VOL. 29, NO. 47.

## CELEBRATION HERE MONDAY

The most gigantic celebration in the history of Donley County was held here Monday afternoon and lasting until midnight. The news was received here early Monday morning over a railroad wire from Fort Worth, but our people were cautious and refused to accept it generally until The Clarendon News had the report of the signing of the armistice between Germany and the Allies, confirmed by the Star Telegram at Fort Worth. About 9:45 the whistles of the city with the wild-cat fire siren broke the news to the surrounding community and from that moment he lid was off and a general jollification ensued.

About noon The News issued a special edition of four pages giving the salient points of the armistice terms and announced the closing of all stores for the afternoon. Shortly after noon the citizenship began gathering at the intersection of Kearney and Second streets, trucks were put in place for the speakers and singers, a piano was mounted on one of the trucks and in a short time the big gathering began singing patriotic songs, led by Director Shure of Clarendon College. The young ladies of the college were present, carrying flags of every allied nation together with a mammoth "Old Glory," and joined their voices with that of the public school children in the singing.

About two-thirty a thousand men and five hundred women did a "snake dance" from one end of the business district to the other, following the Stars and Stripes and after this demonstration Judge J. H. O'Neal made a short talk on the wonderful merits of the occasion and introduced Messrs W. T. Hayter, Tom F. Connally, W. H. Patrick and Dr. G. S. Slover, all of whom made stirring patriotic addresses. During Dr. Slover's speech a funeral procession arrived bearing the last remains of one Mr. W. Hohenzollern, whose casket was followed by mourners in sackcloth and ashes. This sight produced wails of applause.

After the great gathering had voiced their love and appreciation of "Old Glory" in fifteen healthy claps led by S. M. Braswell, he also announced the public funeral of the head of the Hohenzollern house to be held on the same spot at 8 p. m.

This super-sad event was so heart-rending that after a scant supper the people again gathered at the flag pole, where such a sorrow reigned that it could be voiced in no other manner than in the firing of anvils which rocked the earth, and the promiscuous shooting of fire-crackers, which brought tears to the eyes of many as the lads were so blinded by grief that they were unable to see just where they threw the vindictive crackers, many of which actually exploded in the proximity of the grief-stricken countenances of the mourners, male and female.

By the light of the great bon-fire the footsteps of the pall bearers were shown the path which led them to the impromptu stand erected for the orator whose sad duty it was to deliver the enthusiastic address over the low-lying body of the departed, who was low-lying in death as he was in life. W. T. Hayter, as master of ceremonies introduced Hon. T. F. Connally who in pitiful tones of joy pronounced the passing of imperialistic power with the demise of the fallen chief of sinners. Then in tones of retribution the speaker pointed to the sorrowing bon-fire and called upon the pall bearers to "do their duty." With measured tread and halting gait the pall-bearers did do their duty and flung the corpse full upon the flickering flames which in a measure betokened the summer resort where Mister Hohenzollern will spend his vacation from earthly toil. A paroxysm of sorrow seized those round about the funeral pyre and no other method of expression could be thought of except the aboriginal dance around the cremation, a la rec man.

Full well into the wee small hours of night the carnival of joy proceed-

## DONLEY COUNTY WOUNDED IN NO DANGER NOW

In a recent letter from Capt. E. A. Simpson, who is now confined in a base hospital in France, he says that he will be up in about sixty days, and that he will gather up all of those who are left. He says that his company was cut off and did without food and water for three days and nights during the battle, because the roads were in such condition that these necessities could not be moved up to them. He says God never made a finer bunch of men than Company H, and that he is not permitted to say how many or how few are left. He says in the hospital with him are Ira Hanson, Herman Percival, Harry Warren, Byron Elevins and Alva Simmons, they are all wounded but not serious. This letter contains many items which would probably be of interest but at this time will not be printed.

Besides those mentioned in last week's paper of having been wounded we learn that Manley Ozier, Ernest Nelson, Ira Hanson and Joe Chambers have been wounded, but not seriously. This makes a total of about twenty boys who went away with the Clarendon company who have been wounded, but none of them seriously.

## WAR WORK MEETING AT HIDGINS SUNDAY AFTERNOON

A meeting in the interests of the United War Work campaign was held Sunday afternoon at the Hudgins school house and was largely attended. On invitation of the local committee Tom F. Connally, chairman of the speakers' bureau, and S. M. Braswell, county chairman of the campaign were present. After a short explanation of the needs and merit of the campaign by Mr. Braswell, the speech of the evening was read by Mr. Connally, who dwelt at length upon the patriotic service we owe our boys in providing them with the comforts of home. After a few short talks by men of the local committee it was voted that the Hudgins Union Sunday school donate \$10 from its treasury to the good work, which is the first Sunday school donation known in the Panhandle, and tells of the patriotic feelings of the people of that community.

ed and no one having witnessed the doings of the day would have believed that there existed under the canopy of heaven a citizenship more patriotic or more thankful for the pleasing providence of peace than those of Clarendon and Donley County.

## NEW SCHEDULE ON MORNING PASSENGER

Effective Sunday, Nov. 17th schedules of train No. 4, now due in Clarendon at 7:40 a. m., will be changed to reach here at 6:55 a. m., or 45 minutes earlier than at present. Practically no change in other train on this division. However, train No. 7 will leave Ft. Worth 40 minutes earlier, but pass through Clarendon on old schedule.

E. F. Lemmons of Brice, was in Clarendon last Monday.

## NEW PASTOR PREACHES AT METHODIST CHURCH SUNDAY

The News is requested to announce that Rev. C. N. N. Ferguson the new Methodist pastor, coming here from Amarillo, will preach Sunday morning and night at the Methodist church. Special music at both services. The public generally is invited.

L. D. Rhode returned this week from a trip in eastern New Mexico. He reports the crops good in that portion of the country.

## GERMANY REQUESTS EARLY CONFERENCE

London, Nov. 12—Germany has requested the President of the United States, according to a German wireless from Berlin, to arrange immediately for the opening of peace negotiations, there being a pressing danger of famine.

The message was sent by Foreign Secretary Solf to Secretary of State Lansing. It said: "The armistice being concluded, the German government requests the President of the United States to arrange for the opening of peace negotiations."

"For the purpose of their acceleration the German government proposes first of all to take into view the conclusion of a preliminary peace and asks for a communication as to what place and at what time the negotiations might begin."

## Allies Demand All Submarines

Washington, Nov. 12—Many sweeping changes in eighteen of the thirty-five armistice terms accepted by Germany were made public tonight by the state department.

One, for instance, is the demand of the Allies and the United States for all submarines, instead of the 160 mentioned in the original terms.

Others are modifications of the original terms; for instance, the number of motor lorries demanded by the Allies is fixed at 5,000 instead of 10,000.

The changes, it is presumed, were made at the meeting of the German emissaries with Marshal Foch.

## REV. DR. MOOD PASSES FROM LIFE AT CHANNING

As we go to press the sad news comes to Clarendon friends of Rev. John Richardson Mood, formerly president of Clarendon College, that he passed away at Channing, Hartley County, Texas, and it grieves us sorely that we are not able owing to lack of space to give more explicit details, but we do know and will say that the host of friends of Rev. Mood as well as the News grieve with the immediate family over the loss of so estimable a citizen from among us as departed when Rev. Mood passed away on the 13th day of November at 6:50 o'clock a. m.

He leaves surviving his wife, Mrs. Ruth Mood and four daughters, Jennie Rose, Catherine, Margaret and Richie. Funeral services will be conducted from the Methodist church on Friday morning, Nov. 15 at 10:00 o'clock, and interment will take place in the Citizen's Cemetery.

In letter from Sgt. Major Allen M. Beville received Thursday morning he says he was hit twice by shrapnel but unhurt, only scratched up, and has now been sent to the officers' training camp at Laval Bon, Aisne, France, to train for a commission.

## DRAFT CALLS CANCELLED

The local board of Donley County has received official advices cancelling all calls ordering men from this county to the training camps and other important information. In order that there may be no misunderstanding The News is printing below the text of the message as furnished by Local Board Secretary R. H. Beville.

Austin, Texas, Nov. 12th, 1918. Local Board, Clarendon, Texas.

The following message received today from General Crowder:

"Number Thirty-Two Fifty. Wire all local board and district board the following message in full including paragraph one, two, three and four. The secretary of war has today issued the following order to the provost marshal general: 'You will at once instruct state headquarters and local and district boards immediately to discontinue all work connected with the classification of men who on September 12th, 1918, had attained their thirty-seventh birthday. You will finally, at the earliest appropriate moment direct all local and district boards to issue questionnaires to all registrants who on September 12th, 1918, had attained their 18th birthday and not attained 19th birthday, and proceed with and complete as early as possible the classification of such registrants.' Paragraph 2: Further orders will be issued later covering this matter of sending out questionnaires to classifying 18-year-old registrants."

