LELIA LAKE LOCALS

Mr. and Mrs. Roy Guffey and children motored to Clarendon Tuesday afternoon.

Mr. and Mrs. W. M. Cothran and Mr. and Mrs. Buster Conner attended the picture show at Clarendon Monday night.

Hedley presented the "Lone Star" here Monday night with a fairly good attendance. And everyone enjoyed it very much.

Miss Lucile Ellis and Mrs. Homer Ellis spent a few days in Amarillo last week with friends.

Mr. and Mrs. A. V. Clark made a flying trip to Alanreed Monday.

Mr. C. H. Ellis, Misses Gladys and Vera Taylor and Lucile Ellis made a trip to Hall County Tuesday.

We hear Mr. Carl Boston and Oscar Roberts have been drafted to the army and will leave the 26th of this month. We are very sorry to lose these young men in our midst, but Uncle Sam has a better place for them.

Mr. and Mrs. Guy Taylor and Mrs. Lige Mace attended the W. O. W. reception in Amarillo Tuesday night.

The Methodist Church will reserve next Sunday morning as Childress Day and will have a nice program. Everyone come and bring the little folks.

Eldridge Ellis left Monday for Amarillo.

Mr. and Mrs. Durwood Thompson and Mr. and Mrs. H. M. Stebbins were Clarendon visitors Friday night.

DONLEY COUNTY MAN WINS HIS COMMISSION

Camp Lee, Va., June 5, 1918. Editor Clarendon News, Clarendon, Texas:

Please find enclosed money order for six months subscription to The News.

I was transferred to this camp from Camp Bowie, arriving here May 30th. This is a replacement camp, and the graduates of the Third Officer's Training School from various camps throughout the United States were sent to this camp and all were commissioned as second Lieutenants in the National Army. There are something like three thousand of my boys commissioned June 1st. Other Clarendon boys stationed here include Haskell Belew and Harry Davis.

This camp is located 22 miles from Richmond, Va., and 92 miles from Norfolk, there are many historical buildings and monuments near here. Petersburg is the nearest town, about 5 miles from camp, the court house erected in 1835 is still being used. The weather here is extremely warm, temperature reaching 119 the other day, but this was exceedingly hot.

There are quite a number of negro troops here, but are located in another part of the camp.

I will likely be sent to another camp, as we will be distributed to other camps but send the News to address given below, for the present.

Yours truly,

Jas. W. Adams
Infantry Replacement Camp 6th, Casual Detachment, Camp Lee, Va.

DOUBLE FUNERAL TUESDAY

Following the tragic ending of the lives of Mr. and Mrs. D. H. Zachry of Dalhart, the bodies of the dead were shipped here Monday night and on Tuesday morning at 10 o'clock funeral services were held at the residence of R. H. Muir, who was a brother of Mrs. Zachry.

Loving friends had prepared the home for the funeral and a very large concourse of people were present to attend the cortege to the Citizens Cemetery where Dr. Burkhead concluded the last rites and interment was made. Mr. and Mrs. Zachry were former citizens of Clarendon and had a host of friends here who greatly deplore their deaths. Among those who were here to attend the funeral were Dr. Jas. Zachry of Jefferson, brother of the dead man, John Mongale and wife of Whitedeer, the latter a sister of Mrs. Zachry and Mrs. A. A. Beaty of Floydada. The floral offerings were extensive and most impressive.

G. M. Richards, D. C. Stallings and M. E. Bell are doing Federal jury service at Amarillo.

McSPADEN-BENNETT

Wednesday afternoon at four o'clock at the home of P. C. Bennett, Mr. R. L. McSpadden and Miss Nenia May Bennett were joined in marriage by Dr. S. E. Burkhead. Mr. McSpadden is a prominent business man of Amarillo, being proprietor of the Central Grocery Co., and the Cash and Carry Store at that place. Miss Bennett is an accomplished young lady, sister of County Agent P. C. Bennett of this city. Those in attendance besides the immediate family of the bride were the Misses McSpadden of Amarillo, Miss Eva Holson of Arizona and John R. Edmonds of College Station. The News joins with the many friends of the contracting parties in wishing them all the happiness that can come to mortals in the walks of life.

MRS. J. R. LETTS ENTERTAINS

The Ladies' Aid and Missionary Society of the Presbyterian church met with Messrs. J. R. Letts and Frank McCrary, Wednesday afternoon, June 12.

Mrs. Chas. McMurry's resignation as president of the society was accepted with regret, and Mrs. R. E. Williams elected in her place. Other business matters were disposed of, after which the Bible Lesson was conducted by Mrs. C. Y. McDonald.

The meeting adjourned to meet in two weeks at the home of Mrs. Joe Horn.

—Pledge the President—

Mrs. Agnes Hayes who has been deputy clerk for several months has gone to Fort Worth to be with her husband until he is ordered to leave.

PANHANDLE PRESS ASSOCIATION MEETS IN VERNON IN 1919

The News man went up to Amarillo Friday evening on the delayed train and attended the Saturday sessions of the Panhandle Press Association held in that city. In spite of the wash-outs and delayed trains a good attendance was on hand and the meeting held at the Christian Church were full of interest. President Ben Smith has had a very successful administration and leaves the affairs of the organization in good shape to his successor, Lee Satterwhite, editor of the Panhandle Herald. In the afternoon after a spirited fight, Vernon won the 1919 meeting over Amarillo and Plainview. Lee Satterwhite of Panhandle was elected president, and Sam M. Braswell of the Clarendon News was elected Secretary-Treasurer. The Association voted to invest \$100 of its treasury funds in War Savings Stamps. This writer was forced to make a run for his train at the hour when the visiting press men were going for an auto ride over the city and to the Nisseley Creamery Co., where a banquet of creamery products was served.

