## HOBBY DELEGATION TO STATE CONVENTION FROM DONLEY COUNTY

Saturday afternoon of last week, shortly after two o'clock the Donley County Democratic Convention was called to order in the County Judge's office at the court house, by S. M. Braswell, chairman of the executive committee. In permanent organization Mr. Braswell was elected chairman and A. M. Beville secretary. A committee of three, Tom F. Connally, W. S. Noble and Mrs. J. T. Warren, was appointed to nominate the delegations to represent Donley County Democracy at the state, senatorial, congressional, representative and judicial conventions and their report was adopted in toto. Following is the list of delegates to the State Democratic Convention at Waco from this county: A. M. Beville, S. M. Braswell, Tom F. Connally, Mrs. J. T. Warren, Mrs. B. L. Jenkins.

After short talks from several members of the convention on the progress of good government the following resolution was adopted:

Be it resolved by the Democrats of Donley County, Texas, in convention assembled: That we endorse the wise and patriotic administration of our president, Woodrow Wilson, in these perilous war times and pledge to him and our common country our unflinching purpose to sustain our nation in its defense and our president in the prosecution of the war to a successful termination.

Further that we endorse constructive legislative policies of our governor, Wm. P. Hobby and congratulate the state on his overwhelming re-election to the governorship by both the men and women voters of Texas and that our delegates to the state convention at Waco, be instructed to support the policies of Gov. Hobby to the end that full suffrage be allowed the women of Texas, by the submitting of a constitutional amendment, and likewise that the abolition of the whiskey traffic by constitutional amendment be submitted to the people of Texas.

## SENATOR JOHNSON NOT TO ENTER THE RUN-OFF

The News is reliably informed that Senator W. A. Johnson of Memphis does not expect to enter the second race for lieutenant governor. Late returns indicate that he is second man and only about 10,000 votes behind Davidson, the leading candidate. The senator states that while he would have a chance of winning in the run-off, he believes Mr. Davidson to be a good, clean man, a prohibitionist and a man that stands for practically everything that Senator Johnson advocates, so he doesn't deem it advisable to make the race, thus entailing a lot of expense and worry for both gentlemen.

Misses Harned have returned from the market, where they have been purchasing their line of millinery goods for the fall. While away, they spent some time in Colorado.

## SOME CHANGES IN TEACHERS AT COLLEGE

Miss Mabel Betts will take the place of Miss Edythe Bryan and have a studio at the Methodist Church and one at the college. Miss Betts graduated from the literary and musical departments of Clarendon College several years ago and has been teaching and studying since. She is conversant with both the Burrows and Dunning Systems of teaching beginners. All who desire to enroll with her before she arrives, may phone or see Mrs. C. A. Burton.

Miss Dixie Robinson, who signed a contract with the board to teach expression and physical culture, was forced to resign on account of the health of her mother.

Miss Mabel Hon takes her place. Miss Hon is an A. B. graduate of the University of Arkansas. Took her diploma in expression from the same school, spent two years in Boston studying expression and allied subjects. Miss Hon has had more extensive training than any teacher of expression that has been in Clarendon College.

## THREE AUTOS ARE WRECKED ON PEAK

Colorado Springs, Colo., July 31.—Three automobile accidents in the Pike's Peak region in 12 hours resulted in the death of two women and serious injury to eight other persons today.

On the Canyon City-highway, 10 miles south of this city, late this afternoon, Miss Edna Dunlap was killed, Miss Florence Dunlap was seriously injured, Miss Grace Chance had her jaw fractured and other injuries, and D. W. Dunlap and Mrs. E. E. Kissinger were bruised. The party were all residents of Canyon City and were en route to Colorado Springs. The steering wheel on the car broke and the machine went over an embankment, a distance of 200 feet. The injured were brought here for treatment.

## MR. CONDRON ENTERS Y WORK AT DALLAS

Mr. S. H. Condron, Dean of Clarendon College, left Clarendon Monday for Dallas, where he will work in the War Y. M. C. A. until school opens in the fall. A mobilization of the college teachers of the state is called for in the organization of the Y. M. C. A. Red Triangle League. Mr. Condron will be associated with Dr. C. A. Nichols of Southwestern University, Dr. W. T. Mather of the University of Texas and others of the state committee of the Y. M. C. A. He anticipates some very strenuous work, but is delighted with the opportunity to serve the cause.

## BELL THINKS HE IS NOMINATED

Tuesday morning Hon. W. S. Bell of Crowell arrived in Childress for the purpose of securing information as to the results of the state senator's race. While Mr. Bell was of the opinion he had defeated Mr. Templeton, he was seeking more information on the subject. He stated that he had heard from 25 of the heaviest counties and in these results he had a lead of some 4,000 hence he felt quite certain he would have a safe lead in the 49 counties composing the district.—Childress Post.

## MARVIN JONES TO SAIL FOR FRANCE

A telegram from Hon. Marvin Jones' private secretary in Washington, D. C., reads to the effect that Mr. Jones will sail at an early date for France as a member of the Congressional Contingent Committee on military affairs.

This committee will visit points in France and England for the purpose of making a study of military affairs and will look after the welfare of the boys from America in the war.

This selection comes as an honor to the congressman from this congressional district.

## KILLED IN FRANCE

From a message from Adjutant General McCain at Washington, D. C., to his father, Robert Sawyer, it is learned with the deepest regret that Joe Sawyer, the second son of Robert Sawyer, one of the earliest settlers of Clarendon and who is temporarily residing now in Long Beach, California, was wounded in battle and died from his wound on July 23rd, "somewhere in France."

Thus we have to record the first death of a Clarendon boy in the world war brought on by the war-mad kaiser of Germany in his effort to enslave the rest of the world to his will. Doubtless many other Clarendon boys will have to make the supreme sacrifice before the end comes, but when it does come there will be no kaiser left to plunge the world into another world war, and then will the world, even Germany, be a "fit place to live."

Joe Sawyer was born in Clarendon, somewhere about 30 years of age, and received his education here in our public school.

When war was declared he very promptly enlisted at Amarillo and was sent to El Paso and went across the ocean with the very first contingent of Pershing's forces of regulars, and his last letters showed him right up on the firing line, and that was just where he wanted to be, as he said, and as those who knew him best believed.

But with his life he has helped to pay the price that we of America, England, France and Belgium may live in peace with the menace of "Kaiserism—Divine Right of Kings—removed from the domination of peoples who are born "free and equal."

His oldest brother, Robert Sawyer, is a volunteer and is now a first lieutenant in the 36th Division which arrived overseas on August 1st, as was also his younger brother, Sergeant Henry Sawyer, who volunteered into the company organized here in Clarendon by Captain E. A. Simpsin, a part of the 36th Division, which will soon take its place in the battle line for world's freedom.

"Somewhere" in a shell-torn hillside or in a desolated valley of once peaceful-beautiful France, will rest the battle-mangled body of brave, courageous, self-sacrificing Joe Sawyer, far from his native land and native city and his loved ones, and the body of his sainted mother, which rests in the Clarendon cemetery, but the Just God who rules over the destinies of nations and peoples will mark the spot until the Resurrection Day.

Practically the entire city was shocked with the intelligence of this death—the first martyr Hero from Clarendon.

A FRIEND.

## MASS MEETING OFFER RESOLUTIONS ON THE DEATH OF JOE SAWYER

The news of the death of our fellow townsman, Joe Sawyer, in France July 23rd was received by telegram Tuesday night and fell like a dark cloud over the citizenship of Clarendon.

At a called meeting of the citizens Wednesday afternoon, after some feeling remarks were listened to from some of those present, the following resolutions were passed and the committee was instructed to have same published in The Clarendon News and send the manuscript copy to Mr. and Mrs. Sawyer at Long Beach, California.

## WHEREAS:

Joe Sawyer, who was among the first in Clarendon to offer himself in the service of his country to defend the rights of the weak against the strong and;

## WHEREAS:

In the providence of God, Joe Sawyer has been the first of our soldier boys to fall in France.

## THEREFORE:

Be it resolved; That we deeply sympathize with his parents, Mr. and Mrs. Robert Sawyer, in the loss of their son and beg to be allowed to express the sentiment of deep personal bereavement which we all feel in the loss of this noble young man from our community.

## TRIPLE WEDDING AT LELIA LAKE

Three popular couples of Lelia Lake's young people were united in the holy bonds of married life last Sunday by Rev. G. E. Burton, pastor of the First Baptist Church of Clarendon, at the home of Mr. E. L. Lewis, at Lelia Lake. The principals were LaVerdie E. Leathers, of the firm of Leathers & Ledbetter, at Clarendon, and Miss Grace Batson; Carroll L. Lewis and Miss Naomi E. Alvey; L. E. McKinney, telegraph operator at Lelia Lake, and Miss Ethel Mae Dotsin.

The News joins in wishing the young people a long and happy married life.

The Baptist meeting, under Rev. G. E. Burton, of Clarendon, is progressing rapidly. Good crowds attend every service, and it is believed the forceful preaching by Rev. Burton is doing some good.

## THANKS

I desire to express in this manner my thanks to the good friends who supported me in the race for Sheriff and Tax Collector of Donley county. The fact that I didn't receive enough votes to elect me in no wise lessens my appreciation of those friend who supported me in the contest.

Yours Truly,  
M. T. (Doc) Howard.

Messrs. and Mesdames M. L. Kelly, Jr., and F. E. Chamberlain and children motored to Memphis Sunday afternoon, returning the same evening.