"Paragraph 3. In entering, pursuant to the foregoing instruments come upon what seems, in view of the mighty events of the day, to be the final work of this character to be done by the selective service system, extend members of that system congratulations upon their truly great achievements of the past year and a half, achievements that have taxed to the utmost the time, the ability and endurance of all those engaged in the work, and that have furnished the army to which in a large measure must be given the credit for saving to the world both civilization and government by the people. To you, members of that system, must come a sense of duty well done. The country and the world know that it owes to you a debt of thanks and gratitude, and cannot be measured by words but only the affection, the respect, and the esteem, now yours, of those among whom you live, and from whom you have taken that which was beyond price."

"In undertaking the completion of your work under the orders given, I bespeak of you the same interest and tireless energy which has characterized your work in the past."  
(Signed) "CROWDER."  
"TOWNES."

In doing the work of the local board for Donley County the chief clerk and the members of the board have been many times so overworked with the many duties that they have had to call upon volunteer helpers, which the department officials suggested, and this volunteer help has been of great service, patriotically assisting the board with much needed assistance. The following have assisted the chief clerk with additional work since the September 12th registration: Joe Goldston, Fenn Bourland, Tom Goldston, Holman Kennedy and Charlie Speed. In the rush of the next few weeks in winding up the affairs of the board work the chief clerk will need some other voluntary assistance, and the work is of such character that it may be done by either men or women, whose patriotic tender of service will be appreciated.

The Pathfinder Club will meet with Mrs. Paul Shelton, Nov. 22nd. Study for the afternoon, "Mr. Britling Sees It Through," by H. G. Wells.

## Sensible Economy

When high prices prevail, as now, the really sensible course is not to limit your eating, but to limit your consumption of high priced articles.

Prices are reasonable on many articles of diet.

Come to this store and let us prescribe for you a sensible line of food. We have it and want to help you over a hard time.

You'll find our prices right.

### HANDS, ARMS, LIMBS ASLEEP

And Was Run-Down, Weak and Nervous, Says Florida Lady. Five Bottles of Cardui Made Her Well.

Kathleen, Fla.—Mrs. Dallas Price, of this place, says: "After the birth of my last child... I got very much run-down and weakened, so much that I could hardly do anything at all. I was so awfully nervous that I could scarcely endure the least noise. My condition was getting worse all the time... I knew I must have some relief or I would soon be in the bed and in a serious condition for I felt so badly and was so nervous and weak I could hardly live. My husband asked Dr. about my taking Cardui. He said, 'It's a good medicine, and good for that trouble,' so he got me 5 bottles... After about the second bottle I felt greatly improved... before taking it my limbs and hands and arms would go to sleep. After taking it, however, this poor circulation disappeared. My strength came back to me and I was soon on the road to health. After the use of about 5 bottles, I could do all my house-work and attend to my six children besides."

You can feel safe in giving Cardui a thorough trial for your troubles. It contains no harmful or habit-forming drugs, but is composed of mild, vegetable, medicinal ingredients with no bad after-effects. Thousands of women have voluntarily written, telling of the good Cardui has done them. It should help you, too. Try it. E 16

### Never a Night Before Away From Home

The whole town was gathered on the platform that morning to see the train pull out—men and women and children, waving and cheering and trying hard to keep on smiling through their tears.

Out of the car windows leaned the boys to wave a last good-bye.

Just average, clear-eyed country town boys; twenty of them altogether. And seventeen of them had never slept a night away from home before.

They are dwelling in a strange land tonight, whose language they cannot understand.

But across the mud and the snow a light gleams warm from a hut on the edge of the town, and inside good cheer and happiness are ready for whoever will come in to claim them.

Friendship dwells in the hut; keep its warm fires burning bright this winter. Let it be perfectly clear to the men over there that you have not forgotten.

—to the men that only a little while ago were boys who had never slept a night away from home.

### DIARY OF CLARENDON BOY EN ROUTE TO SHIP

The following diary was kept by Ernest Naylor who enlisted April 22, 1918, left for Ft. Bliss April 23, 1918, was put in a bakery and is still at that work. Was promoted to 1st class private in August, and says he enjoys army life and is anxious to get a chance at the huns:

Oct. 26  
Reveille at 5:15; breakfast at 6:00; turned in tents and cots; policed camp from 8:00 until 11:30; dinner at 12:00; full pack, inspection and roll call at 1:00; 3:30 loaded; left Ft. Bliss at 3:45; 4:30 pulled out of El Paso. I hate to leave Texas but am glad I am getting nearer France. Boys almost raised the roof off the cars when we pulled out. Supper at 5:00; in bed by 8:00.

Oct. 27  
Up at 6:30; running very slow; added ten more coaches during the night; train now of 15 cars; breakfast at Dalhart at 8:30; cattle look fine; grass very dry; just met Golden State Limited from Kansas City; covered with snow; 9:45 going through Stratford, near Oklahoma line; signs of prairie fire; very little fuel, mostly bundles; still traveling N. E.; snow from 6 in. to 1 1/2 ft. deep. Passing by cornfields, first I have seen since leaving Donley County; dinner at 12; passing through valley, meadow on each side; country rough, soil rocky; on the plains again; quite a lot of feed; wheat fine; 2 p. m. crossed state line into Kansas; land very sandy; looks like Donley County land; not much snow, ground very wet; crops fine but late; 2:15 Liberal, Kan.; laid over 45 minutes, wet, muddy and cold; 4:00 traveling east; quite a lot of snow; Plains, Kan.; 386 but pretty town; Meade, Kan.; 386 miles from K. C.; beautiful country, thickly populated, large alfalfa fields and hay meadows; green fields and snow on the ground; crops either late or the snow early; Fowler, Kan.; no snow but very muddy; just had supper; 5:30 Kingsdown, Kan.; wheat district, 4 to 10 elevators in every town; Buchland, Kan., 6:00, town about the size of Clarendon. Didn't know civilians knew the bugle call but they did there. Bugle call to colors and civilians came from all directions.

Oct. 28  
6:30 traveling east in large Missouri valley; double track, passing freight trains on the run.

7:00 just arrived in K. C.; taking on coal and water; see big bridge over Missouri river in distance; stopped in K. C., Kan., 45 minutes and in K. C., Mo., 15 minutes.

Small steam boats on Missouri river; passing through lumber camp where cross ties and telephone poles are made; large cabbage fields among the blue grass; no posts in the fences, either hedges or wires tied to trees; 12:00, Winsom, Mo., just had dinner; stock on fields of clover and looking fine; an abundance of apples and lots going to waste; 1:00 p. m. in shinary of Mo.; small fields of from 1 to 5 acres; soil black sand; just passed a farm house with a rail fence around it, first rail fence I ever saw.

Arrived at Eldon, Mo., at 2:00; unloaded 45 minutes for foot drill; Red Cross treated us to apples; quartet: "Farewell to Thee," sung by four of our boys; bugle blew taps (taps is a call for a death or to go to sleep); 3:15 crossing a river about 50 ft above the water; following the river; rock cliff on one side and 30 ft down to the bed of the river; beautiful scenery, oakwood forests, huts, mining camps and factories; 5 p. m. in mountainous district; have gone through several tunnels and up the mountain side; small farms in forests below; 6:00 just had supper 75 miles from St. Louis.

Stopped in St. Louis last night at 9; Red Cross met us, took us to the Y. M. C. A., gave us baths, coats and drinks; crossed the Mississippi river at 11:30; was so dark couldn't see it very well; breakfast this morning at 8:00 in Anderson, Ind.; traveling east on the N. Y. Central Ry. behind a N. Y. Central limited; smooth country, soil black sand; 9:15, Russia O.; engine broke down 20 miles from Russia; stopped 45 minutes; 12:00 Sidney, O.; getting close to pine forests; piles of corn over the fields; gathered different from the way it is in Texas, here they cut and shock it then shuck it in the fields.

Belfontaine, O.; have three engines on a train of 12 cars; 2:15, Marion, O.; large town; girls working in the factories; 5 p. m., just had supper in Cleveland, O.; see Lake Erie in the distance, one large ship and 4 or 5 canal boats in sight, lighthouse in distance; passing the ship yards, number of ships being built; 6:30 stopped in Cleveland Union depot.