W. P. Blake of Clarendon was also an attendant upon the meeting, returning here Sunday.

DONLEY COUNTY CANDIDATES MEET AT CLARENDON

On Saturday afternoon, June 8th, 1918, the following candidates met at the court house to-wit:

J. H. O'Neall, W. T. Link, E. Dubbs, W. H. Martin, Mrs. Willie Goldston, B. F. Naylor, Harry Bromley, L. F. Stewart, J. A. Johns, J. H. Rutherford, W. E. Bray, J. J. Alexander, W. C. Veazey and Ben Andis.

The meeting was called for the purpose of discussing a method of making the campaign. It being thought that because of the war and the need of every man being engaged in an occupation that would conduce to the winning of the war and of the necessity of conserving the time of the farmers as well as of the candidates themselves, it would be best that no house to house canvass be made by the candidates during this campaign, and in furtherance of such purpose the following resolution was made:

"Resolved that no candidate in Donley county will make a house to house canvass, but all electioneering be done only at towns, post offices and public gatherings."

The following named candidates voted for said resolution:

J. H. Rutherford, J. A. Johns, B. F. Naylor, W. H. Martin, W. T. Link, E. Dubbs, J. H. O'Neall, Ben Andis, Mrs. Willie Goldston, J. J. Alexander and L. F. Stewart.

—Pledge the President—
ORDER OF LIABILITY OF REGISTRANTS IN CLASS 1

1. The following communication has just been received from the Provost Marshal General:

"A number of inquiries have reached this office which indicate that many registrants still believe that Class One A must be exhausted before Class One B or any other subdivisions of Class One may be utilized. For the information of registrants, wide publicity should be given to the fact that the subdivisions of Class One in no wise affect the order of liability of registrants, but that such subdivisions are employed only as a guide in the classification of registrants and that the order of military liability in Class One is determined solely by the registrants' order number."

2. It is requested that you call upon each newspaper published in your community to kindly publish a full explanation of this point in their next issue for the information of registrants and the general public.

3. In order to make the matter entirely clear, the following is given as a concrete illustration: Among your registrants are two men in Class One, John Doe and Richard Doe. John Doe is in Class One, Division A, order number 220; Richard Doe is in Class One, Division E, order number 199. According to the order of their liability Richard Doe would be called for service before John Doe, because they are both in Class One, and Richard Doe's order number would be reached before the order number of John Doe. In other words, class and order number are alone controlling in determining the order of liability for military service. The different divisions in class one are of no significance whatever in determining such order of liability.

WHAT JAMES E. FERGUSON WAS CONVICTED OF

There exists a deal of misapprehension as to the official acts of which Mr. Ferguson was convicted by the State Senate, and the overwhelming vote cast against him in that body. Of those who voted to impeach Mr. Ferguson, eight of them had made speeches in his favor during his two campaigns. Of the four who stuck to him, despite his proven guilt, two long ago declared for Hobby for Governor in the pending campaign.

It required a vote of two-thirds to convict on any count; and following is the vote for and against impeachment on various charges. Majorities were given against him on three other counts.

That the Governor misappropriated \$5,600 of Canyon City Normal funds to pay his personal debt--27 for impeachment, 4 against.

That the Governor profited by the deposits of the Canyon City fund which belonged to the State--26 for impeachment, 5 against.

That the Governor derived a profit from State funds deposited in the Temple State Bank, contrary to law--24 to 7.

That the Governor assisted in deposit of \$250,000 State funds in the Temple State Bank instead of in the State Treasury, as the law required--26 to 5.

That the refusal of the Governor to tell who loaned him \$156,500 in currency constituted official misconduct--27 to 4.

That the Governor in 1916, diverted the Adjutant General's funds to pay for the Canyon Normal, to take the place of the \$5,600 which had been used to pay his personal note and interest--27 to 4.

That the Governor induced the Temple State Bank to loan him more money than the law permits, although he was sworn to enforce the law--26 to 5.

That the Governor sought to coerce the Board of Regents of the State University into following his autocratic will--22 to 9.

That the Governor violated the law by seeking to remove Regents without cause--22 to 8.

That the Governor remitted a \$5,000 bail bond of Wilbur P. Allen, Chairman of the University of Texas Board of Regents to influence his action--21 to 10.

YEARS OF TROUBLE ENDED AND GAINED FIFTEEN POUNDS

"MY FRIENDS SAY I'M LOOKING YEARS YOUNGER" SHE SAYS TANLAC BRINGS RELIEF.

"When I began taking Tanlac I had been down in bed for three months and just think of it I'm feeling as strong and healthy as I ever felt in my life," said Mrs. Mollie J. Lord, who resides at East Denver High School, Denver, Colorado, in an interview recently. Mrs. Lord has lived in Denver for the past twenty-five years, her husband has been in charge of the East Denver High School building for twenty-two years and they are highly respected by all who know them.

"Years ago," continued Mrs. Lord, "I had an attack of bronchitis from which I contracted catarrh of the head and stomach. The trouble got a firm grip on me because for a long time I tried to make myself believe I didn't have catarrh, but at last I realized I was in a bad fix. My nose and throat were feverish and the mucus collecting in my throat would nauseate and almost choke me. My stomach got in such a bad condition I couldn't even eat potatoes or toast. In fact, everything would sour almost as soon as I had eaten it and the gas caused such a burning and fluttering around my heart that I was afraid I had heart trouble. Sleep seemed impossible for me. I would toss and roll in bed and have to jump up every little while so I could get my breath. My kidneys worried me constantly and my back hurt me so bad at times it felt like it would break in two.