Mr. and Mrs. Dave Kelly are happy over the arrival of a new daughter in their home since Sunday afternoon.

### CHARLEY ABBOTT THE PUBLICITY MAN

Many people who kept in close touch with the campaign just closed for governor, remember that 90 days before the election the selection of the next governor was very much in doubt. About this time the pendulum of public sentiment gradually swung toward Hobby, and for the past thirty days, no one, keeping in touch with the situation, has doubted the final outcome. Why? Because the people started thinking. Who made them think? This was not a natural proposition at all, it came about by hard work on the part of the Hobby campaign committee, and the man who thought out these articles, giving the people facts and what the re-election of Ferguson meant, was Charley Abbott. Mr. Abbott has been for years publicity agent for the Southwestern Telephone Company and has been largely the means of bringing about that perfect harmony that now exists between this company and its patrons. Mr. Abbott has hardly slept on the governor's job, night and day he has striven to bring before the people of Texas the facts in the impeachment and past record of Jim Ferguson. To the untiring work of Charley Abbott, more than that of any other one man, Governor Hobby owes his election. Charley Abbott is a member of the Texas Press Association and has rendered the members of this association many courtesies. Hats off to Charley Abbott.—Richardson Echo.

### FOOD WASTE FROM RATS.

In all parts of the country there is a serious economic drain in the destruction by rats and mice of merchandise held for sale by dealers. Not only foodstuffs and forage, but textiles, clothing, and leather goods are often ruined. This loss is due mainly to the faulty buildings in which the stores are kept. Often it would be a measure of economy to tear down the old structures and replace them by new ones. However, even the old buildings may often be repaired so as to make them practically rat-proof; and foodstuffs, as flour, seeds, and meats, may always be protected in wire cages at slight expense. The public should be protected from insanitary stores by a system of rigid inspection.

Similar care should be exercised in the home to protect household supplies from mice and rats. Little progress in ridding the premises of these animals can be made so long as they have access to supplies of food. Cellars, kitchens, and pantries often furnish subsistence not only to rats that inhabit the dwelling, but to many that come from outside. Food supplies may always be kept from rats and mice if placed in inexpensive rat-proof containers covered with wire netting. Sometimes all that is needed to prevent serious waste is the application of concrete to holes in the basement wall or the slight repair of a defective part of the building.

### NO TRESPASSING.

The public is hereby notified to keep out of the Bugbee pastures under lease to Benson and Singleton, as hunters, trappers, fishermen, picnickers wood haulers and others will be prosecuted according to law. 8pd-1919. T. B. Preston, Mgr.

Have some good first lien land notes on land near Hedley, Texas, which I would like to trade for some cattle. G. A. BLANKENSHIP, 27tf. Goodnight, Texas, P. O. Box 97

The necessity of co-operation and organization in the work of rat destruction is of the utmost importance. To destroy all the animals on the premises of a single farmer in a community has little permanent value, since they are soon replaced from near-by farms. If, however, the farmers of an entire township or county unite in efforts to get rid of rats, much more lasting results may be attained. If continued from year to year, such organized efforts are very effective.

### PETE GILPIN HONORED.

Mr. W. H. Patrick, president of the First National Bank, recently received a communication from a friend of his in England, in which was enclosed a newspaper clipping giving details of the actions of Peter P. Gilpin, who is now a captain with the Scots Guards, a British unit at the front in France, which earned for him the military cross, a greatly coveted decoration in the English army.

Captain Gilpin will be remembered by a large number of our citizens, as he was on the Adair ranch for a number of years and afterwards handled cattle for himself in this country. He has a very wide acquaintance in the Panhandle, and we feel sure that his many friends will be pleased to learn of his preferment and they will be glad to know he is so distinguished a soldier. The official notice is as follows:

"For conspicuous gallantry and devotion to duty. When the situation was very obscure after an enemy attack he carried out a daring and valuable reconnaissance over difficult and unknown ground and in pitch darkness. He located the enemy and enabled the battalion to take up a defensive position. He did splendid work during the following day and night, helping to clear the situation and reorganizing scattered parties of men."

See the big war map and watch our boys gain ground. In the Clarendon Drug Company window.

### TAKING CARE OF OUR SOLDIERS

Just how the boys of Uncle Sam's Army should, and can be "mothered," is being demonstrated at the Community House in San Antonio, Texas.

The "Community House," situated on one of the most romantic spots of Texas history, directly in the rear of the Alamo, is at the same time in the very heart of the city, where it can render invaluable service to every soldier visiting San Antonio. It is, in fact, a great soldier's club where the men are free to go and come at all times, and where their civilian friends are equally welcome. The club house is the old Ord homestead, remodeled and greatly enlarged, but still retaining the broad balconies extending the full length of the house, typical of the great old Southern homes. The homestead faces on Nacogdoches Street, but the most used entrance is from Alamo Plaza by way of a short palm bordered driveway on the south side of the Alamo.

Entering from this side the soldier comes first to a great lobby that would be the pride of any city hotel. Decorated in black and gold, a piano at one side, a Victrola at the other, a handsome library in one end flanking a great open fireplace, innumerable tables where soldiers are playing games or reading magazines and books is the cheerful sight that greets the person entering for the first time. To one side is the "sanctum" of the host and hostess, Mr. and Mrs. L. L. Smith, whose chief purpose in life is to be friends of the "boys," and their success is attested by the constant crowd that surrounds them, seeking advice, information and sympathy.

Adjoining the lobby are three writing rooms, equipped with desks, chairs, paper, envelopes, pen and ink, all of which are absolutely free to every soldier, while on the walls are prominent signs reminding the men to stop and write to "mother and the folks." On the other side of the lobby are the barber shop and bath rooms. There a man may go and wash up free of charge. The soldiers look on this place as a sort of paradise. He can get his shoes shined for five cents, he can have his suit pressed for ten cents, or he can press it himself for nothing; he can get a first-class shave for fifteen cents and a hair cut for two bits.

The cafe probably is the most popular part of the place. The Federated Women's Clubs of San Antonio take turn about there serving real home-cooked dinners to the men at actual cost. There may be profiteering by restaurant men, but if that is so, the good women of the city have freed the soldiers from any necessity of patronizing them. Good meals at moderate prices on a cool screened-in veranda, with music and dancing going on just outside, are things that will give any soldier a feeling of gratitude toward the people of San Antonio.

But the Community House does far more than serve merely the physical needs of the soldiers. Its chief purpose is to bring the soldiers in social contact with the good people of the city, and it is succeeding in bringing the men into a "home" atmosphere as nothing else has done. The best women of the city are invited to the dances that are held each night, except on Sundays, on the open air pavilion. No man in uniform needs an introduction, and each man meets whom he pleases. The place is conducted on the principle that the soldiers are gentlemen, and no man who visits there can doubt that they are such. Many a gentlemen's club cannot show as high a standard of behavior. The soldiers meet the best women of the city, they become acquainted, they have friends here, and as a result they are as careful of their reputations as they are in their home towns. Every soldier will testify that the Community House is doing more good in this particular way than any other agency that touches the soldiers.

As many as 50,000 soldiers a week have made use of the Community House. It is under direction of the War Camp Community Service, a semi-official organization, and it will leave in the hearts of every soldier who has the good fortune to be encamped near this city a warm place for the good people who have really showed their appreciation of him and who have understood that after all he is just the average American "boy away from home and needs a good deal of mothering."

### RED CROSS NOTES.

George W. Simmons, manager for the Southwestern Division of the American Red Cross, addressed an appeal today to all Red Cross workers in Missouri, Oklahoma, Arkansas, Kansas and Texas, to assist in the campaign to enroll 25,000 young women for training as nurses.

"The greatest way in which a young woman can show her love of country and willingness to aid in winning the war, is to enter a training school for nurses," said Simmons. "Our men have enlisted in navy and army and have announced a willingness to suffer wounds that our country may live. What greater work can a young woman do than to take up training that will enable her to care for these sailors and soldiers at the end of the conflict when they will return to their country."

"The larger the number of nurses the smaller the amount of suffering. No woman should stand aside and let a soldier spend his life as a cripple and for this reason I appeal to all Red Cross workers to urge young women to enter training school that America may be prepared to aid wounded soldiers to speedy recovery."

Women between the ages of 19 and 35 are wanted. They must have at least two years of high school training. The Woman's Committee of the Council of Defense in co-operation with the American Red Cross has opened enrolling stations in virtually all the larger cities and towns of the United States.

The Government hopes that not less than 50,000 young women will have enrolled for service before August 10, when the present active campaign is to draw to a close.

## HOUSEWIVES URGED TO USE LESS SUGAR IN CANNING

Food Administrator Gives List of Sugarless Recipes. . . . .

### SUGAR MUST BE SAVED!

A teaspoonful means nothing. You say. Yet a heaping teaspoonful saved each meal for 150 days for each of the 100,000,000 persons in the United States makes a pile as big as the Whitehouse building—enough to supply the entire armed forces of the nation.

of sugar allowed for each cup of juice will be sufficient. By employing this test sugar can often be reduced. In this case the jelly texture will be fine, less rubbery and the flavor better.

2. Preserved fruits. The preservation of fruits without sugar is a common household practice and depends upon accurate following of the method. Excess sugar will frequently form crystals and impair the appearance and quality of the product.

3. Jam and marmalade. These require a larger amount of sugar than canned fruits and are used for special rather than general purposes. If made, use less sugar than "half and half" and cook longer.

