## HOME TRADE CAMPAIGN ATTRACTS COMMENT

The home trade campaign which has been conducted through the columns of The News for the past three weeks through a system of articles and half-page display advertisements has attracted attention even in Dallas and The News is in receipt of a letter from Gus. W. Thomasson, Secretary-Manager of the B. I. M. I. T. Association of Texas. Mr. Thomasson is one of the highest salaried men in Texas and is recognized as one of the best advertising critics in the State. Read what he has to say:

February 22, 1918.

Clarendon News,  
Clarendon, Texas,  
Gentlemen:

Please permit us to express our appreciation for the home trading campaign which you are putting on in your city. If our newspapers throughout Texas could appreciate the importance of a campaign of this sort it would go a long way toward creating favorable sentiment among the people for Texas products.

Wishing you success in your efforts we are,

Yours very truly,  
Buy It Made In Texas Ass'n.  
Gus. W. Thomasson,  
Secretary-Manager.

The people are beginning to talk about trading at home and soon it is to become as unpopular to be a mail order customer as it is to be without liberty bonds or thrift stamps. Only last week a lady in Clarendon who is known to be one of the best dressed in our city made the remark that it was not at all necessary for one to leave Clarendon to buy high grade ladies ready-to-wear as our merchants are carrying such a high grade line and of such good assortment. Read the ad, trade at home and win the war.

## NOTED AUTHOR A CLARENDON VISITOR.

Novelist Rains, one of the rising stars on the literary horizon in America, was in Clarendon the past week and on a professional visit at The News office confided that he was in the Panhandle to get data for a novel of the early days in this section. Mr. Rains wrote "The Yukon Trail," which has been one of the best sellers for the past year and the Ince moving picture people recently paid him a large sum for the picture rights. He has several books soon to come off the press and we shall look with interest for the appearance of his Panhandle story.

## HIGH SENIORS ENTERTAINED.

Miss Beatrice Drew entertained the Senior Class of the High School last Friday evening, Feb. 22, at the home of her parents, Mr. and Mrs. L. W. Drew.

A contest, forty-two and music passed a delightful evening. The rooms were decorated in the national colors, for the occasion, and the colors were also carried out in the delicious two course repast which was served to the fourteen guests.

## DELPHIAN ANNOUNCEMENT.

The Delphian Club will meet with Mrs. Arthur Letts Monday afternoon at 3:00 o'clock.

The lesson will be in the Year Book page eight, "Egyptian Civilization."

V. A. Leonard, a former resident of Clarendon, but now of Floydada was a visitor in our city this week.

## W. T. LACKEY'S SUNDAY SCHOOL CLASS GIVES A SOCIAL.

The afternoon of the twenty-fifth of February, W. T. Lackey's Sunday School Class gave an informal social, in behalf of Miss Lela Baird's S. S. class.

The young guests were met at the door by Misses Ferguson and Silvey, which was a surprise, with greetings and friendly welcomes and a pleasant afternoon assured.

The afternoon program opened with games, but high wind forbade many outdoor games. We were invited into the parlor where contests were played. The first game consisted of pictures tacked to the wall or pinned to curtains, the couple naming the pictures, and that which they represented was awarded a large box of candy. Mr. Vestal Lott and Miss Clair Marie Braswell won the prize. Mr. Carol Miller rendered a piano solo, Misses Parsons and Nath gave splendid readings. Mr. Guoym Silvey gave an interesting reading. Those number were splendid and showed talent and literary training.

The afternoon was far spent to the surprise of all present, Misses Silvey and Ferguson entered the parlor with refreshments which were enjoyed and relished by all. All standing we extended to Mr. and Mrs. Silvey, who were so kind to give our classes the greatly enjoyed privilege of meeting at their home for the occasion and their kindness and trouble of fixing every thing so willingly, our sincere thank and appreciations.

After being dismissed with prayer, we went to our respective homes thinking back to the splendid home of Mr. and Mrs. Silvey as a place of real enjoyment.

## A GOOD SUGGESTION.

It has been suggested by some that the business houses of Clarendon ought to close at the hour Hon. Wm. J. Bryan is to speak at the Methodist Church, Saturday, March 9th, at 2:30 p. m. Whether we agree with Mr. Bryan or not, he is a foremost citizen of the nation and The News believes with others that it is none too small mark of courtesy to such a distinguished guest. Let us close the stores.

## NEEDLE CLUB ENTERTAINED

Mrs. Forest Taylor was hostess to the Needle Club, Thursday afternoon, February 21st.

A pleasant afternoon was spent at knitting and conversation.

A delicious salad course was served to: Mmes. C. W. Taylor, J. T. Patman, Bob Younger, R. Deane Shure, Paul Shelton, J. L. McMurtry, E. Noiland, W. W. Taylor, F. E. Chamberlain.

## J. A. JOHNS FOR SHERIFF AND TAX COLLECTOR.

The News has authority to make announcement of the candidacy of J. A. Johns of this city for the office of Sheriff and Tax Collector. Mr. Johns has been a resident of Gray and Donley Counties for the past twenty-five years and is well acquainted with the duties of the office and the people whom he desires to serve. He is a working man and if elected promises to give the people a fair and impartial handling of their affairs. He solicits your vote on his own merits and asks a careful consideration of his claims.

Misses Pauline and Louise Bell were shoppers in Amarillo Wednesday.

## CLARENDON COLLEGE GOES 100 PER CENT.

The Red Cross drive which has just terminated was so very successful that there was nothing left to do, at least in this drive for every one who attends the college is now a member.

The drive was led by Mr. Shure and as it was his week to lead chapel he made a fresh drive daily. The college goes 100 per cent in everything so this is not a complete surprise. Mrs. Burton is getting splendid results from the work room and the girls are working up some real college enthusiasm along with their other duties. It is a splendid cause girls, keep it up.

## COLLEGE CROWD MAKE MERRY ON FEB. 22ND.

The informal reception which the Panhandle Literary Society gave, instead of the Annual Banquet which has heretofore been held, was an occasion of genuine merriment and unalloyed pleasure to everyone present, and was an affair which will be long remembered by those who participated in the games of the evening.

About eight o'clock the invited ones began to assemble at the Young Ladies Home and were ushered to the parlor where introductions were made and the gay evening begun. Then all retired to the large dining hall where decorations of red, white and blue streamers greeted the eye. Flowers and pennants were numerous and the soft red light that filled the hall lent an air of beauty to everything about. This soft light combined with the beautiful and expensive evening gowns of the young ladies with an effect very pleasing indeed to behold. There were some interesting games carried on for awhile followed by almost two hours of progressive conversation. During the latter there was much excitement about finding partners but everyone succeeded in meeting everybody else.

Light refreshments consisting of hot grape juice, pimento sandwiches, fruit and nut salad, and wafers. All during the evening punch was served and this was accompanied by light and serious toasts.

The committee arranging this entertainment are to be complimented on the manner in which they made the evening an enjoyable occasion to all. And when the Pans have passed out of college and many years on life's journey they will still remember with a happy smile the evening of the 28th of February 1918, which they spent so enjoyably with their sisters the Pan-Altheans.

The night of the twenty-second of February the Adds had their regular annual celebration in remembrance of the Father of Our Country. Keeping in mind that the nation is in war and conservation is the watchword of the hour, the Banquet was substituted by a social with refreshments.

Many of the boys are agreed to divide with soldiers sending them Smilage Books with the money usually spent in serving the banquets.

The evening opened with the announcement of a contest for a prize. The couple who could spend five hundred dollars to the best advantage on a wedding tour was to be given some of the necessities of the trip. Mr. Claude W. and Mrs. Sibyl Ferebee of somewhere in Arkansas won the prize but could not read the accompanying instructions.

A short but splendid program followed. The Adds of the orchestra dir-

## ROAD BONDS CARRY IN HEDLEY DISTRICT

According to a telephone conversation with Editor Boliver of The Hedley Informer, The News is in position to publish the glad news that the proposed \$30,000 road bond issue voted on last Saturday in the Hedley district was carried by 33 more than the necessary two-thirds majority. This is an advanced step by this prosperous section of our county and we hope the heaven will work until our entire county is traversed by broad highways that defy wind and weather and prove themselves living arteries of commerce and pleasure. Nothing is so indicative of a prosperous and contented people as good homes and well-prepared roads and with the state aid added to the \$30,000 the roads of the Hedley district or Precinct No. 3, will no doubt prove to be all that is desired and serve as an impetus to contiguous communities.