I doctored and took everything I heard of but kept getting worse until I just had to give up and go to bed. I never got any better until I began taking Tanlac and it certainly has been a God-send to me. I can tell from the way my clothes fit that I have gained all of fifteen pounds and I have not only gotten entire relief from the catarrh in both my head and stomach, but my kidneys are also in perfect condition and I don't have any more pain in my back. I go to sleep as soon as I get in bed and sleep soundly all night long. My stomach never troubles me now and, oh, it's such a pleasure to be able to eat what I want without suffering afterwards. And since the gas has stopped forming all the burning sensation and

NEED OF THE HOUR

This is the time when every man and woman in Texas and throughout the Southwest should put their shoulder to the wheels of industrial, commercial, agricultural and civic activity and help quicken productive ability. A time to help in the location and establishment of manufacturing institutions in this glorious trans-Mississippi empire and cease paying tribute to remote centers.

When with your injudicious propaganda you undermine the optimism and the will-power of the units of

the American nation you are playing into hands of the German Kaiser. The object of the whole of the Kaiser's propaganda is "inactivity."

To win—work. To be more—do more. The five efficiency-components of the successful man require him to be popular socially, strong financially, alert intellectually, robust physically and sound morally. Only he who boasts and builds possesses these attributes. They are never found in the pessimist or knocker.

Miss Irene Norwood is home from Shamrock for the summer.

WHAT THRIFT MEANS

Thrift does not mean stagnated business. Thrift does not mean sitting with folded hands. Thrift means being busy and keeping busy, making every effort count. Every new enterprise, commercial, industrial and agricultural makes for national prosperity.

Let us consecrate ourselves to the task making the will of America supreme. The will to win and the will to work. Proceeding to make American business safe for peace.

palpitation of the heart is gone. My friends say I'm looking years younger and I can certainly endorse Tanlac in the highest terms, and expect to always have it on hand in case I should need it."

Tanlac is sold in Clarendon by Stocking's Store; in Hedley by J. F. Tomlinson Drug Co., and in Jericho by O. C. Brown.

TOO MUCH HYSTERIA

Concerning thrift there has been entirely too much hysterical agitation and unbalanced enthusiasm, which has served to create a counter-current of resentment that is not in the public interest.

No right minded man will challenge the basic need for national thrift, but such thrift does not mean parsimony, nor does it mean the unsettling or destruction of legitimate business. The apprehensions which have been created by some of the extreme thrift propaganda are unfortunate and not based upon sound economic or patriotic grounds.

THRIFT—IS BEING BUSY AND KEEPING BUSY

Abnormal conditions created by war can only be met with abnormal means. The sooner we face the facts frankly the greater will be our ability to prosecute the present great world conflict to a successful conclusion.

To meet the financial strain which this war has placed upon us, there are three available means at hand: First, thrift; second, increased production; third, credit expansion.

A better understanding of what these measures of relief imply certainly must develop clarity of thought regarding the whole situation and in dissipating the prejudicial attitude found in certain communities toward the organization of new industrial enterprises seeking to stimulate manufacturing activities in this section.

Mrs. Eula Cox is visiting in Hedley this week.

Price Concessions That Are Sure to Reduce Our Stock

Manufacturers of women's outer garments the country over have advised the retail merchant to hold up prices this season, even if it necessitated carrying over everything that can be sold in a regular way next season. This is due to two causes. First, styles will be unchanged, fabrics will be practically the same, with fewer novelties; second, prices are going higher on every quotation and merchants cannot own such stocks as this season's or less than 25 per cent more money.

In the Face of a rising market, and a prediction of unchanging styles for next season, we offer you bona fide values

Read the creed of the Antibellic Society. Join it and don't belly-ache.

In the light of the recent disclosures of the German-American Alliance at Washington, it may be possible that the Federal officer will take Ferguson out of the way of the wrath of Texas before it hits him on July 27th.

Two fly traps, operated by H. W. Taylor & Son and the Palace Confectionery, have been making great inroads into the summer offensive of the flies in the postoffice block of our city. Since the great rains there has been an ever increasing number of flies, and our people must take steps to shut them out and exterminate them. These simple fly traps seem to be the most effective and if every business house in Clarendon would use one or more it wouldn't take very long to reduce the menace to a minimum. Get a fly trap.

A lady phoned this office recently and asked that we call attention to the prevalence of junk stealing by the small boys of our town. Parents, do you know where your boy is getting his spending money? If your boy is guilty of this petty offence, he isn't as guilty as you are if you don't use every effort to stop it. Boys who "swipe" old sacks, iron, brass and other junk now will hardly be able to stand the temptation to steal money or other valuables in later years. Nearly every one has seen boys making their rounds looking after junk, and the pity of it is they don't always stay in the alleys, but often go in barns and yards to get what they see. Save the boys now. Later it is too painful and too public.

It was our very good fortune to meet several old friends at the Amarillo meeting of the Panhandle Press Association last Saturday. There was B. O. Brown of the Vernon Record, Senator Johnson of the Hall County Herald, Jess Adams of the Plainview News, Ben Smith of the Lockney Beacon and L. G. Waggoner of the Miami Chief. It makes a fellow forget lots of his worries when he gets mixed up with the crowd of statesmen, scholars and jolly-good-fellows like the above line-up. There is one thing about this Panhandle Press Gang, they can differ with each other on every subject from predestination to woman suffrage and still have a genuine regard for each other that differences cannot efface. Their work is indicative of their breadth and some time their work of years will be given that credit that empire builders alone are accorded.

The pro-German influences of Texas are lining themselves without exception under the black-flag of Fergusonism. Even as the Kaiser made his treaties equal in value to a scrap of paper they now are endeavoring to make the constitution of Texas worth less than that. The German population down at Brenham, recognizing this fact and resolving to remove this stain from the ranks signed by some two hundred strong the following statement:

We, the undersigned citizens of Washington county, Texas, being of German descent, hereby announce our unwavering devotion to the principles of free government for which America stands. We resent as unfounded the claims that are being made that all men of German descent are supporting former Governor James E. Ferguson in the present contest. We stand for the majesty of the law, and Mr. Ferguson having been declared by the highest authority known to the law as disqualified from holding any office of honor, trust or profit under this State, we unhesitatingly declare our opposition to his candidacy.