4. Sweet pickle, watermelon rind pickle, etc. These require a large amount of sugar on account of the presence of vinegar. Except for the sugar, they have no more food value than pickles. They could well be omitted this year.

Note—Canning without sugar will give good results provided that the time of cooking with sugar is about doubled.

Avoid the Use of Sugar.

1. Can vegetables freely. These require no sugar.

2. Encourage drying of fruits and vegetables.

3. Storage of fresh fruits, such as apples, winter pears and quinces, in a cool cellar, saves sugar.

APPOINT PUBLIC EATING PLACE STAFF OF DIRECTORS

Henceforth the principal work of the Federal Food Administration for Texas with the hotels and restaurants will be performed through the District Directors in the fifteen districts of Texas. The purpose of the District Director is to make him responsible for instructing the proprietors of hotels and restaurants and other public eating places in his district.

When no appointment of a District Director of Hotels and Restaurants is made the work is handled by the District Administrators. The districts and the men responsible in them for the proper instruction of public eating places line up as follows:

First District, Otto Herold, Dallas; Second District, Coke Murphy, Lufkin, Texas; Third District, George W. Seibert, Beaumont; Fourth District, Karl M. Roberts, Houston; Fifth District, John R. Furman, San Antonio; Sixth District, Administrator Porter A. Whaley, Brownwood; Seventh District, Charles N. Bassett, El Paso; Eighth District, Administrator O. L. COTTAGE CHEESE SAUSAGE.

1 tablespoon finely chopped onion  
2 tablespoons savory fat  
1/2 teaspoon soda  
1 cup cottage cheese  
1 cup cooked rice  
1/2 cup wheatless bread crumbs  
1/2 cup coarsely chopped peanut meats  
1/2 teaspoon powdered sage  
1/2 teaspoon thyme  
1 teaspoon salt  
1/2 teaspoon pepper  
1/2 cup peanut butter

Cook the onion in the fat until tender, but not brown. Dissolve the soda in the milk and work into the cheese. Mix all other dry ingredients thoroughly with the bread crumbs. Blend peanut butter and onion with the cheese, and mix with them the bread crumb mixture. Form into flat cakes, dust with bread crumbs or cornmeal and fry a delicate brown in the fat in a hot frying pan.

COTTAGE CHEESE LOAF.

2 cups cottage cheese  
1 egg  
1 cup wheatless bread crumbs  
1/2 cup cottage peanut butter  
1/2 cup chopped peanuts  
1/2 teaspoon onion juice  
1/2 pinch of sage  
Salt, cayenne and paprika  
Liquid if necessary to mix

Form into a loaf and bake in a hot oven 20 or 25 minutes or until brown. Or bake in a greased bread tin and turn out on a platter. The crumbings left from trial, out fat or partially fried-out ground meat may be used in the place of peanut butter.

DATE PUDDING.

3 tablespoons cornstarch  
2 cups sugar  
1/2 cup corn or maple syrup  
1/2 cup dates cut up small  
1/2 teaspoon salt  
1/2 teaspoon vanilla  
Mix the cornstarch with 1/2 cup milk. Heat the remaining milk in a 4-quart boiler. Add the cornstarch, syrup, dates and salt, and stir until thick; cover and cook for 20 minutes. Add the vanilla and pour into a dish to cool. Serve with vanilla sauce. Prunes are good instead of dates.

SPICE CAKE

With part of the sugar replaced by corn syrup.

1/2 cup fat  
1/2 cup sugar  
1 egg  
1 cup syrup  
1/2 cup milk  
1 teaspoon vanilla  
1/2 teaspoon ginger  
1/2 teaspoon baking powder  
1/2 teaspoon salt  
1/2 teaspoon cinnamon  
1/2 teaspoon cloves  
1/2 teaspoon allspice  
2 1/2 cups barley flour  
1 cup raisins

Cream the fat, sugar and egg yolks. Add the syrup, milk and vanilla and mix well. Add alternately the liquid and the dry ingredients sifted together. Add the flavoring and fold in the well-beaten egg whites. Lastly, add the raisins. Bake for one hour in a moderate oven.

FROZEN CUSTARD.

1 pint milk  
1 1/2 tablespoons cornstarch  
1 1/2 tablespoons cold milk or water  
1 egg  
1 cup corn syrup or sufficient maple syrup or honey for desired sweetening  
1/2 teaspoon vanilla

Scald the milk and add the cornstarch mixed with the cold milk or water. Cook the mixture over hot water for 15 minutes. Add the egg, slightly beaten, and cook the mixture for 5 minutes. Add the corn syrup and the salt and stir the mixture well. Strain it and cool it. Add the vanilla and freeze the custard in the same way as any ice-cream.

FROZEN APRICOTS.

1 quart can apricots  
Water  
2 cups corn or other syrup  
To the syrup from the apricots add the corn syrup and sufficient water to make 1 quart. Since the sweetness of the apricots varies, more or less, corn syrup may be needed. Put the apricots through a strainer, mix the pulp thoroughly with the liquid, and freeze the mixture.

### KANSAS CITY STOCK MARKET.

Kansas City, Stock Yards, August 5.—Cattle receipts were 26,000 head, including a good many drouth cattle, market slow and lower, nothing prime here, hogs sold 15c higher, early top \$19.65, but packers got their hogs at steady prices; receipts 8,000. Sheep and lambs were 25c higher, no choice, lambs, which are worth \$17.50; receipts 3,000.

Hogs. The top of \$19.65 paid by order buyers looked shaky from the first this morning, as Chicago came in with an extreme top of \$19.75. Packers held off and stopped at \$19.50. The top was paid for heavy hogs, medium weights selling up to \$19.60, lights \$19.50, though the top to packers on lightweight hogs was \$19.35, bulk of sales \$19.10 to \$19.50. Stock pigs are materially higher than a week ago, up to \$18.50. If the moderate receipts of today are followed by light runs later this week, the market may go higher, but buyers say there will be no big advance this week.

Stockers and Feeders. Weighty feeders have been in strong demand, but continued drouth scare has already taken \$1.00 off the price, sales today at \$10 to \$13. Choice stock steers sell up to \$12, but there is an increasing number of useful red yearlings and calves selling around \$8, the kind that brought \$10 a short time ago.

Beef Cattle. No good corn fed cattle were here today, and especially there was nothing in the class that sold up to \$18.50 last week. That kind would have brought as much today, but all other kinds are lower, most of them \$1.00 or more under a week ago. Some Kansas wintered steers brought \$17.75, others \$12 to \$16.50; 5 cars of Oklahoma steers, weight 986 pounds, brought \$15, which was the top in their class, other sales of Oklahomans at \$7.50 to \$14. Cows quit last week \$0.75 to \$1.25 lower with some kinds selling under \$6.00, and they are dull today, most sales of grass cows at \$7 to \$8.50, veals \$1.00 under last week, best around \$12.

Sheep and Lambs. No good lambs were received, else

the top would have been around \$17.50, the light run being not enough to supply packers' wants. Ewes sell up to \$12.50. There is a good strong demand for feeding lambs at prices equal to prices paid for fat lambs, and breeding ewes sell at \$9.50 to \$17.50, according to age and quality. J. A. ## FEDERAL AID FOR TEXAS ASKED IN LABOR SHORTAGE

STATEWIDE CONFERENCE AT SAN ANTONIO RESULTS IN SENDING MESSAGE TO SECRETARY OF LABOR AT WASHINGTON.

Government is Asked to Raise Immigration Ban on Mexican Labor; Mexican Editors Entertained.

Food Administrator Peden has returned from San Antonio, where he was present at a conference on the labor situation, the result of which was a message to William B. Wilson, secretary of labor, urging that for a period of 90 days the immigration laws as to Mexican labor be immediately suspended and the bars be let down except as to the health requirements.

The conference brought out the fact that a small group of Texans in Southern Texas alone required 40,000 Mexican laborers in addition to those they already have, and that the need is manifold over the entire State.

As an interesting climax to the request that the present restrictions on Mexican labor be removed, Mr. Peden had an opportunity to address the Mexican editors who were recently received in Washington by President Wilson. These editors were in San Antonio on their way back to Mexico after a tour of the United States. In his address following a luncheon at the Gunter Hotel Mr. Peden read the message from the provost marshal general of the army to the Food Administration with reference to Mexicans of military age engaged in labor in the United States and the generous rulings provided for their military exemptions.

Administrator Peden also wired Herbert Hoover, United States Food Administrator, requesting that Mr. Hoover take the matter up as a military necessity with the Department of Labor the need of additional labor at once in order that the farmer, who was urged to plant larger crops, may not be discouraged to do likewise in 1919.

## HOW TO SECURE MEXICAN LABOR, THAT'S THE IDEA

Mexicans of Military Age Coming to Texas to Work Won't Have to Register—Peden Confers.

Labor for all crops in Texas, and especially labor for caring for the cotton crop, is the biggest problem facing industrial Texas today. For a number of days Food Administrator Peden has been in continuous conferences with representative citizens from the cotton-growing sections of Texas, particularly on the subject of Mexican labor, and after exchanging many telegrams with Washington, Mr. Peden received the following message from the Food Administration on the attitude of the war department upon Mexican laborers of military age:

"Provost marshal general of war department rules as follows: 'Mexican citizens of military age who have not been residents of the United States and who temporarily come into this country after this date are not required to register and are consequently not liable to military service. A Mexican citizen of military age who has previously resided in the United States, but who has not registered and who returns to the United States, is required to register, but the selective service law and regulations provide for his complete exemption from performing military duty unless he waives his right thereto.'