Oct. 30  
7:30 in Ravenna, N. Y.; covered quite a lot of ground last night; running 90 mi per hour; hard matter to count the telephone poles now; Golden State Limited through El Paso isn't in it when it comes to running, taking coal and water on the run; waited in Ravenna 2 hours for another troop train; 10:00 both trains leaving together; raining very hard; passing through Acme, N. Y., at the foot of the Catskill mountains; very rocky black soil with pine forests; 10:30 going over a bridge 100 feet above a town; Hudson river in the distance; 12:00 following the banks of the Hudson; barges and small steam boats crossing; so close to the banks that we could jump from the car into the river; 12:15, passing through Newberg, N. Y.; see five new ships going up; 1:30 still following the Hudson; saw some barges hauling a freight train across; 2:00, left the river; 2:30, pulling into a railway center; train loads of government trucks in the yards; near N. Y. City; locomotive factory in the distance; 3:00 in New Jersey; B. T. Habbitts Lye Factory close by; 4:00, on a ferry crossing to Long Island; 6:00 landed on the island; taking train Ft. Upton; saw the Woolworth building in N. Y.; 7:00, leaving Brooklyn on electric railway; 8:00, arrived at camp; went to

### AN ENCOURAGING OUTLOOK FOR CLARENDON COLLEGE

The Northwest Texas Annual Conference which convened at Abilene last week, made splendid plans for Clarendon College.

First: It invited the New Mexico Conference, which covers all of New Mexico, to assume joint ownership. It is at present the unanimous verdict of the Conference that it should own only one school and that one should be Clarendon College. This gives the college the most extensive field of any school of like grade controlled by the Methodist church.

Second: It made sufficient assessment to justify the organization of the school for next session on the proper basis to meet the demands that are upon it, and to pay the interest on its bonded indebtedness.

Third: The sentiment in the Conference is such that it approves the raising of \$200,000 for endowment as soon as the missionary centenary is over.

We think that when this is done that the Western Oklahoma Conference will be glad to accept this as its school. This conference embraces Oklahoma. All thinking men can see at a glance the vast possibilities this opens up to us. There is not a single school in all of the territory named that is controlled by this church.

The problems that lie before us are two: First: To keep adequate, first class facilities to handle the patronage.

Second: To have adequate resources and help to properly care for this vast territory.

It can be seen from this mere outline that the authorities of the school have not been slow to get a vision of the possibilities of the school on the hill.

Of course, to carry out this larger plan Clarendon will be called on to do a good deal more than she has done. This, I think she will readily do when she sees the benefits to accrue therefrom.

### TO MAKE YOUR TOWN PROSPER

Don't fret. Talk about it. Write about it. Beautify the streets. Patronize the merchants. Be friendly to everybody. Advertise it in the newspapers. Elect good men to all offices. Don't grumble about hard times. Avoid gossip about your neighbors. Keep your sidewalks in good repair. Do your trading with your own merchants.

If you are rich, invest something; employ somebody, be a rustler. Remember that every dollar invested in permanent improvements is so much on interest.

If you don't think of any good word don't say anything about it. Be courteous to strangers that come among you, so that they may go away with good impressions. Always cheer on the men who go in for improvements, your portion of the cost will be nothing only what is just.

Don't kick at any proposed im-

### W. E. WICKER PLEASUED WITH NEW HOME IN ARKANSAS

The News is in receipt of a letter from W. E. Wicker of De Queen, Ark., in which he orders The News for another year. Mr. Wicker was formerly a citizen of Donley County and his many friends here will be pleased to learn that he is well pleased in Arkansas. He writes that he has a very fine sweet potato crop of which he expects to market six or seven hundred bushels. They are worth \$1.50 per bushel. Mr. Wicker has bought thirty acres of additional land to round out his farm and is building a storage house for potatoes and other truck crops.

## The Round Oak Square Base Heater Burns Cheapest Fuel—Prevents Clinkers

The powerful improved Round Oak hot blast converts that 38 per cent. of carbon in the smoke into heat units, which are directly radiated into the room. Ordinarily it goes up the chimney. This saving of 38 per cent. in fuel is very important; but when, on account of other and quite as interesting features, the Round Oak saves an additional 12 per cent., it instantly commands your favorable consideration.

Come and see the stove itself. See that absolute control is built into the stove, not simply assured. Discover why the patent cone center grate and double fire pot prevent clinkers, with cheapest fuel. Examine the extra-heavy cold-rolled boiler iron body. See the doorframes riveted on—gas tight for life. Ask the weight. When you see it, you'll know why it's the best buy.

### THE STORY OF THE RED CROSS DOLLAR

Preliminary to the Christmas Roll Call, the mighty power of the Red Cross Dollar will be told by word of mouth and picture films, to people in every corner of the land. The campaign begins October 1. There will be no call for funds. The purpose is to let every American home know what the Red Cross Dollar is doing—that one hundred per cent of it actually goes to relieve distress. And when the Christmas Roll is called, the Red Cross will be able to increase its present membership of 22,000,000 to a total almost equal to the population of the United States.

Dr. Martin D. Hardin, for nine years pastor of one of the biggest churches in Chicago, recently returned from a Red Cross mission in France, will tell his story to the people of the southwestern division. He will follow the trail of the Red Cross from the time the trained workers leave America until they invade No Man's Land to help our army give first aid to the wounded. He will tell of the vast organization behind the battle lines where the most skilled surgeons, working hand in hand with the army medical corps, reconstruct the shattered bodies of the boys struck down on the firing line. He will tell of the hundreds of hospitals with their thousands of workers. He will tell of the frightfulness of the Hun, of their mutilated victims who are taken care of by the Red Cross. Dr. Hardin will describe the great army of wretched souls he saw at Evian pouring back into France after three years of German slavery—of the French women with boche children in their arms. He will tell of the wonderful work done by the Red Cross for this vast horde, many of whom had come to believe all hope has passed from the world. The talk will be illustrated by a new film, a moving picture which will drive home the activities of the present day, which reach to every corner of the globe.

### WORTH REMEMBERING

Alcohol removes grass stains.  
Apples are best stored in crates.  
Clean nests will insure clean eggs.  
One pint of lard weighs one pound.  
Make the apple butter from imperfect apples.  
Vinegar can be made from fruit parings.  
Grape juice may be put up without sugar.  
Bulbs may be put into the ground in October.  
Sweet potatoes keep best in a warm attic.  
Let a simple salad form part of every meal.  
Excellent cookies are made with peanut butter.  
Every child needs a sweater suit for winter.  
One good garment will outwear two poor ones.  
Good oven holders are made of checkered muslin.  
Oatmeal makes a very good thickening for soups.  
Eggs when scrambled should be stirred constantly.  
Even the fat of corned beef can be used in cooking.  
Potatoes require a cool, dark bin for winter keeping.  
There is no finer polish for tinware than wood ashes.  
A wooden box is better for keeping bread than a tin one.  
Steaming bacon is much more economical than boiling it.  
Never buy spices in large quantities, they lose their flavors.  
Washed eggs do not retain their keeping qualities very well.  
Celery should be left out as long as possible without freezing.  
Make sauerkraut to save some of the cabbage for winter use.  
Pumpkins keep best in dry atmosphere at about 50 degrees.  
Table scraps are more useful fed to hens than to a worthless dog.  
Oat bannocks are the oldest form of bread, and still one of the best.  
The first sign of wear and tear should bring out the mending basket.  
Good home-made candy will save the children from craving thrashy kinds.  
If you are fortunate enough to have a piece of hand-spun linen treasure it like gold.  
If you don't like to have cocoa stick to the inside of the double boiler, butter the boiler.  
When cleaning celery for the table save all the leaves—they are good for flavoring.  
In pressing men's clothes always lay a piece of muslin between the goods and the iron.  
An old-fashioned rule is not to open the new jelly or canned fruits until Thanksgiving.  
Cabbage heads should be cut from the stumps, wrapped in newspapers and packed in crates.  
Coarse unbleached muslin, "tied and dyed" in shades of blue, makes delightful bedspreads.  
Carrots, beets and turnips can be put in boxes with moist sand sprinkled between.  
A bottle of lime water and linseed oil—equal parts—should always be kept in the house for burns.  
If you are not sure of the keeping conditions of your cellar, try sorting your vegetables frequently.