The News is positive that there are a very few men in Donley County who would consider for a moment casting their ballot for Jim Ferguson in the July primary. The intelligence, regard for law and order is too high in this county and this section of Texas for men in any numbers to cast their ballot for a man who is a confessed violator of the law he swore to uphold, and who by his own testimony has been proven an embezzler of public funds. His misapplication of the \$5,600 is so plain that his closest anti-prohibition friends could do nothing else but recognize the flagrant dishonesty of the man and have turned their backs upon him. His close connection with the German-American Alliance is now becoming public and may explain in some measure why he made a speech in Dallas attacking the selective draft law. This connection might also explain how it was that Ferguson made another one of his mysterious \$30,000 deposits a few days later. Jim's connection was not discovered in Texas even though it was suspected, but in the investigations of the Congressional Committee at Washington evidence was secured which now makes many things plain. Ferguson attempted to turn the Texas University over to the Kaiser, when he had in mind the seating of Dr. L. M. Keasby as president instead of Dr. Vinson, that patriotic man who has filled the office with such credit to himself and to the State. Dr. Keasby is now the editor of the National Weekly, which succeeds "Vierick's" the latter having been suppressed twice by the Federal government and changed its name each time, in its endeavor to propagate the work of the Alliance.

The president of the German-American Alliance, Dr. Hexamar, was an agent of the German empire, a hired tool of the Kaiser. Of Dr. Hexamar the Kaiser, in a speech in 1908, declared: "If a man ever was worthy of a high decoration at my hands, it was Dr. Hexamar, the president of the league, who may justly be termed the ruler of all the Germans in the United States." The above is the history and description of the German-American Alliance as developed in the sworn testimony of the Senatorial record. It shows that the object of the organization was to destroy national spirit in America while it built up German spirit in its stead. To this end, it devoted a great deal of time and money to political campaigns in many states in the union, including Texas.

Joseph Keller, president of the German-American Alliance of Indiana, was called to testify before the Congressional investigating committee. In the course of his testimony, the record of page 287 shows that he swore as follows:

Senator Wolcott: "You were very much interested, were you not, in the election of Gov. Ferguson?"

Mr. Keller: "Of Texas?"

Senator Wolcott: "Yes."

Mr. Keller: "Yes, sir; I remember that. We all were. Counsel wrote me regarding the outlook down there and I informed Mr. Andreae."

Percy Andreae was head and organizer of the National Association of Commerce and Labor, which distributed more than \$650,000 in behalf of the liquor interests.

Mr. Keller testifies that the Alliance was very active in Texas in 1914 and that many agents were sent to this state.

Ferguson men everywhere are proving their honesty and good citizenship by turning from a self-confessed embezzler and all-round crook and declaring themselves for honesty in office, espousing the cause of Hobby or Clark. Men who are close students of state politics and have travelled over the state say there has been a wholesale falling away from Ferguson wherever the facts have been presented to the people and no dirty appeals to prejudice can make even the strongest anti-prohibitionists wear a Ferguson collar. Bell County, which Ferguson has never been able to carry, even if it is his home county, is said to be 3,000 votes for Hobby and Taylor County with disgruntled Abilene as its capital is declared by those who know to be in the Hobby column by a fair majority. Ferguson himself seems to feel his mounting losses for at Fort Worth he said he would win the nomination by 400,000 votes and within a week he declares that he will win by 145,000. Another week and he will be calling hogs on his Bosque County ranch.

Some years ago an American Yachtsman won an international race and the German Kaiser magnanimously gave what was heralded the world over as a gold cup worth \$5,000. Last week this cup was broken up to be sold for the benefit of the Red Cross in New York City and it was found that the cup was really made of pewter, with a thin veneer of gold making it actually worth about \$40. That's just about the ratio of what the Kaiser's gifts are worth—his promises are worth even less.

THE ANTIBELLYACHE SOCIETY

Some patriot with the right sort of vision and a keen sense of the paramount duties of the times has launched the Antibellic Society. It has no duties, no officers and no annual banquet, and its object is to discourage war-time bellyaching. It requires only to subscribe to the following sentiments to be a member automatically:

"I avow the belief:
 "That even I could not run this war and please everybody.

"That war must necessarily interfere with some peaceful occupations and pursuits:

"That all men should help as much as possible, and complain as little as possible—that they should 'can' the bellyache.

"Wherefore:

"I hereby join the Antibellic Society, and thus becoming an A-B (Antibellicer,) I pledge myself to refrain (so far as possible) from and to discourage bellyaching for the term of the war; to get new members whenever possible; to impose on myself a fine, payable to the American Red Cross, for each bellyache of which I may be guilty."

Some society, isn't it? It certainly is. Every sure-enough American ought to be a member of it. You may be a member already, without knowing it. But if there is anything about the vow of the order which doesn't fit you, get right as soon as you can. Cut out bellyaching and start buying thrift stamps today.—Star-Telegram.

According to a traveling man several young ladies got off at Clarendon recently after attracting much attention to themselves on the train by smoking cigarettes and otherwise making themselves conspicuous. We don't know of any Clarendon girls that indulge in such mannish vices and we are hoping that these young ladies live at some other point and came here for a short—O, so short—visit. According to some of our suffrage friends a girl has as much right to smoke and swear as a man, and it is said that many do avail themselves of the "right," but we avow that women have no right to lower the uniform regard in which they are held, not even for the sake of so-called equality. We haven't had woman suffrage long enough for women to smoke and swagger and we refuse to believe that there is a single young lady in our city who would do it in private, much less on a train.

Would You Keep Cool?