Under a ruling of June 20 Mexicans can be brought into the United States for agricultural purposes for the period of the war. The head tax is suspended as well as the illiteracy test. Applications for the importation of Mexican labor should be made to the United States Employment Bureau or the Immigration Bureau.

The laborers must be provided with housing and sanitation as provided by the State law. In the absence of a State law the housing and sanitary conditions must be approved by the United States Department of Labor. Further information in this connection can be secured from W. E. Hall, director United States public service reserves.

## LYOYD GEORGE REVIEWS THE WAR SITUATION

General Foch, by his counter stroke, has driven the enemy back and although the danger was not over "he would be a sanguine man on the German general staff who would now predict that Germany could obtain a military victory," said Premier Lloyd George.

The premier characterized General Foch's counter offensive as "the most brilliant in the annals of the war."

The Germans, declared the premier, had attempted their land offensive because the submarine offensive had failed.

Lloyd George stated that during the month of July 305,000 American troops had been brought over, 185,000 of them on British ships.

Since August, 1914, including those already with the colors, Great Britain, alone, said the premier, had raised for the army and navy 6,250,000 men for the most part voluntarily. The dominions had contributed 1,000,000 men and India 1,250,000 men.

One hundred and fifty German submarines have been destroyed, Lloyd George announced, more than half of them in the last year.

Until all the allies were defeated at sea, Lloyd George declared Germany could never triumph.

The premier was speaking in the house of commons, making a statement on the war situation. The house will adjourn until October 15.

Lloyd George, in alluding to the subject of peace, said that the people who had made the war were still in evidence and they could not have peace so long as they predominate in the councils of the enemy. Every one wanted peace, the premier added, but it must be a peace that was just and durable—one with power behind it.

In further reference to the fighting in France, the premier declared it was too early to say the German effort has been exhausted. The Germans still had powerful forces in reserve, he pointed out, but it was not too early to say that the chance which they had on March 21 would not again present itself.

The American army, the premier said, would soon be not far short of the German army itself.

Dealing with the German offensive against the British, Lloyd George said at first there were many anxious moments and the losses were considerable in men and material.

In the month before the battle was over, he added, 355,000 men had been sent across the channel to take the places of those lost and in six weeks the Germans had been hurled back and fought to a standstill.

The German people and Germany's allies were beginning to be disillusioned, the premier continued. In March Germany was promising great things and the peace tentacles from her allies were withdrawn. The promise, however, he points out, had failed and the German harvest was short, although militarily the Germans had been at the height of their power.

Russia, said the premier, had become a log to the feet of Germany. The Russian people, however, had resented the in-

terference of Germany with them and were more and more seeking allied help.

"We will not hesitate to give it to them wherever it is possible, he added.

Lloyd George praised the work of the Americans in the fighting in France, speaking of "trained skill" they had displayed and the "skilled knowledge" in the management of men under trying conditions, of which their officers have given evidence.

Alluding to the Czecho-Slovaks, the premier explained that their only desire was to quit Russia and help the allies on the western front. The Bolshevik government, however, had resented the attempt of the allies to get them away. Therefore the Bolsheviks had only themselves to blame for the Czecho-Slovak hostility. The premier wanted this made clear, he said, because there had been criticism of President Wilson's decision to join the allies in the Valdivostok movement.

Lloyd George declared himself a believer in a league of nations, but said its success depended upon the conditions in which it was set up. He contended it was useless to negotiate peace "with the German sword clanking on the council table."

### A PLAIN STATEMENT

Owing to the fact that a law has been passed forbidding the mailing of papers to any one who has not paid up his subscription, or the giving away of single copies of the paper, also, free exchanges, we are obliged to state that all who do not pay up their subscriptions within the next few days will be cut off. Some say that they cannot tell unless we mail them a statement when their time expires. For the benefit of those who do not understand the purpose of the figures on the address on their papers, we will explain that the figures show the date of the expiration of your subscription. For instance, if the figures are 1-1-8, it means that your time expired January 1, 1918, and that if you do not send us \$1.50 in the next few days, your name will be cut off of our mailing list. So if you want the local paper any longer, please take note of this and send us your renewal this week. Look at the paper you have in your hand, and see if your time is up. The subscription price is \$1.50 per year, 75c for six months, etc. Some have complained of having to pay in advance for the paper. We are under the impression that the customary way of subscribing for a paper or magazine is to pay the price before the goods are delivered. If you want your paper stopped, please advise us, so that if later on a bill is presented to you, you will have an excuse for complaining because the thing was sent on to you after your time was out, instead of having to complain without an excuse.

### COMMUNITY SING SONG.

Under the direction of Mr. R. D. Shure, director of music of Clarendon College, Clarendon is to have a regular Sing Song organization. "Hear America Sing" is the amazing exclamation of the nations of the world. America, at war with a monster, yet singing the songs of hope and victory.

The College Chapel will be supplied with copies of patriotic American songs both old and new. Every recital will be made up in part of a community Sing. We do not know the old songs that are a vital part of our national life. We ought to be ashamed of our ignorance of such precious literary gems and national aspirations. If you come to these recitals this year you will hear Clarendon sing joining her voice with the great shout of our America. You will learn these songs and come to know and love both the song and the nation as you never loved before.

Clarendon College is taking a decided advance step in doing this. Begin now to learn the words of our and your favorite because they will assuredly be sung to your heart's content.

Mr. Shure is coming into touch with the very best of the world—has to offer in lecture and music in the great New York Chautauqua. He is reporting for the Chautauqua Daily as well as two New York papers. He states that all New York State is singing as though victory depended on her singing. It does. Our Boys are going into battle singing. They will sing up to the very gates of Berlin and to victory. Learn our great national songs.

## ALLIES DEMAND MORE CEREALS

American Meat Restrictions Relaxed to Effect Greater Wheat Savings.

### ARGENTINE ARRIVALS SHORT.

Meat Supply Here Considerably Enlarged — Food Administration, However, Warns Against Waste.

The allies have made further and increased demands for breadstuffs, these enlarged demands being caused to some degree by shortage in arrivals from the Argentine. It is, therefore, necessary for the U. S. Food Administration to urge a still further reduction in the consumption of bread and breadstuffs generally if we are to meet our export necessities. The Food Administration has issued a statement explaining the situation in detail, particularly the reasons which lead it, for the purpose of centering effort for the time being upon the cereal situation to relax temporarily the restrictions on meat consumption.

Experience shows, this statement says, that the consumption of breadstuffs is intimately associated with the consumption of meat. For various reasons our supplies of meat for the next two or three months are considerably enlarged, and we can supply the allies with all of the meat products which transportation facilities render possible and at the same time somewhat increase our own consumption. In these circumstances the Food Administration considers it wise to relax the voluntary restrictions on meat consumption to some extent with a view to further decreasing bread consumption.

Conservation of food must be adjusted to meet necessities from time to time, for neither production, nor allied demands are constant factors, nor can any of these factors be anticipated for long periods in advance in the disturbed conditions in which we at present live. While the world situation is not one that warrants any relaxation in the efforts to eliminate waste or to relax economy in food, the Administration desires to secure better adjustment in food balances.

So long as the present conditions continue the only special restrictions we ask are the beefless and porkless Tuesdays.

The meatless meal and the porkless Saturday are no longer asked.

The farmers of the United States are responding to the national call to increase hog production. Their increase, to all appearances, is being attained more rapidly. Of more immediate importance, however, are several complex factors which have effected an immediate increase in meat supplies.

The transportation shortage before the government took over the railroads, the bad weather in January and early in February, the large percentage of immature corn in the last harvest and the necessity of feeding this corn as rapidly as possible to save it from decay, have not only resulted in backing up the animals—particularly hogs—on the farms for a longer period of feeding, but have resulted in a great increase in their average weight and will result, with improved transportation conditions, which already appear, in larger than normal arrivals at market for the next two or three months. The weight of hogs coming to the market for the past two weeks indicates an increase in weight of from an average of 203 pounds last year to the almost unprecedented average of 232 pounds, or a net increase in their meat value of over 15 per cent. This is a distinct addition to the nation's meat supply. It therefore now seems certain that we have such enlarged supplies for at least some months to come, that we can not only increase our exports to the allies to the full extent of their transportation facilities, but at the same time can properly increase our domestic consumption.

The response of the public to our requests for reduced consumption of meat during the past few months has been most gratifying, and this service alone has enabled the government during this period to provide such supplies as transportation to the allies permitted.

The Administration also suggests that in those parts of the country where the old fashioned home preservation of pork is still the custom, this practice should be extended at the present time, as it will relieve the burden upon transportation and from the packing houses and is economically sound as saving the cost of packing operations and at the same time will provide home supplies of pork to last over the months of decreased supplies.

The Food Administration desires to repeat that it does not want to give the impression that these are times when simplicity and moderation of living are not critically necessary, but that its sole desire is to secure an adjustment between our different food supplies and meet changing conditions from time to time and to keep the public fully and frankly advised of its position with the full confidence and reliance that whenever it becomes necessary renewed appeals for saving will meet the same loyal response as in the past.

Here is an organ which, under careful and sympathetic training, has developed into a thing of extreme beauty. ## GROCCERS HELP IN 50-50 PLAN

SIGN PLEDGE TO CARRY OUT FOOD ADMINISTRATION PROGRAM.

POST CARDS IN STORES.