Good for Precinct No. 3.

## GRLS' HONOR GUARD.

The Girls' Honor Guard is still busy making comfort kits to donate to the Local Red Cross Chapter. As each kit has to be made according to Red Cross requirements and will cost approximately four dollars. It has been decided to ask each member to donate not less than twenty-five cents toward defraying expenses. The kits are being exceptionally well fitted with some of the articles purchased from New York last fall, but other articles are necessary and funds needed for purchasing the same and members are urgently requested to bring or send their donations to the next meeting, Monday afternoon at 4:30 at the Red Cross rooms.

ected by Miss Evangeline Loeffler gave two selections that gladdened the hearts of all those present and made the halls ring with the social spirit of the evening. Miss Alberta Hilburn gave us a reading then Mrs. Adams favored us with a vocal solo which everyone enjoyed very much. Miss Lucille Ellis gave us another reading, then everyone settled themselves down to the scientific mysteries of forty-two. The sport and hum and chatter of conservation raged for something like an hour. Punch was served from a well in the end of the hall. Fifty young men with as many of America's best and fairest maidens daintily decked passed from the presence of the good of laughter into the presence of Fate to see what life had in store for them.

It was now getting near midnight and folks were beginning to miss the Hooverized sippers; the old familiar strains of Me and My Gal came floating up the halls. Each boy was thinking in just such terms of the American Beauty at his side, so quietness reigned. Just then a door opened and waiters scurried here and there with eats. The one hundred persons were quickly served with turkey, dressing, potato salad and coffee. The second course was ice cream served a day later on the twenty-third and everyone was ready to go home.

Visitors enjoyed the informality and spirit of the occasion as well as the program and the refreshments. The wonder is how the bare and cold halls were made so soft and cozy by the skillful arrangement of pot flowers, pennants and music. The colors greeting one from the front entrance were the society colors. Really one liked to cast a backward glance when leaving for a last look at the place of enjoyment.

## SUBSTITUTE FOODS

Don't let the wheatless, meatless or sweetsless days worry you in the least. We have prepared a line of SUBSTITUTES that will make you wish every day in the week was a "less" day.

It will benefit you to get away from the old staples occasionally and go on a diet of fruits, vegetables, etc.

For the benefit of our customers on these days, we have arranged to carry an extra large assortment of all kinds of

FRESH AND CANNED VEGETABLES  
FRESH, CANNED AND DRIED FRUITS

You will find here almost any fruit or vegetable you may call for, and all of the highest quality. Come and let us help you conserve wheat and meat, and while doing so, really benefit your health.

## E. M. OZIER

## DON'T MISUNDERSTAND THE WAR SAVINGS STAMP

The chief service of War Savings Stamps is teaching you the habit of THRIFT. Thrift makes better citizens, Thrift makes happier families, Thrift makes stronger nations, Thrift robs old age of its terrors. The habit of Thrift is one of the most helpful you can acquire. Saving is easy after you start. Begin right now with a "slacker" quarter. It buys a Thrift Stamp. After you have 16 stamps pay 14 cents more and get a War Savings Stamp at our bank.

## DONLEY COUNTY STATE BANK

The Bank Whose Depositors are Protected by the Depositor's Guaranty Fund of the State of Texas.

## Keeping Business on a Level

Would it be any satisfaction to you in these times if you could put some of your money into the great national fund held by the Federal Reserve Banking System which is standing back of and steadying the business interests of the country?

You can do it by depositing your money with us, as we in turn keep part of it on deposit with our Federal reserve bank, where it will be ready for you when needed.

In this way, without cost, you can strengthen the system and secure for yourself its protection.

## The Best Advertisement

Is the Advertisement that nobody and no money can buy; and that is public conversation, gossip, rumor, recommendation from friend to friend, neighbor to neighbor. When that priceless advertising power is started, nothing can restrain the success of what it favors. While "advertised by our loving friends," may be a hackneyed expression, it is nevertheless true, that a satisfied customer imparts that friendly feeling, gained from dealing with an institution that renders good service, and his kindly influence will bring his friends to the same where he gets value received.

#### POINTS ON PEANUT PLANTING.

Prepared for Texas Food and Feed Production Campaign by R. R. Claridge, State Agri. Dept.

It is pretty generally agreed that owing to the high food value of the peanut for man or beast, as well as its adaptability to a wide range of climatic and soil conditions in Texas, few crops promise so profitable returns the coming season. A few suggestions as to handling the crop may prove helpful to new growers.

It were better, of course, that the land should have been flat-broken in the fall, so that the turned under litter might be well rotted ahead of

spring preparation of the ground. This should start with deep wide furrows, about three feet apart, using for the purpose a large solid sweep or small middlebuster. Bed on these furrows, both sides, with one-horse turning plow, set as deep as the furrows, being careful to leave no unbroken ground next to the lay-off furrows.

The land is foul with grass and weedseeds, and if vegetation has started, the first crop will be destroyed by the foregoing procedure. If not ready to plant, or if the grower desires to "lay for" another start of grass and weeds, the section-harrow may be run across the ridges, to hold moisture.

When ready to plant, get part of the ridges with twenty-four inch sweep set flat, running again with the same sweep in the same place, being sure the second time, to get a little below the general surface, and especially if west of a thirty-five inch average annual rainfall. If the ridges are crossed with the section-harrow it may be possible, by using two horses, to get below the surface and then some, with a single sweep-furrow. Follow the sweep with the planter. If acid phosphate is used, put in first furrow, and mix with narrow shovel, set deeper than the fertilizer.

Give clean cultivation. Any grass left left in the row will come out, roots and all, with the goobers, causing decided damage to the quality of the hay. Gradually work a broad, but not very high bed to the plants. As good a crop of peanuts as was ever grown upon the East Texas farm of the writer, was handled as above, and the land was not broken the previous fall.

We have for several years been planting cotton in six foot rows, with peanuts between. We do not get nearly or quite as large per acre yield of goobers from wide rows, but we do get nearly or quite as much cotton, with the goobers to the good, and we get more than half a crop for the latter. For instance, as nearly as may be estimated, if the crop would be forty bushels per acre in close rows, we would get, say, twenty-five bushels per acre in wide rows. We have never tried cotton in five-foot rows with peanuts between, but believe that the yield of both cotton and peanuts will be relatively larger.

The peanut market last season, was more stable than the cotton market, and acre-for-acre, made as much money. We shall have something to say a little later about harvesting, threshing and selling.

#### WAYS TO INCREASE PRODUCTION.

Beside being one of the surest crops for our sandy soils, the peanut is one of the most profitable. Rich in protein and very palatable, the meal makes ideal ration for man or beast.

Plant peas between six-foot corn rows. You will get nearly or quite as much corn, with the peas to the good, for feed and fertilizer. The protein content of the pea is large and will help to get by the meatless days.

Every unused vacant lot in city or town the coming season, will be a reflection upon the patriotism and business sense of the city or town that permits the unused vacant lot.

Now comes a report of a Texas country-town school which grew and fattened two pigs, last season. As there are some 8,000 public school in Texas, at the same rate, counting 100 hogs to the car, how many cars of fat hogs would there be, should all of the schools in Texas go into the hog-business? Grab your pencils, children.

Along a quarter-mile fence row, hitherto the habitat of noxious weeds and boll-weevil a North Texas farmer last season, had a fine crop of Lima beans, which did not rob his field-crop to the extent of a strip ten feet wide and a quarter-mile long, as did the noxious weeds and bushes.

There is yet time to sow small grain for the table and the feed lot. Even in the Texas woods country, there should be no need to ship to farms a sack of flour, if the farmers can get the wheat seed and will get busy and plant. The gin-power will run a small grist-mill to make the whole wheat flour. Meantime, there will be less "starch indigestion."

#### NO TRESPASSING.

The public is hereby notified to keep out of the Bugbee pasture, under lease to Benson and Singleton, as hunters, trappers, fishermen, picnickers wood haulers and others will be prosecuted according to law. Spd. 1919. T. B. Preston, Mgr.

