ga., Times.)
Uncle Lark Farley says, "I can personally recommend Tanlac to anybody." Both he and Mrs. Farley have gained several pounds and their health generally is improved.

Uncle Lark needs no introduction in this county, but as the Times has some few readers abroad we'll tell them who he is. Away back in the 70's we think it was, a poor country boy, who was too delicate to work on his father's farm, opened up a little country store which he operated successfully for thirty-five years, losing only \$35 in bad accounts during his entire business career. Finally his health became so bad that he soon afterwards organized the Bank of Thomaston, of which he has been the Financial Backer ever since.

Two months ago, Uncle Lark and his wife commenced taking Tanlac and now he says that his stomach is in the very best condition and his knees have limbered up and pain him very little. He is confident that another month's treatment of Tanlac will entirely restore his health which he lost in childhood, and if he does believe me, Wall Street had better look out for a man who can make the fortune Uncle Lark has with his health, what will he do as a well man? Uncle Lark is known as a retired Capitalist, but, he says he is now a younger man than either of his numerous son-in-laws and is now ready to start life all over again.

Tanlac is sold in Clarendon by Dr. J. D. Stocking, in Hedley by J. P. Tomlinson Drug Co., and in Jericho by O. C. Brown.

RED CROSS NEWS.

Bulletins of Red Cross News are being received almost daily and are being read at the work rooms of the Red Cross. It is impossible to have these published weekly. Anyone desiring to read these in detail may apply to the Chairman of the Chapter for same.

The secretary of the Navy has written to the chairman of the War Council of the A. R. C., suggesting that it extend its sphere of usefulness to embrace activities especially for the Navy by creating Naval Auxiliaries. The Red Cross makes no distinctions between the navy and army in its work, and its every facility is at the disposal of both branches of service.

The Home Service Institutes will be held in the Southwestern Division of the A. R. C. on October 15th, for the training and instructing of volunteers. These Institutes will last six weeks, and will be held in St. Louis, Memphis and Dallas.

The western states are giving their share of energy and experience to the National administration of the American Red Cross. Western business and professional men are conspicuous in the commissions sent by the Red Cross from America to the most sorely stricken districts of Europe.

In response to urgent cable request from Major Grayson, M. P. Murphy, head of the A. R. C. Commission to France, a third detachment of child welfare, doctors and nurses sailed for France the latter part of September.

Two thousand R. C. nurses are now engaged in active nursing service, two thousand more in teaching and committee work, nine thousand stand ready to serve, and trained nurses volunteering for service, average one thousand a month. Infant welfare nurses have been sent to France and Roumania.