Explain New Wheat Ruling to Thousands of Customers—In-sure Greater Food Saving.

Grocers of the nation have accepted enthusiastically the 50-50 basis for the purchase of wheat flour and are doing their utmost to explain the new regulation to the housewife. This ruling by the U. S. Food Administration requires each purchaser of wheat flour to buy one pound of cereal substitute, one kind or assorted, for every pound of wheat flour. It was necessary to restrict the use of wheat flour in order that the allies and our fighting forces abroad might be assured of an adequate supply of wheat to meet their vital needs. This supply must come from our savings because we have already sent our normal surplus.

Wheat saving pledge cards were forwarded by the Food Administration to all retail food merchants, and these are being signed and posted in stores throughout the country. This card states, "We pledge ourselves loyally to carry out the Food Administration program. In accordance with this order we will not sell any wheat flour except where the purchaser buys an equal weight of one or more of the following, a greater use of which in the home will save wheat:

"Cornmeal, corn flour, edible corn starch, hominy, corn grits, barley flour, potato flour, sweet potato flour, soy bean flour, feterita flour and meals, rice, rice flour, oatmeal, rolled oats and buckwheat flour."

Some confusion has resulted on the part of the consumer in construing this "50-50" ruling to mean that an equal amount in value of substitutes must be purchased with wheat flour. This is a mistaken idea. The ruling states that the consumer in purchasing flour shall "buy at the same time an equal weight of other cereals."

One exception to this ruling is concerning graham flour and whole wheat flour, which may be sold at the rate of three pounds to five pounds of wheat flour. This provision is made because approximately 25 per cent more of the wheat berry is used in the

These flours are of a higher grade than standard wheat flour.

Another exception is that concerning mixed flours containing less than 50 per cent of wheat flour, which may be sold without substitutes. Retailers, however, are forbidden to sell mixed flours containing more than 50 per cent of wheat flour to any person unless the amount of wheat flour substitutes sold is sufficient to make the total amount of substitutes, including those mixed in flours, equal to the total amount in wheat flour in the mixed flour. For instance, if any mixed flour is purchased containing 60 per cent wheat flour and 40 per cent substitutes it is necessary that an additional 20 per cent of substitutes be purchased. This brings it to the basis of one pound of substitutes for each pound of wheat flour.

A special exemption may be granted upon application in the case of specially prepared infants' and invalids' food containing flour where the necessity is shown.

Some misunderstanding seems to exist on the part of consumers in assuming that with the purchase of wheat flour one must confine the additional 50 per cent purchase to one of the substitutes. This is not the case. One may select from the entire range of substitutes a sufficient amount of each to bring the total weight of all substitutes equal to the weight of the wheat flour purchased. For instance, if a purchase of 24 pounds of wheat flour is made a range of substitutes may be selected as follows:

Cornmeal, 8 pounds; corn grits, 4 pounds; rice, 4 pounds; buckwheat, 2 pounds; corn starch, 1 pound; hominy, 2 pounds; rolled oats, 3 pounds.

These substitutes may be used in the following manner:

Cornmeal, 8 Pounds.—Corn bread, no flour; corn muffins or spoon bread, one-fourth flour or one-third rice or one-third hominy; 20 per cent. substitutes in whole bread.

Corn Starch, 1 Pound.—Thickening gravy, making custard, one-third substitute in cake.

Corn Grits, 4 Pounds.—Fried like mush, used with meal in making corn bread.

Roller Oats, 3 Pounds.—One-fourth substitute in bread, one-half substitute in muffins; breakfast porridge, use freely; oatmeal cookies, oatmeal cakes.

Hominy, 2 Pounds.—Bolted for dinner, baked for dinner, with cheese sauce.

Rice, 4 Pounds.—One-fourth substitute in wheat bread, one-third substitute in corn bread, bolted for dinner (a bread cut), as a breakfast food, to thicken soups, rice pudding instead of cake or pie, rice batter cakes.

Several grocers have stated that their customers who strictly observe the 11 wheatless meals each week find it necessary to buy substitutes in addition to those ordered under the 50-50 plan.

### A FRIEND'S TRIBUTE TO JOE SAWYER

Washington, D. C. Aug 6th.  
Mr. Robert Sawyer, Clarendon, Texas. Deeply regret to inform you that it is officially reported that Private Joe Z. Sawyer, Infantry, died July 23rd from wounds received in action. (Signed) McCain, Adj.

This was the message that flashed over the wire and was forwarded to his father, Mr. Robert Sawyer, 1339 Linden Ave, Long Beach, Cal., where the family now reside.

Joe Sawyer was born and reared in Clarendon and was the second son of Mr. Sawyer. Professed religion and joined the First Baptist church of Clarendon, at an early age.

He is survived by two brothers in the service, Lieut. Robert Sawyer and Corp. Henry Sawyer of the Signal Corps, who have just gone over from Camp Bowie and beside his own dear ones who mourn his untimely death, he leaves a host of friends who regret to hear of this sad message. He was with the first "American Expeditionary Forces" who went over with General Pershing, and has served his country faithfully since. His Lieutenant wrote a splendid letter to his father in praise of the splendid service he was giving and said that he would soon be promoted for valiant service.

Now he has passed to the Great Beyond, and is the first of our Clarendon or Donley County boys to be taken. It is indeed beginning to bring the awful tragedy to our very door and helps us to realize more fully just what this awful war means. His reward must be given by the blessed Savior who gave His life for the sins of the world. The Savior's Prayer on the Cross was "Father Forgive them for they Know not What they do."

May we strive to manifest the same sweet spirit of love and may the Holy Spirit come into the hearts of the bereaved ones all over our land and speak peace and comfort to their troubled hearts as only the Holy Spirit can. In sympathy and love

MRS. RAMSEY.

### BUSINESS COURSE

There has been quite a good deal of inquiry about a business course. We like to accommodate the public in so far as we can so we have decided to place book keeping, typewriting and shorthand in the courses at the College next session, provided there is sufficient demand for this work. Call at the Clarendon News office and enroll at once. Please do not call me.

Geo. S. Slover.

Mrs. Joe R. Tucker suffered a severe attack Monday of this week and underwent an operation at the Adair Hospital. We are glad to report that she is much improved at this time.

Kenneth Easum is suffering with another attack of fever, but we are glad to state that the little fellow is improving rapidly.

Mrs. C. E. Salmon has been quite sick the past week.

### FRANCO-AMERICANS CROSS VESLE RIVER

ON THE FRENCH FRONT IN FRANCE, Aug. 7, 2:30 p. m.—(By the Associated Press.) —Franco-American forces were thrown across the Vesle river last evening and forced the enemy back.

The crossing was effected to the east of Braisne.

The enemy was attacked there and 100 prisoners were taken.

Shortly afterward the German army launched a counter attack with a heavy artillery barrage, but could not dislodge the allies, who stuck to the positions they had won.

The enemy appears to have strong forces in this neighborhood.

On the remainder of the front there was comparative calm, except for artillery fire.

Joe M. Warren had business in Amarillo the first of the week.

## Changes Due To War Conditions

Have you stopped to consider that we are selling our service for the same price that we have always sold it for? At the same time we are paying from 110 to 400 per cent more for materials; Our employe's salaries have been increased from 25 to 75 per cent.

### Stopping the Leaks

We have been taking a loss every year on bad accounts. We must economize every way possible in order to continue to operate on our old rates.

## Invest in Future Happiness

You put money in the bank, you buy bonds, securities and insurance as investments against future contingencies. Why not also fortify your spiritual welfare with a constant supply of mental refreshment in the form of good music?

Music is now recognized as a necessity in the modern home. Imagine a home without food, a home without newspapers, magazines, books, etc. Food feeds the body, literature

feeds the brain, music feeds the soul. Next to religion, it is the world's greatest solace.

The purchase of a phonograph opens to you the doors of the entire world of music. It puts you in direct touch with the greatest composers, the greatest artists and musical organizations. It brings their art right into your own home—into your living room. The purchase of a

## NEW EDISON

"The Phonograph with a Soul"

means considerably more than the purchase of an ordinary phonograph, or talking machine, because it brings to you the art of great musical artists with such unerring fidelity that the artists themselves could give you no more. That is what we claim and it is the truth, but you won't be thoroughly satisfied that it is true until you hear the New Edison for yourself.

We will gladly acquaint you with Mr. Edison's new art—Music's Re-Creation.

### PERSONAL MENTION

If you have watch or clock troubles take them to Stanley.

Mrs. Spencer of Dalhart is visiting her sister, Mrs. W. T. Hayter.

Miss Ruby Lee Austin is visiting Miss Frankie Dodson this week.

Charles Lowery spent Sunday in Tulsa. He reports a very enjoyable time.

Watch for the new map in the Clarendon Drug Company window Friday.

Miss Elsie Webb returned home Sunday after a visit with relatives at Altus, Oklahoma.

Mrs. W. A. Morrow and children of Dodsonville are visiting at the home of Mrs. L. F. Lowry this week.

We get a new map every week. Come and see it in the window and watch the changes. Clarendon Drug Company.

Mrs. W. A. Morrow and children and Mrs. L. F. Lowry visited J. W. Mount and family in Tulsa Sunday and Monday.

Editor Braswell went to Channing Monday after his Pullman, which he broke down when he started on a trip to New Mexico.

Bring in your hogs. We are going to ship a car next week. We will pay the highest market price. LEATHERS & LEDBETTER.