Physical comfort has a great deal to do with your efficiency---your ability to do the greatest amount of work, and do it well, in the least time. Your underwear should be so designed as to cause you to be unaware of its presence---the surest indication of perfect fitting. It should be made of soft, cool fabrics that caress the skin. Then you are prepared to wear your outer clothing as it should be worn.

"Sealpax" for men, and "Lady Sealpax" for ladies, are the newest and most practical garments for underwear that are being shown. Both meet every requirement as to fabric and design. Call at our store and let us show them to you. They are very reasonably priced.

Music a Real Necessity in Time of War

NOT only to the man at the camp, on the ship, at the front, come times of loneliness and discouragement. Those who must remain at home, to go about the daily task, heartsick at the spirit of brute force which has wellnigh overcome civilization, and at the overthrowing of ideals in which they trusted, have their share of the world burden. And to them must we bring constantly the refreshment of soul and the inspiration which come from contact with the highest forms of music."

This is what the President of the Symphony Society of New York said in a recent report to the Directors.

Music has justified itself as a factor of real service in this hour of trial. The government recognizes its value by encouraging singing in the camps. It is no longer considered a non-essential luxury.

You need music in your home. The New Edison will give it to you—the world's best music Re-created by the world's leading artists. Other devices imitate but this marvelous instrument Re-creates, so perfectly and completely that no human ear can distinguish the artist's living voice from

FERGUSON STRENGTH IS NOT APPARENT

(Upshur Vincent in Houston Post.)

Mount Pleasant, Texas, June 7—Three days of Governor Hobby's tour of East Texas find him in the heart of the great northwest—the section that has been touted all over South and West Texas as the center of the Ferguson strength. And it may be said here and now—and said truthfully—that if Ferguson is as strong all over the State as he is in this section, he will miss the nomination by fully 200,000 votes.

For Ferguson is running here just as he is running in the other Texas counties where The Post correspondent has interviewed the farmers in the last three weeks. He interviewed more than 100 farmers there and he found 22 of them for Ferguson—and Hobby will carry the county by more than 700 farmer votes. He was told that Hill county was for Ferguson. He went to Hillsboro the day Ferguson spoke there and he found that public sentiment, both of the business men and the farmers is for Hobby. He saw 27 automobiles in the Ferguson parade and about 800 people in the Ferguson audience. Last Saturday Hobby spoke there. There were 119 cars in the Hobby parade—and not a single one of them was hired for the occasion, either. And the business men of the town agreed that the Hobby audience was twice as large as that which greeted Ferguson. That shows the relative standing in Hill county.

Then the correspondent was told that Houston county was overwhelmingly for Ferguson and the correspondent went to Crockett and he interviewed 42 farmers of Houston county, and he found 12 who admitted they would vote for Ferguson for governor and all the rest were for Hobby. And Hobby is going to carry Houston county.

And then the correspondent went to McLennan county and there he found that Ferguson had been losing votes so fast, his friends could not keep up with the losses, and from there the correspondent sent in interviews with some 30 farmers that showed how the sentiment of the farming people of that great section is on this governor's race.

And then the correspondent went to Bell county and he watched the crowd of 2500 people who heard M. M. Crane in Temple, and he heard 1200 farmers there applaud the statement that the people of Texas should have an honest man for governor. And he interviewed the people there and he found that Bell county is going to roll up a Hobby majority of more than 2000 for an honest man for governor.

After that the Post man came on this trip to what they said was the heart of Ferguson's territory—and he must admit that he is glad that he came. Monday Governor Hobby spoke in Greenville and in Commerce—and from every indication there is going to be a Hobby majority in that section that will surprise even those who are working for an honest man for governor. At both places Ferguson has lost the support of the men who carried large votes to him in the previous campaigns.

There is Earl Arnold at Greenville—the man who led the fight for Ferguson in his first campaigns—and he says now that he can go no further with Ferguson. And there is O. C. Mulkey at Commerce—the man who was Ferguson's right hand in 1914 and 1916—and he says no more of Ferguson for him.

And from Commerce the governor came on to Mount Vernon—and Mount Vernon is for Hobby heart and soul. There are 1750 men voters in the county, and the editor of the Optic Herald told your correspondent that Hobby would get as large a majority among the men as had ever been given to any candidate for State office, and the women are going to vote for him well nigh unanimously. So Hobby is going to get that county by a bigger majority of democratic voters than ever was cast for an office seeker. That is the way Franklin county is going to express its choice for an honest man for governor.

And from Mount Vernon the governor and his party came on into Titus the center of Ferguson's strength, so his supporters say—and what sort of a reception did they get here?

At the little city of Winfield 250 farmers and townspeople came out and stood in the sun to welcome the governor, and there had been no notification that he was coming. They stood in the sun and listened to him speak, and when he got done, more than 200 grown men and women went up and shook hands with him and pledged him that they would vote for him in the July primary. The correspondent asked seven farmers what about the report Ferguson would carry the county, and they said it wasn't so. One of them said it was a slander on the name of Titus county. And another said the farmers would show Jim on July 27 that they can't be fooled as easily as he thinks.

And from Winfield the party came on into Mount Pleasant—and this is the center, remember, of Ferguson's strength. He appointed some of Mount Pleasant's people to office, and he was good at picking men who would "stay hitched"—and those appointees are turning every vote they can to him. But with all that the Chautauqua tent was filled with people who gave enthusiastic applause to the governor from the beginning to the end of his speech. They cheered the statement that Texas should have an honest man for governor. They cheered the statement that the zone law should be indorsed at the polls. They cheered the statement that a legislature should be elected that would strengthen and renew the laws against liquor in Texas. They cheered the statement that the university should receive support from the State to the full amount of its needs. They cheered every statement that Hobby made—and then they pledged themselves to vote for him on the democratic election day. More than 1000 Texas voters gave that pledge at the close of the speech—and the correspondent of The Post believes that those Texas men and those Texas women meant every word of that promise and that they will keep it.