#### PEOPLE, WHAT THINK YOU OF THIS?

"Good people and friends, the Kaiser has got my boy.

"The Kaiser indirectly murdered him, and he will murder my other boys and your boys if we do not join in and help destroy 'Kaiserism'; yes, he will destroy these little boys here pointing to several little fellows about the grave, if he is not destroyed.

"My wife and I have toiled and struggled for twenty-five years to raise and educate this boy and give Texas a good and useful citizen. And all the while we were doing this, the Kaiser, across the ocean, was building up a great war machine to rule the world or, by destroying my boy and thousands and thousands of other boys like him, to wreck civilization.

"The Kaiser got his work in first. And now, like Harry Lauder of Scotland, I have nothing to live for but to serve God and to aid in the destruction of Kaiserism; and I here and now pledge my services for the remainder of my life to my God and to my country, to the end that the Kaiser and all the evil for which he stands may be wiped off the face of the earth.

"And I beg of you, my friends, to join with me in this covenant, that Kaiserism may be speedily crushed, that this cruel war may be brought to an early end and your boys and my other boys be saved from the inhuman monster.

"My good friends, I thank you for your sympathy and what you have done for us and ask your indulgence for this statement, but it expresses the purpose of my heart for the remainder of my life."

So Alfred Grant, Sr., voiced his sorrow and consecrated his life to rooting out Kaiserism in a dramatic and heart-stirring talk at the grave of his son, Silas Grant, at the Odd

Fellows cemetery at Denton last week before a concourse of friends and sympathizers which had gathered to pay its last respects to the body of the young man who had been killed in an airplane.—Ex.

#### CLARENDON BOY IN FRANCE.

Below we publish a letter from Price Morris received by his mother sometime last week, which came in too late for last week's issue. Some Where in Europe.

Dear Mother:—

I have arrived O. K. and am fine and dandy and am having a good time so far. Hope this finds you all O. K. I want you all to write me as often as you can as I may not get a chance to write when I want too. Hugh also is with me and is all O. K. He got seasick as he could be but I was not seasick during the time to come across. This is a nice country and I am feeling fine. So write me at the address that I sent you a good while ago. With lots of love to all at home.

Your Son,

Price Morris.

#### PEANUT MEAL.

In these times of lively hustle for something to eat, we are afraid our Uncle Samuel and everybody else, is overlooking some worthwhile wagers.

The homely "goober," for instance, is rich in everything that makes a beefsteak good to eat; in fact, outranks the beefsteak in high nutritive value.

With the excess of oil extracted, the meal is more valuable as human food or hogfeed. It is also very agreeable to the human palate. Put up to them in the right shape, our soldiers no doubt would "fall all over" preparations of peanut meal, and so would everybody else.

#### HIGH FOOD PRICES IN REVOLUTIONARY WAR DAYS.

You no doubt are complaining of the high cost of living. Back in the days of the revolution Abigail Adams was doing the same thing. Here are some of the prices quoted from a letter she wrote her husband, the second president of the United States, given out recently by the State Food Administration:

Meat, \$1 to \$2 a pound.  
Rye, \$30 a bushel.  
Corn, \$25 a bushel.  
Molasses, \$12 a gallon.  
Flour, \$5 a hundredweight.  
Cider, \$40 a barrel.  
Cheese, \$2 a pound.  
Butterine, \$3 a pound.  
Sugar \$3 a pound.  
Potatoes, \$10 a bushel.  
This was Abigail's list in 1776. In 1779 sugar rose to \$4 a pound and tea the same. In 1780 butter sold for \$12 a pound and tea for \$40.

Such were the prices in revolutionary times when we were trying to carry on a war and feed only ourselves at the same time.

#### BABIES ARE OLD-FASHIONED.

"In this age of hurry and change," said Colonel Roosevelt some time ago, "I would speak a word for the old things, the conservative things. I am like the doctor—the doctor who prescribed a dose of castor oil for an ailing baby.

"The baby's fashionable young mother, who had expected the prescription to take the form of a violet ray bath or something of that kind, complained:

"'Oh, doctor, castor oil! Castor oil is such an old-fashioned remedy!'"  
" ' Babies, madam,' said the doctor, 'are old-fashioned things.' "

### DELCO-LIGHT

Attracts "Hired Labor" to the Farm

#### INCREASES FARM EFFICIENCY

Most men who work for wages prefer the city shops—a definite number of working hours. On the farm there can be no fixed-working schedule. At the end of a hard day's work there are always the "chores" to be done.

But where DELCO-LIGHT is used there is plenty of bright, safe electric light. "Chores" can be done with half the time and effort. The water may be pumped electrically, and there is also electric power for operating machines that must otherwise be turned by hand.

And then, after the day's work is finished, the "hired man" may share the comfort and contentment of a well-lighted, modern home, or he can retire to a private, cheerful room of his own. DELCO-LIGHT is a complete electric light and power plant. DELCO-LIGHT runs on kerosene, and soon PAYS FOR ITSELF IN TIME AND LABOR SAVED.

T. S. Kemp, Dealer

#### DIGEST OF WAR NEWS.

##### War Credits Board Approves Advances of Nearly \$150,000,000

A statement prepared by the War Credits Board includes the following explanation of its functions and activities:

"When a concern that has a contract with the War Department for supplies has shown the board that it needs financial assistance and has been able to comply with the act by giving adequate security, the board has approved an advance payment and the money has been received; in many instances where the case was urgent the money has been paid over to the contractor the same day the application has been filed. However, the board does not act in any sense as a bank. It is only when the manufacturer has reached a point where financial assistance is needed, in addition to his banking lines, that application for advance payment for his goods is considered favorably by the board."

Between the time of its creation in November and January 24 the board approved advances to contractors totaling \$145,551,000.

##### New Committee Will Mobilize Colleges for Training of Troops

It is estimated that within the next

six months 75,000 to 100,000 men will be given intensive military training in schools and colleges. They will be drawn from the armed forces of the Nation, men now in training camps or about to be called, and registrants under the selective service law.

With a view to mobilizing the educational institutions of the country for this special training there has been created in the War Department a "committee on education and special training." It will encourage and arrange for the technical education of men needed by the several branches of the army.

##### Little Corn Held by Dealers in East and South

Small stocks of corn in the hands of dealers in New England and other eastern and southern States, with the exception of Delaware, Maryland, and Virginia, where surpluses were produced, are indicated by reports to the Department of Agriculture. Actual available supplies in the southeastern States are said to be greater than ever before, although the amount of corn in the hands of distributors and other dealers is much below normal.

Most districts in the southeastern States have sufficient supplies for local needs, while dealers in many places, especially Mississippi, Alabama, Georgia and Florida have shipped

large quantities of corn to the larger markets.

##### Import or Export of Any Commodity Now Requires License

No commodities may now be exported from the United States nor imported without license. According to a statement by the War Trade Board the military and tonnage situations have made increasingly apparent the necessity of instituting a complete and thorough-going control of all exports and imports.

Licenses for the export or import of coin, bullion, currency, evidences of debt or of ownership of property and transfers of credit will be issued by the Treasury Department; licenses for all other exports and imports, including merchandise, bunkers, ships' supplies, etc., will be issued by the War Trade Board.

##### War-Savings Stamps Sell at Rate in Excess of Savings Bank Accumulations

Treasury receipts from the sale of war-savings stamps are running at the rate of \$11,000,000 a week. Savings bank deposits in the last few years have been increasing at the rate of \$700,000 a business day. Treasury receipts show the American people are putting their small savings at the service of the Nation through

war-savings stamps at a rate far in excess of prewar-savings bank accumulations.

Two billion dollars of war-savings securities will be issued. If these are all sold this year the Treasury will receive about \$1,680,000,000, and at the end of five years the Government will repay the loan together with \$320,000,000 in interest.

##### Nine Tests are Used to Prove Physical Fitness of Men in Camps

The director of athletics at one Army camp has arranged a program as a means of determining the relative athletic caliber of the companies in the division. Each man is required to pass in eight of the following tests to obtain a positive mark for his unit:

Jump 8 feet from a standing position; chin 10 times; clear a bar at 4 feet 2 inches; throw a 12-pound shot 33 feet; climb a 20-foot rope in 15 seconds; dash 50 yards in 7 seconds; run a mile in 6 minutes; lift a 60-pound weight over the head with one hand; sit up from a supine position with a 50-pound weight suspended from the back of the head.