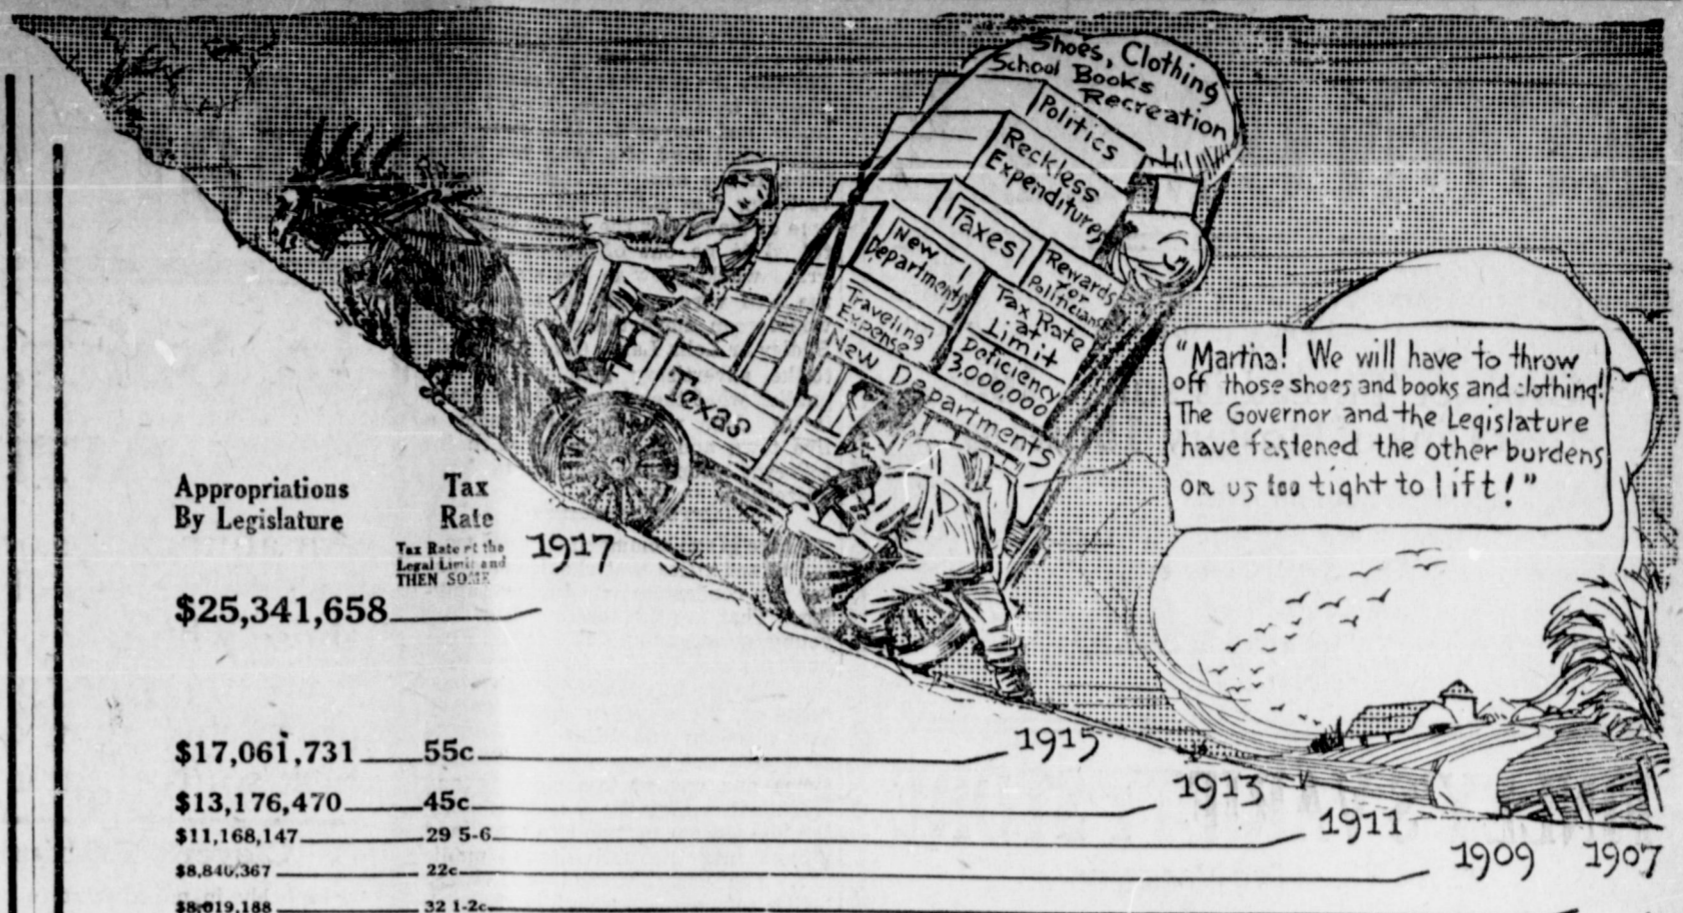

Much is being accomplished by the A. R. C. for the children of France, Major Grayson and M. P. Murphy cabled October 1 that this medical work had its formal opening recently at Toul in the presence of prominent dignitaries. The French and American flags were raised in front of the building given by the French government for the children's refuge. In a large district back of the lines at Toul and nearby towns, the people had been forced to remove the children to caves for safety, these places being under, almost constant fire. Several hundred children are being examined and removed to the Aisille at Toul as quickly as possible. The infirmary established by the Red Cross has eighty beds and is being equipped. The need of such work is overwhelming and the A. R. C. is directing from this centre at Toul an educational campaign on child hygiene and preventive measures.