Misses Tina SoRelle, Ruth Norwood, Marion Letts and Beulah Baird have gone to Shamrock this week to attend a house party given by Miss Helen Smith.

If a traveling spectacle man comes along, tests your eyes, and fits you with glasses which prove very unsatisfactory, and no benefit, perhaps an injury, you have no redress. The traveling fake is gone, whereas, if Stanley at Stocking's Store, fits your eyes, you know where to find him, and he will take any trouble, and even go to financial loss, to give you entire satisfaction.

### FORMER CLARENDON CITIZEN INJURED

Jack Zurich was quite seriously injured a short time ago when a horse reared and fell back with him. His back was badly sprained and it was several days before he could raise himself up. However, we are glad to report that he is much better and has gone to Denver for treatment. He was accompanied by Mrs. Zurich and son John. They made the trip in the big Franklin and will camp in the mountains several weeks before returning to the ranch.—Clayton Citizen.

### TWICE PROVEN.

If you suffer back ache, sleepless nights, tired, dull days and distressing urinary disorders, don't experiment. Read this twice-told testimony. It's Clarendon evidence—doubly proven L. L. Taylor says: "I had a lame back and it was hard for me to straighten up. I couldn't bend over but what sharp twinges shot through my back. I used Doan's Kidney Pills, procured at McKillop's Drug Store and they removed the pain and lameness from my back and I was able to go to work again."

LASTING RESULTS. Over four years later Mr. Taylor said: "I have never had any trouble with my kidneys since Doan's Kidney Pills cured me and I believe the cure is permanent."

Price 60 cents at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Taylor had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

Misses Ruth Patching, Carmen Ulm and Blanch Mann visited Miss Frances Roach at Goodnight the past week. While there most of the time was spent at the Roach Ranch. Also a party was given in honor of the guests at the home of Mrs. Mann.

If a transient spectacle man comes along and fits you with glasses, and the job proves unsatisfactory, he is gone and you have no redress. If Stanley fits your eyes, he stands by the work, and insures satisfaction.

Roy Kendall of the Clarendon Drug Company has bought the Guest house from the Cameron Lumber Company and moved in the last of the week.

### BRICE DOTS.

Mrs. W. H. Johnson has been on the sick list.

Mrs. Martha Herd is on an extended visit to her children at Gainesville.

Joe Kemp and family are spending a few days with friends at Claude. Mrs. F. R. Shepherd and little daughter Zella, who have been visiting their parents and grandparents of Bitter Lake farm, have returned to their home at Fellows, Cal.

Mrs. J. M. Eldridge is spending a few days with her daughter, Mrs. Ralph Grady, of Donley County.

Mr. and Mrs. A. R. Mitchell, Mrs. Starr Johnson and her sister, Mrs. Myrtle Martin, are on a trip to Colorado.

Miss Hazel Barnes is a pleasant guest of Miss Vivian Benson of Clarendon.

We people of Brice are glad to hear that Co. H, 142d Infantry, has made a safe voyage overseas. We have sixteen boys in this company. In all we have about forty boys in the service. Most of them have gone over.

George King of Ashtola is at Brice for a short stay.

### WINDY VALLEY WARBLES.

The Methodist meeting closed Sunday night.

Mrs. J. S. Sachse and sons Boone and Bill, of Tucumcari, N. M., are visiting her parents, Mr. and Mrs. J. J. Bills.

The Baptist meeting will begin Friday night, August 10. Every one invited.

Obie Rich of Clarendon called on Miss Jack Bills Sunday.

Sam Dale and Jack Bailey of Brice were up our way Monday on business.

Mrs. Eva Atterbury and friends of Clarendon visited Mrs. Clyde Atterbury Monday.

J. W. DeBord and family left Tuesday for a trip to East Texas.

Fern Bagwell of Brice was a guest in the home of J. J. Bills Monday night.

Claude Snodgrass of Hedley visited friends here Sunday.

Mrs. Titus of Collin County is visiting her sister, Mrs. J. B. Stogner.

Miss Carrie Sue spent Saturday night with her cousin, Miss Myrtle Stephens of Lelia Lake.

Cecil Blake and sisters, Jewel and Marion, of Childress, visited friends here a part of this week.

Not much news this week. BLUE-EYED SUE.

### MILITARY NEWS.

We learn that J. W. Caraway, a former Clarendon citizen, has gone to war again. He went through the Boer war in South Africa, in the remnants and J. M. R. (Johannesburg Mounted Rifles). Now he is in the business again and is at present in England.

Private Spurgeon E. Griffin has been promoted to Lance Corporal, Co. 51-13Bn., 165 Depot Brigade. He has been at Camp Travis a very short time, has worked very hard, and is very popular in his company.

Private Homer G. Stocking, who has been at Camp Travis since June 29, has been assigned to Co. 51-13Bn., 165 Depot Brigade, on the permanent personnel, and has been promoted to the rank of Lance Corporal. Stocking has taken interest in the new work and by hard work has earned his promotion.

Corporal Frank L. Decker has been promoted to Sergeant. He is in the D. & C. School at Fort Worth.

The parents of Sergeant Harry Warren and Corporal Herman Percival have received cards from the boys, stating that they are now in France, and well.

Surgeon General Gorgas of the United States Army has issued another appeal urging the young women of America to enroll for training as nurses. He points out that unless these women volunteer to become nurses a real crisis will be faced by the country which must care for its soldiers and sailors first. The Government wants 25,000 young women to enroll.

Women wishing to enroll may obtain information from any American Red Cross chapter or from the Woman's Committee of the Council of Defense which has opened recruiting offices in thousands of cities in co-operation with the American Red Cross. These offices will continue to enroll women until August 11th.

### THE PRESIDENT

#### ON MOB SPIRIT.

"I have called upon the Nation to put its great energy into this war and it has responded—responded with a spirit and a genius for action that has thrilled the world. I now call upon it, upon its men and women everywhere, to see to it that its laws are kept inviolate, its fame untarnished. "I can never accept any man as a champion of liberty either for ourselves or for the world who does not reverence and obey the laws of our own beloved land, whose laws we ourselves have made. He has adopted the standards of the enemies of his country, whom he affects to despise." —President Wilson.

### COMMEND SUNDAY

#### FARM WORK.

Judges in Tennessee have refused to punish persons accused of working on farms on Sundays, but have commended them for so doing. This was reported to the Department of Agriculture's recent farm labor conference in Birmingham, Ala. Not long ago the rural churches of Indiana, in a conference at Purdue University, took the position that it is quite right and proper to do farm work on Sunday if that Sunday work is necessary to produce food crops to help whip Germany.

### EAT PEACHES, IT WILL

#### SAVE SUGAR, SAYS PEDEN.

It requires approximately 15,000,000 pounds of sugar a month to feed the 5,000,000 people of Texas, based on the ration of three pounds per person per month. The three pounds ration is based on sufficient to maintain strength and health. In the Elberta peach crop of East Texas, now being shipped to market, there is approximately 5,775,000 pounds of saccharine, or sugar not matured. If the people of Texas were to consume this one fruit crop alone they would save over a third of a month's ration.

In 1918 the Texas peach crop amounted to 2,850,000 bushels; in 1917, to 2,352,000 bushels; while the crop for 1918 is estimated at 3,000,000 bushels. The crop is bringing an average of \$2 a bushel, or enriching the treasury of Texas by \$6,000,000. The price is better this year than in either 1916 or 1917.

The peach crop in 1916 represented a value of \$2,850,000 and for 1917 \$3,998,400.

It is also interesting to know that the tomato season in Texas for 1916 showed shipment of 721,000 crates and 1917 of 1,152,000 crates. The 1918 crop is a little short of 1917. The value of the tomato crop for 1916 was \$552,700, and for 1917, \$1,036,000, so it can be reasonably estimated that the 1918 tomato crop will bring in at least \$1,000,000.

In the matter of icing and securing quick transportation of the peach and the tomato crop the Federal Food Administration has given the growers every assistance within its power, and the results are that the distribution has been up to the expectation of the shipper in all things.

### PROFIT MARGIN SET

#### FOR SALE OF WHEAT FLOUR AND SUGAR.

Wheat flour and sugar are two commodities over which the Federal government has complete control. Failure to observe the margins of profit set by the United States Food Administration cost Jacob Kulla, a wholesale flour dealer of New York City, recently a fine of \$25,000 to be paid the American Red Cross. Kulla was charged with selling large quantities of flour at profits in excess of the margins set by the Food Administration. The trial disclosed that he sold flour at margins of from 75 cents to \$1.55 a barrel. The margin allowed by the Food Administration for flour handled by the wholesaler and jobber per barrel is 50 to 75 cents. The retailer is allowed from 80 cents to \$1.20 a barrel profit and 1 cent a pound on broken packages.

This flour must be bought with an equal amount of substitutes and the prevailing retail price is .07 to .074 cents.

### LOW GRADE SUGARS FOR MAKERS OF SWEETS ARE ORDERS OF FOOD DEPT.

All wholesalers and jobbers and distributors and county Food Administrators have been notified, effective immediately, that no dealer handling sugar is permitted to sell sugar except Louisiana seconds and thirds to manufacturers of non-essentials who may present sugar certificates marked "Statement A."

The industries affected by this order are manufacturers of beverage syrups, candies, cereals, chewing gum, cocoa and chocolate, condiments, confections, flavoring extracts, invert sugar, syrups, soda water, soft drinks, sweet pickles and wines.