Governor Hobby is looking well and he is feeling better. No man who ever ran for governor with opposition of any kind in Texas had more cause to feel pleased with a tour of any part of the State than the present governor has to feel proud of the present receptions he has met since he left Dallas last Monday. And if the rest of the State is as safe for Hobby as Northeast Texas, there is going to be rejoicing in the ranks of Texas democracy when the votes are counted in July.

CITATION BY PUBLICATION

To the Sheriff or any Constable of Donley County Greetings:

You are hereby commanded to summon, by causing a copy of these to be published in some newspaper in Donley County, Texas, as the law provides, all persons interested in the estate of B. T. Naylor, deceased, to be and appear before the Honorable County Court of Donley County, Texas at the July term thereof to be begun and holden at the court house of said county in the town of Clarendon on Monday, the 1st day of July, then and there to contest if they or any of them see fit to do, the applications and declarations of W. A. Brown and F. M. Osborn, in a cause filed in said court in probate being No. 361, wherein they allege and say:

That B. T. Naylor died intestate in Donley County prior to the 26th day of December 1901; that no administration was had upon his estate; that he left surviving him as his only heirs, his widow, S. E. Naylor, now deceased, his sons B. F. Naylor and T. L. Naylor; his daughters, M. A. Davenport, wife of S. C. Davenport, residence unknown, Mrs. Eunice Kendall, wife of Roy Kendall, who resides in Donley County, Texas, and that applicants reside therein; that B. T. Naylor died seized and possessed of the East half of section 26, Blk. C-7 in said county and state, that he owned no other land; that through mesne conveyance applicants own the south half on said East half, and that Mrs. Mary L. Wood, wife of T. J. Wood, an insane person, owns the north half of said east half and praying for a declaration and judicial determination of the facts as are above set forth.

Herein fail not but have you this write before said court on the first day of the next term thereof, with your return hereon written showing how you have executed the same.

Witness my hand at Clarendon, Texas, this 4th day of June 1918.

J. J. ALEXANDER,
Clerk of said Court.

How Much?

Permit us to inquire whether you saved any money on your Grocery purchases last month. If you traded here you certainly did. If you have been buying your Groceries any where else, you have been paying a "tax" to antiquated methods.

Won't you be fair to yourself and compare Quality and Prices at this store with what you have been compelled to pay at other places?

Remember, that you can buy at our lowest prices any day and any time.

YOU may not be able to accumulate a goodly surplus in a month or a year. But if you start and stick to it you will win out. "You must make sure of what you want to do, you must feel sure that you have the courage as well as the temperament to do it and then—DO IT!"

WAR SAVINGS CAMPAIGN, SAYS
PRES. WILSON, BASIS OF
GOVERNMENT'S WAR-TIME
FINANCIAL PROGRAM

THE War Savings Campaign is the foundation on which the Government has based its entire war-time financial program. In the measure that the lesson of saving is learned and practiced by all the people, both President Wilson and Secretary William G. McAdoo have emphatically declared, in just that measure will the Government float the bond issues that may be necessary in the future.

The saving and investing of the War Savings Stamp quota is far from the only thing based on the War Savings Campaign. The future Liberty Loan bond issues and the floating of the Treasury's indebtedness certificates are wholly dependent for success upon the constant practice of economy through the medium of War Savings Stamps.

Texas are called upon to save and invest \$91,000,000 this year in War Savings Stamps and it is vitally necessary that this be done and that everyone practices to the utmost the principles of war-time economy which the Government is teaching with War Savings Stamps. Mr. McAdoo has declared. A single strand in the cables which uphold the great Brooklyn Suspension Bridge is not very strong, but thousands of these strands bound together uphold one of the greatest pieces of engineering in the world. In the War Savings Campaign one person is like the single strand, but all of the people saving and buying War Savings Stamps will make the Government's entire financial program a success, the Secretary of the Treasury has pointed out.

—Pledge the President.—

"NO individual in this great country can now expect ever to be excused or forgiven for ignoring the National obligation to be careful and provident of expenditure, now become a patriotic duty and an emblem of patriotism," says President Wilson in his message to Texas people. "I suppose not many fortunate by-products can come out of the war, but if this country can learn something about saving it will be worth the cost of the war. I mean the literal cost of it in money and resources."

—Pledge the President.—

TO Texas people Hon. Morris Sheppard United States Senator, sends this message: "Texas has a big job cut out for it. Between now and December 31 the people of the biggest State in the Union are called upon to invest \$91,000,000 in War Savings Stamps. Texans will do it, too. Texas people have the habit of doing big things in a big way. "I wish I could be down there and help in the War Savings Campaign. It is the greatest movement ever started. It means victory for America and prosperity for Americans. The War Savings Campaign is fundamental. Not only must the actual money be raised, but economy, the mairing of our whole economic plan, must be learned and practiced. Saving means victory. Let's put Texas way over."

—Pledge the President.—

IF he would protect himself and the markets for his agricultural products, every Texas farmer has a big part to play in the War Savings Campaign. D. E. Lyday of Fort Worth, President of the Farmers' Educational and Co-operative Union, stresses the reasons why Texas farmers should invest to the very limit of their ability in War Savings Stamps: "In 1917 our total exports to Great Britain, France, Belgium and Italy amounted to \$3,457,000,000.00 in round numbers," Mr. Lyday says: "Our exports to these countries constitute more than half of our export trade with the entire world. In these exports is represented the surplus product of our farms and ranches. If we fail to back up the Government with our money these products will not be exported, but will rot or go to waste on our own soil. Labor will be thrown out of employment. Our production has always exceeded our home demand and, if we are denied foreign markets and attempt to sell the whole of our farm products at home, the result will be demoralized prices with returns far below the cost of production and consequent injury to every man, woman and child in Texas and the United States. No one will suffer greater injury than our farmers and cotton growers. "If this condition is not to exist," Mr. Lyday points out, "we must win this war and to win this war it is necessary that the Government have full financial support. For every acre he owns or rents each Texas farmer should have at least \$1 invested in War Savings Stamps. I hope that every farmer in Texas will invest to the hilt in these Government securities. They mean prosperity for him. There has never been such a good, safe and reliable investment as Gov-

ernment Savings Stamps. The Government looks to the War Savings Campaign to underwrite its entire economic program of finance. As large a portion as possible of the returns from Texas farms should be invested in war-winning, submarine-sinking, soldier-saving War Savings Stamps. They mean prosperity and victory."