Mr. Henry P. Davidson, in Chicago address recently spoke of how the Red Cross is now ministering to wounded nations of all the dreadful ravages of tuberculosis as a direct result of the war, 500,000 suffering from it and 400,000 were lost in the war. This with natural deaths and low birth rate shows a net loss of population for the year of 800,000. Millions of men, women and children are starving in Poland. We are told that only 10,000 able bodied men of the Serbian nation are left in Serbia. We are told 2,000,000 Armenians have been massacred or driven from their homes. He spoke of the manifold needs and added, "All these items spell suffering, agony and death. It is the mission of the Red Cross to draw a great net of mercy through this ocean of indescribable pain."

The Red Cross is aiding repatriated French families and co-operating with the Government and local committees in the care of these people, Major Grayson and M. P. Murphy cabled Sept. 29th.

A cablegram from the A. R. C. commission to France on the 30th, states that, in the various departments outside the Seine there are 850,000 refugees embracing all classes and ages, except able bodied men. The R. C. hopes to aid in lessening this congestion by supplying furniture and better quarters and even portable houses when necessary. It is hoped to have health centers from which useful work can be done in such a way as to conserve the self-respect and independence of those who accept it. This work is under Dr. E. T. Dervie of Columbia University of New York.

How the A. R. C. is feeding American soldiers in France is told in an intimate account by Mr. Junius B. Wood, correspondent of the Chicago Daily News cabled recently. He spoke of stumbling thru the dark streets over wet roads, how the lights of the city had been put out at 8 o'clock and the city was in utter darkness save for the moonlight, finally how he came to the railroad could just see the tracks and so he knew they were nearing a station, how they saw French men and women waiting for the train, sitting dozing on benches or standing talking in subdued tones, then as they walked down the station platform, stumbling across switchtracks, sticky mud and piles of cinders, going thru empty frame buildings with soldiers sleeping on their packs, and going by bombproof dugouts, they suddenly came through a doorway into a brilliantly lighted room, an American Red Cross base canteen, the first one to be opened and never to be closed until the last of the soldiers return from the trenches. Back of a long porcelain-tiled counter, American women in white caps and aprons, were pouring coffee, ladling soup and handing out sandwiches as fast as their arms could work. These women living in bombproof huts and daily dispensing cheer to travellers are not mere

Trebled In Ten Years

In Ten Years the Cost of Government in Texas Has Increased From About \$ Million to over 25 Million Dollars a Year. Yet the Population Has Increased Only About 20%.

How Do You Like This, Mister Farmer?

Where do you suppose all this money goes? Who do you suppose gets it? Do YOU receive any benefits from it? If not, who does?

These questions and many others of vital interest to Texas taxpayers will be answered by Senator John G. Willacy in

FARM and RANCH

The Farm Paper of the Southwest

Senator Willacy's sensational story "The Heavy Hand of Invisible Rule" will begin in the Oct. 20 issue of FARM AND RANCH. It is written in fiction form, but it will throw the searchlight of cold facts on all the new departments, soft jobs, traveling expenses, salary grabs and other rank extravagances of the invisible forces that control our state Government, and which you have to pay for.

It will show you clearly why and how the cost of governing Texas has trebled since 1907. It is something you ought to know. It begins in the Oct. 20th issue. Don't miss it.

For Nearly Forty Years

FARM AND RANCH has been gathering and publishing facts and experiences of immense value to the farmers and stockmen of the Southwest. Its editorial staff and regular contributors are men with thorough scientific knowledge and long practical experience in agriculture. It will show you how to make your farm more productive. It will help you make more money.

lunchroom waitresses, but the first women of our land who at their country's call have packed away their evening gowns and donned the Red Cross uniform and are doing their part as patriotic Americans, "somewhere in France." There are eleven other canteens like this one, under construction. Mrs. W. K. Vanderbilt opened this one. Her day's program starts at daylight and lasts till late at night.

The A. R. C. now has more than a dozen base hospitals in France, each is equipped with at least 500 beds. Seven thousand French women are now serving in R. C. ambulances and hospitals and with the armies. Ten thousand additional women of foreign nationalities are aiding them. At the beginning of the war in 1914, there were just 80 permanent French women nurses, 80,000 now shows the part French womanhood is bearing in this war.

MISS ZURICH WEDS PROMINENT DENVER BROKER.