##### Federal Farm Loan Board Does Not Employ Association Organizers

News of schemes to swindle farmers by men advertising to be authorized farm-loan association organizers is met by the statement by the Federal Farm Loan Board that organizers are not employed.

In order to borrow money under the farm-loan act, farmers must organize cooperative national farm-loan associations in their local communities. It is a violation of a ruling of the Farm Loan Board for national farm-loan association or of a joint-stock bank loan to spend money for promotion purposes.

##### Training School for Army Chaplains at Fortress Monroe

A typical daily schedule of the course of training at the recently established school for army chaplains at Fortress Monroe includes military drill, military law, international law, army regulations, military hygiene, organized recreational work and sectional conferences.

Including the large number recently appointed there are now nearly 600 chaplains in service, and this number will gradually be increased with the passage of expected legislation permitting the appointment of one chaplain for every 1,200 officers and men.

##### Cartoonists' work Will Boost Third Liberty Loan

The work of the foremost cartoonists of the country will be used during the sale of Third Liberty loan bonds. Drawings will be used in a wordless booklet and a daily cartoon service.

The booklet, containing all of the cartoons, will be distributed by millions. The cartoons will also be divided evenly between afternoon and morning papers.

##### Camp Theater Prices Far Lower Than at Metropolitan Houses

While figures are not yet available on the proportionate number of \$1 and \$5 smilage books being purchased for use by men at the camps and cantonments, the Commission on Training Camp Activities, in charge of the sale, states that there has been unexpected demand for the larger books. Smilage books selling for \$1 contain 20 coupons good for admission to camp entertainments; books selling for \$5 contain 100 coupons.

From two to five coupons are required for admission to Liberty theaters at the camps, although many of the productions are of the class which command \$2 prices in metropolitan houses.

##### Strict Attention Paid to Manufacture and Sale of Shoes in England

In England priority must be given to the manufacture of war-time boots over all but Government work. The boots must be made of classes of leather and to specifications approved by the director of raw materials; the manufacturer must stamp on the upper his registered number and on the sole the retail price, together with the words "war-time."

The following are examples of styles and prices per pair: Men's heavy shoes, \$4.50; city clerk's shoes, \$4.87 to \$6.39; women's stout shoes, \$3.16 to \$4.20; women's first-grade shoes, \$3.33 to \$5.96; boy's shoes, \$2 up; girl's shoes, \$1.87 up. Altogether there will be 39 types of war-time boots. The heels of women's shoes are not higher than 1 3/4 inches, but it is understood that war-time shoes represent in all particulars the manufacturers' ideas of what the public desires.

The limit of time for filing income tax returns has been extended to the First of April.

In order to assure prompt and accurate identification the War Department has adopted a system of numbering enlisted men of the Army. The system provides for one series of numbers, without alphabetical prefix, for all enlisted men. The number assigned to a soldier will become a part of his official designation, and will never be changed nor assigned to another man. It will be entered on identification tags.

##### Conditions at Hospital Highly Commended by Secretary of War

After an inspection trip to a base hospital, Secretary of War Baker made the following reply to an inquiry concerning hospital conditions: "With Surg. Gen. Gorgas and Dr. Hornsby I made this morning a personal inspection of the entire base hospital at Camp Meade. The hospital is very large, fully equipped with scientific laboratories and facilities, has an adequate number of trained nurses under the supervision of a skilled superintendent; its medical and surgical staff are made up of competent men filled with enthusiasm for their work. The hospital throughout is clean and well cared for; there was an abundance of clean linen, a plentiful supply of well-prepared and ap-

petizing food, and every evidence of considerate attention to the patients was manifest. I talked with a large number of the patients, none of whom knew who I was, and found them cheerful and without a single complaint as to their treatment or comfort. Dr. Hornsby told me at the conclusion of our inspection that the base hospitals in the cantonments throughout the country were substantially like the one we visited this morning. It was a most reassuring visit. I have long been interested in hospitals, and if I were to have a personal illness which required hospital treatment I should be perfectly content to be sick in the base hospital at Camp Meade, satisfied that I would receive the attention necessary and under comfortable conditions."

Before the war the Navy's Bureau of Identification had the finger-print records of 300,000 men. In the last year the number has increased to about 600,000. In taking the finger-print record of the Navy recruit the impressions all 10 fingers are obtained.

### A Thorough Test

One to Convince the Most Skeptical Clarendon Reader.

The test of time is the test that counts.

Doan's Kidney Pills have made their reputation by effective action. The following case is typical.

Clarendon residents should be convinced.

The testimony is confirmed—the test complete.

Testimony like this cannot be ignored. W. H. Martin, retired merchant, Fourth and Park streets, Clarendon, says: "I began using Doan's Kidney Pills, which I procured at McKillop's Drug Store, about two months ago and they relieved the pain and lameness in my back. My experience warrants my recommending Doan's, for certainly are a good kidney medicine."

Lasting Benefit  
Over four years later Mr. Martin said: "I have the same faith in Doan's Kidney Pills today as when I first gave a recommendation for them. I haven't had occasion to use them since."

**"A SHINE IN EVERY DROP"**

Black Silk Stove Polish is different. It does not dry out; can be used to the last drop; liquid and paste one quality; absolutely no waste, no dust or dirt. You get your money's worth.

**Black Silk Stove Polish**

is not only most economical, but it gives a brilliant, silky lustre that cannot be obtained with any other polish. Black Silk Stove Polish does not rub off—it lasts four times as long as ordinary polish—so it saves you time, work and money.

Don't forget—when you want stove polish, be sure to look for Black Silk. It isn't the best stove polish you ever used—your dealer will refund your money.

Black Silk Stove Polish Works, Sterling, Illinois.  
Use Black Silk Air Drying Iron Enamel on grates, registers, stove pipes, and automobile fire rims. Prevents rusting. Try it.

Use Black Silk Metal Polish for silverware, nickel, tinware or brass. It works quickly, easily and leaves a brilliant surface. It has no equal for use on automobiles.

NOTICE.—Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of The News will be gladly corrected upon its being brought to the attention of the publisher.

An El Paso daily warns the saloon men in glaring headlines like this "SALOON MEN UNDERSTAND THE VOTE AS WARNING TO KEEP THEIR GRIPS PACKED." The vote to keep the saloons was so small that it was a great defeat for them.

An association of misguided femininity of Dallas writes The News that it desires it to comment favorably on the woman suffrage movement. Not on your lives, woman, The News holds in too sacred a reverence the womanhood of the fair Southland to aid or abet a movement so blighting to the finer attributes of the "better halves" of men. If suffrage comes women will be reduced to "halves" and she deserves something better than "fifty-fifty."

Woman's suffrage is not half so dangerous to the political structure of the nation as it is to the moral and social fabric of our land. These will suffer first from such a moral deform (not reform) and no political establishment ever stood when the moral and social pillars decayed beneath it. Witness the Roman Empire with its staggering wealth and strength and yet what a fall when the home life became a cancer and society was a riot of license and sin. This is a time for sane thinking, keeping always in mind that God did not exempt America when he pronounced judgement upon nations that followed after strange gods and their men and women left the Divinely appointed path with resultant disaster.

There seems to be an organized movement at Washington for every piece of publicity to mention in some laudatory way, Mr. Wm. G. McAdoo, Secretary of the Treasury. Some think this is a smooth way of grooming him to succeed Pres. Wilson at the expiration of this term. It has never been the policy of the United States to elect a Roman Catholic to the presidency and we sincerely hope we shall not depart from it now. If the war isn't over when Wilson's term is out, we think that he should be returned to the chair again. A change might be disastrous.

There is a move on foot over at Matador to put in a second newspaper, when as a matter of fact the town is not doing its duty by the one it now has. No one newspaper ever suited all the people all the time but neither will two, nor yet three. Clarendon once had three papers, but the patronage was not sufficient for either of them to make any money hence they could not give the town the service she deserved. Today there is a large majority of the business men who flatly say that they would not stand for a second paper here, just so long as The News fills the bill. They know what a waste of money and time it is for the town, besides they want their editor to be able to pay his bills. One can do it—more couldn't. Matador merchants ought to figure this out in advance, before the experience costs them money.