### CIGARETS SHOWERED ON SOLDIER BOYS

Showers of cigars fell from the skies on the American fighters driving the Germans out of the St. Mihiel salient. This fact was announced in a cablegram received by William J. Mulligan, chairman of the Knights of Columbus committee on war activities, at National United War Work headquarters. From American airplanes 20,000 packages of cigars were dropped into the hands of infantrymen and artillerymen pressing forward in their victorious squeeze which dislodged the enemy from the stronghold they had held for more than three years. Each package was stamped "Compliments of Knights of Columbus."

At the same time, cable dispatches announce, Y. M. C. A. workers on foot moved among the soldiers, handing out chocolates and cigars. On land and in the air these fearless workers kept pace with the American fighters moving forward in the first offensive exclusively executed by our troops.

The airplane service for distributing cigars to the soldiers, while the battle was in progress and the ordinary foot or motor methods of reaching the men in the front lines were unavailable, was established by Martin V. Merle, of San Francisco, a K. C. secretary, with the co-operation of an American airplane unit. After the fight soldiers related how pleasantly surprised they have been when cigars dropped from on high. "They declared no service in their behalf ever had pleased them as much as this ultra modern delivery of 'smokes.'"

### UGLY MEN INSPIRE LOVE

Because a man does not happen to be blessed with average good looks, it is foolish in the extreme for him to imagine that he is unattractive to women.

Among the more gifted members of the fairer sex and the better educated it is generally personality, not appearance, which causes the most havoc. Who, for instance, could have been more ugly than Mirabeau—the greatest man in all France just prior to the revolution, and the man who, had he been spared, might have prevented the awful bloodshed which at that unhappy period marked the downfall of the monarchical system. Yet, in spite of his coarse, bold, unattractive features, Mirabeau was the darling of half the women in Paris. The handsome, well built, immaculately groomed Parisian exquisite had not a ghost of a chance against the lion hearted hero of the populace.

"A fig for good looks!" sneered John Wilkes, the man who repeatedly returned to parliament, was only allowed to take his seat after endless outbursts of popular indignation, meetings of protest, riots and the like.

Wilkes, if the truth must be confessed, was, if anything, uglier than Mirabeau, yet so fascinating were his manners, so commanding his personality, that no matter how handsome were his rivals, he never had the slightest difficulty in winning the affections of the woman he loved.

"Give me a quarter of an hour's start and I won't be done," said he, "by the handsomest man in the city. What I don't understand about the sex isn't worth knowing!"

The various descriptions of that doyen of dictionary makers, Dr. Johnson, unlike as they are in some particulars, all agree in one particular, and that is in accentuating his ungainly manner and none too beautiful countenance. There were not wanting people who simply roared with laughter at the mere sight of the lexicographer, but certainly not those with whom he had come in personal contact. The number of Johnson's lady friends was simply legion.

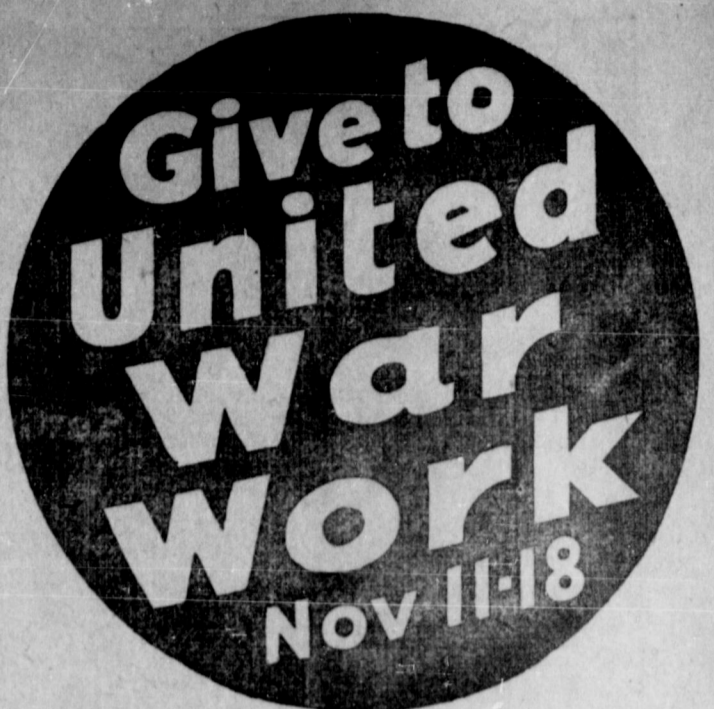

Robespierre, another famous figure of the French revolution, the man whose fondness for the guillotine was the cause, perhaps, of more bloodshed at that dreadful period than of any other single agent, was hardly the type of individual one would have associated with a beauty show. Yet the affection this crafty and sinister-looking individual inspired in the heart of his landlady's daughter remains to this day one of the great love stories of the world.—London Ideas.

### NO RED CROSS AGENTS

In Ada, Okla., two women undertook to sell a book and represented that the Red Cross received a royalty on the sale. The chapter secretary wired the facts to the division office and received an immediate reply explaining briefly that the promoters had no authority and asking them to produce written evidence. Further investigation through the publishers develops the fact that the book in question has been withdrawn from sale because of its pro-German sentiments and the author's property taken over by the alien property custodian. The publishers have not authorized any agents to connect the Red Cross with the sale of the book. The secretary of the Ada chapter now advises that these agents were indignant at having their business interfered with when the telegram and letters from the division office was published in the daily paper and the officials of Pontotoc county chapter made clear to them that they could not use the name of the Red Cross in any way. The agents threatened to leave town.

Other chapters in Oklahoma and other parts of the division will be on the lookout for schemes of this kind and will handle them as vigorously as did the Pontotoc county chapter.

## Why You Should Give Twice as Much as You Ever Gave Before

The need for a sum 70 per cent greater than any gift ever asked for since the world began. The Government has fixed this sum at \$170,500,000.

By giving to these seven organizations all at once, the cost and effort of six additional campaigns is saved. Unless Americans do give twice as much as ever before, our soldiers and sailors may not enjoy during 1919 their:

- 3,600 Recreation Buildings
- 1,000 Miles of Movie Film
- 100 Leading Stage Stars
- 2,000 Athletic Directors
- 2,500 Libraries supplying 5,000,000 books
- 85 Hostess Houses
- 15,000 Big-brother "secretaries"
- Millions of dollars of home comforts

When you give double you make sure that every fighter has the cheer and comforts of these seven organizations every step of the way from home to the front and back again. You provide him with a church, a theatre, a cheerful home, a store, a school, a club and an athletic field—and a knowledge that the folks back home are with him, heart and soul!

You have loaned your money to supply their physical needs.

Now give to maintain the morale that has won the war!

### HOW GERMANY WOULD HAVE ENDED THE WAR

When Germany thought that her army had won the world war there was much speculation in that country as to the terms of settlement. One of the statements that were made public was that of Count Boon, a member of the Prussian upper house and a pan-German junker, made on July 1, 1918. His idea of a settlement with the Allies included:

Germany is entitled to the following terms because of its strength, and until they are realized there should be no armistice:

Annexation of Belgium. Annexation of the entire Flanders coast, including Calais. Annexation of the Brier and Longwy basins and the Toul, Belfort and Verdun regions eastward.

Restitution to Germany of all her colonies, including Kiaochow.

Great Britain must cede to Germany such naval bases and coaling stations as Germany designates.

Great Britain must give Gibraltar to Spain, cede its war fleet to Germany, give Egypt and the Euez canal to Turkey.

Greece must be re-established under former King Constantine, with frontiers and borders as before the war.

Austria and Bulgaria will divide Serbia and Montenegro.

Great Britain, France and the United States must pay all of Germany's war costs, the indemnity being a minimum of \$45,000,000,000.

They must agree to deliver raw materials immediately.

France and Belgium must remain occupied at their expense until these conditions are carried out.

Keep these in mind while Germany asks for "a peace of justice."

### LLOYD MORELAND THINKS BIG WAR OVER SOON

"Somewhere in France," Sept. 23, 1918.  
Dear Father, Mother and Sisters:  
I'll try and drop you all a few lines to let you know how I am. I am well and getting along as fine as can be. Hope you all are well. It continues to rain every day or so. Wish you all had some of the rain we are getting.

The war news is awful good. I think I'll be at home next year to help you all make a crop.

There are lots of grapes to eat over here now. Everything here sells by the pound. I bought some apples yesterday by the pound. They cost 40 cents per pound. Nuts and everything sells by the pound.

Nearly all of the hogs over here are white hogs. The chickens are all colors. Everybody here raises rabbits, just like we raise chickens at home. They eat with me. I can't eat them yet. Yesterday being Sunday I had a good dinner. We had fish, beefsteak, French fried potatoes, eggs, fresh tomatoes, jam and coffee; now wasn't that a good meal. You see we still eat like Americans.