On September 18th, occurred the wedding of Miss Katherine Zurich and Mr. F. Tupper Smith, at the beautiful ranch home of the brides parents, near Clayton.

The bride is the accomplished daughter of Mr. and Mrs. Jack Zurich. She is loved and esteemed by every one, and where she meets a stranger, she leaves a friend. Miss Zurich spent last year in Colorado Woman's College at Denver, where she was a universal favorite with both the students and faculty.

The groom is a coffee broker from Denver, Colorado. Mr. Smith is a very prominent young man and has bright prospects for a wonderful business career.

At twelve o'clock the bride and groom entered the assembly hall, while "Shure's" Wedding March was played by Miss Emma Bromley of Clarendon, Texas. The music was continued softly during the ceremony which was conducted by Rev. Taylor of Clayton.

The bride wore a beautiful creation of white crepe de chine and georgette crepe and carried a large bouquet of brides roses. The groom wore the conventional black.

After the ceremony a lovely dinner was served to a few immediate friends and relatives. Directly after dinner the wedding party left the ranch, in cars for Clayton, where the young couple took the evening train for Colorado Springs.

Mr. and Mrs. Smith will make their home in Denver.—Clayton Citizen.

T. J. Conner of the Lelia country called pleasantly at this office the past week and had his name enrolled on our growing list of readers, besides having the paper sent to a relative at Comanche, Texas.

If you are going to buy a wagon see Headrick & Son.

G. B. Bagby and wife drove by the News office one afternoon the past week and left a sample of long staple cotton with the editor, which was grown near Clarksville by his brother, J. A. Bagby. The bale from which the sample was taken sold for 45 cents per pound and together with the seed netted Mr. Bagby over \$300. The staple in the cotton measures about an inch and a quarter.

We please the hard to please.—Harned Sisters.

Tom F. Connally returned the first of the week from a trip to Chicago, Buffalo, New York City and Washington, the occasion of the trip being the meeting in Buffalo of the grain men with the food conservation directors of the U. S. Government. Mr. Connally also enjoyed a side trip to Niagara Falls. He says his first trip to the "bright lights" of New York City was most impressive and never to be forgotten.

Jaret Wilson was in town Monday.

It don't make any difference what he says or how he looks, a man is just as religious on Sunday as his life during the week has indicated.

The Panhandle State Fair is in progress at Amarillo this week and numbers of our people are in attendance from day to day. Your wife and children have worked hard to aid you in making what you have—take a day off, and go to the fair and give them a pleasant and profitable outing.

Editor Warwick is to be congratulated on his twenty-eight page Panhandle State Fair edition of the Randall County News, issued last week. It reflected the progress of Canyon and the plains country and was a masterful argument against the lies circulated in other sections of the state about the "stricken" west and northwest.

The football season is here again and the lovers of that great American game are beginning to enjoy the smell of the gridiron battle. No game is so truly loved as is football. There is more genuine joy to be gotten from it than any other sport in the world. Besides, it takes a man to be a real sportsmanlike player. It's no place for a rough-neck and the game holds nothing for a dirty player. It encourages play, leadership and team work. It's a force in American life and out of it's training comes leaders in every calling.

Some newspaper men have been criticizing the government because it would not agree to pay for its publicity in the sale of the first and subsequent issue of the Liberty Bonds. Rot! This is no time to quibble about a few paltry dollars when the very existence and perpetuation of Democracy is at stake. It's an opportunity to be patriotic and we have small regard for patriotism that must be purchased. Bankers are giving their time to the sale of the bonds, ungrudgingly, and for our part we shall be no less prodigal with the space we have to contribute.

The high cost of living is a matter for serious consideration. Every home is facing it and its effect will be lessened in just the proportion you face it, study it and make your plans to meet the new conditions. These new conditions make advertising more imperative upon the business men for thinking people everywhere are reading the advertising columns more closely every day. A close perusal of the advertising appearing in The Clarendon News will save any family from \$25 to \$50 in twelve months. You may enjoy our news columns—we hope you do—but you can profit every week by reading the advertising.