We believe firmly in the right of every man to spend his money where he chooses, but the farmers have not given their undivided support to those merchants and bankers and newspaper publishers, etc., who have come and made their homes in their midst and have invested their capital in the County. Too often we have gone out of our way to patronize the stores in the big city knowing full well that dollars sent away to distant markets never return in any part. How much assistance are the farmers of Texas now getting, we ask, from the big city mercantile houses? Not a cent! It is the home town bankers and business men who organized and came quickly to your relief. It pays to trade near home, other things being equal.—The Southland Farmer.

### GIRLS, TAKE NOTICE.

Although housekeeping and home-making are the most important of all things, yet they are sought after the very least. Girls get married who do not know how to make a loaf of bread or boil a potato, expecting somehow that these things will take care of themselves, as they can live happy with a man in his ignorance knowing too that the heart and stomach of man is so friendly that they cannot be separated. Ignorance cannot be made bliss in housekeeping, and there is no surer way to lose the

respect of a husband than to spoil his dinner. He cannot thrive long on purely a love diet.—Milam County Enterprise.

That's all well and good, but there is another side of the matter. We men hate to admit it, but there is often room for complaint from the bride as to the manner in which her husband provides for the home and as to his attitude toward the home. It isn't enough for the womanly heart that a man merely provides the temporal elements of a home. Some suits want to reduce the marriage estate to a cold, matter of fact, business partnership, but best elements in woman—and man, too—rebel at this growing evil. A thousand times NO. The young bride may, through ignorance spoil her husband's dinner—and then again she may spoil it by her disposition, when the cuisine is perfect. The husband, too, gets off track sometime and spoils a dinner or so, himself, forgetting that cheerfulness in the home is the tonic for abiding love. There is many angles to this matter of marital relations and people who are not too "cultured" to be normal realize that there is argument on both sides of the momentous question of happiness in the home.

FOUND—A worn black and colored lap-robe in southwest part of Clarendon. Owner can get same at this office by paying for this ad.

A. W. GERNER.

I have a 160 acre farm, near Jericho, for sale, would take some good stock or some Memphis property.  
J. W. Anthony, Memphis, Tex.

### THE TEPARY BEAN.

The Tepary bean in food value is the peer of the navy or any other bean and appears to be well adapted to semi-arid conditions. The value of the hay as stockfeed, has also been well established.

To the naked eye, there appears no difference between the navy and the Tepary bean except that the latter is a little under regulation size. The claim that the Tepary is as good a table bean as the navy has never been disputed, we believe.

Therefore, as Zavalla and other southwest Texas counties have on hand and for sale, some 500,000 lbs. of the Tepary bean, at somewhat lower prices than is asked for the navy, mainly brought in from other states, we hope that Texas jobbers and many contractors will see if they cannot encourage our southwest Texas friends to grow more Tepary beans the coming season.

If, as we hope, these few lines may stir up buying interest in the Tepary bean, the Texas Food and Feed Production Campaign at Austin will take pleasure in connecting the demand with the supply available.

Visit Harned Sisters Millinery before buying your new hat.

The annual expenditure of the United States for candy is approximately \$400,000,000.

Visit Harned Sisters Millinery before buying your new hat.

The War Department now permits women to qualify as inspectors of small arms, according to an announcement by the Civil Service Commission. Plans for the aerial mail route between Washington, Philadelphia, and New York contemplate the use of machines capable of carrying 300 lbs. of mail a distance of 200 miles without stop. A special rate would be charged not exceeding 25 cents an ounce.

Superb Frisk and Elzee models arrive daily at Harned Sisters. See them

A "War Cyclopaedia," providing the public with information on the great war in the form of a handbook, is the latest publication issued by the Committee on Public Information.

Superb Frisk and Elzee models arrive daily at Harned Sisters. See them

### DONT'S FOR TYPHOID.

Typhoid fever is a disease of filth, spread largely by polluted water and milk, and by means of flies. It is often fatal. It numbers 100 victims to every passenger killed in railroad accidents. The typhoid money loss in the United States is three times the net property fire loss.

The Typhoid death rate in ten states, now averages less than 8 per 100,000 inhabitants, but in many southern cities the rate is still more than three times as great as this. How does our city stand?

Sanitation and vaccination will prevent Typhoid! It's up to you.

Don't tolerate flies in your home. Keep garbage and manure in fly-tight cans. Dry-closet vaults should be absolutely fly-tight and water-tight. Screen the kitchen and the dining room. Keep a fly trap in the yard and a fly swatter in the house. Don't eat raw vegetables or fruits until thoroughly cleaned. Don't swim in water exposed to contamination.

Systematic health protection measures in the U. S. Army reduced the Typhoid death rate from 25 to 3 per 100,000 men in six years. The same

### TO CLARENDON FOR COLLEGE BANQUET.

H. D. Thompson and W. P. Thomas left yesterday for Clarendon where they went to attend a banquet at Clarendon College. Ordinarily this delightful affair is restricted to students in the college, but this year, on account of the call to army service, college authorities permitted the students to invite friends. Both boys expect to be called under the selective draft at an early date.—Vernon Record.

### GOODNIGHT ITEMS.

J. A. Emery has been down on the South Plains this week.

H. T. Cole, of Kasota, was in the city this week, on business.

Mr. and Mrs. Lloyd Phillips, of Estelline, have been visiting their aunt, Mrs. Longbine.

Tom Sutton, of Camp Bowie, will return to camp Friday morning. Tom has been enjoying the benefits of a fifteen day furlough.

Floy Simmons has been out of school a few days on account of sickness, but is back at work now.

Edna Simmons, of Hedley, is visiting her sister, Floy for a few days.

Mr. Jack Willis sold his farm north of town to Mr. Blankenship, but at this time we haven't heard just what Mr. Blankenship expects to do with the place.

The Denver Depot had a telephone installed Tuesday. But be careful and don't bother the agent about the trains. Ask central they will know.

Walter Donald attended the Cattle-men's Convention at Amarillo last week.

J. E. McDonald intends to buy 100 head of good mules. We wonder if he is going to work this year.

Mrs. J. C. Harrel and Edith, Miza, and Annella Crain went to Amarillo, Friday and Zada and Hickish came back with them to spend Saturday and Sunday.

Watt Emery, of Sterling City, is visiting his brother, J. A. Emery, for a few days.

Mr. and Mrs. Matt Bennett received word a few days ago from Paul Valley, Oklahoma, that they were the grand-parents of a fine baby girl. The little lady was christened Miss Dota Jane Saxon.

Paul Nunn unloaded another car of "Hups" this week.

The ladies of Goodnight have organized a prayer circle to be held each Sunday afternoon at the church. It was a request of our soldiers boys that we pray more for them.

Our girls intend to help farm this year. Even our girls here are not slackers.

J. C. Harrel was an Amarillo visitor several days ago.

Mrs. Harding of, Wichita Falls, is visiting her sister, Mrs. Annine Longbine, this week.

Dr. Dee Roach and John Roach, of Guymon, Okla., are visiting friends and relatives for a few days.

Mr. Houston Ballow, of Clarendon, motors to Goodnight on Sunday afternoon to see friends.

Mr. and Mrs. Fitzgerald and Dr. and Mrs. Carl, of Claude, spent a few moments in Goodnight Sunday afternoon. Mr. Fitzgerald is going to move back to Childress in a few days.

Bob Collins, the Oldsmobile agent, at Amarillo spent Sunday with, Mrs. R. G. Dye.

Mr. Hardy has gone to his place at Tulia for a few days.

Fred Longbine, of Ft. Bliss, came in Saturday night to spend ten days with home folks and friends. Fred says being a soldier is fine.

### LELIA LAKE LOCALS.

Mr. Carl Boston was a Hedley visitor Saturday night and Sunday.

Mrs. Clint Phillips was a visitor in Lelia Lake, Saturday.

Mr. Irvin Boston returned Wednesday morning to his duties at Camp Bowie.

Mr. Lloyd Black stopped off at Lelia Lake for a day, Saturday enroute to Denver.

Rev. Hopper preached here Sunday morning and night and a good attendance enjoyed his sermons.

H. D. Burris returned from Burk-burnett Sunday night.

We understand that Mr. Earl Code will move from Lelia Lake soon. We are very sorry to lose these good people.