—Pledge the President.—

UNITED States Senator Charles A. Culberson has emphatically declared: "In the measure that our people learn the lesson of economy that the Government is teaching today by the War Savings Stamp method, thereby releasing materials and labor vitally essential to the winning of the war, in just that measure will our arms prosper abroad and our fortunes better themselves over here. Intelligent frugality has become a National and a personal duty.

"Texans are called upon to put \$91,000,000.00 in War Savings Stamps this year and Texans will do it," Senator Culberson confidently declares.

—Pledge the President.—

W. F. DOUGHTY, State Superintendent of Public Instruction for Texas, sees in the War Savings Campaign the greatest possible opportunity ever presented to Texans.

"The United States is now a big schoolhouse of forty-eight rooms for the teaching and learning of the lesson of economy—the vital factor in defeating the German Kaiser," he says. "Each State is a thrift school-room. Texas is the largest room of them all. Every Texan, big, little, old and young, is a student.

"Unless Texans learn well the lesson of saving, each investing to the extent of his or her ability in War Savings Stamps, we will have failed to do our part. We will have blocked the progress of the Government and endangered a hundred million American lives. We must learn well this lesson of economy, study it diligently and constantly because the learning of it means National victory and personal prosperity."

—Pledge the President.—

TEXAS cattlemen, barons of the Lone Star plains, are urged by James Callan, President of the Cattle Raisers' Association, not only to keep on feeding the "boys over there" bully beef, but to invest all they can in War Savings Stamps so the Samnies can feed the Huns bully bullets.

"Although laboring under the most adverse and trying conditions in the history of Texas range country, you have not lost your courage nor your patriotism," Mr. Callan addresses Texas cattlemen. "An appeal is made to everyone to help to his ability in the purchase of War Savings Stamps.

"Help whip the Kaiser, cattlemen of Texas! Our boys are on the firing line."

—Pledge the President.—

W. A. FRASER, Sovereign Commander of the Woodmen of the World, is intensely interested in the War Savings Campaign. Several days ago, shortly after his return from Omaha, where he and Mr. Fraser were together a good deal, Louis Lipsitz, State Director of the National War Savings Committee, received the following telegram from the Woodman Sovereign Commander:

"A War Savings Society in every Woodman of the World camp, every sovereign a member and the doctrine of personal economy practiced hand in hand with the great principles of woodcraft—that's my ambition.

"Woodman of Texas: Chop down the trees of extravagance with War Savings Stamps; blast out the stumps of unnecessary expenditures with War Savings Stamps. Help make an open road which the Government needs if it is to travel the paths of victory.

"The Woodmen of Texas have a vastly important part to play in putting Texas in the clear. Acquire War Savings Stamps, invest to the hilt. Save your country. Save yourself. The cry must not go up that 'the tree is falling.'"

—Pledge the President.—

THE Government looks to the women of Texas for much support in driving home the teachings of the War Savings Campaign.

"To every Texas woman the Government has assigned the role of Joan of Arc," declares Mrs Percy V. Pennybacker, former President of the National Federation of Women's Clubs. "The French maid saved the land of the Tri-color. Texas women are called upon to save with an economic hand that their funds, invested in War Savings Stamps, may perform their full office.

"Let us one and all save—save and serve for the safety of our Lone Star lands fighting for us in Europe."

SELLING OPTIMISM

The citizen who today is selling optimism to his fellow citizen, the neighbor who is selling self-respect to his next door neighbor, the salesman who is selling spirit and determination to his customers, is the man who is making it possible to send soldiers abroad, keep them there, and win the war.

Give us at this moment the obstinately determined salesman who is hourly selling himself, and his firm's customers into a bigger and better development. We'll trust that man to serve his country faithfully as a soldier if she calls him. We'll stake that man's value against the cringing of any human question mark. We gamble on that man's indomitable will power, where we wouldn't risk a penny upon the stifled faculties of the stupefied "do nothing" in whose soul the imaginative disease of doubt has created the devils of chaos and fear.

ADVERTISING GUARANTEES QUALITY

When you buy an advertised product, you buy guarantee of quality.

In the old days, when goods were sold in bulk without means of identification, when there was no way for the consumer to tell who the manufacturer was, the manufacturer was at liberty to use inferior material, manufactured in an inferior way without injuring his business.

For the goods were unidentified. Even should they prove unsatisfactory there was no way for the consumer to know whose goods they were or how to avoid them a second time.

Competition among manufacturers was on the basis of PRICE FIRST at a sacrifice of quality if this was necessary to meet competition. But now, with the advent of advertising and trademarks as a means of identifying the goods as the product of a certain manufacturer, all this is changed.

QUALITY must now be the first consideration, with PRICE SECOND.

For if the quality proves unsatisfactory, the consumer will avoid buying these goods a second time. The manufacturer will have killed the market for his product. He cannot afford to sacrifice quality in a single unit or package.

The advertising and the trade-mark guarantee the consumer against inferior goods.