Oftimes the treatment of dumb brutes is indicative of a man or boy's character. Why is it that people, who claim to be members of this American civilization are so cruel to dogs and other animals? Several days ago we learned of a fellow who called a dog to him and struck him dead with a hammer, under no provocation whatever. Now, that act was merciful, when compared to brutal kicks in the ribs, hard blows with rocks, and other forms of savagery. Be kind to all the animals. They have their place in the eternal scheme, and a person who constantly mistreats them is developing a brutality which, sooner or later, will evidence itself against a fellow being.

Stinginess is a wrong, but thrift is not stinginess. People should get out of the habit of looking on a thrifty person as a "stingy cuss." Recently we heard a successful man, financially speaking, who declared the crying need of the rising generation was to throw off habits of wastefulness and renew the thrift of earlier days. Children are very proficient in the spending habit, but are woefully short in the matter of earning and saving. Place the blame where it belongs and you hit the parents a center shot. The parents of this age are going a lot of blaming, when most of the fault is to be laid directly at their door. Food conservation is not near so important as is the abolition of the spending and wasteful habit among our people. Food waste is a product of the money spending and general wasting habit among the people. Don't be stingy, be thrifty.

The advertisers in The Clarendon News are the live wires of this town. They are the men that makes the town what it is, and as such, deserve your trade and support. Did you ever think what kind of a town you would have, if the non-progressive, non-advertising men should get such a volume of trade that the others would be forced to go out of business? The grass would grow in the streets and the live wire people of the county would soon move the court house to Hedley or Lelia Lake. Give your trade to the advertising men. Men who publish what they have and then back it up. Men who make Clarendon a live town and a center in which intelligent people are proud to have citizenship.

There is one common failing of most towns and cities that should come under the condemnation of every thinking. That is the habit girls and young ladies gadding up and down the business streets with no earthly purpose in view but that of killing time, escaping the ordinary duties of the home, seeing and being seen. This is one of the banes of these modern times and out of this shirking and loafing is coming the tendency among the idle women to "want to vote," and plunge into the activities of public life. The busy woman,—the home loving woman,—cares nothing for such feminine delusion and it is patent that such bosh will decrease only in the proportion that women and girls quit loafing and assume their rightful duties and responsibilities. In conclusion it is well to say that Clarendon is above the average in this particular. Seldom do our people see evidences of this street running among our young ladies, and we have cause for self congratulation, in that particular.

KANSAS MAN SAYS HE IS ONLY MAN IN U. S. WHO HAS WHIPPED THE KAISER.

The distinction of being the only man in the United States who ever "licked" the Kaiser is claimed by Henry Drager, a blacksmith of Downs, Kansas.

Drager was born in Prussia and spent his childhood under the very eaves of the Potsdam palace. William I was then kaiser, and the present occupant of the throne, who is the former's grandson, was a small boy about Drager's age.

The old kaiser was very fond of children and in spite of the aristocratic rules of the royal house, he always had boys of the neighborhood playing around the Potsdam park. The old kaiser himself would go out among the boys and arrange races for them, giving silver money to the winners.

The present kaiser was kept in school every day except Sunday, so the neighborhood boys never saw him on week days. But on Sundays he was allowed to play with the little boys of humble birth who lived in the vicinity. The main game was marbles. The boys in the neighborhood were well supplied with cheap "comics," as the boys of today still call them, but the future kaiser always had a big sack of expensive marbles, and the boys liked to get him in the game in the hope of winning some of his finest agates.

One day during a game the present kaiser had some of his marbles in the ring when, by a lucky shot, young Drager won the pot. He made a grab for the marbles, but young William was quicker, and before Drager could prevent it, the heir to the German throne had scooped up all the expensive marbles he had lost and was preparing to run with them.

In the excitement of the moment young Drager forgot all about the royal blood in the veins of his playmate—forgot that some day the little lad opposite him might be the ruler of the fatherland. He forgot so completely he grabbed the future ruler by the neck and sat him down on the pavement in an emphatic manner, at the same time grabbing the high prized marbles. The future kaiser began to cry and ran to the palace with his tale of woe.

Little Henry Drager ran home too—to horrify his parents with the story of his act of "treason." They feared the old kaiser would be terribly angry and would mete out some awful punishment upon the young offender. Contrary to their expectations, the old ruler passed the incident without a word, and little Henry was allowed to keep the fancy marbles.