Mrs. E. L. Kennedy returned Sunday morning after a six weeks stay in Austin.

The Clarendon College Orchestra will give a program at the School House Auditorium, Saturday night. Everybody come and enjoy some good music. Admission 15 and 25cents.

Mr. Victor Crisler made a flying trip to Clarendon Tuesday.

Mrs. H. M. Ellis spent Thursday and Friday in Clarendon.

The Woodman Circle of Clarendon entertained Hedley and Lelia Lake Saturday afternoon and after the usual meeting and a talk from the Deputy of Amarillo a contest was in order in which Mrs. Allen of Hedley won first prize Mrs. Stebbins of Lelia Lake second. And then a dainty luncheon was served to about twenty-five guests it being late we bid our friends "Odieu" and exclaimed "the best time ever."

### MARTIN NEWS.

The people of our community met Sunday evening and reorganized a Sunday School. The following officers and teachers were elected: J. A. Pool, Supt., Mr. Chas. Bell, Assistant, and also teachers of Bible class.

Senior class to be supplied. Miss Lela Morelan intermediate's, Mrs. Edwin Bailey, Juniors, Miss May Bell primary class.

Sunday School at 2:30 next Sunday evening, after which Brother Burton, of Clarendon, will preach for us everybody invited.

Mr. Tom Kelly and family, of Alan-

reed visited at the home of Mr. and Mrs. D. L. Baker, Sunday.

Mr. and Mrs. Weston entertained the young folks last Friday night with a social and musical in honor of Lloyd Morelan who is home from Camp Bowie, for a few days.

Mr. and Mrs. Edwin Bailey visited the home of J. D. McAdams Sunday.

The singing at Mr. Sam May, Sunday night, was enjoyed by quite a large crowd.

Mr. J. A. Pool and W. W. Morelan and family visited the latter's brother J. M. Morelan of Alanreed last Saturday, returning Sunday.

The little son of Mr. and Mrs. Tolbert who has been quite ill, with pneumonia, we are glad to state is improving. Crickett.

### ASHTOLA NEWS.

Helath is very good in this community at the present writing.

W. A. Poovey and Dell Shares made a business trip to Clarendon Saturday. Dewey Goodman and Foy O'Neal returned Saturday night from Amarillo where they have been visiting relatives.

J. W. Bates made a trip to Clarendon Saturday.

The journal on one of the box cars breaking on No. 20 Thursday delayed No. 7 about four hours.

J. A. Johnson made a business trip to Clarendon Saturday.

Mr. Jno. Hudson will move to New Mexico in the very near future.

J. C. Harris made a trip to Clarendon Saturday.

### FROM WINDY VALLEY.

A large crowd was at Sunday School Sunday morning.

W. B. Ayer and wife, visited W. E. Bray and wife near Clarendon, Sunday.

Miss Jack Bills spent Monday night with Miss Nora Ayer.

S. S. Dubbs and family of McLean are visiting with Mr. and Mrs. Walter Dubbs. Mrs. S. S. Dubbs is a sister of Mrs. Walter Dubbs.

The razor guaranteed to be satisfactory as long as you live. Sold at Stocking's Store.

Mrs. Lieut. Geo. Wright, of Fort Sill, Okla., and Sergt. Allen Beville, of Camp Bowie, have returned here to be with their mother, Mrs. A. M. Beville, who is very ill.

One of the best new Victrolas taken in part payment for an Aolean-Vocallion will be sold at a big discount at Stocking's Store. See us before buying a Victrola.

Miss Lelia Clifford is in Amarillo, this week being unable to return home on account of the quarantine that has been placed over certain sections of that city.

No matter what your desire may be, you are sure to find just the model you require in the splendid array of new hats at The Vogue.

W. F. Black, one of our prominent farmers, is on a visit to Ft. Worth, Dallas, and points in East Texas and Galveston. He is expecting a pleasant visit and may drop his friends a line during his stay.

New coats suits and dresses arriving almost daily at the store that sells style and quality combined. Baldwin Bros.

Mr. and Mrs. J. C. Johnston of Lelia Lake were pleasant callers at The News office Saturday of last week. While here they ordered 52 doses of The News for the coming year.

Mrs. L. A. Edwards received a letter from her son, W. S. Edwards who is now with the U. S. S. Bushnel somewhere in European waters. This is the first letter received from her son since November and Mrs. Edwards is happy to learn of his good health and contented lot. He sends words of greetings to his Clarendon friends.

New York Silks on sale at greatly reduced prices one day only, Saturday, March 2nd. You can't afford to miss it. Bladwin Bros.

Mr. and Mrs. Billie Moore entertained with a dance last Friday night, at the Woodburn Camp, honoring Messrs. Wyatt Heisler, Will Richardson and Montie Garrison, who will leave in near future for some training camp.

There were about fifty guests present, and the occasion was a most delightful one.

### W. M. S. NOTICE

The ladies of the Womens Missionary Society are notified that next Wednesday afternoon will be held the regular monthly business meeting. Let all attend. Reporter.

### A SMOOTH ONE GETS GAS.

George Kelly, owner of the Colorado-Gulf Garage, says there is now a new scheme to beat the garage men. A few days ago a neatly dressed man in a Hudson Super-Six stopped at his garage and bought several gallons of gasoline. After buying the gasoline the stranger stated that he wanted a tube patched and handed George a tube that was worth about twenty-five cents. George went into the garage to repair the tube and the stranger left with George's gasoline. George says he traded \$2.80 for a quarter's worth of junk rubber.—Childress Index

### LAND IN PALMER COUNTY.

Have two and one-half sections with three sections lease will sell part or all of this land and take in some trade at the right price and give ten years on balance 6 per cent interest. Address W. S. McCoy, Owner, Farwell, Texas. 9pd.

## STETSON HATS \$5.00 to \$12.50

THE men who buy their hats in our store season after season do so just for one reason—They know when they come to this store for a hat they always take out with them the satisfied feeling that they've got exactly what they want—both in style and quality.

The New Spring Styles are in. A full assortment of the smartest blocks and colorings. You ought to call and inspect them.

\$5.00 to \$12.50

Somewhere in this stock is a new pair of Shoes, a Suit of Clothes, a shirt, a Pair of Gloves, or even a Pair of Overalls that you would like to wear right now.

Why not See Them?

# Hayter Brothers

The Home of Good Clothes for Men and Boys—Nothing Else

## Send Your Soldier Boy a Treasure Locket

With place for photograph and identification Tag. Wear a Service Pin if any of your near ones are in service. Make your next gift a Yarn Holder—they are not expensive.

**Jewelry Silverware Watches**

No advance on last year's prices.

## McDonald Drug Company

### LOCAL AND PERSONAL

Have your eyes tested and get your glasses from us where satisfaction is always guaranteed. Goldston, the Jeweler

L. L. Cantelou, who has been quite ill for the past few weeks has left on a tour in search for better health. We hope to have Mr. Cantelou back with us soon, a well man.

The Vogue has a beautiful showing of New Spring Hats. You will find smart models to bring out the best points of every type of face.

Mr. Logsdon, of Childress, who has been here for some time, has moved his family here with the intention of making this their home. We are glad to welcome Mr. Logsdon and family to our city.

Walter Clifford, has sold out his interests in the Ferebee Grocery Co., and is getting his affairs in shape to enter the army. Mr. Clifford has been an employee of the Ferebee Grocery Co., for several years and had recently bought an interest in the business. We hate to see Mr. Clifford go but to quote the "British Tommies" war cry, we say to him "Over the top, Walter, with the best of Luck."

Have you seen the new models in Victrolas come in and have it demonstrated at— Goldston, the Jeweler

Mrs. Robert Lynch and baby returned to Claude Sunday after a visit with her parents, Mr. and Mrs. O. D. Leisburg. Mrs. Lynch was accompanied home by her parents and Miss Beatrice Drew.

When you get a Victrola you have the world's greatest artists come in and hear them at— Goldston, the Jeweler

MILK COWS. 20 head extra fine Jersey milk cows. Will make a dandy proposition to responsible party, to run dairy near Clarendon. My pure-bred Holsteins require my attention. Act quick, if a dairy proposition you want. CLARK'S STOCK FARMS. 9c. Frank M. Clark, Hedley, Texas.