I am looking for some more letters from you all this week. I sure would love to see you all, and be with you all again. Mama, I carry my little Bible in my shirt pocket at all times. I hold it dearer than anything I have with me. It has written in it, "from Father and Mother." It makes me walk straight and think more about the dear old father and mother that are waiting for me. I am still in the same company and am with the same boys. They all seem like brothers. We have some new officers. I wonder how everybody and everything about Martin are. Gee but I would love to step in for a few days' visit. But when I do come back home, I'm coming back to stay. Dear little sister, how I would love to see you all, you dear little babes, how Buddy loves you. Take care of my horses for me. How are your little cats by now? Well, as it is late, I must close. Love to you all, from your loving son and brother.

### BOYS' AND GIRLS' SHOW TO BE HELD HERE SATURDAY

The Boys' and Girls' Agricultural show which was postponed on account of the influenza epidemic, will be held on Saturday of this week according to P. C. Bennett, the county agent.

Pigs, calves and poultry will be brought to the Drew Wagon yard, and the grain exhibits to the court house. All exhibits must be in at noon to insure that they may compete for premiums.

L. W. Hillman, county agent in Amarillo, A. L. Nowlan, county agent, Wheeler, L. T. Hunter, county agent, Childress, L. Thompson, county agent, Memphis, Mr. Bumgardner, county agent, Lipscomb, and John R. Edmonds, College Station will assist Mr. Bennett with the show and judge the exhibits.

About one hundred boys and girls are enrolled with Mr. Bennett in this agricultural work and they are all expected to attend the show whether they have been successful in their enterprises or not. Mr. Bennett plans to begin the winter's club work at the show by holding some stock judging contests in which the boys will use score cards and be taught the rudiments of judging an animal. A liberal supply of these cards have been procured, and regular classes will be held in the various schools where the members will be given an opportunity to become proficient in this work. In the spring the members will be taught to score and judge corn and the grain sorghums, seed selection and the rudimentary phases of tillage. The members will then raise an acre of grain or care for an animal under the direction of Mr. Bennett.

The teachers of the rural schools are co-operating heartily with Mr. Bennett, and the attendance and co-operation of parents will be welcomed. Everyone is invited to see the exhibits of what the boys and girls have accomplished this year.

This is an advanced step the county agent is taking and The News bespeaks for him the hearty co-operation of the business interests of Clarendon and the county.

### ADVERTISING AND THE WAR

In relating the experiences of business in England during the war, Val Fisher, addressing the American Association of Advertising Agencies recently, said:

"In the first week of the war the government took over every automobile factory, and since that date not a single car has been built for private use. Yet, all these manufacturers have carried their advertising up to their pre-war standard. They are thus building and hold good-will, creating a big waiting list when peace comes, and of far greater importance than all of this, they will have their good-will unimpaired; in fact, increased by the continued advertising, a mighty solid foundation for after-the-war business.

"Had they stopped advertising, with so many critical and important things pressing upon the attention and consideration of everybody, even the names of the firms, and possibly the name of the cars, would have been almost, if not wholly, forgotten, and when the change comes after the war they would have to spend more money to recover their good-will, to re-establish their names and prestige, than they have been spending in maintaining their old position.

"Business men have learned from the war that advertising is not simply the most effective and least expensive method of selling goods, but they have also learned how, through advertising, to curtail the sale and distribution of their products and still retain their prestige with the good-will of their customers."

This should be plain to any modern-minded business man. And if an industry which has discontinued sales to the public altogether finds it to be the correct policy to keep up its advertising, how much more should it be the correct policy for industries the business of which is merely curtailed by the war. And above all, how decidedly should it be the correct policy for the industry that is doing more business than ever. Advertising, to be sure, is one of the commodities which we sell, and our agreement with Mr. Fisher as to the wisdom of the automobile men of England may not be altogether disinterested. But aside from that, the action of the automobile men speaks for itself. Besides, we are willing to show our faith in advertising it in this manner on our editorial page.

NOTICE—Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of The News will be gladly corrected upon its being brought to the attention of the publisher.

The Clarendon News and Vernon Record now each charge subscribers \$2.00 per year. Both are high class country papers. Present prices of paper make these prices necessary.—Hall Co. Herald.

Thirty-eight men bought over half the Fourth Liberty Bond quota for Clarendon school district. Cut out that rot about the "big men" not doing their part. After all we don't have to answer for what anyone did except ourselves.

Through the aid of the Fort Worth Star Telegram, The Clarendon News was able to present its community with a special edition Monday morning announcing the signing of the armistice and the cessation of hostilities. We printed three hundred copies carrying a brief account of the glad news and many have been kind enough to say that The News' extra was as good if not better than the extra published by daily papers in nearby cities. The News has an ambition to serve its town and county well and we are modestly proud of the achievement. As for the Star Telegram, it is absolutely the best friend the people of the Panhandle possess among the great state dailies.

Next Week The News will present the plan for the financing and erecting of a suitable granite or marble monument in the streets where now stands the flag pole, dedicated to the boys from Donley County who have donned the uniform of Uncle Sam in whatever branch of service, giving the place of honor to those who have died and those who have been wounded. This is as little as we can do and will represent the deep and undying gratitude of a citizenship who shall always cherish the names and memory of those manly fellows who faced the responsibilities of this great war, who met the hun with steady courage and a dash that wrested France from the invader and made the world a decent place to live in. The project was mentioned by Mr. Connally in his speech at the celebration Monday, and is worth the attention of all good citizens. Watch next week's issue of the News.

The United War Work Campaign, for \$10,000 in Donley county is progressing rapidly under the guidance of the splendid local committees over the county. Lelia Lake has already gone over the top and several more have been reported over, unofficially. There are some in Clarendon who don't believe the government means business about this drive, but if the local organization fails to convert them there is no question but what the United States Department of Justice will. That won't be the end of it. When the boys come back from the trenches this will be a horribly uncomfortable community for any man or woman, who failed to do his or her part in backing them up. He's a dirty slacker who refuses to do his part and he may be a "yellow" slacker by next Monday night. Donley County is "going over," in spite of the little shortsighted bunch who never do their part in anything—if they can avoid it.

The free text book amendment was adopted in last Tuesday's general election with a fair majority. The News took no part in the fight for or against this amendment because there were many good arguments for and against. This editor voted for the amendment because it is a fixed principle with us never to make any statement or cast any vote which might become a stumbling-block to the cause of education, on which we have reared so great a nation, and without which the freedom of man would perish from the earth. There is, however, a great danger into which we are rapidly drifting. Since the great war came on it has become necessary for the government to assume larger powers for the sake of expediency, but nevertheless we are rapidly building up a paternalistic government, which may so usurp the prerogatives of the individual that his very powers of will and initiative may be atrophied. There is no community in which a child would be forced to forego the benefits of education because his parents were unable to buy books. In every community there are men who would gladly buy the necessary books for so unfortunate a child. There is also the danger that if the books pass from one child to another that germs may spread disease, as it is almost impossible to successfully fumigate a book. The argument against taxation to purchase the books is untenable, but there are many weighty arguments against the theory involved and some of the details of the practice.

After having had the management of The Clarendon News for sixteen months we have decided to make a sweeping enlargement of the county news service. Heretofore The News has had some few weekly correspondents in nearby communities but it has never had a complete corps of writers who send in the news from every locality for the regular weekly edition. It is the plans of the management to extend this service at once and try to give our readers a fair resume of the happenings in Donley County every week. This week is beginning a regular weekly letter from Jericho and with each week we expect to add to our regular staff of correspondents until the whole county is covered. Not only do we do this since we have been forced to raise the subscription price of The News, but because we expect to make The Clarendon News the county paper par excellence in Texas. It will be remembered that last May The News was awarded third prize in a contest of weekly papers in Texas, winning over papers published in towns much larger than Clarendon and only defeated by papers whose homes are in cities from two to five times the size of our own. We ask the earnest co-operation of our old correspondents, and friends of the paper will help in a material way if they will see that their community has a reliable correspondent. The News furnishes stamps and stationery with a free subscription to its rural writers.

## TWILIGHT ORGAN RECITAL SUNDAY EVENING AT 5

The first of the series of twilight organ recitals will be given in the Methodist church next Sunday at five o'clock. These recitals will occur monthly during the entire season, and will be presented to the public without admission fee.