DELCO-LIGHT
Increases Farm Efficiency

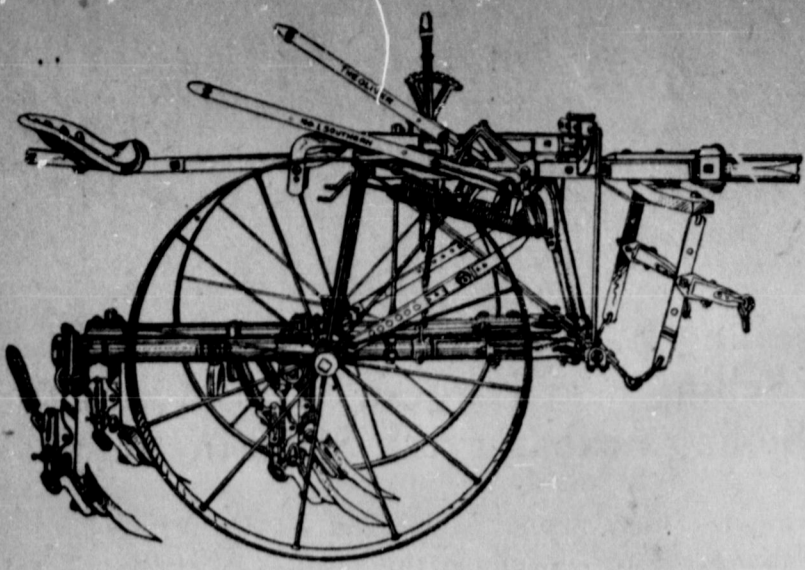

1. Saves time and labor—Work formerly done under poor light and by hand can be done better and in less time with the aid of electric light and power.
2. Labor is attracted to the farm—The "back to the farm" movement is made practical when the conveniences afforded by electric light and power can be had in the country.
3. Keeps the boys and girls on the farm—Electric service on the farm offsets city attractions. Valuable labor and valuable young manhood and womanhood are saved to the country community.
4. Solves the retired farmer problem—Electric light and power make the farm home so attractive and comfortable that the farmer and his wife remain on the farm where their advice, experience, and immediate interests are of great practical value.
5. Lightens burden of the housewife—Increased farm work in war times means increased labor for the housewife. Electricity offers the only practical means of taking the drudgery of household tasks from her shoulders.

Delco-Light is a compact electric plant for farms or country homes. Self-energizing. Air-cooled. Thick plates, long-lived battery. Bell bearings. No belts.

This is the plow that revolutionized Cultivator Manufacturing, the original Seat Guide Cultivator.

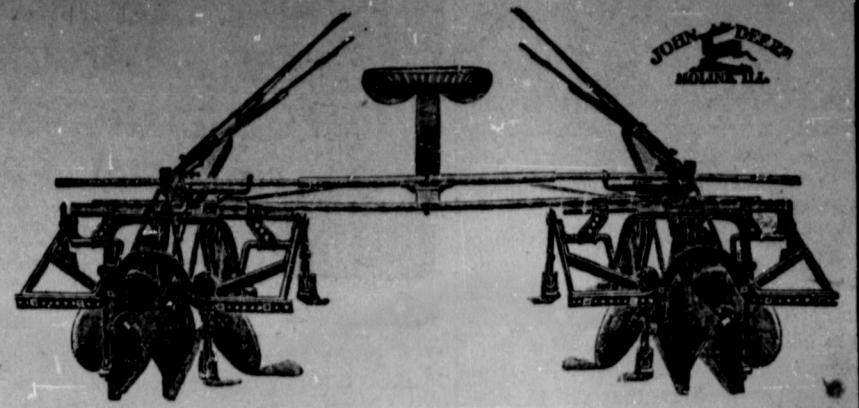

Out of the hundreds we have sold, we have our first dissatisfied customer to find yet. The Ball Bearing shift and the floating beams governed by adjustable springs makes it so easy in operation that a small boy can do the work equally as well as a man. The Quick-Frame balance entirely eliminates all neck weight when the plows are in or out of the ground.

"See Them"

We have just received a car load of ATLAS STOCK TANKS—Get our prices. Our stock of ECLIPSE & SAMSON windmills and FAIRBANKS-MORSE "Z" engines, pump jacks and well supplies is very complete. We'll save you money and future trouble and expense with the GOODS we sell you. Old established lines with a reputation worth too much to be sacrificed by failing to keep the QUALITY UP.

The John Deere Two-Row Lister Cultivator will do your work satisfactorily after the single or double lister, if your rows are straight or crooked, it makes no difference, you can attach your sled-go-devil-disc to this plow and one man does the work of two and is up out of the dust and dirt, and the draft is much lighter.

NURSING SERVICE IS MILITARY SERVICE

Young women, high school graduates and college students are urged to enter Nurses Training Schools to take the places of nurses enrolling for Red Cross duty.

Nurses are needed second only to soldiers and from the moment a girl enters a Nurses' Training School, she is performing a definite patriotic duty to her country. Nurses' duties are the noblest that can be undertaken by a woman today. The best training schools charge nothing for tuition, board and laundry, (some times nothing for uniforms,) and after a few months, students are even paid a small sum for their services. A list of training schools in Texas can be secured from the Chapter Educational Committee and all information will be gladly furnished by their committee. Those wishing to enter training school or registered nurses who wish to enroll as Red Cross nurses are asked to do so as members of the Donley County Chapter by reporting to the Educational Committee. Those who can not go to training schools are urged to take the courses to be given here in July in Elementary Hygiene and later in Dietetics.

Soon all graduate nurses may be leaving our country, and the seriousness of the situation can be relieved only by a widespread and general knowledge of the rudiments of nursing to be obtained in these Elementary Courses.

All wishing to take the courses above mentioned, please apply to the Educational Committee composed of the following:

Miss Lila McClelland, Chairman.

Miss Maud Glenn, Secretary.

Mrs. J. L. McMurtry.

Mrs. Geo. Bugbee.

Miss Edyth Bryan.