We buy second-hand clothes, shoes, hats, furniture, stoves etc. Also repair your broken furniture. Do your upholstery and mattress work, at reasonable prices. Give us a trial. Phone 400. Williams & Hammer. One block west of First National Bank.

Land Buyer, have you found what you wanted yet? How is this, 648 acres 5 miles of Claude, dark level prairie soil, 1/2 mile of school, on public lane, high class neighbors, 250 acres in farm, 210 in wheat, common 6 room house, extra good well and mill, abundance of sheds, corrals, and granaries, 20 acres under new hog-fence, 40 to 60 acres shallow grass lake, the best all-round stock-farm money making proposition I know of, and ideally located. Price including wheat, and immediate possession, no strings, \$30, with terms, must act quick, I sell nothing but bargains, write or see W. L. Parton, First National Bank Building, Claude, Texas.

**\$100 Reward, \$100** The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative power of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, etc.

## HALF HOUR'S JOB LIKE DAY'S WORK

Chemical Company Foreman Says He Has Taken A New Lease On Life.

"Tanlac has simply given me a new lease on life," said O. A. Cook, who lives at Harrisburg, Texas, and is foreman for the Fidelity Chemical Co. while in Kiesling's Drug Store, Houston, recently.

"Before I commenced taking it," he continued, "I was so run-down and miserable a half hour job would tire me as much as a whole day's work does now. My legs were weak and pained me, often suffered with headache and indigestion and my nerves were so unstrung that I was irritable and out of sorts all the time. I would get up in the mornings feeling as tired and worn-out as if I hadn't gone to bed and my work was an actual punishment to me.

"I had reached the point where it was necessary for me to do something for myself and I bought Tanlac because I know how it helped my mother over in Georgia. I now sleep sound, eat hearty and can do a hard day's work without feeling it. My legs and back didn't hurt me like they did and everything I have to do is a pleasure instead of a burden as it was before. I recommend Tanlac to everybody with those miserable, tired, nervous feelings like I had, for it certainly has straightened me out in fine shape."

Tanlac is sold in Clarendon by Dr. J. D. Stocking, in Hedley by J. F. Tomlinson Drug Co., and in Jericho by O. C. Brown.

Recently a high school girl, who made the fatal misstep, in one of the larger cities, but who was rescued by Christian people and made good, gave the following reasons why girls fail and fall: "Not studying and trying to make themselves worth while." "Wearing their best clothes to school, too many boys after school; too much paint; disobedience to parents and teachers; cheating in lessons and examinations; this weakens character;" "Too much dancing;" "Too many vulgar jokes;" "Finding church dull;" "Too much joy-riding;" "Letting boys who call stay too late at night." Here is a hint to parents that should cause them to tighten up their girths and cause them to look after their daughters a little closer. —Exchange.

## Born Woolens

Woolens worthy of the Born Label are worthy of your confidence—for we can't afford to risk our reputation on any fabric of uncertain tailoring and wearing qualities.

You may choose your pattern now from a line unlimited in variety of weave and color.

And you'll find our price very reasonable.

# BUY IT IN CLARENDON

**SERVICE** alone constitutes a sufficient reason for you to become an enthusiastic member of the "Buy at Home Movement."

For example: You go to buy a suit of clothes, or a dress, Your local merchant can better serve you than some firm hundreds of miles away, because in the first place you are assisted by a competent salesman who endeavors to know your needs and desires. He is capable of advising you as to the newest styles and also the qualities of all goods. You try the garment on, see how it appears from the mirror. Very likely you will not decide upon buying the first garment under consideration, but after considering the respective merits of the many styles that will be displayed before you and with the assistance of the sales-person, the chances are greatly in your favor of making a selection that will prove satisfactory in every particular.

After you have finally decided upon making a purchase your package is wrapped and then you pay your bill---not before.

The future of our nation depends largely upon the development of the smaller cities and rural towns. You are most surely rendering a patriotic service in observing the new golden rule. "BUY IT IN CLARENDON."

Let us all pull together in making this a greater Clarendon.

#### CHURCH OF CHRIST.

Bible lessons at 10:00 o'clock.  
Sunday morning, preaching at 11:00 and 7:30 in the evening.  
A cordial invitation is given to all to attend these services.  
W. W. Brewer, Minister.

Silk Sale, next Saturday, March 2nd. Read our display ad on page 4. Baldwin Bros.

#### THE HEN THAT LAYS

is the hen that pays. If she does not lay, kill her, but before you kill her give her B. A. Thomas' Poultry Remedy twice a day for a week, and then you will not kill her for she will be paying you a profit. It not only makes hens lay but it is a remedy for Cholera, Roup, and Gapes. We guarantee it to cure or we refund your money. For Sale By—McDonald Drug Company.

Wilbur Kendall, the young son of Mr. and Mrs. Roy Kendall returned from Kansas City the latter part of last week, where he has just recently recovered from a very severe attack of pneumonia. We are glad to report his recovery and home coming.

"Ask your favors where you spend your money." That's a good motto. We know a printing office where such a motto is very prominently displayed. Some few people have nerve enough to ask a newspaper to do all their boosting and publishing of all of their free notices, then when the time comes to spend a little money they will either demand a competitive bid or give the work to the other fellow without mentioning the matter to the "free horse" they have been riding.—Fannin County Favorite.

#### PER CAPITA EXPENDITURES.

Only three state universities have a lower expenditure per inhabitant than has Texas, according to figures that have been given out. These states are New Mexico, Mississippi, and Oklahoma, with expenditures of 16, 12, and 11 cents respectively per inhabitant. The expenditures of three of the states, Iowa, Kansas, and Michigan, per inhabitant is more than double that of Texas. These figures which are the latest available, covered the school session of 1915-1916, and showed the cost of running the state university in Michigan per inhabitant to be 78 cents; Iowa, 42 cents; Kansas, 38 cents; Colorado, 32 cents; North Dakota, 30 cents; South Dakota, 29 cents; Virginia, 26 cents; Indiana, 22 cents; Texas 17 cents; New Mexico, 16 cents; Mississippi, 12 cents; and Oklahoma, 11 cents.

#### IMPROVING THE TIME.

Longfellow did not write "Evangeline" while he was playing about a pool table. Shakespeare did not write "Hamlet" while he was drinking ale, in some taproom. Napoleon did not plan his great campaigns over some green-clothed table. Thomas Jefferson did not frame the Declaration of Independence while he was dancing the Virginia reel. Thomas Edison did not conceive his great inventions as he sat upon some river bank and held the fishing rod. These men worked and they worked hard. So must we work if we would accomplish the things that are worthy of accomplishment. — Beaumont Enterprise.

Mighty fine, but you spoiled it all by casting a slur on fishing. Thomas Edison has made a great name and been a blessing to the world, but if he never "sat upon some river bank and held the fishing rod" he has missed some of the goldarndest finest pastime and richest pleasure that ever fell to man's lot. Outside of that the wizard is all right and we'll accept your dissertations upon idleness and waste of time.—Corsicana Sun.

**WILL TRADE**—Good five-passenger car with all modern conveniences in fine running order for New Ford in good shape and a little money. Owner has a long trip to make over rough country and don't want to hammer heavy car over such roads. Phone No. 66.

Try the O-U-Dust Furniture Polish for sale by Clarendon Drug Company.

#### "AND IT CAME TO PASS."

**Editor Writes Up His Own Wedding. Seizes Chance to Tell The Truth.**

As most people expected, and as we knew it would. There has been a change in the postmaster at Roaring Springs—not in the person, but in the name, and patrons will still receive their mail at the same old hole.

During our somewhat varied career as a rural route editor we have written many obituaries and wedding accounts, and countless are the lies therein recorded, for which we will some day have to make answer, but this is one occasion when we are going to tell the truth with Heaven and our conscience looking on.

Mrs. Pearl Lyle Crites and the editor of the emblem of the truth were completely married at the home of the bride, on Shinbone alley, in this city, at early candle lighting, Sunday February 3rd, this year, (we will never forget the date, and hope she does not).

The ceremony was performed by Rev. I. A. Smith, who took our last dollar and four bits of candidate's announcement fee to apply to his automobile license.

The outdoor concern and main show were attended by a number of sympathizing friends of the bride.