Henry Drager is a big, strong, husky man now—and a loyal citizen of the United States. For many years he has been a blacksmith here and his constant work at the forge has developed his great muscles to almost superhuman power. He still retains his German accent. "Mein Gott!" he says "what would I not give to get mine hands on dot Villum now!"

"A SHINE IN EVERY DROP"
Black Silk Stove Polish is different. It does not dry out; can be used to the last drop; liquid and paste one quality; absolutely no waste; no dust or dirt. You get your money's worth.

Black Silk Stove Polish
is not only most economical, but it gives a brilliant, silky lustre that cannot be obtained with any other polish. Black Silk Stove Polish does not run off—it lasts four times as long as ordinary polish—so it saves you time, work and money.

Don't forget—when you want stove polish, be sure to ask for Black Silk. If it isn't the best stove polish you ever used—your dealer will refund your money.

Black Silk Stove Polish
Works, Sterling, Illinois.
Use Black Silk Air Drying Iron Enamel on grates, registers, stove-pipes, and automobile tire rims. Prevents rusting. Try it.

Use Black Silk Metal Polish for silverware, nickel, tin-ware or brass. It works quickly, easily and leaves a brilliant surface. It has no equal for use on automobiles.

HOW TO EASE YOUR TAXES

This is a subject that interests every man. This war is costing a sum of money so great that no man can realize what such an amount means. We have to find eighteen and one-half billion dollars during the first year of the war. Eighteen Thousand Five Hundred Million Dollars. Think of it! But perhaps you had better not; it will only make your head go round, and you will not be any nearer to grasping the meaning of such an amount of money, when you have done thinking.

To get down to something you can understand, it means that every man in this country has to give up nearly half of what he earns this year. The government is going to get this money, because it has to have it. Of course, it can tax your income, tax everything you eat and drink, your land and your cattle, and raise the money this way. However, this would be too hard on you, so the government has decided to ask you to loan some of the money, with Uncle Sam's own promise that he will pay you back, and pay you interest in the meantime. Uncle Sam's promise to pay is so good that his written promise in the form of a bond can be handed around from man to man, almost like a dollar bill. You don't mind giving a silver dollar in exchange for a bill, and you can feel just the same way about giving a cheque in exchange for a Government Bond.

NOW HERE IS THE POINT: JUST SO MUCH AS THE GOVERNMENT WILL ALLOW YOU TO LOAN TO THEM, SO MUCH LESS WILL THEY HAVE TO TAX YOU. Looked at fairly and squarely, is it not better to loan money, rather than have it taken from you?

We are a level-headed people, and when things are put up to us in a straight-forward way by straight-forward people, we are ready to fall in line.

You know the facts now, straight from the U. S. Government.

You have money that you do not need until next spring. Lend it to Uncle Sam. If you must have it back next year, borrow on your bond, or sell it.

Your banker is a good man to talk to. You believe in him. Go and ask his opinion. He will tell you that he has bought Liberty Bonds, and he will advise you to do the same.

"LET THE OTHER FELLOW DO IT."

This is the thing that has caused so many failures, so much misery, so many deaths—"letting the other fellow do it." From the fall of great nations down to the smallest personal accident it is this policy that has been responsible for so many of the troubles of the world. Time after time "the other fellow" does not do it. The Liberty Loan is a case in point. It is absolutely useless to rely upon the other fellow, because the amount to be raised is so enormous that it will take the combined self-denial and effort of every man, woman, and child in this country, to provide the money.

This leads naturally to another thought. It is not enough that we merely subscribe. We must see that our neighbor subscribes, because if he falls down, we ourselves shall suffer, even although we may have done our share.

There are just a few people left in this country who say "let the rich man find the money." When the government has had its needs supplied, the rich man will not be so rich; his taxes will be enormous, and many a wealthy company struggling with the high cost of everything they use in their business, in addition to their taxation, will have a difficulty in securing profits for their shareholders. The profits of those making war supplies will be cut in half, at least, by government action. Again we must remember that our wealthy men invested millions and millions of dollars in the loan last time and will do it again. The average citizen must realize that the wealthy man is doing his share, and that it is to the farmer, the merchant and the working man that the country look for a large share of the subscriptions to the present loan.