Mr. Shure has arranged and compiled a set of programs for the entire series which embraces the widest range in the field of organ literature. Upwards of one-hundred compositions will be played during the season and the choir will be heard on each occasion, as well as some special solos, either for voice or violin.

This first recital will introduce a new feature into the musical activities of Clarendon, and all who wish to commune with music, the greatest moulder of moods the world has ever known, will experience a real satisfying pleasure on next Sunday afternoon. The hour is announced as five, because it is that time of day that music adds to the soul that final touch of veneer, which is peculiarly in sympathy with the passing of the day, and the ushering in of the night—twilight.

The program follows, and all are urged to bring this copy. There will be no printed program, but Mr. Braswell has kindly consented to issue a copy in The News each month.

## MUSICAL ACTIVITIES AT THE COLLEGE OUTLINED

The College orchestra is working on the "Peer Gynt," by Grieg, under the direction of Miss Loeffler. The Church Choir, under Mr. Shure's direction, is making satisfactory progress on "Sampson," and the Young Ladies Choral Club, with Mrs. Adams as their leader, is fast mastering the intricacies of "The Fisher Maidens," by Smart. Surely, a palatable feast of musical banqueting awaits the Clarendon public.

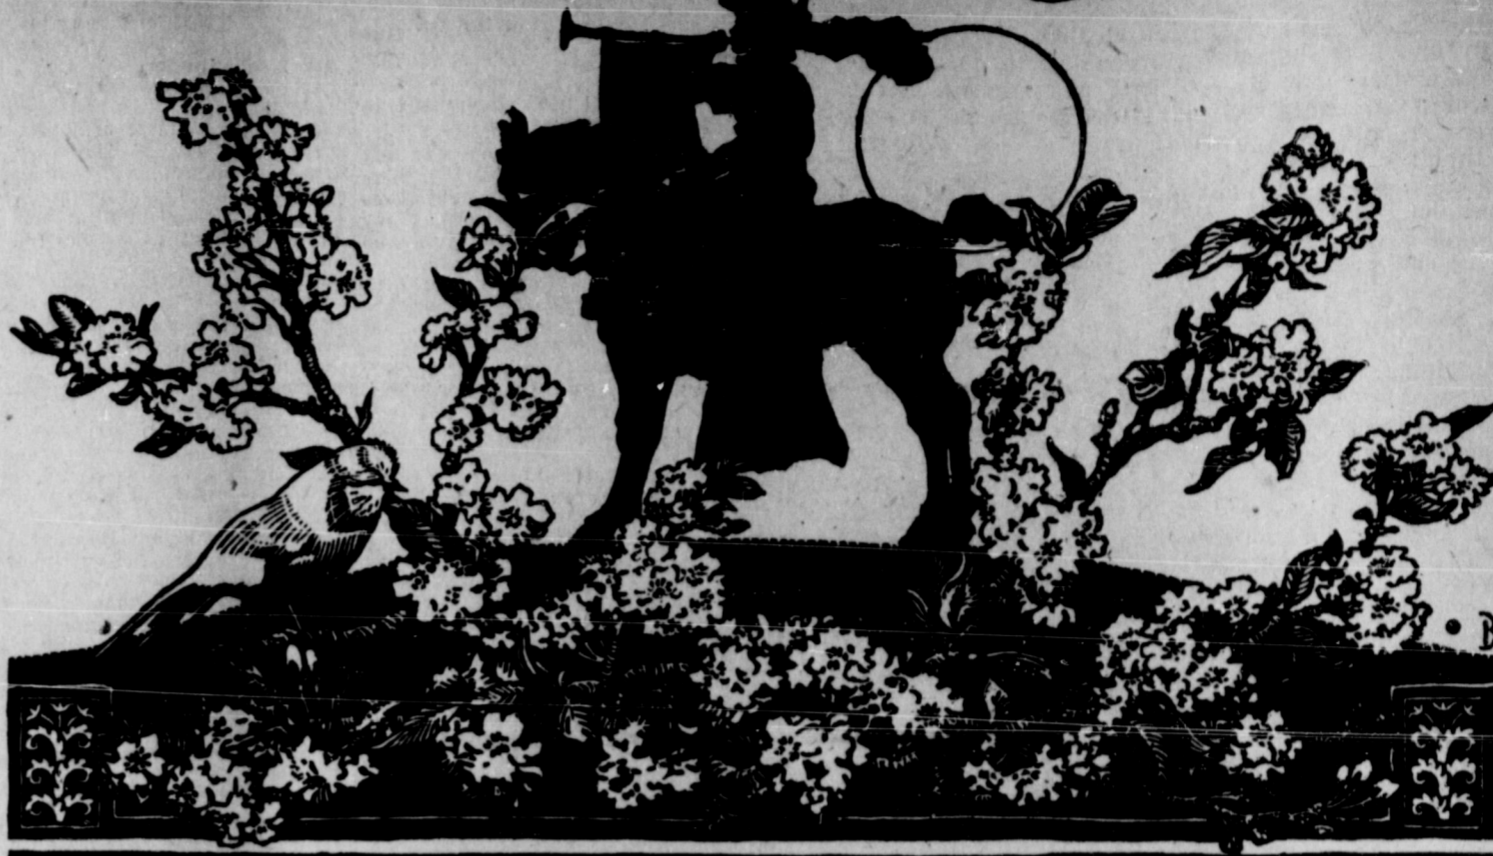

An informal organ recital was given by Mr. Shure on Sunday morning. Mrs. Homer Powell of Canyon and Miss Ruth Harrington, of Amarillo, while in town, expressed a desire to hear the instrument, which request was most graciously granted by the organist. Mrs. Powell was a former teacher in the department of music at the College, and Miss Harrington was graduated with the class of 1911, C. C. C. of M.

If the flu conditions continue to improve, a sequential succession of important events will follow shortly. An unusually attractive lyceum number is announced for this month. The faculty recital, which has been postponed innumerable times is soon to be re-announced, and the first of the series of students' recitals will be given in the near future. The twilight organ recitals will begin next Sunday at five.

Mr. Shure has been appointed "Musical Courier" representative for the Panhandle. He is to send the paper a monthly letter of the musical activities of Plainview, Amarillo, Canyon, Wichita Falls and Clarendon. Since this is the largest weekly paper in the world devoted exclusively to music and its allied arts, much well directed publicity awaits our great country from a musical standpoint. All those who know of any musical items of importance, are asked in a kindly manner to report them to the representative, who will appreciate all spirit of co-operation.

The public is invited to inspect the "little bungalow" which has been built adjacent to the organ, to insure comfort for those who practice during cold weather. It is an invention of Mr. Shure's and is collapsible, being built in two parts. The heating and lighting is done electrically, and when in operation, is a comfortable as any practice room in a steam heated building. The time consumed in placing it in position and removing it, is about three minutes, which can easily be done by a single person.

## Thanksgiving Thursday, November 28th

This year Thanksgiving should be a "Glorious" Day for all of us. It should not be a day of feasting on turkey and pumpkin pie, but a day of rejoicing, devotion, and new consecration to our victorious cause, because the war is over, and victory is ours, and our boys are coming back home victorious.

It's a time to ask ourselves if we are worthy of the lives that have been sacrificed so that we can live in freedom. You will no doubt need clothes for this great day, and we are thankful that we have them for you at moderate prices.

## ONLY SIX DAYS FOR TAGGED PACKAGES

The Red Cross Christmas packet committee urges all persons having Christmas tags for soldiers overseas to come to the Red Cross rooms at once and receive their cartons, as no shipments will be made, or packages inspected after November 29th. On Saturday the committee will be at the rooms all day, as also Monday, Tuesday and Wednesday, which is the last day. Mrs. Joe Jones was the first person in Donley County to send a Christmas package to her son, Lieutenant Jones, who, it will be remembered, was the first boy to volunteer for service in the great war, from Donley County.

D. P. Ross returned Monday night from Canyon, having started to drive through in his car, but had a bad wreck on the other side of Goodnight, which looked little but resulted seriously, his car turning over and breaking up, and injuring him somewhat. The accident was the result of the steering wheel breaking.

## It meets the FINAL TEST

THE final test is the tone test—the test of direct comparison with the singer's actual voice. Only one phonograph has ever met this test and that is

## The NEW EDISON

"The Phonograph with a Soul"

Upwards of 1500 Edison tone tests have been conducted. More than 30 stars of Grand Opera and Concert have sung in direct comparison with their own RE-CREATIONS and challenged the audience to detect a shade of difference. Of the more than 2,000,000 people who have attended these tests not one could tell artist from instrument; not one could say when it was the singer he heard and when it was the New Edison.