The double ring ceremony was used. One she wears on the third flange of the third finger, of her left hand, while the other encircles our swan-like throat.

The bride wore a creation of indescribable design and unpronounceable color, and a bouquet of beautiful flowers from the Lubbock cemetery. We wore the same suit that accompanied us on the trip to the Ozark Trail meeting at Lawson, and a cream colored tie with complexion to match.

The bride is a native of Texas, having been born in Hood county when it was a part of Johnson. Her age is uncertain, but she has a brother just older than herself who was born in 1877, and one younger in 1881.

The place of our nativity is of no consequence, as we never expect to go back there voluntarily. The record of birth was destroyed in the Chicago fire, but we were old enough to go to the Centennial Exposition. However, our folks were living in Missouri at the time and didn't learn of it until the big show was all over. Speaking of Missouri, we existed in that state for twelve years but do not count that on our age and don't think the time-keeper on high has it charged up against us—that's what makes

us look so young.

We have both been married before, and are old enough to have known better, or at least what we were doing.

In explanation of the lady's apparent rashness in marrying us with understanding that the relationship is to exist only until the country settles up and she can do better.

A number of beautiful presents were received, but not being familiar with some, or how to spell the names of others, we are afraid to publish the list.

We moved our shawl strap and shaving outfit up to the house and are trying to make ourselves at home. If any of the details have been omitted

in this narrative it has been due to excitement and inadvertently.

Other papers appreciating the situation are at liberty to reproduce this article without giving us credit either for it or getting married.—Roaring Springs (Texas) Report.

#### NO TRESPASSING.

The public is hereby notified to keep out of the Wylie Morris ranch, as hunters, trappers and picnickers will be prosecuted.

**PAINT DEVOE PAINT**

Hon. W. J. Bryan

Will lecture in Clarendon March 9th at the Methodist church

# First <sup>Week</sup> in March will be National Implement Repair Week

## So Designated by the Government.

Farmers are requested to look their implements over and make up a list of the repairs which they know they will need and take same to their dealer that he may have plenty of time to order the parts which he does not have in stock.

Manufacturers are behind with orders and are experiencing great difficulty in procuring raw material naturally their repair stocks will be in a badly broken condition when the rush comes.

The Farmer who waits until the day he needs repairs to order will in all probability lose several days time waiting for the parts and perhaps not get them at all in time for planting. We have a supply of repair catalogues covering all makes of implements and will be only too glad to assist any farmer in locating parts for which they have no numbers. Command us.

## Watson & Antrobus

Clarendon, Texas

### LOCAL RED CROSS NEWS.

A box of Surgical Dressings and another of Hospital Garments were shipped on the 25th inst.

The amount of \$22.95 was taken in at the Booth on Saturday the 23rd, inst. This includes three annual memberships.

The grateful appreciation of the Chapter is hereby tendered to Prof. R. Deane Shure, for the splendid concert given on the 25th, for the benefit of the Red Cross. The amount netted the Chapter from the proceeds was \$25.00. The College Junior Auxiliary

\$30.00. The Public School Auxiliary \$12.00. Total amount taken in \$128.

The course of lectures given, at Amarillo, by Miss Pauline Witherspoon, Field Secretary, of the Southwestern Division, A. R. C., proved most helpful and inspiring. It is hoped that Miss Witherspoon will be in Clarendon shortly for the benefit and instruction of the local organization.

A complete report of the Junior Membership Campaign is not yet in, only a few places in the County so far having reported. The Clarendon

College reports 100 per cent membership and a number of the grades of the Public School report the same. Several school districts have expressed their intention of organizing as Junior Auxiliaries, and as soon as the Chapter School Committee can do so, it is hoped all the school districts will be visited and organized. The Juniors at Hedley are reported as very enthusiastic. An application to organize has been received from Bray and it is hoped that they may begin work very soon. Lelia Lake also has expressed a desire to organize Friday of this week.

An allotment of Refugee garments has been made for the Juniors of the County. The matter will be taken up with the Juniors by the Chapter School Committee as soon as possible.

A shipment of a box of Junior work will be made this week. The Grammar School has prepared this box consisting of the following articles: two infant layettes, fifteen comfort pillows, four quilts, fifteen property bags, twelve handkerchiefs, twelve wash rags and a number of gun-wipes. A call meeting of the Executive

Committee was held last Monday at Mr. Connally's office with an attendance of ten members. Matters of importance were discussed.

Word has just been received from Washington Headquarters that Chapters may retain 25 cents of each additional dollar paid by annual members for the purpose of raising their membership to the magazine class. There is urgent need for more workers. The following is an extract from an address of our Southwestern Division, Mr. Geo. W. Simmons:

We wonder how long it will be before our American women will come to a realization of our part in this war and be ready to make whatever sacrifices may be necessary, as have the women of France, England and Belgium. Our women are just as fine as those of any nation in the world, and when we as a nation do realize our share in this conflict, they may be counted on to do their full part. It won't take them long to realize, that until the war is over, they will give up their bridge parties and their receptions and instead of working one day a week on surgical dressings or

the making of hospital garments, they will work three days a week or six days a week, or on night shifts if necessary; and they will realize that this is no time for petty quarrels and squabbles. We cannot quibble while men are dying.

We must follow our leaders, confident in the belief that because we have selected them as our leaders, they know what they are about and that we will obey them the same as our sons in the trenches obey the commands of their officers. We will realize that we can't all be generals in this war; that we need some lieutenants and many privates. It is just as much the duty of the women of the country to serve in the ranks of the Red Cross as it is for their sons or their brothers to serve in the ranks of our military forces. We will soon realize that regardless of the fact that we may be the President of our Woman's Club, or the head of our church guild, that there is no reason why we should scatter our efforts at relief work and thus greatly reduce our efficiency; but rather that we will all come in under this national banner of the American Red Cross, which knows no creed, race or religion, and which is broad enough to embrace the objects of every organization in the country.

### SHURE RECITAL A NOTABLE SUCCESS.

The recital of Mr. R. Deane Shure's compositions, given for the benefit of The American Red Cross at the college on Monday night, proved a signal success in every detail and the composer is indeed to be congratulated upon his attainments.

Mr. Shure is already well known as a musician of rare talent and versatility, and his compositions, several of which were written for the occasion, delighted the audience anew. Each number on the program was a tone picture of vivid or delicate charm and color and it would be difficult indeed to say just which was the most artistic.

An inspiring bit of patriotism was found in the song "A Junior Red Cross Lad," which was splendidly sung by Master Ralph George Shure and enthusiastically encored by the audience. Clarendon is fortunate indeed to have as a citizen, not only so gifted a musician as Mr. Shure but one who is always ready to give of his best in time, strength and talent for the noble work of the American Red Cross.

We wish it were possible to mention the name of every individual performer but can do no better than repeat the words of Mr. Shure when he said to some friends at the conclusion of the program that, "never have I had the pleasure to hear my works performed in so artistic a manner from the very opening number to the close, for each one most thoroughly understood what I was trying to portray and therefore was able to give the message to the audience, whether it was thru the medium of the Piano or voice."

### COLLEGE SCHOOL OF MUSIC NOTES.

The orchestra under the direction of Miss Loeffler will go to Lelia Lake on Saturday and give them the same program that will be given at the College on Monday March the 11th. Everyone who knows anything about the work of the college knows that Miss Loeffler understands how to get results from the orchestra and since their funds are "on easy street" this year, the regular annual orchestral concert will be given to the public without charge. It is hoped that the house will be crowded for a very fine program has been arranged and the evening will be one of delight to those who are fortunate enough to attend.

### LADIES AID SOCIETY.

The Ladies Aid and Missionary Society of the Presbyterian church met with Mmes. J. R. Letts and Frank McCrary, Wednesday afternoon, Feb. the 27th.

There was a good attendance and the lesson on "Home and Foreign Missions" was very instructive and interesting.

Mrs. Elizabeth Darrow, of Letts, Iowa, was a welcome visitor, and related an interesting incident in connection with the lesson.

The ladies accomplished quite a bit of knitting during the afternoon. Light refreshments were served during the social hour.

To the smart dresser, you can't afford to take long chases. Purchase a Bischof and you are assured of being correctly dressed. Baldwin Bros.