"If you say 'let the other fellow do it,' the loan will fail, we shall be disgraced in the eyes of the world, the resistance to Germany of our allies may break down, and the most terrible thing in the world will happen to us—conquest by Germany. This would mean taxation beyond human endurance, national disgrace and having to work for German masters for years to come.

The Germans are not willing "to let the other fellow do it." Their boys of 14 and their old men of 80 are serving in the army, their women and their children are going short of food; they are giving up almost every cent they possess in order to beat this country. Surely we have more patriotism than the Germans, more sense—if not, then we deserve to be beaten.

Call in and see your banker and ask him whether this article contains the truth. He will tell you that it does, and will agree that it is a fatal thing in this great national crisis to "let the other fellow do it."

Why Suffer?

Mrs. J. A. Cox, of Alderson, W. Va., writes: "My daughter... suffered terribly. She could not turn in bed... the doctors gave her up, and we brought her home to die. She had suffered so much at... time. Having heard of Cardui, we got it for her."

CARDUI

The Woman's Tonic

"In a few days, she began to improve," Mrs. Cox continues, "and had no trouble at... Cardui cured her, and we sing its praises everywhere. We receive many thousands of similar letters every year, telling of the good Cardui has done for women who suffer from complaints so common to their sex. It should do you good, too. Try Cardui."

REVIVAL AT THE METRO-DIST CHURCH GROWING IN INTEREST.

REV. FRANK M. NEAL.

After the earnest and searching preaching of the past week by Rev. Frank Neal, the meeting at the Methodist Church has grown in interest until it promises to be of untold benefit to the church and community. Practically every student in Clarendon College, who was not already a Christian has professed faith in Christ and a deeper spiritual work of grace is being enjoyed by every member of the church who has attended and entered into the services.

Monday morning Rev. Neal preached specially to the business men upon the paradoxical subject of "A Prodigal Miser and A Stingy Spendthrift." Monday night his subject was "Courtship and Marriage" and before a very large congregation the speaker delivered a masterful arraignment of evils of modern society, more especially the dangers of the modern dance. The universal verdict was that it was the strongest and plainest utterance ever delivered here against dancing and his logic was so clear and convincing that no one can defend this evil after listening sincerely to such an expose.

Some forty conversions have already resulted and with a continuance of co-operation on the part of the people, a greater victory against evil is assured.

COLLEGE NEWS.

Mrs. J. W. Moreman and Mrs. E. E. Carhart were down from Panhandle this week seeing their daughters.

Mrs. O. F. Smalley was down Sunday seeing Lois. She was accompanied by Ivan and Andrew Smalley. Mr. Ivan Smalley is a graduate of Clarendon College as well as S. M. U. He leaves shortly for Washington, D. C. where he will enter the civil service.

Mr. and Mrs. J. E. Enochs were here during the week visiting their daughter, Ethel.

Silas Dixon left Tuesday night for Wheeler County for a visit lasting about a week.

Rev. Burton of the Baptist church was in the chapel exercises last Saturday and gave an inspirational talk to the students, urging them to attend the revival.

Most of the students are attending the revival services every morning and evening.

Rev. Story was in chapel last Friday morning. He gave a short sermonette that was greatly appreciated by the students.

The domestic science department has greatly improved it's space and equipment. Two rooms have been renovated, repainted and put in first class condition by the college to further this important work. Up until

the present time, all work has been done in the laboratory for the class. Now one room will be devoted to domestic arts exhibit, while the other will be arranged as a dining room and the students will be instructed in the important art of dining room management. With these two additional rooms and the large amount of room already occupied by the laboratory and sewing department the scholars will have abundant opportunity to learn how to take care of their homes as it is taught in the larger colleges.

Mrs. Campbell who is in charge

of the work, is an experienced teacher of the domestic sciences and domestic economy. Her teachings are not vain, useless theorizing such is given at many elite schools where the graduates are unable to make a decent biscuit when they have a home, but she instills the practical and the useful into the minds of those under her. Many a man will bless the lucky year that his better half took lessons at Clarendon College in the gentle yet difficult art of cooking, for from the samples that have already appeared, it seems that they are very proficient in their work.