Seconds and thirds are low grade sugar left after the high grade or granulated white sugar has been extracted. Administrator Peden hopes that this is only a temporary measure, but it is absolutely necessary in order that the ordinary householder and preserver be taken care of at the present time.

### LOCAL RED CROSS NEWS.

The First Aid Committee met and organized on the 25th ult., but have not succeeded in getting up a class on account of the heat. A good class is promised as soon as the cooler weather begins. Dr. T. K. Ellis has been appointed first aid instructor.

The course in Elementary Hygiene was concluded by the first four classes on the 2nd inst., when the examinations were held. Sixty-three women composed these four classes. A new class of 12 to 15 members is now being held in the grammar school building.

The Canteen Service has been organized and will be ready for any calls that may come.

The Home Service Section met July 21st and important details of the work were gone over and some business transacted. The chairman, Mr. W. D. Van Eaton, has been busy putting up and sending out to all parts of the county home service signs. The secretary, Mrs. C. A. Burton, will be in her office at the Donley County Bank on Saturdays from 2 to 4 p. m. See the Home Service notice in this week's paper.

McKnight has organized as an auxiliary of the Donley County Chapter, A. R. C.

The Bray Community also has signified its desire to organize as such, and will do so at once.

The Instruction Committee has been put on the Nursing Service Committee of the chapter, with the addition of Drs. T. W. Carroll and E. F. Hamm, and Miss Abell of the hospital as Red Cross home defense nurse.

The committee met Tuesday, the 6th inst., with the other doctors, to consider how best to aid in the enrollment in this county of nurses as Red Cross nurses for home or foreign service and young girls for training and nurses' aids.

### WAR FINANCE CORPORATION AIDS FARMERS

In compliance with telegraphed instructions from Secretary McAdoo, the War Finance Corporation has wired Federal reserve banks at Dallas, Kansas City and Minneapolis to notify banks and trust companies in their respective districts, non-members as well as members of the Federal Reserve System, of the willingness of the corporation to make advances to those financial institutions which has made loans to farmers and cattlemen.

Droughts in these districts are creating a serious condition for the farmers and this action is taken to relieve the situation.

Secretary McAdoo stated that no industry was more vital to the war than raising wheat, corn, live stock, and other food products, and that the banks should make loans on the notes of farmers, since they are engaged in an industry not only necessary and contributory to the winning of the war but vital to it.

#### PRICE MORRIS ON WESTERN FRONT LINE

A. E. F. July 7, 1918.

Editor Clarendon News.

Dear Sir: As I am a Clarendon boy and have been for a number of years, I will try and write a few lines to let you know I am fine and dandy, and am having a good time and enjoying the best of health. I was sure glad to see all of my old schoolmates and friends enlist in the service to "can the Kaiser," and I believe we will succeed if we keep our whole strength in the conflict at home and abroad also.

I long for dear old Clarendon and home very much, although I have been in France six months, it seems more like six years, but I am glad I am doing my part and I aim to do my very best for my old Uncle Sam and the folks at home. But this is the main idea. My mother is a weekly reader of your paper and has been ever since we have lived at Clarendon and she has told me the papers cannot come across, but there must be something wrong, for I have received one or two of the papers since I have been over here, and the boys in my company get papers from home every month and sometimes oftener, so I don't see why she cannot send the papers. It is bad enough to be so lonesome over here, and it is still worse for such things to happen as that, for all of the boys cherish home, and it is not war news we wish for, it is for the things that are happening at home that makes us brighten up when we have the blues and get lonesome, and it encourages all of us to see the little columns of personal happenings as well as the little lines of locals, so if you will, won't you see why us boys over here cannot have our own benefit of words of happiness from home, please, for it sure is a lonesome old world over here, especially for we have left friends, mothers, sisters, brothers and many other relatives in the U. S. A. and maybe some boy's mother has died, and such as will happen in a neutral life, while boys of the best families in the U. S. A. have fallen on the field of honor for their country and for the sake of righteousness, so hoping this finds all of the Clarendon folks in the most prosperous year we have had, despite war.

I remain, with lots of love to old Clarendon and its whole population.

Sincerely yours,

#### THE UNCONQUERABLE SOUL.

Nero fiddled while Rome burned. In the lurid flames his maddened brain wrought pictures pleasing to his vanity. Yet in the burning of a city he but destroyed the handiwork of man. Another Caesar—the German kaiser—razes cities, towns and country sides; whole nations even, that in their placid yawning graves may terrorize the world and bear witness to unspeakable German crime. Kaiser Wilhelm, out-Neroing the Roman Caesar destroys the handiwork of God. As the world's master-killer, he crowns himself emperor of the dead. In all of it the Prussian soul rejoices. "Read and tremble" is at once the substance and inspiration of the Prussian song of hate. The loathsome refrain is but the vapor of the putrid dead, arising from the soil whereover the foot of Prussian conquest has trod. Civilization halts at the edge of an abyss—and wonders.

There is no need to wonder, long. There is such a thing as an unconquerable soul. Upon this the Prussian lust of conquest had not counted. Yet of all the world's forces it is the mightiest. It trembles—but not with fear. Beneath the despot's heel it may suffer long; terrorism may for a time prevail. But there comes a day—the time is marching swiftly onward—when the soul of the people, aroused in its might, will sweep like an avalanche into a bottomless sea, all effigies of power conceived in treachery and born in despotism. Where once bore down the frowning brow of ruthless might the soul and the sword will extend the boundaries of human right.

And when the war is over the world will be given to know, the Germans with the rest, that might makes right only when might is right. Americans ask nothing more. Upon this creed hang all the laws and prophecies of liberty. Americans refuse to live as bondsmen to a German prince. Born in glory, the unconquerable soul of America lives in glory. It will die only when glory has ceased to be.—Farm and Ranch.

**STOCKINGS STORE**—The great school supply store begs to state that all school books will be sold for cash strictly. We are advised that certain lines of books are limited, and where other than state adopted books are ordered, the wholesalers suggest that if we have not the book on hand, we require a deposit made with each order to insure the party taking the book when it arrives. We have decided to adhere to this rule.—Stockings Store.

UNITED STATES FOOD ADMINISTRATION

#### EVERYONE MUST HELP.

Wars cannot be fought without money, and upon the Treasury centers every financial demand upon the Nation.

The rich of this country cannot alone meet the needs of the Nation; the men of the country cannot do it alone; the women of the country cannot do it alone; but all of us, the people of the United States, disregarding partizanship, forgetting selfish interests, thinking only of the supremacy of right and determining to vindicate the majesty of American ideals and secure the safety of America and civilization, can do the great and splendid work which God has called upon us to do.

W. G. McADOO,  
Secretary of the Treasury.

#### Great Wheat Stocks Isolated.

It's the shortage in ships that is putting the Allies and the United States on wheat rations. Great stocks of wheat are isolated in India, and Australia. At great sacrifice in ship space and use the Allies are forced to secure some wheat from Argentina.

On January 1, Australia had stored 100,000,000 bushels of wheat that was ready for export—but there were no ships. Then came the new crop with an exportable surplus of 80,000,000 bushels. Now Australia has approximately 180,000,000 bushels waiting for ships.

India, at the same time, had 70,000,000 bushels of wheat stored for export. During April 50,000,000 bushels more out of the new crop will be added to the pile.

Argentina closed the last shipping season with 11,000,000 bushels of wheat left in the stock available for export. The new crop will add 135,000,000 to the left over.

It is not a problem that the wheat does not exist in the world—it is entirely a problem of shipping, which has thrown on America the obligation of dividing our stock with the Allies.

#### ALLIED FOOD SHIPMENTS REACH LARGE TOTAL.

A general idea of the quantity of food sent to European allies by the United States from July 1, 1914, to January 1, 1918, is given by figures just announced by the U. S. Food Administration. In that period the United States has furnished complete yearly rations for 57,100,933 people. In addition there was enough extra protein to supply this portion of the diet for 22,194,570 additional men.

The total export of wheat and wheat flour to the three principal allies is equivalent to about 384,000,000 bushels. Pork exports for the 3½ years amounted to almost 2,000,000,000 pounds. Exports of fresh beef totaled 443,484,400 pounds. The amount of food exported to Russia is negligible compared with that sent to the western allies.

## What Are You Doing?

If a list were made of all those in Europe who have been killed on the field of battle, and another of those who have died of starvation since the war began, the latter list would be the longer, according to figures made public by the Federal Food Administration for Texas.

The total number of deaths in action up to the first of the present year is approximately 4,250,000, while the total number of those who have died from famine has been conservatively estimated at 4,750,000.

Can we grasp the tragedy in these figures?

Over four and one-half million men and women, young mothers and boys and girls, have been sacrificed to the War-God. They have died in anguish, unknown and unused.

Perhaps the memory of their deaths would not forever fill us with horror if we could convince ourselves that those who died of starvation have not died in vain, that by their sacrifice they have pushed the Allies a little nearer victory. But the loss of these lives will have been appallingly useless UNLESS their deaths shall serve as a spur for us to redouble our efforts in food conservation and save the remaining millions in Europe who turn to us each day, pleading, "Give us this day our daily bread!"

What are you doing to prevent the further sacrifice of human lives by starvation?

If you are not saving wheat flour and sugar, using substitutes, so that these vital necessities may be shipped to those suffering millions over there, you are shirking your patriotic duty and your responsibility, for other deaths by starvation will be heavy.