Why has no other manufacturer ever held tone tests? Why no other instrument been subjected to the final test? Visit our store, keeping in mind the familiar talking machine "tone," and your ears will tell you the reason.

## REV. J. W. STORY GOES TO AMARILLO DISTRICT; REV. C. N. FERGUSON IS CLARENDON PASTOR.

The annual conference of the Northwest Texas Methodists ended its deliberations Friday evening at Abilene by the announcement of the appointments of the preachers for the new conference year. There were many preachers absent from the meeting on account of the influenza epidemic and the close financial conditions of the dry districts, and only a very few laymen were in attendance.

The people of Clarendon's chief interest, however, is in the appointments effecting the local district and church. The district was fortunate in the return of Rev. A. W. Hall as the presiding elder, which rounds out his fourth assignment to the Clarendon District. What is really painful about the matter is the removal of Rev. J. W. Story from the pastorate of the Clarendon Methodist Church, in which capacity he is so successful and where he is so well beloved of our people. Bro. Story goes to Amarillo where he will be presiding elder of that district and the best wishes of the entire community go with him and his estimable family.

Clarendon's new pastor, Rev. C. N. Ferguson, comes to us from Amarillo, where he has been very successful and personally popular. At one time he was financial agent of Clarendon College and is not altogether unknown to the people of this city. He is a man of pleasing address and has the reputation of being a very efficient pastor. He will be welcomed by the local church and plans are under way for making the new conference year the most successful one in the history of the local church.

Five new names have been added to the official board of the church and with the injection of new blood the work is expected to be dispatched more readily. Following are the new members: Frank Bourland, Paul Shelton, J. B. Annis, O. B. Stanley, J. W. Watts.

For the benefit of those interested in the work of the Clarendon District The News publishes herewith the appointments:  
Clarendon District—A. W. Hall, presiding elder; Clarendon, C. N. N. Ferguson; Claude, P. G. Huffman; Hedley, C. C. Wright; Lakeview, L. B. Smallwood; Lelia Lake, L. A. Reavis; McLean, B. J. Osborn; Memphis, J. R. Henson; Mobeetie, to be supplied; Pampa, M. S. Leveridge; Shamrock, J. E. Stephens; Shamrock mission, to be supplied; Wheeler, O. M. Addison, J. M. McCarley, supernumerary; Wellington, M. E. Hawkins; Wellington circuit, J. A. Laney; Turkey, C. D. Pipkin; president Clarendon College, George S. Slover; professor in Clarendon College, S. E. Burkhead; Army Y. M. C. A., W. Y. Switzer; soldier pastor in Service Hall, Fort Worth, J. S. Huckbee.

## THREE IMPORTANT QUESTIONS TO ALL INDUSTRIAL TAXPAYERS AND BOND BUYERS

One. Do you realize that income which is now taxable from holdings of 45,000 or less of four per cent and four and one quarter per cent Liberty Bonds, may be totally exempt from income taxes, excess profits taxes, and war profits taxes during the period of the war and for two years thereafter, in case you file a subscription to 30,000 bonds of the Fourth Loan and retain your bonds? (A proportionate exemption is accorded on smaller subscriptions to the Fourth Loan.)

Two. Do you realize that to all these paying surtaxes under the proposed revenue bill (beginning with those having taxable incomes of 5,000) it will be necessary in order to secure the same result in dollars to obtain a yield from taxable securities on an investment of 30,000 varying from five and nine-hundredths per cent to 36 1/2 per cent, depending upon the rate of surtax to which the taxpayer is liable?

Three. Do you realize that Liberty Bonds are totally exempt from all normal income taxes, which, under the proposed revenue act, will be levied at the rate of 12 per cent, and that no state or local taxes may be levied on them as personal property? The lack of full understanding of the tax exemption features may well mean a loss in dollars to you.

## INFLUENZA SCARE OVER TOWN IS OPEN AGAIN

Since the influenza scare has passed, the public schools opened on Monday, the moving picture show opened today, and Sunday there will be regular Sunday school and other regular services at the various churches.

The town of Clarendon has been remarkably free from the dread disease and only one death has resulted in the town. Several funerals have been held here but deaths have occurred elsewhere. Our city is one of the most healthful in Texas and everyone is glad to see the town open up freely again.

## BUILDING RESTRICTIONS HAVE BEEN REMOVED

Claude McAllister, manager of the Wm. Cameron lumber yard, is in receipt of a telegram from headquarters announcing the cancellation of restrictions on buildings in value up to \$10,000. From \$10,000 to \$25,000 permits must be obtained as before. This practically takes off the lid so far as local building is concerned as few improvements will aggregate more than \$10,000 and it is believed that permits can be secured without much trouble for the larger projects.

## TRAVELING LIBRARIES

On all transports carrying American soldiers, the American Library Association provides magazines and books for the use of the soldiers.

"What chance will I have when the war is over?" Thousands of boys are asking that question. They want to keep up with their studies; they want these warfare years to count. For them the war work agencies are conducting the greatest university in the world. Every hut in France is a classroom, and the leading college and high school teachers of the country, under the leadership of men like Professor Stokes of Yale and Professor Erskine of Columbia, are keeping your boy in touch. Get behind the campaign that will keep the boys from falling behind.

### ONE OF INTEREST TO OUR READERS

Good news bears repeating, and when it is confirmed after a long lapse of time, even if we hesitated to believe it at first hearing, we feel secure in accepting its truth now. The following experience of a Clarendon man is confirmed after four years.

I, W. Carhart, Third and Jefferson streets, Clarendon, says: "I have used Doan's Kidney Pills and have always found them fine for lameness across my loins and kidney trouble. I heartily recommend Doan's Kidney Pills, procured at McKillop's Drug Store, for uric acid in the system, rheumatic and bladder trouble." Over four years later, Mr. Carhart said: "I haven't had to use Doan's Kidney Pills since I endorsed them before. I think just as highly of them now as ever." Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Carhart had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

### CARD OF THANKS

We wish to thank the people of Clarendon for their many kind deeds shown us during sickness and death of our loved ones, also for the beautiful floral offerings. May God bless each and every one, is our prayer.  
MRS. KATIE CLAYTON AND CHILDREN.

### TAKE NOTICE

Positively no hunting or wood-hauling allowed on the Word ranch. Violators will be prosecuted to the limit.  
C. T. WORD & SON.

I will appreciate your drug and prescription business, at the Clarendon Drug Company's store. S. A. Andrews, registered pharmacist.

## THE TIME IS SHORT---

Since the close of the war, your soldier boy's attention is turned back to home and loved ones, more than ever. You have no idea how much he will appreciate receiving a Photograph from you.

Don't forget to send him letters often, and include a few choice kodak scenes of surroundings about his old home.

We have a very nice line of leather folders (soldier cases) for your photographs to be sent over sea. Some just a nice size to include in a letter.

Remember to have your sitting made in time.

## 313 POUNDS OF NUTSHELLS SHIPPED BY RED CROSS

This is to notify all persons who are helping in our nation-wide campaign, for the collection of fruit stones and nut shells, that on Saturday, Nov. 9, we shipped 313 lbs. to our collection center, Amarillo, Texas.

We have also moved our assembling place from the second hand store to the quarters which are at present occupied by A. O. Baeur, who kindly consented to furnish space for these materials.

All persons having a collection of these materials will kindly leave same at this place.

There are 40 Salvation Army chaplains serving the soldiers overseas.

"What do you want more than anything else for your men?" they asked an American general. "Moving pictures," he answered, "and more moving pictures; and still more moving pictures." The war work agencies are shipping fifteen miles of film a week to France. Think what the movies would mean to you if you had had the pictures of the trenches before your eyes for a week. Think—and then give twice as much as you ever gave before.

## SPANISH INFLUENZA STRIKES SUDDENLY

### PNEUMONIA OFTEN RESULTS—VICTIMS SEIZED WITHOUT WARNING, MAKING PRECAUTION DOUBLY NECESSARY.

Much of the difficulty experienced by health authorities in checking the spread of the Spanish influenza lies in the fact that it strikes its victims without warning. Although state and federal authorities are taking every possible precaution in their effort to stop the spread of the epidemic, the disease in many sections of the country has gotten entirely beyond control and is claiming its victims by the thousands.

It is universally agreed by all well informed persons that the surest preventive is to get the system in the best possible condition in order to be able to throw off the infection. As has been previously stated it is possible to perfect the powers of resistance of the human system so that it can throw off almost any infection, not excepting Spanish influenza, which is one of the most contagious diseases known.

Medical authorities agree that people who are weak and run-down are the earliest victims of the influenza epidemic. If you find yourself weak or losing flesh, or if you are in a generally run-down condition, you are really in great danger if you should come in contact with the influenza germ.

As a powerful reconstructive tonic and system builder, Tanlac is without equal. This is a statement of facts and is fully supported by recognized authorities. According to all accepted reference works, including the United States Dispensary, Encyclopedia Britannica and leading text books used in the school of medicine, the principle ingredients of Tanlac possess the most valuable tonic properties known to science. This statement is further proven by the fact that millions of persons who have actually taken Tanlac have testified to its extraordinary merit as a medicine.

Tanlac restores health and strength to the weak and run-down system by enabling every organ of the body to perform its proper function in nature's own way. It creates a healthy appetite for good nourishing food, and is an ideal strengthening tonic for persons who are in a run-down condition and who are suffering from the after-effects of influenza, Grippe or Bronchial troubles. Tanlac is sold in Clarendon by Stocking's Store; in Hedley by J. F. Tomlinson Drug Co.; and in Jericho by O. C. Brown.

### ASHTOLA ITEMS

Nice weather prevails and farmers are selling a great lot of feed at present.

Health is good, with a few cases of flu scattered over the community. C. L. Parsons' brother from Allen, was visiting with them Sunday.

From some reason there was no election held last Tuesday.

J. H. Johnson made a business trip to Clarendon Saturday. In honor of some of the boys that are called to the colors that will leave shortly we gave a musical and a play party Saturday night at the section house. A nice crowd of young folks gathered and all had a nice time. Mr. Behren, leader on violin furnished the music which was especially appreciated.

It has been reported that our friend, Ira Hanson, has been slightly wounded in France, which we regret, but hope he will soon be O. K.

Dixie Scarborough and wife from Goodnight, are visiting Mrs. Scarborough's father and mother, Mr. and Mrs. Johnson.

The public school has been postponed another week on account of the flu.

Mrs. Lou Protsman made a trip to Clarendon the past week.

Mrs. Protsman has just received her commission as postmaster of Ashtola.

The mail for Ashtola has been changed. We will receive mail on No. 4 in the morning instead of No. 5 at night.

### LELIA LAKE LOCALS

Everybody in Lelia Lake is working with the United War Work campaign this week.

We are indeed sorry to report five cases of the flu at J. A. Thompson's. Hope they will soon be well again.

Mr. and Mrs. R. E. Conner were Clarendon visitors Monday afternoon.

Lelia Lake was one among the many celebrators Monday night when the news came that peace was declared.

Miss Lucile Ellis spent Tuesday night in Clarendon with friends.

Mrs. M. E. Ward and children are all nursing a case of the flu. Mr. and Mrs. Fred Ballew are reported improving from their sick spell.

Mr. and Mrs. A. V. Clark left on Tuesday morning for Allen to be gone a week.

We are sorry to hear that S. R. Tomlinson is not improving very rapidly from the blood poisoning in his arm.

W. A. Bullard and daughters, Miss Ruth and Miss Edna, were Clarendon shoppers Saturday evening.

Mrs. Tom Mayo was attacked Monday evening with a bad case of flu and we are in hopes she will soon be well again.

We are glad to see H. A. Reynolds on the streets again after being confined to his bed for two weeks.

Mrs. H. D. Harris and children spent Monday in Clarendon.

John H. Clark and family of Clarendon spent Sunday with Mr. and Mrs. A. V. Clark.

We are mighty glad to know Bro. Reavis will stay with us another year.

Say, Bill, where did you get that new hat? It is not a new one. Its an old one that I carried to McMillan & Johnson, the O. K. Tailors and had cleaned and blocked. They do the work here and do not have to send it off and wait two or three weeks for it. If you have one that needs blocking, try them and you will be pleased.

### DONLEY COUNTY'S LIBERTY BOND SUBSCRIPTION IS INCREASED BY \$6,850

Judge J. H. O'Neill, chairman of the Donley County Liberty Loan committee, is in receipt of a letter from the Federal Reserve Bank at Dallas announcing the addition of

\$6,850 to our total subscription, this amount being our share of the total subscription of the Fort Worth and Denver City Railroad. Read the letter:

Honorable J. H. O'Neill, Chairman, Liberty Loan Committee, Donley County, Clarendon, Texas.

Dear Sir: The Fort Worth and Denver City

Railway Company has filed Fourth Liberty Loan Subscriptions with the Fort Worth National Bank, Fort Worth, Texas, with instructions that subscription in the amount of \$6,850, be allotted to your county.

We are giving your county statistical credit on our records and no further report should be made to us by any of the banks in your county covering this subscription.

Yours truly,  
DWIGHT P. REARDON,  
Assistant Manager.

### WINDY VALLEY WARBLERS

Clay and Ernest Inmon, Frank Weatherby and Mrs. N. S. Nobles are sick with the flu.

C. W. Bennett and wife of Clarendon were callers in the Bills home Sunday afternoon.

Mr. and Mrs. Clyde Atteberry visited relatives in Clarendon Monday night.

Miss Jack Bills spent Saturday night and Sunday in Lelia Lake.

Frank Hightower entertained Friday night in honor of Walter Phelan, who left this week for training camp.

Among those who were visiting in Clarendon Saturday were J. J. Bills, and daughter, Miss Jack; Mrs. Leon K. Turnburke and son, Leon, Jr.; Edith Heath, and Jake Conner and wife.

Paul Atteberry and wife of Clarendon were seen down our way on Monday.

J. J. Bills and sons, Cecil and Curtis, visited in the D. R. W. Bills home Sunday.

News has reached Mr. and Mrs. Bills that their son, Daniel J., has arrived safely overseas.

WAR WORK CAMPAIGN PROGRESSING NICELY OVER THE COUNTY

From what information has been received at the campaign headquarters here, the United War Work drive for \$10,000 is going ahead with every indication of success.

Ashtola is over the top. Smith school district is over the top.

Chairman Joe Goldston is pressing his local committeemen to finish their lists by Saturday so that Clarendon will be over. Let every one do his duty.

### 314 VOTES CAST IN GENERAL ELECTION

There were only three hundred and thirteen votes cast in the general election which was held Tuesday, Nov. 5th. Of these there were only eleven Republican votes, the balance Democratic.

In the amendment election for change in method of taking testimony in criminal cases and the free text book amendment, both measures received a majority. The first received a majority of 103 votes and the latter a majority of 82. In the county election the highest vote received by any one candidate was 313, R. H. Beville, J. H. Rutherford, B. F. Naylor, and Mrs. Willie Goldston each polling that number.

### SERGT. HARRY WARREN LED COMPANY AFTER OFFICERS HAD BEEN SHOT DOWN

It is a source of satisfaction to the people of Donley County that even a non-commissioned officer coming from our own town has the ability of performing the duties of a company commander, not only with credit, but with the result of taking all objectives set for the company and capturing over one hundred Germans, even after the company had lost all its commissioned officers by wounding, besides suffering heavy casualties in the ranks. This was accomplished by Sergt. Harry Warren in the terrific fighting which occurred on Oct. 8th near Attigny, France, and in which he received a shattered arm which will keep him in the hospital some six weeks more.

Not only is The News proud of this achievement because it was done by a Donley County boy at the head of Donley County boys, but Sergt. Warren is one of the six former employees of The News who are making history and a name for themselves.

We are subscribers to the Gage Brothers & Co. Weekly Hat Service The Vogue Clarendon, Texas

The man who tries to bring religious scruples into the War Work Campaign is a slacker and a coward, and no matter how big he is, I'll bet I can clean him up, and I am not much of a scrapper. I was raised a Catholic and am not one now, also carry a chip on my shoulder in that line. I have heard things about other organizations from boys from over there, but I'll give my bit to the best of my ability, and if there is any crookedness, it will out after all is settled and I'll get my money back in the joy over the punishment that will be meted out to the crook-

ed ones. Take for instance one of our Red Cross nurses here in our own country with the germ deal. Yes, there's black sheep in every family, but do your bit now and find the black sheep afterward.—L. R. O'Kane.

Rev. S. L. Joekel and wife arrived here the latter part of last week from San Antonio for a few days' visit with Mrs. Joekel's parents, Mr. and Mrs. Robt. Turner. Rev. Joekel is here en route to a chaplain's training camp in North Carolina, but since the war is over his many friends are hoping that he will be released from service and that he may again become a citizen of Clarendon. Rev. Joekel was pastor of the Presbyterian church here until the latter part of last year and all who know him would welcome his permanent return.