# WE HAVE GONE ON A STRICTLY CASH BASIS

War conditions necessitates a change in our business policies. A cash business will keep prices down, and will be a great help in stabilizing general business conditions. I know you will appreciate the value of this. The government has recommended cash payment of all transactions. The manufacturers and jobbers have placed the retail merchant on a cash basis, which necessitates the retail merchant doing the same. This action on the part of the manufacturers and jobbers is no reflection on the retail merchants credit, neither is our placing our business on a cash basis until the war closes and business conditions get back to normal, any reflection on your credit. Instead of criticising our action we trust you

will co-operate with us, for we assure you that this is for our mutual benefit.

We have the most complete stock we have ever had. Everything bought ahead of advance in prices. We will sell your Dry Goods for less money than most merchants have paid for their goods. Price your goods any where you may want to. After you have looked around until you see and know, then come to our store, you will meet with much surprise when you see how much less we will sell you the same goods for.

We underbuy, we undersell. Pay cash, pay less. Buy your Dry Goods at the Little Dry Goods Store, where most people trade.

### News of General Interest From Neighboring Panhandle Counties

Another Plains newspaper man who responded to the call for Y. M. C. A. workers in France was W. O. Kent, publisher of the Post City Post, one of the cleanest and most attractive papers in this section. Mrs. Kent was to continue the work, but we learn from the Snyder Signal that the Kent home burned soon after Mr. Kent's departure and the Post has suspended. This was, indeed, a calamity, and Mrs. Kent has the sympathy of the entire Plains fraternity in her loss.

#### GRAHAM.

Young County was indeed grief-stricken when the news was received here last Thursday of the death of Joe Ligon, who was killed in action in France the first of the month.

The news of his death was contained in a telegram received by his parents, Mr. and Mrs. G. W. Ligon, at Loving last Thursday morning. The message was brief, merely stating that he had been killed in action, but it told volumes and brought the war much closer to every resident of Young County. No further details of his death have been received up to the time of our going to press. He was the first of our boys to lose his life in the great struggle for liberty.

Joseph W. Ligon was the oldest son of Mr. and Mrs. Ligon of Loving, and was among the first called for service from this county, and was well known to most of our people. One brother, Sam Ligon, was called later, and until recently was in training at Camp Travis. He is now in the mail service.—Leader.

#### PANHANDLE.

B. F. Phillips, of the Conway community, has been assigned by the exemption board of the State University at Austin for mechanical training and left for Austin Tuesday night.

Reed Lee has been assigned to the Spruce timber camps in the State of Washington.

Ernest Kuykendall, of the Lark community, will leave on the 15th of August for training in the mechanical school at the State University.

Charles Wolfe has been assigned to the Deming Camp in New Mexico, and will report on August 5th. Sheriff F. W. Vance and D. C.

Stone, members of the local exemption board, will go to Amarillo today to attend a meeting of all the Panhandle county exemption boards. Maj. Townes, Texas supervisor selective service law, and Maj. Russ, medical aid to the Governor, will be in charge of the meeting, the purpose being to study the best methods for carrying out the selective draft law.—Herald.

#### JACKSBORO.

In a communication from H. W. Lewis, district superintendent of the United States Employment Service, to The News, it is advised that the cotton raisers of this section who are in need of help or other service in the picking and handling of the crop, to communicate with him.

This service is the means through which they may secure their help, and it is free to the employee and employer, and all who are needing help, also those who are seeking work in the cotton fields, should write at once for information.

This service is to secure help for the farmers and secure employment for all who want to work in the cotton fields.—News.

#### LUBBOCK.

There has been several changes in the working force of the Southwestern Telegraph and Telephone Company at this place during the past week or so. F. L. Childers, who has been manager here for some time, has been transferred to Fort Worth, and will take District Work. He is succeeded here by C. L. Stewart, who is now on the job as manager of the Lubbock plant. Mr. Stewart comes from Henrietta, and is well pleased with Lubbock and the plant at this place. A. E. Rennells, who has been wire chief here, will work out of Fort Worth as division equipment installer. His family will remain here for the present. J. B. Cole, Jr., who has been with the company here, has taken management of the plant at Lockney.—Avalanche.

#### DALHART.

Mrs. A. G. Stevens and daughter Marie returned home Sunday after visiting in Clarendon, Amarillo and Roswell. While in New Mexico they

spent ten days up in the mountains fishing and catching mountain trout. They went within two miles of the top of the highest mountain. They were accompanied home by their sister-in-law, Miss Elizabeth Stevens.—Texan.

#### WHEELER.

The excellent rain which fell over Wheeler County Tuesday morning assures the farmers a big feed crop. People who have lived here for years say that they have never seen crop conditions better in this section.—Sun.

#### CHILDRESS.

Harry Lorimer, a veteran of three wars under the British flag, and who is now getting his citizenship papers in shape so as to fight under the furl of Old Glory, will supervise the training of the Boy Scouts of this city. Troop 4 is requested to meet Wednesday evening for drill parade at Fair Park.—Index.

#### PLAINVIEW.

The exemption board was last week ordered to increase the number of men under call to entrain at Plainview August 5 or 6 from four to ten men, and they will go to Camp Cody, near Deming, N. M. The board has named the following for this call: W. W. Collins, Plainview.

Arthur Lee Thomas, Plainview. Grover Cleveland Leary, registered here, but at present in Wichita Falls. Robert H. Fort, Hale Center. Sharon B. Hannah, Abernathy. Sam Paul Dalmont, Plainview. Jason Cecil Homar, Running Water.

Herman Alton Tedford, Abernathy. Henry Lee Terrell, Hale Center. John Jewell McGough, Plainview. Wilhelm Sammann, Plainview.

The people of Plainview refuse to stand for the raise in rates, as demanded by the Southwestern Telephone Company, which proposes to increase the residence rate from \$2 to \$3.25 per month and the business rate from \$3 to \$3.50 per month, effective yesterday.

Already a number of phones have been taken out and nearly 300 other users of residence phones have filed a paper with the telephone company saying they do not under any circumstances intend to pay the increased rate, which means that if the telephone company insists it can take out the phones. Every phone user in town is being asked to sign these petitions.—News.

#### LOCKNEY.

Chairman Downs, of the Floyd County Exemption Board informs the Beacon writer that there will be eleven men called to the colors Monday in the selective draft. They will go to Camp Cody, New Mexico.

Zack Cummings, Commerce, Texas; Joe Barney Snodgrass, Floydada; William Roy Ragle, La Junta, Colo.; Howard Jackson, Amarillo; Lewis Henry Moore, Petersburg; Lewis Tom Busby, Lockney; Russell Means, Mickey; Roy Whorley Billington, Floydada; Luther Minton Saunders, Floydada; Rufus McDonald Garner, Valley View, Texas. The call is for enlistment within the five-day period beginning August 5th.—Beacon.

#### CLAUDE.

We are sorry to chronicle the death of the 9-months-old baby of Mr. and Mrs. Lane Sanders. The little one died of bowel trouble, on Tuesday morning, after a very short illness. Funeral services were held at the First Christian Church, conducted by Pastor J. F. Matthews Wednesday morning at 10 o'clock. Entombment in the Cauda cemetery Wednesday afternoon. The many friends of Mr. and Mrs. Sanders sympathize with them in this their darkest hours of trouble.—News.

Major Duffel, once a prominent employee of our Government, has been confined to his room for the past several months. He is partially paralyzed in one side and cannot dress or feed himself. His good wife is having a great deal of extra work to do to look after him and other work on the outside. Friends of the major should go to see him and help his wife with her work.—News.

#### ABILENE.

Abilene, Texas, July 30.—Mrs. John J. Clinton, 65, died here this morning after an illness of many years. The funeral will be held Wednesday afternoon.

Mrs. Clinton was the official "mother" of the Texas State Firemen's Association. She never missed a convention of fire fighters.

She was widely known throughout the state. Her husband, Chief of Police Clinton, survives her.

#### McGREGOR.

Last Saturday Messrs. Legg & Hanover ginned the first bale of cotton this season. The bale was brought in by Mr. R. H. Threet of near South Bosque, and weighed 321 pounds. It

was bought by Legg & Hanover at 30.50 cents per pound, which allowed something like \$30 premium.

The first bale ginned in McGregor last year was received on August 11th, and was grown by Gid Smith. The dry weather is no doubt responsible for the early maturing of the cotton crop this year, and if rain does not come soon the crop will be short.

The price at present is around 25 cents, but if the drought condition is not relieved in the cotton belt a sharp increase in price may be expected. The market will be governed by the weather almost entirely for the next thirty days, while favorable war reports are inclined to advance the price.—Mirror.

#### WELLINGTON.

Ernest Kelly left Wednesday for Camp Mabry at Austin to take special training in mechanics.

Ray Wall went to Amarillo Monday and joined the Navy and was sent straight to the training camp.

A. C. Fowler of this county also joined the Navy at Amarillo Monday.

L. J. Starkey, of the Starkey & Leggett store here, surprised his friends by going to Amarillo Monday and enlisting in the engineering department of the army. He was sent to Fort Bliss at El Paso.

Roy Dobbs went to Amarillo Monday to enlist in the navy, but failed to

pass the examination. Last Tuesday afternoon a good rain visited this section of the Panhandle and will be of untold benefit to the growing crops. From all parts of the county we learn that the rain was general over the county, extending in every direction. In some places it was heavier than others, but all of the county was greatly helped.—Leader.

The B. B. Hudgins family and Miss Oressa Teague are enjoying a fishing trip a few miles northeast of town the latter part of this week.
